OneNet provides a basic managed firewall service through a cloud-based Palo Alto or Fortinet solution (no equipment needed), as well as advanced features for both solutions. The subscriber must have OneNet internet access service.

Both the basic firewall and advanced features are required for this service. Subscribers are responsible for two costs of firewall services:

- Non-E-Rate eligible advanced features
- Non-discount portion of the cost of E-Rate eligible basic firewall services

OneNet Overview

OneNet is a division of the Oklahoma State Regents for Higher Education and Oklahoma's research and education network. Our mission is to advance technology across Oklahoma. OneNet is not a state-owned utility and receives no direct state appropriations. We partner with local and national technology organizations. For the "last-mile" of connectivity, extending from our hub sites to subscribers, OneNet leases infrastructure from private telecommunications providers. The result of this partnership is millions of dollars in savings to Oklahoma taxpayers and a broadband infrastructure that is one of the most comprehensive in the nation.

Technical Support

OneNet provides 24/7/365 technical support. Subscribers can reach our helpdesk and receive technical support for basic troubleshooting issues on the subscriber's network. OneNet's helpdesk and engineering staff operate with a set of procedures and checklists that assure OneNet provides unmatched subscriber support and ensures 24/7 availability and responsiveness to those we serve.
