Yusuf,

Attached is the list of appliance we are proposing for the High School. This list is based on specifications from previous projects where equipment was provided for similar uses in classroom settings. This is also what was recommended by Cuningham as to what they normally provide for school use.

The appliances proposed are heavy duty residential not commercial units. The space allowed in millwork at all locations in the classrooms is based on sizes which are not normally available in commercial equipment.

I have not priced the ice maker requested. It would be better if it was provided by your food service vendor. Sam could contact National Restaurant directly for this piece of equipment.

Please review this list and let me know how to proceed.

Respectfully,

Fred Seibert / Project Manager

Martha,

Thank you for your interest in Inspiration®. The following is your quote for a volume license agreement. Single copies of Inspiration are \$69.00; and as you will see, cumulative volume pricing is an even greater value. Cumulative pricing is by district, so we strongly encourage the schools to work together and order from the district level.

Inspiration is licensed per workstation, and pricing is cumulative across your school district. For example, Canutillo Ind School District already owns 1150 licenses of Inspiration, so when you add another 2000 licenses, your price is based on the 1000-4999 license level for a per computer price of \$20.00. The following is the suggested education pricing.

1000-4999      Inspiration License Level is \$20.00 per computer  
 5000+          Inspiration License Level is \$19.00 per computer

2000 Inspiration volume licenses (IS76-US-VL) are \$20.00 Per Computer = \$40,000.00

3000 Inspiration volume licenses (IS76-US-VL) are \$20.00 Per Computer = \$60,000

Shipping and Handling is FedEx Ground for \$73.00 or \$107.00

Please include your sales tax exempt certificate.

You will receive one hybrid CD (Mac/Windows) and one Getting Started Guide and Template Guide for every 10 licenses. Your volume license will also include Teacher Take Home Privileges! These privileges allow your teachers to install Inspiration on their home computers for lesson planning and preparation. When you get 20 or more licenses we will also include one complimentary copy of the Achieving Standards with Inspiration 7 Book and one Exploring Inspiration CD. The lesson plan book and training CD will show your teachers how to easily implement visual learning techniques in the classroom.

This quote applies only to the volume license level(s) listed above. For different license levels, please contact me for a revised quote. Also contact me for different shipping and handling information.

Please send purchase orders directly to me and I will expedite them for you. Purchase orders can be faxed to 503-297-4676 or mailed. Please call me at 800-877-4292 ext. 142 for any additional information you may require.

Thank you,
