Bilingual Exceptions & ESL Waivers

Any district that is unable to provide the appropriately certified teachers to implement the bilingual or English as a Second Language (ESL) program must request from the Commissioner of Education an exception for the bilingual program and a waiver for the ESL program and approval to offer a temporary alternative language program in these specific classes.

For the 25-26 school year, SISD will submit applications for 5 Bilingual Exceptions and 30 ESL Waivers

As part of this application, we report current needs of the district and specify the actions we are taking in order to secure as many appropriately certified staff as possible, provide training and support to the teachers under the exception/waiver, and ensure the resulting temporary alternative language program (ALP) will continue to meet the affective, linguistic, and cognitive needs of the Emergent Bilingual (EB) students/English learners and that the ALP will align as closely as possible to the required bilingual or ESL program.

INFORMATION ITEM:

Report on Board of Trustees Continuing Education Hours

RECOMMENDATION:

That the Board President announces the continuing education hours for the Seguin ISD Board of Trustees.

RATIONALE:

In accordance with HB 2563 and Texas Education Code, Section 11.159(b), each school board must reflect in the official minutes of the meeting held before an election of trustees whether each board member has met or is deficient in meeting training requirements for the trustee as of the first anniversary of the date of the trustee's election or appointment. If the minutes reflect that a trustee is deficient, the district shall post the minutes on the district's Internet website within 10 business days of the meeting and maintain the posting until the trustee meets the requirements.

On June 13, 2018, the State Board of Education adopted amendments to its rule on continuing education for school board members (19 TAC §61.1). The amendment requires the board President to announce continuing education hours at the last regular board meeting before an election of trustees.

During the 2019 Legislative Session, House Bill 403 was passed. House Bill 403 requires all trustees to complete continuing education on identifying and reporting potential victims of sexual abuse, human trafficking, and other maltreatment of children every two years. All newly elected or appointed board members must complete the training within their first 120 days. During the 2019 Legislative Session, House Bill 3834 was also passed which requires all trustees to complete continuing education on District Cybersecurity every year.

During the 2021 Legislative Session, House Bill 690 was passed. House Bill 690 requires all trustees to complete training on School Safety every two years. All newly elected or appointed board members must complete the training within 120 days after the trustee's election or appointment.

Tier One (Orientation): All newly elected or appointed board members must receive a local orientation of their district and must also receive an orientation to the Texas Education Code. *Experienced* board members must receive an update to the Texas Education Code after each legislative session.

Tier Two (Teambuilding): Each year, all members of the board and the superintendent must participate, as a group, in a teambuilding session intended to enhance the team's effectiveness.

Tier Three (Discretionary Continuing Education): *First-year*

board members must receive at least 10 hours of additional continuing education. *Experienced* board members must receive at least five hours of additional continuing education each year.

Tier Four (Evaluating and Improving Student Outcomes):

During the 2017 Legislative Session, Senate Bill 1566 was passed. Senate Bill 1566 introduced a new required training for trustees of at least three hours on evaluating student academic performance and the oversight role of the board. State law requires all board members who were serving as of September 1, 2017 to complete this training before September 1, 2018. All newly elected or appointed board members must complete the training within their first 120 days. Then all board members will need to complete this training every two years.

ACTION ITEM: **Approval of Proposed Budget Amendments for October 2025**

RECOMMENDATION: That the Board of Trustees approve the proposed budget amendments for the General Fund, Child Nutrition Fund, and Debt Service Fund as of October, 2025.

RATIONALE: The District’s official budget includes the General Fund, Child Nutrition Fund, and Debt Service Fund. The adoption of the budgets associated with these funds and subsequent amendments should be approved by the Board of Trustees.

This budget amendment will increase state aide revenue to reflect initial updated estimates and will also increase the district's General Operating Budget to reflect salary increases and additional staffing needs based on student enrollment and campus needs. This amendment will also reclass funds to allow the district to replace a utility trailer used to transport supplies and equipment by the OLC as well as replace the district's student information system and financial system software's with one integrated software program. Of this total \$8 million deficit at this point of the year \$1.4 million of that is due to expenses that will not occur in the next year. It does also include the QZAB (\$665,000) The overall operational deficit is \$6.1 million. This is a lower amount than projected due to some tightening of the budget in salaries.
