Dear Dr. Conradt

I am writing to inform you that I plan on retiring following the end of this school year. Based on the school calendar, my last day will be May 11<sup>th</sup>.

After 21 years in education, with my last 4 being here at Franklin, I have decided it is time to slow down. As you know, my wife retired a couple of years ago because of health issues and I have been having trouble making it through the day for health reasons of my own. We would like to be able to travel and see family, while we are still able.

I have enjoyed my time at Franklin, meeting some wonderful students and teachers. I especially enjoyed teaching Personal Finance, and hopefully guiding our kids to make good choices in their financial future.

Sincerely

Michael Miller

Dr. Conradt,

I regret to inform you that I am formally resigning from my position as the 10-12 English Language Arts teacher at Franklin Public Schools, effective at the end of my contract. I will be getting married this summer and moving to Hawaii this fall where my husband will be stationed for the remainder of his term in the Army.

Thank you so much for the opportunities you have given me at Franklin Public Schools. I have truly enjoyed my time working here and am grateful for all of the learning opportunities you all have provided for my professional and personal growth goals. I will greatly miss the support and kindness of the staff and various personalities of all my students. I couldn't have asked for a better place to have started my career.

Please let me know what I can do to ease the transition of my responsibilities to a new staff member. I will be glad to help however I can.

Thank you,

# **MANDATORY DRUG TESTING POLICY FOR HIGH SCHOOL STUDENTS INVOLVED IN SCHOOL SPONSORED INTERSCHOLASTIC EXTRACURRICULAR ACTIVITIES AND FOR VOLUNTEERS**

## **Section 1: Finding of Need**

The Board of Education has assessed student use of illegal drugs at Bridgeport Public Schools and the need for a random drug testing program. In doing so, the Board has considered surveys of drug use among Bridgeport Public School students and evidence of illegal adolescent use on a local, regional, statewide and national level. Studies and research have proven that even small quantities of drugs or alcohol can affect judgment and reflexes which can create unsafe conditions for students, especially those involved in the extracurricular activities. Even when not readily apparent, the effect can have serious results for students engaged in extracurricular activities. Drug-using students participating in extracurricular activities are a threat to co-participants, other students, and themselves, and may make injurious errors. Based upon such information, the Board of Education finds that there is an increase of illegal drug use by the school's students and a need for a random drug testing program among participants in extracurricular activities. For these reasons, the Board of Education adopts this policy requiring that all participants in extracurricular activities at Bridgeport High School must remain drug free, and must participate in the School's random, unannounced drug testing program.

## **Section 2: Mission Statement**

The Board of Education recognizes students' participation in extracurricular activities is one component of Bridgeport Public Schools goal to provide a well-rounded program for its students. To achieve this goal and to maximize the skills and talents of students, it is important that students understand the dangers of drug and alcohol use and refrain from the use of illegal drugs. This policy statement clarifies the school's position on student drug and alcohol use. Participation in extracurricular activities is a privilege which can be taken away for failure to comply with this policy. The purposes of this policy are as follows:

- A. To provide for the health and safety of all students;
- B. To undermine the effects of negative peer pressure by providing legitimate reasons for students to refuse use of illegal drugs and/or alcohol;
- C. To identify students who use illegal drugs and/or alcohol; and
- D. To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

## **Section 3: Definitions and Positions**

The following definitions and explanations of positions shall apply to this policy.

**Drugs:** Any substance considered illegal by Nebraska Statute, i.e., Uniform Controlled Substances Act, Section 28-401 et seq., or which is controlled by the Food and Drug Administration unless prescribed to the Participant by any licensed medical practitioner authorized to prescribe controlled substances. For purposes of this policy, drugs shall include the illegal use of alcohol.

**Drug Program Administrator:** The Board of Education shall select a nationally certified Drug Program Administrator (DPA) for the purpose of determining, through random selection, the Participants to be tested under this policy. Each Participant in extracurricular activities shall be identified by an alpha numeric coding system and become part of the pool from which Participants are selected for random drug testing. The DPA, by use of a certified laboratory, shall also gather, test, and process samples that test non-negative and positive, report positive test results to the Medical Review Officer and Drug Program Coordinator, and maintain privacy with respect to test results and related matters, all in accordance with this policy and administrative guidelines approved by the Board of Education.

**Drug Program Coordinator:** The Board of Education shall select a Drug Program Coordinator (DPC) who shall coordinate the implementation and administration of this Policy. The DPC's duties shall be as set forth in this Policy and shall include the following:

To establish a designee(s) and necessary assistants to perform the duties of the DPC in his/her absence.

To maintain the list of Participants who comprise the testing pool;

To receive, review and maintain consent forms.

To verify Participants' eligibility for extracurricular activities.

To determine which drugs shall be screened.

To assist in the development of administrative guidelines governing the gathering and testing of samples.

To receive, record and report positive test results from the DPA; and,

To enforce the consequences of positive test results.

**Extracurricular Activities:** Any school sponsored, interscholastic extracurricular activity or club sponsored by Bridgeport High School, which shall include, but not necessarily be limited to the following:

Basketball	Track	Student Council
Cheerleading	Quiz Bowl	Golf
Cross Country	Speech/Debate	Football
B-Club	One Act Plays	Art Club
Volleyball	National Honor Society	FFA
Wrestling	Musical/Play	Bowling

For purposes of this Policy, extracurricular activities shall not include activities that are not school sponsored or interscholastic in nature. Band and yearbook staff are not

included under this policy as students receive a grade for these activities.

**Medical Review Officer:** The Medical Review Officer (MRO) shall review all positive test results and determine whether the use of a drug identified by a positive test result is from illegal use or legitimate use. The MRO shall contact the Participant's parent or legal guardian for relevant information in making this determination. The MRO shall report positive test results, and/or warranted health and safety issues to the Participant, the Participant's parent or legal guardian, and to the DPC. The MRO shall be certified by an MRO accreditation body.

**Negative Test Result:** A test result that does not show the presence of drugs or alcohol.

**Non-Negative Test Result:** The result of a test, performed by the specimen collector at a collection site on a sample collected pursuant to this policy, that indicates the presence of drugs or alcohol.

**Positive Test Result:** The result of a test, performed by the DPA at a certified laboratory on a split sample collected pursuant to this policy, that confirms a non-negative test result.

**Participant(s):** Any student who participates in any school sponsored, interscholastic extracurricular activity, and any student who volunteers to participate in the random drug testing program. All Participants shall become part of the random drug testing pool by signing the attached Consent (Form 1) and returning it to the DPC. Participant(s) include student support staff for extracurricular activities such as student managers, student trainers and other students who assist with the activity.

**Specimen Collector:** An independent contractor who is hired by the Board of Education and/or the DPA to collect urine and/or saliva samples at a collection site, perform a preliminary test of such samples, destroy samples that test negative, and ship samples that test non-negative to the lab for confirmation testing as set forth in this policy.

**Volunteer:** Any student who is not participating in an extracurricular activity, but who voluntarily decides to participate in the random drug testing program by signing and returning the Consent (Form 1) to the DPC. A Volunteer is considered to be a Participant under this policy.

#### **Section 4: Prohibited Acts**

The following acts are prohibited by this policy.

**A. Drug Use/ Possession.** All Participants are prohibited from using, possessing, distributing, manufacturing, or having drugs, illegal controlled substances, improperly used medications, or any mind/mood altering or intoxicating substances present in their system.

**B. Alcohol Use / Possession.** All Participants are prohibited from possessing or using alcohol.

**C. After School Hours Conduct.** All Participants are prohibited from using drugs, alcohol, or any other prohibited substances before and after school hours. This policy prohibits all illegal drug use, during and away from extracurricular activities.

## **Section 5: Authorization to Conduct Random Drug Testing, Procedures & Protocols**

The Board of Education for Bridgeport Public Schools hereby authorizes random, unannounced drug testing of all Participants. The Board shall approve and adopt Administrative Guidelines, in conformity with this policy and the following provisions, that govern procedures for the gathering and testing of samples, and the verification and reporting of results.

**A. Scope of Tests.** The drug tests shall screen for one or more illegal drugs including alcohol, as determined by the DPC, but in no event shall that determination be made after selection of Participants for testing. Samples shall not be screened for the presence of any substances other than illegal drugs or for the existence of any physical condition other than drug use.

Substances that Participants may be randomly tested for are: alcohol, amphetamines, cannabinoids, cocaine, opiates, synthetic opiates and PCP, and other substances, such as but not limited to, steroids, barbiturates, and benzodiazepines, without advance notice, as part of tests authorized by the Board for safety purposes. Collection of samples and the testing shall be coordinated by and between the DPA and the DPC.

**B. Consent.** Students who wish to participate in extracurricular activities, and the student's custodial parent or legal guardian shall consent in writing to participate in Bridgeport High Schools random drug testing program. The Consent shall be on Form 1 attached to this policy. No student shall be allowed to participate in any extracurricular activity until Form 1 has been signed and returned to the DPC.

**C. Random Drug Testing Pool.** Each Participant shall be included in the random drug testing pool. A Participant shall remain in the pool for an entire year (365 days) from the date the Consent is returned to the DPC. A Participant may be subject to testing at any time during the 365 day period. The list of Participants in the random drug testing pool shall be kept current by the DPC and furnished to the DPA upon the receipt of signed Consents, and as Participants are allowed to leave the program and pool.

**D. Withdrawal From Random Testing Pool.** A Participant who wishes to withdraw from the random drug testing pool shall do so by submitting a written withdrawal (Form 2) to the DPC, signed by the Participant and the Participant's parent or legal guardian. Withdrawing from the pool must occur prior to being selected for testing in order to avoid being tested. Before any such student may return to participation in any

extracurricular activities, he or she must be reinstated to the testing pool by submitting a signed Consent (Form 1) and providing, at the student's cost, a negative drug test result to the DPC.

**E. Selection Process.** The DPA shall develop and implement a random process to select Participants for testing. In order to make the process most effective, the DPC shall have the discretion to vary the frequency of testing and the number of Participants to be selected. If a Participant is absent on the day he or she is selected for testing, an alternate Participant shall be selected, in sequential order, from an alternate list provided by the DPA. The absent Participant shall submit a sample for testing on the next testing day.

**F. Samples.** The Specimen Collector is authorized and directed to collect urine and/or saliva samples from Participants who have been selected pursuant to the random process. Samples shall be collected, as directed by the DPA, on the same day the Participant is randomly selected.

**G. Collection Sites.** The DPC and DPA shall designate collection site(s) at Bridgeport High School where Participants shall provide samples for drug testing. Participants who have been selected for random drug testing shall report to the designated collection site.

**H. Collection and Testing Procedures.** The DPA shall develop and maintain written procedures, to be approved and adopted by the Board of Education, for collecting, shipping, testing, preserving and accessing all samples. The Board of Education and/or the DPA shall contract with a Specimen Collector to collect and conduct preliminary tests on samples, and it shall ensure that the Specimen Collector is certified and follows the procedures approved by the Board and/or the DPA.

**1. Collection.** The Certified Specimen Collectors shall utilize a standard Custody and Control Form, and a tamper-proof sealing system, identifying numbers, labels, and sealed shipping containers shall be used for sample transportation. Collection sites shall maintain instructions and training emphasizing the responsibility of the Specimen Collector is to protect the integrity of the samples and maintain a proper collection procedure. All Participants providing urine samples shall do so alone, in an individual bathroom or stall with the door closed, under the supervision of a same sex monitor.

**2. Testing.** At the testing site, the Specimen Collector shall perform a preliminary test to determine the presence of drugs or alcohol. Once the collector begins to perform the test, the participant is required to complete the testing procedure as prescribed by the DPA policy. The testing process begins when a participant enters the designated drug testing area and the collector begins completing the necessary form(s). If the preliminary test produces a negative test result, the sample shall be destroyed. If the preliminary test produces a non-negative test result, then the

Specimen Collector shall split and deliver the samples to the laboratory for further testing. At the laboratory, one of the split samples shall be tested. If the laboratory test produces a negative test result, then both split samples shall be destroyed. If the laboratory test produces a positive test result, the DPA shall submit, by a secure method, all positive test results to the MRO. The MRO shall review and verify all positive results. Prior to making a final decision, the MRO shall notify the Participant and his or her parent or legal guardian of the positive test results and afford them an opportunity to discuss the results, either face-to-face or by telephone. If the MRO makes a final determination that a test result is positive, the MRO shall promptly inform the DPC which Participant(s) tested positive.

**I. Request for Retest.** If the MRO finally determines that a Participant's sample has produced a positive test result, the Participant may request in writing that one of the split samples be retested at a second, nationally certified laboratory, selected from a list of qualified laboratories provided by the MRO. Participants are required to pay the cost of the additional test in advance. However, the cost shall be reimbursed if the result of the split sample test is negative. The written request for a retest must be submitted by the Participant to the DPC on Form 3 within 72 hours of the Participant being notified of the final positive test result.

## **Section 6: Consequences of Positive Results**

Whenever a Participant's test is positive for the presence of illegal drugs, the DPC shall meet with the Participant and the custodial parent or legal guardian and notify them of the positive test result and impose the following consequences, which do not start over each year, but shall run consecutively throughout a Participant's high school career.

### **A. First Positive Test During High School Career**

- The Participant shall miss five (5) days of practice from all extracurricular activities. The Participant shall also be suspended from publicly performing in all extracurricular activities for 28 calendar days. However, the suspension may be reduced by half, if within the initial 14 calendar days, the Participant successfully completes four (4) counseling sessions with a drug counselor approved in advance by the DPC. If all extracurricular activities end before the suspension is served, the suspension will carry over to the next extracurricular activity so the Participant completes the required number of days.

### **B. Second Positive Test During High School Career**

The Participant shall be suspended from all practices and all extracurricular activities for 28 calendar days. If all extracurricular activities end before the suspension is served, the remaining suspension shall carry over to the next extracurricular activity so that the Participant completes the required number of days.

Four (4) sessions of DPC approved drug counseling must be successfully completed

before the Participant may petition the DPA and DPC to resume participation in extracurricular activities. These four (4) sessions shall be in addition to any counseling sessions the Participant has completed for a First Positive Test.

**C. Third Positive Test During High School Career**

The Participant shall be suspended from all practices and all extracurricular activities for 56 calendar days. If all extracurricular activities end before the suspension is served, the remaining suspension will carry over to the next extracurricular activity so the Participant completes the required number of days. If a first or second offense penalty has not been completed, the penalties must be served consecutively.

Eight (8) additional sessions of DPC approved drug counseling must be successfully completed before the Participant may petition the DPA and DPC to resume participation in extracurricular activities.

**D. Fourth Positive Test During High School Career**

The Participant shall be permanently suspended from all practices and all extracurricular activities. The Participant may petition the DPC for reinstatement after 56 calendar days and the successful completion of an off-site rehabilitation program of no less than 28 days to be pre-approved by the DPC.

**E. Fifth Positive Test During High School Career**

The Participant shall be permanently suspended from extracurricular activities and may not be reinstated to the random drug testing program or pool.

**F. Additional Terms and Conditions of Suspensions.**

The following terms and conditions shall apply to and govern all suspensions imposed by the DPC, regardless of whether the suspensions are for a First, Second, Third, or Fourth Positive Test.

1. After the DPC-Participant-Parent meeting, follow up drug testing, a minimum of once a month, shall begin and continue for the next 12 months or until the Participant's graduation from high school, whichever event occurs first. The DPC shall contact the Participant during the summer to establish a location and time for sample collection. Testing during the summer will provide another reason for a Participant to refrain from the illegal use of drugs.
2. If counseling is required, written proof of successful completion of the counseling sessions with a certified/licensed counselor is required. Adherence to follow-up drug assistance programs recommended by the counselor is strongly encouraged.
3. A negative drug test must be provided to the DPC before a suspended Participant may return to participation in extracurricular activities.
4. The cost of the additional testing, counseling sessions and rehabilitation

programs imposed by Article VI of this policy shall be the responsibility of the Participant.

5. If a student is randomly selected and tests non-negative while awaiting the results of a previous non-negative test, the consequences may be adjusted if the administration deems it appropriate for the well-being of the student.

#### **G. Refusal to Submit to Drug Use Test.**

A Participant who refuses to submit to a drug test authorized under this policy, or fails or refuses to comply with any other provision of this policy, shall not be eligible to participate in any extracurricular activities including all meetings, practices, performances and competitions for a period of 365 days. A Participant shall be given written notice, immediately, of the consequences of the refusal and an opportunity to retract the refusal. Within fifteen (15) minutes of being advised of the consequences, a Participant must retract the refusal in writing and immediately submit to the random drug test, or the refusal will become final. During the fifteen (15) minute period, the Participant shall attempt to contact a parent or legal guardian to discuss the consequences of refusal. Written notice of the consequences of refusal and the Participant's written retraction shall be recorded on Form 4 by the Specimen Collector. The DPC shall follow up by making contact with the participant's parent or legal guardian to ensure that they are informed of the refusal to test by the participant.

#### **H. Appeal.**

A Participant who has been determined by the DPC to be in violation of this policy shall have the right to appeal the decision to the Superintendent or his/her designee(s). Such request for a review must be submitted to the Superintendent in writing within five (5) calendar days of notice of the positive test. A Participant requesting a review shall remain eligible to participate in any extracurricular activities until the review is completed. The Superintendent or his/her designee(s) shall then determine whether the original finding was justified. No further review of the Superintendent's decision shall be provided, and his/her decision shall be conclusive in all respects. Any necessary interpretation or application of this policy shall be in the sole and exclusive judgment and discretion of the Superintendent which shall be final and non-appealable.

### **Section 7: Non-Punitive Nature of Random Drug Testing**

No Participant shall be penalized academically for testing positive for drugs. The results of drug tests pursuant to this policy shall not be documented in any Participant's academic records. Information regarding the results of drug tests shall not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the school district shall not solicit. In the event of service of any such subpoena or legal process, the Participant and the Participant's custodial parent or legal guardian shall be notified as soon as possible by the District.

All records pertaining to Bridgeport Public School random drug testing program shall be kept separate from other school and student records. The record keeping and results of all testing and consequences of positive tests shall be held in the strictest confidence. These records shall be accessible only to the DPC. Records pertaining to a particular Participant shall be destroyed upon his or her graduation from Bridgeport High School, or one year after his or her class graduation, whichever event occurs first.

### **Section 8: Other Board Policies Governing Drug Testing**

Under a separate School Board Policy, any student at Bridgeport High School may be required, at any time, to submit to a test for illegal or performance-enhancing drugs, or the metabolites thereof when an administrator, teacher, coach, or sponsor has reasonable suspicion of illegal or performance-enhancing drug use by that particular student. Tests that are conducted based upon a reasonable suspicion of illegal drug use are not governed by the Bridgeport Public Schools random drug testing policy, and the penalties are different from the consequences imposed under this policy.

### **Section 9: Severability**

Should any sentence, clause, provision, or paragraph of this entire policy be deemed unlawful or unconstitutional, it is intended that, insofar as may be practicable, the remaining portions of this policy shall remain in full force and effect.

## **POLICY 9023**

## **Extracurricular Drug Testing Program**

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 9-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

### **1. Purpose of Random Drug Testing**

- a.** The school district has recognized that observed and suspected drug and alcohol use and abuse has increased among the student population, including students participating in extracurricular activities.
- b.** The school district seeks to provide safe, drug-free schools.
- c.** The school district seeks to deter the use of illegal and prohibited drugs and alcohol among students.
- d.** The school district recognizes that students who use illegal and prohibited drugs pose a threat to the health and safety of themselves, other students, teachers, administrators, and other persons.
- e.** The school district finds that the drug and alcohol problem among the student body will be effectively addressed by making sure that the large number of students participating in extracurricular activities do not use drugs and alcohol.

**2. Notice.** Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy either in written form or included in the student and activities handbook. The policy and all forms will be posted on the district's website.

**3. Drug Testing Coordinator.** The Drug Testing Coordinator shall be the Elementary Principal or his or her designee unless otherwise indicated.

**4. Extracurricular Activities.** This policy applies to any activity that meets the guidelines of an extracurricular activity at the school district, which includes but is not necessarily limited to the following:

Basketball	Cheerleading	Cross-country
Dance/Drill Team	FFA	Flag Team
Football	Golf	Mock Trial
Musicals	One Act Play	Jazz Band

## 5. Students Who Are Required to Submit to Drug Testing

- a. **Grades.** All students in grades 9-12 who participate in any extracurricular activity or competition are part of the pool subject to random drug testing.
- b. **Consent.** A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.
- c. **Selection Pool Eligibility.** Students shall remain in the selection pool for an entire calendar year (365 days) from the date the consent form is received by the school district except that students who quit during the season or activity (prior to being selected for testing) or students who are cut from an activity will be removed from the testing pool. Only students who are participating in active extracurricular activities at the time of random testing will be in the random drug testing pool.
- d. **Withdrawal.** Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). Upon withdrawal, the student shall not be eligible to participate in any activity that is subject to drug testing for the remainder of the school year. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Testing Coordinator.

- 6. Drugs.** Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. "Drugs" means:
- a. Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 *et seq.*
  - b. Any substance, which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;
  - c. Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in NEB. REV. STAT. § 48-1902(1).

**7. Testing Procedures**

- a. **Student Selection.** All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing.
- b. **Parental Request.** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental/guardian request and filling out the forms. If a parent requests that they have their student drug tested, the parent/guardian, not the district, will pay the cost of that test.
- c. **Type of Test.** The school district reserves the right to utilize breath or a 12-panel urinalysis testing procedures. Urine samples, which screen positive, will be confirmed by either a Gas Chromatography/Mass Spectrometry (GC/MS) or Liquid Chromatography/Mass Spectrometry (LC/MS) confirmatory test. Positive breath alcohol tests will be confirmed by EBT (Evidential Breath Tester).
- d. **Collection Site.** The Drug Testing Coordinator will designate the boy's and girl's varsity locker rooms as the collection sites at which the student will provide specimens.
- e. **Collection Procedures.** The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list of the

active students participating in extracurricular activities at the time of the test. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request. Collection of specimens will occur at or near the end of the school day.

- f. **Drugs.** Students may be randomly tested for any drugs, including but not limited to Alcohol, amphetamines, barbiturates, benzodiazepines, cocaine, metabolites, LSD, marijuana, metabolites, methadone, methaqualone, opiates, phencyclidine, propoxyphene, and ecstasy.
- g. **Results.** The Drug Program Administrator or their representative shall notify the student's parent/guardian of any positive test after the initial screening. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). An MRO accreditation body will certify the MRO. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will only report results of verified positives to the DPA. The DPA shall then notify the Drug Testing Coordinator of the positive test result. The Drug Testing Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.
- h. **Request for a Retest.** A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will can be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Testing Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s)

must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.

8. **Negative Tests.** Students and their parents will receive verbal or written notice when the student's test result is negative by the district's Drug Testing Coordinator.
9. **Consequences for Testing Positive.** Whenever the test results indicate the presence of drugs, Drug Testing Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Testing Coordinator shall explain the drug testing procedures and the policy of the district. The consequences shall be as follows (**All offenses are cumulative in grades 9-12**):
  - a. **First Offense**

The student shall obtain a drug and alcohol assessment and counseling from a certified substance abuse counselor or licensed mental health provider who holds a valid license that includes in its scope of practice the ability to administer substance abuse evaluations and/or treatment. The drug and alcohol assessment and counseling will be provided to the student by the district. This will be arranged and approved by the Guidance Counselor and the student's parents or guardians. The student shall provide written proof of obtaining the assessment to the guidance counselor. The student is strongly encouraged to comply with the assessment and counselor's recommendations.

The school district will not share drug-testing results with any law enforcement

agencies.

If any portion of this policy is deemed to be contrary to the law of the state of Nebraska or the United States by judicial decision or an act of Congress, then only such portion or provision directly deemed to be unconstitutional shall be stricken, and the remainder of the policy shall remain in full force.

## **Introduction**

Student participation in extracurricular activities has been linked to improved attendance, higher academic achievement, and greater student self-confidence and self-esteem. Southern Valley Public Schools provides students with the opportunity to participate in a comprehensive activities program that includes athletics, fine arts, and select clubs or organizations associated with academic areas.

Although the school district believes strongly in the value of student activities, participation in the activities program is a privilege, not a right. Students must obey the rules set out in this handbook and any additional rules created by their coach or activity sponsor. The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

**Please read this handbook carefully. Students and their parents are responsible for complying with all of the rules and procedures detailed in this booklet.**

**Parents must sign the acknowledgement and permission to participate form at the end of this handbook before their student will be permitted to participate in the activity programs of the district.**

The provisions in this handbook are subject to change at the sole discretion of the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that it is up to date. If you have any questions regarding this handbook, please contact the Activities Director or Superintendent for assistance.

## **SECTION ONE:**

### **GENERAL INFORMATION ABOUT THE ACTIVITIES PROGRAM**

#### **Academic Eligibility**

To be eligible to participate in the school's activity programs, each student must (1) meet Nebraska State Activities Association (NSAA) requirements concerning scholastic eligibility (see Section Three of this Handbook), (2) be registered for 10 credit hours per semester and be in regular attendance, and (3) have not less than a 70% grade in two or more classes for a period of one week to remain eligible to participate in any portion of the activities program. Participants must attend practices and participate in all conditioning during any period of ineligibility. Students will also be ineligible daily if they are missing more than 2 assignments in one class when daily eligibility is run.

The school district will notify a participant and his or her parents whenever the participant is declared academically ineligible.

Students may not participate in any activity, performance or practice while serving a short-term suspension, long-term suspension, or expulsion from school.

#### **Attendance at Practices and Contests**

Participants in the activities program are expected to attend and be on time at all practices and meetings scheduled by the coach or sponsor. Participants may be excused for absences resulting from a participant's illness, a death in the family, a doctor's appointment, a court appearance, or other absences that are arranged in advance. The coach, sponsor, or director of an activity may require a participant who has an excused absence to complete an alternate assignment for missing a practice, meeting, event, performance, or contest. A participant who is unable to attend a scheduled practice, meeting, or game must contact the coach or sponsor in advance. Students who are absent from school due to illness are not required to provide the coach or sponsor with additional notification of the student's absence from practice.

Students who are absent from school beyond the start of 2nd hour will not be permitted to practice or participate in an athletic contest or activity performance unless the student has the building principal's prior permission to participate despite the absence.

If a participant misses a scheduled contest or performance, the coach or sponsor may impose discipline up to and including suspension of the participant from the activity for the remainder of the season or length of the activity.

## **Closings**

Unless the administration determines that it is permissible for the activity to continue as scheduled, all activities will be cancelled or postponed in the event that school has been called off for inclement weather or any other reason as determined by the administration.

## **Colors**

The Southern Valley School colors are purple, black, and silver and the Southern Valley Alma Saints team is columbia blue, navy, and gold

## **Concussion Awareness**

The Nebraska Unicameral has found that concussions are one of the “most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed.”

The School District will:

1. Require all coaches and trainers to complete one of the following on-line courses on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury:
  - Heads UP Concussions in Youth Sports
  - Concussion in Sports—What You Need to Know
2. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
  - a. The signs and symptoms of a concussion;
  - b. The risks posed by sustaining a concussion; and
  - c. The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to

participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed healthcare professional;
- b. has received written and signed clearance to resume participation in athletic activities from the licensed healthcare professional; and
- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed,  
and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed healthcare professional. The school will not take any additional or independent steps to verify the individual's qualifications.

## **Dances**

School dances are part of the district's extracurricular activity program. Students who wish to participate in school dances must comply with the activity code. Each student is responsible for his/her guest's conduct. Appropriate attire is required for these dances. No blue jeans, shorts, or T-shirts will be allowed at the banquet or dance for Prom unless authorized by the Prom sponsors and Activities Director/Principal. Black dress jeans will be acceptable.

## **Electronic Communication**

The school board supports the use of technology by coaches, extracurricular sponsors, and other staff members to communicate with students for legitimate educational, extracurricular, and other school-related purposes. However, electronic communication between students and teachers, sponsors, and coaches shall be appropriate at all times and shall not violate any law, district policies, or the Regulations and Standards for Professional Practices Criteria, commonly known as Rule 27 of the Nebraska Department of Education (“Rule 27”).

## **Equipment**

Each participant in the athletic portion of the activities program will be issued a locker to store his/her personal belongings and school equipment that has been checked out. Students should secure their athletic lockers with combination locks that are checked out to them by the school.

School-owned clothing or equipment that is checked out to individual students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for the intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Each participant is responsible for all equipment checked out to him/her. Students will be assessed the replacement cost for school equipment that has been checked out to him/her and is lost or stolen.

## **Fundraising**

All school-sponsored fundraising activities must be approved by a member of the school district administration. Fundraising for any activity must comply with the district’s policies. Use of the school mascot shall not be permitted unless approved by the Activities Director or Superintendent by any outside entity.

## **Individual Training Rules and Rules of Conduct**

Head coaches or sponsors may develop additional training rules or rules of conduct for their activity. Students are responsible for knowing these rules and complying with them at all times.

## **Initiations and Hazing**

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of “hazing” as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

## **Injuries**

Participants who suffer any type of injury while involved in extracurricular activities must notify the coach or sponsor immediately. The coach or sponsor will then evaluate the injury and, if necessary, notify the participant’s parents or seek immediate medical treatment.

If at any time during participation a doctor removes an athlete from participation because of an illness or injury, the athlete must have a written release from a doctor before participating again. The written release must be given to the coach or sponsor of the activity.

Note: The release requirement will be satisfied if the initial doctor’s order specifies the duration of the student's restriction from participation and/or competition. Also see Concussion Awareness above.

## **Insurance**

The school district does not provide medical or other insurance coverage for students who participate in athletic contests or other activities. It is the parents' responsibility to provide adequate insurance to cover any medical expenses that may be incurred while the student is participating in athletics or other activities.

The school district makes an accident insurance plan available for purchase by participants and their families through an authorized insurance agent. Information about policies which families may purchase will be available prior to each sports season and at fall registration.

## **Lettering Requirements**

Lettering requirements will be communicated in individual sport/activity handbooks to participants

## **Practices**

The individual head coach or sponsor, in cooperation with the Activities Director, will schedule all starting times of practices. All participants are expected to be ready at the time set by the coach or sponsor for practice.

To be eligible to practice, a participant must satisfy the following requirements:

1. Submit to the coach or sponsor a signed physical form from a physician or qualified designee
2. Signed Activities Code of Conduct that verifies the student and parent(s) understands the school's position regarding the school's position regarding the use of possession of alcohol, tobacco, and other related drugs.
3. NSAA Consent to Participate Form
4. \$20 Activities Fee paid to the office

## **Managers:**

Students wishing to serve as student volunteers for extracurricular activities must gain the permission of the activity coach or sponsor. Student volunteers must comply with all of the rules and procedures contained in this handbook. Managers and the number used for each specific sports/activity must be approved by the Activities Director. High school students wishing to be managers take precedence over all other students.

## **Sunday and Wednesday Night Activities**

In order to provide students sufficient time away from school for family-related activities, the school will endeavor not to schedule activities on Wednesday evenings or on Sundays. Practices for Athletics and Activities will be organized so all participants are showered, dressed, and /or leave the facilities by 6:00 p.m. on Wednesday nights. An exception to this guideline would be

when a team, group of students, or an individual may be required to participate in an activity sponsored by the conference, district, or state on a Wednesday night. The school does not allow Sunday practice sessions, except when a varsity team, group of students, or individual is scheduled to compete or perform on a Monday or when approved by the Activities Director ahead of time. Practices scheduled for Sunday must have the prior approval of the activities director or building principal. Practices include any activity that is considered prepping for a contest.

### **Transportation**

All participants are required to ride provided school transportation to an event unless prior authorization is obtained from the Activities Director. Students that do not have this authorization are not allowed to compete if they drive themselves. Students who miss the scheduled leave time designated by the coach/sponsor will be left behind and will not be permitted to drive themselves or compete. Students who miss a bus are also subject to suspension from the coach/sponsor. Students are encouraged but not required to ride home from away activities on school provided transportation. A participant may ride home with his or her parent/guardian only if the parent/guardian signs them out with the coach or sponsor of the activity on the required form. A participant may ride home with an adult if the participant's parent/guardian has personally contacted the Activities Director or designee prior to the activity and the person approved and authorized to take them signs them out.

## Section Three: Nebraska State Activity Association

### Eligibility

In order to represent a high school in interscholastic athletic competition, a student must abide by eligibility rules of the Nebraska School Activities Association. Eligibility requirements are established by the NSAA in its Constitution and its Bylaws and Approved Rulings. These documents can be found online at <https://nsaahome.org/constitution-bylaws/>. A summary of the major rules is given below. Contact the principal, activities director or the activity sponsor or coach for an explanation of the complete rule.

1. Student must be a *bona fide* student of their member school and have not graduated from any high school.
2. After a student's initial enrollment in grade nine, he/she shall be ineligible after eight semesters of school membership beginning with his/her enrollment in grade nine.
3. Student is ineligible if nineteen years of age before August 1 of current school year. (Student in grades 7 or 8 may participate on a high school team if he/she was 15 years of age prior to August 1 of current school year.)
4. Student must be enrolled in some high school on or before the eleventh school day of the current semester.
5. Students must be continually enrolled in at least twenty credit hours per semester and regular in attendance, in accordance with the school's attendance policy at the school he/she wishes to represent in interscholastic competition.
6. Student must have been enrolled and received twenty hours of credit in school the immediate preceding semester.
7. **Guardianship does not fulfill the definition of a legal parent.** If a guardian has been appointed for a student, the student is eligible in the school district where his/her legal parent(s) have their domicile. Individual situations involving guardianship may be submitted to the Executive Director for review and a ruling.
8. A student entering grade nine for the first time after being promoted from grade eight of a two-year junior high, or a three-year middle school, or entering a high school for the first time after being promoted to grade ten from a three-year junior high school is eligible. After a student makes an initial choice of high schools, any subsequent transfer, unless there has been a change of domicile by his/her parents, shall render the student ineligible for ninety school days. If a student has participated on a high school team at any level as a seventh, eighth, or ninth grade student, he/she has established his/her eligibility at the high school where he/she

participated. If the student elects to attend another high school upon entering ninth or tenth grade, he/she shall be ineligible for ninety school days.

9. **Student eligibility related to domicile can be attained in the following manners:**
  - a. If the change in domicile by the parents occurs during a school year, the student may remain at the school he/she is attending and be eligible until the end of the school year or transfer to a high school located in the school district where the parents established their domicile and be eligible.
  - b. If the domicile is changed during the summer months and the student is in grade twelve and the student has attended the high school for two or more years, the student may remain at the high school he/she has been attending and retain eligibility.
  - c. If a student elects to remain at the same high school initially enrolled after being promoted from grade eight of a middle or junior high school, or grade nine of a junior high school, he/she is eligible at that school, or is eligible at a high school located within the school district in which the parents established their domicile.
  - d. **If the legal parents of a student change their domicile from one school district that has a high school to another school district that has a high school, the student shall be eligible immediately in the school district where the parents established their domicile.**
10. Nebraska transfer students whose name appears on the NSAA transfer list prior to May 1 shall be eligible immediately in the fall at the transfer high school. Those students whose name does not appear on the NSAA transfer list prior to May 1 shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.
11. Nebraska transfer students must have signed and delivered all forms necessary to make such transfer to the school in which he/she intends to enroll for the 2020-2021 school year prior to May 1, 2020; for the student to be eligible, the school to which the transfer is being made must have notified the NSAA office via an NSAA online transfer form, no later than May 1, 2020. The student would become ineligible for ninety school days the next fall if the student were to change his/her mind and decide not to transfer. If such student were to transfer to the new school, but later decides to return to his/her former district before 90 school days have elapsed, such student will be ineligible in the former district for 90 school days, with the ineligibility period commencing at the start of the fall semester. Those students who did not have their enrollment forms signed, delivered, and accepted prior to May 1, 2020, shall be ineligible for ninety school days, with such transfers being subject to hardship waiver guidelines.

12. Once the season of a sport begins, a student shall participate in practices and compete only in athletic contests/meets in that sport, which are scheduled by his/her school. Any other competition will render the student ineligible for a portion of, or all of, the season in that sport. The season of a sport begins with the first date of practice as permitted by NSAA rules.
13. During the season of a particular sport, athletes participating in that sport for a high school may attend, but may not physically take part, either as an individual or as a member of a team, in the sport activity in which instruction is being offered in the clinic, camp, or school. (\*Refer to NSAA Bylaw 3.5.1.1 for exception in Swimming and Diving.)
14. A student shall not participate on an all-star team while a high school undergraduate.
15. A student must maintain his/her amateur status.

### **NSAA Sportsmanship Rules**

Students must abide by the Nebraska School Activities Association Sportsmanship Rules. A complete copy of these rules can be found at <http://www.nsaahome.org/nsaaforms/pdf/manualsp.pdf>. Unsportsmanlike conduct shall include physical or verbal assault upon any participant, game official, or spectator, or any acts that may endanger the personal safety of individuals involved, or acts which hinder the normal progress of a contest or lead to the restriction or discontinuance of a contest.

If a student, participant, patron, and/or staff member representing a member school acts in a manner constituting unsportsmanlike behavior during competition the member school and/ or individuals shall be subject to penalties. A student, participant, patron, and/or staff member may not be permitted to attend activities if involved in unsportsmanlike conduct.

## **Section Four:**

### **Code of Conduct Athletes and Parents/Fans**

#### **Standard Code of Conduct**

Participation in school-sponsored or extracurricular activities is a privilege and not a right. Participants must follow board policy, this code, and all the training rules and rules of conduct of the coaches and/or activity sponsors. Students participating in school-sponsored or extracurricular activities are held to a high standard. Students are expected to conduct themselves in a way that is lawful, responsible, promotes the values upon which the school is based, and that brings credit to themselves and the school. Students who fail to live up to the required standard of all conduct are guilty of detrimental conduct and subject to discipline under all school policies, the general student code of conduct, and Activity Participation Rules. The Administration of Southern Valley School District is allowed to hand down consequences they feel fit for any activity that is detrimental to the overall goal and objective of the Southern Valley School District and its Activities Programs.

#### **Southern Valley Activities Policy**

By choosing to be a part of the activity program at Southern Valley Jr. Sr. High School, a student agrees to abide by the training rules established by the coaches, sponsors, and administration. These rules and policies have been adopted by the Southern Valley Board of Education. The coaches, sponsors, administration and Board of Education are in agreement that the use or possession of tobacco, alcohol, and controlled substances are not only detrimental to the student but, also to the activity they represent. All school-sponsored extracurricular activities will fall under these guidelines.

The following guidelines are in effect from the NSAA first allowable practice date in the fall of the students 7th grade year to the last scheduled NSAA activity which Southern Valley High School offers in the spring of a students senior year. These rules apply to all students, grades 7-12, who have participated in an activity, who are currently participating in an activity, or who plans to participate in an activity in the future. **If a student is in violation of the first offense, he/she will be placed on probation for the remainder of the school year from the time of confession or conviction, and any further violations in the probationary period will constitute a second offense.** In the event an investigation is warranted, and the student in question does not confess to the infraction and is convicted in a court of law, he/she will automatically be subject to the penalty as a second offense from the time of the conviction. A student is required to serve out his/her penalty before he/she will be allowed to participate in any further competition in any activity program at Southern Valley Schools. A student can practice and attend public performances, but may not participate in the public performance while serving his/her suspension. Suspensions can and will be carried over to the next activity season in which the student chooses to participate in. All school/community service work must be done outside of the regular school day within the Southern Valley School District. Public performances include Junior Varsity, 9/10, and Junior High contests.

The Principal and/or the Activities Director will make an independent investigation into any matters which result in a student being charged with a violation. The following are some situations that may warrant an investigation:

1. Students in school-sponsored and/or extracurricular activities may not engage in the following conduct . . . Possession, use, distribution, or being at parties in the presence of alcohol, illicit drugs, tobacco, or controlled substances, or any lookalike or imitations thereof, without parental supervision, or being under the influence of alcohol, illicit drugs, tobacco, or controlled substances, or any lookalike or imitations thereof. "Lookalike or imitations" means substances such as K2 and products like electronic cigarettes, vapor pens, etc. (Note: the term "under the influence" for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it includes being impaired by reason of the use or abuse of any substance for the purpose of inducing a condition of intoxication, stupefaction, depression, giddiness, paralysis, inebriation, excitement, or irrational behavior, or in any manner changing, distorting, or disturbing the auditory, visual, mental, or nervous processes). This policy will take effect for a student entering the first day of school in 7<sup>th</sup> grade and last 365 days a year until the last Activity/Athletic event day of the student's senior year.
2. Any information provided by law enforcement officers as to the violation of these policies.
3. Any conviction involving the use, possession, or distribution of controlled substances or alcoholic beverages.
4. Any confession by the student involving the use, possession, or distribution of tobacco, alcohol, or any controlled substances.
5. If the student is charged or convicted of any criminal charge or determined to be a delinquent child under any other circumstances which is indicative of the behavior not representative of a good citizen.
6. Any person under nineteen years of age who attends Southern Valley who possesses, dispenses, delivers, or administers anabolic steroids as defined in section 28-401 in violation of the Uniform Controlled Substances Act

Any further appeal would have to come through the judicial process.

**MANDATORY DRUG TESTING POLICY FOR STUDENTS  
INVOLVED IN EXTRACURRICULAR ACTIVITIES OR THAT HAVE VOLUNTARILY  
BEEN PLACED IN THE DRUG TESTING PROGRAM BY THEIR PARENT/GUARDIAN  
at SOUTHERN VALLEY SCHOOLS**

**Implementation Date: January 4<sup>th</sup>, 2017**

**Extracurricular Drug Testing Program**

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 7-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

**DEFINITIONS**

**DPA:** A national certified Drug Program Administrator, which shall use a certified laboratory in testing of samples. The Board will choose a nationally certified DPA for the purpose of determining through random selection the student(s)/participant(s) to be tested.

**DPC:** The Drug Program Coordinator shall be the building Principal/Activities Director or his/her designee.

**MRO:** Medical Review Officer

1. Purpose of Random Drug Testing

- 1) To provide for the health and safety of all students;
- 2) To undermine the effects of peer pressure by providing legitimate reason for students to refuse use of illegal drugs and/or alcohol;
- 3) To identify students who use illegal drugs and/or alcohol; and
- 4) To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

2. Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy. This policy may also be included in the student handbook. An orientation for students and parents will be held at the start of the school year to talk about the policy and procedures.

3. Activity Programs: Any activity that meets the guidelines of an extracurricular activity at Southern Valley Public Schools, which shall include the following but not limited to:

All Southern Valley activities including (homecoming, prom, and graduation).

4. Students Who Are Required to Submit to Drug Testing

a. Grades. All students in grades 7-12 who participate in any extracurricular activity or competition listed above are part of the pool subject to random drug testing.

b. Consent. A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to tryout for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.

c. Selection Pool Eligibility. Students shall remain in the selection pool for an entire calendar year (365 days) from the date the consent form is received by the school district except that students who quit during the season or activity (prior to being selected for testing) or students who are cut from an activity will be removed from the testing pool. A participant may be subject to testing at any time during the said 365-day period. Any student who tests positive during the school year will be tested through the summer months. Summer months are from the first day after the last day of classes in the spring through the last day before the first day of classes in the fall.

d. Withdrawal. Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). Upon withdrawal, the student shall not be eligible to participate in any activity that is subject to drug testing for 365 days from the date of withdrawal. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Program Coordinator.

5. Drugs. Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. "Drugs" means:

a. Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 *et seq.*

b. Any substance which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;

c. Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in Neb. Rev. Stat. § 48-1902(1).

6. Testing Procedures

a. Student Selection. All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing. The DPA will identify students on the master by number.

b. Reasonable Suspicion Testing. In addition to random drug testing, a student is subject to drug testing at any time when the Drug Program Coordinator determines there is individualized reasonable suspicion based upon articulable facts to believe that the student

has used a drug. The Drug Program Coordinator will notify the student and take the necessary steps to schedule a test as soon as practicable.

- c. **Parental Request.** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental request. Parent(s)/guardians may also request that their student be subject to non-random drug screening. The school will arrange for the test as soon as practicable. The parent(s)/guardian(s) making a request under this subparagraph must submit a signed consent form and indicate which type of test is being requested. Any cost associated with tests administered as a result of parental request must be paid by the parent(s)/guardian(s) in advance of the test.
- d. **Type of Test.** The school district reserves the right to utilize breath, saliva, hair or urinalysis testing procedures. Urine and oral fluid samples, which screen positive, will be confirmed by GC/MS (Gas Chromatography/Mass Spectrometry). Positive saliva or breath alcohol tests will be confirmed by EBT (Evidential Breath Tester).
- e. **Collection Site.** The Drug Program Coordinator will designate the collection site at which student will provide specimens. The collection site may be off the premises of the school district.
- f. **Sample Collection.** Samples will be collected as directed by the Drug Program Administrator on the same day the student is selected for testing, or if the student is absent an alternate will be selected, in sequential order, from an alternate list provided by the Drug Program Administrator. If a urine sample is required, all students providing samples will do so alone in an individual bathroom or stall with the door closed.
- g. **Collection Procedures.** The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request.
- h. **Drugs.** Students may be randomly tested for any drugs, including but not limited to alcohol, amphetamines, marijuana or cannabinoids, cocaine, methadone, methaqualone, propoxyphene, hallucinogens, opiates, phencyclidine, synthetic opiates and PCP, steroids, barbiturates, benzodiazepines, alcohol, and any prescription drug that was obtained without proper authorization.
- i. **Results.** The DPA shall notify the student and the Drug Program Coordinator of any positive test after the initial screening. The school representative shall notify the student's parents. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). The MRO will be certified by an MRO accreditation body. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result either face-to-face or over

the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will report results of verified positives to the DPA. The DPA shall then notify the Drug Program Coordinator of the positive test result. The Drug Program Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.

- j. Request for a Retest. A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Program Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.
- k. Scope of Tests: The drug screen tests for one or more illegal drugs and/or alcohol. The Drug Program Coordinator shall determine which illegal drugs shall be screened, but in no event shall that determination be made after the selection of students for testing. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug use.
- l. Non-Punitive Nature of Policy: No student shall be penalized academically for testing positive for illegal drugs or alcohol. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified as soon as possible by the district.

- 7. Consequences for Testing Positive. Whenever the test results indicate the presence of drugs, Drug Program Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Program Coordinator shall explain the drug testing procedures and the policy of the district. The consequences shall be as follows (All offenses are cumulative in grades 7-12):

Students lose the opportunity to self-report once they are randomly selected for testing.

## **Fan & Parent Code of Conduct**

The intent of the Southern Valley School Districts Activities program is to provide a wide variety of opportunities for our students to explore their gifts and talents through the Arts and Competition. The intent is for students to learn the value of teamwork, dedication, determination, goal setting, and sportsmanship. As a district we want our fans and parents to set the example of sportsmanship through respect for the game, opponents and officials for our students to follow. Behavior that does not follow these guidelines is unacceptable and will not be tolerated. If you as a fan or parent at an activity are not providing a good example for our students to follow you will be asked to meet with the Activities Director and will be given a written warning of the poor behavior and the consequences if this type of behavior occurs again. If you are ejected from a game for poor fan behavior or fan misconduct you will be automatically given up to the following suspension. This suspension will not be shorter but can be made longer by the Administrative Team, if conduct dictates so.

1<sup>st</sup> Offense: 14-day suspension from all Southern Valley Activities and Athletics.

2<sup>nd</sup> Offense: 365-day suspension from all Southern Valley Activities and Athletics.

3<sup>rd</sup> Offense: Lifetime suspension from all Southern Valley Activities and Athletics.

## **Section Five: Concussions**

### **A Parent's Guide to Concussions**

#### **WHAT IS A CONCUSSION?**

A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. An athlete does not have to lose consciousness (“knocked-out”) to suffer a concussion.

#### **CONCUSSION FACTS**

- It is estimated that more than 140,000 high school athletes across the United States suffer a concussion each year. (Data from NFHS Injury Surveillance System).
- Concussions occur most frequently in football, but girl’s lacrosse, girls’ soccer, boy’s lacrosse, wrestling, and girls’ basketball follow closely behind. All athletes are at risk.
- A concussion is a traumatic injury to the brain.
- Concussion symptoms may last from a few days to several months.
- Concussions can cause symptoms that interfere with school, work, and social life.
- Athletes who have symptoms from a concussion should not return to sports because they are still at risk for prolonging symptoms and further injury.
- A concussion may cause multiple symptoms. Many symptoms appear immediately after the injury, while others may develop over the next several days or weeks. The symptoms may be subtle and are often difficult to fully recognize.

#### **WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?**

##### **Signs Observed by Parents or Guardians**

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can’t recall events prior to hit or fall
- Can’t recall events after hit or fall

### Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

### **WHAT SHOULD I DO IF I THINK MY CHILD HAS HAD A CONCUSSION?**

An athlete who is suspected of having a concussion must be removed from play immediately, whether it is in a game or practice. Continuing to participate in physical activity after a concussion can lead to worsening concussion symptoms, increased risk of further injury, and even death. Parents and coaches are not expected to be able to “diagnose” a concussion, as that is the job of a medical professional. However, they must be aware of the signs and symptoms of a concussion and if they are suspicious, the child must stop playing:

### **WHEN IN DOUBT – SIT THEM OUT!**

Every athlete who sustains a concussion needs to be evaluated by a health care professional who is familiar with sports concussions. Parents should call their child’s physician, explain what has happened, and follow the physician’s instructions. A child who is vomiting, has a severe headache, or has difficulty staying awake or answering simple questions should be taken to the parent’s doctor or emergency room immediately.

### **WHEN MAY AN ATHLETE RETURN TO PLAY FOLLOWING A CONCUSSION?**

No athlete who has suffered a concussion should return to play or practice the same day. Previously, athletes were allowed to return to play if their symptoms resolved within 15 minutes of the injury. Studies have shown that the young brain does not recover quickly enough for an athlete to return to activity in such a short time.

Concerns about athletes who return to play too quickly have led state lawmakers in Oregon and Washington to pass laws stating that **no athlete shall return to play on the day he or she suffered a concussion and the athlete must be cleared by an appropriate health care professional before he or she are allowed to return to play in games or practices.** The laws also mandate that coaches receive education on recognizing the signs and symptoms of concussion.

Once an athlete is free of symptoms of a concussion and is cleared to return to play by a healthcare professional knowledgeable in the care of sports concussions, he or she should proceed with activity in a stepwise fashion to allow the brain to readjust to exertion. On average, the athlete will complete a new step each day. The return-to-play schedule should proceed as below following medical clearance:

*Step 1:* Light exercise, including walking or riding an exercise bike. No weight-lifting.

*Step 2:* Running in the gym or on the field. No helmet or other equipment.

*Step 3:* Non-contact training drills in full equipment. Weight training can begin.

*Step 4:* Full contact practice or training.

*Step 5:* Game play.

If symptoms occur at any step, the athlete should cease activity and be re-evaluated by a health care provider.

### **HOW CAN A CONCUSSION AFFECT SCHOOLWORK?**

Following a concussion, many athletes will have difficulty in school. These problems may last from days to months and often involve difficulties with short and long-term memory, concentration, and organization.

In many cases, it is best to reduce the athlete's class load after the injury. This may include staying home from school for a few days, followed by a lightened schedule for a few days or perhaps a longer period of time if needed. Decreasing the stress on the brain soon after a concussion may reduce symptoms and shorten the recovery period.

### **WHAT CAN YOU DO?**

- Both you and your child should learn to recognize the "Signs and Symptoms" of a concussion as listed above.
- Emphasize to administrators, coaches, teachers, and other parents your concerns and expectations about concussion and safe play.
- Teach your child to tell the coaching staff if he or she experiences such symptoms.
- Teach your child to tell the coaching staff if he or she suspects that a teammate has a concussion.
- Monitor sports equipment for safety, fit, and maintenance.
- Ask teachers to monitor any decrease in grades or changes in behavior that could indicate concussion.
- Report concussions that occurred during the school year to appropriate school staff. This will help in monitoring injured athletes as they move to the next season's sports.

## **OTHER FREQUENTLY ASKED QUESTIONS:**

### **Why is it so important that an athlete not return to play until they have completely recovered from a concussion?**

An athlete who has not fully recovered from an initial concussion is very vulnerable to recurrent, cumulative, and even catastrophic consequences of a second concussive injury. Such difficulties are prevented if the athlete is allowed time to recover from the concussion and return-to-play decisions are carefully made. No athlete should return to sport or other at-risk participation when symptoms of a concussion are present and recovery is ongoing.

### **Is a “CT scan” or MRI needed to diagnose a concussion?**

Diagnostic testing which includes CT (“CAT”) and MRI scans are rarely needed following a concussion. While these are helpful in identifying life-threatening brain injuries (e.g., skull fracture, bleeding, swelling), they are not normally used, even by athletes who have sustained severe concussions. A concussion is diagnosed based upon the athlete’s story of the injury and the health care provider’s physical examination.

### **What is the best treatment to help my child recover more quickly from a concussion?**

The best treatment for a concussion is rest. There are no medications that can speed the recovery from a concussion. Exposure to loud noises, bright lights, computers, video games, television, and phones (including text messaging) may exacerbate the symptoms of a concussion. You should allow your child to rest as much as possible in the days following a concussion. As the symptoms decrease, you may allow increased use of computers, phone, video games, etc., but the access must be reduced if symptoms worsen.

### **How long do the symptoms of a concussion usually last?**

The symptoms of a concussion will usually go away within one week of the initial injury. You should anticipate that your child will likely be out of sports for about two weeks following a concussion. However, in some cases, symptoms may last for several weeks or even months. Symptoms such as headache, memory problems, poor concentration, and mood changes can interfere with school, work, and social interactions. The potential for such long-term symptoms indicates the need for careful management of all concussions.

### **How many concussions can an athlete have before he or she should stop playing sports?**

There is no “magic number” of concussions that determine when an athlete should give up playing contact or collision sports. The circumstances surrounding each individual injury, such as the way the injury happened and length of symptoms following the concussion are very important and must be considered when assessing the athlete’s risk for further and potentially more serious concussions. The decision to “retire” from sports is a decision best reached following a complete

evaluation by your child's primary care provider and consultation with a physician or neuropsychologist who specializes in treating sports concussion.

**I've read recently that concussions may cause long-term brain damage in professional football players. Is this a risk for high school athletes who have had a concussion?**

The issue of "chronic encephalopathy" in several former NFL players has received a great deal of media attention lately. Very little is known about what may be causing dramatic abnormalities in the brains of these unfortunate retired football players. At this time, we have very little knowledge of the long-term effects of concussions that happen during high school athletics.

In the cases of the retired NFL players, it appears that most had long careers in the NFL after playing in high school and college. In most cases, they played football for over 20 years and suffered multiple concussions in addition to hundreds of other blows to their heads. Alcohol and steroid use may also be contributing factors in some cases. Obviously, the average high school athlete does not come close to suffering the total number or sheer force of head trauma seen by professional football players. However, the fact that we know very little about the long-term effects of concussions in young athletes is further reason to carefully manage each concussion.

**AUTHORIZATION AND ACKNOWLEDGEMENT**

**WARNING: SERIOUS CATASTROPHIC AND PERHAPS FATAL INJURY MAY  
RESULT FROM ATHLETIC PARTICIPATION**

Many forms of athletic competition result in violent physical contact among players, the use of equipment that may result in accidents, strenuous physical exertion, and numerous other exposures to risk of injury. Students and parents must assess the risks involved in such participation and make their choice to participate in spite of those risks. No amount of instruction, precaution, or supervision will eliminate these risks. Students have suffered accidents resulting in death, paraplegia, quadriplegia, and other very serious permanent physical impairment while playing sports. By granting permission for your student to participate in athletic competition, you, the parent or guardian, acknowledge that such risk exists. Students will be instructed in proper techniques to be used in athletic competition and in the proper utilization of all equipment worn or used in practice and competition. Students must adhere to that instruction and utilization and must refrain from improper uses and techniques.

I understand the statement above and I understand that by allowing my student to participate in athletic events, I assume the risk that he/she may be injured, perhaps severely.

## **Student Drug Testing Procedure – School Board Policy #5306:**

Students who participate in school sponsored competitive extracurricular activities at the high school (Grades 7-12) level are eligible for random testing. School sponsored competitive extracurricular activities are activities which are sponsored or approved by the Board, but are not offered for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation. School sponsored competitive extracurricular activities include, but are not limited to, athletic programs, cheerleading, dance team, band, Student Council, National Honor Society, FFA, academic teams, One-Act, choir, Quiz Bowl, and Speech Team.

To participate in a school sponsored competitive extracurricular activity, students must submit a completed Consent to Test Form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed Consent to Test Form will result in ineligibility for participation in school sponsored competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the Consent to Test Form is turned in, until a Drop Form is completed, or until the student graduates or is otherwise no longer enrolled in the District. A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for twelve months from the date the Drop Form is submitted. Students have a fifteen (15) day grace period for reconsideration of a Drop Form.

Students who are not participants in a school sponsored competitive extracurricular activity may volunteer for participation in the testing program by submitting a completed Consent to Test Form.

## **TRAINING RULES**

The Alma School District recognizes that the use of tobacco, vapor products (e-cigarettes) or other alternative nicotine products or tobacco products look-alikes, alcohol and illegal drugs is a significant health and social problem. Student tobacco, tobacco products look-alikes, alcohol, and illegal drug use results in negative effects on behavior, learning, social and physical development. Because we believe we have the obligation to address what we consider to be detrimental influences on student performance, achievement and development, the following substance abuse/unlawful act/activity participation policy was developed. It is part of a total effort to discourage the use of tobacco, tobacco products look-alikes or alternatives, alcohol, other illegal drugs or prevent unlawful acts by the young people of our community. Unlawful acts are those such as theft, vandalism, and other crimes of similar severity.

Students who participate in school sponsored competitive extracurricular activities at the high school (Grades 7-12) level are eligible for random testing. School sponsored competitive extracurricular activities are activities which are sponsored or approved by the Board, but are not offered for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation. School sponsored competitive extracurricular activities include, but are not limited to, all athletic programs (football, softball, volleyball, wrestling, basketball, golf, track, bowling, E-Sports and any other athletic programs approved by the Board of Education), cheerleading, dance team, band, choir, Student Council, National Honor Society, FFA, academic teams, One-Act, all school plays, Quiz Bowl, Speech Team and school sponsored dances/banquets including but not limited to homecoming and prom.

To participate in a school sponsored competitive extracurricular activity, students must submit a completed Consent to Test Form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed Consent to Test Form will result in ineligibility for participation in school sponsored competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the Consent to Test Form is turned in until a Drop Form is completed, or until the student graduates or is otherwise no longer enrolled in the District. A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for twelve months from the date the Drop Form is submitted. Students have a fifteen-day grace period for reconsideration of a Drop Form.

Students who are not participants in a school sponsored competitive extracurricular activity may volunteer for participation in the testing program by submitting a completed Consent to Test Form. The use of dogs to walk the school hallways, locker rooms, parking lot or other parts of the school grounds to determine the presence of illegal drugs will occur at any time during the school year and without prior notice to students or parents/guardians.

Any student of the Junior or Senior High School shall be subject to the penalties outlined below if it is determined that the student has violated the following student conduct policy: Engaging in selling, using, possessing or dispensing of alcoholic beverages, tobacco, tobacco products look-alikes or alternatives, narcotics, or any other form of mind-altering chemicals, or being under the influence of any of the above or possession of drug paraphernalia, or committing any unlawful act such as theft, vandalism, and other crimes of similar nature. Such determination shall be based on a witnessed violation, an admitted violation, or upon citation by law enforcement. Witnessed violations shall be reported by any school employee to the activities director, sponsor involved, or to the school's administration. School officials will also rely upon law enforcement officials in determining violations.

The following are some situations that will result in suspension:

- (a) Any witnessing of a student involving the use, possession, selling or distribution of tobacco, tobacco products look-alikes or alternatives, alcohol, controlled substance, or any other form of mind-altering chemicals or drug paraphernalia by any member of the staff of Alma Public Schools.
- (b) Any confession by a student to a teacher, school administrator, or law enforcement officer involving the use, possession, selling or distribution of tobacco, tobacco like products or alternatives, alcohol, controlled substance, or any other form of mind-altering chemicals or drug paraphernalia or admitting to an unlawful act as described above.
- (c) **Any citation** by law involving the use, possession, selling or distribution of tobacco, tobacco products look-alikes or alternatives, alcohol, controlled substance, or any other form of mind-altering chemicals or drug paraphernalia or committing an unlawful act as described above.
- (d) **Any positive test result** as outlined in the Student Drug Policy #5306. The following shall be considered to be a positive test result: A confirmed positive alcohol or drug test; refusal to participate in testing when selected, including the submission of a Drop Form upon being requested to be tested; and/or tampering with the specimen collection process.

**The enforcement of this policy will begin with the official starting day of the fall sport season established by the Nebraska School Activities Association and will end on the last official day of school**

**in a given year as established by the Board of Education unless the activity extends beyond the last official day of school. Any punishment not carried out during the current school year will be carried over to the next school year until the punishment is completed.**

This policy applies to students participating in the following activities:

- All athletics – Football, Volleyball, Cross Country, Cheerleading, Wrestling, Basketball, Track, Golf, Softball, Bowling.
- Fine arts activities including but not limited to: Speech, Vocal and Instrumental Music Concerts, Drama, One-Act Play, All-School Play, District Music Contest.
- School sponsored activities including but not limited to National Honor Society, Student Council, School Dances (including Prom), Yearbook Staff, Academic Bowl Teams, Future Farmers of America (FFA) and Homecoming Activities.

**Penalty for violation of this policy:**

- **First Infraction** – A student who self-reports a violation of this policy to the principal or superintendent by 8:30 AM the next school day after a violation has occurred will not be allowed to participate in any activity for a period of two weeks (10 school days and/or days with school activities in which the student is a participant), beginning with the first scheduled contest in that activity. Any student who fails to notify the schools administrator of a violation by 8:30 AM the next school day after a violation has occurred will not be allowed to participate in any activity for a period of four weeks (20 school days and/or days with school activities in which the student is a participant), beginning with the first scheduled contest in that activity. After a first infraction, a student may be subject to drug testing for the remainder of the school year.
- The student will be required to practice and attend contests with the team, although not dressed out, and will assist the coach or sponsor if necessary. If the violation occurs between seasons or events, the penalty will be enforced during the next season or event. Students who go out for an activity to serve their punishment will be expected to finish the season in an activity or the punishment will not be allowed to be worked off.
- If the violation occurs when school is in session or during any school activity home or away, on school property and/or school vehicles, the student will not be allowed to participate in any activity for a period of four weeks (20 school days and/or days with school activities in which the student is a participant), beginning with the first scheduled contest in that activity. The student will also be subject to a suspension by the school administrators as per-incident may warrant. All incidents will be reported to the student's parents/guardians and may be reported to the Harlan County Sheriff Department.
- **First Positive Test Offense** - the student is ineligible to participate in any extracurricular activities for twenty school/activity days. The student may continue to participate in extracurricular activities if within ten school days of the meeting with the parents or guardians the student shows proof that the student is receiving substance abuse counseling with a qualified professional and submits to a second drug test within two weeks.
- **Second Infraction/Positive Test Offense** - the student is suspended from participation in any extracurricular activity for forty-five school/activity days. To return to participation, the student must complete substance abuse counseling as and to the extent determined appropriate by a qualified professional, and in any event for no less than four hours; must submit to two follow up drug tests with a negative result; and be subject during the next twelve month period to follow up drug tests. In addition to the requirements mentioned above, the student can reduce the number of suspended days if they continue to attend and participate in their current activity's practices. For each day the student attends

their current activity's practices, one day will be deducted from the total number of suspended days. While a student is suspended, they are not allowed to represent Alma Public Schools in any competition.

- **Third Infraction/Positive Test Offense** - the student is suspended from participation in any extracurricular activity for ninety school/activity days. To return to participation, the student must complete substance abuse counseling as and to the extent determined appropriate by a qualified professional, and in any event for no less than eight hours, and must submit two follow up drug tests with a negative result; and be subject during the next twelve month period to follow up drug tests. In addition to the requirements mentioned above, the student can reduce the number of suspended days if they continue to attend and participate in their current activity's practices. For each day the student attends their current activity's practices, one-half day will be deducted from the total number of suspended days. While a student is suspended, they are not allowed to represent Alma Public Schools in any competition.
- **Subsequent Infraction/Positive Test Offenses** - the student is ineligible to participate in any extracurricular activity for ninety school/activity days. To return to participation, the student must complete substance abuse counseling as and to the extent determined appropriate by a qualified professional, and in any event for no less than twelve hours, and must submit two follow up drug tests with a negative result; and be subject during the next twelve month period to follow up drug tests.
- The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up testing described above.
- Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above described limitations on the privilege to participate in extracurricular activities.
- Any student convicted or adjudicated in juvenile court of a felony will be dismissed from all activities for the remainder of the school year and may be subject to suspension or expulsion from school based on the seriousness of the incident.

**The above rules are a minimum for all activities. Individual coaches, sponsors, and the administration may add additional rules for their activity.**

- ✓ Sometime we will need to discuss what the consequence should be for students who chose not to participate in the "work" associated in raising funds for events like Homecoming and Prom, but want all the benefits from these events. This is becoming a growing issue across the board where students are not showing up to help with concession stands, community service projects, working to do anything with a fundraiser, or helping with events that are planned for the organization. This will be a discussion amongst the staff as well.

**3. Other Information**

## Wellness Committee Meeting

February 24, 2021(Rescheduled from February 15th) - Minutes

Members Present: Adam Boettcher (Chair), Windy Ingram (School Board Member), Jamie Silas (Elem. Teacher), Leah Stall (Elem. PE Teacher), Phillip Baumgart (JH Science Teacher), Erica Bonham (FACS Teacher), Ryan Hoffman (HS PE Teacher), Jan Weiss (Patron), Taelyn Pritchard (Student)

Members Absent: Michelle Kahrs (Parent), Tavin Uden (Student), Sierra Bloos (Student), Logan Wentworth (Student)

1. The meeting began at 5:04 pm with a welcoming of Mrs. Windy Ingram our New School Board Member representative, who replaced Mrs. Raquel Felzien. Raquel is no longer on the school board and we thank her for her time and dedication to this committee.
2. The main purpose of the meeting was to discuss the Parent and Student/Staff Lunch Surveys that were made available during the month of January. In light of the current lunch staff resigning on Tuesday, February 22nd, we decided to make a list of things that we would like to share with the upcoming new lunch staff, to try and help them be more successful. Here is that list:
  - a. We feel that some kind of training in how to best interact with kids of all age groups would be very beneficial. However we would also like to suggest that the new cooks do the best they can to remember that they are a service, and we would like them to be upbeat, welcoming, and never discipline students. Leave the disciplining to the lunchroom monitors, teachers, or administrators.
  - b. Relationship build with staff and students
  - c. Do what we can to prepare the new staff for the idea that this job is a hard working thankless job that receives a lot of unnecessary criticism especially from students, and parents, but can also include staff.
  - d. We need to continue to work at developing a Lunch Meal plan that includes 30 or so meal ideas that students like and are continually rotated each month so that kids are excited to eat lunch.
  - e. Do the best we can to make sure we are not planning similar lunches (i.e. walking tacos on Monday, and then crisпитos on Tuesday, or having an all Chicken week), in a single week.
  - f. Do the best you can to prepare both Lunch and Breakfast from scratch more often.
  - g. Make sure you are doing desserts 2-3 times a week. It doesn't have to be glamorous, but pudding, cookies, cakes, brownies, etc., once in a while will go a long way.
  - h. We feel that it is very important that not only the new cook staff, but all staff and even board members be educated and encouraged to better use the chain of command when it comes to complaints and/or grievances. And then leave that in

the hands of the immediate supervisor and/or between the two people to be resolved. Once resolved or discussed/worked out, leave it alone.

- i. We also feel it is important that staff work with students to not allow so much complaining about things they cannot control. For example, mistakes at lunch, or things they didn't like about lunch. On the same token, staff needs to work to be more professional so that they are not adding to the complaining about lunch or something one of the lunch staff did or didn't do. Instead we refer back to the grievance and complaint procedures to try and work out the situation.
3. Wellness Day - Two years ago we worked with the student council to have a wellness day for the 7-12 grade in which we did multiple wellness activities for all students for one Friday in April. Due to Covid-19 this day was not possible during last school year, and the committee has decided that since Covid-19 is still an issue, as well as the fact that April already has a lot of different interruptions this year, we will postpone trying to do this day again until the 21-22 school year.
4. The meeting adjourned at 5:40 pm and we will look to set a date for our final meeting of the school year by the end of the March or beginning of April. This meeting will be focused on filling out and finalizing the NDE required survey on our wellness policy.

## Franklin School Lunch Parent Survey (2020-2021)

#	SUGGESTIONS FOR IMPROVEMENT	DATE
1	Get someone in there that can actually cook. For some children this may be the only meal they get. 3 50 cent peice size chicken nuggets, and watery macaroni does not cut it. The raw chicken, terrible portion sizes, and lack of culinary knowledge, and or care is very disappointing. Kids should not have to make phone calls, because they are still hungry, or the food is uncooked, or unhealthy.	1/27/2021 9:12 AM
2	Having enough food to at least feed the kids would be nice. Offering more than 1 hot lunch option. Having a microwave in place for the kids to use to warm up their cold food from home. Offering orange juice, apple juice, cranberry juice, or otherwise in place of the rotten milk. Having a salad bar stocked with FRESH veggies and FRESH fruit.	1/7/2021 4:33 PM
3	cook the meat, encourage seconds/larger servings	1/6/2021 1:53 PM
4	Better meals or better cooking possibly? And also making sure there is actually enough food. Not only have I heard complaints at home about some days the food being so terrible that the kids aren't eating but my high school age has said that there are days that by the time they get fed they hardly have any food because they are running out. And after talking to my elementary aged son, his portions were bigger than my high school aged!	1/5/2021 3:16 PM
5	Make sure food is fully cooked. Too many times kids eat raw chicken or whatever. Large portion sizes. Kids come home starving all the time now cause they don't get any food hardly at lunch.	1/5/2021 1:02 PM
6	Kids complain daily	1/5/2021 11:41 AM
7	Portion sizes seem way small	1/5/2021 11:05 AM
8	larger serving portions for children	1/5/2021 10:56 AM

### Q3 What healthy foods do you suggest we add that we don't currently offer?

Answered: 19 Skipped: 0

#	RESPONSES	DATE
1	According to the survey at home, it's not the selection, it is how it's prepared and proportion size. And there's nothing on the salad bar. Get rid of the ridiculous Obama rules and feed these kids healthy food.	1/27/2021 9:12 AM

8	When COVID restrictions are lifted, more fruit on the salad bar.	1/5/2021 7:30 PM
9	MORE fresh fruit and vegetables	1/5/2021 7:25 PM
10	I think making sure there is a good variety of vegetables available is important since at school of the kids don't bloke it they just don't eat. I know there have been issues with Covid and buffets this year, but I think there should be ways that you could offer more vegetable options	1/5/2021 3:16 PM

7	bring back salad bar-Check with Webster county as they have theirs	1/6/2021 1:53 PM
8	For items on your menu that have vegetables added (omelettes, breakfast burritos, casseroles, big chunks of tomato in chili) maybe make versions without or make the veggies separately so they can be added in by those who like them. Picky eaters that like those items normally won't eat them because of the added veggies.	1/5/2021 7:30 PM
9	Ensure food is cooked through	1/5/2021 7:25 PM
10	Fresh vegetables instead of cooked would make a huge difference with my elementary aged. Other than corn and green beans, he really doesn't like cooked veggies and prefers them raw. And though at home he eats what he's given, at school he has the option not to, so if he doesn't want it he just won't eat	1/5/2021 3:16 PM

Answered: 14 Skipped: 5

#	RESPONSES	DATE
1	Maybe have the lunch ladies take cooking classes? That could help. I understand there are regulations, thank you Michele Obama, regardless when kids are calling outside of school to have food brought in, when you get 3 50 cent piece chicken nuggets, when you make a taco out of a noodle, when you take chicken noodle salad and place it on a bun, that's not acceptable. The taxes that we pay to the school are out of this world, and with the funding done things need to change.	1/27/2021 9:12 AM
2	Cook the meat !!!! Make sure there is enough food made for all of the kids. This may be the only meal they get.	1/12/2021 6:14 PM
3	If the cafeteria workers were not horrible to the kids, that would help.	1/11/2021 3:21 PM
4	It appears to me the problem with the food is the people cooking it. My son complains about the food daily. He tells me it's inedible and burnt and gross.	1/7/2021 8:37 PM
5	Wearing masks while preparing food, as well as hair nets. Clean tables between groups of children coming through. Put the salad bar back in place as other schools are allowing this. Have an adult that is currently in the room to help with serving at salad bar to cut down with contamination. Wipe salad bar often. *Actually implement improvements that have been suggested for years.	1/7/2021 4:33 PM
6	my ELEMENTARY kids are coming home so hungry that they are eating SUPPER at 4 pm. There is an increase in staffing, and a decrease in food quality.	1/6/2021 1:53 PM
7	Does our school participate in commodities and FFAVORS to get additional fresh fruits and vegetables	1/5/2021 7:25 PM
8	Just cook the food all the way through	1/5/2021 1:02 PM
9	On the info that was posted awhile back concerning portion sizes, it said on there that it was a minimum amount, not a maximum amount	1/5/2021 11:34 AM
10	The federal guidelines say the amounts are "at least" so many servings or ounces. The elementary is wasting food while the high school is starving. Also, students shouldn't be yelled at for the lunch count. It is not their fault if there is an error in the system or if a teacher forgets to put the count in.	1/5/2021 11:17 AM
11	Try a little harder to make the food look appealing	1/5/2021 11:16 AM
12	One meal my children's bacon wrapped chicken, the chicken was not cooked thoroughly. Just make sure meals are not over cooked or undercooked	1/5/2021 11:05 AM
13	I suggest the students/staff be asked as they are the ones who eat the food	1/5/2021 11:05 AM
14	I understand food guidelines, but I also know that children often need more of the main course or offered to go back for the salad bar/sides, healthy options.	1/5/2021 10:56 AM

51	In my opinion, I believe it is a huge, and unnecessary, ordeal to attempt to get as close as physically possible to the correct lunch count. It causes friction between cafeteria, teacher, and administrative staff. Why not make 1 extra pan of food, or some other amount, than the lunch count for the day, and then if there is a lot of leftovers have it as an option(if quantity allows) the next day? Then, you don't have to worry about running out and you also have another option for students the next day. If they run out the next day, then the students are out of luck. For seconds, it shouldn't be that they can sign up for them, it should just be if the cooks have extra that is what is left and available for seconds. Again, back to the making a little extra instead of trying to make less... Just my opinions. Not perfect, but I have seen this done at a few schools I have been at and is also, oddly the way my high school did it.	1/6/2021 3:06 PM

If students and staff not around food are required to wear masks it is important the kitchen staff preparing the food do as well. Also more options at lunch are important. With there being no salad bar there needs to be more options for the hot meal as well as sides. Maybe the lunch staff could also consider doing a salad bar but having staff members serve the food as other schools have done during Covid.	1/6/2021 8:03 AM
