**To charge tuition,
or not to charge tuition,
that is the question.**

Won't charging deter people from enrolling their child?

Let's compare costs...

Care Options for 3 & 4 year olds	Sterling Pre-K Program	In-Home Daycare	Center Based/ Private Pre-K Program
Cost per month, per child	\$0	\$600	\$940
Length of Time	8 hours, 5 days	8 hours, 5 days	3 hours, 4 days a week

Prior to starting pre-k, the majority of parents are already spending a substantial amount of money each month for care for their child . If we charge, for example, \$100 per month that is still a significant savings for families but would greatly impact our program.

We want to meet the needs of our community, parents, and children. We want every child in our district who is of age, or option enrollment child who will remain in our school system, to attend.

That is our goal, 100%.

However, by offering what we do, we are drawing in anyone looking for temporary, free care for their child and it costs our district financially in many areas.

Early childhood education is important in building a strong foundation in learning but the length of our program requires more learning materials to keep students engaged and provide a quality program.

Again, let's compare

Programs	Sterling Pre-K	Typical Pre-K Program
Length of day	8 hours	3 hours, morning or afternoon
Length of week	5 days	3 or 4 days
Age	3 and 4 year olds	4 year olds only

What would the pre-k program do with the tuition money?

Provide a high quality program for the children in our community that meets current standards in NE early childhood ed.

What standards exactly?

Themed Materials

Benefits of Themed Learning

- 1) Encourage a love of learning through their natural curiosity. They are motivated and excited to find out more on their own.
- 2) Children make deeper connections between different topics, subjects and skills. Helps them recognize the interconnectedness of the world around them.
- 3) Learning becomes meaningful because a theme creates a context for applications of the academic knowledge and skills. When children can relate what they learn to the real-world, they will understand and retain the new knowledge better.
- 4) Supports different learning needs by integrating different learning areas and skills.

Quality Materials

Ramps & Balls Exploration Set
\$149.00

Lakeshore Hardwood Hollow Blocks
\$379.00

Easy-Build Bricks - Master Set
\$299.00

Skills we can see:

- Social skills like sharing, cooperating, taking turns, and teamwork.
- Language development through planning, communication, new vocabulary, describing their structures and building process.
- Physical development like grasping, hand manipulation, refining gross and fine motor skills
- Spatial relationships and physical properties of objects
- Cooperation, teamwork and problem solving
- Math concepts such as size, shape, weight, and volume.

Family Support

We are so lucky to have families and a community always willing to help.

Wouldn't most parents be willing to invest money into the program if they knew that it was going to go directly into the classroom to be spent on quality materials and experiences for their children?

We have parents who ask if they can contribute to the classroom in some way but we only need so many boxes of tissues and bottles of sanitizer.

SCIENTISTS SAY IT TAKES

SYNAPSE IN THE BRAIN,
UNLESS IT WAS DONE BY PLAY,
IN WHICH CASE, IT
TAKES 10-20 TIMES.

Force of Nature—a powerful all-in-one cleaner, deodorizer and EPA registered disinfectant that kills 99.9% of germs

We would like to use healthier alternatives to bleach and lysol. This age group of kids still puts toys in their mouth and are still learning how to cover their coughs and sneezes. Using the Force of Nature would allow us to provide a deeper, quicker, and healthier clean.

To use Force of Nature we would only have to spray the objects. No need to rinse!

What would we use it on?

- Learning materials - High Touch Areas
- Bathroom - Accidents in the classroom

Creating Healthy Habits

An advantage we have with a full day program is that with more time comes more opportunities to create healthy habits. We want to add another element to our program through cooking experiences. Students would be following directions, reading recipes, building fine motor skills when working with the food, trying new food and taking turns with others.

School Improvement Goal for Pre-K -All PreK students will improve their gross motor.

The more staff development we do on this topic, the more we learn how important gross motor is to fine motor skills and attention span.

We would like to purchase more gross motor equipment for outdoor/indoor recess and for the classroom.

Giant Alphabet Stepping-Stones

\$299.00

Beginner's Basketball Portable Hoop

\$179.00

PROS

- Will not prevent anyone in our district from enrolling their children
- Our pre-k program will be able to meet current standards in ECE
- Purchase more, quality materials that will increase engagement
- Increased engagement will in turn mean improved behavior in students
- Improved sanitation and cleaning of materials and classrooms
- Expand our program through new learning experiences
- Continue growth in the area of our school improvement goal
- Charging tuition will not affect the current budget

CONS

- We can't think of any...

Superintendent Report

Principal Report

CPI - Board policy 6033

Training

All staff members shall be provided notice of this policy and will be trained on its contents. The Superintendent or his or her designee will identify school staff members likely to implement the restraint or seclusion interventions authorized by this policy and arrange for those individuals to receive appropriate training on the appropriate implementation of such interventions and the use of other behavioral supports and interventions.

Transportation/AD Report

- We have started the 3rd round of vehicle inspections and I will have a report for you at our next meeting.
- Track season is in full swing and we have 31 students (17 boys/14 girls) out for track this season. Their season kicks off with the Pioneer Conference Indoor meet on Wednesday, March 23rd at Doane.
- I will be attending the Pioneer conference AD on Tuesday, March 22nd. I will give you a report at our next meeting.
- We have secured the date of Thursday, July 14th with Egan Supply to refinish our gym floor for next year. This is a couple weeks later than last year.
- Kudu Lawn Care will be here sometime in the month of April to fertilize and aerate our football field and the front lawn of the school.

Transportation/AD Report

- We are hosting the JH Mudecas quiz bowl on Monday, April 11th. 13 schools will be participating in this event. Josh and I will be getting the schedule out to everyone in the very near future. Students will not be in session on this day.
- The NSAA plans to survey member schools to see what format they would like to use going forward for the girls/boys state BB tournaments. In talking with various people, there were pros and cons to doing it all in one week. They will seek guidance from the membership schools and proceed from there.

Dear Mr. Jacob Davenport,

Please accept this letter as formal notification that I am resigning from my position at Sterling Public Schools at the conclusion of the signed 2021-2022 school year contract.

Thank you so much for the opportunities I have been given while at Sterling Public Schools. I've greatly enjoyed my time with the district and community and have fostered skills and relationships that will continue to impact my career.

Please let me know if there is anything I can help to be of assistance with the transition of finding a new teacher. I plan to leave my lesson plans and activities organized for easy use.

Thank you for your support and guidance throughout the years and I wish you all the best.

Sincerely,

A handwritten signature in cursive script that reads "Camden Harlan". The signature is written in dark ink and is positioned below the word "Sincerely,".

5004 Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for insuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. **Option Student Defined.** Option student shall mean a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. **Resident School District Defined.** Resident school district shall mean the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. **Option School District Defined.** Option school district shall mean the school district that a student chooses to attend other than his or her resident school district.

2. **Persons Entitled to Apply for Option Enrollment of Students.** Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.

3. **Duties, Entitlements and Rights of Option Students.** Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

4. Standards for Acceptance or Rejection of Option Students.

- a. **Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, projected number of students with which the option school district will contract based on existing contractual

arrangements, and availability of appropriate special education programs. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.

- b. **Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, declare a program, a class, or a school unavailable to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- c. **Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept an option student when acceptance of the student:
 - i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
 - ii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;
 - iii. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff.
 - iv. Would require the procurement of new equipment, technology, or furnishings;
 - v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
- d. The school district shall accept an option student with a disability only to the extent that the school district's then current staff and facilities are sufficient to accommodate the student's needs without significantly increasing the operating costs of the school district, such as by requiring the hiring of new staff.
- e. If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted in the following order:

- i. students with brothers or sisters attending the school district, either as resident students or as option students, shall be granted first priority;
 - ii. thereafter, option students shall be accepted into such program, class, grade level or school building in the order in which written applications were received by the school district.
5. **False or Misleading Option Applications.** If, prior to the student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information, the option application will be rejected.
6. **Academic Credits and Graduation.** The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.
7. **Information Regarding Schools, Programs, Policies and Procedures.** The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.
8. **Procedure for Students Optioning Into or Out of the School District.**
 - a. The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
 - b. On or before April 1st, the school district shall notify the parent or legal guardian of any student who has submitted an application to option into the school district and the resident school district, in writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

9. Late Applications and Requests for Release

- a. The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15th under the following conditions:
 - i. When the district has already entered into contracts with teaching staff for the following school year;
 - ii. When the district has already contracted for the performance of specific services for the student;
 - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.
- b. The board of education will approve late applications to option into the district under the following conditions:
 - i. When the resident district has released the student;
 - ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy.

The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15th no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

9. Students Who Do Not Need a Release from the Resident District

- a. A student does not need to be released from his/her resident district under the following circumstances:
 - i. When the student has relocated to a different resident school district after February 1
 - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

11. Cancellation of Option.

Students who option either into or out of the school district shall:

- a. Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.
- b. Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

12. Authority of Superintendent.

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.
