

Section 12 – Technology, page 3

Current Version

Employees are required to maintain appropriate electronic boundaries with students. Such boundaries require that employees refrain from engaging in electronic or digital communications which show an undue interest in select student(s), are of a personal nature, model inappropriate conduct, or are otherwise inconsistent with the technology center's mission and goals. In order to maintain appropriate boundaries, the technology center encourages employees to:

- Send group texts or emails

- Obtain written parental permission prior to posting pictures of minors
- Respect individual privacy, including privacy rights granted by FERPA
