Teacher Empowerment Program Project 375

Introduction:

As authorized by House Bill 1412, the Board may establish new levels of teacher certificates: advanced, lead, and master. Each level shall receive a stipend paid with state dollars from lottery funds, as provided in Section 713 of Title 3A of the Oklahoma Statutes. The advanced certificate shall include a stipend of Three Thousand Dollars (\$3,000.00), the lead certificate shall include a stipend of Five Thousand Dollars (\$5,000.00), and the master certificate shall include a stipend of Ten Thousand Dollars (\$10,000.00). A teacher who works in a school with an enrollment of forty percent (40%) or more of economically disadvantaged students or a school district with an enrollment of fewer than one thousand students shall be paid a one-time award in addition to the stipends mentioned above: One Thousand Five Hundred Dollars (\$1,500.00) for an advanced certificate, Two Thousand Five Hundred Dollars (\$2,500.00) for a lead certificate, and Five Thousand Dollars (\$5,000.00) for a master certificate.

All public districts are eligible to apply. Certified teachers are eligible for designation.

Eligibility:

Guidelines

School districts may identify and designate the highest quality teachers for advanced, lead, and master certificates. Participating districts shall submit designation plans to the State Department of Education for evaluation and approval. Districts shall have local control and flexibility in determining how to evaluate teachers and assign designations, but, at a minimum, the designation system shall include a teacher observation, out-of-classroom time, and a student performance component. The contract for the designations must include 5 (Advanced), 10 (Lead), or 15 (Master) additional days to be used to strengthen instructional leadership. Districts may use additional factors in determining which teachers are eligible to receive a designation, such as student surveys, teacher leadership responsibilities, teacher mentorship responsibilities, family surveys, demonstration of district core values, teacher peer surveys, and contributions to the broader school community.

Teachers who receive these designations are provided additional training opportunities from the State Department of Education.

No more than ten percent (10%) of each school district's teachers may be designated as an advanced, lead, or master teacher in any given school year. Districts that receive Title I funds within the top quartile of individual student allotment amounts may designate an additional ten percent (10%) of teachers employed at school sites that receive Title I funds as advanced, lead, or master teachers.

The designation will be added to the existing certificate for the school year and will drop off on June 30th.
