Country: France

Dates of Trip:

9 days: Spring Break 2026

Tentative number of students: 24-30

Students Tentative Itinerary: See below

Chaperones: Kimberly Pereira and other teachers from NMS (TBD—based on a ratio of students to teachers 6:1)

Links to academic learning:

International travel offers unparalleled learning opportunities. The tour will take place as an engaging partnership with an accredited institution, EF Tours, who are experts in global travel for students, that will lead us to France for Spring Break 2026. The intent is that students will have the opportunity to practice their language through cultural immersion. Students will also grow as global citizens through the opportunity to travel abroad with classmates and teachers in a way that fosters personal independence and a personal world-view.

This itinerary offers an enriching exploration of France's historical, cultural, and architectural landmarks. Starting in Paris, travelers meet their Tour Director and embark on a walking tour that highlights the significance of Île de la Cité, home to the historic Conciergerie and the stunning Sainte-Chapelle. Here, participants learn about Gothic architecture and the historical context of these landmarks, including the impactful role of Notre-Dame Cathedral. This initial experience sets the stage for understanding the artistic and historical depth of Paris, emphasizing the city's enduring legacy.

The following days deepen this educational experience as travelers venture to the opulence of Versailles and the picturesque Loire Valley. A guided tour of the State Apartments and the Hall of Mirrors at Versailles reveals the grandeur of French royalty, while the gardens showcase the era's landscape design principles. In the Loire Valley, visits to Château de Chambord and Château de Chenonceau highlight Renaissance architecture and the region's historical significance. Engaging with local cuisine in a Troglodyte restaurant adds a sensory dimension to the learning experience, connecting culinary traditions to the region's culture.

The journey continues to Normandy, where historical education takes a poignant turn. Visits to sites like Pointe du Hoc and the American Cemetery in Colleville immerse travelers in the profound narratives of World War II, fostering an understanding of sacrifice and remembrance. The trip concludes with a scavenger hunt through the Louvre, home to countless masterpieces, allowing participants to discover the great works of art and culture housed in one of the world's most impressive art museums.

Each destination and activity on this tour is designed to enrich knowledge of France's diverse heritage, making this itinerary not only a travel experience but also an immersive educational journey.

Insurance: Accident and health insurance coverage is included in the fees for students and chaperones to protect against bodily injury, disability, or death while participating in the tour. Each student participating in the tour must provide an Emergency Treatment waiver signed by the parent or guardian.

EF Tours also provides that all Group Leaders, schools, and districts who travel with EF are added as additional insureds under our \$50 million General Liability Policy, whether or not the tour is considered a school event. This policy helps safeguard Group Leaders, schools, and districts in case of claims related to covered on-tour incidents such as third party personal injury or property damage and provides a legal defense and covers associated legal fees.

International travel offers unparalleled learning opportunities. The tour will take place as an engaging partnership with an accredited institution, EF Tours, who are experts in global travel for students, that will lead us to Peru at the beginning of summer break 2026. The intent is that students will have the opportunity to practice their language through cultural immersion. Students will also grow as global citizens through the opportunity to travel abroad with classmates and teachers in a way that fosters personal independence and a personal world-view.

This itinerary offers a comprehensive educational experience that immerses participants in the rich history, diverse cultures, and stunning natural landscapes of Peru. The weaving demonstration highlights the importance of traditional crafts, showcasing the cultural significance of artisanal skills in the region. Additionally, visits to the Maras salt ponds and Ollantaytambo emphasize sustainable agricultural practices and the historical importance of these sites, providing valuable lessons in environmental stewardship.

The journey to Machu Picchu is another highlight, where the train ride to Aguas Calientes culminates in a guided tour of this iconic site. Participants will learn about Incan engineering, astronomy, and societal organization, emphasizing the significance of preserving such cultural heritage for future generations.

The trip continues in Iquitos and the Amazon, where travel to a jungle lodge introduces participants to biodiversity and environmental studies. Guided hikes and wildlife observations, such as spotting exotic animals in their natural habitats, cultivate a connection to conservation issues. Peru: Land of the Inca – Summer 2026

Your partner in travel-based learning

EF Education First is the world leader in international education. For over 55 years, we've partnered with educators around the world to help more than 15 million students gain new perspectives and build skills for the future through experiential learning.

Our mission is to empower educators to do their best work. At EF Educational Tours, we're working to define the modern educational tour experience. Our itineraries are more than places to go and things to see. We build programs that challenge assumptions, spark connections, and inspire curiosity in young students. Students will expand their knowledge of the world around them, discover more about themselves, grow more confident and independent, and understand new people, places, and cultures.

We take care of every last detail of the tour experience—transportation and lodging, meal reservations and menus, museum tickets and local tour guides, and much more. That also includes behind-the-scenes elements, like safety checks at hotels and background checks on adult travelers. With all that taken care of, educators and students can focus on the bigger picture.

You'll find all the details and more on the next few pages.

Safety

Your students' safety is our number one priority. We would never send a traveler to a location we believe to be unsafe—and with our extensive global presence, our best-in-the-industry experience, and our close working relationships with U.S. and international authorities, that's a statement we can back up with real insight. Whether it's a worldwide pandemic or a sprained ankle, a missed flight or confusing medical paperwork, we make sure every situation is taken care of.

Worldwide presence

EF's global presence is truly unmatched. We have staff on the ground 365 days a year in over 50 countries. And we don't just work in those countries—we call them home. EF team members live in nearly every one of our tour destinations, meaning we have the local knowledge to help keep our groups safe. That presence allows us to be there to support you on the ground wherever and whenever you need us.

24/7 emergency support

In the event that anything on tour goes wrong, EF staff is always available to help. Your Tour Director is your group's constant companion and first point of contact in an emergency. Additionally, our fully trained support teams are on hand 24/7 to walk teachers through any issues and provide the resources necessary to get things back on track. Our Safety and Incident Response Team—comprised of industry experts, healthcare experts, and even former FBI personnel—is ready to spring into action 24 hours a day, 365 days a year. And when they aren't directly helping EF travelers, they're actively innovating on and shaping the new worldwide standards for cleanliness and safety.

Your team

This group is fully committed to your school's trip and the safety of every traveler.

Operations Safety & Incident Response Team – This team is strategically based in our Boston, Panama, Tokyo, and Zurich offices to accommodate for all time zones. Available 24 hours a day, every day of the year, they are trained to react quickly if travelers need help. The team uses a combination of extensive training, simulations, incident response planning, and previous experience to manage emergencies. As needed, they can facilitate additional support for groups on tour, solve operational issues, arrange assistance from outside specialists, and liaise with local and international authorities.

Emergency Services & Support Team – Our support team is available 24/7 to help resolve any issue, from a missed flight to a lost passport to more serious on-tour incidents. They also facilitate communication between travelers and families in the event of an emergency at home. The team is made up of highly trained and dedicated EF staff in our Boston and Denver offices who are equipped to solve problems and answer questions that may come up, even outside of regular business hours.

Tour Director – Assigned exclusively to your tour for the length of the stay at your destination, your Tour Director meets your group at the airport and travels with you until your departure. All Tour Directors undergo a background check as permissible by local law every two years and are required to participate in ongoing EF safety trainings. They're the first point of contact in an emergency and also communicate information to help travelers stay safe in a foreign destination. Tour Directors assist Group Leaders with hotel check-ins, coordinate meals, facilitate excursions with local guides, and much more. They're also culturally connected and expertly trained to support impactful learning experiences.

EF Travel Team – This team is your point of contact at EF. This team is a dynamic duo, made up of a Tour Consultant and an Experience Specialist. Your Tour Consultant is an itinerary whiz & is devoted to the growth of your students. They are your school's partner, working with you on everything from finding the perfect tour and enrolling students to creating long-term travel programs for your school community. Your Experience Specialist is here to dive into all the little details that make your experience with EF special. They will work directly alongside the Group Leader (a.k.a. local teacher), right up until the moment of departure to make sure everything goes smoothly.

Traveler Support – Our team of support specialists are readily available to walk families through insurance inquiries, payment plans, food allergy issues, and any other topics that arise.

Chaperones – For every six travelers who enroll on your school's tour, your group is eligible to bring along a chaperone for free (the first spot goes to the Group Leader). This allows for a 6:1 ratio of students to chaperones, who assist Group Leaders with supervision of students to help keep them safe

Protection for travelers, schools, and districts

We understand that unpredictable things can happen, either on tour or before departure. We offer a variety of protections, programs, and policies to make sure that, no matter what happens, travelers, schools, and districts are covered. We're doing everything we can to make planning for the future as flexible as possible.

General liability insurance

All Group Leaders, schools, and districts who travel with EF are automatically added as additional insureds under our **\$50 million General Liability Policy**, regardless of whether or not the tour is affiliated with the school. EF's liability coverage is primary and non-contributory for covered third-party claims. The policy helps safeguard Group Leaders and their schools for covered third-party claims related to bodily injury or property damage, which includes providing a legal defense and covering legal costs for such claims. In addition, all travelers are required to sign EF's Release and Agreement, which includes a release of liability of their Group Leader, school, and school board.

Flexibility to change tours

The world is always changing. And while our belief in the positive impact of travel is unwavering, it can feel hard to predict what life, here in the U.S. and abroad, will look like several months, a year, or even two years from now. When you decide to travel with EF, we want you to feel secure in that decision. That's why these benefits are built into every EF program.

Peace of Mind

Provided to all groups

We understand that plans can change due to unforeseen circumstances. EF provides this exclusive program to account for such situations. It provides groups with flexibility to change the dates and destination of their tours in uncertain times. This program accounts for such circumstances and can be enacted up to 45 days prior to departure at the group level for any reason, including terrorism or other world events.

Protection for individual travelers

Travelers can help protect their investment and themselves from certain unexpected events and expenses while on tour with the Global Travel Protection Plan and Global Travel Protection Plan Plus.

Global Travel Protection Plan

Available to all travelers

Designed specifically with EF travelers in mind, this plan provides both pre-departure and post-departure benefits, including medical expense coverage that may apply on tour and tour cancellation for specified reasons.

Global Travel Protection Plan Plus

Available to all travelers

To further protect your investment from the unexpected, this plan provides all of the benefits included in the Global Travel Protection Plan as well as expanded cancellation protection.

Background checks for adult travelers

EF requires all adults (20 years and older) to pass a criminal background check before traveling on our student tours. This provides a safer tour experience for all travelers and aligns with the process and expectations of many school districts for adults who volunteer in schools or chaperone school activities. The secure process, provided by a leading professional provider, only identifies those individuals who could present a risk to student travelers while on tour.

Affordability

We believe every student should have the opportunity to travel. That's why we're dedicated to providing the lowest prices possible and giving travelers multiple resources for managing payments.

Tour Consultants work closely with teachers to build a tour that's exactly right for your students. Through discussions with your teacher, they take into account learning objectives, cost, timing considerations, and any other factors to craft a tour that's accessible to as many students as possible.

Resources for managing cost and payments

Automatic Payment Plan – Our recommended payment plan offers the ability to break the tour fee into smaller installments. With most tours planned well in advance, travelers can enroll for only \$95, then pay over a long period of time—often up to 18 months or two years—with final payment due 30 days before departure. Families make payments directly to EF, with no payments going through the school.

Fundraising pages – Each student has access to their own unique and customizable fundraising page. The easy-to-share page makes it simple for friends and family to contribute a little something that is automatically applied to the balance of the tour, with no fees whatsoever.

Global Citizen Scholarship Fund – EF Educational Tours provides \$100,000 worth of scholarships to students across the country every year. Any student is able to apply for the Global Citizen Scholarship, which is awarded on both a merit and need basis.

Risk-free enrollment period - New travelers who enroll by their Enrollment Deadline can cancel for any reason up to 7 days after enrollment for a full refund of 100% of the money paid to EF. Travelers must pay in full or enroll in our Automatic Payment Plan at the time of program enrollment and must remain either paid in full or enrolled in our Automatic Payment Plan and in good financial standing at the time of cancellation to remain eligible. To be eligible, the traveler must enroll on a tour at least 110 days prior to the scheduled departure date.

Educational value

Our tours help prepare students for the future by teaching them more about the world, themselves, and the impact they can have on the world. Combining the power of experiential learning with the thrill of global travel, our tours help students:

- Expand their knowledge of the world around them
- Grow more confident and independent
- Understand new people, places, and cultures
- Discover more about themselves

Sample hotels

Every hotel we work with must meet our high standards for safety, quality, and cleanliness. Hotels are vetted by our team to make sure they meet our requirements and are subsequently inspected regularly to ensure they continue to satisfy those parameters. Please note that hotels abroad may have different amenities than travelers are accustomed to in the United States.

Here are some examples of hotels students might stay in on tour:

Sacred Valley, Peru

Hotels in Peru can vary quite a bit in style—meaning anything from larger, Western-style hotels to smaller hotels with less than 30 rooms. Some may have swimming pools. Since hot water in most hotels in Peru is limited, showers should be kept brief. Heating and room temperatures in Peruvian hotels are generally cooler than in the U.S., and extra blankets are usually provided at hotels. Electrical voltage and outlets in Peru are the same as in the U.S., so you will not need an adapter or converter.

Cuzco, Peru

Hotels in Peru can vary quite a bit in style—meaning anything from larger, Western-style hotels to smaller hotels with less than 30 rooms. Some may have swimming pools. The hotels in Cuzco are commonly family-run or smaller residences that have a rustic feel to them. Hotels in Aguas Calientes are very basic, but centrally located in the town. We recommend that students bring books, games, music, or other forms of entertainment for evenings spent at the hotels after dinner. Since hot water in most hotels in Peru is limited, showers should be kept brief. Heating and room temperatures in Peruvian hotels are generally cooler than in the U.S., and extra blankets are usually provided at hotels. “I am now more confident than ever in the safety and experiences of my students after working with EF on this trip. As a leader, I am committed to ensuring a global mindset throughout my district and student/teacher travel.”

Angela M., Administrator, Brunswick, ME

“I advocate for travel because the world is vast and diverse. If we want to truly understand our neighbors in other states or countries, we must reach out and meet them where they live. Travel provides a glimpse into another world that our students may have Googled or watched on a device, but living it with the smells, food, smiles, and various challenges teaches flexibility, tolerance, understanding, and empathy.”

- Chuck C., Group Leader, Central, SC

From a single tour to a whole program

A single tour can open up endless possibilities for a small group of students. Our goal at EF is to bring that experience to as many students as possible, including the broadest collection of students at your school. By progressing from a single tour to a consistent travel program, you'll not only build a culture of exploration, but you'll provide the opportunity of travel to even more students. We can work directly with you and your staff to establish a framework for your travel program that's tailored specifically to your school's needs and goals.

Dear School Board Members,

My name is Elizabeth Mouchantat. I have been teaching social studies at Newtown High School for 5 years including Government, Economics, U.S. History, World Religions, Asian Studies, and Western Studies. In addition, I am an alumni who graduated with the class of 2012.

This past April I brought 28 students to Italy with ACIS (American Council for International Studies) and currently have 21 students signed up to go to Paris, Switzerland, and Munich this coming April. In order to allow more students the opportunity, and families to financially plan ahead, I am working to plan these Europe trips farther in advance so writing for your approval to run a trip to Greece in April of 2026.

ACIS is the country's leading sponsor of educational tours. Its programs are fully insured, and its nationwide reputation is based on 35 years of experience with more than 500,000 student and adult travelers. They have a 24-hour, 365-day support network staffed by ACIS employees, both in the U.S. and overseas. They use only three-star and four-star hotels in popular and safe areas and the best sources of local transportation. Newtown High School has traveled with ACIS 7 times over the past 11 years.

Our group will have an ACIS Tour Manager who is a highly-trained, multilingual guide and educator. Our tour manager will not only explain what we are seeing, but how it came to be and why it matters. ACIS Tour Managers are renowned for bringing a unique perspective to their tours, combined with a love of teaching and an irresistible enthusiasm for the regions they describe. Our tour manager will serve as an accessible, authoritative source of information, helping students form a basis for exploration. His or her expertise will certainly enhance all that my colleagues and I have taught our students at home.

This nine day trip will explore the highlights of Ancient Greece while introducing students to today's culture. Cities we visit will include Athens, Kalambaka, Delphi, and Olympia. We will have the opportunity to learn about Greece's past and present while we take an ancient style ceramics class, traditional Greek Cooking class and explore the Acropolis, first Olympic arena, and other Ancient locations that students were introduced to in Western Studies. The planned activities and tours will help students explore Greece in a cross disciplinary way, connecting fine arts, architecture, history, sociology and more. It is a wonderful experience to allow them to see firsthand what they have learned over their time at Newtown High School.

My experience with ACIS has shown me they are experts in international travel and will support our students and chaperones leading up to and throughout our trip. I had no concerns while traveling with students and when a student needed any help our tour manager was there! The continued support of the Newtown Board of Education is what makes these once in a lifetime trips so accessible to students and I ask you to approve this travel request for April Break of 2026. If you have any additional questions or concerns, please feel free to contact me at mouchantate@newtown.k12.ct.us.

Sincerely,

Elizabeth Mouchantat

**NEWTOWN BOARD OF EDUCATION
MONTHLY FINANCIAL REPORT
OCTOBER 31, 2024**

SUMMARY

The fourth financial report for the year continues to provide year to date expenditures, encumbrances and information for anticipated obligations. However, it is still early in the year and we have not yet completed our account-by-account analysis; therefore, the projected year-end balance is anticipated to fluctuate. This report also includes a “full-spend” in a majority of our major objects in order to provide a more realistic view of our anticipated year-end balance. The amounts are found in our anticipated obligations column.

The current year-end projected balance now shows \$66,279. The majority of our balance can be found in the salary accounts; specifically, the non-certified salary line as our district continues to experience a shortage in paraeducators and behavioral techs.

At this time, we are also experiencing a large deficit in our electricity account. This is of major concern as we may be faced with a very large shortfall. This account is being closely monitored and discussions have begun around the implementation of a “soft freeze.”

During the month of October, the district spent approximately \$8.6M for operations. About \$6.6M was spent on salaries (we had three pay-periods within the month) with the remaining balance of \$2.0M spent on all other objects. These expenditures appear normal at this time.

This report also includes transfer requests totaling \$1,140,764

This transfer request is typical for this time of year as many certified positions have been reclassified.

- \$1,121,980 to be transferred across salary accounts in object code 100. This transfer is for the realignment and reclassification within our certified salaries, changes in administration and salary adjustments for our non-affiliated group (these adjustments were approved by the Board last May). Remaining salary adjustments will be reviewed and transfers will be made within the upcoming months.
- \$18,784 – transfer requests initiated by our Principals. This year we have re-instated transfer requests at the school and director level in order for these areas to have better oversight and control over their budgetary needs. These transfers vary in amounts and objects; however, they are all relatively small, ranging from \$232 to \$5,500.

SALARY ACCOUNTS

The overall salary object currently displays a positive position; however, our certified accounts are presenting a negative position while our non-certified accounts are in the positive, mostly due to vacancies.

- **Teacher salary accounts** – This year we experienced the usual amount of turnover, resulting in 26 leaves (8 retirements and 18 resignations). However, we did not hit our budgeted dollar amount of anticipated turnover. Each year we enter a negative dollar amount into the budget

that accounts for the salary change in certified staff. For example, if a teacher retires and the replacement comes in on a lower step, that “savings” has already been built into our budget by way of our “turnover account.” Currently, we are short by about \$140,000, only recouping approximately \$360,000 in certified turnover savings. All of our certified positions have been filled at this time; therefore, it is expected that we will not meet our budget. We also experienced higher rate changes than normal, having to fulfill a Memorandum of Understanding (MOU) that precipitated last year during our prior superintendent’s tenure. However, it is still early in the year and it is possible that we will experience some residual turnover or savings in other certified areas.

- **Non-certified accounts** – Once again, we are currently experiencing a large surplus in our para professional account; having 10 openings in special education. However, it’s important to keep in mind that this year we implemented a “savings in turnover” account for our non-certified staff. This account is designed to work exactly as the certified turnover account, representing a negative offset to our non-certified salary line. The budgeted amount here is -\$120,000 and can be found in the “Non-Cert Adj” account. This account holds a combination or non-cert turnover, non-affiliated salary adjustments and the para-equity adjustment that was approved by the Board last year.
- The Special Education Services line item also display a large surplus of over \$130,000. The majority of this is due to the unfilled Behavioral Tech positions. As with prior years, we have had to outsource these positions which has become extremely costly. These BT’s are required as outlined in the student’s IEP (Individualized Education Program) and therefore mandated by law. Currently we have five openings and next month, we will transfer some of this surplus to cover the cost of the outside contracted service.

OTHER PURCHASED SERVICES

The overall position of this object now displays a negative balance of -\$142,925. This negative position can be attributed to the outside service (as described above) that’s required to cover for our Behavioral Techs.

- **Out-of-District Tuition**
As you are aware, this area of the budget can be highly volatile as students are unexpectedly outplaced into high cost educational facilities. As of now, we have fully encumbered or captured all anticipated costs for this line item; however, it is still early in the year and we anticipate more changes to come.

On December 1st we will be submit the first estimate to the state for our Excess Cost Grant. Once submitted, we will update this report to reflect a more accurate reimbursement of our high-cost tuition. We are currently carrying the budgeted revenue number as an offset, accounting for a 70% reimbursement rate. However, last year the State only reimbursed us 67% due to underfunding.

SUPPLIES

Our electricity account is currently a large concern. Due to an unforeseen change in PURA regulations, we have experienced a **42% increase in our demand costs**. As a result, we could be faced with a deficit of over \$200,000 in demand costs alone. In addition to this unprecedented increase in our utility bills, the credit offsets that we receive from Eversource for our “solar farm” (a.k.a. virtual net metering program) has decreased due to lower utility supply rates. If you recall, last year Eversource increased their supply rate to an all-time high of over \$.20 cents per Kilowatt of energy. When the supply rate is high, our virtual net metering (VVM) credits will increase. However, on the flip side, when the utility supply rates are low, our credit offsets are reduced. This year, the utility supply rate is at about \$.08 cents per Kilowatt; thus, reducing our VNM credit by over 50%. The current projected loss of credit is over \$200,000. **Combined, this is a deficit of \$400,000 in our electricity account.**

It is still early in the year and Eversource will most likely increase their utility rates in January. If this happens, we will see an increase in our VNM credits. There is also some indication that demand rates may lesson at the same time. **The anticipation of these favorable changes has not been included in this forecast.** However, this deficit is a large concern that we will be monitoring closely. We will keep the Board apprised of all changes that occur.

ALL OTHER OBJECTS

Our account-by-account analysis will continue in the upcoming months and will provide more of an in-depth look at each account as more data becomes available. We will keep the board apprised of any issues or concerns as they arise.

Revenue Received

Year-to-date, the Board has received \$8,465.85 in regular tuition income and \$1,222.51 in miscellaneous revenue.

Emergency Repairs

There were no emergency repairs over \$5,000 for the month of October

Note: Connecticut’s anti-discrimination laws prohibit discrimination on the basis of many different categories, including but not limited to sexual orientation. In 2023, Public Act No. 23-145 established a statutory definition of the term “sexual orientation.” S & G revised its policy in the “Community Series, 1000,” to include this new definition and to reflect the federal requirement that boards of education provide equal access to the Boy Scouts and other groups. This is a new policy for NPS in the Community Relations Series 1000. This policy refers to Section 504 and the Americans with Disabilities Act for Employees and Prohibition of Sexual Discrimination, Including Sex-Based Harassment (Personnel) and those two policies will also be recommended for adoption at the next Policy Subcommittee meeting.

If the name of the District Coordinator changes due to a shift in employee responsibilities or change in personnel, the policy will be updated and it is not considered a revision of the policy because the substance of the policy is unchanged.

On 9/30/24, S & G updated the model policies related to discrimination and harassment to ensure the appeal procedures are comparable across all policies. Further, S & G clarified that the type of conduct prohibited by this policy includes epithets related to sex, sexual orientation, and/or gender identity or expression.

**POLICY AND ADMINISTRATIVE REGULATIONS
REGARDING NON-DISCRIMINATION (COMMUNITY MEMBERS)**

Protected Class Discrimination Prohibited:

It is the policy of the Newtown Board of Education (the “Board”) that any form of discrimination or harassment on the basis of race, religion, color, national origin, ancestry, alienage, sex, sexual orientation, marital status, age, disability, pregnancy, gender identity or expression, veteran status, status as a victim of domestic violence, or any other basis prohibited by state or federal law (“Protected Class”) is prohibited in the Newtown Public Schools (the “District”), whether by students, Board employees, Board members or third parties subject to the control of the Board, subject to the conditions and limitations established by law. The Board’s prohibition of discrimination or harassment in its educational programs or activities expressly extends to academic, nonacademic and extracurricular activities, including athletics, school-sponsored activities, as well as the District website. When the Board has created a limited public forum, the Board shall provide equal access to the Boy Scouts and other groups as required by law.

Retaliation Prohibited:

The Board further prohibits reprisal or retaliation against any individual who reports incidents in good faith that may be a violation of this policy, or who participates in the investigation of such reports.

Discrimination on the Basis of Protected Class Association Prohibited:

Discrimination and/or harassment against any individual on the basis of that individual's association with someone in a Protected Class may also be considered a form of Protected Class discrimination and/or harassment, and is therefore prohibited by this policy.

Scope and Applicability:

Students, Board employees, Board members and community members (e.g., other individuals affiliated with the District, accessing or seeking access to District facilities) are expected to adhere to a standard of conduct that is respectful of the rights of all members of the school community.

Definitions:

The following definitions apply for purposes of this policy:

A. Discrimination: Discrimination in violation of this policy occurs when an individual is denied participation in, or the benefits of, a program or activity of the Board because of such individual's actual or perceived membership in a Protected Class.

B. Harassment: Harassment is a form of Protected Class discrimination that is prohibited by law and by this policy. Harassment constitutes unlawful discrimination when it creates a hostile environment, which occurs when the harassment is sufficiently severe, pervasive, or persistent so as to interfere with or limit an individual's ability to participate in or benefit from the services, activities, or opportunities offered by the District.

The following non-exhaustive list provides examples of the types of prohibited conduct that may be considered Protected Class harassment that can lead to a hostile environment:

- objectively offensive racial, ethnic, or religious epithets (or epithets commonly associated with any Protected Class membership, including but not limited to epithets relating to sex, sexual orientation, and/or gender identity or expression);
- other words or phrases considered demeaning or degrading on the basis of Protected Class membership;
- display of images or symbols commonly associated with discrimination against individuals on the basis of their membership in a Protected Class;
- graphic, written or electronic communications that are harmful or humiliating based on Protected Class membership;
- bigoted conduct or communications; or
- physical, written, electronic or verbal threats based on Protected Class membership.

Harassment does not have to involve intent to harm, be directed toward a specific person, or involve repeated incidents.

Sexual harassment is a form of harassment that is prohibited by law and Board policy. For more information regarding harassment based on sex, sexual orientation, pregnancy, or gender identity or expression, contact the District's Title IX Coordinator at:

Deborah Mailloux-Petersen
Director of Pupil Services
Newtown Public Schools

Phone: (203)-426-7628
petersend@newtown.k12.ct.us

C. Gender identity or expression: Gender identity or expression refers to a person's gender-related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth, which gender-related identity can be shown by providing evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity or any other evidence that the gender-related identity is sincerely held, part of a person's core identity or not being asserted for an improper purpose.

D. Sexual orientation: Sexual orientation refers to a person's identity in relation to the gender or genders to which they are romantically, emotionally or sexually attracted, inclusive of any identity that a person (i) may have previously expressed, or (ii) is perceived by another person to hold.

E. Veteran: A veteran is any person honorably discharged from, released under honorable conditions from or released with an other than honorable discharge based on a qualifying condition from, active service in, the United States Army, Navy, Marine Corps, Coast Guard, Air Force, and Space Force and any reserve component thereof, including the Connecticut National Guard. "Qualifying condition" means (i) a diagnosis of post-traumatic stress disorder or traumatic brain injury made by an individual licensed to provide health care services at a United States Department of Veterans Affairs facility, (ii) an experience of military sexual trauma disclosed to an individual licensed to provide health care services at a United States Department of Veterans Affairs facility, or (iii) a determination that sexual orientation, gender identity or gender expression was more likely than not the primary reason for an other than honorable discharge, as determined in accordance with Conn. Gen. Stat. §§ 27-103(c), (d).

F. Race: The term race is inclusive of ethnic traits historically associated with race, including but not limited to, hair texture and protective hairstyles. "Protective hairstyles" includes, but is not limited to, wigs, headwraps and hairstyles such as individual braids, cornrows, locs, twists, Bantu knots, afros and afro puffs.

G. Domestic violence: Domestic violence means (1) a continuous threat of present physical pain or physical injury against a family or household member, as defined in Conn. Gen. Stat. § 46b-38a; (2) stalking, including but not limited to, stalking as described in Conn. Gen. Stat. § 53a-181d, of such family or household member; (3) a pattern of threatening, including but not limited to, a pattern of threatening as described in Conn. Gen. Stat. § 53a-62, of such family or household member or a third party that intimidates such family or household member; or (4) coercive control of such family or household member, which is a pattern of behavior that in purpose or effect unreasonably interferes with a person's free will and personal liberty. "Coercive control" includes, but is not limited to, unreasonably engaging in any of the following: (a) isolating the family or household member from friends, relatives or other sources of support; (b) depriving the family or household member of basic necessities; (c) controlling, regulating or monitoring the family or household member's movements, communications, daily behavior, finances, economic resources or access to services; (d) compelling the family or household member by force, threat or intimidation, including, but not limited to, threats based on actual or suspected immigration status, to (i) engage in conduct from which such family or household member has a right to abstain, or (ii) abstain from conduct that such family or household member has a right to pursue; (e) committing or threatening to commit cruelty to animals that intimidates the family or household member; or (f) forced sex acts, or threats of a sexual nature, including, but not limited to, threatened acts of sexual conduct, threats based on a person's sexuality or threats to release sexual images.

Alleged Discrimination/Harassment of Students or Employees:

Complaints pertaining to specific forms of discrimination and/or harassment, such as sexual harassment or disability-based harassment, have specific policies and procedures applicable to these forms of harassment and will be investigated in accordance with the specific procedures for such issues. Complete a final investigation report that includes: (i) a findings of fact based on the evidence gathered; (ii) for each allegation, the conclusion(s) and reasoning(s) as to whether the discrimination or harassment occurred; and (iii) for any individual(s) found to have engaged in discrimination or harassment, a broad statement of consequences imposed (to the extent permitted by state and federal confidentiality requirements) (e.g., "Consequences were imposed.").
7. Communicate the outcome of the investigation in writing to the complainant and respondent (if any) (to the extent permitted by state and federal confidentiality requirements), within thirty (30) business days (provided that such timeframe may be reasonably extended based on the availability of necessary witnesses and/or participants, the complexity of the investigation, and/or other extenuating circumstances) from the date the complaint was received by the Superintendent's office. The complainant and respondent (if any) shall be notified of any extension of the investigation timeline. The written notice shall include a finding whether the complaint was substantiated and if so, shall identify, to the extent possible, how the District will remedy the discrimination or harassment, adhering to the requirements of state and federal law;
8. If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly as possible given the availability of employees and/or other individuals who may have information relevant to the complaint. If fixed timeframes cannot be met, the complainant and respondent (if any) will receive notice and interim measures may be implemented as necessary;
9. Whenever allegations are verified, ensure that appropriate corrective action is taken (including, but not limited to, disciplinary action) aimed at preventing the recurrence of the discrimination or harassment. Corrective action should include steps designed to avoid continuing discrimination or harassment;
10. After receiving the written notice of the outcome, parties shall have ten (10) school days to submit a formal written statement of appeal, if they so choose, to the Superintendent challenging the outcome of the investigation and explaining the basis for appeal. Upon receipt of an appeal, the Superintendent shall appoint a

decisionmaker(s) for the appeal, who may be the Superintendent or designee. The decisionmaker(s) for the appeal will provide the appealing party's written statement to the non-appealing party. The non-appealing party will then have ten (10) school days to submit to the decision-maker(s) for the appeal a written statement in support of, or challenging, the outcome of the investigation. The decisionmaker(s) for the appeal shall review the evidence and the information presented by the parties and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator(s) and the parties, a meeting with appropriate individuals to attempt to resolve the complaint, or a decision affirming or overruling the written outcome. Generally, a party's disagreement with the outcome of the investigation, alone, will not be the basis for further action. The decisionmaker(s) for the appeal will attempt to issue written notice of the outcome of the appeal to the parties within thirty (30) days of receipt of all written statements from the parties.

Complaint Procedure for Superintendent/Board Member Complaints:

Any district administrator or Board member who receives a complaint of discrimination, harassment or retaliation of a community member by a Board Member and/or the Superintendent shall forward the complaint promptly to the Director of Pupil Services. Complaints pertaining to the Superintendent or Board of Education members will be forwarded to the Chair of the Board of Education. Complaints pertaining to the Board Chair will be forwarded to the Board Vice Chair. In all cases, the individual receiving the complaint shall take appropriate steps to cause the matter to be investigated in a manner consistent with the procedures described above.

If a complainant or a respondent is not satisfied with the findings and conclusions of an investigation in which the Superintendent or a member of the Board is the respondent, within (30) calendar days of receiving the findings such party may present the complaint and written outcome to the Board Chair (or, if initially presented by the Board Chair, the Board Vice Chair), who will take appropriate steps to cause the matter to be reviewed in a manner consistent with the Board's non-discrimination policy and regulation. Such steps may include retention of an investigator different from the investigator who investigated the complaint.

- A. eliminate the discriminatory/harassing/retaliatory conduct,
- B. prevent its recurrence, and
- C. address its effects on the complainant and any other affected individuals.

Examples of appropriate action may include, but are not limited to:

- A. In the case of a student respondent, interventions for the individual who engaged in the discrimination/harassment may include, but are not limited to, discipline (including but not limited to suspension and/or expulsion), educational interventions, exclusion from

extra-curricular activities and/or sports programs, and/or referral to appropriate state or local agencies;

- B. In the case of an employee respondent, interventions for the individual who engaged in the discrimination/harassment may include, but are not limited to, supervisor notification, discipline (including possible termination of employment), training, and/or referral to appropriate state or local agencies;
- C. In the case of respondent who is otherwise associated with the school community, interventions for the individual who engaged in the discrimination/harassment may include, but are not limited to, exclusion from school property and/or activities and/or referral to appropriate state or local agencies;
- D. Follow-up inquiries with the complainant and witnesses to ensure that the discriminatory/harassing conduct has stopped and that they have not experienced any retaliation;
- E. Supports for the complainant; and
- F. Training or other interventions for the larger school community designed to ensure that students, staff, parents, Board members and other individuals within the school community understand the types of behavior that constitute discrimination/harassment, that the District does not tolerate it, and how to report it.

Note: S & G updated this policy and administrative regulations based on the April 2024 guidance on Title IX released by the U.S. Department of Education. This is a mandated policy and it is recommended for adoption. At the time the Board adopts this policy and reviews the administrative regulations as an item of information, the Board should rescind its current policy.

If the name of the Title IX Coordinator changes due to a shift in employee responsibilities or change in personnel, the policy will be updated and it is not considered a revision of the policy because the substance of the policy is unchanged.

This policy is recommended for adoption at this time because it is referenced in policies in Series 5000, Students.

On 9/30/24, S & G updated the model policies related to discrimination and harassment to ensure the appeal procedures are comparable across all policies. Further, S & G clarified that the type of conduct prohibited by this policy includes epithets related to sex, sexual orientation, and/or gender identity or expression.

NON-DISCRIMINATION

Protected Class Discrimination Prohibited:

The Newtown Board of Education (the “Board”) will not make employment decisions (including decisions related to hiring, assignment, compensation, promotion, demotion, disciplinary action and termination) on the basis of race, color, religion, age, sex, marital status, sexual orientation, national origin, alienage, ancestry, disability, pregnancy, genetic information, veteran status, gender identity or expression, status as a victim of domestic violence, or any other basis prohibited by state or federal law (“Protected Class”), except in the case of a bona fide occupational qualification.

It is the policy of the Board that any form of discrimination or harassment on the basis of an individual’s actual or perceived membership in a Protected Class, whether by students, Board employees, Board members or third parties subject to the control of the Board, is prohibited in the Newtown Public Schools (the “District”). The Board’s prohibition of discrimination or harassment in its educational programs or activities expressly extends to academic, nonacademic and extracurricular activities, including athletics.

Discrimination on the Basis of Erased Criminal History Prohibited:

The Board will not discriminate against any employee or applicant for employment solely on the basis of the individual’s erased criminal history record information, as defined in Conn. Gen. Stat. § 46a-80a.

Retaliation Prohibited:

The Board prohibits reprisal or retaliation against any individual who reports incidents in good faith that may be a violation of this policy, or who participates in the investigation of such reports.

Discrimination on the Basis of Protected Class Association Prohibited:

Discrimination and/or harassment against any individual on the basis of that individual's association with someone in a Protected Class may also be considered a form of Protected Class discrimination and/or harassment, and is therefore prohibited by this policy.

Scope and Applicability:

Students, Board employees, Board members and community members (e.g., other individuals affiliated with the District, accessing or seeking access to District facilities) are expected to adhere to a standard of conduct that is respectful of the rights of all members of the school community.

Definitions:

The following definitions apply for purposes of this policy:

A. Discrimination

It is illegal for employers to treat employees differently in relation to hiring, discharging, compensating, or providing the terms, conditions, and privileges of employment because of such employee's actual or perceived membership in a Protected Class.

B. Harassment

Harassment is a form of Protected Class discrimination that is prohibited by law and by this policy. Harassment is unwelcome conduct that is based on an employee's actual or perceived membership in a Protected Class. Harassment constitutes unlawful discrimination when 1) enduring the offensive conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

The following non-exhaustive list provides examples of the types of prohibited conduct that may be considered Protected Class harassment that can lead to an intimidating, hostile, or abusive environment, and are therefore prohibited by this policy:

- objectively offensive racial, ethnic, or religious epithets (or epithets commonly associated with any Protected Class membership, including but not limited to epithets relating to sex, sexual orientation, and/or gender identity or expression);
- other words or phrases commonly considered demeaning or degrading on the basis of Protected Class membership;

- display of images or symbols commonly associated with discrimination against individuals on the basis of their membership in a Protected Class;
- graphic, written or electronic communications that are harmful or humiliating based on Protected Class membership;
- bigoted conduct or communications; or
- physical, written, electronic or verbal threats based on Protected Class membership.

Harassment does not have to involve intent to harm, be directed toward a specific person, or involve repeated incidents.

Sexual harassment is a form of harassment that is prohibited by law and Board **Policy 4118.112/4218.112**, Policy Regarding Prohibition of Sex Discrimination, Including Sex-Based Harassment. For more information regarding harassment based on sex, sexual orientation, pregnancy, or gender identity or expression, contact the District’s Title IX Coordinator at:

D. Veteran

A veteran is any person honorably discharged from, released under honorable conditions from or released with an other than honorable discharge based on a qualifying condition from active service in the United States Army, Navy, Marine Corps, Coast Guard, Air Force, and Space Force and any reserve component thereof, including the Connecticut National Guard. “Qualifying condition” means (i) a diagnosis of post-traumatic stress disorder or traumatic brain injury made by an individual licensed to provide health care services at a United States Department of Veterans Affairs facility, (ii) an experience of military sexual trauma disclosed to an individual licensed to provide health care services at a United States Department of Veterans Affairs facility, or (iii) a determination that sexual orientation, gender identity, or gender expression was more likely than not the

primary reason for an other than honorable discharge, as determined in accordance with Conn. Gen. Stat. §§ 27-103(c),(d).

E. Gender identity or expression

Gender identity or expression refers to a person's gender-related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth, which gender-related identity can be shown by providing evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity or any other evidence that the gender-related identity is sincerely held, part of a person's core identity or not being asserted for an improper purpose.

F. Sexual orientation

Sexual orientation refers to a person's identity in relation to the gender or genders to which they are romantically, emotionally or sexually attracted, inclusive of any identity that a person (i) may have previously expressed, or (ii) is perceived by another person to hold.

G. Race

The term race is inclusive of ethnic traits historically associated with race, including but not limited to, hair texture and protective hairstyles. "Protective hairstyles" includes, but is not limited to, wigs, headwraps and hairstyles such as individual braids, cornrows, locs, twists, Bantu knots, afros and afro puffs.

H. Domestic violence

The term domestic violence means (1) a continuous threat of present physical pain or physical injury against a family or household member, as defined in Conn. Gen. Stat. § 53a-62, of such family or household member or a third party that intimidates such family or household member; or (4) coercive control of such family or household member, which is a pattern of behavior that in purpose or effect unreasonably interferes with a person's free will and personal liberty. Protected Class Discrimination Prohibited:

The Newtown Board of Education (the “Board”) will not make employment decisions (including decisions related to hiring, assignment, compensation, promotion, demotion, disciplinary action and termination) on the basis of race, color, religion, age, sex, marital

status, sexual orientation, national origin, alienage, ancestry, disability, pregnancy, genetic information, veteran status, gender identity or expression, status as a victim of domestic violence, or any other basis prohibited by state or federal law (“Protected Class”), except in the case of a bona fide occupational qualification.

Any such reprisals or retaliation may result in disciplinary action against the retaliator, and other corrective actions as appropriate.

Discrimination on the Basis of Protected Class Association Prohibited:

Discrimination and/or harassment against any individual on the basis of that individual’s association with someone in a Protected Class may also be considered a form of Protected Class discrimination and/or harassment.

As soon as an individual feels that they, or another employee has been subjected to Protected Class discrimination or harassment, the individual should make a written complaint to the Superintendent or designee.

The individual who is alleged to have experienced Protected Class discrimination/harassment (the “complainant”) and any individual accused of Protected Class discrimination/harassment (the “respondent”) (if applicable) will be provided a copy of the Board’s policy and regulation and made aware of the individual’s rights under this policy and regulation. In the event the Superintendent or designee receives a complaint alleging discrimination or harassment based on sex, sexual orientation, pregnancy, or gender identity or expression, the Superintendent or designee shall follow the procedures identified in Board **Policy 4118.112/4218.112**, Policy Regarding Prohibition of Sex Discrimination, Including Sex-Based Harassment. In the event the Superintendent or designee receives a complaint alleging discrimination or harassment based on disability, the Superintendent or designee shall follow the procedures identified in Board **Policy 4118.14/4218.14**, Policy and Administrative Regulations Regarding Employees and Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990.

The complaint should state the:

- A. Name of the complainant,
- B. Date of the complaint,

- C. Date(s) of the alleged harassment/discrimination,
- D. Name(s) of the harasser(s) or discriminator(s),
- E. Location where such harassment/discrimination occurred,
- F. Names of any witness(es) to the harassment/discrimination,
- G. Detailed statement of the circumstances constituting the alleged harassment/discrimination; and
- H. Proposed remedy.

Any individual who makes an oral complaint of discrimination or harassment of an employee will be provided a copy of this regulation and will be requested to make a written complaint pursuant to the above procedure. If an individual is unable to make a written complaint, the employee receiving the oral complaint will either reduce the complaint to writing, assist the individual with completing the written complaint form or request that a District administrator assist the individual.

All complaints received by employees are to be forwarded immediately to the Superintendent or designee. Upon receipt of a complaint alleging discrimination or harassment of an employee under this complaint procedure, the Superintendent shall promptly investigate the complaint, or designate a District administrator or other trained individual to do so.

During the course of the investigation, the investigator shall interview or consult with all individuals reasonably believed to have relevant information, including the complainant, the reporter (if different from the complainant), the respondent, and any witnesses to the conduct. Complaints will be investigated promptly within the timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and/or other extenuating circumstances. Confidentiality will be maintained by all persons involved in the investigation to the extent possible, to the extent consistent with due process, as determined by the investigator.

Upon receipt of a written complaint of discrimination or harassment of an employee, the investigator should:

1. Offer to meet with the complainant and respondent (if applicable) within ten (10) business days (provided that such timeframe may be reasonably extended based on the availability of necessary witnesses and/or participants, the complexity of the investigation, and/or other extenuating circumstances) to discuss the nature of the complaint, discuss the availability of interim measures, identify individuals the complainant or respondent believes has relevant information, and obtain any relevant documents the complainant or respondent may have;

2. Provide the complainant and respondent (if applicable) with a copy of the Board's non-discrimination policy and accompanying regulations;
3. Conduct an investigation that is adequate, reliable, and impartial. Investigate the factual basis of the complaint, including, as applicable, conducting interviews with the parties to the complaint and any relevant witnesses or other individuals deemed relevant to the complaint;
4. Review any records, notes, statements, or other documents relevant to the complaint;
5. Maintain confidentiality to the extent practicable throughout the investigative process, in accordance with state and federal law;
6. Complete a final investigation report that includes: (i) a findings of fact based on the evidence gathered; (ii) for each allegation, the conclusion(s) and reasoning(s) as to whether the discrimination or harassment occurred; and (iii) for any individual(s) found to have engaged in discrimination or harassment, a broad statement of consequences imposed (to the extent permitted by state and federal confidentiality requirements) (e.g., "Consequences were imposed.").
7. Communicate the outcome of the investigation in writing to the complainant and respondent (if any) (to the extent permitted by state and federal confidentiality requirements), within thirty (30) business days (provided that such timeframe may be reasonably extended based on the availability of necessary witnesses and/or participants, the complexity of the investigation, and/or other extenuating circumstances) from the date the complaint was received by the Superintendent's office. The complainant and respondent (if any) shall be notified of such extension. The written notice shall include a finding whether the complaint was substantiated and if so, shall identify, to the extent possible, how the District will remedy the discrimination or harassment, adhering to the requirements of state and federal law;
8. If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly as possible given the availability of employees and/or other individuals who may have information relevant to the complaint. If fixed timeframes cannot be met, the complainant and respondent (if any) will receive notice and interim measures may be implemented as necessary;
9. Whenever allegations are verified, ensure that appropriate corrective action is taken (including, but not limited to, disciplinary action) aimed at preventing the recurrence of the discrimination or harassment. Corrective action should include steps designed to avoid continuing discrimination or harassment;
10. After receiving the written notice of the outcome, parties shall have ten (10) school days to submit a formal written statement of appeal, if they so choose, to the Superintendent challenging the outcome of the investigation and explaining the basis for appeal. Upon receipt of an appeal, the Superintendent shall appoint a decisionmaker(s) for the appeal, who may be the Superintendent or

designee. The decisionmaker(s) for the appeal will provide the appealing party's written statement to the non-appealing party. The non-appealing party will then have ten (10) school days to submit to the decision-maker(s) for the appeal a written statement in support of, or challenging, the outcome of the investigation. The decisionmaker(s) for the appeal shall review the evidence and the information presented by the parties and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator(s) and the parties, a meeting with appropriate individuals to attempt to resolve the complaint, or a decision affirming or overruling the written outcome. Generally, a party's disagreement with the outcome of the investigation, alone, will not be basis for further action. The decisionmaker(s) for the appeal will attempt to issue written notice of the outcome of the appeal to the parties within thirty (30) school days of receipt of all written statements from the parties.

Complaint Procedure for Superintendent/Board Members Complaints:

Any District administrator or Board member who receives a complaint of discrimination, harassment or retaliation of any employee by a Board Member or by the Superintendent shall forward the complaint promptly to the Director of Pupil Services. Complaints pertaining to the Superintendent or Board of Education members will be forwarded to the Chair of the Board of Education. Complaints pertaining to the Board Chair will be forwarded to the Board Vice Chair. In all cases, the individual receiving the complaint shall take appropriate steps to cause the matter to be investigated in a manner consistent with the procedures described above.

If a complainant or a respondent is not satisfied with the findings and conclusions of an investigation in which the Superintendent or a member of the Board is the respondent, within (30) calendar days of receiving the findings such party may present the complaint and written outcome to the Board Chair (or, if initially presented by the Board Chair, the Board Vice Chair), who will take appropriate steps to cause the matter to be reviewed in a manner consistent with the Board's non-discrimination policy and regulation. Such steps may include retention of an investigator different from the investigator who investigated the complaint.

Remedial Action:

If the District makes a finding of discrimination, harassment or retaliation of an employee, the District will take remedial action designed to:

- A. eliminate the discriminatory/harassing/retaliatory conduct,
- B. prevent its recurrence, and
- C. address its effects on the complainant and any other affected individuals.

Examples of appropriate action may include, but are not limited to:

- A. In the case of a student respondent, interventions for the individual who engaged in the discrimination/harassment may include, but are not limited to, discipline (including but not limited to suspension and/or expulsion), educational

- interventions, exclusion from extra-curricular activities and/or sports programs, and/or referral to appropriate state or local agencies;
- B. In the case of an employee respondent, interventions for the individual who engaged in the discrimination/harassment may include, but are not limited to, supervisor notification, discipline (including possible termination of employment), training, and/or referral to appropriate state or local agencies;
 - C. In the case of respondent who is otherwise associated with the school community, interventions for the individual who engaged in the discrimination/harassment may include, but are not limited to, exclusion from school property and/or activities and/or referral to appropriate state or local agencies;
 - D. Follow-up inquiries with the complainant and witnesses to ensure that the discriminatory/harassing conduct has stopped and that they have not experienced any retaliation;
 - E. Supports for the complainant; and
 - F. Training or other interventions for the larger school community designed to ensure that students, staff, parents, Board members and other individuals within the school community understand the types of behavior that constitute discrimination/harassment, that the District does not tolerate it, and how to report it.

The District will periodically provide staff development for District administrators and periodically distribute the Board's Non-Discrimination policies and the implementing administrative regulations to staff and students in an effort to maintain an environment free of discrimination and harassment.

The Superintendent of Schools shall develop and adopt grievance procedures that provide for the prompt and equitable resolution of complaints made (1) by students, employees, or other individuals who are participating or attempting to participate in the District’s education program or activity, or (2) by the Title IX Coordinator, alleging any action that would be prohibited by Title IX, Title VII, or Connecticut law (the “Administrative Regulations”). The Administrative

Regulations are attached to the policy and will be on the website under Board of Education, BOE Policies at www.newtown.k12.ct.us .

Sex discrimination occurs when a person, because of the person's sex, is denied participation in or the benefits of any education program or activity receiving federal financial assistance. This includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity. **Sex discrimination includes sex-based harassment**, as defined below.

Sex-based harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, that is:

1. *Quid pro quo harassment*, or where an employee, agent or other person authorized by the Board to provide an aid, benefit or services under its education program or activity explicitly or impliedly conditions the provision of an aid, benefit, or service of the Board on an individual's participation in unwelcome sexual conduct;
2. *Hostile environment harassment*, or unwelcome sex-based conduct that based on the totality of the circumstances, is (1) subjectively and objectively offensive and (2) so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the District's education program or activity. Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - a. the degree to which the conduct affected the complainant's ability to access the District's education program or activity;
 - b. the type, frequency, and duration of the conduct;
 - c. the parties' ages, roles within the District's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
 - d. the location of the conduct and the context in which the conduct occurred; and
 - e. other sex-based harassment in the District's education program or activity; or
3. *A specific offense*, as follows:
 - a. Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
 - b. Dating violence, meaning violence committed by a person: (i) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (ii) where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship;
 - c. Domestic violence, meaning felony or misdemeanor crimes committed by a person who: (i) is a current or former spouse or intimate partner of the victim

under the family or domestic violence laws of Connecticut, or a person similarly situated to a spouse of the victim; (ii) is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner; (iii) shares a child in common with the victim; or (iv) commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of Connecticut; or

- d. Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (i) fear for the person's safety or the safety of others; or (ii) suffer substantial emotional distress.

Reporting Sex Discrimination:

The following people have a right to make a complaint of sex discrimination, including a complaint of sex-based harassment, requesting that the District investigate and make a determination about alleged discrimination under Title IX:

1. A "complainant," which includes:
 - a. a student of the District or employee of the Board who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - b. a person other than a student of the District or employee of the Board who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in the Board's education program or activity;
2. A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; and
3. The District's Title IX Coordinator.

For clarity, a person is entitled to make a complaint of sex-based harassment only if they themselves are alleged to have been subjected to the sex-based harassment, if they have a legal right to act on behalf of such person, or if the Title IX Coordinator initiates a complaint consistent with the requirements of Title IX.

With respect to complaints of sex discrimination other than sex-based harassment, in addition to the people listed above, the following persons have a right to make a complaint:

- Any student of the District or employee of the Board; or
- Any person other than a student of the District or employee of the Board who was participating or attempting to participate in the Board's education program or activity at the time of the alleged sex discrimination.

To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please contact the District's Title IX Coordinator or an administrator.

Any Board employee who has information about conduct that reasonably may constitute sex discrimination must as immediately as practicable notify the Title IX Coordinator. If the Title IX

Coordinator is alleged to have engaged in sex discrimination, Board employees shall instead notify their building principal or the Superintendent of Schools, if the employee is not assigned to a school building.

Individuals may also make a report of sex discrimination to the U.S. Department of Education: Office for Civil Rights, Boston Office, U.S. Department of Education, 9th Floor, 5 Post Office Square, Boston, MA 02109-3921 (Telephone (617) 289-0111) and/or to the Connecticut Commission on Human Rights and Opportunities, 450 Columbus Boulevard, Hartford, CT 06103-1835 (Telephone: 860-541-3400 or Connecticut Toll Free Number: 1-800-477-5737).

**ADMINISTRATIVE REGULATIONS
PROHIBITION OF SEX DISCRIMINATION,
INCLUDING SEX-BASED HARASSMENT**

The Newtown Board of Education (the “Board”) and Newtown Public Schools (the “District”) do not discriminate on the basis of sex and prohibit sex discrimination in any education program or activity that the Board and/or District operate, as required by Title IX of the Education Amendments of 1972, 20 U.S.C. § 1681, et seq. and its implementing regulations (“Title IX”), as it may be amended from time to time, Title VII of the Civil Rights Act of 1964 (“Title VII”), and Connecticut law.

The District has adopted grievance procedures that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in the District’s education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX, Title VII, or Connecticut law. Any reference in these Administrative Regulations to the Title IX coordinator or to an administrator includes such person’s designee.

Sex discrimination occurs when a person, because of the person’s sex, is denied participation in or the benefits of any education program or activity receiving federal financial assistance. This includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity. **Sex discrimination includes sex-based harassment**, as defined below.

Sex-based harassment under Title IX is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, that is:

1. *Quid pro quo harassment*, or where an employee, agent or other person authorized by the Board to provide an aid, benefit or services under its education program or activity explicitly or impliedly conditions the provision of an aid, benefit, or service of the Board on an individual’s participation in unwelcome sexual conduct);
2. *Hostile environment harassment*, or unwelcome sex-based conduct that based on the totality of the circumstances, is (1) subjectively and objectively offensive and (2) so severe or pervasive that it limits or denies a person’s ability to participate in or benefit from the District’s education program or activity. Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - a. the degree to which the conduct affected the complainant’s ability to access the District’s education program or activity;
 - b. the type, frequency, and duration of the conduct;

- c. the parties' ages, roles within the District's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
 - d. the location of the conduct and the context in which the conduct occurred; and
 - e. other sex-based harassment in the District's education program or activity; or
3. *A specific offense, as follows:*
- a. Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
 - b. Dating violence, meaning violence committed by a person: (i) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (ii) where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship;
 - c. Domestic violence, meaning felony or misdemeanor crimes committed by a person who: (i) is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of Connecticut, or a person similarly situated to a spouse of the victim; (ii) is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner; (iii) shares a child in common with the victim; or (iv) commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of Connecticut; or
 - d. Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (i) fear for the person's safety or the safety of others; or (ii) suffer substantial emotional distress.

SECTION I: REPORTING SEX DISCRIMINATION

To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination, please contact the District's Title IX Coordinator or an administrator. The District's Title IX Coordinator is:

Deborah Mailloux-Petersen
 Director of Pupil Services
 Newtown Public Schools
 3 Primrose Street
 Newtown, CT 06470
 Phone: (203) 426 7628
 e-mail: petersend@newtown.k12.ct.us

The following people have a right to make a complaint of sex discrimination, including a complaint of sex-based harassment, requesting that the District investigate and make a determination about alleged discrimination under Title IX and under the Board's policy and these Administrative Regulations:

- 1. A "complainant," which includes:

- a. a student of the District or employee of the Board who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - b. a person other than a student of the District or employee of the Board who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in the District’s education program or activity;
2. A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant (collectively, “parent or guardian”); and
 3. The District’s Title IX Coordinator.

For clarity, a person is entitled to make a complaint of sex-based harassment only if they themselves are alleged to have been subjected to the sex-based harassment, if they have a legal right to act on behalf of such person, or if the Title IX Coordinator initiates a complaint consistent with the requirements of Title IX.

With respect to complaints of sex discrimination other than sex-based harassment, in addition to the people listed above, the following people have a right to make a complaint:

- Any student of the District or employee of the Board; or
- Any person other than a student of the District or employee of the Board who was participating or attempting to participate in the District’s education program or activity at the time of the alleged sex discrimination.

The District may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. Consolidation shall not violate the Family Educational Rights and Privacy Act (“FERPA”), and thus requires that prior written consent is obtained from the parents or eligible students to the disclosure of their education records. Where the District is unable to obtain prior written consent, complaints cannot be consolidated. When more than one complainant or more than one respondent is involved, references in these Administrative Regulations to a party, complainant, or respondent include the plural, as applicable.

SECTION II: DEFINITIONS

1. **Bias** occurs when it is proven that the Title IX Coordinator, investigator(s), and/or decisionmaker(s) demonstrate actual bias, rather than the appearance of bias. Actual bias includes, but is not limited to, demonstrated personal animus against the respondent or the complainant and/or prejudgment of the facts at issue in the investigation.
2. **Complainant** means (1) a student of the District or employee of the Board who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX or its regulations; or (2) a person other than a student of the District or employee of the Board who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX or its regulations and who was participating or attempting

to participate in the District's education program or activity at the time of the alleged sex discrimination. When a complainant is a student of the District, reference in these Administrative Regulations to complainant includes the student's parent or guardian.

3. **Complaint** means oral or written requests to the District that objectively can be understood as a request for the District to investigate and make a determination about alleged discrimination under Title IX or its regulations and under the Board's policy and these Administrative Regulations.
4. A **conflict of interest** occurs when it is proven that the Title IX Coordinator, investigator(s), and/or decisionmaker(s) have personal, financial and/or familial interests that affected the outcome of the investigation.
5. **Consent** means an active, clear and voluntary agreement by a person to engage in sexual activity with another person (also referred to hereafter as "affirmative consent").

For the purposes of an investigation conducted pursuant to these Administrative Regulations, the following principles shall be applied in determining whether consent for sexual activity was given and/or sustained:

- Affirmative consent is the standard used in determining whether consent to engage in sexual activity was given by all persons who engaged in the sexual activity.
- Affirmative consent may be revoked at any time during the sexual activity by any person engaged in the sexual activity.
- It is the responsibility of each person engaging in a sexual activity to ensure that the person has the affirmative consent of all persons engaged in the sexual activity to engage in the sexual activity and that the affirmative consent is sustained throughout the sexual activity.
- It shall not be a valid excuse to an alleged lack of affirmative consent that a respondent to the alleged violation believed that a complainant consented to the sexual activity:
 - because the respondent was intoxicated or reckless or failed to take reasonable steps to ascertain whether the complainant consented, or
 - if the respondent knew or should have known that the complainant was unable to consent because such individual was unconscious, asleep, unable to communicate due to a mental or physical condition, unable to consent due to the age of the individual or the age difference between the individual and the respondent, or incapacitated due to the influence of drugs, alcohol or medication.
- The existence of a past or current dating or sexual relationship between a complainant and a respondent, in and of itself, shall not be determinative of a finding of consent.

6. **Disciplinary sanctions** means consequences imposed on a respondent following a determination under Title IX or under the Board's policy and these Administrative Regulations that the respondent violated the District's prohibition on sex discrimination.
7. For purposes of investigations and complaints of sex discrimination, **education program or activity** includes buildings owned or controlled by the Board and conduct that is subject to the District's disciplinary authority. The District has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the District's education program or activity or outside the United States.
8. **Employee** means (A) a teacher, substitute teacher, school administrator, school superintendent, guidance counselor, school counselor, psychologist, social worker, nurse, physician, school paraprofessional or coach employed by the Board or working in a public elementary, middle or high school; or (B) any other individual who, in the performance of the individual's duties, has regular contact with students and who provides services to or on behalf of students enrolled in a public elementary, middle or high school, pursuant to a contract with the Board.
9. **Party** means a complainant or respondent.
10. **Pregnancy or related conditions** mean (A) pregnancy, childbirth, termination of pregnancy, or lactation; (B) medical conditions related to pregnancy, childbirth, termination of pregnancy, or lactation; or (C) recovery from pregnancy, childbirth, termination of pregnancy, lactation, or related medical conditions.
11. **Relevant** means related to the allegations of sex discrimination under investigation as a part of the District's Title IX grievance procedures. Questions are **relevant** when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.
12. **Remedies** means measures provided, as appropriate, to a complainant or any other person the District identifies as having had their equal access to the District's education program or activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person's access to the District's education program or activity after the District determines that sex discrimination occurred.
13. **Respondent** means an individual who is alleged to have violated the District's prohibition on sex discrimination. When a respondent is a student of the District, reference in these Administrative Regulations to respondent includes the student's parent or guardian.
14. **Retaliation** means intimidation, threats, coercion, or discrimination against any person by a student or an employee or other person authorized by the District to provide aid, benefit, or service under the District's education program or activity, for the purpose of interfering with any right or privilege secured by Title IX or Title VII or their regulations

or Connecticut law, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, hearing or informal resolution process conducted pursuant to federal Title IX regulations or under the Board's policy and these Administrative Regulations. This also includes **peer retaliation**, which means retaliation by a student against another student.

15. **School days** means the days that school is in session as designated on the calendar posted on the District's website. In its discretion, and when equitably applied and with proper notice to the parties, the District may consider business days during the summer recess as "school days" if such designation facilitates the prompt resolution of the grievance procedures.
16. **Supportive measures** means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to: (1) restore or preserve that party's access to the District's education program or activity, including measures that are designed to protect the safety of the parties or the District's educational environment; or (2) provide support during the District's grievance procedures or during the informal resolution process. Supportive measures may include counseling; extensions of deadlines or other course-related adjustments; increased security and monitoring; restrictions on contact; changes to class schedules or extracurriculars; training and education programs related to sex-based harassment, and other similar measures as determined appropriate by the Title IX Coordinator.

SECTION III: RESPONSE TO SEX DISCRIMINATION

1. **Notification of Procedures.** When notified of conduct that reasonably may constitute sex discrimination, including sex-based harassment, the Title IX Coordinator shall notify the complainant or, if the complainant is unknown, the individual who reported the conduct, of the grievance procedures, and the informal resolution process, if available and appropriate. If a complaint is made, the Title IX Coordinator shall also notify the respondent of the grievance procedures and the informal resolution process, if available and appropriate.
2. **Supportive Measures.** When notified of conduct that reasonably may constitute sex discrimination, including sex-based harassment, an administrator will offer and coordinate supportive measures as appropriate for the complainant and/or respondent to restore or preserve that person's access to the District's education program or activity or provide support during the District's Title IX grievance procedures or during the informal resolution process. The District will not disclose information about any supportive measures to persons other than the person to whom they apply and their parent or guardian unless necessary to provide the supportive measure or restore or preserve a party's access to the educational program or activity.

- a. Where a supportive measure has been implemented, a party may seek the modification or termination of the supportive measure, if the supportive measure is applicable to them and if the party's circumstances have materially changed. The District may, as appropriate, modify or terminate supportive measures at the conclusion of the grievance procedures or at the conclusion of the informal resolution process.
- b. *Challenge to Supportive Measures.* Upon an administrator's decision to provide, deny, modify or terminate a supportive measure, either a respondent or a complainant may challenge that decision. The challenged supportive measure must be applicable to the challenging party. A party's challenge may be based on, but is not limited to, concerns regarding whether the supportive measure is reasonably burdensome; reasonably available; being imposed for punitive or disciplinary reasons; imposed without fee or charge; or otherwise effective in meeting the purposes for which it is intended, including to restore or preserve access to the education program or activity, provide safety, or provide support during the grievance procedures. Such challenge shall be made in writing to the Title IX Coordinator.

Promptly and without undue delay after receiving a party's challenge, the Title IX Coordinator shall determine if the decision to provide, deny, modify, or terminate the supportive measure was inconsistent with the definition of supportive measures in this Administrative Regulation. When there is a change to a supportive measure currently in place, including the termination of the supportive measure, or where a new supportive measure is implemented or a requested supportive measure has been denied, the Title IX Coordinator shall notify the affected party of the determination.

In the event that the Title IX Coordinator made the decision to provide, deny, modify or terminate a supportive measure, the challenge will be assigned to a disinterested administrator.

3. Informal Resolution Process. In lieu of resolving a complaint of sex discrimination through the District's formal grievance procedures (outlined below), the parties may instead elect to participate in an informal resolution process. The District has discretion to determine whether it is appropriate to offer an informal resolution process and may decline to offer informal resolution despite one or more of the parties' wishes. The District does not offer informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of a student, or when such a process would conflict with the law. Upon the District offering the informal resolution process to both parties, that parties shall have seven (7) school days to decide if they would like to participate in the process. The District shall obtain the parties' voluntary consent to proceed with the informal resolution process. If the informal resolution process proceeds, the Title IX Coordinator shall appoint an informal resolution facilitator, who will not be the same person as the investigator or the decisionmaker.
 - a. *Notice of Informal Resolution Process.* Promptly upon obtaining the parties' voluntary consent to process with the informal resolution process and before initiation

of the informal resolution process, the District must provide to the parties written notice that explains:

- 1) the allegations;
- 2) the requirements of the informal resolution process;
- 3) that, prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and to initiate or resume the formal grievance procedures;
- 4) that the parties' agreement to a resolution at the conclusion of the informal resolution process would preclude the parties from initiating or resuming the formal grievance procedures arising from the same allegations;
- 5) the potential terms that may be requested or offered in an informal resolution agreement (which may include, but are not limited to, restrictions on contact, restrictions on the respondent's participation in the District's programs or activities, other disciplinary sanctions, and/or sensitivity training), including notice that an informal resolution agreement is binding only on the parties; and
- 6) what information the District will maintain and whether and how the District could disclose such information for use in formal grievances procedures.

b. *Intake Meeting(s)*. From the date of the written notice provided in subsection III.3.a, above, the parties will have thirty (30) school days to reach a resolution. The Title IX Coordinator may extend this timeframe for the same reasons identified in subsection IV.1.d, below. If a resolution is not reached, the District will continue resolving the complaint through the grievance procedures as outlined below. The informal resolution process will be designed to be collaborative, focusing on the needs of both parties. When the parties have agreed to pursue the informal resolution process, the informal resolution facilitator shall have a separate intake meeting with each party to determine the appropriate path for resolution. During the intake meeting(s), each party will have the opportunity to share their perspective on the allegations, and the informal resolution facilitator will ascertain the party's goals and motivation in pursuing an informal resolution process.

c. *Informal Resolution Process*. Depending on the allegations of sex discrimination, the District may offer, or the parties may request (subject to the District's approval), one or more of the following types of informal resolution processes:

- 1) Facilitated Dialogue: After the intake meeting(s), the parties engage in a direct conversation about the alleged sex discrimination with the assistance of the informal resolution facilitator. In a facilitated dialogue, the parties are communicating directly and sharing the same space (virtually or in-person). During a facilitated dialogue, the parties will have the opportunity to discuss their individual experiences and listen to the experiences of others with the intention of reaching a mutually agreeable resolution.

- 2) Mediation: After the intake meeting, the parties will engage in back-and-forth communication to reach an agreed-upon resolution. Mediation may take place electronically or in-person or virtually, with the parties in different locations (e.g. not face-to-face). The parties will have the opportunity to speak with the informal resolution facilitator, and the informal resolution facilitator will communicate each party's perspective to the opposing party. Mediation may be completed in one session or may require multiple sessions.
 - d. *Informal Resolution Agreement*. After the parties have reached an agreed-upon resolution, the informal resolution facilitator shall memorialize such agreement in writing. Such resolutions may include, but are not limited to, mutual no-contact orders; agreed upon sensitivity training; restrictions on the respondent's participation in the District's programs or activities or other disciplinary sanctions; or other mutually agreed upon resolutions. Both parties shall sign the informal resolution agreement, at which point the matter will be considered resolved.
 - e. *Retaliation and Subsequent Conduct*. Nothing in this section precludes an individual from filing a complaint of retaliation for matters related to an informal resolution, nor does it preclude either party from filing complaints based on conduct that is alleged to occur following the District's facilitation of the informal resolution.
4. Emergency Removal. The District will not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the respondent engaged in prohibited sex discrimination. However, the District may remove a respondent from the District's program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of the complainant or any students, employees, or other persons arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
 5. Students with Disabilities. If a complainant or respondent is a student with a disability, the Title IX Coordinator shall consult with one or more members of the student's Planning and Placement Team or Section 504 Team to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act throughout the implementation of the grievance procedures, including in the implementation of supportive measures.
 6. Absence of a Complaint. In the absence of a complaint, or the withdrawal of any or all allegations in the complaint, and in the absence or termination of the informal resolution process, the Title IX Coordinator shall make a fact-specific determination regarding whether the Title IX Coordinator should initiate a complaint of sex

discrimination. In making this determination, the Title IX Coordinator shall consider, at a minimum, the following factors:

- a. The complainant's request not to proceed with initiation of a complaint;
- b. The complainant's reasonable safety concerns regarding initiation of a complaint;
- c. The risk that additional acts of sex discrimination would occur if a complaint is not initiated;
- d. The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from the District's program or activity or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
- e. The age and relationship of the parties, including whether the respondent is a Board employee;
- f. The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- g. The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
- h. Whether the District could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

If, after considering these and other relevant factors, the Title IX Coordinator determines that the alleged conduct presents an imminent and serious threat to the health or safety of the complainant or other person, or that the alleged conduct prevents the District from ensuring equal access on the basis of sex to its education program or activity, the Title IX Coordinator may initiate a complaint.

SECTION IV: GRIEVANCE PROCEDURES FOR COMPLAINTS OF SEX DISCRIMINATION

1. Basic Requirements for the Grievance Procedures.

- a. The District will treat complainants and respondents equitably.
- b. The District prohibits any Title IX Coordinator, investigator, or decisionmaker from having a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- c. The District presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of the grievance procedures.
- d. The District has established timeframes for the major stages of the grievance procedures. The District has also established the following process that allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay:
 - 1) When determining whether a reasonable extension of timeframes is appropriate, the Title IX Coordinator shall pursue a two-step inquiry. When appropriate, the Title IX Coordinator shall make this determination in consultation with the

investigator, decisionmaker, appeal decisionmaker and/or the informal resolution facilitator.

- 2) First, the Title IX Coordinator shall determine whether good cause exists. Good cause shall include, but is not limited to, the absence or illness of a party or a witness; concurrent law enforcement activity and/or activity by the Department of Children and Families; school being out of session; or particular circumstances based on the Title IX Coordinator's experience and familiarity with the complaint that constitute good cause. Reasonable modifications for those with disabilities and language assistance for those with limited proficiency in English should be provided within the established timeframes without need for a reasonable extension.
 - 3) The existence of good cause will not always require a reasonable extension. When evaluating whether such good cause warrants a reasonable extension of time, the Title IX Coordinator shall, in part, determine whether there is a reasonable alternative that may be pursued in lieu of an extension. Where no such alternative exists and where a reasonable extension is necessary to properly effectuate the District's grievance procedures, the Title IX Coordinator shall determine an appropriate extension of time and provide notice of the period of extension to the parties in writing.
- e. The District will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will be designed to not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consulting with their family members or confidential resources; or otherwise preparing for or participating in the grievance procedures. The District prohibits retaliation by or against any parties, including against witnesses.
 - f. The District will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory (tending to prove sex discrimination) and exculpatory evidence (tending to disprove sex discrimination). Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
 - g. The following types of evidence, and questions seeking that evidence, are impermissible (*i.e.*, will not be accessed or considered, except by the District to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are relevant:
 - 1) Evidence that is protected under a privilege recognized by Federal or Connecticut law, unless the person to whom the privilege is owed has voluntarily waived the privilege;
 - 2) A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the District obtains that party's or witness's voluntary, written consent for use in its grievance procedures; and

- 3) Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.
 - h. The District will not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the respondent engaged in prohibited sex discrimination. However, the District may remove a respondent from the District's program or activity on an emergency basis, as discussed above.
2. Filing a Complaint. A complainant (as defined above) and/or their parent or guardian may file a written or oral complaint with the Title IX Coordinator or an administrator to initiate the District's grievance procedures. Complaints should be filed within thirty (30) school days of the alleged occurrence. If a complaint is filed after thirty (30) school days of the alleged occurrence, the District may be limited in its ability to investigate the complaint.
3. Notice of District Grievance Procedures. If not already done, within five (5) school days of receiving a complaint, the Title IX Coordinator shall inform the complainant and their parent or guardian about the District's Title IX grievance procedures, offer the complainant supportive measures, and, where appropriate, inform the complainant and their parent or guardian about the District's informal resolution process. Through this notification, the Title IX Coordinator shall confirm that the complainant is requesting the District to conduct an investigation and make a determination regarding their allegations of sex discrimination. When the Title IX Coordinator is named as the respondent, the building principal or administrator responsible for the program shall notify the complainant and their parent or guardian.
4. Jurisdiction and Dismissal. Prior to initiating an investigation into the alleged sex discrimination and prior to issuing the notice of allegations, the Title IX Coordinator shall review the complaint and determine jurisdiction. If the alleged conduct occurred in the District's program or activity or the conduct is otherwise subject to the District's disciplinary authority, then the District has jurisdiction. If there is no jurisdiction, the Title IX Coordinator must dismiss the complaint. The Title IX Coordinator shall make a determination regarding jurisdiction within five (5) school days of receiving the complaint.
 - a. The Title IX Coordinator or the investigator may dismiss a complaint of sex discrimination prior to issuing the notice of allegations and prior to reaching a determination regarding responsibility where:
 - 1) The District is unable to identify the respondent after taking reasonable steps to do so;

- 2) The respondent is not participating in the District's education program or activity and/or is not employed by the Board;
 - 3) The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the Title IX Coordinator determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
 - 4) The Title IX Coordinator determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the District will make reasonable efforts to clarify the allegations by communicating with the complainant to discuss the allegations in the complaint.
- b. Upon dismissal of the complaint, the Title IX Coordinator will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the Title IX Coordinator will also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing. When a complaint is dismissed, the District will, at a minimum:
- 1) Offer supportive measures to the complainant as appropriate;
 - 2) If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and
 - 3) Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within the District's education program or activity.
- c. Appeal of Dismissal. The Title IX Coordinator will notify the complainant that a dismissal may be appealed and will provide the complainant with an opportunity to appeal the dismissal of a complaint. If the dismissal occurs after the respondent has been notified of the allegations, then the Title IX Coordinator will also notify the respondent that the dismissal may be appealed. The District's appeal procedures will be implemented equally for all parties.
- 1) Dismissals may be appealed on the following bases:
 - a) Procedural irregularity that would change the outcome;
 - b) New evidence that would change the outcome and that was not reasonably available when the dismissal was issued; and
 - c) The Title IX Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.
 - 2) If the dismissal is appealed, an administrator who did not take part in the investigation of the allegations or the dismissal of the complaint will be the appeal decisionmaker for the dismissal. The District's appeal process for the dismissal of a complaint provides the following:

- a) The appealing party shall have five (5) school days, from the receipt of the dismissal, to submit a written statement in support of, or challenging the outcome of the dismissal;
 - b) The appeal decisionmaker must promptly notify the other party of the appeal;
 - c) The other party shall have five (5) school days, from receiving notice from the appeal decisionmaker to submit a written a statement in support of, or challenging, the outcome; and
 - d) Within ten (10) school days following the other party's opportunity to provide a statement, the appeals decisionmaker shall provide the parties the result of the appeal and the rationale for the result.
5. Notice of Allegations. Upon receipt or filing by the Title IX Coordinator of a complaint, and after determining that the District retains jurisdiction over the complaint, the Title IX Coordinator must provide a notice of allegations to the parties that includes the following:
- a. The District's Title IX grievance procedures and availability of the informal resolution process;
 - b. Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination, and the date(s) and location(s) of the alleged incident(s);
 - c. A statement that retaliation is prohibited; and
 - d. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if the District provides a description of the evidence, the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party.

If, in the course of an investigation, the investigator decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the initial notice of allegations or that are included in a complaint that is consolidated, the District will notify the parties of the additional allegations by issuing an additional notice of allegations.

6. Investigation. The District will provide for the adequate, reliable, and impartial investigation of complaints. In most circumstances, the District will institute a unified investigative model in which an administrator, or a team of administrators, will serve as both the investigator and the decisionmaker. In rare circumstances, the Title IX Coordinator may implement a bifurcated investigative model in which the investigator and the decisionmaker are separate administrators, or separate teams of administrators. The implementation of a bifurcated investigative model shall be in the sole discretion of the District, based on a review by the Title IX Coordinator of the complexity of the investigation and the resources needed. The following applies to all investigations, except as otherwise provided herein:

- a. The burden is on the District—not on the parties—to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.
 - b. The investigator(s) will provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible.
 - c. The investigator(s) will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance.
 - d. *Disclosure of Evidence:* Prior to making a determination, the investigator(s) will provide each party with an equal opportunity to access the evidence that is relevant to the allegations of sex discrimination and not otherwise impermissible.
 - 1) Access to such evidence shall be accomplished by the investigator(s) providing the parties with a description of such evidence or the actual relevant and not otherwise impermissible evidence.
 - 2) The parties shall have five (5) school days to review a description of the evidence or the actual evidence.
 - 3) If not already provided, the parties may request to review the relevant and not otherwise impermissible evidence, rather than a description of the evidence. Parties requesting a review of the evidence must do so within the five (5) school day review period identified above.
 - 4) The parties may submit a written response to the evidence, which must be received by the investigator(s) no later than the end of the five (5) school day review period identified above.
 - 5) Based on the complexity and amount of the evidence, the investigator(s) may provide the parties with additional time to review and respond to the evidence.
 - 6) The District strictly prohibits the unauthorized disclosure of information and evidence obtained solely through the grievance procedures by parties or any other individuals involved in the Title IX grievance procedures. Disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint of sex discrimination are authorized.
 - e. *Only when using a bifurcated investigative model*, the investigator(s) will draft an investigative report that summarizes the relevant and not otherwise impermissible evidence. The investigator(s) will provide this report to the parties and to the decisionmaker(s).
7. Questioning the Parties and Witnesses. The decisionmaker(s) shall question parties and witnesses to adequately assess the credibility of a party or witness, to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination. Credibility may be considered to be in dispute where the decisionmaker(s) must choose between competing narratives to resolve the complaint. The decisionmaker(s), at their discretion, may conduct individual meetings with the

parties or witnesses to evaluate credibility. The decisionmaker(s) may consider the following factors in making this evaluation:

- a. Plausibility – Whether the testimony is believable on its face; whether the party or witness experienced or perceived the conduct firsthand; and/or whether there are any inconsistencies in any part of the party’s or witness’s testimony;
- b. Corroboration – Whether there is other testimony or physical evidence that tends to prove or disprove the party’s or witness’s testimony;
- c. Motive to Falsify – Whether the party or the witness had a motive to lie; whether a bias, interest or other motive exists; and/or whether there is a fear of retaliation;
- d. Demeanor – Evaluating the party’s or witness’s body language, including whether there is a perceived nervousness and/or they make tense body movements.

The decisionmaker(s) shall consider the credibility of any party and witness based on the factors above, as well as the evidence and information gathered during the investigation.

8. Determination of Whether Sex Discrimination Occurred. Following an investigation and evaluation of all relevant and not otherwise impermissible evidence and within sixty (60) school days of issuing the initial notice of allegations, the decisionmaker(s) will:
 - a. Use the preponderance of the evidence standard to determine whether sex discrimination occurred. The standard requires the decisionmaker(s) to evaluate relevant and not otherwise impermissible evidence and determine if it is more likely than not that the conduct occurred. If the decisionmaker(s) is not persuaded by a preponderance of the evidence that sex discrimination occurred, the decisionmaker(s) shall not determine that sex discrimination occurred;
 - b. Notify the parties in writing of the determination whether sex discrimination occurred under Title IX and/or the Board’s policy and these Administrative Regulations, including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal;
 - c. Not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the respondent engaged in prohibited sex discrimination;
 - d. Comply with the grievance procedures before the imposition of any disciplinary sanctions against a respondent; and
 - e. Not discipline a party, witness, or others participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.
9. Remedies and Disciplinary Sanctions. If there is a determination that sex discrimination occurred, the Title IX Coordinator will, as appropriate:
 - a. Coordinate the provision and implementation of remedies to a complainant and other people the District identified as having had equal access to the District’s education program or activity limited or denied by sex discrimination. These remedies may include, but are not limited to: continued supports for the complainant and other people the District identifies; follow-up inquiries with the complainant and witnesses

- to ensure that the discriminatory/harassing conduct has stopped and that they have not experienced any retaliation; training or other interventions for the larger school community designed to ensure that students, staff, parents, Board members and other individuals within the school community understand the types of behavior that constitute discrimination/harassment, that the District does not tolerate it, and how to report it; counseling supports; other remedies as may be appropriate for a particular circumstance as determined by the Title IX Coordinator.
- b. Coordinate the imposition of disciplinary sanctions, as appropriate, for a respondent, including notification to the complainant of any such disciplinary sanctions. The possible sanctions may include, but are not limited to, discipline up to and including expulsion for students and termination of employment for employees; resolution through restorative practices; and/or restrictions from athletics and other extracurricular activities.
 - c. Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the District's education program or activity.
 - d. Communicate with a student's PPT or Section 504 team prior to disciplining a respondent to ensure compliance with the requirements of the IDEA and Section 504 with respect to discipline of students.
 - e. If expulsion is recommended, refer a student respondent to the Board for expulsion proceedings pursuant to Connecticut law.
10. Appeal of Determination. After receiving the written determination of the outcome, parties shall have ten (10) school days to submit a formal written statement of appeal, if they so choose, to the Title IX Coordinator challenging the outcome of the grievance procedures and explaining the basis for appeal.

Upon receipt of an appeal, the Superintendent shall appoint a decisionmaker(s) for the appeal, who shall be someone other than the Title IX Coordinator, investigator(s), or initial decisionmaker(s). The decisionmaker(s) for the appeal will provide the appealing party's written statement to the non-appealing party. The non-appealing party will then have ten (10) school days to submit to the decision-maker(s) for the appeal a written statement in support of, or challenging, the outcome of the grievance procedures.

The decisionmaker(s) for the appeal shall review the evidence and the information presented by the parties and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator(s) and the parties, a meeting with appropriate individuals to attempt to resolve the complaint, or a decision affirming or overruling the written outcome. Generally, a party's disagreement with the outcome of the investigation, alone, will not be basis for further action. The decisionmaker(s) for the appeal will attempt to issue written notice of the outcome of the appeal to the parties within thirty (30) school days of receipt of all written statements from the parties.

SECTION V: PREGNANCY OR RELATED CONDITIONS

When any District employee is notified by a student or a student's parent or guardian that the student is pregnant or has a related condition, the District employee must promptly provide the student or parent or guardian with the Title IX Coordinator's contact information and inform the person that the Title IX Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to the District's education program or activity. Once a student or a student's parent or guardian notifies the Title IX Coordinator of the student's pregnancy or related condition, the Title IX Coordinator must take specific actions to prevent discrimination and ensure equal access, as outlined in 34 C.F.R. § 106.40(b)(3) of the Title IX federal regulations.

For Board employees, the District will treat pregnancy or related conditions as any other temporary medical conditions for all job-related purposes and follow the provisions outlined in 34 C.F.R. § 106.57 of the Title IX federal regulations. The District will provide reasonable break time for an employee to express breast milk or breastfeed as needed. The District will also ensure that an employee can access a lactation space, which must be a space other than a bathroom that is clean, shielded from view, free from intrusion from others, and may be used by an employee for expressing breast milk or breastfeeding as needed.

SECTION VI: RETALIATION

The District prohibits retaliation, including peer retaliation, in its education program or activity. When the District has information about conduct that reasonably may constitute retaliation under Title IX and/or the Board's policy and these Administrative Regulations, the District must initiate its grievance procedures or, as appropriate, an informal resolution process.

SECTION VII: RECORDKEEPING

The District will maintain for a period of seven (7) years:

1. For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures and the resulting outcome;
2. For each notification the Title IX Coordinator received of information about conduct that reasonably may constitute sex discrimination under Title IX, records documenting the actions the District took in response; and
3. All materials used to provide training to employees pursuant to this Administrative Regulation. The District will make these training materials available upon request for inspection by members of the public.

SECTION VIII: TRAINING

The District shall provide the individuals designated below with the following training promptly upon hiring or change of position that alters their duties, and annually thereafter.

1. *All employees.* All employees shall be annually trained on the District's obligation to address sex discrimination in its education program or activity; the scope of conduct that constitutes sex discrimination under Title IX, including the definition of sex-based harassment; and all applicable notification and information requirements related to pregnancy and related conditions and the District's response to sex discrimination.
2. *Investigators, decisionmakers, and other persons who are responsible for implementing the District's grievance procedures or have the authority to modify or terminate supportive measures.* Any employee who will act as an investigator, decisionmaker, or is responsible for supportive measures shall be annually trained on the District's response to sex discrimination; the District's grievance procedures; how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and the meaning and application of the term "relevant" in relation to questions and evidence, and the types of evidence that are impermissible regardless of relevance under the grievance procedures.

**ADMINISTRATIVE REGULATIONS REGARDING EMPLOYEES
AND SECTION 504 OF THE REHABILITATION ACT OF 1973
AND TITLE II OF THE AMERICANS WITH DISABILITIES ACT OF 1990**

Newtown Board of Education Section 504/ADA Grievance/Complaint
Procedures Regarding Discrimination Against Employees

Section 504 of the Rehabilitation Act of 1973 (“Section 504”) and Title II of the Americans with Disabilities Act of 1990 (“Title II” or “ADA”) (collectively, “Section 504/ADA”) prohibit discrimination on the basis of disability. For the purposes of Section 504/ADA, the term “disability” with respect to an individual means: (a) a physical or mental impairment that substantially limits one or more major life activities of such individual; (b) a record of such an impairment; or (c) being regarded as having such an impairment.

I. Definitions

Major life activities: include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, such as the functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive systems. The operation of a major bodily function includes the operation of an individual organ within a body system.

Mitigating measures: include, but are not limited to, (a) medication, medical supplies, equipment, appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics including limbs and devices, hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment and supplies; (b) use of assistive technology; (c) reasonable modifications or auxiliary aids or services; (d) learned behavioral or adaptive neurological modifications; or (e) psychotherapy, behavioral therapy, or physical therapy.

Physical or mental impairment includes, but is not limited to, contagious and noncontagious diseases and conditions such as the following: orthopedic, visual, speech, and hearing impairments, and cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disability, emotional illness, dyslexia and other specific learning disabilities, Attention Deficit Hyperactivity Disorder, Human Immunodeficiency Virus infection (whether symptomatic or asymptomatic), tuberculosis, drug addiction, and alcoholism.

II. Procedures for Grievances/Complaints Alleging Discrimination on the Basis of Disability

- A. Any eligible person, including any student, parent/guardian, staff member or other employee who feels that they have been discriminated against on the basis of disability (including differential treatment, harassment and retaliation) may submit a written complaint to the Section 504/ADA Coordinator for the Newtown Public Schools (the “District”) (see contact information below) within thirty (30) school days of the alleged occurrence.
- B. Timely reporting of complaints facilitates the prompt investigation and resolution of such complaints. If a complaint is filed relating to alleged discrimination occurring more than thirty (30) school days after the alleged occurrence, the ability of the District to investigate the allegations may be limited by the passage of time. Therefore, complaints received after thirty (30) school days of the alleged occurrence shall be investigated to the extent possible, given the passage of time and the impact on available information, witnesses and memory. If a complaint is made verbally, the individual taking the complaint will reduce the complaint to writing. Individuals wishing to make a complaint about discrimination against students on the basis of disability should be referred to the district’s Section 504/ADA policies and regulations regarding students.
- C. Retaliation against any individual who complains pursuant to the Board’s policy and regulations listed herein is strictly prohibited. The district will not tolerate any retaliation that occurs as a result of the good faith reporting or complaint of disability-based discrimination or as a result of an individual’s participation or cooperating in the investigation of a complaint. The District will take necessary actions to prevent retaliation as a result of filing a complaint or the participation in an investigation of a complaint.
- D. If the Section 504/ADA Coordinator is the subject of the complaint, the complaint should be submitted directly to the Superintendent who may conduct the investigation or appoint a designee to conduct the investigation in accordance with these procedures. If the Superintendent is the subject of the complaint, the Board shall designate an appropriate party to conduct the investigation in accordance with these procedures.
- E. Complaints will be investigated promptly within timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and other extenuating circumstances. Confidentiality will be maintained by all persons involved in the investigation to the extent possible.
- F. The complaint should contain the following information:
 - 1. The name of the complainant;
 - 2. The date of the complaint;
 - 3. The date(s) of the alleged discrimination;
 - 4. The names of any witnesses or individuals relevant to the complaint;
 - 5. A detailed statement describing the circumstances in which the alleged discrimination occurred; and
 - 6. The remedy requested.

However, all complaints will be investigated to the extent possible, even if such information is not included in the complaint. In such circumstances, additional information may be requested by the investigator as part of the investigation process.

- G. Upon receipt of the complaint, the individual investigating the complaint shall:
1. Provide a copy of the written complaint to the Superintendent of Schools;
 2. Meet separately with the complainant and the respondent within ten (10) school days to discuss the nature of the complaint, identify individuals the complainant and respondent believe have relevant information, and obtain any relevant documents the complainant may have;
 3. Provide the complainant and respondent with a copy of the applicable Board Section 504/ADA Policy and these administrative regulations;
 4. Consider whether and which interim measures might be appropriate for an alleged victim and the respondent pending the outcome of the District's investigation;
 5. Conduct an investigation of the factual basis of the complaint that is adequate, reliable, and impartial, including conducting interviews with individuals with information and review of documents relevant to the complaint;
 6. Maintain confidentiality to the extent practicable throughout the investigative process in accordance with state and federal law;
 7. Communicate the outcome of the investigation in writing to the complainant, and to the respondent (to the extent permitted by state and federal confidentiality requirements), within fifteen (15) school days from the date the complaint was received by the Section 504/ADA Coordinator or Superintendent. The written notice shall include a finding as to whether the complaint was substantiated and if so, shall identify how the District will remedy any identified violations of Section 504/ADA. The investigator may extend this deadline for no more than fifteen (15) additional school days if needed to complete the investigation. The complainant and the respondent shall be notified of any such extension;
 8. If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly as possible given the availability of staff and/or other individuals who may have information relevant to the complaint, and no later than fifteen (15) school days after the start of the following school year. The complainant and the respondent will receive notice if the investigation has been impeded by the summer recess, and interim measures may be implemented as necessary (see sub-paragraph 4);
 9. Ensure that appropriate corrective action is taken whenever allegations are verified. When allegations are verified, ensure that measures to remedy the effects of the discrimination and prevent its recurrence are appropriately considered, and offered, when appropriate. Corrective action should include steps to avoid continuing discrimination;

10. In the event the investigator concludes that there is no violation of Section 504/ADA, the District may attempt to resolve the complainant's ongoing concerns, if possible.

H. After receiving the written notice of the outcome, parties shall have ten (10) school days to submit a formal written statement of appeal, if they so choose, to the Superintendent of Schools challenging the outcome of the investigation and explaining the basis for appeal.

Upon receipt of an appeal, the Superintendent shall appoint a decisionmaker(s) for the appeal, who may be the Superintendent or designee. The decisionmaker(s) for the appeal will provide the appealing party's written statement to the non-appealing party. The non-appealing party will then have ten (10) school days to submit to the decisionmaker(s) for the appeal a written statement in support of, or challenging, the outcome of the investigation.

The decisionmaker(s) for the appeal shall review the evidence and the information presented by the parties and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator(s) and the parties, a meeting with appropriate individuals to attempt to resolve the complaint, or a decision affirming or overruling the written outcome. Generally, a party's disagreement with the outcome of the investigation, alone, will not be basis for further action. The decisionmaker(s) for the appeal will attempt to issue written notice of the outcome of the appeal to the parties within thirty (30) school days of receipt of all written statements from the parties.

Note: S & G revised this policy in September 2022 to reflect the requirements of Public Act 22-87, which makes changes to the distribution requirements for the Board’s written policy for mandatory reporting by school employees of suspected child abuse or neglect. The revisions of September 2022 also included the requirements beginning July 1, 2023 requiring school employees to complete training provided by the Department of Children and Families and that boards of education must electronically distribute information on DCF’s sexual abuse and assault awareness prevention program. Effective October 1, 2023, the definition of “sexual contact” and “sexual assault in the fourth degree” have been expanded to include sexual contact with the deceased. S & G revised the model policy appendix to reflect new definitions.

S & G places this policy in Series 4000, Personnel, because reports of suspected abuse or neglect of children or reports of sexual assault of students by school employees, addresses the reporting requirements of school employees.

If this policy is adopted, Policy 5141.4 which was adopted on July 9, 2019, should be rescinded.

REPORTS OF SEXUAL ASSAULT OF STUDENTS BY SCHOOL EMPLOYEES**

Conn. Gen. Stat. Section 17a-101 et seq. requires school employees who have reasonable cause to suspect or believe (1) that any child under eighteen has been abused or neglected, has had a nonaccidental physical injury, or injury which is at variance with the history given of such injury, or has been placed at imminent risk of serious harm, or (2) that any person who is being educated by the Technical Education and Career System or a local or regional board of education, other than as part of an adult education program, is a victim of sexual assault, and the perpetrator is a school employee, to report such suspicions to the appropriate authority.  - (1) The employee shall make an oral report as soon as practicable, but not later than twelve (12) hours after the employee has reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm or a student is a victim of sexual assault by a school employee. Such oral report shall be made by telephone or in person to the Superintendent of Schools or Superintendent's designee, to be followed by an immediate written report to the Superintendent or Superintendent's designee.
 - (2) If the Superintendent or Superintendent's designee determines that there is reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm or a student is a victim of sexual assault by a school employee, the Superintendent or designee shall cause reports to be made in accordance with the procedures set forth for statutorily mandated reporters.

7. Investigation of the Report

- a) The Superintendent or Superintendent's designee shall thoroughly investigate reports of suspected abuse, neglect or sexual assault if/when such report involves an employee of the Board of Education or other individual under the control of the Board, provided the procedures in subparagraph (b), below are followed. In all other cases, DCF shall be responsible for conducting the investigation with the cooperation and collaboration of the Board, as appropriate.
- b) Recognizing that DCF is the lead agency for the investigation of child abuse and neglect reports and reports of a student's sexual assault by school employees, the Superintendent's investigation shall permit and give priority to any investigation conducted by the Commissioner of DCF or the appropriate local law enforcement agency. The Superintendent shall conduct the District's investigation and take any disciplinary action, consistent with state law, upon notice from the Commissioner of DCF or the appropriate local law enforcement agency that the District's investigation will not interfere with the investigation of the Commissioner of DCF or the local law enforcement agency.

- c) The Superintendent shall coordinate investigatory activities in order to minimize the number of interviews of any child or student victim of sexual assault and share information with other persons authorized to conduct an investigation of child abuse or neglect or sexual assault, as appropriate.

 - While only a child under eighteen may be a victim of child abuse or neglect, a report under mandatory reporting laws and this policy is required if an employee of the Board of Education in the ordinary course of such person's employment or profession has reasonable cause to suspect or believe that any person, regardless of age, who is being educated by the Technical Education and Career System or a local or regional board of education, other than as part of an adult education program, is a victim of sexual assault, as set forth in this policy, and the perpetrator is a school employee.

Note:

- Inadequate food, clothing, or shelter or transience finding must be related to caregiver acts of omission or commission and not simply a function of poverty alone.
- Whether or not the adverse impact has to be demonstrated is a function of the child's age, cognitive abilities, verbal ability and developmental level.
- The presence of legal or illegal substances in the bodily fluids of (1) a parent or legal guardian or (2) a pregnant person shall not form the sole or primary basis for any action or proceeding by the Department. Any action or proceeding by the Department must be based on harm or risk of harm to a child and the parent or guardian's ability to provide appropriate care for the child.
- Adverse impact may not be required if the action/inaction is a single incident that demonstrates a serious disregard for the child's welfare.

Medical Neglect

Medical Neglect is the unreasonable delay, refusal or failure on the part of the person responsible for the child's health, welfare or care or the person entrusted with the child's care to seek, obtain, and/or maintain those services for necessary medical, dental or mental health care when such person knows, or should reasonably be expected to know, that such actions may have an adverse impact on the child.

Note: Failure to provide the child with immunizations or routine well-child care in and of itself does not constitute medical neglect.

Educational Neglect

Except as noted below, **Educational Neglect** occurs when a school-aged child has excessive absences from school through the intent or neglect of the parent or caregiver.

Definition of School-Aged Child: Except as noted below, a school-aged child is a child five years of age and older and under 18 years of age who is not a high school graduate.

Note: Excessive absenteeism and school avoidance may be presenting symptoms of a failure to meet the physical, emotional or medical needs of a child. Careline staff shall consider these potential additional allegations at the time of referral.

Criteria:

- **For children school-aged to age 12, excessive absenteeism** may be indicative of the parent's or caregiver's failure to meet the educational needs of a student.
- **For children older than age 12, excessive absenteeism**, coupled with a failure by the parent or caregiver to engage in efforts to improve the child's attendance, may be indicative of educational neglect.
 - For children older than age 12, excessive absenteeism through the child's own intent, despite the parent's or caregiver's efforts, is not educational neglect. Rather, this is truancy, which is handled through the school district.

Child's Characteristics. In determining the criteria for excessive absenteeism, the following characteristics of the child shall be considered by the social worker:

- Age;
- Health;
- Level of functioning;
- Academic standing; and
- Dependency on parent or caregiver

Parent or Caregiver's Characteristics. In determining the criteria for excessive absenteeism, the following characteristics of the parent or caregiver shall be considered by the social worker:

- Rationale provided for the absences;
- Efforts to communicate and engage with the educational provider; and
- Failure to enroll a school-aged child in appropriate educational programming (including homeschooling)

1. A parent or person having control of a child may exercise the option of not sending the child to school at age five (5) or age six (6) years by personally appearing at the school district office and signing an option form. In these cases, educational neglect occurs if the parent or person having control of the child has registered the child at age five (5) or age (6) years and then does not allow the child to attend school or receive home instruction.
2. A parent or person having control of a child seventeen (17) years of age may consent to such child's withdrawal from school. Such parent or person shall personally appear at the school district office and sign a withdrawal form.

Note: Failure to sign a registration option form for such child is not in and of itself educational neglect.

Emotional Neglect

Emotional Neglect is the denial of proper care and attention, or failure to respond, to a child's affective needs by the person responsible for the child's health, welfare or care; by the person given access to the child; or by the person entrusted with the child's care which has an adverse impact on the child or seriously interferes with a child's positive emotional development.

Note: Whether or not the adverse impact has to be demonstrated is a function of the child's age, cognitive abilities, verbal ability and developmental level. Adverse impact is not required if the action/inaction is a single incident which demonstrates a serious disregard for the child's welfare.

Note: The adverse impact may result from a single event and/or from a consistent pattern of behavior and may be currently observed or predicted as supported by evidence-based practice.

Evidence of emotional neglect includes, but is not limited to, the following:

- inappropriate expectations of the child given the child's developmental level;
- failure to provide the child with appropriate support, attention and affection;
- permitting the child to live under conditions, circumstances or associations;
- injurious to the child's well-being including, but not limited to, the following:

substance abuse by caregiver, which adversely impacts the child emotionally;

depression;

withdrawal;

low self-esteem;

anxiety;

fear;

aggression/ passivity;

emotional instability;

sleep disturbances;

somatic complaints with no medical basis;

inappropriate behavior for age or development;

suicidal ideations or attempts;

extreme dependence;

academic regression; and/or

trust issues.

Moral Neglect

Moral Neglect: Exposing, allowing, or encouraging the child to engage in illegal or reprehensible activities by the person responsible for the child's health, welfare or care or person given access or person entrusted with the child's care.

Evidence of Moral Neglect includes but is not limited to:

stealing;

using drugs and/or alcohol; and/or

involving a child in the commission of a crime, directly or by caregiver indifference.

POLICY AND ADMINISTRATIVE REGULATIONS
REGARDING STUDENT TRANSPORTATION

I. Statement of Policy

The Board of Education will provide transportation for students under provisions of state law and regulations. In determining the provision of transportation, the Superintendent of Schools shall consider the guidelines contained in this policy and shall administer the operation so as to:

1. provide for the safety of students, including consideration of hazardous conditions whether or not described in this policy;
2. provide for appropriate supervision for students while on school transportation, consistent with the Board's student discipline policy; and
3. assist disabled students by providing appropriate specialized transportation when required by law.

II. Definitions

1. "School transportation" means the procedure, program, or implemented plan by which a pupil is transported to and/or from school from the pupil's residence or the assigned bus stop at public expense, whether by use of publicly owned equipment or by contract. Such transportation shall be over public roads approved and maintained by the municipality or the state of Connecticut, or private roads approved pursuant to C.G.S. Section 10-220c.
2. "Walking distance" means the linear measure of a prescribed or authorized pedestrian route between the pupil's residence and the pupil's school from a point at the curb or edge of a public or private road nearest the pupil's residence to a point at the entrance of the school, or a safe entrance to the school grounds located within one hundred feet of the school building entrance or the bus pick-up area, or the route from the point on the public thoroughfare nearest the residence to the school bus or vehicle embarkation point established by the Newtown Board of Education.

3. "One mile walking distance" means a reasonable measurement of a route to be traversed extending from the point of measurement at least 5,280 feet, but not more than 5,380 feet.
4. "Grade K" means kindergarten, or a school program appropriate to a beginning pupil.
5. "Hazard" means a thing or condition, as prescribed in this policy under "Hazardous Conditions" that affects the safety of pupils walking to or from school and/or to or from a designated bus pick-up area.
6. "Sidewalk" means a portion of the landscape right of way approximately three feet wide, usually parallel to the traffic lanes which may be paved or unpaved, and marked by curbing, drainage ditch, grass area or fencing; apart from and independent of any white line safety markings along the street pavement.
7. "Raised walk area" means a portion of the landscape right of way approximately three feet wide, usually parallel to the traffic lanes which may be paved or unpaved, distinguished by some elevation above the street pavement level and marked by curbing, drainage ditch, grass area or fencing; apart from and independent of any painted safety markings along the street pavement.
8. "Walking route" means the route that the student is expected to travel between his/her residence to and from school and/or an assigned bus stop.
9. "Bus stop" shall be defined as a geographical location designated by the Board of Education, school administration or their designee where students can safely wait for purposes of embarking or disembarking a school bus.
10. "Pupil" means any individual of school age enrolled in a public or nonprofit private school located within the school district or contiguous school district as the case may be.

III. Provision of Transportation

Transportation by private carrier may be provided whenever such practice is more economical than using school district-owned/leased facilities. If parents volunteer, and the administration permits, parents may be reimbursed for transportation of eligible students whenever such practice is more economical or convenient for the school district.

In determining the provision of transportation for resident public and eligible private school students, the following guidelines regarding walking distances will be considered. Distance measurements will be based on the most direct route from the student's home beginning at a point at the curb or edge of a public road or highway nearest the home to the edge of the school property or bus pickup areas.

<u>Grade</u>	<u>Limit</u>
K	1 mile
1-3	1 mile

4-8	1 mile
9-12	1.5 miles

Students living within the stated distance limits will receive transportation when, in the opinion of the Superintendent of Schools, it is in the best interests of the district to provide transportation.

IV. Access to Bus Stops/Transportation and Behavior/Bus Routes and Stops

Parents and/or guardians are responsible for ensuring the safety of their children up until the point when students board the school bus or other school provided transportation, and after students get off the bus after school. This responsibility includes the selection of walking routes to/from any bus stop and/or the school building, compliance with health and safety precautions at the bus stop and along walking routes, and the provision of supervision that is appropriate to the student’s age, maturity and conditions along the walking route and/or at the bus stop at all times. In addition, the district does not provide transportation services to daycare facilities that are outside of a student’s designated elementary school district.

Given that bus pick up times may vary, the Board expects that parents and/or guardians will ensure that their children arrive at the bus stop in advance of any scheduled pick up time.

Students accessing school transportation are expected to behave in an appropriate manner, in accordance with all school rules and regulations. The Board’s policies and procedures concerning student discipline shall apply to student behavior while accessing student transportation.

Bus Routes and Stops

Bus stop locations are subject to change each year.

Cul-de-sacs will only be entered when the street length exceeds the maximum walking distances set forth in this policy. Cul-de-sacs will not be entered unless it has been determined during routing development that the radius is sufficient to allow the bus to maneuver the turn.

Certain dead-end streets within the town have been designated as impassible because of factors including the lack of necessary space to turn around, topography and industrial activity that make access unsafe, even with a mini-bus or Type II vehicle. These streets will not be entered.

V. Hazardous Conditions

The administration shall consider the following guidelines for hazardous conditions when making decisions regarding the transportation of children:

1. Except as provided in Paragraph 7 of this Section, a street or road, along a designated walking route to or from school and/or to or from a designated bus pick-up area, having an adjacent or parallel sidewalk or raised walk area shall be deemed hazardous when any one of the following conditions exist:

- a) For pupils under age ten, or enrolled in grades K through 3:
 - (i) the absence of a pedestrian crossing light or crossing guard where three or more streets intersect, and a pupil is expected to cross the street; OR
 - (ii) street crossings where there are no stop signs or crossing guards and the traffic count during the time that pupils are walking to or from school exceeds sixty vehicles per hour at the intersection, and a pupil is expected to cross the street.

- b) For pupils over age ten, or enrolled in grades 4 through 12, the absence of a traffic light or stop signs or crossing guard at an intersection where three or more streets intersect which has a traffic count which exceeds ninety vehicles per hour during the time that pupils are walking to or from school, and such pupils are expected to cross the street;

- c) For all pupils:
 - (i) any street, road, or highway with speed limits in excess of forty miles per hour which does not have pedestrian crossing lights or crossing guards or other safety provisions at points where pupils must cross when going to or from school or the bus stop; OR

 - (ii) the usual or frequent presence of any nuisance such as open man-holes, construction, snow plowed or piled on the walk area making walkways unusable, loading zones where delivery trucks are permitted to park on walkways, commercial entrances and exits where cars are crossing walking areas at speeds in excess of five miles per hour, and the like, including such nuisances which are hazardous or attractive to children.

- 2. Any street, road, or highway, along a designated walking route to or from school and/or to or from a designated bus pick-up area, that has no sidewalks or raised walk areas shall be deemed hazardous if any one of the following conditions exist:
 - a) For pupils under age ten, or enrolled in grade K through 3:
 - (i) any street, road, or highway possessing a traffic count of sixty or more vehicles per hour at the time that pupils are walking to or from school; OR
 - (ii) any street, road, or highway possessing a speed limit in excess of thirty miles per hour.

 - b) For all pupils:
 - (i) the presence of human-made hazards including attractive nuisances, as stated in 1(c)(ii) above; OR

 - (ii) any roadway available to vehicles that does not have a minimum width of approximately twenty-two feet; OR

- (iii) any roadway available to vehicles that, when plowed free of snow accumulations, does not have a minimum width of approximately twenty feet; OR
 - (iv) any street, road, or highway where the line-of-sight visibility together with posted speed limits do not permit vehicular braking/stopping in accordance with the Connecticut Drivers Manual or Department of Transportation, Division of Design Standard, or other reasonable standard.
- 3. Any walkway, path, or bridge, along a designated walking route to or from school and/or to or from a designated bus pick-up area, in an area adjacent or parallel to railroad tracks shall be considered hazardous unless a suitable physical barrier along the entire pedestrian route is present and fixed between pupils and the track; and any crossing of railroad tracks carrying moving trains during hours that pupils are walking to or from school or to and from a designated bus pick-up area shall be deemed hazardous unless:
 - a) a crossing guard is present; OR
 - b) for pupil under age ten, an automatic control bar is present at crossings; OR
 - c) for pupils over age ten, a bar or red flashing signal light is operational.
- 4. For pupils in grades K through 4, the following conditions shall be deemed hazardous:
 - a) a lake, pond, stream, culvert, water-way, or bridge shall be deemed a hazard in the absence of a fence or other suitable barrier fixed between the pupil and the water; OR
 - b) any area adjacent to a roadway, sidewalk, or bridge, along a designated walking route to or from school and/or to or from a designated bus pick-up area, having a drop of three or more feet per four feet of travel length on either side of the established lanes, in the absence of a fence or other suitable barrier.
- 5. For pupils in grades K through 8, walking to or from school or the bus stop at any time prior to one-half hour before sunrise or any time one-half hour after sunset shall be deemed hazardous.
- 6. For all students, walking along any street, road, walkway, sidewalk, or path designated as a walking route which passes through an area which has a history of aggressive acts of molestation resulting in actual or threatened physical harm or moral degradation during the hours when pupils ordinarily walk to or from school shall be deemed hazardous.
- 7. It shall not be a “hazard” or “hazardous condition” for a pupil whose residence abuts a public street, road or highway to (1) wait for the bus on the private property where the pupil resides for the school bus, until the school bus’s flashing red lights are activated to stop traffic so that the student can enter onto or cross the public street, road or highway to get on a school bus;

or (2) exit a school bus that is stopped on the public street, road or highway, when the bus's flashing red lights are activated to stop traffic so that the pupil can enter onto or cross such street, road or highway to access the private property where the pupil resides.

VI. Applicability and Exceptions

1. This policy is applicable to public roads approved and maintained by the municipality or state of Connecticut, or private roads approved for passage of school transportation vehicles in accordance with C.G.S. Section 10-220c.
2. Special Education pupils and pupils eligible for accommodations under Section 504 of the Rehabilitation Act shall be judged on an individual basis, and appropriate transportation provided.
3. The Superintendent of Schools may grant an exception to any guideline set forth in this policy where a peculiar condition or combination of conditions renders such condition(s) a hazard based upon reasonable judgment; or where under the circumstances, other conditions exist under which the safety of students necessitates a variance with the guidelines within this policy.

VII. Complaint Procedure

1. All complaints concerning school transportation safety shall be made in writing to the Superintendent of Schools or designee. The Superintendent or designee shall maintain a written record of all such complaints, and shall conduct appropriate investigations of the allegations in a timely manner. The investigation shall include 1) the review of the complaint raised with appropriate personnel responsible for transportation of students and 2) the opportunity for the parent or other person making the complaint to meet with the Superintendent to discuss the complaint and any possible resolution thereof.
2. Annually, within thirty (30) business days of the end of the school year, the Superintendent of Schools or designee shall provide the Commissioner of Motor Vehicles ("Commissioner") with a copy of the written record of complaints received during the previous twelve (12) month period.
3. The Superintendent of Schools or designee shall make a written report of the circumstances of any accident within the Board's jurisdiction and knowledge, involving a motor vehicle and any pedestrian who is a student, which occurs at a designated school bus stop or in the immediate vicinity thereof, to the Commissioner within ten (10) business days thereafter on a form prescribed by the Commissioner.
4. If a complaint is covered by Section 10-186 of the Connecticut General Statutes, and is not resolved by the Superintendent, the Superintendent shall inform parent or guardian, or an emancipated minor or a pupil eighteen years of age or older, of the right to request a hearing regarding the complaint. Such hearing, if requested, shall be held in accordance with Section 10-186 of the Connecticut General Statutes, as it may be amended from time to time.

**ADMINISTRATIVE REGULATIONS REGARDING
STUDENT BEHAVIOR AND SAFETY RULES
ON STUDENT TRANSPORTATION AND**

WAIVER OF DISTRICT-PROVIDED TRANSPORTATION

Student Behavior

When a bus driver believes the conduct and behavior of a student may endanger the safety of the bus or its passengers, he has the authority to return the student to school on an afternoon run. If a disturbance occurs on a morning bus run, all passengers will be brought to school. On both runs, the driver must immediately report the incident to the Bus Supervisor or school Principal. The Principal will determine appropriate disciplinary action, including curtailment of bus privileges.

Student Safety Rules

1. All students waiting for buses are to wait quietly, without running and/or playing in the designated area.
2. Students must form an orderly line prior to entering the assigned bus.
3. Before leaving the area to re-enter the school, to go to other parts of the school property, or to leave the school property and then return for transportation, students must have permission from staff who are supervising the loading area.
4. Students will enter/leave the bus without hurrying or pushing.
5. Every student must be seated immediately upon entering the bus and remain seated until the bus comes to a full stop at the point where the student disembarks.
6. Students will not block or obstruct an entrance or exit with books, instruments, or other equipment.
7. Feet must be kept on the floor and out of the aisle.
8. Students will at no time or in any manner cause any disturbance that will distract the bus driver's attention and/or endanger the occupants of the bus.
9. Students will refrain from loud talking and shouting while on the bus.
10. Students must not throw or shoot objects in the bus.
11. No student shall mark or damage a school bus or leave waste material on the bus.
12. There shall be no eating on school buses.
13. The use of obscene or profane language is strictly forbidden.
14. Students disembarking buses on the opposite side of the road from their homes should cross in front of the bus and walk at least ten feet away from the bus bumper. When they reach the roadside they must stop, look up and down the road for cars approaching from either direction, and proceed only on a signal from the bus driver. Exceptions for safety reasons may be allowed.

15. Students shall not bring any items on the school bus that can endanger others, or that could disrupt the environment necessary for proper bus safety.
16. Violation of any of these regulations will be reported by the appropriate school administrator to parents or guardians. If bus safety violations continue, parents or guardians will be advised that a loss of bus transportation or suspension from school may be a consequence under student discipline.

Loading and Unloading

First consideration shall be given to the safety of the students when establishing bus stops, loading and unloading buses, and in all other phases of school bus transportation.

Supervision for loading and unloading buses will be provided under the direction of the building principals at the elementary schools, Reed Intermediate School, and the Middle School. The High School will only provide supervision for loading buses.

Picking Up and Discharging Passengers

Bus routes will be designed to pick up and discharge children in a safe and appropriate manner.

Waiver of District-Provided Transportation

Each parent/guardian who wishes to waive district-provided transportation and permit a his/her child to walk home from school on a daily basis must complete, sign and submit a waiver and permission form, using the form provided by the Administration. Such forms shall only be valid for the school year in which they are submitted. In the event that a parent/guardian wishes to revoke such permission at any point during the school year, the parent/guardian must notify the Administration in writing of such decision. Parents wishing to give permission for their student(s) to walk on an occasional basis, must submit a note specifying the date(s) the student(s) will be permitted to walk.

The following provisions shall apply only to students riding the shuttle from Reed Intermediate School (Grades 5-6): 5th and 6th graders may be allowed to walk home on a daily basis after taking the shuttle bus from Reed Intermediate School to the designated elementary school only if their parents/guardians have completed, signed and submitted a waiver and permission form in accordance with the provisions of these Administrative Regulations.

Note: State law requires schools to include in any policy or procedure concerning the collection of unpaid charges for school lunches, breakfasts or other such meal, certain statutory elements. S & G developed this model policy to address the state’s statutory requirements and it includes the requirements of the U.S. Department of Agriculture’s Food and Nutrition Services Child Nutrition Programs.

This policy is recommended for adoption because it is in compliance with state and federal laws. If adopted, it is recommended the Board rescinds NPS Policy 3542.43, Food Service, Charging Policy, adopted on July 18, 2017. S & G places this policy in the Student Series, 5000.

This policy was reviewed by the Director of Business and Finance.

Update: This policy is scheduled for second read and approval at the November 19 Board meeting. It has been updated as of 10/28/24, based on the recommendations of the CSDE consultant who conducted the Administrative Review of the School Lunch Program. The additions are highlighted in yellow.

MEAL CHARGING POLICY

The Newtown Board of Education (the “Board”) recognizes the importance of providing nutritious food to students in the Newtown Public Schools (the “District”).

The Board is a sponsor of the **District-wide** United States Department of Agriculture (USDA) Food and Nutrition Services’ Child Nutrition Programs, including the National School Lunch Program (NSLP). **In addition**, the District provides a School Breakfast Program (SBP) at Newtown High School. The District shall adhere to the federal and state guidelines and regulations pertaining to these school Child Nutrition Programs. In accordance with federal law, the Board will make a public announcement and notify parents and guardians of the eligibility criteria for free and reduced price meals and provide information regarding how a household may make an application for these benefits. Such notice and application will generally be distributed at the beginning of each school year.

Charging Meals

The District uses an automated prepayment system for student meal accounts. Students whose accounts have insufficient funds, and who do not bring a meal or other funds to school to pay for meals, may charge meals to their meal accounts. Students will be informed of their right to purchase a meal, which excludes a la carte items and a second meal or lunch, for any school breakfast, lunch or other meal offered by the District, even if the student’s account has insufficient funds.

The Board prohibits publicly identifying or shaming a student for any unpaid meal charges, including, but not limited to, the following:

- Delaying or refusing to serve a meal to such student;

- Designating a specific meal option for the student; or
- Otherwise taking any disciplinary action against the student.

No adults are allowed to charge meals.

Collection of Unpaid Meal Charges

The District's efforts to recover from households money owed due to the charging of meals must not have a negative impact on the children involved and shall focus primarily on the adults in the household responsible for providing funds for meal purchases. The District shall consider whether the benefits of potential collections outweigh the costs that would be incurred to achieve those collections.

For purposes of this policy, "delinquent debt" means unpaid meal charges.

The District will contact the parents/guardians of students who charge meals to their meal accounts in order for the District to collect the delinquent debt. The first such communication will be a written communication, by mail or e-mail, after \$25.00 has been charged. Subsequent written and verbal communications with parents/guardians concerning delinquent debt will be made by the building administrator or designee, as may be necessary and appropriate. All communications regarding unpaid meal charges shall be made directly and discreetly to parents/guardians. Written communications with parents/guardians regarding collection of a student's unpaid meal charges shall include an application for free or reduced price meals, information on local food pantries and the Connecticut Department of Social Services' supplemental nutrition assistance program, and a link to the [Town's website](#) that lists the [Supplemental Nutrition Assistance Program \(SNAP\)](#), and the Town's [Department of Social Services](#).

In the event a student's unpaid meal charges are equal to or more than the cost of thirty (30) meals, the parents/guardians of such student will be referred to the District's homeless education liaison.

The Board shall comply with applicable federal and state laws and other federal or state requirements concerning the collection of unpaid meal charges, including but not limited to requirements relating to delinquent debt and "bad debt," as defined by federal law, and record-keeping relating thereto. The Board may accept gifts, donations or grants from any public or private sources for the purpose of paying off any unpaid charges for school lunches, breakfasts or other such feeding. By June 30 of each year, the unpaid meal debt must be reimbursed by Board of Education funds and not the nonprofit school food service account (NSFSA).

Dissemination of Policy

This policy shall be provided in writing to all households at the start of each school year and to households transferring to the District during the school year. This policy shall be provided to District staff responsible for its enforcement: Director of Business, principals, bookkeeper, school social workers, nurses, and the homeless liaison. When other staff members assisting children in need or who may be contacted by families with unpaid meal charges are identified, they will receive an electronic copy of the policy.

The District shall maintain, to the extent required by law, documentation of the methods used to communicate this policy to households and District staff responsible for policy enforcement.

The District shall provide this policy to the Connecticut State Department of Education during Administrative Reviews.

The Superintendent or designee may, if necessary and appropriate, develop administrative regulations in furtherance of this policy.

Availability of these procedures shall be made known annually to parents of students currently in attendance and eligible students currently in attendance.

II. DEFINITIONS

- A. Access is defined as the right to inspect or review a student’s education records or any part thereof. Access may include the right to receive copies of records under limited circumstances.
- B. Authorized representative means any entity or individual designated by the Board, a State educational authority, or an agency headed by an official listed in 34 C.F.R. § 99.31(a)(3), to conduct -- with respect to Federal- or State-supported education programs -- any audit or evaluation, or any compliance or enforcement activity in connection with Federal legal requirements that relate to these programs.

Disclosure means to permit access to or to release, transfer, or other communication of personally identifiable information as contained in education records by any means, including oral, written or electronic means, to any party except the party identified as the party that provided or created the record.
- H. Education Records
1. Education records means any information directly related to a student that is recorded in any manner (e.g., handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche) and that is maintained by the school system or persons acting for the school system.
 2. Education records do not include:
 - a) private, personal, or working notes in the sole possession of the maker thereof, and which are not accessible or revealed to any other individual except a "substitute";
 - b) records maintained by a law enforcement unit of the school district that were created by that unit for the purpose of law enforcement;

- c) employment records used only in relation to the student's employment by the school district that are 1) made and maintained in the normal course of business, 2) relate exclusively to the student's capacity as an employee, and 3) are not made available for any other purpose;
- d) records on an eligible student (i.e. over 18 or attending a postsecondary educational institution) that are considered "treatment records" as they meet the following criteria: 1) the records are maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional capacity or assisting in a paraprofessional capacity, 2) the records are made in connection with the treatment of the student and 3) the records are disclosed only to individuals providing such treatment (treatment does not include remedial educational activities or activities that are part of the program or instruction of the school district); however, the school district must, upon request, permit an eligible student to have a physician or other appropriate professional of the student's choice review his/her treatment records;
- e) records created or received by the school district after an individual is no longer a student in attendance and that are not directly related to the individual's attendance as a student; and
- f) grades on peer-graded papers before they are collected and recorded by a teacher.

- I. Eligible Student is a student or former student who has reached 18 years of age or is attending an institution of post-secondary education or is an emancipated minor.
- J. Law Enforcement Unit is an individual, office, department, division, or other component of an educational agency or institution, that is officially authorized or designated by that agency or institution to 1) enforce laws or refer matters of law enforcement to appropriate authorities or 2) maintain the physical security and safety of the agency or institution.
- K. Legitimate Educational Interest means the need for a school official to review an education record in order to fulfill his or her professional responsibilities.
- L. Parent is defined as a parent or parents of a student, including a natural parent, a guardian, or surrogate parent, or an individual acting as a parent

in the absence of a parent or guardian. The rights of a parent shall transfer to an eligible student; however, a parent of a student who claims that student as a dependent under Section 152 of the Internal Revenue Code of 1986 is entitled to access to the student's education records without the eligible student's consent.

- M. Personally Identifiable Information includes, but is not limited to, the student's name; the name of the student's parent or other family members; the address of the student or his/her family; a personal identifier, such as the student's social security number, student number or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.
- N. School Official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a volunteer, contractor or consultant or other party who performs an institutional service or function for the District (such as an attorney, auditor, medical consultant, therapist, or school resource officer); or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks.
- O. Signed and Dated Written Consent to disclose personally identifiable student information from a student's education records must specify the records to be disclosed, the purpose of disclosure and the party to whom such records should be provided. Consent may include a record and signature in electronic form provided that the consent identifies and authenticates a particular person as the source of electronic consent.

III. ANNUAL NOTIFICATION OF RIGHTS / RELEASE OF DIRECTORY INFORMATION

- A. On an annual basis, the school district will notify parents and/or eligible students currently in attendance of their rights regarding a student's education records. This notice will be published in all student handbooks in the school district and will also be published in the school district's guide to Special Education Procedures and Practices Manual and will be published in any other manner "reasonably likely" to inform such parents and eligible students of their rights. The school district will take steps to ensure that parents or eligible students whose primary or home language is

not English or who are disabled will also be notified of their rights regarding a student's education records.

- B. On an annual basis, the school district will also notify parents and/or eligible students currently in attendance of any categories of information designated as **directory information**. This notice will provide such individuals with an opportunity to object to such disclosure. An objection to the disclosure of directory information shall be good for only one school year. Parents and/or eligible students may not use the right to opt out of directory information disclosures to prohibit the school district from requiring students to wear or display a student identification card.
- C. In the annual notification, the school district will also provide notice to parents and/or eligible students that the district is legally obligated to provide military recruiters, institutions of higher education, or school choice programs, upon request, with the names, addresses and telephone numbers of secondary school students, unless the secondary student or the parent of the student objects to such disclosure in writing. Such objection must be in writing and shall be effective for one school year.

IV. CONFIDENTIALITY OF EDUCATION RECORDS

- A. All school officials are directed to maintain the confidentiality of personally identifiable information contained in a student's education records. Each person who has access to education records is responsible for ensuring personally identifiable information is protected from disclosure at collection, storage, disclosure, and destruction stages. Disclosure of information is permitted only in accordance with Board policy and administrative regulations and in a manner consistent with state and federal law.
- B. Education records are not public records and any disclosure other than to persons authorized to receive the records without prior consent of a parent or an eligible student violates the law and Board policy, except as provided in federal and state statutes.
- C. The school district shall use reasonable methods, including administrative policies and procedures, as well as physical and technological access controls, to ensure that school officials obtain access to only those education records in which they have a legitimate educational interest.
- D. The district shall use reasonable methods to identify and authenticate the identity of parents, students, school officials and other parties to whom the district discloses personally identifiable information from education records.
- E. The district shall require contractors and other outside agencies with access to education records to certify their compliance with the

confidentiality requirements of this policy, as well as applicable state and federal law.

V. ACCESS TO EDUCATION RECORDS

- A. Parents and/or an eligible student have the right to inspect and review all education records of the student unless such rights have been waived under Article XI, below. Parents' rights of inspection and review are restricted to information dealing with their own child. In the case of an eligible student, the right to inspect and review is restricted to information concerning the student. All requests for access to education records must be in writing.
- B. When submitting a written request to inspect or review education records, the request must identify the record or records being sought. The school district will notify the parent or eligible student of the date, time, and location where the records may be inspected and reviewed.
- C. The parents or eligible students may designate in writing a representative to inspect and review the records. Consent for disclosure of education records to a designated representative must be signed and dated by the parent or eligible student.
- D. A school professional shall be present at all such inspections and reviews and shall respond to reasonable requests for explanations and interpretations of the records.
- E. For the records of **regular education students**, the Board will make education records available for inspection and review by parents or eligible students within a reasonable period of time, but in any event, no more than forty-five (45) calendar days from the receipt of a written request.
- F. For **students requiring special education**, the Board will comply with a request to review and inspect the child's education records without unnecessary delay and before any meeting regarding an IEP or any due process hearing or resolution session held in accordance with the IDEA; otherwise, the Board will comply with such request not later than ten (10) school days of such request.
- G. Parents of students eligible to receive special education and related services (or the eligible student) have the right to receive **one free copy** of their child's (his/her) education records. The request for the free copy must be in writing and the Board will comply with the written request within ten (10) school days of the request. Notwithstanding the fact that a test instrument or portion of a test instrument may meet the criteria of an "education record" under the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, any test instrument or portion of a test instrument for which the test manufacturer asserts a proprietary or copyright interest in

the instrument shall not be copied. The parent or eligible student retains the right to review and inspect such information and the Board shall respond to reasonable requests from the parent or eligible student for explanations and interpretations of the student's education record, which may include reviewing copyrighted testing instruments.

- H. Aside from a parent or eligible student, staff members, school employees and other school officials may access a student's education records **only if** they have been determined by the school system to have a legitimate educational interest in accessing the information contained in such records. Disclosures to any other parties may only be made in accordance with the exemptions and provisions set forth in Article VII, below.
- I. Pursuant to the procedures set forth in Article VI, below, the district maintains a record of all parties that have requested access to education records, including access to education records found in computer memory banks.

J. Non-custodial Parents:

1. Divorced Parents

A parent does not lose his or her right to access to education records upon divorce. Non-custodial parents retain their rights to review their child's education records unless the school district has been provided with evidence that there is a court order, state statute, or legally binding document relating to such matters as divorce, separation, or custody that specifically revokes the non-custodial parent's rights. School notices shall be mailed to the non-custodial parent/guardian requesting the notices at the same time that they are provided to the custodial parent/guardian. Any requests by the non-custodial parent/guardian to receive school notices shall be effective for as long as the child remains in the school the student is attending at the time of the request.

2. Incarcerated Parents

Nothing in this policy shall be construed to limit a parent who is incarcerated from being entitled to knowledge of and access to all educational, medical, or similar records maintained in the cumulative record of any minor student of such incarcerated parent, except that such incarcerated parent shall not be entitled to such records if:

- (a) such information is considered privileged under Conn. Gen. Stat. § 10-154a, regarding a communication made privately and in confidence by a student to a professional employee in the course of the professional employee's employment

concerning alcohol or drug abuse or any alcoholic or drug problem of such student;

- (b) such incarcerated parent has been convicted in Connecticut or any other state of sexual assault in violation of Conn. Gen. Stat. §§ 53a-70, 53a-70a, 53a-71, 53a-72a, 53a-72b, or 53a-73a; or
- (c) such incarcerated parent is prohibited from knowledge of or access to such student's cumulative record pursuant to a court order.

K. Unaccompanied Youth:

Notwithstanding anything in this policy to the contrary, an unaccompanied youth shall be entitled to knowledge of and have access to all educational, medical or similar records in the cumulative record of such unaccompanied youth maintained by the school district. For the purposes of this provision, the term "unaccompanied youth" shall mean a homeless child or youth not in the physical custody of a parent or guardian.

L. Copies of Education Records/Fees:

1. The school district cannot charge a fee to search for or to retrieve the education records of a student. As noted above, if a student has been identified as requiring special education and related services, the parents' (or eligible student's) right to inspect and review the child's records shall include the right to receive **one free copy** of those records. The request for the free copy shall be made in writing. The Board shall comply with such request as stated above. A charge will be levied for additional copies; in no case will the charge exceed **50¢** per page
2. In addition to the provision above regarding special education students, if circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student's education records, the district shall:
 - a. provide the parent or eligible student with a copy of the records requested, or
 - b. make other arrangements for the parent or eligible student to inspect and review the requested records.
3. The Board reserves the right to charge for copies of a student's education records. Such charge will not exceed 50¢ per page.

VI. RECORD KEEPING REQUIREMENTS/DOCUMENTATION OF ACCESS TO EDUCATION RECORDS

- A. The school district will appoint an individual to be responsible for the care and upkeep of all education records. Education records are kept by categories, each of which encompasses a specific type of data collected during a student's educational career. These categories also determine how long the school district must maintain the records. The school district will provide to parents, on request, a list of the categories and locations of education records collected, maintained, or used by the school district.
- B. Except as provided below, a record (log) will be kept documenting each request for, and disclosure of, personally identifiable information from the education records of each student, including information found in computer memory banks. The record log shall contain:
1. the name of any individual, agency, or organization that requested or obtained access to the student's records;
 2. the date of the request for access;
 3. whether access was given;
 4. the purpose for which the party was granted access to the records;
 5. the names of additional parties to whom the receiving party may disclose the information on behalf of the school district; and
 6. the legitimate educational interest in obtaining the information.
- C. The record (log) requirement does not apply to requests from, or disclosure to:
1. a parent or eligible student;
 2. a party seeking directory information;
 3. a party who has a signed and dated written consent from the parent and/or eligible student;
 4. school officials from the school district in which the student is currently enrolled who have a legitimate educational interest in the information contained in the student's record; or
 5. persons seeking or receiving the information as directed by a Federal grand jury, other law enforcement subpoena, or ex parte order of the Attorney General of the United States (provided that the information requested is not to be redisclosed).

- D. The record (log) is a permanent part of the student's education records and must be available to the parent or eligible student upon request.
- E. If the district makes a release of education records without consent in a **health and safety emergency**, the district must record:
 - 1. the articulable and significant threat to the health and safety of a student or other individuals that formed the basis for disclosure; and
 - 2. the parties to whom the district disclosed the information.

VII. THE RELEASE OF RECORDS OR PERSONALLY IDENTIFIABLE INFORMATION

- A. The school system or its designated agent(s) may not permit release of education records or any information from such records that contain personally identifiable student information to any outside individual, agency, or organization without the signed and dated written consent of the parents or eligible student, except as indicated in Article VII.C below. Personally identifiable information contained in the education record, other than directory information, will not be furnished in any form (i.e., written, taped, video or audio recorded, person-to-person, statement over the telephone, on computer disk, e-mailed or electronic message, etc.) to any person other than those listed below, unless prior written consent has been obtained.
- B. To be effective, the written consent must be signed and dated and must specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made.
- C. Personally identifiable information may be released **without consent** of the parents, or the eligible student, only if the disclosure meets one of the criteria set forth below:
 - 1. School Officials:
 - a) The disclosure is to other school officials within the district, including teachers, who have been determined by the school district to have legitimate educational interests in the education records.
 - b) A contractor, consultant, volunteer, or other party to whom the district has outsourced institutional services or functions, provided that the party:
 - 1) performs an institutional service or function for which the district would otherwise use employees;

- 2) is under the direct control of the district with respect to the use and maintenance of education records; and
 - 3) is subject to the requirements of FERPA with respect to the use and redisclosure of personally identifiable information from education records.
- c) The Board shall comply with the below Section I of this Article VII prior to the provision of student records, student information or student-generated content to any school official who is a consultant or operator, as those terms are defined in Section I.

3. Transfer Students:

- a) The disclosure is to officials of another school, including other public schools, charter schools, and post-secondary institutions, in which the student seeks or intends to enroll, or where the student is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer. Disclosure of personally identifiable information will be made only upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record pursuant to Article X.
- b) When a student enrolls in a new public school district (including a public charter school), the receiving school district must send written notice of such enrollment to the school the student previously attended not later than two (2) business days after the student enrolls. Not later than ten (10) days after receipt of such notice, the sending school shall transfer the student's records to the new school district.
- c) Upon notification by the Department of Children and Families ("DCF") of a decision to change the school placement for a student attending district schools who is placed in out-of-home care by DCF pursuant to an order of temporary custody or an order of commitment, in accordance with Section 46b-129 of the Connecticut General Statutes, the Board shall transmit to the receiving school, not later than one (1) business day after receipt of such notification from DCF, all essential education records for the student, including, but not limited to, the student's

individualized education program (“IEP”) and behavioral intervention plan, if any, and all documents necessary for the receiving school to determine appropriate class placement and to provide educational services. The Board shall transfer nonessential records to the receiving school in accordance with subsection b above.

4. The disclosure is to authorized representatives of the U.S. Comptroller, the U.S. Attorney General, the U.S. Secretary of Education, or State or local educational authorities. Disclosures of this nature may be made only in connection with an audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with the Federal legal requirements that related to these programs. These entities may make further disclosures of personally identifiable information that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met.
5. The disclosure is made in connection with a student’s application for, or receipt of, financial aid, if such information is necessary to determine eligibility for, the amount of, or the conditions for financial aid, or to enforce the terms and conditions of financial aid.
6. The disclosure is to state and local officials or authorities within the juvenile justice system as long as the officials and authorities to whom the records are disclosed certify in writing to the school district that (a) the information is required by the court, and (b) will not be disclosed to any other party without the prior, written consent of the parent of the student, except as provided under state law. Disclosure shall be permitted for information relating to the student’s school attendance, adjustment and behavior, as well as the student’s IEP and related documents if the student receives special education services. If a student is placed on probation by the juvenile court, school officials may issue their own recommendation concerning the conditions of the student’s probation.
7. The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, so long as:
 - a) the study does not permit personal identification of parents or students by individuals other than representatives of the organization,

- b) the information is destroyed after it is no longer needed for the purposes for which the study was conducted, and
 - c) the Board enters into a written agreement with the organization conducting the study that satisfies the requirements of 34 C.F.R. § 99.31(a)(6).
8. The disclosure is to accrediting organizations in order to carry out their accrediting functions.
9. The disclosure is to parents of an eligible student who claim that student as a dependent student as defined in Section 152 of the Internal Revenue Code of 1986.
10. The disclosure is to comply with a judicial order or lawfully issued subpoena, provided that the educational agency makes a reasonable effort to notify the parent or the eligible student in advance of compliance, unless such disclosure is in compliance with
- a) a federal grand jury subpoena and the court has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed;
 - b) any other subpoena issued for a law enforcement purpose and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed; or
 - c) an ex parte order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning the investigation or prosecution of terrorism crimes specified in 18 U.S.C. §§ 2331 and 2332b(g)(5)(B).
11. If the school district initiates legal action against a parent or student, the school district may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as plaintiff.
12. If a parent or eligible student initiates legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself.

13. The disclosure is to appropriate parties, including parents of an eligible student, in connection with a health and safety emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. In making a determination regarding the disclosure of education records without consent in a health and safety emergency, the district may take into account the totality of the circumstances pertaining to the threat to the health or safety of a student or other individuals. If the district reasonably determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, provided, however, that the district record such disclosure in accordance with Article VI.D, above.
14. The disclosure is to the parent of a student who is under 18 years of age or to the student.
15. The disclosure concerns sex offenders and other individuals required to register under Section 170101 of the Violent Crime Control and Law Enforcement Act of 1994, 42 U.S.C. § 14071, and the information was provided to the district under 42 U.S.C. § 14071 and applicable federal guidelines.
16. The disclosure is to the Secretary of Agriculture or an authorized representative from the Food and Nutrition Service, or contractors acting on its behalf, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more federal meal or nutrition programs in order to report aggregate results that do not identify any individual. Such disclosures may only be made if:
 - a) the data collected will be protected to prevent the personal identification of students and their parents by other than the authorized representatives of the Secretary of Agriculture, and
 - b) any personally identifiable data will be destroyed when they are no longer needed for program monitoring, evaluations, and performance measurements.
17. The disclosure is to an agency caseworker or other representative of the DCF or other child welfare agency or tribal organization who has the right to access a student's case plan when the agency or organization is legally responsible for the care and protection of the student. The agency or organization may not disclose the

education records or personally identifiable information contained in such records, except to an individual or entity engaged in addressing the student's educational needs and authorized by the agency or organization to receive such disclosure. Any disclosures made by the agency or organization must comply with applicable confidentiality laws for student education records.

D. Directory Information

The school district will notify parents (of students currently enrolled within the district) or eligible students (currently enrolled in the district) annually of any categories of information designated as directory information. This notice will provide such individuals with an opportunity to object to such disclosure. An objection to the disclosure of directory information shall be good for only one school year.

1. School districts are legally obligated to provide military recruiters or institutions of higher education, upon request, with the names, addresses and telephone numbers of secondary school students, unless the secondary student or the parent of the student objects to such disclosure in writing. Such objection must be in writing and shall be effective for one school year.
2. In all other circumstances, information designated as directory information will not be released when requested by a third party unless the release of such information is determined by the administration to be in the educational interest of the school district and is consistent with the district's obligations under both state and federal law.
3. The school district may disclose directory information about students after they are no longer in enrollment in the school district. Notwithstanding the foregoing, the district will continue to honor any valid objection to the disclosure of directory information made while a student was in attendance unless the student rescinds the objection.
4. An objection to the disclosure of directory information shall not prevent the school district from disclosing or requiring a student to disclose the student's name, identified or institutional email address in a class in which the student is enrolled. Parents and/or eligible students may not use the right to opt out of directory information disclosures to prohibit the school district from requiring students to wear or display a student identification card.
5. The school district will not use the student's social security number or other non-directory information alone or combined with other

elements to identify or help identify the student or the student's records.

E. De-identified Records and Information

1. The school district may release education records or information from education records without the consent of a parent or eligible student after the removal of all personally identifiable information, provided that the district has made a reasonable determination that a student's identity is not personally identifiable, whether through single or multiple releases, taking into account other reasonably available information.
2. The school district may release de-identified education records including student level data from education records for the purpose of education research by attaching a code to each record that may allow the recipient to match information received from the same source, provided that:
 - a) the district does not disclose any information about how it generates and assigns a record code, or that would allow a recipient of the information to identify a student based on the record code;
 - b) the record code is used for no purpose other than identifying a de-identified record for the purposes of education research and cannot be used to ascertain personally identifiable information about a student; and
 - c) the record code is not based on a student's social security number or other personal information.

F. Disciplinary Records:

Nothing in this policy shall prevent the school district from:

1. Including in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.
2. Disclosing appropriate information concerning disciplinary action taken against a student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community, to teachers and school officials who have been determined to have legitimate educational interests in the behavior of the student.

- G. In accordance with state and federal law, the district will facilitate the transfer of records of suspension and expulsion of a student to officials of any private elementary or secondary school in which the student is subsequently enrolled or seeks, intends or is instructed to enroll.
- H. **Records of the Department of Children and Families (“DCF”)**
1. Documents related to any DCF child abuse and/or neglect investigations that are maintained by the Board are considered education records under the FERPA. As such, they are subject to the confidentiality and disclosure requirements set forth in this policy and in corresponding provisions of state and federal law. Such records, including records of allegations, investigations and reports made to DCF, should be kept in a confidential and central location, with restricted access and shall be disclosed only as authorized by law. In addition to meeting the requirements under FERPA, should the Board receive a request to disclose confidential DCF records to an outside third party, the Board shall redact the name or other personally identifiable information concerning the individual suspected of being responsible for the alleged abuse and/or neglect unless the requested records are being released to the individual named in the DCF records.
 2. In addition, the district shall redact the name or any personally identifiable information related to the identity of any individual responsible for making a report of alleged child abuse and/or neglect before releasing or transferring any DCF records containing such reports.
- I. Except as set forth in Subsection I.5, below, the Board shall enter into a written contract with a consultant or operator any time the Board shares or provides access to student information, student records, or student-generated content with such consultant or operator.
1. The provisions of said contract shall comply with the requirements of Conn. Gen. Stat. §§ 10-234aa to 10-234dd.
 2. The district shall maintain and update an Internet web site with information relating to all contracts entered into pursuant to Subsection I, above. On or before September 1st of each school year, the Board shall electronically notify students and the parents or legal guardians of students of the address of such Internet website. Not later than five (5) business days after executing a contract pursuant to this subsection, the Board shall post notice of such contract on the Board’s website. The notice shall:

- a. State that the contract has been executed and the date that such contract was executed;
 - b. Provide a brief description of the contract and the purpose of the contract; and
 - c. State what student information, student records or student-generated content may be collected as a result of the contract.
3. For purposes of this subsection, upon receipt of notice of a breach of security that results in the unauthorized release, disclosure or acquisition of directory information, student information, student records or student-generated content, the Board shall electronically notify, not later than two business days after receipt of such notice, the student and the parents or guardians of the student whose information is involved in such breach. The Board shall thereafter post notice of such breach on the Board's Internet web site. The Internet posting shall comply with the requirements of FERPA. All questions and concerns relative to breach of security shall be referred to Deborah Mailloux-Petersen, Director of Pupil Services, 3 Primrose Street, Newtown, CT 06477, phone: 203-426-7628.
4. For purposes of this subsection, the following definitions are applicable:
- a. Consultant means a professional who provides noninstructional services, including but not limited to, administrative, planning, analysis, statistical or research services, to the Board pursuant to a contract with the Board.
 - b. Operator means any person who (a) operates an Internet web site, online service or mobile application with actual knowledge that such Internet web site, online service or mobile application is used for school purposes and was designed and marketed for school purposes, to the extent it is engaged in the operation of such Internet web site, online service or mobile application, and (b) collects, maintains or uses student information.
 - c. School Purposes means purposes that customarily take place at the direction of a teacher or the Board, or aid in the administration of school activities, including but not limited to instruction in the classroom, administrative activities and collaboration among students, school personnel or parents or legal guardians of students.
 - d. Student means a person who is a resident of the state and (a) enrolled in a preschool program participating in the state-wide public school information system, pursuant to Conn. Gen. Stat.

§ 10-10a; (b) enrolled in grades kindergarten to twelve, inclusive, in a school under the jurisdiction of the Board; (c) receiving special education and related services under an individualized education program; or (d) otherwise the responsibility of the Board.

e. Student Information means personally identifiable information or material of a student in any media or format that is not publicly available and is any of the following:

- 1) Created or provided by a student or the parent or legal guardian of a student, to the operator in the course of the student, parent or legal guardian using the operator's Internet web site, online service or mobile application for school purposes;
- 2) Created or provided by an employee or agent of the Board to an operator for school purposes;
- 3) Gathered by an operator through the operation of the operator's Internet web site, online service or mobile application and identifies a student, including but not limited to, information in the student's records or electronic mail account, first or last name, home address, telephone number, date of birth, electronic mail address, discipline records, test results, grades, evaluations, criminal records, medical records, health records, Social Security number, biometric information, disabilities, socioeconomic information, food purchases, political affiliations, religious affiliations, text messages, documents, student identifiers, search activity, photographs, voice recordings, survey responses or behavioral assessments.

f.  - 2.  - 3. If, as a result of the hearing, the school district decides that information contained in the education records of a student is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, the parent or eligible student shall be informed of the right to place in the student's education records a statement commenting on the contested information or stating why he or she disagrees with the district's decision, or both.

- a. Any statement placed in the records of the student shall be maintained by the school system as part of the records of the student as long as the record or contested portion is maintained by the school system.
- b. If the contested portion of the education record is disclosed by the school system, the statement of disagreement by the parents and/or eligible student shall also be disclosed.

1. The student is notified, upon request, of the names of all individuals providing the letters or statements.
 2. The letters or statements are used only for the purpose for which they were originally intended.

3. The waiver is not required by the district as a condition of admission to or receipt of any other service or benefit from the district.
 4. The waiver is in writing and executed by the student, regardless of age, rather than by the parent.
- B. A waiver may be revoked with respect to any actions occurring after the revocation.
- C. Revocation of a waiver must be in writing.

XII. SPECIAL CONFIDENTIALITY PROCEDURES FOR HIV-RELATED INFORMATION

- A. The following definitions shall apply to Article XII of this policy:
1. Confidential HIV-Related Information

“Confidential HIV-related information” means any information pertaining to the protected individual or obtained pursuant to a release of confidential HIV-related information, concerning whether a person has been counseled regarding HIV infection, has been the subject of an HIV-related test, or has HIV infection, HIV-related illness or AIDS, or information which identifies or reasonably could identify a person as having one or more of such conditions, including information pertaining to such individual’s partners.
 2. Health Care Provider

“Health Care Provider” means any physician, dentist, nurse, provider of services for the mentally ill or persons with intellectual disabilities, or other person involved in providing medical, nursing, counseling, or other health care, substance abuse or mental health service, including such services associated with, or under contract to, a health maintenance organization or medical services plan.
 3. Protected Individual

“Protected individual” means a person who has been counseled regarding HIV infection, is the subject of an HIV-related test or who has been diagnosed as having HIV infection, AIDS or HIV-related illness.
 4. Release of confidential HIV-related information

“Release of confidential HIV-related information” means a written authorization for disclosure of confidential HIV-related information which is signed by the protected individual, if an eligible student, or a person authorized to consent to health care for the individual and which is dated and specifies to whom disclosure is authorized, the purpose for such disclosure and the time period during which the release is to be effective. A general authorization for the release of medical or other information is not a release of confidential HIV-related information, unless such authorization specifically indicates its dual purpose as a general authorization and an authorization for the release of confidential HIV-related information.

5. School Medical Personnel

“School medical personnel” means an employee of the Board who is a school nurse or the school district medical adviser.

B. Confidentiality of HIV-related Information

1. All school staff must understand that no person who obtains confidential HIV-related information regarding a protected individual may disclose or be compelled to disclose such information. Each person who has access to confidential HIV-related information is responsible for ensuring that confidential HIV-related information is protected from disclosure and/or redisclosure.
2. Confidential HIV-related information is not public information and any disclosure, other than to persons pursuant to a legally sufficient release or to persons authorized by law to receive such information without a legally sufficient release, violates the law and Board policy.

C. Accessibility of Confidential HIV-related Information

1. No school staff member who obtains confidential HIV-related information may disclose or be compelled to disclose such information, except to the following:
 - a) the protected individual, his/her legal guardian or a person authorized to consent to health care for such individual;
 - b) any person who secures a release of confidential HIV-related information;

- c) a federal, state or local health law officer when such disclosure is mandated or authorized by federal or state law;
- d) a health care provider or health facility when knowledge of the HIV-related information is necessary to provide appropriate care or treatment to the protected individual or when confidential HIV-related information is already recorded in a medical chart or record and a health care provider has access to such record for the purpose of providing medical care to the protected individual;
- e) a medical examiner to assist in determining cause of death; or
- f) any person allowed access to such information by a court order.

D. Procedures

1. If a school staff member, other than school medical personnel, is given confidential HIV-related information regarding a protected individual, who is also a student, from the student's legal guardian or the student, the school staff member shall attempt to secure a release of confidential HIV-related information for the sole purpose of disclosing such information to school medical personnel.
2. If a school medical personnel member is given confidential HIV-related information regarding a protected individual, who is also a student, by a student's legal guardian, or by the student, and the legal guardian or the student requests accommodations to the student's program for reasons related thereto, the school medical personnel member shall inform the legal guardian or the student, if an eligible student, that a release of confidential HIV-related information is necessary before such information may be disclosed to other educational personnel capable of assessing the need for and implementing appropriate accommodations to the student's program.
3. Any school staff member who obtains confidential HIV-related information from a source other than the protected individual or his/her legal guardian, shall keep such information confidential and shall not disclose such information.
4. No school staff member may disclose confidential HIV-related information to other school staff members without first obtaining a release of confidential HIV-related information.

5. Any record containing confidential HIV-related information shall be maintained in a separate file, and shall not be subject to the provisions of this policy regarding accessibility of general student records.
6. If school medical personnel determine that the health and safety of the student and/or others would be threatened if a release of confidential HIV-related information is not obtained, the school medical personnel may seek a court order authorizing disclosure. In such cases, such confidential HIV-related information may be disclosed as set forth in and subject to any limitation of such court order.

E. Disclosures Pursuant to a Release

1. Any disclosure pursuant to a release shall be accompanied by a notice in writing stating, "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by said law. A general authorization for the release of medical or other information is NOT sufficient for this purpose."
2. Oral disclosures must be accompanied or followed by the above notice within ten (10) days.
3. Except for disclosures made to a federal, state or local health officer when such disclosure is mandated or authorized by federal or state law, a notation of all disclosures shall be placed in the medical record or with any HIV-related test result of a protected individual, who shall be informed of such disclosures on request.

XIII. CHILD ABUSE REPORTING

Nothing in this policy shall limit a mandated reporter's responsibility to report suspected child abuse or neglect under the Board's Child Abuse and Neglect Reporting **Policy 4135**.

6. XIV. RIGHT TO FILE A COMPLAINT

FERPA affords parents and eligible students the right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Student Privacy Policy Office
U.S. Department of Education

The Board may choose to expunge an expulsion notice from a student’s cumulative record prior to graduation if such student has demonstrated to the Board that the student’s conduct and behavior in the years following such expulsion warrants an expungement. Should the notice be expunged in accordance with one of these provisions, a record of the fact that the student had been suspended or expelled shall be maintained apart from the student’s cumulative record, for the limited purpose of determining whether any subsequent offenses by the student would constitute the student’s first suspension or expulsion.

Administrative Regulations Adopted:

**Annual Notification of Rights
Under FERPA for Elementary and Secondary Institutions**

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, *et seq.*, affords parents and eligible students (*i.e.*, students over 18, emancipated minors, and those attending post-secondary educational institutions) certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's education records within forty-five (45) calendar days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal or Director of Pupil Services a written request that identifies the record(s) they wish to inspect. The principal or Director of Pupil Services will make arrangements for access and notify the parents or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parents or eligible student believe are inaccurate or misleading, or otherwise violate the student's privacy rights.

Parents or eligible students who wish to ask the District to amend a record should write the school principal or Director of Pupil Services, clearly identify the part of the record the parents or eligible student want changed, and specify why it should be changed.

If the District decides not to amend the record as requested by the parents or eligible student, the District will notify the parents or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to a school official with legitimate interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the District has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses a student's education record without consent to officials of another school, including other public schools, charter schools, and post-secondary institutions, in which the student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. Further, and in accordance with state and

federal law and guidance, the District may disclose education records to another school for enrollment purposes, which may include exploration of educational placement options by the District or educational placement decisions made by a planning and placement or Section 504 team, or in order to explore placement options for the provision of alternative educational opportunities.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

DIRECTORY INFORMATION

Unless notified in writing by a parent or eligible student to the contrary within two weeks of the date of this notice, the school district will be permitted to disclose “Directory Information” concerning a student, without the consent of a parent or eligible student. Directory Information includes information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the parent’s name, address and/or e-mail address, the student’s name, address, telephone number, e-mail address, photographic, computer and/or video images, date and place of birth, major field(s) of study, grade level, enrollment status (full-time; part-time), participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees, honors and awards received, the most recent previous school(s) attended and student identification numbers for the limited purposes of displaying a student identification card. The student identification number, however, will not be the only identifier used when obtaining access to education records or data. Directory information does not include a student’s social security number, student identification number or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems unless the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN or password.

The school district may disclose directory information about students after they are no longer in enrollment in the school district. Notwithstanding the foregoing, the district will continue to honor any valid objection to the disclosure of directory information made while a student was in attendance unless the student rescinds the objection.

An objection to the disclosure of directory information shall not prevent the school district from disclosing or requiring a student to disclose the student’s name, identified or institutional email address in a class in which the student is enrolled. Parents and/or eligible students may not use the right to opt out of directory information disclosures to prohibit the school district from requiring students to wear or display a student identification card.

The written objection to the disclosure of directory information shall be good for only one school year. School districts are legally obligated to provide military recruiters and institutions of higher learning, upon request, with the names, addresses and telephone numbers of secondary school students, unless the secondary student or the parent of the student objects to such disclosure in writing. Such objection shall be in writing and shall be effective for one school year. In all other circumstances, information designated as directory information will not be released when requested by a third party unless the release of such information is determined by the administration to be in the educational interest of the school district and is consistent with the district’s obligations under both state and federal law.

CHILD SEXUAL ABUSE AND ASSAULT RESPONSE POLICY AND REPORTING PROCEDURE

The Newtown Board of Education (the “Board”) has adopted a uniform child sexual abuse and/or sexual assault response policy and reporting procedure in connection with the implementation of its sexual assault and abuse prevention and awareness program.

I. Procedures for Reporting of Child Sexual Abuse and Sexual Assault

- A. Students, or any individuals, may make written or verbal reports of suspected child sexual abuse and/or sexual assault to any school employee. For purposes of this policy, a “child” shall be considered any student enrolled in the Board’s schools, except for those enrolled only in an adult education program who are over the age of eighteen (18). The Safe School Climate Specialist or designee for the school in which the student is enrolled shall be notified of the report and shall cause such reports to be reviewed and actions taken consistent with this policy.
- B. School employees who receive a report of child sexual assault and/or abuse and have reasonable cause to suspect or believe that a child has been sexually abused and/or assaulted shall report such suspicion to the appropriate authority in accordance with Board **Policy 4135/4235**, pertaining to **Reports of Suspected Abuse or Neglect of Children or Reports of Sexual Assault of Students by School Employees**.

II. Procedures for Review of Reports of Child Sexual Abuse and/or Assault

- A. The Safe School Climate Specialist or designee for the school in which the student is enrolled shall be responsible for reviewing any reports of suspected child sexual abuse and/or sexual assault. In the event that the suspected child sexual abuse and/or sexual assault has not yet been reported to the appropriate authority in accordance with Board **Policy 4135/4235**, pertaining to **Reports of Suspected Abuse or Neglect of Children or Reports of Sexual Assault of Students by School Employees**, the Safe

School Climate Specialist or designee shall promptly cause such a report to be made.

- B. If/when such report alleges that a school employee, as defined by Conn. Gen. Stat § 53a-65, is the perpetrator of child sexual abuse and/or sexual assault, the Safe School Climate Specialist or designee shall immediately notify the Superintendent of Schools or designee, who shall immediately notify the child's parent or guardian that a report has been made to the appropriate authorities in accordance with Board **Policy 4135/4235**, pertaining to **Reports of Suspected Abuse or Neglect of Children or Reports of Sexual Assault of Students by School Employees**. The notification requirement shall not apply if a parent or guardian is the individual suspected of perpetrating the child sexual abuse and/or sexual assault. If either a Department of Children and Families (“DCF”) investigation or a police investigation is pending pertaining to the report of suspected child sexual abuse and/or sexual assault, the Safe School Climate Specialist or designee shall obtain the permission of DCF and/or the police department conducting the investigation prior to informing the parents/guardians of the report.
- C. The Safe School Climate Specialist or designee shall offer to meet with the student and the parents or guardians of the student about whom a report of suspected child sexual abuse and/or sexual assault has been made, in order to discuss the District’s support procedures, including but not limited to: 1) actions that child victims of sexual abuse and/or sexual assault and their families may take to obtain assistance, 2) intervention and counseling options for child victims of sexual abuse and/or assault, and 3) access to educational resources to enable child victims of sexual abuse and/or sexual assault to succeed in school.
- D. In the event that the report of suspected child sexual abuse and/or sexual assault alleges that another student enrolled in the District is the perpetrator of the sexual abuse and/or sexual assault, the Safe School Climate Specialist or designee shall also take appropriate action to investigate or cause such a report to be investigated, and appropriate remedial actions taken, in accordance with Board **Policy 4135/4235**, pertaining to **Reports of Suspected Abuse or Neglect of Children or Reports of Sexual Assault of Students by School Employees**, Board **Policy 5131.911**, pertaining to **Bullying Prevention and Intervention**, and Board **Policy 5145.5, Prohibition of Sex Discrimination, Including Sex-Based Harassment**. In the event either a DCF investigation or a police investigation is pending pertaining to the report of suspected child sexual abuse and/or sexual assault, the Safe School Climate Specialist shall coordinate investigatory activities with DCF and/or the police in order to minimize the number of interviews of any child or student victim of sexual assault and share information with other persons authorized to conduct an investigation of child abuse or neglect, as appropriate and permitted by law.

- E. The Safe School Climate Specialist or designee shall develop a student support plan for anyone who has been a victim of child sexual abuse and/or sexual assault. The report of suspected sexual abuse and/or assault need not be verified prior to the implementation of a support plan. The elements of the support plan shall be determined in the discretion of the Safe School Climate Specialist or designee, and shall be designed to support the student victim's ability to access the school environment.

III. Support Strategies

- A. Child sexual abuse and/or sexual assault can take many forms and can vary dramatically in the nature of the offense and the impact the behavior may have on the victim and other students. Accordingly, there is no one prescribed response to child sexual abuse and/or sexual assault.
- B. The following sets forth possible interventions and supports which may be utilized to support individual student victims of child sexual abuse and/or sexual assault:
 - 1. Referral to a school counselor, psychologist or other appropriate social or mental health service.
 - 2. Encouragement of the student victim to seek help when feeling overwhelmed or anxious in the school environment.
 - 3. Facilitated peer support groups.
 - 4. Designation of a specific adult in the school setting for the student victim to seek out for assistance.
 - 5. Periodic follow-up by the Safe School Climate Specialist and/or Title IX Coordinator with the victim of sexual abuse and/or assault.
- C. The following sets forth possible interventions and supports that may be utilized systemically as prevention and intervention strategies pertaining to child sexual abuse and/or sexual assault:
 - 1. School rules prohibiting sexual abuse and sexual assault and establishing appropriate consequences for those who engage in such acts.
 - 2. School-wide training related to prevention and identification of, and response to, child sexual abuse and/or sexual assault.
 - 3. Age-appropriate educational materials designed for children in grades kindergarten to twelve, inclusive, regarding child sexual abuse and sexual assault awareness and prevention that will include information pertaining to, and support for, disclosures of sexual abuse and sexual assault, including but not limited to:

 - (b) strategies to promote disclosure, reduce self-blame and mobilize bystanders.
4. Promotion of parent involvement in child sexual abuse and sexual assault prevention and awareness through individual or team participation in meetings, trainings and individual interventions.
 5. Respectful and supportive responses to disclosures of child sexual abuse and/or sexual assault by students.

 2. The plain language notice developed by the Connecticut State Department of Education shall also be provided to the student's parent, guardian, or surrogate parent, or the student if such student is an emancipated minor or

eighteen years of age or older at the first PPT meeting at which the use of seclusion as a behavior intervention is included in the student's IEP.

- D. The Director of Pupil Services or other responsible administrator, or his or her designee, must be notified of the following:

Note: S & G created this policy in 2016 and made technical edits in October 2020. NPS Policy 5141.27 was adopted on July 9, 2019. S & G places this policy in the Community Relations Series 1000, because use of Automatic External Defibrillators is not only for students, but also for visitors to schools and anyone who attends school-sponsored events. If this policy is adopted, NPS Policy 5141.27 should be rescinded. The Administrative Regulations should be added to the Board agenda as an Item of Information when the policy is adopted.

POLICY AND ADMINISTRATIVE REGULATIONS REGARDING AUTOMATIC EXTERNAL DEFIBRILLATORS

In order to assist individuals who may experience sudden cardiac arrest or a similar life-threatening emergency during the school's normal operational hours, during school-sponsored athletic practices and athletic events taking place on school grounds, and during school-sponsored events not occurring during the normal operational hours of the school, the Newtown Board of Education (the "Board") maintains at each school under the Board's jurisdiction, automatic external defibrillators ("AEDs") and school personnel trained in the operation of such automatic external defibrillators and the use of cardiopulmonary resuscitation. It is the policy of the Board to support the use of these automatic external defibrillators and trained school personnel during medically appropriate circumstances.

Requirements concerning the use and maintenance of AEDs are set forth in the accompanying Administrative Regulations as may be supplemented by or amended by the Administration from time to time.

For purposes of this policy and the accompanying regulations, an AED is a device that:

- 1) is used to administer an electric shock through the chest wall to the heart;
- 2) contains internal decision-making electronics, microcomputers or special software that allows it to interpret physiologic signals, make medical diagnosis and, if necessary, apply therapy;
- 3) guides the user through the process of using the device by audible or visual prompts; and
- 4) does not require the user to employ any discretion or judgment in its use.

If the nurse notes any problems, or the AED’s maintenance check has identified any problems, the nurse must contact the School Nurse Supervisor or designee immediately to report the problem.

The athletic trainer is responsible for monitoring the two AED’s assigned to the Athletic Department.

2. After performing an AED check, the nurse shall indicate on the AED service log (Appendix III) that the unit has been inspected and that it was found to be “In-Service” or “Out-of-Service.”

3. The School Nurse Supervisor or his/her designee shall be responsible for the following:

The training will be provided in accordance with the standards set forth by the American Red Cross or American Heart Association. An individual completing this training will be considered an AED certified person.

V. Procedures for Use of an AED

1. To the extent practicable, AEDs should be retrieved and used by AED certified persons or other trained emergency medical services personnel. In the event no AED certified person or other trained emergency medical services personnel is available or present, an AED may be used by any individual in order to provide emergency care to an individual who may be in cardiac arrest or who may be experiencing a similar life-threatening emergency.
2. AEDs may only be used in medically appropriate circumstances.
3. In the event of use, the School Nurse Supervisor shall promptly thereafter complete an AED check and verify that the unit is in the proper location, that it

Note : S & G revised this policy to reflect a number of changes made by Public Act 24-45 and Public Act 24-93 related to student discipline. Public Act 24-45 reduces the maximum number of consecutive days for in-school suspensions from ten to five. Public Act 24-45 also alters the out-of-school suspension requirements for students in preschool through grade two, limiting such out-of-school suspensions to five, rather than ten, consecutive days and permitting them only for behavior that “causes physical harm on school grounds,” rather than behavior that was “of a violent or sexual nature.” Additionally, the Act mandates that upon return to school from an out-of-school suspension, students in these early grades must receive specific intervention services, and the administration must consider whether a Planning and Placement Team (PPT) meeting is required to evaluate the need for potential special education services. Public Act 24-93 updates the notification requirements for expulsion hearings, stating that parents or guardians must be informed at least five business days before the hearing, excluding the day of the hearing. The Act also introduces new parental notification requirements related to behavior intervention meetings requested by a teacher for a student whose behavior caused (1) a serious disruption to other students’ instruction, (2) self-harm, or (3) physical harm to the teacher, another student, or staff in the teacher’s classroom. This policy has the new notification requirements.

At the time this policy is adopted, the following policies can be rescinded: 5114–Suspension and Expulsion/Due Process; 5131.5–Vandalism; 5131.7–Weapons and Dangerous Instruments; 5131.8–Off School Grounds Misconduct; 5145.2–Activism and Dissent; and 5145.31–Gambling.

**POLICY REGARDING STUDENT DISCIPLINE AND ADMINISTRATIVE
REGULATIONS REGARDING ALTERNATE EDUCATIONAL
OPPORTUNITIES FOR EXPELLED STUDENTS**

It is the policy of the Newtown Board of Education (the “Board”) to create a school environment that promotes respect of self, others, and property within the Newtown Public Schools (the “District”). Compliance with this policy will enhance the Board and the District’s ability to maintain discipline and reduce interference with the educational process that can result from student misconduct. Pursuant to this policy, the District shall promote the utilization of consistent discipline practices, both within and across schools in the District, while also promoting the consideration of individual circumstances arising in each student disciplinary matter. Where appropriate, the District implements strategies that teach, encourage and reinforce positive student behavior that do not require engagement with the discipline system.

I. Definitions

A. Cannabis means marijuana, as defined by Conn. Gen. Stat. § 21a-240.

- B. **Dangerous Instrument** means any instrument, article or substance which, under the circumstances in which it is used or attempted or threatened to be used, is capable of causing death or serious physical injury, and includes a "vehicle" or a dog that has been commanded to attack.

In making such determination, the following factors should be considered: design of weapon; how weapon is typically used (e.g., hunting); type of projectile; force and velocity of discharge; method of discharge (e.g., spring v. - F. **Exclusion** means any denial of public school privileges to a student for disciplinary purposes.
- G. **Expulsion** means the exclusion of a student from school privileges for more than ten (10) consecutive school days and shall be deemed to include, but not be limited to, exclusion from the school to which such student was assigned at the time such disciplinary action was taken. The term firearm does not include an antique firearm. As used in this definition, a "**destructive device**" includes any explosive, incendiary, or poisonous gas device, including a bomb, a grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or any other similar device; or any weapon (other than a shotgun or shotgun shell which the Attorney General finds is generally recognized as particularly suited for sporting purposes) that will, or may be readily converted to, expel a projectile by explosive or other propellant, and which has a barrel

with a bore of more than ½" in diameter. The term "destructive device" also includes any combination of parts either designed or intended for use in converting any device into any destructive device and from which a destructive device may be readily assembled. Harassment constitutes unlawful discrimination when it creates a hostile environment, which occurs when the harassment is sufficiently severe, pervasive, or persistent so as to interfere with or limit a student's ability to participate in or benefit from the services, activities, or opportunities offered by a school. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Harassment against any individual on the basis of that individual's association with someone in a Protected Class may be a form of Protected Class harassment.
- K. **In-School Suspension** means an exclusion from regular classroom activity for no more than five (5) consecutive school days, but not exclusion from school, provided such exclusion shall not extend beyond the end of the school year in which such in-school suspension was imposed. - C. If the teacher of record in the classroom ultimately requests a behavior intervention meeting with the crisis intervention team for the school, the parent or guardian must be notified that such meeting will occur.
- D. If a behavior intervention meeting occurs, the crisis intervention team shall, not later than seven (7) days after the behavior intervention meeting, provide to the parent or guardian of such student, in the dominant language of such parent or guardian, a written summary of such meeting, including, but not limited to, the resources and supports identified.

- B. A student may not be removed from class more than six (6) times in one school year nor more than twice in one week unless the student is referred to the responsible administrator or the administrator's designee and granted an informal hearing at which the student should be informed of the reasons for the disciplinary action and given an opportunity to explain the situation.
- C. The parents or guardian of any minor student removed from class shall be given notice of such disciplinary action within twenty-four (24) hours of the time of the institution of such removal from class.

4. VII. Procedures Governing Suspension

- A. The responsible administrator or the administrator's designee shall have the right to suspend a student for breach of conduct as noted in Section II of this policy for not more than the following: five (5) consecutive school days for an in-school suspension; ten (10) consecutive school days for an out-of-school suspension for students in grades three through twelve, inclusive; or five (5) consecutive school days for an out-of-school suspension for students in grades preschool to two, inclusive. In cases where suspension is contemplated, the following procedures shall be followed.
1. Unless an emergency situation exists, no student shall be suspended prior to having an informal hearing before the responsible administrator or the administrator's designee at which the student is informed of the alleged misconduct and given an opportunity to respond. In the event of an emergency, the informal hearing shall be held as soon after the suspension as possible.
 2. If suspended, such suspension shall be an in-school suspension, except the responsible administrator or the administrator's designee may impose an out-of-school suspension on any student:
 - a. in grades three to twelve, inclusive, if, during the informal hearing, (i) the responsible administrator or the administrator's designee determines that the student poses such a danger to persons or property or such a disruption of the educational process that the student should be excluded from school during the period of suspension; or (ii) the responsible administrator or the administrator's designee determines that an out-of-school suspension is appropriate based on evidence of (A) the student's previous disciplinary problems that have led to suspensions or expulsion of such student, and (B) previous efforts by the District Administration to address the student's disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies, or
 - b. in grades preschool to two, inclusive, if the responsible administrator or the administrator's designee
 - (i) determines that an out-of-school suspension is appropriate for such student based on evidence that such student's conduct on school grounds is behavior that caused physical harm;
 - (ii) requires that such student receives services that are trauma-informed and developmentally appropriate and align with any behavioral

intervention plan, individualized education program (“IEP”) or plan pursuant to Section 504 of the Rehabilitation Act of 1973 (“Section 504”) for such student upon such student's return to school immediately following the out-of-school suspension; and

- (iii) considers whether to convene a Planning and Placement Team (“PPT”) meeting for the purposes of conducting an evaluation to determine whether such student may require special education or related services.
3. Evidence of past disciplinary problems that have led to removal from a classroom, suspension, or expulsion of a student who is the subject of an informal hearing may be received by responsible administrator or the administrator’s designee, but only considered in the determination of the length of suspensions.
 4. By telephone, responsible administrator or the administrator’s designee shall make reasonable attempts to immediately notify the parent or guardian of a minor student following the suspension and to state the cause(s) leading to the suspension.
 5. Whether or not telephone contact is made with the parent or guardian of such minor student, responsible administrator or the administrator’s designee shall forward a letter promptly to such parent or guardian to the last address reported on school records (or to a newer address if known by the responsible administrator or the administrator’s designee), offering the parent or guardian an opportunity for a conference to discuss same.
 6. In all cases, the parent or guardian of any minor student who has been suspended shall be given notice of such suspension within twenty-four (24) hours of the time of the institution of the suspension.
 7. Not later than twenty-four (24) hours after the commencement of the suspension, the responsible administrator or the administrator’s designee shall also notify the Superintendent or designee of the name of the student being suspended and the reason for the suspension.
 8. The student shall be allowed to complete any classwork, including examinations, without penalty, which the student missed while under suspension.
 9. The Administration may, in its discretion, shorten or waive the suspension period for a student who has not previously been

suspended or expelled, if the student completes an Administration-specified program and meets any other conditions required by the Administration. Such Administration-specified program shall not require the student and/or the student's parents to pay for participation in the program. The Superintendent may delegate this authority to building or program level administrators.

10. Notice of the suspension shall be recorded in the student's cumulative educational record. Such notice shall be expunged from the cumulative educational record if the student graduates from high school. In cases where the student's period of suspension is shortened or waived in accordance with Section VII.A(9), above, the Administration may choose to expunge the suspension notice from the cumulative record at the time the student completes the Administration-specified program and meets any other conditions required by the Administration. The Superintendent may delegate this authority to building or program level administrators.
 11. If the student has not previously been suspended or expelled, and the Administration chooses to expunge the suspension notice from the student's cumulative record prior to graduation, the Administration may refer to the existence of the expunged disciplinary notice, notwithstanding the fact that such notice may have been expunged from the student's cumulative file, for the limited purpose of determining whether any subsequent suspensions or expulsions by the student would constitute the student's first such offense.
 12. The decision of the responsible administrator or the administrator's designee with regard to disciplinary actions up to and including suspensions shall be final.
 13. During any period of suspension served out of school, the student shall not be permitted to be on school property and shall not be permitted to attend or participate in any school-sponsored activities, unless the responsible administrator or the administrator's designee specifically authorizes the student to enter school property for a specified purpose or to participate in a particular school-sponsored activity.
- B. In cases where a student's suspension will result in the student being suspended more than ten (10) times or for a total of fifty (50) days in a school year, whichever results in fewer days of exclusion, the student shall, prior to the pending suspension, be granted a formal hearing before the Board. The responsible administrator or the administrator's designee shall report the student to the Superintendent or designee and request a

formal Board hearing. If an emergency situation exists, such hearing shall be held as soon after the suspension as possible.

VIII. Procedures Governing In-School Suspension

- A. The responsible administrator or the administrator's designee may impose in-school suspension in cases where a student's conduct endangers persons or property, violates school policy or seriously disrupts the educational process as determined by the responsible administrator or the administrator's designee.
- B. In-school suspension may not be imposed on a student without an informal hearing by responsible administrator or the administrator's designee.
- C. In-school suspension may be served in the school or program that the student regularly attends or in any other school building within the jurisdiction of the Board.
- D. No student shall be placed on in-school suspension more than fifteen (15) times or for a total of fifty (50) days in one school year, whichever results in fewer days of exclusion.
- E. The parents or guardian of any minor student placed on in-school suspension shall be given notice of such suspension within twenty-four (24) hours of the time of the institution of the period of the in-school suspension.

IX. Procedures Governing Expulsion Hearing

B. ***Hearing Panel:***

- 1. Expulsion hearings conducted by the Board will be heard by any three or more Board members. A decision to expel a student must be supported by a majority of the Board members present,

provided that no less than three (3) affirmative votes to expel are cast.

2. Alternatively, the Board may appoint an impartial hearing board composed of one (1) or more persons to hear and decide the expulsion matter, provided that no member of the Board may serve on such panel.

C. ***Hearing Notice and Rights of the Student and Parent(s)/Guardian(s):***

5. Written notice of the expulsion hearing must be given to the student, and, if the student is a minor, to the student's parent(s) or guardian(s) at least five (5) business days before such hearing, not including the day of such hearing.
6. A copy of this Board policy on student discipline shall also be given to the student, and if the student is a minor, to the student's parent(s) or guardian(s), at the time the notice is sent that an expulsion hearing will be convened.
7. The written notice of the expulsion hearing shall inform the student of the following:
 - a. The date, time, place and nature of the hearing, including if the hearing will be held virtually, via video conference.
 - b. The legal authority and jurisdiction under which the hearing is to be held, including a reference to the particular sections of the legal statutes involved.

 - f. The student may be represented by an attorney or other advocate of the student's choice at the student's expense or at the expense of the student's parent(s) or guardian(s).
 - g. A student is entitled to the services of a translator or interpreter, to be provided by the Board, whenever the

student or the student's parent(s) or guardian(s) requires the services of an interpreter because they do not speak the English language or are disabled.

- h. The conditions under which the Board is not legally required to give the student an alternative educational opportunity (if applicable).
- i. Information concerning the parent's(s') or guardian's(s') and the student's legal rights and about free or reduced-rate legal services and how to access such services.
- j. The parent(s) or guardian(s) of the student have the right to have the expulsion hearing postponed for up to one week to allow time to obtain representation, except that if an emergency exists, such hearing shall be held as soon after the expulsion as possible.

D. ***Hearing Procedures:***

1. The hearing will be conducted by the Presiding Officer, who will call the meeting to order, introduce the parties, Board members and others participating in the hearing (if applicable), briefly explain the hearing procedures, and swear in any witnesses called by the Superintendent/designee or the student. If an impartial board or more than one person has been appointed, the impartial board shall appoint a Presiding Officer.
2. The hearing will be conducted in executive session. A verbatim record of the hearing will be made, either by tape or digital recording or by a stenographer. A record of the hearing will be maintained, including the verbatim record, all written notices and documents relating to the case and all evidence received or considered at hearing.
3. The Superintendent or designee shall bear the burden of production to come forward with evidence to support its case and shall bear the burden of persuasion. The standard of proof shall be a preponderance of the evidence.
4. Formal rules of evidence will not be followed. The Board (or the impartial board) has the right to accept hearsay and other evidence if it deems that evidence relevant or material to its determination. The Presiding Officer will rule on testimony or evidence as to it being immaterial, irrelevant and/or any other objections to its submission.

5. The hearing will be conducted in two (2) parts. In the first part of the hearing, the Board (or the impartial board) will receive and consider evidence regarding the conduct alleged by the Administration.
6. In the first part of the hearing, the charges will be introduced into the record by the Superintendent or designee.
7. Each witness for the Superintendent or designee will be called and sworn. After a witness has finished testifying, the witness will be subject to cross-examination by the opposite party or the witness' legal counsel, by the Presiding Officer and by Board members (or the impartial board).
8. The student shall not be compelled to testify at the hearing.
9. After the Superintendent or designee has presented the Administration's case, the student will be asked if the student has any witnesses or evidence to present concerning the charges. If so, the witnesses will be sworn, will testify, and will be subject to cross examination and to questioning by the Superintendent or designee, the Presiding Officer and/or by the Board (or the impartial board). The student may also choose to make a statement at this time. If the student chooses to make a statement, the student will be sworn and subject to cross examination and questioning by the Superintendent or designee, the Presiding Officer and/or by the Board (or the impartial board). Concluding statements will be made by the Superintendent or designee and then by the student and/or the student's representative.
10. In cases where the student has denied the allegation, the Board (or the impartial board) must determine whether the student committed the offense(s) as charged by the Superintendent or designee.
11. If the Board (or the impartial board) determines that the student has committed the conduct as alleged, then the Board (or the impartial board) shall proceed with the second portion of the hearing, during which the Board (or the impartial board) will receive and consider relevant evidence regarding the length and conditions of expulsion.
12. When considering the length and conditions of expulsion, the Board (or the impartial board) may review the student's attendance, academic and past disciplinary records. The Board (or the impartial board) may not review notices of prior expulsions or suspensions which have been expunged from the student's cumulative record, except as so provided in Section VII.A (9), (10), (11), above, and Section XI, below. The Board (or the

impartial board) may ask the Superintendent or designee for a recommendation as to the discipline to be imposed.

13. Evidence of past disciplinary problems that have led to removal from a classroom, suspension or expulsion of a student being considered for expulsion may be considered only during the second portion of the hearing, during which the Board (or the impartial board) is considering length of expulsion and nature of alternative educational opportunity to be offered.
14. Where administrators presented the case in support of the charges against the student, neither such administrative staff nor the Superintendent or designee shall be present during the deliberations of the Board (or the impartial board) either on questions of evidence or on the final discipline to be imposed. The Superintendent or designee may, after reviewing the incident with administrators, and reviewing the student's records, make a recommendation to the Board (or the impartial panel) as to the appropriate discipline to be applied.
15. The Board (or the impartial board) shall make findings as to the truth of the charges, if the student has denied them; and, in all cases, the disciplinary action, if any, to be imposed. While the hearing itself is conducted in executive session, the vote regarding expulsion must be made in open session and in a manner that preserves the confidentiality of the student's name and other personally identifiable information.
16. Except for a student who has been expelled based on possession of a firearm or deadly weapon as described in subsection IV.B(1) and (2) above, the Board (or the impartial board) may, in its discretion, shorten or waive the expulsion period for a student who has not previously been suspended or expelled, if the student completes a Board-specified program and meets any other conditions required by the Board (or the impartial board). The Board-specified program shall not require the student and/or the student's parents to pay for participation in the program.
17. The Board (or the impartial board) shall report its final decision in writing to the student, or if such student is a minor, also to the parent(s) or guardian(s), stating the reasons on which the decision is based, and the disciplinary action to be imposed. Said decision shall be based solely on evidence presented at the hearing. The parents or guardian or any minor student who has been expelled shall be given notice of such disciplinary action within twenty-four (24) hours of the time of the institution of the period of the expulsion.

18. The hearing may be conducted virtually, via video conference, at the direction of the Board (or the impartial board), in the event school buildings are closed to students or individuals are provided limited access to school buildings due to a serious health or other emergency. Any virtual hearing must provide the student the due process rights identified in this Subsection D.

E. ***Presence on School Grounds, on School Transportation, and Participation in School-Sponsored Activities During Expulsion:***

During the period of expulsion, the student shall not be permitted to be on school property or on school transportation, and shall not be permitted to attend or participate in any school-sponsored activities, except for the student's participation in any alternative educational opportunity provided by the District in accordance with this policy, unless the Superintendent or designee specifically provides written permission for the student to enter school property or school transportation for a specified purpose or to participate in a particular school-sponsored activity.

F. ***Stipulated Agreements:***

In lieu of the procedures used in this Section, the Superintendent or designee and the parent(s) or legal guardian(s) of a student facing expulsion may choose to enter into a Joint Stipulation of the Facts and a Joint Recommendation to the Board concerning the length and conditions of expulsion. Such Joint Stipulation and Recommendation shall include language indicating that the parent(s) or legal guardian(s) understand their right to have an expulsion hearing held pursuant to these procedures, and language indicating that the Board, in its discretion, has the right to accept or reject the Joint Stipulation of Facts and Recommendation. If the Board (or the impartial board) rejects either the Joint Stipulation of Facts or the Recommendation, an expulsion hearing shall be held pursuant to the procedures outlined herein. If the student is eighteen years of age or older, the student shall have the authority to enter into a Joint Stipulation and Recommendation on the student's own behalf.

If the parties agree on the facts, but not on the disciplinary recommendation, the Superintendent or designee and the parents (or legal guardians) of a student facing expulsion may also choose to enter into a Joint Stipulation of the Facts and submit only the Stipulation of the Facts to the Board (or the impartial board) in lieu of holding the first part of the hearing, as described above. Such Joint Stipulation shall include language indicating that the parents and/or student over the age of 18 understand their right to have a hearing to determine whether the student engaged in the alleged misconduct and that the Board, in its discretion, has the right to accept or reject the Joint Stipulation of Facts. If the Board (or the impartial board) rejects the Joint Stipulation of Facts, a full expulsion hearing shall be held pursuant to the procedures outlined herein.

X. Alternative Educational Opportunities for Expelled Students

A. ***Students under sixteen (16) years of age:***

Whenever the Board expels a student under sixteen (16) years of age, it shall offer any such student an alternative educational opportunity.

B. ***Students sixteen (16) to eighteen (18) years of age:***

1. The Board shall provide an alternative educational opportunity to a sixteen (16) to eighteen (18) year-old student expelled for the first time if the student requests it and if the student agrees to the conditions set by the Board (or the impartial board). Such alternative educational opportunity may include, but shall not be limited to, the placement of a student who is at least seventeen years of age in an adult education program. Any student participating in an adult education program during a period of expulsion shall not be required to withdraw from school as a condition to participation in the adult education program.
2. The Board is not required to offer an alternative educational opportunity to any student between the ages of sixteen (16) and eighteen (18) who is expelled for a second, or subsequent, time.
3. The Board shall count the expulsion of a student when the student was under sixteen (16) years of age for purposes of determining whether an alternative educational opportunity is required for such student when the student is between the ages of sixteen and eighteen.

C. ***Students eighteen (18) years of age or older:***

The Board is not required to offer an alternative educational opportunity to expelled students eighteen (18) years of age or older.

D. **Content of Alternative Educational Opportunity**

1. For the purposes of Section X, and subject to Subsection X.E, below, any alternative educational opportunity to which an expelled student is statutorily entitled shall be (1) alternative education, as defined by Conn. Gen. Stat. § 10-74j and in accordance with the *Standards for Educational Opportunities for Students Who Have Been Expelled*, adopted by the Connecticut State Board of Education (“CSBE”), with an individualized learning plan, if the Board provides such alternative education, or (2) in accordance with the *Standards for Educational*

Opportunities for Students Who Have Been Expelled, adopted by the CSBE.

2. The Superintendent or designee shall develop administrative regulations concerning alternative educational opportunities, which administrative regulations shall be in compliance with the standards adopted by the CSBE. Such administrative regulations shall include, but are not limited to, provisions to address student placement in alternative education; individualized learning plans; monitoring of students placements and performance; and a process for transition planning.

E. ***Students identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”):***

Notwithstanding Subsections X.A. through D. above, if the Board expels a student who has been identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”), it shall offer an alternative educational opportunity to such student in accordance with the requirements of IDEA, as it may be amended from time to time, and in accordance with the *Standards for Educational Opportunities for Students Who Have Been Expelled*, adopted by the CSBE.

F. ***Students for whom an alternative educational opportunity is not required:***

The Board may offer an alternative educational opportunity to a student for whom such alternative educational opportunity is not required by law or as described in this policy. In such cases, the Board, or if delegated by the Board, the Administration, shall determine the components, including nature, frequency and duration of such services, of any such alternative educational opportunity.

XI. Notice of Student Expulsion on Cumulative Record

Notice of expulsion and the conduct for which the student was expelled shall be included on the student’s cumulative educational record. Such notice, except for notice of an expulsion of a student in grades nine through twelve, inclusive, based upon possession of a firearm or deadly weapon, shall be expunged from the cumulative educational record by the District if the student graduates from high school.

In cases where the student’s period of expulsion is shortened or waived in accordance with Section IX.D(16), above, the Board may choose to expunge the expulsion notice from the cumulative record at the time the student completes the Board-specified program and meets any other conditions required by the Board. Except as may be specified by the Board in an expulsion hearing decision, the

Board delegates the authority to make decisions pertaining to expungement to the Superintendent.

If a student's period of expulsion was not shortened or waived, the Board may choose to expunge the expulsion notice from the student's cumulative record prior to graduation if such student has demonstrated to the Board that the student's conduct and behavior in the years following such expulsion warrants an expungement. In deciding whether to expunge the expulsion notice, the Board may receive and consider evidence of any subsequent disciplinary problems that have led to removal from a classroom, suspension or expulsion of the student. Except as may be specified by the Board in an expulsion hearing decision, the Board delegates the authority to make decisions pertaining to expungement to the Superintendent.

If the student has not previously been suspended or expelled, and the Administration chooses to expunge the expulsion notice from the student's cumulative record prior to graduation, the Administration may refer to the existence of the expunged notice, notwithstanding the fact that such notice may have been expunged from the student's cumulative file, for the limited purpose of determining whether any subsequent suspension or expulsion by the student would constitute the student's first such offense.

XII. Change of Residence During Expulsion Proceedings

A. *Student moving into the District:*

1. If a student enrolls in the District while an expulsion hearing is pending in another public school district, such student shall not be excluded from school pending completion of the expulsion hearing unless an emergency exists, as defined above. The Board shall retain the authority to suspend the student or to conduct its own expulsion hearing. The procedures outlined above in Section IX and consistent with the requirements of Conn. Gen. Stat. § 10-233d or Conn. Gen. Stat. § 10-233l, if applicable, as well as the applicable provisions of the Uniform Administrative Procedures Act, Conn. Gen. Stat. §§ 4-176e to 4-180a, and § 4-181a shall be utilized for any hearing conducted under this section.
2. Where a student enrolls in the District during the period of expulsion from another public school district, the Board may adopt the decision of the student expulsion hearing conducted by such other school district. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative educational opportunity in accordance with statutory requirements. The Board (or the impartial board) shall make its determination pertaining to expulsion based upon a hearing held by the Board (or the impartial board), which hearing shall be limited to a determination of whether the conduct which was the basis of

the previous public school district's expulsion would also warrant expulsion by the Board. The procedures outlined above in Section IX and consistent with the requirements of Conn. Gen. Stat. § 10-233d or Conn. Gen. Stat. § 10-233i, if applicable, as well as the applicable provisions of the Uniform Administrative Procedures Act, Conn. Gen. Stat. §§ 4-176e to 4-180a, and § 4-181a shall be utilized for any hearing conducted under this section.

B. *Student moving out of the District:*

Where a student withdraws from school after having been notified that an expulsion hearing is pending, but before a decision has been rendered by the Board, the notice of the pending expulsion hearing shall be included on the student's cumulative record and the Board shall complete the expulsion hearing and render a decision. If the Board subsequently renders a decision to expel the student, a notice of the expulsion shall be included on the student's cumulative record.

XIII. Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act ("IDEA")

A. *Suspension of IDEA students:*

Notwithstanding the foregoing, if a responsible administrator suspends a student identified as eligible for services under the IDEA (an "IDEA student") who has violated any rule or code of conduct of the District that applies to all students, the following procedures shall apply:

1. The responsible administrator shall make reasonable attempts to immediately notify the parents of the student of the decision to suspend on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to suspend was made.
2. During the period of suspension, the District is not required to provide any educational services to the IDEA student beyond that which is provided to all students suspended by the District.

B. *Expulsion and Suspensions that Constitute Changes in Placement for IDEA students:*

Notwithstanding any provision to the contrary, if the Administration recommends for expulsion an IDEA student who has violated any rule or code of conduct of the District that applies to all students, the procedures described in this section shall apply. The procedures described in this section shall also apply for students whom the Administration has

suspended in a manner that is considered under the IDEA, as it may be amended from time to time, to be a change in educational placement:

1. Upon the decision by the Administration to recommend expulsion or impose a suspension that would constitute a change in educational placement, the Administration shall promptly notify the parent(s)/guardian(s) of the student of the recommendation of expulsion or the suspension that would constitute a change in educational placement, and provide the parents(s)/guardian(s) a copy of the special education procedural safeguards either by hand-delivery or by mail (unless other means of transmission have been arranged).
2. The District shall immediately convene the student's planning and placement team ("PPT"), but in no case later than ten (10) school days after the recommendation for expulsion or the suspension that constitutes a change in placement was made. The student's PPT shall consider the relationship between the student's disability and the behavior that led to the recommendation for expulsion or the suspension which constitutes a change in placement, in order to determine whether the student's behavior was a manifestation of the student's disability.
3. If the student's PPT finds that the behavior was a manifestation of the student's disability, the Administration shall not proceed with the recommendation for expulsion or the suspension that constitutes a change in placement.
4. If the student's PPT finds that the behavior was not a manifestation of the student's disability, the Administration may proceed with the recommended expulsion or suspension that constitutes a change in placement.
5. During any period of expulsion, or suspension of greater than ten (10) days per school year, the Administration shall provide the student with an alternative education program in accordance with the provisions of the IDEA.
6. When determining whether to recommend an expulsion or a suspension that constitutes a change in placement the responsible administrator (or designee) should consider the nature of the misconduct and any relevant educational records of the student.

C. *Removal of Special Education Students for Certain Offenses:*

1. A responsible administrator may remove a student eligible for special education under the IDEA to an appropriate interim

alternative educational setting for not more than forty-five (45) school days if the student:

- a. Was in possession of a dangerous weapon, as defined in 18 U.S.C. 930(g)(2), as amended from time to time, on school grounds, on school transportation, or at a school-sponsored activity, or
 - b. Knowingly possessed or used illegal drugs or sold or solicited the sale of a controlled substance while at school, on school transportation, or at a school-sponsored activity; or
 - c. Has inflicted serious bodily injury upon another person while at school, on school premises, on school transportation, or at a school function.
2. The following definitions shall be used for this subsection XIII.C.:
- a. **Dangerous weapon** means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2.5 inches in length.
 - b. **Controlled substance** means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act, 21 U.S.C. 812(c).
 - c. **Illegal drug** means a controlled substance but does not include a substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.
 - d. **Serious bodily injury** means a bodily injury which involves: (A) a substantial risk of death; (B) extreme physical pain; (C) protracted and obvious disfigurement; or (D) protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

XIV. Procedures Governing Expulsions for Students Identified as Eligible under Section 504

- A. Except as provided in subsection B below, notwithstanding any provision to the contrary, if the Administration recommends for expulsion a student

identified as eligible for educational accommodations under Section 504 who has violated any rule or code of conduct of the District that applies to all students, the following procedures shall apply:

1. The parents of the student must be notified of the decision to recommend the student for expulsion.
 2. The District shall immediately convene the student's Section 504 team ("504 team") for the purpose of reviewing the relationship between the student's disability and the behavior that led to the recommendation for expulsion. The 504 team will determine whether the student's behavior was a manifestation of the student's disability.
 3. If the 504 team finds that the behavior was a manifestation of the student's disability, the Administration shall not proceed with the recommended expulsion.
 4. If the 504 team finds that the behavior was not a manifestation of the student's disability, the Administration may proceed with the recommended expulsion.
- B. The Board may take disciplinary action for violations pertaining to the use or possession of illegal drugs or alcohol against any student with a disability who currently is engaging in the illegal use of drugs or alcohol to the same extent that such disciplinary action is taken against nondisabled students. Thus, when a student with a disability is recommended for expulsion based solely on the illegal use or possession of drugs or alcohol, the 504 team *shall not be required to meet* to review the relationship between the student's disability and the behavior that led to the recommendation for expulsion.

XV. Procedures Governing Expulsions for Students Placed in a Juvenile Detention Center

- A. Any student who commits an expellable offense and is subsequently placed in a juvenile detention center or any other residential placement for such offense may be expelled by the Board in accordance with the provisions of this section. The period of expulsion shall run concurrently with the period of placement in a juvenile detention center or other residential placement.
- B. If a student who committed an expellable offense seeks to return to the District after participating in a diversionary program or having been placed in a juvenile detention center or any other residential placement and such student has not been expelled by the Board for such offense under subdivision (A) of this subsection, the Board shall allow such

student to return and may not expel the student for additional time for such offense.

8. XVI. Early Readmission to School

An expelled student may apply for early readmission to school. The Board delegates the authority to make decisions on readmission requests to the Superintendent. Students desiring readmission to school shall direct such readmission requests to the Superintendent. The Superintendent has the discretion to approve or deny such readmission requests, and may condition readmission on specified criteria.

XVII. Dissemination of Policy

The District shall, at the beginning of each school year and at such other times as it may deem appropriate, provide for an effective means of informing all students, parent(s) and/or guardian(s) of this policy.

9. XVIII. Compliance with Documentation and Reporting Requirements

- A. The District shall include on all disciplinary reports the individual student's state-assigned student identifier (SASID).
- B. The District shall report all suspensions and expulsions to the State Department of Education.
- C. If the Board expels a student for sale or distribution of a controlled substance, as defined in Conn. Gen. Stat. § 21a-240(9), whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with the intent to sell or dispense, offering, or administration is the subject to criminal penalties under Conn. Gen. Stat. §§ 21a-277 and 21a-278, the District shall refer such student to an appropriate state or local agency for rehabilitation, intervention or job training and inform the agency of its action.
- D. If the Board expels a student for possession of a firearm, as defined in 18 U.S.C. § 921, or deadly weapon, dangerous instrument or martial arts weapon, as defined in Conn. Gen. Stat. § 53a-3, the District shall report the violation to the local police.

NEWTOWN PUBLIC SCHOOLS

Newtown, Connecticut

**ADMINISTRATIVE REGULATIONS REGARDING ALTERNATIVE
EDUCATIONAL OPPORTUNITIES FOR EXPELLED STUDENTS**

I. Applicability of these Administrative Regulations

These administrative regulations shall apply in cases when, pursuant to state law, a student in the Newtown Public Schools (the “District”) is entitled to an alternative educational opportunity during a period of expulsion.

II. Responsible Personnel

The administrator responsible for a school program (“responsible administrator”) from which the student has been expelled, or designee(s), shall maintain responsibility for compliance with these administrative regulations relative to the individual student who is being provided with the alternative educational opportunity.

III. Student Placement Procedures

A. After a student has been expelled, and unless extraordinary circumstances exist, the responsible administrator, or designee(s), will take the following steps:

1. Meet with the expelled student’s parent(s)/guardian(s) prior to the student’s placement in an alternative educational setting to provide information concerning the potentially appropriate alternative educational opportunities for the student and to inform the parent(s)/guardian(s) and student of the right to apply for early readmission to school in accordance with Conn. Gen. Stat. Section 10-233d(j).
2. Consult with relevant school personnel from the school from which the student was expelled, who are knowledgeable about the student, to obtain information regarding the student’s academic, social, and behavioral history that will help inform the decision concerning an appropriate alternative educational opportunity. Such information may be gathered by written reports.
3. After placement options have been shared with the parent(s)/guardian(s), convene a placement meeting at which all alternative educational opportunities are explored and a placement decision is made.

B. The educational programming and placement for expelled students who are eligible to receive special education and related services under the Individuals with Disabilities Education Act (“IDEA”) shall be determined

by the student's Planning and Placement Team ("PPT"). In such case, Subsection A above shall not apply.

IV. Individualized Learning Plan

A. Development of the Individualized Learning Plan

After the student has been accepted into an alternative educational placement, the responsible administrator, or designee, will develop an Individualized Learning Plan ("ILP") that will govern the programming for the student for the period of expulsion. To develop the ILP, the responsible administrator, or designee, will collaborate with school personnel from the school or program from which the student was expelled, the student and the parent/guardian, and will review all relevant student records.

B. Contents of the Individualized Learning Plan

1. The ILP will reference student records with information relevant to the provision of an alternative educational opportunity. These records may include:
 - a. Student success plan (for students who have a student success plan as mandated by state law, the student success plan may inform the ILP but does not replace the ILP);
 - b. Individualized education program ("IEP");
 - c. Section 504 Plan;
 - d. Individualized health care plan or emergency care plan; and/or
 - e. Other relevant academic and behavioral data.
2. The ILP will address the following:
 - a. The student's academic and behavioral needs and appropriate academic and behavioral goals and interventions, including the student's core classes at the time of expulsion and the student's current placement or progress in the curriculum for those classes so that the student has an opportunity to continue to progress in the Board's academic program and earn graduation credits, if applicable;
 - b. Benchmarks to measure progress towards the goals and ultimately, progress towards graduation;

- c. Provision for the timing and method for reviewing the student's progress in the alternative educational opportunity and for communicating that progress to the parent/guardian or student. For most students, monitoring and reviewing the student's progress will include monitoring the student's attendance, work completion and progress toward meeting the relevant academic standards for particular coursework, and thus progressing toward graduation, if applicable. The student's progress and grades will be communicated to the parents/guardians or student with the same frequency as similar progress for students in the regular school environment is reported and communicated to parents/guardians or students. The student's progress and grades will also be reported to the school or program from which the student was expelled;
- d. Provision for the timely transfer of the student's records both from the student's school or program to the alternative educational opportunity provider, and also from the alternative educational opportunity provider to the student's school or program; and
- e. The possibility of early readmission to the school or program from which the student was expelled and the early readmission criteria, if any, established by the Board or Superintendent, as applicable.

V. Review of Student's Placement in Alternative Educational Opportunity and Individualized Learning Plan

- A. A review of the appropriateness of the placement must occur at least once per marking period.
- B. The placement review must include:
 - 1. Review of the ILP to (1) assess progress and make adjustments as necessary and (2) determine its alignment with the goals of the student's IEP, where applicable; and
 - 2. Consideration of opportunities for early readmission as set forth in the ILP, as established by the Board or Superintendent, as applicable.

VI. Transition Plan for Readmission

- A. Before a student is readmitted to the school or program from which the student was expelled, relevant staff should provide an opportunity to meet with the parents/guardians and student to discuss the student's

readmission. As part of the readmission process and the student's ILP, the responsible administrator, or designee, should consider:

1. Efforts to readmit the student at a semester starting point (at the high school level);
2. A plan to transfer the student's credits and records back to the school or program from which the student was expelled:
 - a. The District will award an expelled high school student appropriate high school credit for work satisfactorily completed during the period the student participates in the alternative educational opportunity and will transfer relevant records back to the school or program from which the student was expelled;
 - b. The District will provide an expelled student transferring to a new school district a progress summary of all work completed during the course of the student's expulsion, and will indicate the course credit earned by the student for that work.
3. The student's need for academic and other supports upon returning to school; and
4. Efforts to connect the returning student with opportunities to participate in extracurricular activities.

B. In the event the responsible administrator, or designee, determines that a student's alternative educational opportunity is no longer beneficial to the student, but it remains inappropriate to return the student to the school or program from which the student was expelled, a plan for a different alternative educational opportunity may be developed in accordance with the procedures outlines in these Administrative Regulations.

(If the student has admitted to this conduct, note the admission here).

The hearing has been scheduled for (*date, time, place [note: unless an emergency exists, the notice must be given to the student/parent/guardian at least five (5) business days before the hearing, not including the day of such hearing]*). (*If a manifestation determination must be held prior to the expulsion hearing, add the following language: Prior to the expulsion hearing, your child's [planning and placement (PPT) team OR Section 504 team] will determine if your child's conduct constitutes a manifestation of the child's disability. The expulsion hearing will be canceled if the [PPT OR Section 504 team] determines that the conduct was a manifestation of your child's disability; otherwise, the hearing will proceed as scheduled.* You and your child are asked to attend this hearing. Your child has the right to be represented by an attorney or other advocate at your expense, has the right to cross-examine administration witnesses, and may present relevant evidence, both documentary and testimonial, concerning the allegations. The hearing will be the parties' sole opportunity to present such evidence. The Board (***OR the impartial hearing board***) may also question witnesses. An opportunity will also be given for the administration and your child or your child's representatives to present argument concerning the evidence presented at the hearing. If you need the services of a translator or an interpreter for this hearing, please let me know as soon as possible.

Unless the administration has determined that an emergency exists, you have the right to have the expulsion hearing postponed for up to one week to allow time to obtain representation. If you would like to request a postponement, please let me know as soon as possible.

The administration may recommend expulsion from school for up to one calendar year. The Board (***OR the impartial hearing board***) has discretion to adopt any period of expulsion up to one calendar year.

As mentioned above, your child has a right to be represented, at your own expense, by an attorney or other advocate at the expulsion hearing. Obtaining an attorney or other advocate is the responsibility of the family. Very low income families may be able to obtain free or reduced rate advice or legal representation through Statewide Legal Services, Inc. ("SLS"). To apply for such assistance, those families should contact SLS immediately at 1-800-453-3320.

In the event your child is expelled as a result of the scheduled hearing, and your child is under sixteen (16) years of age, the Board will offer your child an alternative educational opportunity during any period of exclusion from school as determined by the Administration in accordance with applicable law and Board policy. If your child is between sixteen (16) and eighteen (18) and has not been expelled before, the Board shall also offer to your child an alternative educational opportunity if your child wishes to continue their education. Please know however, that the Board is not required to offer an alternative educational opportunity to any student between sixteen (16) and eighteen (18) years of age who have previously been expelled or to students who are eighteen (18) years of age or older.

**POLICY AND ADMINISTRATIVE REGULATIONS REGARDING
STUDENT USE OF THE DISTRICT'S COMPUTER SYSTEMS
AND INTERNET SAFETY**

Computers, computer networks, electronic devices, Internet access, and electronic messaging systems are effective and important technological resources. The Newtown Board of Education (the "Board") has installed computers and a computer network(s), including Internet access and electronic messaging systems on Board premises, and may provide other electronic devices that can access the network(s) and/or have the ability to send and receive messages with an operating system or network communication framework. Devices include but are not limited to personal computing devices, cellular phones, Smartphones, Smartwatches, network access devices, radios, personal cassette players, CD players, tablets, walkie-talkies, personal gaming systems, Bluetooth speakers, personal data assistants, and other electronic signaling devices. Electronic messaging systems include mobile, chat, and instant message; cloud collaboration platforms, including internal chat, peer-to-peer messaging systems, and draft email message transfer; and products that have the ability to create duration-based or subjective removal of content, such as Snapchat, and security focused platforms, such as Signal. The Board's computers, computer network, electronic devices, Internet access, and electronic messaging systems are referred to collectively as "the computer systems" and are provided in order to enhance both the educational opportunities for our students and the business operations of the Newtown Public Schools (the "District").

These computer systems are business and educational tools. As such, they are made available to students in the District for education-related uses. The Administration shall develop regulations setting forth procedures to be used by the Administration in an effort to ensure that such computer systems are used by students solely for education-related purposes. The District will educate minor students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. Additionally, the District will implement a technology protection measure to block or filter Internet access to visual depictions that contain material that is obscene or obscene as to minors or contains child pornography, and ensure that such filtering technology is operative during computer use by minor students to the extent practicable when such students are using Board-owned computers or devices and Board-provided Internet access.

As the owner of the computer systems, the Board reserves the right to monitor the use of the District's computers and computer systems.

NEWTOWN PUBLIC SCHOOLS

Newtown, Connecticut

**ADMINISTRATIVE REGULATIONS REGARDING STUDENT USE OF
THE DISTRICT'S COMPUTER SYSTEMS AND INTERNET SAFETY**

1. Introduction

a. *Access to District Computer Systems When Students Are Physically Present on School Property*

When students are physically present on Newtown Public Schools (“District”) property, the Newtown Board of Education (the “Board”) is pleased to offer students access to the District's computers and computer networks, including access to electronic messaging systems (including email) and the Internet, as well as electronic devices (all of which will be referred to collectively as "computer systems"). Access to the school's computer systems will enable students to explore online resources, including but not limited to libraries, blogs, wikis, databases, websites, and bulletin boards, while exchanging information with others. Such access is provided solely for education-related purposes. Use of the District's computer systems will be allowed only for students who act in a considerate and responsible manner in using such systems.

The Board and the Administration believe in the educational value of such computer systems and recognize their potential to support our curriculum by expanding resources available for staff and student use. The Board’s goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation and communication.

These computer systems are expensive to purchase, install and maintain. As the property of the District, these computer systems must be carefully handled and their integrity preserved for the benefit of all. Therefore, students are required to adhere to a set of policies and procedures, as set forth in detail below, in conjunction with their use of the computer systems. Violations may lead to withdrawal of the access privilege and/or disciplinary measures in accordance with the Board’s student discipline policy.

b. *Access to District Computer Systems When Students Are Engaged in Digital or Remote Learning*

The Board and the Administration recognize that technology is integral to the delivery of instruction if and when the District implements any form of digital or remote learning. The District may therefore provide students with remote access to some or all of the District’s computer systems so that students may access the District’s virtual learning environment. Such access, if granted, is provided solely for education-related purposes. Use of the District's computer systems will be allowed only for students who comply with District policies and procedures concerning computer system use, and demonstrate the ability to use the computer systems in a considerate and responsible manner.

These computer systems are expensive to purchase, install and maintain. As the property of the District, these computer systems must be carefully handled and their integrity preserved for

the benefit of all. Therefore, students will be required to adhere to a set of policies and procedures, as set forth in detail below, in conjunction with their use of the computer systems. Violations may lead to withdrawal of the access privilege and/or disciplinary measures in accordance with the Board's student discipline policy.

2. Definitions

“Obscene” means any material or performance if, a) taken as a whole, it predominantly appeals to the prurient interest, b) it depicts or describes in a patently offensive way a prohibited sexual act and c) taken as a whole, it lacks serious literary, artistic, educational, political or scientific value.

“Obscene as to minors” means any material or performance if it depicts a prohibited sexual act and, taken as a whole, it is harmful to minors.

For purposes of this section, **“harmful to minors”** means that quality of any description or representation, in whatever form, of a prohibited sexual act, when a) it predominantly appeals to the prurient, shameful or morbid interest of minors, b) it is patently offensive to prevailing standards in the adult community as a whole with respect to what is suitable material for minors, and c) taken as a whole, it lacks serious literary, artistic, educational, political or scientific value for minors.

For the purposes of this section, **“prohibited sexual act”** means erotic fondling, nude performance, sexual excitement, sado-masochistic abuse, masturbation or sexual intercourse.

“Child pornography” means any visual depiction, including any photograph, film, video, picture, or computer or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of sexually explicit conduct, where -

- (a) the production of such visual depiction involves the use of a minor engaging in sexually explicit conduct;

- (c) such visual depiction has been created, adapted, or modified to appear that an identifiable minor is engaging in sexually explicit conduct.

3. Monitoring

Students are responsible for good behavior on school computer systems just as they are in a classroom or a school hallway. Communications on the computer systems are often public in nature and general school rules for behavior and communications apply. It is expected that users will comply with District standards and will act in a responsible and legal manner, at all times in accordance with District standards, as well as with state and federal laws.

It is important that students and parents understand that the District, *as the owner of the computer systems, reserves the right to monitor and review* the use of these computer systems. The District intends to monitor and review in a limited fashion, but will do so as needed to ensure that the systems are being used for District-related educational purposes.

As part of the monitoring and reviewing process, the District will retain the capacity to bypass any individual password of a student or other user. *The system's security aspects, such as personal passwords and the message delete function for email, can be bypassed for these purposes.* The District's ability to monitor and review is not restricted or neutralized by these devices. The monitoring and reviewing process also includes, but is not limited to: oversight of Internet site access, the right to review electronic messages sent and received, the right to track students' access to blogs, electronic bulletin boards and chat rooms, and the right to review a student's data downloading and printing.

Therefore, all users must be aware that *they should not have any expectation of personal privacy in the use of these computer systems.*

4. Student Conduct

Students are permitted to use the District's computer systems for legitimate educational purposes. Personal use must be specifically authorized by a District staff member. Unauthorized personal use of District computer systems is expressly prohibited. Conduct which constitutes inappropriate use includes, but is not limited to the following:

Sending any form of a harassing, threatening, or intimidating message, at any time, to any person (such communications may also be a crime);

Gaining or seeking to gain unauthorized access to computer systems;

Damaging computers, computer files, computer systems or computer networks;

Downloading or modifying computer software of the District in violation of the District's licensure agreement(s) and/or without authorization from a teacher or administrator;

Using another person's password under any circumstances;

Trespassing in or tampering with any other person's folders, work or files;

Sending any message that breaches the District's confidentiality requirements, or the confidentiality of students;

Sending any copyrighted material over the system;

Using computer systems for any personal purpose, or in a manner that interferes with the District's educational programs;

Accessing or attempting to access any material that is obscene, obscene as to minors, or contains child pornography, as defined above;

Transmitting or receiving email communications or accessing information on the Internet for non-educational purposes;

Cyberbullying;

Accessing or attempting to access social networking sites (e.g., Facebook, Twitter/X, Instagram, Snapchat, TikTok, etc.) without a staff member's authorization and/or a legitimate educational purpose;

The unauthorized use of generative artificial intelligence on any of the Board's computer systems. For purposes of this policy, "generative artificial intelligence" refers to a technology system, including but not limited to ChatGPT, capable of learning patterns and relationships from data, enabling it to create content, including but not limited to text, images, audio, or video, when prompted by a user.

In addition, as noted above, if a particular behavior or activity is generally prohibited by law, by Board policy or by school rules or regulations, use of these computer systems for the purpose of carrying out such behavior or activity is also prohibited.

Misuse of the computer systems, or violations of these policies and regulations, may result in loss of access to such computer systems as well as other disciplinary action, including suspension and/or expulsion, depending on the specific conduct.

Anyone who is aware of problems with, or misuse of, these computer systems, or has a question regarding the proper use of these computer systems, should report or discuss the issue with a teacher or the school principal immediately. Most importantly, the Board and the Administration urge *any* student who receives *any* harassing, threatening, intimidating or other improper message through the computer system to report this immediately. It is the Board's policy that no student should be required to tolerate such treatment, regardless of the identity of the sender of the message. *Please report these events!*

5. Internet Safety

The Administration will take measures to assure the digital safety and security of students when using electronic messaging systems, email, chat rooms, distance learning platforms, and other forms of direct electronic communications; to prohibit unauthorized access, including "hacking" and other unlawful activities by minors online; to prohibit unauthorized disclosure, use, and dissemination of personally identifiable information regarding students; to educate minor students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response; and to restrict students' access to online materials that are obscene or obscene as to minors or contain child pornography, to the extent practicable when students are using Board-owned computers or devices and Board-provided Internet access.

6. Student Use Agreement

Before being allowed to use the District's computer systems, students and/or their parents/guardians must sign a computer system use agreement, stating that they have read and understood the District's policies and regulations regarding the use of its computer systems.

ADMINISTRATIVE REGULATIONS REGARDING FIELD TRIPS

Field Trips

Staff are required to give at least two weeks prior notice of field trips to the school nurse, in order to allow time for the nurse to review updated medical information and to make arrangements for the safe participation of students with disabilities or special health needs.

For the purposes of medication administration on school sponsored trips, field trips shall be categorized as “curricular” and “extracurricular” field trips. For curricular field trips, the school nurse will prepare necessary medication, equipment and emergency supplies. The nurse will train designated staff in medication administration as needed. For extracurricular field trips, the nurse will be available as a resource to staff to aid in planning for student health and safety needs.

When subsidy for educational field trips is not provided in the school budget, such an educational activity may be planned by staff members with students and conducted with participating students sharing in the cost of the trip. If a student is unable to pay his/her share of the trip costs, the building administrator may use available resources, including funds from local organizations, to help defray expenses.

It is expected that all educational field trips shall use common carriers or school buses unless otherwise authorized by the principal.

In order to minimize the cost to students and their families of multi-day field trips that involve specific classes or groups of students, the teaching staff should select locations closest to Connecticut that meet the approved educational objectives of the planned activities.

Curricular Field Trips: primarily educational trips that enhance students’ understanding of their studies by extending the school experience. (examples: museum trip, nature center, science lab)

Extracurricular Trips: educational, cultural and/or recreational trips that occur outside of the school day and may be organized by an approved extracurricular club, organization or program. Such trips may enhance the educational experience but are not designed as part of the curricular study. (examples: Debate Club, Ski Club)

Administrative Regulations Adopted:

Note: S & G revised this policy and administrative regulations regarding the Safe School Climate Plan in May 2023 to add definitions of “discrimination” and “harassment.” While not required by law, these revisions are designed to provide guidance to districts in determining whether conduct in question constitutes discrimination or harassment. They also clarified that the policy is applicable to both schools and alternative school programs operated by a board of education.

The current policy addressing Bullying, 5131.911, was adopted on November 1, 2022 and Policy 5131.914, Safe School Climate Plan, was adopted on July 18, 2017. If Policy 5137 is adopted and Administrative Regulations 5137 R are an Item of Information on the Board agenda, then current NPS Policies 5131.911—Bullying, and 5131.914—Safe School Climate Plan, should be rescinded.

**BULLYING PREVENTION AND INTERVENTION POLICY
AND ADMINISTRATIVE REGULATIONS REGARDING
SAFE SCHOOL CLIMATE PLAN**

The Newtown Board of Education (the “Board”) is committed to creating and maintaining an educational environment within the Newtown Public Schools (the “District”) that is physically, emotionally and intellectually safe and thus free from bullying, teen dating violence, harassment and discrimination. In accordance with state law and the Board’s Safe School Climate Plan, the Board expressly prohibits any form of bullying behavior on school grounds; at a school-sponsored or school-related activity, function or program, whether on or off school grounds; at a school bus stop; on a school bus or other vehicle owned, leased or used by a local or regional board of education; or through the use of an electronic device or an electronic mobile device owned, leased or used by the Board.

The Board also prohibits any form of bullying behavior outside of the school setting if such bullying (i) creates a hostile environment at school for the student against whom such bullying was directed, (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school. Discrimination and/or retaliation against an individual who reports or assists in the investigation of an act of bullying is likewise prohibited.

Students who engage in bullying behavior or teen dating violence shall be subject to school discipline, up to and including expulsion, in accordance with the Board’s policies on student discipline, suspension and expulsion, and consistent with state and federal law.

For purposes of this policy, “**Bullying**” means an act that is direct or indirect and severe, persistent or pervasive, which:

- (1) causes physical or emotional harm to an individual;
- (2) places an individual in reasonable fear of physical or emotional harm; or

- (3) infringes on the rights or opportunities of an individual at school.

Bullying shall include, but need not be limited to, a written, oral or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics.

For purposes of this policy, “**Cyberbullying**” means any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices or any electronic communications.

For purposes of this policy, “**Teen Dating Violence**” means any act of physical, emotional or sexual abuse, including stalking, harassing and threatening, that occurs between two students who are currently in or who have recently been in a dating relationship.

For purposes of this policy, “**Discrimination**” means unlawful discrimination that occurs when a student is denied participation in, or the benefits of, a program or activity of the Board because of such student’s actual or perceived race, color, religion, age, sex, sexual orientation, marital status, national origin, alienage, ancestry, disability, pregnancy, gender identity or expression, veteran status, status as a victim of domestic violence or any other basis prohibited by state or federal law (“Protected Class”).

For purposes of this policy, “**Harassment**” is a form of Protected Class discrimination that is prohibited by law and by this policy. Harassment constitutes unlawful discrimination when it creates a hostile environment, which occurs when the harassment is sufficiently severe, pervasive, or persistent so as to interfere with or limit a student’s ability to participate in or benefit from the services, activities, or opportunities offered by a school. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Harassment may be an act of bullying.

Consistent with the requirements under state law, the Board authorizes the Superintendent or designee(s), along with the Safe School Climate Coordinator, to be responsible for developing and implementing a Safe School Climate Plan in furtherance of this policy. As provided by state law, such Safe School Climate Plan shall include, but not be limited to provisions which:

- (1) enable students to anonymously report acts of bullying to school employees and require students and the parents or guardians of students to be notified at the beginning of each school year of the process by which students may make such reports;
- (2) enable the parents or guardians of students to file written reports of suspected bullying;

- (3) require school employees who witness acts of bullying or receive reports of bullying to orally notify the safe school climate specialist, or another school administrator if the safe school climate specialist is unavailable, not later than one school day after such school employee witnesses or receives a report of bullying, and to file a written report not later than two school days after making such oral report;
- (4) require the safe school climate specialist to investigate or supervise the investigation of all reports of bullying and ensure that such investigation is completed promptly after receipt of any written reports made under this section and that the parents or guardians of the student alleged to have committed an act or acts of bullying and the parents or guardians of the student against whom such alleged act or acts were directed receive prompt notice that such investigation has commenced;
- (5) require the safe school climate specialist to review any anonymous reports, except that no disciplinary action shall be taken solely on the basis of an anonymous report;
- (6) include a prevention and intervention strategy for school employees to deal with bullying and teen dating violence;
- (7) provide for the inclusion of language in student codes of conduct concerning bullying;
- (8) require each school and/or alternative school program operated by the Board (“alternative school program”) to notify the parents or guardians of students who commit any verified acts of bullying and the parents or guardians of students against whom such acts were directed not later than forty-eight hours after the completion of the investigation described in subdivision (4), above (A) of the results of such investigation, and (B) verbally or by electronic mail, if such parents’ or guardians’ electronic mail addresses are known, that such parents or guardians may refer to the plain language explanation of the rights and remedies available under Conn. Gen. Stat. Section 10-4a and 10-4b published on the Internet website of the Board;
- (9) require each school and/or alternative school program to invite the parents or guardians of a student against whom such act was directed to a meeting to communicate to such parents or guardians the measures being taken by the school and/or alternative school program to ensure the safety of the student against whom such act was directed and policies and procedures in place designed to prevent further acts of bullying;
- (10) require each school and/or alternative school program to invite the parents or guardians of a student who commits any verified act of bullying to a meeting, separate and distinct from the meeting required in subdivision (9) above, to discuss specific interventions undertaken by the school or alternative school program designed to prevent further acts of bullying;

- (11) establish a procedure for each school and alternative school program to document and maintain records relating to reports and investigations of bullying in such school and/or alternative school program and to maintain a list of the number of verified acts of bullying in such school and/ alternative school program and make such list available for public inspection, and annually report such number to the Department of Education and in such manner as prescribed by the Commissioner of Education;
- (12) direct the development of case-by-case interventions for addressing repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual that may include both counseling and discipline;
- (13) prohibit discrimination and retaliation against an individual who reports or assists in the investigation of an act of bullying;
- (14) direct the development of student safety support plans for students against whom an act of bullying was directed that address safety measures the school and/or alternative school program will take designed to protect such students against further acts of bullying;
- (15) require the responsible administrator of a school and/or alternative school program, or designee, to notify the appropriate local law enforcement agency when such responsible administrator, or designee, believes that any acts of bullying constitute criminal conduct;
- (16) prohibit bullying (A) on school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a local or regional board of education, or through the use of an electronic device or an electronic mobile device owned, leased or used by the Board, and (B) outside of the school setting if such bullying (i) creates a hostile environment at school for the student against whom such bullying was directed, or (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school;
- (17) require, at the beginning of each school year, each school and/or alternative school program to provide all school employees with a written or electronic copy of the District's safe school climate plan; and
- (18) require that all school employees annually complete the training described in Conn. Gen. Stat. §§ 10-220a or 10-222j related to the identification, prevention and response to bullying.

The notification required pursuant to subdivision (8) (above) and the invitation required pursuant to subdivisions (9) and (10) (above) shall include a description of the response of school employees to such acts and any consequences that may result from the commission of

further acts of bullying. Any information provided under this policy or accompanying Safe School Climate Plan shall be provided in accordance with the confidentiality restrictions imposed under the Family Educational Rights Privacy Act ("FERPA") and the District's Confidentiality and Access to Student Information policy and regulations.

The Board shall submit its Safe School Climate Plan to the Connecticut State Department of Education (the "Department") for review and approval. Not later than thirty (30) calendar days after approval by the Department, the Board shall make such plan available on the Board's and each individual school or alternative school program in the District's web site and ensure that the Safe School Climate Plan is included in the District's publication of the rules, procedures and standards of conduct for schools and alternative programs operated by the Board and in all student handbooks.

As required by state law, the Board, after consultation with the Department and the Connecticut Social and Emotional Learning and School Climate Advisory Collaborative (the "Collaborative"), shall provide on the Board's website training materials to school administrators regarding the prevention of and intervention in discrimination against and targeted harassment of students based on such students' (1) actual or perceived differentiating characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance or mental, physical, developmental or sensory disability, or (2) association with individuals or groups who have or are perceived to have one or more of such characteristics.

As required by state law, the Board shall post on its website the plain language explanation of rights and remedies under Connecticut General Statutes §§ 10-4a and 10-4b, as developed and provided to the Board by the Collaborative.

SAFE SCHOOL CLIMATE PLAN

The Newtown Board of Education (the “Board”) is committed to creating and maintaining a physically, emotionally, and intellectually safe educational environment within the Newtown Public Schools (the “District”), free from bullying, teen dating violence, harassment and discrimination. In order to foster an atmosphere conducive to learning, the Board has developed the following Safe School Climate Plan (the “Plan”), consistent with state law and Board policy. This Plan represents a comprehensive approach to addressing bullying, cyberbullying and teen dating violence and sets forth the Board’s expectations for creating a positive school climate and thus preventing, intervening, and responding to incidents of bullying and teen dating violence.

Bullying behavior and teen dating violence are strictly prohibited, and students who are determined to have engaged in such behavior are subject to disciplinary action, which may include suspension or expulsion from school. The District’s commitment to addressing bullying behavior and teen dating violence, however, involves a multi-faceted approach, which includes education and the promotion of a positive school climate in which bullying will not be tolerated by students or school staff.

The Principal of each school (or principal's designee) or responsible administrator of any alternative education program operated by the Board ("responsible administrator") shall serve as the Safe School Climate Specialist. The Safe School Climate Specialist shall investigate or supervise the investigation of reported acts of bullying, collect and maintain records of reports and investigations of bullying in the school and act as the primary school official responsible for preventing, identifying and responding to reports of bullying in the school or program.

V. Development and Review of Safe School Climate Plan

- A. The Principal of each school or responsible administrator shall establish a committee or designate at least one existing committee ("Committee") in the school or program to be responsible for developing and fostering a safe school climate and addressing issues relating to bullying in the school or program. Such committee shall include:

 - (6) educate students, school employees and parents/guardians on issues relating to bullying;
 - (7) collaborate with the Coordinator in the collection of data regarding bullying; and
 - (8) perform any other duties as determined by the principal or responsible administrator that are related to the prevention, identification and response to school bullying.

- D. The Board shall approve the Plan developed pursuant to Board policy and submit such plan to the Department. Not later than thirty (30) calendar days after approval by the Board, the Board shall make such Plan available on the Board's and each individual school or program on the District's web site and ensure that the Plan is included in the District's publication of the rules, procedures and standards of conduct for schools and programs and in all student handbooks.

VI. Procedures for Reporting and Investigating Complaints of Bullying

- A. Students and parents (or guardians of students) may file written reports of bullying. Written reports of bullying shall be reasonably specific as to the basis for the report, including the time and place of the alleged conduct, the number of incidents, the target of the suspected bullying, and the names of potential witnesses. Such reports may be filed with any building or program administrator and/or the Safe School Climate Specialist (*i.e.*, building principal or designee), and all reports shall be forwarded to the Safe School Climate Specialist for review and actions consistent with this Plan.
- B. Students may make anonymous reports of bullying to any school employee. Students may also request anonymity when making a report, even if the student's identity is known to the school employee. In cases where a student requests anonymity, the Safe School Climate Specialist or designee shall meet with the student (if the student's identity is known) to review the request for anonymity

and discuss the impact that maintaining the anonymity of the complainant may have on the investigation and on any possible remedial action. All anonymous reports shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that does not disclose the source of the report, and is consistent with the due process rights of the student(s) alleged to have committed acts of bullying. No disciplinary action shall be taken solely on the basis of an anonymous report.

- C. School employees who witness acts of bullying or receive reports of bullying shall orally notify the Safe School Climate Specialist, or another school or program administrator if the Safe School Climate Specialist is unavailable, not later than one (1) school day after such school employee witnesses or receives a report of bullying. The school employee shall then file a written report not later than two (2) school days after making such oral report.
- D. The Safe School Climate Specialist shall be responsible for reviewing any anonymous reports of bullying and shall investigate or supervise the investigation of all reports of bullying and ensure that such investigation is completed promptly after receipt of any written reports. The Safe School Climate Specialist shall also be responsible for promptly notifying the parents or guardians of the student alleged to have committed an act or acts of bullying, and the parents or guardians of the student against whom such alleged act or acts were directed, that an investigation has commenced. In order to allow the District to adequately investigate complaints filed by a student or parent/guardian, the parent of the student suspected of being bullied should be asked to provide consent to permit the release of that student's name in connection with the investigation process, unless the student and/or parent has requested anonymity.
- E. In investigating reports of bullying, the Safe School Climate Specialist or designee will consider all available information known, including the nature of the allegations and the ages of the students involved. The Safe School Climate Specialist will interview witnesses, as necessary, reminding the alleged perpetrator and other parties that retaliation is strictly prohibited and may result in disciplinary action.

VII. Responding to Verified Acts of Bullying

- A. Following investigation, if acts of bullying are verified, the Safe School Climate Specialist or designee shall notify the parents or guardians of the students against whom such acts were directed as well as the parents or guardians of the students who commit such acts of bullying of the finding **not later than forty-eight (48) hours** after the investigation is completed. This notification shall include a description of the school or program's response to the acts of bullying; the results of such investigation; and verbally or by electronic mail, if such parents' or guardians' electronic mail addresses are known, that such parents or guardians may refer to the plain language explanation of the rights and remedies available under Conn. Gen. Stat. Sections 10-4a and 10-4b once such explanation has been provided to the Board by the Connecticut Social and Emotional Learning and School Climate Advisory Collaborative and published on the Internet website of

the Board. In providing such notification, however, the District will take care to respect the statutory privacy rights of other students, including the perpetrator of such bullying. The specific disciplinary consequences imposed on the perpetrator, or personally identifiable information about a student other than the parent/guardian's own child, may not be disclosed except as provided by law.

- B. In any instance in which bullying is verified, the Safe School Climate Specialist or designee shall invite the parents or guardians of the student against whom such act was directed to a meeting to communicate the measures being taken by the school or program to promote the safety of the student/victim and policies and procedures in place designed to prevent further acts of bullying. The Safe School Climate Specialist or designee shall also invite the parents or guardians of a student who commits any verified act of bullying to a meeting, separate and distinct from the previously described meeting, to discuss specific interventions undertaken by the school designed to prevent further acts of bullying. The invitations may be made simultaneous with the notification described above in Section VII.A.
- C. If bullying is verified, the Safe School Climate Specialist or designee shall develop a student safety support plan for any student against whom an act of bullying was directed. Such support plan will include safety measures designed to protect against further acts of bullying.
- D. A specific written intervention plan shall be developed to address repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. The written intervention plan may include counseling, discipline and other appropriate remedial actions as determined by the Safe School Climate Specialist or designee and may also incorporate a student safety support plan, as appropriate.
- E. Notice to Law Enforcement

If the principal of a school or responsible administrator (or designee) reasonably believes that any act of bullying constitutes a criminal offense, the principal or responsible administrator shall notify appropriate law enforcement. Notice shall be consistent with the Board's obligations under state and federal law and Board policy regarding the disclosure of personally identifiable student information. In making this determination, the principal, responsible administrator or designee, may consult with the school resource officer, if any, and other individuals the principal, responsible administrator or designee deems appropriate.
- F. If a bullying complaint raises a concern about Protected Class discrimination or harassment, the Safe School Climate Specialist or designee shall also coordinate any bullying investigation with other appropriate personnel within the District as appropriate (e.g. Title IX Coordinator, Section 504 Coordinator, etc.), in a manner designed to ensure that any such bullying investigation complies with the requirements of such policies regarding nondiscrimination.

VIII. Teen Dating Violence

- A. The District strictly prohibits, and takes very seriously any instances of, teen dating violence, as defined above. The District recognizes that teen dating violence may take many different forms and may also be considered bullying and/or sexual harassment.
- B. Students and parents (or guardians of students) may bring verbal or written complaints regarding teen dating violence to any building or program administrator. The building or program administrator shall promptly refer the complaint to the Title IX Coordinator.
- C. Prevention and intervention strategies concerning teen dating violence shall be implemented in accordance with Section X below. Discipline, up to and including expulsion, may be imposed against the perpetrator of teen dating violence, whether such conduct occurs on or off campus, in accordance with Board policy and consistent with federal and state law.

IX. Documentation and Maintenance of Log

- A. Each school and program operated by the Board shall maintain written reports of bullying, along with supporting documentation received and/or created as a result of bullying investigations, consistent with the Board's obligations under state and federal law. Any educational record containing personally identifiable student information pertaining to an individual student shall be maintained in a confidential manner, and shall not be disclosed to third parties without prior written consent of a parent, guardian or eligible student, except as permitted under Board policy and state and federal law.
- B. The Principal of each school or responsible administrator shall maintain a list of the number of verified acts of bullying in the school or program and this list shall be available for public inspection upon request. Consistent with District obligations under state and federal law regarding student privacy, the log shall not contain any personally identifiable student information or any information that alone or in combination would allow a reasonable person in the school community to identify the students involved. Accordingly, the log should be limited to basic information such as the number of verified acts, name of school and/or grade level and relevant date. Each investigation that results in a verified act of bullying for that school year shall be tallied as one verified act of bullying unless the specific actions that are the subject of each report involve separate and distinct acts of bullying. The list shall be limited to the number of verified acts of bullying in each school or program and shall not set out the particulars of each verified act, including, but not limited, to any personally identifiable student information, which is confidential information by law.
- C. The Principal of each school or responsible administrator shall report the number of verified acts of bullying in the school or program annually to the Department in such manner as prescribed by the Connecticut Commissioner of Education.

X. Other Prevention and Intervention Strategies

- A. Bullying behavior and teen dating violence can take many forms and can vary dramatically in the nature of the offense and the impact the behavior may have on the victim and other students. Accordingly, there is no one prescribed response to verified acts of bullying or to teen dating violence. While conduct that rises to the level of “bullying” or “teen dating violence,” as defined above, will generally warrant traditional disciplinary action against the perpetrator of such bullying or teen dating violence, whether and to what extent to impose disciplinary action (e.g., detention, in-school suspension, suspension or expulsion) is a matter for the professional discretion of the building principal (or responsible program administrator or designee). No disciplinary action may be taken solely on the basis of an anonymous complaint of bullying. As discussed below, schools and programs may also consider appropriate alternatives to traditional disciplinary sanctions, including age-appropriate consequences and other restorative or remedial interventions.
- B. A specific written intervention plan shall be developed to address repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. This plan may include safety provisions, as described above, for students against whom acts of bullying have been verified and may include other interventions such as counseling, discipline, and other appropriate remedial or restorative actions as determined by the responsible administrator.
- C. The following sets forth possible interventions, which may also be utilized to enforce the Board’s prohibition against bullying and teen dating violence:
- (1) Non-disciplinary interventions

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying. Students may also be subject to other forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

If a complaint arises out of conflict between students or groups of students, peer or other forms of mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

When an act or acts of teen dating violence are identified, the students involved may be counseled as to the seriousness of the conduct, the prohibition of teen dating violence, and their duty to avoid any such conduct. Students may also be subject to other

forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

(2) Disciplinary interventions

When acts of bullying are verified or teen dating violence occurs, and a disciplinary response is warranted, students may be subject to the full range of disciplinary consequences. Anonymous complaints of bullying, however, shall not be the basis for disciplinary action.

In-school suspension and suspension may be imposed only after informing an accused student of the reasons for the proposed suspension and giving the accused student an opportunity to explain the situation, in accordance with the Board's Student Discipline policy.

Expulsion may be imposed only after a hearing before the Board, a committee of the Board or an impartial hearing board designated by the Board in accordance with the Board's Student Discipline policy. This consequence shall normally be reserved for serious incidents of bullying and teen dating violence, and/or when past interventions have not been successful in eliminating bullying behavior and/or teen dating violence.

(3) Interventions for bullied students and victims of teen dating violence

The building principal (or other responsible program administrator) or designee shall intervene in order to address incidents of bullying or teen dating violence against a single individual. Intervention strategies for a bullied student or victim of teen dating violence may include the following:

- (a) Referral to a school counselor, psychologist or other appropriate social or mental health service;
- (b) Increased supervision and monitoring of student to observe and intervene in bullying situations or instances of teen dating violence;
- (c) Encouragement of student to seek help when victimized or witnessing victimization;
- (d) Peer mediation or other forms of mediation, where appropriate;
- (e) Student Safety Support plans;
- (f) Restitution and/or restorative interventions; and

- (g) Periodic follow-up by the Safe School Climate Specialist and/or Title IX Coordinator with the bullied student or victim of teen dating violence.

(4) General prevention and intervention strategies

In addition to the prompt investigation of complaints of bullying and direct intervention when acts of bullying are verified, other District actions may ameliorate potential problems with bullying in school or at school-sponsored activities. Additional District actions may also ameliorate potential problems with teen dating violence. While no specific action is required, and school needs for specific prevention and intervention strategies may vary from time to time, the following list of potential prevention and intervention strategies shall serve as a resource for administrators, teachers and other professional employees in each school and District program. Such prevention and intervention strategies may include, but are not limited to:

- (a) School and program rules prohibiting bullying, teen dating violence, harassment and intimidation and establishing appropriate consequences for those who engage in such acts;
- (b) Adequate adult supervision of outdoor areas, hallways, the lunchroom and other specific areas where bullying or teen dating violence are likely to occur;
- (c) Inclusion of grade-appropriate bullying and teen dating violence education and prevention curricula in kindergarten through high school, which may include instruction regarding building safe and positive school communities including developing healthy relationships and preventing dating violence as deemed appropriate for older students;
- (d) Individual interventions with the perpetrator, parents and school employees, and interventions with the bullied student, parents and school employees;
- (e) School-wide training related to safe school climate, which training may include Title IX sex discrimination/sexual harassment prevention training, Section 504/ADA training, cultural diversity/multicultural education or other training in federal and state civil rights legislation or other topics relevant to safe school climate;
- (f) Student peer training, education and support;
- (g) Promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions;

- (h) Implementation of a positive behavioral interventions and supports process or another evidence-based model approach for a safe school climate or for the prevention of bullying and teen dating violence, including any such program identified by the Department;
 - (i) Respectful responses to bullying and teen dating violence concerns raised by students, parents or staff;
 - (j) Planned professional development programs addressing prevention and intervention strategies, which training may include school violence prevention, conflict resolution and prevention of bullying and teen dating violence, with a focus on evidence-based practices concerning same;
 - (k) Use of peers to help ameliorate the plight of victims and include them in group activities;
 - (l) Avoidance of sex-role stereotyping;
 - (m) Continuing awareness and involvement on the part of school employees and parents with regards to prevention and intervention strategies;
 - (n) Modeling by teachers of positive, respectful, and supportive behavior toward students;
 - (o) Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others;
 - (p) Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere; and
 - (q) Culturally competent school-based curriculum focusing on social-emotional learning, self-awareness and self-regulation.
- D. In addition to prevention and intervention strategies, administrators, teachers and other professional employees may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially-appropriate behavior. Administrators, teachers and other professional employees should intervene promptly whenever they observe mean-spirited student conduct, even if such conduct does not meet the formal definition of “bullying.”
- E. Funding for the school-based bullying intervention and school climate improvement strategy may originate from public, private, federal or philanthropic sources.

XI. Improving School Climate

Each school will outline affirmative steps to improve the quality of school climate as defined within a particular school. These strategies should align with school improvement plans and school climate assessments, and be based on current data available on the quality of school climate within the school, program and/or district including, but not limited to, the type, nature, frequency etc. of behavior that may constitute or lead to bullying, teen dating violence, harassment or similar behavior. This section is intended to be broader in scope and should be targeted towards fostering positive school climate rather than exclusively preventing, investigating and otherwise responding to specific incidences of bullying and teen dating violence.

XII. Annual Notice and Training

- A. Students, and parents or guardians of students shall be notified annually of the process by which students may make reports of bullying.
- B. The Board shall provide for the inclusion of language in student codes of conduct concerning bullying.
- C. At the beginning of each school year, each school and program shall provide all school employees with a written or electronic copy of the District's safe school climate plan and require that all school employees annually complete training on the identification, prevention and response to bullying as required by law.
- D. As required by state law, the Board, after consultation with the Department and the Social and Emotional Learning and School Climate Advisory Collaborative (the "Collaborative"), shall also provide on its website training materials to school administrators regarding the prevention of and intervention in discrimination against and targeted harassment of students based on such students' (1) actual or perceived differentiating characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance or mental, physical, developmental or sensory disability, or (2) association with individuals or groups who have or are perceived to have one or more of such characteristics.
- E. Any person appointed by the District to serve as District safe school climate coordinator shall complete mental health and first aid training offered by the Commissioner of Mental Health and Addiction Services.

XIII. School Climate Assessments

Biennially, the Board shall require each school and program in the District to complete an assessment using the school climate assessment instruments, including surveys, approved and disseminated by the Department. The Board shall collect the school climate assessments for each school and program in the District and submit such assessments to the Department.

Note: Under Connecticut law, qualified school employees may administer epinephrine with a cartridge injector to a specific student with a medically diagnosed allergic condition that may require prompt treatment to protect the student against serious harm or death either (1) with the written medication order of an authorized prescriber and the written authorization of the student's parent or guardian or (2) in an emergency, without such prior written authorization, provided that a number of conditions are met. The law previously required qualified school employees who administer epinephrine for purposes of emergency first aid without prior written authorization to annually complete the training program developed by the Departments of Education and Public Health in consultation with the School Nurse Advisory Council described in Connecticut General Statutes Section 10-212g. Public Act 24-93 expands this requirement to explicitly include employees who administer epinephrine with the written authorization of a parent or guardian and authorized prescriber. S & G has edited the policy to reflect this change.

This policy was reviewed by the Nurse Supervisor.

- (9) Medications that must be refrigerated shall be stored in a refrigerator at no less than 36 degrees Fahrenheit and no more than 46 degrees Fahrenheit. The refrigerator must be located in the health office that is maintained for health services with limited access. Non-controlled medications may be stored directly on the refrigerator shelf with no further protection needed. Controlled medication shall be stored in a locked box that is affixed to the refrigerator shelf.

- (10) All unused, discontinued or obsolete medications shall be removed from storage areas and either returned to the parent or guardian or, if the medication cannot be returned to the parent or guardian, the medication shall be destroyed in collaboration with the school nurse:
 - (a) non-controlled drugs shall be destroyed in the presence of at least one witness;
 - (b) controlled drugs shall be destroyed in pursuant to Section 21a-262-3 of the Regulations of Connecticut State Agencies; and
 - (c) accidental destruction or loss of controlled drugs must be verified in the presence of a second person, including confirmation of the presence or absence of residue, and jointly documented on the student medication administration record and on a medication error form pursuant to Section 10-212a(b) of the Connecticut General Statutes. If no residue is present, notification must be made to the Department of Consumer Protection pursuant to Section 21a-262-3 of the Regulations of Connecticut State Agencies.

- (11) Medications to be administered by coaches of intramural or interscholastic athletic events or licensed athletic trainers shall be stored:
 - (a) in containers for the exclusive use of holding medications;

- (12) In no event shall a school store more than a three (3) month supply of a medication for a student.

L. School Readiness Programs and Before or After School Programs

- (1) As determined by the school medical advisor, if any, and school nurse supervisor, the following procedures shall apply to the administration of medication during school readiness programs and before or after school programs run by the Board, which are exempt from licensure by the Office of Early Childhood:
 - (a) Administration of medication at these programs shall be provided only when it is medically necessary for participants to access the program and maintain their health status while attending the program.

- (b) Except as provided by Sections D and E above, no medication shall be administered in these programs without:
 - (i) the written order of an authorized prescriber; and
 - (ii) the written authorization of a parent or guardian or an eligible student.
 - (c) A school nurse shall provide consultation to the program director, lead teacher or school administrator who has been trained in the administration of medication regarding the safe administration of medication within these programs. The school medical advisor and school nurse supervisor shall determine whether, based on the population of the school readiness program and/or before or after school program, additional nursing services are required for these programs.
 - (d) Only school nurses, directors or directors' designees, lead teachers or school administrators who have been properly trained may administer medications to students as delegated by the school nurse or other registered nurse. Properly trained directors or directors' designees, lead teachers or school administrators may administer oral, topical, intranasal or inhalant medications. Investigational drugs or research or study medications may not be administered in these programs.
 - (e) Students attending these programs may be permitted to self-medicate only in accordance with the provisions of Section B(3) of this policy. In such a case, the school nurse must provide the program director, lead teacher or school administrator running the program with the medication order and parent permission for self-administration.
 - (f) In the absence of the school nurse during program administration, the program director, lead teacher or school administrator is responsible for decision-making regarding medication administration.
 - (g) Cartridge injector medications may be administered by a director, lead teacher or school administrator only to a student with a medically-diagnosed allergic condition which may require prompt treatment to protect the student against serious harm or death.
- (2) Local poison control center information shall be readily available at these programs.
- (3) Procedures for medication emergencies or medication errors, as outlined in this policy, must be followed, except that in the event of a medication error a report must be submitted by the program director, lead teacher or school administrator to the school nurse the next school day.

- (4) Training for directors or directors' designees, lead teachers or school administrators in the administration of medication shall be provided in accordance with Section J of this policy.
- (5) All medications must be handled and stored in accordance with Section K of this policy. Where possible, a separate supply of medication shall be stored at the site of the before or after school readiness program. In the event that it is not possible for the parent or guardian to provide a separate supply of medication, then a plan shall be in place to ensure the timely transfer of the medication from the school to the program and back on a daily basis.
- (6) Documentation of any administration of medication shall be completed on forms provided by the school and the following procedures shall be followed:
 - (a) a medication administration record for each student shall be maintained by the program;
 - (b) administration of a cartridge injector medication shall be reported to the school nurse at the earliest possible time, but no later than the next school day;
 - (c) all instances of medication administration, except for the administration of cartridge injector medication, shall be reported to the school nurse at least monthly, or as frequently as required by the individual student plan; and
 - (d) the administration of medication record must be submitted to the school nurse at the end of each school year and filed in the student's cumulative health record.
- (7) The procedures for the administration of medication at school readiness programs and before or after school programs shall be reviewed annually by the school medical advisor, if any, and school nurse supervisor.

M. Review and Revision of Policy

In accordance with the provisions of Conn. Gen. Stat. Section 10-212a(a)(2) and Section 10-212a-2 of the Regulations of Connecticut State Agencies, the Board shall review this policy periodically, and at least biennially, with the advice and approval of the school medical advisor, if any, or other qualified licensed physician, and the school nurse supervisor. Any proposed revisions to the policy must be made with the advice and approval of the school medical advisor, school nurse supervisor or other qualified licensed physician.

**POLICY AND ADMINISTRATIVE REGULATIONS
REGARDING SEARCH AND SEIZURE**

1. Search of a Student and the Student’s Effects
 - A. Fourth Amendment rights to be free from unreasonable searches and seizures apply to searches conducted by public school officials. A student and his/her effects may be searched if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. The way the search is conducted should be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.
2. Search of a Locker, Desk and Other Storage Area
 - A. Lockers, desks and other storage areas provided by the school system for use by students are the property of the school system. Such storage areas are provided for the temporary convenience of students only. The Board of Education (the “Board”) authorizes the administration and/or law enforcement officials to search lockers and other school property available for use by students for the presence of weapons, contraband or the fruits of a crime if there are reasonable grounds at the inception of the search for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. Moreover, the scope of the search shall be reasonably related to the objectives of the search and shall not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.
 - B. If the school administration reasonably suspects that a student is not maintaining a locker or other storage area assigned to him/her in a sanitary condition, or that the storage area contains items the possession of which is illegal or in violation of school regulations or that endangers the health, safety or welfare of the student or others, it has the right to open and examine the storage area and to seize any such items that are found.

- C. When required by law and otherwise at the option of the building principal, items that have been seized shall be submitted to the police department for proper disposition. Items not submitted to the police department shall be disposed of as directed by the building principal.
- 3. The decision to search shall be made by the principal or the principal's designee. The search shall be made in the presence of at least one witness. Discovery of illegal or dangerous materials shall be reported to the Office of the Superintendent.
- 4. Use of drug-detection dogs and metal detectors, similar detective devices; and/or breathalyzers and other passive alcohol screening devices may be used only on the express authorization of the Superintendent, in accordance with such procedures as the Superintendent may devise.

 - A. All searches of students shall be conducted or directed by an authorized school administrator, i.e., the principal or vice principal, in the presence of a witness.
 - B. A search of a student's handbag, gym bag, cellular telephone, personal electronic device or similar personal property carried by a student may be conducted if there are reasonable grounds for suspecting that the search will produce evidence that the student has violated or is violating either the law or the rules of the school. A student's other effects are also subject to the same rule. Effects may include motor vehicles located on school property.
 - C. A search of a student's person may be conducted only if there are reasonable grounds at the inception of the search for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. Moreover, the scope of the search shall be reasonably related to the objectives of the search and shall not be excessively intrusive in light of the age and sex of the student and the nature of the infraction. Metal detectors, breathalyzers and/or drug sniffing dogs may be used to detect the presence of contraband, including weapons, drugs or alcohol, in furtherance of this policy and to the extent authorized by law.
 - D. Strip searches are prohibited except when there are reasonable grounds for suspecting that such a search will produce evidence of conduct which places students, staff or school property in immediate danger. Such searches may be conducted at the request of the school principal, generally by a member of the police department. During such searches, a member of the school staff shall be present at all times as a witness, and both the police officer conducting the search and the witness shall be of the same sex as the student searched.
 - E. Any evidence of illegal conduct or conduct violative of the rules of the school produced as a result of searches according to these regulations shall be subject to seizure. - E. The use of lockers and other storage areas by students is a privilege. At all times such storage areas remain the property of the Board. If the school administration reasonably suspects that a student is not maintaining a storage area assigned to the student in a sanitary condition, or that the locker contains items the possession of which is illegal or in violation of school regulations or that endangers the health, safety or welfare of the student or others, it has the right to open and examine the storage area and to seize any such items that are found. The school administration may authorize law enforcement officials to search lockers/storage areas in accordance with Board Policy 5145.12, Section 2(A).
- F. When required by law and otherwise at the option of the building principal, items that have been seized shall be submitted to the police department for proper disposition. Items not submitted to the police department shall be disposed of as directed by the building principal.

Administrative Regulations Adopted:

ADMINISTRATIVE REGULATION REGARDING SEARCH AND SEIZURE ADDENDUM REGARDING USE OF DOGS ON SCHOOL PROPERTY

The Board of Education (the “Board”) shall permit the administration to invite law enforcement agencies or other qualified agencies or individuals to search school property with dogs specially trained when necessary to protect the health and safety of students, employees or property of Newtown Public Schools (the “District”), and for the purpose of detecting the presence of illegal substances or contraband, including alcohol and/or drugs.

The use of trained detection dogs is subject to the following:

1. The administration shall authorize the search and the principal or his/her designee shall be present while the search is taking place.
2. All school property such as lockers, classrooms, parking areas and storage areas may be searched.
3. Dogs shall not be used in rooms occupied by persons except as part of a program designed to inform students/parents of the capabilities of the dogs. Individual(s) shall not be subjected to a search by dogs.
4. Parents and students shall be notified of the Board’s policy concerning search and seizure and this regulation, which shall be publicized to students. Specific dates of planned searches need not be released
5. When conducting a search of an individual or his/her effects based upon a dog’s signal, the principal or his/her designee shall conform to the requirements of the Board’s policy and regulation pertaining to searches of a student, his/her effects and/or locker searches.
6. The administration of the District shall have sole authority for determining internal disciplinary action in regard to illegal substances or contraband on school property.
7. Although detection dogs may be under the control of law enforcement agencies, the administration of the District shall have sole determination as to when a sweep of school property will be conducted.
8. When detection dogs are employed, the school should follow standard protocol for a lockdown procedure prior to the dogs and their handlers entering the building.

**ADMINISTRATIVE REGULATION REGARDING SEARCH AND SEIZURE
ADDENDUM REGARDING USE OF BREATHALYZERS
ON SCHOOL PROPERTY AND SCHOOL SPONSORED EVENTS**

The Board of Education (the “Board”) supports the use of both passive alcohol screening (“PAS”) devices and breathalyzers during the school day or at school-sponsored events, on or off campus, to deter the use of alcohol by students in the Newtown Public Schools (the “District”) and to promote the health and safety of all students.

This regulation provides the basic structure for the use of passive alcohol sensors and breathalyzers in this District to detect/confirm alcohol consumption by students. Such instruments shall be used by the District to 1) to confirm a reasonable suspicion that a particular student has used or is under the influence of alcohol at school during the school day, or at a voluntary, extracurricular school-sponsored event; and/or 2) systematically screen students attending extracurricular/voluntary school-sponsored events for possible alcohol use.

The passive alcohol sensor (“PAS”) device is a non-invasive high-speed breath alcohol-screening instrument which can be used as a “sniffer” for overt or covert alcohol detection. This device may be used to sample a student’s breath in order to detect alcohol use, with results reported as either “positive” or “negative.” A breathalyzer is a device that detects and measures alcohol in expired air so as to determine the concentration of alcohol in a person's blood.

Only designated school personnel will be trained in the use of the PAS device and/or breathalyzer test. All testing instruments shall be properly calibrated and will be checked for accuracy and for full calibration in accordance with the manufacturer’s standards. Testing of students using these devices will be conducted in a separate area, to the extent practicable, to maintain student privacy.

Results from a PAS device or breathalyzer will be maintained in a confidential manner, and released in accordance with District policy and state and federal law.

A. Testing to Confirm Reasonable Suspicion of Alcohol Use

If there is reasonable suspicion that a student is under the influence of alcohol at school or at a school-sponsored event, the student shall be removed to a separate area for observation and questioning concerning alcohol consumption. The student will be informed as to how the PAS device operates and will be asked to breathe across the intake part of the device. Testing will be conducted by trained personnel, in a separate area whenever possible, to maintain student privacy. Any student who tests positive will be asked to submit to a second test using a breathalyzer. If the student tests positive for a second time, the school will contact the student’s parents. If necessary, the student will be brought to the school nurse for medical treatment and emergency medical protocols shall be followed.

If the student tests positive on either test, or if the student refuses to take the test when there is reasonable suspicion of alcohol use, the student may be subject to appropriate disciplinary action consistent with District policies and procedures.

Reasonable suspicion shall include, but not be limited to, any of the following:

1. Observed use or possession of alcohol;
2. Alcohol odor or the presence of an alcohol container;
3. Slurred speech, unsteady gait, lack of coordination, bloodshot or glazed eyes; or
4. Marked changes in personal behavior not attributable to other factors.

B. Extracurricular/Voluntary School-Sponsored Events

The Board also allows for the use of PAS devices and breathalyzers in connection with students' participation in extracurricular/voluntary school-sponsored events and activities without the need for school personnel to first have reasonable suspicion of alcohol use. Such suspicionless testing will occur only if students are notified prior to the event or school-sponsored activity that a PAS or breathalyzer may be used, and that they may be denied entry and/or removed from the event or activity for either refusing to submit to such testing or for testing positive for alcohol use. Students will be notified through a variety of means, including orientation programs, student handbooks and/or electronic publication.

When PAS devices and/or a breathalyzer will be used at a voluntary school-sponsored event (i.e. school dances, proms, etc.), such devices shall be administered as follows:

1. All students participating in the activity or school-sponsored event will be asked to submit to a PAS screening. Students will be asked to breathe across the intake part of the device.
2. If the PAS device detects alcohol, the student shall be removed to a separate area for observation and questioning concerning alcohol consumption. After fifteen (15) minutes, the student will be asked to submit to a breathalyzer test to confirm the presence of alcohol.
3. Should the student test positive after the second test, school personnel will contact the student's parents and the student shall be removed/denied entry to the activity or school-sponsored event.
4. Any student who refuses to breathe into the PAS device, or who refuses to submit to the breathalyzer test, may be excluded or removed from the activity or school-sponsored event and may face additional disciplinary actions.
5. The District retains the right to contact local law enforcement officials at any time, as deemed appropriate, consistent with District practice and policy.

Note: This is a mandated policy and it was originally written pursuant to legislation passed in 2023 which required, beginning with the graduating class of 2025, students had to meet certain requirements related to the FAFSA in order to graduate. Public Act 24-45 delays these requirements until the graduating class of 2027, and S & G revised its policy to reflect this change. This is a new policy for NPS.

This policy was reviewed by Dr. Longobucco.

POLICY AND ADMINISTRATIVE REGULATIONS TO IMPROVE COMPLETION RATES OF THE FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)

The Newtown Board of Education (the “Board”) understands that completion of the Free Application for Federal Student Aid (“FAFSA”) is an important step in the path to postsecondary education and is associated with higher rates of college enrollment. The Board is committed to improving the completion rates of the FAFSA for students enrolled in the Newtown Public Schools (the “District”).

Program to Improve FAFSA Completion Rates

In order to improve the completion rates of the FAFSA by students enrolled in grade twelve in the District and students enrolled in the District’s adult education program, the District shall develop a systematic program through which students are educated about the purpose and content of the FAFSA, encouraged to complete the FAFSA, and assisted in the completion of the FAFSA, as may be necessary and appropriate. The Board directs the Superintendent or designee to develop administrative regulations in furtherance of this policy. The Board further directs the Superintendent or designee to conduct periodic assessments of such regulations, at least annually, to determine the effectiveness of such regulations in improving completion rates of the FAFSA.

FAFSA Graduation Requirements

Students graduating in 2027 and beyond are required to have satisfied one of the following prior to graduation:

- (1) completed a FAFSA;
- (2) for students without legal immigration status, completed and submitted to a public institution of higher education an application for institutional financial aid; or
- (3) completed a waiver of completion of the FAFSA and/or financial aid application, as applicable, on a form prescribed by the Commissioner of Education, signed by the student’s parent or guardian or signed by the student if the student is eighteen or older.

On and after March 15 of each school year, a principal, school counselor, teacher, or other certified educator may complete the waiver on behalf of any student who has not satisfied the above requirements if such principal, school counselor, teacher, or other certified educator affirms that they have made a good faith effort to contact the parent/guardian or student about completion of such applications.

Confidentiality of FAFSA

Any information contained in a FAFSA held by the Board shall not be a public record for purposes of the Freedom of Information Act and thus shall not be subject to disclosure under the provisions of section 1-210 of the Connecticut General Statutes.

Reporting of FAFSA Completion Rates

Each year, the Superintendent or designee will report to the Board the FAFSA completion rate for each high school in the District and for the District’s adult education program.

Gifts, Grants and Donations to Implement Policy

The Board may accept gifts, grants and donations, including in-kind donations, to implement the provisions of this policy.
