FPS Board of Education

Goal #1 - Recruitment, Development, and Retainment of
Employees

Recruitment Activities

- College Recruitment Fairs
- Local Recruitment Fairs
- Hosting Student Teachers and Field Based Experience Students
- Employ Local College Students as Local Substitute Teachers
- College Placement Service
- Employee Referral
- Facebook, LinkedIn, Twitter
- Lawn Signs
- Bus Banner
- FPS Website
- Fremont Shopper Ad
- Indeed
- MCC Career Coach
- Newspaper Ad
- Radio or KHUB Job Board
- Teach In Nebraska Website
- Word of Mouth
- Other

Applicants are asked to indicate how they learned about the job they are applying for. This data is reviewed multiple times during the year leading to changes in advertising and recruiting efforts.

Once the conditional offer is accepted:

Human Resources works with new employee:

- Contract is explained and sent electronically
- Background Check completed
- Board approval is requested as part of the Personnel Report
- New Hire Appointment to include Basic Orientation, Benefits Overview, and Required Paperwork
- ID Badge created
- Email and Network Login issued
- Chromebook issued
- Once all formalities are completed the Administrator and the Employee are informed.

New Certified Employee Pre-Service Week

The week of employment for new certified staff is organized into a variety of supportive activities:

- Mentoring
- PBiS
- Content Expectations
- Instructional Practices Expectations
- Technology Expectations
- Introduction to and explanation of their teaching contract, the negotiated agreement, the employee handbook, the evaluation process, etc.

Human Resources surveys new hires for their thoughts regarding the different pieces of the onboarding process. This data is reviewed during planning for the next year's onboarding activities.

Mentoring

The first “pre-service” work day for all newly hired certified employees is the “kick-off” to the FPS Mentoring Program! A program created for teachers by teachers!

The morning is dedicated to activities for the Mentors and Mentees to get to know each other, e.g.:

- Breakfast is provided and “I Love FPS” t-shirts are presented.
- The year-long schedule of support and expectations for both Mentors and Mentees are discussed.
- A panel of 2nd year Certified Employees share thoughts and impressions from their 1st year.
- etc.

Mentoring

The afternoon of this day is reserved for the Mentees to go to their buildings to work with their administrator and begin prepping for the start of school. Mentors spend the afternoon helping and are then “on-call” for any questions or help the rest of the week.

Some Topics Mentors Assist With:

- Curriculum Questions
- PowerSchool
- Lesson Planning
- General Information

Mentoring

The remainder of the school year is organized into monthly after school meetings with both Mentees and Mentors attending. Topics may vary based on survey feedback from Mentees, Mentors, Administrators, etc. Some of the different topics include:

- P/T Conference Preparation
- Technology Procedures
- Substitute Planning
- Student Accommodations
- Continuous Improvement Planning for sites
- District and Community Resources
- Staff Evaluations
- Instructional Practices (FPS Playbook)
- Etc.

The Mentor Leaders survey the Mentees, Mentors, and Administrators regarding topics for focus and make changes accordingly.

Positive Behavior Interventions and Supports

On the next day of “pre-service week”, a team of PBiS facilitators present the basics of the philosophy behind Positive Behavior Interventions and Supports.

- PBiS Common Philosophy and Purpose
- Clarifying Expected Behavior
- Teaching Expected Behavior
- Encouraging Expected Behavior
- Building Relationships
- Discouraging Inappropriate Behavior
- Office Managed vs Classroom Managed Behaviors
- Etc.

The afternoon is reserved for a presentation on Standard Response Protocol by Kevin Kavan followed by time in their buildings working with their administrators and preparing for the first day with students.

F.P.S. Content Expectations

Led by the Fremont Public Schools Instructional Facilitators, the morning is spent working on FPS Curriculum and Standards.

The afternoon is spent in their buildings working with their administrators and preparing for the first day with students.

F.P.S. Instructional Expectations

Led by the Instructional Facilitators, the morning is spent working on Fremont Public Schools Instructional Expectations. This work is focused on the Fremont Public Schools Instructional Playbook which was created to provide research-based instructional practices having the greatest positive impact on student growth and achievement.

The afternoon is spent in their buildings working with their administrators and preparing for the first day with students.

F.P.S. Educational Technology Expectations

Led by the Instructional Facilitators and selected SeeSaw and Canvas Team Members, the morning is spent working on Fremont Public Schools Educational Technology Expectations. The focus of this work is the use of the two curriculum management systems employed by our district and other educational technology identified through research as enhancing student engagement and learning.

The afternoon is spent in their buildings working with their administrators and preparing for the first day with students.

New Teacher Day

The morning of this day involves the following:

- Official welcome by FPS Board of Education and Administration
- Presentation by FEA
- Presentation by the FPS Crisis Intervention Team
- Chamber Coffee
- Human Resources and Payroll presentation on various pieces of the teaching contract, negotiated agreement, employee handbook, evaluation process, etc.
- Lunch is provided by the FPS Foundation (along with a Foundation golf shirt)

The afternoon is spent in their buildings working with their administrators and preparing for the first day with students.

Preservice Week Afternoon Activities

During the afternoons of preservice week the administrators cover the following general topics as well as topics specific to their buildings with the new certified staff:

- Bldg Tour
- Bldg Access
- Student Cumulative Folder Location/Use
- Locate and Familiarize With Curriculum Materials
- Committee Participation
- Supplies
- PBiS - Specific to Their Building
- Evaluation
- Etc.

Professional Development

- The District has responded to the commitment by the Board of Education to provide our staff with ongoing professional development and training aimed at helping our staff have the greatest positive impact on student growth and achievement
- The District creates an annual Professional Development Plan using the days allotted by the Board of Education to achieve this positive impact
- Surveys are completed following professional development activities to gauge its success and determine if changes are warranted

Evaluation System

- The current FPS Evaluation System has been carefully reviewed and approved by the Nebraska Department of Education as required by regulations
- Administrators are trained annually on the FPS Evaluation System.
- A systematic review of the FPS Evaluation System was started over 3 years ago with a group of administrators and teachers.
- This review led to professional development of our administrative team focusing on building consistency of identification of instructional practices and providing meaningful feedback using the Instructional Playbook as a guide.
- In 2021/2022 this program was expanded into “Leadership Learning Walks” facilitated by Brent Cudly based upon training from his shared position with the ESU 2 Professional Development Staff using SLOP “look fors” as well as the Nebraska State Frameworks for Teacher Evaluation as we move toward a recommendation of the use of the the Nebraska State Frameworks as a new evaluation system.

Compensation Analysis

- Through the negotiations process, the District and FEA use compatibility studies of the districts in our array to help determine total compensation packages - which has led to Fremont being at the very top of its array (well above the midpoint)
- Using the State of Nebraska Salary Survey information, comparisons are done with similar FPS classified staff positions - which has led to mid-year pay increases for classified staff in 3 out of the last 5 years.
- We are committed to continuing to find ways to enhance the compensation for our classified employees!

Succession Planning

- FPS recognizes the fact that we must be prepared for changes to key positions within our organization
- FPS has been working with Dr. Keith Rohwer to conduct a series of succession interviews with current employees in identified key positions
- These interviews will provide data leading to the creation of a Succession Plan providing guidance for the future

NSCAS 2021

- The Nebraska Student Centered Assessment System (NSCAS)
- Grades 3-8
- Previously Summative Only
- Moving to a through-the-year testing model
- Growth measures will also be included once system is fully developed
- Spring 2021 First Phase of Implementation

NSCAS Growth

Nebraska has embarked on a transition to an adaptive through-year assessment model, one which combines the best of MAP Growth and the NSCAS General Summative test, builds on the work Nebraska educators have done statewide to create an assessment system that is instructionally useful, meaningful to students, and connected to classroom practice. NSCAS Growth will be aligned to both the state standards and to the state summative blueprint. Adaptive outside of grade level and measuring growth, it will yield grade level performance data throughout the school year and produce summative proficiency scores at year's end. The NSCAS Growth will be operational in 2022-2023.

NSCAS 2021 Special Report

- Federal Waiver for reporting during Pandemic & Year 1 of Implementation denied
- The Nebraska Department of Education (NDE) created the NSCAS 2021 Special Report to publicly release the assessment data from the 2020-2021 school year.
- Assessment measurement experts strongly discourage comparisons due to the varied circumstances of the pandemic:
 - 2021 data to any year previous
 - District to District data
 - School to School data
- Data to leverage resources to continue to renew & accelerate learning
- All Accountability Designations from 2019 remain in place through the 2021-2022 school year

Definitions for ELA Detail

Nebraska students (in grades 3-8 and high school third year cohort) are tested using the Nebraska Student-Centered Assessment System (NSCAS) in English Language Arts (ELA). NSCAS ELA was transitioned from Legacy standards to the more rigorous Nebraska College and Career Ready (CCR) standards in the spring of 2017. Three levels of proficiency are determined based on test performance: Developing, On Track and CCR Benchmark. The percentage of overall proficiency in meeting state standards is calculated based upon the scores of students achieving the "On Track" and "CCR Benchmark" levels. The scale scores for the NSCAS ELA range from 2220-2890. Three levels of proficiency are determined by state cut scores and grade level, and reported in one of three performance levels. The scale scores and the proficiency levels are available on the NSCAS General Scale Score Chart.

ACT Detail

Definitions for ACT Detail

The Nebraska State Statute 79-760 was updated by passage of LB 930 in spring 2016 to require that state accountability testing at the high school level be completed through the administration of a college entrance exam. ACT was selected as the exam to be administered beginning spring 2017 to all public school third-year cohort students, except those identified as needing alternate assessment. Students will participate in ACT Reading, English, Math, Science and Writing each spring. Although ACT writing is optional for Saturday administrations, the ACT writing test is required for state testing for all students. All students, including special education students and English Learners who are in their third-year cohort of high school must participate in the ACT. An alternate exam is available for students who qualify as having significant cognitive disabilities.

School Calendar Committee
Parameters
For
2022/23

1. The calendar is developed with the needs of children in mind.
2. One calendar option for 2022/23 will be developed. A rough-draft of the 2023/24 will also be developed.
3. The proposals developed by the committee are recommendations only. The decision on the final calendar is made by the Board of Education.
4. It would be the best of all worlds to have the calendar proposals completed by March 1st for presentation at the March Board meeting. According to Policy 40A.4h the calendar must be adopted and published on or before the second Monday of May.
5. The recommendation should be taken to the Board of Education by members of the Calendar Committee.
6. The length of the day should not be considered as part of the calendar development, as the length of day is governed by other policy.
7. All school holiday vacations during the school year must be the same dates and lengths for students PreK-12.
(Semester work days and teacher “Comp Days” for P/T Conferences without students **may** vary.)
8. Calendars should provide that the first day of school is the same at all levels, K-12, to accommodate the fact that many families have children at various levels within the school system.

9. The calendar options **may** provide the first one or two student days to be either half-days or full days for K-8 students, but work day for teachers will be full day regardless.
10. All elementary parent-teacher conferences should be scheduled so that non-student days are the same throughout the district, but allow for flexibility in scheduling the evening parent-teacher conferences.
11. The calendar will allow for no school on the Wednesday before **Thanksgiving**.
12. First semester **will** end prior to the holiday break.
13. **Spring Break shall be a week long (Monday through Friday)** may be up to five days and should avoid the testing window for State required testing.
14. The calendar shall include six professional development / work days, prior to all teachers reporting at the beginning of the year. These days are specifically provided to support teachers **NEW** to FPS to make them as effective as possible in working with our students. These days shall include one Mentoring day with their Mentors, four days of New Teacher Induction Activities and one day of general orientation.
15. The calendar shall provide for the following non-student attendance days in support of the District philosophy that the individual and collective professional development of our staff is THE MOST IMPACTFUL way for our District to improve student learning/achievement. These days shall be used in this manner:
 - a. **2 days**. These will be prior to students reporting to school for planning and general preparation to “open” school.
 - b. **2 days**. The activities planned for these additional days shall be determined by the Administration. These will be

prior to school starting to “pre-capture” teacher contract days lost due to weather related cancellations during the year. Should weather related cancellations during the year be less than the two days “pre-captured”, school will be dismissed up to two days early in the Spring – thus maintaining the appropriate number of contract days. Student days will only be made up if the number of weather related cancellations exceeds two – at which time student days may be added to the end of the year as needed to remain above the minimum requirements of the state.

- c. **5 days.** One in each August, September, November, February and April.
 - 120 minutes - Breakout Sessions (determined by District with input from bldgs/staff)
 - 90 minutes - District/Bldg Initiatives (Curriculum, etc.)
 - 90 minutes - PLC Collaborative Team Time
 - 90 minutes - Common Plan Time (Action Planning)
- d. **4 days.** One at the end of Quarters 1 and 3. Two will be prior to, after or will “bookend” Winter Break.
 - 120 minutes - Breakout Sessions
 - 90 minutes - PLC Collaborative Team time
 - 180 minutes - Work Time
- e. **1 day.** This day shall follow the last student day for general work and “closing” of school for the summer.
- f. Administration reserves the right to hold meetings during work time, planning time, preparation time, etc. - and will work to limit any such meetings in a way that still provides teachers with a reasonable amount of time for their personal planning/preparation for their classes.

16. The minimum total days for all faculty will be 185.

17. The calendar should be above the State minimums and attempt to stay within the following ranges of hours or days of student instruction:

Elementary

State Minimum: 1,032 hours or 151.1 days

FPS Range: 1,112 hours or 169 days
to
1,086 hours or 165 days

Johnson Crossing

State Minimum: 1,032 hours or 151.1 days

FPS Range: 1,175 hours or 172 days
to

**RESOLUTION OF THE BOARD OF EDUCATION TO SELECT THE
CONSTRUCTION MANAGER AT RISK CONTRACT DELIVERY SYSTEM**

WHEREAS, the Board of Education ("Board") of **Fremont Public Schools** (legally known as **Dodge County School District 27-0001** and referred to herein as the "School District") believes it to be in the School District's best interest to use the construction manager contract delivery system under the Nebraska Political Subdivisions Construction Alternatives Act ("Act") to complete the 2021 Bond Program ("Project").

BE IT THEREFORE RESOLVED that the Board hereby adopts the "Construction Management at Risk Contracts" policy.

BE IT THEREFORE RESOLVED that the Board assigns the following maximum percentage of total points for evaluation of proposals:

Criteria	Percentage
Financial resources of the construction manager to complete the project (maximum of 10%)	5
Ability of the proposed personnel of the construction manager to perform (maximum of 30%)	25
Character, integrity, reputation, judgment, experience, and efficiency of the construction manager (maximum of 30%)	25
Quality of performance on previous projects (maximum of 30%)	25
Ability of the construction manager to perform within the time specified (maximum of 30%)	10
Previous and existing compliance of the construction manager with laws relating to the contract (maximum of 10%)	5
Such other information as may be secured having a bearing on the selection (maximum of 20%)	5
Total (must equal 100%)	100

BE IT FURTHER RESOLVED that the Board hereby selects the construction manager at risk contract delivery system to complete the Project.

BE IT FURTHER RESOLVED and directs the School District's administration to prepare a request for proposals and publish notice of the same in a newspaper of general circulation within the School District and file it with the Nebraska Department of Education.

BE IT FURTHER RESOLVED that the Board hereby authorizes, empowers, and directs the School District's administration to take all actions necessary to comply with the terms of the Act in proceeding with the construction manager at risk contract delivery system.

BE IT FURTHER RESOLVED that the following individuals are designated as members of the Construction Manager at Risk Selection Committee:

- (1) Member(s) of the school board: Sandi Proskovec, Todd Hansen, Jon Ludvigsen.
- (2) Member(s) of the school administration or staff: Mark Shepard, Brad Dahl.
- (3) The school's architect or engineer: BVH, Olsson.
- (4) Individual(s) having special expertise relevant to selection of a construction manager under the Act: Paul Gifford.
- (5) A resident of the school district other than an individual included in subdivisions (1) through (4): Brett Richmond.

BE IT FURTHER RESOLVED that all proposals received in response to the request for proposals are hereby referred to the Construction Manager at Risk Selection Committee for ranking.

BE IT FURTHER RESOLVED that the ____ Construction Managers by the receiving the highest scores from the Construction Manager at Risk Selection Committee shall be scheduled for interviews with the Board of Education at a school board meeting.

Dated: _____, 2021

President of the Board of Education

ATTEST:

Secretary of the Board of Education

Construction Management at Risk Contracts

This policy is adopted pursuant to the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. § 13-2901 through § 13-2914).

The board shall adopt a resolution by a two-thirds affirmative vote selecting the construction management at risk contract delivery system prior to proceeding with any of the steps involved with solicitation or execution of any construction contract. For a project authorized under subsection (3) of section 13-2914, the resolution shall include a statement that the political subdivision has made a determination that the construction management at risk contract delivery system is in the public interest based, at a minimum, on one of the following criteria: (a) Savings in cost or time or (b) requirement of specialized or complex construction methods suitable for the construction management at risk contract delivery system.

Definitions. For purposes of this policy:

1. Construction management at risk contract means a contract by which a construction manager (a) assumes the legal responsibility to deliver a construction project within a contracted price to the school district, (b) acts as a construction consultant to the school district during the design development phase of the project when the school district's architect or engineer designs the project, and (c) is the builder during the construction phase of the project;
2. Construction manager means the legal entity which proposes to enter into a construction management at risk contract pursuant to the Act;
3. Proposal means an offer in response to a request for proposals by a construction manager to enter into a construction management at risk contract for a project pursuant to the act;
4. Request for proposals means the documentation by which a school district solicits proposals; and
5. School district means Fremont Public Schools.

Procedures.

1. Procedures for the preparation and content of requests for proposals shall include the following:
 - A. At least thirty days prior to the deadline for receiving and opening proposals, notice of the request for proposals shall be published in a

newspaper of general circulation within the school district and filed with the State Department of Education. The request for proposals shall contain, at a minimum, the following elements:

1. The identity of the school district for which the project will be built and the school district that will execute the contract;
 2. Policies adopted by the school district pursuant to the Act;
 3. The proposed terms and conditions of the contract, including any terms and conditions which are subject to further negotiation. The proposed general terms and conditions shall be consistent with nationally recognized model general terms and conditions which are standard in the design and construction industry in Nebraska. The proposed terms and conditions may set forth an initial determination of the manner by which the construction manager selects any subcontractor and may require that any work subcontracted be awarded by competitive bidding;
 4. Any bonds and insurance required by law or as may be additionally required by the school district;
 5. General information about the project which will assist the school district in its selection of the construction manager, including a project statement which contains information about the scope and nature of the project, the project site, the schedule, and the estimated budget;
 6. The criteria for evaluation of proposals and the relative weight of each criterion; and
 7. A description of any other information which the school district chooses to require.
2. Procedures for the preparation and submission of proposals by the construction manager shall be determined on a project-by-project basis and included within the requests for proposals.
 3. Procedures for evaluating requests for proposals submitted to the school district by a construction manager shall include the following:
 - A. The school district shall refer the proposals for recommendation to a selection committee. The selection committee shall be a group of at least five persons designated by the school district. Members of the selection committee shall include (1) members of the school

board, (2) members of the school administration or staff, (3) the school's architect or engineer (4) any person having special expertise relevant to selection of a construction manager under the Act, and (5) a resident of the school district other than an individual included in subdivisions (1) through (4) of this subsection. A member of the selection committee designated under subdivision (4) or (5) of this subsection shall not be employed by or have a financial or other interest in a construction manager who has a proposal being evaluated and shall not be employed by the school district or the school's architect or engineer.

B. The selection committee and the school district shall evaluate proposals taking into consideration the criteria enumerated in subdivisions (1) through (7) of this subsection with the maximum percentage of total points for evaluation which may be assigned to each criterion set forth following the criterion. The following criteria shall be evaluated, when applicable:

- (1) The financial resources of the construction manager to complete the project **(up to ten percent)**;
- (2) The ability of the proposed personnel of the construction manager to perform **(up to thirty percent)**;
- (3) The character, integrity, reputation, judgment, experience, and efficiency of the construction manager **(up to thirty percent)**;
- (4) The quality of performance on previous projects **(up to thirty percent)**;
- (5) The ability of the construction manager to perform within the time specified **(up to thirty percent)**;
- (6) The previous and existing compliance of the construction manager with laws relating to the contract **(up to ten percent)**; and
- (7) Such other information as may be secured having a bearing on the selection **(up to twenty percent)**.

The records of the selection committee in evaluating proposals and making recommendations shall be considered public records for purposes of NEB. REV. STAT. § 84-712.01.

C. The school district shall then evaluate and rank each proposal on the

basis of best meeting the criteria in the request for proposals and taking into consideration the recommendation of the selection committee.

4. Procedures for negotiations between the school district and the construction managers submitting proposals prior to the acceptance of a proposal if any such negotiations are contemplated shall include the following:
 - A. The school district may attempt to negotiate a construction management at risk contract with the highest ranked construction manager and may enter into a construction management at risk contract after negotiations.
 - B. The negotiations shall include a final determination of the manner by which the construction manager selects a subcontractor.
 - C. If the school district is unable to negotiate a satisfactory contract with the highest ranked construction manager, the school district may terminate negotiations with that construction manager. The school district may then undertake negotiations with the second highest ranked construction manager and may enter into a construction management at risk contract after negotiations.
 - D. If the school district is unable to negotiate a satisfactory contract with the second highest ranked construction manager, the school district may undertake negotiations with the third highest ranked construction manager, if any, and may enter into a construction management at risk contract after negotiations.
 - E. If the school district is unable to negotiate a satisfactory contract with any of the ranked construction managers, the school district may either revise the request for proposals and solicit new proposals or cancel the construction management at risk process under the act.
 - F. If the school district is able to negotiate a satisfactory contract with a construction manager, the school district shall file a copy of all construction management at risk contract documents with the State Department of Education within thirty days after their full execution. Within thirty days after completion of the project, the construction manager shall file a copy of all contract modifications and change orders with the State Department of Education.

5. Procedures for filing and acting on formal protests relating to the solicitation or execution of construction management at risk contracts shall include the following:
 - A. Definitions.
 - (1) Interested party shall mean an actual or prospective bidder whose direct economic interest would be affected by the award of a contract by the school district to another party or

by the failure of the school district to award a contract to such actual or prospective bidder.

- (2) Protest shall mean a written objection by an interested party on any phase of the bidding process, including specification, preparation, bid solicitation, and intent to award.

B. Right to Protest. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after public notice of the bid. Protests based on alleged apparent improprieties in a solicitation or other request for proposals must be filed before bid opening or the closing date for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the construction manager. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

- (1) The name and address of the interested party;
- (2) Appropriate identification of the relevant solicitation, and if a bid has been opened, its number, and date of opening;
- (3) A detailed statement of reasons for the protest;
- (4) Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
- (5) The action(s) the protestor desires the school district to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The school district shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the school district.

- C. Authority to Resolve Protests. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other bidders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.
 - D. Board Appeal Procedures. Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The school district board of education shall consider the Decision of the Superintendent and shall make the final decision on the protest. The school district board of education's decision shall be final.
6. A construction management at risk contract may be conditioned upon later refinements in scope and price and may permit the school district in agreement with the construction manager to make changes in the project without invalidating the contract. Later refinements shall not exceed the scope of the project statement contained in the request for proposals.

Prohibitions. The school district shall not use a construction management at risk contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

Re: Mid-Year Pay Adjustment

Members of the Board:

During the budget development process we discussed budgeting for a mid-year pay adjustment for Classified Staff. In an effort to attract and retain Classified Employees we have utilized this approach in the past. With increased employment and pay opportunities available in the greater Fremont area the administration is recommending the following adjustment:

- \$1.00 per hour increase added to each step of the Classified Pay Schedule
- This increase will equate to an approximate total cost to the district of \$274,000
- The starting step in the Classified Pay Schedule will increase from \$11.19 to \$13.41 per hour

It is the recommendation that the Board of Education approve the mid-year pay adjustment as presented.

Memorandum

To: Mr. Shepard, Board of Education
From: Jeff Glosser; General Operations Administrator
Date: December 13, 2021
Re: School Bus Purchases

Members of the Fremont Public Schools Board of Education,

The Administration is requesting the purchase of two (2) 14 Passenger School Buses and two (2) 12+2 Wheelchair Passenger School Buses.

Three Nebraska Companies were contacted to submit the Request For Pricing of the new busses. The companies include: Truck Center Companies of Omaha NE, Cornhusker International Trucks, Inc of Lincoln NE and Nebraska/Central Equipment, Inc of Alda, NE. Cornhusker International Trucks, Inc did not submit an RFP noting they do not build the Class A minibuses.

It is the recommendation of the Administration that the Fremont Board of Education purchase two (2) 2022 Thomas Built Minotour DRW 051MS busses based on the review of pricing and specifications. This is for a not to exceed purchase price of \$65,461.00 per unit; \$130,922.00 aggregate for two (2) busses.

It is also the recommendation of the Administration that the Fremont Board of Education purchase two (2) 2022 Thomas Built Minotour Special Needs DRW 051MS busses based on the review of pricing and specification. This is for a not to exceed purchase price of \$68,859.00 per unit; \$137,718.00 aggregate for two (2) busses.

The not to exceed grand total of the four (4) busses is \$268,640. The majority of the cost of the (4) busses will be paid through IDEA-ARP Funds procured by Joel Kerkman with the remainder coming out of the General Fund.

Thank you for your consideration.

Fremont Public School Food Service

Fremont Public Schools
Board of Education
130 East 9th Street
Fremont, NE 68025

Fremont Public Schools Food Service Department is requesting approval to purchase 14 cafeteria tables for Linden Elementary School. The tables being replaced are very heavy and hard to handle, creating potential for injury to school staff. The cost of the replacements is \$27,750.86 as per the U.S. Communities pricing quote from Virco Inc. an approved vendor for that multi-jurisdictional organization. Food Service funds will be used for this purchase.

Sincerely yours,
