The intent of the Little Buffs Preschool is to give all students within the Elm Creek School District the opportunity to gain social and educational skills that help prepare them to be successful upon entering Kindergarten. Students residing within the boundaries of Elm Creek Public Schools will be given priority over students whose domicile is within a different school district. Should space be available within the maximum capacity of the Little Buffs Preschool, after all district students are placed, non-resident students may be accepted into the program up to the limit permitted. Our capacity is 20 students in the morning session and 20 students in the afternoon session. The morning session is for 3 year olds and the afternoon is for 4 year olds planning to attend Kindergarten the following year. **Resident 3 and 4 year old children automatically qualify for the Little Buffs Preschool should they have a verified handicapping condition associated with an Individualized Education Plan (IEP or IFSP).**

**Due to changing demographics within the Elm Creek Public Schools, preschool eligibility will be re-evaluated on a continual basis. Should it become necessary to remove students from the Little Buffs Preschool program to accommodate new qualifying resident children, the following criteria will be considered:**

- 1 Residency within the district**
- 2. At risk factors associated with the student**
- 3. Age of student (youngest to oldest)**

**Notice of removal will be sent to the affected parent(s)/guardian(s) 14 days in advance of removal so that there will be time to make other arrangements for their child(ren).**

We encourage parents to fill out and return the enrollment form as soon as possible for the following school year. The enrollment form is on our website and available in our main office.

### **Preschool Format**

Play is such an important way for children at this age to be learning. This is why we will have a 1-hour block of playtime and 30 minutes of outside playtime. Children that are at the preschool age are developing social skills and learning academic skills through play. Through social interaction with their peers they are developing problem-solving skills, they are learning to be empathetic towards others, they are gaining self-confidence and learning how to be cooperative. These are just a few of the things that they are developing. As a public program we are required to "Include exploratory play during a majority of the daily schedule." And also to "Provide at least one outdoor play period (weather permitting) daily." We will have small groups and large group time where we teach specific skills as well.

### **Attendance**

Regular attendance is expected of all students on days that school is in session. The School Year Calendar is available on the school website. Preschool will begin one week after the K-12 students begin in August, due to mandatory home visits. The last day of preschool will be communicated to parents, as it will be determined due to the number of hours needed to be in session and the necessity to facilitate the end of the year home visits.

Morning Session	7:45 am - 11:15 am.
Afternoon Session	11:50 am - 3:25 pm.

### **Planned Absences**

Parents who know in advance that a student will be absent must call the school (308) 856-4300 or send a written note at the earliest possible date. Parents should make every attempt to schedule medical and other appointments after school hours when possible. Parents should contact the school secretary or the teacher directly if a child is going to be absent from school.

### **Absences due to illness**

If your child is ill, please call the school as soon as possible. If your child becomes ill at school, the school will contact parents or emergency contacts if parents are unable to answer the call. If your child is running a fever they must stay home. They will

need to be fever free for 24 hours before returning to school. Please call the school to notify them that the child will be out of school due to the fever from the previous day.

### **Clothing and Attire**

Students will be going outside every day (weather permitting) therefore good sneakers, or shoes they can move around easily and run in are best. Students do go outside when it is very cold. The preschool playground is sheltered nicely from the wind and as long as it is above 10 degrees (wind chill factored in) students will go outside. Make sure that your child is dressed for cold weather, mittens work best for little hands, hats, coats, and boots when there is snow on the ground.

### **Child Custody**

**In most cases when parents are divorced, both Mom and Dad continue to have equal rights where their children are concerned. If you have a court order that limits the rights of one parent in matters such as custody, please bring a copy to the office. Unless your court order is on file with us, we must provide equal rights to both parents.**

### **Food Service**

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students. Please let us know if your child has any food allergies. Children who attend the morning session will eat first thing in the morning. The cost of this will be \$1.90. Children are allowed to bring a breakfast with them, they will still be able to purchase milk if they bring their own breakfast. The afternoon session will eat shortly after arrival. The cost of this meal is \$3.05. Children are allowed to bring a lunch with them, they will still be able to purchase milk if they do not eat the school lunch.

Each session will also have a daily snack that will be provided by the school.

### **Birthday/Special Treats**

Birthday/special treats are not allowed to be brought to school.

## Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on the applicable school district policies, and state and federal statutes and regulations.

## Approach

The Elm Creek School District uses a whole child approach to help all young people become productive and engaged citizens. Our students will be problem solvers, creative thinkers, and be able to make positive choices about their education, future, and the community.

In order to develop good citizens and lifelong learners, we realize the importance of all aspects of our school: academic and co-curricular programs, as well as school climate and student services. In order to develop capable, responsible young adults who are prepared to aid in global changes, all of our school community members must be confident and resilient in the face of change. In order to develop the full potential of capable, responsible, lifelong learners, our students, staff, families, and community (law enforcement, social services, medical services and private business) need to cooperate fully to support these outcomes.

## Mission Statement

Our Mission is to create an environment where staff and students work to:

Be kind, be respectful, be responsible, be trustworthy, be accountable, be honest, and give great effort.

Through this, we aim to:

educate all students based on high educational standards, support a safe environment that welcomes diversity and mutual respect among adults and students, prepare all students, in cooperation with staff, family and community, to be well-rounded contributing members of society.

## Operating Principles

**We embrace the following operating principles**

As an educational community we know children learn when

- they are actively engaged in a variety of tasks including exploration, play, reading, research, conversation, and invention;
- they are in an environment where they feel safe and supported, where their physical, intellectual, emotional and social needs are met, and where they are not afraid to fail knowing they will be given more chances to succeed;
- they have a personal connection to or interest in what they are learning and can see how it applies in the world in which they live;
- they are encouraged to think for themselves, to reflect upon their work, to make appropriate choices and to build connections to prior learning;
- they receive ongoing feedback, see and share models of expected outcomes, feel competent and not overwhelmed, and are provided with time for monitored practice;
- they are exposed to a wide variety of learning experiences, materials, technologies, and environments.

In responding to how children learn, our classrooms will be...

- child centered, flexible learning environments with multiple resources and technologies, and full of displays of student work;
- learning communities where children feel respected, safe, and well-known;
- environments that enhance communication, collaboration, engagement and enjoyment;
- flexible, but with established routines and shared norms, and a balance of learning activities;
- comfortable places for students to ask questions, learn to make choices, and engage in both individual and group work;
- utilizing authentic and performance assessments in order to modify and adapt instruction and reporting student progress to parents in ways that are easily understood and reflect student development;
- inviting parents, family members, and our communities as they too are valued resources in the learning process.

To support such classrooms, our schools will be...

- filled with the voices of kids and where their natural excitement and curiosity is nurtured and accepted;
- places where teachers are encouraged to collaborate and are provided time to do so, hold consistent beliefs on how children learn and share a collective responsibility for the welfare of all students;
- exemplified by a climate of mutual respect and trust among all community members, focused on positive behavior as opposed to punishment;
- flexible in terms of age-grouping, schedules, classrooms, and curriculum, all based on student needs;
- focused on the whole-child, her/his physical, intellectual, emotional and social well-being;
- filled with exhibitions of student work and activities in all areas with regular times for school-wide gatherings and celebrations;
- concerned with more than just test scores, knowing that every child is more than a test score;
- open and welcoming to all parents, encouraging their active involvement;
- supportive of teachers, providing focused professional development to help teachers create, develop, and expand child-centered, thought provoking and engaging classroom practices using a wide range of instructional strategies and educational technologies.

The district in support of these schools, is committed to...

- nurturing and encouraging a purposeful, common vision across our district through focused goals and action plans that allow for staff to do their work well;
- utilizing available resources and searching for additional resources to support this common vision as well as to provide appropriate staffing, teaching resources (including technology, texts, materials, and access to the world outside of school), and time for teachers to collaborate;
- listening to and responding to the needs of staff to carry out our shared visions;
- supporting the development of an infrastructure where teachers and students have access to current technologies, learning tools, and the world beyond the schools;
- encouraging and expecting that staff will take unique and flexible approaches to our shared goals and vision;
- providing a focused, district-wide professional development program consistent with our vision that is effective, meaningful, and sustainable;
- communicating with our community and with policy makers about our schools' programs, successes, and needs;
- supporting the economic and civic health of our community;
- communicating regularly with our educational community in ways that include all staff and provides the information necessary for collaborative decision making.

# SECTION ONE

## BASIC SCHOOL RULES AND GENERAL PRACTICES

### Attendance

#### **Required Attendance**

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

#### **Mandatory Attendance Age**

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

#### **Exceptions**

This policy does not apply when temporary illness or severe weather conditions make attendance impossible or impracticable.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

#### **Discontinuing Enrollment – 5 Year Old Students**

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

#### **Discontinuing Enrollment – 16 and 17 Year Old Students**

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

#### **Attendance Officer**

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the principal or designee.

### **Excused Absences**

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student or of a child whom the student is parenting (a physician's verification is required after four (4) consecutive days of absence for illness).
2. Severe weather
3. Medical appointments for the student or for a child whom the student is parenting
4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

### **Excessive Absences - Notification and Collaborative Plan Process**

Excessive absenteeism refers to any student that is absent 5 days or more per 9 weeks period. Such absences shall be determined on a per class basis. ECHS may use excused and unexcused absences to calculate this total. The following procedures will act as a guide for Elm Creek High School to address excessive absenteeism.

1. Verbal (@ 3 days) or written (@ 5 days) communication by school officials with the person or persons who have legal or actual charge or control of the student.
2. One or more meetings between the school (school administrator/designee, and/or school counselor and/or social worker), the student, the student's parent/guardian when appropriate to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan/attendance contract to reduce barriers identified to improve regular attendance. The plan/contract shall consider, but not be limited to:
  - a. Illness related to physical or behavioral health of the child
  - b. Educational counseling
  - c. Educational evaluation
  - d. Referral to community agencies for economic services
  - e. Family or individual counseling
  - f. Assisting the family in working with other community services.
3. If the parent/guardian refuses to participate or attend such a meeting the principal shall place documentation of such refusal in the student's attendance records.

### **Reporting Excessive Absenteeism to the County Attorney**

The School may report to the county attorney of the county in which the person resides when the school makes efforts to address excessive absences, the collaborative plan/contract to reduce barriers identified to improve regular attendance have not been successful, and the student has accumulated more than twenty (20) absences per year. The school will notify the student's family in writing prior to referring the child to the county attorney.

### **Credit Loss due to Absenteeism**

Unless otherwise arranged and approved in advance, after three (3) days of absence during a term, a phone call discussing our attendance policy will be made to the parent and/or guardian. We will discuss any discrepancies and parent/guardian will be asked to provide any necessary absence documentation. When a student has exceeded five (5 Excused/Unexcused) absences during any Term, a letter will be sent home informing the student and his/her parents/guardians of the possible revocation of academic credits and possible need to provide documentation and/or setup an attendance review at the end of the term. This letter may coincide with a student conference and/or follow up phone call and/or meeting with the student and/or parents, in addition to any of the aforementioned interventions. The following terms and processes govern credit loss due to absenteeism:

Absences related to school activities, suspensions, court appearances, medical/legal documented appointments/absences, bad roads, two (2) college visits, school suspensions, Elm Creek state activity contests and any other reason contained in board policy are excluded from a student's absence total when considering revoking class credits.

At the end of the semester, students that have exceeded nine (9) or more Excused/Unexcused absences during the term will be sent a letter regarding the revocation of academic credits and procedures to request an attendance review and present documentation or information to support their contention that the individual situation deserves special consideration and that credit should not be lost. Failure to request a review within five (5) days will result in the student being denied credit in the designated classes.

An attendance committee appointed by the superintendent will review the circumstances during the review and determine whether or not to grant credit. Extraordinary or unusual circumstances, which may have caused a student to have an absence, may be presented to the committee, which may allow the student to earn credit despite his or her absence. The committee may consider such factors as: whether the reasons are contrary to the spirit of this policy; whether the student is failing in any class; whether the student has been a disruptive, undisciplined student, whether the student has repeatedly failed to comply with school rules and regulations; and /or other similar factors deemed appropriate by the committee.

#### **Absences due to illness**

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

#### **Planned absences**

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

#### **Students are obligated to:**

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or pre arranged absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

#### **Parents are obligated to:**

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

#### **Pregnant and Parenting Students**

Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities.

### **Bills**

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Elm Creek Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

### **Books and Supplies**

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Each classroom teacher will prepare a supply list for students at the beginning of the school year.

## **Breastfeeding and Lactation**

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

## **Bullying**

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The District's administrators are authorized to use both and will consider these definitions to determine whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

### **Reporting Bullying**

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

### **Bullying Investigations**

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

## **Cafeteria Rules**

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray on to the correct container. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Students should remain at their tables until they are dismissed.
6. Students must treat lunch personnel with respect.
7. Students who violate the above rules will be disciplined.

## **Cell Phones and Other Electronic Devices**

Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, or during lunch time so long as they do not create a distraction or a disruption. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms or classrooms.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy may have their cell phones or other electronic devices confiscated immediately. Consequences may include a 30 minute detention and will return the confiscated device(s) to the offending student at the conclusion of the detention. Students who repeatedly violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

### **Cheating, Plagiarism, and Academic Dishonesty**

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

### **Child Abuse and Neglect**

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; or (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

### **Classroom Behavior**

All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

### **Closed Campus**

Students may not leave the building without permission from the administration.

## **Communicable Diseases**

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173 - Nebraska Health and Human Services/Control of Communicable Disease, [Chapter 3](#) of the Nebraska Administrative Code as a “best practice” guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child’s health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call (308) 856-4300.

## **Communicating with Parents**

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student’s report card. Parents will also be notified of their student’s possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student’s transfer when the district receives a written request signed by the student’s parent or guardian or upon being notified that the student has enrolled in another school.

## **Complaint Procedure**

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below. Students and employees who believe they have been subjected to sex harassment in violation of Title IX should refer to the board’s policy titled “Title IX”, attached below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

### **Complaint and Appeal Process.**

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
  - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
  - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
  - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
  - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District’s Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at [OCR.KansasCity@ed.gov](mailto:OCR.KansasCity@ed.gov); by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
  - a) Determine whether the complainant has discussed the matter with the staff member involved.

- 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate
  - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
  - b) Strongly encourage the complainant to reduce his or her concerns to writing.
  - c) Interview the complainant to determine:
    - 1) All relevant details of the complaint;

### **No Retaliation**

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

### **Special Rules Regarding Educational Services and Related Services to Students with Disabilities.**

Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

### **Bad Faith or Serial Filings.**

The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

### **Consequences for Violation of this Policy**

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
  - a. Loss of computer privileges;

  - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
  - d. Other discipline as school administration and the school board deem appropriate.

2. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy.

## Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences one in the first 18 weeks and one in the second 18 weeks.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

## Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

## Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

## Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with a student's school performance, or (3) otherwise adversely affects a student's school opportunities. Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the Section 504 Coordinator: Jessica Edeal at (308)856-4300, [jessica.edeal@elmcreekschools.org](mailto:jessica.edeal@elmcreekschools.org), or in person at the school. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

## **Dress Code**

Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

1. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
2. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
3. Clothing, jewelry, or accessories that advertises or promotes beer, alcohol, tobacco, illegal drugs, pornography, nudity, makes sexual references or carries lewd, indecent, or vulgar double meanings.
4. Clothing, jewelry, or accessories that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play" or that would damage property (e.g. cleats).
5. Head-wear including hats, caps, bandanas, and scarves.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Students who violate dress code guidelines will be required to correct the violation by changing into something appropriate at school or calling home for proper apparel to be delivered. Continual violations of the dress code will result in more stringent disciplinary actions.

## **Driving and Parking Personal Vehicles**

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.
2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

## **Drug Free Schools**

### **Administration**

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Such rules, regulations and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper

plan of action.

### **Safe and Drug-Free Schools Parental Notice**

If upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

### **Education and Prevention**

Elm Creek Public Schools intends to create a safe, secure environment in which its community of learners can work successfully and develop responsible, healthy behaviors. Prevention is the primary concern of all school and community personnel. Since alcohol, tobacco, and other drug use is illegal and interferes with both effective learning and a healthy development of the student, Elm Creek Public Schools has a fundamental legal and ethical obligation to prevent drug use and to maintain a drug-free educational environment.

### **Reporting Alcohol, Drug and Tobacco (Nicotine) Violations**

Any school employee who believes a student at school has a controlled substance without a prescription for it, tobacco or nicotine product, alcohol, a look-alike drug or other substance prohibited by school rule or state law, must report the matter immediately to the administration. The administration shall investigate the matter. If the administrator determines there is reasonable cause to believe that a student at school has a drug prohibited by school rule or state law, they shall have the authority to conduct a search that shall include, but is not limited to, the student's locker, possessions, vehicle if on school property and person. Any item discovered in the search, which is unlawful or constitutes a violation of a school rule will be confiscated. Those items, which are unlawful to possess, shall be turned over to an appropriate law enforcement agency. As an alternative to searching the student's person, the administration may contact an appropriate law enforcement agency regarding the search.

### **Determining a Violation Has Occurred**

1. When a student is cited by law enforcement and school officials have a reasonable basis for determining that grounds for the issuance of the citation exist.
2. When a student is convicted of a criminal offense. Conviction includes, without limitation, a plea of no contest and an adjudication of delinquency by the juvenile court.
3. When a student admits to violating one of the standards of the Code of Conduct.
4. When a student is accused by another person of violating one of the standards of the Code of Conduct and school officials determine that such information is reliable.
5. When school officials otherwise find sufficient evidence to support a determination that a violation has occurred.

### **FIRST OFFENSE**

- The student shall be placed on a five (5) to nineteen (19) day out-of-school suspension, but shall be given the option of having the suspension reduced to a three (3) days of in-school suspension providing he/she undergoes an evaluation for substance abuse and follows those recommendations made by a certified substance abuse evaluator. Any evaluations are at the expense of the student and/or parent/guardian.
- If a student fails to follow treatment recommendations, he/she shall be required to complete the remainder of the five (5) to nineteen (19) day out-of-school suspension.
- Prior to readmission to school, the student along with his/her parents must meet with the Principal and/or Assistant Principal of the involved school.
- The involved student shall be ineligible to participate in any co-curricular activities for a period of 45 Days. If a student self-reports, the time frame is reduced to 21 days. This can be reduced by 80% of the time frame, including a minimum of 1 contest missed, if a student and his/her parent(s)/guardian(s) agree to participate in a school approved program for chemical dependency. The program must be administered by a certified counselor and approved by school authorities. Proof of successful completion must be submitted to the Activities Director. All costs associated with the program are borne by the students, parents, or guardians.

### **SECOND OFFENSE**

- The student shall be placed on a five (5) to nineteen (19) day out-of-school suspension pending a recommendation for expulsion for the remainder of the current semester. Administration reserves the right to handle each situation on a case-by-case basis.
- The involved student shall be ineligible to participate in any co-curricular activities for a period of one (1) calendar year. If a student self-reports, the time frame is reduced to 90 days. This can be reduced by 80% of the

time frame if a student and his/her parent(s)/guardian(s) agree to participate in a school approved program for chemical dependency. The program must be administered by a certified counselor and approved by school authorities. Proof of successful completion must be submitted to the Activities Director. All costs associated with the program are borne by the students, parents, or guardians.

Drug and Alcohol Education and Prevention Program of the District Pursuant to The Safe and Drug-Free Schools and Communities Laws and Regulations. All students are provided an age appropriate, developmentally based drug and alcohol education and prevention program. It shall be the policy of the District to require instruction at such grade level concerning the adverse effects resulting from the use of illicit drugs and alcohol. Such instruction shall be designed by affected classroom teachers or as otherwise directed by the Board to be appropriate to the age of the student exposed to such instruction. One of the primary objectives shall be the prevention of illicit drug and alcohol use by students. It shall further be the policy of the District to encourage the use of outside resource personnel such as law enforcement officers, medical personnel, and experts on the subject of drug and alcohol abuse, so that its economic, social, educational, and physiological consequences may be made known to the students of the District.

### **Emergency Contact Information**

Parents must complete an emergency information form for each child enrolled in the district. The form should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

### **Evacuations**

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

### **Eye Exams**

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to breakfast entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

### **Food Service Program**

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

#### **Breakfast**

The school will serve breakfast daily from 7:30 a.m. until 7:50 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges students \$1.90 and adults \$2.25 for breakfast.

#### **Lunch**

Lunch prices depend on the federal funding that the program receives. Lunch for K-6 is \$3.05. Lunch for 7-12 lunch is \$3.20 for students and \$3.75 for adults.

#### **Payment for Meals**

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student.

Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

### **Collection of Delinquent Meal Charge Debt**

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law.

Collection efforts may continue into a new school year.

### **Notice of Non-discrimination**

Additionally, program information may be made available in languages other than English.

### **Field Trips**

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

### **First-Aid**

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

### **Head Lice**

Students found to have head lice, louse eggs, or nits will not be permitted at school and will be sent home. Upon discovering the presence of any indication of lice, louse eggs, or nits, the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice, eggs, or nits can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

## **Health Problems Limiting Activities**

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

### **Homeless Children and Youth**

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is the High School Principal who may be contacted at (308)856-4300.

### **Illness or Injury at School**

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

### **Immunizations**

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

**Provisional Enrollment.** Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

### **Initiations and Hazing**

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

### **Lockers and Other School Property**

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Backpacks will be placed in lockers prior to the first period of the day. They will not be allowed in classrooms or used during the school day.

### **Lost and Found**

All lost and found articles are to be taken to the main office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of the school year.

### **Medications**

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures.

**Prescription medication.** (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

## **Personal Items**

The school provides the necessary equipment for classroom and school day activities. Students should not bring items such as athletic equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. Police or other law enforcement officers may be called to the school at the request of school administration, or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

### **Rights of Custodial and Non-Custodial Parents**

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

### **Secret Organizations**

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

## **Sniffer (Drug) Dogs**

The board of education finds that the possession of illegal drugs and other contraband on school grounds is unlawful, is disruptive of the educational process, is harmful to students and staff, and is contrary to the interests of the school district. Accordingly, to minimize the presence of these items on school grounds, the administration is authorized to use sniffer dogs according to the protocol set forth in this policy.

### **Protocol for Use of Sniffer Dogs**

1. The superintendent, or the building principal with the superintendent's permission, may initiate the use of specially trained sniffer dogs to conduct an inspection.
2. The administration will contact the canine provider and/or the appropriate law enforcement agency to schedule the use of a sniffer dog or dogs. The administration shall require an assurance from the provider that any sniffer dogs to be used in the school have been properly trained, and may request evidence of the training and/or certification of the dogs. In no event will the school district authorize a sniffer dog to sniff any person.
3. The superintendent or if designated by the superintendent, the building principal, and law enforcement representatives or canine provider will confer regarding the specific plan of areas to be inspected. The plan may involve any or all school building facilities, vehicles in the school parking lot, or other areas where student and staff vehicles are parked on school property during or after school hours.
4. If the inspection is scheduled for a day when school is in session, students and staff will be informed over the public address system, and will be directed to remain in their rooms until given further directions.
5. During the inspection, administrators may assign personnel to designated areas as deemed appropriate to assist in the smooth handling of the inspection.
6. After the inspection is finished, students and staff will be notified over the public address system, and will be thanked for their cooperation.
7. If the sniffer dog alerts, the alert will constitute reasonable cause for the administration to conduct a search of the property. If the sniffer dog alerts on a vehicle on school grounds, the owner will be required to unlock the vehicle doors and trunk for further inspection of the interior of the vehicle. If the owner refuses to unlock the vehicle, the matter will be turned over to law enforcement authorities. The owner will be subject to disciplinary action as specified in board policy and/or the student or staff handbook or as otherwise allowed by law. This may include discipline for the refusal to obey an administrative directive.
8. Any illegal drugs or contraband found on school grounds, whether in a desk, locker, vehicle, or any other place on school grounds, will be confiscated and turned over to law enforcement authorities. A student's parents will be contacted. The individual will be subject to disciplinary action as specified in board policy and/or the student or staff handbook or as otherwise allowed by law.
9. At the conclusion of the inspection, school officials will confer with the canine provider and/or any law enforcement authorities who were involved in the inspection to review the results of the inspection. The administration may authorize any follow-up inspections or other action deemed appropriate.

### **NOTICE TO STUDENTS AND STAFF**

Students and staff shall be informed of the District's policy regarding the use of sniffer dogs as soon as practicable after the adoption of this policy. Thereafter, students and staff shall be informed of the policy at the beginning of the school year. By this policy and/or via the provision in the student or staff handbook, students and staff are specifically notified that:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.

## Standardized Testing

The Nebraska Student-Centered Assessment System (NSCAS) is a statewide assessment system that embodies Nebraska's holistic view of students and helps them prepare for success in postsecondary education, career, and civic life. It uses multiple measures throughout the year to provide educators and decision makers at all levels with the insights they need to support student learning. This is administered in grades 3-8.

## Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may convene the MTSS (Multi-Tiered Systems of Supports). The MTSS team can explore possibilities and strategies that will best meet the educational needs of the student.

## Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

The district may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of district-owned equipment or attire. Attached to this policy is a list of the fees charged for particular activities. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund. This contribution is completely voluntary. Students who chose not to contribute to the class fund are still eligible to participate in the extra activities.

### **Waiver Policy**

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal. Application forms are available in each school building office.

### **Voluntary Contributions to Defray Costs**

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

### **Fund-Raising Activities**

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

### **Student Illness**

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and support under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

## **Student Records**

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district. "Student records" also shall not include any records created and maintained by the district's law enforcement unit for a law enforcement purpose.

For purposes of the district's compliance with state and federal law, the district "maintains" student records which are printed and kept in the student's physical file or which school district staff have intentionally saved within the official school district digital student information system that specifically identifies the student for whom those records are maintained. The school district may also use learning management systems, which deliver and manage instructional content. The school district maintains student records within its student information system but not in its learning management system. The official school district student information system is Power School.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

### **Non-Directory Information**

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

### **Transfer of Records Upon Student Enrollment**

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

### **Complaints**

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

### **Student Schedule Changes**

Student schedule changes may be made without penalty during the first three days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

## Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. After four tardies to school, the student and parents will be required to meet with the principal to discuss the situation.

## Telephone Calls

The school's telephone may be used only with permission of staff.

## Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

### 1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
  - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
  - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
  - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
  - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
  - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act solely as part of a threat assessment.

### 2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

### 3. Threat Assessment Team

The threat assessment team (team) shall consist of the superintendent of schools, the building principals, guidance counselors, information technology staff and local law enforcement. Not every team member need participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student, nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

#### **4. Threat Assessment Investigation and Response**

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team. Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

#### **5. Communication with the Public about Reported Threats**

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

#### **6. Coordination with the Crisis Team After Resolution of Threat**

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

### **Transportation Services**

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

#### **Transportation to School**

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a very short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Families that live outside of the Elm Creek city limits but inside the school district qualify to ride the bus. The one exception to this rule is families that live south of the railroad tracks and Highway 30 can also be eligible to ride the bus. Option students may ride the bus if they meet the bus along the regular in-district route (i.e. Kearney option students may get on the bus in Odessa). If you're unsure if your child qualifies to ride, please contact Cindy Stone, Director of Transportation, at 308-627-3569 or [cindy.stone@elmcreekschools.org](mailto:cindy.stone@elmcreekschools.org).

#### **Bus Regulations**

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles.

If misconduct is recurring, the student will not be allowed to ride the bus.

## **Rules of Conduct on School Vehicles:**

1. Students must obey the driver promptly.
2. Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
3. Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
4. Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students are prohibited from throwing or passing objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
11. Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
15. If using a personal electronic device (cell phone, tablet, etc.) use headphones or earbuds so only you can hear it.
16. Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

## **Consequences**

**1st Offense:** The driver will talk to the student about his/her behavior in an effort to correct it. The driver may report it to the principal and the principal may talk with the student.

**2nd Offense:** The driver will give a written report to the principal. The principal will counsel the student. Parents/guardians will be contacted.

**3rd Offense:** The driver will give a written report to the principal. The principal will contact the student and inform the student of the alleged misconduct. The student will be given the opportunity to orally respond. The principal will contact parents/guardians for a conference. The student may be suspended from the bus pending this conference. The suspension may be extended five days beyond the conference date at the discretion of the principal.

**4th Offense:** The driver will give a written report to the principal. The principal will contact the student and inform the student of the alleged misconduct. The student will be given the opportunity to orally respond. The principal will contact the parents/guardians for a conference. The student may be suspended from the bus for the semester.

**Serious Rule Violations:** The driver will complete and submit to the school administration a bus conduct report or incident report involving the occurrence of any student behavior involving weapons or the making of terroristic threats, any student behavior which affects safety, and any serious rule violations. A student may be suspended from the bus at any time without the existence of prior rule violations if the principal determines it is warranted because of the seriousness of the rule violation. Other disciplinary consequences in addition to suspension of bus privileges may occur.

## **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of a non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver). Do not plan on your child's friends riding the bus to your home for parties or gatherings.

## **Transportation to Activities**

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

## **Video Surveillance and Photographs**

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Unless otherwise authorized by board policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies. For example, students are not prohibited from making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

## **Weather-Related School Closing**

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme temperatures, snow, or ice. School closings will be announced on radio station KRVN and television station NTV and our all call system (phone, text, email). Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

## **Withdrawal From School**

Students who are moving from the district must notify the school office.

**Work Permits**

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

## SECTION TWO ACADEMIC INFORMATION

### Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each curriculum class in which he/she was enrolled. For the purposes of this policy curriculum shall include all courses in the areas of language arts, mathematics, science, social studies, and elective courses.

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in the middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as valedictorian and salutatorian unless the student has been enrolled in the district's high school for the last two semesters.

### Grades

Students will receive letter grades for their academic core classes.

**The middle and high school grading system is as follows:**

A+	4.0	97-100%
A	4.0	93-96.9%
B+	3.5	92-92.9%
B	3.0	85-88.9%
C+	2.5	81-84.9%
C	2.0	77-80.9%
D+	1.5	74-76.9%
D	1.0	70-73.9%
F	0.0	0-69.9%
I	Incomplete	

A student may earn an incomplete when he or she fails to complete classroom assignments. Any student in grades 7-11 who receives an incomplete will have this grade recorded on his/her permanent record until the required work is completed to the teacher's satisfaction. If a student does not remove an incomplete by completing the minimum classroom assignments, the incomplete will be calculated as a failing grade in determining the student's grade point average.

If a student does not remove an incomplete by completing the necessary work within two weeks of the end of the grading period, the incomplete will become a failing grade that the student may make up only by taking the entire course again. The two-week period may be extended by mutual agreement of the teacher, principal, and student.

A student who receives an incomplete during his/her senior year must satisfactorily complete the classroom assignments to participate in the graduation ceremony. Seniors with an incomplete will not be dismissed from school attendance until the classroom assignments are completed to the teacher's satisfaction.

**The grading system of Elm Creek Elementary Public Schools shall be as follows:**

A+	4.0	97-100%
A	4.0	93-96.9%
B+	3.5	92-92.9%
B	3.0	85-88.9%
C+	2.5	81-84.9%
C	2.0	77-80.9%
D+	1.5	74-76.9%
D	1.0	70-73.9%
F	0.0	0-69.9%
I	Incomplete	

Grading periods of approximately nine (9) weeks shall be used four (4) times per year. Achievement marks shall be given on a numerical basis for all grades 3-12, with the marks of 69 or lower considered a failure. A special grading report for the K-2, on a different basis, shall be used. The grading and conversion scale are as follows:  
 Grades K-2 and specials classes may use the following scale to show student progress:

+	Commendable
S	Satisfactory
N	Needs Improvement
W	Working on level of ability
/	Still not Introduced

**Graduation Awards**

The Valedictorian and Salutatorian are selected each year based on cumulative GPA at the end of quarter 3 of the senior year. The highest cumulative GPA is the Valedictorian and the second highest is the Salutatorian. Students who are selected as the Valedictorian and Salutatorian for the graduating class will be selected as speakers at graduation. The student's will be required to submit a draft of their speech to the H.S. Principal on or before April 10th for review. The final draft of the speech will be collected and ready for the speakers on the morning of graduation. Students must be enrolled in Elm Creek Public Schools for the entirety of their Junior and Senior year to be considered for this recognition.

**Graduation Requirements**

Students who graduate from the School District of Elm Creek must fully complete all requirements for graduation prior to the official commencement exercises and complete all administrative requirements or conditions. 240 hours are required by the Elm Creek School District to meet academic graduation requirements. The total academic graduation requirements must include the following curriculum:

English	=	40 Credit Hours
Science	=	30 Credit Hours
Math	=	30 Credit Hours
Social Studies	=	30 Credit Hours (Am. History and Am. Government)
P.E. or Health	=	5 Credit Hours
Speech	=	5 Credit Hours
Art/Band/Music	=	5 Credit Hours
Required Core Classes	=	145 Credit Hours
+Electives Courses	=	95 Credit Hours
Total	=	240 Credit Hours

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multidisciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

## **Homework**

Homework is designed to offer independent practice opportunities, increase background information on topics, and compliment classroom experiences. At ECPS, work will be sent home periodically to practice a skill, allow students to review essential learnings, and challenge students to prepare for upcoming assessments. Practice that is sent home for students to complete will be reviewed together the following class period to check for understanding and provide direct feedback to students.

Homework, although a useful tool for learning, should not have a significant impact on a student's academic grade because it is practice. This practice will be aimed at increasing the student's capacity to meet a standard or learning objective. Additionally, it is not possible to verify that the student who is assigned the homework completed the homework on his/her own.

Work at home does promote responsibility, self-discipline and lifelong learning habits. Elm Creek Public Schools recognizes the importance of developing these skills and will periodically assign relevant and meaningful homework assignments designed to reinforce classroom-learning objectives.

## **Homework assignments**

- reinforce skills and concepts addressed in classroom instruction
- extend assignments to transfer new skills or concepts to new situations
- provide opportunities for creative activities that integrate a variety of skills
- demonstrate additional evidence of student understanding

## **Time**

Actual time required to complete assignments will vary with students' study habits, academic skills, and selected course loads. If a parent believes their child is spending an excessive amount of time completing their homework, they should contact their child's teacher.

## **Honor Roll**

The Honor Roll will be determined by grade point average (GPA). All students with a GPA of 92.5% and above, with no grades below a B, will qualify for Honor Roll recognition. This list will be defined at the end of each 9 week period. Dual credit classes, taught by ECHS Faculty, will factor into the GPA.

The Honorable Mention will be determined by grade point average (GPA). All students with a GPA between 84.5% and 92.4%, with no grades below a C will qualify for Honorable Mention recognition. This list will be defined at the end of each 9-week period. Dual credit classes, taught by ECHS Faculty, will factor into the GPA.

## **Mid-Term Graduation**

Elm Creek Public Schools supports the concept of early completion as a means of accelerating students toward the achievement of lifetime plans. The following guidelines have been established for students to be eligible for early completion:

1. Students must meet all completion requirements established by the Board of Education in order to be eligible for early graduation as well as the credit hour requirements in each specific subject matter area. Only 20 hours of transfer credit will be applied toward graduation requirements.
2. A student who decides to opt for early graduation or completion is not eligible to participate in school sponsored activities following the last day he/she attends classes. The effective date for participation will end with the last day that the student is enrolled in classes. The only school activities that the applicant is eligible for will be the regularly scheduled graduation ceremony and the Jr./Sr. prom.
3. This policy shall be evaluated annually by the high school principal and appropriate revisions shall be recommended to the Board for its consideration.

## **Report Cards**

Report cards are sent home the week following the end of the nine-week reporting period. Letter grades and percent grades are used to designate a student's progress. Incompletes shall be designated by an "I" for the term. Students have one (1) week after the end of the term to make up incomplete work if given an "I" for the term. Failure to do so may cause the grade to change to an "F" or "NC" (no credit, 0). No incompletes will be given at the end of the final term, as all course work must be completed by the last day of the second semester.

## **SECTION THREE** **STUDENT DISCIPLINE**

### **General Discipline Philosophy**

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this portion of the handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

### **Forms of School Discipline**

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

### **After School Sessions and Detentions**

Teachers and administrators may require students to stay after school or to serve detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are 30 minutes, served with the classroom teacher or the detention area designated by the building principal.

### **In-School Suspension**

The building administrator may require a student to serve in-school suspension. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

### **Emergency Exclusion**

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

### **Short-Term Suspension**

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student and the student's parent or guardian, describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
4. Students who are short-term suspended will be given the opportunity to complete classwork, but shall not be permitted to come onto school grounds without permission of Administration during the suspension period.

### **Weapons and/or Firearms**

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

### **Long-Term Suspension**

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

### **Expulsion**

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second

semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall provide either an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

For purposes of this subdivision, sexual assault means sexual assault in the first degree as defined in section 28-319, sexual assault in the second degree as defined in section 28-320,

  - i. Engaging in hazing as defined by state law and this policy. Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. - 3. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school

purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

4. Nothing in this policy shall preclude the student, student's parents, guardian, or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage.
5. If a hearing is requested within five days after receipt of the notice, the Superintendent shall appoint a hearing officer who shall follow the "hearing procedures" outlined below.
6. If a hearing is requested more than five school days following the receipt of the written notice, but not more than thirty calendar days after receipt, the Superintendent shall appoint a hearing officer who shall follow the "hearing procedures" outlined below, except that the time constraints set forth may differ as provided by law and this policy. The student shall be entitled to a hearing but the consequence imposed may continue in effect pending final determination.
7. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.

In the event a hearing is requested, the hearing, hearing procedures, the student's rights and any appeals or judicial review permitted by law shall be governed by the applicable provisions of the Nebraska Student Discipline Act (NEB. REV. STAT. § 79-254 to 79-294). The school district will provide parents with copies of the relevant statutes upon request.

## Activities Guidelines

### Extra-Curricular Programs

Elm Creek Public Schools provides a comprehensive, co-curricular activity program for all students grades 7-12. The activity programs will always be in conformity with the objectives of the school district and serve to enrich the curriculum. The administration of activities will be in accordance with the policies of Elm Creek Public Schools, by-laws of the Fort Kearney Conference, and the guidelines and regulations of the Nebraska School Activities Association of which we are a member.

### Activity Philosophy

Elm Creek Schools believes that extra-curricular activities are an extension of the classroom. They complement and enhance the educational endeavors of our students. Activities are considered an integral part of the school's program of education and provide experiences that will help boys and girls physically, mentally and emotionally. The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. We believe that participation in activities, both as a player and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, to the team, to the student body, to the community and to the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better people and citizens. We will strive to have a common focus of having a positive, lasting IMPACT on the lives of our students.

### Safety

The district's philosophy is to maintain an activities program that recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, and to exercise common-sense. In addition, the school requires that activity team members travel to and from out-of-town events as a unit. Any exceptions to this rule must be approved by both the parents and the coach/sponsor and should be done in writing prior to the departure of the event or prior to releasing the student to the parent/guardian. The note should be given to the Principal, Activities Director, or their designee. Only those people directly involved with the activity will be allowed to travel in the school vehicle.

### Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

### Activity Fees/Pre-Participation Requirements

At this time, Elm Creek Public Schools does not require a fee for participation in activities. However, an all season pass can be purchased by any student at the cost of \$30. This will allow for students to attend any and all games at home (exceptions FKC tournament, District/Playoff Events)

All participants must complete the following requirements before they begin practice:

1. Return a [medical physical card](#) to the office
2. Complete a [Student and Parent Medical Release - Consent form](#)
3. Complete the [NSAA consent](#) form
4. IMPACT concussion test for specific activities
5. Sign (both parent and student) Handbook agreement form

## **Activity Code of Conduct**

This activity code of conduct is supplemental to the Elm Creek Public School student code of conduct which is detailed in this handbook and any action taken hereunder may be in addition to any action under the student code of conduct said policy.

## **Grounds for Extracurricular Discipline**

The grounds for suspension from practices, participation in interscholastic competition, or other participation in extracurricular activities and competitions are set forth below. In becoming familiar with the conduct rules for extracurricular activities, participants need to remember that they are not only representing themselves, but also, their school and community in all of their actions.

## **Participants in Activities Assume Responsibility for Leadership and are Representatives of Our School**

Participants in extra-curricular activities assume a leadership role. The student body, the community and other communities judge our school on the students' conduct and attitudes, and how they contribute to our school spirit and community image. The students' performance and devotion to high ideals make their school and community proud.

## **Activities are a Privilege**

Extra-curricular activities have an important place in the educational program of the Elm Creek Public School district. It is a privilege for the students who choose to participate. Students who participate and are accepted into the program are expected to demonstrate cooperation, patience, pride, character, self-respect, self-discipline, teamwork, sportsmanship, and respect for authority. It is the belief that accepting responsibility for one's actions is a part of that philosophy.

The conduct rules apply to conduct of the student, regardless of whether the conduct occurs on or off school grounds. (If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct). The conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sports season established by the NSAA and extends to the last day of the spring sports season established by the NSAA, whether or not the student is a participant in an activity at the time of such conduct.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes.
3. Sexual assault or attempting to sexually assault any person.
4. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, or repeated damage or theft involving property.
5. Causing or attempting to cause personal injury to a school employee, to a school volunteer, to any student, or to any other person.
6. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from such student.
7. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon.
8. Engaging in the selling, using, possessing or dispensing of alcoholic beverages, tobacco, narcotics, drugs, controlled substance, inhalants (including vapor products) or being under the influence of any of the above; or possession of drug paraphernalia.

Note: The term "under the influence" for school purposes has a less strict meaning than it does under criminal law. For school purposes, the term means any level of impairment and includes even the odor of alcohol/tobacco/drugs on the breath or person of a student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant. In addition, "possession" of alcohol or drugs may be considered to have occurred for purposes of school rules if the student is in such close proximity to alcohol or drug (for example, a student being in a car where alcohol is in the back seat and no adults are present in the car) or to others who are consuming alcohol or drugs (for example, being at a student party at which other students are drinking) that school officials may reasonably determine the student was in "possession" of the items as well. Because of the complexity of this issue, "possession" will be determined on a case-by-case basis.

1. Engaging in the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401, of the Nebraska statutes, or material represented to be alcoholic beverages, narcotics, drugs, controlled substances, electronic nicotine delivery systems or products, or inhalants.

2. Truancy or failure to attend assigned classes or assigned activities.
3. Tardiness to school, assigned classes or assigned activities.
4. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion.
5. Public indecency.
6. Repeated violation of any of the rules adopted by the school district or the school.
7. Engaging in any unlawful activity as determined by the United States or the State of Nebraska.
8. Dressing in a manner wherein such dress is dangerous to the student's health and safety or to the health and safety of others or is distracting or indecent to the extent that it interferes with the learning and educational process.
9. Willfully violating the behavioral expectations for those students riding Elm Creek Public Schools buses.
10. The knowing and intentional possession, use, or transmission of a firearm or other dangerous weapon in a place where such items are prohibited.
11. The knowing and intentional use of force in causing, or attempting to cause, personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary.
12. Failure to report for the activity at the beginning of each season; reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
13. Failure to participate in regularly scheduled classes on the day of an athletic/activity event.
14. Failure to attend all scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the coach will determine the validity of the reason. Every reasonable effort should be made to notify the coach or supervisor prior to all missed practices or meetings.
15. All other reasonable rules or regulations adopted by the coach or supervisor of an extracurricular activity shall be followed, provided that participants shall be advised by the coach or supervisor of such rules and regulations by written handouts or posting on bulletin boards prior to the violation of the rule or regulation.
16. Failure to comply with any rule established by the Nebraska School Activities Association, including, but not limited to, the rules relating to eligibility.
17. The NFHS Sports Medicine Advisory Committee strongly opposes the use of dietary supplements for the purpose of obtaining a competitive advantage (November 21, 2014). Elm Creek Public Schools discourage the use of these supplements, rather ECPS encourages a balanced diet to obtain the necessary nutrition to compete at the highest level. It is ultimately the parents' decision to allow their son/daughter to use dietary supplements but the school district will not allow students to possess or consume them at school. Supplements will be prohibited on ECPS grounds.
18. Any violation of any other school rule, requirement, coach/sponsor rule, or lawful directive of any sponsor, coach, administrator, or other district staff member.

### **Initiations and Hazing**

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

## **Drug (including tobacco and electronic nicotine delivery systems or products) and Alcohol Violations**

Guidelines for reporting and violations of this nature are described on pages 20 and 21 of this document.

### **Procedures for Extracurricular Discipline**

Students may be suspended by the Principal or the Principal's designee from practices or participation in interscholastic competition or participation in extracurricular activities for violation of rules and standards of behavior adopted by the Elm Creek Public Schools Board of Education or the administrative staff of the school. The following procedures will be followed with regard to suspension:

1. The school official(s) considering the suspension will make a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with school purposes.
2. Prior to the suspension, the student is to be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the school has, and be given the opportunity to explain the student's version of the facts.
3. If the student is not readily available to meet with the school official for this purpose before the suspension is to begin, then the suspension may be imposed at that time so long as the opportunity for the student to hear the charges and evidence and for the student to tell his or her side of the story occurs as soon as reasonably practicable. An effort to schedule a meeting for this purpose should be made by the student and the student's parent or guardian as well. Given the fact that extracurricular activity suspension actions at times need to be taken outside the regular school day, a telephone conference may be used to give the student the opportunity to provide the student's position.
4. Within two school days or such additional time as is reasonably necessary following the suspension, the Principal or Principal's designee will send a written statement to the student and the student's parents, or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reason for the action taken and the right to a hearing upon request on the specified charges.
5. An opportunity will be afforded the student, parents, or guardian of the student, at their request, to confer on an informal basis with the school official who has imposed the suspension and to give that school official any further information in the student's defense.
6. If the student or student's parents or guardian are not satisfied with the determination of the school official, an informal hearing may be requested before the Superintendent. A form to request such a hearing must be signed by the parent or guardian and will either be provided with the initial notice letter or be made available in the Principal's office. This request must be received by the building principal within five days of receiving the initial written notice of suspension.
7. If a hearing is requested, it shall be held within ten calendar days of the request. The Superintendent will notify the participants of the time and place of the hearing within five days of receiving the request. There will be no stay of the penalty imposed pending an appeal.
8. Upon conclusion of the hearing, a written decision will be rendered within five school days. The written decision will be mailed or otherwise delivered to the participant, parent or guardian. A record of the hearing (copies of documents provided at the hearing and a tape recording or other recordation of the hearing itself) shall be kept by the school.
9. Nothing contained in this regulation shall prevent the participant, parents, guardian or representative from discussing and settling the matter with the appropriate school personnel at any stage.

During a suspension period, students will not be allowed to practice for, participate in, or attend a school activity.

### **Academic Grade Standards for Activities Eligibility**

Participation in extra-curricular school activities is encouraged and desirable for all students. At the same time, the principal mission and responsibility for each student is to establish a firm academic foundation. A student participating in extra-curricular school activities must therefore adhere to the following academic guidelines.

#### **Eligibility**

The school will adhere to the rules of the Nebraska Schools Activities Association, of which we are a member, with regard to eligibility for participation in extracurricular activities. Complete rules will be posted on a bulletin board and are included in this [NSAA eligibility document](#).

### **Maintain passing grades in all classes - Academic Eligibility**

Eligibility is checked every week, usually on Wednesday at 12:00 PM, beginning the start of the third week of each term. If a student is passing all enrolled courses, s/he is eligible, academically, to participate. If a student is failing any (1 or more) class(es), they will be placed on a warning list for the first week that a grade is failing. Names will remain on the list from one week to the next week. If a student is failing the same class for a second consecutive week, they will be deemed ineligible. If a student is ineligible, they may become eligible to participate by coming in before school or after school to do the work necessary to earn a passing grade. Once all grades are passing, a student will be eligible to participate immediately. Students will be required to attend essential time while grades are failing.

Students who are academically ineligible cannot travel with any team, suit up for any event, or participate in any special school activity (such as homecoming or prom). Activity practice is permitted, however, teachers or coaches/sponsors may require students to stay after school to complete missing work. Practice is secondary to completing necessary course work.

### **Eligibility requirements shall not apply to:**

- (A) Instructional field trips, which are a part of the scheduled course learning experience;
- (B) Activities or events, which are a part of the students' grade requirements.

### **Attendance and Academics**

Student participants are expected to apply themselves academically by following these expectations:

1. Attend school regularly and show evidence of sincere effort towards scholastic achievement.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests he/she should contact the coach or sponsor in advance.
3. A full day of attendance, the day of a contest or practice, is required to be eligible for the contest or practice on that day. Arrangements in advance for extenuating circumstances, such as doctor/dentist appointments, funerals or other activities, can be made with the building Principal in writing. Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.
4. Appearance: Participants will dress appropriately for the activity in which they are involved and will at all times maintain a neat, clean and well groomed appearance.

### **Team Selection, Playing Time, Conflicts, and Transportation**

"Team selection" and "playing time" decisions are the responsibility of the individual coach or sponsor of the activity. Consistent, however, with the purpose of the activities program, the coaches and sponsors shall follow the following established guidelines for team selection and playing time decisions, along with such other guidelines as each individual coach and sponsor may develop which are not inconsistent with these established guidelines:

1. Student participants must demonstrate that they can and will represent themselves and their school in a manner that reflects the development of high ideals and appropriate values, which shall include good citizenship in the school and in the community.
2. Student participants must demonstrate that they can make the activity program more successful, both from a standpoint of competitive success and success in promoting a positive school spirit. Characteristics for purposes of these criteria include the student's: (1) talent or skill, (2) desire to improve the student's own skills or talents as well as those of others in the activity, and (3) attitude of respect towards teammates, the coach, the school, and the community.
3. At the reserve level, the emphasis will be on fundamental skill development and teamwork. At the junior varsity level, the emphasis will be on preparation for varsity competition. However, coaches will determine the amount of playing time for individual athletes.
4. When the situation arises where a student is involved in two school activities and the schedules conflict, the administration will make the final determination in regards to which event the student will participate. Some of the factors that will be considered are: the level of competition ex. varsity versus non-varsity; importance of competition ex. state versus districts versus conference versus regular season; the type of event ex. academic versus athletic; student's role on the team; coach or sponsor's input; student's input.
5. Transportation will be provided by the District for all team members and student managers (if traveling) when a team is participating. Students are expected to ride school transportation to and from all school-sponsored activities. In the event of extenuating circumstances (2 events in one day with overlapping time, illness, or family

death), if a student needs to ride home with parents, arrangements should be made ahead of time. Students may not drive themselves to or from activities.

### **General Lettering Criteria and Post-Season Awards**

Lettering in a school activity is for those participants who have met stated levels of performance. Each time an individual letters at the high school level, they will be awarded a letter certificate by the coach of that activity. The first time, and only the first time, that an individual letters in any sport at the Sr. High level, s/he will be awarded by the coach of that sport, the standard chenille letter and a pin representative of the activity. For each additional letter, participants will be awarded a bar to place below their pin.

These general considerations govern lettering in Elm Creek activities:

1. The participant must be in good standing (member of the organization) at the end of the season to receive a letter.
2. Participants injured and who must drop out of a school activity, may be given special consideration.
3. Sponsors who believe there are special conditions or unusual situations (other than alcohol, tobacco or drug and/or criminal activity suspensions) for a participant s/he may letter that participant.
4. Students who participate in an activity for four years, may letter in that activity.
5. Students must participate in 25% of the varsity contests, or score in a major Track and Field meet. Coaches may use discretion for seniors who have met all criteria with the exception of the participation requirement.
6. A sponsor may revoke a letter for disciplinary reasons.
7. A violation of team training rules prohibits an athlete from lettering.

### **Relationships Between Parents and Coaches/Sponsors**

Both parenting and coaching are very difficult vocations. By establishing an understanding between coaches and parents, both are better able to accept the actions of the other and provide a more positive experience for everyone.

Parents have the right to know the expectations placed on them and their children. Coaches and sponsors have the right to know that if parents have a concern, they will discuss it with the coach at the appropriate time and place. Following a contest is not an appropriate time or place for this conversation. Please abide by the standard 24 hour rule, do not make contact with the coach until 24 hours after the game/contest. A coach or sponsor shall not be approached at any time immediately prior to, during, or immediately after a game or practice with a complaint.

### **Lines of Communication**

Students are encouraged to visit with their coach/sponsor if they have questions about playing time or role on the team. If the student does not have their questions answered, the parent may contact the head coach as s/he is next level for communication. If an issue is still not resolved, the parent may request a meeting with the Activity Director, coach, and student-athlete. The chain of command will continue to the building principal followed by the superintendent. All concerns should follow the proper chain of command. A written Activities Complaint form is found in the appendix of this document. All complaints that advance to the administrative meeting stage will need to be written out and presented at the meeting to be acted upon. Text messages, social media posts, emails, or phone calls to coaches are not an acceptable forum for grievances.

### **Parents' Role in Interscholastic Athletics and Other Extracurricular Activities Communicating with your children**

1. Make sure that your children know that win or lose, scared or heroic, you love them, appreciate their efforts and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their life they can look to for constant positive reinforcement.
2. Practice saying this to your child, "I love to watch you play".
3. Try your best to be completely honest about your child's athletic ability, competitive attitude, sportsmanship and actual skill level.
4. Be helpful but don't coach them. It's tough not to, but it is a lot tougher for the child to be flooded with advice and critical instruction.
5. Teach them to enjoy the thrill of competition, to be "out there trying," to be working to improve their skills and attitudes. Help them develop the feeling for competing, for trying hard, for having fun.
6. Try not to relive your athletic life through your child in a way that creates pressure. If they are comfortable with you win or lose, then they are on their way to maximum enjoyment.
7. Don't compete with the coach. If your child is receiving mixed messages from two different authority figures, he or she will likely become disenchanted.
8. Don't compare the skill, courage, or attitude of your child with other members of the team.
9. Get to know the coach(es). Then you can be assured that his or her philosophy, attitudes, ethics, and knowledge

are such that you are happy to have your child under his or her leadership.

10. Always remember that children tend to exaggerate, both when praised and when criticized. Temper your reaction and investigate before overreacting.

### **Communicating with the coach**

1. Communication you should expect from your child's coach includes:
  - a. Philosophy of the coach
  - b. Expectations the coach has for your child
  - c. Locations and times of all practices and contests
  - d. Team requirements
  - e. Procedure should your child be injured
  - f. Discipline that results in the denial of your child's participation
2. Communication coaches expect from parents
  - a. Concerns expressed directly to the coach
  - b. Notification of any schedule conflicts well in advance
  - c. Specific concerns in regard to a coach's philosophy and/or expectations
3. Appropriate concerns to discuss with coaches:
  - a. The treatment of your child, mentally, and physically
  - b. Ways to help your child improve
  - c. Concerns about your child's behavior
  - d. Injuries or health concerns. Report injuries to the coach immediately!! Tell the coach about any health concerns that may make it necessary to limit your child's participation or require assistance from trainers. Students are sometimes unwilling to tell coaches when they are injured, so please make sure the coach is told.
4. Issues not appropriate to discuss with coaches:
  - a. Playing time
  - b. Team strategy
  - c. Play calling
  - d. Another parent's child(ren)
5. Appropriate procedures for discussing concerns with the coaches:
  - a. Be sure your child has discussed the issue with the coach
  - b. Call to set up an appointment with the head coach and your child
  - c. Do not confront a coach before or after a contest or practice (these can be emotional times for all parties involved and do not promote resolution)
6. What should a parent do if the meeting with the head coach did not provide satisfactory resolution?
  - a. Call the athletic director to set up a meeting with the athletic director, coach, parent, and student present.
  - b. At this meeting, an appropriate next step can be determined, if necessary.

### **Good Sportsmanship - Behavior Expectations of Spectators**

Good sportsmanship is expected to be exhibited by all coaches, sponsors, students, parents and other spectators. The school can be punished by NSAA for a lack of good sportsmanship at NSAA sanctioned events. More importantly, activities are more enjoyable for the students when good sportsmanship is displayed.

### **Responsibilities of Spectators Attending Interscholastic Athletics and Other Extracurricular Activities**

1. Show interest in the contest by enthusiastically cheering and applauding the performance of both teams.
2. Show proper respect for opening ceremonies by standing at attention and remaining silent when the National Anthem is played.
3. Understand that a ticket is a privilege to observe the contest, not a license to verbally attack others, or to be obnoxious. Maintain self-control.
4. Do not "boo," stamp feet, or make disrespectful remarks toward players or officials.
5. Learn the rules of the game, so that you may understand and appreciate why certain situations take place.
6. Know that noise makers of any kind are not proper for indoor events.
7. Obey and respect officials and faculty supervisors who are responsible for keeping order. Respect the integrity and judgment of game officials.
8. Stay off the playing area at all times.
9. Do not disturb others by throwing material onto the playing area.
10. Show respect for officials, coaches, cheerleaders and student-athletes.
11. Pay attention to the half-time program and do not disturb those who are watching.

12. Respect public property by not damaging the equipment or the facility.
13. Ensure other spectators' behavior is appropriate.
14. Avoid vulgar language, rude comments, or conduct that takes attention from the game or reflects poorly on our school and community
15. Know that the school officials reserve the right to refuse attendance of individuals whose conduct is not proper.

**Consequences: Violation of the sportsmanship guidelines may result in removal from the contest and future contests.**

### **Nebraska School Activities Association Concussion Guidelines/Recommendations**

Concussion has been reported to account for approximately 4-5% of all injuries in high school sports. Football is the most common sport for concussion. Although most concussions are short lived, experience has shown that if a second injury occurs during the recovery phase of the initial injury, a phenomenon known as the “second-impact syndrome” can occur. This second injury can occur from a very minor blow which under normal circumstances might not cause injury at all. Although uncommon, the second-impact syndrome is often fatal and if an individual survives they are rarely neurologically normal. This abnormal mental state usually remains for life. The second-impact syndrome has only been described in athletes younger than 20 years old (except in boxers). These recommendations are offered with the goal of reducing the potential for serious neurologic/ brain injury in Nebraska high school athletes.

Concussion/ mild traumatic brain injury (mTBI) can be defined as a brief and usually short-lived neurological impairment, which occurs after a direct or indirect blow to the head or body. The impairment is often immediate, and symptoms typically resolve spontaneously. Acute clinical symptoms represent a functional disturbance rather than a structural injury to the brain. The clinical symptoms that occur may or may not include loss of consciousness. Typical signs and symptoms of concussion include confusion, headache, and amnesia. More subtle problems may include difficulties with concentration and attention, behavioral changes, and ataxia (inability to coordinate the muscles in voluntary movement).

### **When a player shows ANY sign or symptom of a concussion**

1. Perform an on-field mental status evaluation.
2. The player should not be allowed to return to play in the current game or practice.
3. The player should not be left alone; and regular monitoring for deterioration is essential over the initial few hours following injury.
4. The player should be medically evaluated (by an appropriate health care provider) following the injury.
5. Return to play should follow a medically supervised stepwise process.

A player should never return to play while symptomatic. “When in doubt, sit them out!”

### **Return to Play Protocol**

The majority of injuries will be simple concussions and such injuries recover spontaneously over several days. In these situations, it is expected that an athlete will proceed rapidly through the stepwise return to play strategy.

During this period of recovery in the first few days following an injury, it is important to emphasize to the athlete that physical AND cognitive rest is required. Activities that require concentration and attention may exacerbate the symptoms and result in a delayed recovery. This concept of “cognitive rest” appears to be of significant importance in student athletes.

The return to play following a concussion follows a stepwise process:

1. No activity, complete rest. Once asymptomatic, proceed to step 2.
2. Light aerobic exercise such as walking or stationary cycling, no resistance training.
3. Sport specific exercise (e.g., running) or progressive addition of resistance training.
4. Non-contact training drills.
5. Full contact training after medical clearance.
6. Game play.

With this stepwise progression, the athlete should continue to proceed to the next level if asymptomatic at the current level. If any post-concussion symptoms occur, the patient should drop back to the previous asymptomatic level and try to progress again after 24 hours. In cases of complex concussion, the rehabilitation will be more prolonged and return to play advice should be more circumspect. It is recommended that complex cases be managed by physicians with a specific expertise in the management of such injuries. An additional consideration in return to play is that concussed athletes should not only be symptom free but also should not be taking any pharmacological agents/ medications that may affect or modify the symptoms of concussion. Neuropsychological testing is being used more frequently as a clinical assessment tool and provides objective measurement of cognitive function. Cognitive function may be impaired despite

resolution of symptoms. Ideally, neuropsychological testing would be compared with pre-injury baseline testing. Injuries where outside treatment/care is sought will require a medical clearance to return to competition.

### **Varsity Sports Seasons**

All interscholastic sports are divided into three seasons--fall, winter, and spring. The divisions of sports, the date of the first allowed organized practice, and the closing date of the season shall be as follows. No individual shall participate simultaneously in more than one sport per season. (Dates subject to changes)

<b>FALL</b>	<b>FIRST DAY OF PRACTICE</b>	<b>CLOSE OF SEASON</b>
Cross-Country	August 9	State Meet Oct. 22
Football	August 9	State Finals Nov. 22
Volleyball	August 9	State Meet Nov. 3-6
<b>WINTER</b>	<b>FIRST DAY OF PRACTICE</b>	<b>CLOSE OF SEASON</b>
Girls Basketball	November 15	State Tourney Mar. 7-12
Boys Basketball	November 15	State Tourney March 7-12
Wrestling	November 15	State Meet Feb 18-19
<b>SPRING</b>	<b>FIRST DAY OF PRACTICE</b>	<b>CLOSE OF SEASON</b>
Boys Golf	February 28	State Meet May 24-25
Track	February 28	State Meet - TBD

### **Participation on other teams**

Athletes are not allowed to participate in activities outside the school while involved in the same activity in school. Cross Country/Road Races and town-team basketball are specific examples.

### **Facility Use**

No athlete will ever work out using school facilities unless s/he is under the direct sponsorship of a coach or authorized adult. No student will ever work out using the weight machine or free weights unless s/he is under the direct supervision of a coach, faculty member, or authorized adult. Parents who are issued a fob to enter the building may not send a student, unattended by a parent, to use the weight room or gym.

## Section Six

### TITLE IX

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

#### 1. Title IX Coordinator

**1.1. Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the “**Title IX Coordinator.**” The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

#### 2. Definitions. As used in this policy, the following terms are defined as follows:

**2.1. Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). “Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

**2.2. Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

**2.3. Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

**2.4. Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

**2.5. Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

- 2.6. Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:
- 2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
  - 2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;
  - 2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:
    - 2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.
      - 2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
      - 2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
      - 2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
      - 2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
    - 2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.
      - 2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
      - 2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent
  - 2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a)(10), which means violence committed by a person -
    - 2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; **and**
    - 2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:
      - 2.6.4.2.1. The length of the relationship.
      - 2.6.4.2.2. The type of relationship.
      - 2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.
  - 2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
  - 2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
    - 2.6.6.1. fear for his or her safety or the safety of others; or
    - 2.6.6.2. suffer substantial emotional distress.

**2.7. Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

### **3. Discrimination Not Involving Sexual Harassment.**

**3.1. General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

**3.2. Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

- 3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
- 3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- 3.2.3. Deny any person any such aid, benefit, or service;
- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

**3.3. Complaint Procedure.** All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district's general complaint procedure, Board Policy 2006.

### **4. Response to Sexual Harassment**

**4.1. Reporting Sexual Harassment.** Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District's Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

**4.2. General Response to Sexual Harassment.** When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's response will treat complainants and respondents equitably by offering supportive measures as defined in subsection 2.7 above to a complainant, and by following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive

measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

**4.3. Emergency Removal.** Nothing in this policy precludes the district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

**4.4. Administrative Leave.** Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

**4.5. General Response Not Conditioned on Formal Complaint.** With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

## **5. Grievance Process for Formal Complaints of Sexual Harassment.**

### **5.1. General Requirements.**

**5.1.1. Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

**5.1.2. Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

**5.1.3. Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

**5.1.4. Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

**5.1.4.1. All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

**5.1.4.2. Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

**5.1.4.2.1.** The definition of sexual harassment in subsection 2.6;

**5.1.4.2.2.** The scope of the district's education program or activity;

**5.1.4.2.3.** How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

**5.1.4.2.4.** How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

**5.1.4.3. Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection 5.6.

**5.1.4.4. Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.

- 5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- 5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good causes may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- 5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.
- 5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.
- 5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- 5.2. Notice of Allegations.**
- 5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:
- 5.2.1.1. A copy of this policy.
- 5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review evidence under subsection 5.5.5. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.
- 5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.
- 5.3. Dismissal of Formal Complaint.**
- 5.3.1. The district will investigate the allegations in a formal complaint.
- 5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:
- 5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;
- 5.3.2.2. Did not occur in the district's education program or activity; or
- 5.3.2.3. Did not occur against a person in the United States.
- 5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:
- 5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- 5.3.3.2. The respondent is no longer enrolled in or employed by the district; or
- 5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
- 5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.
- 5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

**5.4. Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular “party,” “complainant,” or “respondent” include the plural, as applicable.

**5.5. Investigation of Formal Complaint.** When investigating a formal complaint and throughout the grievance process, the district will:

- 5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district’s investigation of a formal complaint;
- 5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party’s voluntary, written consent to do so for a grievance process under this section (if a party is not an “eligible student,” as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a “parent,” as defined in 34 CFR 99.3);
- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party’s advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

**5.6. Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

## **5.7. Determination Regarding Responsibility**

- 5.7.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).
- 5.7.2. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:
- 5.7.2.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;
  - 5.7.2.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
  - 5.7.2.3. Findings of fact supporting the determination;
  - 5.7.2.4. Conclusions regarding the application of the district's code of conduct to the facts;
  - 5.7.2.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
  - 5.7.2.6. The district's procedures and permissible bases for the complainant and respondent to appeal.
- 5.7.3. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.
- 5.7.4. The Title IX Coordinator is responsible for effective implementation of any remedies.

**5.8. Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

- 5.8.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.8.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.
- 5.8.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:
- 5.8.2.1. Procedural irregularity that affected the outcome of the matter;
  - 5.8.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - 5.8.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- 5.8.3. As to all appeals, the district will:
- 5.8.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
  - 5.8.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
  - 5.8.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.
  - 5.8.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
  - 5.8.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and
  - 5.8.3.6. Provide the written decision simultaneously to both parties.

**5.9. Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

5.9.1. Provides to the parties a written notice disclosing:

5.9.1.1. The allegations;

5.9.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

5.9.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and

5.9.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

5.9.2. Obtains the parties' voluntary, written consent to the informal resolution process; and

5.9.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

### **5.10. Recordkeeping.**

5.10.1. The district will maintain for a period of seven years records of:

5.10.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;

5.10.1.2. Any appeal and the result therefrom;

5.10.1.3. Any informal resolution and the result therefrom; and

5.10.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.

5.10.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

**6. Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

## **7. Access to Classes and Schools.**

**7.1. General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

**7.1.1. Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

**7.1.2. Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

**7.2. Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

**8. Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

**8.1. Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

**8.2. Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams will not constitute noncompliance with this section.

**9. Certain Different Treatment on the Basis of Sex Permitted.** Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

**10. Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to Board Policy 2006 (Complaint Procedure).

**10.1. Specific Circumstances.**

10.1.1. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section.

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

**11. Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

**12. Publication of Policy.** The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with

the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

**13. Application Outside the United States.** The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

**14. Scope of Policy.** Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

**PARENTAL AUTHORIZATION AND RELEASE FORM  
ADMINISTRATION OF NON- PRESCRIPTION DRUGS TO STUDENTS**

While the administration of medications to students should be scheduled outside of school hours whenever possible, occasionally it may be necessary for school personnel to administer nonprescription drugs to a student as authorized by the student's parents, guardians, or medical professionals and state law. School personnel will only dispense those nonprescription drugs which have been approved by state and federal law for use as a drug and meet the definition of nonprescription drugs in Nebraska's Medication Aide law which states:

Nonprescription drugs means nonnarcotic medicines or drugs which may be sold without a medical order and which are prepackaged for use by the consumer and labeled in accordance with the requirements of the laws and regulations of this state and the federal government.

In order for students to be administered nonprescription medication by school personnel, a parent or guardian must:

- Complete and return this authorization form.
- Provide the district with any nonprescription drugs you wish to be administered in its original container from the manufacturer, which must include legible, unadulterated manufacturer instructions. The container must be labeled with the student's name.
- Provide the district with specific written instructions regarding the requested nonprescription drug's administration, including the date(s) the student is to be administered the drug, the dosage to be administered, the frequency of administration, and any other details or conditions relevant to administration.

## Receipt of Student-Parent Handbook

The Student-Parent Handbook of Elm Creek Public Schools is available on the internet at [www.elmcreekschools.org](http://www.elmcreekschools.org).

Because of the expense of printing the handbooks, we are asking that you consider using the internet to access and review the 2022-2023 Student Parent Handbook. Using the internet to access the handbook will allow the district to direct printing dollars to instructional needs and eliminate the need for you to search for your handbook when you have questions throughout the year.

- Thank you for providing the 2022-2023 Student-Parent Handbook online. I will review it on the internet. My signed receipt below acknowledges receipt of the Handbook in a satisfactory manner via the internet.
- I prefer a paper copy of the Handbook.
