RESOLUTION ON SCHOOL DISTRICT STANDARDS FOR ACCEPTANCE OR REJECTION OF OPTION ENROLLMENT APPLICATIONS

WHEREAS, Lexington Public Schools is committed to providing an education of high quality to its students in an economically efficient manner; and

WHEREAS, the school district's faculty, facilities, and equipment can serve only a limited number of students effectively; and

WHEREAS, the Lexington Board of Education, in consultation with the administration, has reviewed the school district's faculty, facilities, equipment, interdisciplinary efforts and interrelationships of grades, subjects, and faculty; and has determined the maximum number of students it can serve effectively at any given grade level and in total;

NOW, THEREFORE BE IT RESOLVED that the board adopts the following standards for acceptance or rejection of option enrollment applications:

Special Education Capacity. Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that the student has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been diagnosed with a disability as defined in section 79-1118.01, the application will be evaluated by the director of special education services or the director's designee who must determine if the school district and the appropriate class, grade level, or school building has the capacity to provide the applicant the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

Numeric Capacity. For the 2023-2024 and 2024-2025 school years, the capacity in the following grade levels, programs, classes, and/or school buildings is as follows:

- Morton and Sandoz Elementary Schools (grades K-2): 20 students per regular education classroom section.
- Sandoz and Pershing Elementary Schools (grades 3-5): 20 students per regular education classroom section.
- Bryan Elementary School (grades K-5): 20 students per regular education classroom section.

- Lexington Middle and High Schools (grades 6-12): 220 students per grade level.
- Lexington Elementary English Learner (EL) programs: 10 students per EL classroom section.
- Lexington Middle and High School English Learner (EL) programs: 15 students per EL classroom section.
- Lexington Middle and High School Alternative Education programs: 15 students per program.

Programmatic Capacity. For the 2023-2024 school year, the board declares the following grade levels, programs, classes, and school buildings to be at capacity such that no option applications into any of the following will be accepted:

- All districtwide English Learner (EL) programs are closed.
- Morton Elementary School grade 1 is closed.
- Bryan, Sandoz, and Pershing Elementary Schools and Lexington Middle School are closed.
- Lexington High School grades 9, 11, and 12 are closed.
- The Lexington High School Alternative Education program is closed.

Other Standards. The school district shall not accept an option student when acceptance of the student:

- Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- Would require the procurement of new equipment, technology, or furnishings;
- Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

After the above resolution was read, board member _____ moved for passage of the motion. Board member _____ seconded the motion. After discussion, and on roll call vote, the following members voted in favor of the motion: _____.

Goals of Multicultural Education

The primary purpose of the multicultural program is to ensure that students who graduate from Lexington Public School have information about and appreciation for their own and other cultures as well as an understanding and acceptance of racial and ethnic difference.

Multicultural education will be infused into the regular district curriculum and will consist of the following two student goals:

1. Demonstrate the willingness to learn about African Americans, Hispanic Americans, Native Americans, Asian Americans, and European Americans by:
 - 1.1 Understanding culture
 - 1.2 Noting common bonds in cultures and the differences that make us unique
 - 1.3 Describing the diversity of the experiences and individuals within each culture
 - 1.4 Describing the historical development and the significant aspects of each culture
 - 1.5 Describing the contributions of each culture to today's society
 - 1.6 Use different cultural perspectives to discuss historical and current events
2. Demonstrate behavior that reflects respect toward people of all races by:
 - 2.1 Communicating effectively with people who have backgrounds different from their own
 - 2.2 Demonstrating respect for diverse means of communication including the language and systems of African Americans, Hispanic Americans, Native Americans, Asian Americans, and European Americans
 - 2.3 Discussing the images, perceptions, attitudes, and stereotypes that lead to cultural conflict
 - 2.4 Applying skills necessary for effective citizenship in a pluralistic nation
 - 2.5 Develop a strong self-image and an appreciation for personal background and family heritage
 - 2.6 Acknowledge the differences between cultures and problems that may arise from those differences

Multicultural Education goals for staff incorporate the following:

1. Accept personal responsibility for integrating multiculturalism into class lessons
2. Acquire knowledge of various cultures
3. Select material that reflects cultural, ethnic, and racial diversity
4. Continue to assess and maintain personal multicultural growth

Teachers with a multicultural perspective are teachers who:

1. Provide a supportive, trusting classroom environment, which encourages open participation of each student; identify a clear set of group rules that can be fairly applied to all students.
2. Create a classroom environment in which acceptance and appreciation of cultural diversity is the norm, and which fosters positive interaction among students of diverse cultural groups.
3. Establish a classroom model of adult-student and student-student interaction based on:
 - a. Openness to the contributions of one another;
 - b. Conflict resolution between teacher and students and among students, in which each participant's view is heard and equally weighted; and
 - c. Agreed-upon strategies for conflict resolution.
4. Openly discuss their feelings and ideas, thereby encouraging students to seek help or offer assistance.
5. Demonstrate to their students a willingness to interact with individuals and groups who represent diverse backgrounds (other students, staff, and community). This diversity may be cultural, racial, religious, physical, gender, linguistic, etc.
6. Are willing to examine their own stereotypes . . . and their beliefs about diverse cultural groups.
7. Familiarize themselves with accurate historical information about the cultures of students and staff in their building.
8. Are willing to see and feel the value of people from cultures other than their own.
9. Work to remove hierarchical social stratification in the classroom which favors some students over others; avoid ranking individuals and cultures on an "invisible" superior/inferior scale with respect to skin, color, income level, social status, appearance, etc.; establish a goal of valuing cultural diversity, with the inherent worth of all individuals and groups as a guiding principle.
10. Request funds to order teaching materials which portray diverse United States and global cultures.
11. Help to plan and prepare assemblies reflecting cultural diversity.
12. Encourage their students to participate in extracurricular activities/groups which:
 - a. Involve multiple cultures in positive interactions; and
 - b. Are cultural-specific.
13. Identify and invite individuals from various cultural groups who can serve as resources (role models, speakers, tutors, trip leaders, etc.)
14. Use district-provided multicultural material, or develop their own when well conceived material is unavailable; use multicultural criteria to develop exemplary units.

15. Present the diversity that exists in each group, not only experiences of discrimination and oppression; avoid sole use of the “famous people” approach by presenting information about events, issues, customs, beliefs, and life styles of each group portrayed.
16. Use the literature, art, music, essays, and plays of diverse cultural groups to illustrate how perceptions of the same historical or current event can differ.
17. Encourage open classroom discussion of racism, oppression, prejudice, discrimination; avoid the homogenizing response of “all groups have experienced these things at some point in their history,” if a student forcefully presents his/her feeling regarding personal experiences; create a trusting and accepting environment so that students feel safe in sharing their feelings.
18. Teach students to read between the lines of their textbook to determine if there are omissions and distortions of various groups, and require research from other sources to support these decisions.
19. Explore with students how much their culture is a part of their identity, and in what ways.
20. Recognize and celebrate the holidays and festivities of national, cultural/ethnic, racial groups as a standard part of their classroom’s instructional programs, recreational activities, decorations, etc.
21. Use multicultural content to teach fundamental skills such as reading at the elementary level, not only for holidays and special occasions.
22. Read the educational literature on instructional strategies, testing procedures and materials designed for specific cultural groups; incorporate suggested strategies and materials when appropriate.
23. Address social, political, or economic problems in the community by developing class projects aimed at lessening the impact of social inequality (e.g., home economics classes could provide holiday meals or food to neighborhood senior citizens, or help establish nutrition and food buying clubs; government classes could become involved in voter registration efforts; global studies classes could develop a comparative study and presentation on the history of racial discrimination in the United States and South Africa).

Lexington Public Schools - Multicultural Education

Multicultural Experiences provided by the building principals during the 2021-223 School year:

Early Learning Academy:

Teachers read several books addressing multicultural issues and had discussions with kids about different cultures. Teachers also did activities to show children that the color of our skin does not matter, we are all the same. Some activities included brown and white eggs and how they are the same on the inside, played with multi-nationality dolls, discussed how we need to be friends with others because of what is on the inside, not the color of skin, hair, etc. Discussions about different cultures and how people may look different on the outside but we are all the same. During Martin Luther King Day, we did a hand poem, egg experiment, and finger painting. When we colored the hand, we talked about looking different on the outside. We took a class picture with our hands in a circle and projected it to show the students that we are all a different shade on the outside but we are all the same on the inside. We need to be respectful and kind to everyone we meet. Showed pictures of Soldiers that had white, brown and black faces for different nationalities that served in military.

We read stories about Multicultural topics: The color of Us, All are Welcome, Same, Same but different, Feast for 10, Elmer the Elephant, The Proudest Blue, Just Ask!, and Thunderboy Jr., Jingle Bells, Families, Bee Bim Bop, Be, I color myself different, Where are you from, Be a King.

Education leaders,

I hope you've settled into the rhythm of the new school year, and all is going well. See my updates from the State Board and Agency below:

State Board of Education:

The State Board met in their regular monthly meeting in Aurora last Thursday and Friday. A full report can be found [here](#), but a few highlights are below:

- Student Presentations - We were delighted to hear from Lexington Public Schools sharing the work of their award-winning journalism students. Additionally, the Board was joined by Hampton Public Schools to share about their Hawk Herd farm to table program.
