April 14, 2025

Student Council will be electing new officers at the end of the month. The School Service committee is coordinating a project that deals with the staff and the students.

Some of the National Honor Society members will be helping with the Kindergarten Round-up in May.

The Speech team ended their season with districts at McCool Junction. No one advanced to state competition.

The Spring Concert is tonight at 7:00 p.m.

Nine FBLA members attended their state convention in Kearney last Thursday-Saturday. They listened to motivational speaker Kyle Willkom who talked about acting on dreams. They also listened to state officer candidate speeches and competed in personal finance, health care administration, and accounting categories.

Middle school Art Club members visited Hastings College. This trip was fully funded through the Nebraska Arts Council. They were able to see the current ceramic exhibition along with the Art Center at Hastings College; highlights included the glassblowing area and a live Raku ceramic firing demonstration. The students ate lunch on the college campus and then visited the Hastings Museum where they watched a nature documentary in 3D.

FFA competed at State Convention in Lincoln April 2-4. The Ag Mechanics team placed 13th with Lenden Worm and Cooper Benjamin receiving purple ribbons. The Welding team placed 25th with Cooper Benjamin placing 10th among all competitors. The Farm Business Management team placed 26th. The Middle School Quiz Bowl team made it to the quarter finals. These members received their state degrees: Halle Barga, Dylan Edwards, Faith Butler, Lenden Worm, Mia Gardner, Colton McCutcheon, Caiden Smullins, and Thomas Mathis. FFA is holding officer interviews next week.

The Dance Team will be holding tryouts on April 23. Sixteen are trying out.

The Juniors hosted a Las Vegas themed prom last Saturday night at the auditorium.

5th Grade - revising ELA IPRs and assessments

PE - finishing up outcomes and components, adding in Health standards

SEL - finishing up outcomes and components (will continue to use Second Step)

April Middle/Secondary Board Report 4/14/2025

Parent-Teacher Conferences

On Thursday, March 13th, we held parent teacher conferences from 1:30pm to 8:00pm. The parent attendance rate varied from 8% to 50% for teachers.

State Testing

State testing started after spring break. Juniors are required to take the ACT test for our Nebraska accountability test in high school. This test took place on Tuesday, March 25th at Superior High School.

All sixth through eighth grade students are required to take NSCAS Growth tests for English Language Arts and Math. Along with these two tests, eighth grade students also take the NSCAS Growth Science test. Testing for NSCAS Growth happened on April 7th-9th. Any student that was gone during this time will take this test at a later date in April.

The Pre-ACT is not a state mandatory test, but we have sophomores take this test to help them prepare for the ACT their junior year. Sophomores were given this test on Wednesday, April 2nd.

Instructional Goal Update

As a secondary team, our goal this year has been to enhance engagement within the classroom. On Thursday, March 27th two representatives from our Nebraska MTSS team and one from our ESU9 visited teachers' classrooms to see how our engagement has been improving. Kris Kampovitz from MTSS was very impressed with how our teachers were using engagement strategies and how our students were actively engaged in the classrooms.

Student Activities

On Thursday, March 27th, our middle school students had a spring band and music concert. Mrs. White had the sixth grade band perform, the sixth grade choir perform, the seventh - eighth grade band perform, and the seventh - eighth grade choir perform. All students did a great job performing that afternoon.

Mr. Breland and Mrs. Blevins took the middle school art club students to an art exhibit at Hastings College and then to the IMax for an educational movie. This was funded by a Nebraska Arts grant that Mr. Breland applied for.

Mr. Going and Mr. Thomas took students to state FFA on April 2nd-4th. We had twenty-three FFA members attend state this year. On the last day of state, eight seniors were recognized by earning their state degrees.

On Saturday, April 5th, we hosted prom at the city auditorium. The theme this year was Las Vegas. Mrs. Blevins and the junior class did a great job on having a successful prom.

Mrs. Fuller took eight students to state FBLA on April 10th-11th.

BOARD OF EDUCATION MEETING ADMINISTRATIVE REPORT

Building: District

Meeting Date: 4/14/2025

District Updates

1. Who will be attending graduation next month on Saturday, May
2. I will be gone Tuesday and Wednesday of this week.
 - a. Tuesday and Wednesday I will be sitting on the Broken Bow 5-Year accreditation visit team.
 - b. Wednesday evening I will be in Kearney at a Budget Workshop
3. Mammoth Sports will be here on Thursday to look at the track and make recommendations. I have worked with Mammoth multiple times in the past and their work is second to none. I will update you on what their opinion(s) is in next week's weekly notes.
4. We moved the final budgeted amount of \$37,528 dollars into the Meal Fund. Hopefully, this will get us through and we do not have to republish. I am optimistic that it will.
5. On Wednesday, April 23, 9-12 students will be participating in a Community Wide Cleanup in the afternoon.

Legislative Update and NASB Opinion

1. LR 28 - Eliminates The Board of Educational Lands and Funds
 - a. Bill on Nebraska Legislation Site
2. LB 135 - Provides for bond elections during general elections only - not special elections.
 - a. The fear is that this will cause a rush to market and drive-up prices.
3. LB 213 - Mandates specific curriculum changes and teaching methods by SBOE in science standards which may require additional statute changes for further content changes. Prescriptive curriculum more appropriate for higher ed. Already being taught.

a. Charles Riedesel, Beatrice BOE testified on NASB's behalf. I am speaking today because education has been my life. After hearing about this bill, my concerns center on pedagogy, appropriateness, effectiveness, impact on students and upending local authority, I have taken a close look at what other states have been doing, reading their bills and viewing their materials, most notably the "Baby Olivia" video that is often cited. Based on this research, I can see two major flaws in our bill. Like the other bills, LB 213 displays a lack of respect and appreciation for teaching professionals and the educational support system that has been developed in the state. I will be sharing some details that contrast what has been working with how the directives of this bill run counter to it. The proscribed pedagogy described in this and similar bills in other states uses techniques and very graphic material that is not suitable for the affected grade levels. Use of "shock and awe" to impress lessons into memory is definitely inappropriate and can be traumatizing. It reminds me of the abortion protestors marching with their children who display posters of bloodied fetuses. And some of you may remember the well-intended but extremely intense anti-drug use ads from the War on Drugs. Such as "This is your brain. This is your brain on drugs." which uses the image of a frying egg. They did not work! (See <https://www.youtube.com/watch?v=7-JWIWVmVms>) for the Top 10 Worst. In more ancient times, tutors would take their charges to particular sites, give them a lesson, then apply some physical distress. That was thought to help the children remember. Now for the points I wish to make.

- Some states have centralized control of curriculum. Nebraska does not. Imposing this level of specificity would not be in keeping with precedent and current practice.
- The Nebraska Department of Education does not mandate curriculum. Curriculum development and selection is a local school district responsibility,
- Local school districts are responsible for selecting or developing curricula that meet the learning preferences and cognitive development levels of their students. Because of this, curricula can vary significantly from one district to another. The selection of curricula should remain with local school districts.

- Selection of instructional materials is the responsibility of individual teachers. Teachers are content experts who have pedagogical knowledge and skills. They are in the best position to determine the instructional and learning materials for their students. Nebraska teachers are trained to review and select instructional materials that are high-quality and are aligned with the Nebraska College and Career Ready Standards for Science.
- The Nebraska College and Career Ready Standards for Science are written to help students learn to “think like scientists”. Students are expected to meet standards that require them to analyze and draw conclusions based on evidence. Instruction in the 23 stages of embryology, as mandated by LB 213, instead emphasizes memorization and knowledge-level learning which is inconsistent with how current science standards are written. (I am listing the Carnegie stages below.)
- These Standards for Science do include standards and indicators that relate to prenatal development, including indicators that require students to use general knowledge of embryonic development.
- Embryology itself is NOT typically taught in K-12. You can check the online Nebraska Science Standards which are very general, nothing remotely resembling the specificity of LB 213.
(https://www.education.ne.gov/wp-content/uploads/2024/12/Nebraska-Science-Standards_12-17-24-Update-002.pdf)
- Human Anatomy and Physiology IS typically taught at grade level 10-12
(<https://modernstates.org/course/human-growth-and-development/>). It covers fundamentals generally taught in a one-semester introductory course in developmental psychology or human development, including infancy, childhood, adolescence, adulthood, and aging. The goal is to enable students to pass the College Board’s CLEP examination and obtain college credit for free.

• The detailed 23 Stages of Embryology are inappropriate as part of a K-12 curriculum. The Carnegie stages of embryology are typically taught in a human embryology class within a medical school curriculum. It is a fundamental concept for understanding early human development and is considered a required part of any human embryology textbook. Do you SERIOUSLY think that learning the following would be well received and effective for K-12 students? The 23 Carnegie stages of embryology are as follows: (I won't read them all.):

- fertilized oocyte, zygote, pronuclei
- morula cell division with reduction in cytoplasmic volume, blastocyst formation of inner and outer cell mass
- loss of zona pellucida, free blastocyst
- attaching blastocyst
- implantation
- extraembryonic mesoderm, primitive streak, gastrulation
- primitive pit, notochordal canal
- gastrulation, notochordal process
- Somitogenesis Somite Number 1 - 3 neural folds, cardiac primordium, head fold
- Somite Number 4 - 12 neural fold fuses
- Somite Number 13 - 20 rostral neuropore closes
- Somite Number 21 - 29 caudal neuropore closes
- Somite Number 30 leg buds, lens placode, pharyngeal arches
- lens pit, optic cup
- lens vesicle, nasal pit, hand plate
- nasal pits moved ventrally, auricular hillocks, foot plate
- finger rays
- ossification commences
- straightening of trunk

- upper limbs longer and bent at elbow
 - hands and feet turned inward
 - eyelids, external ears
 - rounded head, body and limbs
 - I have a link to a site with appropriate high school level videos of human embryology:
<https://www.biointeractive.org/classroom-resources/human-embryonic-development>
 - Specifying High-definition visual recordings which are of at least four-dimensional quality, commonly referred to as 4D is overly proscriptive.
 - On whose authority is the specified recording format and content optimal and essential for sharing information with children, so much so that it has to be mandated by the state, contrary to precedent and established practice? Is the intent to provide an honest effective education or is it an urgency to impress heart-felt religious convictions on our youth?
 - Even if Nebraska were to change to having a centralized curriculum, any proposed legislation should at least include a requirement that educational materials be based on information from reputable medical organizations, such as the American College of Obstetricians and Gynecologists and the American Academy of Pediatrics. It should also contain a mandate that information be free of racial, ethnic, sexual orientation, and gender biases.
 - This bill devalues the expertise of teaching professionals. There's a lot of pedagogy that goes into teaching and being an educator. Please take all this into consideration as you debate LB 213.
 - i. Bill on Nebraska Legislation Site
4. LB 300 - Limits Superintendent pay to five times a "beginning teacher's salary" as defined.
Does not take into consideration market factors of labor supply or location of district.

SUPERIOR PUBLIC SCHOOLS

HOME OF THE WILDCATS

5. LB 424 - Limits increase on property taxes.
 - a. Gary Kubicek (Norris) testified on NASB's behalf. LB 424 aims to limit increases in property tax bills, adding additional caps to public schools that would threaten our ability to fund everyday operations such as staff, infrastructure, emergency response, and all other expenses. These are especially important considerations for a growing district like Norris. Looking back two years, the current mechanisms since the passage of LB 243 have worked. You don't have to take my word for it, you can take Governor Pillen's. From his November 8th press release, on the 2024 School Property Tax Collection Report, he states "Caps are working to slow the growth of school property taxes. It is estimated that in 2024 growth will be 2.7%, the smallest percentage increase since 2018." This legislation placed a spending limitation on local school districts and their boards of a 3% growth cap with some exceptions, while also allowing for local control. Placing additional limits on growth could impede a board's ability to meet the needs of their district and community, which is what I was elected to do. At Norris, we operate as a fiscally responsible board no matter the environment, focusing annually on a number of items as we develop a budget. As an example, during our last budgeting process we addressed our levy and were able to lower it six cents and reduced our tax asking by \$40,000. All with the end goal of providing a quality education and welcoming culture for our students, parents and staff. We were able to do these things in the environment that we work in today. This bill takes an overly restrictive approach that could do more harm than good. Instead of additional caps, policymakers should allow locally elected boards to make the decisions they were elected to make and stand accountable to the taxpayer for those decisions.
6. LB 427 - Set up of an Educational Savings Account for each student to be used to attend school of choice (public or private).

SUPERIOR PUBLIC SCHOOLS

HOME OF THE WILDCATS

- a. Provides for Educational Savings Accounts (ESAs) to be managed by State Treasurer for K-12 public and private students for qualified education expenses as defined (tuition, fees, textbooks, software and required course materials, tutoring, educational therapies, or cognitive skills training.
 - b. The Nebraska Association of School Boards writes in opposition to LB 427. Our association has two primary concerns as it relates to the implementation of the bill.
 - c. 1) There is no cap on program spending. As a result, the State could be responsible for a growing expense that could put future funding for K-12 education in jeopardy. You only have to look to our neighbor in Iowa to see how the costs can balloon.
 - d. 2) The mechanisms currently within the bill are not sufficient to prevent widespread fraud and abuse. In other states where a similar bill has been passed, the state became the payer for frivolous expenses not in line with academic outcomes.
 - e. We urge the committee to look for themselves what has happened in other states as a result of bills of this nature before moving this bill forward.
7. LB 440 - Education Leave and Support Act
- a. The Nebraska Association of School Boards writes in opposition to LB 440. While our members understand the problem this bill attempts to solve, we are not sure the proposed solution is equitable across all districts in Nebraska. For many districts the outlay of funds by both employee and employer will be much larger than the returned benefit. Several smaller districts have no fiscal liability for payments for substitute teacher compensation due to FMLA leave. The mechanisms used by districts across the State to address educator absence due to FMLA. For example, taxable wages paid to some certificated teachers includes their base salary (including extra-duty pay) plus Cash-In-Lieu insurance and long-term disability. Other districts may choose to compensate their staff differently between salary, insurance and other taxable benefits which does not make for a balanced comparison between districts.

SUPERIOR PUBLIC SCHOOLS

HOME OF THE WILDCATS

- b. While the additional tax on employee's does not impact property tax payers, the employer portion of the payroll tax will be a direct property tax increase on many districts. As such, the State could consider an appropriation in line of an employer contribution which would not impact local budgets. We pledge to work with the introducer and NSEA to find solutions.
8. LB 557 - Changes to Enrollment Option Program
 - a. Provides for a payment of \$2500 to a student whose option enrollment was denied. Ed Swotek (Malcolm BOE, NASB Vice President) testified on NASB's behalf.

SUPERIOR PUBLIC SCHOOLS

HOME OF THE WILDCATS

- b. There are many proposed changes called out in LB557 that have a detrimental impact on Nebraska's option enrollment program, including an unlimited number of times a student can option to another school building or district during their K-12 educational career, an open-enrollment period throughout the year which negates adequate budgetary and staff planning, an undefined list of acceptable "standards" districts can use to deny option enrollment applications, and the list goes on. In the interest of time; however, I wish to focus on just two very key components written into this bill: first, ignoring the physical and economic reality of school capacity; and secondly, the creation of a taxpayer-funded cash voucher system that can; (a) likely funnel millions of dollars away from our Nebraska public school system as tax-free bonus checks to recipients; and (b) lend itself to be ripe for abuse. After taking care of kids in our own district first, which is required by law, my school district, Malcolm, like many other option-positive districts throughout the state, make their empty desks available to option students to maximize efficiency of current staff, programs, and facilities. This is testament to strong fiscal discipline by properly managing fixed costs and utilizing fixed assets to their fullest potential. Once these empty desks are filled to capacity, option-positive districts do the right thing and wisely turn down additional applicants to avoid excessive, unmanageable class sizes; overburdening existing teaching staff and support services; limiting opportunities for students to actively participate in selected programs or activities; and preventing the need to add temporary portable classrooms or spending countless dollars on expanding existing building facilities to accommodate over-capacity students. LB557's dismissal of the physical and economic reality of capacity will indisputably lead to the negative consequences I just mentioned. Secondly, public tax dollars should be invested in public education; not in \$2,500.00, tax-free cash vouchers. In an era where you as legislators are seeking ways to leverage public tax dollars to keep property taxes from continuing to climb, issuing cash vouchers under this bill will ultimately dilute

SUPERIOR PUBLIC SCHOOLS

HOME OF THE WILDCATS

state funds intended for public education. Likewise, nothing in this bill prevents a parent from submitting an option enrollment application to a school district knowing full well that district is not accepting additional nonresident option students in order to collect a tax-free, \$2,500.00 cash voucher. Once it becomes known a specific district – or even as LB557 permits, an individual school building within the applicant’s home district – is no longer accepting option students, others may choose to abuse the system to collect their \$2,500.00 cash voucher. This voucher system is administratively burdensome, wasteful spending and a backdoor approach to funneling public tax dollars out of our nationally-recognized Nebraska public school system. On behalf of the NASB, I strongly urge you to oppose LB557. Let’s not create an unworkable, inefficient, and wasteful system that functions much like the fictitious airline story I shared with you earlier. Nebraska’s option enrollment program works pretty well, it promotes efficiency and serves the best needs for our students.

Motion to amend the Secondary Principal contract for the 2025-2026 school year as presented carried with a motion by Matt Bargaen and a second by Luke Meyers.

Matt Bargaen: Aye, Brad Biltoft: Aye, Peggy Meyer: Aye, Luke Meyers: Aye, Matt Sullivan: Aye, Krista Tatro: Aye
Aye: 6, Nay: 0

The contract previously had the incorrect amount for salary and the Sped director verbiage needed removed.

2.11. Cooperative Agreement for boys wrestling

Steph reported that the boys' wrestling cooperative is set to expire April 1st. She would like to have it expire and review the enrollment numbers for next school year before renewing. Steph reached out to NSAA to make sure that it's okay to wait. Board will review numbers in June.

3. Discussion Items

3.1. Policy Review 3044 - 3050

Board reviewed policies 3044, 3045, 3046, 3047, 3048, 3049 and 3050. No changes were made to the policies.

3.2. Report from Board Committees

Budget and Finance Committee will be meeting. Long range planning committee will also be meeting after budget meeting.

3.3. Tuition Reimbursement

This is one of the changes to next year's negotiations. Ms. Gilbert will be taking classes so that she can teach some science classes as a dual credit course.

Mr. John Whetzal
Superior Elementary
601 W. 8th St.,
Superior, NE 68978

Dear Mr. John Whetzal

This letter is to confirm that I am resigning my position as a first grade teacher at Superior Public Schools effective at the end of the 2024-2025 school year.

I have appreciated the opportunities I have had to learn and grow at this school. The past two years have been filled with many joyful and memorable experiences with my students and I have enjoyed watching them continue to grow.

Please reach out and let me know of any steps I can take to help make the transition process as seamless as possible. Thank you again for the opportunities that were given to me during my time at Superior Elementary. I look forward to seeing Superior Elementary continue to grow and be successful.

Sincerely,

Kara Vetter

MELISSA J. BARRY

SUBJ: Contracts for Special Education Services for 2025-26 School Year -
School Age and Below Age Five

Thank you for meeting with ESU 9 representatives regarding your services for the 2025-26 school year. During our conversations, you agreed to purchase the following services for your district (see attached). We are respectfully asking that your board approve this contract during its next board meeting.

Attached please find a copy of the Contract for Special Education Services for school age and below age five children for school year 2025-26. The following information is provided to assist you in completing the budgeting process. As a reminder, these rates are an estimate.

The Special Education Contract for Services is based on the cost estimates prepared for your school. The amounts and types of services included in this contract have been based on estimated costs for the following school year.

Please review the accompanying estimated costs as reported on Schedule "B" and, if acceptable, sign the contract by January 31, 2025. The district should retain a copy of the contract, which includes the Schedule "A" (Description of Services) for audit purposes, and return a signed copy of the contract back to ESU 9. Please be reminded that ESU 9 uses contracts with schools as a basis for hiring staff needed to provide the amount of services purchased by schools. Therefore, projections are calculated to be as close to actual needs as is possible.

If the school contracts with other agencies for special education services, that agency should also provide the school with a contract, a description of services, and a cost schedule. Prior to contracting with other agencies, the district should check to make sure the agency has a state approved rate. For more information on service agencies see 92 NAC Rule 51.

Just a reminder to include in your school district's special education budget for 2025-26 the following:

- 1. Contracted amounts from ESU 9
2. Costs for district hired staff
3. Services purchased from other school districts
4. Services purchased from service agencies other than ESU 9

If you have any questions regarding the attached contract, please contact us.

EDUCATIONAL SERVICE UNIT 9
CONTRACT FOR SCHOOL AGE AND BELOW AGE FIVE
SPECIAL EDUCATION SERVICES

THIS AGREEMENT, made and entered into this 23rd day of January, 2025, by and between EDUCATIONAL SERVICE UNIT 9 of the State of Nebraska hereinafter called "SERVICING AGENCY", and Superior Public Schools, called "DISTRICT". This contract is in effect from August, 2025 or the date signed by both parties, whichever is later, through May, 2026.

WITNESSETH:

The District does hereby agree to hire Servicing Agency to service its school age students with disabilities and below age five children with disabilities during the school year 2025-26 and the Servicing Agency agrees to act as such Servicing Agency for the consideration and under the terms and conditions as hereinafter set forth:

1. A description of the program of Special Education and related services to be provided to District students shall be as set forth in Schedule "A" hereto attached and by reference made a part thereof.
2. It is agreed that the District shall pay the Servicing Agency for said special education or related services as listed on Schedule "B".
3. The Servicing Agency agrees to bill the District for the actual cost of special education services rendered and to make any adjustments caused by prior overpayment or underpayment.
4. The Service Agency retains the right to adjust any service rate listed on Schedule "B" during the contract period.
5. The Servicing Agency agrees to provide the District with the final billing and the actual rate for cost of services. A complete reconciliation of the actual costs of special education services rendered will be provided upon request only. The final billing to the District shall serve as a final reconciliation of the amount of payments. The Servicing Agent will apply credits owed from the final billing to any amounts due to the Servicing Agent. Amounts billed to Districts on the final billing must be paid in full within 45 days of date of final invoice.
6. The District agrees that the final billing for special education services submitted to the District by the Servicing Agency for actual services rendered during the contract period shall be considered as an amendment to the original contract and by reference made a part thereof.
7. Special education programs or services which extend beyond the regular school year will be provided by the Servicing Agency upon request by the District. Said costs of such extended programs shall be billed to the District by the Servicing Agency and the District agrees to pay the Servicing Agency for any such costs.
8. It is further agreed that in the event the District does not pay the Servicing Agency as herein set forth, the Servicing Agency may cancel this contract and refuse further service. In the event of such cancellation, the Servicing Agency may recover any past due amounts.
9. Upon request, the Servicing Agency shall record and supply to the District information on each child for whom services are contracted.
10. Servicing Agency shall assist the District with the preparation of financial reports and other procedures required by NDE Rule 51 and any other applicable law when requested by the District.
11. The District delegates the development of the Individual Education Program (IEP) and Individual Family Service Plan (IFSP) to the Servicing Agency and the Servicing Agency agrees to perform those duties required to comply with NDE Rule 51, Rule 52 and any other applicable law.
12. The District and the Servicing Agency agree to abide by the mandated procedures for identification, verification, placement, development of the Individual Education Program and Individual Family Service Plan, inspection and review of student records, and other requirements as specified in NDE Rule 51 and any other applicable law, Regulations and Standards for Special Education Programs, Nebraska State Department of Education, the Federal Regulations of the Individual with Disabilities Education Act (IDEA).
13. The District hereby agrees that changes or modifications in the program or children served shall be mutually agreed upon before said change or modifications are implemented.

14. Should the Servicing Agency be unable to render the services contracted because of the Servicing Agency's inability to employ personnel who meet the criteria for employment of the Servicing Agency and/or the certification requirements of the State of Nebraska, or for other reasons which are determined by the Servicing Agency to be valid, the Servicing Agency will not assume liability for those services contracted for but not provided. In which instance, schools will be notified no later than September 1, 2025.
15. The District herewith agrees that any act intentionally and unilaterally done which act may cause litigation against the Servicing Agency shall be defended at the sole expense of the District and any damages assessed against the District for the Servicing Agency or either of them shall be borne entirely by the District. This paragraph shall not operate to indemnify or relieve the Servicing Agency of any liability otherwise attaching to it under any applicable state or federal law, nor to any action undertaken by the District in the provision of special education services or related services which is undertaken in consultation with the Servicing Agency or in a good faith effort by the District to comply with lawful obligations of the District.
16. The Servicing Agency shall be responsible to the District for acts and omissions of the Servicing Agency's employees, subcontractors and their agents and employees, and other persons or entities performing portions of the work for, or on behalf of, the Servicing Agency or any of its subcontractors. As part of that responsibility, the Servicing Agency shall enforce the District's alcohol-free, drug-free, tobacco-free, harassment-free and weapon-free policies and zones, and all policies and regulations with regard to criminal background check and sex offender registry notice found on the District's website and require compliance with those policies and zones by the Servicing Agency's employees, subcontractors, and all persons carrying out the contract.
17. The District herewith agrees that in the event the District desires to change the services provided by this contract for a subsequent year whether by change in staffing, change in specific personnel, change in contracted hours of any area of endorsement held by personnel presently assigned to the District, to eliminate any program or service being provided pursuant to this contract, it shall be the duty of the District to notify the administrator in writing of such requested change on or before March 15th next preceding the starting date of the school year to be affected by any changes as are described in this paragraph.
18. The District herewith agrees that in the event that no such written notice is made to the Servicing Agency on or before March 15th, that the Servicing Agency shall be entitled to assume that the District desires the same FTE in all areas of endorsement, certification or other qualification, and in all programs it had through this contract with the Servicing Agency. In the event the District should later notify the Servicing Agency of a diminished request for FTE in any area of endorsement, certification or other qualification, or in any program or service provided by this contract, the Servicing Agency shall use its best effort to find other employment for such affected personnel, provided, however, that in the event such personnel cannot be reassigned and to the extent that such personnel constitute a cost to the Servicing Agency that cannot be passed through by way of contract or otherwise, the District agrees to pay any cost incurred by the Servicing Agency for such personnel.
19. This contract may be renegotiated by mutual agreement.

 - B. To monitor and consult on individual student programs.
 - C. To provide on-going communication with all school and ESU personnel.
 - D. To provide on the job training in diagnostic, instructional, and communication skills.
 - E. To assist in the communication and case coordination with all who may be involved with the child including outside agencies and professionals.
 - F. To provide assistance with vocational assessment and programming for students with special needs.
 - G. To assist in the development of behavioral interventions and educational strategies for students.
 - H. To provide staff training to address specific educational needs.

IV. Below Age Five Program Supervision

Disability Category - All disability categories as per 92 NAC 51/52

This service includes the program consultation/supervision duties described above under Education Coordinator. The cost of this service is funded through contracts with schools for below age five special education services.

V. School Psychologist

Disability Category - All disability categories as per 92 NAC 51/52

Service Descriptors:

1. Diagnosis
 - A. Select and administer appropriate individual psychological and educational tests to be used in the diagnosis of cognitive disorders, psychological processing

problems, learning problems, behavioral disorders including social and emotional maladjustment, problems of achievement and other problems relative to general child development.

- B. Gather relevant data through observation and/or consultation.
- C. Interpret diagnostic results of informal and formal individual evaluation and from information provided by outside agencies or from the student's cumulative school data.
- D. Report findings that would be relevant to understanding the student's level of functioning, basis for disability, pertinent strengths and weaknesses and prognosis for progress and development.
- E. Provides consultation for re-verification of students.

2. Multidisciplinary Team Participation

The psychologist's responsibility on the team is for presentation and interpretation of diagnostic data relative to verification of handicapping conditions, making recommendation regarding appropriate program placement, and conferring on general or special objectives to be included in the student's educational plan.

3. Consultation

- A. Consultation with parents for gathering home and environmental data and for interpreting to parents the implications of diagnosis, verification and placement.
- B. Consultation with classroom teachers, resource teachers or other school personnel for information gathering and for making recommendations relative to special education programming.
- C. Conferring with agencies or individuals outside the schools such as the courts, medical personnel, mental health or other social service agencies, for the purpose of receiving or relating pertinent student information.

4. Referral

Provide information regarding local, state, or regional sources for diagnosis, therapy, or placement or for other services which cannot be provided by the local school or by Educational Service Unit.

5. Inservice

Provide information to teachers, parents or community groups relative to individual student needs.

VI. Compliance Services

A part of ESU 9's funded supplemental service to schools is the compliance service. ESU 9 will make recommendations to district administrators and other appropriate personnel (either verbal or in writing) in order to assure that laws and regulations governing special education are being properly interpreted and enforced.

One major function of this service is to assist schools faced with mediation and/or a due process hearing. Since the special education laws affords parents the right of due process, compliance services are necessary to help avoid or reduce costly appeals.

VII. Financial Services

Another ESU 9 funded supplemental service provided to schools is the service of a full time accountant. The Business Office Manager is responsible for preparing the special education cost estimates for each school contracting for services on an annual basis. The Business Office Manager may also prepare the final financial report for the school. These items

are annually submitted to the State for approval. These services are provided for special education programs for children below age five as well as for school age programs.

VIII. Director of Special Services

As part of ESU 9's supplementary service, it provides a qualified Director of Special Services who is responsible for all special education services provided to schools. The Director's duties include recruiting, interviewing and recommending to the Administrator those candidates ESU 9 would like to employ to serve schools through their contractual agreements. Personnel problems, appeals by parents, staffing patterns and assignments also are duties assigned to the Director. The Director is assisted by education coordinators, supervisors, and other directors. The Director is in charge of below age five services and is responsible for identifying future needs of schools and preparing plans to meet these needs.

Prekindergarten (Preschool or Early Childhood) Program

The school board establishes a program to provide prekindergarten services to students, also referred to as an early childhood or preschool program. The school district will provide the program in compliance with state law and 92 NAC 11 (Nebraska Department of Education "Rule 11"). The availability of the program is subject to the district being able to employ and retain appropriate and qualified personnel.

Purpose. The purpose of the program is to promote the social, emotional, intellectual, language, physical, and aesthetic development and learning for the children served and to promote family development and support.

Age Participation. The program will be available to children of the following ages:

- Children who are 3 years of age before July 31 of the enrollment year;
- Children who are 4 years of age at the start of the enrollment year; and
- Children who are 5 years of age at the start of the enrollment year, so long as they do not turn 6 years of age prior to January 1 of that year (subject to the participation limitation below).

All enrollment is subject to capacity limitations and enrollment priorities established in this policy

Five-Year-Old Participation. Participation of 5-year-old students who will not turn 6 prior to January 1 of the enrollment year will be further limited to those students who qualify for Special Education Services, according to NDE Rule 51 guidelines.

Capacity Limitation. The maximum capacity for the program is 44 children. In the event where the total number of children registered for the program by **April 15** ~~May 1~~, rises above 36, the district will only offer the program to children with the following priority for enrollment:

- Verified Special Education Students (3, 4, and 5-year-olds)
- Returning Student
- "At-risk" children (as defined by Rule 11)
- 4-year-olds not enrolled in another preschool program;
- 3-year-olds not enrolled in another preschool program

- 4-year-old students who are enrolled in another half-day preschool program
- 3-year-old students who are enrolled in another half-day preschool program
- Non-resident students not enrolled in another preschool program
- 4-year-olds who are enrolled in another full-day preschool program
- 3-year olds who are enrolled in another full-day preschool program

Non-resident students will be screened prior o acceptance using the program-approved screening tool. If a student demonstrates the need for a multidisciplinary team evaluation, this must be done at their resident school district program if the parents choose to pursue special education services.

If the program is at capacity after April 15 ~~May 1~~, further enrollment applications will be placed on a waiting list. Exception: If an "at-risk child" (as defined by Rule 11) moves into the district and the program is at capacity, the child will be enrolled in the program.

Program Coordinator. The program will be coordinated by an individual qualified by law to be a Program Coordinator.

Program and Staff Requirements. All teachers and administrators in prekindergarten programs must hold a valid certificate or permit to teach issued by NDE except as otherwise allowed by law or Rule 11.

Participation and Inclusion. Participation of children and families in the program will be voluntary. The program will not exclude children verified as having disabilities and will include to the extent possible children of diverse social and economic characteristics.

Birth Certificates. Within 30 days of enrollment, parents or guardians must submit a certified copy of the child's birth certificate or other documentation in compliance with the Missing Children Identification Act (sections 43-2001 through 43-2012).

Instructional Hours. Each class in the program will operate a minimum of 12 instructional hours per week during the school year. Programs receiving grant funds pursuant to state law will operate a minimum of 450 instructional hours per school year.

Fees. The district may charge a fee for its program in accordance with the Policy 5045 - Student Fees, provided that the fee may not exceed the actual cost of the program. If the district charges a fee, it will also use a sliding fee

scale in order to maximize the participation of economically and categorically diverse groups. The district may waive fees on the basis of need.

General Reports. The head administrator will include information about the program in the NDE approved data system. All early childhood data is due as specified by the data system calendar.

Early Childhood Program Report. An Early Childhood Program Report Form will be submitted annually by October 15 on the form required by NDE.

Planning. Each program will have a planning period that complies with the requirements of Rule 11.

Coordination with Existing Programs and Funding Sources. The district will develop, and keep on file, a written plan to show that the program will be coordinated or contracted with existing programs in compliance with Rule 11 requirements. The district will develop and keep on file a written plan to coordinate and use a combination of local, state, and federal funding sources including, but not limited to, those listed in Rule 11 in order to maximize the participation of economically and categorically diverse groups of children and to ensure that participating children and families have access to knowledge of comprehensive services that may be available.

Additional Rule 11 Requirements. Rule 11 includes additional requirements that are not included in this policy, including but not limited to requirements addressing family development and support; developmentally and culturally appropriate curriculum, practices, and assessment; evaluation and quality assurance; program staff; child/staff ration and group size; facilities, equipment, health, and safety; meals and snacks, immunizations; supervision; toileting; infants and toddlers; Sixpence programs; and home-based programs. The district will comply with these additional requirements that are applicable to the program.

Special Education Act Compliance. Nothing in this policy allows the school district to fail to meet its responsibilities under the Special Education Act (section 79-1110 through 79-1167). To the extent there is any conflict between this policy or Rule 11 with the Special Education Act, the Act shall control.
