

FY2023- Tuition Reciprocity Agreement Southwest Oklahoma Technology Centers

Whereas, the Boards of Education and Superintendents representing the seven Southwest Oklahoma Technology Centers recognize the need to expand access to training programs and services that accommodate the personal and professional needs of southwest Oklahoma residents; and,

Whereas, program offerings at each of the technology centers are designed, to the extent possible, to be complimentary rather than duplicative to programs in other technology centers; and,

Whereas, potential students recognize only the need to receive specific training services that may exceed the boundaries of a single district,

Now, therefore, be it resolved by the Boards of Education and Superintendents of the seven southwest Oklahoma Technology Centers concurring therein;

That no out-of-district- tuition will be charged for any resident within the district boundaries of the seven technology centers which comprise this agreement, with the provision that first enrollment preference will be reserved for each technology center's in-district residents.

That this agreement shall apply to full-time and Adult Career Development (ACD) programs only, and that any students wishing to participate under this agreement shall provide their own transportation. The effective date of this agreement shall be July 1, 2022 and continuing until modified or rescinded.

District Membership Listing
