Student Services Board Report - April 13, 2026

- Child Count sits at 696 with 20 students currently being evaluated.
- The state-imposed training for administrators was held on Monday, April 6, at 1:00 in the board room. Our trainer was Alicia Currin-Moore, associate attorney and OU adjunct professor from Walsh-Gallegos Kyle Robinson & Roalson. Mrs. Currin-Moore covered topics ranging from Child Find to Implementation of an IEP. The feedback received from principals was overwhelmingly positive. The presenter reviewed and validated our current practices, and the administrators were able to ask clarifying questions. The hottest topic was discipline.
- To date, Special Services has completed 86 psychological evaluations.
- Special Services offered three opportunities to attend professional development regarding the Oklahoma Alternate Assessment Program (OAAP). We are consistently and with fidelity using the OAAP checklist with families during IEP meetings. If the IEP team answers NO to any of the 7 criteria, the student is not eligible and must take the OSTP. If the answer is YES to each statement, the parent is required to give permission for their child to participate in the alternate path to graduation and the OAAP. According to OSDE, districts should not exceed 1% of tested students be assessed on OAAP while SPS is sitting at 2%. We are confident that we have our students assigned to the appropriate evaluation tool and will continue to diligently monitor our processes.

DIRECTOR OF COMMUNICATIONS

Shawnee Public Schools – Communications Department Board Report BOARD UPDATES | April 13, 2026

Professional Development

I will be attending the Oklahoma School Public Relations Association (OKPRSA) Conference April 14-16. This conference provides valuable opportunities to learn best practices, strengthen communications strategies, and collaborate with peers across the state.

Community Engagement & Events

- We had a great turnout for Pack the Park, hosted this year at Memorial Park Ed Skelton Field. Feedback from attendees has been positive, with many expressing how much they enjoyed the setting and community atmosphere.
- HOWL Week (Helping Others with Love) raised over \$2,000 for Community Market of Pottawatomie County. To wrap up the week, students joined Mr. Hall, Mrs. Wallace, and myself in serving at the Community Market, reinforcing the impact of student-led service in our community.
- On Tuesday, April 7, we celebrated another milestone made possible by our community's support of the bond with a ribbon cutting for the Paul Duffield Tennis Complex. Approximately 100 students, staff, and community members attended to celebrate this new facility and what it represents for the future of Shawnee Public Schools.

Community Partnerships & Safety Initiatives

- The City of Shawnee City Commission passed the Safe Streets and Roads for All Action Plan in March. A key next step includes advancing Safe Routes to School initiatives.
- The City continues to host Shawnee Walks walking audits at school sites to gather data that will inform future improvements. April's walk audit was held at Shawnee High School on April 8. These efforts are critical in improving safety and accessibility for all citizens, especially students who walk to school.
- We were proud to host Shawnee Forward's Leadership Shawnee class for their Education Day. Participants toured Will Rogers Elementary, Shawnee Middle School, and Shawnee High School, gaining insight into our academic programs, student opportunities, and facilities.

Operations Board Update – April 13, 2026

- **Nutrition** – The Nutrition Department is gearing up for end of the year field trips and summer school. We are preparing to serve hot breakfast and lunch to any child within the community using the seamless summer option. This means that any child ages 1-18yrs. can come to our sites and receive a meal. We are also excited to be a part of Dr. James "we teach kids to read initiative" and have added fun signage to our kitchens to help engage the students. Special shout out to Will Rogers Elementary who have also been using meal time as a learning experience. They recently used our 4x6 pizza as an easy math lesson making lunch fun!
- **Transportation** – *MotorWeek*, a weekly automotive TV Series airing on PBS Stations nationwide, now in their 45th season on the air, interviewed John Wiles about our Electric Buses and charging infrastructure. It was great!
<https://www.pbs.org/video/2026-porsche-911-gt3-2025-ford-maverick-lobo-oka1zn/> . Transportation is working on summer school routes for our summer school program. John Wiles is at the Traversa conference where he is not only attending sessions, but he is presenting on our electric bus program.
- **Technology** – Technology has been getting students devices ready for testing for ACT and State testing. Technology completed E-Rate bids for replacing network switches at the High School, Middle School, and a couple of elementary schools. This will be a couple year project. Setup new laptops for the aerospace/stem program at the High School. A laptop refresh for all sites is underway. This will replace all staff computers at the sites.
- **Maintenance/Construction** – We have placed a camera with a live feed on Stucker so people can watch the progress from our website. The secondary ring beam for Stucker is being constructed now. The dome should go up at the end of April, first of May depending on weather. The maintenance and grounds department has worked hard to cut costs, move work in-house, and stretch our dollars. Below are some of the approximate savings we have made. There some new costs we will incur for supplies, but the overall savings are sizeable. We are looking at around \$198,000 in annual savings.
 - Custodial: We have taken over the summer cleaning/waxing of the middle school for a \$30,000 savings.
 - Lawncare: We have taken over all lawncare and spraying for a savings of \$97,000.
 - Nutrition equipment maintenance: We have taken over all maintenance of our kitchens for a \$40,000 savings.
 - Snow removal: We have taken over snow removal of our campuses and partneered with the city and county for a \$16,000 savings.

- o Equipment rentals: We purchased (with bond money) the 3 items we rent most often...a 50-foot boom lift, a scissor lift, and a dump trailer. We were spending around \$15,000 per year on these items.
- Below is some data on work order completion times. We are working hard to be as responsive as possible to all work orders.

2-1-26 thru 2-28-26

- Maintenance staff completed 155 out of 169 new work orders and 21 previous tickets and averaged a 4.2 day response time with a 5.2 day resolution time

 - 13-Carpentry
 - 12-Electrical
 - 12-Walls,Ceilings,& Roofs

 - 7-Wall,Ceiling, & Roof Repairs
 - 6-Lock/Key Issues
 - 5-Pest Control
 - 4-Grounds

- Over Spring Break the maintenance staff completed several large projects including
 - Installing a 6' by 19.5' skylight in the west hall of the Middle School
 - Assisting Contractors in Replacing 4 HVAC units a Jefferson Elementary
 - Installing a drainage system at Jefferson Elementary
 - Replacing a HVAC compressor at the High School Band/Choir Room
 - Replacing/Re-piping a Vertical Lift Pump at the Union Street Gym

- Staff are preparing for a few projects in the month of April (and May) that include the following
 - Shawnee Middle School outdoor basketball goal replacement
 - Union Street Gym bathroom remodels
 - Sequoyah remodel preparations
- Due to some issues on the part of our architect and construction manager we will not be able to complete 100% of the Sequoyah work in the 70-day window we have in the summer. Below are letters from MASS Architects and Wynn Construction about the scope and reasons for the extension. The main concern is the large number of windows that need to be replaced. We are working on a plan to continue the work after school starts with as little impact on instruction as possible. Please see attached documents.

RE: Sequoyah Elementary – Phase 2 – Renovations.

Mr. Johnson:

I am writing this letter to explain to the District the current status of the Sequoyah Elementary – Phase 2 project that has been scheduled for construction this summer break, 2026. Our office has been aware of this intent and schedule. This portion of the project was designed with completed construction documents in spring of 2025 when the project was then divided to construct the parking lot at that time while holding the building renovations for later. During fall of 2025, you notified our team of requested revisions to the design and scope.

Production for making those changes was scheduled for February 2026 to coordinate into the bandwidth and scheduling of other projects in our office. We also took that opportunity to review the as-built conditions of the restrooms to avoid the construction conflicts encountered on the earlier projects. Some inaccuracies between the original design drawings and the existing conditions were found and updates to the restroom designs were required. These corrections triggered additional efforts from the consulting engineers not anticipated as the main intent of the design changes primarily related to finishes.

While coordinating this work within our office and with our consulting engineers, I failed to maintain the target date for the bidding documents noted in the construction manager's master schedule. In missing that deadline, their ability to prepare the bid packages, release for bidding, and award contracts is compressed and proportionately delayed. This, unfortunately, will impact the ability for the awarded contractors to immediately mobilize. Lead times and product availabilities will have to be given significant consideration to maximize efficiency.

The number and amount of storefront windows to be replaced at this site is greater than the other schools and was already going to be a challenge to be completed in 10-11 weeks. I sincerely apologize for this untimely delay and am fully aware of the risk it does add to the project's schedule. Our office shall double-down on our commitment to processing shop drawings and submittals in a timely manner and collaborate with the construction manager on prioritizing efforts to minimize disruptions to school operations as this project closes out.

Respectfully,

Matthew Radcliffe, AIA

RE: Sequoyah Elementary – Renovation Scope of Work (Bid Package #002)

Dear Mr. Johnson –

Based on the current schedule we have projected based on when bid documents were finalized and the time frame required for bidding publicly funded/bond projects via Title 61 requirements, there are several scopes of work that could be affected and not completed during the summer break period. This could include the exterior window replacement scope (likely) but also restrooms, etc.

From the time documents were made available, we have shown in an updated master schedule that reflects DESIGN, BID and CONSTRUCTION milestones for all projects under this bond initiative that bidding of projects typically takes 30 days start to finish. That includes the local advertisement requirement of 1-2 weeks, at least 2-3 weeks for bidding to allow time for prospective subcontractors and suppliers to provide accurate bid packages and ask questions and review the work site since this is an existing building (not new construction), bid opening and bid tabulation, recommendations and submission of the pricing to you and finally acceptance by you and then notice to proceed provided. The updated schedule provided last showed a date we needed to go to bid by that was exceeded by over a month (design/bid documents available for bidding process).

Once the notice to proceed is provided, that allows us then to immediately start notifying subcontractors and suppliers who were the recommended award recipients to begin the submittal process. That can take up to 2 weeks to obtain submittals after award/contracts provided, then industry standard allows 2 weeks of review time by the architect/engineers of the submittals before orders can be placed.

Documents (plans and specifications) were provided for bidding on Friday 03.27.26. Notice of advertisement was placed the week prior with the anticipated documents being available last week. Wynn has since issued the bid documents and sent out invitations for bidding. The remaining schedule is as follows:

1. Non mandatory pre-bid meeting/site visit – 10 AM Thursday 04.09.26
2. Bid opening at SPS admin. building (board room) – 2 PM Thursday 04.23.26
3. Wynn confirmation of all bids and completing bid tabulations – Friday 04.24.26 to Monday 04.27.26
4. Wynn issuance of bid tabulations with recommendations to owner along with proposed project price – Monday 04.27.26 to Tuesday 04.28.26
5. Board meeting on approval Monday 05.04.26
6. Notice of Award Monday 05.04.26 or Tuesday 05.05.26
7. Wynn provide notices to subs/suppliers and start submittal process (pending item 6)
8. Project start Monday 05.25.26

As you can see, there are potentially only 20 calendar days between the award and project start. The previous example item that would likely not get done (windows) – shop drawings/submittals would take at least 2-3 weeks to obtain and field measurements are taken (existing building/openings must be verified). Storefront and glass/glazing lead times right now are 8-10 weeks. Once storefront is in hand, the frames must be shop-built then glass can be ordered and frames are installed. The lead time alone to acquire materials is potentially beyond the start date of the fall semester (mid-August 2026).

We were able to obtain bid documents and bid previous projects with similar scopes (Jefferson, Will Rogers) months ahead of the summer schedule due to our knowledge of these conditions.

Sincerely,

SEXUAL HARASSMENT

The policy of this school district forbids discrimination against any employee or applicant for employment on the basis of sex. The Shawnee Board of Education will not tolerate sexual harassment by any of its employees. This policy applies to non-employee volunteers whose work is subject to the control of school personnel. **Please note that sexual harassment allegations against employees that, if true, would meet one or more of the definitions of sexual harassment in policy FB (Sexual Harassment of Students) must be investigated in accordance with the process listed in that policy. This requirement applies whether the allegation is made by a student against an employee or by an employee against another employee. If the allegation, if true, would not meet one or more of the definitions of sexual harassment in policy FB, then the procedure in this policy should be followed.**

General Prohibitions

1. Unwelcome Conduct of a Sexual Nature

- A. Conduct of a sexual nature may include verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, patting, or brushing against; comments regarding physical or personality characteristics of a sexual nature; and sexually-oriented "kidding" "teasing," double meanings, and jokes.
- B. Verbal or physical conduct of a sexual nature may constitute sexual harassment when the allegedly harassed employee has indicated, by his or her conduct, that it is unwelcome.

2. Sexual Harassment

For the purpose of this policy, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment if:

- A. Submission to the conduct is made either an explicit or implicit condition of employment;
- B. Submission to or rejection of the conduct is used as a basis for an employment decision affecting the harassed employee; or
- C. The conduct substantially interferes with an employee's work performance, or creates an intimidating, hostile, or offensive work environment.

Specific Prohibitions

1. Administrators and Supervisors

- A. It is sexual harassment for an administrator or supervisor to use his or her authority to solicit sexual favors or attention from subordinates when the subordinate's failure to submit will result in adverse treatment, or when the subordinate's acquiescence will result in preferential treatment.
- B. Administrators and supervisors who either engage in sexual harassment or tolerate such conduct by other employees shall be subject to sanctions, as described below.

SEXUAL HARASSMENT (Cont.)

2. Non-administrative and Non-supervisory Employees

It is sexual harassment for a non-administrative and non-supervisory employee to subject another such employee to any unwelcome conduct of a sexual nature. Employees who engage in such conduct shall be subject to sanctions as described below.

Report, Investigation, and Sanctions

1. It is the express policy of the board of education to encourage victims of sexual harassment to come forward with such claims. This may be done through the Employee Grievance policy.
 - A. Employees who feel that administrators or supervisors are conditioning promotions, increases in wages, continuation of employment, or other terms or conditions of employment upon sexual favors, are encouraged to report these conditions to the appropriate administrator. If the employee's direct administrator or supervisor is the alleged offending person, the report will be made to the next higher level of administration or supervision, unless it is the superintendent who is the alleged offender. In which case, the complaint shall be referred to the board president.
 - B. Employees are also urged to report any unwelcome conduct of a sexual nature by supervisors or fellow employees if such conduct interferes with the individual's work performance or creates a hostile or offensive working environment.
 - C. Confidentiality will be maintained; however, absolute confidentiality cannot be guaranteed because of due process concerns that arise in sexual harassment investigations. No reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.
2. In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the conduct, and the context in which the alleged conduct occurred will be investigated. The superintendent has the responsibility of investigating and resolving complaints of sexual harassment.
3. Any employee found to have engaged in sexual harassment shall be subject to sanctions, including, but not limited to warning, suspension, or termination subject to applicable procedural and due process requirements.

**GRIEVANCE PROCEDURE
GENDER DISCRIMINATION**

It is the policy of the Shawnee Board of Education that the superintendent shall serve as Title IX Coordinator for this school district. The superintendent shall direct the implementing of educational amendments and regulations as it pertains to prohibition of gender discrimination in education, and shall prepare a regulation governing gender discrimination grievance procedures.

The board shall appoint on a periodic basis a gender discrimination grievance committee that shall consist of an administrator, a parent, and a member of the certified teaching staff.

DRAFT

NONDISCRIMINATION (REGULATIONS)

In accordance with the policy of the Board of Education, the following regulations shall apply to insure that all local, state, and federal laws, regulations, and guidelines are followed.

General

In order for the school district to continue to receive federal financial assistance, it must comply with Title IX and the regulations promulgated through the U.S. Department of Health, Education and Welfare by the Department's Office for Civil Rights interpreting Title IX. If any program or activity of this district fails to comply with Title IX, or the federal administrative regulations implementing Title IX, public hearings would be held by the federal government that could result in the termination of federal funding of this district.

In addition to these sanctions, however, the board of education is of the general view that discrimination on the basis of gender in any education program or activity of this district is not to be permitted **except where necessary to accomplish a specific purpose that does not impinge upon essential equality or fundamental fairness in the treatment of students or employees of this district.** Accordingly, employees of this district are required by these regulations to comply with these provisions in relation to any rule or regulation adopted by the board of education of this district and to any state and federal laws applicable to this district.

Application to Specific Education Programs and Activities

This prohibition against action by employees or other persons acting in the name and on the behalf of this district which bases any exclusion from participation in, denial of benefits from, or discrimination in, any educational program or activity because of the gender of a student or employee applies to all education programs and activities conducted by this district including, but not limited to, the following:

1. Educational Programs
 - A. Course Offerings--Applies to all course offerings, except with respect to physical education classes and activities at the elementary and secondary school levels. The following are not prohibited:
 1. Grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to gender;
 2. Separation of students by gender within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other body contact sports;
 3. Separation of students by gender in classes dealing exclusively with human sexuality; and
 4. Separation of persons based on vocal range or quality even though such separation may result in chorus or choruses of one or predominantly one gender.

NONDISCRIMINATION, REGULATIONS (Cont.)

- B. Athletics--Applies to all athletic programs or activities, except that separate teams for members of each gender may be operated:
1. When the sport involved is a contact sport; or
 2. Where selection for the separate teams is based upon competitive skill, provided that where there is no such team for the excluded gender, members of the excluded gender must be allowed to tryout for the team ~~unless the sport involved is a contact sport, as defined above.~~

Equal athletic opportunity shall be provided for members of both genders, including equal provision for equipment, supplies, coaching, facilities, services, and publicity, except that unequal aggregate expenditure of funds for members of each gender or male and female teams will not in or of itself constitute a violation of these regulations.

- C. Counseling--Applies to all counseling and guidance activities at the elementary and secondary school levels.
- D. Textbooks--Nothing in these regulations shall be interpreted as requiring or prohibiting or abridging in any way the use of particular textbooks or curricular materials.
2. Other Activities or Facilities
- A. Financial Assistance--Applies to offering scholarship or other aid or assisting non-school organizations in the offering of scholarships or other aid to students of this district.
- B. Employment Assistance--Applies to all efforts to place students in employment. The district shall, as part of any employment assistance program for students, ensure that all employment opportunities are made available without discrimination on the basis of gender and refuse participation in its student employment program to employers who would practice such discrimination.
- C. Health and Insurance--Applies to all health or insurance policies offered to students but does not prohibit benefits or services which may be used by a different proportion of students of one gender than of the other, including family planning. If full coverage is provided, such coverage must include gynecological care.
- D. Housing--Nothing in these regulations shall be interpreted as prohibiting the separation of students by gender in housing for field trips or other reasons. Such separate housing must be comparable in quality and availability.
- E. Toilet, Locker, and Shower Facilities--Separate toilet, locker, and shower facilities may be provided on the basis of gender. Such facilities shall be comparable to similar facilities provided for students of the other gender.

NONDISCRIMINATION, REGULATIONS (Cont.)

No rule on marital, family, or parental status that treats one gender different from the other shall be applied or enforced.

3. District Employment Activities

Applies to all aspects of the district's employment programs, including but not limited to, recruitment, advertising, process of application for employment, promotion, granting of tenure, termination, layoffs, wages, job assignments, leaves of absence of all types, fringe benefits, training programs, employer-sponsored programs, including social or recreational programs and any other term, condition, or privilege of employment. Specifically, the following personnel employment practices are prohibited:

- A. Tests--Administration of any test or other criterion that has a disproportionately adverse effect on persons on the basis of gender unless it is a valid predictor of job success and alternative tests or criterion are unavailable.
- B. Recruitment--Recruitment of employees from entities which furnish as applicants members of only or predominantly one gender, if such action has the effect of discrimination on the basis of gender.
- C. Compensation--Establishment of rates of pay on the basis of gender.
- D. Job Classification--Classification of jobs as being for males or females.
- E. Fringe Benefits--Provision of fringe benefits on the basis of gender; all fringe benefit plans must treat males and females equally.
- F. Marital and Parental Status--Any action based on marital or parental status; pregnancies are considered temporary disabilities for all job-related purposes and shall be accorded the same treatment by the district as are all other temporary disabilities. No inquiry shall be made by the district in job applications as to the marital status of an applicant, including whether such applicant is "Miss" or "Mrs.," but inquiry may be made as to the gender of a job applicant for employment if made of all applicants and is not basis for discrimination.
- G. Employment Advertising--Any expression of preference, limitation, or specification based on gender, unless gender is a bona fide occupational qualification for the particular job in question.

Policy Enforcement

To ensure compliance with board policy, the superintendent shall:

- 1. Designate a member of the administrative staff to:
 - A. Coordinate efforts of the district to comply with these regulations;

NONDISCRIMINATION, REGULATIONS (Cont.)

School district personnel may use earned vacation days to perform services for other employers, provided that the employee files a request in a timely manner.

The school district recognizes its responsibility to allow school personnel to participate in Reserve and National Guard training exercises and that such activities do not constitute a violation of this policy. (See policy DEC-R6, Military Leave.)

REFERENCE: 70 O.S. §6-101(D)

Review Note: It is recommended that the second paragraph be deleted. Does the district want to encourage employees to use paid vacation to work for other employees? Taxpayers may be offended by the encouragement of double-dipping.

Such examinations shall be at the district's expense.

A drug screening test will be a part of the physical examination for all applicants who are required to take a pre-employment physical examination. A copy of this policy shall be posted in a prominent employee access area and shall be provided to each job applicant upon the applicant's receipt of a conditional offer of employment.

Any employee or applicant for employment who refuses to undergo drug or alcohol testing conducted in accordance with board policy and these regulations may be disciplined up to and including termination of employment. DRUG AND ALCOHOL TESTING PROGRAM
BUS DRIVERS

Employees who operate school vehicles are subject to drug and alcohol testing if a commercial driver's license is required to operate a school vehicle which transports 16 or more persons, including the driver, or which weighs 26,001 pounds or more. For the purposes of this testing program, the term "employees" includes applicants who have been offered a position to operate a school vehicle.

Employees operating a school vehicle as described above are subject to preemployment drug testing and random, reasonable suspicion, post-accident, return-to-duty, and follow-up drug and alcohol testing. Employees operating school vehicles shall not perform a safety-sensitive function within four hours of using alcohol. Employees governed by this policy shall be subject to drug and alcohol testing beginning the first day they operate or are offered a position to operate school vehicles and will continue to be subject to drug and alcohol testing as long as they may be required to perform a safety-sensitive function as it is defined in administrative regulations. (See DCCB-R.) Employees with questions about the drug and alcohol testing program may contact the superintendent.

Employees who violate the terms of this policy will be subject to discipline up to and including termination. Employees who violate this policy may be required to successfully participate in a substance abuse evaluation and, if recommended, a substance abuse treatment program. Employees required to participate in and who fail to or refuse to successfully participate in a substance abuse evaluation or recommended substance abuse treatment program will be subject to discipline up to and including termination.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy. The superintendent shall also inform applicants of the requirement for drug and alcohol testing in notices or advertisements for employment, in the application form, and personally at the first interview with the applicant.

The superintendent shall also be responsible for publication and dissemination of this policy and its supporting administrative regulations to employees operating school vehicles. The superintendent shall also oversee a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment resources and programs.

DRUG AND ALCOHOL TESTING PROGRAM BUS DRIVERS (REGULATION)

The following administrative regulations support the drug and alcohol testing program policy of the Board of Education. It also establishes and explains the requirements of the district's drug and alcohol testing program required for employees operating school vehicles.

Questions regarding the drug and alcohol testing program policy, these supporting regulations, or the drug and alcohol testing program may be directed to the superintendent, or designee, who will be the school district contact person. The contact person will answer questions from employees and others about the program, receive the test results, receive identification numbers of the drivers and will notify those drivers selected for random testing.

Split Specimen/Split Sample: The division of the urine specimen into thirty milliliters in a specimen bottle (the primary sample) and into at least fifteen milliliters in a second specimen bottle (the split sample).

Stand-down: Is prohibited by federal regulations and consists of temporarily removing an employee from the performance of safety-sensitive functions based only on a report from a laboratory to the MRO of a confirmed positive test for a drug or drug metabolite, an adulterated test, or a substituted test, before the MRO has completed verification of the test result.

Substance Abuse Professional: A licensed physician (medical doctor or doctor of osteopathy) or a licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of, and clinical experience in, the diagnosis and treatment of alcohol and controlled substances-related disorders.

Verified Test: A drug test or validity testing result from a federally certified laboratory that has undergone review and final determination by the MRO.

Covered Drivers

1. The following requirements apply for a driver to be covered by the drug and alcohol testing program:
 - A. Drive a vehicle transporting 16 or more persons, including the driver, or drive a vehicle weighing over 26,001 pounds; and
 - B. Require a commercial driver's license to hold the driver position.
2. Covered drivers include:

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

3. Drivers are subject to the drug and alcohol testing program and its requirements throughout the year, including the times when school is not in session or when the driver is on leave.

Prohibited Driver Conduct

- 1. Drivers shall not report to duty or remain on duty with a 0.04 or greater breath alcohol concentration.
- 2. Drivers shall not report for duty or remain on duty when using any drug except when a physician has advised the driver that the drug does not adversely affect the driver's ability to safely operate a school vehicle and the school district is informed in writing of the medication and doctor's opinion.
- 3. Drivers shall not use alcohol at least four hours prior to, or during the performance of, a safety-sensitive function.
- 4. Drivers shall not possess alcohol while on duty. This includes possessing prescriptions and over-the-counter medicines containing alcohol unless the packaging seal is unbroken.
- 5. Drivers required to take a post-accident alcohol test shall not use alcohol within eight hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first.
- 6. Drivers shall not refuse to submit to a drug or alcohol test. A refusal to test is considered a positive test result requiring the driver to undergo a substance abuse evaluation and subjecting the driver to discipline up to and including termination.
- 7. Drivers shall not report for duty or remain on duty performing a safety-sensitive function if the driver has a positive drug test result.

Alcohol Breath Testing Procedures

- 1. Driver's breath is tested for alcohol.
- 2. Evidentiary breath testing devices are used to conduct the screening test and, if necessary, the confirmation alcohol test.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- A. The screening alcohol breath test determines whether the driver's breath alcohol concentration is less than 0.02.
 1. A screening alcohol test result of less than 0.02 breath alcohol concentration allows the driver to continue to perform a safety-sensitive function.
 2. An initial alcohol test result of 0.02 breath alcohol concentration or greater requires a confirmation test.
- B. The confirmation alcohol breath test determines whether the driver may continue to perform a safety-sensitive function.
 1. A confirmation alcohol test result of less than 0.02 breath alcohol concentration allows the driver to continue to perform a safety-sensitive function.
 2. A confirmation alcohol test result of greater than 0.02 breath alcohol concentration but less than 0.04 breath alcohol concentration requires the driver to cease performing a safety-sensitive function for 24 hours.
 3. A confirmation alcohol test result of 0.04 or greater breath alcohol concentration requires the driver to cease performing a safety-sensitive function and undergo a substance abuse evaluation.
3. Alcohol testing is conducted at collection sites that provide privacy to the driver and contain the necessary equipment, personnel, and materials.
 - A. Alcohol testing is conducted at a designated nonschool district facility unless the situation requires another location.
 - B. In the event privacy cannot be assured, privacy will be provided to the extent practical.
4. Screening alcohol testing steps
 - A. Once the driver is notified to submit to an alcohol test, the driver must complete the alcohol/drug test notification form and proceed immediately to the collection site. Collection site person will contact the superintendent or designated contact person immediately when a driver does not arrive at the specified time. Failure to arrive at the collection site in a timely manner is considered a refusal to test, absent an acceptable excuse.
 - B. Upon arrival, the driver must provide a photo identification. Failure of the driver to produce a photo identification is considered insubordination as well as a refusal to test.
 - C. The testing procedure is explained to the driver by the collection site person.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- D. The collection site person, the breath alcohol technician, and the driver complete and sign the appropriate sections of the alcohol testing form.
1. Refusal of the driver to sign the form prior to the screening alcohol test is considered a refusal to test.
 2. The school district is notified immediately of the driver's refusal to sign.
- E. The driver forcefully blows into the evidentiary breath testing device mouthpiece for at least six seconds or until an adequate amount of breath has been obtained.
- F. The initial test results are shared with the driver.
- G. The driver and breath alcohol technician must sign the alcohol testing form following completion of the alcohol test. Failure to sign the form after the alcohol test is not considered a refusal to test. However, in the remarks section of the form, the breath alcohol technician notes the driver's refusal to sign.
- H. Screening alcohol test results
1. An alcohol test result of less than 0.02 breath alcohol concentration is reported to the school district in a confidential manner and the driver may continue to perform a safety-sensitive function.
 2. An alcohol test result of 0.02 or more breath alcohol concentration requires a confirmation alcohol test between 15 and 20 minutes after the screening test.
 3. The breath alcohol technician provides the superintendent, or designated contact person, with a copy of the breath alcohol testing form if written communication was not used to report the test results.
- I. Potentially incomplete or invalid breath alcohol tests are repeated with corrected procedures.
- J. The breath alcohol test is stopped when the driver fails twice to provide an adequate amount of breath. In that case:
1. A physician analyzes the driver's inability to provide adequate breath.
 2. Failure to provide adequate breath is considered a refusal to test unless the physician determines a medical condition caused the failure to provide adequate breath.
 3. A refusal of the driver to try a second time to provide adequate breath is considered a refusal to test, unless a physician determines the driver is not physically capable of providing adequate breath.
5. Confirmation alcohol testing steps
- A. The confirmation alcohol test is done between 15 and 20 minutes after the screening alcohol test whether or not the driver followed the requirements to not eat, drink, put any object or substance in his or her mouth, and, to the extent possible, not belch during the 15-minute waiting period to avoid accumulation of mouth alcohol leading to an artificially high reading.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- B. If a different collection site is used, the driver must be under the observation of the collection site personnel or school district personnel while in transit to the confirmation alcohol testing site or while waiting for the confirmation alcohol test.
- C. If a different collection site person is used for the confirmation alcohol test, the driver must again provide photo identification.
- D. The testing procedure is explained to the driver by the collection site person.
- E. The collection site person, a breath alcohol technician, and the driver complete and sign the appropriate sections of the alcohol testing form.
 - 1. Refusal of the driver to sign the form prior to the confirmation alcohol test is considered a refusal to test.
 - 2. The school district is notified immediately of the refusal to sign.
- F. The driver forcefully blows into the evidentiary breath testing device mouthpiece for at least six seconds or until an adequate amount of breath has been obtained.
- G. The confirmation alcohol test results, which are the final and official test results, are shared with the driver.
- H. The driver and breath alcohol technician must sign the alcohol testing form following completion of the alcohol test. Failure to sign the form after the alcohol test is not considered a refusal to test. However, in the remarks section of the form, the breath alcohol technician notes the driver's refusal to sign.
- I. The breath alcohol technician informs the superintendent, or designated contact person, of the results of the test in a confidential manner.
 - 1. An alcohol test result of less than 0.02 breath alcohol concentration is reported to the school district in a confidential manner and the driver may continue to perform a safety-sensitive function.
 - 2. The breath alcohol technician notifies the superintendent, or designated contact person, immediately of confirmation of alcohol test results of 0.02 or more breath alcohol concentration.
 - 3. The collection site person provides the superintendent, or designated contact person, with a copy of the breath alcohol testing form if written communication was not used to report the test results.
- J. Potentially incomplete or invalid breath alcohol tests are repeated with corrected procedures.
- K. The breath alcohol test is stopped when the driver fails twice to provide an adequate amount of breath. In that case:
 - 1. A physician analyzes the driver's inability to provide adequate breath.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

2. Failure to provide adequate breath is considered a refusal to test unless the physician determines a medical condition caused the failure to provide adequate breath.
3. A refusal of the driver to try a second time to provide adequate breath is considered a refusal to test, unless a physician determines the driver is not physically capable of providing adequate breath.

Drug Testing Procedures

1. Driver's urine is tested for marijuana, cocaine, opiates, amphetamines, phencyclidine, etc.
2. A split specimen urine drug test, often called "split sample test," is used to conduct the drug test.
 - A. A negative drug test result allows the driver to continue to perform a safety-sensitive function.
 - B. A positive drug test result on the primary sample requires the driver to be removed from performing a safety-sensitive function.
 - C. A positive drug test result on the primary sample allows the driver an opportunity to request the split sample be tested by another certified laboratory for the specific drug found in the primary sample. A negative drug test result on the split sample results in a negative drug test result.
 - D. A positive drug test result requires the driver to undergo a substance abuse evaluation.
3. Drivers taking medication at a doctor's direction may perform a safety-sensitive function if the doctor determines there is not an adverse affect on performing a safety-sensitive function and the school district is informed in writing of the medication and doctor's opinion.
4. Drug testing is conducted at collection sites that provide privacy to the driver and where the necessary equipment, personnel, and materials are located.
 - A. Drug testing is conducted at a designated nonschool district facility unless the situation requires another location. Public restrooms can be used as collection sites in exceptional circumstances.
 - B. In the event privacy cannot be assured, privacy is provided to the extent practical. However, direct observation is allowed if:
 1. Reasons exist to believe the driver may alter or substitute the specimen.
 2. The driver presents a specimen with a temperature outside the allowed range and does not provide an oral body temperature or the oral body temperature varies from the specimen provided.
 3. The last specimen provided by the driver was determined by the laboratory to not meet specific gravity and urine creatinine concentration criteria.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

4. The collection site person observes conduct of the driver to substitute or adulterate the specimen.
 5. The driver has previously been determined to have used a drug without medical authorization and the particular test is for follow-up testing upon or after return to duty.
- C. Direct observation is approved by the supervisor of the collection site person or the designated school district representative. Non-medical personnel performing direct observation must be of the same gender as the driver.
5. Drug testing steps
- A. Once the driver is notified to submit to a drug test, the driver must complete the alcohol/drug test notification form and proceed immediately to the collection site. The collection site person contacts the superintendent, or designated contact person, immediately when a driver does not arrive at the specified time. Failure to arrive at the collection site in a timely manner is considered a refusal to test, absent an acceptable excuse.
 - B. Upon arrival, the driver must provide a photo identification. Failure of the driver to produce a photo identification is considered insubordination as well as a refusal to test. The driver may require the collection site person to provide proof of identification.
 - C. The driver may keep his or her wallet but must remove any unnecessary outer garments, purses, briefcases, and similar items at the request of the collection site person.
 - D. Immediately prior to providing a urine sample, the driver must wash his or her hands.
 - E. The driver must then provide 45 milliliters of urine and deliver it immediately to the collection site person.
 1. A driver who cannot provide an adequate amount of urine will receive instructions for drinking water and trying again.
 2. The drug test is stopped when the driver fails twice to provide an adequate amount of urine.
 3. Failure to provide adequate urine is considered a refusal to test unless the physician determines a medical condition caused the failure to provide adequate urine.
 - F. The specimen is kept in view of the driver and the collection site person.
 - G. Upon receipt of the specimen, the collection site person immediately, and in no event later than four minutes from the time of urination, measures the temperature of the specimen.
 - H. The driver may volunteer to have his or her oral temperature taken to provide evidence against alteration or substitution if there is some question about the temperature of the specimen.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- I. The collection site person inspects the specimen for color and other signs of contaminants and notes any unusual findings.
 - J. Another specimen is required as soon as possible under direct observation if adulteration or substitution is suspected by the collection site person.
 - K. The specimen is divided into the primary and the split specimen, sealed, and labeled. The label is initialed by the driver.
 - L. The driver is required to read and sign the statement on the chain of custody form certifying the specimens are the driver's.
 - M. The collection site person is required to note on the chain of custody form any unusual behavior or appearance of the driver and any failure to cooperate.
 - N. The collection site person completes the chain of custody form and the driver signs the form indicating the collection is complete.
 - O. The specimens are packaged for shipping to the laboratory and are shipped immediately or placed in secure storage until they can be shipped.
6. Laboratory
- A. The laboratory used by the school district's drug and alcohol testing program is certified by the U.S. Department of Health and Human Services. Certified laboratories meet the testing procedures, personnel, and record keeping requirements of the law.
 - B. Upon arrival of the specimen at the laboratory, the split specimen is stored and the primary specimen is tested.
 - 1. A positive drug test result on the initial test of the primary specimen requires a confirmation drug test of the primary specimen.
 - 2. The split specimen is discarded if the primary specimen has a negative drug test result.
7. Medical Review Officer (MRO) reviews drug test results
- A. The MRO may release drug testing records of a driver to unauthorized individuals only with the written consent of the driver.
 - B. The MRO keeps a record of negative drug test results and reports negative drug test results to the school district, usually within two working days.
 - C. The primary role of the MRO is to review and interpret positive drug test results to determine whether a legitimate explanation exists for the positive drug test result.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

1. After reviewing the chain of custody form and the laboratory drug test results, the MRO contacts the driver to discuss the positive drug test result prior to notifying the school district and to ask whether the driver requests a drug test of the split sample. The driver's request for a drug test of the split sample must be made within 72 hours of talking with the MRO.
 2. Upon request by the driver, the split specimen is sent to a second certified laboratory for drug testing.
 3. The MRO contacts the superintendent, or designated contact person, for assistance if the driver cannot be reached.
 4. The superintendent, or designated contact person, must confidentially inform the driver to contact the MRO.
 5. Upon contacting the driver, the superintendent, or designated contact person, must inform the MRO that the driver was contacted.
 6. Drivers who cannot be contacted are placed on temporary medically unqualified status, sick leave, other available leave, or unpaid leave of absence.
- D. The MRO may verify a positive drug test without talking to the driver if:
1. The driver declines the opportunity to discuss the positive drug test.
 2. The driver fails to contact the MRO within five days after the superintendent, or designated contact person, has contacted the driver.
 3. MRO verification of positive drug test results under these circumstances can be challenged by the driver if the driver presents the MRO with information documenting a serious illness, injury or other circumstances unavoidably preventing the driver from timely contacting the MRO. The MRO, based on this additional information, may find a legitimate explanation for the positive drug test result and declare the drug test negative.
- E. The driver is notified of the drugs found in a positive drug test result by the MRO, the superintendent, or designated contact person, or by certified mail to the driver's last known address.
- F. The school district receives a written report of the negative and positive drug test results from the MRO.

Substance Abuse Professional

1. A substance abuse evaluation by a substance abuse professional is required when a driver has:
 - A. A positive drug test;
 - B. A positive alcohol test of 0.04 or greater breath alcohol concentration; or

DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS, REGULATION (Cont.)

- C. Violated the drug and alcohol testing program policy, these supporting regulations, or the law.
- 2. The substance abuse evaluation determines what assistance, if any, the driver needs in resolving problems with alcohol misuse and/or drug use.
- 3. A list of available substance abuse professionals to provide assistance to bus drivers is available through the superintendent, or designated contact person.

Pre-employment Testing

- 1. Drivers shall submit to a drug test if a job offer is made. The job offer is contingent upon:
 - A. A negative drug test result; and
 - B. A signed written statement authorizing former employers to release all information on the driver related to drugs and alcohol.

A pre-employment drug test may not need to be administered by the school district if the driver has participated in a drug testing program that meets the requirements of these regulations within the previous 30 days and while participating in that program, either was tested for drugs within the past six months from the date of application with the school district or participated in a random drug testing program for the previous 12 months from the date of application with the school district and the school district ensures that, to the school district's knowledge, no prior employer has records of a violation of the regulations within the previous six months.

If the school district chooses not to administer a pre-employment alcohol and/or drug test, the school district must contact the alcohol and drug testing program in which the driver participates or participated and obtain the following information:

- name and address(es) of the program(s);
- verification that the driver participates or participated in the program(s);
- verification that the program(s) conform(s) to these regulations;
- verification that the driver is qualified under these regulations, including that the driver has not refused to be tested for alcohol or drugs;
- the date the driver was last tested for alcohol or drugs;
- the results of any tests taken within the previous six months and any other violation of the regulations.

For applicants that have had a positive drug or alcohol test, based on information from a prior employer, the pre-employment test can serve as a return-to-duty test.

- 2. Prior to allowing a driver to perform a safety-sensitive function, and not later than 14 days after performing a safety-sensitive function, the following information must be obtained about the driver during the preceding two years from the date of the application:
 - A. Any alcohol test results of 0.04 or greater breath alcohol concentration;

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- B. Positive drug test results; and
- C. Refusals to be tested.

The school district may obtain any information related to the driver from previous employers as long as the driver consents and the written consent regarding the requested information is presented to the previous employers. If this information is not obtained prior to the performance of a safety-sensitive function, the school district will document why the information was not obtained prior to the performance of the safety-sensitive function. The information may be obtained by the school district by personal interviews, telephone interviews, letter, or other method that ensures confidentiality. The school district will document the information received and will note that the information addresses only whether the driver can perform a safety-sensitive function and does not address the Americans with Disabilities Act considerations of alcohol or drug addiction.

Random Testing

1. Annually, 25% of the average number of drivers is selected for random alcohol tests and 50% of the average number of drivers is selected for random drug tests.
2. The drivers' identification numbers are selected by a scientific method giving each driver an equal chance to be selected.
3. Random tests are unannounced and spread throughout the year.
4. Drivers selected for random alcohol testing are notified just before, during, or just after performing a safety-sensitive function. The school district will document why some, if any, drivers were selected but not notified (i.e., illness, vacation, etc.).
5. Drivers selected for random drug testing are notified at any time. The school district will document why some, if any, drivers were selected but not notified (i.e., illness, vacation, etc.).
6. Once a driver is notified of being selected for a random test, the driver must proceed immediately to the collection site. However, drivers performing a safety-sensitive function must safely stop and proceed to the collection site as soon as possible.

Reasonable Suspicion Testing

1. A driver may be required to submit to a reasonable suspicion drug test at any time.
2. A driver may be required to submit to a reasonable suspicion alcohol test just before, during, or just after the driver performs a safety-sensitive function or just before, during, or just after the time the driver is required to be in compliance with the drug and alcohol testing program policy, these supporting administrative regulations, or the law.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- A. A reasonable suspicion alcohol test is performed within two hours and not later than eight hours of determining reasonable suspicion.
 - B. If the alcohol test is not given within two hours, the reasons for the delay must be documented.
 - C. If the alcohol test is not given within eight hours, attempts to test are stopped and the reason for not testing must be documented.
3. A reasonable suspicion test request is made by an employee who received training to determine reasonable suspicion. The reasons for the reasonable suspicion must be documented within 24 hours or prior to the release of the test results. If more than one employee trained to determine reasonable suspicion observed the driver, those employees must also document their reasons.

Post-accident Testing

1. Drivers are subject to both post-accident drug and alcohol testing as soon as possible after an accident in which:
 - A. The driver received a citation and
 1. Bodily injury occurred to a person who, as a result of the injury, required immediate medical treatment away from the scene of the accident; or
 2. One or more motor vehicles incurred disabling damage as a result of the accident, requiring the vehicle(s) to be transported away from the scene by a tow truck or other vehicle; or
 - B. A fatality occurred.

If a citation is not issued against the driver within eight hours of the accident, no alcohol testing can be done. If the citation is issued prior to 32 hours, a drug test must be given. If the citation is issued too late for either the alcohol or drug test, the circumstances must be documented.
2. Drivers must remain readily available for post-accident testing.
 - A. Drivers who leave the scene or who do not remain readily available are deemed to have refused to test.
 - B. Necessary medical treatment cannot and should not be denied to a driver waiting to complete post-accident drug and alcohol tests.
3. Alcohol testing requirements
 - A. The alcohol test is administered within two hours and not later than eight hours after the accident.
 - B. The reasons for administering the test later than two hours after the accident must be documented.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- C. The reasons for not administering the test within eight hours of the accident must be documented.
- D. Drivers are prohibited from consuming alcohol for eight hours after the accident or until the alcohol test is completed.
- 4. Drug testing requirements
 - A. The drug test is administered as soon as possible and not later than 32 hours after the accident.
 - B. The reasons for not administering the test must be documented.
- 5. Results of drug or alcohol testing conducted by law enforcement officers or other officials on the scene with independent authority to conduct such tests are presumed valid if the testing conforms with the law. The school district must receive a copy of the results to use them.

Return-to-duty/Follow-up Testing

- 1. Prior to returning to duty after a positive drug test, a positive alcohol test of 0.04 or greater breath alcohol concentration, or other violation of the drug and alcohol testing program policy, these regulations or the law:
 - A. The driver must be reevaluated by a substance abuse professional to determine that the driver has properly followed any treatment program prescribed.
 - B. The driver must submit to the tests required by the substance abuse professional. The substance abuse professional may require a return-to-duty test for drugs, alcohol, or both.
 - C. The return-to-duty test must have a negative drug test result and/or an alcohol test result of less than 0.02 breath alcohol concentration before the driver can return to duty and perform a safety-sensitive function.
- 2. After returning to duty, the driver is subject to a minimum of six unannounced follow-up tests within 12 months for alcohol, drugs, or both, as determined by the substance abuse professional.
 - A. The substance abuse professional can terminate the follow-up testing requirement after the first six tests have been completed or continue the follow-up testing for up to 60 months from the date of the driver's return to duty.
 - B. Alcohol follow-up testing is done just before, during, or just after performing a safety-sensitive function.

School District Responsibilities

- 1. Drivers will be provided with information on the drug and alcohol testing requirements of the drug and alcohol testing program policy, these administrative regulations, and the law, including the driver's obligations. This information may be included in an employee handbook.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

2. Supervisors of drivers or employees designated to determine reasonable suspicion must receive 60 minutes of training on alcohol misuse and 60 minutes of training on drug use. The training must address the physical, behavioral, speech and performance indicators of probable alcohol misuse and drug use.
3. Drivers will be provided with instructions prior to the driver operating a school vehicle to enable the driver to comply with the drug and alcohol testing requirements.
4. Drivers will not be allowed to report to work or perform a safety-sensitive function when the school district has actual knowledge of a driver's drug use, whether or not a drug test was conducted.
5. Drivers will not be allowed to report to work or perform a safety-sensitive function when the school district has actual knowledge of a driver with 0.02 or greater breath alcohol concentration, whether or not an alcohol test was conducted.
6. Through the school district's drug and alcohol testing program service provider, the school district will ensure that the quality assurance plan, developed by the manufacturer and approved by the National Highway Traffic Safety Administration for the evidentiary breath testing device used for alcohol testing of its drivers, describes the inspection, maintenance, and calibration requirements and intervals for the device.
7. Through the school district's drug and alcohol testing program service provider, the district will ensure that the collection site person using an evidentiary breath testing device is a certified breath alcohol technician.

Consequences of Violating the Drug and Alcohol Testing Program Policy, These Administrative Regulations, or the Law

1. Each violation is dealt with based on the circumstances surrounding the violation. The following consequences may result from a violation:
 - A. Drivers may be disciplined up to and including termination.
 - B. Drivers may not be permitted to perform safety-sensitive functions.
 - C. Drivers may be advised of the resources available to them in evaluating and resolving problems associated with the misuse of alcohol or use of drugs.
 - D. Drivers may be required to undergo a substance abuse evaluation to determine what assistance, if any, the driver needs in resolving problems associated with the misuse of alcohol or use of drugs and be required to follow any recommended substance abuse treatment program.
 - E. Prior to returning to duty, the driver is required to have a negative drug and/or alcohol test result and be subject to the follow-up drug and/or alcohol testing determined necessary based on the circumstances surrounding the incident.
 - F. Drivers refusing to submit to drug and/or alcohol testing are considered insubordinate and are subject to discipline up to and including termination.

**DRUG AND ALCOHOL TESTING PROGRAM, BUS DRIVERS,
REGULATION (Cont.)**

- G. Driver-applicants who refuse to submit to or cooperate with the drug and/or alcohol testing process and requirements shall be disqualified from further consideration.
2. Nothing in the drug and alcohol testing program policy, these administrative regulations, or the law relating to drug and alcohol testing limits, restricts the right of the board or superintendent to discipline, up to and including termination, a driver for conduct which violates the school district's policies, regulations, and procedures.

Drug and Alcohol Testing Records

1. Drug and alcohol testing records are stored in locked files at limited access locations separate and apart from the driver's general personnel records.
2. The records are released only with the written consent of the driver. Only those records specifically authorized for release may be released. However:
 - A. Records may be released to appropriate government agencies without a written consent.
 - B. Records may be released to appropriate school district employees without written consent.
 - C. The school district may, without written consent, make a driver's drug and alcohol test records available to a decision-maker in a lawsuit, grievance or other proceeding initiated by or on behalf of the driver and arising from the result of an alcohol or drug test under the drug and alcohol testing program policy, these regulations, or the law, or from the school district's determination that the driver violated the drug and alcohol testing program, these regulations, or the law. Such proceedings may include, but are not limited to, workers' compensation, unemployment compensation, or other proceeding related to a benefit being sought by the driver and in wrongful discharge or other termination matters.
3. With a written request, drivers may access and copy their drug and alcohol test records in accordance with the board policy related to employee records. A driver is not denied access to these records for failure to pay fees associated with other records. Drug and alcohol testing and related records shall include at least the following:

PERSONNEL VACATIONS

The Shawnee Board of Education will provide annual vacation with pay to those employees assigned to twelve-month positions and to all hourly and daily rate employees whose period of service is continuous (90% of the working days) throughout the year.

Vacation days are noncumulative. All employees must use earned vacation days each year. When such vacation time is not used within one year from June 30th, entitlement to such vacation will be forfeited. Upon retirement or termination, personnel having unused vacation time earned during their final year of employment are eligible to be reimbursed for such vacation.

Vacation Year

A full year of service is from July 1 through June 30. Employees shall be eligible for the next higher vacation step on June 30 of the year in which they complete the required number of years service. In effect, an individual employed after July 15 may work some months longer than the scheduled years before reaching the next higher vacation step.

Creditable Years of Service

1. Service need not be consecutive. All full years of service as a contract, full-time employee of the Shawnee Public Schools will count toward vacation increments.
2. Nine and ten month contract years that have been successfully completed will count as "good" years when computing vacation due on current twelve-month employees.
3. A portion of a year on a twelve-month employee beginning after July 15 will not count as an increment year, but vacation will be granted for that portion of the year on a prorated basis.

Monthly Rate of Accrual

1. An employee must work one-half of the working days of a month to receive credit toward vacation for that month (starting or terminating).
2. When a person is absent more than one-half of the working days of any given month, a vacation day is not earned for that month.

Approval of Vacation Dates

The dates for all vacations must be approved by the immediate supervisor, and will be limited to 10 working days in a row, unless otherwise approved by the superintendent.

Substitutes for Employees on Vacation

It is the responsibility of the immediate supervisor to arrange vacations at a time when a substitute will not be required.

PERSONNEL VACATIONS (Cont.)

Vacation Accrual While on Sick Leave

1. With regard to computation of earned vacation time, absences of an employee on sick leave or vacation are considered as time served.
2. Vacation days will not be accrued after the expiration of sick leave or for absences not covered by sick leave or vacation time.

Eligibility

Employees shall be eligible for vacation days according to the following:

Years of Service	Days Per Year
0 to 4 consecutive years	10 days
5 consecutive years	11 days
6 consecutive years	12 days
7 consecutive years	13 days
8 consecutive years	14 days
9 or more consecutive years	15 days

The superintendent shall interpret the monthly accumulated earned vacation.

PERSONNEL LEAVE PROGRAM

The Shawnee Board of Education recognizes that district employees must occasionally be absent from work. Therefore, leave time in different categories as required by law will be provided for employees to be absent when necessary. Leave categories will include sick leave, personal business leave, emergency leave, jury duty leave, and military leave.

It is also important for district employees to understand that the continuity of education services is best served when the regularly assigned employee is at work. Therefore, employees should use the leaves provided in a prudent and judicious manner. The abuse of leave by employees will not be tolerated and any employee abusing leave policies will be subject to disciplinary action up to and including termination of employment.

Deductions for Unpaid Authorized Absences

If a district employee believes there is a need to be absent from work for any reason not covered in the approved leave policies, the employee may request, in writing, unpaid leave for that purpose from the immediate supervisor.

If unpaid leave is granted by the immediate supervisor, an amount equal to one day's pay will be deducted from the employee's salary for each day of such approved absence.

If an employee is absent without securing approval for an unpaid absence, the employee shall be denied the salary for such absence and will be considered to be engaging in willful neglect of duty and, therefore, subject to disciplinary action up to and including termination of employment.

Notification of Leave Accumulation

During the first two weeks of the school year, the board will advise each employee, in writing, as to the number of leave days accumulated as of July 1 of that year. After July 1, an employee may get updated information on leave accumulation from the superintendent's office at a time mutually agreed upon by the employee and the superintendent or the superintendent's designee.

**SICK LEAVE

The Board of Education shall provide sick leave benefits to all certificated personnel in order to promote a sense of security and permit an ease of mind that is essential to the satisfactory performance of professional services. The board sets forth the following provisions for administering this policy:

2. Teachers may be absent from duty because of personal accidental injury, illness or pregnancy, or injury, illness or death in the immediate family without loss of salary not to exceed ten days during each school year. Up to a maximum of sixty days of sick leave earned in another Oklahoma district may be transferred to this district. Sick leave so transferred must be certified by the sending district.

The 12 work weeks of leave afforded under the Family Medical Leave Act may include paid and unpaid leave in accordance with federal law.

OSSBA POLICY SERVICES REVIEW NOTES:

Payment for unused sick leave days may be made only upon termination of employment. Please see referenced AG Opinions. In reference to the Putnam City Schools audit, the provision of an incentive bonus appears to be a gift in conflict with Article 10, §15(A) of the Oklahoma Constitution.

**SICK LEAVE
SUPPORT PERSONNEL
(REGULATIONS)**

The Board of Education will provide sick leave benefits to all support employees in order to promote a sense of security and permit the ease of mind essential to the satisfactory performance of services

In compliance with Oklahoma Statutes, Title 70, Section 6-104, the following guidelines are set forth:

1. For the purposes of this policy, support employee is defined as a full-time employee of the school district as determined by the standard period of labor which is customarily understood to constitute full-time employment for the type of services performed by the employee who is employed a minimum of 172 days and who provides those services which are not performed by certified teachers, principals, superintendents or administrators and which are necessary for the efficient and satisfactory functioning of a school district.
2. The superintendent of schools, or designee, shall be responsible for administering this plan.
3. A support employee may be absent from duty due to a personal accidental injury, illness, or pregnancy, or accidental injury, illness, or death in the immediate family without loss of salary. Benefits shall include paid sick leave of one day per month of employment. The one-day sick leave per month equals the number of hours the employee normally works per day. If an employee is injured as a result of an assault or battery upon the person of the employee while the employee is in the performance of any duties as an education employee, the employee shall be entitled to a leave of absence from employment with the school without a loss of leave benefits.
4. Unused sick leave shall be cumulative to a total of 60 days.
5. The sick leave granted to support employees under this policy shall be vested at the time of accrual, that is, upon the completion of the first month's employment, the employee shall have accrued one sick leave day.
6. Accumulated sick leave may be transferred to another school district where a support employee is employed the next succeeding school year in accordance with that district's policies.
7. Support personnel who are employed for the first time in this district and who were employed at another school district during the year immediately preceding their employment with this district may transfer a maximum of 60 sick leave days.
8. Sick leave benefits may be paid in addition to workers' compensation benefits; however, the sum of the payments will not exceed 100% of the employee's net pay as it existed prior to injury.

(Optional)

9. Upon termination of employment an employee, or the employee's estate, shall be paid \$____ for any unused sick leave remaining at the date of termination of employment. This compensation shall not be paid to any employee terminated following due process procedures but shall apply only to those employees who have retired, resigned, or whose contracts have been terminated due to the death of the employee.

**JURY DUTY SERVICE AND WITNESS LEAVE
(REGULATIONS)**

The Board of Education shall grant leave to employees who have been selected for jury duty or who have been subpoenaed as a witness in a criminal, civil, or juvenile proceeding. Employees shall be paid the full, current contract salary during such service. Monies necessary to pay substitute teachers shall not be deducted from the salary of a teacher performing jury duty. However, the amount received by the teacher for jury duty service shall be applied toward the expense of the substitute teacher.

It is the policy of the board that the school district will not provide teachers with paid leave for non-subpoenaed testimony as a witness in a child custody case involving a student in this district. If a teacher testifies as a witness as a result of being subpoenaed, any compensation received from the court by the teacher shall be applied toward the expense of a substitute teacher.

If a school district employee is subpoenaed to appear as a witness in a civil court proceeding, except in a proceeding in which the school district or the state is a party, the school district shall be entitled to a witness fee equal to the amount of the substitute teacher cost, not to exceed One Hundred Dollars (\$100.00) per day.

MILITARY LEAVE (REGULATIONS)

The board shall provide leave to qualified employees who are members of any component of the Armed Forces of the United States (Army, Navy, Marine Corps, Air Force, Coast Guard), including members of the Army and Air National Guard and the Reserve Forces and the commissioned corps of the Public Health Service, when the employee meets the requirements set forth below and the Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA). A leave of absence for the period of active service shall be without loss of status or efficiency rating and without loss of pay during the first 30 days of such leave.

Reemployment Rights

In order to qualify for reemployment rights, the employee must be or must have been employed on a regular basis. Employees who are employed as temporary employees for a definite, nonrecurring period of time are not eligible. In order to qualify for reemployment rights, employees must be qualified as set forth in these regulations and in The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

Employees must provide advance notice of military service unless military necessity prevents such notice or unless notice is otherwise impossible or unreasonable. Such oral or written notice must be provided by the employee or by an appropriate officer of the service branch. In order to qualify for reemployment, the employee cannot be absent for a period greater than five years unless the employee qualifies for an exception as set forth below. The employee must be or have been separated from the service under honorable conditions.

If the service is less than 31 days or is for the purpose of taking a fitness-for-duty examination, the employee must report for reemployment at the beginning of the first full regularly scheduled working period on the first calendar day following completion of service plus additional time for safe travel back to the employee's residence plus eight hours.

If the service is for a period greater than 31 days but less than 181 days, the employee must submit an application for reemployment no later than 14 days following completion of service.

If the service is for a period greater than 181 days, the employee must submit an application for reemployment no later than 90 days following completion of service.

These time limits may be extended up to two years if the employee is hospitalized or is convalescing from an injury or illness caused by the military service. The two-year extension may be further extended if reporting is impossible or unreasonable due to circumstances beyond the employee's control.

An employee with less than 91 days of service will be immediately re-employed in the position the employee would have attained had the employee not been absent if all qualifications for the position are met. If the employee is not or cannot reasonably become qualified for the advanced position, reemployment will be offered in the same position held prior to military service if qualified. If the employee is not and cannot become reasonably qualified for the same position, a position of lesser status and pay will be offered.

An employee who is absent for more than 91 days will be offered reemployment under the same conditions as above except that a different position with equivalent pay, status, and seniority may be offered.

Refresher training or "update" training will be provided if appropriate and necessary.

MILITARY LEAVE, REGULATIONS (Cont.)

If a qualified employee applies for reemployment and has a service-related disability, reasonable accommodations will be made if possible. If reasonable accommodations cannot be made, a position providing equivalent seniority, pay and status will be offered. If neither of these options is possible because of the disability, a position as nearly equivalent as possible in seniority, pay and status will be offered.

Employees who are reemployed under these regulations are entitled to participate in any benefits available to employees on nonmilitary leaves of absence but must pay any employee participation costs that other employees pay.

An employee who is reemployed under these regulations will not be considered as having a break in service for purposes of any applicable pension plan and the military service time will be considered for benefit vesting and accrual consistent with any state regulations or law.

Health Insurance Coverage

If requested, the school district will maintain health insurance coverage on the employee (and the employee's family) for the first 30 days of military service regardless of whether the employee is called to active duty for more or less than 30 days. However, the employee must pay any employee participation costs that other employees pay. If the employee is called to active duty for more than 30 days, the military medical benefit will provide coverage. If the employee wishes to maintain private insurance after the first 30 days (for up to 18 months), the employee must pay the full cost of the premium.

The employee (and the employee's family) may choose to go back on the district health plan immediately upon return to district employment. There will be no waiting period and no exclusion of pre-existing conditions, other than for VA-determined service-connected conditions.

**MATERNITY LEAVE
(REGULATIONS)**

The Board of Education shall provide maternity leave to all full-time employees of the school district who have been employed by the school district for at least one year and have worked for the school district for at least one thousand two hundred fifty (1,250) hours during the preceding twelve-month period. Eligible employees shall be entitled to six (6) weeks of paid maternity leave following the birth of the employee's child. The six (6) weeks of maternity leave shall be immediately following the birth of the school district employee's child.

Employees who qualify for state paid-maternity leave are entitled to extend the duration of their maternity leave beyond the six (6) weeks provided by this policy if they have sufficient sick leave available to cover the extended duration. Such sick leave may be used for recovery from childbirth, bonding with a newborn, or caring for a newborn. Extended sick leave shall not exceed six (6) weeks unless a licensed medical professional provides written certification recommending additional leave for medical necessity related to the employee's recovery from childbirth or for the care of the newborn to achieve a combined twelve (12) weeks of leave as addressed in the Family Medical Leave Act (FMLA). FMLA leave shall run concurrently with maternity leave and the paid sick leave extended duration.

Any employee who intends to utilize available sick leave to extend the duration of maternity leave must notify the administration of the school district.

ALTERNATIVE LEAVE PROGRAM

The Shawnee Board of Education recognizes that district employees may occasionally need to be absent from work for various reasons not covered by the Personnel Leave Program. Therefore, the board will provide for additional leave in an alternative leave program. The board has approved the following leave categories to be included in this program (list as needed from the following categories):

Leave of Absence
Bereavement Leave
Parental Leave
Adoption Leave
Professional Leave
Association Leave
Public Service Leave
Religious Leaves and Absences
Workday Leave
Sabbatical Leave

It is important for district employees to understand that the continuity of education services is best served when the regularly assigned employee is at work. Therefore, employees should use the leaves provided in a prudent and judicious manner. The abuse of leave by employees will not be tolerated and any employee abusing leave policies will be subject to disciplinary action up to and including termination of employment.

If a district employee believes there is a need to be absent from work for any reason not covered in the approved leave policies, the employee may request, in writing, unpaid leave for that purpose from the immediate supervisor.

If unpaid leave is granted by the immediate supervisor, an amount equal to one day's pay will be deducted from the employee's salary for each day of such approved absence.

If an employee is absent without securing approval for an unpaid absence, the employee shall be denied the salary for such absence and will be considered to be engaging in willful neglect of duty and, therefore, subject to disciplinary action up to and including termination of employment.

**LEAVE OF ABSENCE
(REGULATIONS)**

It is the policy of the Shawnee Board of Education to grant extended leave without pay to certified, career teachers who meet certain conditions. The decision to grant or not to grant such leave shall be at the discretion of the board of education. Requests must be presented to the board of education for action by April 25 for leave during the following year.

Leave may be granted to qualified persons as follows:

1. Career teachers with at least three years with the Shawnee Public Schools district may be granted extended leave without pay for up to one year, for medical and/or educational reasons, with no loss of career teacher status.
2. Career teachers with at least five years with the Shawnee Public Schools district may be granted extended leave without pay for up to one year, for personal reasons, with no loss of career teacher status.

Such leave may be granted by the superintendent only after consultation with the teacher requesting such leave, and only after a Leave of Absence Contract is signed by both the teacher and the superintendent.

Upon return from a leave of absence, the teacher shall be placed in the same position or a similar position for which the teacher is certified and qualified. The teacher on leave shall not advance on the salary schedule and is subject to the current reduction-in-force policy.

A teacher on approved leave of absence will be reinstated at a salary level no lower than that attained at the time the leave was granted.

Sick leave that was accrued prior to the approved leave of absence will be reinstated. Additional sick leave or personal business leave will not be granted for the period of one year's leave of absence. An employee taking a leave of absence for one semester will receive five days of sick leave, one and one-half days of personal business leave, and one day of emergency leave. A leave of absence for a semester will not change the amount of days for bereavement leave.

**PROFESSIONAL LEAVE
CERTIFIED PERSONNEL
(REGULATIONS)**

The Shawnee Board of Education is committed to the principle of providing and approving opportunities for the professional improvement of its certified staff. In response to this principle, teachers may be released from classroom duties without loss of salary or benefits for attendance at meetings of a professional nature that contribute to the basic function of the teacher's assignment. Professional leaves will be granted only upon approval of the superintendent of schools.

All requests for absence for professional reasons must be in writing and must be forwarded to the superintendent by the principal with the principal's recommendation for approval or disapproval and reason for the recommendation. Professional days in the school calendar are a part of the teacher's contract.

UNUSED SICK LEAVE RETIREMENT PROGRAM

It is the policy of the Shawnee Board of Education to encourage and reward personnel who exercise particular care in the maintenance of their personal health and job attendance.

In accordance with Oklahoma Statutes, Title 70, Section 6-104, employees may accumulate sick leave days up to a maximum of 60 days as prescribed by local school board policy.

In accordance with Oklahoma Statutes, Title 70, Section 17-116.2(H), for those members who joined the Teachers' Retirement System prior to July 1, 1992, the total creditable service of a member who retires or terminates employment and elects a vested benefit shall include not to exceed 120 days of unused sick leave accumulated subsequent to August 1, 1959, during the member's membership with the Teachers' Retirement System.

To clarify the difference between the two types of statutory sick leave days, the board has established a sick leave bank for the purpose of accounting for unused sick leave days that may be used for retirement purposes subject to the approval of the Teachers' Retirement System of Oklahoma. The term "unused sick leave days" is defined as those sick leave days for which an employee does not receive credit after the maximum 60 days of sick leave have been accumulated. Unused sick leave days shall be deposited in the sick leave bank.

The Board of Education will maintain records for the purpose of assisting each employee to account for unused sick leave days for retirement purposes. The board of education will account for and certify unused sick leave days for each year for which an employee has exceeded 60 days of accumulated sick leave. This provision will apply to employees who have participated in the Teachers' Retirement System subsequent to August 1, 1959, and who have accumulated the maximum 60 days of sick leave.

Upon retirement, accumulated sick leave days and the unused sick leave days in the sick leave bank may be certified to the Teachers' Retirement System of Oklahoma to add creditable service for retirement purposes at a rate of one month of credit for each 20 days of accumulated sick leave up to a total of 120 days. However, the school district shall not certify more than one day of unused sick leave in the retirement bank per each day of accumulated sick leave for the purpose of adding creditable service for retirement purposes.

The maximum 60 days of unused sick leave in the sick leave bank and 60 days of accumulated sick leave may be counted as an additional year of creditable service toward retirement by the Teachers' Retirement System of Oklahoma provided that the total number of sick leave days is acceptable to the Teachers' Retirement System.

Unused sick leave days may be used only to extend creditable service at retirement and for no other purpose. No employee may contribute unused sick leave days to another employee.

Under Title 70, Section 6-104(A), payments for accumulated sick leave upon retirement or termination of employment can be made only for sick leave days accumulated in the district.

An employee who elects to transfer accumulated sick leave to another school district or who elects to be reimbursed for accumulated sick leave as prescribed by local school board policy or negotiated agreement shall conclude all rights and privileges outlined under this policy.

LEAVE SHARING PROGRAM (REGULATION)

This regulation implements and supports the Leave Sharing Program Policy established by the Board of Education.

For the purposes of this regulation, the following definitions shall apply:

"Relative of the employee" means a spouse, child, stepchild, grandchild, grandparent, stepparent, or parent of the employee.

"Severe" or "extraordinary" means serious, extreme or life-threatening, including temporary disability resulting from pregnancy, miscarriage, childbirth, and recovery therefrom as determined by the board of education.

"District employee" means a teacher or any full-time employee of this school district.

In order for an employee to participate in the shared leave program, the employee must:

1. Meet the criteria described in this regulation; and
2. Have abided by district policies regarding the use of sick leave.

An employee may donate sick leave to another employee only pursuant to the following conditions:

1. The receiving employee or a relative or a household member of the employee must have a severe or extraordinary illness, injury, impairment, or physical or mental condition. Included within the definition of a severe or extraordinary condition is any temporary disability resulting from pregnancy, miscarriage, childbirth, and recovery therefrom.
2. The condition must have caused, or is likely to cause, the employee to take leave without pay or to terminate employment.
3. Donated sick leave will not be available until all maternity leave or sick leave that is available to the requesting employee is exhausted.
4. The amount of leave to be donated is within the limits set by the board, if any.

Employees may not donate excess sick leave that the donor would not be able to otherwise take and the board will determine the amount of donated leave an employee may receive, if any.

Prior to approving donated sick leave, the board shall require the requesting employee to provide a medical certificate from a licensed physician or health care practitioner verifying the severe or extraordinary nature and expected duration of the condition.

LEAVE SHARING PROGRAM, REGULATION (Cont.)

When using donated sick leave, the receiving employee shall be paid the regular rate of pay normally paid to the receiving employee. Shared sick leave usage records will be maintained separately from regular sick leave records.

Shared or donated sick leave may be used only by the recipient for the purposes specified in this policy and may not be used if the employee has been notified of a pending reduction in force or employment termination affecting the employee.

Any shared sick leave not used by the recipient during each occurrence of shared sick leave use shall be returned to the donating employee. If more than one employee donated sick leave to the recipient and all the donated sick leave was not used, the remainder will be prorated to the credit of the donating employees and its original value (based on donor's pay rate) shall be restored.

Participation in this policy is strictly voluntary. No employee shall be coerced, threatened, intimidated, or financially induced into donating sick leave for the purpose of this policy.

**LEAVE SHARING BANK
(REGULATION)**

The Board of Education has established a leave sharing bank for the purpose of permitting district employees to voluntarily transfer some of their sick leave to a common fund for the purpose of benefiting other employees who may be stricken with an extraordinary or severe illness or accident and who may need additional sick leave due to such illness or accident. Participation in the leave sharing bank must comply with 70 O.S. §6-104.6. The following shall also apply:

Creation and Administration of the Leave Sharing Bank

1. Employees will be notified of the existence of the leave sharing bank, and the requirements for membership, upon their hiring. Employees may join the leave sharing bank at any time during their employment with the school district, provided that the employee donates all days that would have been required for membership if that employee had joined the bank upon his/her initial employment with the school district.
2. Participation by district employees in the leave sharing bank will be voluntary. Participating employees will be assessed one day of sick leave immediately upon the creation of the leave sharing bank. Employees who wish to participate in the leave sharing bank must notify the superintendent in writing. Employees not participating in the leave sharing bank will not be entitled to receive benefits from the leave sharing bank.
3. The minimum number of sick leave days in the leave sharing bank at any time shall be _____. When the number of days in the bank falls below _____, each participating employee will be assessed one additional day from his or her sick leave. However, employees shall not be assessed more than one day of his or her sick leave during any given school year.
4. The maximum number of sick leave days in the bank at any given time shall be _____.
5. Each employee may donate up to _____ additional days to the leave sharing bank in May of each year; provided, however, that if the number of sick leave days already assigned to the leave sharing bank will not permit each employee to donate the maximum number desired by the employees, then such donations shall be taken in alphabetical order.
6. A member may withdraw membership from the leave sharing bank at any time, but may not withdraw previously donated days. All donated days shall become the property of the leave sharing bank.

Qualifications and Procedures to Receive Days from the Leave Sharing Bank

For the purposes of this regulation, the following definitions shall apply:

"Relative of the employee" means a spouse, child, stepchild, grandchild, grandparent, stepparent, or parent of the employee.

3. Donated sick leave will not be available until maternity leave and all sick leave that is available to the requesting employee is exhausted.

EMPLOYEE GRIEVANCES

The Shawnee Board of Education believes that good communication between district employees, the administrative staff, and the board is essential for the effective operation of the schools. The superintendent is directed to prepare, subject to board approval, a grievance procedure for employees as the prescribed means of resolving issues that may arise with respect to terms and conditions of employment.

NOTE: **This grievance policy is for those employees not covered by the district's negotiated agreement, if one exists.**

DRAFT

STAFF-STUDENT RELATIONSHIPS
ANNUAL REQUIRED
Professional Development

It is the intent of the Shawnee Board of Education to encourage appropriate relationships between staff members and students.

Therefore, it is the policy of the Shawnee Board of Education that each year every employee of the school district shall attend a professional development session about appropriate boundaries between students and staff. This session will outline the school district's policies regarding appropriate relationships and communications between staff members and students.

Exploitation of staff-student relationships is inconsistent with obligations owed to students. Commercial and business dealings between students and staff members are prohibited. A staff member may not use a teacher/administrator or similar relationship with a student for personal gain. Likewise, staff members may not use student property for personal use or benefit. Staff members who suspect or recognize an inappropriate relationship between a student or staff member or who observe inappropriate conduct toward or contact with a student is required to report this in writing to their supervisor, the superintendent, or other district officials.

STAFF MEMBERS AND ELECTRONIC OR DIGITAL COMMUNICATIONS SOCIAL NETWORKING SITES

The Superintendent and the School Principals will annually remind staff members and orient new staff members concerning the importance of maintaining proper decorum in the online, digital world as well as in person. Employees must conduct themselves in ways that do not distract from or disrupt the educational process. The orientation and reminders will give special emphasis to the following prohibited behaviors:

1. Improper fraternization with students using Facebook and similar internet sites or social networks, or via cell phone, texting or telephone electronic or digital communication.
 - a. Teachers may not list current students as “friends” on networking sites.
 - b. All e-contacts with students should be through the district’s school-approved platform computer and telephone system.
 - c. All contacts and messages by coaches with team members shall be sent to all team members, except messages involving medical or academic privacy matters, in which case the messages will be copied to the athletic director and the school principal.
 - d. Teachers will not give out their private cell phone or home phone numbers to students without prior written approval of the district and the parent of the minor student.
 - e. Improper private contact via electronic or digital communication e-mail or phone is prohibited.
2. Inappropriateness of posting items with sexual content.
3. Inappropriateness of posting items exhibiting or advocating use of drugs and alcohol.
4. Monitoring and penalties for improper use of district computers and technology.

As per state law, employees are discouraged from sharing content or comments containing the following when directed at a citizen of the State of Oklahoma:

- 1) Obscene sexual content or links to obscene sexual content;
- 2) Abusive behavior and bullying language or tone;
- 3) Conduct or encouragement of illegal activity; and
- 4) Disclosure of any information required to be maintained as confidential by law, regulation, or internal policy.

“Comment” means a response to an article or social media content submitted by a commenter.

The Superintendent or designees will periodically conduct internet searches to see if teachers have posted inappropriate materials online. When inappropriate use of computers and websites is discovered, the School

Principals and Superintendent will download the offensive material and promptly bring that misconduct to the attention of the school district’s legal counsel for review.

The board of education shall designate school-approved platforms. The administration shall publish school-approved platforms on the district’s website and in student or staff handbooks.

School personnel engaging in electronic or digital communication with an individual student shall include the student’s parent or guardian in any electronic or digital communication, unless such communication is on a school approved platform and related to school and academic communications. The only exception to this requirement may be made in case of an emergency, subject to subsequent notification to the parent or guardian. School employees reported to have engaged in electronic or digital communications that would violate this policy and state law shall be placed on administrative leave while the school district investigates the incident. If the investigation finds that no misconduct occurred, the school employee shall be reinstated, and the incident noted in the personnel file.

HYGIENE AND SANITATION
(BLOODBORNE PATHOGENS)

The Shawnee Board of Education recognizes that body fluids of any person may contain infectious or contagious bacteria or viruses, and that such bacteria or viruses may be spread from one person to another by accidental or careless handling of body fluids during sanitation or custodial work or the administration of emergency first aid.

The superintendent is directed to prepare regulations establishing proper procedures for handling body fluids during normal housekeeping. Such procedures shall include methods for the handling and disposal of body fluids in school buildings and on school equipment and material. The district will make personal protective equipment available to employees for use in handling and disposing of body fluids.

The superintendent will also direct the identification of employees who could be reasonably anticipated as the result of their job duties to face contact with blood or other potentially infectious materials. Any employees so identified will be offered Hepatitis B vaccinations at district cost. Such vaccinations will be provided at a reasonable time and place, under the supervision of a licensed physician or health care professional and according to the latest recommendations of the U.S. Public Health Service.

School district employees who have had an exposure incident to body fluids will participate in a follow-up confidential medical evaluation documenting the circumstances of exposure, identifying and testing the source individual if feasible, testing the exposed employee's blood if the employee consents, post-exposure prophylaxis, counseling and evaluation of reported illnesses. Health care professionals must be provided specified information to facilitate the evaluation and their written opinion on the need for Hepatitis B vaccination following exposure. Information such as the employee's ability to receive the Hepatitis B vaccine must be supplied to the employer. All diagnoses must remain confidential.

The district's primary concern in any emergency situation is the health and safety of the student, staff, and their families. In the event of an emergency that endangers health and safety in such a manner that a person's physical presence in a school building could potentially expose them to pathogens which could lead to illness, no students or families are permitted to be inside a school building until the superintendent has declared that it is safe. In addition, no staff member shall enter a school building unless the purpose is to provide "essential" services. Any staff members who the superintendent classifies as "essential" or necessary to perform "essential" duties may be required to be physically present on school property at certain times as designated by the superintendent. Any staff member who is required to be physically present in a school building shall strictly follow all and health and safety guidelines established by the Center for Disease Control ("CDC") and/or the Oklahoma State Department of Health ("OSDH").

DRESS AND PERSONAL GROOMING
TEACHERS

Recognizing the many different dress and grooming tastes among its professional staff, it is the policy of the Shawnee Board of Education that principals will dress in the appropriate fashion to maintain the professional image and encourage all school personnel to dress appropriately to reflect pride and professionalism.

The board also feels that the faculty members are professional people, and their dress should be a compliment to the profession and a positive example for the students and the community.

All teachers and support employees should dress appropriately considering the accepted custom and style of the community and the educational profession. Teachers shall refrain from any style of dress, hairstyling, or personal grooming that might subject the faculty or school to undue criticism. Immodest or suggestive clothing styles or designs, graphic T-shirts, exposed midriff, low-cut or see-through blouses, etc., are not acceptable.

No cutoffs of any kind shall be worn inside the school building. The coaching staff, when coaching in the areas of their assignment, may wear athletic wear which could include athletic shorts cutoffs.

Blue jeans should not be worn by teachers during the school day. Exceptions may be made for spirit days, certain field trips and excursions.

The administration shall be held responsible for interpreting and implementing these regulations.

OUT-OF-THE-CLASSROOM CERTIFIED PERSONNEL

All teachers in the Shawnee Public Schools are expected to perform certain out-of-the-classroom activities. Out-of-the-classroom responsibilities are not extra duties. Out-of-the-classroom responsibilities refer to supervision of halls between classes, at noon, and before and after school and the supervision of students in meetings, rehearsals, assemblies, in the lunchroom, and on the playground. It also includes any other supervisory responsibility necessary to the safety, health, and well being of students during the regular school day.

Principals are asked to use discretion and fairness in their out-of-the-classroom requirements of teachers.

Extra duty refers to those responsibilities required by the school and performed either before or after the regular school day. These include such things as sponsoring organizations that must meet or practice after school hours, working at athletic events, etc. Teachers will be paid extra and above their base salary for the performance of extra duty in accordance with the extra time and responsibility the assignment requires.

Compensation: Teachers selected to perform extra-duty assignments shall receive the extra-duty compensation for the particular assignment as determined by the board and the negotiated agreement.

Duties, Qualifications, and Responsibilities: The teacher's duties, qualifications, and responsibilities shall include those required for the extra-duty assignment by law, regulation, policy, and any applicable job description. The district may change or add any duties and responsibilities assigned to the teacher that relate to the extra-duty assignment.

Limitations: A teacher shall not have any property interest in the extra-duty assignment, and the extra-duty assignment shall not be subject to the continuing contract law of the State of Oklahoma. Extra-Duty assignments shall be made for a term not to exceed the current fiscal year.

Termination: Any extra-duty assignment may be terminated by the superintendent or by the employee at any time and with or without any cause. Upon termination, the superintendent shall provide the teacher with written notice of termination of the extra-duty assignment. If no action is taken to terminate the extra-duty assignment during the fiscal year, the extra-duty assignment shall terminate upon the conclusion of the performance of the extra-duty assignment or at the end of the fiscal year, whichever occurs first.

OVERTIME AND COMPENSATION TIME

It is the policy of the Shawnee Board of Education that no employee shall work overtime without the prior approval of the appropriate supervisor or the superintendent. Employees may elect by written agreement to take compensation time off instead of overtime pay. All compensation time must be used within the fiscal year in which it was earned. Specific days off must be approved in advance by the appropriate supervisor or the superintendent.

When, at the employee's selection, compensatory time is granted in lieu of cash payment for time worked in excess of 40 hours in a workweek, it will be at the rate of one and one-half hours for each hour worked in excess of 40 hours for all non-exempt employees. The purpose of compensatory time is to provide the superintendent/department head with an alternative to cash payment of overtime. A non-exempt employee may work more than 40 hours a week only after having obtained prior approval or instructions from the appropriate supervisor. The following guidelines apply to the accrual and usage of compensatory time:

1. Compensatory time may be accrued to a maximum of 240 hours in a fiscal year (160 hours of overtime at time and one-half equals 240 hours of compensatory time).
2. Compensatory time will be recorded when it is earned and used the same as annual leave. Annual and sick leave are accrued during the use of compensatory time.
3. All compensatory time must be used or paid as overtime by June 30 of each fiscal year.
4. All compensatory time must be used or paid as overtime prior to transfer or termination of an employee.
5. A supervisor may direct that an employee use accrued compensatory time.

SUPERVISION OF CERTIFIED STAFF

Classroom visits are for several purposes: To keep the administration informed about what is going on in the school program, to observe student conduct and student progress, to encourage the growth and exchange of new ideas in teaching techniques and use of materials, to discover ways and means of coordinating the curriculum, and to evaluate teaching effectiveness particularly as a basis for recommendation for career status in the case of teachers in the probationary period.

The shorter visit does not require a conference since its purpose is to catch a quick glance of a program or to observe a particular student or group in a classroom situation.

The teacher conference, whether or not following a class visit, should serve primarily as a means for exchanging ideas. It should result in the professional growth of both the teacher and the administrator and can do so only if the desire to find a common ground for such growth is present in both suggestions and comments relating to teaching methods and techniques, and within a broader perspective, should lay the foundation for curriculum planning.

All certified employees shall be evaluated by an administrator, designated by the board, who possesses an administrative certificate in accordance with state law. Each evaluation shall include, but is not limited to, information based upon actual classroom observation by the evaluator. Any evaluative reference other than actual observation by the evaluator must be identified. Under no circumstances will an employee be evaluated by a building administrator that is related to that employee within the second degree of affinity or consanguinity. Another administrator will be designated by the superintendent or designee to evaluate the relative of the building administrator.

TERMINATION OF EMPLOYMENT TEACHERS

It is the policy of the Shawnee Board of Education that professional employees, who for any reason intend to resign or who intend to retire, are encouraged to indicate their plans in writing to the board as early in the school year as plans may become firm and the decision to leave the district is made. Resignations become effective at the end of the school year in which they are submitted. Resignations to become effective earlier than at the end of the school year require a release by the board and must be considered on an individual basis. Resignations for the subsequent school year likewise require a release by the board and will be considered on an individual basis. Letters of resignation must be mailed to the board by registered or certified mail.

Career teachers will be subject to dismissal at any time - or will not be eligible for reemployment - for:

1. Willful neglect of duty,
2. Repeated negligence in the performance of duty,
3. Mental or physical abuse to a child,
4. Knowing and willful failure to report suspected child abuse or neglect.
5. Incompetency,
- 6.5. Instructional ineffectiveness,
- 7.6. Unsatisfactory teaching performance,
- 8.7. Commission of an act of moral turpitude,
- 9.8. Abandonment of contract,
- 10.9. Conviction of a felony,
11. 10. After a finding that such person has engaged in criminal sexual activity or sexual misconduct that has impeded the effectiveness of the individual's performance of school duties, or
12. 11. Failure to earn required staff development points.

Mental or physical abuse to a child would also include, but is not limited to a finding that a teacher has, either in the presence of a minor or in a manner that such person has participated in making available to a minor online, engaged in sexual acts, acts that appeal to the prurient interest in sex as found by the average person applying contemporary community standards, or acts that excessively promote sexuality in light of the educational value of the material and in light of the youngest age of any student with access to said material.

Probationary teachers may be terminated or nonrenewed by the board for cause subject to any statutory due process requirements in effect at the time such teacher is recommended for dismissal or nonrenewal.

Procedures for dismissal of certified employees are governed by state law and all actions of the school district and the board are clearly identified in the statutes.

TERMINATION OF EMPLOYMENT, TEACHERS (Cont.)

However, nothing in this policy shall be construed to prevent layoffs due to lack of funds or work. No action regarding dismissal or non-renewal of an employee shall be taken until the employee has received due process (see DO-R).

The Board of Education may vote to offer employment or to not offer employment for the subsequent school year in advance of the statutory deadline. Until a written contract is executed or until the statutory deadline passes, the board may vote to not reemploy a certified employee.

The superintendent is directed to prepare procedures for the termination of career and probationary teachers in support of this policy.

3. Upon receipt of the administrator's request for a hearing, the board will conduct such hearing at its next regularly scheduled meeting or at a special meeting. The failure of the administrator to timely request a hearing after being properly notified will be deemed a waiver of the right to a hearing and the decision of the board will be final.
4. Pending final determination of an administrator's dismissal or nonreemployment, the board or superintendent may suspend the administrator if it believes that the immediate suspension is in the best interest of the school district. Such suspension will not deprive the administrator of any compensation or benefits to which the administrator may be entitled. The board will initiate dismissal action within ten days from the effective date of suspension. However, in cases involving a criminal charge or indictment, the suspension may extend to such time as the administrator's case is finally adjudicated at trial.

The principal shall specify in the petition the underlying facts supporting the granting of career status to the teacher;

Probationary teacher means a teacher who:

- a. for teachers employed by a school district prior to the 2017-2018 school year and has completed fewer than three (3) consecutive complete school years as a teacher in one school district under a written teaching contract, or
- b. for teachers employed for the first time by a school district under a written teaching contract during the 2017-2018 school year and thereafter.

REDUCTION-IN-FORCE, CERTIFIED PERSONNEL (Cont.)

In the event any of the above conditions occur, every effort will be made to accomplish the necessary reduction by attrition, voluntary resignation, or voluntary retirement. Reduction-in-force will be made according to the following procedures:

1. The position will be the determining factor in a reduction, not the teacher occupying the position.
2. The primary basis used in determining the retention or reassignment of affected teachers when a school district implements a reduction-in-force plan shall be the ratings of the teachers as measured pursuant to the TLE as set forth in 70 O.S. § 6-101.16. The order of termination, for affected teachers, will be as follows:
 - A. A probationary teacher in an eliminated position will be terminated first
 - B. A career teacher in an eliminated position will be placed in a retained position in which the teacher is, at the time of the presentation of the recommendation to reduce force, certified by standard certification, provided the position is occupied by a probationary teacher.
 - C. If a career teacher is qualified for standard certification in a position held by a probationary or licensed teacher but does not have such a certificate, then such career teacher must have evidence of eligibility for such certification on file in a personnel file in the office of the superintendent at the time of the presentation of the recommendation to reduce force.
 - D. If there is more than one career teacher assigned to the position that is subject to being eliminated, the following criteria, in this order, will be used to determine which of the career teachers will be retained:
 1. Certification in a retained teaching position that is open. A career teacher with standard certification for the retained position will be retained over a probationary teacher.
 2. Seniority in continuous, full-time, contracted, certified employment in the district. (Approved medical leave shall not result in a break in service.)
 3. If certification and seniority are the same according to the above criteria, the determining factors in order of importance are:
 - a. Years of teaching experience in the retained position in the local school district.
 - b. Academic degree status:

A teacher with a doctor's degree will be retained over a teacher with a master's or a bachelor's degree; a teacher with a master's will be retained over a teacher with a bachelor's degree.
 - E. If there is more than one probationary teacher in the position being reduced, the criteria listed in D, 1 through 3, will be used in determining which probationary teacher or licensed teacher will be retained.

Optional

Personnel whose employment is terminated under the provisions of this policy shall be given priority for reemployment to fill subsequent vacancies in positions for which they have standard certification.

REDUCTION-IN-FORCE, CERTIFIED PERSONNEL (Cont.)

Such reemployment shall be in reverse order of termination according to the provisions of this policy. Priority for reemployment shall extend through _____ (date) *(not to exceed one year)*.

Any person terminated under the provisions of this policy who wishes to be considered for future vacancies must make formal application for a teaching position and must notify the superintendent by certified mail, restricted delivery, within ten (10) days following final board action on the termination, of the teacher's desire to remain an active applicant for a teaching position.

DRAFT

REDUCTION-IN-FORCE SUPPORT PERSONNEL

The Shawnee Board of Education believes that every reasonable effort should be made to avoid a reduction in force at any level. However, if it should become necessary to reduce the number of full-time support employees due to lack of funds or lack of work in a particular area, the position or program will be the determining factor and not the individuals who occupy the position or serve the program.

An employee is considered to be a full-time employee if the number of hours worked is the number of hours customarily worked in that position and if that position is designated as a full-time position by the board.

A reduction in force may occur for lack of funds, lack of work because of a decline in enrollment, consolidation of programs or positions, elimination of positions, or other circumstances as determined by the board.

If termination of employment should become necessary, notices of such terminations will be made as set forth in the policy governing suspension, demotion, or termination of support employees found elsewhere in this manual.

Any necessary terminations shall begin by dismissing temporary, seasonal, or part-time employees within the job category affected. These employees shall be terminated at the discretion of the board or the board's designee. Job categories are listed alphabetically as follows:

- a. Assistants for handicapped students
- b. Bus drivers
- c. Classroom assistants
- d. Food service
- e. Maintenance/custodial
- f. Media/library assistants
- g. Office personnel/assistants

If normal attrition and the release of temporary and part-time employees do not sufficiently reduce the support staff, the following items will be considered in the reduction process in the order listed:

1. Job qualification by training and years of experience
2. In the event that two or more employees in the affected category are equal in the above factor, termination shall be made on the basis of seniority within each general job category.

Seniority shall be defined as the total length of service as a support employee within this district. Employees who are terminated and subsequently reinstated shall retain cumulative seniority for all periods worked except for the period of termination.

Demotions in position shall follow the same procedure as terminations.

An employee who takes a voluntary demotion or a voluntary reduction in assigned time in lieu of termination shall be returned to a higher position or a position with more hours as vacancies become available, if the employee chooses to return.

SUBSTITUTE TEACHERS

The Shawnee Board of Education realizes that teachers may occasionally be absent from the classroom and recognizes the need for qualified substitute teachers. In recognizing that need, the board has decided that noncertified substitute teachers or substitute teachers with a lapsed or expired teaching certificate shall be paid at the rate of \$ _____ per teaching day. Certified substitute teachers shall be paid \$ _____ per day.

Substitute teachers are to be approved by the superintendent. All substitutes will be employed by the school system and paid by the school system.

The district will provide in-service training for a substitute teacher employed to teach special education for more than 15 consecutive days or 30 total days in the same assignment.

A certified substitute teacher may be employed on a monthly or annual basis in accordance with the terms of a written employment contract in the same manner and under the same conditions as regular teachers. Such substitute teachers shall receive the same compensation as regular teachers, at the same salary level, and will be employed pursuant to a temporary employment contract.

ADJUNCT TEACHER POLICY

The Shawnee Board of Education recognizes the occasional need for adjunct teachers who are authorized by state law to teach ~~for one (1) hour per day during one school year~~. An adjunct teacher is defined as an individual with recognized, meritorious expertise in a given field but who does not hold a valid license or teaching certificate. "Recognized expertise" will be determined using the following criteria:

1. A level of mastery has been demonstrated that exhibits professional training, education, preparation, etc., in the field that the individual will teach. The level of expertise may be determined by personal observations of performances, etc., recommendations from community members, and/or references.
2. Minimum of two years of college and or demonstrated full-time work experience in an instructional or supervisory role, with an audience consisting primarily of school-age children (e.g. daycare facility, summer camp, youth groups, parks and recreation, etc.); or
3. Enrolled in a bachelor's degree completion program and within 18 hours of completion of a bachelor's degree;
4. Successful experience as a classroom teacher, but otherwise ineligible for emergency certification.

Additional requirements:

1. Employee must be 21 years of age; and
2. Employee must meet all district employment requirements, including but not limited to: references regarding the individual's ability to relate to students must be satisfactory; must complete successful background check review; and must comply with all ongoing training requirements for both the district and the Oklahoma State Department of Education.
3. For adjunct teachers employed more than 3 hours per day, the following requirements apply:
 - Complete one additional professional development component per semester, including Fall, Spring and Summer (attendance in New Teacher Trainings required).
 - Acceptable professional development components include completion of 3 college hours; completion of a test required for teacher certification; application to achieve certification through an alternative pathway; completion of a Special Education Boot Camp; or completion of an intensive, pre-approved, professional development course (e.g. Reading as a Science).

An Adjunct teacher may be either: (1) a certified employee adjuncting to teach outside of their area of certification ("certified adjunct teacher") or (2) a person who does not hold valid certification of any kind, including educators with an expired certificate who is serving as an adjunct teacher ("non-certified adjunct teacher").

Compensation for Adjunct Teachers will be determined in accordance with the district policies and procedures for employee compensation.

The district will comply with all requirements set forth by the Oklahoma State Department of Education with regard to the employment of an adjunct teacher.
