Secondary Principal Report
June, 2022-2023 School Year

Guiding Principle I: Expanded Student Learning Opportunities and

Guiding Principle III: Climate and Culture

- Meg Rose, Jamie Mackling, and I attended a zoom meeting with a representative from Kid-grit. Kid-grit is a CASEL aligned SEBL curriculum. We will be purchasing the curriculum through the NDE Mental Health Project grant funds. Curriculum will be explicitly taught to all students in grades 7-9. The curriculum includes 5 modules: Mind, body, community connection, digital and social media awareness, and 21st century skills. Expected outcomes include less disciplinary activity, increased attendance, and a positive shift in school and classroom climate. We chose this curriculum because it can be used fluidly with restorative practices, we can easily embed our school-wide behavior expectations, the curriculum allows for flexibility and personalization, and the curriculum includes connections to home and community. Meg, Jamie, and I will attend a 2-hour virtual professional development to implement the curriculum.
- We have resurrected a sensory room. This room will be available to any K-12 student with a need for sensory feedback.
- Our district data profile has been updated with NSCAS growth scores, Spring MAP testing scores, and discipline data.
- Planners for our 7-12 EL students have been custom designed. Mrs. Aguirre provided a list of resources useful to our EL students. I found a company that could customize bilingual planners. This will be a great tool for our students and teachers.
- New Teacher Mentor Program: Our newly hired, first year teachers will be participating in the New Teacher Cadre offered through the ESU. We are also sending 4 veteran teachers to the mentor teacher training. Two mentors in each building level will provide support for all teachers new to our district. I will also attend the mentor training as it is my responsibility to support both mentor and mentees. I will continue to use *The Beginning Teacher's Field Guide* by Tina Boogren. It is by happenstance that the book I have been using is the complimentary book to the book the ESU is using for mentor training. I will meet with new teachers every 2-3 weeks. I will work with mentors to add them to the program design after we attend the mentor teacher training.

Guiding Principle II: Family and Community Partnerships

- One of my summer "projects" is to design a Welcome Center for our ELL newcomer students. A piece of that design is presenting to our Latino community members. We are tentatively looking at Saturday, August 12 to present. Alejandra Aguirre and Brenda Montoya will be involved in the presentation. Location has not yet been determined.

Guiding Principle IV: Personnel Effectiveness

- ABLLS-R curriculum has been purchased to provide instruction for students with moderate to severe cognitive delays and students with Autism. The curriculum is a

research-based comprehensive review of 544 skills from 25 skill areas. These areas include language, social interaction, self-help, academic skills, and motor skills. The curriculum is designed to move students through simple to complex skills. Data is constantly collected through assessment protocols. The curriculum manuals include guidance and examples for writing IEP goals. Abby Pfister from ESU 7, whom we have received support for our students with autism, will be able to support implementation. I have used ABLLS curriculum myself when I worked with self-contained students with autism and significant cognitive delays.

Wakefield Community Schools
Superintendent Board Report
May 2023

- Absences Report: Per my contract, I am obligated to report to you any absences.
 - May 16,17,18, 19 bereavement leave
 - May 26, June 9, 16, 19, 23, 30 vacation leave.
 - May 31, June 1, professional leave, Phil Warrick Training @ ESU 1

- **Guiding Principle V: Facilities**
- **Strategy 5.1: Creation of a comprehensive facilities plan to address both short-term and long-term goals including, but not limited to, new construction, renovation, and maintenance of facilities, and acquiring property to meet the future needs of the district.**
 - Construction Manager interviews are on June 19th.
 - I will likely have a recommendation to the Board on the 20th.
 - Oversight committee meetings to review progress and get input on a design will be on June 21st and July 13th.
 - Portable classrooms will be delivered at the end of next week. Dirt work is complete.
 - I have begun recruiting members of a Community Taskforce to help with information and communication.

- **Guiding Principle III: Climate and Culture**
- **Strategy 3.2: Improve the school district climate and learning environment to support increased student achievement, social-emotional skills, and positive behavior.**
 - We have partnered with Dixon County Sheriff's Office and submitted a grant proposal for a school resource officer. The grant was awarded. We will discuss the grant provisions in Action Items.

- **Guiding Principle VI: Board Governance**
- **Strategy 6.3: Align and manage district resources in a responsible manner to meet goals and promote the growth of student achievement.**
 - The passing of LB 243 puts a revenue lid on the district.
 - Last year, we requested \$5,332,482 in the general fund and special building fund property taxes.
 - This year, our allowable ask is \$4,599,403.

- The Board can vote to allow an extra \$458,753.88 for a max of \$5,058,156.
- Our revenue cap is \$8,182,610.
- Our revenue cap can increase by \$458,753 to \$8,641,363.
- Last year's revenue was \$7,645,898

LB 583 – What changes?

- TEEOSA
- SPED Funding

2

LB 583 TEEOSA Changes

- Foundation Aid
 - Starting with 2023/24 Certification
 - \$1,500 per Formula Student
 - 2023/24 & 2024/25 (Year 1 & 2) full amount included in Equalization calculation
 - 2025/26 (Year 3) & thereafter 60% of Foundation Aid included in resources - \$900
- Net Option Funding
 - Amount Reduced by \$1,500 per net positive option student

3

LB 583 – SPED Reimbursement

- Increases State School Age Excess Cost Reimbursement to 80%ish.
- Districts can estimate this amount by taking (2022/23 qualifying expenditures x .80).
- Payments made to Districts Dec 2023 – June 2024.
- Reimbursement was approximately 42% this year.
- Benefits both equalized and non-equalized districts.

4

LB 243 – Property Tax Authority

- Creates a third mechanism for limiting school district taxation
 - Levy lid
 - Spending lid/budget authority
 - Property Tax Authority

- Functionally it's more of a Revenue Lid than a Property Tax Lid
 - Applies to **General** Fund and **Special Building** Fund ONLY.

- Allows for revenue growth each year
 - 3% for all districts
 - Membership growth

- LB 243 (Briese) adopts the School District Property Tax Limitation Act.

Part One: Education and Revenue Policy

A. LB 727 (Linehan).

LB 727	<i>Sponsor</i>	<i>Committee</i>	<i>Passed</i>	<i>Subject</i>
	Linehan	Revenue	46-0 6/1/23	Change provisions relating to revenue and taxation

LB 727 was a Revenue Committee priority bill containing a host of revenue-related measures. Sections 49 and 50 amend the Property Tax Request Act, which was passed in 2021 under LB 644. The “644” provisions of LB 727 attempt to address some but certainly not all the concerns expressed since the original measure was passed two years ago.

Definitions

“Property tax request” is redefined as the total amount of property taxes requested to be raised for a political subdivision through the levy imposed pursuant to section 77-1601, excluding the amount to be levied for the payment of principal or interest on bonds issued or authorized to be issued by a school district.

Joint Public Hearing

Attendees

LB 727 provides that at least one elected official from each participating political subdivision must attend the joint public hearing. An elected official may be the designated representative from a participating political subdivision. The presence of a quorum or the participation of elected officials at the joint public hearing does not constitute a meeting as defined under the Open Meetings Act.

Note: Neither LB 727 or any other piece of legislation amended the Open Meetings Act in the 2023 Session. Therefore, the posters of the Open Meetings Act currently in use would be sufficient for another year.

Presentation and Information

The information in the required presentation by each political subdivision that participates in the joint public hearing must be electronically sent to the county assessor (not the county clerk) by September 4th (formerly September 5th).

The county clerk must notify the county assessor of the date, time, and location of the joint public hearing no later than September 4th (formerly September 10th).

New Requirement

Each participating political subdivision must also maintain a prominently displayed and easily accessible link on the home page of its website to the political subdivision's proposed budget. This would not be applicable if: (i) the political subdivision is a county with a population of less than 10,000 inhabitants, (ii) a city with a population of less than 1,000 inhabitants, or (iii) for joint public hearings prior to January 1, 2024, a school district.

Report

The county clerk is currently required to prepare a report following the joint public hearing. LB 727 requires additional information in this report as follows:

- The name of each political subdivision that participated in the joint public hearing;
- The real growth value and real growth percentage for each participating political subdivision;
- The amount each participating political subdivision seeks to increase its property tax request in excess of the allowable growth percentage; and
- The number of individuals who signed in to attend the joint public hearing.

Final Note: LB 727 (Section 114) amends the operative date for the School District Property Tax Limitation Act (provided in LB 243) to June 7, 2023.

B. LB 753 (Linehan).

LB 753	<i>Sponsor</i>	<i>Committee</i>	<i>Passed</i>	<i>Subject</i>
	Linehan	Revenue	33-11 5/24/23	Adopt the Opportunity Scholarships Act and provide tax credits

Operative Date: LB 753 is effective on September 2, 2023 and operative on January 1, 2024.

Severability Clause: The severability clause is attached to LB 753 so that if any section or any part of any section is declared invalid or unconstitutional, the declaration would not affect the validity or constitutionality of the remaining portions.

LB 753 creates the Opportunity Scholarships Act, which provides a nonrefundable tax credit for qualifying taxpayers who make contributions to scholarship-granting organizations for education scholarships.

The measure allows individuals, passthrough entities, estates, trusts and corporations to claim a nonrefundable income tax credit of up to 50% of their state income tax liability on contributions made to nonprofit organizations that grant scholarships to students to attend private school.

Contributions from individuals, passthrough entities and corporations are capped at \$100,000, and contributions from estates or trusts are limited to \$1 million.

Only Nebraska residents are eligible for the scholarships, which may be used to pay tuition and fees at a qualifying privately operated elementary or secondary school.

A scholarship granting organization must provide the state Department of Revenue with sufficient information to show that it will use a tiered system that prioritizes certain students.

The department may grant \$25 million in credits in 2024, 2025 and 2026. After that, if at least 90% of the credits in any given year are claimed, the annual limit will increase by 25%. Annual increases may continue until the total credit amount reaches \$100 million.

C. Biennium Budget 2023-25.

1. Education Future Fund (LB 818).

The Appropriations Committee included the provisions of LB 681 (part of the Governor's school finance proposal) within LB 818, to create the Education Future Fund and transfer \$1 billion to NDE from the General Fund in FY2023-24 into the newly created fund. The budget plan includes \$250 million for the second year of the biennium (FY2024-25).

*** The measure includes intent to appropriate \$250 million to the Education Future Fund in fiscal year 2025-26 and each fiscal year thereafter. ***

LB 705 (section 89) amends LB 818 (section 22) to amend TEEOSA (§ 79-1021) to create the Education Future Fund and provide the following priorities for the Fund:

- (a) To fully fund equalization aid under TEEOSA;
- (b) To fund reimbursements related to special education;
- (c) To fund foundation aid under TEEOSA;
- (d) To increase funding for school districts in a way that results in direct property tax relief, which means a dollar-for-dollar replacement of property taxes by a state funding source;
- (e) To provide funding for a grant program created by the Legislature to address teacher turnover rates and keep existing teachers in classrooms;
- (f) To provide funding to increase career and technical educational classroom opportunities for students. Such funding must provide students with the academic and technical skills, knowledge, and training necessary to succeed in future careers;
- (g) To provide funding for a grant program created by the Legislature to provide students the opportunity to have a mentor who will continuously engage with the student directly to aid in the student's professional growth and give ongoing support and encouragement to the student;
- (h) To provide funding for extraordinary increases in special education expenditures to allow school districts with large, unexpected special education expenditures to more easily meet the needs of all students; and
- (i) To provide funding to help recruit teachers throughout the state by utilizing apprenticeships through a teacher apprenticeship program and an alternative certification process.

2. LB 814 (Clements) provides funding for career and technical education (LB 610).

LB 814 represents the mainline appropriations bill under the biennium budget package. The measure includes appropriations for Agency 13 (NDE) and all relevant budget items.

Under Section 50 of LB 814, the measure incorporates the provisions of LB 610 (Lippincott) to appropriate funds to NDE for Career and Technical Education in the amount of \$5,116,000 for each of the next two fiscal years. The funds will be distributed between secondary and postsecondary schools according to the formula used for federal Perkins funds with each school district receiving no less than \$7,500. The appropriation also includes \$200,000 for both FY2023-24 and FY2024-25 to be evenly distributed between the various Career Education student organizations.

D. LB 298 (Linehan).

LB 298	<i>Sponsor</i>	<i>Committee</i>	<i>Passed</i>	<i>Subject</i>
	Linehan	Education	44-0 5/31/23	Require districts and NDE to collect and report information regarding dyslexia, establish dress code and grooming policies, create the Interstate Teacher Mobility Compact

Operative Date: LB 298 does not contain an operative date, nor is the emergency clause attached. Therefore, the legislation would become operative 90 days after the Legislature adjourns sine die, which is September 2, 2023.

Fiscal Impact: In addition to the fiscal impact on school districts, LB 298 would require NDE to collect information on dyslexia. There is no current process for reporting the number of students tested for dyslexia, the results of those tests, and students' improved reading levels as a result of dyslexia identification and intervention. NDE reports that it would require a staff member to provide guidance in (a) screening for dyslexia, (b) reporting the data to the NDE, and (c) addressing the proper interventions through either a 504 plan or individualized education plan (IEP).

Accordingly, LB 298A (the companion appropriation bill) provides for \$129,285 from the General Fund for FY2023-24 and \$128,128 from the General Fund for FY2024-25 for one FTE.

Notes: LB 298, as introduced, related to dyslexia and reporting requirements. Senator McKinney was successful in amending LB 298 with the contents of LB 630 (McKinney) relating to dress code and grooming policies in public schools. Senator Blood also was successful in amending LB 413 into LB 298 relating to the Interstate Teacher Mobility Compact.

Dyslexia

By July 1 of each year, each school district must provide NDE, on forms prescribed by the department, information relating to dyslexia. The information must include, at a minimum, the number of students in each public school in the district:

- (a) Tested for a specific learning disability in the area of reading, including tests that identify characteristics of dyslexia and the results of such tests;
- (b) Identified as having a reading issue, including dyslexia, pursuant to the assessment administered under the Nebraska Reading Improvement Act; and
- (c) Identified as described in (b) that have shown growth on the measure used to identify the reading issue.

NDE must annually compile the information received and provide a report on the information electronically to the Legislature by September 1 of each year. The State Board of Education may adopt and promulgate rules and regulations relevant to this provision of LB 298.

Note: Although LB 298 will not become operative until 90 days after the Legislature adjourns sine die, the measure appears to require school districts to begin implementation relevant to dyslexia reporting on July 1, 2023.

Dress Code and Grooming Policy

District Policy: By July 1, 2025, the school board of each school district must adopt a written “dress code and grooming policy” to be implemented at the start of the 2025-26 school year that is consistent with the model policy developed by NDE and may include any other procedures and provisions the school board deems appropriate.

Enforcement: Enforcement of violations of the written dress code and grooming policy must:

- (a) Be treated as minor on the continuum of school rule violations and may not constitute student conduct subject to long-term suspension, expulsion, or mandatory reassignment;
- (b) Not require the student to miss substantial classroom time, instruction time, or school activities; and
- (c) Not, under any circumstance, allow an administrator, teacher, other member of the staff, or contractor to permanently or temporarily alter or cut a student's hair.

In addition, no student may be disproportionately affected by a dress code or grooming policy enforcement because of the student's gender, race, color, religion, disability, or national origin.

Model Policy: By December 1, 2024, NDE must develop and distribute a model dress code and grooming policy for schools that facilitates and encourages an inclusive and positive learning environment while complying with any applicable health or safety law, rule, regulation, ordinance, or resolution. The model policy may not:

- (a) Target, disproportionately impact, discriminate, or be applied in a discriminatory manner against any students on the basis of race, religion, sex, disability, or national origin;
- (b) Prohibit a student from wearing attire, including religious attire, natural and protective hairstyles, adornments or other characteristics associated with race, national origin, or religion; or
- (c) Require a student's hair be permanently or temporarily altered.

The model policy must include a statement that specifies that enforcement of a violation of the policy must be done in a manner that is consistent with a school's overall discipline plan and in a consistent manner.

NDE may develop as part of the dress code and grooming policy a health and safety standard that allows for the regulation of characteristics associated with race, national origin, or religion in the dress code and grooming policy under certain circumstances. The standard must:

- (a) Demonstrate that without the implementation of the standard, it is reasonably certain that the health and safety of the student or another individual will be impaired;
- (b) Require adoption of the standard for nondiscriminatory reasons;
- (c) Require that the standard be applied equally;

- (d) Require that the school engage in a good faith effort to reasonably accommodate the student and notify the student's parent or guardian, in a language that such parent or guardian understands, of such an attempt to accommodate the student's appearance or any attire, tribal regalia, hairstyles, adornment, or other characteristic associated with race, national origin, or religion;
- (e) Provide a process to obtain consent from a student's parent or guardian prior to altering a student's appearance or removing or altering a student's attire, tribal regalia, hairstyle, adornment, or other characteristic associated with race, national origin, or religion; and
- (f) Provide a process to ensure records are kept on each effort to reasonably accommodate a student's appearance, attire, hairstyle, adornment, or other characteristics associated with race, national origin, or religion occurring at school, on school grounds, or at a school-sponsored event and ensure that such records allow for analysis of related data and delineate:
 - (i) The reason for such student's referral relating to the dress code and grooming policy; and
 - (ii) Federally identified demographic characteristics of such student.

Definitions: LB 298 provides the following definitions for purposes of the provisions related to the dress code and grooming policy.

- (a) “National origin” includes characteristics associated with actual or perceived place of birth, ancestry, or ethnicity including, but not limited to, skin color, natural and protective hairstyles, headdress, tribal regalia, and attire;
- (b) “Natural and protective hairstyles” include, but are not limited to, braids, locks, twists, tight coils or curls, cornrows, bantu knots, afros, weaves, wigs, or head wraps;
- (c) “Race” includes characteristics associated with actual or perceived race, ancestry, or ethnicity including, but not limited to, skin color, natural and protective hairstyles, tribal regalia, and attire;
- (d) “Religious attire and characteristics associated with religion” includes, but not limited to, natural and protective hairstyles, tribal regalia, burkas, hijabs, head wraps, or other headdress, adornments, and clothing garments used to express or observe one's religious beliefs; and
- (e) “Tribal regalia” includes natural and protective hairstyles and traditional garments, jewelry, or other adornments or similar objects of cultural significance worn by members of an indigenous tribe of the United States or another country. Tribal regalia does not include any dangerous weapon or, except in compliance with an appropriate federal permit, any object that is otherwise prohibited by federal law.

Interstate Teacher Mobility Compact

The compact would facilitate the mobility of teachers across the member states. Member states have been trying to establish a collective regulatory framework that expedites and enhances the ability of teachers to move across state lines and maintain their teaching certificate.

The compact is intended to achieve the following when member states all ratify the same intentions:

- Create a streamlined pathway to licensure mobility for teachers;
- Support the relocation of eligible military spouses;
- Facilitate and enhance the exchange of licensure, investigative, and disciplinary information between members;
- Enhance the power of state and district-level education officials to hire qualified, competent teachers by removing the barriers to employing out-of-state teachers;
- Support the retention of teachers in the profession by removing the barriers of re-licensure in a new state; and
- Maintain state sovereignty in the regulation of the teaching profession.

The compact will not go into effect until the date on which a tenth member state has enacted the compact into its laws. Withdrawing from the compact occurs six months after the enactment of the repealing of the statute.

Operative Dates: The emergency clause is attached to LB 705 so that the legislation becomes law one day after the Governor signs it into law (June 2, 2023). However, the measure provides a series of actual operative dates for various components within LB 705 as noted in the analysis below.

Severability Clause: The severability clause is attached to LB 705 so that if any section or any part of any section is declared invalid or unconstitutional, the declaration would not affect the validity or constitutionality of the remaining portions.

Fiscal Impact: The combined fiscal impact of LB 705 for the state is estimated to be approximately \$47 million in FY2023-24 and \$39 million in FY2024-25. This is offset principally through revenue from lottery proceeds in the amount of about \$23 million for each of the next two years. There will also be a fiscal impact on school districts to comply with many new mandates. School employees will also have new mandated requirements as part of their employment. There will also be financial benefits offered through various components of LB 705 to both school districts and some school employees.

As passed and signed into law, LB 705 encompasses multiple changes to elementary and secondary education and post-secondary education. Including the original provisions of LB 705, there are components of 24 separate legislative bills incorporated into LB 705, which serves as the vehicle for the Education Committee Priority Package. The summaries are divided into categories as follows:

Special Education / Option Enrollment

LB 153	<i>Sponsor</i>	<i>Subject</i>
	DeBoer	Creates the Extraordinary Increase in Special Education Expenditures Act

Sections within LB 705: 39-42, and 92.

Operative Date: June 2, 2023.

LB 153 as amended into LB 705 creates the Extraordinary Increase in Special Education Expenditures Act. The measure also amends the Special Education Act.

The idea behind the measure is to assist school districts with large, unexpected special education expenditures and allow school districts to more easily meet the needs of all students.

By January 15th of each school fiscal year, a school district with expected special education expenditures that total (a) at least \$50,000 annually or (b) one-half percent or more of the school district's annual budget, whichever is greater, may submit an application to NDE for a payment from the Education Future Fund to cover an extraordinary increase in special education expenditures. The application must include the special education expenditures of the applicant school district as of the immediately preceding December 31st for the school fiscal year in which the application is submitted.

NDE is required to divide the special education expenditures for the school fiscal year immediately preceding the school fiscal year in which an application is submitted by two and multiply the result by 107% for each applicant school district.

NDE must make a payment to each applicant school district by January 31st for the school fiscal year in which the application is submitted. The payment would equal the maximum payment, except that if the sum of all maximum payments for applicant school districts for such school fiscal year exceeds the available balance permitted in the Education Future Fund (\$2.5 million), each payment would be reduced proportionally so that the sum of all payments for applicant school districts for such school fiscal year equals the available balance.

The measure provides intent to use up to \$2.5 million per year from the Education Future Fund for purposes of the Extraordinary Increase in Special Education Expenditures Act. Note that the original amount requested in LB 153 was \$10 million per year.

LB 414	<i>Sponsor</i>	<i>Subject</i>
	Conrad	Changes provisions relating to the enrollment option program

Sections within LB 705: 55-57, and 95.

Operative Date: September 2, 2023.

LB 414 as amended into LB 705 revises the Enrollment Option Program.

Capacity for special education services operated by an option school district will be determined on a case-by-case basis. If an application for option enrollment received by a district indicates that the student has an individualized education plan (IEP) under the Individuals with Disabilities Education Act (IDEA) or has been diagnosed with a disability, the application will be evaluated by the district’s director of special education services (or designee), on a case-by-case basis, who will then determine if the district has the capacity to provide the applicant the appropriate services and accommodations.

Prior to October 15th of each year, a district’s school board may declare a program, class, or school unavailable to option students for the next school year due to lack of capacity.

If an application is rejected by the option district, the rejecting district must provide written notification to the parent or guardian stating the specific reasons for the rejection including, for students with an IEP, a description of services and accommodations required that the district does not have the capacity to provide.

By July 1, 2024, and each July 1st thereafter, each school district must provide to NDE, on forms prescribed by the department, information relating to all applications rejected by the option school district. The information must include:

- (a) the number of applications rejected in each public school in such district,
- (b) an explanation why each application was rejected,
- (c) whether each application for option enrollment indicated that the student had an IEP or had been diagnosed with a disability, and
- (d) whether information regarding the specific reasons for the rejection was provided to the applicant.

NDE is required to annually compile the information received and provide a report on such information electronically to the Legislature beginning on September 1, 2024, and each September 1st thereafter.

School Participation

LB 372	<i>Sponsor</i>	<i>Subject</i>
	Murman	Part-time enrollment in public schools and extracurricular activities

Section within LB 705: 75.

Operative Date: September 2, 2023.

LB 372 as amended into LB 705 changes the part-time enrollment law (§ 79-2,136). The measure provides that each school board must allow the part-time enrollment of students, for all courses

selected by the students, who are residents of the school district and who are also enrolled in a private school or a home school.

New language in the law provides that **each school board must establish policies and procedures to allow any student who is a resident of the school district and who is enrolled in a home school to participate in any extracurricular activities**, including, but not limited to, interschool competitions, to the same extent and subject to the same requirements, conditions, and procedures as a student enrolled in a public school governed by the board, EXCEPT that a home school will set the standards for satisfactory academic performance for a student from the school to participate in extracurricular activities and would provide assurances of compliance with the academic standards.

School board policies and procedures adopted:

- (a) must require any student participating in extracurricular activities to be enrolled in no more and no less than five credit hours offered by the school district in any semester,
- (b) may not allow any preference in the selection of a student for participation in an extracurricular activity based on the student's status as a full-time student in the school district, and
- (c) may require any student participating in extracurricular activities to follow school policies that apply to other students when present on school grounds or at a school-sponsored activity or athletic event.

Participation in extracurricular activities may not entitle a student to transportation, except to and from practices and events to the same extent as public school students participating in the activities, or transportation reimbursement. Such students are not exempt from the compulsory attendance law.

Teacher Retention and Recruitment

LB 385	<i>Sponsor</i>	<i>Subject</i>
	Linehan	Adopts the Nebraska Teacher Recruitment and Retention Act

Sections within LB 705: 43-50.

Operative Date: June 2, 2023.

LB 385 as amended into LB 705 creates the Nebraska Teacher Recruitment and Retention Act. The purpose of the Nebraska Teacher Recruitment and Retention Act is to provide financial incentives to recruit and retain teachers in Nebraska classrooms.

Under the program, a teacher may apply to NDE for a grant. The department may not prioritize a grant based upon the school where the applicant teaches.

A teacher is eligible to apply for:

- (a) A “retention one grant” of \$2,500 if the teacher has signed a contract to complete the teacher's second complete school year of full-time employment as a teacher at a Nebraska school in school year 2023-24, 2024-25, 2025-26, or 2026-27;
- (b) A “retention two grant” of \$2,500 if the teacher has signed a contract to complete the teacher's fourth complete school year of full-time employment as a teacher at a Nebraska school in school year 2023-24, 2024-25, 2025-26, or 2026-27;
- (c) A “retention three grant” of \$2,500 if the teacher has signed a contract to complete the teacher's sixth complete school year of full-time employment as a teacher at a Nebraska school in school year 2023-24, 2024-25, 2025-26, or 2026-27; and
- (d) (i) A “high-need retention grant” of \$5,000 if on or after June 2, 2023, a teacher:
 - (A) Obtains an endorsement in special education, mathematics, science, technology, or dual credit; and
 - (B) Signs a contract to complete a school year of full-time employment as a teacher at a Nebraska school in school year 2024-25, 2025-26, or 2026-27.
- (ii) A teacher may only be eligible to receive one high-need retention grant.

The measure provides intent to encourage individual schools and school districts to adopt policies incentivizing teacher recruitment and retention through policies similar to the Nebraska Teacher Recruitment and Retention Act. Teachers at schools not adopting a recruitment and retention policy are not prohibited from receiving a grant under the Nebraska Teacher Recruitment and Retention Act.

The measure appropriates \$10 million from the Education Future Fund to fund the Teacher Recruitment and Retention Act. The Nebraska Teacher Recruitment and Retention Act terminates on January 1, 2028.

 Linehan Changes the Alternative Certification for Quality Teachers Act

Sections within LB 705: 54, 86, 87.

Operative Date: September 2, 2023.

LB 603 as amended into LB 705 modifies the Alternative Certification for Quality Teachers Act.

The measure requires the Commissioner of Education to issue an alternative certificate to teach on a full-time basis to any applicant who:

- (a) Possess a baccalaureate degree; and
- (b) Has successfully completed an alternative teacher certification program operated by an organization that satisfies the following criteria:

- (i) The organization operates in at least five states;
- (ii) The organization has operated an alternative teacher certification program for at least ten years; and
- (iii) The program requires candidates to pass a subject area examination and the pedagogy examination, known as the professional teaching knowledge examination, to receive a certificate under such program.

Note: Not coincidentally, the organization that pursued this legislation, the American Board For Certification of Teacher Excellence, would be the qualifying entity to provide these services as per LB 603.

A certificate issued under this measure only authorizes an individual to teach the subject and educational levels for which the individual has successfully completed an alternative teacher certification program.

Issuance of an alternative certificate to teach would be subject to a criminal history record information check and payment of any required fees.

An individual who receives an alternative certificate to teach must:

- (a) Participate in a school district clinical experience for one semester in the individual's first semester of employment as a teacher; and
- (b) Be subject to the same certification criteria as an individual who completes a traditional teacher preparation program if converting the alternative certificate to teach to a standard certificate to teach.

 Murman Para to Teacher Program

Sections within LB 705: 88.

Operative Date: September 2, 2023.

Beginning in fiscal year 2024-25, LB 705 requires the commissioner to grant a temporary certificate to teach on a full-time basis to any applicant who:

- (i) Has completed two years at a college or university accredited by an accrediting organization recognized by the U.S. Department of Education with at least 48 or more semester credit hours or obtained an associate degree from such a college or university;
- (ii) Is employed as a paraprofessional or paraeducator at an elementary school, middle school, or high school in Nebraska; and
- (iii) Has passed any appropriate subject area examination as designated by the State Board of Education.

Issuance of a temporary certificate to teach is subject to a criminal history record information check.

 DeBoer Creates the Nebraska Teacher Apprenticeship Program

Sections within LB 705: 51.

Operative Date: June 2, 2023.

LB 762 as amended into LB 705 requires NDE to create and administer the Nebraska Teacher Apprenticeship Program. The purpose of the program is to help recruit and increase the number of teachers throughout the state by utilizing an apprenticeship model for training.

The program must provide for an applicant who successfully completes the program to obtain a certificate or permit issued by the Commissioner of Education. NDE may work with standard institutions of higher education, the Department of Labor, and other entities NDE deems necessary to develop and implement the program.

An individual may apply for participation in the program if the individual:

- (a) is an employee of a school approved or accredited by NDE or
- (b) has a contract to begin working for a school approved or accredited by NDE at the start of the school year for which the individual is applying for participation in the program.

NDE must determine requirements for completion of the program by an applicant. The requirements must include:

- (a) The completion of a one-year apprenticeship in a classroom;
- (b) A baccalaureate degree from a standard institution of higher education; and
- (c) Successful completion of a subject area examination and pedagogy examination created by the department as part of the program.

The Commissioner of Education is required to issue a certificate to teach to an applicant who successfully completes the program.

The measure appropriates \$1 million for fiscal year 2023-24 and each fiscal year thereafter from the Education Future Fund to NDE for the program.

Walz Increases school safety and support for students' mental health

Sections within LB 705: 100, 108, 124, 125.

Operative Date: July 1, 2023 (Section 100); September 2, 2023 (Sections 108, 124, 125).

Safe2Help Nebraska

LB 516 as amended into LB 705 appropriates \$870,000 from the General Fund for fiscal year 2024-25 and each fiscal year thereafter to NDE to carry out the School Safety and Security Reporting System Act (Safe2Help Nebraska). This provision is operative on July 1, 2023.

Grant Program

The measure requires the Commissioner of Education to create and administer a competitive grant program to provide funding to school districts and to ESUs on behalf of approved or accredited nonpublic schools for security-related infrastructure projects. The qualifying projects may include, but not limited to, surveillance equipment, door-locking systems, and double-entry doors for school buildings. Subject to available appropriations, NDE must provide a grant to any school district or ESU that applies for a grant for use in funding qualifying projects.

A school district receiving a grant must divide the use of grant funds as evenly as possible among all eligible school buildings within the district.

An ESU may apply to NDE for a grant for use in funding qualifying projects at approved or accredited nonpublic schools that contract with the ESU on such qualifying projects. An approved or accredited nonpublic school may apply to and contract with the appropriate ESU in the school's area in a manner prescribed by the ESU for purposes of funding qualifying projects.

The measure makes a one-time \$10 million appropriation to NDE to administer the grant program.

Hughes Requires behavioral and mental health training

Sections within LB 705: 76, 77.

Operative Date: September 2, 2023.

LB 585 as amended into LB 705 changes the duties of the state school security director. The measure requires the director to oversee behavioral and mental health training, with a focus on suicide awareness and prevention in public schools.

The measure modifies an existing mandate for school employees. Beginning in school year 2023-24, all public school employees who interact with students and any other appropriate personnel, as

determined by the school superintendent, must receive at least one hour of behavioral and mental health training with a focus on suicide awareness and prevention training each year. The training may include, but not limited to:

- (i) topics such as identification of early warning signs and symptoms of behavioral and mental health issues in students,
- (ii) appropriate and effective responses for educators to student behavioral and mental health issues,
- (iii) trauma-informed care, and
- (iv) procedures for making students and parents and guardians aware of services and supports for behavioral and mental health issues.

	Murman	Mental health training grant program

Sections within LB 705: 6, 7.

Operative Date: July 1, 2023.

LB 705 establishes a mental health training grant program. NDE is required to award mental health training grants from any money available in the Mental Health Training Cash Fund. A grantee may be a school district or an ESU.

Each applicant for a mental health training grant must describe in the application the training to be provided under the grant on:

- (a) The skills, resources, and knowledge necessary to assist students in crisis to connect with appropriate local mental health services;
- (b) Mental health resources, including, but not limited to, the location of local community mental health centers; and
- (c) Action plans and protocols for referral to such resources.

Each application for a mental health training grant must also include in the application a description of how the training to be provided under the grant will prepare recipients of such training to:

- (a) Safely de-escalate crisis situations;
- (b) Recognize the signs and symptoms of mental illness, including, but not limited to, schizophrenia, bipolar disorder, major clinical depression, and anxiety disorders; and
- (c) Timely refer a student to available mental health services in the early stages of the development of a mental disorder to avoid the need for subsequent behavioral health care and to enhance the effectiveness of mental health services.

Notes: The measure creates the Mental Health Training Cash Fund to be administered by NDE and will consist of money transferred via proceeds from lottery revenue dedicated for education. LB 705 sets aside 1.5% of the lottery proceeds dedicated for education to be used for the Mental Health Training Cash Fund.

Grants received under this grant program would be considered special grant funds under TEEOSA.

Graduation Requirements

LB 201	<i>Sponsor</i>	<i>Subject</i>
	Vargas	Requires high school students to complete the FAFSA form

Section within LB 705: 79.

Operative Date: September 2, 2023.

Beginning in school year 2024-25, each public high school student must complete and submit to the U.S. Department of Education a Free Application for Federal Student Aid (FAFSA) prior to graduating from high school.

A public high school student would not be required to comply if:

- (i) A parent or legal guardian of or a person standing in loco parentis to the student signs and submits the appropriate form indicating that the parent, legal guardian, or person standing in loco parentis authorizes the student to decline to complete and submit an application;
- (ii) The school principal or the school principal's designee signs and submits the appropriate form authorizing the student to decline to complete and submit an application *for good cause as determined by the school principal or the school principal's designee*; or
- (iii) A student who is 19 years of age or older or is an emancipated minor signs and submits the appropriate form stating that the student declines to complete and submit an application.

The Commissioner of Education must prescribe the forms to be used by each public high school. The forms must be made available:

- (i) By each public high school to students, parents and legal guardians of students, and persons standing in loco parentis to students; and
- (ii) In English, Spanish, and any other language spoken by a majority of the students enrolled in any English learner program at the public high school.

The school principal or the school principal's designee of each public high school must provide the compliance information to the school district or governing authority for the public high school and to NDE without disclosing, for any student who has complied with the requirements, personally identifiable information. The school principal or school principal's designee must

provide separately the aggregate number of students who have not complied and who complied, unless otherwise prohibited by federal or state law regarding the confidentiality of student educational information.

By December 31, 2025, and by December 31st of each year thereafter, the Commissioner of Education must electronically submit a report with the information received by NDE to the Clerk of the Legislature.

The State Board of Education is required to adopt and promulgate rules and regulations as necessary to implement this section. The rules and regulations must include, but not limited to:

- (a) A timeline for the distribution of the Free Application for Federal Student Aid and the relevant forms by public high schools and for the submission of the FAFSA and the forms prescribed;
- (b) Standards regarding the information that a public high school must provide to students regarding:
 - (i) Instructions for filling out the FAFSA;
 - (ii) The options available to a student if a student wishes to decline to complete and submit a FAFSA; and
 - (iii) The method by which a student must provide proof to the public high school that the student has completed and submitted the FAFSA or a form prescribed.
- (c) A requirement for each public high school to report the number of students who completed and submitted a FAFSA and the number of students who instead submitted a form prescribed.

	Walz	Changes the Computer Science and Technology Education Act

Sections within LB 705: 79, 81, 101, 102.

Operative Date: September 2, 2023.

Background

LB 1112 was passed and signed into law during the 2022 Session. LB 1112, introduced by Senator McKinney, created the Computer Science and Technology Act, changed academic standards, and increased the credit hours required for graduation from high school.

Beginning with the 2024-25 school year, school districts must consult with NDE to include computer science and technology education in the instructional programs of its elementary and middle schools, and require each student to complete at least one five-credit high school course in computer science & technology prior to graduation.

By December 1, 2025, and by December 1 each year thereafter, school districts must provide an annual report to its school board and NDE demonstrating student progress in computer science and technology courses and other district-determined measures of computer science and technology education progress from the previous school year.

Revisions

LB 520 as amended into LB 705 delays the implementation timeline by a year and changes some of the requirements created under LB 1112 (2022).

The measure provides that, beginning in school year 2027-28, at least five of the minimum credit hours must include computer science and technology education.

The measure also states that the five high school credit hour requirement may be met by a single course or combination of high school courses that cover the computer science and technology academic content standards and may be made available in a traditional classroom setting, a blended-learning environment, or an online-based or other technology-based format.

The measure further states that by December 1, 2026, and by each December 1st thereafter, in order to promote and support computer science and technology education, each school district must provide an annual computer science and technology education status report to its school board and NDE, including student progress on the computer science and technology courses and other district-determined measures of computer science and technology education progress from the previous school year.

By March 1, 2024, the State Board must adopt measurable academic content standards for computer science and technology education under the mathematics, science, or career and technical education standards.

LB 787	<i>Sponsor</i>	<i>Subject</i>
	Wayne	Adopts the STEEM Development Act

Section within LB 705: 90.

Operative Date: July 1, 2023.

NOTE that Section 90 of LB 705 incorporates the provisions of LB 787 (STEEM) and also part of the original LB 705 as introduced (School Improvement Grant Program).

STEEM

Beginning January 1, 2024, the State Board of Education must establish an innovation grant program to procure or purchase an annual license for learning platforms for use in schools to engage students in coursework and careers in Science, Technology, Engineering, Entrepreneurship, and Mathematics (STEEM). A “learning platform” is defined as a three-dimensional, game-based learning platform for use by middle school and high school students.

The State Board must also establish standards that a learning platform must meet in the subject areas of chemistry and physical science, business, and mathematics. The State Board must develop a plan related to how it will prioritize the grant applications.

A developer may apply to NDE for a grant for a learning platform that:

- (a) Is designed to teach information related to chemistry and physical science, business, or mathematics;
- (b) Aligns with the standards established by the state board relating to chemistry and physical science, business, or mathematics;
- (c) Connects such standards with real-world technologies and applications;
- (d) Highlights science, technology, engineering, entrepreneurship, and mathematics career pathways in Nebraska; and
- (e) Meets any additional requirements set out by the State Board.

Any developer that receives a grant must provide access to and use of its learning platform to all Nebraska school districts. Grants would be awarded by July 1st of each year.

School Improvement Grant Program

Under LB 705, the State Board is required to establish an improvement grant program in areas including:

- (1) teacher recruitment and retention,
- (2) improvement for schools and school districts,
- (3) improvement in student performance in the subject areas of reading and mathematics, and
- (4) other improvement areas identified by the state board.

Funding

Ten percent of the lottery proceeds outlined in LB 705 would be allocated as follows:

- 8.75% would be used for STEEM grants; and
- 1.25% would be used for School Improvement Grants.

Youth Organizations

LB 805	<i>Sponsor</i>	<i>Subject</i>
	von Gillern	Requires access to students in schools by a youth organization

Section within LB 705: 126.

Operative Date: September 2, 2023.

LB 805 as amended into LB 705 requires each school district, upon request, to allow a representative of any “youth organization” to provide:

- (i) oral or written information to the students of such school district regarding the youth organization and how the youth organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship, and
- (ii) services and activities to any student of such school district who is a member of the youth organization.

Each requesting youth organization must be permitted to provide such information, services, and activities in a school building or on the school grounds of a school in each school district at least once during each school year.

Each school district must make a good faith effort to select a date, time, and location for each requesting youth organization to provide such information, services, or activities that is mutually agreeable to the school district and to the youth organization. Oral information may only be provided during noninstructional time.

Prior to allowing a representative of a youth organization to provide information, services, or activities at a school, the representative will be subject to a background check. Except as otherwise provided by the measure or by the rules and regulations of the Nebraska State Patrol, the parameters of the background check will be determined by the relevant school district.

A school district may prohibit any representative of a youth organization that has been convicted of a felony from providing information, services, or activities at any school in the school district. Each representative of a youth organization is responsible for all costs associated with obtaining such background checks.

The measure provides that nothing may be construed to supersede a parent's ability to exercise any rights such parent has under a school district policy established under the Parental Involvement Act (§ 79-531).

The measure defines “youth organization” as a corporation chartered by Congress and listed in 36 U.S.C. Subtitle II, Part B, as of January 1, 2023.

LB 632 *Sponsor* *Subject*
McKinney Prohibits suspension of students in prekindergarten through 2nd grade

Sections within LB 705: 58, 60, 63, 66.

Operative Date: July 1, 2023 (Section 58); September 2, 2023 (Section 60).

LB 632 as amended into LB 705 prohibits an elementary school from suspending a student in pre-kindergarten through second grade. Each school district is required to develop a policy to implement this provision, which must include disciplinary measures inside the school as an alternative to suspension.

Exception

An elementary school may suspend a student in pre-kindergarten through second grade if the student brings a “deadly weapon” on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his/her designee, or at a school-sponsored activity or athletic event.

Under the Nebraska Criminal Code (§ 28-109), “deadly weapon” is defined as any firearm, knife, bludgeon, or other device, instrument, material, or substance, whether animate or inanimate, which in the manner it is used or intended to be used is capable of producing death or serious bodily injury.

	Murman	Behavioral Intervention Training and Teacher Support Act

Sections within LB 705: 2-5.

Operative Date: July 1, 2023.

Sections 2 to 5 of LB 705 create the Behavioral Intervention Training and Teacher Support Act, which includes new school employee training requirements and the implementation of a behavior awareness point of contact program.

Behavioral Intervention Training

Beginning in school year 2024-25, the ESUCC must:

- (a) ensure annual behavioral awareness training is available statewide and
- (b) develop, implement, and administer an ongoing statewide teacher support system.

Beginning in school year 2026-27, each school district must ensure that each administrator, teacher, paraprofessional, school nurse, and counselor receives behavioral awareness training.

Each administrator, teacher, paraprofessional, school nurse, and counselor who has received the training must receive a behavioral awareness training review at least once every three years. Each school district may offer such training, or similar training, to any other school employees at the discretion of the school district.

In addition, all school employees must have a basic awareness of the goals, strategies, and schoolwide plans included in the training.

Behavioral awareness training must include, but not limited to, evidence-based training on a continuum that includes:

- (a) Recognition of detrimental factors impacting student behavior, including, but not limited to, signs of trauma;
- (b) Positive behavior support and proactive teaching strategies, including, but not limited to, expectations and boundaries; and
- (c) Verbal intervention and de-escalation techniques.

By July 1, 2025, and each July 1 thereafter, each school district must submit a behavioral awareness training report to the ESUCC. The report must include the school district behavioral awareness training plan and summarize how such plan fulfills the requirements.

By December 31, 2025, and each December 31 thereafter, the ESUCC must submit a report electronically to the Education Committee summarizing (i) the behavioral awareness training reports received by school districts, (ii) the various trainings provided across the state, the teacher support system, and (iii) a financial report of funding received and expended in accordance with the Behavioral Intervention Training and Teacher Support Act.

Points of Contact

Each school district must designate one or more school employees as a “behavioral awareness point of contact” for each school building or other division as determined by the school district. Each point of contact must be trained in behavioral awareness and must have knowledge of community service providers and other resources that are available for the students and families in the school district.

Each school district must indicate each behavioral awareness point of contact for the school district on the district website and in any school directory for the school that the behavioral awareness point of contact serves.

Each school district must maintain or have access to a registry of local mental health and counseling resources. The registry must include resource services that can be accessed by families and individuals outside of school.

Each point of contact must coordinate access to support services for students whenever possible. If information for an external support service is provided to an individual student, then school personnel must notify a parent/guardian of the student in writing unless the recommendation involves law enforcement or child protective services.

Notes: Behavioral awareness training and the teacher support system will be funded by the Behavioral Training Cash Fund. Eight percent of the lottery funds available for education purposes would be used for this training.

Any funding received by a school district for behavioral awareness training would be considered special grant funds for purposes of TEEOSA.

LB 774	<i>Sponsor</i>	<i>Subject</i>
	Vargas	Provides comprehensive changes to the Student Discipline Act

Sections within LB 705: 58, 61, 62, 64, 65, 67-74.

Operative Date: September 2, 2023.

Background: Senator Vargas has introduced legislation similar to LB 774 since 2018:

- LB 999 (2018) – Indefinitely postponed;
- LB 515 (2019) – Passed in 2020; vetoed;
- LB 198 (2021) – Placed on General File; Indefinitely postponed; and
- LB 774 (2023) – Placed on General File; merged into LB 705; passed and signed into law.

In 2020, LB 515 was passed by a narrow 26-7 vote and ultimately vetoed by the Governor. In his veto message, dated April 17, 2020, Governor Ricketts stated:

It is not wise public policy to turn school discipline matters into court proceedings or arbitration. The bill disregards the safety of teachers and other students. Student discipline must balance the rights of students and the need for a safe learning environment. While well intentioned, LB 515 misses that mark. School districts have contacted me to share their concerns that the bill will adversely affect their staff and students. These concerns are serious and cannot be ignored.

Since 2018, Senator Vargas has used the same language in his Statement of Intent:

[A]amends portions of the Student Discipline Act in an attempt to clarify and build on original legislative intent: “to assure the protection of all elementary and secondary school students’ constitutional right to due process and fundamental fairness within an orderly and effective educational process.”

LB 774 as amended into LB 705 modifies the Student Discipline Act in several areas and also adds new sections to the Act.

Mandatory Reassignment

LB 774 amends the definition of “mandatory reassignment” from currently meaning “the involuntary transfer of a student to another school in connection with any disciplinary action” to “the involuntary transfer of a student to another school.”

Short Term Suspension

Under current provisions of the Act, the principal must send a written statement to the student and his/her parent or guardian describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken *within 24 hours* or such additional time as is reasonably necessary following the suspension.

LB 774 specifies that such action may not exceed an additional 48 hours.

The principal must make a reasonable effort to hold a conference with the parent or guardian before or at the time the student returns to school.

LB 774 specifies that such effort must be documented in writing.

Completion of Classwork

LB 774 adds a new section to the Act (replacing a similar existing provision) stating that any student who is suspended SHALL be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations. Each school district must develop and adopt guidelines that provide such student with the opportunity to complete classwork and homework. *Such guidelines may not require the student to attend the school district's alternative programs for expelled students in order to complete classwork and homework.* The guidelines must be provided to the student and a parent or guardian at the time of suspension.

Alternative Education Programs

LB 774 provides that at the conclusion of an expulsion, a school district must reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of his or her expulsion from any Nebraska-accredited institution or institution accredited by one of the six regional accrediting bodies in the U.S.

Decision to Recommend Discipline

LB 774 provides that, if a principal makes a decision to discipline a student by long-term suspension, expulsion, or mandatory reassignment, such decision must be made within two school days after learning of the alleged student misconduct.

Under current provisions of the Act, the school must, within two school days after the decision, send written notice by registered or certified mail to the student and his/her parent or guardian informing them of the rights established under the Act.

The Act requires that such written notice must include a statement that, before long-term suspension, expulsion, or mandatory reassignment can be invoked, the student has a right to a hearing, upon request.

LB 774 stipulates that if the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension pursuant to district guidelines which shall not require the student to attend the school district's alternative programs for expelled students in order to complete classwork or homework.

Hearing

Current provisions of the Act do not preclude the student or the student's parent, guardian, or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage.

LB 774 strikes “hearing stage” and inserts “the time the long-term suspension, expulsion, or mandatory reassignment takes effect.”

The measure provides that, if a hearing is requested within five school days after receipt of the notice, the superintendent must “recommend appointment” (rather than appoint) a hearing examiner within two school days after receipt of the hearing request.

The student or the student's parent or guardian may request the designation of a hearing examiner other than the hearing examiner recommended by the superintendent if notice of the request is given to the superintendent within two school days after receipt of the superintendent's recommended appointment.

Upon receiving such a request, the superintendent must provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned.

The superintendent may also provide an additional list of hearing examiners that may include hearing examiners employed by or under contract with the school district. The student or the student's parent or guardian must, within five school days, select a hearing examiner to conduct the hearing who was recommended, provided as an alternative hearing examiner, or included on an additional list, if any, and must notify the superintendent in writing of the selection.

The superintendent must appoint the selected hearing examiner upon receipt of such notice.

Individuals whose impartiality may be reasonably questioned would include, but not be limited to, individuals who:

- (i) Have a personal bias or prejudice concerning a party;
- (ii) Have personal knowledge of evidentiary facts concerning the proceeding;
- (iii) Have served as legal counsel to the school district; or
- (iv) Have a spouse who is an employee of, or is under contract with, the school district.

A qualified hearing examiner must be an individual who has knowledge of the Act, training in its statutory requirements, or experience conducting student hearings.

Expenses and fees of any hearing examiner, in connection with the hearing, must be paid by the school board.

The hearing must be held within a period of five school days after appointment of the hearing examiner, but such time may be changed by the hearing examiner for good cause with consent of the parties.

The principal or legal counsel for the school, the student, and the student's parent, guardian, or representative have the right to receive a copy of all (not just examine) the records and written statements referred to in the Student Discipline Act as well as the statement of any witness in

the possession of the school board or board of education no later than 48 hours prior to the hearing.

Witnesses

LB 774 requires that the school district must make available those witnesses who have knowledge of or were involved in the alleged misconduct and subsequent discipline of the student if such witnesses are requested by the student or the student's parent, guardian, or representative and such witnesses are employees or under contract with the school district.

Final Disposition

LB 774 requires that, after a hearing, a report must be made by the hearing examiner of his/her findings and a recommendation of the action to be taken, which report must be made to the superintendent and the student or the student's parent or guardian within ten calendar days after the hearing and must explain, in terms of the needs of both the student and the school board, the reasons for the particular action recommended.

The bill requires the superintendent to notify the student or the student's parent or guardian of the superintendent's determination within five school days after receipt of the hearing examiner's report.

Written notice of the findings and recommendations of the hearing examiner and the determination of the superintendent must be made by certified or registered mail or by personal delivery to the student or the student's parent or guardian. Upon receipt of the written notice by the student, parent, or guardian, the determination of the superintendent would take immediate effect unless the student or the student's parent or guardian appeals the written notice of determination of the superintendent.

Duration of Expulsion

Under current provisions of the Act, the expulsion of a student would be for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within 10 school days prior to the end of the first semester, in which case the expulsion would remain in effect through the second semester, or (b) within 10 school days prior to the end of the second semester, in which case the expulsion would remain in effect for summer school and the first semester of the following school year subject to an automatic review at the start of the first semester.

LB 774 provides that, if the misconduct occurred prior to the last 10 school days of the first semester, and the expulsion takes effect in the second semester because the recommendation for expulsion was appealed to a hearing examiner or the school board, the length of the expulsion may not exceed the number of days it would have been in effect had the appeal not been made.

Final Action of Board

LB 774 amends the existing of the Act pertaining to final action of the board and states that final action must be taken within three calendar days after the hearing and be evidenced by personally delivering or mailing by certified mail a copy of the board's decision to the student and his or her parent or guardian within three calendar days after the final action.

---------------	--------------------------	--

Sections within LB 705: 1, 58, 59, 78.

Operative Date: July 1, 2023.

Background: The controversial legislation was the subject of five separate legislative measures by two different state senators (Groene and Murman) over the course of six years. NSEA was the only education-related organization to support these measures and NCSA took the lead in opposition. The focus of the various proposals was the use of physical force/intervention of students and the removal of students from the classroom by teachers.

- LB 595 (2017) – Placed on General File; Indefinitely postponed
- LB 147 (2019) – Placed on General File; Indefinitely postponed
- LB 673 (2021) – Indefinitely postponed
- LB 1179 (2022) – Indefinitely postponed
- LB 811 (2023) – Placed on General File; merged into LB 705; passed and signed into law

LB 811 as amended into LB 705 modifies the Student Discipline Act.

By July 1, 2025, NDE is required to develop and adopt a model policy relating to (i) behavioral intervention, behavioral management, (ii) classroom management, and (iii) removal of a student from a classroom in a school. The model policy must include appropriate training for school employees on behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in schools and how frequently the training must be required.

By August 1, 2025, each school district must develop and adopt a policy consistent with or comparable to the model policy developed by NDE, which will be a requirement for accreditation. The policy must be filed with the Commissioner of Education. The policy developed and adopted by a school district must be included with any notifications required under the Student Discipline Act.

Beginning in school year 2026-27, each school district must ensure that any school employee who has behavioral management responsibilities participates in behavioral awareness and intervention training consistent with the school district policy developed and adopted. The training must be provided by the school district or such school district's ESU.

Each school district must, either independently, or through its ESU, develop and provide behavioral awareness and intervention training to employees from the school who have behavioral management responsibilities. If such training is provided by the ESU, the training must be available to any ESU employee and any member school district employee that works in a school and has behavioral management responsibilities. The training must be consistent with the model policy developed by NDE.

This measure also amends accreditation laws (Section 79-703). Beginning August 1, 2025, accreditation standards will require each school district to develop and adopt a policy relating to behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom.

Note: LB 705 (Section 1) provides that 8% of the lottery proceeds dedicated for education are set aside for behavioral training. This funding source would exist for fiscal years 2024-25 through 2028-29.

LB 647 as amended into LB 705 modifies the Textbook Loan Program (§ 79-734). The measure changes provisions relating to the purchase and loan of textbooks for children enrolled in kindergarten to twelfth grade at a private school.

Beginning July 1, 2024, NDE must assume the reasonability of the textbook loan program and purchases for non-public schools. NDE is authorized to utilize up to 5% of the program's appropriated funds to administer the program.

NDE may also contract with a third-party vendor to assist in carrying out the implementation of the program.

The current allocation to the Textbook Loan Program is \$1,465,500 so the 5% being allocated to administer the program is equal to \$73,275.

LB 648 as amended into LB 705 modifies the Diploma of High School Equivalency Assistance Act, which was created in 2013.

Under current law (§ 79-2304), the Legislature sets aside funds to be used by NDE to provide assistance to institutions that offer high school equivalency programs

This measure enhances the existing law by expanding services and programs to support the completion of the general educational development program. Each institution must offer to eligible individuals adult dropout recovery services, including recruitment and learning plan development, and provide proactive coaching and mentoring to such individuals, culminating in qualification for a high school diploma. “Eligible individuals” would include adults and out-of-school youths 16 years of age or older who are not enrolled or required to be enrolled in secondary school under state law and who have not previously earned a high school diploma or diploma of high school equivalency.

Note: LB 814 (Section 50) provides funding in the amount of \$750,000 per year for the Diploma of High School Equivalency Assistance Act.

LB 708	<i>Sponsor</i>	<i>Subject</i>
	Arch	Requires memo of understanding for the sharing of data relevant to students

Section within LB 705: 122.

Operative Date: June 2, 2023.

LB 708 as amended into LB 705 requires a memo of understanding for the sharing of data relevant to students.

By October 1, 2023, NDE, DHHS, the Office of Probation Administration, and the State Court Administrator must enter into a memorandum of understanding for the sharing of data relevant to students who are under the jurisdiction of the juvenile court.

The purpose of the sharing of data is to provide systems-wide coordination to improve educational opportunities and outcomes and to facilitate service coordination for such students. The memorandum must include the intent for NDE to contract with an outside consultant with expertise in the education of court-involved students to assist in the development of such policies and procedures.

The consultant must provide recommendations addressing issues that include, but not limited to, the following:

- (a) Identifying and defining the population of students whose data should be collected and shared;
- (b) Defining the specific types of data to be collected and shared;
- (c) Identifying shared data systems;
- (d) Identifying the entities and persons for which the data should be accessible;
- (e) Identifying both federal and state legal responsibilities and confidentiality parameters; and
- (f) Developing a uniform approach for the transfer of educational credits.

The development of the policies and procedures for the sharing of data must be collaborative and must include input from the appropriate entities including, but not limited to, NDE, DHHS, the Office of Probation Administration, the State Court Administrator, the juvenile court system, the superintendent of schools for the youth and rehabilitation centers, public school districts, educators, and court-involved students and their parents.

The consultant must provide a draft report containing the recommendations to the appropriate agency representatives and the Commissioner of Education, the chief executive officer of DHHS, and the Chief Justice of the Supreme Court by September 1, 2024.

NDE must complete a final report detailing the recommendations of the consultant and any policies and procedures that are being considered for adoption by December 1, 2024.

F. Other Provisions of LB 705.

1. Distribution of Lottery Proceeds.

Section within LB 705: 1.

Operative Date: July 1, 2023.

For fiscal years 2024-25 through 2028-29, the lottery proceeds available to be used for education would be distributed as follows:

- 8% to the Behavioral Training Cash Fund;
- 2% to the College Pathway Program Cash Fund;
- 7% to the Community College Gap Assistance Program Fund;
- 10% to the Department of Education Innovative Grant Fund;
- 3% to fund distance education incentives;
- 1% to the Door to College Scholarship Fund;
- 8% to the Excellence in Teaching Cash Fund;
- 1.5% to the Expanded Learning Opportunity Grant Fund;
- 1.5% to the Mental Health Training Cash Fund; and
- 58% to the Nebraska Opportunity Grant Fund.

For fiscal year 2029-30 and thereafter, the money available to be used for education would be transferred as the Legislature may direct.

2. **College Pathway Program Act.**

Sections within LB 705: 8-12.

Operative Date: July 1, 2023.

This measure requires NDE to develop and administer the College Pathway Program to provide grants beginning July 1, 2024, to eligible providers to provide services to underrepresented and low-income students in high school and postsecondary education.

A provider is eligible for a grant pursuant to the College Pathway Program Act if the provider offers, exclusively to underrepresented and low-income students, educational services that provide materials, services, and supports to (i) help a student graduate from high school, (ii) apply for admission to a postsecondary institution, and (iii) complete the requirements to receive an associate degree or a baccalaureate degree.

Educational services may include:

- (a) Assistance and tutorials which help students in completing applications for a college or university, including applying for aid through the Free Application for Federal Student Aid (FAFSA) or other scholarships;
- (b) Assistance and materials which help students take the appropriate high school classes in an area or field of study a student is interested in and any classes necessary for a student to gain acceptance at a postsecondary institution or complete the requirements and take the appropriate postsecondary education classes to receive an associate degree or a baccalaureate degree; and
- (c) Any other services specified pursuant to rules and regulations adopted and promulgated by the State Board of Education.

“Low-income student” is defined as a student eligible for free or reduced-priced lunches in high school or a student whose family's taxable income for the preceding year did not exceed 150% of the federal poverty level.

“Underrepresented student” is defined as a student whose race is not proportionately represented at the institution at which the student is enrolled or applying for admission as the representation of such race in the population of Nebraska.

3. **Career-Readiness and Dual-Credit Education Grant Program** (Sections 13 to 27)

The program would be administered by the Coordinating Commission for Postsecondary Education. The commission, in consultation with NDE, the Department of Labor, and any advisory committee established by the commission for such purpose, must:

- (a) Create and establish teacher education pathways enabling the instruction of dual-credit courses and career and technical education courses;
- (b) Correlate and prioritize teacher education pathways with Nebraska workforce demand;
- (c) Establish a grant program beginning on or after July 1, 2024, to distribute money from the Excellence in Teaching Cash Fund to teachers enrolled in education pathways leading to qualification to teach dual credit courses and career and technical education courses;
- (d) Establish a directory of available teacher education pathways in Nebraska identified by sequence and location; and
- (e) On December 31, 2025, and each December 31 thereafter, electronically submit an annual report on grants awarded pursuant to the Career-Readiness and Dual-Credit Education Grant Program to the Clerk of the Legislature. The report must include the number and amount of grants awarded, the postsecondary educational institutions attended by grant recipients, and information regarding the completion of instructor requirements to teach dual-credit courses and career and technical education courses.

4. **Door to College Scholarship Act.**

Section within LB 705: 28-38.

Operative Date: July 1, 2023.

This measure requires the Coordinating Commission for Postsecondary Education to provide for awards to be made directly to eligible students beginning with the 2024-25 school year. An award may not exceed a maximum of \$5,000 annually to an eligible student with a full-time status and must be prorated for eligible students with a part-time status. The commission may adjust the value of awards annually to make awards to all eligible applicants who apply by the application deadline set by the commission.

Educational expenses means student costs for tuition, mandatory fees, other education-related fees, room and board, books, and other costs related to a student's education;

Eligible student means an undergraduate student who:

- (a) Graduated from high school from an accredited education program at a youth rehabilitation and treatment center operated and utilized in compliance with state law OR graduated from an approved or accredited public, private, denominational, or parochial school within one year after being discharged from a youth rehabilitation and treatment center operated and utilized in compliance with state law;
- (b) Is enrolled in an eligible postsecondary educational institution;
- (c) Has applied for federal financial aid through the Free Application for Federal Student Aid (FAFSA) for the applicable award year;
- (d) Is a resident student who is domiciled in Nebraska; and

- (e) Complies with all other provisions of the Door to College Scholarship Act and any rules and regulations adopted and promulgated pursuant to the act;

A recipient of an award must:

- (a) Attend all required courses regularly;
- (b) Meet with an assigned advisor at regular intervals to discuss academic progress and to develop a job-search plan; and
- (c) Maintain good academic standing at the eligible postsecondary educational institution without any disciplinary action by such institution.

An award may be terminated if such person fails to meet the requirements of this section.

Hearing Agenda

Entertain administrative reports, accept public testimony, and otherwise verify and confirm compliance with LB399: the Americanism Bill

LB 399 imposes the following requirements that must be met:

1. Each calendar year, the Board must appoint three board members to the "Committee on American Civics." The committee consists of Bree Brown, Jeff Keagle and Josh Dorcey. Public hearings were held on November 14, 2022 and May 8, 2023. Public testimony was accepted at both hearings.
2. Students between eighth grade and twelfth grade must complete one of the following:
 - a. Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student; or
 - b. Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body . . . followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or
 - c. Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed below.
3. For grade levels below sixth grade, at least one hour per week is to be devoted to exercises or teaching American history topics (including those listed in LB 399).
4. For grade levels between fifth grade and eighth grade, there must be time "set aside" for the teaching of American history (including those topics listed in LB 399).
5. In at least two courses in every high school, time shall be devoted to the teaching of civics and American history (as outlined in LB 399).
6. "Appropriate patriotic exercises" are to be held on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King, Jr.'s birthday, Native American Heritage Day, Constitution Day, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

Mr. Farup certified that we have met the requirements of LB399 for the 2022-2023 school year.

Reports

Elementary Principal Report

- Elementary Track and Field Day – May 16 – K-3 – 9:30-11:00; 4-6 – 1:00-3:00
- Awards Day – May 23

Secondary Principal Report

- Keri Hart, Olivia Tracy, Matt Brenn, and I had an ELA data day to make schedule decisions to best support next year's 7th and 8th grade students. We will be adding corrective reading interventions for incoming 7th grade students. We are able to do this with the flexibility of having an interventionist who is also a reading specialist.
- Keri Hart, Tiffany Lamprecht, and I presented at the Professional Development for Healthy Schools Institute in Omaha. Our presentation highlighted the work that has been done to provide SEBL support for students and staff in our district. Our presentation was well-received and very affirming to the work we are doing.
- Secondary teachers have been working collaboratively to plan foundation core classes. Foundations classes will provide more opportunity for students to gain more experience with academic language and foundational skills.

Activities Director Report

- District Music Contest took place on April 21, 2023. Thanks to Mr. Trenhaile, Mrs. Lamprecht, and Mrs. Tracy for stepping up for our students and providing them a great experience.
- All-State Basketball Recognition:
 - Cade Johnson- 1st Huskerland Prep, 2nd Team in the OWH and Lincoln Journal Star, and Norfolk Daily News 1st Team All-Area
 - Alex Arenas- 2nd Team Norfolk Daily News All-Area, Honorable Mention in OWH
 - Jordan Metzler- 3rd Team Norfolk Daily News All-Area, Honorable Mention in Lincoln Journal Star
- Spring NCPA Academic All-State Recognition:
 - Boys Track: Cade Johnson, Ryan Anderson
 - Girls Track: Jordan Metzler, Katie Borg Boys
 - Golf: Jackson Pommer, Kolton Fischer
 - Vocal Music: Daveigh Munter-McAfee
 - Instrumental Music: Sam Chase

Superintendent Report

- The request for proposal (RFP) took a bit longer than expected. The RFP went public on April 20th. Per statute, potential vendors have 30 days to submit proposals. Proposals are due May 23rd.
 - I have 7 site visits scheduled for the next weeks with construction companies interested in submitting proposals.
- With the hard work of Mrs. Ziska, we will add GoGuardian/Beacon to our network. We will get alerts if any student types or searches for information that would be concerning. We have been working on this for two years, and we now have a solution thanks to Mrs. Ziska's work.
- We have partnered with Dixon County Sheriff's Office and submitted a grant proposal for a school resource officer. The grant would pay the salary and benefits for the first three years. In the 4th and 5th year, we would be obligated to share the cost with Dixon County. Any subsequent years would be our choice.

Board Committee Reports

American Civics, Curriculum & Technology

- Held hearing prior to tonight's meeting.

Strategic Planning

- Marcia Herring from NASB helped walk the board through their roles and responsibilities during the board retreat. We need to align our goals as a board.

Recognition of Visitors/Communication from the Public

WEA

- Mrs. Hoffart and Ms. Langley presented to the board some of the activities 1st grade has been up to this year. They thanked Blake McAfee for their circus tickets.
- Presentation by Kari Rooney, After-School and Summer Program Director
 - After-School program currently has 11 clubs and 12 sponsors with 212 students serviced in grades 1-12
 - From January 2023 to today, we have had over 120 hours of programming
 - Our last engagement night had roughly 45 community members attend.
 - Wakefield After-School Program has two community partnerships – Ponca State Park and Nebraska Extension.
 - We will have summer programming for current 3-6 graders. Programming will be happening from July 10-13 and July 17-20. We currently have 36 students signed up and 7 sponsors.

Specifications

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

[2] This system is preinstalled with Windows 10 Pro software and also comes with a license for Windows 11 Pro software and provision for recovery software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

[3] Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

[4] Processor speed denotes maximum performance mode; processors will run at lower speeds in battery optimization mode.

[5] Intel® Turbo Boost performance varies depending on hardware, software and overall system configuration. See www.intel.com/technology/turboboost for more information.

[6] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

[7] Intel® Turbo Boost performance varies depending on hardware, software and overall system configuration. See <http://www.intel.com/technology/turboboost/> for more information.

[8] For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 10 and 11) is reserved for system recovery software.

[9] Wi-Fi 6E requires a Wi-Fi 6E router, and Windows 11, to function in the 6GHz band. Availability of public wireless access points limited. Wi-Fi 6E is backwards compatible with prior 802.11 specs. And available in countries where Wi-Fi 6E is supported.

[10] Miracast is a wireless technology your PC can use to project your screen to TVs, projectors, and streaming.

[11] WWAN module is an optional feature, requires factory configuration and requires separately purchased service contract. Check with service provider for coverage and availability in your area. Connection speeds will vary due to location, environment, network conditions, and other factors. 4G LTE not available on all products, in all regions.

[12] Gigabit class Category 16 4G LTE module is optional and must be configured at the factory. Module designed for up to 1 Gbps download speeds as carriers deploy 5 carrier aggregation and 100Mhz channel bandwidth, requires activation and separately purchased service contract. Backwards compatible to HSPA 3G technologies. Check with service provider for coverage and availability in your area. Connection, upload and download speeds will vary due to network, location, environment, network conditions, and other factors. 4G LTE not available on all products, in all regions.

[13] Backlit keyboard is an optional feature.

I accept this proposal and hereby authorize CCS Presentation Systems at 11041 O St Omaha, NE 68137 to proceed with the purchase of the included equipment for the facilities of Wakefield Community Schools constructing at 802 Highland St Wakefield, NE 68784 as described in the totality of this document. In keeping with the Terms of Payment listed above. This proposal is valid only if accepted in writing by Wakefield Community Schools and deposit payment received no later than July 9, 2023. Credit card payments are subject to a 3% fee.

INSTALLATION CANCELLATION / CREW CALL OFF / RESCHEDULE FEE

- Once an Install date has been set, and the customer has been notified, if the customer cancels or reschedules less than 24 hours prior to said install date, a cancellation/rescheduling crew fee of the crews' loss time may be charged for each occurrence.
- If onsite and the crews are asked to leave due to customer reasons, a crew fee of the crews' loss time and trip charge may be charged for each occurrence.

COVID-19 POLICY

This proposal and its pricing is guaranteed for fourteen (14) days from the date in the proposal. Due to the COVID-19 pandemic's negative impact on our manufacturers' audiovisual component inventory and our ability to purchase, all pricing and product availability is subject to change until further notification. We apologize for any inconvenience this may cause. CCS has and will always continue to work in the best interests of our clients to preserve pricing as proposed; however, elements out of our control have forced us to adopt this statement of business.

WARRANTY

CCS warrants the system installation to be free of defects in workmanship and fit for the intended purpose for a period of 1-year parts and 90 days labor. This warranty does not cover equipment or system abuse, misuse including but not limited to: operating outside of environmental, electrical, temperature or humidity specifications, system alterations neither approved nor performed by CCS or repair by a service facility other than those authorized by the manufacturer. After one-year parts and 90 days labor, any future service requirements will be billed on a time and materials basis unless a CCS Service Contract is in place.

All new equipment, provided by CCS, includes the manufacturer's warranty. CCS warrants that all AV equipment will be installed in accordance with the manufacturer's recommended environmental and electrical operating conditions and requirements. CCS systems are under warranty against defects in workmanship for a period of 1-year parts and 90 days labor from the date of system acceptance or substantial completion. Owner furnished equipment and products not purchased from CCS are not covered under warranty.

RE: Annual Policy Updates

Attached are the 2023 KSB School Law policy updates. Below, we discuss the policy changes, the changes to our standard forms, and some issues that are raised by certain laws that do not necessarily require a policy change but do present new obligations or things to keep in mind as you enter the 2023-24 school year. We have broken these down into 3 sections: "Policy Changes;" "Forms Changes;" and "Other Issues to Consider."

Keep in mind that most bills that were enacted into law go into effect three months after the legislature adjourns. This year the Unicameral adjourned sine die on June 1st, so the effective date of most bills will be September 2, 2023. However, if a bill includes a specific effective date or an emergency clause, it goes into effect on the stated date or when passed and approved according to law.

To assist subscribers in implementing these policy changes and the other considerations laid out in this Memo, **KSB will hold a webinar on Wednesday, June 7, 2023, at 9:00 a.m. Central Time.** In the webinar, we will give a brief overview of the changes and then answer questions from attendees regarding the policies and other considerations. We have included the link to the ZOOM conference in the cover e-mail that transmitted these updates. We will also record the webinar and will post it on the KSB School Law website in the Policy Updates section.

Policy Changes

REVISION OF POLICY 3001: BUDGET AND PROPERTY TAX REQUEST

We have revised this policy to provide a link to the website at which information on statewide receipts and expenditures and comparisons of cost per pupil and performance to other school districts is available. We also updated a statutory reference. Finally, we amended the policy to follow the changes in LB 243 that make clear that a school may only increase its property tax request by more than the allowable growth percentage “to the extent allowed by law.”

This change is required.

REVISION OF POLICY 3003.1: BIDDING FOR CONSTRUCTION, REMODELING, REPAIR, OR RELATED PROJECTS FINANCED WITH FEDERAL FUNDS

AND

POLICY 3004.1: FISCAL MANAGEMENT FOR PURCHASING AND PROCUREMENT USING FEDERAL FUNDS

Entities auditing school districts looked for an explicit “Buy American” provision in these policies. Although federal law only requires that the Buy American provision be included in any contract and not in the policy, we have added or revised this provision in these policies to appease the policy auditors.

This change is technically not required but is highly recommended.

REVISION TO POLICY 3033: LENDING TEXTBOOKS TO CHILDREN ENROLLED IN PRIVATE SCHOOLS

Section 79-734 requires public schools to purchase and loan textbooks, upon individual request, to children who are enrolled in kindergarten to grade

twelve of a private school which is approved for continued legal operation under rules and regulations established by NDE. LB 705 transfers this obligation to NDE effective July 1, 2024. We have amended this policy to end the public school's obligation to provide textbooks to private schools effective July 1, 2024.

This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

This change is required.

REVISION TO POLICY 3036: PURCHASING (CREDIT) CARD PROGRAM

The Nebraska Secretary of State's Schedule 10 governs how long school districts must maintain certain records. Schedule 10 has been changed and now states that schools must maintain all financial records created or received by the school district for 7 years. We have changed our policy from a 10-year retention requirement to a 7-year requirement.

This change is not required but is highly recommended.

POLICY 3059: AUDIO AND VIDEO RECORDING (RELOCATION OF POLICY 5063)

Now that most middle-high school students, staff members, parents, and patrons have smartphones and other devices, it was time to revisit this policy. While this certainly does not address all technology-based conduct, we have made a few changes that apply to more than just students. This is why it will be relocated into the 3000 series.

For example, previously the policy did not prohibit staff from making secret recordings. We made that change.

We also updated the security camera footage section and made a few other tweaks to better align the policy to school practices.

These changes are not required but are highly recommended. Relocation is required even if you don't amend the policy for ease of tracking future changes.

REVISION TO POLICY 4003: DRUG POLICY REGARDING DRIVERS

We made a minor revision to fix a clerical error regarding the term Medical Review Officer.

This change is required.

REVISION TO POLICY 4045: MILK EXPRESSION

President Biden signed into law the Providing Urgent Maternal Protections for Nursing Mothers Act ("PUMP for Nursing Mothers Act") at the end of 2022. The Act expands protections for salaried employees such as teachers and also requires the break to be paid if the employee is also working while expressing breast milk. We changed our policy to include language regarding the frequency at which an employee can request to pump.

This change is required.

REVISION OF POLICY 4059: BEHAVIORAL AND MENTAL HEALTH TRAINING (FORMERLY SUICIDE PREVENTION TRAINING)

Section 79-2,146 currently requires nurses, teachers, counselors, school psychologists, administrators, school social workers, and any other appropriate personnel to receive at least one hour of suicide awareness and prevention training each year. LB 705 amends this section to require "all public school employees who interact with students and any other appropriate personnel" as determined by the superintendent to receive at least one hour of behavioral and mental health training with a focus on suicide awareness and prevention training each year. NDE will develop a list of approved training materials.

Please note, we left the proposed October 31 or within 30 days of initial employment wording in the policy. This is not required by law, so you can adjust the completion deadlines as you see fit.

These changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

This change is required.

REVISION OF POLICY 5003: ADMISSION OF PART-TIME STUDENTS

LB 705 (Sec. 75) will amend Nebraska's part-time enrollment statute, section 79-2,136. Prior to the amendments, the statute contained only one section and generally deferred to school board policy for most part-time enrollment considerations. LB 705 contains some new requirements for the admission of part-time students.

First, the statute creates an ambiguity regarding which classes a part-time student can take. LB 705 added a clause into the original statute, which now reads: "Each school board shall allow the part-time enrollment of students, *for all courses selected by the students...*" We know many schools limit the classes available to part-time students, in addition to limitations based on class sizes and things like that. It is unclear whether the Unicameral intended the new clause to mean students can select *any* courses they want, or if they intended that to mean any courses offered to part-time students but not necessarily all courses they might be eligible to take if they were full-time students. We left the general restrictions based on class sizes and resources intact but remained silent on strict class availability for part-time students (e.g., only essential courses or only specials) giving each school the opportunity to decide whether they want to make all courses available or continue to limit courses a part-time student can take even if you have capacity.

Second, LB 705 requires school boards to establish policies and procedures relating to participation in extracurricular activities. It requires schools to permit part-time students to participate in extracurriculars "subject to the same requirements, conditions, and procedures" as your full-time students. This means they must comply with all academic, behavioral, and other eligibility rules established by the school, including your student code of conduct. We've also specified that this includes being eligible for NSAA participation, or eligible based on the governing body of any activity not subject to NSAA rules.

The statute has two specific limitations. Current NSAA rules require students to be enrolled in at least 20 credit hours, 10 of which must come from the public school. The statute changes now state that part-time students must be allowed to participate if they are enrolled in 5 credit hours in the public school. This change will reduce the public school enrollment requirement from 10 to 5 hours, and we anticipate the NSAA will make any changes necessary on its end to allow schools to comply with this statute.

The statute also prohibits schools from giving a preference in team selection to full-time students over part-time students.

As for transportation, the statute does not require schools to provide transportation for school attendance purposes, but it does require schools to provide extracurricular transportation or mileage to a part-time student on the same terms as you provide extracurricular transportation to your full-time students. For example, if you drive a bus from the school parking lot to away contests or off-site practices, the part-time student gets to ride the bus to those events. The part-time student would be responsible for getting himself or herself to the designated pick-up point.

Finally, this change also raises a timing issue. Schools will have their policies and handbooks updated to start the year, but these requirements do not go into effect until approximately September 10, 2023. This begs the question of whether a student is subject to the various credit hour and other requirements at the beginning of the fall season, or only after the law becomes effective. To avoid having to do mid-year changes to enrollment, handbooks, and policies, our recommendation is to begin applying the new requirements with the start of fall seasons, assuming the NSAA will provide flexibility for the flex time between the start of fall seasons and the effective date of the new requirements.

These changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

This change is required.

REVISION OF POLICY 5004: OPTION ENROLLMENT

LB 705 made three substantive changes to the option enrollment laws.

1. Special education capacity determinations must and may only be determined on a case-by-case basis. If an option application indicates that a student has an individualized education plan (IEP) or has been diagnosed with a disability, the application must be evaluated by the director of special education services or the director's designee who shall determine if the school district and the appropriate class, grade level, or school building has the capacity to provide the applicant the appropriate services and accommodations.
2. If the school board wishes to declare a program, class, or school unavailable for the following school year, the board must pass a

resolution with such a declaration **prior to October 15th** of the previous school year.

3. Schools must annually establish, publish, and report the capacity for each school building under the district's control according to procedures, criteria, and deadlines established by the Nebraska Department of Education

These changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

This change is required.

REVISION OF POLICY 5035: STUDENT DISCIPLINE

PK-2nd Grade Students. LB 705 provides that schools will no longer be able to suspend a student in pre-kindergarten through second grade *unless* the student brings a deadly weapon as defined in section 28-109 on school grounds, in a school vehicle, or to a school-sponsored activity or athletic event. Schools must develop a policy to implement this new limitation and must include disciplinary measures inside the school as an alternative to suspension.

Completing Missed Work. Any student who is suspended ***must*** be given an opportunity to complete any classwork, homework, examinations, or other work missed during the period of suspension. "Must" used to say "may." Schools must develop and adopt guidelines that provide any suspended student with the opportunity to complete classwork and homework. The guidelines may not require the student to attend the school district's alternative programs for expelled students in order to complete classwork and homework. The guidelines must be provided to the student and a parent or guardian at the time of suspension.

Short-Term Suspensions. When a principal suspends a student for up to five school days, he or she must give a written notice of the suspension to the parent or guardian within 24 hours "or such additional time as is reasonably necessary." LB 705 has revised this requirement to state that the principal only has an additional 48 hours (a total of 72 hours) to send the written notice of the suspension. The principal has always been required to make a "reasonable effort" to hold a conference with the parent or guardian when the student returns to school. Now there is an additional requirement that the principal document such effort in writing.

Post-Expulsion Requirements. LB 705 includes a new requirement. At the conclusion of an expulsion, a school district must reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska-accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Long-Term Suspension, Expulsion, or Mandatory Reassignment. The decision to recommend long-term suspension, expulsion, or mandatory reassignment did not have a timeline associated with it. Now, the decision must be made within two school days after learning of the alleged student misconduct. Also, if a student is suspended pending the outcome of a hearing for a long-term suspension, expulsion, or mandatory reassignment, the student must be allowed to complete classwork, homework, examinations, and other work during the period of suspension.

Hearing Examiner. When a hearing is requested under the Student Discipline Act, the superintendent now “recommends” the appointment of a hearing examiner within two school days after receiving the hearing request. Parents have two days to request the designation of a different hearing examiner. Upon receiving the request, the superintendent:

- **Must** provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned; and
- **May** also provide an additional list of hearing examiners that may include hearing examiners employed by or under contract with the school district.

The student or the student's parent or guardian must, within five school days, select a hearing examiner to conduct the hearing who was recommended, provided as an alternative hearing examiner, or included on an additional list, if any, and must notify the superintendent in writing of the selection. The superintendent must appoint the selected hearing examiner upon receipt of the notice.

The Hearing. Previously, the hearing had to be “scheduled” within five school days after it was requested. Now, the hearing must be “held” within five school days after the appointment of the hearing examiner.

Previously, students and their parents had the right to examine records and written statements “at a reasonable time” before the hearing. Now, the

school must provide copies of records, written statements, and required affidavits no later than 48 hours before the hearing.

The school must make available those witnesses who have knowledge of or were involved in the alleged misconduct and subsequent discipline of the student if such witnesses are requested by the student or the student's parent, guardian, or representative and ***if*** such witnesses are employees or under contract with the school district.

With changes from LB 705, the hearing examiner now has ten calendar days to provide the findings and recommendations to the superintendent, and the superintendent has five school days after receiving the report to make his or her determination. Previously, there was no time limit for either action.

Appeal. If the student or parent appeals the superintendent's decision, the superintendent's determination will no longer take immediate effect.

School Board Decision. In the event of an appeal, the school board now must take final actions within three calendar days after the hearing. Previously, there was no time limit on the board's ability to make a final decision.

The changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.** However, Policy 5035 has been revised to reflect these new requirements so that you do not have to change policies and handbooks in September.

These changes are required.

REVISION TO POLICY 5045: STUDENT FEES

The Nebraska Public Elementary and Secondary Student Fee Authorization Act permits schools to charge fees for "postsecondary education costs." However, just like fees charged to participate in extracurriculars or for student meals, the board must designate the "maximum" fee that may be charged. Our policy has always contained a section for postsecondary education costs, but it did not list the maximum for those costs.

This change will now require you to list the maximum fee that might be assessed to a student for postsecondary education costs. Unless you designate the maximum fee (even if the student ends up paying less), it's technically not lawful. If you collaborate with local colleges, universities, or

community colleges to offer postsecondary classes or dual credit classes, you should list the maximum fee a student may be required to pay. Keep in mind that schools cannot charge a fee for earning high school credits. However, you can require families to pay any postsecondary costs if they also want college credit. We recommend listing the max amount *per course*, to include all fees for tuition, materials, etc. You should set the number high enough to account for the most a student may be required to pay, especially if you work with multiple institutions.

This change is required.

REVISION TO POLICY 5049: FIREARMS AND WEAPONS

LB 77 authorizes anyone, other than a minor or prohibited person, to carry a concealed handgun anywhere in Nebraska, with or without a concealed handgun permit. However, the law still prohibits people from carrying a concealed or unconcealed handgun into a public school or on public school property. This prohibition does not apply to a qualified law enforcement officer or qualified retired law enforcement officer carrying a concealed handgun pursuant to 18 U.S.C. 926B or 926C.

We have revised this policy to remove the reference to an exception based on possessing a concealed handgun permit.

This change is required.

REVISION TO POLICY 5052: SCHOOL WELLNESS

The link to the website at the bottom of the policy that contains the evidence-based strategies used in the policy has been updated.

This change is required.

REVISION TO POLICY 5062: LICE AND NITS

For the past several years, we have been asked by numerous clients about the rules governing the exclusion of students who have contracted active cases of lice, louse eggs, and nits. Our policy previously offered two options, one that excluded for nits and one that did not. Several schools have

received significant pushback (and even threats of litigation) for banning students with nits alone until they were treated.

Many state and national organizations have strong opinions on this issue, with entities like the CDC and various medical organizations now recommending against any school exclusion even if a student has an active case of headlice. A small handful of schools have even asked us for a policy that would not exclude students from school at all. While that may technically violate the Nebraska DHHS isolation regulation, we know some schools have nurses, administrators, and others who agree with this position. If you would like that type of policy, please contact one of us.

In revisiting the actual Nebraska DHHS regulation on this point, it states as follows for school exclusion/isolation periods for pediculosis:

Nits are not a cause for school exclusion. Parents of students with live lice are to be notified and the child treated prior to return to school. Only persons with active infestation need be treated. Avoid head-to-head contact. No exclusion of contacts.

In light of the current regulation, we have removed the policy option permitting exclusion for nits, alone (the former "Option A"). The policy now has only one option that tracks the regulation. It states that the school will contact the student's parent/guardian(s) immediately to pick up the child. Because the regulation still says that the child needs to be treated "prior to return to school," we left that in the policy.

This change is required if you previously selected "Option A" which included nits. If you previously selected "Option B," these changes are recommended.

**POLICY 5063: [INTENTIONALLY LEFT BLANK]
(RELOCATED TO POLICY 3059)**

This policy is relocated.

REVISION TO POLICY 5064: SUPPLEMENT, NOT SUPPLANT

We have updated this policy to reflect the provision that requires federal grant funds supplement local effort for all Title funds which expands beyond Title I to include Title II and Title IV grant funds.

This change is technically not required but is highly recommended.

REVISION TO POLICY 6003: INSTRUCTIONAL PROGRAM

We have updated the policy to reflect the minimum number of instructional hours for each corresponding grade as required by Nebraska law and NDE regulations. You may adjust these hours upward if desired.

This change is required.

REVISION TO POLICY 6004: CURRICULUM DEVELOPMENT

We have updated the policy to reflect the new requirement that goes into effect for the 2023-24 school year that all students take at least one course in financial literacy. This required coursework may not be embedded in other curricula throughout a high school student's secondary education. Rather the course must be a standalone class equaling five (5) high school credits or an equivalent one-semester course. The Nebraska Department of Education has curricular resources for [the financial literacy course](#) here. The Financial Literacy Act requires the district to submit a report to the board of education about your compliance with the Act no later than December 31, 2024. **You do not need to worry about reporting for the 2023-24 school year.** We will provide you with the necessary information for that report in the years they will be required and will add them to our running list of annual notices, hearings, and reports at that time.

The Financial Literacy Act was passed as a companion statute to the Computer Science and Technology Act. LB 705 pushed back the effective date of the Computer Science and Technology Act to the 2027-28 school year.

As a side note, Policy 6004 has a table that sets out a schedule for curriculum review and textbook adoption. This table will need to be edited to reflect your district's practices. For example, if your district staff reviews the curriculum in one year and then actually adopts a textbook in the following year, you would adjust the content of the "textbook adoption" cell down a level. This year is also a good time to check the dates that your district has filled in under the "school year" column and to update them as necessary.

The financial literacy curriculum is required for 23-24, but we have added both financial literacy and computer science to the curriculum review chart.

ADDITIONAL OPTIONS ADDED TO POLICY 6025: STUDENT CELL PHONE AND OTHER ELECTRONIC DEVICES

We have added some additional options to policy 6025. The current policy is most permissive, allowing students to use cell phones and other devices so long as they don't violate other school rules. As more schools start to go back to restrictive policies or consider storage plans like classroom turn-in boxes or Yondr bags, we want to provide some additional options. Those are included in the redline of this policy. However, the substance of the current policy did not change.

If you are happy with your current student cell phone and electronic devices policy, you do not need to make any changes.

NEW POLICY 6038: Artificial Intelligence

This is an optional policy. We have received questions from several clients about a board policy on the extent to which students may permissibly use artificial intelligence tools "AI Tools" (such as ChaptGPT and other chatbots) in connection with school assignments. This policy lays out (1) the board's approval of using AI Tools in connection with academic assignments, and (2) details the minimum requirements and expectations for such use.

Under this policy, teachers are responsible for determining the extent to which a student may permissibly use AI Tools in connection with any specific assignment and the policy imposes certain minimum requirements that students using such tools must meet (including disclosure and proper attribution). Please note that the criteria laid out in this policy is not in response to legal requirements. Rather, this policy provides a practical framework for your teaching staff to consider whether and how AI Tools can and should be used in connection with school assignments. The policy also clarifies that student use of AI Tools should be consistent with expectations of academic honesty when using other sources of information. If the board is inclined to adopt this policy (or a version of it), we strongly encourage the board to consult with the administration (who may work with the teaching

staff) to ensure that the framework and expectations are consistent with the teaching practices.

This new policy is optional.

Form Changes

NOTICE OF NON-DISCRIMINATION

Some of our school districts have asked for an all-encompassing, one-and-done nondiscrimination statement. We have not drafted one yet, mainly for two reasons. One, drafting such a single non-discrimination statement that effectively addresses all requirements from a variety of entities has proven difficult to do in a straightforward and streamlined manner. Two, we have decided to wait until the new Title IX and Section 504 regulations have been approved and finalized. But once those changes are made, we will tackle and produce a new notice of non-discrimination.

There is no change to make - yet.

Other Issues To Consider

LB 298: Dyslexia

On or before July 1 of each year, the school district must provide the required information relating to dyslexia to NDE.

LB 298: Written Dress Code and Grooming Policy

On or before July 1, 2025, the school board must adopt a written dress code and grooming policy to be implemented at the start of the 2025-26 school year that is consistent with the model policy developed by NDE and “may include any other procedures and provisions the school board deems appropriate.” NDE must develop and distribute its model dress code and grooming policy on or before December 1, 2024.

LB 705: Behavioral Intervention Training and Teacher Support Act

Sections 2 through 5 of LB 705 create the Behavioral Intervention Training and Teacher Support Act. This Act is effective **July 1, 2023**.

Training. Beginning in school year 2024-25, the Educational Service Unit Coordinating Council shall (i) ensure annual behavioral awareness training is available statewide and (ii) develop, implement, and administer an ongoing statewide teacher support system.

Beginning in school year 2026-27, each school district must ensure that each administrator, teacher, paraprofessional, school nurse, and counselor receives behavioral awareness training. Each administrator, teacher, paraprofessional, school nurse, and counselor who has received such training must receive a behavioral awareness training review at least once every three years. Each school district may offer such training, or similar training, to any other school employees at the discretion of the school district. In addition, all school employees must have a basic awareness of the goals, strategies, and schoolwide plans included in such training.

The Act defines what behavioral awareness training must include.

Report. On or before July 1, 2025, and on or before July 1 of each year thereafter, each school district must submit a behavioral awareness training

report to the Educational Service Unit Coordinating Council. The report must include the school district behavioral awareness training plan and summarize how the plan fulfills the requirements of the Act.

Point of Contact. Each school district must designate one or more school employees as a behavioral awareness point of contact for each school building or other division as determined by such school district. Each behavioral awareness point of contact must be trained in behavioral awareness and shall have knowledge of community service providers and other resources that are available for the students and families in the school district.

Mental Health and Counseling Resources. Each school district must maintain or have access to a registry of local mental health and counseling resources. The registry must include resource services that can be accessed by families and individuals outside of school. Each behavioral awareness point of contact must coordinate access to support services for students whenever possible. Except as provided in section 43-2101, if information for an external support service is provided to an individual student, school personnel must notify a parent or guardian of such student in writing unless the recommendation involves law enforcement or child protective services. Each school district shall indicate each behavioral awareness point of contact for the school district on the school district's website and in any school directory for the school that the behavioral awareness point of contact serves.

LB 705: Nebraska Teacher Recruitment and Retention Act

The purpose of the Nebraska Teacher Recruitment and Retention Act is to provide financial incentives to recruit and retain teachers in Nebraska classrooms. A teacher may apply to NDE for multiple retention grants of \$2,500 if the teacher has signed a contract to complete the teacher's second, fourth, and sixth complete school years of full-time employment in the 2023-24 through 2026-27 school years. A teacher may apply for a high-need retention grant of \$5,000 if the teacher (1) obtains an endorsement in special education, mathematics, science, technology, or dual credit; and (2) signs a contract to complete a school year of full-time employment as a teacher at a Nebraska school in 2024-25, 2025-26, or 2026-27. The Act terminates on January 1, 2028.

The Unicameral encourages "individual schools and school districts to adopt policies incentivizing teacher recruitment and retention through policies similar to the Nebraska Teacher Recruitment and Retention Act." KSB has

not drafted such a policy for its service because such a “policy” would actually need to be negotiated with the teacher’s association and included in the negotiated agreement.

This provision was subject to an e-clause.

LB 705: Student Discipline Act

NDE Policy. NDE must develop and adopt a model policy relating to behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in school on or before July 1, 2025. The model policy shall include appropriate training for school employees on behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in schools and how frequently such training shall be required.

School Policy. On or before August 1, 2025, each school district must develop and adopt a policy consistent with or comparable to the model policy developed by NDE. The school must file the policy with the Commissioner of Education. The policy must be included with any notifications required under the Student Discipline Act.

Behavioral Awareness and Intervention Training. Beginning in school year 2026-27, each school district must ensure that any school employee who has behavioral management responsibilities participates in behavioral awareness and intervention training consistent with the school district’s revised student discipline policy developed and adopted on or before August 1, 2025. The training must be provided by the school district or the school district's ESU. The training must be consistent with the model policy relating to behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in school developed by NDE (on or before July 1, 2025).

LB 705: Computer Science and Technology Education

The requirement that public school students attend at least five credit hours of computer science and technology education has been extended from the 2026-27 school year to the 2027-28 school year. The deadline to include computer science and technology education aligned to the academic content standards has been extended from 2024-25 to 2025-26. This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

LB 705: FAFSA

Beginning in 2024-25, each public high school student must complete and submit to the United States Department of Education a Free Application for Federal Student Aid prior to graduating from high school unless a parent or legal guardian, the principal or designee, or a student who is 19 or older or emancipated submits an NDE-created declination form. The principal or designee must submit compliance information to the school board and to NDE. This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

LB 705: Youth Organizations

Each school district must, upon request, allow a representative of any youth organization (a corporation chartered by Congress and 29 listed in 36 U.S.C. Subtitle II, Part B, as of January 1, 2023) to provide:

- (i) oral or written information to the students of the school district regarding the youth organization and how the youth organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship and
- (ii) services and activities to any student of the school district who is a member of the youth organization.

Frequency and Timing. Each requesting youth organization must be allowed to provide its information, services, and activities in a school building or on the school grounds of a school in each school district at least once during each school year. Schools must make a good faith effort to select a date, time, and location for each requesting youth organization to provide its information, services, or activities that is mutually agreeable to the school district and to the youth organization. Oral information may only be provided during noninstructional time.

Background Checks. Prior to allowing a representative of a youth organization to provide information, services, or activities at a school, the representative must be subject to a background check. Except as otherwise provided by the new law or by the rules and regulations of the Nebraska State Patrol, the parameters of the background check shall be determined by the relevant school district. A school district may prohibit any representative of a youth organization that has been convicted of a felony from providing information, services, or activities at any school in the school district. Each representative of a youth organization is responsible for all costs associated with obtaining the background checks.

This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**
