The Sapulpa Public School Board will consider bids collected for Phase 2-Field Turf & Sports Lighting for the Westside Baseball-Softball Complex, which is a part of Sapulpa Public School’s 2023 bond issue. The board may hear presentations, review and discuss all possible options, and take any legal action available including but not limited to accepting, rejecting, or awarding of a contract and/issuing of “Letter of Intent/Amendments” to award contracts on any bids and alternates received.

Discussion, motion, and vote on a motion to approve/disapprove Bid Packages 226A-Electrical Sports Lighting and 32A-Sports Field Package, and to reject Bid Packages 10A-Flagpoles and 12A-Aluminum Bleachers for the Westside Baseball & Softball Sports Complex.

The electrical Package is 26A, not 226A.

Turf Bids were closely matched; however, with previous experience and other factors, United Track & Field (UTF) was the most advantageous bid made. We recommend accepting UTF's bid for the following reasons: Superior Turf Quality-high quality backing, enhanced longevity, Enhanced Warranty Services-10 year warranty PLUS annual inspections and grooming, and Local Advantage-can offer additional benefits in terms of service and community impact.

## Overview

### Background

The Oklahoma Schools Insurance Group (OSIG) is a public entity of the State of Oklahoma, formed as an Interlocal Agreement in accordance with 74 O.S. 1004(f), for the purpose of joining together a group of Oklahoma public school districts. OSIG will allow member districts to more efficiently and more economically obtain and manage their insurance programs.

OSIG obtained approval to operate from the Oklahoma Attorney General on June 28, 2001. Effective July 1, 2002, OSIG began full operation by providing its member districts with **broad insurance coverage through "A" rated insurance carriers and professional risk management services**. Over the past 22 years, OSIG's membership has grown to 538 and the program insures more than \$28.5 Billion in school property across Oklahoma.

### Structure

OSIG is a non-profit, member-owned, public entity program whose management is completely controlled by a Board of your peers.

*"The mission of Oklahoma Schools Insurance Group (OSIG) is to provide quality, cost effective risk management products and services to member schools".*

The group purchases insurance and reinsurance from "A" rated carriers. OSIG's insurance providers are long term partners and committed to OSIG and Oklahoma schools.

OSIG has contracted with Arthur J. Gallagher Risk Management Services, Inc in Tulsa to administer the program. Gallagher is one of the largest insurance brokers in the world and manages programs similar to OSIG across the country.

It is important to know that the insurance coverage provided by OSIG was specifically tailored to meet the needs of Oklahoma schools. The coverage is what you need to protect your schools' property, your students, and patrons.

The strength of the liability portion of OSIG's offering is also important during these tough times. The program is backed by the foremost specialist in school liability insurance in the country. United Educators Insurance Company is second to none.

Losses are a part of life. Only OSIG has the collective strength and staying power to provide the protections you need. By remaining together as a group, OSIG will be able to continue to provide you with the quality, fair-priced insurance and risk management services you need to protect your schools' assets, your board, your staff and most importantly your children.

## Financial Strength

OSIG is financially strong and we have the funds (cash) we need to pay your claims. OSIG has returned more than \$9 million to our members over the years as distributions. Surplus at year ended 6/30/23 was more than \$6.4 million and our assets were more than \$46.7 million.

We believe in complete transparency. We submit to an annual financial audit each year end and share the operating results at our annual members meeting held each year.

The financial condition of an insurance group should be of utmost importance to you when choosing an insurance partner for your district.

<i>Statement of Net Assets</i>	
<i>As of 6/30/23</i>	
Cash	\$ 37,364,915
Other Assets	\$ 9,417,966
<b>Total Assets</b>	<b>\$ 46,782,881</b>
<hr/>	
<b>Total Liabilities</b>	<b>\$ 40,333,906</b>
<b>Total Net Assets/Surplus</b>	<b>\$ 6,448,975</b>

We urge you to obtain and review audited financial statements from every insurance provider that may offer your school district a quote. Financial statements are required by law and can be obtained at [www.ok.gov/oid](http://www.ok.gov/oid). Your school's auditor can help in analyzing the statements.

## Important Plan Information

It is important to understand that OSIG is not an insurance company, but rather a non-profit, cooperative risk management program owned and directed by Oklahoma Schools. Its mission is to reduce insurance costs and stabilize rates by aggregating purchasing power with an intense focus on controlling member losses. When losses are controlled, OSIG's member schools retain the underwriting profit and investment income thereby increasing fund reserves for future years. OSIG purchases per occurrence and liability aggregate protection for its member schools. The per occurrence insurance protects member schools up to \$1,000,000,000 for property losses and \$1,000,000 for liability claims in each and every occurrence subject to a \$10M annual aggregate limit. The aggregate insurance protection is purchased in the unlikely event that sum total of all OSIG losses are significantly more than actuarially projected. Additional excess liability limits are available for members requiring higher limits.

This proposal is an outline of the coverages proposed by insurers based on the information provided by your school district. It does not include all the terms, coverages, exclusions, limitations, and conditions of the actual contract language. Please refer to the plan document for the details.

## Actuarial Review

An independent actuary has been retained by OSIG to make projections as to anticipated claims and losses the program should expect on an annual basis. The OSIG actuary has relied on the historical loss experience and exposures provided to OSIG by the member **school districts to make projections of OSIG's expected losses. OSIG adequately funds to,** or in excess of, the expected loss projections through member contributions (insurance cost) and our own surplus.

Membership contributions are used to buy insurance, pay administrative expenses, and fund for members' claims. Similar successful programs throughout the country for schools and municipalities are protected using the same insurance structure as OSIG has deployed. As with any insurance mechanism, OSIG does not guarantee full funding in the event unimaginable losses would materialize that are many times greater than what is indicated by past history. The OSIG board is charged with developing a plan to address under funding in this unlikely event.

## Procedure to Renew Coverage

Notify your agent of your acceptance of this insurance renewal proposal. Your agent will advise the OSIG administrative staff in writing that you wish to renew the insurance coverage.

## Payment Terms

- G. The Head Start agrees to provide and participate with the LEA in joint training of staff and parents as appropriate.

**III. COORDINATION OF COST SHARING:**

The local Head Start and Local Education Agency agreement will address planning of cost-sharing resources and funding to assure that integrated services are implemented in a manner which maintains State and Federal fiscal support for children with disabilities in these programs. The Head Start and the LEA agree to the following cost-sharing services (see Attachment B for examples)

**IV. COORDINATION OF REQUIRED PAPERWORK:**

To coordinate paperwork required by Head Start and the LEA special education program, the following process will be utilized:

- B. The Head Start or the LEA will obtain parental consent for exchange of information between the two programs through use of the State of Oklahoma Standard Form: consent for Release of Confidential Information.
- C. The Head Start will release results of vision, hearing, developmental, health, and speech screenings as well as other relevant information as a part of the Head Start referral process developed in conjunction with the LEA.
- D. When Head Start refers a child for a multidisciplinary evaluation to the LEA, the LEA will first obtain parental consent, with assistance of the Head Start personnel as needed.
- E. The LEA special education program, with parental consent, will release copies of IDEA IEP's, multidisciplinary evaluations, multidisciplinary evaluation and eligibility team summary, necessary special education records and documentation of services provided to the Head Start.
- F. All personally identifiable information collected, used, or maintained by the Head Start will be kept in a secure manner, which prevents unauthorized access, in a central location adhering to confidentiality requirements under the Family Educational Rights and Privacy Act (FERPA) and state laws.

**V. COORDINATION OF SCREENING:**

In the coordination of screening between the Head Start and the LEA special education program, the following process is agreed upon:

One or more of the following methods has been considered: (Check one or more as appropriate)

- 1. Joint screening: -Screening will be conducted simultaneously by Head Start staff and LEA special education staff within the same location.
- 2. Shared staff: -Local implementation may incorporate coordination of shared staff (e.g., required vision, hearing, speech/language, health, and developmental screening may be conducted by the Head Start under Head Start Program Performance Standards, and the LEA special education program may complete required screening under the IDEA).
- 3. Shared Information-Screening will be provided for referrals as determined by both entities. Consent for release of information will be obtained at the time of screening.

**VI. COORDINATION OF IEP REVIEW:**

Memorandum of Understanding  
between  
OKLAHOMA STATE UNIVERSITY  
OFFICE OF EDUCATOR SUPPORT  
and  
Sapulpa Public Schools  
for  
FIELD CLINICAL EXPERIENCES

This UNDERSTANDING made and entered into this day of August 1, 2024, by and between the Oklahoma State University Office of Educator Support, party of the first part, hereinafter referred to as “OSU OES,” and Sapulpa Public Schools, party of the second part, hereinafter referred to as “SAPULPA PUBLIC SCHOOLS.” Oklahoma State University students participating in an approved OSU OES field or clinical experience course will be referred to as OSU OES candidates.

SECTION 1 SAPULPA PUBLIC SCHOOLS agrees to provide the authorization, supervision, and instruction of OSU OES candidates completing the field and clinical experiences component of the teacher preparation program. This would include activities such as a) observation, b) teacher job-shadowing, c) student teaching, d) advanced certification internships/practicum, and e) other activities as approved by both the OSU OES and SAPULPA PUBLIC SCHOOLS. OSU OES requires all candidates to have a cleared Oklahoma State Bureau of Investigation (OSBI) name check prior to being placed in any field experience or clinical practice. OSU OES will not place a candidate without a clear OSBI check, but the completion of a cleared OSBI name check will not necessarily require SAPULPA PUBLIC SCHOOLS to accept that OSU OES candidate in a field or clinical experience. All placements should be mutually acceptable to both parties and either party may withdraw a candidate from the program if they believe it is not in the best interest of the candidate, faculty member, or the program to continue. Procedures for problem solving are detailed in the Handbook for Cooperating Teachers, Supervisors, and Principals. The OSU OES will provide the appropriate forms, collect the fees, and provide the information to SAPULPA PUBLIC SCHOOLS. The completed OSBI report will be valid for up to four (4) years while the candidate is enrolled at OSU.

SECTION 2 SAPULPA PUBLIC SCHOOLS agrees to accept OSU OES candidates for assignment in the public schools with cooperating teachers, administrators, and other related teaching personnel. SAPULPA PUBLIC SCHOOLS further agrees the cooperating certified staff will give direct supervision to the OSU OES candidates assigned and will work with a faculty member assigned by the OSU OES in directing and evaluating the field or clinical experience.

SECTION 3 The OSU OES agrees to award *Certificates of Professional Development* (CPD) for SAPULPA PUBLIC SCHOOLS certified staff who supervise OSU OES candidates. Each cooperating certified staff member who singly supervises a student teacher for 12 weeks will receive a three hour CPD. For each 360 hours of clinical observations, a one hour CPD will be awarded to SAPULPA PUBLIC SCHOOLS. This certificate provides a tuition waiver for the continuing professional development of certified staff member. Cooperating teachers must complete an online evaluation of candidate performance prior to the last day of the semester serving as a cooperating teacher; failure to do so will result in no CPD being issued for that cooperating teacher. The cooperating certified staff member of record can transfer the

certificate to another SAPULPA PUBLIC SCHOOLS certified, contracted staff member with the approval of the superintendent. Certificates cannot be sold. If a certified staff member chooses not to redeem the certificate, it must be redeemed by another member of the SAPULPA PUBLIC SCHOOLS certified staff following all OSU OES and district procedures. The donating certified staff member (or superintendent approved district administrator with documentation of donation), the certificate recipient and the superintendent must sign the certificate in order to complete the transfer. Certificates must be used during the semester in which course work is completed and will expire after 18 months. Lost CPDs cannot be replaced. No more than 6 hours of certificates may be redeemed by any one person during a semester or summer session. Certificates can only be used to pay for resident, correspondence or extension courses.

SECTION 4 The OSU OES agrees to provide or arrange for non-credit staff development training related to supervision for those teachers desiring to serve as supervisors of teacher candidates and other clinical experiences. All instructors (tenure-track faculty, adjunct faculty, visiting faculty, and graduate teaching assistants or associates) are required to complete FERPA training. As part of our national accreditation, we are required to teach and assess the professional dispositions of our candidates throughout their coursework. Remediation is provided for any candidate receiving a low score on any element in each course. The elements in this assessment include ethics, professionalism, commitment to education, respect for diversity, work ethic, communication, learner attributes, cooperative/collaborative nature, and flexibility.

All OSU candidates are protected under FERPA. Mentor teachers with concerns about a candidate should communicate with their own administrator/principal and/or Dr. Kathy Thomas in the OSU OES for elementary candidates or Mr. Rodney Nichols for secondary candidates.

SECTION 5 All field experience forms will be initially processed for each course and each semester through the OSU OES Field and Clinical Experiences office. Forms processed by the OSU OES will be given to the designated SAPULPA PUBLIC SCHOOLS district personnel for further processing and site placement.

SECTION 6 The OSU OES agrees to provide SAPULPA PUBLIC SCHOOLS a report of the year's activities with field and clinical experiences including the schools involved, the various experiences and activities that occurred and the number of CPDs and hours awarded to SAPULPA PUBLIC SCHOOLS teachers and the district.

SECTION 7 All OSU employees are covered by professional insurance for their actions performed within the scope of their employment but the university is prohibited from indemnifying a third party (candidates). Therefore, OSU advises all candidates to purchase professional liability insurance through a professional organization. Candidates placed in SAPULPA PUBLIC SCHOOLS for clinical practice will be advised that they must show proof of liability insurance when requested. OSU will not be responsible for maintaining coverage for any liability arising from the acts and/or omissions of the employees, representatives or agents of Sapulpa Public Schools.

SAPULPA PUBLIC SCHOOLS will maintain adequate insurance to provide coverage for the liabilities arising from the acts and/or omissions of employees, representatives or agents of SAPULPA PUBLIC SCHOOLS who are participating in the internship program with OSU. SAPULPA PUBLIC SCHOOLS will not be responsible for maintaining coverage for any liability arising from the acts and/or omissions of the candidates, employees, representatives or agents of Oklahoma State University. Worker's compensation coverage is not provided to the OSU candidate by Sapulpa Public Schools.

SECTION 8 UNDERSTANDING begins August 1, 2024, and may be renewed by memorandum of understanding between the two parties.

- Customer objections that are not agreed to by PowerSchool will be managed in accordance with the Project Change Control Procedure described below. If resolution is required to a conflict arising from Customer's objection to a deliverable, the Customer and PowerSchool will follow the Escalation Procedure described below.
- All deliverables required to be delivered hereunder are considered to be owned by PowerSchool with unlimited internal use by the Customer, unless otherwise noted.

# Project Change Control and Escalation Procedure

## Project Change Control

The following process will be followed if additional services to this Statement of Work are required or desired.

- A Project Change Request (PCR) will be the vehicle for communicating change. The PCR must describe the change, rationale for the change and the effect the change will have on the project.
- The designated Customer project lead will review the proposed change and recommend it for further investigation or reject it. A PCR must be signed by the authorized Customer project lead to authorize quote for additional services. If the Customer accepts additional services and charges, a change to the original purchase order or new purchase order is required. Change to this Statement of Work through additional addendum will authorize additional scope and work.
- A written Change Authorization and/or PCR must be signed by authorized representatives from both parties to authorize implementation of the investigated changes. Until a change is agreed upon in writing, both parties will continue to act in accordance with the latest agreed version of the SOW.

## Customer Escalation Procedure

The following procedure will be followed if resolution is required for a conflict arising during the project

- **Level 1:** Customer project lead will notify PowerSchool Project Manager via email with details of escalation.
- **Level 2:** If the PowerSchool Project Manager cannot provide resolution or path to resolution five (5) business days from receipt of level 1 escalation email, the Customer project lead will notify PowerSchool manager via email to – [pmleadership@powerschool.com](mailto:pmleadership@powerschool.com)
- **Level 3:** If the concern remains unresolved after Level 2 intervention, resolution will be addressed in accordance with Project Change Control Procedure or termination of this SOW under the terms of the Contract.

During any resolution, PowerSchool agrees to provide services related to items not in dispute, to the extent practicable, pending resolution of the concern. The Customer agrees to pay invoices per the Contract, as rendered.

This NCAC Agreement ("Agreement") is between IDEMIA Identity and Security USA, LLC ("IDEMIA") and the company or organization identified below ("Customer"), and sets forth the terms and conditions under which IDEMIA will provide no-charge authorization codes ("Authorization Code(s)") to Customer for distribution to applicants required to submit to a fingerprint based background check ("Applicant(s)") through the State of Oklahoma, Digital Fingerprint Program.

Applicants will present an Authorization Code to IDEMIA at the time IDEMIA collects their fingerprints and verifies their biographic information ("Applicant Information"). Upon IDEMIA's collection of Applicant Information, IDEMIA will charge the credit card identified by Customer in a Credit Card Authorization Agreement ("Credit Card").

IDEMIA will provide an initial quantity of 500 (minimum order of 50) Authorization Codes to Customer upon execution of this Agreement and a Credit Card Authorization Agreement. All of the codes will expire one (1) year of the date of issuance to Customer or at the date of expiration of the Credit Card, whichever occurs first. Customer will not be charged for Authorization Codes that have not been redeemed before expiration. IDEMIA will provide additional Authorization Codes at a quantity (minimum order of 50) requested by Customer. The provision and redemption of additional Authorization Codes provided to Customer will be governed by the terms of this Agreement.

IDEMIA will provide all Authorization Codes to an email address provided by Customer, in a password-protected file. Customer may distribute the Authorization Codes to applicants via any method of delivery (e.g., email, US mail).

Customer acknowledges and agrees that Customer will be responsible for all Credit Card charges for Authorization Codes issued to Customer and provided to IDEMIA by applicants, regardless of whether the corresponding Authorization Codes are obtained or redeemed by fraud, redeemed by persons to whom Customer did not issue the Authorization Codes, or that are transferred in violation of any terms and conditions under which Customer distributes the Authorization Codes.

If a charge to the Credit Card is declined by IDEMIA's payment processor or by the issuer of the Credit Card, or if IDEMIA is otherwise unable to obtain payment through the Credit Card, or if any IDEMIA charges to the Credit Card are refused or disputed, IDEMIA will require payment in full prior to or at the time of processing any further applicants of Customer, until such time that IDEMIA notifies Customer that the payment issue has been resolved.

Please indicate acceptance of these terms by having an authorized representative of Customer sign below, and return a copy to IDEMIA via fax at 615-871-0845.

c) AHB will display interior and exterior promotional signage and advertising at any and all of its Sapulpa and Sand Springs area banking center locations.

d) AHB can/will display promotional signage and advertising at the Game, both inside and outside of the stadium.

e) AHB will design and produce a traveling trophy. The traveling trophy will be presented to the winning team at midfield following the conclusion of the Game. The winning team is encouraged to display the trophy in its school's trophy case until two (2) weeks prior to the subsequent year's contest when the trophy will be placed on display at a SAPULPA or SAND SPRINGS AHB retail office.

## **American Heritage Bank Highway 97 Rivalry | Sapulpa vs. Sand Springs**

### 5. Conditions and terms pertaining to Contribution #1:

- a) AHB will contribute five thousand dollars (\$5,000) to SAPULPA and five thousand dollars (\$5,000) to SAND SPRINGS.

- c) AHB will make the donation payments by check no later than thirty (30) days following the date of the Game.

### 6. Force Majeure

The parties agree that events beyond the control of the parties, including, but not limited to war, terrorist attacks, famine, earthquakes, floods, strikes, fire, disease, epidemics, pandemics and government action ("Force Majeure") will not give rise to a right of termination, but the obligations of the parties to perform under this Agreement will be suspended (except as provided below) and the parties will each use best efforts to commence performance as soon as they are able to do so, and will diligently work to eliminate the condition of Force Majeure. Notwithstanding the foregoing, AHB may, in its sole discretion, elect to terminate this Agreement and be relieved of all obligations hereunder if there's more than a thirty (30) day delay in the Game being held on the date set forth in Article III(1) above.

### 7. Counterparts; Facsimile Execution:

This Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Agreement. Delivery of an executed counterpart of this Agreement by facsimile shall be equally as effective as delivery of a manually executed counterpart of this Agreement. Any party delivering an executed counterpart of this Agreement by facsimile also shall deliver a manually executed counterpart of this Agreement but the failure to deliver a manually executed counterpart shall not affect the validity, enforceability, and binding effect of this Agreement.

# Sapulpa Public Schools, Child Nutrition Services

110 S. Burnett St. | Sapulpa, OK 74066 | 918-224-7089

To: Sapulpa Board of Education  
From: Hayley Holmes  
Date: May 14, 2024  
Re: Prime Vendor Recommendation for Groceries and Paper Products

A request for proposal for Prime Vendor, to supply grocery and paper products for Sapulpa Public Schools, Child Nutrition Services was opened on May 14, 2024.

Four qualified vendors submitted proposals: Ben E Keith Foods, Tankersley Food Service, US Foods, and SGC Foodservice.

The RFP requested that interested vendors submit their actual costs for items on hand for February 2024, unless a lower bid price was available on any items for the 2024-2025 school year. Manufacturers often charge vendors a lower price when an item is sold to school districts, but only if bid pricing was requested by the school district. A market basket of our top 145 grocery items, fresh produce, bread, and paper products with an estimated yearly usage was sent to potential vendors. Each proposal was analyzed line by line. Proposed alternate products that did not meet our needs were removed from all proposals and calculations to maintain consistency.

Interested vendors also provided their mark up, in the form of a fixed fee per case, as required by the USDA procurement policy. The proposals were evaluated based on line item pricing, fixed fee per case costs, delivery day/hours, fill rates, child nutrition product availability, and dedicated K12 sales specialists. Based on this criteria, Ben E Keith Foods met all of the needs and requirements for SPS Child Nutrition Services. I recommend that the bid award be made to Ben E Keith Foods.

Vendor	Market Basket Top 145 Food Cost Total	Fixed Fee Per Case
Ben E Keith Foods	\$345,640.30	\$2.25
US Foods	\$366,261.18	\$2.52
Tankersley	\$363,324.54	\$2.15
SGC Foodservice	\$367,093.42	Beverages/Dry Goods - \$3.66 Proteins/Frozen - \$3.24 Dry Goods - \$2.98 Produce - \$2.61

**Re:** Milk Products and Juice Bid Renewal, Year 2 of 2

Description	Purchase Unit	Escalating/de-escalating Unit Price
Milk White - 1% - 8oz	Case 50/8oz	.3807
Milk White - FF - 8oz	Case 50/8oz	.3803
Milk Chocolate - 1% - 8oz	Case 50/8oz	.3932
Milk Chocolate - FF - 8oz	Case 50/8oz	N/A
Cottage Cheese	5 Pounds	10.50
Sour Cream	5 Pounds	10.00
Milk White - 1% - 1 Gallon	Case 4/ 1 gal	5.33
Juice, Apple, full strength, unsweetened, pasteurized, grade A, 4 oz container	Case 75/4oz	.30
Juice, Orange, full strength, unsweetened, grade A, 4 oz container	Case 75/4oz	.31

Hiland Dairy is still currently the only milk company providing delivery to schools in the State of Oklahoma. The above figures were submitted for SY24-25 as a one year continuation of our bid agreement from SY22-23. Hiland Dairy has been our vendor for milk products and juice for the past five years and has provided excellent service.

I recommend accepting the proposed milk and juice prices and renewing the Hiland Dairy contract for School Year 2024-25.

## ARTIFICIAL INTELLIGENCE SYSTEMS AND TOOLS USE IN THE SCHOOL DISTRICT

The introduction of AI offers unprecedented opportunities for enhancing teaching methods, expanding learning resources, and fostering innovative educational experiences. However, Artificial Intelligence ("AI") also presents unique risks, challenges, and responsibilities, particularly in terms of ethical use, data privacy and security, and the accuracy and integrity of academic work.

This Policy serves to responsibly harness the potential of these AI technologies while also safeguarding the interests and well-being of our students, teachers, and professional staff. Through this Policy, the District endeavors to (i) prepare our students, teachers, and professional staff for the future and (ii) equip them with the knowledge and skills to use these systems and tools wisely and ethically. The District will continue to support our teachers in incorporating AI into their teaching practices in ways that enrich the teaching and learning experience while upholding the District's educational standards and values.

1. AI systems and tools must comply with data privacy and security laws and policies.
2. AI systems and tools will serve to enhance the District's commitment to high-quality learning.
3. Safeguards are essential to the use of AI systems and tools to minimize bias, promote fairness, and preserve the rigor and integrity of learning.
4. The use of AI systems and tools by students, teachers and professional staff must account for the context of teaching and learning and should be adopted, implemented and utilized in ways that maximize equity of access, use and benefit.

### **Student Use Guidelines:**

Certain assignments may permit, encourage or require the use of AI systems and tools. In each case, it will be clearly stated in the assignment or specified by the teacher. Use beyond the specified guidelines of the teacher or assignment should be understood as prohibited. It is each student's responsibility to assess the validity and applicability of any AI output that is submitted with an assignment.

1. Students are allowed to use AI for explanations of concepts, exploration of new topics of interest, and seeking guidance on research directions. However, students should be mindful that some AI is prone to "hallucinations", false answers/information, or outdated information. Accordingly, AI can generate erroneous, misleading, and/or biased information. Thus, students must always verify the information provided by AI using reliable sources such as textbooks, scientific papers, and reputable educational websites. Students must verify that any response from an AI tool that they intend to rely on, or use is appropriate, accurate, not a violation of any other individual or entity's property or privacy rights, and consistent with the District's academic policies.
2. Students should not upload or input any personal, confidential, proprietary, or sensitive information into any AI tool. Examples include passwords and other personal information such as names, likenesses, social security numbers, credit card or bank account numbers.
3. Offenses or violations of this Policy will be addressed by the teacher and professional staff. Procedures should be clearly established in the student discipline code or academic integrity policies.

**ARTIFICIAL INTELLIGENCE (CON'T)****Staff Use Guidelines:**

1. Teachers and professional staff may consult AI for ideas, outlines and to enhance the educational experience, such as supplementing lesson plans, providing differentiated instruction, and aiding in curriculum development.
2. Teachers and professional staff must ensure that their use of any AI tool complies with applicable laws such as those governing data and student privacy and District policies, including, without limitation, those regarding student information. All tools are compliant if no protected information is entered into the tool.
3. Teachers and professional staff should not upload or input any confidential, proprietary, or sensitive information, including any such District or student information into any AI tool. Examples include passwords, personal information such as names, likeness, social security numbers, credit card or bank account numbers and other credentials, personnel material, information from non-public District documents, including those identified as or understood to be confidential or sensitive (based on their nature or context) or any other non-public District information that might be harmful to the District if disclosed.
4. Teachers and district/site professional staff should guide students in using AI.
5. Teachers and professional staff should carefully evaluate the appropriateness of AI for educational purposes on a case by case basis, considering their appropriateness for each educational context, accuracy, reliability, and alignment with curriculum standards.
6. Teachers and professional staff must supervise student use of AI to ensure it is being used appropriately and constructively in the learning process.
7. Teachers who suspect plagiarism or use of AI that violates district policy should first have a conversation with a student to ensure that they understand expectations for acceptable use. Teachers should consult with administration to determine appropriate steps to investigate any possible violation of policy. AI detection tools will not be the basis of information relied upon in an investigation when it is believed that policy has been violated with regard to the use of AI by students.

**District Level Guidelines:**

Approved tools and their uses should be determined by the appropriate school district personnel after consideration of security, privacy, data usage, and academic integrity and quality standards, regulations, and values.

530. **OPEN TRANSFERS** (Approved 12-6-99)(Revised 11-6-06, 6-13-2022, 7.11.2022, 4.09.24, 6.10.24)(Replaced12-13-21) (see procedure pages)

The school district will not accept or deny a transfer based upon the student's race, color, sex, ethnicity, national origin, gender, gender identity, religion, disability, veteran status, sexual orientation, income level, proficiency in the English language, measure of achievement, aptitude or athletic ability. Failure to meet the criteria in this policy for approval will not be deemed to be rejection for a discriminatory reason. The school district will begin accepting applications for the next school year starting on the first Monday in June. Receipt of applications will be documented by the district so that the district may review those applications in the order submitted for purposes of capacity limitations. The administration will not approve or deny transfers received for the next school year until after the July 1 capacity data is determined for each grade level and site within the school district.

### **Transfer Application**

Applications for transfer shall be completed by the parent of a student on an application form specified by the State Board of Education. The term "parent" means the parent of a student or person having custody of the student as provided for in OKLA. STAT. tit. 70, § 1-113(A)(1). The application shall be filed with the superintendent of the receiving school district if the receiving school district is within this state or with the State Board of Education for transfers to school districts in another state.

In addition to completing the application form as specified by the State Board of Education, applicants must complete and submit both the District's Application Form (**ATTACHMENT A**) and the Transfer Student Consent to Cancellation of Transfer (**ATTACHMENT B**). The district will not approve an application for a transfer that is submitted without these completed forms. The district will notify all resident school districts that an application for the transfer has been filed by a student enrolled in the resident school district. This district shall timely approve or deny the application and shall notify the parents of the students, in writing, of the decision. Siblings must apply individually.

Transfers that have previously been approved by the school district will remain in effect for future school years unless the district provides notification to the parent or legal guardian that the transfer is not going to be continued for an upcoming school year due to capacity, disciplinary action or attendance issues. The district will not require parents resubmit a new application each school year and will advance the previous application of an enrolled student amending only the grade placement of the student.

A transfer may be requested at any time in the school year. State law does limit the ability of a student to transfer to no more than two (2) times per school year to one or more school districts in which the student does not reside. Exceptions to this limit will exist for students in foster care. Students are legally entitled to reenroll at any time in his or her school district of residence. Any brother or sister of a student who transfers may attend the school district to which their sibling transferred as long as the school district has capacity in the grade level and the sibling does not meet a basis for denial as listed below. A separate application must be filed for each student so that the district can timely consider requests in the order applications are received.

### **Approval of Transfers**

Once an application for a transfer has been submitted to the District, it will be forwarded to the superintendent or the superintendent's designee for review and shall be considered in accordance with the criteria set forth below. The board of education delegates to the superintendent or the superintendent's designee authority to approve or deny a transfer application pursuant to the criteria listed in this policy.

It is the policy of the board of education that any legally transferring student shall be accepted by the district under the following circumstances:

1. The district has the capacity to accept the student at the grade level at the school site;
2. The transferring student has not been disciplined for:
  - A. violation of a school regulation,
  - B. a possession of an intoxicating beverage, low-point beer as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities, or
  - C. possession of a dangerous weapon or a controlled dangerous substance while on or within two thousand (2,000) feet of public school property, or at a school event, as defined in the Uniform Controlled Dangerous Substances Act.

3. The transferring student does not have a history of absences. "History of absences" means ten or more absences in one semester that are not excused for the reasons provided in 70 O.S. Section 10-105 or due to illness.

The applicant:

1. Fails to complete and submit the Application Form (**ATTACHMENT A**), provide the district with sufficient educational records, or inform the district in detail of the grades/courses/programs in which the student desires to enroll or participate if the application is accepted so that the criteria above can be applied within the time deadlines set by law for the approval or rejection of a transfer. All such records must be supplied to the district in time for district personnel to make a reasonable review of such records in applying the approval/denial criteria set by this policy. This is particularly important for students with disabilities because all documentation of the resident district will need to be reviewed to make a preliminary determination as to whether the district has the appropriate programs, staff, and services to provide the applicant with the education and services set forth in the student's IEP or Section 504 Accommodation Plan, and, if a preliminary approval determination is made, to prepare for and conduct a joint IEP or Section 504 conference with the resident district prior to any final approval or rejection of the transfer application. All applicants must consent in writing to the release of educational records from previous schools attended, and applicants for students with disabilities must consent in writing to forward to this district whatever confidential records this district deems necessary to review in applying the approval/denial criteria of this policy. The superintendent or superintendent's designee has the authority to amend (**Attachment A**) by regulation to include additional information needed to review an application request.
2. Fails to complete the Transfer Student Consent to Cancellation of Transfer (**Attachment B**)
3. Fails to timely submit a completed application; or,
4. Provides incorrect information on the application request.

3. The transferring student does not have a history of absences. "History of absences" means ten or more absences in one semester that are not excused for the reasons provided in 70 O.S. § 10-105 or due to illness.

By the first day of January, April, July and October, the board of education shall establish the number of transfer students the district has the capacity to accept in each grade level for each school site within the district. The number of transfer students for each grade level at each site that the district has the capacity to accept will be posted in a prominent place on the school district's website. The district shall report to the State Department of Education the number of transfer students for each grade level for each school site which the district has the capacity to accept.

In making the decision to determine capacity, the board of education shall review class size limits specified in 70 O.S. § 18-113.1 and multiply those limits times the number of classroom teachers employed by the school district at each grade level. If classroom space is not sufficient to accommodate that number of students due to a classroom being disproportionately sized, the district's capacity numbers will reflect a lesser amount based upon that classroom size.

### **Capacity Determination**

Capacity, hereafter deemed Program Capacity, determinations are specifically for the purpose of complying with Oklahoma Senate Bill 783 (2021) guidelines to determine the capacity for Sapulpa Public Schools to accept transfer students as defined by this legislation. Program Capacity is not intended to define district decisions related to staffing allocations or class size determinations for non-transfer students.

In making the decision to determine Program Capacity, the board of education shall review class size limits specified in 70 O.S. § 18-113.1 and multiply those limits times the number of classroom teachers employed by the school district at each grade level. If classroom space is not sufficient to accommodate that number of students due to a classroom being disproportionately sized, the district's capacity numbers will reflect a lesser amount based upon that classroom size. Sapulpa Public Schools recognizes the need to provide additional support in schools designated as Schoolwide Title I sites and as a result, implements a 10% variance in all capacity calculations as it relates to Oklahoma Senate Bill 783 (2021).

The following calculations will be used to determine Program Capacity for Sapulpa Public Schools

- PK- 2nd :

By site, the number of teachers per grade level x 20 students = PK-2nd Grade Program Capacity by site and by grade level

- 3<sup>rd</sup>-5<sup>th</sup> :  
By site, the number of teachers per grade level x 24 students = 3<sup>rd</sup>-5<sup>th</sup> Grade Program Capacity by site and by grade level
- 6th-7th Grades:  
By site, the number of English Language Arts Sections per grade level x 2923= 6th-7th Grade Program Capacity, by site and by grade level
- 8th-12th Grades:  
By site, the number of English Language Arts Sections per grade level x 2927= 8th-12th Grade Program Capacity, by site and by grade level

As it relates to Program Capacity, “Student” is defined as any student currently enrolled in Sapulpa Public Schools (SPS). This includes SPS students participating in any of the following learning formats: traditional in-person; headstart; homebound; alternative program (s); blended instruction; virtual; concurrent enrollment; career and technology programs, and dual credit.

As it relates to Program Capacity, “English Language Arts” includes all levels of English Instruction for each specific grade level (e.g. English 3 and AP English Language). Self-contained special education courses and special education-related teacher maximums are defined elsewhere.

As it relates to Program Capacity, the “number” of English Language Arts Teachers will be based on the Full-Time Equivalent (FTE).

Transfers will be approved on a student-by-student basis in the order in which they are received and in accordance with the policy provisions set out below. Students who are the dependent children of a member of the active uniformed military services of the United States on full-time active-duty status and students who are the dependent children of the military reserve on active duty orders shall be eligible for admission to the school district regardless of the capacity of the district. Students shall be eligible for military transfer if:

1. At least one parent of the student has a Department of Defense-issued identification card; and
2. At least one parent can provide evidence that he or she will be on active-duty status or active-duty orders, meaning the parent will be

temporarily transferred in compliance with official orders to another location in support of combat, contingency operation or a national disaster requiring the use of orders for more than thirty (30) consecutive days.

### **Criteria for Approval or Denial of Transfers**

The fact that the district has adopted a transfer policy does not mean that every transfer application will be accepted. A transfer will be denied if the administration determines the transfer would detract from the educational experience of currently enrolled students or place additional financial or space burdens upon the district.

In addition to the general criteria listed above, a transfer application will **NOT** be approved if:

- A. This district does not:
  - 1. Provide the courses/educational program(s) in which the applicant desires to enroll or in which this district deems the student is required to enroll in order to comply with state and federal laws and regulations.
  - 2. Have adequate facilities or services to provide the courses/educational program(s) in which the applicant desires to enroll or in which this district deems the student is required to enroll in order to comply with state and federal laws and regulations.
  - 3. Have adequate space for the student in the courses/educational program(s) in which the applicant desires to enroll or in which the district deems the student is required to enroll in order to comply with state and federal laws and regulations. The administration may reserve preferred space for resident students or new resident students reasonably anticipated to move into the district during the school year. Thus, the district may deny a transfer if approval would result in:
    - A. Placing a financial or education burden on district facilities or staff in the courses/educational programs the student would attend; or
    - B. Exceeding class size limitations set by state law or district policy in such courses; or,
    - C. Exceeding a percentage of such class size limitations as set by the superintendent or designee. The administration may determine that a percentage of class size mandates should be reserved for

later resident enrollment to prevent the exceeding of class size limits later in the school year due to additional enrollment of reasonably anticipated new resident students.

1. Have current personnel needed to provide the grade/courses/programs in which the applicant desires to enroll.

If accepted, a student transfer is granted for the existing school year and may continue to attend in future years. At the end of the school year, the district may deny continued transfer of the student due to capacity or for disciplinary reasons or a history of absences.

If a transfer request is denied by the administration, the parent or legal guardian of the student may appeal the denial within ten (10) days of notification of denial to the board of education. The board of education shall consider the appeal at its next regularly scheduled board meeting if notice is provided prior to the statutory deadline for posting the agenda for the meeting. If notice is after the deadline for posting, the board shall consider the appeal at a special meeting of the board of education.

During the appeal, the board will review the action of the administration to make sure that the district policy was followed with regard to the denial of the transfer. The board of education will meet in an executive session to review the educational records of the student. If the policy was not followed, the board of education shall vote to overturn the denial and the transfer will be granted. This will be a paper appeal and will include the written documentation utilized by the school district as well as a written response from the parent or legal guardian which explains why the policy was not followed.

If the board of education votes to uphold the denial of the transfer, the parent or legal guardian may appeal the denial within ten (10) days of the notification of the appeal denial to the State Board of Education. The parent or legal guardian shall submit to the State Board of Education and to the superintendent of the district, a notice of appeal on the form prescribed by the State Board of Education.

A student who enrolls in a school district in which the student is not a resident shall not be eligible to participate in school-related extramural athletic competition governed by the Oklahoma Secondary School Activities Association for a period of one (1) year from the first day of attendance at the receiving school unless the transfer is from a school district which does not offer the grade the student is entitled to pursue as per 70 O.S. § 8-103.2.

### **Students with Disabilities**

If a student with a disability applies for a transfer, the student must supply all documentation of the resident district relating to the student's previous and current IEPs and Section 504 Accommodation Plans so that this district may:

Determine whether the district currently has appropriate programs, staff, services and placement needed to fulfill the current or anticipated IEP or Section 504 Accommodation Plan of the student; and

- B. If a preliminary determination is made that the district has the appropriate programs, staff, services, and placement needed to fulfill the current IEP or Section 504 Accommodation Plan of the student if the transfer application is approved, conduct the statutorily-required joint IEP or Section 504 conference with the district of residence before a final determination of approval or denial is made.

Notwithstanding the provisions of this policy, students with disabilities may be educated in this district pursuant to special education cooperative agreements between this district and other school districts. Such transfers will not be deemed to be parent-initiated or student-initiated transfer applications governed by this policy.

### **Approval of a Transfer Requires Agreement for Cancellation of Transfer**

Approval by this district of any transfer is contingent upon the applicant agreeing, in writing, to cancellation of this transfer by the district during the school year if the student does not comply with the rules and regulations of this district for student behavior, or if the family of the transferred student fails to remain current in financial obligations owed to the district, including, but not limited to, payment for lunches or lost or destroyed district property. The board of education hereby delegates to the superintendent or the superintendent's designee authority to cancel any transfer previously granted by the board of education upon a determination that cancellation is appropriate. The consent form is attached as **ATTACHMENT B**, which may be amended by administrative regulation.

### **Students Seeking a Transfer from a Non-Accredited School or a Home School**

Students currently enrolled in a private school not accredited by a state agency or in a home school are not guaranteed enrollment in the grade/programs/courses in which the applicant desires to enroll. Students desiring to transfer from private schools not accredited by a state agency or from a home school will be required to take all placement tests required of resident students enrolling in the district after attendance in private schools not accredited by a state agency or home schools, and the administration will decide the appropriate placement primarily upon placement test results as per district policy. Accordingly, students applying for a transfer from such schools will be granted a provisional transfer until: (a) test results are reviewed to determine the appropriate grade/courses/programs for the applicant; and (b) the criteria of this policy are then applied to determine if the applicant is eligible for transfer approval. An applicant who does not agree to accept placement based upon such test results and criteria review will be deemed ineligible for an approved transfer and the provisional transfer will be of no effect.

## **Acceptance of Assignment Required; Subsequent Change Needs Administrative Approval**

Because approval of transfers is based upon criteria of sufficient programs, staffing, and space needs for the particular applicant, a transfer student must accept the school site, courses, and programs to which the student is assigned by the administration. A transfer student will not be allowed, at the time of or after enrollment, to change the grade/courses/programs in which the student state he/she desired to enroll on the transfer application without specific written permission from the superintendent or superintendent's designee. It will be the responsibility of the transfer student or parent to inform the school official from whom approval for a new assignment is requested that the student is a transfer student, and failure to do so will result in cancellation of the transfer unless excused by the superintendent or designee.

## **Relocation of Family During Term of Transfer**

A student whose family relocates from the school district may continue attendance through the end of the school year during or for which the transfer was granted. The student may apply for a transfer for subsequent school years.

## **Children of District Employees**

A student shall be allowed to transfer to a school district in which the parent or legal guardian of the student is employed by the district as defined in OKLA. STAT. tit. 70, § 1-116.

## **Transportation**

Parents will be required to provide transportation to and from school or to and from a regular pre-existing bus stop in the school district.

A request for a transfer into this district initiated by or on behalf of a nonresident student will be approved or refused in accordance with this policy. The transfer of a student whose resident district does not offer the grade the student is entitled to pursue will be approved IF the student resides within the transportation area of this district.
