The number of Users for which Customer has purchased subscriptions is specified on the applicable Order Form ("Contracted User Count"). Customer acknowledges that Instructure may reference data from Customer's student information system ("SIS") or other authoritative data source used by Customer to manage user records to verify the number of active Users accessing the Service during the applicable subscription period ("Active User Count"). The services provided under this Order Form shall begin on the first year Start Date set forth above and continue through the last year End Date set forth above, provided, however, that Instructure may provide certain implementation related services prior to the first year Start Date at its sole discretion.

User Clause: User Metric reflects the maximum number of individuals authorized by the Customer to access and/or use the Service and Customer has paid for such access and/or use.

User Typical Use Clause: In the event Customer enables access to the Service to more Users over a given contract year than are allocated to such contract year as set forth above, then Instructure reserves the right, in its sole discretion, to invoice the Customer for such additional number of Users. In addition, the User fees set forth above are based on the assumption that Customer's Users will use the Service commensurate with the average usage patterns of users across Instructure's user base in the aggregate (such average usage being referred to herein as "Typical Use") and do not account for usage of the Service by Customer's Users beyond such Typical Use. To the extent the Users' usage of the Service, in the aggregate, exceeds the Typical Use at any given time, Instructure reserves the right, in its sole discretion, to increase the fees by an amount proportional to such excess usage. In the event Instructure increases the fees pursuant to this paragraph, Instructure shall send an invoice to Customer for the applicable increase along with documentation evidencing the additional usage of or additional Users who have access to the Service giving rise to such fee increase. Any invoice sent pursuant to the foregoing shall be due and payable within 30 days of receipt.

Payment Terms - Renewal Order Form: In the event that Customer fails to execute this Order Form prior to the Start Date listed above, all fees shall become due payable upon Customer's receipt of an invoice.

Storage. Storage included in the annual subscription fee is: (i) 5GB per licensed unit (as specified in the applicable Order Form) for Higher Education Customers; and (ii) 2.5GB per licensed unit (as specified in the applicable Order Form) for K-12 Customers. Additional storage may be purchased at Instructure's then-current rates.

Non-Recurring Expiration: Unless otherwise stated in an applicable Statement of Work or this Order Form, Non-Recurring Products and 3rd Party Products must be completed within 12 months beginning on the later of the last date of signature or the Initial Start Date specified in this Order Form.

Product Special Terms

Instructure's support terms are available as follows: <https://www.instructure.com/canvas/support-terms>

Usage and Storage Limits. Services are subject to usage or storage limits specified in Order Forms and Documentation. If Customer exceeds a stated usage or storage limit, Instructure may work with Customer to seek to reduce Customer's usage or storage so that it conforms to that limit. If, notwithstanding Instructure's efforts, Customer is unable or unwilling to abide by a contractual usage or storage limit, Customer will execute an Order Form for additional quantities of the applicable Services promptly upon Instructure's request.

User Count Verification and Reconciliation. Customer shall ensure that the number of active Users accessing the Service does not exceed the Contracted User Count on the applicable Order Form. Instructure may periodically compare the Active User Count, as indicated by the SIS or Instructure's own system data, against the Contracted User Count. If Instructure determines that the Active User Count exceeds the Contracted User Count, Instructure will notify Customer in writing. Within thirty (30) days of receipt of such notice, Customer shall either (a) reduce the Active User Count to conform to the Contracted User Count, or (b) execute an Order Form for additional subscriptions to cover the excess Users at Instructure's then-current rates, prorated for the remainder of the applicable subscription term, and/or pay any invoice for excess usage.

Terms and Conditions

Governing Terms. This Order Form is governed by the terms of the Instructure Master Terms and Conditions which can be found at: <https://www.instructure.com/policies/mastertermsconditions>, unless Customer and Instructure have previously negotiated terms and conditions attached to or referenced in Customer's prior order form (collectively "Negotiated Terms"), in which case such Negotiated Terms shall govern this Order Form.
