RE: Tank Monitor & Spill Bucket

Replacement Options

Dear Trevor,

Thank you for considering Yant Equipment for your Reliable Fueling Solutions. We appreciate the opportunity to provide you with this proposal.

We plan to reuse all wiring and conduit at your site. If it should need to be replaced, it will be invoiced as an adder. The labor and electrical is estimated and will be invoiced as actual time and materials used.

VEEDER ROOT TLS450 PLUS

- 1 qty TLS450 PLUS Console with printer
- 2 qty Probes with float kits
- 2 qty Product sensors
- 1 qty Overfill alarm
- CSLD tank testing software
- 2 qty Digital Line Leak Detectors

TOTAL FOR TLS450 PLUS EQUIPMENT \$27,100.00
ESTIMATED TOTAL FOR LABOR AND ELECTRICAL \$3,000.00

To learn more about the TLS 450PLUS, [CLICK HERE](#).

Spill Bucket Replacement

To ensure your site remains compliant and environmentally secure, we recommend spill bucket replacement within the existing manway. By utilizing the current manway, we can efficiently upgrade both spill containments to a double-walled spill bucket without the need for extensive excavation, significantly reducing site downtime. To provide the most cost-effective solution, our team will inspect and reuse your existing drop tube, cap, and adapter if these are in good working conditions: if they are found to be compromised or degraded, we will replace them with new components. To ensure full transparency, the final job will be invoiced based on the actual time and materials used.

Estimated Replacement Cost - \$7,300.00

Yant Equipment is a full-service provider for all your Reliable Fueling Solutions. Our expert sales teams consult with you to select the proper equipment for your specific needs. Our design teams provide accurate & insightful CAD drawings and layouts including 3D printed models upon request. Our installers are API certified and have many manufacturer certifications related to specific lines of petroleum equipment. Our service technicians are available 24/7, including weekends and holidays. Yant Equipment is not only the provider of your equipment, but we are your PARTNER. Yant Equipment is your one stop shop for all your Reliable Fueling Solutions.

Sincerely

Jared Baker
