  - Academic accountability ratings

- ***District accreditation statuses for the 2023-24 and 2024-25 school years have not been updated as the issuance of the A-F ratings under the 2023 and 2024 rules are pending and subject to change. Each district must report the 2022-23 accreditation status:***

## Section 4: Campus Performance Objectives

- Campus Improvement Plans (CIPs)
  - Each campus has developed and is implementing a CIP, as required by TEC §11.253
  - Each CIP includes **performance objectives** (approved by the Board) that are based on data analysis and needs assessments – including data reported in annual TAPR reports
  - Each campus **periodically measures progress** toward its performance objectives
- *Updated CIPs for the 2023-24 school year (which show both the **objectives of each campus** and each campus's **progress toward meeting its performance objectives**) are posted on the district's website and are available for review at the district's central office or at the applicable campus*

## Section 5: Report on Violent and Criminal Incidents

## Section 6: Student Performance in Postsecondary Institutions

- TEC Section 39.306 requires each district to publish, as part of its Annual Report, a report on **student performance in postsecondary institutions** during the **first year enrolled after graduation from high school**
- These data are compiled by the Texas Higher Education Coordinating Board (THECB)
- The most current report is for **2021-2022 High School Graduates**
  - Student performance is measured by the Grade Point Average (GPA) earned by 2021-22 high school graduates who attended public four-year and two-year institutions of higher education in fiscal year 2023
  - For each student, the grade points and college-level semester credit hours earned by the student in **Fall 2022, Spring 2023, and Summer 2023** are added together and averaged to determine the GPA
- ***Out of 457 graduates, 147 went on to a 2-year, 4-year, or independent college and university in Texas. Of the 127 students who went to a 2-year or 4-year university, 36% earned a 3.0 or better.***

### 2022–23 Texas Academic Performance Report (TAPR) Glossary

#### Cover Page

Currently, the TAPR does not include scale scores, A–F ratings, Distinction Designations, or Special Education Determination Status. The initial release does not include the Campus or District 2023 Accountability Reports. The issuance of the A–F Ratings under 2023 rule is pending and subject to change.

**2023 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration)** (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter.

**STAAR:** A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

#### Other Important Information:

**STAAR (with and without accommodations) and STAAR Alternate 2.** The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

**Spanish STAAR.** All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

**Rounding of STAAR results.** STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

**Masking.** STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the *Explanation of Masking* at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2023/masking.html>.

#### STAAR Performance (2022–23)

The STAAR Performance section displays performance results by grade, subject and performance level for students in the accountability subset, which are students enrolled in the same district/campus on both the snapshot date (PEIMS October snapshot) and the testing date. The STAAR Performance–All Students section of the TPRS displays STAAR performance by grade, subject, and performance level and includes all students tested, regardless of whether they were in the accountability subset.
