“The Creativity Weekend is invaluable. We literally make more decisions in that weekend than we do for the rest of the year. It’s such a blessing to take kids to a great location and have amazing creative minds to give them feedback. This is my one can’t miss trip of the year. Our book wouldn’t be the same without it.”

**Proposal for Yukon Public Schools and Core Counseling Mental Health Services, PLLC Mental Health Collaboration
2023-24 School Year**

Objective: For Yukon Public Schools and Core Counseling Mental Health Services, PLLC to partner together in order to provide quality mental health counseling and supplemental mental health services for Yukon Public Schools' students 4th through 12th grade.

Rationale: According to the National Alliance on Mental Illness, mental health conditions most often begin in adolescence with onset usually occurring by the age of 14. Many children experience trauma and mental health issues much earlier making intervention prior to age 14 necessary. There are one in five youth living with a mental illness with less than half of these receiving needed mental health services.

In a given year 13%-20% of children meet criteria for a mental disorder, but less than 12% receive any services to address this. Students challenged with mental health concerns are at very high risk for disruption in their learning, family, and peer relationships. We know that when students are able to receive appropriate services and treatment, they are able to more effectively learn, grow, develop and be successful. Schools can play an important role in identifying the early warning signs and link students and their families to quality services and supports.

Due to the increase in students that have sought group support in the Yukon Public School setting during the 22-23 school year, we are proposing an increase in group hours offered to meet the hours that we currently offer at YPS. Our hours spent on safety risk assessments has also increased over the 22-23 school year. Our community continues to see an increase in mental health needs and a large decrease in licensed mental health providers.

Interventions: Mental health counseling will be provided by Core Counseling Mental Health Services, PLLC in the form of psychoeducational or processing groups and same day Crisis Assessment Intervention. Psychoeducation groups are grounded in learning. Using Cognitive Behavioral therapy a student will learn to connect thoughts, feelings, and actions based on the group topic. Processing groups allow the students to explore their emotions as they are controlling behaviors. While processing students will have the opportunity to get more in depth to the triggers in their environment and how those are affecting their ability to function in their identified role.

Benefits for Yukon Public Schools:

- YPS will control the referrals of its students.

- YPS will receive the mental health services of licensed clinicians who will see students with mental health needs by conducting psychoeducational and processing groups and will provide same day crisis assessment intervention services when needed.
- As many as 15 hours of face-to-face group counseling will be provided weekly at no cost to YPS students.
- Core Counseling will create data for YPS to identify the number of students receiving services over the 2023-24 school year. The data will show what type of services were utilized by YPS students.

Yukon Public Schools Identified Mental Health Needs for Students:

Core Counseling Mental Health Services would like to enter into an agreement with Yukon Public Schools to provide the following services by Licensed Professional Counselors (LPC) and Licensed Marriage and Family Therapists (LMFT) for the 2023-24 school year at a rate of \$54,000 per year.

- Core Counseling Mental Health Services will conduct Crisis assessments and follow-up for suicide/homicide ideation
 - Assessments must be performed on the same day, preferably at the school site.
 - Appropriate educational materials, documentation and confidentiality protocols will be provided to YPS.
 - Communication with designated YPS contact.
- Groups – 15 hours per week
 - Continue successful onsite groups at the middle school (MS) level (7-8th-grade students and YES program). High school groups (9-12) with Special Education students and small groups for general education students.
 - Develop and implement onsite groups at the intermediate level (4-6) at three sites, as needed.
 - Sign-in sheets collected at the end of each group for attendance and invoicing purposes.
 - Appropriate educational materials, documentation and development of confidentiality protocols.
 - Demonstrate appropriate group management skills needed for facilitation.
 - Communicate with a designated YPS contact in the case of suicidal/homicidal ideation, cutting or other concerns as needed.
 - Communicate with parents, if necessary, in collaboration with the designated YPS contact.
 - Potential types of groups:
 - Anxiety and Depression
 - Grief
 - Life Skills
 - Anger management
 - Students with Incarcerated parents
 - Coping skills
 - LGBTQ+
 - Support groups for students returning to school after being absent for mental health treatment or inpatient services.

Potential additional services that may be determined as needed by YPS:

- Ability to provide individual counseling services if needed onsite.

- Additional group hours as needed.
- Staff training - trauma, basic mental health.

Plan:

- Crisis Assessment: A Yukon Public Schools counselor or other designated faculty member will initiate contact with Core Counseling Mental Health Services for a same-day assessment. Core Counseling Mental Health Services will communicate that same day with the YPS designee with an action timeline for the assessment and steps to take if the assessment cannot be performed for some reason that same day on site. Core Counseling will keep a record of Crisis Intervention Services provided throughout the year and this report will be included with the invoice each month for payment.

Core Counseling will provide recommendations based on assessment that the child be sent for inpatient assessment or if the child does not meet criteria. YPS will receive a copy of this report to identify that students are being assessed by proper medical facilities or if a DHS report for medical neglect need to be made. This will be a collaborative effort by YPS and Core Counseling.

- Group Counseling: A Yukon Public Schools counselor or other designated faculty member will make a referral to Core Counseling for a student to participate in either a psychoeducational group or processing group. . The YPS School Counselor or designee will work with the parent to receive a signed consent form for participation before beginning group. The YPS School Counselor or designee will coordinate the schedule of groups with contacts at Core in addition to make arrangements for students the day of each group session. A student sign-in sheet will be collected for each group, each week and will be included with the invoice each month for payment. At the conclusion of each psychoeducational or processing group, Core Counseling will report the progress made by students in the groups as indicated by pre and post group assessment.
- School Calendar: Core Counseling will be aware of school calendar and know when school is out of session. School may also be cancelled due to weather or other events that cannot be predicted. In these cases, groups will not be able to meet.

Documents Core Counseling Group will Provide: Core Counseling will provide the following documentation for each counselor that is contracted:

- Copy of license or supervision agreement
- Copy of malpractice insurance
- Copy of OSBI background check (performed within the last 12 months)
- Signed Release of Liability
- Core Counseling release of liability (YPS not responsible for any workman's compensation claims)

Expenses:

- Core Counseling is proposing \$54,000 for the 2023-2024 school year based on the administrative and professional costs associated with providing a licensed therapist for group therapy weekly. The cost includes clinical record keeping, collaboration, and

follow up with YPS on services provided. This cost also includes Core Counseling keeping a licensed therapists on-call to provide suicide risk assessments as needed by YPS. Core Counseling will invoice YPS at the end of each month for 9 months making the monthly responsibility of YPS \$6000.00

- Expenses will be itemized and billed on or before the last Friday of the month.

Core Counseling would like to offer, at no cost to YPS, trauma informed in-service training for identifying crisis and verbal de-escalation, twice yearly.

SANCTIONING OF PARENT ORGANIZATIONS AND BOOSTER CLUBS

Adoption Date:

Revision Date(s): 5/28/2020

Page 2 of 2

- H. Board sanctioning does not excuse an organization from complying with all state and federal laws as they pertain to equal opportunity and treatment of all students. The organization shall comply with applicable law, Board policy, any applicable Administrative Regulations regarding School Activity Funds, Title IX, and all other state or federal equity regulations. If the program, association, or organization refuses to comply with the applicable law, policies, and Administrative Regulations, it shall not be entitled to utilize the District's property or facilities for any purpose.
- I. The Board reserves the right to revoke the sanctioning of any organization if it is determined that the operation and purpose are not consistent with the policies and procedures adopted by the Board.
- J. If sanctioning is granted, the organization will not deposit any check, warrant, or money order made payable to District, or any individual District school into the organization's private bank account.

Student Organizations Exempt from School Activity Fund Limitations: All student organizations which are covered by the Equal Access Act (20 U.S.C. § 4071 et seq.) shall submit an application for recognition and exemption to the Superintendent. The Superintendent may request such information as is necessary to evaluate the application for exemption including, but not limited to, the following:

1. By-laws;
2. List of current officers;
3. Statement of purpose;
4. Statement of fund-raising methods and activities; and
5. Proposed schedule of fund-raising activities indicating the location, the dates, and the time of such activities.

The Superintendent or his/her designee shall review the application for recognition and exemption and shall make a recommendation to the Board regarding whether the student organization shall be exempted from control by the Board. The Board shall review and consider the Superintendent's or designee's recommendation and the information submitted and shall issue a determination regarding the exemption status of the student organization. If the Board determines that the student organization is in fact a non-exempt student organization, then it shall be subjected to the applicable law, Board policy, and any applicable Administrative Regulations regarding School Activity Funds. If a non-exempt student organization refuses to comply with the applicable law, policies, or Administrative Regulations regarding School Activity Funds, it shall not be entitled to utilize the District's property or facilities for any purpose.

BM In no manner will the board sanctioning of an organization preclude the organization from compliance with state and federal laws as they pertain to equal opportunity and treatment of all students. Gifts or services provided to the school should benefit both boys' and girls' activities.

BM The board of education reserves the right to revoke the sanctioning of any organization if it is found that the organization's operations and purpose are not consistent with the policies and procedures adopted by the board of education.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 92-0406192. This EIN will identify your entity, accounts, tax returns, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for business and tax purposes. Some taxpayers receive CP575 notices when another person has stolen their identity and are operating using their information. If you did not apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

When you submitted your application for an EIN, you checked the box indicating you are a non-profit organization. Assigning an EIN does not grant tax-exempt status to non-profit organizations. Publication 557, Tax-Exempt Status for Your organization, has details on the application process, as well as information on returns you may need to file. To apply for recognition of tax-exempt status, organizations must complete an application on one of the following forms: Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code; Form 1023-EZ, Streamlined Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code; Form 1024, Application for Recognition Under Section 501(a); or Form 1024-A, Application for Recognition of Exemption Under Section 501(c)(4) of the Internal Revenue Code.

Nearly all organizations claiming tax-exempt status must file a Form 990-series annual information return (Form 990, 990-EZ, or 990-PF) or notice (Form 990-N) beginning with the year they legally form, even if they have not yet applied for or received recognition of tax-exempt status.

If you become tax-exempt, you will lose tax-exempt status if you fail to file a required return or notice for three consecutive years, unless a filing exception applies to you (search www.irs.gov for Annual Exempt Organization Return: Who Must File). We start calculating this three-year period from the tax year we assigned the EIN to you. If that first tax year isn't a full twelve months, you're still responsible for submitting a return for that year. If you didn't legally form in the same tax year in which you obtained your EIN, contact us at the phone number or address listed at the top of this letter. For the most current information on your filing requirements and other important information, visit www.irs.gov/charities.
