VI. Information & Discussion Items

VI.A. Superintendent Comments

Superintendent Armstrong began by thanking those that continue to generously donate to Sapulpa Public Schools. He also acknowledged Child Nutrition for the thousands of meals given to students and our Finance team for keeping us on track with spending.

The 2019-20 school year is coming to a close and although it did not go as planned, Superintendent Armstrong is proud of the way staff, teachers, and parents came together to make the best of it. There will be traditional graduation

and prom the weekend of June 26th.

Summer Programs have kicked off successfully. Temperature checks are in places as well as using a mask while spotting another athlete indoors. Daily Health checks have also been put into place for employees.

Sapulpa Public does plan to have a traditional start to the 2020-21 school year on August 20th. They are also working on a plan B just in case. Superintendent Armstrong shared his time with Kim Castaldi and Donia Doudican as they shared the results of teacher and parent surveys about distance learning. Some things covered were what worked well these last couple of months, what did not, what could be more helpful, what would you like to see added or taken away. The answers from the surveys will help our team to make for a better distance learning experience.

The District will work with ImpactTulsa to access student-level enrollment information of students who participate in CareerTech while in high school as well as graduate data files for matching to CareerTech's enrollment, degree and accreditation files. ImpactTulsa will provide detailed summary reports back to the school district as well as conduct more in-depth advanced and disaggregated analysis of career pathways and outcomes that ultimately contribute to student success after high school.

Oklahoma Works

Oklahoma Works regularly produces data reports, research and other documents that summarize the state's labor market and workforce demands, as well as examines the state's effectiveness in creating a responsive and agile workforce development system. Oklahoma Works serves as the state reporting body for regional workforce initiatives including WorkforceTulsa.

Accessing data from Oklahoma Works and WorkforceTulsa will allow for a deeper understanding of workforce development trends in Tulsa county. This data also documents workforce development participation, experiences and career

trajectories for students in our region that do not attend a college or university. The District will work with ImpactTulsa to access student senior level and high school graduate data files for matching to Oklahoma Works workforce program enrollment and completion files. ImpactTulsa will provide detailed summary reports back to the school district as well as conduct more in-depth advanced and disaggregated analysis of student pathways and workforce outcomes that ultimately contribute to student success after high school.

FERPA “allows schools to disclose records, without consent, to organizations conducting certain studies for or on behalf of the school.” The ImpactTulsa research and analytics department and all applicable staff will maintain the confidentiality of all student-level data shared by the District. This includes student files, records and direct access to dashboards, student information systems or databases provided and granted by the District.

All data and information released by ImpactTulsa that is public facing will be aggregated across Tulsa regional partner districts and will not identify specific districts or member schools without the Leadership Council’s direction and written permission from the district involved.

Disaggregated data at the District or school level will be available internally to the district superintendent(s), district professional staff, and partnership stakeholders participating in collaborative action and learning communities for purposes of identifying and studying ways to improve student outcomes *(as outlined in Section III. Dear partners,

Tulsa Community College is dedicated to supporting the dreams and goals of students and families in our communities. Our off-campus dual credit programs staff are accepting enrollments for in-class courses for fall 2020 at the following off-campus locations: NSU-Broken Arrow campus, Aviation campus – Jenks, Glenpool Service Center building, Union Collegiate Academy, Tulsa Will Rogers High School, Osage Nation Department of Education-Hominy, and Central Technology Center – Drumright.

Although, we believe that in-class instruction is important and creates the space for our youngest college students to participate in critical discussion and practice college success skills, the physical and mental well-being of students and faculty is our foremost priority. Therefore, the face-to-face courses planned for these off-campus sites will pivot to online live instruction if the partners buildings are unable to open for students, such as circumstances deemed necessary related to a viral disease outbreak. Online live courses are “web-conference style” courses that continue to meet at the designated course times, and students are required to be present online, live at that time.

TCC is aware of a potential resurgence of COVID19 and has instituted additional professional development focused on online learning tools for all faculty teaching the courses covered by this memorandum of understanding. TCC faculty are developing courses for in-class instruction, which can be adapted to online learning, in order to pivot immediately to online live delivery without loss of instructional time or quality.

TCC has extended the 2019-20 off-campus reduced fee structure to 2020-21. Eligible students participating at the off-campus locations listed above will continue to have reduced course fees. The course fees are reduced for all seniors and Oklahoma Promise juniors enrolled in off-campus locations and in online transition courses embedded on high school campuses.

Additionally, all dual credit students enrolled at TCC will continue to receive eighteen hours of waived tuition. Tuition waivers are disbursed by student type. Juniors’ tuition waivers are disbursed six credit hours each semester in the 11th grade, and seniors’ tuition is waived up to the limit of 18 credit hours over the three semesters of the 12th grade.

TCC on-campus programs:

Cohort style courses for dual credit students, designated by 600 section numbers, at Northeast and West Campuses will meet face-to-face. If increased physical distancing is required, the 600 section courses will immediately pivot to online live.

President Goodson has released TCC’s Return to Campus plan, which is intended to keep students, faculty, and staff as safe as possible while on campus. The following protocols are based on local, state, and national guidance.

- People on campuses will be asked to maintain physical distance both in and out of the classroom.
- Everyone on campus will be asked to wear a face covering, as recommended by the CDC and Tulsa Health Department.

- TCC will have health check stations at *some* of our entry points to take temperatures and provide health and safety resources.

Memorandum of Understanding
Tulsa Community College
And
Sapulpa Public Schools

This Memorandum of Understanding (“MOU”) is between Sapulpa Public Schools, Sapulpa, Oklahoma, (“partner”), and Tulsa Community College (“TCC”), an agency of the State of Oklahoma. Its purpose is to set forth the responsibilities and obligations of the parties with regard to concurrent enrollment. Tulsa Community College is dedicated to serving high school students while helping to develop a seamless and accessible transition to higher education. Tulsa Community College is a member of the National Alliance of Concurrent Enrollment Partnerships (NACEP). Established in 1999, NACEP provides standards of academic excellence, research, and advocacy. TCC has developed partnership guidelines based on NACEP standards in order to provide a valuable and credible academic experience. The TCC guidelines are available on request from the TCC Office of Dual Credit Programs. NACEP standards can be viewed at www.nacep.org.

TCC enrollment provides high school students an opportunity to earn transferable college credits while also satisfying high school course requirements through dual-credit as well as an introduction to college academics and rigor. Additionally, this program provides an economical head-start through the tuition waiver program and reduced fee schedules for select courses taught at community campuses, approved off-campus sites, or high school campuses during the regular school day. Through the program, students gain access to TCC writing labs, math labs, academic advisement, career advisement, libraries, clubs, organizations, and fitness centers.

1. Purpose

The purpose of this agreement is to foster increased access to college courses for high school students who have demonstrated the academic ability to complete a rigorous course of study. By using partner facilities to offer TCC courses, eligible students have an opportunity to participate in college courses during regular high school hours in a familiar environment. Students will earn high school academic credit and college credit, referred to as dual credit, as established by the Oklahoma Legislature in 70 O.S. §628.13. Any addendum shall be governed by the terms, provisions, and conditions set forth in this agreement.

2. Term

The agreement will be in continuous effect beginning in the semester in which the memorandum of understanding is signed unless terminated in writing by either institution. Either party shall have the right to terminate this MOU with or without cause by giving one hundred eighty (180) days prior written notice of intention to terminate pursuant to this provision, specifying the date of termination. The parties agree to work in good faith to avoid any such termination. The rationale for the requested termination should be stated with the request, and the parties will attempt to resolve any disputes in a mutually satisfactory way. Any future agreements will be

subject to their own terms for termination, which may differ from this memorandum of understanding.

3. Operations

A. TCC will ensure the following conditions:

- Admit high school students to the college according to the Oklahoma State Regents for Higher Education requirements.
- Offer 1000 level and 2000 level courses to a minimum of fourteen (14) pre-enrolled students.
- Hold courses open and accept enrollments to meet required minimum fourteen enrollments: minimums must be met by December 15 for spring courses and May 15 for fall courses.
- Accept course enrollments in addition to the minimum fourteen (14) students until the section fills or until the first class meeting.
- Post high school student enrollment forms on the TCC website for participating high school districts.
- Counsel students on issues concerning academic success and higher education goals including course transferability, college majors, and pathways to Associates Degrees, or workforce certifications.
- Conduct annual training for high school counselors.
- Provide online and classroom delivered instruction for courses as agreed upon by TCC, the partner, attending districts, and appropriate external authorities.
- Endeavor to provide instructors and courses; however, TCC cannot guarantee course availability at the site.
- Provide curriculum and instructors for all TCC courses.
- Comply with the policies, practices, and procedures as outlined in the TCC faculty handbook at all times.
- Administer courses to follow a sixteen (16) week format and students will follow the established TCC calendar as it relates to add/drop dates, withdrawal dates, holidays, and unscheduled closings.
- Provide high schools with due dates for the course scheduling process. See addendums for specific program timelines.
- Provide TCC student ID cards to each concurrently enrolled student who presents a TCC ID number and photo identification at TCC Student Activities Centers. The ID card will provide students with access to all four (4) TCC libraries and online library access.
- Allow students to enroll in additional courses on TCC campuses as well as in the concurrent courses taught at the off-campus site. Courses on campus are not subject to reduced fees. Additionally, all enrollments beyond the tuition waiver will be charged full TCC tuition.
- Send a password encrypted, electronic end of term grade spreadsheet to the district registrar or staff authorized to receive FERPA information.

- Provide materials for dual credit student orientations. Partners may attend scheduled orientations on TCC campuses, at the high school, online, or students may view the dual credit orientation electronically in the high school counselor's office.
 - Provide an early alert system via email to the district's high school counselor and/or administrator authorized to receive student information.
 - Provide ADA accommodations: TCC requires students to self-identify and submit appropriate professional documentation in accordance with the guidelines established by the Education Access Center located at 909 S. Boston Ave Room 331B.
 - The Director of Dual Credit Programs, TCC faculty department chairs, TCC Deans and Associate Deans, and the Senior Vice President, Chief Academic Officer will review all course requests from participating high schools. Courses will be approved based on the program scope, collective resources, and available support for each course.
- B. The partner high school will ensure the following conditions:
- Ensure that each student has textbooks and instructional materials as required for each course and that no student is denied an opportunity to participate due to the inability to purchase textbooks and instructional materials.
 - Comply with the one hour and fifty minute TCC semester finals schedule.
 - Designate a representative as the liaison between the partner and TCC. The partner liaison provides program information and guidance to students, parents, and high school faculty.
 - Establish a process to confirm eligibility.
 - Support and help guide the development and integrity of the program through the partner high school principal and counselor(s).
 - Advise concurrent enrolling students on all issues concerning high school education, graduation, and college application requirements.
 - Distribute for signatures and retain the signed TCC Faculty Letter to Concurrent Students and the district's student/parent MOU.
 - Communicate clearly to the parent and student regarding financial responsibilities and the college environment.
 - Ensure that students have an opportunity to enroll in courses necessary for high school graduation. TCC courses may not be available or convenient for some students so should not be depended on as the sole source for completing high school graduation requirements.
 - Include TCC courses in the high school course catalog.
 - Display TCC brochures, guides, posters, and other promotional materials that TCC provides in a designated area such as the high school guidance office.
 - Allow compliance with the TCC student policies and resources handbook during TCC class time. Note: Any student suspended or expelled from the high school will be expected to continue participating in his or her TCC class(es).
 - Provide program information and enrollment due dates to parents and students prior to registration periods.

- Support the instructor and the student through standards set by TCC. TCC campuses, including community campuses, do not close as frequently as high schools. If the high school closes and TCC does not, students will be expected to complete any homework or assigned readings and may be required to complete an online assignment, using Blackboard. Even when TCC is closed, students should keep up with the course agenda and check Blackboard for updated assignment schedules.
- Provide an orientation for TCC faculty prior to the start of the semester. The orientation should include a tour of the campus, information about parking, keys to rooms, introductions to appropriate personnel, computer network passwords, IDs, and other information that may be unique to the site that faculty will need to teach their classes.
- Provide students with adequate time to travel to and participate fully in courses and time to return to their home high school if applicable.
- Provide, when course delivery model requires, qualified (per TCC standards) facilitators in classrooms, access to computer labs, and access to tutoring services. See addenda for specific program requirements.
- Request all course additions or program changes in writing to the TCC Dual Credit Programs office.
 - Fall semester requests should be submitted by February 15th. Spring semester requests should be submitted by September 15th.
 - English courses require a minimum of 14 enrollments and a maximum of 20 enrollments per section. All other courses require a minimum of 14 and a maximum set by the discipline and faculty. All enrollment maximums are additionally based on the ability to provide a collegiate environment.
 - Course change requests and program requests should include the rationale for the additional course, any extenuating circumstances surrounding the request; the number of students qualified and expected to enroll in the course, and the availability of specialized equipment/labs if appropriate. The requests will be reviewed and newly approved courses may be offered in the following semester.

C. Obligations of both TCC and Partner:

- Attend an annual senior leadership meeting.
- Collaborate to provide program information, communication, promotional materials, and activities.
- Collaborate to articulate curricula between the high school and the college.
- Collaborate to develop a two-year pathway of academic course offerings. The course schedule will be reviewed annually.

IDEMIA Identity and Security USA, LLC ("IDEMIA") is pleased to offer a new service - No Charge Authorization Codes or "NCAC(s)". This service will allow you to establish an account that is backed by a major credit card (currently VISA, MasterCard, Discover and AMEX).

The benefit of a credit card-backed NCAC account is that your credit card is charged **ONLY** when one of your applicants is fingerprinted and an NCAC is redeemed. During applicant registration, when "NCAC" is selected as the payment method, the applicant will be prompted to enter the NCAC assigned by you from your account, thus reserving the NCAC for that applicant and his or her appointment.

NCACs will expire one (1) year from date of issuance or at the credit card expiration date, whichever comes first. Expired NCACs will not be charged to your credit card. This feature is designed to assist you in controlling the distribution of NCAC codes and assist in preventing fraud. The assigned primary contact for your account will be responsible for issuing and controlling the use of NCACs provided. The assigned primary contact should request all applicants to provide a copy of their enrollment receipt in order to assist you with your record-keeping.

Please review the following guidelines before you open an NCAC account:

- A minimum of 50 (fifty) NCAC codes per service type must be requested at any one time.
- Customers may open only one account per tax ID number.
- Complete and return the attached NCAC Agreement, Credit Card Authorization and Customer Account Information forms in their entirety to our Billing department via fax at 615-871-0845.
- The Customer Account Information form is used to identify those email addresses to which IDEMIA should send NCACs for your account.
- Upon receipt and execution of the requested documentation, IDEMIA will provide your assigned primary contact with NCAC's. Allow 3-5 business days for processing.
- Your nine-digit Federal tax ID number or EIN number will be the identifier for your account, along with an account name. The assigned primary contact must provide this information to order additional NCACs.
- Additional NCAC's may be requested by submitting a re-order form, located at the "Download Forms and Links" section on our web site, <https://www.identogo.com> and select your state. All re-order forms must be submitted via email to: OKUEPAccounts@us.IDEMIA.com.
- You will be charged a \$1 convenience fee for every applicant printed using an NCAC code assigned to your account. If the NCAC payment method does not work for you, other payment options are available.
- Credit Card onsite (Card holder must be present).
- Money Order, Cashier's Check or Business Check per individual fingerprinting applicant

Steps to Redeem an NCAC

1. Pre-enroll and schedule a fingerprint appointment in the State of Oklahoma at <https://uenroll.identogo.com>
2. After you enter your Service Code and input the necessary information during the pre-enrollment, when prompted to choose the form of payment, select the NCAC option and enter the NCAC provided to the applicant.
3. The Service Code selected during pre-enrollment must match the Authorization Code provided by the applicant at the time an NCAC is selected as payment. Otherwise, the applicant will be prompted for another form of payment if the NCAC is invalid and the applicant will be required to pay for his or her enrollment with a payment method other than NCAC.
4. IDEMIA will provide your applicants with a receipt, indicating confirmation of payment by NCAC. This is not a credit card receipt and does not reflect the \$1 convenience fee.
5. Ensure that the applicant retains or returns a copy of the receipt to you for your records. The applicant may ask for more than one copy of their receipt at the enrollment center at the time of fingerprinting

Oklahoma

This NCAC Agreement ("Agreement") is between IDEMIA Identity and Security USA, LLC ("IDEMIA") and the company or organization identified below ("Customer"), and sets forth the terms and conditions under which IDEMIA will provide no-charge authorization codes ("Authorization Code(s)") to Customer for distribution to applicants required to submit to a fingerprint based background check ("Applicant(s)") through the State of Oklahoma, Digital Fingerprint Program.

Applicants will present an Authorization Code to IDEMIA at the time IDEMIA collects their fingerprints and verifies their biographic information ("Applicant Information"). Upon IDEMIA's collection of Applicant Information, IDEMIA will charge the credit card identified by Customer in a Credit Card Authorization Agreement ("Credit Card").

IDEMIA will provide an initial quantity of 50 (minimum order of 50) Authorization Codes to Customer upon execution of this Agreement and a Credit Card Authorization Agreement. All of the codes will expire one (1) year of the date of issuance to Customer or at the date of expiration of the Credit Card, whichever occurs first. Customer will not be charged for Authorization Codes that have not been redeemed before expiration. IDEMIA will provide additional Authorization Codes at a quantity (minimum order of 50) requested by Customer. The provision and redemption of additional Authorization Codes provided to Customer will be governed by the terms of this Agreement.

IDEMIA will provide all Authorization Codes to an email address provided by Customer, in a password-protected file. Customer may distribute the Authorization Codes to applicants via any method of delivery (e.g., email, US mail).

IDEMIA will debit the Credit Card for the amount corresponding to the Oklahoma Fingerprint service code identified by the Customer in this agreement.

If the State of Oklahoma or other relevant government agency authorizes or dictates a fee increase or decrease in Fingerprint fees, IDEMIA will charge Customer the new fee for any redemption of Authorization Codes occurring on or after the effective date of the fee change.

Customer acknowledges and agrees that Customer will be responsible for all Credit Card charges for Authorization Codes issued to Customer and provided to IDEMIA by applicants, regardless of whether the corresponding Authorization Codes are obtained or redeemed by fraud, redeemed by persons to whom Customer did not issue the Authorization Codes, or that are transferred in violation of any terms and conditions under which Customer distributes the Authorization Codes.

If a charge to the Credit Card is declined by IDEMIA's payment processor or by the issuer of the Credit Card, or if IDEMIA is otherwise unable to obtain payment through the Credit Card, or if any IDEMIA charges to the Credit Card are refused or disputed, IDEMIA will require payment in full prior to or at the time of processing any further applicants of Customer, until such time that IDEMIA notifies Customer that the payment issue has been resolved.

Please indicate acceptance of these terms by having an authorized representative of Customer sign below, and return a copy to IDEMIA via fax at 615-871-0845.

LEGAL ASSISTANCE FOR SCHOOL DISTRICTS

2020-2021

CCOSA's 2020 – 2021 Legal Assistance for School Districts Program Agreement

June 30, 2020

Dear Superintendent:

Thank you for your participation in **CCOSA's Legal Assistance for School Districts Program**. While it is time to consider renewing your district's participation in the Legal Assistance for School Districts Program, CCOSA is continuing the CCOSA District Level Services Program. This program bundles CCOSA legal and financial assistance programs and offers many other services and benefits. If you determine that participation in the new District Level Services Program is not yet appropriate for your district, we are happy to continue your membership in the current CCOSA Legal Assistance for School Districts Program at the current rate with the current services your district receives.

This letter sets out the Agreement between the Cooperative Council for Oklahoma School Administration (CCOSA) and Sapulpa School District No. 33 of Creek County, Oklahoma (District) concerning the District's participation in **CCOSA's Legal Assistance for School Districts Program** (Program) for the fiscal year ending June 30, 2021.

CCOSA, through its General Counsel, will provide the following types of legal assistance to the District, at District request:

- Consultation by email, telephone, or in person at a CCOSA office with District staff members regarding matters where the District is not already engaged in litigation or being advised by retained legal counsel.
- Assistance with the review and updating of district documents regarding employment, students, and professional services, exclusive of board policies.
- Specialized training at a CCOSA office (no additional travel expense for the District) or at another mutually convenient location (with the CCOSA General Counsel's actual travel expense paid by the District).
- Complimentary workshop registrations to specified CCOSA training events.

The District understands that CCOSA's Program emphasizes assistance in special education and disability-related issues and that the CCOSA Attorney will be unable to provide assistance in some areas and with some issues. The District understands that, in those situations, the CCOSA Attorney may recommend that the District seek legal assistance and services from a non-CCOSA Attorney, which may cause the District to incur legal expenses that are not covered by this Program.

This Program is ADVISORY ONLY. Participating districts are NOT forming an attorney-client relationship with CCOSA's Attorney and CCOSA does not warrant or guarantee any specific outcome related to the advisory services provided. CCOSA reserves the right to refuse participation to school districts and to remove school districts from participation in the Program.

TERMS OF USE:

The following Terms of Use and Service (these "Terms") are important. Please read carefully.

Istation provides customers with a variety of resources, including, but not limited to, (i) one or more of Istation's interactive educational-based applications (collectively the "**Licensed Applications**"), (ii) Istation's Internet Web site (the "**Web Site**"), currently located at www.istation.com, (iii) account information regarding the Licensed Applications and the Web Site, (iv) materials and documentation (including, but not limited to, preprinted forms, form letters, resource materials, lesson plans, books, images of Istation characters, and so-called "Black Line Masters" coloring-book style pictures) available from the Web Site (collectively the "**Downloadable Materials**"), (v) reports, calculated results, scoring, graphs and any other materials derived from Istation's algorithmic software features (collectively the "Scoring and Reporting Resources"), (vi) Processed Data, as defined hereinafter, and (vii) news and information about Istation, the Licensed Applications, and the Web Site. Any and all of the foregoing resources (including, but not limited to, the Licensed Applications, the Web Site, and the Downloadable Materials), together with any other resources made available by Istation, are collectively the "**Resources**".

For purposes of these Terms, references to "**You**" or "**Your**" mean (i) you in your individual capacity, (ii) your company ("**Your Company**"), which may be a school or school district, and (iii) authorized users of Your Company, who are students, employees, representatives, and agents of Your Company that are registered with Istation and that have a valid security identification and password to access and use the Resources (collectively the "**Authorized Users**").

Each of the Resources is provided to You conditioned on Your acceptance, without modification, of these Terms, which constitute a legally binding agreement between Istation and You. YOUR ACCESS OR USE OF ANY RESOURCE CONSTITUTES YOUR AGREEMENT TO BE BOUND BY THESE TERMS FOR ALL RESOURCES. IF YOU DO NOT AGREE TO THESE TERMS, YOU MAY NOT ACCESS OR USE ANY RESOURCE. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THESE TERMS SHALL BE BINDING ON YOU UPON THE EARLIER TO OCCUR OF (i) YOUR EXECUTION OF THESE TERMS, (ii) THE DATE THAT YOU DOWNLOAD ANY LICENSED APPLICATION OR DOWNLOADABLE MATERIAL FROM Istation, (iii) THE DATE OF DELIVERY OF ANY LICENSED APPLICATION OR DOWNLOADABLE MATERIAL BY Istation TO YOU, AND (iv) THE DATE ON WHICH YOU ACCESS OR USE ANY OF THE RESOURCES THROUGH THE WEB SITE.

1. **Changes to Terms.** Istation may, from time to time and at Istation's sole discretion, modify these Terms without individual notice to You. So long as the Web Site remains operational, the current version of these Terms will be posted on the Web Site, which You can review by clicking on the "Terms of Use" link located on the Web Site. The modified Terms will be effective immediately upon posting on the Web Site. You agree to the new posted Terms by continuing Your use of the Resources. You agree to review the Terms periodically on the Web Site. If You do not agree with the modified Terms posted on the Web Site, Your only remedy is to discontinue using the Resources.
2. **Privacy Statement.** Istation's Privacy Statement (the "**Privacy Statement**") is incorporated into, and made a part of, these Terms. The Privacy Statement relates to Istation's collection and use of Your personal information. You consent to the terms and conditions of the Privacy Statement.
3. **Subscription.**
 1. Most (if not all) of the Resources require You to purchase a subscription from Istation before You may use or access them (a "**Subscription**"). You may purchase a Subscription to one or more Resources (the "**Purchased Resources**") by paying the then-current subscription fee to Istation (the "**Subscription Fee**") for such Purchased Resources, as such Subscription Fee is determined by Istation. Each Subscription Fee shall cover a specified period of time for the Purchased Resources (the "**Subscription Period**"). Upon expiration of the Subscription Period for a Purchased Resource, Your access and use of the Purchased Resources shall expire, and You shall no longer be entitled to access or use such Purchased Resources, unless You renew Your Subscription to such Purchased Resources by paying the then-current Subscription Fee for such Purchased Resources. Any Professional Development purchases including Onsite Training, Webinars, and Implementation services must also be used within the current Subscription Period and may not be rolled over into later Subscription Periods. Istation may, from time to time and at Istation's sole discretion, modify the Subscription Fees for any and all Resources without individual notice to You.
 2. In the event You purchase a Subscription to a Purchased Resource, You will be required to register (the "**Registration**") and obtain a user account (a "**User Account**") for each Authorized User's access to, and use of, such Purchased Resource provided, however, that each Purchased Resource may, as determined by Istation, (i) be limited to a maximum number of Authorized Users (such as students) and (ii) have other restrictions applicable to such Purchased Resource. During Registration for each and every Purchased Resource, You agree to submit accurate, current, and complete information about You (including, but not limited to, Your Company and the Authorized Users) and promptly update such information. Should Istation suspect that any such Registration information is untrue, inaccurate, not current, or incomplete, Istation has the right to suspend or terminate use of any and all Resources and User Accounts. Upon Registration, each Authorized User will be assigned a personal, nontransferable password tied to a specific User Account. You are solely responsible for (i) any and all activities that occur under the User Accounts and (ii) ensuring that Authorized Users exit or log off from User Accounts at the end of each session of use. Users Accounts cannot be shared and may be used only by the Authorized User to whom the User Account is registered. User Accounts cannot be assigned to any third party vendors or other entities seeking to use the Purchased Resources for use in their products and/or for commercial use or monetary gain. You shall notify Istation immediately of any unauthorized use of the Authorized Users' passwords or the User Accounts or any other breach of security that is known or suspected by You. Where the number of Authorized Users for a Purchased Resource falls below the maximum number permitted under Your Subscription for such Purchased Resource, You may designate other students as replacement Authorized Users with respect to such Purchased Resource. You are responsible for Registration of all Authorized Users and all acts and omissions (whether authorized or unauthorized) of the Authorized Users.
4. **Intellectual Property.**

Istation reserves all right, title, and interest in and to the Resources and the Resource Materials.

2. Your Data. As between You and Istation, You are and will remain the owner of all right, title, and interest in and to all of Your Data. For purposes of these Terms, "Your Data" means information, data, and other content that is collected, downloaded, or otherwise received, directly or indirectly from You or an Authorized User by or through the Purchased Resources.  7. You may not upload any data, including any and all of Your Data, to, or otherwise access or use, any Resource or Resource Material in any manner that would materially impact the operation of such Resource or Resource Material.
 8. You may not allow access to, disclose or otherwise provide Processed Data to any third-party except for use in connection with and for the benefit of Your internal business purposes i.e. research. You agree to comply with all applicable laws, rules, regulations, orders, and ordinances of the United States of America and in any other state, county, or city with jurisdiction over You or Your activities under these Terms. If any provision of these Terms is held to be illegal, invalid, or unenforceable, then that provision shall be fully severable from these Terms and shall not affect the legality, validity, or enforceability of the remaining provisions of these Terms. Failure of Istation to enforce any of the terms or conditions of these Terms, unless waived in writing, shall not constitute a waiver of Istation's right to enforce each and every term and condition of these Terms. To the extent You have entered into any separate license agreement with Istation for access to, or use of, a Resource (the "Additional Terms"), such Additional Terms are incorporated into these Terms by reference. To the extent there is any conflict between these Terms and any Additional Terms, the Additional Terms shall control.
 2. A printed version of these Terms and of any notice given in electronic form shall be admissible in judicial or administrative proceedings based upon, or relating to, these Terms to the same extent and subject to the same conditions as other business documents and records originally generated and maintained in printed form. It is the express wish of Istation and You that these Terms of Use and all related documents be drawn up in English as spoken in the United States.

- Resource-related responses submitted by You, including, but not limited to responses to interactive activities and assessments;
- Resource use behavior, such as pages visited, downloads, or searches requested; and
- Resource use results, but only to the extent that such results identify one or more (i) students, (ii) teachers, (iii) classrooms within an identified school, (iii) grades within an identified school or school district or (iv) schools (collectively "**Identifiable Use Results**"). Identifiable Use Results do not include Resource use results for school districts or for geographic regions that do not identify a specific school (such as Resource use results reported (i) on a county-wide basis, (ii) within a defined territory [whether officially or unofficially defined], such as North Texas, or (iii) within a metropolitan area, such as Dallas-Fort Worth).

Personally Identifiable Information does not include "De-identified Information," which is any data or information that cannot be traced back to an individual (except for Identifiable Use Results, as defined above). For example, a table listing the number of students in each grade at a specific school using a particular Resource would not be Personally Identifiable Information.

How Is Personally Identifiable Information Used and/or Disclosed?

Istation does not sell Personally Identifiable Information to any affiliated entity of Istation or any third-party, nor does it use such information for any sort of behavioral advertising. However, Istation may use and disclose Personally Identifiable Information for a range of educational, compliance and quality assurance purposes. Istation may use Personally Identifiable Information for the following purposes:

- To provide status reporting notices to teachers and administrators about the Resources (e.g. – an email prompting a teacher to log in to see his or her students' latest assessment results);
- To internally analyze data regarding the use of the Resources;
- To track students' usage of the Resources over time, including performance metrics collected over multiple school years;
- To send You (**teachers and administrators only**) updates, promotional/advertising materials, and newsletters related to the Resources and Istation's products and services or to otherwise market specific Istation services or offers to You. If You want to stop receiving promotional/advertising/marketing materials from Istation, You will have the option to unsubscribe;

- To respond to Your questions or comments; and
- To customize content within the Resources, to improve the Resources' content and functionality and to develop new products and updates.

Istation may disclose Personally Identifiable Information to the following individuals or entities under the following circumstances:

- To Istation's employees who need to access the Personally Identifiable Information to perform their jobs;
- To third parties, including contractors, vendors, and service providers, that assist with the production, implementation or servicing of the Resources, but only after receiving satisfactory assurances from each third-party that its data privacy and security protections are at least as stringent as those of Istation;
- To Authorized Users as determined by each school or school district at issue. Generally, but subject to determination by the school at issue or the school district at issue,
 1. a teacher may only see the Personally Identifiable Information of the students in the teacher's classroom,
 2. a principal may only see the Personally Identifiable Information of those students and teachers in the principal's school, and
 3. a school district-level administrator may only see the Personally Identifiable Information of those students and teachers in the administrator's school district;
- To third parties, and solely for educational purposes, when Istation has the consent of the school or school district at issue, including Identifiable Use Results that identify specific individual students if Istation has received a written acknowledgement from the school or school district that it has obtained the student's consent to such disclosure;
- When Istation believes that sharing Personally Identifiable Information is reasonably necessary in order to (i) protect or defend the legal rights, interests, property, safety, or security of Istation, its employees or contractors, or the public, (ii) protect or defend against, or otherwise address, fraud, security, or technical issues, (iii) comply with, or respond to a law, regulation, legal request, legal process, legal requirement, judicial proceeding, or court order, or (iv) investigate a possible crime, such as fraud or identity theft;
- In connection with an actual or potential sale, purchase, acquisition, merger, reorganization, bankruptcy, liquidation, dissolution, or similar transaction or proceeding of or involving Istation, but only to the extent that the purchasing, acquiring or successor entity agrees to implement data privacy and security protections with respect to Personally Identifiable Information that are at least as stringent as those of Istation.

Istation is permitted to use and/or disclose Personally Identifiable Information about You when Istation has Your consent. Istation does not need Your consent to use De-identified Information.

Can I Access or Change My Personally Identifiable Information?

Each school and/or school district is permitted via functionality made available by the Resources to determine what Personally Identifiable Information (if any) is accessible by Authorized Users and to which Authorized Users in particular. In certain circumstances, a school and/or school district may be entitled to permit one or more Authorized Users to change Personally Identifiable Information. Any requests by Students or parents to access and/or change Personally Identifiable Information must be made to the school and/or school district in the first instance, and these entities will maintain a record of all such access and amendment requests and of any actual changes made. To the extent that a student and/or parent makes a direct request to Istation to access and/or amend Personally Identifiable Information, Istation will forward that request to the school and/or school district for response.

Data Retention

Unless required by law to maintain certain information for a longer period of time, Istation retains Personally Identifiable Information only for as long as a student's school and/or school district maintains a subscription with Istation to one or more of the Resources. Once a subscription to a particular Resource is cancelled or otherwise terminated, Istation will typically retain any Personally Identifiable Information related to that Resource for sixty days after cancellation/termination to allow for temporary lapses in subscription services, at which point that information is destroyed. Personally Identifiable Information may also be destroyed at any time at the request of the school and/or school district.

Website and Resource Security

Istation recognizes its responsibility to protect the Personally Identifiable Information that You entrust to it. Istation uses a variety of secure techniques to protect Your information, including secure servers, firewalls, access limitations on Istation's servers and password protections that guard against unauthorized access. Additionally, the information that You send Istation via the Website, including student usage information and passwords, may be encrypted, a process used to scramble information and make it extremely difficult to read if wrongly intercepted. Istation utilizes industry standard Secure Sockets Layer (SSL) technology to allow for the encryption of Personally Identifiable Information. All Personally Identifiable Information sent to Istation is encrypted during transmission, such as during login. Once the data reaches Istation's server, Personally Identifiable Information is stored on a secure database, and access to this information is password protected.

3. INVOICING AND PAYMENT

4. TAX EXEMPTION

State agency acquisitions are exempt from state sales and federal excise taxes.

5. AUDIT AND RECORDS CLAUSE

As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. In accepting any Contract with the State, the Vendor agrees that any pertinent State or Federal agency will have the right to examine and audit all records relevant to execution and performance of the resultant Contract.

The Vendor is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion and/or termination of the Contract. If an audit, litigation, or other action involving such records is started before the end of the seven (7) year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

6. CONTRACTS OPEN TO PUBLIC DISCLOSURE

Unless otherwise specified in the Oklahoma Open Records Act, Central Purchasing Act, or other applicable law, documents and information Vendor submits as part of or in connection with a contract are public records and subject to disclosure. Vendors claiming any portion of their contract as proprietary or confidential must specifically identify what documents or portions of documents they consider confidential and identify applicable law supporting their claim of confidentiality. The Superintendent of OSDE shall make the final decision as to whether the documentation or information is confidential.

8. CONTRACT MODIFICATION

Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by a person who is not specifically authorized by the OSDE in writing, or made unilaterally by the Vendor, is a breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including unauthorized written Contract Modifications, shall be void and without effect, and the Vendor shall not be entitled to any claim under this Contract based on those changes.

9. NON-APPROPRIATION CLAUSE

The terms of any Contract and any Purchase Order issued for multiple years under the Contract are contingent upon sufficient appropriations being made by the Legislature or other appropriate government entity. Notwithstanding any language to the contrary in the purchase order or any other Contract document, the OSDE may terminate its obligations under the Contract if sufficient appropriations are not made by the Legislature or other appropriate governing entity to pay amounts due for multiple year agreements. The decision of the OSDE as to whether sufficient appropriations are available shall be accepted by the Vendor and shall be final and binding.

10. GOVERNING LAW

This Agreement shall be governed by the laws of the State of Oklahoma. Any dispute or controversy arising under or in relation to this Agreement shall be litigated exclusively in a court of competent jurisdiction in the State of Oklahoma. The OSDE may terminate the Contract immediately, without a 30-day written notice to the Vendor, when violations are found to be an impediment to the function of an agency and detrimental to its cause, when conditions preclude the 30-day notice, or when the OSDE determines that an administrative error occurred prior to Contract performance.

If the Contract is terminated, the OSDE shall be liable only for payment for products and/or services delivered and accepted.

OSDE CONTRACT

13. TERMINATION FOR CONVENIENCE

The OSDE may terminate the Contract, in whole or in part, for convenience only if the OSDE determines that termination is in the State's best interest. The OSDE shall terminate the Contract for convenience by delivering to the Vendor a Notice of Termination for Convenience specifying the terms and effective date of Contract termination. The Contract termination date shall be a minimum of 30 days from the date the Notice of Termination for Convenience is issued by the OSDE.

If the Contract is terminated, the OSDE shall be liable only for products and/or services delivered and accepted, and for costs and expenses (exclusive of profit) reasonably incurred prior to the date upon which the Notice of Termination for Convenience was received by the Vendor.

14. COUNTING OF DAYS

Except where otherwise specifically provided, any reference in this Agreement to a period of "days" means calendar days, not business days.

15. SEVERABILITY

Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction only, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions thereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

23. UNAUTHORIZED OBLIGATIONS

At no time during the performance of this contract shall the Vendor have the authority to obligate the OSDE for payment of any goods or services over and above the awarded contract. If the need arises for goods or services over and above the contract for this project, Vendor shall cease the project and contact OSDE for approval prior to proceeding.

A party is not liable for failure to perform the party's obligations if such failure is a result of Acts of God (including fire, flood, earthquake, storm, or other natural disaster), war, invasion, act of foreign enemies, hostilities (regardless of whether war is declared), strikes or labor disputes, embargoes, government orders, epidemics, pandemics or other similar events beyond the reasonable control of the party. If a party asserts Force Majeure as an excuse for failure to perform the party's obligation, then the nonperforming party must prove that the party took reasonable steps to minimize delay or damages caused by foreseeable events, that the party substantially fulfilled all non-excused obligations, and that the other party was timely notified of the likelihood or actual occurrence of an event described in this clause. If an event of force majeure occurs, the party injured by the other's inability to perform may elect one of the following remedies: (a) to terminate this agreement in whole or in part; or (b) to suspend the Agreement, in whole or part, for the duration of the force majeure circumstances. The party experiencing the force majeure circumstances shall cooperate with and assist the injured party in all reasonable ways to minimize the impact of force majeure on the injured party.

Subject: Agenda Item for Renewal of the Sublease Agreement dated May 1, 2015 in the amount of \$26,800,000.

Below is an agenda item, which needs to be placed on the agenda of the Board of Education for the first meeting of the 2020-21 fiscal year in order to renew the sublease set out above. Oklahoma law requires that a school district take affirmative action each year for a lease agreement to be renewed.

"Board to consider and take action on a motion approving the renewal of the Sublease Agreement dated May 1, 2015 between the District and **Creek County Educational Facilities Authority** for the fiscal year ending June 30, 2021 as required under the provisions of the agreement."

Sapulpa Public Schools may have other leases of which we are not aware or that we may have overlooked in our database. Please check your records and renew all appropriate leases in July. We do not require any correspondence confirming that the lease was renewed.

If you should have any questions, please feel free to give us a call.

Sincerely,

Ryan McDonald
Executive Vice President

311. PURCHASING PROCEDURES (Revised 7-23-07)(Revised 12-12-11)(Revised 2- 10-14)(see procedure page)

A. All *purchases shall be made with the use of* the purchase order system following established procedures and regulations and complying with applicable state and federal laws and the regulations of the Oklahoma State Department of Education.

Approval of all purchase orders is contingent upon the availability of funding, submission and approval of a requisition form, and approval by the Board of Education. The Board of Education authorizes the Superintendent or designee to issue purchase orders and emergency orders for less than \$50,000 without prior Board of Education approval. All purchase orders of \$50,000 or more shall be issued only with the prior approval of the Board of Education.

Requisitions and orders cannot be split to avoid bidding and quotation and/or Board approval requirements.

All appropriated fund purchase orders shall be subject to the Board of Education approval and that if said purchase order is not approved by the Board of Education; the purchase order shall become null and void.

B. Emergency Purchases:

The Superintendent, Assistant Superintendent, or Chief Financial Officer may authorize the issuance and emergency payment of emergency purchase orders over \$50,000 and waive the bidding and quotation requirements in the event of emergency situations like a disaster or act of God and other instances where it is necessary to avoid the interruption of critical school business and operations and The Board of Education is not able to meet.

C. Quotes, RFP's and Sealed Bids:

Category	Dollar limits	Bidding Requirements
All purchases	Under \$7500	No requirements
Services/Supplies/Equipment	\$7,500-\$50,000	3 written quotes
Services/Supplies/Equipment	Over \$50,000	Formal RFP required
Construction/Major Repair/Replacement	Over \$50,000	Sealed Bid

Expenditures for Construction Under the Competitive Bidding Act will follow Oklahoma state law.

D. Construction Under Force Account will follow Oklahoma state law.

E. On construction projects of less than \$50,000 substantial completion authorization may be delegated to the Superintendent or designee.

F. All vendors providing services on school property will be required to sign a Hold Harmless Agreement and provide a Certificate of Insurance with Sapulpa Public Schools listed as an additional insured, and limits of no less than \$1,000,000 per occurrence. The Insurance Certificate and the Hold Harmless

Agreement are required to be attached to the purchase requisition by the requestor in order to receive a valid Purchase Order.”

G. Items Exempt from Bidding:

Because of the unique nature of some goods and services, the items listed below shall be exempt from bidding. However, every effort must be made to create a fair and competitive environment where all vendors who have requested to quote on these items are given an opportunity to have their proposals considered.

All purchases over \$50,000 must still be approved by the Board of Education prior to issuance of a purchase order.

The following goods and services are exempt from bidding requirements:

- Travel Services
- Student Activity fundraisers
- Goods purchased for resale
- Textbooks, student workbooks, library/media books
- Postage
- Software upgrades and specialized source software
- Training classes and associated equipment rentals
- Items available for purchase on an existing state contract or through a cooperative bidding of another agency when it is determined to be the best method of purchase.
- Used furnishing, equipment and uniforms
- Public safety and occupancy needs that must be addressed in order to avoid interruption of school or to avoid additional damages or loss such as refrigeration, heat and air-conditioning, utilities, newly discovered security or safety hazards.
- Sole source procurements for unique goods or services, where compatibility is of paramount consideration or where service work on the original equipment must be performed.

H. Blanket Purchase Orders

Blanket purchase orders are consumable items of similar nature that must be replaced on a frequently recurring basis. The Board of Education authorizes the Superintendent or designee to establish blanket purchase orders of less than \$50,000 to cover a period no longer than one semester without Board approval. All blanket purchase orders of \$50,000 or more, must be approved by the Board of Education prior to issuance to a vendor. This policy does not affect purchase orders for textbooks, fuel, utilities, insurance or encumbrances issued pursuant to a written contract with the vendor.

I. Contracts

No employee of the district shall enter into any financial contract or agreement (verbal or written), on behalf of the district, without the prior official permission of the Board of Education. The Board of Education may, upon approval of any encumbrance, purchase order and all adjoining contract documents, authorize an administrator of the district to sign said contract documents on behalf of the Board of Education.

The Board is the only legal entity that may enter into a valid contract committing District revenue. A school site or activity is not a legal entity with the authority of entering into a contract. Each contract must be approved by the Board, and be signed by the President of the Board or duly authorized administrator. Contracts signed or authorized by anyone else could result in personal liability for that person and may not be recognized by the District as valid in the event of a dispute.

J. Purchase Order Adjustments

Minor adjustments to approved encumbrances and/or purchase orders may be made without additional Board approval with the following limitations and under the following conditions by the Superintendent or designee:

1. Encumbrances and purchase orders may be reduced by any amount and may be increased by the greater of \$500 or 15% of the original, approved amount.
2. Changes to purchase orders for utilities and fuel will not be subject to these limitations and may be adjusted with the approval of the encumbrance clerk.
3. An encumbrance or purchase order may be revised administratively for various corrections including vendor address, OCAS coding, substitutions for like goods, and meeting/participant cancellations or changes that do not alter the quantity or amount, except as provided in this section.
4. A purchase order may be cancelled after the administrator requesting the purchase approves the cancellation. The purchasing or cancelling administrator is then responsible for notifying the vendor of the cancellation.

540.2* **STUDENT ATTENDANCE** (Revised 4-12-2010)(Negotiated 8-19-13, 8-24-17, 7/15/2020)(see procedure page)

Accomplishing our goal of providing the best, most appropriate education to every one of our students requires that we all work together to achieve that end. One of the things that we need from our students is regular attendance. In other words, we need you in school every day so that we can provide the instruction you need to be successful. However, it is important for those students who are ill to stay home when sick. Students who have a fever or a measured temperature greater than or equal to 100 degrees Fahrenheit should not be at school or attend school activities. In order to return to school, they must be fever free without the aid of fever reducing medication for 24 hours To help you with your attendance, the district has approved the following incentives and guidelines:

A. INCENTIVES

1. Certificates of perfect attendance will be awarded to students who have maintained perfect attendance during the school year. (Missing more than one period during either the morning or afternoon session will be recorded as a one-half day absence.)

B. ATTENDANCE REQUIREMENT

~~The underlying guideline for the attendance policy is that students must be in attendance a minimum of 90% of the time to receive credit.~~

We understand that sickness or family obligation occasionally necessitates an absence from school. When this occurs, we request that your parent/guardian call the attendance office or complete a Google Form located on the district website each day of your child's absence ~~to inform the attendance clerk of the absence.~~ **NOTES FROM HOME WILL NOT BE ACCEPTED.** Parents are encouraged to have their child log in to the district's O@SIS or SeeSaw program to complete assignments. If for any reason you are unable to log in, please request homework from the appropriate counselor if the child's absence exceeds two days. Students will be provided make-up work within 24 hours of request.

We also understand that extenuating circumstances may result in the student missing more than the allowable days. As a result, an appeals process has been established so that the minimum attendance policy can be waived on an individual basis. The appeals process consists of the following step: When there are extenuating circumstances, the student and parent should request a hearing with the assistant principal in charge of attendance.

D- C. ABSENCE CATEGORIES

A student will not be considered absent from school if:

- They are not physically present at school but are completing work in a distance learning program or virtual online programs (i.e., O@SIS, SeeSaw, Acellus, or Edgenuity) approved by the school district and are meeting the following attendance requirements:
 - The student has completed instructional activities for no less than ninety (90%) of the time that services were provided in a virtual or distance learning format. Instructional activities may include online logins to curriculum or programs, offline activities, completed assignments, testing, face-to-face communications or meetings with school personnel via teleconference, videoconference, email, text, or phone,
 - The student is on pace for on-time completion of the course as required by the school district,
 - The student has completed instructional activities within the time that services were provided in a virtual or distance learning format during the academic year; or
- They have a medical condition that incapacitates the student and precludes them from participating in instruction in a traditional school setting and the student is able to progress in instruction via alternative education delivery methods approved by the local board of education.

1. Unrecorded Activity Absences: Absences for school sponsored activities will not be counted against the minimum attendance requirement. To qualify as a school sponsored activity, the activity must be under the direct supervision of a teacher or coach. According to OSSAA rule 2, "a student who has not attended classes ninety percent of the time for the semester in a member school becomes ineligible." The State Board of Education Rules state "the maximum number of absences for activities whether sponsored by the school or outside agency/organization which removes a student from the classroom shall be ten for any one class period of each school year. Excluded from the number are state and national levels of school-sponsored contest. State and national contest are those for which a student must earn the right to compete." (If a student is participating in a progressive tournament and misses more than one day of school during that tournament, only one day's absence will be counted against the ten.) STUDENTS WILL BE RESPONSIBLE FOR OBTAINING AND COMPLETING ALL ASSIGNMENTS PRIOR TO THE ACTIVITY OR MAKE PRIOR ARRANGEMENTS WITH THEIR TEACHERS TO COMPLETE ASSIGNMENTS AT THE TEACHERS' DISCRETION.

2. Non-chargeable Verified Absences: These are absences in which a parent has called the attendance office or completed the online Google Form verifying that their child will be absent. They could be for the following reasons:

- Personal or family illnesses
- Medical appointments
- Legal matters, including service on a grand, multicounty grand, or petit jury *
- Extenuating circumstances deemed necessary by the principal
- Observance of holidays required by a student's religious affiliation.

Documentation will be required for these absences. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period (a designated time period is defined as one day to make up work for each day missed). An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests. Again, if a child is able to complete work while at home, parents are encouraged to have their child log in to the district's O@SIS or SeeSaw program to complete assignments. No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.

The district will not require medical documentation to support personal or family illness that results in an excused absence. However, students will be required to make up any work that has been missed. Student absences due to a severe, chronic, or life-threatening physical or mental illness, injury, or trauma will be exempted from inclusion in the calculation of the chronic absenteeism indicator of the applicable school site so long as the determination of eligibility is made by the district's medical exemption review committee. The district's medical exemption review committee will be designated by the superintendent on a yearly basis and shall report student absences that are medically exempt to the Oklahoma State Department of Education (OSDE) Office of Accountability (see procedure page 540.2 Medical Exemption Review Documentation).

4. 3. Truancy: A student is truant when he is absent without prior permission from the school and the parents or if the parent does not compel the student to attend school. Examples of truancy include: simply missing school without permission, obtaining a pass to go to a certain place and not reporting there, becoming ill and staying in the restroom instead of reporting to the nurse's office, leaving class without permission, leaving school without permission, etc. Individual teachers will have the discretion to accept or refuse makeup work from a truant student. The teacher's policy must be stated in his/her classroom syllabus. IF A STUDENT IS

TRUANT ~~ABSENT WITHOUT AN EXCUSE, HE/SHE WILL BE INELIGIBLE TO PARTICIPATE IN ANY SCHOOL ACTIVITY THAT DAY OR NIGHT. Truant students will be dealt with according to the following penalties:~~

~~First Offense:~~

~~Saturday School – Saturday School is primarily aimed at students who are truant from school or do not attend required Encore sessions.~~

~~Non-attendance at Saturday School will result in additional Saturday School assignment. Non-attendance will be excused only for a doctor verified illness. Saturday School assignments will be limited to five per year per student.~~

- ~~3.~~ **4. Excused Unverified Absences:** This is any absence that does not fall within one of the above categories and when the attendance office has not been notified or a Google Form has not been completed. ~~If a student is absent with the approval of his/her parent/guardian for any reason except an approved school activity, the absence counts as one of the student's allowable days. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.)~~ Again, if a child is able to complete work while at home, parents are encouraged to have their child log in to the district's O@SIS or SeeSaw program to complete assignments. No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
- ~~E.~~ **D. TARDIES** - A student not in the classroom when the tardy bell rings is considered tardy. If a student is detained by a teacher, administrator, or counselor, the student must have a note from that faculty member to be considered excused (not tardy). Any student who has excessive tardies (5 or more) will be referred to the assistant principal for discipline. Students tardy to class will be assigned Detention. Parents must call before 7:55 am to ~~by the start time of the school day for a excuse~~ a tardy to be excused. No tardies will be excused if the call is made after school starts.
- F. HALL PASSES** - Students must have permission to be in the halls during class time. Students will be given a hall pass as evidence of permission. The hall pass must be visible or disciplinary action will be taken.
- G. F. PARENTAL NOTIFICATION**

Since the purpose of this attendance policy is to encourage good attendance, the school will strive to help prevent any student from losing his/her grade(s) solely on the basis of absenteeism. The attendance office will inform the parents/guardians of any student whose attendance is becoming a problem. The following steps will be utilized:

1. Notification will be made periodically for students with attendance issues. The parent/guardian will be informed at the fifth absences.
2. The parent/guardian will be informed at the fifth absence regardless of when it occurs during the semester.
3. Any elementary ~~or middle school~~ student who has four or more absences at the end of the first or third nine weeks may receive an NG (No Grade) instead of a letter grade on his/her report card. This marking will simply indicate that the student's attendance is unsatisfactory and that improvement is needed. If, at the end of the semester, the student has been in attendance at least 90% of the time, the student's semester grade will reflect all points earned throughout the semester and there will be no penalty reflected for attendance.

G. CHRONIC ABSENTEEISM

Chronic absentee means a student who is absent 10 percent or more of the school days in the school year exclusive of a significant medical condition, when the total number of days the student is absent is divided by the total number of days the student is enrolled, and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays. When a student is identified as a chronic absentee, the Superintendent or designee shall communicate with the student and his/her parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance.

A significant medical condition means a severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma. Any COVID-19 related absences due to a child's medical needs will be considered a significant medical condition.

540.2 Procedure Page - MEDICAL EXEMPTION REVIEW COMMITTEE PROCESS FOR ELIGIBLE EXEMPTIONS AND DOCUMENTATION FOR DECISION

Members of the committee shall adhere to the Family Educational Rights and Privacy Act (FERPA) with regard to the review of confidential student records. The committee will review student absences and make a determination as to which absences may qualify as an absence for a severe medical condition and as a result be exempt from inclusion in the calculation of the chronic absenteeism indicator of the applicable student's school sites. In deciding, the committee will utilize the following definition of severe medical condition:

"A severe, chronic, or life-threatening physical or mental illness, infection, injury, disease, or emotional trauma."

If it is determined that a student's absence meets the definition, that absence will be documented via a notation by the building principal in the student's attendance log as being for a severe medical condition.

The district will report all absences determined to be medically exempt to the Oklahoma State Department of Education Office of Accountability.

225. ~~INTERNET-BASED~~ **ONLINE** INSTRUCTION (Approved 10-7-02) (Revised 12-7-09, 07/15/2020)

~~Consistent with sound educational principles, it is the intention of the Board of Education of the Sapulpa School District to use the Internet for the delivery of educational materials in cases where makeup work or extra curriculum opportunity is desired. Internet-based instructional courses approved by the Board of Education for use in the School District are not viewed as a substitute for direct, face-to-face student and teacher interaction, but as a means of expanding course offerings, access to instructional resources, and the ability of the School District to bring the world of knowledge to its students. Internet-based instruction programs offered for high school credit shall be approved by and under the supervision of the Board of Education. Online instructional programs offered for instructional purposes and/or high school credit shall be approved by and under the supervision of the Sapulpa Board of Education. The proposed course(s) may be evaluated by the State Department of Education. The district may provide a virtual instruction or distance learning program on dates to be determined by the Superintendent. GENDER EQUITY STATEMENT

Title IX of the Educational Amendments of 1972 is applicable to the programs and activities of the Sapulpa School District. Title IX provides:

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance...”

The Sapulpa School District is committed to gender equity. To this end, the District prohibits discrimination on the basis of gender, and the Board of Education has adopted a Grievance Procedure which may be utilized by employees, students or parents who wish to assert claims of discrimination. Additionally, the District has appointed a Title IX and Section 504 Coordinator who, among other responsibilities, ensures compliance with the District's legal obligations in the area. The District's Title IX and Section 504 Coordinator is Assistant Superintendent of Human Resources. The Coordinator may be contacted by phone at (918) 224-3400 or in writing at Sapulpa Public School, 511 E. Lee, Sapulpa, Oklahoma 74066. A copy of the District's "Grievance Procedure for Filing, Processing and Resolving Alleged Discrimination Complaints" may be obtained, upon request, from the Coordinator.

NON-DISCRIMINATION CLAUSE

All programs, positions and services (curricular or extracurricular) are open to students regardless of sex, race, religion, national origin or marital status; however, a student's participation rights may be withdrawn for disciplinary reason (e.g., unbecoming conduct, violation of rules or laws, etc.)

ALTERNATIVE EDUCATIONAL OPPORTUNITIES

Sapulpa High School offers a full traditional educational experience along with several options that students may take. The list below shows those other opportunities which are more fully described in the document below.

- Alternative School (Bartlett Academy)
- Online Education (Sapulpa Virtual Academy)
- Turning Point

ALTERNATIVE SCHOOL (BARTLETT ACADEMY)

Students at Sapulpa High School who are having academic and social challenges, may apply to Bartlett Academy. One of the deciding factors for acceptance is that of availability of slots at the school. Bartlett Academy students are not allowed to be on the high school campus unless by special permission from a high school administrator. The only exception is those students using school transportation and they are restricted to the bus loading area only (THE AREA JUST EAST OF THE YELLOW POSTS).

Activities, Procedures For Bartlett Academy Students

Sapulpa High School recognizes that activities are an integral part of the high school experience and that certain significant activities should be available for Bartlett Academy students.

Activities sponsored by the High School Administration have rules and regulations that are to be followed by all students. Some of the rules and regulations governing Bartlett Academy may differ from the High School; however, at High School activities, all Bartlett Academy students and/or their guests are expected to abide by the rules and regulations set forth by the High School (including all dress code rules).

The Bartlett Academy Administration and the High School Administration will screen and approve their students for involvement with high school activities. The High School Administration and the Bartlett Academy Administration reserve the right to refuse admittance of any Bartlett Academy student.

Both High School Administration and Bartlett Administration will work together to supervise joint activities.

ANNOUNCEMENTS

The daily announcements, which contain information important to the student body, will be posted in PowerSchool daily. They will also be available in PowerSchool's Parent Portal. **It is the responsibility of each student to stay informed about events posted in the announcements.**

ASBESTOS NOTICE (As of August 7, 1990)

In accordance with the Asbestos Hazard Emergency Response Act of 1986, the Sapulpa School District has conducted an inspection and prepared a Management Plan for asbestos containing building materials that may have been incorporated in the school buildings.

Asbestos-containing building materials have been found in several of the school buildings in the district.

The district has developed a comprehensive program for removing, monitoring, and repairing these specific areas. A completed Management Plan is located in the Principal's Office of each school and at the School Service Center. ***If you have any questions, please feel free to call 224-7089.***

ASSEMBLIES

During assemblies at Sapulpa High School, students are expected to demonstrate the courtesy, cooperation, and consideration that they have been taught at school and at home. There are always visitors at our assembly programs, and it is a credit to our student body when visitors are able to comment on the courtesy of students toward speakers, performers, and visitors. Students may be removed from assemblies due to behavior deemed inappropriate, or disruptive.

ATHLETIC EVENT BEHAVIOR

At Sapulpa High School we want to promote positive behavior. Cheering at athletic events will be restricted to promoting our athletics and our athletic teams. We want you to cheer for our teams, not against the opponent. Derogatory, demeaning, or degrading remarks that are intended to put down the opponent, game officials, or the opposing fans will not be tolerated. Disciplinary action will be imposed for failure to comply with this policy. **Attendance at extracurricular events is a privilege that can be permanently revoked for inappropriate behavior.**

(ANY STUDENT WHO EXITS AN ATHLETIC EVENT WILL BE REQUIRED TO PAY AGAIN BEFORE HE OR SHE IS ALLOWED TO RE-ENTER THE EVENT.)

CAREER TECH ELIGIBILITY

Students who have sufficient credits to be classified as a junior or senior may attend Central Career Tech. Acceptance at Central Career Tech is based on various criteria such as attendance, grades, and discipline record at Sapulpa High School. Students may attend Sapulpa or Drumright campus, depending upon the program they select. Transportation is provided to both campuses. With prior written approval from the High School Administration, Career Tech Administration, and parent/guardian, students may drive their own vehicle to both locations. If you have any other questions, please contact your counselor.

CHEATING

Cheating will be considered the act or intent of gaining or giving knowledge for an assignment or test by fraudulent means. The penalty will be a zero for the assignment or test and no opportunity for makeup. Cheating could also result in disciplinary action.

CLASS OFFICERS

Each class level (sophomore, junior, and senior) has elected officers, which will include a president, vice-president, recording secretary, corresponding secretary, historian, and public relations.

Student officers must abide by these rules and regulations

- A. Applicant filing for office must have a cumulative 2.50 grade point average or better and no failing grades on transcript.
- B. Applicant must have a "C" average with no failing grades at the time of filing for office.
- C. Applicant must be cleared for conduct and attendance.
- D. Elected officers are required to maintain regular attendance at meetings.
- E. Elected officers who absolutely cannot attend a meeting or an event for any reason should report this personally to the sponsor prior to the meeting.

- F. A class officer may not hold an office in Student Council but may participate in Student Council.

Failure to comply with these regulations could constitute removal from office.

CLASS OFFICERS ELECTIONS

Sophomore, junior and senior officer elections will take place no earlier than March prior to the next school year. Two weeks prior to the election each candidate must pick up an election packet from the class sponsor. The packet must be completed and returned to the sponsor by the required deadline. Failure to do so will result in the student not being allowed to run for office. ~~Due to students not being able to hold more than two offices, elections will take place in the following order: class office, student council, NHS, and all other clubs.~~ Once a student has been elected to two offices, he or she is no longer eligible to run for another office

CLASS RANK

Class rank will be determined at the conclusion of the seventh semester. Class ranking is determined by the student's weighted G.P.A. The Oklahoma State Regents for Higher Education have established the following guidelines for class rank; "The class rank is one more than the number of students in a high school graduating class who have a grade point average greater than the student in question."

Students transferring into Sapulpa High School have equal opportunity for class rank. However, when a student transfers into Sapulpa with honors courses earned in the 9th grade, that student cannot be given advanced opportunity over Sapulpa students.

Example: Student transfers into Sapulpa with three 9th grade honors courses and finishes her/his career with a 4.45 G.P.A. The highest-ranking Sapulpa student has a 4.40 G.P.A.

CONCURRENT ENROLLMENT

Concurrent enrollment provides qualifying junior and senior students an opportunity to gain dual college and high school credit to meet graduation requirements. **To qualify, students must have a 19 ACT composite score (or a 3.0 unweighted GPA), and a 19 or above in the discipline sub-score and complete the required documentation obtained in the counseling office.** Concurrent enrollment courses taken for high school credit must be approved by a principal and counselor prior to the student's enrollment in the concurrent enrollment course. Students may be enrolled in no more than 19 hours between high school and concurrent enrollment. Sapulpa High School courses count as 3 hours per course. Students may be enrolled in 2 travel hours. Students will not receive credit for travel hours. All students must be enrolled in at least one course at Sapulpa High School. The student is responsible for providing the

counselor with documentation of enrollment within the first nine days of the semester. If a student fails to attend class, take care of necessary fees, does not complete the course or is consequently dropped from the course, the student will receive "F's" for each replaced class at Sapulpa High School. The grade will be calculated into the student's high school G.P.A. Students who are enrolled in the eleventh or twelfth grade may enroll in a maximum of nine semester credit hours during the summer session at a college or university prior to the junior or senior year of high school. All summer courses will be added to their transcript and calculated into the student's high school G.P.A.

Sapulpa High School Withdraw Procedure for Concurrent Courses

Students enrolling in concurrent courses will be allowed to withdraw from concurrent classes according to the following procedure:

Students enrolled in a concurrent course may withdraw from the course at any time during the semester. Students should be aware of the college's withdraw policy. ~~The student must notify his/her counselor of the withdraw and enroll in coursework needed to complete a full schedule.~~ If a student is wanting to withdraw from a course, they must meet with a counselor to complete the proper paperwork. The course must be replaced with one of the following options:

1. another concurrent course
2. A SHS course (within the first 9 days of the semester)
3. an online course through SHS to be determined based on date of withdraw.

All courses must be completed by the end of the current semester. Failure to do so will result in a failing grade.

Should a student withdraw or be administratively withdrawn from a concurrent course but fail to notify SHS counselors to enroll in a full schedule, a failing grade will be recorded on the SHS transcript.

If a student withdraws after the drop date given by the college/university, the grade given by the college/university will be transcribed. The student is responsible for being aware of the dates and consequences of withdrawal from the university/college course.

Student will be attending _____.

COUNSELORS

Sapulpa High School has a staff of highly qualified counselors. The primary function of each counselor is to provide assistance to students in accomplishing three goals: (a) to resolve personal problems, (b) to formulate educational and career plans and (c) to schedule appropriate courses. Since high school is a time to prepare for the future, all students are encouraged to use the guidance services often to insure the greatest probability for future success.

Even though counselors do not function as private therapists in the school setting, they are qualified and available to counsel students in crisis situations. If parents believe their child is in need of more intensive, on-going attention, they may contact any of the counselors for information regarding community services and/or other referral services.

Hall Passes

Students who need to see a counselor are reminded that counselors are available before school or after school. Otherwise, the counselors will send for a student if the student has signed his/her name on a form in the counselors' office. Students who miss class without prior written permission will be considered truant and dealt with accordingly. Only in the case **of an emergency, teachers can call a counselor.**

HomeBound Instruction

A student certified by a physician as unable to attend school for two (2) weeks or more because of physical or emotional disability is eligible for home or hospital instruction. Students must submit a homebound application signed by a physician. Applications can be picked up in the Counselor's office. If the student is homebound for psychological reasons, a letter from a psychologist stating the type of treatment the student is receiving is necessary. Girls who are pregnant will be eligible when the doctor and eligibility team determine that, for medical reasons, the student cannot attend school. In the interest of health and safety, homebound students cannot attend extra-curricular activities without prior approval of the School Principal. This includes prom. Homebound will begin when the parent submits the proper paperwork, the committee reviews and approves the homebound request, and the parent is notified by school officials that the student has been approved for homebound education. The simple act of turning in a homebound application does not result in homebound acceptance

CREDIT RECOVERY

Students must make every effort to pass all scheduled classes. However, students who have failed classes for high school credit may be eligible to pursue their academic requirements through online coursework. If make-up credits are needed to meet graduation requirements, a counselor will be available to assist the student in determining an appropriate method for completing these requirements. See online education for more information regarding credit recovery.

DANCES

Students who attend school-sponsored dances must be currently enrolled at Sapulpa Senior High School. High School students will be allowed to bring one guest to specified dances, and those guests must be at least a sophomore in high school and under 21 years of age. These dances will be announced in advance. All Sapulpa High School dances will be sponsored by school personnel and all school rules will be enforced, including dress code. Once a student has entered the building for a dance, he or she cannot leave and re-enter that dance.

DELIVERIES DURING THE DAY

Because interruptions during class hinder academic processes, school personnel will accept only school-authorized delivery of goods from outside vendors. Examples of unauthorized deliveries include flowers, balloons, and cards.

DETENTION

Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate supervisor at the specified time with class work to be studied.

DISCIPLINE

Cell

Cell Phones, ear buds, and headphones are not to be used or visible in any building at Sapulpa HS or JH during school hours, from 8:00 am to 3:00 pm. The exception to this rule is that students may use their cell phones at lunch in the Commons. If the phone is visible whether in use or not, students will have disciplinary consequences. Students will be asked to turn in their cell phone if they ring, vibrate, or disrupt the building or educational environment. Parents may be required to pick up cell phone from principal. If a student needs to contact parents, they may ask permission to use the phones in the attendance office.

Identification

All persons must, upon request, promptly identify themselves to any school personnel in the school building, on school grounds, or at school-sponsored activities. Students off school grounds during the school day must identify themselves to school officials upon request. They could also be checked at certain school activities. Refusal to identify or providing false identification will result in disciplinary action.

EARLY DISMISSAL FROM SCHOOL

State law says the school day shall consist of not less than six (6) hours devoted to school activities for any person or persons. This means all students enrolled at Sapulpa High School shall be enrolled in seven (7) classes. No students shall be released early to work.

EMAIL AND STUDENT'S RESPONSIBILITY

Students are expected to check their school email daily. School email is used to deliver important and timely communication from teachers, administrators, and the district. It is the student's responsibility to keep up with this communication.

ELIGIBILITY REQUIREMENTS FOR EXTRACURRICULAR ACTIVITIES

Students must be successful in their class work if they wish to participate in any extracurricular contests or activities. Eligibility is checked on a weekly basis. If a student is failing any class for one week, he/she will be placed on probation. If that student is failing any class after two weeks, he/she is ineligible to participate. (This does not have to be the same class. For example, a student could fail English the first week and math the second.) This includes grades and/or attendance. Students must be academically eligible to participate in any school-sponsored event or activity, including school dances, such as prom.

FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

- A. The right to inspect and review the student’s education records within 45 days of the District receiving a request for access. Parents or eligible students should submit to the School Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- B. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or in violation of student rights. Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the School Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of student rights. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- C. The right to consent to disclosures of personally identifiable information contained in the student’s records, except to the extent FERPA authorizes disclosure without consent.

Directory Information

- A. The Sapulpa School District proposes to designate the following personally identifiable information contained in a student’s record as “directory information,” and it will disclose that information without prior written consent:
 - 1. The student’s name;
 - 2. The names of the student’s parents;
 - 3. The student’s address;
 - 4. The student’s telephone listing;
 - 5. The student’s date of birth,
 - 6. The student’s class designation (i.e., first grade, tenth grade, etc.);
 - 7. The student’s extracurricular participation,
 - 8. The student’s achievement awards or honors;
 - 9. The student’s weight and height, if a member of an athletic team,
 - 10. The student’s photograph; and

11. The school or school district attended before he or she enrolled in the Sapulpa School District.
- B. Within the first three weeks of each school year, the Sapulpa School District will publish in a newspaper of general circulation in the area, the above list or a revised list of the items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the students' parents or the eligible student at the time and place of enrollment.
 - C. After the parents or eligible students have been notified, they will have two weeks to advise the School District in writing (a letter to the Superintendent of Schools office) of any or all of the items they refuse to permit the School District to designate as directory information about that student.
 - D. At the end of the two-week period, each student's records will be appropriately marked by the records custodian to indicate the items the School District will designate as directory information about that student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests.

A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student participating in a school service program or serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(Optional) Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records requests unless it states in its annual notification that it intends to forward on request).

Each student and/or student's parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605

FLAG SALUTE POLICY

IMMUNIZATION REQUIREMENTS

Oklahoma's School Immunization Law was first passed by the Legislature in 1970. The law was revised in 1976 to extend requirements to all children attending Oklahoma schools and to clarify that school officials are responsible for its implementation. The complete text can be found in Title 70 of the Oklahoma Statutes, Sections 1210.191-193: "Rules and Regulations for Immunization for School Children," as amended in June, 1976.

The State Board of Health for children attending school in Oklahoma requires the following:

Exemptions from the immunization requirements are authorized in the law for medical, religious, and personal reasons. The following is a summary of information concerning these exemptions, including procedures for their authorization:

Medical Exemption

The amended School Immunization Law of 1976 states in Section 1210.193 that any minor child, through his parents or guardian, may submit to the health authority charged with the enforcement of the required immunization program a certificate signed by a licensed physician stating that the physical condition of the child is such that the immunization would endanger the life or health of the child and thus be exempted from the immunization requirements.

Religious or Other Exemptions

PARTICIPATION STATEMENT - HIGH SCHOOL ACTIVITIES

All students who wish to participate in activities at Sapulpa High School are welcomed. Each student is expected to follow the guidelines described here. Our goal is to provide positive experiences for each student that will improve student performance and lead to successful competition as individuals and as a team. Whether in academics or athletics, we want our students to grow and mature in their areas of interest. When a student voluntarily quits a sport or is removed from the team by a coach, the school counselor and a school administrator need to be notified immediately. This does not guarantee that the student's class schedule will be changed.

Grades: (from the OSSAA Handbook)

OSSAA scholastic eligibility standards are required of all students engaging in co-curricular activity programs. Local school boards may make exceptions for only those students participating in non-competitive activities.

A. Semester Grades

1. A student must have received a passing grade in any five subjects to be counted for graduation that he/she was enrolled in during the last semester he/she attended fifteen or more days
2. If a student does not meet the minimum scholastic standard he/she will not be eligible to participate during the first six weeks of the next 18-week grading period they attend.
3. A student who does not meet the above minimum scholastic standard may regain his/her eligibility by achieving passing grades in all subjects he/she is enrolled in at the end of a six-week period.

4. Pupils enrolled for the first time must comply with the same requirements of scholastic eligibility. The passing grades required for the preceding 18-week grading period should be obtained from the records in the school last attended.

B. Student Eligibility During a Semester

1. Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. School may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin the Monday following the day eligibility is checked. Methods should be devised to check weekly grades of Central tech students and all concurrently enrolled students.
2. A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes during the next week on the grade check day, he/she will be ineligible to participate during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.
3. A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility. A student regains eligibility under rule 3 with the first class of the new one-week period (Monday through Sunday).
4. "Passing grade" means work of such character that credit would be entered on the records were the semester to close at that time.

C. Special Provisions

1. A senior student maintains eligibility by passing the classes required for graduation. The number of classes which a student is enrolled can be no less than four. A junior or senior student who is concurrently enrolled in high school and college may use the college courses to meet the minimum number of subjects needed to maintain eligibility. These may be a combination of high school and college subjects equivalent to four high school units which are accepted by the Oklahoma State Department of Education.
2. An ineligible student who changes schools during a semester will not be eligible at the new school for a minimum period of three weeks. A student may regain his/her eligibility by achieving the scholastic standard in Rule 3, Section 2-b at the end of a three-week period. (Any part of a week is considered a full week.)
3. Incomplete grades will be considered to be the same as failing grades in determining scholastic eligibility. School administrators are authorized to make an exception to this provision if the incomplete grade was caused by an unavoidable hardship. (Examples of such hardships would be illness, injury, death in family and natural disaster.) A maximum of two weeks is allowed for make-up work.

4. One summer school credit (1/2 unit or one subject) earned in an Oklahoma State Department of Education accredited program may be used to meet the requirements of rule 3, Section 1-a, for the end of spring semester.

Practice And Events

Students participating in any activity are expected to attend practices. Each individual sponsor or coach will have specific practice guidelines and penalties established for missing practices. It is expected that these guidelines will be in writing and will be communicated to the student and parent(s).

- A. As a general rule, practices or events will not be scheduled on Wednesday nights or Sundays. Any deviation from this schedule must be cleared with the high school principal at least one week in advance.
- B. It is the student's responsibility to notify a sponsor or coach if the student is unable to attend a practice or event. Notification should always be in advance. It is not appropriate or acceptable to be absent from an event or practice without prior notification.

Participation Conflicts

In case of conflicts with other school activities, the following criteria will be followed:

- A. Whichever event is a state, division, conference or playoff takes precedence over regular practice or competition. Example: Student involved in state chorus takes precedence over a basketball game.
- B. Competition always supersedes practice. Example: Student basketball game takes precedence over choir practice.
- C. Actual tryouts supersede practice. Example, tryouts for school play supersede basketball practice.
- D. In case of two competitions of equal status, the student will be able to make a choice. Example: Basketball game the same night as a choir contest. No penalty will be assessed due to student choice.

Please discuss conflicts with the sponsors and the school principal, if necessary, in advance.

Travel

All students are expected to ride school transportation to and from events. This is an important part of participation and also allows the sponsors to prepare, arrange, and adjust. We prefer that participants stay at events to support teammates. Students may leave the event with a parent or guardian after providing written communication to the coach or sponsor. In extenuating circumstances, and with written permission from the parent or guardian, a student may be released to leave an event with a specified adult. No student will drive to events, unless prior written approval from the school principal.

Dress And Behavior

Students are expected to follow all school guidelines at school-sponsored events. All school policies are in effect at events at home and away. Students participating in events sponsored by the school are always expected to dress appropriately and follow school guidelines. It is expected that students representing the school will make a positive impact through dress and behavior.

Sapulpa High School provides every student with a chromebook for use in the classroom and at home. All activity on the chromebook is the responsibility of the student whom it was checked out to. Any inappropriate behavior committed on the chromebook, whether the action is taken at school or otherwise, will be the complete responsibility of the student the chromebook is checked out to.

TELEPHONE AND/OR ADDRESS CHANGES

If a student has a change in address or phone number, please notify the attendance office.

TRAVEL

All students are expected to ride school transportation to and from events. This is an important part of participation and also allows the sponsors to prepare, arrange, and adjust. We prefer that participants stay at events to support teammates. Students may leave the event with a parent or guardian after providing written communication to the coach or sponsor. In extenuating circumstances, and with written permission from the parent or guardian, a student may be released to leave an event with a specified adult.

TURNING POINT

Turning point is an online program run by the Sapulpa Central Tech Office. This program is for students that are behind in their graduation requirements and are willing to work. Students may be referred by their counselor if they have earned 10 credits. Admission into the program is decided by Central Tech officials.

School Board Policies

204.2 PROFICIENCY BASED PROMOTION (Revised 5-20-13)

Double promotion is discouraged and will only be permitted in unusual circumstances and must have the recommendations of the principal, teacher, and elementary curriculum coordinator with agreement by the parent(s) or guardian. When double promotion is considered the following factors will be evaluated.

- Standardized test scores (Advanced)
- Emotional stability
- Social Development
- Whether or not the academic needs of the student can be met at the present grade level
- Mastery on a grade level Proficiency Based Promotion assessment (Will be available during the months of August and May only)
- Principal/teacher/elementary coordinator recommendation
- Final approval by Superintendent

207. HOME SCHOOL OR NON-ACCREDITED SCHOOL ADMISSION AND CREDITS EARNED (Revised 5-7-01)(Revised 5-7-07)

- A. The District welcomes enrollment of students who have been students in non-accredited schools and who have been home schooled. Students enrolling in the District from non-accredited schools and who have been homeschooled will be placed in grade levels and in courses based upon educational factors, primarily academic mastery as demonstrated on tests that grade the student by the standards of this District=s curriculum and Priority Academic Student Skills adopted by the Oklahoma State Board of Education. Test results will be maintained for at least one calendar year.
- B. Students entering the District from non-accredited schools or who have been homeschooled will be required to take academic tests administered by District personnel. The tests will measure the student's mastery of Priority Academic Student Skills and will be written. Pending receipt of such test results, the administration may allow the student to attend school in a designated alternative or temporary setting.
- C. The administration will determine the approved tests which will be used to implement this policy.

- D. Grade and course enrollment will be based upon results of placement tests and any other testing information and/or education records deemed to be relevant by the administration. Parental recommendations will be considered, but the District will not be obligated to place a student in the grade or course which the parent believes is appropriate. A parent who disagrees with the placement decision of the school may present a written objection for inclusion in the student(s) permanent folder, and may ask the Board of Education to review those objections. Any review of a placement decision by the Board will be limited to determining whether this policy was substantially complied with by the administration. Such review will not include a review of the merits of the placement decision by the administration. If the Board determines that this policy has not been substantially complied with, then the student(s) placement will be remanded to the administration for compliance with this policy. The decision of the Board, however, will be final and non-appealable.
- E. Students desiring to enroll in grades 9 through 12 will provide documentation of completed courses, and the student will be administered tests for all core courses to determine whether high school credit will be recognized. Tests for electives may also be required. The District will not grant high school credit in core subjects of English, mathematics, science, social studies, and foreign languages merely because the student successfully completed such courses in non-accredited schools or through home schooling. High school credit will be granted only if the student scores a grade of at least 60 percent on Priority Academic Student Skills testing. Students will be administered the test corresponding to the last course of a core subject sequence noted on the transcript or record prepared by the non-accredited school or by the homeschooling parent.
- F. Course enrollment of high school students will be made on the basis of the administered core subject tests, foreign language placement tests and elective tests, if any.
- G. Upon successful completion of the first trimester in the high school, credit will be given for elective courses taken at the non-accredited schools or through home schooling upon presentation of acceptable documentation of course completion or, if believed to be appropriate by the administration, through applicable testing.
- H. Only grades earned from another high school accredited by the State Department of Education of Oklahoma or another previous home state will be used in computing grade point averages. Credits that the administration accepts from a non-accredited school or through home schooling will be recorded as either a pass or a fail on District records. Only students earning credits in accredited school districts will be eligible for senior class grade point average recognition at graduation.
- I. Placement exceptions to the above regulations may be made at the discretion of the building principal or the Superintendent of Schools, but

such discretion must be based upon placement tests, parental recommendations, educational records and other testing information deemed relevant. For children with disabilities, the child's IEP or accommodation plan team will make individualized decisions concerning appropriate placement information and enrollment issues.

- J. Students enrolling from a school in a foreign country will have the transcripts of their completed work reviewed by standards determined to be relevant by the administration, and credits will or will not be granted on the basis of such a review.

In circumstances involving allegations of sexual harassment, the Coordinator may determine that it is appropriate and reasonable to separate the individual who is allegedly being sexually harassed from the alleged harasser in the hearing.
6. Within five days after the hearing, the Principal or Other Designee will issue a written decision to the Grievant, Respondent and applicable Coordinator.
7. If the Grievant or Respondent is not satisfied with the decision, he or she must notify the applicable Coordinator with five days and request, in writing, an appeal to the Superintendent. The written appeal shall contain a specific statement of the basis for the appeal.

540.1 STUDENT BEHAVIOR AND SUSPENSION (Revised 5-07) (see procedure pages)

The Board of Education of the Sapulpa School District adopts the following policy and procedures dealing with student behavior:

General Expectations - The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at Sapulpa Schools. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides must also accept the responsibilities that inclusion demands, including respect for and obedience to school rules.

In addition, conduct occurring outside of the normal school day or off school property that has a direct and immediate negative effect on the discipline or educational process or effectiveness of the school, will also result in disciplinary action, which may include in-school placement options or out-of-school suspension.

SAMPLE DISCIPLINARY OPTIONS:

Detention - Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.

Alternative In-School Placement - Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives.

STUDENT SUSPENSION:

The judicial extension of Fourteenth Amendment protection to students in the public school emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases. The policy of the School District must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students. The term "out-of-school suspension" refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and the remainder of a current semester/trimester and the succeeding semester/trimester for all other offenses. ALTERNATIVE IN-SCHOOL PLACEMENT, DETENTION, AND SIMILAR DISCIPLINARY OPTIONS OR CORRECTIONAL MEASURES ARE NOT CONSIDERED BY LAW TO BE OUT - OF - SCHOOL SUSPENSION AND DO NOT REQUIRE OR INVOLVE THE DUE PROCESS PROCEDURES SET FORTH HEREIN.

Reference to "parent" in this section of the policy refers to a student's parent or legal guardian.

Reference to "Principal" means the school principal or the school staff member to whom the principal has delegated the responsibility for student discipline.

BEHAVIOR OR CONDUCT WHICH MAY RESULT IN SUSPENSION:

Students who are guilty of any of the following acts may be suspended out-of-school by the administration of the School or the District for:

1. violation of a school regulation;
2. immorality;
3. adjudication as a delinquent for an offense that is not a violent offense. For the purposes of this section, "violent offense" shall include those offenses listed as the exceptions to the term "nonviolent offenses" as specified in Section 571 of Title 57 of the Oklahoma Statutes. "Violent offense" shall include the offense of assault with a dangerous weapon but shall not include the offense of assault;
4. possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities- and
5. possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of-school suspension as provided in the District's policy related to Firearms.

In the event of a suspension for any of the reasons listed above, an education plan as discussed in part 5 (Out-of-School Suspension Requirements), below, shall be applicable for acts which fall within parts a-d above. However, no education plan shall be necessary for acts which fall within part "5" above.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

District's Obligation:

Before the District, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension. STUDENTS IDENTIFIED AS DISABLED UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT OR SECTION 504 OF THE REHABILITATION ACT OF 1973 AND WHO ARE SUSPENDED OUT - OF - SCHOOL OR RECEIVE DISCIPLINARY REMOVAL FROM THE CLASSROOM REQUIRE ADDITIONAL PROCEDURAL CONSIDERATIONS.

Pre-Out-of-School Suspension Conferences:

1. When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense (as set out in OKLA. STAT. tit.57, ' 571), the principal shall conduct an informal conference with the student.
2. At the conference with the student the principal shall read the policy, rule or regulation which the student is charged with having violated and shall discuss the conduct of the student which is a violation of the policy, rule or regulation.
3. The student shall be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.
4. If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the out-of-school suspension.
5. The principal shall immediately notify the parent by phone and in writing that the student is being suspended out of school and that alternative in-school placement or other available options have been considered and rejected.

The written notice should state what alternative in-school placement or other available options have been considered and why they were rejected. Elementary and middle school students shall not be dismissed before the end of the school day without advance notice to the parent.

Immediate Out-of-School Suspension Without a Pre-Out-of-School Suspension Conference:

1. A student may be suspended out-of-school without the above pre-out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, or school employees, or to school property, or a continued substantial disruption of the educational process.
2. In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

Conferences With Parents:

1. The principal will seek to hold a conference with the parent or guardian as soon as possible after the out-of-school suspension has been imposed. The parent should be advised of his/her right to a conference with the principal at the time he/she is notified that an out-of-school suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.
2. At the conference, the principal will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct or behavior on the part of the student. The principal will also explain the basis for an out-of-school suspension rather than the use of alternative options. The parent should be asked by the principal if he/she understands the rule and the charges against the student.
3. At the conclusion of the conference the principal shall state whether he/she will terminate or modify the out-of-school suspension. In all cases the parent will be advised of his/her right to have the out-of-school suspension reviewed by the Superintendent of Schools, the Board of Education, or the Out-of-school Suspension Committee as provided by this policy. If the parent is in agreement with the principal's decision, he/she will be requested to sign a Waiver of Review.

Out-of-School Suspension Requirements:

1. An out-of-school suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of

- ten (10) school days. A short-term out-of-school suspension shall be a period of ten (10) or fewer school days.
2. In no event should an out-of-school suspension extend beyond the current school semester/trimester and succeeding semester/trimester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the School District's Gun-Free School Policy. Out-of-school suspensions should have a definite commencement and ending date, indefinite out-of-school suspensions are not permitted. It is recommended that out-of-school suspensions beyond ten (10) days be imposed only in serious situations.
 3. Out-of-school suspensions should be consistent; that is, one student should not be suspended out of school for a few days and another student suspended out of school for an extended period for the same or similar offense. However, the principal may take previous conduct and previous disciplinary actions and out-of-school suspensions of the student into consideration.
 4. Out-of-school suspensions until the student performs some remedial act are not permitted; however, the student may be advised that an out-of-school suspension of definite length will be terminated at an earlier date if he/she performs a prescribed remedial act or acts.
 5. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Records and Reports - The principal will keep written records of each out-of-school suspension conference containing the date of the conference, the

names of the persons present, the time duration of the conference, and the basis for rejection of alternative disciplinary options. Also, the principal shall maintain records related to the Education Plan and the student and/or parent's compliance or non-compliance with the Plan.

LONG-TERM OUT-OF-SCHOOL SUSPENSIONS

OUT-OF-SCHOOL SUSPENSIONS IN EXCESS OF TEN (10) SCHOOL DAYS

Right of Appeal - A parent or the student may appeal the out-of-school suspension decision of the principal to the Superintendent of Schools and the Board of Education. At the student and/or parent or guardian's option the appeal may be directly to the Board of Education.

Method of Appeal to the Superintendent of Schools or His/Her Designee:

1. An appeal can be presented by letter to the Superintendent of Schools.
2. If no appeal is received within five (5) calendar days after the principal's decision is received by the parent or student, the principal's out-of-school suspension decision will be final and non-appealable.
3. The Superintendent of Schools or his/her designee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The conference will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.
4. At the conference, the Superintendent of Schools or his/her designee will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent should be asked by the Superintendent of Schools or his/her designee if he/she understands the rule and the charges against the student.
5. At the conclusion of the conference the Superintendent of Schools or his/her designee will state whether he/she shall terminate or modify the out-of-school suspension. In all cases the parent shall be advised of his/her right to have the out-of-school suspension reviewed by the Board of Education. If the parent is in agreement with the decision of the Superintendent of Schools or his/her designee, he/she shall be requested to sign a waiver of review by the Board.

Method of Appeal to the Board of Education:

1. An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education.
2. If no appeal is received within five (5) days after the decision of the Superintendent of Schools or his/her designee is received by the parent or student, the decision of the Superintendent or his/her designee will be final and non-appealable.

A direct appeal to the Board requires the student, parent, or guardian to file the written request for appeal within five (5) days of receipt of the principal's decision.

Hearing the Appeal:

1. The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable.
2. The parent and student will be notified in writing of the date, time and place of the hearing.
3. The parent and student will have the right to an "open" or "closed" hearing, at their option.
4. Reasonable efforts will be made to accommodate the work schedule of parents.

Procedure for Student Out-of-School Suspension Appeal Hearing Before the Board of Education:

1. The Board President should:
 - a. Announce that the next agenda item is an out-of-school suspension review hearing for the student stating her/his initials.
 - b. Ask whether the parents/child wish the hearing to be open to the public or in executive session. The offer of an open hearing and their response is to be made a part of the minutes of the meeting. If parents/child request a closed hearing, a motion to go into executive session per their request should be made and voted on.
2. The Board President should advise the parents/child:
 - a. That they are entitled to legal counsel, if they desire it.
 - b. That the administration will present its witnesses first and that after each witness the parents or their legal counsel will be given an opportunity to cross-examine.
 - c. That the parents/child will be given an opportunity to call any relevant witnesses and present any relevant evidence they may wish, subject to cross-examination by legal counsel for the administration.
 - d. That the Board will consider the evidence and documents and reach a decision which will be recorded by vote in open session.
 - e. That the parents/child may ask any questions about the procedure.
3. Following presentation of 1 and 2 above, all administration witnesses and documents should be presented subject to cross-examination.
4. Parents/child may call any witnesses and present any documents subject to cross-examination.
5. After each witness is presented School Board members may ask the witness any questions.
6. Parents'/child's closing statement.
7. Administration's closing statement.

8. Deliberate in private. (If the hearing is not in executive session, the Board may deliberate in executive session only with permission of the parents or student.)
9. Return to open session and vote. After adopting a motion making certain findings of fact the Board must make a motion to: (1) affirm the out-of-school suspension; (2) modify the out-of-school suspension (increase or decrease severity of the out-of-school suspension); or (3) revoke the out-of-school suspension.

Attendance at School Pending Appeal Hearing:

Pending the appeal hearing of an out-of-school suspension to the Board, the student will have the right to attend school under such "in-house" restrictions as the principal deems proper, except that at the discretion of the principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the principal:

- a. the conduct for which the student was suspended out of school reasonably indicates that continued attendance by the student pending any appeal hearing would be dangerous to other students, staff members or school property: or
- b. the conduct for which the student was suspended out of school reasonably indicates that the continued presence of the student at the school pending any appeal hearing would substantially interfere with the educational process at the school.

SHORT-TERM OUT-OF-SCHOOL SUSPENSIONS

OUT-OF-SCHOOL SUSPENSIONS OF TEN (10) OR FEWER SCHOOL DAYS

The Board of Education recognizes that student out-of-school suspensions of ten (10) or fewer school days (referred to as "short-term out-of-school suspensions") involve less stigma and require less formal due process procedures than are required for out-of-school suspensions of greater than ten (10) school days (referred to as "long-term out-of-school suspensions"). Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved to the District's discretion.

Right of Appeal:

A student who has been suspended out of school for a period of ten (10) or fewer school days is entitled to all pre-appeal rights presently accorded by School District policy to students who have been suspended out of school for periods of greater than ten (10) school days. A student who has been given a short-term

out-of-school suspension and that student's parent have a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short-term out-of-school suspension and his/her parent shall be informed by the principal of this right and the method of submitting an appeal.

Method of Appeal to a Committee:

1. An appeal to a committee can be requested by letter to the school principal, which must be received within five (5) days after the principal's out-of-school suspension decision is received by the student, or his/her parent. The out-of-school suspension decision will become final and non-appealable if a request is not timely submitted.
2. Upon receipt of the request, the school principal shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized. If the school principal determines that the period of out-of-school suspension is greater than ten (10) school days, or if for any reason, the short-term out-of-school suspension is extended beyond ten (10) school days prior to the committee hearing, the procedures applicable to long-term out-of-school suspensions must be followed and the student must be given the opportunity to appeal any adverse decision to the Board of Education.
3. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Hearing the Appeal:

1. The Superintendent of Schools shall appoint a review committee consisting of not less than three School District employees who shall be certified administrators and/or teachers, and shall designate a chairperson for the committee. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.
2. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration shall be given to accommodate the work schedules of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the committee hearing shall give the other party twenty-four (24) hours advance notice of that decision. The failure to give such notice will preclude the party's right to have counsel attend the hearing.
3. The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The Principal will briefly outline the student's conduct, read the policy, rule or regulation which the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will be asked by the committee if they understand the rule and charges against the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.
4. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent or guardian of the student, the principal and the Superintendent of Schools.
5. The decision of the committee shall be final and non-appealable.

STUDENT PRIVILEGES WHILE UNDER OUT - OF - SCHOOL SUSPENSION OR UNDER OTHER DISCIPLINARY OR CORRECTIONAL MEASURES

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal of an out-of-school suspension, the student immediately, notwithstanding the filing of an appeal, forfeits the privilege of participating in all extracurricular activities of the school. In addition, when a principal determines to impose alternative in-school disciplinary or other correctional measures against a

student, then the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student.

"Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

540.1.3 STUDENT DRESS CODES (Approved 3-6-06)(Approved 9-12-17)

Grades 6-12

While enrolled in Sapulpa Public Schools, grades 6-12, a student's style of dress and/or grooming may reflect individual preference; however, such preferences must be selected within the constraints of reasonable rules and appropriate standards that are consistent with the maintenance of an effective learning atmosphere and good personal hygiene. The Board expects each student's attire and grooming to promote a positive, safe and healthy environment within the school.

The Board has determined that reasonable regulation of school attire and personal adornment is within its authority and consistent with its responsibility to provide an appropriate environment for learning. Although the Board recognizes that individual students have a right to free expression, that right must be balanced with the Board's responsibility to provide a safe, secure and orderly educational environment for all students.

Although the Board wishes for each student to accept responsibility for following this policy, it understands and appreciates both the authority and responsibility of the parent/guardian relative to student dress. The Board solicits the support of parents/guardians in the enforcement of its dress code.

Students may be required to alter their hair styles to meet the requirements for participation in activities.

9. Religious and Health Accommodation

Where a bona fide religious belief or health need of a student conflicts with the school dress code, reasonable accommodation shall be provided. Any student desiring accommodation shall notify the school principal in writing of the requested accommodation and the factual basis for the request. Approved coverings worn as part of a student=s bona fide religious practice or belief shall not be prohibited under this policy.

10. Clothing Assistance

It is the policy of the Board that no student will be denied an education due to a bona fide financial inability to obtain clothing that complies with the school dress code. Any student for whom compliance with the school dress code poses a bona fide financial burden may submit a written request for clothing needed, together with a statement of financial need. School principals, or their designees, shall assist families in financial need

to obtain clothing that complies with the school dress code. In meeting requests for assistance, principals, or their designees, shall consider community resources such as clothing donations from school personnel, merchants, parent organizations, charitable organizations, financial assistance, purchasing clothing for a student, and providing additional time for a student to obtain clothing that complies with the school dress code.

11. School Policies

Individual schools, via their respective school shared decision-making councils or school improvement committees may, upon approval by the principal, impose more strict dress code requirements than those set forth herein. However, all schools must meet the standards set forth in this policy as the minimum requirements. Schools shall publish any and all additional requirements/expectations relative to student dress. Students and their parent/guardians have the responsibility to be aware of any school specific dress codes and to conform to those requirements after the school has provided reasonable notice.

540.1.4 PROHIBITING POSSESSION OF DANGEROUS WEAPONS IN SCHOOL
(Approved 4-13-92)
(Revised 4-8-97)

- A. In order to provide a safe environment for the students and staff of the Sapulpa School District, the Board of Education adopts this policy prohibiting the possession and/or use of dangerous weapons, replicas or facsimiles of dangerous weapons and items or instrumentalities which are used to threaten harm or are used to harm any person.
- B. Dangerous weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the Sapulpa School District. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the school district.
- C. For the foregoing reasons and except as specifically provided in paragraph J below, possession by any student of a dangerous weapon, as that term is defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited. Further, use of any item or instrumentality by a student to threaten harm to any person or which is used to harm any person, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited.
- D. For purposes of this policy, a possession of a dangerous weapon includes, BUT IS NOT LIMITED TO, any person having a dangerous weapon: (1) on his person; (2) in his locker; (3) in his vehicle; (4) held by another person for his benefit; or (5) at any place on school property, a school bus or vehicle, or at a school activity.

THE FOREGOING LIST OF DANGEROUS WEAPONS IS DESCRIPTIVE AND BY WAY OF EXAMPLE ONLY AND IS NOT TO BE CONSIDERED AN EXCLUSIVE OR LIMITING LIST OF DANGEROUS WEAPONS.
- F. Any student in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy or who uses any item or instrumentality to threaten harm to any person or is used to harm any

person may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities. Students who violate this policy may be suspended from school, barred from school property and all school activities for any period of time up to the maximum period authorized by law. Additionally, appropriate school staff members may seek to file criminal charges against the student.

- G. If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or a replica or facsimile of a dangerous weapon, the teacher or employee shall immediately investigate the matter and shall confiscate any such weapon found if this can be accomplished without placing any students or staff in jeopardy, and shall immediately notify the principal or the principal's designee. If the teacher or employee does not believe that the weapon can be confiscated safely, the teacher or employee shall immediately notify the principal or the principal's designee of the situation.
- H. If the Principal or designee learns that a student is believed to be in possession of a dangerous weapon or replica or facsimile thereof, the principal or designee shall observe the following procedure:
 - 1. Immediately investigate the matter and contact the police or campus security, if appropriate.

 - 3. Notify the Superintendent of Schools or designee.
 - 4. Notify the student=s parents.
 - 5. Cooperate fully with the police.
 - 6. Attempt to transfer confiscated weapon to the police department, if feasible.
- I. A student who has been suspended from another school district because of the possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, shall not be accepted as a transfer student into the Sapulpa Public Schools.
- J. An exception to this policy may be granted for students participating in an authorized curricular or extracurricular activity or team involving the use or demonstration of a dangerous weapon, or replica or facsimile of a dangerous weapon. For this exception, prior written approval by the principal, in consultation with the Superintendent of Schools, is required.
- K. A student=s inadvertent or unintentional possession of a dangerous weapon or replica or facsimile thereof on school property, a school bus or vehicle, or at a school activity is no defense or excuse to compliance to this policy, but may be considered in determining the length or severity of any punishment for violation of this policy.

- L. Notwithstanding any of the foregoing provisions, rights of due process for all students and rights of disabled students must be observed in accordance with applicable law and school board policies.

540.1.7 STUDENT BULLYING PREVENTION AND INTERVENTION (Approved 1-13-03)(Revised 4-9-12)(Revised 11-11-13)(see procedure page)

PURPOSE: To address student bullying behavior effectively through a multi-faceted approach that includes education and the promotion of a positive school atmosphere.

The Board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the Board prohibits bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with rights of students and personnel to be secure. This includes but is not limited to bullying through electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

The Superintendent or his/her designee will develop a regulation to support and provide specific procedures for implementation of this policy. The Superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension out of school in accordance with the policies, rules and regulations of the District's Board of Education.

Student and Staff Education and Training

The District is committed to providing appropriate and relevant training annually to students and staff regarding preventing, identifying, responding to and reporting incidents of bullying. A full copy of this policy will be posted on the District's website and included in all District handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the District's annual written notice of the availability of the district's anti-bullying policy. Written notice of the policy will also be posted at various places in all District school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the District's commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the District's other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district's bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and the District's strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will be appropriately disciplined pursuant to District policy. Any accusations confirmed to be false will be removed from the falsely-accused student's file. Parents and guardians may participate in a parent education component.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed. Reports can also be made by any student, parent, or patron through the District's online reporting system found on the District's website or by calling the school.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against an alleged bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about, or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying

reports. These individuals will be identified in the site's student and staff handbooks, on the District's website, and in the bullying prevention education provided annually to students and staff. The District's anti-bullying program is coordinated at the District level by the District's Safe School Coordinator.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether the bullying conduct occurred, (ii) the severity of the incident(s), and (iii) the potential for future violence. In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent or his/her designee.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinator that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. No school employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 § 1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student

to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within two (2) school days that a bullying report has been received. Within two (2) school days of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation.

If the report of bullying is substantiated, within two (2) school days of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

Parental Responsibilities

All parents/guardians will be informed in writing of the District's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 *et seq.*, the district will identify a bullying coordinator who will serve as the District contact responsible for providing information to the State Board of Education. The bullying coordinator shall maintain updated contact information on file with the State Department of Education and the School District will notify the State Department of Education within fifteen (15) days of the appointment of a new bullying coordinator.

A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the District's Annual Performance Report.

The Administration recognizes that there are many motivations behind the act of bullying, one of which may be for a discriminatory purpose. If the bullying behavior constitutes discriminatory harassment, intimidation or bullying (i.e., it is targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information), the misconduct is prohibited pursuant to District Policy 4902 regarding Discriminatory Harassment, Intimidation and Bullying and is subject to the procedure and protections specified in 4902 in addition to this policy. Retaliation is expressly prohibited against any person who participates in reporting, investigating or addressing any incident of bullying behavior.

STUDENT BULLYING PREVENTION AND INTERVENTION

Procedures

In furtherance of the Board's policy regarding student bullying prevention and intervention, the District shall require Prevention and Intervention Strategies, as described below, based on building data, for school staff to address bullying behaviors. These interventions will be on a continuum, ranging from those aimed at prevention to those interventions that address more serious bullying behavior on a case-by-case basis.

The District's "Prevention and Intervention Strategies" referenced above include, but are not limited to:

1. Including prohibitions and guidance concerning bullying in the District's Behavior Response Plan;
2. Implementation of a positive behavioral intervention and support process or another evidence-based model approach for safe school climate or for the prevention of bullying, including any such programs identified by the State Department of Education;
3. A school survey to determine the prevalence of bullying, which will take place during the second or third quarter of each school year and a summary of which will be made available to a District office designee; and
4. Establishment of a Safe & Healthy Schools Committee for each school site (K-12) as mandated by the School Safety and Bullying Prevention Act. The Safe & Healthy Schools Committee will consist of at least ten (10) members and shall be composed of teachers, parents of enrolled students, students, and a school official who participates in the investigation of reports of bullying. Each Safe & Healthy Schools Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid

harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety. With respect to student bullying, each Committee shall assist the Board in promoting a positive school climate. The Committee will study the District's policy and currently accepted bullying prevention programs (available on the State Department of Education website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and cover: (i) needed staff development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing behavioral health resources.

5. The development, posting, and enforcement of rules at each school site that prohibit bullying and establish appropriate consequences for those who engage in such acts, as defined by District policy;

6. The consistent provision of adult supervision at each school site of outdoor areas, hallways, the lunchroom and other specific areas where bullying is likely to occur;

7. Inclusion of grade-appropriate, research-based bullying prevention curricula in prekindergarten through high school grades, as compiled by the State Department of Education and which is reported annually using a fidelity checklist to submit to Safe & Healthy Schools Committee members;

8. Training school personnel to be sensitive to the interpersonal dynamics of bullying behavior so that they recognize the need to protect all students from reprisal, retaliation and false accusations.

9. The participation of all employees directly involved with student services in annual bullying awareness/intervention training and suicide prevention training;

10. The participation of all new employees directly involved with student services in bullying awareness/intervention training and suicide prevention training before reporting to their new positions;

11. Individual interventions for students who engaged in confirmed bullying behavior and against whom bullying behavior has been confirmed, the parents or guardians of those students, and involved school staff members;

12. School-wide training related to the provision of a safe school climate;

13. The promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions, which

may include discussion panels, Safe & Healthy Schools Committee, TAPS, parent involvement facilitators and the like.

As the terms are used in the District's policy and this regulation, the following definitions apply.

DEFINITIONS:

A. "Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonable perceived as being done with intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's education mission or the education of any student.

According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts.

Power may be but is not limited to physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories:

"Physical Bullying" may include harm or threatened harm to another's body or property, including but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

"Emotional bullying" may include the intentional infliction of harm to another's self-esteem, including but not limited to insulting or profane remarks, insulting or profane gestures, or harassing and frightening statements, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

"Social bullying" may include harm to another's group acceptance, including but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that result in the

victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors or humiliating acts designed to deprive the student of awards, recognition or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

“Sexual bullying” may include harm to another resulting from, but not limited to, making unwelcome sexual comments, about the student, making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim’s body; participation in the gossiping or spreading of false rumors about the student’s sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim’s school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment — also prohibited by the district.

B. “Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel or school property.

C. “Electronic communication” means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device or a computer. Electronic communications include, but are not limited to, communications made through weblogs and social media forums. Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

D. The term “at school” means on school grounds, in school vehicles, at school-sponsored activities or at school-sanctioned events.

E. In determining what a “reasonable person” should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the disciplinary history and physical characteristics of the alleged bully.

F. “Good faith” is a state of mind consisting in honesty in belief or purpose or faithfulness to one’s duty or obligation.

G. The term “discriminatory harassment, intimidation and bullying” is defined by the District pursuant to SPS Board Policy 489 as harassment, intimidation, and bullying targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information.

540.2* STUDENT ATTENDANCE (Revised 4-12-2010)(Negotiated 8-19-13)
(see procedure page)

Accomplishing our goal of providing the best, most appropriate education to every one of our students requires that we all work together to achieve that end. One of the things that we need from our students is regular attendance. In other words, we need you in school every day so that we can provide the instruction you need to be successful. To help you with your attendance, the district has approved the following incentives and guidelines:

A. INCENTIVES

1. Students with good attendance will be rewarded with the following test exemptions:
 - a. Zero absences in all classes – student may choose to exempt all semester tests.
 - b. No more than one (1) absence in all classes – student may choose to exempt up to three (3) semester tests.
 - c. No more than two (2) absences in all classes – student may choose to exempt one (1) semester test.
2. Certificates of perfect attendance will be awarded to students who have maintained perfect attendance during the school year. (Missing more than one period during either the morning or afternoon session will be recorded as a one-half day absence.)

B. ATTENDANCE REQUIREMENT

The underlying guideline for the attendance policy is that students must be in attendance a minimum of 90% of the time to receive credit.

We understand that sickness or family obligation occasionally necessitates an absence from school. When this occurs, we request that your parent/guardian call the attendance office each day of your absence to inform the attendance clerk of the absence. **NOTES FROM HOME WILL NOT BE ACCEPTED.** Parents are encouraged to request homework from the appropriate counselor if the child's absence exceeds two days. Students will be provided make-up work within 24 hours of request.

We also understand that extenuating circumstances may result in the student missing more than the allowable days. As a result, an appeals process has been established so that the minimum attendance policy can be waived on an individual basis. The appeals process consists of the following step: When

there are extenuating circumstances, the student and parent should request a hearing with the assistant principal in charge of attendance.

C. PARENTAL NOTIFICATION

Since the purpose of this attendance policy is to encourage good attendance, the school will strive to help prevent any student from losing his/her grade(s) solely on the basis of absenteeism. The attendance office will inform the parents/guardians of any student whose attendance is becoming a problem. The following steps will be utilized:

1. Notification will be made periodically for students with attendance issues. The parent/guardian will be informed at the fifth absences.
2. The parent/guardian will be informed at the fifth absence regardless of when it occurs during the semester.
3. Any elementary or middle school student who has four or more absences at the end of the first or third nine weeks may receive an NG (No Grade) instead of a letter grade on his/her report card. This marking will simply indicate that the student's attendance is unsatisfactory and that improvement is needed. If, at the end of the semester, the student has been in attendance at least 90% of the time, the student's semester grade will reflect all points earned throughout the semester and there will be no penalty reflected for attendance.

D. ABSENCE CATEGORIES

1. **Unrecorded Absences:** Absences for school sponsored activities will not be counted against the minimum attendance requirement. To qualify as a school sponsored activity, the activity must be under the direct supervision of a teacher or coach. According to OSSAA rule 2, "a student who has not attended classes ninety percent of the time for the semester in a member school becomes ineligible." The State Board of Education Rules state "the maximum number of absences for activities whether sponsored by the school or outside agency/organization which removes a student from the classroom shall be ten for any one class period of each school year. Excluded from the number are state and national levels of school-sponsored contest. State and national contest are those for which a student must earn the right to compete." (If a student is participating in a progressive tournament and misses more than one day of school during that tournament, only one day's absence will be counted against the ten.) STUDENTS WILL BE RESPONSIBLE FOR OBTAINING AND COMPLETING ALL ASSIGNMENTS PRIOR TO THE ACTIVITY OR

MAKE PRIOR ARRANGEMENTS WITH THEIR TEACHERS TO COMPLETE ASSIGNMENTS AT THE TEACHERS' DISCRETION.

2. **Non-chargeable Absences:** Absences for hospitalization and doctor verified illness will not be charged against the minimum attendance requirement. Documentation will be required for these absences. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.) No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
3. **Excused Absences:** If a student is absent with the approval of his/her parent/guardian for any reason except an approved school activity, the absence counts as one of the student's allowable days. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.) No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
4. **Truancy:** A student is truant when he is absent without prior permission from the school and the parents. Examples of truancy include: simply missing school without permission, obtaining a pass to go to a certain place and not reporting there, becoming ill and staying in the restroom instead of reporting to the nurse's office, leaving class without permission, leaving school without permission, etc. Individual teachers will have the discretion to accept or refuse makeup work from a truant student. The teacher's policy must be stated in his/her classroom syllabus. IF A STUDENT IS ABSENT WITHOUT AN EXCUSE, HE/SHE WILL BE INELIGIBLE TO PARTICIPATE IN ANY SCHOOL ACTIVITY THAT DAY OR NIGHT. Truant students will be dealt with according to the following penalties:

First Offense:

Saturday School - Saturday School is primarily aimed at students who are truant from school or do not attend required Encore sessions. Non-attendance at Saturday School will result in additional Saturday School assignment. Non-attendance will be excused only for a doctor

verified illness. Saturday School assignments will be limited to five per year per student.

- E. TARDIES** - A student not in the classroom when the tardy bell rings is considered tardy. If a student is detained by a teacher, administrator, or counselor, the student must have a note from that faculty member to be considered excused (not tardy). Any student who has excessive tardies (5 or more) will be referred to the assistant principal for discipline. Students tardy to class will be assigned Detention. Parents must call before 7:55 am to excuse a tardy. No tardies will be excused if the call is made after school starts.
- F. HALL PASSES** - Students must have permission to be in the halls during class time. Students will be given a hall pass as evidence of permission. The hall pass must be visible or disciplinary action will be taken.

540.6 STUDENT POSSESSION OF WIRELESS TELECOMMUNICATION DEVICES (Approved 10-2-89)(Revised 9-10-01, 11-14-11, 6-8-15)

Sapulpa Public Schools promotes an environment for instructional learning that is safe and secure. The District recognizes the importance of electronic tools as communication and e-learning tools. When used appropriately, these tools can significantly enhance Sapulpa Public Schools teaching and program effectiveness. Therefore, in order to foster digital citizenship, students and staff are required to practice appropriate and responsible use.

- A. Wireless telecommunication devices, including but not limited to cell phones may be used by students on school premises as directed by site administrators and classroom teachers. When use is not authorized, Wireless telecommunication devices shall be turned off and put away in an inconspicuous place out of sight, for example, in a purse or book bag.
- B. Student possession of wireless telecommunication devices shall not distract or disrupt the educational environment, including class time, assemblies, lunch, meetings and/or passing between classes in school hallways. Students may use their electronic devices before or after school hours, during passing between classes in school hallways, during lunch, and during class for academic purposes when authorized by site administration and classroom teachers. Students found to be distracting or disrupting the educational environment will be subject to disciplinary action outlined by Board Policy 540 STUDENT DISCIPLINE. On any offense, a student may forfeit his/her permission to possess a wireless telecommunication device for a time to be determined by the building administrator. Authorized school personnel (School Administrators) shall

have the authority to detain and search any student electronic device upon the reasonable suspicion that the student is misusing the electronic device, including suspicion about dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, missing or stolen property. Authorized School personnel and classroom teachers shall have the authority to confiscate the device from the student's possession and follow site procedures on transferring and securing the device to Authorized school personnel. Refusal by a student to give the device to school personnel when requested may result in the student being subject to a violation of the student code of conduct.

540.2.2 BUILDING PASSES

Students who leave the campus should check out through the attendance office.

Students having appointments off campus during class time should have their parents notify the office by phone to receive their building pass. Notes are not accepted. If a student leaves the campus without checking out through the attendance office, his/her absence will be recorded as a truancy.

541.1 DISCIPLINARY REMOVAL OF CHILDREN WITH DISABILITIES (Approved 10-3-05)(Revised 4-7-08, 8-08-16)(see procedure page)

Sapulpa Public Schools will comply with the requirements of Federal and State laws and regulations when it seeks to implement the disciplinary removal of a child with a disability. These requirements are outlined in the Special Education Discipline Procedures Manual (see Procedure Page 541.1)

544.1 ILLEGAL AND ILLICIT DRUGS AND ALCOHOL (Approved 8-7-90) (Revised 5-07)

- A. Any student using, under the influence of, in possession of, furnishing, or selling alcoholic beverages, non-intoxicating beverages (as defined by law), illegal or illicit drugs, or other mood-altering substances at school, while in school vehicles, at any school-sponsored event, or traveling to and from school events will be subject to disciplinary measures, which may include suspension for the remainder of the current semester/trimester and the following semester/trimester. "Illicit drugs" includes steroids and prescription and over-the-counter medications being used for an abusive purpose, i.e., when they are not used in compliance with the prescription or directions for use and are not being used to treat a current health condition of the student. "Mood-altering substances" includes paint, glue, aerosol sprays, and similar substances.

- B. A suspension imposed for a violation described in paragraph A may be reduced by the student and his or her parents completing an evaluation by Adolescent Center or a substance abuse treatment facility. Demonstrated compliance with the recommendations for treatment will be weighed heavily in determining the appropriate reduction in the suspension.
- C. Student violation of this policy which also constitutes illegal conduct will be reported to law enforcement authorities.

544.1.3 STUDENT ACTIVITY DRUG TESTING (Revised 8-3-09)(see procedure page)

- A. **Purpose:** To protect the health and safety of extra-curricular activities students from illegal and/or performance-enhancing drug use and abuse, thereby setting an example for all other students of the Sapulpa Public School District.

This policy governs only performance-enhancing and illegal drug use by students participating in certain extra-curricular activities. The sanctions imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extra-curricular activities. No suspensions from school or academic sanctions will be imposed for violations of this policy.

Participation in school-sponsored interscholastic extra-curricular activities at the Sapulpa Public School District is a privilege. Students who participate in these activities are respected by the student body and are representing the school district and the community. Accordingly, students in extra-curricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible examples of conduct, sportsmanship, and training, which includes avoiding the use or possession of illegal drugs.

The purposes of this policy are five-fold:

1. To educate students of the serious physical, mental and emotional harm caused by illegal drug use.
2. To alert students with possible substance abuse problems to the potential harms that drug use poses for their physical, mental, and emotional well-being and offer them the privilege of competition as an incentive to stop using such substances.
3. Ensure that students adhere to a training program that bars the intake of illegal and performance-enhancing drugs.
4. To prevent injury, illness, and harm for students that may arise as a result from illegal and performance-enhancing drug use.

5. To offer students practices, competition and school activities free of the effects of illegal and performance-enhancing drug use.

For the safety, health and well being of students in extra-curricular activities the Sapulpa Public School District has adopted this policy for use by all participants in interscholastic extra-curricular activities in grades 8-12. The administration may adopt regulations to implement this policy.

B. Definitions:

1. **Activity Student** means a member of any junior high or high school Sapulpa 500 Section Sapulpa Public Schools 2-2007 Public School District sponsored extra-curricular organization which participates in interscholastic competition. This includes any student that represents Sapulpa Schools in any extra-curricular activity in interscholastic competition, such as FFA, FCCLA, Academic Team, Band, Vocal, Ping Pong, Cheerleader, Speech/Debate, JROTC and Athletics.
2. **Drug use test** means a scientifically substantiated method to test for the presence of illegal or performance-enhancing drugs or the metabolites thereof in a person's urine.
3. **Random Selection Basis** means a mechanism for selecting activity students for drug testing that:
 - a. Results in an equal probability that any activity student from a group of activity students subject to the selection mechanism will be selected, and
 - b. Does not give the School District discretion to waive the selection of any activity student selected under the mechanism.
4. **Illegal drugs** means any substance which an individual may not sell, possess, use, distribute or purchase under either Federal or Oklahoma law. Illegal drugs includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substance Act, all prescription drugs obtained without authorization, and all prescribed and over-the-counter drugs being used for an abusive purpose. Illegal drugs shall also include alcohol.
5. **Performance-enhancing drugs** include anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed or other athletic ability. The term performance-enhancing drugs does not include dietary or nutritional supplements such as vitamins, minerals and proteins which can be lawfully purchased in over-the-counter transactions.
6. Positive when referring to a drug use test administered under this policy means a toxicological test result which is considered to demonstrate the presence of an illegal or a performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test.

7. **Reasonable suspicion** means a suspicion of illegal or performance-enhancing drug use based on specific observations made by coaches/administrators/sponsors of the appearance, speech, or behavior of an activity student; the reasonable inferences that are drawn from those observations; and/or information of illegal or performance-enhancing drug use by an activity student supplied to school officials by other students, staff members, or patrons.

C. Procedures:

Each activity student shall be provided with a copy of the "Student Drug Testing Consent Form" which shall be read, signed and dated by the student, parent or custodial guardian and coach/sponsor before such student shall be eligible to practice or participate in any extra-curricular activities.

The consent requires the activity student to provide a urine sample and/or hair follicle (a) when the activity student is selected by the random selection basis to provide a urine sample and/or hair follicle; and (b) at any time when there is reasonable suspicion to test for illegal or performance-enhancing drugs. No student shall be allowed to practice or participate in any extra-curricular activities involving interscholastic competition unless the student has returned the properly signed "Student Drug Testing Consent Form."

Each Activity Student shall receive a copy of the Activity Student Drug Testing Policy. The head coach or sponsor shall be responsible for explaining the Policy to all prospective students, and for preparing an educational presentation to acquaint the student with the harmful consequences of drug and alcohol use and abuse.

Drug use testing for Activity Students will also be chosen by an outside agency on a random selection basis monthly from a list of all Activity Students who are involved in off-season or in-season activities.

In addition to the drug tests required above, any Activity Student may be required at any time to submit to a test for illegal or performance-enhancing drugs, or the metabolites thereof when an administrator, coach, or sponsor has reasonable suspicion of illegal or performance-enhancing drug use or drug use affect by that particular student. All activity students will be tested prior to participating in their respective sport, activity and/or competition.

Any drug use test will be administered by or at the direction of a professional laboratory chosen by the Sapulpa Public School District. The professional laboratory shall be required to use scientifically validated toxicological testing methods, have detailed written specifications to assure chain of custody of the specimens, and proper laboratory control and scientific testing.

All aspects of the drug use testing program, including the taking of specimens, will be conducted so as to safeguard the personal and privacy rights of the student to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure. In particular, the specimen must be collected in a restroom or other private facility with appropriate privacy measures taken. The principal shall designate a school employee of the same sex as the student to accompany the student to a restroom or other private facility with appropriate privacy measures taken. The monitor shall not observe the student while the specimen is being produced, but the monitor shall be present outside the stall to listen for the normal sounds of urination in order to guard against tampered specimens and to insure an accurate chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. The monitor shall give each student a form on which the student may list any medications legally prescribed for the student he or she has taken in the preceding thirty (30) days. The parent or legal guardian shall be able to confirm the medication list submitted by their child during the twenty-four (24) hours following any drug test. The medication list shall be submitted to the lab in a sealed and confidential envelope and shall not be viewed by district employees.

D. Confidentiality - The laboratory will notify the principal or designee of any positive test. To keep the positive test results confidential, the principal or designee will only notify the student, the head coach/sponsor, and the parent or custodial guardian of the student of the results. The principal or designee will schedule a conference with the student and parent or guardian and explain the student's opportunity to submit additional information to the principal or to the lab. The Sapulpa Public School District will rely on the opinion of the laboratory which performed the test in determining whether the positive test result was produced by something other than consumption of an illegal or performance-enhancing drug. Test results will be kept in files separate from the student's other educational records, shall be disclosed only to those school personnel who have a need to know, and will not be turned over to any law enforcement authorities.

E. Consequences - Any Activity Student who tests positive in a drug test under this policy or under policy 544.1 "ILLEGAL AND ILLICIT DRUGS AND ALCOHOL shall be subject to the following restrictions:

1. For the First Offense:

- a. The parent/guardian will be contacted immediately and a private conference will be scheduled to present the test results to the parent/guardian. A meeting will then be set up with the student, parent/guardian, athletic director/sponsor, and principal concerning the positive drug test. At this time the student will be suspended from participation in all regularly scheduled school sanctioned events or competitions for 20% of the season with a two event minimum. Multi event competitions such as tournaments will be counted as one event per day. These consequences will be imposed for all activities in which the student is currently involved. In order to continue to practice/train in the

activity the student and parent/guardian must, within five (5) school days of the joint meeting, be enrolled and participating in Sapulpa Public Schools drug education classes. Additionally, the student must voluntarily submit to a second drug test to be administered within two (2) weeks in accordance with the testing provisions of this policy. The cost of this test will be absorbed by the student and/or his/her parent/guardian. If parent/guardian and student agree to these provisions, the student will continue to practice/train in the activity. Should the parent/student not agree to these provisions the consequences listed in this policy for the second offense will be imposed.

- b. These restrictions and requirements shall begin immediately, consecutive in nature. Provided, however, a student who on his or her own volition informs (self-refers) the athletic director, principal, or coach/sponsor of usage before being notified to submit to a drug use test will be allowed to remain active in all activities covered under this policy. Such student will however, be considered to have committed his/her first offense under the policy, and will be required to re-test as would a student who has tested positive.

2. For the Second Offense: A meeting will be scheduled with the student, parent/guardian, athletic director/sponsor, and principal concerning the positive drug test. At this time a complete suspension from participation in all extracurricular activities for 60 school days will begin. The student may continue to practice/train with the activity following all requirements of the coach/director. The student will be required to submit to three drug tests during the 60 day period and must complete a Sapulpa Public School approved drug counseling program. The cost of the testing and the counseling program will be paid by the student and/or his/her parent/guardian. If the student fails one drug test, is determined to be on violation of policy 544.1, or fails to complete the counseling program this will be considered a third offense and will be subject to the guidelines in this policy.

3. For the Third Offense: A meeting will be scheduled with the student, parent/guardian, athletic director/sponsor, and principal concerning the positive drug test. At this time a complete suspension from participation in all extracurricular activities including all meetings, practices, performances, and competition for one calendar year (12 consecutive months). At this time, the activity student will be placed on probation and will be required to provide a urine sample on a monthly basis for a period of 1 calendar year. The time and date will be unknown to the student and determined by the principal/athletic director or designee. The costs of these tests will be absorbed by the student and/or his/her parent/guardian. If the activity student fails one (1) urine drug test during the 1 year probation period, he/she is suspended from all extracurricular participation for the school career.

If the activity student completes the 1 year probation period with 100% clean urine samples and no questions of tampering, the student is eligible to be reinstated to the

activity at the discretion of the coach/director as a second offender in the Sapulpa Public Schools Student Activity Drug Testing Policy.

4. The effective timeline for students to be held accountable for each subsequent offense is the remainder of their high school career. Example: If a student commits a first offense in the eighth grade and is randomly tested again in the tenth grade with a positive result, then the second offense is considered to have occurred and the consequences listed in this document will be enforced.

F. Refusal to Submit to Drug Use Test A participating student, who refuses to submit to a drug test authorized under this policy, shall not be eligible to participate in any activities covered under this policy including all meetings, practices, performance and competitions for the remainder of the school year. Additionally, such student shall not be considered for any interscholastic activity honors or awards given by the school.

G. Tampering If at any time during the testing procedure the monitor has reason to believe or suspect that a student is tampering with the specimen, the monitor may stop the procedure and inform the principal/athletic director who will then determine if a new sample should be obtained. If tampering is determined and/or if an attempt to make urine test invalid by lab results, this is an automatic 1st, 2nd, or 3rd offense depending on timeline of activity student.

544.2 MEDICATIONS (Approved 9-6-94) (Revised 4-7-08) (see procedure pages)

The school nurse, an administrator or a designated employee will administer the medicine to the student pursuant to the parent's instructions and the directions for use on the label or in the physician's prescription. The parent must complete a new authorization form annually and for each change of medication. The District will maintain the authorization form as a part of the student's health record. Authorization forms will be available in the principal's office. A parent who chooses to do so may come to the school and personally dispense medication to the student.

- 9. Students who are able to self administer specific medications, such as inhaled asthma medication, or use specialized equipment, such as an inhaler, may do so provided such medication and special equipment are transported and maintained under the students' control in compliance with the following rules:
 - a. A licensed physician or dentist must provide a written order that the student has a particular medical condition (asthma, etc.), is capable of and has been instructed in the proper method of self-administration of medication. It is the parent's responsibility to contact the physician and have the physician complete and return the required order.
 - b. The parent must provide a written authorization for self administration of medication.
 - c. Parents who elect self medication understand and agree that the District, its agents and employees shall incur no liability for any adverse reaction or injury the student suffers as a result of self-administration of medication and/or use of specialized equipment.
 - d. The written authorization will terminate at the end of the school year and must be renewed annually.
 - e. If the parent and physician authorize self medication, the District is not responsible for safeguarding the students' medications or specialized equipment.
 - f. Students who self medicate are prohibited from sharing or playing with their medication or special equipment. If a student engages in these activities the parent will be contacted and a conference will

be scheduled with the parent, student, nurse and other appropriate persons.

 - a. A legitimate lack of space or facility to adequately store specific medication;
 - b. Lack of cooperation by the student, parent and/or prescribing doctor and the District;

931. INTERNET ACCEPTABLE USE POLICY (See also copyright Policy Statement; Use of Technology and Equipment) (Approved 9-7-04)(Revised 4-9-12, 6-8-15)

PURPOSE STATEMENT Sapulpa Public Schools The Independent School District No. 33 of Creek County, Oklahoma (the "District") provides its students and employees with access to the District's computer network system, including Internet access, to expand informational and communication resources in furtherance of the District's goal of promoting student learning and educational excellence. The expanded use of these resources will enhance students' research capabilities, increase faculty and staff productivity and result in better communication between the District, patrons, and other affiliates. The District may provide these technology resources and/or allow students to use their own personal technology resources for a limited educational purpose: to advance the learning of students and District employees in accordance with the goals and objectives of the District. Users will access the technology resources only for educational, instructional, and administrative purposes. This policy outlines the users rights and responsibilities that are assumed with use of the District resources.

The Internet provides access to vast storehouses of information and instant communication with millions of people all over the world. Material is available on the Internet that may not be considered to be of educational value by the District or which is inappropriate for distribution to children. The District will take available precautions, such as firewalls and content filters, to restrict access to inappropriate material. Under no circumstances are the users to attempt to bypass the firewalls, and/or content filters. All information system and technology resource users (students, staff and Board members) will be held responsible for appropriate use of the resources as outlined in policy and procedures. Inappropriate use or abuse of District and/or Personal technology resources shall result in disciplinary action.

There shall be no legitimate expectation of privacy or right of privacy in any use of District resources, including access to District technology resources through Personal technology resources. At all times, users are to assume that the District may monitor or review messages, communications, or other use of District and/or Personal technology resources.

Electronic communications are considered part of the District's business records and are subject to the provisions of the Open Records Act, Title 51, O.S. §24A.1. The

District believes that the value of the information and interaction available on the Internet outweighs the possibility that students and employees may procure material which is not consistent with the District educational goals. While it is impossible to control all material available on the Internet, the District has installed filtering software to block material deemed inappropriate. This filter is in compliance with the Children's Internet Protection Act. Filtering guidelines are driven by educational need and access to information shall not be restricted or denied solely because of the political, religious or philosophical content of the material.

Internet access is coordinated through a complex association of government agencies, regional, and state networks. The efficient operation of the network relies upon the proper conduct of the end user and the user's adherence to generally accepted guidelines. The guidelines provided in this policy are designed to promote the efficient, ethical, and legal utilization of network resources. If a District user violates any of these provisions, the user's account will be terminated and future access could be denied.

material which, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

PARENT/GUARDIAN CONSENT FOR STUDENTS In order for a student to gain access to the District system, the student's parent/guardian must be provided a copy of the Network and Internet Acceptable Use Policy and sign the Student Internet/Computer Release Agreement requesting that his/her child be given Internet access under the terms and conditions described in this policy. Parents/guardians may withdraw their consent at any time. There is, however, a wide range of information available through the Internet, which is not appropriate for access by minors, has no educational value, or does not meet with the particular values of the families of the student. The District system contains devices and restrictions on use intended to prevent access to inappropriate material or information. It is impossible for the District to guarantee that students will not be exposed to inappropriate material through their use of the Internet. However, guest network access will be available to students enrolled in online courses or other visitors attending professional meetings. Individuals who are given permission to use personal equipment to access the guest network agree to waive any right to privacy which may exist in any file, data, E-mail, or other information that may be contained on the hardware.

7. Servers: There are many servers available for use throughout Sapulpa Public Schools. When server use is appropriate, students/staff will be advised as to how to access the server and will be given appropriate credentials. It is a violation of law to access or attempt to access servers without authorization. Violations will be criminally prosecuted.

INAPPROPRIATE MATERIAL Access to information shall not be restricted or denied solely because of the political, religious, or philosophical content of the material. However, system users must realize that rights go hand-in-hand with responsibilities and agree not to use the District system to access information or to distribute information or material which is:

1. Obscene to minors, meaning material which, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors and when an average person, applying contemporary community standards would find that the written material, taken as a whole, appeals to an obsessive interest in sex by minors.
2. Libelous, meaning a false and unprivileged statement about a specific individual which tends to harm the individual's reputation.
3. Vulgar, lewd, or indecent material which, taken as a whole, an average person would deem improper for access by or distribution to minors because of sexual connotations or profane language.
4. Display or promotion of unlawful products or services, meaning material which advertises or advocates the use of products or services prohibited by law from being sold or provided to minors.

5. Group defamation or hate literature, meaning material which disparages a group or a member of a group on the basis of race, religion, gender, age, national origin, veteran status or disability. This includes racial and religious epithets, slurs, insults and abuse.

6. Disruptive to school operations, meaning material which, on the basis of past experience or based upon specific instances of actual or threatened disruptions relating to the information or material in question, is likely to cause a material and substantial disruption of the proper and orderly operation of school activities or school discipline.

APPLICATION AND ENFORCEABILITY The terms and conditions set forth in this policy shall be deemed to be incorporated in their entirety in the Internet Use Policy executed by each system user. By executing the Internet Access Agreement, the system user agrees to abide by the terms and conditions contained in this Acceptable Use Policy. The system user acknowledges that any violation of this acceptable use policy may result in access privileges being revoked and/or disciplinary action being taken, including, as to students, disciplinary action under the district's student discipline policy and, as to employees, any such discipline as may be allowed by law.

SECTION ONE: INTRODUCTION TO BARTLETT ACADEMY

Bartlett Academy staff works very hard to develop an atmosphere based on kindness, mutual respect, trust, and accountability. Many of our students have had negative experiences or significant lack of success in school before they come to us, so we strive to give them a fresh start with the slate wiped clean.

This is a program where the staff utilizes innovative teaching techniques, offers greater access to counseling and support, more individualized courses of study, flexible scheduling, lower student-teacher ratios, and a more supportive classroom atmosphere.

The goals of the program include a reduced drop-out rate, an increase in the number of academic credits earned, a decrease in the number of absences, a decrease in the number of classes failed, an increase in the student grade point average, an improvement in standardized test scores, a reduction in behavioral problems, and college and career readiness for each student. In addition, we are all working toward approval of the program by parents, students, school administrators, district teaching staff, stakeholders, and employers.

The teachers who work at Bartlett Academy are all highly experienced Alternative Education teachers who truly care about all of their students, who are flexible and open-minded, and who know how to lead all willing students toward academic success. Classes are designed to challenge each student's abilities while remaining accessible to all.

Our Mission is to educate and support teenagers who have had difficult experiences in the traditional school system or have a different learning modality that can be better served through alternative means. Bartlett provides a responsive education system and improved learning climate for non-traditional students. Our focus is on delivering educational, social, spiritual, cultural, and psychological services to youth. Bartlett provides a forum for learning the necessary skills to become productive citizens in our community and our world as a whole.

It is our philosophy to take a "whole person" approach to education. Therapeutic interventions will be used to assist our students in reaching their goal of graduating from high school and becoming productive, capable, and caring young adults.

Bartlett does not issue diplomas. Instead, we assist students in meeting the requirements of their sending school; the sending school grants the diploma.

Bartlett's core instruction focuses on real life, authentic learning and assessment. Students will be engaged in exploring their interests and developing projects that align with their interests. Student voice and choice are important to the staff as well as providing relevant, real life application of education. Students are encouraged to collaborate with each other, explore their interests, use technology, and expand their minds and ideas.

**Bartlett Academy offers a fresh start
and a new beginning.**

WHY DO WE HAVE A HANDBOOK?

- This handbook is issued so that parents/guardians and students may become familiar with policies and regulations of Bartlett Academy.
- This handbook is an outline of student's responsibilities.
- We feel strongly that one person's freedom should not infringe upon another person's freedom.
- This handbook is a general guideline and should not be considered all inclusive.

Throughout the handbook you will see references to BOE POLICY (number). This handbook provides a brief overview of some of Sapulpa Public Schools Board of Education (BOE) policies, and how they apply in this program.

We strongly recommend that you read the BOE Policies that are available on the Sapulpa Public Schools website. Go to DISTRICT, click on Board of Education, then click on Policies.

Or, you can go directly to: <http://sapulpaps.org/district/board-of-education/policies>

REASONS FOR REFERRAL TO BARTLETT ACADEMY

Excessive Absence	Academic Deficiencies	Physical /Mental Health Issues
Behavioral Difficulties	Low GPA / Credit Deficiencies	Tobacco Use Violations
Excessive Disciplinary Issues	Excessive Tardies	Social Anxiety
Emotional/School Adjustment	Lack of Motivation	Juvenile Justice Involvement
Difficulty Paying Attention	Dress Code Violations	Anger Management Issues
Fighting w/Peers	Depression	Court Ordered
Defiance of Authority	Substance Abuse Issues	Frequent Moves
Homeless	Pregnant/Parenting Teen	Self Mutilation
Bullying/Harassment	Grief/Loss Issues	Low Self-Esteem

REFERRAL AND INTAKE PROCESS

- To be considered for Bartlett Academy, students must be enrolled in Sapulpa Junior High, Sapulpa High School, or Berryhill High School.
- Students may be referred to Bartlett Academy by a Sapulpa Jr./Sr. High School Administrator Counselor.
- Students must obtain a Bartlett Academy Application packet from the Counselor. Applications may be turned into a Sapulpa Jr./Sr. High School Administrator or Counselor, or dropped off at Bartlett Academy.
- Each student and parent/guardian will be expected to fill out an application for referral (to be considered for our program). Incomplete paperwork/applications will not be considered for review.
- The Bartlett Academy Advisory Team will meet to review applications in order to determine which candidates will be referred to our program. Priority level for referral will also be determined.
- After the Bartlett Academy Advisory Team meets and reviews the applications, students are either offered an interview to further the application process, referred elsewhere, or placed on a waiting list.
- The Interview Process: Parents and students will be required to interview with Bartlett Staff to determine if the student's needs can best be served at Bartlett Academy. Parents and/or guardians are a valued part of their child's education team and parent/guardian participation throughout their child's enrollment is required if the student is to be admitted to Bartlett Academy. After the interview process, the parent will be notified if the student will be admitted, declined or put on the waiting list. If student is admitted an Intake will be scheduled.
- Intake: The purpose of the Intake is to determine the student's educational goals to share information about our program, to fill out enrollment paperwork, and to determine the best educational option.
- Program entry is always voluntary. Some students may be required to sign supplemental contracts to address specific concerns (attendance issues, discipline issues, limited academic success, etc.).

- If at any time, the student becomes disengaged in learning (over a period of time), has excessive absences, becomes uncooperative, disruptive to the learning environment, a discipline problem, and/or the parent/guardian is unresponsive or uncooperative in their child's learning, the student may be released to their home school or placed on Total Virtual. If this happens, the student may, if deemed eligible by Bartlett Academy staff, to reapply to Bartlett Academy. At this time, the application process will start over.

WAITING LIST

- As openings occur in the program, the waiting list will be reviewed by the Principal at Bartlett Academy. Current grades, discipline, and attendance checks are often conducted at this time to determine which students currently need the program the most and which are more likely to benefit.
- The "Waiting List" is fluid and ever changing and depends on priority of need. In addition, special circumstances may impact the waiting list.

WITHDRAWAL PROCEDURE

The procedure for withdrawing from Bartlett Academy is as follows:

1. Withdrawal form shall be obtained in the Secretary's office.
2. Authorization for withdrawal: The parent or legal guardian must accompany the student.
3. Withdrawal forms must be signed by all teachers, the Secretary, and the Principal.
4. All books, chromebooks and chargers need to be turned in at the time of withdrawal.
5. All financial obligations must be cleared before final withdrawal.

RE-ENTERING THE PROGRAM

Students who leave or are dropped from Bartlett Academy due to excessive absences, behavioral issues, academic deficiencies, or other unproductive issues may be placed on the Waiting List and will have to wait one full Term or longer to return. These students may be scheduled an opportunity to appear before the school's teaching staff, counseling staff, and administration of Bartlett Academy to explain why they wish to re-enter the program and to update the staff on any changes in their situation which might affect their performance and commitment to the program. Students who are allowed to re-enter will be placed on a Last Chance Contract and will be monitored very closely or may be referred to another program such as Virtual School.

NON-DISCRIMINATION CLAUSE

All programs, positions and services (curricular or extracurricular) are open to students regardless of sex, race, religion, national origin or marital status; however, a student's participation rights may be withdrawn for disciplinary reason (e.g., unbecoming conduct, violation of rules or laws, etc.)

ABOUT OUR PROGRAM

- One reason for Bartlett's small size is so each student can work individually.
- Bartlett instructors require the same amount of work as regular school, but the structure of the curriculum is different.
- A prescribed level of mastery in each subject is required, and students may be pre-tested and post-tested so that they are not taught material that they have already mastered.
- The teachers at Bartlett Academy recognize that each student has individual learning styles. Therefore, it is our goal to provide every opportunity to ensure that each of our students is pre-tested on knowledge he/she receives through appropriate and realistic methods/techniques for academic success.

*****We look forward to a great year*****

ADVISORY CLASS

Every student is assigned an Advisor when they enter our program. Their Advisor will work with them throughout their academic career at Bartlett Academy. On Tuesdays through Fridays, students go to their Advisory Class to give and receive updates on academic progress, discuss current issues, receive special instruction (Project Based Learning, guest speakers, etc.).

Advisory Class is extremely important because it prepares the students for the day, and it is a place where they can get updates on their individual grades, help with current projects and issues, and a variety of other things that will affect their success. Students do get a grade and credit for their participation in Advisory Class.

PASSING PERIODS

Students should take care of their business, between classes, during passing periods. This includes making phone calls, using the restroom, dropping off assignments to other teachers, going to lockers, etc. If you think it will take you longer than the passing period allows, drop by your next class and tell your teacher what you are doing so they don't count you absent or tardy.

ENCORE

Encore is the time after lunch that students in grades 10-12 may leave campus, if they have permission to do so. Students in grades 8-9 may go outside, but they must remain on campus. Students may also go into the auditorium to play games or music, or just hang out. If a student needs to make up time, they must remain in the Commons area and be doing school work.

Notice: Students who are habitually late returning from Encore on time may lose their off-campus privilege.

SECTION THREE: ACADEMICS

TERMS

Bartlett Academy is an accelerated program. We offer four Nine-Week Terms per year. The same amount of instruction and work is required in the Term as would be required in a regular 18-week semester.

GRADUATION REQUIREMENTS

Upon enrollment in the Bartlett Academy Program a Graduation Ladder (credit check sheet) will be developed. This will identify current status regarding credits earned and credits still needed to graduate. Each student's progress will be consistently monitored to track progress. Students and/or their parent/legal guardians will receive periodic updates on their academic progress.

CORE CURRICULUM GRADUATION REQUIREMENTS

Units Required	Subject/Course Name

Additional information and details will be provided to students and parents as the testing window approaches, usually after Spring Break.

CAREER TECH

- Students who have sufficient credits to be classified as a Junior or Senior may attend Career Tech.
- Acceptance at Career Tech is based on various criteria including attendance, grades, and discipline records.
- Students may attend the Sapulpa or Drumright campus, depending upon the program they select. Transportation is provided to both campuses.
- Detailed information will be provided to eligible students during the school year. Students may ask the counselor or principal for further details.

STUDENT PROGRESS/STATUS

Individualized instruction is available for all students as needed; however, students are expected to perform to the very best of their abilities. Failure to do so may result in the student being dropped from the program or him/her being referred to other education options (such as Virtual School).

Parents or legal guardians may contact Bartlett Academy staff at any time to check on a student's progress. You may call and leave a message for the teachers if they are in class. Preferably, you may email your child's teacher by using the email addresses located in the front of this handbook or going to the school website which is found on the District website. Teachers will notify parents if failure seems imminent.

Parents should keep careful track of student's absences and be aware that students will not receive academic credit if the student fails to attend at least 80% of the time (no more than 5 absences per Term). Students who fail classes due to lack of attendance seriously jeopardize their option for continued enrollment at Bartlett Academy. See the Attendance section of this handbook.

CLASS OPTIONS

Alternative education students are offered a variety of scheduling options. Students are allowed to take a smaller or larger number of classes than traditional students according to their unique situation. This will be determined by the Principal at Bartlett Academy. For example, some students may not be able to cope with a full day of classes and may need an abbreviated school day. Conversely, students may be allowed to take extra classes so they can catch up on their credits.

Approved students may also have the option of taking Independent Study courses in addition to the standard courses for the day.

Credit Recovery classes can be added into the student's daily schedule to work on courses which students have previously failed. Students who need credit recovery may also enroll in Virtual courses (requires approval from the Principal).

PROFICIENCY BASED EDUCATION (Versus Traditional Seat Time Requirements)

Our program provides our students with the opportunity to earn more credits typically earned in a semester or year. We do this by providing students with a list of requirements (syllabus) for every course which may include: bookwork, worksheets, projects, tests, research papers, oral presentations, computer applications, etc. which are skill based. The syllabus is structured to meet State Standard Requirements. In addition, some type of Project Based Learning will be incorporated into each course. In order to earn credits the student must meet each requirement for that course (level of mastery) set forth by the teacher. This allows our students the opportunity to work at their own pace toward earning the number of credits they need to graduate from high school. What does this mean? It means that you can graduate early if you work hard and apply yourself.

HOMEBOUND INSTRUCTION

When a student is seriously ill, injured, or otherwise incapacitated, Bartlett Academy has the option of developing a short-term homebound instruction plan. Also, in rare instances, homebound instruction may be deemed appropriate for a student who is temporarily unable to function in the Alternative educational environment. This type of instruction is developed on an individualized basis and is offered only if other options have been exhausted and if it can be done without overburdening Bartlett Academy Staff. This option will be the exception to the rule and used only in very dire circumstances. This option may be determined appropriate by Bartlett Academy's Principal and Counselor.

If the student's situation calls for a long-term homebound instruction program, this should be requested through the district's Special Services Department.

*For additional information, see **Academic Probation** and **Cheating** and **Homework** in the Expectations and Rules section of this handbook.*

SECTION FOUR: SPECIAL SERVICES, ACCOMMODATIONS, AND OTHER

SCHOOL ACTIVITIES

Activities sponsored by the high school administration have rules and regulations that are to be followed by all of our students. Some of the rules and regulations governing Bartlett Academy may differ from the high school; however, at high school activities, all Bartlett Academy students and/or their guests are expected to abide by the rules and regulations as set forth by Sapulpa High School, or their home school.

The Bartlett Academy administration will screen and approve our students for involvement in high school activities or at their home school. In addition, the Bartlett Academy administration will be responsible for providing a list of approved students to the high school administration approximately five (5) days before the activity. Home school administration and/or Bartlett Academy administration reserve the right to refuse admittance of any Bartlett Academy student.

Furthermore, supervision at these activities is to be provided for high school students by high school administration. Supervision for activities sponsored by Sapulpa High School, in which Bartlett Academy students wish to participate, will be provided by Bartlett Academy administration.

The following are approved activities for Bartlett Academy students:

- Homecoming Assembly
- Senior Circle
- MORP
- Prom
- Senior Assembly
- Graduation Practice & Graduation Exercises
- Snowball (Winter Dance)

Special programs scheduled throughout the school year at the student's home school may be attended by Bartlett Academy students. Prior permission from the administration of the student's home school and Bartlett Academy administration will be necessary. Students who choose to violate this arrangement may be suspended from participation in future activities and/or from school.

COMMUNICATION AND CONFIDENTIALITY

The entire staff meets at least one day a week to discuss student progress, to share ideas and concerns, and to explore possible interventions and support to assist our students to be successful in school and life.

Students should expect that information concerning them will be treated with respect for their privacy. However, staff members have a duty to report information concerning students who intend to hurt themselves or others to appropriate persons or agencies.

COUNSELING AND CRISIS MANAGEMENT

Should a crisis develop in a student's academic program or personal life, the entire staff at Bartlett Academy is available for consultation and counseling. A problem-solving approach is taken to help students learn how to deal with problems and to help remove barriers to learning. In some cases, outside agencies may be contacted to assist/support the student. We have certified counselors on staff at all times. Students should feel free to talk to any teacher, the counselor, or the principal about issues that are affecting them. Confidentiality is strictly observed here, and we seek to HELP our students however we can.

SENDING SCHOOL PRIVILEGES

When a student is referred to Bartlett Academy they remain a student of their sending school in the following ways:

- Grades are reported and recorded
- Bus transportation is provided when needed (Berryhill is exempt)
- Demographics stay on file at sending school
- Receive their diploma and transcripts from their sending school
- Can participate in graduation exercises with their class
- Can participate in senior activities with their class
- Can participate in their sending school athletics (with approval)
- Can attend extra curricular activities of their sending school

These privileges depend on the student's enrollment status. Students who are currently under suspension from their home school may not be allowed to participate in, or attend, any school functions. Lesson to be learned: Don't Get Suspended!

Students who are suspended are not allowed on any of the Sapulpa Public School campuses.

COLLEGE DAYS

Seniors will be allowed two (2) days to visit colleges or universities. You must have approval two (2) school days in advance. Forms will be available in the main office. Underclassmen are not permitted to participate in college visits.

INDIAN EDUCATION SERVICES

The Department of Indian Education of Sapulpa Public Schools exists to serve Indian students in this school district. Services are provided in these areas: Indian cultural classes, classroom presentations on Indian culture, a resource lending library, tutoring at the elementary and secondary levels, and a Secondary Resource Advisor.

SPECIAL CONSIDERATIONS

- ***The faculty will always retain the right and will be flexible in order to adapt to student needs.***
- Students and parents/guardians need to understand that each child enrolled at Bartlett Academy comes to the program with his/her own individual problems and needs.
- It is our goal to work with parents/guardians, grandparents, social workers, or significant others involved in our students' lives in order to provide a comprehensive support system so that they can be successful academically, socially, emotionally, culturally, and psychologically.
- Parental involvement is an important key to success for our students.
- ***The Administration reserves the right to deal with each child on an individual basis. What is best for one child may or may not be in the best interest of another.***

SECTION FIVE: ATTENDANCE

ATTENDANCE

Someone said, “90% of success is simply showing up,” and we believe it. Attendance is extremely important. If you come to school on a regular basis, we will do everything we can to help you succeed in school. If you make the choice not to attend, however, there isn’t anything we can do! We give everyone a chance to attend Bartlett Academy regardless of any previous difficulties you may have had in school or elsewhere.

- You may not be absent more than five (4) times per Term (9 weeks).
- Students who have ten (10) consecutive **unexcused** absences may be dropped from the Bartlett Academy program. At this time, students may be dropped from the program and reassigned back to their home school. Students, if deemed eligible, may be allowed to reapply for Bartlett Academy.
- We feel that it is important to assist our students in learning important Life Skills. Great attendance in school encourages great attendance at work. Great attendance at work means you get to keep your job. Keeping your job means you get to buy and do things you enjoy. Attending now prepares you for attending throughout your life. Practice makes Perfect!

ABSENCES

NON-CHARGEABLE ABSENCES

Absences for hospitalization and doctor verified illness will not be charged against the minimum attendance requirement. Documentation is required for these absences. Parent/Guardian must notify the school of absence.

EXCUSED ABSENCES

If a student is absent with the approval of the parent/guardian for any reason except an approved school activity and/or a non-chargeable absence, the absence counts as one of the student’s allowable days. In other words, it counts as an absence. Parent/Guardian must notify the school of absence.

An excused absence occurs when the school is notified by parent/guardian that the student must be absent from school and **proper documentation** is provided. These absences **count against the student** as one of the five (5) days that are allotted for each Term. Excused absences may include: Funeral, Doctor Appointment, Court, Dentist Appointment, Counseling Appointment, WIC Appointment, School Field Trips, School Athletic Activities, and Career Development Opportunities that have been pre-approved by the Principal.

UNEXCUSED ABSENCES:

An unexcused absence is a school day in which a student is not in attendance, proper documentation is not provided, contact from parent/guardian is not received, and/or reason for absence does not meet guidelines for non-chargeable or excused absence. Unexcused absences may be viewed as a truancy issue and may result in a truancy Citation and/or suspension. Lack of transportation is not a valid reason to miss school because bus transportation is always an option.

LEAVING SCHOOL (CAMPUS)

Students who need to leave the school campus during the school day must check out through the main office. Parents or legal guardians must verify and approve the student’s need to leave. Leaving school without permission from parent/guardian and Bartlett Academy staff is classified as Truancy and may lead to a Truancy Ticket, detention, suspension, or dismissal from the program.

Monitor your behavior. If you are asked to leave the building by **Bartlett Academy Administration** because of inappropriate behavior, **OR** if you choose to leave without permission— regardless of the amount of time left in the school day — it can be counted as an unexcused absence and may result in other disciplinary action to be taken. Parents/guardians will be notified.

Off-Campus Lunch Policy

Sapulpa Public Schools identifies students in grades 8 and 9 as Junior High Students and grades 10-12 as High School Students. Bartlett Academy maintains an open campus lunch policy for high school students in grades 10-12. Students in grades 8-9 are not allowed off campus once they arrive, unless checked out by an adult parent or guardian per the district release policy. In order for high school students to be allowed off campus, the students need to have a signed permission form by their parent/guardian on file with Bartlett Academy. Forms are found in the office.

TARDIES

The staff at Bartlett Academy believes that it is an important life skill for our students to learn punctuality (being on time). Therefore, we plan to assist our students in learning the importance of getting to school on time and making it to each of their classes on time.

- It is vital that students arrive to class on time and be prepared to do work. Written documentation from an appropriate staff person must be provided in order to excuse a tardy to class.
- Our bell schedule allows for passing time, bathroom breaks, locker stops, and drink/snack retrieval. Therefore, choosing to be tardy may result in Encore and/or After School Detention.
- ***Students who choose to be more than ten (10) minutes late for class will be counted absent for that entire class period.***
- Any tardy for Family Meeting or any other assigned class period throughout the day may result in the student being assigned Encore and/or After School Detention.
- Tardies may be "forgiven" if there is a valid reason, such as: you are extremely ill (established by a phone call from parent), auto accident (confirmed by police report or phone call from the officer), dentist and doctor appointments (confirmed by a note from the dentist/doctor), counseling sessions (note from counselor is required), court (a note from the court clerk or judge is necessary for it to be excused).
- Excessive tardies may result in a student being dropped from the Bartlett program. In this case, students may be placed in Bartlett Academy's Virtual School Program or referred back to their home school, and/or required to go before a review committee made up of Bartlett staff to determine next steps which may include being dropped with or without a chance to reapply for the program.

TRUANCY

A student is truant when he/she is absent without prior permission from the school and the parent/guardian. Examples of Truancy include but are not limited to: oversleeping, missing school without permission, obtaining a pass to go to a certain place and not reporting there or wandering elsewhere without permission, not attending assigned class as scheduled, leaving class without permission, leaving school without permission, etc.

School Resource Officers or City of Sapulpa Police Officers will be notified and citations may be issued for truancy. In addition, there are mandatory court appearances for the child and his/her legal guardian.

ATTENDANCE CONFERENCE

Students choosing not to attend school on a regular basis make it apparent that attending Bartlett Academy is not a top priority to them. Therefore, if a student reaches the maximum allowed days for absences, a conference between the student, parent/guardian, and the Principal (or other designated staff person) may be scheduled. During the conference the student may be placed on an Attendance Contract. Should the student fail to meet the requirements of the attendance contract, a conference will be scheduled to explore alternative options, such as: (1) Virtual School, (2) return to sending school (if available), (3) GED program, or (5) seek full-time employment.

Students who have Individualized Education Plans (IEP) or 504 Plans who have excessive absences may be referred to the IEP or 504 Team (Collaboration Team). The Collaboration Team can make the determination whether excessive absences are related to the student's disability or handicapping condition and make accommodations accordingly.

MAKE UP WORK

Students are expected to make arrangements with their teachers to complete missed assignments. It is your responsibility to take care of your business, such as homework, missed assignments, projects, lab exercises, etc.

******The Administration reserves the right to deal with each person on an individual basis.******

SPECIAL CONSIDERATIONS FOR ABSENCES

If a student exceeds the allotted five (5) days absences per Term, the student may petition for special consideration (exemption) of the absence(s). This is put into place to provide a safety net for unusual or unforeseen circumstances which encompass major life events beyond the immediate control of our student(s). Students should pick up the petition form from the Secretary.

The petition must be in writing and filed with the Principal no later than the last day of the current Term. Each petition will stand on its own merit. Therefore, the petition for exemption will be accepted or rejected by the Attendance Appeal Committee after careful consideration of all circumstances surrounding the absence. The decision made by the Attendance Appeal Committee regarding each petition is final. Absences for school-sponsored activities will not be counted against the minimum attendance requirement.

MAKE-UP TIME

The staff at Bartlett Academy understands that things happen in our lives that prevent us from being on time and attending school every day of the school year. However, just because a student becomes ill, chooses to be absent from school, or is tardy to class does not excuse that student from his/her responsibility to make up lost time.

In some cases, students may be allowed to make up class time following serious injury, major illness, accidents, or other unavoidable situations. Makeup time for Unexcused absences may not be allowed.

Failure to make up time shortly after the absences may result in the loss of the student's position at Bartlett Academy.

- Students are expected to make arrangements to make up time **on the same day**, or as soon as possible after the absence or tardy.
- Students will be supervised by staff during make-up time.
- Students must be working on school work in order for the time to count.

Options available for students to make up time: Before Family Meeting, during Encore, or after school.

ATTENDANCE INCENTIVES

Students with good attendance will also be rewarded. Rewards will be determined by the Principal, sometimes with suggestions from the students, and be based upon the amount of activity funds available.

REPORTING OF NON-ATTENDING STUDENTS

We work with the Sapulpa Police Department and the Creek County Sheriff's Department to assist our students in choosing to make school a priority in their lives. It is our policy to report any student who fails to maintain attendance in Bartlett Academy's program. A report will be filed with the District Attorney's office and the Department of Public Safety.

Failure to maintain regular attendance in school may result in the student losing his/her's driver's license. Failure to maintain regular attendance in school may result in the District Attorney's office investigating the circumstances surrounding the lack of attendance by the student. Consequences may include involvement by the court system and may affect the student's parents.

SECTION SIX: EXPECTATIONS AND RULES

ESSENTIAL EXPECTATIONS

1. **Be Respectful**
2. **Be Responsible**
3. **Be Ready to Learn**

These three Rs umbrella the expectations for students at Bartlett Academy. Students are expected to respect themselves first, then fellow students, as well as all adult staff, visitors, or anyone else. Students are to be respectful of all things, too. Students are expected to be responsible with their actions, personal and school property, and responsible with anything else. Students are expected to come to school READY TO LEARN. Being ready to learn means coming to school every day, on time, with the proper attitude and necessary supplies such as chromebook and charger, paper, pens, pencils, etc.

RULES FOR GENERAL BEHAVIOR

One of the most important phases of a child's educational development is that of learning proper behavior, cooperation, respect and self-discipline. Without these characteristics, it is difficult for a person to maintain the proper attitude for intellectual development. The following is a partial list of infractions which are not tolerated at school:

DEMOGRAPHIC INFORMATION

Each student enrolling at Bartlett Academy must complete a student Intake packet. Any changes in address, phone numbers, emergency contacts, etc. **must** be made available to the office immediately. In case of illness, disciplinary action or other emergency, it is necessary for parent/guardian to provide at least three contact numbers that will remain on file in the office. Only those people listed on the provided demographic information sheet will be allowed to pick up or meet with our students!

Exemptions to this would include: DHS caseworkers, counselors, therapists, probation officers, law enforcement officers, or other representatives from the court system.

We want our students to learn that with every choice come rewards, responsibility and/or consequences.

(E + R = O which means Event + Response = Outcome)

CAMPUS RULES

- Once students arrive for the beginning of the school day, they must stay in attendance. Students may leave campus when the last class of the day is dismissed and the bell rings.
- Any student who leaves campus without prior permission from staff is automatically absent for that entire day. Parents will be notified and a truancy ticket may be issued.
- We do have an open campus lunch policy for grades 10-12. Students in grades 10-12 are allowed to leave campus for Encore as long as they have a permission form on file signed by their parent/legal guardian.
- Leaving campus for Encore is a privilege and may be revoked at any time if unsafe situations occur or students begin to abuse the privilege. Off campus privileges may be revoked for individual or all students if deemed necessary by the principal.

INTERNET ACCESS

Bartlett Academy students have access to the boundless opportunities provided by the Internet. However, all of the information and resources available cannot be classified as appropriate or educational. Therefore, each student will sign an

Internet Use Policy agreement, which provides guidelines for their use. ***YOU MUST READ THE INTERNET ACCEPTABLE USE POLICY 931 IN THE APPENDIXES SECTION AT THE BACK OF THIS BOOK.*** The policy details all the rules and regulations regarding use of the Internet.

CHEATING

Cheating will be considered the act or intent of gaining or giving knowledge for an assignment or test by fraudulent means. The penalty will fit the crime and may result in loss of grades, loss of credit, and/or suspension.

ACADEMIC PROBATION

Students who choose not to complete satisfactory work in class and/or homework assignments, have excessive absences, or have failed to make up missed assignments may be placed on a Last Chance Agreement. A conference with the student and the student's parent/guardian may be necessary to explore available options regarding continued enrollment in Bartlett Academy's program. Failure to meet the requirements of the academic probation contract may lead to suspension or being dropped from the Bartlett Academy program.

HALL PASSES

- Students must have permission to be in the halls during class time.
- The Pass must be visible at all times as evidence of permission.
- **ONLY ONE** student will be allowed out of any one teacher's classroom at any given time. Students who are out of their assigned class without a pass are subject to disciplinary action.
- Students who leave the campus must check out through the main office.
- Students having appointments off campus during class time should have a parent notify the office by phone.
- If a student leaves the campus without checking out through the main office, his/her absence will be recorded as an absence. Parents/guardians will be notified.

CLASSROOM POLICIES

Every instructor has their own classroom rules and expectations.

- Find out what each instructor will or won't allow. Please follow each teacher's rules.
- The use of headphones is at the discretion of each individual teacher.

Teacher Referral Form

It is important that each student comes to school with a positive attitude and the determination to learn. Teachers have the option to help students recognize bad habits with a Teacher Referral Form. This is a short form which the teacher can use to identify poor behavior such as not working in class, leaving class without permission, cussing, etc. The teacher will ask the student to sign the form to recognize that they have been told by the teacher about the behavior. ***The Principal and/or the Counselor will determine appropriate consequences (such as in-house detention, working Encore, time-out away from other students, detention after school, suspension, or other creative consequences deemed appropriate by the Principal/Counselor).***

Continued and/or excessive referrals to the Principal and/or Counselor will be taken into consideration. Suspension from school may be suitable consequences. Excessive suspensions may result in the student being long-term suspended and/or dropped from our program.

SPECIAL NOTICE ABOUT BEHAVIORS

There may be times throughout the school year when personalities and/or unforeseen and/or uncontrollable life circumstances may affect the dynamics of a classroom. During such times, it will be at the discretion of the Principal and/or Counselor to assess the situation and determine the appropriate path or placement option for our student (s). This may include: temporarily relocating a student to a designated area for a period of time, allowing the student to take a time-out, relocating student to a different class, rearranging the student's schedule, or any other option deemed appropriate and in the best interest of the student by the Principal and/or Counselor.

KEEP IN MIND: We are all here to take care of each other.

HOMEWORK --- Yes, you will have homework!

- Students come to Bartlett Academy because they want and need to learn.
- Many times, students come to Bartlett Academy because they are behind in credits. Therefore, it requires more work both in school and at home to catch up.
- It is your responsibility to complete assignments in a satisfactory manner and turn them into your teacher upon completion.
- Students assigned homework will be responsible for completing assignments in a satisfactory manner prior to Family Meeting the following morning. If you have not completed enough work, **to the satisfaction of the teacher**, the teacher may assign detention after school (or in the morning for those who attend Tech).

Bartlett Academy Administration reserves the right to make arrangements for special circumstances and/or unforeseen emergency situations. However, these situations will be rare and based on individual student needs.

LOST OR DAMAGED ITEMS

- Books or electronic devices such as Chromebooks, tablets, Ipads, computers, etc, that have been lost or damaged must be paid for in full.
- Students should pay the Secretary in the main office. NOTE: keep the receipt in case the book or electronic devices found.
- Students should check the condition of their books or electronic devices when they are distributed and notify the teacher immediately if there is evidence of damage so they can make note of any damages.
- The teacher or staff member will document the day the book or electronic device is given to the student.
- When the student completes the course he/she will need to check the book or electronic device back in, to the teacher and the teacher will document its return.
- Students are responsible for putting their names in each textbook assigned to them.

NOTICE: Grades and transcripts can be withheld for failure to return textbooks, chromebooks, and other fees owed to the school.

DETENTION

Detention is a correctional measure used when it is deemed appropriate. In order to discourage negative choices, and to encourage positive decision making, we have implemented After School Detention.

After School Detention may be assigned should a student choose to:

- Fail to turn in completed assignments
- Fail to return assigned homework within given time frame (determined by teacher)
- MIA
- Tardies
- ***Any other behavior which violates Bartlett Academy's Policies***

There are basically two categories of Detention: Academic related offenses, and Behavioral offenses. Students who are assigned Detention are expected to serve Detention that day.

Academic Detention: Students who are assigned detention for academic reasons (not working in class, failure to complete homework assignments, behind schedule/amount of work, etc.) are to report to the teacher who assigned it.

Behavioral Detention: Students who are assigned detention for behavioral issues (sleeping in class, classroom disruption, improper or unruly behavior, failure to obey a request from staff member, tardies, check minuses, etc.) will report to the office.

You must bring legitimate work and you must work the entire duration or it doesn't count and you may be assigned additional detention or be suspended.

Failure to report on time will be counted as a skipped detention. Any student who chooses not to attend their assigned Detention (Skipping Detention) will be subject to disciplinary action.

Detention transportation arrangements will be the student's responsibility and will need to be taken care of before school, during passing period or during Encore ---- NOT during class time.

Parents are expected to provide transportation for their child whenever they are assigned detention.

Any absences accrued due to failure to serve Detention will be counted as unexcused absences and may result in suspension and/or a Truancy Citation.

Students who are enrolled in Career Tech's afternoon program will be assigned morning detention. Students will be expected to be in attendance and prepared at 7:30 a.m. Failure to serve morning Detention may result in disciplinary action. Absences accrued due to failure to serve Detention will be counted as unexcused absences and may result in suspension and/or a Truancy Citation.

WHAT TO BRING TO SCHOOL

Students are expected to furnish their own paper, pencils, pens, and calculators. Learning materials (books, workbooks, etc) will be furnished.

- A supply list will be provided at the time of Intake.
- Bring your charged Chromebook, plus any necessary books, paper, pencil, pen, etc. as instructed by Bartlett staff. Students arriving unprepared wastes everyone's time. These students may be asked to go home and return prepared.
- Bring only articles that help you to have an orderly and pleasant learning environment.

PLEASE REFER TO THE CHROMEBOOK INFORMATION AND PROCEDURES HANDBOOK FOR DETAILS ON THE USE, CARE, PROTECTING, INSURING, REPAIRING, AND REPLACING OF CHROMEBOOKS.

You are responsible for any personal possessions brought to school.

WHAT NOT TO BRING TO SCHOOL

- **Don't bring what you can't afford to lose!**
- Any item which is considered to be a distraction of the educational process will be confiscated and returned to the student's parent/guardian only. This is at the discretion of the Principal and other designated Bartlett Academy Staff.
- Possession of any item(s) which violates Bartlett Academy and/or Sapulpa Public School's policies will be confiscated. Disciplinary action may be taken.
- If a student is found to be in possession of any kind of tobacco product, e-cigarette, or tobacco paraphernalia, disciplinary action will be taken. Smoking on school property may result in suspension (even for our eighteen year-old and older students).

**** * * The school assumes no responsibility for items missing or stolen. * * ****

LOCKERS

- Each student will be assigned a designated locker for which he/she will be responsible for maintaining.
- ***Lockers may be searched at any time.***
- Book bags will be stored in the student's assigned locker.
- We strongly recommend that you LOCK YOUR LOCKER.
- We strongly recommend that you DO NOT SHARE YOUR COMBINATION WITH OTHERS.

STUDENT SEARCH

Students should not have any expectations of privacy while at school, in transit to or from school, or while attending any school activity.

- A student, his/her car, locker, book bags, backpacks, purses, etc. will be subject to a search when there is reasonable suspicion to believe that the student may have in his/her possession controlled drugs, counterfeit drugs, drug-related paraphernalia, alcoholic beverages, weapons, stolen property, any items that are prohibited by school policy (tobacco products, etc.) or any other contraband.
- Any student who chooses to violate this policy may be subject to disciplinary action and/or legal consequences.
- Bartlett Academy reserves the right to have a trained police canine officer visit and/or survey school property periodically throughout the school year. Therefore, we recommend that you do not bring things to school which violate school policy and/or the law.
- Persons who are found to be in possession of items which violate school policy and/or the law will suffer disciplinary action from the school and/or law enforcement.

CELL PHONES AND WIRELESS TELECOMMUNICATIONS DEVICES

540.6 STUDENT POSSESSION OF WIRELESS TELECOMMUNICATION DEVICES (Approved 10-2-89)(Revised 9-10-01, 11-14-11, 6-8-15)

Sapulpa Public Schools promotes an environment for instructional learning that is safe and secure. The District recognizes the importance of electronic tools as communication and e-learning tools. When used appropriately, these tools can significantly enhance Sapulpa Public Schools teaching and program effectiveness. Therefore, in order to foster digital citizenship, students and staff are required to practice appropriate and responsible use.

A. Wireless telecommunication devices, including but not limited to cell phones may be used by students on school premises as directed by site administrators and classroom teachers. When use is not authorized, Wireless telecommunication devices shall be turned off and put away in an inconspicuous place out of sight, for example, in a purse or book bag.

B. Student possession of wireless telecommunication devices shall not distract or disrupt the educational environment, including class time, assemblies, lunch, meetings and/or passing between classes in school hallways. Students may use their electronic devices before or after school hours, during passing between classes in school hallways, during lunch, and during class for academic purposes when authorized by site administration and classroom teachers. Students found to be distracting or disrupting the educational environment will be subject to disciplinary action outlined by Board Policy 540 STUDENT DISCIPLINE. On any offense, a student may forfeit his/her permission to possess a wireless telecommunication device for a time to be determined by the building administrator.

Authorized school personnel (School Administrators) shall have the authority to detain and search any student electronic device upon the reasonable suspicion that the student is misusing the electronic device, including suspicion about dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, missing or stolen property. Authorized School personnel and classroom teachers shall have the authority to confiscate the device from the student's possession and follow site procedures on transferring and securing the device to Authorized school personnel. Refusal by a student to give the device to school personnel when requested may result in the student being subject to a violation of the student code of conduct.

School personnel searching or authorizing the search of a student upon reasonable suspicion that the student is in possession of or abusing the privilege to carry a cell phone or any telecommunication device shall have the authority to remove the cell phone or device from the student's possession. Failure to relinquish a cell phone or device to a staff member upon request is a direct violation of this policy which may result in disciplinary action.

First Offense

The student may be allowed to retrieve his/her cell phone from Bartlett Academy Administration (Principal or Counselor) after school hours with a verbal and/or written warning.

Second or Repeated Offenses

Violation of this policy may result in the student's cell phone/pager being confiscated. Arrangements can be made for the student's legal parent/guardian to pick up the confiscated device. Repeated violations of this policy may result in suspension.

Bartlett Academy is NOT responsible for lost, stolen or damaged cell phones.

CELL PHONE CONTACT

NOTE TO PARENTS: Please do not call or text your child's cell phone during school. If it is necessary to speak to them during school hours, please call the school office and leave them a message. If it is an emergency, the student will be called out of class to speak with you. Interruptions via cell phone or other telecommunication device not only distract from your child's educational experience, but also disrupt the entire classroom.

SOCIAL MEDIA

Social media sites such as Facebook, Twitter, Instagram, Snapchat, etc. are not allowed to be accessed during school hours on personal or school devices, unless authorized by a teacher or Bartlett staff member for educational purposes. Anyone found to have accessed one of these sites or the like during the school day, without approval will be subject to disciplinary action.

If social media postings, picture, etc. inside and/or outside of school hours result in bullying or any disruption of the learning environment, the student(s) involved will face disciplinary action up to suspension or dismissal from the Bartlett program. Bullying and/or a disruption to the learning environment will not be permitted and is taken seriously by Bartlett Administration.

SUSPENDED STUDENTS

Students suspended from their home school and attending Bartlett Academy are prohibited from attending school functions until the disciplinary suspension has been served.

Bartlett Academy students are not allowed to be on their home school campus during the school day unless by special permission from their home school administrator and is agreed upon by Bartlett Academy administration.

Students using school transportation are restricted to the bus loading/unloading area of the main campus (the area just east of the yellow posts) at Sapulpa High School only. In other words, do not enter the buildings at the main campus unless you have prior permission from your sending school and the administrator at Bartlett Academy. If you violate this rule you may be suspended from riding the bus and/or other disciplinary action may be implemented. If you choose to violate this rule multiple times you may be issued a trespassing ticket and/or suspended from the bus and school.

DANCES

Students who attend school sponsored dances must be currently enrolled and be eligible in three areas: academics, attendance, and behavior. Students will be allowed to bring one guest which will be required to meet specific criteria deemed necessary by the school. These dances will be announced in advance. All school rules will be enforced, including dress code. Once a student has entered the building for a dance, he or she cannot leave and re-enter that dance. Sapulpa has three annual dances: one informal (MORP), one semi-formal (Snowball), and one formal (Prom). Students will be required to dress appropriately.

DRESS CODE GUIDELINES

- 540.1.3 STUDENT DRESS CODES (Approved 3-6-06) Grades 6-12
- While enrolled in Sapulpa Public Schools, grades 6-12, a student's style of dress and/or grooming may reflect individual preference; however, such preferences must be selected within the constraints of reasonable rules and appropriate standards that are consistent with the maintenance of an effective learning atmosphere and good personal hygiene. The Board expects each student's attire and grooming to promote a positive, safe and healthy environment within the school.
- The Board has determined that reasonable regulation of school attire and personal adornment is within its authority and consistent with its responsibility to provide an appropriate environment for learning. Although the Board recognizes that individual students have a right to free expression, that right must be balanced with the Board's responsibility to provide a safe, secure and orderly educational environment for all students.

- Although the Board wishes for each student to accept responsibility for following this policy, it understands and appreciates both the authority and responsibility of the parent/guardian relative to student dress. The Board solicits the support of parents/guardians in the enforcement of its dress code.

Approved coverings worn as part of a student's bona fide religious practice or belief shall not be prohibited under this policy.
- 10. Clothing Assistance It is the policy of the Board that no student will be denied an education due to a bona fide financial inability to obtain clothing that complies with the school dress code. Any student for whom compliance with the school dress code poses a bona fide financial burden may submit a written request for clothing needed, together with a statement of financial need. School principals, or their designees, shall assist families in financial need to obtain clothing that complies with the school dress code. In meeting requests for assistance, principals, or their designees, shall consider community resources such as clothing donations from school personnel, merchants, parent organizations, charitable organizations, financial assistance, purchasing clothing for a student, and providing additional time for a student to obtain clothing that complies with the school dress code.
- 11. School Policies Individual schools, via their respective school shared decision-making councils or school improvement committees may, upon approval by the principal, impose more strict dress code requirements than those set forth herein. However, all schools must meet the standards set forth in this policy as the minimum requirements. Schools shall publish any and all additional requirements/expectations relative to student dress. Students and their parent/guardians have the responsibility to be aware of any school specific dress codes and to conform to those requirements after the school has provided reasonable notice.
- 12. Penalties/Sanctions Students who elect not to conform to the dress and grooming rules set forth by this policy will be subjected to disciplinary actions and/or sanctions as defined by the district's Code of Student Conduct.
- 13. Unusual Circumstances If any unusual situation relative to dress or grooming arises which is not specifically covered in this policy, the building administrator shall have the authority to rule on the appropriate attire.

The Principal may determine any student's appearance as inappropriate for school, and take action to resolve the situation. This includes requiring the student to correct their clothing, remove inappropriate accessories, turn T-shirts inside out, etc. This includes requiring the student to change clothes entirely, either by going home or having someone bring them appropriate clothes to school.

REMINDER! REMINDER! REMINDER!

Students attending Bartlett Academy will follow Sapulpa Public School's Dress Code Policy for any and all activities and/or visitation at any other Sapulpa Campus (Sapulpa High School, Sapulpa Junior High, Sapulpa Middle School, and all Elementary School sites in the district).

MEDICATIONS PLEASE SEE Appendix H.

DRIVING

Students who drive or ride in private transportation do so at their own risk. Bartlett Academy reserves the right to deny driving privileges to students and this is at the Principal's discretion.

You may drive your vehicle to Bartlett and park on campus. The student parking lot is located on the South side of the building. Students are not allowed to park in the front parking area. This area is reserved for staff and visitors.

- Drive safely and quietly.

- This is a residential neighborhood; we **can** and **will** revoke your driving privileges if you cause problems with unsafe driving practices.
- Use your vehicle appropriately. Do not use your vehicle as a “lounging” area— when you arrive on campus, vacate your vehicle.
- Students must keep the level of their music at a “tolerable” level whenever in the vicinity of the school. This keeps our neighbors happy as well as the staff.
- Park appropriately.
- You **MUST** register your vehicle with the school (Registration forms can be acquired from the Secretary).

SCHOOL BUS RULES AND REGULATIONS

In cases where the bus driver is having difficulty in controlling children on buses, the driver will bring the child to the principal's office for a conference regarding the difficulty. If this procedure fails to bring about cooperation and a child continues to give trouble on the bus, the principal may deny him the privilege of riding the school bus. When this is done, the principal should notify the parents by letter of the action and the reason for such action. This policy is not intended to relieve the driver of his responsibility for maintaining control of the children, and if a principal thinks the driver is not doing all that he could or should, he should have a conference with the driver to help him develop better control of the pupils. Failure to secure acceptable bus behavior through the above procedure justifies asking the business manager to arrange a conference with the bus driver. The foregoing shall not constitute the limits of the driver's authority, particularly in case of emergencies, but would constitute general guidelines for disciplinary problems. BOE Policy 542.

SCHOOL TRANSPORTATION

We periodically schedule field trips for our students. We have access to a school van which will seat seven (7) students and one (1) staff person. However, there are times when it may be necessary for our students to ride with staff or other responsible licensed drivers, or ride on a school bus, to attend off-campus activities. Therefore, we must have a permission form on file for your child to participate in these activities.

VISITORS/GUESTS

- In order to provide our students with a safe and healthy environment in which they can learn, we ask that all visitors and/or guests to our school check in with the Secretary in the front office.
- Parents are welcome and encouraged to visit our school with teacher and principal permission.
- Our goal is to limit the number of distractions for students and teachers so that learning can take place.
- Friends are not allowed to be on Bartlett's campus at any time without permission from Bartlett Academy Staff!
- Friends will not be allowed to hang around close by for fear that they may become a distraction from your educational experience.

SEVERE WEATHER

Sometimes school is canceled due to severe weather. The Superintendent of Schools will make the decision if our school is closed. When this decision has been made, it will be announced on KTUL Channel 8, KOTV Channel 6, KJRH Channel 2, KXOJ 1550, KXOJ FM 101, KRMG 740 Radio, and other stations. School closings will be posted on the school web page and a ConnectEd call will go out.

FIRE AND TORNADO DRILLS

Fire and tornado drills will be held at various intervals throughout the school year. Warnings will be announced over the intercom system or in person by Bartlett Staff.

Students should remember these basic rules during drills and in actual emergency situations:

- Check for emergency instructions in each classroom (they are posted on the wall near the exit) indicating what to do in case of a fire or tornado.
- In the event of a drill or actual emergency move quickly and quietly (do not run) to the designated safety area.

PUBLIC DISPLAY OF AFFECTION

- Bartlett's program encourages our students to have respect for themselves and others.
- Public displays of affection, such as sitting on student's laps, "hanging all over each other," or inappropriate physical contact distract from the educational process.
- We want our students to care for one another in a respectful manner.
- Therefore, school staff insists that all couples conduct themselves in a respectable manner at all times at school or at school activities.

PROFANITY

We recognize that some people may have habits which are not necessarily appropriate for school. Profanity is a habit which we, the staff at Bartlett Academy, feel committed to assist our students in learning how to curb or extinguish their poor choice of vocabulary and encourage more appropriate means of communication.

- We feel that learning how to communicate effectively is a life and work skill necessary for success. Profanity is not an effective means of communication.
- School prepares you to enter the workforce. Your future employer will expect you to communicate without using profanity.
- Our goal is to help you enlarge your vocabulary so that profanity is not your chosen form of communication. Use of profanity at school will result in a check minus. Three check minuses in any class period may result in suspension for at least one (1) day.

TOBACCO

We have a deep concern for health and safety of staff and students. Recent reports published by the Surgeon General and the American Medical Association show that smoking is harmful to smokers and nonsmokers. Tobacco users can develop heart problems, some forms of cancer and emphysema. Exposure to toxic air induced by smokers can cause similar health problems for non-smokers.

Therefore, the use of tobacco products is prohibited in all District facilities, District vehicles and/or District property. Tobacco products include cigarettes, cigars, snuff, chewing tobacco, betel nut and any other form of tobacco. Individual site managers/supervisors throughout the District are responsible for the enforcement of this policy.

BARTLETT'S VIEWS REGARDING STUDENTS SMOKING

- Violation of this policy by any student or students will result in suspension.
- In addition, Bartlett staff will contact the Sapulpa Police Department and file a report.
- Students will receive a citation for minor in possession of tobacco products and will have to go to court with his/her parent or guardian to settle this matter.
- This policy is in compliance of State Law H.B. 1104 Sect. 2

DRUGS/ALCOHOL

A. Any student using, under the influence of, in possession of, furnishing, or selling alcoholic beverages, non-intoxicating beverages (as defined by law), illegal or illicit drugs, or other mood-altering substances at school, while in school vehicles, at any school-sponsored event, or traveling to and from school events will be subject to disciplinary measures, which may include suspension for the remainder of the current semester/trimester and the following semester/trimester. "Illicit drugs" includes steroids and prescription and over-the-counter medications being used for an abusive purpose, i.e., when they are not used in compliance with the prescription or directions for use and are not being used to treat a current health condition of the student. "Mood-altering substances" includes paint, glue, aerosol sprays, and similar substances.

B. A suspension imposed for a violation described in paragraph A may be reduced by the student and his or her parents completing an evaluation by Adolescent Center or a substance abuse treatment facility. Demonstrated

compliance with the recommendations for treatment will be weighed heavily in determining the appropriate reduction in the suspension.

C. Student violation of this policy which also constitutes illegal conduct will be reported to law enforcement authorities.

MAJOR INCIDENTS --- NO TOLERANCE

Major violations, such as fighting, directing profanity at school employees, possessing weapons or drugs on campus, coming on campus under the influence of or in possession of alcohol or drugs, threats to student and/or staff safety, or any other inappropriate behavior which results in disruption of the educational process may result in long-term suspension. In addition, major incidents may also result in contact with law enforcement resulting in a citation(s) and/or arrest.

Students who are involved in major incidents may be referred to Virtual School and dropped from the Bartlett Academy program. We strive to make this a safe campus and will make every effort to ensure the integrity of the program and overall safety of our students, staff, and stakeholders.

NO VIOLENCE POLICY

Any student or students who engage in a violent act in any form, whether it be using their fists, feet, other body parts, or objects will not be tolerated and will result in automatic long-term suspension from Bartlett's program.

We encourage our students to defend themselves and to stand up for their rights. However, if a victim of violence chooses to retaliate with violence, it may result in suspension and/or dismissal from the program or being assigned to virtual school.

SAFETY AND WELFARE OF OTHERS

- Bartlett Academy students have a responsibility for the welfare of the school, students and staff.
- If a student becomes aware of any situation that could be dangerous or harmful to another student, staff member or the school, he/she should report this to the Principal, Administrator or Counselor immediately.
- This matter will be handled confidentially and tactfully in the best interest of the individual student and the school.
- Prevention will be the number one objective if a dangerous situation should arise at Bartlett. If you are concerned about your safety or that of your friends, or know of a threat to your school, please call Toll Free: 1-877-SAFE-CALL, 1-877-723-3225. This call is anonymous and confidential.

STUDENT BULLYING PREVENTION & INTERVENTION - See APPENDIX C

HARASSMENT POLICY - SEE APPENDIX D

DISCIPLINE POLICY

When the behavior of an individual student comes into conflict with the rights of others, disruption of public order or is immoral by generally accepted standards of this community, corrective actions are necessary for the benefit of the individual and of the school.

Disciplinary action will be based on a careful assessment of the circumstances surrounding each infraction. Things which will be considered include: the student's attitude, the seriousness of the offense, the effect the offense on other students, whether the offense is physically, emotionally, or mentally injurious to other people, whether the incident is isolated or habitual behavior, and any other circumstances which may be appropriately considered.

Any off-campus behavior that is illegal or becomes disruptive to the educational process could fall under the jurisdiction of the school officials. It is our responsibility to provide a safe, secure, and orderly educational environment for all students.

SAMPLE DISCIPLINARY OPTIONS

Detention and/or Encore – Detention or Encore is a correctional measure used when it is deemed appropriate by any Bartlett Academy Staff Member. Students are to report to the appropriate Teacher, Counselor, Principal or other designated employee, at the specified time, with class work to be done.

Alternative In-School Placement - Alternative In-School Placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives.

Alternative Out-of-School Placement – Alternative Out-of-School Placement is an optional correctional measure that may be used by the school when deemed appropriate. Assignments will be provided for students to work on at home. A reasonable amount of time to complete assigned work will be determined. Arrangements for student to take tests with his/her teacher may be arranged. Work may be picked up and returned by the student's parent/guardian, unless the Principal and/or Counselor at Bartlett Academy make other appropriate arrangements.

GANG ACTIVITY

- Any behavior, colors, hand signs, tagging, sagging or other evidence of gang affiliation, solicitation, or initiation for gang membership is prohibited.
- Clothing, jewelry, style of dress, representing any gang affiliation is prohibited at school, on buses, or at any school function.
- Any behavior or activity which threatens the safety or well being of our students or faculty, or which disrupts the school environment is harmful to the education process.
- Any student who violates this policy will be subject to disciplinary action and may be suspended for the maximum period by law.

FIGHTING

We believe that everyone has the right to go to school, work, and live in a place that is safe and secure!

- One of the goals of Bartlett Academy's program is to learn to accept differences in others and to learn to resolve conflicts in an assertive, confrontational, but peaceful manner.
- Any fighting between Bartlett students is, therefore, a definite "no-no" (regardless of the fight's location).
- Any fight between Bartlett students will result in suspension of all students involved from Bartlett's program, and may require reassignment to virtual school, and reassignment back to the student's home school after the suspension.
- Students fighting or rumored to have fought on or off campus that affects the safety and/or well being of students on campus and/or disrupts the learning environment of the school will be subject to the same disciplinary actions as if they fought on campus.

WEAPONS

- Make sure that you never bring anything to school that could be used as a weapon.
- Any student, who is found with a weapon on campus, whether there is an actual physical or verbal threat, will be immediately suspended from Bartlett's program.
- State law requires that law enforcement officials be notified of any dangerous weapons on school property, and those who possess them may be charged with a Felony Offense.

STUDENT BEHAVIOR AND SUSPENSION REASONS

Students suspended from their sending school and attending Bartlett Academy are reminded that they are not allowed to attend school functions until the disciplinary suspension has been served and are not allowed to be on campus unless by special permission from a school administrator.

APPENDIX B: INTERNET ACCEPTABLE USE POLICY

931. INTERNET ACCEPTABLE USE (Approved 9-7-04)(Revised 4-9-12)

A. Purpose Statement. Independent School District No. 33 of Creek County, Oklahoma (the "District") provides students and employees access to the District's computer network system, including Internet access, to expand informational and communication resources in furtherance of the District's goal of promoting educational excellence. With access to such vast storehouses of information and instant communication with millions of people from all over the world, material will be available that may not be considered to be of educational value by the District or which is inappropriate for distribution to children. The District will take available precautions to restrict access to inappropriate material. However, on a global network, it is impossible to control all material and an industrious user may obtain access to inappropriate information or material. This District firmly believes that the value of the information and interaction available on the Internet far outweighs the possibility that students and employees may procure material which is not consistent with our educational goals. This policy outlines the users' rights and responsibilities that are assumed with use of the District resources.

B. Internet Access Terms and Conditions.

1. **Internet Filtering** - Material may be available on the Internet which is inappropriate for distribution to children and is not considered to be of educational value by the District. This District believes that the value of the information and interaction available on the Internet outweighs the possibility that students and employees may procure material which is not consistent with our educational goals. While it is impossible to control all material available on the Internet, the District has installed filtering software to block material deemed inappropriate. This filter is in compliance with the Children's Internet Protection Act. Filtering guidelines are driven by educational need and access to information shall not be restricted or denied solely because of the political, religious or philosophical content of the material.
2. **Acceptable Use** - The use of the District system will be monitored by district personnel and must be in support of education and consistent with the educational objectives of the District. The transmission or receipt of any material in violation of any United States or state law or regulation and the transmission or receipt of any material inconsistent with the educational objectives of the District is prohibited. This includes, but is not limited to material that:
 - a. Libels, meaning making a false statement about a specific individual, which tends to harm the individual's reputation.
 - b. Promotes group defamation and hate, meaning material which disparages a group or a member of a group on the basis of race, religious affiliation, ethnic or national origin, gender identity or preference, handicapped condition, or advocates illegal conduct or violence or discrimination toward any particular group or people. This includes racial and religious epithets, slurs and abuse.
 - c. Displays or promotes unlawful products or services, meaning material which advertises or advocates the use of products or services prohibited by law from being sold or provided to minor.
 - d. Disrupts school operations, meaning material which, on the basis of past experience or based upon specific instances of actual, or threatened disruptions relating to the information or material in question, is likely to cause a material and substantial disruption of the proper and orderly operation of school activities or school discipline.
 - e. Contains material which is vulgar, lewd, indecent, or obscene, meaning material which, taken as a whole, (1) an average person would deem improper for access by or distribution to minors because of sexual connotations or profane language and (2) material which, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
3. **Privilege of Use** - Use of the District system is a privilege afforded to students, staff and employees of the District. Inappropriate use may result in a cancellation of those privileges. Inappropriate use is any use prohibited by the terms of this policy or use determined by District's Instructional Technology Director or Administrative representative to be inappropriate under particular facts and circumstances.

4. **Inappropriate Use** - Each system user is expected to comply with District policies governing Internet access and to abide by generally accepted rules of network etiquette. E-mail and network resources are to be used to further the educational process. Students or staff who violate these policies shall be subject to school and/or criminal action. These general rules include, but are not limited to, the following:
- a. **Appropriate language** - Do not use obscene, profane, vulgar, rude or disrespectful language. Do not engage in personal attacks or activities intended to distress, harass or annoy another user.
 - b. **Safety** - Do not reveal personal contact information about yourself or another person. Do not use District Internet access to arrange meetings with persons met online. Users will promptly disclose to the teacher, Instructional Technology Director or another member of the faculty or staff any message they consider to be inappropriate or which makes them feel uncomfortable. The district provides resources for students, staff, and faculty to raise awareness of Cyber Safety issues.
 - c. **Electronic mail** - Electronic mail (E-Mail) may not be assumed to be a private communication. The District and system administrators do have access to District E-Mail. Messages relating to or in support of illegal activities may be subject to criminal penalties.
 - d. **Network resources** - System users should not use the network in a way that will disrupt the use of the network. The network is to be used for educational, professional and career development. Storage of personal files on district resources is discouraged.
 - e. **Intellectual property** - Users assume responsibility to verify the licensing of software prior to installation. Users must respect the rights of copyright owners and comply with all limitations imposed upon use of copyrighted material. Users will not download copyrighted files.
5. **Limitation of Liability** - The District makes no warranties of any kind, whether express or implied, for the services provided and will not be responsible for any damages which you may suffer through use of the District system or the Internet, including, but not limited to, the loss of information or files or the interruption of service. The District is not responsible for the accuracy of information obtained through the use of the District system or the Internet. The District is not responsible for any financial obligations, which may be incurred through use of the District system.
6. **Security** - Users are responsible for network and E-mail account security and should take precautions to prevent others from accessing their account. Users should not provide their personal password to other users, unless that person is a representative of the I. T. Department. Unauthorized access to network resources or user accounts will be treated as a serious offense and may result in the termination of network rights. Any user identified as a security risk or having a history of problems with the District system or any other computer system may be denied further access.
7. **Vandalism** - Vandalism of District hardware, software or the system itself will result in cancellation of privileges and possible other disciplinary actions. Vandalism is defined as any malicious attempt to harm or destroy the property or data of the District, of another user or of any other network connected to the Internet or all or any portion of the District's computer network system or any other network or system connected to the Internet. This includes, but is not limited to the uploading or creation of computer viruses or any actions that disrupt, or crash all or any portion of the District's computer system. System users will adhere to District policies governing the downloading of software to help minimize the spread of computer viruses.
8. **Application and Enforceability** - The terms and conditions set forth in this policy shall be deemed to be incorporated in their entirety in the Internet Use Policy executed by each system user. By executing the Internet Access Agreement, the system user agrees to abide by the terms and conditions contained in this Acceptable Use Policy. The system user acknowledges that any violation of this acceptable use policy may result in access privileges being revoked and/or disciplinary action being taken, including, as to students, disciplinary action under the district's student discipline policy and, as to employees, any such discipline as may be allowed by law.

APPENDIX C: BULLYING POLICY

540.1.7 STUDENT BULLYING PREVENTION AND INTERVENTION

PURPOSE: To address student bullying behavior effectively through a multi-faceted approach that includes education and the promotion of a positive school atmosphere.

The Board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the Board prohibits bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with rights of students and personnel to be secure. This includes but is not limited to bullying through electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

The Superintendent or his/her designee will develop a regulation to support and provide specific procedures for implementation of this policy. The Superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension out of school in accordance with the policies, rules and regulations of the District's Board of Education.

Student and Staff Education and Training

The District is committed to providing appropriate and relevant training annually to students and staff regarding preventing, identifying, responding to and reporting incidents of bullying. A full copy of this policy will be posted on the District's website and included in all District handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the District's annual written notice of the availability of the district's anti-bullying policy. Written notice of the policy will also be posted at various places in all District school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the District's commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the District's other violence prevention efforts. All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district's bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and the District's strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will be appropriately disciplined pursuant to District policy. Any accusations confirmed to be false will be removed from the falsely-accused student's file. Parents and guardians may participate in a parent education component.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed. Reports can also be made by any student, parent, or patron through the District's online reporting system found on the District's website or by calling the school.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against an alleged bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about, or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the District's website, and in the bullying prevention education provided annually to students and staff. The District's anti-bullying program is coordinated at the District level by the District's Safe School Coordinator.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether the bullying conduct occurred, (ii) the severity of the incident(s), and (iii) the potential for future violence. In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent or his/her designee.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinator that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected

by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. No school employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 §1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within two (2) school days that a bullying report has been received. Within two (2) school days of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation. If the report of bullying is substantiated, within two (2) school days of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

Parental Responsibilities

All parents/guardians will be informed in writing of the District's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the School Safety and Bullying Prevention Act, 70 OKLA. STAT. § 24-100.2 et seq., the district will identify a bullying coordinator who will serve as the District contact responsible for providing information to the State Board of Education. The bullying

coordinator shall maintain updated contact information on file with the State Department of Education and the School District will notify the State Department of Education within fifteen (15) days of the appointment of a new bullying coordinator.

A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the District's Annual Performance Report.

The Administration recognizes that there are many motivations behind the act of bullying, one of which may be for a discriminatory purpose. If the bullying behavior constitutes discriminatory harassment, intimidation or bullying (i.e., it is targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information), the misconduct is prohibited pursuant to District Policy 4902 regarding Discriminatory Harassment, Intimidation and Bullying and is subject to the procedure and protections specified in 4902 in addition to this policy. Retaliation is expressly prohibited against any person who participates in reporting, investigating or addressing any incident of bullying behavior.

STUDENT BULLYING PREVENTION AND INTERVENTION Procedures

In furtherance of the Board's policy regarding student bullying prevention and intervention, the District shall require Prevention and Intervention Strategies, as described below, based on building data, for school staff to address bullying behaviors. These interventions will be on a continuum, ranging from those aimed at prevention to those interventions that address more serious bullying behavior on a case-by-case basis.

The District's "Prevention and Intervention Strategies" referenced above include, but are not limited to:

1. Including prohibitions and guidance concerning bullying in the District's Behavior Response Plan;
2. Implementation of a positive behavioral intervention and support process or another evidence-based model approach for safe school climate or for the prevention of bullying, including any such programs identified by the State Department of Education;
3. A school survey to determine the prevalence of bullying, which will take place during the second or third quarter of each school year and a summary of which will be made available to a District office designee; and
4. Establishment of a Safe & Healthy Schools Committee for each school site (K-12) as mandated by the School Safety and Bullying Prevention Act. The Safe & Healthy Schools Committee will consist of at least ten (10) members and shall be composed of teachers, parents of enrolled students, students, and a school official who participates in the investigation of reports of bullying. Each Safe & Healthy Schools Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety. With respect to student bullying, each Committee shall assist the Board in promoting a positive school climate. The Committee will study the District's policy and currently accepted bullying prevention programs (available on the State Department of Education website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and

cover: (i) needed staff development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing behavioral health resources.

5. The development, posting, and enforcement of rules at each school site that prohibit bullying and establish appropriate consequences for those who engage in such acts, as defined by District policy;

6. The consistent provision of adult supervision at each school site of outdoor areas, hallways, the lunchroom and other specific areas where bullying is likely to occur;

7. Inclusion of grade-appropriate, research-based bullying prevention curricula in prekindergarten through high school grades, as compiled by the State Department of Education and which is reported annually using a fidelity checklist to submit to Safe & Healthy Schools Committee members;

8. Training school personnel to be sensitive to the interpersonal dynamics of bullying behavior so that they recognize the need to protect all students from reprisal, retaliation and false accusations.

9. The participation of all employees directly involved with student services in annual bullying awareness/intervention training and suicide prevention training;

10. The participation of all new employees directly involved with student services in bullying awareness/intervention training and suicide prevention training before reporting to their new positions;

11. Individual interventions for students who engaged in confirmed bullying behavior and against whom bullying behavior has been confirmed, the parents or guardians of those students, and involved school staff members;

12. School-wide training related to the provision of a safe school climate;

13. The promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions, which may include discussion panels, Safe & Healthy Schools Committee, TAPS, parent involvement facilitators and the like.

As the terms are used in the District's policy and this regulation, the following definitions apply.

DEFINITIONS:

A. "Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonable perceived as being done with intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's education mission or the education of any student.

According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be but is not limited to physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different

categories:

“Physical Bullying” may include harm or threatened harm to another’s body or property, including but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

“Emotional bullying” may include the intentional infliction of harm to another’s Self esteem, including but not limited to insulting or profane remarks, insulting or profane gestures, or harassing and frightening statements, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

“Social bullying” may include harm to another’s group acceptance, including but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that result in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors or humiliating acts designed to deprive the student of awards, recognition or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

“Sexual bullying” may include harm to another resulting from, but not limited to, making unwelcome sexual comments, about the student, making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim’s body; participation in the gossiping or spreading of false rumors about the student’s sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim’s school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment — also prohibited by the district.

B. “Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel or school property.

C. "Electronic communication" means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device or a computer. Electronic communications include, but are not limited to, communications made through weblogs and social media forums. Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or School personnel and concerns bullying at school.

D. The term "at school" means on school grounds, in school vehicles, at school sponsored activities or at school-sanctioned events.

E. In determining what a "reasonable person" should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the disciplinary history and physical characteristics of the alleged bully.

F. "Good faith" is a state of mind consisting in honesty in belief or purpose or faithfulness to one's duty or obligation.

G. The term "discriminatory harassment, intimidation and bullying" is defined by the District pursuant to SPS Board Policy 489 as harassment, intimidation, and bullying targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information.

APPENDIX D: HARASSMENT POLICY

SEXUAL HARASSMENT

State and Federal Law specifically prohibits sexual harassment of employees and students in connection with their employment or enrollment in the Sapulpa School District and Bartlett Academy. **Sexual harassment will not be tolerated!** Sexual harassment is defined as unwanted and unwelcome sexually oriented behaviors including, but not limited to words, gestures, actions, etc., that embarrass, hurt, humiliate, challenge, or otherwise interfere with others' lives.

It is intended that our school be a safe and pleasant place for every student. Therefore, all students have the responsibility for behaviors that are positive and conducive to learning.

- **NO** harassment of any nature will be tolerated at Sapulpa High School and/or Bartlett Academy.
- Students who believe they have been harassed by others are to notify a Counselor, Teacher, or Administrator immediately.
- Staff members will have packets for filing a complaint. An investigation of this information will be initiated promptly, and a determination of the appropriate step(s) will be made.
- Any employee or student who is subjected to sexual harassment or knows of any student or employee who is or has been subjected to sexual harassment shall report all such incidents to either the Superintendent, Deputy Superintendent, Principal, Assistant Principal, or any Board Member of the School District.

It is preferred that all such reports be made in person or in writing signed by the reporting party. However, to encourage full and complete reporting of such prohibited activities, any person may report such incidents in writing and anonymously by mailing such reports to the personal attention of any above-designated persons. All such reports should state the name of the student, employee, or applicants involved, the nature, context and extent of the prohibited activity, the dates of the prohibited activity, and any other information necessary to a full report and investigation in the matter.

Students who are determined to be responsible for the harassment of others will be subject to the Sapulpa School District's and/or Bartlett Academy's Discipline Plan procedures and may be suspended from school. Law Enforcement Officials may be contacted and legal action taken.

It is the intention of this staff to keep this kind of information confidential, if at all possible. Students are encouraged to share this information with their parents.

Any retaliation against students who are involved in an investigation of this nature is prohibited, and retaliations will be subject to the discipline plan, which may include suspension from school.

OTHER FORMS OF HARASSMENT

Harassment constitutes unethical and unacceptable employee or student conduct and will not be tolerated at any level. All employees/students are strictly prohibited from engaging in any form of harassment of any other employee/student or applicant for employment. Any employee/student engaging in harassment is subject to disciplinary action, including but not limited to, student suspension, employee suspension, demotion, forfeiture of pay or benefits and termination. Such penalties shall be imposed based on the facts taken as a whole and the totality of the circumstances such as the nature, extent, context and gravity of such activities or incidents.

The Board specifically prohibits statements or actions which tend to harass or disparage an individual on the basis of race, religion, national origin, handicapping condition or sexual orientation. Such behavior will not be tolerated. This policy will apply to all applicants, employees and students at all levels.

Harassment based upon race, religion, national origin, handicapping condition or sexual orientation shall mean epithets, slurs, negative name calling, imitating mannerisms, gestures, physical conduct, graffiti, even in jest, which are targeted

toward an individual because of his or her race, religion, national origin, handicapping condition or sexual orientation. Staff members and students are advised that individuals bring different levels of sensitivity to interaction. What may seem harmless, trivial or "all in good fun" to one person may be extremely offensive to the person to whom the comments or actions directed.

Any applicant for employment, employee or student, who believes that he/she has been subjected to harassment as defined under this specific policy is to utilize the procedures and process contained in the District's Grievance Policy.

APPENDIX E: WEAPONS POLICY

WEAPONS POLICY

- A. Federal Law prohibits the possession of a weapon at school. By law, any student who is determined to have brought a weapon to school shall be expelled from the school for a period of not less than one year. Weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the Sapulpa School District and/or Bartlett Academy. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the school district.
- B. For the foregoing reasons, possession of a dangerous weapon, as defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a bus stop, at a school-sponsored activity, or on a school bus, is prohibited.
- C. - D. Any student in possession of a dangerous weapon, or replica or facsimile of a weapon, in violation of this policy may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities.

Additionally, School Administrative Staff members may seek to file criminal charges against the student.

- E. If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, the teacher or employee shall immediately investigate the matter. If a weapon is found, the teacher or other school employee shall confiscate the weapon if this can be accomplished without placing any students or staff in jeopardy. The teacher or other school employee shall immediately notify the administrator or the administrator's designee. If the teacher or employee does not believe that the weapon can be confiscated safely, the teacher or employee shall immediately notify the Principal or the Principal's designee of the situation.

The administrator or designee shall follow the following procedure:

 - H. A student who has been suspended from another school district because of the possession of a dangerous weapon, or replica or facsimile of a dangerous weapon shall not be accepted as a transfer student into the Sapulpa Public Schools and/or Bartlett Academy.
 - I. School District employees who willingly or negligently fail to enforce this policy shall be subject to disciplinary action, which may result in termination. Disciplinary action shall be independent of criminal proceedings that may result from the employee action. Disciplinary action for employees will be in accordance with Board policy and any negotiated agreement, which may be in effect for the employee.
 - J. An exception to this policy may be granted for students or employees participating in an authorized curricular or extracurricular activity or team involving the use or demonstration of a dangerous weapon, or replica or facsimile of a dangerous weapon. For this exception, written prior approval by the administrator, in consultation with the Superintendent of Schools, is required.

APPENDIX F: STUDENT SUSPENSION

STUDENT SUSPENSION

The judicial extension of the Fourteenth Amendment protection to students in the public school emphasizes the need for School Administrators to protect the procedural due process rights of students in discipline cases. The policy of the School District must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students. The term "out-of-school suspension" refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and the remainder of a current semester and the succeeding semester for all other offenses.

- ALTERNATIVE IN-SCHOOL PLACEMENT, DETENTION, AND SIMILAR DISCIPLINARY OPTIONS OR CORRECTIONAL MEASURES ARE NOT CONSIDERED BY LAW TO BE OUT - OF - SCHOOL SUSPENSION AND DO NOT REQUIRE OR INVOLVE THE DUE PROCESS PROCEDURES SET FORTH HEREIN.

Reference to "parent" in this section of the policy refers to a student's parent or legal guardian.

Reference to "Principal" means the School Principal, Administrator, or the school staff member to whom the Principal has delegated the responsibility for student discipline.

BEHAVIOR OR CONDUCT, WHICH MAY RESULT IN SUSPENSION

Students who are guilty of any of the following acts may be suspended out-of-school by the Administration of the School or the District for:

1. Violation of a school regulation;
2. Immorality;
3. Adjudication as a delinquent for an offense that is not a violent offense. For the purposes of this section, "violent offense" shall include those offenses listed as the exceptions to the term "nonviolent offenses" as specified in Section 571 of Title 57 of the Oklahoma Statutes. "Violent offense" shall include the offense of assault with a dangerous weapon but shall not include the offense of assault;
4. Possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device, missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities;
5. Possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of-school suspension as provided in the District's policy related to firearms.

In the event of a suspension for any of the reasons listed above, an education plan as discussed in part 5 (Out-of-School Suspension Requirements), below, shall be applicable for acts which fall within parts 1-5 above. However, no education plan shall be necessary for acts which fall within part "5" above.

- Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

District's Obligation:

Before the District, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension.

- STUDENTS IDENTIFIED AS DISABLED UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT OR SECTION 504 OF THE REHABILITATION ACT OF 1973 AND WHO ARE SUSPENDED OUT-OF-SCHOOL OR RECEIVE DISCIPLINARY REMOVAL FROM THE CLASSROOM REQUIRE ADDITIONAL PROCEDURAL CONSIDERATIONS.

Pre-Out-of-School Suspension Conferences:

1. When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent an offense that is not a violent offense (as set out in OKLA. STAT. tit. 57, & 571), the Principal shall conduct an informal conference with the student.
2. At the conference with the student the Principal shall read the policy, rule or regulation which the student is charged with having violated and shall discuss the conduct of the student which is a violation of the policy, rule or regulation.
3. The student shall be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.
4. If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended the length of the out-of-school suspension.
5. The Principal shall immediately notify the parent by phone and in writing that the student is being suspended out-of-school and that alternative in-school placement or other available options have been considered and rejected.

The written notice should state what alternative in-school placement or other available options have been considered and why they were rejected. Elementary and middle school students shall not be dismissed before the end of the school day without advance notice to the parent.

Immediate Out-of-School Suspension Without a Pre-Out-of-School Suspension Conference:

1. A student may be suspended out-of-school without the above pre-out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the Principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, or school employees, or to school property, or continued substantial disruption of the educational process.
2. In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

Conferences With Parents:

1. The Principal will seek to hold a conference with the parent or guardian as soon as possible after the out-of-school suspension has been imposed. The parent should be advised of his/her right to a conference with the Principal at the time he/she is notified that an out-of-school suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.
2. At the conference, the Principal will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct or behavior on the part of the student. The Principal will also explain the basis for an out-of-school suspension rather than the use of alternative options. The parent should be asked by the Principal if he/she understands the rule and the charges against the student.
3. At the conclusion of the conference, the Principal shall state whether he/she will terminate or modify the out-of-school suspension. In all cases the parent will be advised of his/her right to have the out-of-school suspension reviewed by the Superintendent of Schools, the Board of Education, or the Out-of-School Suspension Committee as provided by this policy. If the parent is in agreement with the Principal's decision, he/she will be requested to sign a Waiver of Review.

Out-of-School Suspension Requirements:

1. An out-of-school suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of ten (10) school days. A short-term out-of-school suspension shall be a period of ten (10) or fewer school days.
2. In no event should an out-of-school suspension extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one

calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the School District's Gun-Free School Policy. Out-of-school suspensions should have a definite commencement and ending date; indefinite out-of-school suspensions are not permitted. It is recommended that out-of-school suspensions beyond ten (10) days be imposed only in serious situations.

3. Out-of-school suspensions should be consistent; that is, one student should not be suspended out of school for a few days and another student suspended out of school for an extended period for the same or similar offense. However, the Principal may take previous conduct and previous disciplinary actions and out-of-school suspensions of the student into consideration.
4. Out-of-school suspensions until the student performs some remedial act are not permitted; however, the student may be advised that an out-of-school suspension of definite length will be terminated at an earlier date if he/she performs a prescribed remedial act or acts.
5. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student.

The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Records and Reports:

The Principal will keep written records of each out-of-school suspension conference containing the date of the conference, the names of the persons present, the time duration of the conference, and the basis for rejection of alternative disciplinary options. Also, the Principal shall maintain records related to the Education Plan and the student and /or parent's compliance with the Plan.

LONG-TERM OUT-OF-SCHOOL SUSPENSIONS

OUT-OF-SCHOOL SUSPENSIONS IN EXCESS OF TEN (10) SCHOOL DAYS

Right of Appeal- A parent or the student may appeal the out-of-school suspension decision of the Principal to the Superintendent of Schools and the Board of Education. At the student and/or parent or guardian's option the appeal may be directly to the Board of Education.

Method of Appeal to the Superintendent of Schools or His/Her Designee:

1. An appeal can be presented by letter to the Superintendent of Schools.
2. If no appeal is received within five (5) calendar days after the parent or student receives the Principal's decision, the Principal's out-of-school suspension decision will be final and non-appealable.
3. The Superintendent of Schools or his/her designee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The conference will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.
4. At the conference, the Superintendent of Schools or his/her designee will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent should be asked by the Superintendent of Schools or his/her designee if he/she understands the rule and the charges against the student.
5. At the conclusion of the conference the Superintendent of Schools or his/her designee will state whether he/she shall terminate or modify the out-of-school suspension. In all cases the parent shall be advised of his/her right to have the out-of-school suspension reviewed by the Board of Education. If the parent is in agreement with the decision of the Superintendent of Schools or his/her designee, he/she shall be requested to sign a waiver of review by the Board.

Method of Appeal to the Board of Education:

1. An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education.
2. If no appeal is received within five (5) days after the decision of the Superintendent of Schools or the parent or student receives his/her designee, the decision of the Superintendent or his/her designee will be final and non-appealable.

A direct appeal to the Board requires the student, parent, or guardian to file the written request for appeal within five (5) days of receipt of the Principal's decision.

Hearing the Appeal:

1. The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable.
2. The parent and student will be notified in writing of the date, time and place of the hearing.
3. The parent and student will have the right to an "open" or "closed" hearing; at their option.
4. Reasonable efforts will be made to accommodate the work schedule of parents.

Procedure for Student Out-of-School Suspension Appeal Hearing Before the Board of Education:

1. The Board President should:
 - a. Announce that the next agenda item is an out-of-school suspension review hearing for the student stating her/his initials.
 - b. Ask whether the parents/child wish the hearing to be open to the public or in executive session. The offer of an open hearing and their response is to be a part of the minutes of the meeting. If parents/child request a closed hearing, a motion to go into executive session per their request should be made and voted on.
2. The Board President should advise the parents/child:
 - a. That they are entitled to legal counsel, if they desire it.
 - b. That the administration will present its witnesses first and that each witness, the parents or their legal counsel will be given an opportunity to cross-examine.
 - c. That the parents/child will be given an opportunity to call any relevant witnesses and present any relevant evidence they may wish, subject to cross-examination by legal counsel for the administration
 - d. That the Board will consider the evidence and documents and reach a decision, which will be recorded by vote in open session.
 - e. That the parents/child may ask any questions about the procedure.
3. Following presentation of 1 and 2 above, all administration witnesses and documents should be presented subject to cross-examination.
4. Parents/child may call any witnesses and present any documents subject to cross-examination.
5. After each witness is presented School Board members may ask the witness any questions.
6. Parents'/child's closing statement.
7. Administration's closing statement.
8. Deliberate in private. (If hearing is not in executive session, the Board may deliberate in executive session only with permission of the parents or student.)
9. Return to open session and vote. After adopting a motion making certain findings of fact, the Board must make a motion to: (1) affirm the out-of-school suspension, (2) modify the out-of-school suspension (increase or decrease severity of the out-of-school suspension), or (3) revoke the out-of-school suspension.

Attendance at School Pending Appeal Hearing:

Pending the appeal hearing of an out-of-school suspension to the Board, the student will have the right to attend school under such "in-house" restrictions as the Principal deems proper, except that at the discretion of the Principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the Principal:

- A. The conduct for which the student was suspended out of school reasonably indicates that continued attendance by the student pending any appeal hearing would be dangerous to other students, staff members or school property, or
- B. The conduct for which the student was suspended out of school reasonably indicates that the continued presence of the student at the school pending any appeal hearing would substantially interfere with the educational process at the school.

SHORT-TERM OUT-OF-SCHOOL SUSPENSIONS

OUT-OF-SCHOOL SUSPENSIONS OF TEN (10) OR FEWER SCHOOL DAYS

The Board of Education recognizes that student out-of-school suspensions of ten (10) or fewer school days (referred to as "short-term out-of-school suspensions") involve less stigma and require less formal due process procedures than are required for out-of-school suspensions of greater than ten (10) school days (referred to as "long-term out-of-school suspensions"). Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved to the District's discretion.

Right of Appeal:

A student who has been suspended out of school for a period of ten (10) fewer school days is entitled to all pre-appeal rights presently accorded by School District policy to students who have been suspended out of school for periods of greater than ten (10) school days. A student who has been given a short-term out-of-school suspension and that student's parent has a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short-term out-of-school suspension and his/her parent shall be informed by the Principal of this right and the method of submitting an appeal.

Method of Appeal to a Committee:

1. An appeal to a committee can be requested by letter to the school Principal, which must be received within five (5) days after the Principal's out-of-school suspension decision is received by student or his/her parent. The out-of-school suspension decision will become final and non-appealable if a request is not submitted in a timely fashion.
2. Upon receipt of the request, the school Principal shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized. If the school Principal determines that the period of out-of-school suspension is greater than ten (10) school days, or if for any reason, the short-term out-of-school suspension is extended beyond ten (10) school days prior to the committee hearing, the procedures applicable to long-term out-of-school suspensions must be followed and the student must be given the opportunity to appeal any adverse decision to the Board of Education.
3. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The Principal shall prepare the plan with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Art Units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

- A copy of the plan shall be provided to the student and parent or guardian.
- The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student.
- The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school.
- The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Hearing the Appeal:

1. The Superintendent of Schools shall appoint a review committee consisting of not less than three School District employees who shall be certified administrators and/or teachers and shall designate a chairperson for the committee. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.

2. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration shall be given to accommodate the work schedules of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time and place of the hearing. The Principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the committee hearing shall give the other party twenty-four (24) hours advance notice of that decision. The failure to give such notice will preclude the party's right to have counsel attend the hearing.
3. The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The Principal will briefly outline the student's conduct, read the policy, rule or regulation which the student's conduct violated, and present any evidence and witnesses that support the Principal's decision to suspend the student. The student and his/her parent/guardian will be asked by the committee if they understand the rule and charges against the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.
4. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the out-of-school suspension. The committee's decision shall be confirmed in writing and copy will be mailed to the parent or guardian of the student, the Principal and Superintendent of Schools.
5. The decision of the committee shall be final and non-appealable.

STUDENT PRIVILEGES WHILE UNDER OUT-OF-SCHOOL SUSPENSION OR UNDER OTHER DISCIPLINARY OR CORRECTIONAL MEASURES

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the Principal of an out-of-school suspension, the student immediately, notwithstanding the filing of an appeal, forfeits the privilege of participating in all extracurricular activities of the school.

In addition, when a Principal determines to impose alternative in-school disciplinary or other correctional measures against a student, then the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in sole judgment of the Principal, such participation is appropriate given the nature of the offense committed by the student.

"Extracurricular activities" include, but are not limited to: all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and other school sponsored activities and organizations.

OUT-OF-SCHOOL SUSPENSION OR DISCIPLINARY REMOVAL OF CHILDREN WITH DISABILITIES 541.1

A. Introduction: This policy applies to the out-of-school suspension or other disciplinary removal of a child with a disability from the classroom. "Disciplinary removal" refers to reassignment of a child to an interim alternative educational setting or another setting, designated by the School District, for a prescribed course of education.

B. Definitions: For purposes of this policy, the following definitions apply:

1. "Controlled substance" means a drug or other substance identified under schedules 1,II,III,IV or V in section 202(c) of the Controlled Substances Act, 21 U.S.C. & 812(c).
2. "Illegal drug" means a controlled substance, but does not include such a substance that is legally possessed or used under the supervision of a licensed health care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.
3. "Substantial evidence" means beyond a preponderance of the evidence.
4. "Weapon" means a dangerous weapon as defined by 18 U.S.C. & 930 (2), specifically, a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury.

C. Short-Term Out-of-School Suspension or Disciplinary Removal: The School District may suspend out of school or implement a disciplinary removal of a child with a disability for a period of ten consecutive school days or less for any conduct that would warrant out-of-school suspension or disciplinary removal for a child without a disability. The School District will follow its policy and procedures for the out-of-school suspension of children without disabilities in conjunction with the short-term out-of-school suspension of children with disabilities. The School District will notify the child's parent of

the disciplinary action and of all applicable procedural safeguards under state and federal law and School District policy no later than the date on which the decision to take disciplinary action is made.

D. Long-Term Disciplinary Removal: The School District may implement the disciplinary removal of a child with a disability to an interim alternative educational setting for a period of 45 calendar days or less if the child:

1. Carries a weapon to school or to a school function under the School District's jurisdiction;
or
2. knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the School District's jurisdiction.

The child's individualized education plan ("IEP") or accommodation plan ("AP") team will identify the child's interim alternative educational setting. Any interim alternative educational setting in which the School District places the child will:

1. be selected to enable the child to continue to participate in the general curriculum and to continue to receive the services and modifications, including those identified in the child's current IEP or AP, that will enable the child to meet his or her IEP or AP goals; and
2. include services and modifications designed to address the behavior that led to the placement change so that the behavior does not recur.

The School District will notify the child's parent of the disciplinary action and of all applicable procedural safeguards under state and federal law and School District policy no later than the date on which the decision to take disciplinary action is made.

E. Process for Implementing a Long-Term Out-of-School Suspension or Disciplinary Removal: No more than ten (10) days after taking disciplinary action for an out-of-school suspension or disciplinary removal of more than ten (10) days when a series of short-term out-of-school suspensions or disciplinary removals exceeds ten (10) school days during the school year, the School District will convene a meeting of the student's IEP or AP team.

The team will:

1. conduct a functional behavior assessment of the child and implement a behavioral intervention plan to address the child's behavior if appropriate; or
2. if the child already has a behavioral intervention plan, review and modify it, as necessary, to address the behavior; and
3. make a manifestation determination, by reviewing the relationship between the child's disability and the behavior subject to disciplinary action.

F. Making a Manifestation Determination; if the IEP or AP team determines that the behavior subject to disciplinary action is a manifestation of the child's disability, and then the School District cannot suspend the child out of school long-term or implement a long-term disciplinary removal as discipline for the behavior. If the IEP or AP team determines that the behavior is subject to disciplinary action is not a manifestation of the child's disability, then the School District may suspend the child out of school long-term or implement a long-term disciplinary removal as discipline for the behavior.

The IEP or AP team may determine that the child's behavior was not a manifestation of his or her disability only if the team:

1. first considers, as to the behavior subject to disciplinary action, all relevant information, including:
 - a. evaluation and diagnostic results, including results or other relevant information supplied by the child's parent;
 - b. observations of the child; and
 - c. the child's IEP or AP and placement
2. and then determines that:
 - a. as to the behavior subject to disciplinary action, the child's IEP or AP and placement were appropriate;
 - b. the special education services, supplementary aids, and services, and behavior intervention strategies were provided in compliance with the child's IEP or AP;
 - c. the child's disability did not impair his or her ability to understand the impact and consequences of the behavior subject to disciplinary action; and
 - d. the child's disability did not impair his or her ability to control the behavior subject to disciplinary action.

If the IEP or AP team determines that the child cannot be suspended out of school or a disciplinary removal implemented as discipline for the behavior, it may still consider whether a change of program and/or placement is appropriate for the child for non-disciplinary reasons.

School District personnel will provide the child's special education and disciplinary records for consideration to the person(s) making the final decision about the disciplinary action to be imposed.

- G. Continuing Educational Services: The School District will provide appropriate educational and/or related services during long-term out-of-school suspensions to a child with a disability under the IDEA, whether or not the child's behavior is a manifestation of his or her disability. The School District will provide appropriate educational and/or related services during long-term out-of-school suspensions to a child who is a qualified individual with a disability under Section 504, if the child's behavior is a manifestation of his or her disability. The child's IEP or AP team will determine an appropriate educational program and placement for the child. Otherwise, educational services during the out-of-school suspension term shall be governed by the School District's policy and procedures for the out-of-school suspension of children without disabilities.
- H. Stay Put: If a child's parent disagrees with the IEP or AP team's determination that the child's behavior was not a manifestation of his or her disability or with any decision regarding placement, the parent may request a due process hearing. The School District will arrange for an expedited hearing if the parent requests one. In reviewing the team's manifestation determination, the hearing officer will decide whether the School District has demonstrated that the child's behavior was not a manifestation of his or her disability in compliance with the standards set out in section F of this policy.

When a parent requests a due process hearing regarding:

- 1. the School District's action imposing a disciplinary removal to an interim alternative educational setting for up to 45 calendar days for a drug or weapon offense;
- 2. an interim alternative education setting imposed by a hearing officer; or
- 3. the team's manifestation determination,

the child will remain in the interim alternative educational setting pending the hearing officer's decision or until the expiration of the time period identified for that placement (up to 45 calendar days), whichever occurs first, unless the parent and the School District agree otherwise. If a child is placed by the School District in an interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement, the child will remain in the current placement (the child's placement prior to the interim alternative educational setting). However, an exception will be made if School District personnel maintain that it is dangerous for the child to be in the current placement during the pendency of the due process proceedings, the School District may request an expedited hearing. In determining whether the hearing officer may place the child in the alternative educational setting or in another appropriate placement, the hearing officer will use the standard identified in section I of this policy.

- I. Emergency Disciplinary Removal: The School District may request a due process hearing to obtain an emergency order placing a child with a disability in an interim alternative educational setting for no more than 45 calendar days. To enter such an order, the hearing officer must determine that the School District has demonstrated by substantial evidence that maintaining the child's current placement is substantially likely to result in injury to the child or others and will also:
 - 1. consider the appropriateness of the child's current placement;
 - 2. consider whether the School District has made reasonable efforts to minimize the risk of harm in the child's current placement, including the use of supplementary aids and services; and
 - 3. determine that the interim alternative educational setting meets the standards identified in section D of this policy.
- J. Suspension from Transportation: The School District may suspend a child with a disability from transportation as a disciplinary measure. During the period of the suspension from transportation, the School District will reimburse the child's parent or his or her designee for the reasonable cost of transporting the child to and from school.

Notification of Rights Under FERPA

Student and parent rights regarding student records

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.

Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests, a school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(Optional) Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records request unless it states in its annual notification that it intends to forward records on request).

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Education Rights and Privacy Act Office; U.S. Department of Education; 600 Independence Avenue, SW; Washington, D.C. 20202-4605; Telephone: (202) 732-2058.

APPENDIX G: STUDENT RECORDS

INFORMATION ON STUDENT RECORDS

On August 13, 1990, the School Board of the Sapulpa Public Schools, adopted a student record policies and procedures for the school district. This policy is designed to meet the provisions of the Family Educational rights and Privacy Act (FERPA). A parent has the right to inspect and review any and all records, files and data related to his/her child. These records will be available for such review at any time during the regular school day. If you have any concern regarding the accuracy or appropriateness of any information or record maintained by the school, please do not hesitate to inform your child's principal of that concern.

It is the right of a student's parents or an eligible student to seek to correct parts of the student's education record which he/she believes to be inaccurate, misleading or in violation of the students' rights. This right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent or eligible student's request. The procedure for this is part of the student record policies and procedures policy.

In case a parent of a student, a student or former student 18 years old, or a citizen of the Sapulpa School District believes that the district is violating the Family Educational Rights and Privacy Act (FERPA), that person has a right to file a complaint with the U.S. Department of Education. ALTERNATIVE EDUCATIONAL OPPORTUNITIES

Sapulpa Junior High School offers a full traditional educational experience along with several options that students may take. The list below shows those opportunities which are more fully described in the document below.

- Alternative school (Bartlett Academy)
- Sapulpa Virtual Academy

ALTERNATIVE SCHOOL (BARTLETT ACADEMY)

Students at Sapulpa Junior High School having academic and social challenges, may apply to Bartlett Academy. One of the deciding factors for acceptance is that of availability of slots at the school. Bartlett Academy students are not allowed to be on the junior high school campus unless by special permission from a junior high school administrator. The only exception is those students using school transportation and they are restricted to the bus loading area only (THE AREA JUST EAST OF THE YELLOW POSTS).

ANNOUNCEMENTS

The daily announcements, which contain information important to the student body, will be available on the TV in the main hallway and office, and on O@sis Announcements. They will also be available in Power School's Parent Portal.

ASBESTOS NOTICE (As of August 7, 1990)

In accordance with the Asbestos Hazard Emergency Response Act of 1986, the Sapulpa School District has conducted an inspection and prepared a Management Plan for asbestos containing building materials that may have been incorporated in the school buildings.

Asbestos-containing building materials have been found in several of the school buildings in the district.

The district has developed a comprehensive program for removing, monitoring, and repairing these specific areas. A completed Management Plan is located in the Principal's Office of each school and at the School Service Center. ***If you have any questions, please feel free to call 224-7089.***

ASSEMBLIES

During assemblies at Sapulpa Junior High School, students are expected to demonstrate courtesy, cooperation, and consideration that they have been taught at school and at home. There are always visitors at our assembly programs, and it is a credit to our student body when visitors are able to comment on the courtesy of students toward speakers, performers, and visitors. Students may be removed from assemblies due to behavior deemed inappropriate.

ATHLETIC EVENT BEHAVIOR

At Sapulpa Junior High School we want to promote positive behavior. Cheering at athletic events will be restricted to promoting our athletics and our athletic teams. We want you to cheer for our teams, not against the opponent. Derogatory, demeaning, or degrading remarks that are intended to put down the opponent will not be tolerated. Disciplinary action will be imposed for failure to comply with this policy.

(ANY STUDENT WHO EXITS AN ATHLETIC EVENT WILL BE REQUIRED TO PAY AGAIN BEFORE HE OR SHE IS ALLOWED TO RE-ENTER THE EVENT.)

CHEATING

Cheating will be considered the act or intent of gaining or giving knowledge for an assignment or test by fraudulent means. The penalty will be a zero for the assignment or test and no opportunity for makeup. Cheating could also result in disciplinary action.

CLASS RANK

Class rank will be determined at the conclusion of the seventh semester. Class ranking is determined by the student's weighted GPA. The Oklahoma State Regents for Higher Education have established the following guidelines for class rank; "The class rank is one more than the number of students in a high school graduating class who have a grade point average greater than the student in question."

Students transferring into Sapulpa High School have equal opportunity for class rank. However, when a student transfers into Sapulpa with honors courses earned in the 9th grade, that student cannot be given advanced opportunity over Sapulpa students.

Example: Student transfers into Sapulpa with three 9th grade honors courses and finishes her/his career with a 4.45 GPA. The highest-ranking Sapulpa student has a 4.40 GPA. These students would be named co-valedictorians.

COUNSELORS

Sapulpa Junior High School has a staff of highly qualified counselors. The primary function of each counselor is to provide assistance to students in accomplishing three goals: (a) to resolve personal problems, (b) to formulate educational and career plans and (c) to schedule appropriate courses. Since junior high school is a time to prepare for the future, all students are encouraged to use the guidance services often to insure the greatest probability for future success.

Even though counselors do not function as private therapists in the school setting, they are qualified and available to counsel students in crisis situations. If parents believe their child is in need of more intensive on-going attention, they may contact any of the counselors for information regarding community services and/or other referral services.

Hall Passes

- Students who need to see a counselor are reminded that counselors are available before school or after school. Otherwise, the counselors will send for a student if the student has signed his/her name on a form in the counselor's office. Students who miss class without prior written permission will be considered truant and dealt with accordingly. Only in the case **of an emergency, teachers can call a counselor.**

HomeBound Instruction

- A student certified by a physician as unable to attend school for two (2) weeks or more because of physical or emotional disability is eligible for home or hospital instruction. Students must submit a homebound application signed by a physician. Applications can be picked up in the Counselor's office. If the student is homebound for psychological reasons, a letter from a psychologist stating the type of treatment the student is receiving is necessary. Girls who are pregnant will be eligible when the doctor and eligibility team determine that, for medical reasons, the student cannot attend school. In the interest of health and safety, homebound students cannot attend extra-curricular activities without prior approval of the school principal. This does include prom. Homebound will begin when the parent submits the proper paperwork, the committee reviews and approves the homebound request, and the parent is notified by school officials that the student has been approved for homebound education. The simple act of turning in a homebound application does not result in homebound acceptance

CREDIT RECOVERY

Students must make every effort to pass all scheduled classes. However, students who have failed classes for high school credit may be eligible to pursue their academic requirements through online coursework. If make-up credits are needed to meet graduation requirements, a counselor will be available to assist the student in determining an appropriate method for completing these requirements.

DANCES

Students who attend school-sponsored dances must be currently enrolled at Sapulpa Junior High School. Only Sapulpa Junior High students will be allowed to attend the dances. These dances will be announced in advance. All Sapulpa Junior High School dances will be sponsored by school personnel and all school rules will be enforced, including dress code. Once a student has entered the building for a dance, he or she cannot leave and re-enter that dance.

DELIVERIES DURING THE DAY

Interruptions during class may hinder academic processes. To prevent interruptions, school personnel will accept only school-authorized delivery of goods from outside vendors. Examples of unauthorized deliveries include flowers, balloons, and cards.

DETENTION

Detention is a correctional measure used when deemed appropriate. Students are to report to the designated supervisor, at a specified time, and with class work.

DISCIPLINE

Cell Phones

Cell phones, earbuds, and headphones are not to be used or visible in any building at Sapulpa HS or JH during school hours, from 8:00am-3:00pm. The exception to this rule is that students may use their cell phone at lunch while in the Commons. If the phone is visible, whether in use or not, students will have disciplinary consequences. Students will be asked to turn in their cell phone if they ring, vibrate, or disrupt the building or educational environment. Parents may be required to pick up the cell phone from the school's main office. If a student needs to contact parents, they may ask for permission to use the phones in the main office.

Identification

All persons must, upon request, promptly identify themselves to any school personnel in the school building, on school grounds, or at school-sponsored activities. Students off school grounds during the school day must identify themselves to school officials upon request. They could also be checked at certain school activities. Refusal to identify or provide false identification will result in disciplinary action.

EARLY DISMISSAL FROM SCHOOL

State law says the school day shall consist of not less than six (6) hours devoted to school activities for any person or persons. This simply means all students enrolled at Sapulpa Junior School shall be enrolled in seven (7) classes. No students shall be released early to work.

EMAIL AND STUDENT'S RESPONSIBILITY

Students are expected to check their school email daily. School email is used to deliver important and timely communication from teachers, administrators, and the district. It is the student's responsibility to keep up with this communication.

ELIGIBILITY REQUIREMENTS FOR EXTRACURRICULAR ACTIVITIES

Students must be successful in their class work if they wish to participate in any extracurricular contests or activities. Eligibility is checked on a weekly basis. If a student is failing any class for one week, he/she will be placed on probation. If that student is failing any class after two weeks, he/she is ineligible to participate. (This does not have to be the same class. For example, a student could fail English the first week and math the second.) This includes grades and/or attendance. Students must be academically eligible to participate in any school-sponsored event or activity, including school dances.

FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- A. The right to inspect and review the student's education records within 45 days of the District receiving a request for access. Parents or eligible students should submit to the School Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- B. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or in violation of student rights. Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write to the School Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of student rights. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- C. The right to consent to disclosures of personally identifiable information contained in the student's records, except to the extent FERPA authorizes disclosure without consent.

Directory Information

- A. The Sapulpa School District proposes to designate the following personally identifiable information contained in a student's record as "directory information," and it will disclose that information without prior written consent:
 - 1. The student's name;
 - 2. The names of the student's parents;
 - 3. The student's address;
 - 4. The student's telephone listing;
 - 5. The student's date of birth,
 - 6. The student's class designation (i.e., first grade, tenth grade, etc.);
 - 7. The student's extracurricular participation,
 - 8. The student's achievement awards or honors;
 - 9. The student's weight and height, if a member of an athletic team,
 - 10. The student's photograph; and
 - 11. The school or school district attended before he or she enrolled in the Sapulpa School District.
- B. Within the first three weeks of each school year, the Sapulpa School District will publish in a newspaper of general circulation in the area, the above list or a revised list of the items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parents or the eligible student at the time and place of enrollment.
- C. After the parents or eligible students have been notified, they will have two weeks to advise the School District in writing (a letter to the Superintendent of Schools office) of any or all of the items they refuse to permit the School District to designate as directory information about that student.
- D. At the end of the two-week period, each student's records will be appropriately marked by the records custodian to indicate the items the School District will designate as directory information about that student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests.

A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student participating in a school service program or serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(Optional) Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE:

FERPA requires a school district to make a reasonable attempt to notify the student of records requests unless it states in its annual notification that it intends to forward on request).

Each student and/or student's parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605

FIRE/TORNADO/SCHOOL SAFETY DRILLS

Fire, lockdown, intruder, and tornado drills are held at various intervals at Sapulpa Junior High School throughout the school year.

Students should remember these basic rules during drills and in a legitimate emergency situation:

- A. Check for instructions in each classroom (posted on the wall near the exit) indicating what to do in case of a fire or tornado.
- B. In the event of a drill or actual emergency, move quickly and quietly (do not run) to the designated safety area.
- C. Remember:
 - The warning signal for a tornado will be given verbally by intercom.
 - The warning signal for a fire is several short blasts of the bell or sustained bell.
 - The lockdown/ intruder on campus signal will be given verbally by intercom.

FLAG SALUTE POLICY

Teachers and principals at Sapulpa Public Schools are authorized and encouraged to include the Pledge of Allegiance in classrooms, assemblies or as a part of other school events. Students whose families or faith object to this practice are not required to participate in the pledge.

GANG ACTIVITY

Any behavior, graffiti, colors, hand signs, tagging, sagging or other evidence of gang affiliation, solicitation, or initiation for gang membership is prohibited. Any effort to appear gang affiliated (extra long tees, group coordination of colors, etc.) is prohibited. Clothing, jewelry, style of dress (i.e., sagging), etc. representing any gang affiliation is prohibited at school, on buses, or at any school function. Any behavior or activity which threatens the safety or well being of our students or faculty, or which disrupts the school

environment is harmful to the education process. Any student who violates this policy will be subject to disciplinary action and may be suspended for the maximum period authorized by law.

GRADUATING WITH HONORS

This is relevant for students in grades 9-12.

Students who earn a weighted grade point average of 4.0 and pass a minimum of eight (8) honors classes in their four years of high school will graduate with honors at graduation. These students will be awarded gold cords to be worn during graduation and announced as graduating with honors. Graduating with honors is obtained using the GPA after the first semester of the Senior year.

HALL PASSES

Students must have permission to be in the halls during class time. Official school hall pass or office requests will be used, and they must be filled out entirely. Hall passes must be visible. Students are to go only to the destination listed on the pass. Students are expected to report immediately to his/her destination using the most direct route.

HAZING

Sapulpa Public Schools expressly prohibits hazing and/or any activities designed to initiate, on-board, or promote members of any program using demeaning, dangerous, or outlandish means.

21 O.S. § 1190 defines hazing as “an activity which recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating subject to the sanction of the public or private school...”

Endanger the physical health" shall include but not be limited to any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, alcoholic beverage as defined in Section 506 of Title 37 of the Oklahoma Statutes, low-point beer as defined in Section 163.2 of Title 37 of the Oklahoma Statutes, drug, controlled dangerous substance, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual; and

Endanger the mental health" shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced

conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

The law also notes that these types of acts are still considered hazing, even if the victim/participant agrees to engaging in them.

IMMUNIZATION REQUIREMENTS

Oklahoma's School Immunization Law was first passed by the Legislature in 1970. The law was revised in 1976 to extend requirements to all children attending Oklahoma schools and to clarify that school officials are responsible for its implementation. The complete text can be found in Title 70 of the Oklahoma Statutes, Sections 1210.191-193: "Rules and Regulations for Immunization for School Children," as amended in June, 1976.

The State Board of Health for children attending school in Oklahoma requires the following:

- 5 DPT 3rd immunization after the 4th birthday; if not they need 4
- 4 POLIO 3rd immunization after the 4th birthday; if not they need 4
- 2 MMR after 15 months; a 2nd after the 4th birthday
- 3 Hepatitis B by 7th Grade
- 2 Hepatitis A by 7th Grade
- 1 Varicella (chickenpox) of childcare age; if not had disease

Exemptions from the immunization requirements are authorized in the law for medical, religious, and personal reasons. The following is a summary of information concerning these exemptions, including procedures for their authorization:

Medical Exemption

The amended School Immunization Law of 1976 states in Section 1210.193 that any minor child, through his parents or guardian, may submit to the health authority charged with the enforcement of the required immunization program a certificate signed by a licensed physician stating that the physical condition of the child is such that a particular immunization would endanger the life or health of the child and thus be exempted from the immunization requirements.

Religious or Other Exemptions

Exemptions based on religious or other objections to immunizations are also allowed. The parent or guardian must present a signed written statement briefly summarizing his/her objections.

INDIAN EDUCATION

The Department of Indian Education of Sapulpa Public Schools exists to serve Native American students in this school district. Services are provided in these areas: Indian

cultural classes, classroom presentations on Indian culture, a resource lending library, tutoring at the elementary and secondary levels, and a Secondary Resource advisor. The staff is composed of a Counselor/Director/Secondary Resource Advisor, a secretary, and elementary tutors.

LETTERING POLICY

Students interested in information concerning letters should contact the head coach in that sport or the sponsor of that activity. Each sport or activity varies in its lettering requirements.

LOCKERS

Lockers are provided free of charge to students for the storage of school materials and personal items. Each locker is equipped with a built-in combination lock to which only you have access. Students are strongly encouraged not to give combinations to other students or locker with friends because of convenience or location. Keep lockers locked at all times. The school assumes no responsibility for items missing from lockers. Lockers are the property of the school and are subject to search.

LOST AND FOUND

Students who have lost items at school should first check with the main office since all items, such as books, coats and gym bags are taken to the main office for safekeeping.

LOST OR DAMAGED BOOKS

Books that have been lost or damaged must be paid for in full. Students should pay their teacher or a secretary in the main office and keep the receipt in case their book is found. Students should assess the condition of their books when books are distributed and bring any damages to the attention of the teacher. The teacher shall make note of such damage and not hold the student accountable.

LUNCH SCHEDULE

The Junior High School has a closed campus for lunch, therefore once students arrive on campus, they are no longer allowed to leave campus until school has concluded unless granted permission from the school and/or parent.

Sapulpa Schools takes pride in serving lunch to students staying on campus. Students can enjoy a hot lunch, fast food, salads, or even snacks. Food and snacks may not be taken out of the eating area.

MESSAGES FOR STUDENTS

Classroom interruptions take away instructional time. To help control this, only messages involving emergencies will be delivered to students.

NOTICE TO PARENTS REGARDING CHILD IDENTIFICATION,

LOCATION, SCREENING AND EVALUATION

This notice is to inform parents of the child identification, location, screening, and evaluation activities to be conducted throughout the year by the Sapulpa Public Schools in coordination with the Oklahoma State Department of Education. Personally identifiable information shall be collected and maintained in a confidential manner in carrying out the following activities:

Referral

Students enrolled in K-12 who are suspected of having disabilities which may require special education related services may be referred for screening and evaluation.

Screening

Screening activities may include vision, hearing, speech/language and health. Other screening activities may include: review of records and educational history, interviews, observations, and specially developed readiness or educational screening instruments.

Educational screening includes procedures for the identification of children who may have special learning needs and may be eligible for special education and related services. No child shall be educationally screened whose parent or legal guardian has filed written objection with the Sapulpa Public Schools.

Second (2nd) through twelfth (12th) grade students shall be screened as needed or upon request of the parent, legal guardian, or teacher.

Students entering the public school system from another state or from within the state without previous educational screening, shall be educationally screened within six (6) months from the date of such entry.

Evaluation

Evaluation means procedures used in accordance with Federal laws and regulations to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively with an individual student. Written consent of the parent or legal guardian for

such evaluation must be on file prior to any child receiving an initial evaluation for special education and related services purposes.

Collection of Personally Identifiable Information

Educational records containing personally identifiable information collected by schools in the identification, location, screening, and evaluation of children shall be maintained in accordance with the Family Educational Rights and Privacy Act (FERPA) and the Policies & Procedures for Special Education in Oklahoma. Before any major identification, location, or evaluation we shall provide notice to parents. Accommodations for other languages or means of communications may be provided upon request. Such notice shall occur prior to conducting these activities and shall include the rights of parents under FERPA.

A complete copy of this notice is available in the office of your child's school. For further information, contact Special Services Coordinator - 224-3400.

ONLINE EDUCATION (Sapulpa Virtual Academy)

The Sapulpa Virtual Academy is a blended approach to education that involves full or partial online delivery of content with some element of student control over the time, place, path, and/or pace of their learning. Any student wanting to enroll in a virtual course(s) at Sapulpa Junior High School of any kind must **apply through their school counselor** or the virtual coordinator.

PARKING/VEHICLE REGULATIONS

Driving and parking on campus is a privilege and is intended for students who observe vehicle regulations established for the safety and convenience of all. All students driving automobiles or motorcycles to school must have a current year parking permit. The cost of parking stickers is \$10.00. Stickers can be purchased in the high school attendance office. The proper location for the parking decal is hanging from the rear view mirror so that a person outside of the vehicle can read it.

All student parking is assigned. Student parking is marked by white stripes. Faculty is marked by yellow spaces. Students are not to park in administration and/or handicap parking spaces. Parking in handicap parking is enforced by SPD and is a mandatory citation. Students will be expected to drive into a parking space, not back into the space. There is no pull through parking. This policy also includes the pull through parking spaces in the back parking lot. Vehicles should be parked legally within the lines. "No Parking" signs must be observed. All drivers shall be licensed drivers and covered by insurance. All vehicles will display a current license tag.

The school is not responsible for automobiles or their contents. No loitering or visitation is allowed in the parking lot. Students must leave the vehicle immediately upon arrival on campus. Speed limits are 10 miles per hour while on school campus.

Inappropriate bumper stickers are prohibited on students' vehicles at school. Student vehicles are subject to search if there are reasonable grounds to believe that drugs, stolen property, weapons, any such items that are prohibited by school policy are in the vehicle. Parking in staff or administration parking areas, or any driving violation may result in disciplinary action:

Students in violation of the above parking regulations will have a warning sticker put on their vehicle. Repeat offenders may be towed. On-campus parking privileges may be revoked at any time for rule violations.

PARTICIPATION STATEMENT - JUNIOR HIGH SCHOOL ACTIVITIES

All students are welcomed to participate in activities at Sapulpa Junior High School. Each student is expected to follow the guidelines described. Our goal is to provide a positive experience for each student, which will improve student performance and lead to successful competition as individuals and as a team. Whether in academics or athletics, we want our students to grow and mature in their areas of interest. When a student voluntarily quits a sport or is removed from the team by a coach, a school counselor and school administrator shall be notified immediately. This does not guarantee the student's class schedule will be changed.

Grades: (from the OSSAA Handbook)

OSSAA scholastic eligibility standards are required of all students engaging in co-curricular activity programs. Local school boards may make exceptions for only those students participating in non-competitive activities.

A. Semester Grades

1. A student must have received a passing grade in any five subjects to be counted for graduation that he/she was enrolled in during the last semester he/she attended fifteen or more days
2. If a student does not meet minimum scholastic standards, he/she will not be eligible to participate during the first six weeks of the next 18-week grading period they attend.
3. A student not meeting the above minimum scholastic standards, may regain his/her eligibility by achieving passing grades in all subjects in which he/she is enrolled at the end of a six-week period.
4. Pupils enrolled for the first time must comply with the same requirements of scholastic eligibility. The passing grades required for the preceding 18-week grading period should be obtained from the records in the school last attended.

B. Student Eligibility During a Semester

1. Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. The school may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin the Monday following

the day eligibility is checked. Methods should be devised to check weekly grades of Central Tech students and all concurrently enrolled students.

2. A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes at the time of the next grade check, he/she will be ineligible to participate during the next one-week period. The ineligibility period runs Sunday through the ensuing Sunday.
3. A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility. A student regains eligibility under rule 3 with the first class of the new one-week period (Sunday through the following Sunday).
4. "Passing grade" means work of such character that credit would be entered in the records if the semester were to close at that time.

C. Special Provisions

1. A senior student maintains eligibility by passing the classes required for graduation. The number of classes in which a student is enrolled can be no less than four. A junior or senior student who is concurrently enrolled in high school and college may use the college courses to meet the minimum number of subjects needed to maintain eligibility. These may be a combination of high school and college subjects equivalent to four high school units which are accepted by the Oklahoma State Department of Education.
2. An ineligible student who changes schools during a semester will not be eligible at the new school for a minimum period of three weeks. A student may regain his/her eligibility by achieving the scholastic standard in Rule 3, Section 2-b at the end of a three-week period. (Any part of a week is considered a full week.)
3. Incomplete grades will be considered to be the same as failing grades in determining scholastic eligibility. School administrators are authorized to make an exception to this provision if the incomplete grade was caused by an unavoidable hardship. (Examples of such hardships would be illness, injury, death in the family, and natural disaster.) A maximum of two weeks is allowed for make-up work.
4. One summer school credit (1/2 unit or one subject) earned in an Oklahoma State Department of Education accredited program may be used to meet the requirements of rule 3, Section 1-a, for the end of spring semester.

Practice And Events

Students participating in any activity are expected to attend practices. Each individual sponsor or coach will have specific practice guidelines and penalties established for missing practices. It is expected that these guidelines will be in writing and will be communicated to the student and parent(s).

- A. As a general rule, practices or events will not be scheduled on Wednesday night or the entirety of Sunday. Any deviation from this schedule must be cleared with the principal at least one week in advance.
- B. It is the student's responsibility to notify a sponsor or coach if the student is unable to attend a practice or event. Notification should always be in advance. It is not appropriate or acceptable to be absent from an event or practice without prior notification.

Participation Conflicts

In case of conflicts with other school activities, the following criteria will be followed:

- A. Whichever event is a state, division, conference or playoff takes precedence over regular practice or competition. Example: Students involved in state chorus take precedence over a basketball game.
- B. Competition will always supersede practice. Example: Student basketball game takes precedence over choir practice.
- C. Actual tryouts supersede practice. Example, tryouts for school play supersede basketball practice.
- D. In case of two competitions of equal status, the student will be able to make a choice. Example: Basketball game the same night as a choir contest. No penalty will be assessed due to student choice.

Please discuss conflicts with the sponsors and the school principal, if necessary, in advance.

Travel

All students are expected to ride school transportation. This is an important part of participation and also allows the sponsors to prepare, arrange, and adjust. We prefer that participants stay at events to support teammates. But, if you must leave the event, you are only allowed to leave with your parent, unless your parent has personally made other arrangements with the sponsor of the event. No student will drive to events, unless prior written approval from the school principal.

Dress And Behavior

Students are expected to follow all school guidelines at school-sponsored events. All school policies are in effect at events at home and away. Students participating in events sponsored by the school are always expected to dress appropriately and follow school guidelines. It is expected that students representing the school will make a positive impact through dress and behavior.

PETITIONS

No petitions for any cause may be circulated in a school building without the approval of the Superintendent of Schools or the Board of Education.

PROGRESS REPORTS

Student academic progress can be monitored using the parent portal on Powerschool.

PUBLIC DISPLAY OF AFFECTION

The school will insist that all couples conduct themselves at all times at school in such a fashion so that the attention of others is not attracted to their behavior. No public display of affection should occur during school time. Offending pupils will have the necessary disciplinary action taken. Examples of public displays of affection are kissing, sitting on lap, hand holding, and hugging.

RECORDS/TRANSCRIPTS REQUEST

To request records (transcripts, testing), you may fill out a request in the Main Office. A 48-hour notice is required for all records requests. For mailing and faxing, please include all necessary information. Requests without a signature of the student or their parent/guardian will not be processed.

REPEATING COURSES

Taking a course over will not remove the original grade from the transcript. All courses taken for high school credit will become a part of the student's permanent record/transcript. The most recent course taken will count toward graduation credit.

SAFETY AND WELFARE OF OTHERS

Sapulpa Junior High School students have a responsibility for the safety and welfare of the school and the students. If a student becomes aware of any situation that could be dangerous or harmful to another student or the school, he/she should report this to an administrator or counselor immediately. This matter will be handled confidentially and tactfully in the best interest of the individual student and the school. Prevention will be the number one objective if a dangerous situation should arise at Sapulpa Junior High School. If you are concerned about your safety or that of your friends or know of a threat to your school, please call law enforcement and school administration.

SCHEDULE CHANGES

Schedule changes for the Fall semester can be requested during the Spring enrollment period. Schedule changes for the Spring semester can be requested during the designated time before Winter Break. Any changes made after the designated times can only be approved by an administrator for extenuating circumstances. Any schedule changes made to another subject area after that time will result in a grade of "F" in the course being changed. No credit will be given for the new course.

If a student drops a class and enters another class in the same subject area, credit will be given. This must be approved by the Administration when the schedule correction is made. Students who enroll from outside of the district when there is less than 90% of the time remaining in a semester, will be subject to this policy.

SCHEDULE CORRECTIONS

Schedule corrections must be made by the seventh (7th) day of each semester. Any schedule correction that does not affect graduation requirements must be approved by the administrative committee. Schedule corrections will be limited to extreme circumstances. Students must fill out a schedule correction form from the counselor's office.

SCHOOL BUSES

For the safety of all the students, each bus rider is expected to behave on the bus. Violation of any of the rules for safe bus transportation could result in the forfeiture of a student's privilege to ride any school bus for the remainder of the school year.

Students who ride buses should follow these rules of behavior:

- A. Students shall enter the bus in an orderly fashion and go directly to a seat and remain seated until the destination is reached.
- B. Students shall keep their hands, arms, and heads inside the bus.
- C. No shouting, roughhousing, or throwing objects on the bus or out the bus window is allowed.
- D. Bus riders are expected to be courteous to fellow students and the bus driver.
- E. No possession or use of tobacco of any type is allowed on the bus.
- F. All directions given by the driver are to be followed.
- G. No skateboards or rollerblades are to be brought on any bus.
- H. Students are to ride only their assigned bus. If, for any reason, you need to temporarily change and ride a different bus, you must have a bus permission form signed by a principal granting this permission.

SCHOOL CLUBS AND ORGANIZATIONS

Sapulpa Public Schools will annually notify all parents and students about clubs and organizations sponsored by or under the direction and control of the school. The annual notification will be by means of the student handbook and school district's web site and must include the name of each club or organization, its mission or purpose and the name of the faculty advisor if known.

Information must also be provided for clubs and organizations formed or created after the annual notification by means of the school's newsletter and the district's web site.

It will be the responsibility of the parent to notify the school if they are withholding permission for a student to participate in any of the clubs or organizations.

SCHOOL DAY

The building will be open for students by 8:00 AM on Monday and 7:30 AM Tuesday-Friday. Students will not be allowed in the building before that time. Students are asked to leave the building and school grounds as soon as possible at the end of the

school day, and the building should be completely cleared by 3:15 PM. No students are to be in the building after 3:15 PM unless they are under the supervision of a teacher or administrator.

SCHOOL TELEPHONE USE

If a student has a call to make concerning some type of school activity, etc., they may use the phone in the attendance office.

Students should instruct parents to call them at school only on very important matters, in which case the number will be given to the student so that he may return the call between classes. A student will be called out of class to answer the telephone only in cases of extreme emergencies.

SEVERE WEATHER

Sometimes school is canceled due to severe weather. The Superintendent of Schools will make the decision if our school is to be closed. When this decision has been made, it will be announced on KTUL Channel 8, KOTV Channel 6, KJRH Channel 2, KXOJ 1550, KXOJ FM 101, KRMG 740 Radio, and other stations. School closings will be posted on the school web page and School Messenger.

SKATEBOARDS/ROLLER BLADES/LASER LIGHTS

Skateboards and rollerblades use will not be permitted on the school campus at any time, at school activities or on school buses. Laser lights are also prohibited at the school campus and at school activities.

STUDENT AIDES

8th grade students at the junior high may apply to be an aide for one period per semester. Students must apply through application to the building principal. Aides must be in good standing academically, with discipline, and with attendance. Applications may be picked up in the counseling office.

Aides will be expected to be on time and present each period assigned. Student assistants not reporting to their proper assignment will be counted truant and reassigned to another class. They will receive an "F" as student aide and will get no credit for the reassigned class.

Aides will wear proper identification at all times.

STUDENT IDENTIFICATION BADGES

All Sapulpa Junior High students will be issued an identification badge. Each student will be issued one student ID and lanyard free-of-charge. For identification purposes, all students are required to prominently display their school-issued badge from a lanyard around the neck at all times during the school day (with the exception of extracurricular or physical activities).

Students without an ID badge during the school day will be issued a temporary ID sticker by the attendance office. For each issued temporary student ID sticker, the student will be scheduled to serve a detention before the next school day.

The purpose of a student ID is for the immediate identification of enrolled students. Student IDs are not to be covered with pins, stickers, pictures or any other objects, nor should they be altered in any way. In the event that the student ID is lost, damaged, or unusable for any reason, the student will be responsible for a replacement student ID at a cost of \$5. Replacement lanyards can be purchased for \$5.

Disciplinary consequences will result if a student wears another student's ID. Possession of another student's ID is strictly prohibited.

Student IDs must be turned in if the student transfers to another school, enters the total virtual program, or is suspended from school. Student IDs will be returned upon resumption of on-campus classes.

STUDENT OFFICERS

Due to the immense workload and extensive responsibilities students take on, Sapulpa Junior High School places a limit on the number of offices any student may hold for a club or organization. Sapulpa students are limited to holding office in only **two (2)** clubs or organizations. Further, they are limited to being president in only **one (1)** club or organization. Students will not be limited to membership and participation in any number of clubs or organizations. Special permission to exceed this number limit may be granted by the principal.

STUDENT SEARCH

A student, his bags, his car, and/or his locker will be subject to a search when there is reasonable suspicion to believe that the student may have in his possession controlled drugs, counterfeit drugs, drug-related paraphernalia, alcoholic beverages, weapons, and stolen property, any items that are prohibited by school policy (tobacco products, pager, etc.), or other contraband.

TECHNOLOGY USAGE

Sapulpa Junior High provides every student with a chromebook for use in the classroom and at home. All activity on the chromebook is the responsibility of the students whom it was checked out to. Any inappropriate behavior committed on the chromebook, whether the action is taken at school or otherwise, will be the complete responsibility of the students the chromebook is checked out to.

TELEPHONE AND/OR ADDRESS CHANGES

If a student has a change in address or phone number, please notify the attendance office.

TRAVEL

All students are expected to ride school transportation to and from events. This is an important part of participation and also allows the sponsors to prepare, arrange, and adjust. We prefer that participants stay at events to support teammates. Students may leave the event with a parent or guardian after providing written communication to the coach or sponsor. In extenuating circumstances, and with written permission from the parent or guardian, a student may be released to leave an event with a specified adult. But, if you must leave the event, you are only allowed to leave with your parent, unless your parent has personally made other arrangements with the sponsor of the event. No student will drive to events, unless prior written approval from the school principal.

VALEDICTORIANS/SALUTATORIANS

This is relevant for students in grades 9-12.

1. Selection of valedictorian

- a. To attain the status of valedictorian, a student must have earned at least eight (8) credits in a weighted course during 9th-12th Grade and/or Concurrent Enrollment core classes.
- b. Valedictorians will be chosen based on grade point average and ACT/SAT composite score. The grade point average must be a minimum of 4.250 and will be determined at the end of the seventh semester. Students must also achieve a composite score of 24 on the ACT or 1220 combined score on the SAT I. The ACT or SAT I must have been taken on a national test date before the date of graduation.
- c. All letter grades received during the seven semesters of high school will be used in determining GPA. This includes activity credits, local summer school, correspondence, and vo-tech grades.
- d. Student attendance and conduct records will be considered in the determination of valedictorian recognition.

2. Selection of commencement speaker

- a. One student will speak at commencement as a representative of the valedictorians.
- b. The speaker will be determined by application to a committee consisting of High School staff and administration. Application must include the speech.

c. The student selected will be the commencement speaker. If the selected speaker is absent from commencement or fails to meet the requirements listed, the speaker will be the student who placed second in the selection process.

3. Selection of salutatorians is based on the same criteria as the valedictorians with the exception that salutatorians will be those students with a grade point average from 4.000 to 4.249 by the end of the seventh semester.

School Board Policies

204.2 PROFICIENCY BASED PROMOTION (Revised 5-20-13)

Double promotion is discouraged and will only be permitted in unusual circumstances and must have the recommendations of the principal, teacher, and elementary curriculum coordinator with agreement by the parent(s) or guardian. When double promotion is considered the following factors will be evaluated.

- Standardized test scores (Advanced)
- Emotional stability
- Social Development
- Whether or not the academic needs of the student can be met at the present grade level
- Mastery on a grade level Proficiency Based Promotion assessment (Will be available during the months of August and May only)
- Principal/teacher/elementary coordinator recommendation
- Final approval by Superintendent

207. HOME SCHOOL OR NON-ACCREDITED SCHOOL ADMISSION AND CREDITS EARNED (Revised 5-7-01)(Revised 5-7-07)

- A. The District welcomes enrollment of students who have been students in non-accredited schools and who have been homeschooled. Students enrolling in the District from non-accredited schools and who have been homeschooled will be placed in grade levels and in courses based upon educational factors, primarily academic mastery as demonstrated on tests that grade the student by the standards of this District's curriculum and Priority Academic Student Skills adopted by the Oklahoma State Board of Education. Test results will be maintained for at least one calendar year.
- B. Students entering the District from non-accredited schools or who have been homeschooled will be required to take academic tests administered by District personnel. The tests will measure the student's mastery of Priority Academic Student Skills and will be written. Pending receipt of such test results, the administration may allow the student to attend school in a designated alternative or temporary setting.
- C. The administration will determine the approved tests which will be used to implement this policy.
- D. Grade and course enrollment will be based upon the results of placement tests and any other testing information and/or education records deemed to be relevant by the administration. Parental recommendations will be considered, but the District will not be obligated to place a student in the grade or course which the parent believes is appropriate. A parent who disagrees with the placement decision of the school may present a written objection for inclusion in

the student's permanent folder, and may ask the Board of Education to review those objections. Any review of a placement decision by the Board will be limited to determining whether this policy was substantially complied with by the administration. Such review will not include a review of the merits of the placement decision by the administration. If the Board determines that this policy has not been substantially complied with, then the student's placement will be remanded to the administration for compliance with this policy. The decision of the Board, however, will be final and non-appealable.

- E. Students desiring to enroll in grades 9 through 12 will provide documentation of completed courses, and the student will be administered tests for all core courses to determine whether high school credit will be recognized. Tests for electives may also be required. The District will not grant high school credit in core subjects of English, mathematics, science, social studies, and foreign languages merely because the student successfully completed such courses in non-accredited schools or through homeschooling. High school credit will be granted only if the student scores a grade of at least 60 percent on Priority Academic Student Skills testing. Students will be administered the test corresponding to the last course of a core subject sequence noted on the transcript or record prepared by the non-accredited school or by the homeschooling parent.
- F. Course enrollment of high school students will be made on the basis of the administered core subject tests, foreign language placement tests and elective tests, if any.
- G. Upon successful completion of the first trimester in the high school, credit will be given for elective courses taken at the non-accredited schools or through homeschooling upon presentation of acceptable documentation of course completion or, if believed to be appropriate by the administration, through applicable testing.
- H. Only grades earned from another high school accredited by the State Department of Education of Oklahoma or another previous home state will be used in computing grade point averages. Credits that the administration accepts from a non-accredited school or through homeschooling will be recorded as either A Pass@ or A Fail@ on District records. Only students earning credits in accredited school districts will be eligible for senior class grade point average recognition at graduation.
- I. Placement exceptions to the above regulations may be made at the discretion of the building principal or the Superintendent of Schools, but such discretion must be based upon placement tests, parental recommendations, educational records and other testing information deemed relevant. For children with disabilities, the child's IEP or accommodation plan team will make individualized decisions concerning appropriate placement information and enrollment issues.
- J. Students enrolling from a school in a foreign country will have the transcripts of their completed work reviewed by standards determined to be relevant by the administration, and credits will or will not be granted on the basis of such a review.

210. ACADEMIC LETTER (Approved 11-5-84) (Revised 7-10-06)(Revised 10-10-11)(Revised 5-14-12)

The intent of this policy is to recognize the students who achieve academic excellence and encourage more students to reach higher levels of learning.

- A. All grades on the transcript will count toward the academic letter.
- B. The grading scale to be used is as follows:

A=4, B=3, C=2, D=1, F=0

The grading scale to be used for weighted courses will be as follows:

A=5, B=4, C=3, D=2, F=0.

- C. The first award will be issued after the second semester of the sophomore year, and will be based on the cumulative grade point. The next award will be issued after the second semester of the junior year and will be based on the cumulative grade point. The next award will be issued after the second semester of the senior year and will be based on the cumulative grade point. The next award will be issued at the end of the senior year for the seniors who have not met the criteria before.
- D. The following grade points will be used to determine eligibility:
 - 1. After first semester 10th - 3.8
 - 2. After first semester 11th - 3.7
 - 3. After first semester 12th - 3.6
 - 4. End of 12th - 3.6
- E. The first award at whatever grade level achieved will be a letter. A bar, which can be attached to the letter, will be awarded each following year the student earns the GPA at his/her respective grade level.
- F. Students earning an academic letter will be recognized at the Academic Awards Banquet in the spring and at graduation.

 - 1. Encourage enrollment in college prep courses.

2. The weighted grade scale will assist in developing a more accurate point average for computing rank in class, scholarships, and valedictorian and salutatorian.

B. Criteria

2. A review committee composed of the high school principal and the academic department heads shall recommend the courses for the weighted scale, monitor these classes, their requirements and grade distribution. The principal shall serve as chairman of the committee.
3. The review committee recommendations shall be made directly to the Superintendent or his designee.
4. The recommended grading system for honors/Pre-AP/AP course electives will be a 5.0 scale (A=5.0,B=4.0,C=3.0) for approved weighted courses taken and passed with a "C" grade or above.
5. The following courses are to be weighted:
 - a. Pre-AP Algebra II

The following high school courses, taken at either the middle school or junior high, are approved for high school credit by the Sapulpa School Board: Algebra I, Art I, Fundamentals of Technology, Drama, Music Appreciation, Spanish I and Spanish II. Sapulpa High School will honor the credit(s).

All high school courses taken at the middle/junior high school level will be automatically placed on the high school transcript unless notice is provided to the student's middle/junior high school principal by the student's parent(s) or legal guardian(s) by June 15th of the student's completed 9th grade school year. Once a course and grade is posted on the high school transcript, it will not be removed.

In accordance with the Achieving Classroom Excellence Act (ACE), it should be noted that Algebra I taken at the middle school level will not count towards the three units of mathematics required for graduation, beginning with ninth-grade student enrolled in the 2008-2009 school year. J. During and after the investigation, confidentiality shall be maintained, as far as reasonably possible; provided however, nothing in this policy shall preclude public disclosure of any information of a personal or confidential nature during the course of any suspension, dismissal or nonrenewal hearing or in any litigation. No reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.

489. **GRIEVANCE PROCEDURE FOR FILING, PROCESSING AND RESOLVING ALLEGED DISCRIMINATION COMPLAINTS (STUDENTS AND EMPLOYEES)** (Approved 7-7-97) (Revised 4-3-06) (see procedure pages)

A. Definitions

1. Discrimination Complaint: A written complaint alleging any policy, procedure or practice which discriminates on the basis of race, color, national origin, sex (including sexual harassment), religion, age or disability.
2. Grievant: Any person enrolled in or employed by the Sapulpa Public Schools who submits a complaint alleging discrimination based on sex (including sexual harassment), race, color, national origin, religion, age or disability. Sexual harassment is a prohibited type of sexual discrimination under Title IX for which a grievance under this policy can be filed with the Title IX Coordinator. For purposes of any complaint alleging a violation of Section 504, in addition to those identified as possible grievants in this paragraph, members of the public may also be potential grievants. For purposes of this policy, a parent or guardian's complaint or grievance shall be handled in the same manner as a student's complaint would be.
3. Title IX, ADA, Title VI and VII and 504 Coordinator(s): The person(s) designated to coordinate efforts to comply with and carry out responsibilities under Title IX of the Education Amendments of 1972, the Americans with Disabilities Act, Titles VI and VII of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973 and any other State and Federal laws addressing equal educational opportunity. The Coordinator under Title IX, ADA, Title VI and VII and 504 is responsible for processing complaints and serves as moderator and recorder during hearings. The Coordinator of each statutory scheme may be the same person or different persons.
4. Respondent: The person alleged to be responsible for the alleged discrimination contained in a complaint. The term may be used to designate persons with responsibility for a particular action or those persons with supervisory responsibility for procedures and policies in those areas covered in the complaint.
5. Day: Day means a working day when the School District's main administrative offices are open. The calculation of days in complaint processing shall exclude Saturdays, Sundays and legal holidays.

- B. Pre-filing Procedures - Prior to the filing of a written complaint, the student or employee is encouraged to visit with the building principal or the District's Title IX, ADA, Title VI and VII or 504 Coordinator, as applicable, and reasonable effort should be made at this level to resolve the problem or complaint.
- C. Filing and Processing Discrimination Complaints
1. The Grievant submits a written complaint to the Coordinator, as applicable, stating, the basis, nature and date of the alleged discrimination, the names of persons responsible (where known) and requested action. If the applicable Coordinator is the person alleged to have committed the discriminatory act(s), then the complaint should be submitted to the Superintendent for assignment. Complaints must be submitted within 30 days of alleged violation or date Grievant has become knowledgeable of alleged violation. Complaint forms are available from the offices of the District's Title IX, ADA, Title VI and VII and 504 Coordinators.
 2. The Coordinator conducts an investigation within 10 days of receiving the complaint, to the extent reasonably possible, which may include but not be limited to, interviewing the Grievant, any witnesses, review of documents and interviewing the Respondent. The Coordinator will ask the Respondent to (a) confirm or deny facts; (b) indicate acceptance or rejection of the Grievant's requested action; and (c) outline alternatives.
As to complaints of discrimination by students and school employees, the Coordinator will disclose the complaint, the identity of the Grievant and information regarding the person who allegedly committed the discriminatory act only to the extent necessary to fully investigate the Grievant and only when the disclosure is required or permitted by law. If a complainant wishes to remain anonymous, the Coordinator will advise him or her that such confidentiality may limit the School District's ability to fully respond to the complaint. If a Grievant asks to remain anonymous, the Coordinator will still proceed with its investigation.
 3. The Respondent will submit a written answer within 10 days to the applicable Coordinator.
 4. Within five days after receiving Respondent's answer, the applicable Coordinator will refer the written complaint and Respondent's written answer to the Principal or Other Designee for a hearing. If any person charged with decision making responsibility at any level of this grievance procedure is the person alleged to have committed the discriminatory act(s), then a different decision maker will be appointed to maintain impartiality. The Coordinator will schedule the hearing with the Grievant, the Respondent, the Principal or Other Designee. The hearing will be conducted within 10 days after the Coordinator receives the Respondent's answer.
 5. At the hearing, the Principal or Other Designee will review the information collected through the investigation and may ask for additional oral or written evidence from the parties and any other individual he or she deems relevant. The applicable Coordinator will make arrangements to audiotape any oral evidence presented. In circumstances involving allegations of sexual

harassment, the Coordinator may determine that it is appropriate and reasonable to separate the individual who is allegedly being sexually harassed from the alleged harasser in the hearing.

6. Within five days after the hearing, the Principal or Other Designee will issue a written decision to the Grievant, Respondent and applicable Coordinator.
 7. If the Grievant or Respondent is not satisfied with the decision, he or she must notify the applicable Coordinator within five days and request, in writing, an appeal to the Superintendent. The written appeal shall contain a specific statement of the basis for the appeal.
 8. Within five days after receiving the appeal, the applicable Coordinator will refer the appeal and the evidentiary record created below to the Superintendent. The applicable Coordinator will schedule a hearing with the Grievant, Respondent and Superintendent within 10 days of receiving the appeal.
 9. The Superintendent will act as an intermediate level of appeal by reviewing the Principal or Other Designee's decision and the oral and written evidence presented below and making a decision. At the hearing, the Superintendent may ask for additional oral or written evidence from the parties and any other individual he or she deems relevant. The applicable Coordinator will make arrangements to audiotape any oral evidence presented.
 10. Within five days after the hearing, the Superintendent will issue a final decision in writing to all parties involved.
 11. If the Grievant or Respondent is not satisfied with the decision, he or she must notify the applicable Coordinator, in writing, within five days and request an appeal to the Board of Education. The written appeal shall contain a specific statement of the basis for the appeal.
 12. The applicable Coordinator will notify the Board of Education, in writing, within five days after receiving the appeal. The Clerk will place the appeal on a board agenda within 30 days from the date of notification to the Board of Education.
 13. The Board will act as an appellate body by reviewing the decisions and the oral and written evidence presented below and making a decision. At the Board meeting, the Board may ask for oral or written evidence from the parties and any other individual it deems relevant. The Clerk will make arrangements to audiotape any oral evidence presented. Within five days of the meeting, the Board will issue a final decision in writing to all parties involved.
- D. General Provisions
1. Extension of time: Any time limits set by these procedures may be extended by mutual consent of the parties involved. The total number of days from the date that the complaint is filed until the complaint is resolved shall be no more than 120 days.
 2. Access to Regulations: Upon request, the Sapulpa Public Schools shall provide copies of any School District regulations prohibiting discrimination on the basis of race, color, national origin, religion, sex, age, or disability.

3. Confidentiality of Records: Complaint records will remain confidential, to the extent allowed by law, unless permission is given by the parties involved to release such information. All complaint records will be kept separate from any other records of the School District. No complaint record shall be entered in any personnel file unless adverse employment action is taken against an employee. Complaint records shall be maintained on file for three years after complaint resolution.
 4. Representation: The Grievant and the Respondent may have a representative assist them through the grievance process and accompany them to any hearing.
 5. Retaliation: No reprisals or retaliation will be allowed to occur as the result of the good faith reporting of a discrimination complaint.
 6. Basis of Decision: At each step in the grievance procedure, the decision maker will take or recommend the taking of appropriate measures based on the facts, as revealed by the investigation and hearing, taken as a whole, and the totality of the circumstances, such as the nature, extent, context and gravity of the activities or incidents.
7. Section 504 Due Process Procedures: For information concerning due process procedures under Section 504, the Grievant should contact the 504 Coordinator.

General Expectations - The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at Sapulpa Schools. In addition, conduct occurring outside of the normal school day or off school property that has a direct and immediate negative effect on the discipline or educational process or effectiveness of the school, will also result in disciplinary action, which may include in-school placement options or out-of-school suspension.

SAMPLE DISCIPLINARY OPTIONS:

Detention - Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.

Alternative In-School Placement - Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives.

STUDENT SUSPENSION:

The judicial extension of Fourteenth Amendment protection to students in the public school emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases. The policy of the School District must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students. The term "out-of-school suspension" refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and the remainder of a current semester/trimester and the succeeding semester/trimester for all other offenses. ALTERNATIVE IN-SCHOOL PLACEMENT, DETENTION, AND SIMILAR DISCIPLINARY OPTIONS OR CORRECTIONAL MEASURES ARE NOT CONSIDERED BY LAW TO BE OUT - OF - SCHOOL SUSPENSION AND DO NOT REQUIRE OR INVOLVE THE DUE PROCESS PROCEDURES SET FORTH HEREIN.

Reference to "parent" in this section of the policy refers to a student's parent or legal guardian.

Reference to "Principal" means the school principal or the school staff member to whom the principal has delegated the responsibility for student discipline.

BEHAVIOR OR CONDUCT WHICH MAY RESULT IN SUSPENSION:

Students who are guilty of any of the following acts may be suspended out-of-school by the administration of the School or the District for:

1. violation of a school regulation;
2. immorality;
3. adjudication as a delinquent for an offense that is not a violent offense. For the purposes of this section, "violent offense" shall include those offenses listed as the exceptions to the term "nonviolent offenses" as specified in Section 571 of Title 57 of the Oklahoma Statutes. "Violent offense" shall include the offense of assault with a dangerous weapon but shall not include the offense of assault;
4. possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device, or missing or

- stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities- and
5. possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of-school suspension as provided in the District's policy related to Firearms.

In the event of a suspension for any of the reasons listed above, an education plan as discussed in part 5 (Out-of-School Suspension Requirements), below, shall be applicable for acts which fall within parts a-d above. However, no education plan shall be necessary for acts which fall within part "5" above.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

District's Obligation:

Before the District, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension. STUDENTS IDENTIFIED AS DISABLED UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT OR SECTION 504 OF THE REHABILITATION ACT OF 1973 AND WHO ARE SUSPENDED OUT - OF - SCHOOL OR RECEIVE DISCIPLINARY REMOVAL FROM THE CLASSROOM REQUIRE ADDITIONAL PROCEDURAL CONSIDERATIONS.

Pre-Out-of-School Suspension Conferences:

1. When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense (as set out in OKLA. STAT. tit.57, ' 571), the principal shall conduct an informal conference with the student.
2. At the conference with the student the principal shall read the policy, rule or regulation which the student is charged with having violated and shall discuss the conduct of the student which is a violation of the policy, rule or regulation.
3. The student shall be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.
4. If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the out-of-school suspension.

5. The principal shall immediately notify the parent by phone and in writing that the student is being suspended out of school and that alternative in-school placement or other available options have been considered and rejected.

The written notice should state what alternative in-school placement or other available options have been considered and why they were rejected. Elementary and middle school students shall not be dismissed before the end of the school day without advance notice to the parent.

Immediate Out-of-School Suspension Without a Pre-Out-of-School Suspension Conference:

1. A student may be suspended out-of-school without the above pre-out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, or school employees, or to school property, or a continued substantial disruption of the educational process.
2. In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

Conferences With Parents:

1. The principal will seek to hold a conference with the parent or guardian as soon as possible after the out-of-school suspension has been imposed. The parent should be advised of his/her right to a conference with the principal at the time he/she is notified that an out-of-school suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.
2. At the conference, the principal will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct or behavior on the part of the student. The principal will also explain the basis for an out-of-school suspension rather than the use of alternative options. The parent should be asked by the principal if he/she understands the rule and the charges against the student.
3. At the conclusion of the conference the principal shall state whether he/she will terminate or modify the out-of-school suspension. In all cases the parent will be advised of his/her right to have the out-of-school suspension reviewed by the Superintendent of Schools, the Board of Education, or the Out-of-school Suspension Committee as provided by this policy. If the parent is in agreement with the principal's decision, he/she will be requested to sign a Waiver of Review.

Out-of-School Suspension Requirements:

1. An out-of-school suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of ten (10) school days. A short-term out-of-school suspension shall be a period of ten (10) or fewer school days.

2. In no event should an out-of-school suspension extend beyond the current school semester/trimester and succeeding semester/trimester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the School District's Gun-Free School Policy. Out-of-school suspensions should have a definite commencement and ending date, indefinite out-of-school suspensions are not permitted. It is recommended that out-of-school suspensions beyond ten (10) days be imposed only in serious situations.
3. Out-of-school suspensions should be consistent; that is, one student should not be suspended out of school for a few days and another student suspended out of school for an extended period for the same or similar offense. However, the principal may take previous conduct and previous disciplinary actions and out-of-school suspensions of the student into consideration.
4. Out-of-school suspensions until the student performs some remedial act are not permitted; however, the student may be advised that an out-of-school suspension of definite length will be terminated at an earlier date if he/she performs a prescribed remedial act or acts.
5. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, science, social studies and art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Records and Reports - The principal will keep written records of each out-of-school suspension conference containing the date of the conference, the names of the persons present, the time duration of the conference, and the basis for rejection of alternative disciplinary options. Also, the principal shall maintain records related to the Education Plan and the student and/or parent's compliance or non-compliance with the Plan.

LONG-TERM OUT-OF-SCHOOL SUSPENSIONS

OUT-OF-SCHOOL SUSPENSIONS IN EXCESS OF TEN (10) SCHOOL DAYS

Right of Appeal - A parent or the student may appeal the out-of-school suspension decision of the principal to the Superintendent of Schools and the Board of Education. At the student and/or parent or guardian's option the appeal may be directly to the Board of Education.

Method of Appeal to the Superintendent of Schools or His/Her Designee:

1. An appeal can be presented by letter to the Superintendent of Schools.
2. If no appeal is received within five (5) calendar days after the principal's decision is received by the parent or student, the principal's out-of-school suspension decision will be final and non-appealable.
3. The Superintendent of Schools or his/her designee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The conference will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.
4. At the conference, the Superintendent of Schools or his/her designee will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent should be asked by the Superintendent of Schools or his/her designee if he/she understands the rule and the charges against the student.
5. At the conclusion of the conference the Superintendent of Schools or his/her designee will state whether he/she shall terminate or modify the out-of-school suspension. In all cases the parent shall be advised of his/her right to have the out-of-school suspension reviewed by the Board of Education. If the parent is in agreement with the decision of the Superintendent of Schools or his/her designee, he/she shall be requested to sign a waiver of review by the Board.

Method of Appeal to the Board of Education:

1. An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education.
2. If no appeal is received within five (5) days after the decision of the Superintendent of Schools or his/her designee is received by the parent or student, the decision of the Superintendent or his/her designee will be final and non-appealable.

A direct appeal to the Board requires the student, parent, or guardian to file the written request for appeal within five (5) days of receipt of the principal's decision.

Hearing the Appeal:

1. The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable.
2. The parent and student will be notified in writing of the date, time and place of the hearing.

3. The parent and student will have the right to an "open" or "closed" hearing, at their option.
4. Reasonable efforts will be made to accommodate the work schedule of parents.

Procedure for Student Out-of-School Suspension Appeal Hearing Before the Board of Education:

1. The Board President should:
 - a. Announce that the next agenda item is an out-of-school suspension review hearing for the student stating her/his initials.
 - b. Ask whether the parents/child wish the hearing to be open to the public or in executive session. The offer of an open hearing and their response is to be made a part of the minutes of the meeting. If parents/child request a closed hearing, a motion to go into executive session per their request should be made and voted on.
2. The Board President should advise the parents/child:
 - a. That they are entitled to legal counsel, if they desire it.
 - b. That the administration will present its witnesses first and that after each witness the parents or their legal counsel will be given an opportunity to cross-examine.
 - c. That the parents/child will be given an opportunity to call any relevant witnesses and present any relevant evidence they may wish, subject to cross-examination by legal counsel for the administration.
 - d. That the Board will consider the evidence and documents and reach a decision which will be recorded by vote in open session.
 - e. That the parents/child may ask any questions about the procedure.
3. Following presentation of 1 and 2 above, all administration witnesses and documents should be presented subject to cross-examination.
4. Parents/child may call any witnesses and present any documents subject to cross-examination.
5. After each witness is presented School Board members may ask the witness any questions.
6. Parents'/child's closing statement.
7. Administration's closing statement.
8. Deliberate in private. (If the hearing is not in executive session, the Board may deliberate in executive session only with permission of the parents or student.)
9. Return to open session and vote. After adopting a motion making certain findings of fact the Board must make a motion to: (1) affirm the out-of-school suspension; (2) modify the out-of-school suspension (increase/decrease severity of the out-of-school suspension); or (3) revoke the out-of-school suspension.

Attendance at School Pending Appeal Hearing:

Pending the appeal hearing of an out-of-school suspension to the Board, the student will have the right to attend school under such "in-house" restrictions as the principal deems proper, except that at the discretion of the principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the principal:

- a. the conduct for which the student was suspended out of school reasonably indicates that continued attendance by the student pending any appeal hearing would be dangerous to other students, staff members or school property; or
- b. the conduct for which the student was suspended out of school reasonably indicates that the continued presence of the student at the school pending any appeal hearing would substantially interfere with the educational process at the school.

SHORT-TERM OUT-OF-SCHOOL SUSPENSIONS

OUT-OF-SCHOOL SUSPENSIONS OF TEN (10) OR FEWER SCHOOL DAYS

The Board of Education recognizes that student out-of-school suspensions of ten (10) or fewer school days (referred to as "short-term out-of-school suspensions") involve less stigma and require less formal due process procedures than are required for out-of-school suspensions of greater than ten (10) school days (referred to as "long-term out-of-school suspensions"). Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved to the District's discretion.

Right of Appeal:

A student who has been suspended out of school for a period of ten (10) or fewer school days is entitled to all pre-appeal rights presently accorded by School District policy to students who have been suspended out of school for periods of greater than ten (10) school days. A student who has been given a short-term out-of-school suspension and that student's parents have a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short-term out-of-school suspension and his/her parent shall be informed by the principal of this right and the method of submitting an appeal.

Method of Appeal to a Committee:

1. An appeal to a committee can be requested by letter to the school principal, which must be received within five (5) days after the principal's out-of-school suspension decision is received by the student, or his/her parents. The out-of-school suspension decision will become final and non-appealable if a request is not timely submitted.
2. Upon receipt of the request, the school principal shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized. If the school principal determines that the period of out-of-school suspension is greater than ten (10) school days, or if for any reason, the short-term out-of-school suspension is extended beyond ten (10) school days prior to the committee hearing, the procedures applicable to long-term out-of-school suspensions must be followed and the student must be given the opportunity to appeal any adverse decision to the Board of Education.
3. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based

school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, science, social studies and art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Hearing the Appeal:

1. The Superintendent of Schools shall appoint a review committee consisting of not less than three School District employees who shall be certified administrators and/or teachers, and shall designate a chairperson for the committee. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.
2. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration shall be given to accommodate the work schedules of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the committee hearing shall give the other party twenty-four (24) hours advance notice of that decision. The failure to give such notice will preclude the party's right to have counsel attend the hearing.
3. The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The Principal will briefly outline the student's conduct, read the policy, rule or regulation which the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will be asked by the committee if they understand the rule and charges against the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.
4. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will

be mailed to the parent or guardian of the student, the principal and the Superintendent of Schools.

5. The decision of the committee shall be final and non-appealable.

STUDENT PRIVILEGES WHILE UNDER OUT - OF - SCHOOL SUSPENSION OR UNDER OTHER DISCIPLINARY OR CORRECTIONAL MEASURES

Participation in school extracurricular activities is a privilege, not a right. Accordingly, when a student's behavior results in a determination by the principal of an out-of-school suspension, the student immediately, notwithstanding the filing of an appeal, forfeits the privilege of participating in all extracurricular activities of the school. In addition, when a principal determines to impose alternative in-school disciplinary or other correctional measures against a student, then the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student.

"Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

540.1.3 STUDENT DRESS CODES (Approved 3-6-06)(Amended 9-12-17,9-10-19)

Grades 6-12

While enrolled in Sapulpa Public Schools, grades 6-12, a student's style of dress and/or grooming may reflect individual preference; however, such preferences must be selected within the constraints of reasonable rules and appropriate standards that are consistent with the maintenance of an effective learning atmosphere and good personal hygiene. The Board expects each student's attire and grooming to promote a positive, safe and healthy environment within the school.

The Board has determined that reasonable regulation of school attire and personal adornment is within its authority and consistent with its responsibility to provide an appropriate environment for learning. Although the Board recognizes that individual students have a right to free expression, that right must be balanced with the Board's responsibility to provide a safe, secure and orderly educational environment for all students.

Although the Board wishes for each student to accept responsibility for following this policy, it understands and appreciates both the authority and responsibility of the parent/guardian relative to student dress. The Board solicits the support of parents/guardians in the enforcement of its dress code.

School principals, or their designees, shall assist families in financial need to obtain clothing that complies with the school dress code. In meeting requests for assistance, principals, or their designees, shall consider community resources such as clothing donations from school personnel, merchants, parent organizations, charitable organizations, financial assistance, purchasing clothing for a student, and providing additional time for a student to obtain clothing that complies with the school dress code.

11. School Policies

Individual schools, via their respective school shared decision-making councils or school improvement committees may, upon approval by the principal, impose more strict dress code requirements than those set forth herein. However, all schools must meet the standards set forth in this policy as the minimum requirements. Schools shall publish any and all additional requirements/expectations relative to student dress. Students and their parent(s) and/or guardian(s) have the responsibility to be aware of any school specific dress codes and to conform to those requirements after the school has provided reasonable notice.

12. Penalties/Sanctions

540.1.4 PROHIBITING POSSESSION OF DANGEROUS WEAPONS IN SCHOOL (Approved 4-13-92) (Revised 4-8-97)

- A. In order to provide a safe environment for the students and staff of the Sapulpa School District, the Board of Education adopts this policy prohibiting the possession and/or use of dangerous weapons, replicas or facsimiles of dangerous weapons and items or instrumentalities which are used to threaten harm or are used to harm any person.
- B. Dangerous weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the Sapulpa School District. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the school district.
- C. For the foregoing reasons and except as specifically provided in paragraph J below, possession by any student of a dangerous weapon, as that term is defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited. Furthermore, the use of any item or instrumentality by a student to threaten harm to any person or which is used to harm any person, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited.
- D. For purposes of this policy, a possession of a dangerous weapon includes, BUT IS NOT LIMITED TO, any person having a dangerous weapon: (1) on his person;

- (2) in his locker; (3) in his vehicle; (4) held by another person for his benefit; or (5) at any place on school property, a school bus or vehicle, or at a school activity.
- E. THE FOREGOING LIST OF A DANGEROUS WEAPONS IS DESCRIPTIVE AND BY WAY OF EXAMPLE ONLY AND IS NOT TO BE CONSIDERED AN EXCLUSIVE OR LIMITING LIST OF DANGEROUS WEAPONS.
- F. Any student in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy or who uses any item or instrumentality to threaten harm to any person or is used to harm any person may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities. Students who violate this policy may be suspended from school, barred from school property and all school activities for any period of time up to the maximum period authorized by law. Additionally, appropriate school staff members may seek to file criminal charges against the student.
- G. If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or a replica or facsimile of a dangerous weapon, the teacher or employee shall immediately investigate the matter and shall confiscate any such weapon found if this can be accomplished without placing any students or staff in jeopardy, and shall immediately notify the principal or the principal's designee. If the teacher or employee does not believe that the weapon can be confiscated safely, the teacher or employee shall immediately notify the principal or the principal's designee of the situation.
- H. If the Principal or designee learns that a student is believed to be in possession of a dangerous weapon or replica or facsimile thereof, the principal or designee shall observe the following procedure:
1. Immediately investigate the matter and contact the police or campus security, if appropriate.
 2. If not already confiscated by an employee of the Sapulpa School District and if it can be accomplished without risk of injury, the principal or designee should take possession of the dangerous weapon or replica or facsimile.
 3. Notify the Superintendent of Schools or designee.
 4. Notify the student's parents.
 5. Cooperate fully with the police.
 6. Attempt to transfer confiscated weapon to the police department, if feasible.

- I. A student who has been suspended from another school district because of the possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, shall not be accepted as a transfer student into the Sapulpa Public Schools.
- J. An exception to this policy may be granted for students participating in an authorized curricular or extracurricular activity or team involving the use or demonstration of a dangerous weapon, or replica or facsimile of a dangerous weapon. For this exception, prior written approval by the principal, in consultation with the Superintendent of Schools, is required.
- K. A student's inadvertent or unintentional possession of a dangerous weapon or replica or facsimile thereof on school property, a school bus or vehicle, or at a school activity is no defense or excuse to compliance to this policy, but may be considered in determining the length or severity of any punishment for violation of this policy.
- L. Notwithstanding any of the foregoing provisions, rights of due process for all students and the rights of disabled students must be observed in accordance with applicable law and school board policies.

540.1.7 STUDENT BULLYING PREVENTION AND INTERVENTION (Approved 1-13-03)(Revised 4-9-12)(Revised 11-11-13)(see procedure page)

PURPOSE: To address student bullying behavior effectively through a multi-faceted approach that includes education and the promotion of a positive school atmosphere.

The Board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the Board prohibits bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with the rights of students and personnel to be secure. This includes but is not limited to bullying through electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

The Superintendent or his/her designee will develop a regulation to support and provide specific procedures for implementation of this policy. The Superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension out of school in accordance with the policies, rules and regulations of the District's Board of Education.

Student and Staff Education and Training

The District is committed to providing appropriate and relevant training annually to students and staff regarding preventing, identifying, responding to and reporting incidents of bullying. A full copy of this policy will be posted on the District's website and included in all District handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the District's annual

written notice of the availability of the district's anti-bullying policy. Written notice of the policy will also be posted at various places in all District school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the District's commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the District's other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district's bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and the District's strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will face appropriate discipline pursuant to District policy. Any accusations confirmed to be false will be removed from the falsely-accused student's file. Parents and guardians may participate in a parent education component.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed. Reports can also be made by any student, parent, or patron through the District's online reporting system found on the District's website or by calling the school.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against an alleged bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about, or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the District's website, and in the bullying prevention education provided annually to students and staff. The District's anti-bullying program is coordinated at the District level by the District's Safe School Coordinator.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether the bullying conduct occurred, (ii) the severity of the incident(s), and (iii) the potential for future violence. In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent or his/her designee.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Furthermore, the investigator will notify the district's bullying coordinator/administrator that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. No school employee is expected to evaluate the appropriateness or the quality of the resources provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 § 1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to

him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within two (2) school days that a bullying report has been received. Within two (2) school days of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation. If the report of bullying is substantiated, within two (2) school days of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

Parental Responsibilities

All parents/guardians will be informed in writing of the District's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 *et seq.*, the district will identify a bullying coordinator who will serve as the District contact responsible for providing information to the State Board of Education. The bullying coordinator shall maintain updated contact information on file with the State Department of Education and the School District will notify the State Department of Education within fifteen (15) days of the appointment of a new bullying coordinator. A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the District's Annual Performance Report.

The Administration recognizes that there are many motivations behind the act of bullying, one of which may be for a discriminatory purpose. If the bullying behavior constitutes discriminatory harassment, intimidation or bullying (i.e., it is targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information), the misconduct is

prohibited pursuant to District Policy 4902 regarding Discriminatory Harassment, Intimidation and Bullying and is subject to the procedure and protections specified in 4902 in addition to this policy. Retaliation is expressly prohibited against any person who participates in reporting, investigating or addressing any incident of bullying behavior.

STUDENT BULLYING PREVENTION AND INTERVENTION

Procedures

In furtherance of the Board's policy regarding student bullying prevention and intervention, the District shall require Prevention and Intervention Strategies, as described below, based on building data, for school staff to address bullying behaviors. These interventions will be on a continuum, ranging from those aimed at prevention to those interventions that address more serious bullying behavior on a case-by-case basis.

The District's "Prevention and Intervention Strategies" referenced above include, but are not limited to:

1. Including prohibitions and guidance concerning bullying in the District's Behavior Response Plan;
2. Implementation of a positive behavioral intervention and support process or another evidence-based model approach for safe school climate or for the prevention of bullying, including any such programs identified by the State Department of Education;
3. A school survey to determine the prevalence of bullying, which will take place during the second or third quarter of each school year and a summary of which will be made available to a District office designee; and
4. Establishment of a Safe & Healthy Schools Committee for each school site (K-12) as mandated by the School Safety and Bullying Prevention Act. The Safe & Healthy Schools Committee will consist of at least ten (10) members and shall be composed of teachers, parents of enrolled students, students, and a school official who participates in the investigation of reports of bullying. Each Safe & Healthy Schools Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety. With respect to student bullying, each Committee shall assist the Board in promoting a positive school climate. The Committee will study the District's policy and currently accepted bullying prevention programs (available on the State Department of Education website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and cover: (i) needed staff development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing

behavioral health resources.

5. The development, posting, and enforcement of rules at each school site that prohibit bullying and establish appropriate consequences for those who engage in such acts, as defined by District policy;
6. The consistent provision of adult supervision at each school site of outdoor areas, hallways, the lunchroom and other specific areas where bullying is likely to occur;
7. Inclusion of grade-appropriate, research-based bullying prevention curricula in prekindergarten through high school grades, as compiled by the State Department of Education and which is reported annually using a fidelity checklist to submit to Safe & Healthy Schools Committee members;
8. Training school personnel to be sensitive to the interpersonal dynamics of bullying behavior so that they recognize the need to protect all students from reprisal, retaliation and false accusations.
9. The participation of all employees directly involved with student services in annual bullying awareness/intervention training and suicide prevention training;
10. The participation of all new employees directly involved with student services in bullying awareness/intervention training and suicide prevention training before reporting to their new positions;
11. Individual interventions for students who engaged in confirmed bullying behavior and against whom bullying behavior has been confirmed, the parents or guardians of those students, and involved school staff members;
12. School-wide training related to the provision of a safe school climate;
13. The promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions, which may include discussion panels, Safe & Healthy Schools Committee, TAPS, parent involvement facilitators and the like.

As the terms are used in the District's policy and this regulation, the following definitions apply.

DEFINITIONS:

A. "Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonable perceived as being done with intent to cause negative educational or physical results for the targeted individual or group and is

communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of bullying depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skills, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories:

“Physical Bullying” may include harm or threatened harm to another's body or property, including but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

“Emotional bullying” may include the intentional infliction of harm to another's self esteem, including but not limited to insulting or profane remarks, insulting or profane gestures, or harassing and frightening statements, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

“Social bullying” may include harm to another's group acceptance, including but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that result in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors or humiliating acts designed to deprive the student of awards, recognition or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

“Sexual bullying” may include harm to another resulting from, but not limited to, making unwelcome sexual comments, about the student, making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim's body; participation in the gossiping or spreading of false rumors about the student's sexual life; written or

verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment — also prohibited by the district.

B. "Threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel or school property.

C. "Electronic communication" means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device or a computer. Electronic communications include, but are not limited to, communications made through weblogs and social media forums. Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

D. The term "at school" means on school grounds, in school vehicles, at school-sponsored activities or at school-sanctioned events.

E. In determining what a "reasonable person" should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the disciplinary history and physical characteristics of the alleged bully.

F. "Good faith" is a state of mind consisting in honesty in belief or purpose or faithfulness to one's duty or obligation.

G. The term "discriminatory harassment, intimidation and bullying" is defined by the District pursuant to SPS Board Policy 489 as harassment, intimidation, and bullying targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information.

540.2* STUDENT ATTENDANCE (Revised 4-12-2010)(Negotiated 8-19-13)(see procedure page)

Accomplishing our goal of providing the best, most appropriate education to every one of our students requires that we all work together to achieve that end. One of the things that we need from our students is regular attendance. In other words, we need you in school every day so that we can provide the instruction you need to be successful. To help you with your attendance, the district has approved the following incentives and guidelines:

A. INCENTIVES

1. Students with good attendance will be rewarded with the following test exemptions:
 - a. Zero absences in all classes – student may choose to exempt all semester tests.
 - b. No more than one (1) absence in all classes – student may choose to exempt up to three (3) semester tests.
 - c. No more than two (2) absences in all classes – student may choose to exempt one (1) semester test.
2. Certificates of perfect attendance will be awarded to students who have maintained perfect attendance during the school year. (Missing more than one period during either the morning or afternoon session will be recorded as a one-half day absence.)

B. ATTENDANCE REQUIREMENT

The underlying guideline for the attendance policy is that students must be in attendance a minimum of 90% of the time to receive credit.

We understand that sickness or family obligation occasionally necessitates an absence from school. When this occurs, we request that your parent/guardian call the attendance office each day of your absence to inform the attendance clerk of the absence. **NOTES FROM HOME WILL NOT BE ACCEPTED.** Parents are encouraged to request homework from the appropriate counselor if the child's absence exceeds two days. Students will be provided make-up work within 24 hours of request.

We also understand that extenuating circumstances may result in the student missing more than the allowable days. As a result, an appeals process has been established so that the minimum attendance policy can be waived on an individual basis. The appeals process consists of the following step: When there are extenuating circumstances, the student and parent should request a hearing with the assistant principal in charge of attendance.

C. PARENTAL NOTIFICATION

Since the purpose of this attendance policy is to encourage good attendance, the school will strive to help prevent any student from losing his/her grade(s) solely on the basis of absenteeism. The attendance office will inform the parents/guardians of any student whose attendance is becoming a problem. The following steps will be utilized:

1. Notification will be made periodically for students with attendance issues. The parent/guardian will be informed at the fifth absences.
2. The parent/guardian will be informed at the fifth absence regardless of when it occurs during the semester.
3. Any elementary or middle school student who has four or more absences at the end of the first or third nine weeks may receive an NG (No Grade) instead of a letter grade on his/her report card. This marking will simply indicate that the student's attendance is unsatisfactory and that improvement is needed. If, at the end of the semester, the student has been in attendance at least 90% of the time, the student's semester grade will reflect all points earned throughout the semester and there will be no penalty reflected for attendance.

D. ABSENCE CATEGORIES

1. **Unrecorded Absences:** Absences for school sponsored activities will not be counted against the minimum attendance requirement. To qualify as a school sponsored activity, the activity must be under the direct supervision of a teacher or coach. According to OSSAA rule 2, "a student who has not attended classes ninety percent of the time for the semester in a member school becomes

ineligible.” The State Board of Education Rules state “the maximum number of absences for activities whether sponsored by the school or outside agency/organization which removes a student from the classroom shall be ten for any one class period of each school year. Excluded from the number are state and national levels of school-sponsored contest. State and national contest are those for which a student must earn the right to compete.”(If a student is participating in a progressive tournament and misses more than one day of school during that tournament, only one day's absence will be counted against the ten.) STUDENTS WILL BE RESPONSIBLE FOR OBTAINING AND COMPLETING ALL ASSIGNMENTS PRIOR TO THE ACTIVITY OR MAKE PRIOR ARRANGEMENTS WITH THEIR TEACHERS TO COMPLETE ASSIGNMENTS AT THE TEACHERS' DISCRETION.

2. **Non-chargeable Absences:** Absences for hospitalization and doctor verified illness will not be charged against the minimum attendance requirement. Documentation will be required for these absences. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.) No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
3. **Excused Absences:** If a student is absent with the approval of his/her parent/guardian for any reason except an approved school activity, the absence counts as one of the student's allowable days. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.) No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
4. **Truancy:** A student is truant when he is absent without prior permission from the school and the parents. Examples of truancy include: simply missing school without permission, obtaining a pass to go to a certain place and not reporting there, becoming ill and staying in the restroom instead of reporting to the nurse's office, leaving class without permission, leaving school without permission, etc. Individual teachers will have the discretion to accept or refuse makeup work from a truant student. The teacher's policy must be stated in his/her classroom syllabus. IF A STUDENT IS ABSENT WITHOUT AN EXCUSE, HE/SHE WILL BE INELIGIBLE TO PARTICIPATE IN ANY SCHOOL ACTIVITY THAT DAY OR NIGHT. Truant students will be dealt with according to the following penalties:

First Offense:

Saturday School - Saturday School is primarily aimed at students who are truant from school or do not attend required Encore sessions. Non-attendance at Saturday School will result in additional Saturday School assignment. Non-attendance will be excused only for a doctor verified illness. Saturday School assignments will be limited to five per year per student.

- E. TARDIES** - A student not in the classroom when the tardy bell rings is considered tardy. If a student is detained by a teacher, administrator, or counselor, the student must have a note from that faculty member to be considered excused (not tardy). Any student who has excessive tardies (5 or more) will be referred to the assistant principal for discipline. Students tardy to class will be assigned Detention. Parents must call before 7:55 am to excuse a tardy. No tardies will be excused if the call is made after school starts.
- F. HALL PASSES** - Students must have permission to be in the halls during class time. Students will be given a hall pass as evidence of permission. The hall pass must be visible or disciplinary action will be taken.

540.2.2 BUILDING PASSES

Students who leave the campus should check out through the attendance office.

Students having appointments off campus during class time should have their parents notify the office by phone to receive their building pass. Notes are not accepted. If a student leaves the campus without checking out through the attendance office, his/her absence will be recorded as a truancy.

540.6 STUDENT POSSESSION OF WIRELESS TELECOMMUNICATION DEVICES (Approved 10-2-89)(Revised 9-10-01, 11-14-11, 6-8-15)

Sapulpa Public Schools promotes an environment for instructional learning that is safe and secure. The District recognizes the importance of electronic tools as communication and e-learning tools. When used appropriately, these tools can significantly enhance Sapulpa Public Schools teaching and program effectiveness. Therefore, in order to foster digital citizenship, students and staff are required to practice appropriate and responsible use.

- A.** Wireless telecommunication devices, including but not limited to cell phones may be used by students on school premises as directed by site administrators and classroom teachers. When use is not authorized,

Wireless telecommunication devices shall be turned off and put away in an inconspicuous place out of sight, for example, in a purse, or bookbag.

- B. Student possession of wireless telecommunication devices shall not distract or disrupt the educational environment, including class time, assemblies, lunch, meetings and/or passing between classes in school hallways. Students may use their electronic devices before or after school hours, during passing between classes in school hallways, during lunch, and during class for academic purposes when authorized by site administration and classroom teachers. Students found to be distracting or disrupting the educational environment will be subject to disciplinary action outlined by Board Policy 540 STUDENT DISCIPLINE. On any offense, a student may forfeit his/her permission to possess a wireless telecommunication device for a time to be determined by the building administrator. Authorized school personnel (School Administrators) shall have the authority to detain and search any student electronic device upon the reasonable suspicion that the student is misusing the electronic device, including suspicion about dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, missing or stolen property. Authorized School personnel and classroom teachers shall have the authority to confiscate the device from the student's possession and follow site procedures on transferring and securing the device to Authorized school personnel. Refusal by a student to give the device to school personnel when requested may result in the student being subject to a violation of the student code of conduct.

541.1 DISCIPLINARY REMOVAL OF CHILDREN WITH DISABILITIES (Approved 10-3-05)(Revised 4-7-08)(see procedure page)

1. Definitions

For purposes of this policy, the following definitions apply:

- (a) "Controlled substance" means a drug or other substance identified under schedule I, II, III, IV, or V in section 202(c) of the Controlled Substances Act, 21 U.S.C. § 812(c).
- (b) "Illegal drug" means a controlled substance, but does not include a controlled substance that is legally possessed or used under the supervision of a licensed healthcare professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.
- (c) "Serious bodily injury" means bodily injury that involves –
 - (1) a substantial risk of death;
 - (2) extreme physical pain;
 - (3) protracted and obvious disfigurement; or
 - (4) protracted loss or impairment of the function of a bodily member, organ or mental faculty.
- (d) "Weapon" means a dangerous weapon as defined by 18 U.S.C. § 930(g)(2), specifically, a weapon, device, instrument, material or substance, animate or

inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2½ inches in length.

- (e) “School day” means any day, including a partial day, that children are in attendance at school for instructional purposes.

2. Case-By-Case Determination

District personnel must consider any unique circumstances on a case-by-case basis when determining whether a change of placement is appropriate for a child with a disability who violates the District’s code of student conduct.

3. Short-Term Disciplinary Removal

District personnel may remove a child with a disability who violates the District’s code of student conduct from the child’s current placement to an appropriate interim alternative educational setting, another setting or suspension, for not more than ten (10) consecutive school days and for additional removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct, as long as those additional removals do not constitute a change of placement.

A change of placement occurs if --

- (a) the removal is for more than ten (10) consecutive school days; or
- (b) the child has been subjected to a series of removals that constitute a pattern.

Under the Individuals with Disabilities Education Act (IDEA) and its implementing regulations, school personnel determine whether a pattern exists by considering the following factors:

- (a) the series of removals total more than ten (10) school days in a school year;
- (b) the child’s behavior is substantially similar to the child’s behavior in previous incidents that resulted in the series of removals; and
- (c) such additional factors as the length of each removal, the total amount of time the child has been removed and the proximity of the removals to one another.

[However, in an effort to promote uniformity in the decision-making process, the Board of Education has determined that it is in the District’s best interest that it not require school personnel to weigh these factors to determine the existence of a pattern in each instance. Instead, when the student’s short-term removals exceed ten (10) school days over the course of the school year, the District will follow the process identified in this policy for implementing a long-term removal.]

4. Educational Services During a Short-Term Disciplinary Removal

The District will provide a child with a disability the same level of services it provides children without disabilities during removals for ten (10) school days or less during the school year.

After a child with a disability has been removed from his or her current placement for ten (10) school days in the same school year, if a subsequent removal is imposed for not more than ten (10) consecutive school days and is not a change of placement, District personnel, in consultation with the child’s special education teacher, will determine the extent to which services are needed, so as to enable the child to continue to appropriately progress in the general curriculum, although in another setting, and to appropriately advance toward meeting the goals set out in the child’s IEP.

5. Notification

On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of the District's code of student conduct, District personnel will notify the child's parents of the decision and provide the parents a copy of the District's *Parents Rights in Special Education: Notice of Procedural Safeguards* form.

6. Special Circumstances

District personnel may also remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child --

- (a) carries or possesses a weapon at school, on school premises, or to or at a school function;
- (b) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance at school, on school premises or at a school function; or
- (c) has inflicted serious bodily injury upon another person while at school, on school premises or at a school function.

7. Making a Manifestation Determination

Except for removals that will be for not more than ten (10) consecutive school days and will not constitute a change of placement, within ten (10) school days of any decision to change the placement of a child with a disability because of a violation of the District's code of student conduct, the District, the parent and relevant members of the child's IEP team (as determined by the parent and the District), will review all relevant information in the student's file, including the child's IEP, any teacher observations and any relevant information provided by the parents to determine --

- (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- (b) if the conduct in question was the direct result of the District's failure to implement the IEP.

The conduct will be determined to be a manifestation of the child's disability if the District, the parent and relevant members of the child's IEP team determine that a condition in either (a) or (b) of this paragraph was met.

If the District, the parent and relevant members of the child's IEP team determine that the conduct in question was the direct result of the District's failure to implement the IEP, the District will take immediate steps to remedy those deficiencies.

8. Determination that Behavior Is a Manifestation

If the District, the parent and relevant members of the IEP team determine that the conduct was a manifestation of the child's disability, the IEP team will either --

- (a) conduct a functional behavioral assessment, unless the District had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
- (b) if a behavioral intervention plan has already been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior.

Except as provided in section 6 of this policy, the IEP team will return the child to the placement from which the child was removed, unless the parent and the District agree to a change of placement as part of the modification of the behavioral intervention plan.

9. Determination that Behavior Is Not a Manifestation

If the behavior that gave rise to the violation of the District's code of student conduct is determined not to be a manifestation of the child's disability, then District personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities.

10. Educational Services During a Long-Term Disciplinary Removal

During a long-term disciplinary removal, a child with a disability will --

(a) continue to receive educational services so as to enable the child to continue to appropriately progress in the general education curriculum, although in another setting, and to appropriately advance toward achieving the goals set out in the child's IEP; and

(b) receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

The child's IEP team will determine appropriate services and the location in which services will be provided. These services may be provided in an interim alternative educational setting determined by the IEP team.

11. Appeal to Hearing Officer

The parent of a child with a disability who disagrees with any decision regarding placement or the manifestation determination under this policy, or the District, if District personnel believe that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by filing a due process hearing complaint seeking an expedited hearing.

In making the determination, the hearing officer may --

(a) return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of the applicable provisions of the IDEA or that the child's behavior was a manifestation of the child's disability; or

(b) order a change of placement of the child to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

These procedures may be repeated if the District believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

When an appeal has been requested by either the parent or the District, the child will remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period set for the placement, whichever occurs first, unless the parent and the District agree otherwise.

The District may also seek a court order to remove a child with a disability from school or change the child's current educational placement if District personnel believe that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

12. Providing Records to Disciplinary Decision Maker

If the District initiates disciplinary procedures that would constitute a change of placement for a child with a disability, District personnel will ensure that the child's special education and disciplinary records are provided for consideration to the school personnel making the final determination regarding the disciplinary action.

544. STUDENT DRUG AND ALCOHOL BOARD POLICY

544.1 ILLEGAL AND ILLICIT DRUGS AND ALCOHOL (Approved 8-7-90) (Revised 5-07)

- A. Any student using, under the influence of, in possession of, furnishing, or selling alcoholic beverages, non-intoxicating beverages (as defined by law), illegal or illicit drugs, or other mood-altering substances at school, while in school vehicles, at any school-sponsored event, or traveling to and from school events will be subject to disciplinary measures, which may include suspension for the remainder of the current semester/trimester and the following semester/trimester. "Illicit drugs" includes steroids and prescription and over-the-counter medications being used for an abusive purpose, i.e., when they are not used in compliance with the prescription or directions for use and are not being used to treat the current health condition of the student. "Mood-altering substances" includes paint, glue, aerosol sprays, and similar substances.
- B. A suspension imposed for a violation described in paragraph A may be reduced by the student and his or her parents completing an evaluation by Adolescent Center or a substance abuse treatment facility. Demonstrated compliance with the recommendations for treatment will be weighed heavily in determining the appropriate reduction in the suspension.
- C. Student violation of this policy which also constitutes illegal conduct will be reported to law enforcement authorities.

544.1.3 STUDENT ACTIVITY DRUG TESTING (Revised 8-3-09)(see procedure page)

- A. Purpose: To protect the health and safety of extra-curricular activities students from illegal and/or performance-enhancing drug use and abuse, thereby setting an example for all other students of the Sapulpa Public School District.

This policy governs only performance-enhancing and illegal drug use by students participating in certain extra-curricular activities. The sanctions imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extracurricular activities. No suspensions from school or academic sanctions will be imposed for violations of this policy.

Participation in school-sponsored interscholastic extracurricular activities at the Sapulpa Public School District is a privilege. Students who participate in these activities are respected by the student body and are representing the school district and the community. Accordingly, students in extracurricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible examples of conduct, sportsmanship, and training, which includes avoiding the use or possession of illegal drugs.

The purposes of this policy are five-fold:

1. To educate students of the serious physical, mental and emotional harm caused by illegal drug use.
2. To alert students with possible substance abuse problems to the potential harms that drug use poses for their physical, mental, and emotional well-being and offer them the privilege of competition as an incentive to stop using such substances.
3. Ensure that students adhere to a training program that bars the intake of illegal and performance-enhancing drugs.
4. To prevent injury, illness, and harm for students arising as a result of illegal and performance-enhancing drug use.
5. To offer students practices, competition and school activities free of the effects of illegal and performance-enhancing drug use.

For the safety, health and well being of students in extracurricular activities the Sapulpa Public School District has adopted this policy for use by all participants in interscholastic extracurricular activities in grades 8-12. The administration may adopt regulations to implement this policy.

544.2 MEDICATIONS (Approved 9-6-94) (Revised 4-7-08) (see procedure pages)

A. Purpose

The purpose of this Policy is to identify when District personnel are authorized to administer medication to students, when students are authorized to self-medicate and how District personnel will maintain, administer, monitor and dispose of student medication.

B. Definitions

1. For purposes of this Policy, these terms have the following definitions:
 - a. "Medicine" or "medications" includes prescription medications and over-the-counter medicines such as but not limited to aspirin, cough syrup, medicated ointments and any other item used to treat an illness, disease or malady.
 - b. "Parent" means a parent, a court appointed guardian or a person having legal custody.

C. Policy

1. Under Oklahoma law, a school nurse, an administrator or a designated school employee may administer prescription and nonprescription medications to students. Only designated employees who have successfully completed specific training in the administration of nonprescription and prescription medications may administer medication to students with legitimate health needs.
2. Except as provided in this Policy and in the District's Student Diabetes Care and Management policy, students may not retain possession of or self-administer any medicine. Violation of this rule will be reported to the student's parent and may result in discipline, including out-of-school suspension.
3. As further set out below, the District retains the discretion to reject requests for the administration of medication and to discontinue the administration of medication.
4. The parent must deliver the student's medicine to the school nurse or school administrator in its original container with the parent's written authorization for administration of the medicine. The parent's authorization must identify the student, the medicine and include or refer to the label for instructions on administration of the medicine. The school nurse, an administrator or a designated employee will administer the medicine to the student pursuant to the parent's instructions and the directions for use on the label or in the physician's prescription. The parent must complete a new authorization form annually and for each change of medication. The District will maintain the authorization form as a part of the student's health record. Authorization forms will be available in the principal's office. A parent who chooses to do so may come to the school and personally dispense medication to the student.
5. The administration of each school will keep a record of the students to whom medicine is administered, the date of administration, the person who administered the medicine and the name or type of medicine administered.
6. Medications will be stored in a separate locked drawer or cabinet that is readily accessible only to the persons who will administer the medication. Medications requiring refrigeration will be refrigerated in a secure area.
7. Any person administering medicine to a student will participate in training by October 1 of each year conducted by a school nurse or other health care professional. The training will include:
 - a. Review of state statutes and school rules and regulations (including this Policy) regarding administration of medication by school personnel;
 - b. Procedures for administration, documentation, handling and storage of medication; and

- c. Medication needs of specific students, desired effects, potential side effects, adverse reactions and other observations.
- 8. Only those persons who successfully complete the training are authorized to administer medication. Each school site will maintain a current list of those authorized to administer medication at that site.
- 9. Students who are able to self administer specific medications, such as inhaled asthma medication, or use specialized equipment, such as an inhaler, may do so provided such medication and special equipment are transported and maintained under the student's' control in compliance with the following rules:
 - a. A licensed physician or dentist must provide a written order that the student has a particular medical condition (asthma, etc.), is capable of and has been instructed in the proper method of self-administration of medication. It is the parent's responsibility to contact the physician and have the physician complete and return the required order.
 - b. The parent must provide a written authorization for self administration of medication.
 - c. Parents who elect self medication understand and agree that the District, its agents and employees shall incur no liability for any adverse reaction or injury the student suffers as a result of self-administration of medication and/or use of specialized equipment.
 - d. The written authorization will terminate at the end of the school year and must be renewed annually.
 - e. If the parent and physician authorize self medication, the District is not responsible for safeguarding the students' medications or specialized equipment.
 - f. Students who self medicate are prohibited from sharing or playing with their medication or special equipment. If a student engages in these activities the parent will be contacted and a conference will be scheduled with the parent, student, nurse and other appropriate persons.
 - g. Students will not be allowed to self administer:
 - 1. Narcotics;
 - 2. Prescription painkillers;
 - 3. Ritalin; and

4. Other medication hereafter designated in writing by the District.

- h. Diabetes-related injectables will be administered in accordance with the District's Management of Students with Diabetes Policy.
- i. Students who self medicate are encouraged to wear Medic Alert bracelets or necklaces.
- j. The parent will provide an emergency supply of a student's inhaled asthma medication to be administered by school personnel, as required by state law.

10. Nonprescription medication. School staff will only administer nonprescription medication with the parent's written authorization and according to label directions or written instructions from the student's physician. The medication must be in the original container that indicates:

- a. Student name (affixed to the container);
- b. Ingredients;
- c. Expiration date;
- d. Dosage and frequency;
- e. Administration route, i.e., oral, drops, etc.; and
- f. Other directions as appropriate.

School staff will only administer aspirin (acetylsalicylic acid) and products containing salicylic acid with written instructions from the student's physician. The parent must provide and maintain a supply of nonprescription medication for the student.

- a. A legitimate lack of space or facility to adequately store specific medication;
 - b. Lack of cooperation by the student, parent and/or prescribing doctor and the District;
 - c. An unexpected and/or adverse medical reaction to the medication at school, i.e., mood altering, allergic reaction, etc., considered to be deleterious to the health and well being of the student;
 - d. Any apparent change in the medication's appearance, odor, or other characteristics that raise reasonable doubts about the quality of the medication; and

 - e. Contains material which is vulgar, lewd, indecent, or obscene, meaning material which, taken as a whole, (1) an average person would deem improper for access by or distribution to minors because of sexual

connotations or profane language and (2) material which, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

Limitation of Liability - The District makes no warranties of any kind, whether expressed or implied, for the services provided and will not be responsible for any damages which you may suffer through use of the District system or the Internet, including, but not limited to, the loss of information or files or the interruption of service. The District is not responsible for the accuracy of information obtained through the use of the District system or the Internet. The District is not responsible for any financial obligations incurred during use of the District system.

6. Security - Users are responsible for network and Email account security and should take precautions to prevent others from accessing their account. Vandalism is defined as any malicious attempt to harm or destroy the property or data of the District, of another user or of any other network connected to the Internet or all or any portion of the District's computer network system or any other network or system connected to the Internet. This includes, but is not limited to the uploading or creation of computer viruses or any actions that disrupt, or crash all or any portion of the District's computer system. System users will adhere to District policies governing the downloading of software to help minimize the spread of computer viruses.
8. Application and Enforceability - The terms and conditions set forth in this policy shall be deemed to be incorporated in their entirety in the Internet Use Policy executed by each system user. By executing the Internet Access Agreement, the system user agrees to abide by the terms and conditions contained in this Acceptable Use Policy. The system user acknowledges that any violation of this acceptable use policy may result in access privileges being revoked and/or disciplinary action being taken, including, as to students, disciplinary action under the district's student discipline policy and, as to employees, any such discipline as may be allowed by law.

BULLYING

540.1.7 STUDENT BULLYING PREVENTION AND INTERVENTION (Approved 1-13-03) (Revised 11-11-13)

Purpose: To address student bullying behavior effectively through a multi-faceted approach that includes education and the promotion of a positive school atmosphere.

The Board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the Board prohibits bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with rights' of students and personnel to be secure. This includes but not limited to bullying through electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

The Superintendent or his/her designee will develop regulations to support and provide specific procedures for implementation of this policy. The Superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension of school in accordance with the policies, rules and regulations of the District's Board of Education.

STUDENT REPORTING

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed. Reports can also be made by any student, parent, or patron through the District's online reporting system found on the District's website or by calling the school. Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against an alleged bully solely on the basis of an anonymous report.

STAFF REPORTING

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about, or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

BUS ROUTE AND OPERATING POLICIES

Bus routes and stops are planned and established by the administration's transportation department.
