

# CITY OF BLAIR

---

## MEMORANDUM

To: Blair Mayor and City Council  
From: CJ Heaton, Deputy City Administrator of Public Works  
Date: 5/26/26  
Re: North Bypass Alignment Study

Attached is an agreement with FHU to conduct the alignment study for the North Bypass. This agreement will allow FHU to evaluate proposed routes for the North Bypass, intersection designs at Hwy 75 and Hwy 30. This will include environmental reviews on proposed routes, traffic analysis, wetland determinations, bridge evaluations, and floodplain impacts. All of these evaluations will help bring the North Bypass closer to reality. The scope also includes public information meetings to gain public input on the routes and designs.

**Financial Impact:** \$286,500

**Recommendation:** Approval of the alignment study.
