The choir department, in conjunction with the Fremont Choir Booster Club, will cover all costs through the fundraising opportunities, not costing any student travelers, the district or the FHS Activities Department any revenue.

RE: Early Dismissal Request for District Track

On behalf of Fremont High School, I would like to request an early dismissal for the Fremont Senior High. We have been asked by the NSAA to host the A-3 District Track and Field Meet on Wednesday, May 13. We would like to dismiss at 11:30. We are planning a 12:30 start time.

This early dismissal will allow for our students to clear the building prior to the events beginning, as well as free parking space for the participating teams and spectators. Early dismissals for track meets are necessary due to lack of lights at our facility as well as the need for HS staff to help run off events. HS Staff not helping with track meets will be expected to use the afternoon in their classrooms.

Thank you for your consideration.

RE: Video Surveillance Upgrade Recommendation

Members of the Board,

Fremont Public Schools recently implemented the Genetec Security Center system for managing access control. The Genetec Security Center system also manages video surveillance. Currently the video surveillance system at Fremont High School is in need of upgrade. The video surveillance project was put together to replace the existing High School video surveillance system and prepare the District for future video surveillance upgrades. Similar to access control, implementation of the Genetec Security Center system will allow Fremont Public Schools to provide emergency access to Fremont Police and Fremont Fire.

The Video Surveillance upgrade project will replace all cameras at Fremont High School as well as improve coverage in and around the building.

Price quotes were received from local qualified vendors who are able to provide Genetec licensing and support. One response was received from Prime Communications.

With this information it is recommended that Prime Communications be awarded the Video Surveillance contract to complete the work as described in the RFP documents in the amount of \$120,042.76. Installation will start once cabling is completed this summer. The system is planned to be completed and ready for use by the end of summer break.

Thank you

TECHNOLOGY MEMO

To: Mr. Shepard and Fremont Public Schools Board of Education

From: Brad Dahl and Cliff Huss

Date: March 9, 2020

Re: Request for Hardware Purchase

The FPS Technology Department is requesting permission to proceed with a technology hardware purchase consisting of Desktop Micro Computers and Laptops. The desktop and laptop computers are to replace existing computer hardware in office locations. This request is to proceed with the purchase as described below with the cost not to exceed the given amount.

Office Computer Replacement

It is proposed to purchase Micro Desktop computers for office locations. Current office computers are on their 8th year of use. Current office desktops being replaced are running Windows 7. Microsoft ended support and updates of Windows 7 in January 2020. The proposed hardware is a Micro form factor desktop device and 24" monitors. Most locations will utilize a dual monitor setup, however, some locations will only be placed with a single monitor. Due to room configurations 10 of the Micros will be configured with an optional 3rd video output. A Micro is small desktop device (8"x8"x2") and will mount to the back of the primary monitor.

The small size of the micro and ability to mount it to the back of the monitor provide a clean install for office locations. Having a SSD along with processor and memory upgrades will provide an improved computing experience.

Office computer hardware will consist of 165 Micro Desktop computers and 330 monitors.

Office Laptop Replacement

It is proposed to replace existing laptops used by office staff and specialists with new laptops. Current office laptops being replaced are running Windows 7. Microsoft ended support and updates of Windows 7 in January 2020. The proposed laptops will have 14 inch screens and include a three year warranty including accidental damage coverage.

Office laptop computer hardware will consist of 12 Laptop computers

Total cost of the Desktop and Laptop replacement is not to exceed: \$200,000.00

Sincerely,

Cliff Huss
