  - c) Any or all bids may be rejected if there is a sound documented reason.
5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on

the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

## **V. Other Contract Matters.**

### **A. Required Terms**

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

### **B. Contracting with Certain Vendors**

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

### **C. Full and Open Competition**

The district's procurement transactions will be conducted in a manner

providing full and open competition consistent with 2 C.F.R §200.319.

#### D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

#### E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

#### F. Record Keeping

##### 1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of

significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
  - c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.
2. Maintenance of Construction Records for Projects Financed with Federal Funds
- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
  - b) Retention of construction records shall be in accordance with applicable law and Board policy.

## **VI. Conflict of Interest and Code of Conduct**

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
  - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
  - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
  - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

### **C. Favors and Gifts**

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

### **D. Enforcement**

Disciplinary Actions will be applied for violations of such standards by officers, employees, or agents of the District at the board's discretion.

## **VII. Financial Management**

### **A. Identification.**

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and

number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

#### B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

#### C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

#### D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

#### E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

#### F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up

to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

#### G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

#### H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program

income.

#### I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

#### J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

### **VIII. Other Contract Matters.**

#### A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

#### B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

### C. Record Keeping

#### 1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and § 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule

10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

**3004.1**  
**Fiscal Management for Purchasing and Procurement Using Federal Funds**

**I. Applicability of Policy**

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

**II. Procurement System**

The District maintains the following purchasing procedures.

**A. Responsibility for Purchasing**

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

## **B. Methods of Purchasing**

The type of purchase procedures required depends on the cost of the item(s) being purchased.

### **1. Purchases up to \$10,000 (Micro-Purchases)**

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

### **2. Purchases between \$10,000 and \$250,000 (Small Purchase Procedures)**

Small purchases are purchases that, in the aggregate amount, is more than \$10,000 and less than \$250,000 annually. For small purchases, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

### **3. Purchases Over \$250,000**

#### **a) Sealed Bids (Formal Advertising)**

For purchases over \$250,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement.

#### **b) Contract/Price Analysis**

The District performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

**4. Noncompetitive Proposals (Sole Sourcing)**

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
  - 1) The item is available only from a single source;
  - 2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
  - 3) The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the District; or
  - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$250,000.

**5. Competitive Proposals.**

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;
  - 2) Proposals must be solicited from an adequate number of qualified sources; and
  - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

### **C. Use of Purchase (Debit & Credit) Cards**

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

## **D. Federal Procurement System Standards**

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

## **E. Debarment and Suspension**

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

## **F. Settlements of Issues Arising Out of Procurements**

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

## **III. Conflict of Interest and Code of Conduct**

### **A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.**

**B. Purchases covered by this policy are subject to the following additional provisions.**

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

**C. Favors and Gifts**

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

**D. Enforcement**

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, or agents of the District.

**IV. Property Management Systems**

**A. Property Classifications**

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$5,000.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 C.F.R. §200.94.
3. Computing Devices means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

  - b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

## **B. Inventory Procedure**

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

## **C. Inventory Records**

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;
4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

#### **D. Physical Inventory**

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

#### **E. Maintenance**

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

#### **F. Lost or Stolen Items**

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property.

#### **G. Use of Equipment**

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be

supported by the federal award, and the District will not encumber the property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

## **H. Disposal of Equipment**

When it is determined that original or replacement equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current FMV of \$5,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency.

## **I. Equipment and Capital Expenditures**

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

## **J. Depreciation**

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

## **V. Financial Management**

### **A. Identification**

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

### **B. Financial Reporting**

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

### **C. Accounting Records**

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

### **D. Internal Controls**

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

### **E. Budget Control**

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

### **F. Payment Methods**

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

## **G. Allowability of Costs**

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

## **H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching**

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

## **I. Cost Sharing or Matching**

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be

accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

#### **J. Documentation of Personnel Expenses**

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

### **VI. Written Compensation Policies**

#### **A. Time and Effort Standards**

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;

- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

#### **B. Time and Effort Procedures**

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

#### **C. Fringe Benefits**

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

#### **D. Leave**

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

#### **E. Unexpected or Extraordinary Circumstances**

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

#### **F. Documentation for Personnel Expenses**

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

### **VII. Other Contract Matters.**

#### **A. Required Terms**

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

## **B. Contracting with Certain Vendors**

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible consistent with state law.

**Buy American.** The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d). The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

## **C. Record Keeping**

### 1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.
- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records

Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

**D. Privacy**

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

Individuals who make unauthorized purchases shall reimburse the district for the expense within ten days of the purchase or the discovery of the unauthorized purchase, whichever occurs first.

**Authorized Users.** Individuals holding the following titles may be assigned an individual purchasing card: [redacted]. The board may take action at any meeting to authorize additional users or to revoke or suspend user privileges. Such action shall be recorded in the minutes. The school may also maintain a purchasing card in the name of the school district. School district employees may purchase school related goods and services with the school district credit card only with authorization from the superintendent.

**Documentation.** Employees seeking reimbursement for a purchasing card purchase must submit an itemized receipt *and* a purchasing card receipt to the school district. The itemized receipt must include the name of the business, contact information, the date, a description of each item sufficient to give the board reasonable notice of the item purchased, and the price. **A non-itemized credit card receipt alone is not sufficient.** Designated school personnel shall maintain the documentation for at least 7 years or as otherwise required by Schedule 10 – Local School Districts or Schedule 24 – Local Agencies (General Records) maintained by the Nebraska Records Management Division. ## **3059 Audio and Video Recording**

Students, staff, parents/guardians, and patrons should assume that any class or activity in the school may be recorded by the school district for legitimate educational purposes. There is no reasonable expectation of privacy within classrooms, common areas of the school building or on school grounds outside of the building. Recordings permitted pursuant to this policy may only be used for authorized purposes and may not be republished without additional, written consent from a school administrator. For purposes of this policy "recording" includes still photographs, video, audio, and other similar data captured in any medium.

**Secret Recordings.** No person is permitted to make surreptitious recordings on school grounds unless authorized by the superintendent.

**Recordings Made by The District.** The district may use cameras or other devices for purposes of making security, safety, or other recordings when such recordings are deemed necessary or appropriate by an authorized representative of the district. The district will not maintain recordings unless the recording is purposefully copied and saved. Any recording not copied and maintained separately may only be accessible by the authorized representative for a limited time. Recordings made by the district may be destroyed by an authorized representative at any time unless retention is required by law.

**Recordings Made by Parents/Guardians and Patrons.** Parents/guardians and patrons may make recordings of school activities in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Violation of this policy may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

**Recordings Made by Staff.** Staff members may make recordings of classroom instruction, student behavior or performance, and school activities without prior administrative approval only for legitimate educational purposes. Staff members may not make secret recordings while on duty, even if those

recordings do not violate state or federal criminal or privacy laws. Staff members who violate this provision may be subject to consequences up to termination for classified staff and cancellation of contract for certificated staff.

**Recordings Made by Students.** This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

**Policy Statement.** Drivers for the school district must be free from drug and alcohol abuse, and the use of illegal drugs or improper use of alcohol is prohibited. The overall goal of drug and alcohol testing is to insure a drug-free and alcohol-free transportation environment, and to reduce accidents, injuries and fatalities.

**Designated Contact.** The school district has designated [insert designated individual] as the individual any driver may contact with questions about this policy or the school district's drug testing program and procedures for drivers. unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and (6) all time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

**Prohibited Conduct.** No driver shall: (1) report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater; (2) use alcohol while performing safety-sensitive functions; (3) perform safety-sensitive functions within four hours after using alcohol; or (4) refuse to submit to a pre-employment controlled substance, a post-accident alcohol or controlled substance test, a random alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substance test, a return-to-duty alcohol or controlled substances test, or a follow-up alcohol or controlled substance test required under state or federal law or this policy. No driver required to take a post-accident alcohol test shall use alcohol for eight hours following the accident, or until he/she undergoes a post-accident alcohol test, whichever occurs first.

No driver shall: (1) report for duty or remain on duty requiring the performance of safety sensitive functions when the driver uses any drug or substance identified in 31 CFR 1308.11 Schedule 1; (2) report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any non-Schedule I drug or substance that is identified in the other Schedules in 21 CFR part 1308 except when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle; or (3) report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

**Types of Testing.** Pursuant to regulations promulgated by the Department of Transportation (DOT), the district has implemented four types of testing: (1) pre-employment testing, (2) reasonable cause testing, (3) post-accident testing and (4) random testing.

**Refusal to Submit to Testing.** A driver shall not refuse to submit to testing. A driver will be considered to have refused to submit to testing if the driver fails to provide a sample or specimen necessary for testing upon a lawful request, consistent with the required testing protocols. The refusal to submit to the testing used by the district will be grounds for refusal to hire driver applicants and to terminate the employment of existing drivers.

**Consequences for Violations.** Any driver who becomes unqualified on the basis of violation of the terms of this policy will be subject to disciplinary action

which may include termination of the driver's employment, and shall include the immediate removal from safety-sensitive functions in compliance with federal law. No driver tested pursuant to this policy and the school district's drug testing program and procedures who is found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform or continue to perform safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

**Return to Duty Process.** A driver who has violated this policy or the school district drug testing program and procedures cannot again perform any safety-sensitive functions until and unless the employee completes the return-to-duty process, including the substance-abuse professional's (SAP) evaluation, referral, and recommended education or treatment. The school district will provide employees the relevant contact information for available and acceptable SAPs as necessary, but the school district is not required under the law to provide a SAP evaluation or any subsequent recommended education or treatment for a driver. Any driver completing the return-to-duty process must complete a return-to-duty test and test negatively.

**Disqualification.** Any applicant who tests positive for the presence of the following drugs is medically unqualified to drive and will not be considered for the position of driver: (1) marijuana, (2) cocaine, (3) opiates, (4) amphetamines, or (5) phencyclidine (PCP). Any district driver who tests positive shall be medically unqualified and removed from service immediately.

**Pre-employment Testing.** All applicants for employment must submit to drug and alcohol tests as a condition of being considered for employment.

**Reasonable Cause Testing.** The district shall have reasonable cause to require a driver to submit to drug testing when a driver manifests physical or physiological symptoms or reactions commonly attributed to the use of controlled substances or alcohol.

**Post-Accident Testing.** A driver who has been involved in a reportable accident must submit to drug and alcohol testing as soon as possible. A reportable accident includes any accident in which there is a fatality, a person is injured and must be treated away from the accident site, the driver receives a citation for a moving violation, or a vehicle is towed from the scene. The driver must notify the district immediately regarding any reportable accident.

**Serious Injury to the Driver.** If a driver is so seriously injured that he or she cannot submit to testing at or immediately after the time of the accident, the driver must provide the necessary authorization for the district to obtain

hospital reports or other documents that would indicate whether there were controlled substances or alcohol in the driver's system.

**Random Testing.** All drivers will be subject to unannounced random testing for drugs and alcohol. The district or its agents will periodically select drivers at random for testing. A district official will notify a driver when his or her name has been selected and will instruct the driver to report immediately for testing. By its very nature, random selection may result in one driver being tested more than once in a 12-month period, while another driver may not be selected at all during the same 12 months.

**Frequency of Random Testing.** Under DOT regulations, the district must test at least 50 percent of its average number of driver positions for drugs and 25 percent of its average number of driver positions for alcohol each year. The tests must be unannounced and spread evenly throughout the year. DOT regulations also require that every driver selected at random must have his or her name placed back in the random pool for the next selection period.

**Testing Procedure.** All urine and blood specimens collected under the policy will be submitted to an approved laboratory for testing. Specimens that initially test positive for drugs will be subjected to a subsequent confirmation test before being reported by the laboratory as positive. All such specimens collected and submitted will be maintained securely to safeguard the validity of the test results and maintain the integrity of the testing process while ensuring the results are attributed to the correct driver.

**Medical Review Officer.** All laboratory test results will be reported by the laboratory to a medical review officer (MRO) designated by the district. Negative test results will be reported as such by the MRO to the district. Before reporting a positive test result to the district, the MRO will attempt to contact the driver to discuss the test result. If the MRO is unable to contact the driver directly, the MRO will contact a district official designated in advance by the district, who shall in turn contact the driver and direct the driver to contact the MRO. Upon being so directed, the driver shall contact the MRO immediately or, if after the MRO's business hours and the MRO is unavailable, at the start of the MRO's next business day. If required by DOT regulations, personal information collected and maintained pursuant to this policy shall be reported to the Clearinghouse by the MRO in the event of: (1) a verified positive, adulterated, or substituted drug test result; (2) an alcohol confirmation test with a concentration of 0.04 or higher; (3) a refusal to submit to any test required by this policy and the school district's drug testing program and procedures; (4) an employer's report of actual knowledge that a driver has used alcohol or controlled substances based on the employer's direct observation of the employee, information provided by the driver's

previous employer(s), a traffic citation for driving a CMV while under the influence of alcohol or controlled substances or an employee's admission of alcohol or controlled substance use; (5) on duty alcohol use as prohibited above; (6) pre-duty alcohol use as prohibited above; (7) alcohol use following an accident as prohibited above; (8) controlled substance use as prohibited above; (9) a substance abuse professional report of the successful completion of the return-to-duty process; (10) a negative return-to-duty test; and (11) an employer's report of completion of follow-up testing.

**Confidentiality.** Pursuant to DOT regulations, individual test results for applicants and drivers will be released to the district and will be kept confidential unless the tested individual consents to their release or release is required by law (such as the release of information to the Clearinghouse.) Any person who has submitted to drug testing in compliance with this policy is entitled to receive the results of such testing upon timely written request.

**Retesting.** An individual who tested positive for the presence of drugs may request that the original sample be retested. The request for a retest must be submitted in writing on a form provided by the district within 3 working days of the district's notification to the individual that he or she has a positive test result. The individual making the request must pay all costs associated with the retest and transfer of the sample to another laboratory before the retest will be performed.

The training materials for this training must be included in the Nebraska Department of Education's list of approved training materials.

## **5003 Admission of Part-Time Students**

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a part-time basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who resides in the school district but attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

**Application for Enrollment.** The parent or guardian of an exempt school student who is of appropriate age to attend school, is a resident of the school district, has not graduated from high school, and has not received a graduate equivalency diploma must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by [REDACTED] of the year of enrollment. For second semester high school courses, the application must be filed by [REDACTED]. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian of an exempt school student must apply for enrollment each school year.

**Limitations Based on Resources.** The enrollment of exempt school students is subject to limitations established by the district for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

**Placement of Students.** Exempt school students shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

**Grades and Academic Honors.** Exempt school students shall receive grades, report cards, and transcripts, but shall not be eligible to graduate,

receive a diploma or qualify for class ranking unless they meet all district requirements for such including earning a sufficient number of credit hours and semesters of attendance.

**Applicability of School Rules.** Exempt school students are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and teaching personnel. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course or course-related activity unless the course or course-activity requires their presence or the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

**Extracurricular Sports and Activities.** Students who are enrolled in a private, denominational or parochial school may not participate in extracurricular sports and activities sponsored by the public school district if they participate in extracurricular sports and activities offered by the private, denominational or parochial school. Exempt school students may participate in extracurricular sports and activities if they are enrolled in at least 20 credit hours per semester, with at least 5 credit hours of enrollment in the public school district. All part-time students must also meet all other eligibility requirements set by the board, administration and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity.

**Transportation.** Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to the same extent as the school district's full-time students, but part-time students must arrange their own transportation and arrive timely to the designated pick-up point for such transportation.

**Option Enrollment.** Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

## **5004 Option Enrollment**

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for ensuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

### **1. Definitions**

- a. Option Student Defined.** Option student shall mean a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. Resident School District Defined.** Resident school district shall mean the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. Option School District Defined.** Option school district shall mean the school district that a student chooses to attend other than his or her resident school district.

**2. Persons Entitled to Apply for Option Enrollment of Students.** Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.

**3. Duties, Entitlements and Rights of Option Students.** Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

### **4. Standards for Acceptance or Rejection of Option Students.**

- a. Special Education Capacity.** Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that the student has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been diagnosed with a disability as defined in section 79-1118.01, the application will be evaluated by the director of special education services or the director's

designee who must determine if the school district and the appropriate class, grade level, or school building has the capacity to provide the applicant the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

**b. Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, and projected number of students with which the option school district will contract based on existing contractual arrangements. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.

**c. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, prior to October 15 of each school year, declare a program, a class, or a school unavailable for the next school year to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.

**d. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept an option student when acceptance of the student:

i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;

ii. Would require the procurement of new equipment, technology, or furnishings;

iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;

iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;

v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

e. **Prohibited Standards.** The school district shall not base the decision to accept or reject an option student on the student's previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.

f. **Order of Acceptance.** If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted in the following order:

i. students with brothers or sisters attending the school district, either as resident students or as option students, shall be granted first priority;

ii. thereafter, option students shall be accepted into such program, class, grade level or school building in the order in which written applications were received by the school district.

g. **Maximum Capacity Report.** The school district will annually establish, publish, and report the capacity for each school building under the district's control pursuant to procedures, criteria, and deadlines established by the Nebraska Department of Education.

5. **False or Misleading Option Applications.** If, prior to the student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information, the option application will be rejected.

6. **Academic Credits and Graduation.** The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.

7. **Information Regarding Schools, Programs, Policies and Procedures.** The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.

**8. Procedure for Students Optioning Into or Out of the School District.**

- a.** The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
- b.** On or before April 1<sup>st</sup>, the school district shall notify the parent or legal guardian of any student who has submitted an application to option into the school district and the resident school district, in writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

**9. Late Applications and Requests for Release**

- a.** The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15<sup>th</sup> under the following conditions:
  - i. When the district has already entered into contracts with teaching staff for the following school year;
  - ii. When the district has already contracted for the performance of specific services for the student;
  - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.
- b.** The board of education will approve late applications to option into the district under the following conditions:
  - i. When the resident district has released the student;
  - ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy;

**OR**

- b.** The board of education will deny all applications to option into the district that are received by the district after March 15 of the school year prior to the student's requested enrollment.
- c.** The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15<sup>th</sup> no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

**10. Students Who Do Not Need a Release from the Resident District**

- a.** A student does not need to be released from his/her resident district under the following circumstances:
  - i. When the student has relocated to a different resident school district after February 1
  - ii. When a student's option school district merges with another district effective after February 1
- b.** The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

**11. Cancellation of Option.**

Students who option either into or out of the school district shall:

- a.** Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.
- b.** Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

**12. Authority of Superintendent.**

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.

## **5035 Student Discipline**

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

### **Pre-Kindergarten through Second Grade Students**

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event. As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

## **Makeup Work for Suspended Students**

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a parent or guardian at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

## **Short-Term Suspension**

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and

shall document such effort in writing. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.

4. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

### **Emergency Exclusion**

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

### **Weapons and/or Firearms**

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

### **Long-Term Suspension**

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

### **Expulsion**

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent

in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

### **Grounds for Long-Term Suspension, Expulsion or Mandatory Reassignment:**

The following conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, subject to the procedural provisions of the Student Discipline Act, NEB. REV. STAT. § 79-254 through 79-296, when such activity occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event:

1. Use of violence, force, coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes;

2. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, or repeated damage or theft involving property;
3. Causing or attempting to cause personal injury to a school employee, to a school volunteer, or to any student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision;
4. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student;
5. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon (*see also board policy on weapons and firearms*);
6. Engaging in the unlawful possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in section 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in section 53-103.02 or being under the influence of a controlled substance or alcoholic liquor (*note: the term "under the influence" for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant*);
7. Public indecency as defined in section 28-806, except that this prohibition shall apply only to students at least twelve years of age but less than nineteen years of age;
8. Engaging in bullying as defined in section 79-2,137 and in these policies;
9. Sexually assaulting or attempting to sexually assault any person if a complaint has been filed by a prosecutor in a court of competent jurisdiction alleging that the student has sexually assaulted or attempted to sexually assault any person, including sexual assaults or attempted sexual assaults which occur off school grounds not at a school function, activity, or event. For purposes of this subdivision, sexual assault means sexual assault in the first degree as defined in section 28-319, sexual assault in the second degree as defined in section 28-320, sexual assault of a child in the second or third degree as defined in section 28-320.01, or sexual assault of a child in the first degree as defined in section 28-319.01, as such sections now provide or may hereafter from time to time be amended;
10. Engaging in any other activity forbidden by the laws of the State of Nebraska which activity constitutes a danger to other students or interferes with school purposes; or
11. A repeated violation of any of the following rules if such violations constitute a substantial interference with school purposes:

- a. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion;
- b. RE: Annual Policy Updates

---

Attached are the 2023 KSB School Law policy updates. Below, we discuss the policy changes, the changes to our standard forms, and some issues that are raised by certain laws that do not necessarily require a policy change but do present new obligations or things to keep in mind as you enter the 2023-24 school year. We have broken these down into 3 sections: "Policy Changes;" "Forms Changes;" and "Other Issues to Consider."

Keep in mind that most bills that were enacted into law go into effect three months after the legislature adjourns. This year the Unicameral adjourned sine die on June 1st, so the effective date of most bills will be September 2, 2023. However, if a bill includes a specific effective date or an emergency clause, it goes into effect on the stated date or when passed and approved according to law.

To assist subscribers in implementing these policy changes and the other considerations laid out in this Memo, **KSB will hold a webinar on Wednesday, June 7, 2023, at 9:00 a.m. Central Time.** In the webinar, we will give a brief overview of the changes and then answer questions from attendees regarding the policies and other considerations. We have included the link to the ZOOM conference in the cover e-mail that transmitted these updates. We will also record the webinar and will post it on the KSB School Law website in the Policy Updates section.

## **Policy Changes**

### **REVISION OF POLICY 3001: BUDGET AND PROPERTY TAX REQUEST**

We have revised this policy to provide a link to the website at which information on statewide receipts and expenditures and comparisons of cost per pupil and performance to other school districts is available. We also updated a statutory reference. Finally, we amended the policy to follow the changes in LB 243 that make clear that a school may only increase its property tax request by more than the allowable growth percentage “to the extent allowed by law.”

**This change is required.**

---

### **REVISION OF POLICY 3003.1: BIDDING FOR CONSTRUCTION, REMODELING, REPAIR, OR RELATED PROJECTS FINANCED WITH FEDERAL FUNDS**

**AND**

### **POLICY 3004.1: FISCAL MANAGEMENT FOR PURCHASING AND PROCUREMENT USING FEDERAL FUNDS**

Entities auditing school districts looked for an explicit “Buy American” provision in these policies. Although federal law only requires that the Buy American provision be included in any contract and not in the policy, we have added or revised this provision in these policies to appease the policy auditors.

**This change is technically not required but is highly recommended.**

---

### **REVISION TO POLICY 3033: LENDING TEXTBOOKS TO CHILDREN ENROLLED IN PRIVATE SCHOOLS**

Section 79-734 requires public schools to purchase and loan textbooks, upon individual request, to children who are enrolled in kindergarten to grade

twelve of a private school which is approved for continued legal operation under rules and regulations established by NDE. LB 705 transfers this obligation to NDE effective July 1, 2024. We have amended this policy to end the public school's obligation to provide textbooks to private schools effective July 1, 2024.

This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

**This change is required.**

---

### **REVISION TO POLICY 3036: PURCHASING (CREDIT) CARD PROGRAM**

The Nebraska Secretary of State's Schedule 10 governs how long school districts must maintain certain records. Schedule 10 has been changed and now states that schools must maintain all financial records created or received by the school district for 7 years. We have changed our policy from a 10-year retention requirement to a 7-year requirement.

**This change is not required but is highly recommended.**

---

### **POLICY 3059: AUDIO AND VIDEO RECORDING (RELOCATION OF POLICY 5063)**

Now that most middle-high school students, staff members, parents, and patrons have smartphones and other devices, it was time to revisit this policy. While this certainly does not address all technology-based conduct, we have made a few changes that apply to more than just students. This is why it will be relocated into the 3000 series.

For example, previously the policy did not prohibit staff from making secret recordings. We made that change.

We also updated the security camera footage section and made a few other tweaks to better align the policy to school practices.

**These changes are not required but are highly recommended. Relocation is required even if you don't amend the policy for ease of tracking future changes.**

---

---

### **REVISION TO POLICY 4003: DRUG POLICY REGARDING DRIVERS**

We made a minor revision to fix a clerical error regarding the term Medical Review Officer.

**This change is required.**

---

### **REVISION TO POLICY 4045: MILK EXPRESSION**

President Biden signed into law the Providing Urgent Maternal Protections for Nursing Mothers Act (“PUMP for Nursing Mothers Act”) at the end of 2022. The Act expands protections for salaried employees such as teachers and also requires the break to be paid if the employee is also working while expressing breast milk. We changed our policy to include language regarding the frequency at which an employee can request to pump.

### **REVISION OF POLICY 4059: BEHAVIORAL AND MENTAL HEALTH TRAINING (FORMERLY SUICIDE PREVENTION TRAINING)**

Section 79-2,146 currently requires nurses, teachers, counselors, school psychologists, administrators, school social workers, and any other appropriate personnel to receive at least one hour of suicide awareness and prevention training each year. LB 705 amends this section to require “all public school employees who interact with students and any other appropriate personnel” as determined by the superintendent to receive at least one hour of behavioral and mental health training with a focus on suicide awareness and prevention training each year. NDE will develop a list of approved training materials.

Please note, we left the proposed October 31 or within 30 days of initial employment wording in the policy. This is not required by law, so you can adjust the completion deadlines as you see fit.

These changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

**This change is required.**

## **REVISION OF POLICY 5003: ADMISSION OF PART-TIME STUDENTS**

LB 705 (Sec. 75) will amend Nebraska's part-time enrollment statute, section 79-2,136. Prior to the amendments, the statute contained only one section and generally deferred to school board policy for most part-time enrollment considerations. LB 705 contains some new requirements for the admission of part-time students.

First, the statute creates an ambiguity regarding which classes a part-time student can take. LB 705 added a clause into the original statute, which now reads: "Each school board shall allow the part-time enrollment of students, *for all courses selected by the students...*" We know many schools limit the classes available to part-time students, in addition to limitations based on class sizes and things like that. It is unclear whether the Unicameral intended the new clause to mean students can select *any* courses they want, or if they intended that to mean any courses offered to part-time students but not necessarily all courses they might be eligible to take if they were full-time students. We left the general restrictions based on class sizes and resources intact but remained silent on strict class availability for part-time students (e.g., only essential courses or only specials) giving each school the opportunity to decide whether they want to make all courses available or continue to limit courses a part-time student can take even if you have capacity.

Second, LB 705 requires school boards to establish policies and procedures relating to participation in extracurricular activities. It requires schools to permit part-time students to participate in extracurriculars "subject to the same requirements, conditions, and procedures" as your full-time students. This means they must comply with all academic, behavioral, and other eligibility rules established by the school, including your student code of conduct. We've also specified that this includes being eligible for NSAA participation, or eligible based on the governing body of any activity not subject to NSAA rules.

The statute has two specific limitations. Current NSAA rules require students to be enrolled in at least 20 credit hours, 10 of which must come from the public school. The statute changes now state that part-time students must be allowed to participate if they are enrolled in 5 credit hours in the public school. This change will reduce the public school enrollment requirement from 10 to 5 hours, and we anticipate the NSAA will make any changes necessary on its end to allow schools to comply with this statute.

The statute also prohibits schools from giving a preference in team selection to full-time students over part-time students.

As for transportation, the statute does not require schools to provide transportation for school attendance purposes, but it does require schools to provide extracurricular transportation or mileage to a part-time student on the same terms as you provide extracurricular transportation to your full-time students. For example, if you drive a bus from the school parking lot to away contests or off-site practices, the part-time student gets to ride the bus to those events. The part-time student would be responsible for getting himself or herself to the designated pick-up point.

Finally, this change also raises a timing issue. Schools will have their policies and handbooks updated to start the year, but these requirements do not go into effect until approximately September 10, 2023. This begs the question of whether a student is subject to the various credit hour and other requirements at the beginning of the fall season, or only after the law becomes effective. To avoid having to do mid-year changes to enrollment, handbooks, and policies, our recommendation is to begin applying the new requirements with the start of fall seasons, assuming the NSAA will provide flexibility for the flex time between the start of fall seasons and the effective date of the new requirements.

These changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

**This change is required.**

### **REVISION OF POLICY 5004: OPTION ENROLLMENT**

LB 705 made three substantive changes to the option enrollment laws.

1. Special education capacity determinations must and may only be determined on a case-by-case basis. If an option application indicates that a student has an individualized education plan (IEP) or has been diagnosed with a disability, the application must be evaluated by the director of special education services or the director's designee who shall determine if the school district and the appropriate class, grade level, or school building has the capacity to provide the applicant the appropriate services and accommodations.
2. If the school board wishes to declare a program, class, or school unavailable for the following school year, the board must pass a

resolution with such a declaration **prior to October 15th** of the previous school year.

3. Schools must annually establish, publish, and report the capacity for each school building under the district's control according to procedures, criteria, and deadlines established by the Nebraska Department of Education

These changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

**This change is required.**

### **REVISION OF POLICY 5035: STUDENT DISCIPLINE**

*PK-2nd Grade Students.* LB 705 provides that schools will no longer be able to suspend a student in pre-kindergarten through second grade *unless* the student brings a deadly weapon as defined in section 28-109 on school grounds, in a school vehicle, or to a school-sponsored activity or athletic event. Schools must develop a policy to implement this new limitation and must include disciplinary measures inside the school as an alternative to suspension.

*Completing Missed Work.* Any student who is suspended **must** be given an opportunity to complete any classwork, homework, examinations, or other work missed during the period of suspension. "Must" used to say "may." Schools must develop and adopt guidelines that provide any suspended student with the opportunity to complete classwork and homework. The guidelines may not require the student to attend the school district's alternative programs for expelled students in order to complete classwork and homework. The guidelines must be provided to the student and a parent or guardian at the time of suspension.

*Short-Term Suspensions.* When a principal suspends a student for up to five school days, he or she must give a written notice of the suspension to the parent or guardian within 24 hours "or such additional time as is reasonably necessary." LB 705 has revised this requirement to state that the principal only has an additional 48 hours (a total of 72 hours) to send the written notice of the suspension. The principal has always been required to make a "reasonable effort" to hold a conference with the parent or guardian when the student returns to school. Now there is an additional requirement that the principal document such effort in writing.

Post-Expulsion Requirements. LB 705 includes a new requirement. At the conclusion of an expulsion, a school district must reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska-accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Long-Term Suspension, Expulsion, or Mandatory Reassignment. The decision to recommend long-term suspension, expulsion, or mandatory reassignment did not have a timeline associated with it. Now, the decision must be made within two school days after learning of the alleged student misconduct. Also, if a student is suspended pending the outcome of a hearing for a long-term suspension, expulsion, or mandatory reassignment, the student must be allowed to complete classwork, homework, examinations, and other work during the period of suspension.

Hearing Examiner. When a hearing is requested under the Student Discipline Act, the superintendent now “recommends” the appointment of a hearing examiner within two school days after receiving the hearing request. Parents have two days to request the designation of a different hearing examiner. Upon receiving the request, the superintendent:

- **Must** provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned; and
- **May** also provide an additional list of hearing examiners that may include hearing examiners employed by or under contract with the school district.

The student or the student's parent or guardian must, within five school days, select a hearing examiner to conduct the hearing who was recommended, provided as an alternative hearing examiner, or included on an additional list, if any, and must notify the superintendent in writing of the selection. The superintendent must appoint the selected hearing examiner upon receipt of the notice.

The Hearing. Previously, the hearing had to be “scheduled” within five school days after it was requested. Now, the hearing must be “held” within five school days after the appointment of the hearing examiner.

Previously, students and their parents had the right to examine records and written statements “at a reasonable time” before the hearing. Now, the

school must provide copies of records, written statements, and required affidavits no later than 48 hours before the hearing.

The school must make available those witnesses who have knowledge of or were involved in the alleged misconduct and subsequent discipline of the student if such witnesses are requested by the student or the student's parent, guardian, or representative and ***if*** such witnesses are employees or under contract with the school district.

With changes from LB 705, the hearing examiner now has ten calendar days to provide the findings and recommendations to the superintendent, and the superintendent has five school days after receiving the report to make his or her determination. Previously, there was no time limit for either action.

*Appeal.* If the student or parent appeals the superintendent's decision, the superintendent's determination will no longer take immediate effect.

*School Board Decision.* In the event of an appeal, the school board now must take final actions within three calendar days after the hearing. Previously, there was no time limit on the board's ability to make a final decision.

The changes are effective **three months after adjournment of the Unicameral, approximately September 2, 2023.** However, Policy 5035 has been revised to reflect these new requirements so that you do not have to change policies and handbooks in September.

**These changes are required.**

### **REVISION TO POLICY 5045: STUDENT FEES**

The Nebraska Public Elementary and Secondary Student Fee Authorization Act permits schools to charge fees for "postsecondary education costs." However, just like fees charged to participate in extracurriculars or for student meals, the board must designate the "maximum" fee that may be charged. Our policy has always contained a section for postsecondary education costs, but it did not list the maximum for those costs.

This change will now require you to list the maximum fee that might be assessed to a student for postsecondary education costs. Unless you designate the maximum fee (even if the student ends up paying less), it's technically not lawful. If you collaborate with local colleges, universities, or

community colleges to offer postsecondary classes or dual credit classes, you should list the maximum fee a student may be required to pay. Keep in mind that schools cannot charge a fee for earning high school credits. However, you can require families to pay any postsecondary costs if they also want college credit. We recommend listing the max amount *per course*, to include all fees for tuition, materials, etc. You should set the number high enough to account for the most a student may be required to pay, especially if you work with multiple institutions.

**This change is required.**

---

### **REVISION TO POLICY 5049: FIREARMS AND WEAPONS**

LB 77 authorizes anyone, other than a minor or prohibited person, to carry a concealed handgun anywhere in Nebraska, with or without a concealed handgun permit. However, the law still prohibits people from carrying a concealed or unconcealed handgun into a public school or on public school property. This prohibition does not apply to a qualified law enforcement officer or qualified retired law enforcement officer carrying a concealed handgun pursuant to 18 U.S.C. 926B or 926C.

We have revised this policy to remove the reference to an exception based on possessing a concealed handgun permit.

**This change is required.**

### **REVISION TO POLICY 5052: SCHOOL WELLNESS**

The link to the website at the bottom of the policy that contains the evidence-based strategies used in the policy has been updated.

### **REVISION TO POLICY 5062: LICE AND NITS**

For the past several years, we have been asked by numerous clients about the rules governing the exclusion of students who have contracted active cases of lice, louse eggs, and nits. Our policy previously offered two options, one that excluded for nits and one that did not. Several schools have

received significant pushback (and even threats of litigation) for banning students with nits alone until they were treated.

Many state and national organizations have strong opinions on this issue, with entities like the CDC and various medical organizations now recommending against any school exclusion even if a student has an active case of headlice. A small handful of schools have even asked us for a policy that would not exclude students from school at all. While that may technically violate the Nebraska DHHS isolation regulation, we know some schools have nurses, administrators, and others who agree with this position. If you would like that type of policy, please contact one of us.

In revisiting the actual Nebraska DHHS regulation on this point, it states as follows for school exclusion/isolation periods for pediculosis:

*Nits are not a cause for school exclusion. Parents of students with live lice are to be notified and the child treated prior to return to school. Only persons with active infestation need be treated. Avoid head-to-head contact. No exclusion of contacts.*

In light of the current regulation, we have removed the policy option permitting exclusion for nits, alone (the former "Option A"). The policy now has only one option that tracks the regulation. It states that the school will contact the student's parent/guardian(s) immediately to pick up the child. Because the regulation still says that the child needs to be treated "prior to return to school," we left that in the policy.

**This change is required if you previously selected "Option A" which included nits. If you previously selected "Option B," these changes are recommended.**

---

**POLICY 5063: [INTENTIONALLY LEFT BLANK]  
(RELOCATED TO POLICY 3059)**

**This policy is relocated.**

---

**REVISION TO POLICY 5064: SUPPLEMENT, NOT SUPPLANT**

We have updated this policy to reflect the provision that requires federal grant funds supplement local effort for all Title funds which expands beyond Title I to include Title II and Title IV grant funds.

**This change is technically not required but is highly recommended.**

---

### **REVISION TO POLICY 6003: INSTRUCTIONAL PROGRAM**

We have updated the policy to reflect the minimum number of instructional hours for each corresponding grade as required by Nebraska law and NDE regulations. You may adjust these hours upward if desired.

**This change is required.**

---

### **REVISION TO POLICY 6004: CURRICULUM DEVELOPMENT**

We have updated the policy to reflect the new requirement that goes into effect for the 2023-24 school year that all students take at least one course in financial literacy. This required coursework may not be embedded in other curricula throughout a high school student's secondary education. Rather the course must be a standalone class equaling five (5) high school credits or an equivalent one-semester course. The Nebraska Department of Education has curricular resources for [the financial literacy course](#) here. The Financial Literacy Act requires the district to submit a report to the board of education about your compliance with the Act no later than December 31, 2024. **You do not need to worry about reporting for the 2023-24 school year.** We will provide you with the necessary information for that report in the years they will be required and will add them to our running list of annual notices, hearings, and reports at that time.

The Financial Literacy Act was passed as a companion statute to the Computer Science and Technology Act. LB 705 pushed back the effective date of the Computer Science and Technology Act to the 2027-28 school year.

As a side note, Policy 6004 has a table that sets out a schedule for curriculum review and textbook adoption. This table will need to be edited to reflect your district's practices. For example, if your district staff reviews the curriculum in one year and then actually adopts a textbook in the following year, you would adjust the content of the "textbook adoption" cell down a level. This year is also a good time to check the dates that your district has filled in under the "school year" column and to update them as necessary.

**The financial literacy curriculum is required for 23-24, but we have added both financial literacy and computer science to the curriculum review chart.**

---

### **ADDITIONAL OPTIONS ADDED TO POLICY 6025: STUDENT CELL PHONE AND OTHER ELECTRONIC DEVICES**

We have added some additional options to policy 6025. The current policy is most permissive, allowing students to use cell phones and other devices so long as they don't violate other school rules. As more schools start to go back to restrictive policies or consider storage plans like classroom turn-in boxes or Yondr bags, we want to provide some additional options. Those are included in the redline of this policy. However, the substance of the current policy did not change.

**If you are happy with your current student cell phone and electronic devices policy, you do not need to make any changes.**

---

### **NEW POLICY 6038: Artificial Intelligence**

This is an optional policy. We have received questions from several clients about a board policy on the extent to which students may permissibly use artificial intelligence tools "AI Tools" (such as ChaptGPT and other chatbots) in connection with school assignments. This policy lays out (1) the board's approval of using AI Tools in connection with academic assignments, and (2) details the minimum requirements and expectations for such use.

Under this policy, teachers are responsible for determining the extent to which a student may permissibly use AI Tools in connection with any specific assignment and the policy imposes certain minimum requirements that students using such tools must meet (including disclosure and proper attribution). Please note that the criteria laid out in this policy is not in response to legal requirements. Rather, this policy provides a practical framework for your teaching staff to consider whether and how AI Tools can and should be used in connection with school assignments. The policy also clarifies that student use of AI Tools should be consistent with expectations of academic honesty when using other sources of information. If the board is inclined to adopt this policy (or a version of it), we strongly encourage the board to consult with the administration (who may work with the teaching

staff) to ensure that the framework and expectations are consistent with the teaching practices.

**This new policy is optional.**

---

---

### **Form Changes**

#### **NOTICE OF NON-DISCRIMINATION**

Some of our school districts have asked for an all-encompassing, one-and-done nondiscrimination statement. We have not drafted one yet, mainly for two reasons. One, drafting such a single non-discrimination statement that effectively addresses all requirements from a variety of entities has proven difficult to do in a straightforward and streamlined manner. Two, we have decided to wait until the new Title IX and Section 504 regulations have been approved and finalized. But once those changes are made, we will tackle and produce a new notice of non-discrimination.

**There is no change to make - yet.**

---

---

## **Other Issues To Consider**

### **LB 298: Dyslexia**

On or before July 1 of each year, the school district must provide the required information relating to dyslexia to NDE.

### **LB 298: Written Dress Code and Grooming Policy**

On or before July 1, 2025, the school board must adopt a written dress code and grooming policy to be implemented at the start of the 2025-26 school year that is consistent with the model policy developed by NDE and “may include any other procedures and provisions the school board deems appropriate.” NDE must develop and distribute its model dress code and grooming policy on or before December 1, 2024.

### **LB 705: Behavioral Intervention Training and Teacher Support Act**

Sections 2 through 5 of LB 705 create the Behavioral Intervention Training and Teacher Support Act. This Act is effective **July 1, 2023**.

*Training.* Beginning in school year 2024-25, the Educational Service Unit Coordinating Council shall (i) ensure annual behavioral awareness training is available statewide and (ii) develop, implement, and administer an ongoing statewide teacher support system.

Beginning in school year 2026-27, each school district must ensure that each administrator, teacher, paraprofessional, school nurse, and counselor receives behavioral awareness training. Each administrator, teacher, paraprofessional, school nurse, and counselor who has received such training must receive a behavioral awareness training review at least once every three years. Each school district may offer such training, or similar training, to any other school employees at the discretion of the school district. In addition, all school employees must have a basic awareness of the goals, strategies, and schoolwide plans included in such training.

The Act defines what behavioral awareness training must include.

*Report.* On or before July 1, 2025, and on or before July 1 of each year thereafter, each school district must submit a behavioral awareness training

report to the Educational Service Unit Coordinating Council. The report must include the school district behavioral awareness training plan and summarize how the plan fulfills the requirements of the Act.

*Point of Contact.* Each school district must designate one or more school employees as a behavioral awareness point of contact for each school building or other division as determined by such school district. Each behavioral awareness point of contact must be trained in behavioral awareness and shall have knowledge of community service providers and other resources that are available for the students and families in the school district.

*Mental Health and Counseling Resources.* Each school district must maintain or have access to a registry of local mental health and counseling resources. The registry must include resource services that can be accessed by families and individuals outside of school. Each behavioral awareness point of contact must coordinate access to support services for students whenever possible. Except as provided in section 43-2101, if information for an external support service is provided to an individual student, school personnel must notify a parent or guardian of such student in writing unless the recommendation involves law enforcement or child protective services. Each school district shall indicate each behavioral awareness point of contact for the school district on the school district's website and in any school directory for the school that the behavioral awareness point of contact serves.

### **LB 705: Nebraska Teacher Recruitment and Retention Act**

The purpose of the Nebraska Teacher Recruitment and Retention Act is to provide financial incentives to recruit and retain teachers in Nebraska classrooms. A teacher may apply to NDE for multiple retention grants of \$2,500 if the teacher has signed a contract to complete the teacher's second, fourth, and sixth complete school years of full-time employment in the 2023-24 through 2026-27 school years. A teacher may apply for a high-need retention grant of \$5,000 if the teacher (1) obtains an endorsement in special education, mathematics, science, technology, or dual credit; and (2) signs a contract to complete a school year of full-time employment as a teacher at a Nebraska school in 2024-25, 2025-26, or 2026-27. The Act terminates on January 1, 2028.

The Unicameral encourages "individual schools and school districts to adopt policies incentivizing teacher recruitment and retention through policies similar to the Nebraska Teacher Recruitment and Retention Act." KSB has

not drafted such a policy for its service because such a “policy” would actually need to be negotiated with the teacher’s association and included in the negotiated agreement.

This provision was subject to an e-clause.

### **LB 705: Student Discipline Act**

NDE Policy. NDE must develop and adopt a model policy relating to behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in school on or before July 1, 2025. The model policy shall include appropriate training for school employees on behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in schools and how frequently such training shall be required.

School Policy. On or before August 1, 2025, each school district must develop and adopt a policy consistent with or comparable to the model policy developed by NDE. The school must file the policy with the Commissioner of Education. The policy must be included with any notifications required under the Student Discipline Act.

Behavioral Awareness and Intervention Training. Beginning in school year 2026-27, each school district must ensure that any school employee who has behavioral management responsibilities participates in behavioral awareness and intervention training consistent with the school district’s revised student discipline policy developed and adopted on or before August 1, 2025. The training must be provided by the school district or the school district's ESU. The training must be consistent with the model policy relating to behavioral intervention, behavioral management, classroom management, and removal of a student from a classroom in school developed by NDE (on or before July 1, 2025).

### **LB 705: Computer Science and Technology Education**

The requirement that public school students attend at least five credit hours of computer science and technology education has been extended from the 2026-27 school year to the 2027-28 school year. The deadline to include computer science and technology education aligned to the academic content standards has been extended from 2024-25 to 2025-26. This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

## **LB 705: FAFSA**

Beginning in 2024-25, each public high school student must complete and submit to the United States Department of Education a Free Application for Federal Student Aid prior to graduating from high school unless a parent or legal guardian, the principal or designee, or a student who is 19 or older or emancipated submits an NDE-created declination form. The principal or designee must submit compliance information to the school board and to NDE. This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

## **LB 705: Youth Organizations**

Each school district must, upon request, allow a representative of any youth organization (a corporation chartered by Congress and 29 listed in 36 U.S.C. Subtitle II, Part B, as of January 1, 2023) to provide:

- (i) oral or written information to the students of the school district regarding the youth organization and how the youth organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship and
- (ii) services and activities to any student of the school district who is a member of the youth organization.

*Frequency and Timing.* Each requesting youth organization must be allowed to provide its information, services, and activities in a school building or on the school grounds of a school in each school district at least once during each school year. Schools must make a good faith effort to select a date, time, and location for each requesting youth organization to provide its information, services, or activities that is mutually agreeable to the school district and to the youth organization. Oral information may only be provided during noninstructional time.

*Background Checks.* Prior to allowing a representative of a youth organization to provide information, services, or activities at a school, the representative must be subject to a background check. Except as otherwise provided by the new law or by the rules and regulations of the Nebraska State Patrol, the parameters of the background check shall be determined by the relevant school district. A school district may prohibit any representative of a youth organization that has been convicted of a felony from providing information, services, or activities at any school in the school district. Each representative of a youth organization is responsible for all costs associated with obtaining the background checks.

This change is effective **three months after adjournment of the Unicameral, approximately September 2, 2023.**

**Other Bills of Interest**

**LB 243: Adopt the School District Property Tax Limitation Act**

**LB 583: Change Provisions of the Special Education Act and the Tax Equity and Educational Opportunities Support Act**

**LB 727: Change Provisions Relating to Revenue and Taxation**

**LB 753: The Opportunity Scholarships Act**

## **5045 Student Fees**

The school district shall provide free instruction in accordance with the Nebraska State Constitution and the Nebraska statutes. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

### **A. Definitions.**

- 1.** "Students" means students, their parents, guardians or other legal representatives.
- 2.** "Extracurricular activities" means student activities or organizations that (1) are supervised or administered by the district; (2) do not count toward graduation or advancement between grades; and (3) are not otherwise required by the district.
- 3.** "Post-secondary education costs" means tuition and other fees associated with obtaining credit from a post-secondary educational institution.

### **B. Listing of Fees Charged by this District.**

#### **1. Guidelines for Clothing Required for Specified Courses and Activities.**

Students are responsible for complying with the district's grooming and attire guidelines and for furnishing all clothing required for any special programs, courses or activities in which they participate. The teacher, coach, or sponsor of the activity will provide students with written guidelines that detail any special clothing requirements and explain why the special clothing is required for the specific program, course or activity.

## **2. Safety Equipment and Attire.**

The district will provide students with all safety equipment and attire that is required by law. Building administrators will assure that (a) such equipment is available in the appropriate classes and areas of the school buildings, (b) teachers are directed to instruct students in the use of such devices, and (c) students use the devices as required. Students are responsible for using the devices safely and as instructed.

## **3. Personal or Consumable Items.**

The district **does** provide students with personal or consumable items for participation in courses and activities including, but not limited to, pencils, paper, pens, erasers and notebooks. Students who wish to supply their own personal or consumable items may do so, as long as those items comply with the requirements of the district. The district will provide students with facilities, equipment, materials and supplies, including books. Students are responsible for the careful and appropriate use of such property. Students will be charged for damage to school property caused by the student and will be held responsible for the reasonable replacement cost of any school property that they lose.

## **4. Materials Required for Course Projects.**

The district will provide students with the materials necessary to complete all basic curricular projects. In courses where students choose to produce a project that requires materials beyond the basic materials provided by the district, the students will furnish the materials, purchase the materials from the school, or purchase the materials from an outside vendor with an order form provided by the school.

## **5. Technological Devices**

The district will provide students with the technological devices necessary to complete all basic curricular projects. **To the extent that a student is not required by the district's curriculum to utilize a device off district property, the district may charge students a convenience fee to take the device off district property. The maximum dollar amount of this convenience fee charged by the district will be \$20.**

**As with all school property, students may be charged for damage to such devices. To protect against such potential losses, students and parents may, but are not required, to purchase insurance coverage for the devices. The**

maximum dollar amount of this insurance coverage facilitated by the district will be \$20. The district may also charge a damage deposit which will be returned or may be rolled to cover the damage deposit for the next year if it is not needed to cover the costs of any damage to the device. The maximum dollar amount of this damage deposit will be \$20.

Additionally, the district may allow students to purchase technological devices by arranging for the students to purchase these devices through a single, or series of, payments.

## **6. Extracurricular Activities.**

The district may charge students a fee to participate in extracurricular activities to cover the district's reasonable costs in offering such activities. The district may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of district-owned equipment or attire. Attached to this policy is a list of the fees charged for particular activities. The coach or sponsor will provide students with additional written guidelines detailing the fees charged, the equipment and/or clothing required, or the usage fee charged. The guidelines will explain the reasons that fees, equipment and/or clothing are required for the activity.

The following list details the maximum dollar amount of all extracurricular activities fees and the specifications for any equipment or attire required for participation in extracurricular activities:

- Student Activity Card: \$20
  - Covers admission to all extracurricular events

However, for a course in which students receive high school credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the district shall offer the course without charge for tuition, transportation, books, or other fees. Students who choose to apply for post-secondary education credit for these courses must pay tuition and all other fees associated with obtaining credits from a post-secondary educational institution. The costs of these items will naturally vary, but the maximum dollar amount of the fee is anticipated to be \$ 780 per course.

## **8. Transportation Costs.**

The district will charge students reasonable fees for transportation services provided by the district to the extent permitted by federal and state statutes and regulations.

The maximum dollar amount of the transportation fee charged by this district shall be \$250.

## **9. Copies of Student Files or Records.**

The district will charge a fee for making copies of a student's files or records for the parents or guardians of such student. The Superintendent or the Superintendent's designee shall establish a schedule of student record fees. Parents of students have the right to inspect and review the students' files or records without the payment of a fee, and the district shall not charge a fee to search for or retrieve any student's files or records.

  - Reduced Price 40¢

**13. Charges for Musical Extracurricular Activities.**

Students who qualify for fee waivers under this policy will be provided, at no charge, the use of a musical instrument in optional music courses that are not extracurricular activities. The following list details the maximum dollar

amount of all musical extracurricular activities fees and the equipment or attire required for participation in musical extracurricular activities:

- Band: \$500
  - Students must provide their own instruments and marching band shoes, which must be white, rubber-soled sneakers

#### **14. Contributions for Junior and Senior Class Extracurricular Activities.**

Students are eligible to participate in a number of unique extracurricular activities during their last two years in high school, including prom, various senior recognitions, and graduation. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund. This contribution is completely voluntary. Students who chose not to contribute to the class fund are still eligible to participate in the extra activities. The suggested donation to the class fund will be \$25.00.

#### **C. Waiver Policy.**

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Actual participation in the free or reduced-price lunch program is not required to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal.

#### **D. Distribution of Policy.**

This policy will be published in the Student Handbook or its equivalent that will be provided to students at no cost.

#### **E. Voluntary Contributions to Defray Costs.**

The district will, when appropriate, request donations of money, materials, equipment or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements and staff members of the district are directed to clearly communicate that fact to students, parents and patrons.

**F. Fund-Raising Activities**

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Monies in the Student Fee Fund shall be expended only for the purposes for which they were collected from students.

### Parent and Guardian Involvement In Education Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
  - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
  - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
  - c. A parental request to review specific standardized and criterion- referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
  - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
  - b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
  - a. Building principals may excuse a student from any single school experience at the parent's written request.
  - b. When appropriate, alternative experiences will be provided for the student by the school.

4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
  - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
  - b. State Assessments  

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents or guardians to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.
  - c. National Assessment of Educational Progress  

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.
7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
  - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
  - b. Students’ participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

**District Title I Parent and Family Engagement Policy**

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.

6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

### **Compulsory Attendance and Excessive Absenteeism**

#### **Required Attendance**

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

#### **Mandatory Attendance Age**

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

#### **Exceptions**

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the temporary illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

#### **Discontinuing Enrollment – 5 Year Old Students**

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

#### **Discontinuing Enrollment – 16 and 17 Year Old Students**

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

#### **Attendance Officer**

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

**Excused Absences**

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student
4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

**Excessive Absenteeism**

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the attached procedure for addressing barriers to the student's attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

## 5054 Student Bullying

**Definition of Bullying.** Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

**Bullying Prohibited.** Students are prohibited from engaging in any form of bullying behavior.

**Reporting Bullying.** Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous report form on the website to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

**Bullying Investigations.** School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

**Disciplinary Consequences.** The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district’s day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

**Bullying Based on Protected Class Status.** Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district’s antidiscrimination policies.

**Support for Students Who Have Experienced Bullying.** Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district’s student assistance team.

**Bullying Prevention and Education.** Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

**Policy Review.** The school district shall review this policy annually.

## WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

**Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.**

**There are several forms at the end of this handbook that you must read, sign, and return no later than the Friday of the first week of school.**

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Dean Tickle  
Superintendent

### **Intent of Handbook**

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

### **Notice of Nondiscrimination**

# **MISSION STATEMENT**

## **Empowering Continual Success**

## SECTION ONE

### **BASIC SCHOOL RULES AND GENERAL PRACTICES**

#### **Attendance**

##### **Required Attendance**

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

##### **Mandatory Attendance Age**

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

##### **Exceptions**

This policy does not apply when temporary illness or severe weather conditions make attendance impossible or impracticable.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

##### **Discontinuing Enrollment – 16 and 17 Year Old Students**

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

##### **Attendance Officer**

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

##### **Excused Absences**

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student or of a child whom the student is parenting (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Unsafe travel conditions.
3. Medical appointments for the student or for a child whom the student is parenting
4. Death of a student's family member
5. Appearance at court or for other legal matters

**Excessive Absenteeism**

When a student receives 3 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 21 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

**Absences due to illness**

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

**Planned absences**

Parents who know in advance that a student will be absent must call the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, should complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments outside school hours when possible. It will be the student's responsibility to check the learning management system (Powerschool or Schoology) to stay current with teacher expectations for the classes to be missed.

**College Visits**

Students will be allowed three absences to be designated as a "school activity" absence that will not count against their absence total during their junior and senior year of high school. Parents will be required to notify the school of these absences.

**Students are obligated to:**

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or principal approved absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

**Parents are obligated to:**

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds four days.

**Pregnant and Parenting Students**

Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities.

**Band**

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Students in grades 7-12 may participate in the band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

## **Bills**

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school business manager's office. Any check for these payments should be made out to Loup City Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

## **Books and Supplies**

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

## **Breastfeeding and Lactation**

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

## **Bulletin Boards**

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

## **Bullying**

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The District's

administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

### **Reporting Bullying**

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district's anonymous platform on the Loup City Public School's website to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

### **Bullying Investigations**

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

### **Cafeteria Rules**

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray into the correct container. Forks and spoons should be placed in the pan with water.
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings may be available at an additional cost to students.
6. Students should remain at their tables until they are dismissed.
7. Students must treat lunch personnel with respect.
8. Students who violate the above rules will be disciplined.

### **Cell Phones and Other Electronic Devices**

Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Students must comply with each teacher's classroom rules regarding cell phone use in class.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy will have their cell phones or other electronic devices confiscated immediately. The administration will return confiscated devices to the offending student's parent or guardian after meeting with the parent or guardian to discuss the violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

### **Cheating, Plagiarism, and Academic Dishonesty**

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

### **Child Abuse and Neglect**

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

### **Class Dismissal**

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

### **Classroom Behavior**

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

## **Closed Campus**

Students may not leave the building without permission from the administration.

## **Communicable Diseases**

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a “best practice” guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child’s health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call the school nurse at 308-745-0120 ext: 203.

## **Communicating with Parents**

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student’s report card. Parents will also be notified of their student’s possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student’s transfer when the district receives a written request signed by the student’s parent or guardian or upon being notified that the student has enrolled in another school.

## **Complaint Procedure**

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

### **Complaint and Appeal Process.**

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if the complainant believes speaking directly to the person would subject the complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
  - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
  - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
  - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
  - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District’s Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at [OCR.KansasCity@ed.gov](mailto:OCR.KansasCity@ed.gov); by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
  - a) Determine whether the complainant has discussed the matter with the staff member involved.
    - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
    - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
  - b) Strongly encourage the complainant to reduce his or her concerns to writing.
  - c) Interview the complainant to determine:
    - 1) All relevant details of the complaint;
    - 2) All witnesses and documents which the complainant believes support the complaint;
    - 3) The action or solution which the complainant seeks.
  - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint, he or she may appeal the decision to the superintendent.
  - a) This appeal must be in writing.
  - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
  - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
  - d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received the complainant's written appeal.
5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint, he or she may appeal the decision to the board.
  - a) This appeal must be in writing.
  - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
  - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
  - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
  - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
  - a) Determine whether the complainant has discussed the matter with the superintendent.
    - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
    - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.

- b) Strongly encourage the complainant to reduce his or her concerns to writing.
- c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
- d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

**No Retaliation.**

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

**Special Rules Regarding Educational Services and Related Services to Students with Disabilities.**

Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

**Bad Faith or Serial Filings.**

The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

**Computer Network Use by Students**

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

**I. Student Expectations in the Use of the Internet**

**A. Acceptable Use**

- 1. Students may use the Internet to conduct research assigned by teachers.
- 2. Students may use the Internet to conduct research for classroom projects.

**B. Unacceptable Use**

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.

**II. Enforcement**

**A. Methods of Enforcement**

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

**B. Consequences for Violation of this Policy**

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
  - a. Loss of computer privileges;
  - b. Short-term suspension;
  - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
  - d. Other discipline as school administration and the school board deem appropriate.

2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

### III. **Protection of Students**

#### A. **Children's Online Privacy Protection Act (COPPA)**

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
2. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

#### B. **Education About Appropriate On-Line Behavior**

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on
  - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
  - b. Cyberbullying awareness and response.
3. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy.

### **Conferences**

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences during the first and third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

### **Copyright and Fair Use**

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law. Loup City Board Of Education Policy 5030.

### **Discrimination and Harassment**

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with a student's school performance, or (3) otherwise adversely affects a student's school opportunities. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

### **Dress Code**

A detention or suspension may be given to make up the time away from school. Repeated dress code violations may result in more severe consequences. Administrators may also make other determinations about clothing deemed inappropriate for school.

### **Driving and Parking Personal Vehicles**

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.

2. Students must park in the designated parking spaces as outlined by the painted areas in the parking lot. Students must only take up one parking spot with their vehicles. Students driving special transportation for academic purposes, with permission, must park on the North edge of the parking lot.
2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

### **Drug Free Schools**

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Any student who violates any school policy regarding drug, alcohol, and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

### **Emergency Contact Information**

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

### **Evacuations**

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

### **Eye Exams**

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

### **Food Service Program**

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

#### **Breakfast**

The school will serve breakfast daily from 7:40 a.m. until 8:05 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges students \$2.00 and adults \$2.60 for breakfast.

#### **Lunch**

Lunch prices depend on the federal funding that the program receives. Lunch for 7-12 lunch is \$3.00 for students and \$4.25 for adults.

#### **Payment for Meals**

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be provided and charged for a meal. Efforts will be made to contact parents to bring the account up to date.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

### **Collection of Delinquent Meal Charge Debt**

The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

## **Health Problems Limiting Activities**

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

## **Homebound Instruction**

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental conditions are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

## **Homeless Children and Youth**

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is **the superintendent, who may be contacted at 308-745-0120 ext. 202.**

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

## **Lost and Found**

All lost and found articles are to be taken to the high school office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

## **Medications**

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer*

The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

### **Media Center**

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine that accumulates on a book charged to him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

### **School Day**

### **Student Government**

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

### **Student Records**

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

**Directory Information.** FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than September 1st.

### **Non-Directory Information**

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

### **Transfer of Records Upon Student Enrollment**

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

### **Complaints**

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

### **Student Schedule Changes**

Student schedule changes may be made without penalty during the first week of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the parent, guidance counselor, and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that

could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

### **Tardiness**

A student who does not have a hall pass from an adult will be required to serve a 15 minute detention. The student will be given three opportunities to serve that detention (after school that day, before school the next day, or after school the next day). If the student does not follow through with the detention the time will increase to 30 minutes to be served immediately. If the student once again does not serve their time they will serve one day of in-school suspension.

### **Telephone Calls**

The school's telephone may be used only with permission of staff.

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

## **1. Definitions**

- a.** A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
  - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
  - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
  - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b.** A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
  - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
  - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

## **2. Obligation to Report Threatening Statements or Behaviors.**

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such reports regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

### **3. Threat Assessment Team**

The threat assessment team (team) shall consist of Dean Tickle, **Dusti VanSlyke, Abby Fong, Jason Sullivan**, Janet Kuszak, Lori Eurek, Mike Jepsen, Brenda Gregory, and Rebecca Mroczek. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

### **4. Threat Assessment Investigation and Response**

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

### **5. Communication with the Public about Reported Threats**

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

### **6. Coordination with the Crisis Team After Resolution of Threat**

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

## **Transportation Services**

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

### **Transportation to School**

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

### **Bus Regulations**

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

#### **a) Rules of Conduct on School Vehicles:**

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Students must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

#### **b) Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline.

Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

**c) Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

**Transportation to Activities**

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students may be released to a parent or guardian at the conclusion of the event if they sign the appropriate documentation with the school coach/sponsor. Parents/guardians may set up alternate transportation for their student at least 48 hours in advance of the event by discussing the situation with the principal, and by providing written permission to release their student to another party.

**Video Surveillance and Photographs**

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Unless otherwise authorized by board policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies. For example, students are not prohibited from making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

### **Weather-Related School Closing**

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on school communication systems, television stations KOLN/KGIN and KHGI as well as facebook, twitter, and the school website. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

### **Withdrawal From School**

Students who are moving from the district must notify the school office.

### **Work Permits**

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

## SECTION TWO

### ACADEMIC INFORMATION

#### Academic Lettering

A student in grades 9-12 is eligible for an academic letter if he/she achieves Honor Roll status during each semester of the school year.

#### Certificate of Attendance

To qualify for a Certificate of Attendance, which will be awarded at a time other than the commencement exercises, a student must: 1) attend four complete years of high school; and 2) accumulate two hundred fifty (250) hours of classroom credit hours. Students may not participate in commencement exercises to receive a Certificate of Attendance except as provided by law.

#### Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each core curriculum class in which he/she was enrolled. For the purposes of this policy, core curriculum shall include all courses in the areas of language arts, mathematics, science, and social studies.

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in the middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as valedictorian and salutatorian unless the student has been enrolled in the district's high school for the last two semesters.

#### Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc. However, all such activities in which the student participates, as well as honors earned, are noted on the student's permanent record.

#### Correspondence and Online Courses

Under certain circumstances, the school district will reimburse students for the cost of tuition, textbooks, and other mandatory class materials for high school correspondence or online courses that are not part of the school district's regular curriculum. To receive reimbursement, the student must: 1) pay all initial course costs when he/she registers for the course; 2) select a course that is not available in the school curriculum, nor is any comparable course available; 3) register for the course during a specific school period; 4) have a faculty member designated as course monitor; and 5) complete the course during the regular school semester(s).

The district will not be liable for the costs of such courses until the student has successfully completed the course according to the established timelines. After the student has completed the course and the district has reimbursed the student for these costs, the textbooks and class materials shall become the property of the district.

#### Grades

Students will receive letter grades for their academic core classes.

The middle and high school grading system is as follows:

A	Superior	100% - 94%
B	Above Average	93% - 87%
C	Average	86% - 78%
D	Unsatisfactory/Below Average	77% - 70%
F	Failing ( no credit)	69% - 0%
I	Incomplete	

A student may earn an incomplete when he or she fails to complete classroom assignments. Any student in grades 7-11 who receives an incomplete will have this grade recorded on his/her permanent record until the required work is completed to the teacher's satisfaction. If a student does not remove an incomplete by completing the minimum classroom assignments, the incomplete will be calculated as a failing grade in determining the student's grade point average.

If a student does not remove an incomplete by completing the necessary work within two weeks of the end of the grading period, the incomplete will become a failing grade that the student may make up only by taking the entire course again. The two-week period may be extended by mutual agreement of the teacher, principal, and student.

A student who receives an incomplete during his/her senior year must satisfactorily complete the classroom assignments to participate in the graduation ceremony. Seniors with incompletes will not be dismissed from school attendance until the classroom assignments are completed to the teacher's satisfaction.

### **Graduation Awards**

The valedictorian and salutatorian of the graduating class shall be the students with the highest and second highest cumulative percentage grade point averages respectively in core curriculum course work completed in grades nine through twelve. These students will receive their awards during commencement exercises.

### **Graduation Requirements**

Students must earn two hundred fifty (250) total credit hours in order to graduate from high school.

Required courses and credit hours that students must complete in order to qualify for the Loup City High School Diploma are:

<b>Course Requirement</b>	<b>Credit Hours</b>
English	40 credits
Social Studies	40 credits
Mathematics	40 credits
Science	30 credits
Physical Education/Health	10 credits
Speech	5 credits
Life & Career Readiness	5 credits

Students beginning with the class of 2024. The following graduation requirements.

<b>Course Requirement</b>	<b>Credit Hours</b>
English	40 credits
Social Studies	40 credits
Mathematics	30 credits
<i>*to include Algebra 1, Geometry</i>	
Science	30 credits
Personal Finance	5 credits
Physical Education/Health	10 credits
<i>*to include Physical Education &amp; Health</i>	
Speech	5 credits
Life & Career Readiness	5 credits

To receive a diploma, a student must earn at least 250 semester hours credit of classroom work in grades 9 through 12. All students must carry a specified course assignment in all eight class periods during each semester. Students must complete all graduation requirements prior to graduation to participate in the ceremony.

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multidisciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

### **Homework**

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

### **Honor Roll**

To qualify for the honor roll, students must be enrolled in a minimum of seven (7) classes, four of which must be from the core curriculum of English, mathematics, science, social studies, business education, foreign language, and computer science. Students who earn a semester academic average of 94% or better with no grade in any class lower than 90% will qualify for the honor roll.

### **Report Cards**

Report cards are sent home the week following the end of each semester. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

## **SECTION THREE**

### **STUDENT DISCIPLINE**

#### **General Discipline Philosophy**

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

#### **Forms of School Discipline**

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

### **After School Sessions and Detentions**

Teachers and administrators may require students to stay after school or to serve detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions can be up to 30 minutes, served in the central office or the detention room designated by the building principal.

### **In-School Suspension**

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

### **Emergency Exclusion**

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

### **Short-Term Suspension**

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student and the student's parent or guardian, describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
4. Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions: for in-school suspensions, students will turn in their phones to the principal

and will communicate electronically with their teachers to get assignments. For out-of-school suspensions, students will communicate with teachers about missing work and they will turn all missing work in upon returning to school unless arrangements have been made with a teacher.

### **Weapons and/or Firearms**

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

### **Long-Term Suspension**

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

### **Expulsion**

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.

## SECTION FOUR

### **EXTRACURRICULAR ACTIVITIES**

#### **Academic Grade Standard for Activities Participation**

Participation in extra-curricular school activities is encouraged and desirable for all students. At the same time, the primary mission and responsibility for each student is to establish a firm academic foundation. A student participating in extracurricular school activities must therefore:

1. Students in grades 10-12 must have passed at least 20 hours the previous AND current semester for NSAA competition.
2. All freshmen are eligible to begin their NSAA high school career.
3. The following processes outline academic eligibility requirements within the school year:
  - a. A weekly Down List will be produced each Thursday by the High School Principal, with input from the teachers.
  - b. The Down List will be developed based on the students' current grades as of Thursday afternoon.
  - c. Teachers may send information to the Principal in the event they feel a student should not be included on the list, even with a failing grade.
  - d. Teachers are required to input at least 2 grades per week for all students.
  - e. The Principal will have the final say on who ends up on the Down List.

  - g. Administration will make the final decision about what events are or are not affected by the Down List.
  - h. Ineligibility will run from Monday through Sunday, and students will not be removed from the list early.
  - i. Students may end up on the Down List for excessive absences until that time is made up.

#### **Drug, Alcohol and Criminal Conduct Rules**

The following drug, alcohol and criminal Conduct rules apply regardless of whether the conduct occurs on and off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct. The Special Conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA whether or not the student is a participant in an activity at the time of such conduct. Any Student:

1. Witnessed by an administrator, coach, law officer, or teacher consuming, in possession of, or under the influence of alcohol, tobacco in any form, or illicit drugs, or any illegal performance enhancing drug.

1. The ineligibility period will commence with the first scheduled contest/performance of the activity and shall continue from one activity to the next in which the student participates if necessary.

## Title IX Policy

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

### 1. Title IX Coordinator

**1.1. Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the "**Title IX Coordinator**." The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

### 2. Definitions. As used in this policy, the following terms are defined as follows:

**2.1. Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

**2.2. Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

**2.3. Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

**2.4. Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

**2.5. Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

- 2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:
- 2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
  - 2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;
  - 2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:
    - 2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.
      - 2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
      - 2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
      - 2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
      - 2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
    - 2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.
      - 2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law
      - 2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent
  - 2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a), which means violence committed by a person—
    - 2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; and

2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:

2.6.4.2.1. The length of the relationship.

2.6.4.2.2. The type of relationship.

2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.

2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a), which includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction receiving grant funding and, in the case of victim services, includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who—

2.6.5.1. is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim;

2.6.5.2. is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;

2.6.5.3. shares a child in common with the victim; or

2.6.5.4. commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

2.6.6.1. fear for his or her safety or the safety of others; or

2.6.6.2. suffer substantial emotional distress.

2.7. **Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

### 3. **Discrimination Not Involving Sexual Harassment.**

3.1. **General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

**3.2. Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

- 3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
- 3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- 3.2.3. Deny any person any such aid, benefit, or service;
- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

**3.3. Complaint Procedure.** All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district’s general complaint procedure, Board Policy 2006.

#### **4. Response to Sexual Harassment**

**4.1. Reporting Sexual Harassment.** Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District’s Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

**4.2. General Response to Sexual Harassment.** When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy “education program or activity” includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district’s response will treat complainants and respondents equitably by offering supportive measures as defined in subsection 2.7 above to a complainant, and by following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

**4.3. Emergency Removal.** Nothing in this policy precludes the district from removing a respondent from the district’s education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so removes a respondent on an emergency basis, then the district will provide the respondent with

notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

**4.4. Administrative Leave.** Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

**4.5. General Response Not Conditioned on Formal Complaint.** With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

## **5. Grievance Process for Formal Complaints of Sexual Harassment.**

### **5.1. General Requirements.**

**5.1.1. Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

**5.1.2. Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

**5.1.3. Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

**5.1.4. Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

**5.1.4.1. All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

**5.1.4.2. Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

5.1.4.2.1. The definition of sexual harassment in subsection 2.6;

5.1.4.2.2. The scope of the district's education program or activity;

5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

5.1.4.2.4. How to serve impartially, including by avoiding prejudice of the facts at issue, conflicts of interest, and bias.

5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection 5.6.

5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.

5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.

5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.

5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

## 5.2. Notice of Allegations.

5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:

5.2.1.1. A copy of this policy.

5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review

evidence under subsection 5.5.5. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

- 5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

### 5.3. Dismissal of Formal Complaint.

- 5.3.1. The district will investigate the allegations in a formal complaint.

- 5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:

- 5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;

- 5.3.2.2. Did not occur in the district's education program or activity; or

- 5.3.2.3. Did not occur against a person in the United States.

- 5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:

- 5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;

- 5.3.3.2. The respondent is no longer enrolled in or employed by the district; or

- 5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

- 5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

- 5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

**5.4. Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

**5.5. Investigation of Formal Complaint.** When investigating a formal complaint and throughout the grievance process, the district will:

- 5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;

- 5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);
- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

## 5.6. Determination Regarding Responsibility

- 5.6.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).
- 5.6.2. **Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such

questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

**5.6.3. Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:

5.6.3.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;

5.6.3.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

5.6.3.3. Findings of fact supporting the determination;

5.6.3.4. Conclusions regarding the application of the district's code of conduct to the facts;

5.6.3.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

5.6.3.6. The district's procedures and permissible bases for the complainant and respondent to appeal.

5.6.4. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

5.6.5. The Title IX Coordinator is responsible for effective implementation of any remedies.

**5.7. Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

**5.7.1. Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.8.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.

**5.7.2. Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:

- 5.7.2.1. Procedural irregularity that affected the outcome of the matter;
  - 5.7.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - 5.7.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- 5.7.3. As to all appeals, the district will:
- 5.7.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
  - 5.7.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
  - 5.7.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.
  - 5.7.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
  - 5.7.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and
  - 5.7.3.6. Provide the written decision simultaneously to both parties.

**5.8. Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

- 5.8.1. Provides to the parties a written notice disclosing:
  - 5.8.1.1. The allegations;
  - 5.8.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
  - 5.8.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
  - 5.8.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- 5.8.2. Obtains the parties' voluntary, written consent to the informal resolution process; and

- 5.8.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

## 5.9. Recordkeeping.

- 5.9.1. The district will maintain for a period of seven years records of:
  - 5.9.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;
  - 5.9.1.2. Any appeal and the result therefrom;
  - 5.9.1.3. Any informal resolution and the result therefrom; and
  - 5.9.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.
- 5.9.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

6. **Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

## 7. Access to Classes and Schools.

- 7.1. **General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.
  - 7.1.1. **Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.
  - 7.1.2. **Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.
  - 7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

7.2. **Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

8. **Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

8.1. **Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

8.2. **Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams will not constitute noncompliance with this section.

9. **Certain Different Treatment on the Basis of Sex Permitted.** Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

10. **Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

10.1. **Specific Circumstances.**

10.1.1. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section.

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

11. **Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

12. **Publication of Policy.** The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

13. **Application Outside the United States.** The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

14. **Scope of Policy.** Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

## WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

**Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.**

**There are several forms at the end of this handbook that you must read, sign, and return no later than the Friday of the first week of school for the new school year..**

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Dean Tickle  
Superintendent of Schools

## **Intent of Handbook**

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

# **Mission Statement**

## **Empowering Continual Success**

## SECTION ONE

### **BASIC SCHOOL RULES AND GENERAL PRACTICES**

#### **Attendance**

##### **Required Attendance**

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

##### **Mandatory Attendance Age**

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

##### **Exceptions**

This policy does not apply when temporary illness or severe weather conditions make attendance impossible or impracticable.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

##### **Discontinuing Enrollment – 5 Year Old Students**

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

##### **Attendance Officer**

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

##### **Excused Absences**

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian: This list is not inclusive and the building principal reserves the right to grant other excused absences if deemed appropriate.

1. Physical or mental illness of the student or of a child whom the student is parenting (a physician's verification is required after four (4) consecutive days of absence for illness)

2. Unsafe travel conditions
3. Medical appointments for the student or for a child whom the student is parenting
4. Death of the student's family member
5. Appearance at court or for other legal matters

### **Excessive Absenteeism**

When a student receives 3 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 21 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

### **Absences due to illness**

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

### **Planned absences**

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments outside school hours when possible.

### **Students are obligated to:**

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or principal approved absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

### **Parents are obligated to:**

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds four days.

### **Band**

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

### **Bills**

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school Business Manager's office. Any check for these payments should be made out to Loup City Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

### **Books and Supplies**

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

## **Bulletin Boards**

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

## **Bullying**

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

### **Reporting Bullying**

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous platform on the Loup City Public School’s website to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

### **Bullying Investigations**

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

## **Cafeteria Rules**

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray onto the correct container. Forks and spoons should be placed in the pan with water.
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Students should remain at their tables until they are dismissed.
6. Students must treat lunch personnel with respect.
7. Students who violate the above rules will be disciplined.

### **Candy and Gum**

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

### **Cell Phones and Other Electronic Devices**

Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Students must comply with each teacher's classroom rules regarding cell phone use in class.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy will have their cell phones or other electronic devices confiscated immediately. The administration will return confiscated devices to the offending student's parent or guardian after meeting with the parent or guardian to discuss the violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

### **Cheating, Plagiarism, and Academic Dishonesty**

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

### **Child Abuse and Neglect**

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or

cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

### **Class Dismissal**

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

### **Classroom Behavior**

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

### **Closed Campus**

Students may not leave the building without permission from the building principal or designee.

### **Coats and Boots**

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear over shoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

### **Communicable Diseases**

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call 308-745-0120 ex 203.

### **Communicating with Parents**

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

### **Complaint Procedure**

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving

discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

### **Complaint and Appeal Process.**

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if the complainant believes speaking directly to the person would subject the complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
  - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
  - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
  - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
  - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at [OCR.KansasCity@ed.gov](mailto:OCR.KansasCity@ed.gov); by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
  - a) Determine whether the complainant has discussed the matter with the staff member involved.
    - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
    - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
  - b) Strongly encourage the complainant to reduce his or her concerns to writing.
  - c) Interview the complainant to determine:
    - 1) All relevant details of the complaint;
    - 2) All witnesses and documents which the complainant believes support the complaint;
    - 3) The action or solution which the complainant seeks.
  - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint, he or she may appeal the decision to the superintendent.
  - a) This appeal must be in writing.
  - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
  - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.

- d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.
5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint, he or she may appeal the decision to the board.
- a) This appeal must be in writing.
  - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
  - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
  - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
  - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the superintendent.
    - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
    - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
  - b) Strongly encourage the complainant to reduce his or her concerns to writing.
  - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
  - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

**No Retaliation.**

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

**Special Rules Regarding Educational Services and Related Services to Students with Disabilities.**

Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

### **Bad Faith or Serial Filings.**

The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

### **Computer Network Use by Students**

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

## II. Enforcement

### A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

### B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
  - a. Loss of computer privileges;
  - b. Short-term suspension;
  - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
  - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

## III. Protection of Students

### A. Children's Online Privacy Protection Act (COPPA)

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
2. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

### B. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on
  - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
  - b. Cyberbullying awareness and response.
3. The School District's technology coordinator, Janet Kuszak, shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

## Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences during the first quarter and third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

## **Copyright and Fair Use**

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The “fair use” doctrine allows limited reproduction of copyrighted works for educational and research purposes. “Fair use” of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes “fair use” should consult with their teacher or building principal, review the school district’s copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district’s student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law. Loup City Board of Education Policy #5030.

Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

A detention or suspension may be given to make up the time away from school. Students will also receive zeros for any class time they miss while correcting the violation. Repeated dress code violations may result in more severe consequences.

### **Drug Free Schools**

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Any student who violates any school policy regarding drug, alcohol, and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

### **Emergency Contact Information**

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

### **Evacuations**

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

### **Eye Exams**

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

**First-Aid**

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

**Food Service Program**

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

**Breakfast**

The school will serve breakfast daily from 7:40 a.m. until 8:05 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges \$2.00 for K-12 Students. Adult breakfast charge is \$2.50.

**Milk break**

The school will offer a milk program to students in grades K-5. All milk served to a student (except the initial carton served with lunch) will cost \$.45 per half pint. The price for milk may change during the school year. Milk will be served at the morning recess. Teachers will record the number of cartons of milk each child consumes and give the information to the office at the end of the month where it will be added to the family account.

**Payment for Meals**

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be provided and charged for a meal. Efforts will be made to contact parents/guardians to bring meal accounts up to date.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

**Collection of Delinquent Meal Charge Debt**

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

Upon discovering the presence of any indication of lice, louse eggs, or nits, the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice, eggs, or nits can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

### **Health Problems Limiting Activities**

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal if their student has any special health problems such as diabetes, asthma, any other health condition deemed appropriate for the school to know.

### **Homebound Instruction**

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

### **Homeless Children and Youth**

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is **Dean Tickle, Superintendent** who may be contacted at **308.745.0120**.

### **Illness or Injury at School**

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

### **Immunizations**

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

**Provisional Enrollment.** Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

### **Initiations and Hazing**

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. ### **Lockers and Other School Property**

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

## Lost and Found

All lost and found articles are to be taken to the classroom teacher or other adult school personnel. The items will be placed in a lost and found container. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

## Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

**Prescription medication.** (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

**Non-prescription medication.** (1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer's container. (3) The container must be labeled with the child's name and with directions for provision or administration of the medication.

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

## Media Center

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine that accumulated on a book charged to him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

## Memorials

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. ### **Pictures**

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of the date. Included in the individual packet is a class composite. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Members of the school district staff will comply with board policy regarding police questioning of students.

### **Protection of Student Rights**

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. The approximate dates during the school year when a survey requesting personal information as defined in the Protection of Pupil Rights policy is scheduled are as follows: A survey will be sent home in the fall from mid to late August and in the spring from mid to late March of each school year. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

## **Secret Organizations**

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

## Standardized Assessments

The NWEA MAP (Measure of Academic Progress), **DIBELS 8th Edition (Dynamic Indicators of Basic Early Literacy Skills)**, and the Pearson AimswebPlus Diagnostic are administered annually in grades K-5 three times during the school year to determine the students' achievement probability for individual success. Tests are administered in Fall, Winter and Spring, and the results are shared with students and parents/guardians. The Nebraska Student Centered Assessment System (NSCAS) is administered annually to grades 3-6 as required by state statute. The NSCAS results are shared with the student and Parent/Guardian after they become available.

## Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may convene the Student Assistance Team (SAT). The SAT can explore possibilities and strategies that will best meet the educational needs of the student.

## Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

Application forms are available in each school building office.

**Voluntary Contributions to Defray Costs.**

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

**Fund-Raising Activities**

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

**Student Illness**

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

**Student Government**

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

## Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

**Directory Information.** FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who object to the disclosure of any directory information about their student should complete the form provided with enrollment documents requesting this. The document needs to be completed in entirety and signed by the parent or legal guardian **no later than September 1st.**

## Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of

the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

### **Transfer of Records Upon Student Enrollment**

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

### **Complaints**

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

### **Tardiness**

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. After four tardies to school, the student and parents will be required to meet with the principal to discuss the situation.

### **Telephone Calls**

The school's telephone may be used only with permission of staff.

### **Threat Assessment and Response**

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

#### **1. Definitions**

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
  - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
  - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
  - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.

- i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
- ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

**2. Obligation to Report Threatening Statements or Behaviors.**

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

**3. Threat Assessment Team**

The threat assessment team (team) shall consist of Dean Tickle, Abby Fong, Jason Sullivan, Dusti VanSlyke, Janet Kuszak, Lori Eurek, Mike Jepsen, Brenda Gregory, and Rebecca Mroczek. Not every team member need participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

**4. Threat Assessment Investigation and Response**

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

**5. Communication with the Public about Reported Threats**

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

**6. Coordination with the Crisis Team After Resolution of Threat**

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

### **Transportation Services**

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

#### **Transportation to School**

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

#### **Bus Regulations**

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) **Rules of Conduct on School Vehicles:**

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building

principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

**Transportation to Activities**

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

**Video Surveillance and Photographs**

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Unless otherwise authorized by board policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies. For example, students are not prohibited from making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

**Weather-Related School Closing**

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced via school communication systems, **KOLN, KGIN, KHGI, and Facebook/Twitter**. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

**Withdrawal From School**

Students who are moving from the district must notify the school office.

## SECTION TWO

### ACADEMIC INFORMATION

#### Grades

Students will receive letter grades for their academic core classes. Elementary Grades are based on the following guidelines:

A	Superior	100% - 94%
B	Above Average	93% - 87%
C	Average	86% - 78%
D	Unsatisfactory/Below Average	77% - 70%
F	Failing (no credit)	69% - 0%
I	Incomplete	

A student may earn an incomplete when he or she fails to complete classroom assignments.

If a student does not remove an incomplete by completing the necessary work within two weeks of the end of the grading period, the incomplete will become a failing grade that the student may make up only by taking the entire course again. The two-week period may be extended by mutual agreement of the teacher, principal, and student.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multidisciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

#### Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

#### Report Cards

Report cards are sent home the week following the end of the nine-week reporting period.

## **SECTION THREE**

### ***STUDENT DISCIPLINE***

#### **General Discipline Philosophy**

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

#### **Forms of School Discipline**

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

### **After School Sessions and Detentions**

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may earn a detention assigned by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are 30 minutes, served in the central office or the detention room designated by the building principal.

### **Saturday School**

The building administrator may require a student to attend Saturday School for four hours on Saturday morning. Saturday School is held from 8:30 AM to 12:30 PM in a classroom staffed by teachers. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed from the classroom and will face further disciplinary action.

### **In-School Suspension**

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

### **Emergency Exclusion**

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

### **Short-Term Suspension**

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student and the student's parent or guardian, describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the

time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.

4. Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions: Some work will be done independently and other work, such as examinations, may be made up only under the supervision of school personnel.

### **Weapons and/or Firearms**

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

### **Long-Term Suspension**

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

### **Expulsion**

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall provide either an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

### **Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment:**

REV. STAT. § 79-254 to 79-294). The school district will provide parents with copies of the relevant statutes upon request.

## SECTION FOUR

### Title IX Policy

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

#### 1. Title IX Coordinator

1.1. **Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the “**Title IX Coordinator.**” The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

#### 2. Definitions. As used in this policy, the following terms are defined as follows:

2.1. **Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). “Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

2.2. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

2.4. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

2.5. **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to

some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

- 2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
- 2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;
- 2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:
  - 2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.
    - 2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
    - 2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
    - 2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
    - 2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

    - 2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent
- 2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a), which means violence committed by a person—

2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim;  
and

2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:

2.6.4.2.1. The length of the relationship.

2.6.4.2.2. The type of relationship.

2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.

2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a), which includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction receiving grant funding and, in the case of victim services, includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who—

2.6.5.1. is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim;

2.6.5.2. is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;

2.6.6.1. fear for his or her safety or the safety of others; or

2.6.6.2. suffer substantial emotional distress.

2.7. **Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

### 3. **Discrimination Not Involving Sexual Harassment.**

3.1. **General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to

discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

**3.2. Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

- 3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
- 3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- 3.2.3. Deny any person any such aid, benefit, or service;
- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

**3.3. Complaint Procedure.** All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district’s general complaint procedure, Board Policy **2006**.

#### **4. Response to Sexual Harassment**

**4.1. Reporting Sexual Harassment.** Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District’s Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

**4.2. General Response to Sexual Harassment.** When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy “education program or activity” includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district’s response will treat complainants and respondents equitably by offering supportive measures as defined in subsection 2.7 above to a complainant, and by following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

**4.3. Emergency Removal.** Nothing in this policy precludes the district from removing a respondent from the district’s education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so

removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

**4.4. Administrative Leave.** Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

**4.5. General Response Not Conditioned on Formal Complaint.** With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

## **5. Grievance Process for Formal Complaints of Sexual Harassment.**

### **5.1. General Requirements.**

**5.1.1. Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

**5.1.2. Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

**5.1.3. Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

**5.1.4. Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

**5.1.4.1. All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

**5.1.4.2. Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

5.1.4.2.1. The definition of sexual harassment in subsection 2.6;

5.1.4.2.2. The scope of the district's education program or activity;

5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

5.1.4.2.4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection 5.6.

5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.

5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.

5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.

5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

## 5.2. Notice of Allegations.

5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:

5.2.1.1. A copy of this policy.

5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review evidence under subsection

5.5.5. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

### 5.3. Dismissal of Formal Complaint.

5.3.1. The district will investigate the allegations in a formal complaint.

5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:

5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;

5.3.2.2. Did not occur in the district's education program or activity; or

5.3.2.3. Did not occur against a person in the United States.

5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:

5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;

5.3.3.2. The respondent is no longer enrolled in or employed by the district; or

5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

5.4. **Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

5.5. **Investigation of Formal Complaint.** When investigating a formal complaint and throughout the grievance process, the district will:

5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;

- 5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);
- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

## 5.6. Determination Regarding Responsibility

- 5.6.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).
- 5.6.2. **Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that

someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

5.6.3. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:

5.6.3.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;

5.6.3.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

5.6.3.3. Findings of fact supporting the determination;

5.6.3.4. Conclusions regarding the application of the district's code of conduct to the facts;

5.6.3.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

5.6.3.6. The district's procedures and permissible bases for the complainant and respondent to appeal.

5.6.4. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

5.6.5. The Title IX Coordinator is responsible for effective implementation of any remedies.

5.7. **Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

5.7.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.8.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.

5.7.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:

5.7.2.1. Procedural irregularity that affected the outcome of the matter;

- 5.7.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - 5.7.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- 5.7.3. As to all appeals, the district will:
- 5.7.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
  - 5.7.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
  - 5.7.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.
  - 5.7.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
  - 5.7.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and
  - 5.7.3.6. Provide the written decision simultaneously to both parties.

**5.8. Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

- 5.8.1. Provides to the parties a written notice disclosing:
  - 5.8.1.1. The allegations;
  - 5.8.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
  - 5.8.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
  - 5.8.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- 5.8.2. Obtains the parties' voluntary, written consent to the informal resolution process; and
- 5.8.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

## 5.9. Recordkeeping.

5.9.1. The district will maintain for a period of seven years records of:

5.9.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;

5.9.1.2. Any appeal and the result therefrom;

5.9.1.3. Any informal resolution and the result therefrom; and

5.9.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.

5.9.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

6. **Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

## 7. Access to Classes and Schools.

7.1. **General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

7.1.1. **Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

7.1.2. **Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

**7.2. Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

**8. Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

**8.1. Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

**8.2. Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams will not constitute noncompliance with this section.

**9. Certain Different Treatment on the Basis of Sex Permitted.** Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

**10. Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

**10.1. Specific Circumstances.**

10.1.1. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section.

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

**11. Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

## **Staff Handbook**

**2023-24**

(revised July 5, 2023)

## **TABLE OF CONTENTS**

## **INTRODUCTION**

This handbook provides information to persons who are employed by the school district and are referred to in this handbook as employees, staff, or staff members. It is designed to provide practical information about the daily operation of the schools in the district and contains building and district directories, safety and emergency information, as well as district policies and procedures. Each staff member should carefully review this handbook. The administration and the board of education continually review policies and procedures, so staff members should discuss comments, concerns, or suggestions about this handbook with their building principal or another member of the administrative staff.

This handbook does not create a "contract" of employment. Staff positions and assignments that do not require a teaching certificate or are not otherwise governed by the teacher tenure laws may be ended or changed on an at-will basis notwithstanding anything in this handbook or any other publication or statement, except a contract approved by the board of education.

Many situations may arise that are not covered by this handbook. In those instances, staff members should use their own good judgment or consult with the administration. If any information contained in this handbook conflicts with board policy or state statute, the policy or statute will govern.

The provisions in this handbook are subject to change at the sole discretion of the Superintendent and the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that all procedures can be kept up to date. If you have any questions regarding this handbook, please ask your supervisor or the Superintendent for assistance.

Your suggestions about ways to improve the school are welcome and will always be considered.

## **NONDISCRIMINATION IN EDUCATION PROGRAMS AND ACTIVITIES**

The school district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies:

Name: Dean Tickle  
Title: Superintendent  
Address: 800 S. 8th Street, Loup City, NE  
Telephone: (308) 745-0120  
E-mail: dean.tickle@lcpublic.org

For further information on notice of nondiscrimination, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm> for the address and phone number of the office that serves your area or call 1-800-421-3481.

For additional prohibited discrimination and related information, please review school district Policy 3053 – Nondiscrimination

## **DRUG-FREE WORKPLACE REQUIREMENTS**

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

## **POLICIES AND PROCEDURES REGARDING ALL STAFF**

### **Accidents and Injuries**

Staff must inform the building office immediately of all accidents and/or injuries to students or staff, and complete the appropriate accident form that is available from the office secretary. The accident form must be returned to the office within twenty-four hours.

### **Activity Accounts and Fundraising**

Activity accounts are handled through the superintendent's office. No student or sponsor may make any purchase without a signed purchase order from the superintendent. **Purchases made without permission are the personal obligation and responsibility of the purchaser.**

The superintendent is responsible for authorizing any fundraising on the part of student activities. **No fundraising may occur without express administrative permission.**

### **Activity Tickets**

All staff, spouses, and their school-age children will be admitted to home games free of charge. Activity tickets will be issued to staff through the building offices.

### **Agents, Salesmen and Other Business Representatives**

All business representatives calling on school matters must obtain permission from the superintendent or building principal before conferring with staff. Staff must determine whether the business representative has been granted permission before discussing business matters. Classroom teachers may not interrupt class work to confer with such representatives.

Staff may not use school time or school facilities for any personal activity for personal financial gain or confer with any business representative for personal business during school time.

### **Announcements and Circulars**

No announcements shall be made before any school group without authorization of the principal or superintendent.

Any circulars or advertising displayed within the school shall have the approval of the building principal or superintendent before posting.

**Board Policies, Rules, and Directives**

The board of education has adopted policies that govern the operation of the school district. A complete policy manual is available on the district's website or in the main administrative office. These manuals will be updated as the board adopts new policies or modifies existing policies. In particular, the 4000 series deals with policies that affect personnel. Additionally, the Board has authorized the Superintendent and his or her designee to adopt rules and directives regarding the conduct of students, staff, and other persons. Many of these rules and directives are published in the Student Handbook, Staff Handbook, and Activity Handbook, respectively. Each of these handbooks are available on the district's website and in the main administrative office. **By signing below, you agree that you have read and understood these policies, handbooks, rules, and directives,**

**their application to you, and that you have had an opportunity to discuss any questions with the administration.**

### **Child Abuse**

School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.
2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.
4. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

### **Complaint Procedure**

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students, and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party

accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

### **Complaint and Appeal Process.**

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if the complainant believes speaking directly to the person would subject the complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.

- a) This appeal must be in writing.
  - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
  - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
  - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
  - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:

**No Retaliation.** The school district prohibits retaliation against any

person for filing a complaint or for participating in the complaint procedure in good faith.

**Special Rules Regarding Educational Services and Related Services to Students with Disabilities.** Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

**Bad Faith or Serial Filings.** The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the

superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section

### **Computers and the Internet: Acceptable Use by Staff**

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. Staff members must refer to and comply with board policy number 4012 regarding Staff Internet and Computer Use. Staff should also refer to and comply with board policy 4051 regarding Staff and District Social Media Use.

### **Conflict of Interest**

All staff members are subject to the board's policy governing conflict of interest. That policy provides, in part, that no employee shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the employee would thereby be influenced.

### **Contact Information**

Staff are required to keep the district informed of any change in their name, address, telephone or other contact information. Contact the building secretary to report a change.

### **Copyright and Fair Use**

The school district complies with federal copyright laws. Staff members must comply with copyright laws when using school equipment or working on behalf of the district. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Staff who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their building principal, review the school district's copyright compliance policy, and review *Reproduction of Copyrighted Works by Educators and Librarians* from the U.S. Copyright Office found at <https://www.copyright.gov/circs/circ21.pdf> and *Copyright for Students* found at:

<https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the

following site:

<http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

### **Corporal Punishment**

Corporal punishment is the infliction of bodily pain as a penalty for disapproved behavior, and is prohibited by law. Some physical contact is inevitable, and most of it is appropriate. Corporal punishment does not include the use of physical force that is reasonable and necessary to (1) protect school employees; (2) protect students or property; or (3) remove a student from a situation that endangers the student, persons, or property. Staff members should promptly report any event that required the use of physical force to their building principal.

### **Crisis Response Team**

Any staff member appointed by the district administration will serve on the Crisis Response Team as outlined in the board policies. The Crisis Response Team serves a vital role in supporting the district's staff and students. It is the responsibility of the appointed staff member to discuss with the district administration any circumstances that may affect the staff member's ability to perform the tasks required by board policy.

### **Disability Leave (Short-Term)**

Short-term disability leave will be treated in the manner required by state and federal law and consistent with the negotiated agreement with the school district's local education association. Short-Term Disability leave will run concurrently with FMLA leave.

### **Discrimination and Harassment**

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with an employee's school performance, or (3) otherwise adversely affects an employee's employment opportunities. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: Dean Tickle at (308) 745-0120, [dean.tickle@lcpublic.org](mailto:dean.tickle@lcpublic.org) or in person at school. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: Dean Tickle at (308) 745-0120, [dean.tickle@lcpublic.org](mailto:dean.tickle@lcpublic.org), or in person at school. Employees who believe that they have been the subject of any other unlawful discrimination or harassment should contact the Dean Tickle at (308) 745-0120,

dean.tickle@lcpublic.org or in person at school. Employees may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

### **Driving (both school and personal vehicles)**

Staff members who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Staff members will be provided a Driver's Certification form to verify this information. Staff members who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Staff members are not to use cell phones while driving a school vehicle or while transporting students. Please see the school district's policy on school vehicle use for further information.

Drivers for the school district must be free from drug and alcohol use or abuse. The school district will test drivers as permitted under state and federal law and in accordance with board policy.

### **Dress Code**

The attire worn by staff members conveys an important image to students and the general public. The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community.

Certified staff, paraeducators, and office staff should generally dress in business casual attire that is clean and professional.

The following are examples of unprofessional attire which should not be worn by classroom staff during the traditional school day, when students or visitors are in attendance, or when the employee is supervising, directing, or coaching students when the public is in attendance:

- For men: shirts without collars, unless the shirt can be deemed professional by other standards.
- Athletic wear, including sweat, jogging and wind suits, except when teaching a physical education activity in the gymnasium, on a playing field, or at athletic or other activity practices.
- Shorts, except when teaching physical education class or at athletic or other activity practices.
- Blue jeans, except at athletic or other activity practices, or on days considered to be "dress down" days.
- Hats, except when worn outside for sun coverage.
- Rubber soled 'flip flop' thong sandals.

- Any attire which is excessively wrinkled or torn, so that it is no longer neat and professional.
- Any attire which is immodest or may distract other employees or students in the learning environment.

Custodial, maintenance, and transportation staff should dress in attire appropriate to the work they are performing.

The superintendent or principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special “casual days” or field days). Any violation of school policy and rules may result in disciplinary action.

### **Drug and Alcohol Testing**

School district administrators who suspect that drugs or alcohol may be present in a staff member’s system may require the staff member to provide a body fluid or breath sample as provided in Nebraska law. Staff members who refuse a lawful directive to provide a body fluid or breath sample may be subject to disciplinary or administrative action by the employer, including denial of continued employment.

### **Duty to Report**

School personnel shall self-report any of the following to the District’s Superintendent within 24 hours of its occurrence or at the beginning of the next school day, whichever is earlier:

- Any criminal citation if the alleged offense is a misdemeanor or felony under federal or Nebraska law or in the state in which the alleged offense occurred;
- Any arrest for any reason;
- Any criminal conviction;
- Any sentence of incarceration;
- Any criminal or civil filing or Department of Health and Human Services or law enforcement investigation against the employee for child abuse and/or neglect;
- Any complaint or other administrative filing against the employee that could impact any certificate or professional license held by the employee;
- Any action or threat of action by any entity against the employee’s driver’s license or ability or authority to operate a motor vehicle if the employee’s job duties may require the operation of a motor vehicle.

The failure to make a report required by this section may result in disciplinary action up to and including cancellation, termination, and non-renewal.

### **Electronic Communication While Driving**

Except as provided below, school personnel shall not use any electronic communication device to read a written communication, manually type a written communication, send a written communication, verbally communicate with others, or otherwise communicate with others while operating a school vehicle or while using a school-issued electronic communication device while operating a private vehicle. This prohibition includes but is not limited to answering or making telephone calls not related to the transportation and reading or responding to emails, instant messages, or text messages.

The superintendent or building principal may grant exceptions and allow verbal communication on an as needed basis for specific district-related work based upon employees' duties and responsibilities.

### **Expenses**

The board will reimburse staff for all approved expenses incurred in attending to school business. Reimbursement for mileage, supplies, overnight travel expense, and credit course reimbursement fees are processed on an expense report form that is available from each building secretary. Appropriate receipts must be attached.

To be reimbursed for an item or for personal vehicle use, staff members must complete a reimbursement claim form, attach receipts and submit it to the Superintendent for approval.

All claims for reimbursement must be approved by the board, so some delay is probable. Mileage reimbursement will be denied if a school vehicle was available.

### **Family and Medical Leave (FMLA)**

Qualified employees will be provided leave under the Family and Medical Leave Act (FMLA) as provided in board policy.

### **In-School Communication**

Every staff member will be assigned a mailbox in the building where he or she works. Staff members are expected to check their mailboxes for messages in the morning upon arrival at school, at lunch time, and at the end of the day before departing.

A great deal of information is distributed to staff via the school's e-mail system. Each staff member must check his or her e-mail account frequently throughout the school day. Staff members are allowed to use their school email accounts for a moderate amount of personal e-mail correspondence. However, sending or receiving personal email during class time is prohibited, regardless of whether that personal e-mail is received on the staff member's school email account or a personal account.

### **Intellectual Property**

All written or artistic works, instructional materials, inventions, procedures, ideas, innovations, systems, programs, or other work product created or developed by any employee in the course and scope of performance of his or her employment duties on behalf of the district, whether published or not, shall be the exclusive property of the district. The district has the sole right to sell, license, assign, or transfer any and all right, title, or interest in and to such property.

### **Jury and Witness Duty Leave**

An employee who has been called to serve as a juror will be granted paid leave. Employees must sign over to the district the compensation they receive for jury duty, but not compensation for expenses.

An employee who has been subpoenaed to testify as a witness in a court proceeding shall be entitled to one day of paid leave. To receive paid leave, the employee must sign over to the district his or her witness fee.

### **Keys**

Staff will not lend or have any duplicate keys made of any school key. Staff will make sure all doors are locked when they enter or leave the building other than regular school hours and are responsible for setting the security system after hours.

Staff members are responsible at all times for all keys issued to them and must keep their keys in a secure location or on the employee's person. Each classroom teacher must check that the doors and windows in his or her room are closed and locked at the end of the school day. Staff must report lost or stolen keys to the building principal immediately.

### **Locker Room Supervision**

Staff members must review and comply with the board's policy regarding locker room supervision.

### **Maintenance & Cleaning Request Forms**

Staff members should fill out maintenance requests forms just as soon as they need or see a maintenance problem. These forms must be turned into the Superintendent.

### **Meals Program**

Staff may take advantage of meals offered through the district's foods program. Staff may purchase breakfasts for \$2.60 and/or lunches from the school cafeteria for \$4.25 per day. The lunch price includes one carton of milk. Extra cartons cost \$.45. Staff members must deposit funds in their lunch accounts before purchasing meals. Staff members will not be allowed to run a deficit in their lunch accounts.

### **Military Leaves of Absence**

Leaves of absence without pay for military or Reserve duty are granted to all employees as required by law. An employee who is called to active military duty or to Reserve or National Guard training or who volunteers for the same should submit copies of the military orders to the Superintendent as soon as is practicable. An administrator, at his or her discretion, may require an employee who requests leave under the Nebraska Family Military Leave Act to provide certification from the proper military authority to verify the employee's eligibility for the leave requested.

Military Leave under the Federal Family and Medical Leave Act (FMLA) and the Nebraska Family Military Leave Act will be governed by the board's policies.

### **Milk Expression**

The district will provide reasonable break time for an employee who wishes to express breast milk for her nursing child in a place, other than a bathroom, which is shielded from view and free from intrusion from co-workers, students, and the public for one year after the child's birth.

### **News and Press Releases**

Positive media coverage of the school district and its activities is good for the school, its staff, and its students. Staff should endeavor to establish and maintain cordial relationships with local media outlets.

Activity sponsors and other staff who are involved in newsworthy activity should submit typed press releases to the office for distribution to the media when noteworthy events have occurred. Coaches must communicate with local TV, radio, and print media promptly after matches or games to disseminate the results.

Communicating with the public, keeping the public informed, and public relations with the community are important tasks. News of important and/or interesting events and activities are usually welcomed by the newspapers.

### **Newsletters**

The district secretary will inform staff of the relevant deadlines for each newsletter. Staff members are encouraged to submit articles for the newsletter that reports recent classroom activities and emphasizes positive aspects of the district's mission.

### **Obligations Related to American Civics Instruction**

All staff members shall be familiar with, and comply with, the requirements of state law, board policy, and district curriculum to properly instruct students regarding American Civics, Social Studies, American History, and appropriate patriotic exercises on particular days of the year. Neglect of any such responsibilities by any employee may be considered just cause for dismissal.

### **Outside Employment**

No full-time staff member may accept any other employment or carry on any business or activity for profit that interferes with the complete and competent discharge of his or her responsibilities to the school district.

### **Political Activities**

District employees retain all rights of citizenship, including, but not limited to, engaging in political activities. An employee of the District may participate in the political process, including seeking an elective office, provided that the staff member does not campaign on school property during working hours, and provided all other legal requirements are met. The District assumes no obligation beyond making such opportunities available.

While the District supports its employees by allowing them to exercise their rights, any impact on the employee's ability to perform his or her functions as required by the district is grounds for discipline. For further guidance regarding political conduct on school grounds, contact the superintendent and consult the board policies.

### **Pregnant or Parenting Students**

The school district encourages students who are pregnant or parenting are encouraged to continue to participate in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting have been told to notify their building principal as early as possible to

discuss their educational programming. The building principal will work with the student and appropriate district staff to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;
3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and
4. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators including, but not limited to, modification of attendance policies.

### **Professional Boundaries Between Staff and Students**

All district employees must follow board policy when interacting with students in any way. School district employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. District employees must be aware of professional boundaries between students and staff, and they must never blur the boundaries. These standards of behavior apply to social networking sites, such as Facebook, Twitter, Instagram, etc., along with communications and interactions of any kind between staff and students.

Examples of unprofessional misconduct include: inappropriate sexual communications or interactions with students, meeting with students in private outside of school, and intruding on a student's personal space. These are a few examples of inappropriate behavior, not an exhaustive list. For further guidance, refer to the district's policies regarding professionalism and staff-student interactions.

Any teacher or student who witnesses or knows information about a district employee violating board policy should report the violation to the district administration *immediately*. Minor violations and questionable violations should be reported as soon as possible, but always within 24 hours.

A violation of board policies for professionalism will form the basis for employee discipline up to and including termination or cancellation of employment, filing a report with law enforcement officials, and filing a report with the Commissioner of Education.

## **Professional Growth**

All employees must complete 24 points of professional growth within 6 years and shall be provided opportunities for the development of increased competence beyond that which they may attain through the performance of their assigned duties.

In addition to this requirement, the superintendent will select in-service programming to provide additional professional growth activities for certified and classified staff.

## **Purchasing**

All requisitions for books and school supplies must be filed with the building principal. The requisition must include the name of the article being requested, where it may be purchased, how many articles are required and their cost. Requisition forms are available from the office. Orders should not be placed until the district office has issued a printed purchase order. Once an order has been received, the staff member must notify the building secretary so payment can be processed. Failure to follow the procedure for requisitions may prevent the staff member from receiving the items requisitioned. All orders or supplies must be authorized by the administration. Staff may be personally liable for any orders placed without such authorization.

When routine supplies are needed for immediate use, staff should contact the building secretary. When it is necessary to make a special or emergency requisition for supplies or equipment, staff should contact the principal for the necessary forms. The superintendent will either approve or disapprove the request through the principal.

## **Records and Reports**

Staff members must refer to and comply with Board Policy No. 5016 regarding the management and maintenance of student records.

All staff members shall promptly furnish the administration with any information relating to their professional training, experience, activities or work required for reports to county, state or federal officials or for official school records. Personal information will be treated confidentially by school officials.

## **Recordings of Students and Classrooms**

Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator. Staff should refer to Board Policy 5063 for information on recording by students.

### **School Calendar**

The official school calendar is maintained in each building office. All activities and events must be scheduled and approved by the building principal. To avoid conflict, a sponsor should not call a meeting of any activity until the schedule has been checked and the meeting approved by the office.

### **School Property**

School property is not to be lent to individuals except by permission of the superintendent.

Staff or groups who wish to use school facilities should make requests to the building principal as early as possible so that they may be placed on the school calendar.

Staff must inform the building principal of any school property that needs repair or that is lost, stolen, or damaged beyond repair. Matters regarding custodial service in the building should be handled through the principal's office.

### **School Vehicle Use**

The transportation of students in a pupil transportation vehicle is governed by the rules of the Nebraska Department of Education and the district's safe pupil transportation plan or safety and security plan. School district employees, board members, and other elected or appointed school district officials who are not transporting children are authorized to use a school district vehicle to travel to a designated location or to their home when the primary purpose of the travel serves a school district purpose. Staff should refer to the board policy regarding the use of school vehicles.

### **Security**

Each staff member is responsible for the security of his/her own classroom or work area. Staff must lock the doors and windows of their classrooms and/or other work areas each night.

Staff members who use the building after it has been locked by the custodian or on weekends are responsible for turning off all lights and locking all windows and doors that they or students under their supervision may have used.

Under no circumstances are pupils to be allowed in the building after school hours without faculty supervision. Keys to any school areas are not to be

loaned to students under any circumstances.

### **Smoking on School Premises or at School Activities - Board Policy 3016**

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

### **Sniffer (Drug) Dogs**

The administration is authorized to use sniffer dogs to minimize the presence of illicit items on school grounds. Students and staff are specifically notified that:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

### **Social Media Usage by Staff**

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. All staff members must refer to and comply with board policy 4051 regarding Staff Internet and Computer Use and Staff and District Social Media Use. Staff members who are uncertain about the applicability of board policy to a particular situation must confer with their supervising administrator prior to posting on social media.

### **Solicitation and Distribution of Merchandise**

In the interest of maintaining a proper school environment and preventing interference with school purposes, employees may not sell merchandise, solicit financial contributions, solicit, or distribute literature or printed material for any non-school related cause during working time or on school grounds, except as approved by the administration.

### **Staff Room**

The staff room is maintained for the exclusive use and convenience of the staff. It is not for student use and staff members should not hold student conferences there. Each staff member will assume responsibility in keeping the staff room in an orderly and presentable condition.

## **Student Interviews**

Employees shall refer any police officer, child protective service worker, or other similar individual seeking to speak to or interview a student to an administrator.

## **Telephones**

School telephones are maintained for the primary purpose of conducting school business. Staff members should limit their use of school phones to brief conversations. Teachers will not be called to the telephone during class time except in the case of an emergency.

Staff members may not use personal cell phones to make or receive calls or to send or receive text messages during instructional time.

## **Threat Assessment and Response**

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

### **1. Definitions**

a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.

i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.

ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.

iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.

b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.

- i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
- ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

## **2. Obligation to Report Threatening Statements or Behaviors.**

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such reports regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

## **3. Threat Assessment Team**

The threat assessment team (team) shall consist of superintendent, school administrators and school counselor. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

#### **4. Threat Assessment Investigation and Response**

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

#### **5. Communication with the Public about Reported Threats**

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

## **6. Coordination with the Crisis Team After Resolution of Threat**

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

### **Ticket Taking**

**All staff will be expected to take tickets at one time or another at home events.** Staff members who coach a sport may take tickets at an event they do not coach. Staff members who are unavailable to take tickets at the event they are assigned to work must find their own replacements and notify the building principal of who will be taking their place.

### **Transportation Request Forms**

Staff members must complete transportation request forms as soon as they know they need school-provided transportation to allow the activities director adequate time to schedule drivers and vehicles.

### **Visitors**

Staff should welcome members of the public who wish to visit school, but should ensure that visitors follow the district's requirements.

All visitors must report to the building office before visiting any classroom or other areas of the building.

Visitors must comply with the following guidelines:

- if a visitor wishes to observe a specific skill or subject, he or she will be asked to observe during a specified time period
- children under the age of 10 years must be accompanied by a parent or guardian
- all visitors must have the prior approval of the principal or superintendent
- salespeople and other such agents will not be allowed to solicit staff members during school hours
- visitors must wear the visitor's badge supplied by the building office

### **Wage and Salary Payments**

Staff members are paid on the 15th of each month unless the 15th falls on a weekend or holiday. In that case the payment will be made on the Friday preceding the 15th. The district provides direct deposit of paychecks to designated financial institutions. Otherwise, paychecks will be delivered personally at school or mailed to the address on file in the district office. Staff who wish to activate or modify their direct deposits or who wish to have paychecks mailed to a different address must contact the district office. The school district will mail staff paychecks to the last address on file for

each employee during months when school is not in session. Employees shall not be paid in advance under any circumstances.

All required deductions, such as for federal, state, and local taxes, retirement contributions, and all authorized voluntary deductions, such as for insurance or union dues, will be withheld automatically from your paychecks. Garnishments are legal proceedings imposed by a court of law upon the school district requiring payment to a third party of monies earned by district employees. The school district will accept all legal garnishments and tax levies against wages in compliance with state and federal law. An employee's pay will be held upon receipt of a garnishment until a court order is issued indicating satisfaction of the indebtedness or until ordered to surrender the monies to the court or its agent. The school district prohibits improper pay deductions, and employees shall be reimbursed for any improper pay deductions. If you believe that an improper deduction has been made to your pay, you should immediately report this information to your direct supervisor, payroll personnel, or the Superintendent.

Staff members, by their signature on the acknowledgement page of this handbook, authorize the school district to withhold such sums from their paychecks as necessary to cover property damage, cash shortages or other amounts owed to the school district by the employee.

### **Weather-Related Closings**

If school is called off because of bad weather or for any other reason, it will be announced on school communication systems, television stations KOLN/KGIN and KHGI as well as facebook, twitter, and the school website.

Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. Staff members should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

### **Workplace Searches**

To safeguard the property and interests of our students, employees, and patrons; to help prevent the possession, sale, and use of illegal drugs on school grounds, and in keeping with the spirit and intent of the district's drug-free workplace policy and other policies, the school district reserves the right to question employees and all other persons entering and leaving our premises, and to inspect any packages, parcels, purses, handbags,

briefcases, lunch boxes, or any other possessions or articles carried to and from school when it has reasonable grounds to do so. The school also reserves the right to search any employee's office, desk, files, locker, or any other area or article on school grounds. All offices, desks, files, lockers, and so forth, are school district property and are issued or provided for the use of employees only during their employment with the district. Inspections may be conducted at any time at the discretion of the administration. Employees who refuse to cooperate with this provision will be subject to disciplinary action up to and including discharge.

## **POLICIES AND PROCEDURES REGARDING CERTIFIED STAFF**

### **Absences**

The accumulation of leave for teaching staff is governed by the Negotiated Agreement between the Board of Education and the Education Association. This handbook sets forth the process for using that leave

#### **1. Sick Leave**

Certified staff members who are too ill to perform their teaching duties must contact their building principal by 6:00 a.m.

#### **2. Personal Leave**

Certified staff who wish to take personal leave must submit a leave request to their building principal at least three days in advance of the proposed leave. Building principals may deny personal leave requests if the school district is unable to secure the services of a qualified substitute teacher on the day of the proposed leave. Staff members may not take personal leave adjacent to a school break. For example, if school is not in session on a Monday, certified staff may not take personal leave the preceding Friday or following Tuesday.

#### **3. Professional Leave**

The board and administration recognize the value of continuing education and encourage certified staff to participate in seminars, workshops and other activities which will continue their professional growth. Certified staff members who wish to take professional leave must submit a leave request to their building principal, along with a description of the proposed event and any written materials about the event. Building principals may deny requests for professional leave if they are unable to secure the services of a qualified substitute or if the principal determines that the activity will not enhance the certified staff member's effectiveness as an employee of the district. Certified staff members who feel they have been unfairly denied professional leave may grieve the principal's decision, pursuant to the grievance procedure contained in the district's Negotiated Agreement.

#### **4. Substitute Folders**

Each teacher must prepare a substitute folder and keep the completed folder in the upper right-hand drawer of his/her desk. The folder must contain:

- a.) the current seating chart for each class;
- b.) the daily routine followed by each class;
- c.) all schedules (fire drill procedures, lunch schedule, etc.);
- d.) a copy of this handbook; and

- e.) plans for the day if the teacher's absence was anticipated. (These plans are in addition to the teacher's regular lesson plan book.)

Certified staff members may not make arrangements for their own substitute.

### **Assemblies**

Classroom teachers must attend assemblies and pep rallies and sit with students to help maintain order.

All certified staff members should attend school assemblies and should try to attend as many of the school functions as possible regardless of whether they have specific assigned duties or not.

### **Assignment Notebooks**

Assignment Notebooks function as students' make-up slips, as well as a pass out of class or to see another instructor. They can also be used as a communication tool home to parents. Students may not be in the hallways during class time without his/her assignment notebook signed by the instructor. Every time a student leaves class during class time, it should be signed. This way, other staff can ascertain where the student has permission to be.

Students may not go to another classroom without a signed pass obtained from that teacher. No student may be in the halls during class or study time without a signed pass for a specific destination. If a teacher retains a student after the period ends, staff must write a note in the student's assignment book stating why the student was late, rather than sending the student to the office for a tardy slip.

### **Assignment of Teachers**

The administration will assign certified staff to individual duties. Certified staff will also be assigned for various forms of hall, extracurricular, recess, traffic, lunch period and other noontime duties, and athletic events.

### **Certificates, Teacher Contracts, Salary Information**

Teaching certificates must be registered with the Superintendent before they may legally be paid. It is the certified staff member's responsibility to make sure this is done.

Each certified staff member must provide the superintendent's office with the following information:

- a. social security number,

- b. retirement number,
- c. withholding form W-4, and
- d. authorization to withhold for insurance benefits.

Each new certified staff member must fill out forms for retirement benefits before the first pay day as well as the family coverage of the district hospital/medical insurance program.

It is the sole responsibility of the certified staff member to inform the superintendent of any changes, including but not limited to changes in certification, endorsements, benefits plans, and salary payment information.

### **Cheating**

Students caught cheating (including plagiarizing) must be sent to the building principal for administrative discipline. The classroom teacher may also give the cheating student a zero grade for the test or assignment.

### **Check-out Forms**

All certified staff must complete a check-out form and obtain the building principal's signature on the form prior to departing for the summer. Classrooms must be tidy to allow the custodial staff to clean classrooms and work areas. Certified staff members who do not clean their work area before departing for the summer will not receive their paychecks until the work is completed.

### **Class Record Books**

A class record book is the school's official record of matters relating to each student in each teacher's class. It may be maintained in paper or electronic form and must be complete in scope and accurately maintained. All classroom teachers are required to keep class record books which list students in each class in alphabetical order and show the attendance and all grades earned by each student. At the end of each school year, classroom teachers must turn their record books into the building office. Record books are subject to examination by the building principal or superintendent at any time.

### **Classroom Management and Student Discipline**

Classroom discipline is first and foremost the responsibility of the classroom teacher. Individual teachers are expected to assume responsibility for good discipline throughout the school system. However, if a certified staff member needs assistance with student discipline, they should seek the advice and counsel of the principal or superintendent.

Classroom teachers may not leave their classrooms unless the students are supervised by a competent adult.

Classroom teachers should have a well-defined discipline plan that is known to the students. Rules and consequences should be stated clearly and posted where appropriate.

Each building has its own specific procedures concerning student discipline. Classroom teachers should consult with their building principal for more information.

Teachers may remove a student from the classroom for failure to comply with established rules of conduct. Only an administrator can suspend or expel students from class or school and due process must be followed.

Students may be kept after school for matters relating to discipline or to assist in their academic progress. Certified staff should allow all elementary students and junior/senior high students who ride the bus to arrange parental transportation for the next day with their parents. Students who do not have transportation concerns may be kept without delay. Students may not avoid being kept after school because they have an after school practice or other school activity.

Both elementary and secondary certified staff are responsible for assisting with hallway discipline between classes and in the school lunchroom.

Classes should begin on time and end promptly. Work should continue throughout the period assigned for it. Classroom teachers have no right to waste the pupils' time. Classroom teachers may not dismiss classes early except by permission of the building principal.

Staff members may never send a student off school grounds without the authorization of the building principal.

Classroom teachers may not admit tardy students to class without an admit slip from the principal or the student's teacher from the previous period.

## **Classroom Sanitation**

### **1. Handling of Body Fluids**

All body fluids of all persons should be considered to potentially contain infectious agents (germs). Hand washing after contact with a school child is recommended if physical contact has been made with any child's blood or body fluids. The term "body fluids" includes: blood, semen, drainage from scrapes and cuts, tears, feces, urine, vomit, respiratory secretions, and saliva.

## **2. Infectious Diseases**

Certified staff should promptly report any indication of an infectious or contagious disease to the school nurse or building principal. Certified staff should report to the school nurse or the student's parents any pupil whom they suspect of having been exposed to any infectious or contagious disease.

### **Coaching Supplies**

Coaching supplies will be distributed by the athletic director. Such items include tape, prewrap, heel pads, band aids, ankle braces, game balls, etc. Coaches should request additional supplies from the activities directory only when they have run out of supplies.

Coaches must fill out and submit inventory forms to the activities director immediately after the season is complete.

### **Collection of Student Money**

Staff members must comply with the school district's student fee policy before collecting any funds from students.

Money collected from students should be turned into the office on the day it is collected for deposit in the proper activity or school district fund. Any checks written by students or parents for various payments should be made out to Loup City Public Schools, unless otherwise instructed. Certified staff must submit a financial accountability form when they turn funds into the office.

When students purchase items such as coats, rings, etc., through the school district, they must pay for these and other major items before the order is sent. The sponsor of any school organization is not to give merchandise to students; items will be distributed by the office after proper payment.

### **Community Involvement**

Certified staff are encouraged to take part in civic affairs in the community and must do so when required by state law and board policy.

### **Computer Lab**

Students and staff who use computers owned by the district must abide by the district's acceptable use policies. Students may use the computer lab during lunch and after school. Classroom teachers may not send students to the computer lab during study halls or class unless they have made prior arrangements with the lab coordinator.

Classroom teachers who wish to bring classes to the computer lab must sign up as far in advance as possible with the lab coordinator. Absolutely no food or drink is allowed in the computer lab.

## **Display of Classroom Work in the School and the Community**

Classroom teachers are encouraged to display student work for public viewing. Students and parents enjoy viewing the display and may be even more supportive of their school because the display shows them many of the things the students do. Classroom teachers may use the window area of the central office or the commons area to display student work or they may use it during a night activity. Certified staff must contact the principal before displaying student work at an evening activity.

## **Down Slips**

Grades must be updated by **Thursday** morning to allow the principal to run the eligibility report.

## **Duties of Certified Staff**

The duties of certified staff include, but are not limited to, the following:

- a) Becoming acquainted with board policies, district rules and regulations, and the state laws concerning teachers and pupils.
- b) Attending such education conferences as are required by law or administrative directives.
- c) Attending school assemblies unless excused by the principal.
- d) Instructing pupils in the proper use of equipment and instructional supplies.
- e) Reporting in writing to the principal any injury to any child while under the jurisdiction of the school, including athletic injuries.
- f) Complying with the Teachers Professional Code of Ethics which has been promulgated by the Nebraska Department of Education (92 Neb. Admin. Code § 27) and adopted by the Board of Education of the district.
- g) Discussing a student only with the child's parents and the superintendent, principal, guidance counselor or classroom teachers who may know the circumstances and have a need to know. It is unprofessional and inappropriate to discuss student or other staff members in the staff lounge.
- h) Being responsible for students whom they keep in school at times other than during regular school time. Certified staff will be responsible for any special work done by their students, including field trips, joint assemblies, school programs, etc.
- i) Refraining from joining book clubs or film clubs using the school name.
- j) Turning in all monies collected to the main office by the end of the school day.
- k) Clearing all class meetings or trips through the principal's office.

- l) Participating in Student Assistance Teams pursuant to board policy.
- m) Assisting with the administration of standardized testing as assigned by the administration.
- n) Provide homebound instruction as assigned by the administration.
- o) Performing additional duties as assigned by the administration.

### **Eligibility Grades 7-12**

Student academic eligibility for participation in extracurricular activities will be determined on a weekly basis. A student will become ineligible by maintaining an average of less than seventy percent (70%) in **one** or more classes weekly. Eligibility will be based on the weekly cumulative semester mathematical average of each student. The grading period will end at the conclusion of school on the last school day of the week. Beginning on the fourth Friday of each semester, classroom teachers must have their class grades updated in Powerschool by Friday morning to allow the principal to run the eligibility report. At the discretion of the sponsor, ineligible students will be allowed to participate in practice. Activities affected by the eligibility rule are:

1. All interscholastic contests, including but not limited to, athletics, FFA, FBLA, speech contests, and similar organizations or events.
2. Cheerleading.
3. Music competition, performances (except Christmas and Spring concerts), and clinics.
4. All school dances.
5. Other activities deemed appropriate by the principal.

### **Extracurricular Activities**

Staff must schedule all events and other extracurricular activities at the activity director's office to avoid conflicts. Activities must be put on the school calendar located in the activity director's office at least one week before the activity. Staff should avoid or shorten practices and activities on Wednesday evenings and Sundays, in order to give students sufficient time away from school for family-related activities.

Certain activities require time to be scheduled outside regular school hours. Any school sponsored activity involving students must have approval of the principal prior to the activity, including all fund raising activities.

Regular classroom work in all grades will have precedence over any other activity. Students will not be dismissed from classes to participate in extracurricular activities without permission from the principal. Make up

slips must be completely signed and returned to the sponsor of the activity prior to dismissal from class. All evening activities, except practices, must have no less than two school sponsors. Non school sponsors must be approved by the administration. If vehicles are used for transportation, the drivers must be adults who have been approved by the school.

The activities director has the responsibility for all activities. Therefore, any ruling or handbook decision he/she makes will be school regulation in lieu of further board action.

No student may participate in a field trip off school property without written permission of his or her parent or guardian.

### **Evacuations**

Early in the semester, classroom teachers should review instructions for leaving the classroom with all of their students. Classroom teachers should also periodically review with each class what to do in case of fire, tornado or other emergency.

#### **1. Fire Drills**

Fire drills will be held on a regular basis. Certified staff may or may not be notified in advance. These drills are important exercises that help ensure the safety of students in case of an emergency.

When the fire alarm is sounded, all students and staff immediately must cease the activity in which they are engaged and leave the building at once, following these regulations:

- a) Students nearest the windows will close them before leaving.
- b) The classroom teacher will be the last to leave the room. He or she will turn out all lights and close the door as he or she leaves.
- c) Classroom teachers will take their fire drill packets and class grade books with them when they leave their classrooms.
- d) The first two students reaching the exit doors will hold the doors wide open until everyone has filed out.
- e) Staff and students will move far enough away from the building to avoid possible injury from fire and falling embers, and also, to remain clear of emergency vehicle traffic.
- f) Once outside, each teacher must account for every student in the class. Classroom teachers will take roll for their class and;
  - 1) hold up a Green Card (all students accounted for)
  - 2) hold up a Red Card (missing student (s) listed)
  - 3) hold up a White Card (extra students listed)

The signal to return to the school building will be the short bell. It will be sounded upon completion of the drill. Students will return in an orderly manner.

## **2. Tornado Drills**

When a tornado warning has been issued, the school will evacuate classrooms and move students to the designated tornado shelters. Tornado alerts will be given via the intercom system. When a tornado alert is given, all students and staff immediately must cease the activity in which they are engaged immediately and seek shelter, following these regulations:

- a) All students and staff should proceed to the designated tornado shelter.
- b) Once in the basement, each teacher must account for every student in the class.
- c) Classroom teachers should be sure that each student is sitting with his or her back to the wall, their knees up and their heads should be between their legs.

## **3. Protocol for all Evacuations**

Upon evacuation signals, all students and staff must exit each building. Classroom teachers should do the following:

- 1) Take the class roster;
- 2) Lock the classroom door after all occupants have exited the room;
- 3) Keep the class together and move promptly in an orderly fashion; and
- 4) Upon arriving at the evacuation point, take roll, maintain order, and supervise students.

## **Evaluations**

The appropriate district administrator will evaluate tenured and probationary teachers as required by law and district policy. Additional evaluations, both formal and informal, may be conducted as the district administration deems appropriate. Copies of the district's evaluation forms are contained at the end of this handbook.

## **Examinations**

Semester examinations will be given in core classes (Math, Science, Social Studies, Language Arts) at the senior high level. Tests and final exams will not be given ahead of time. Students are not to type tests or grade any major tests.

## **Faculty Meetings**

The superintendent and principals will call meetings as needed. Certified staff are required to be present at all faculty meetings unless excused by the administration.

## **Field Trip Request Forms**

Certified staff who wish to take students off school property must submit a request to the superintendent at least ten calendar days prior to the date of the requested activity.

Elementary grades will be limited to one field trip per year. Additional requests may be granted on a case by case basis.

## **Grading Policy**

Failing reports for Jr.-Sr. High School students must be turned into the office on or before 8:30 a.m. on each Monday. A pupil should never be placed on "pupils failing" list without first being on the "pupils about to fail."

Grades are given as letter or percentage as requested by the building principal. No incompletes or condition grades will be given, but grades may be changed by request of the classroom teacher to the principal. If a student fails the first semester and passes the second semester, a classroom teacher may pass a student for the full year.

A student is to be graded on academic performance. **A student's grade is not to be reduced for discipline.** Prejudice or favoritism has no place in grading a student. All grading should be explained in simple, understandable terms to the student.

Classroom teachers should provide students and parents with frequent updates regarding the student's progress during the quarter. At the conclusion of each quarter, students will receive an end-of-quarter report card. Classroom teachers should use the following symbols for each subject area:

<u>Report Cards</u>	<u>Numerical Scale for Report Cards</u>
A Superior	100% - 94%
B Above Average	93% - 86%
C Average	85% - 78%
D Unsatisfactory/Below Average	77% - 70%
F Failing ( no credit)	69% - 0%
I Incomplete	

S= Satisfactory Progress

U= Unsatisfactory Progress

In the elementary grades, students will receive letter grades only in designated "core" curricular subjects. Elementary teachers should report student progress on grade reports using the following system:

Kindergarten - 1st Grade

**Guest Lecturers**

Guest lecturers must be approved by the administration before they are asked to address a class. The guest lecturer must have a specific, relatable objective in his/her lecture.

**Hall Duty**

Every classroom teacher is on hall duty before school in the morning and between classes. Classroom teachers are responsible especially for the part of the hall adjacent to their classrooms.

**Homework Policy**

Homework is an important part of student learning. When parents, teachers, and students work together, out-of-class assignments are a valuable part of the instructional program. Homework should provide opportunities for students to practice acquired skills, develop initiative, form independent study habits, and use community resources.

**Instructional Materials**

Instructional materials are made available through the Education Service Unit. A catalog and order forms will be made available to all members. Films should be used as instructional materials. All media must be previewed for suitability by the classroom teacher before being shown to students.

**Lesson Plans**

Each teacher will prepare and complete a proper lesson plan on Friday for the following week **and submitted using PLANBOOK**. These plans must be written so that they are clear to any substitute teacher and readily available to any teacher. An up-to-date seating chart of the class or classes shall be part of the lesson plan book. Other regulations relative to lesson plans will be made by individual building principals. The lesson plans of all classroom

teachers are subject to review of the building principal or other members of the school district's administration at any time.

Lesson plans must **identify major instructional objectives and show page assignments and general direction that might be followed by anyone who might be called upon to teach the classes.**

Lesson plans for the upcoming week must be submitted by 8:00 am on Monday of each week or the first day of the week if it begins later.

### **Media Center**

The media center is set up to serve the needs of certified staff and students. Certified staff who need assistance with textbooks, literature sets, magazines and other reference materials should consult with the media specialist assigned to their building.

Students may use the media center during study halls, at lunch, after school and in the evenings. Classroom teachers may send individual students to use the media center during class time, but should contact the media staff before sending a group of students during class. The media staff may send disruptive students back to class or study hall, or may exclude unruly students from the media center for a specified period of time. Classroom teachers who send their entire class to the media center must accompany and supervise the students, unless prior arrangements have been made with the media specialist.

Audiovisual materials are available to certified staff through the media center. Certified staff may obtain these materials by filling out the required requisition form and sending it to the media specialist in their building. When certified staff return media, they should complete the film report card and return it to the media specialist.

### **Paraeducators**

Paraeducators provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraeducator must not, however, assume teaching responsibilities. The classroom teacher must maintain the role of leadership and responsibility for the students, with the teacher aide in a supportive role. Paraeducators may be used to assist the classroom teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculating and recording grades. Paraeducators are to work only on and within their assigned work days. If the classroom teacher desires the paraeducator to work hours other than the assigned work hours

or assigned work day, he or she must contact the administration for approval.

### **Parent-Teacher Communication**

Students' academic success has been closely linked to parental involvement in school. Certified staff should strive to develop open and supportive relationships with parents and guardians. Each classroom teacher is responsible for keeping a student's parents informed about the student's progress. This may be done by letter, telephone, e-mail, or personal conference. Certified staff must attend parent teacher conferences, promptly return phone calls, participate in teacher events for students and parents, and where necessary utilize a planner as a communication tool. Certified staff who need additional support in communicating with parents should contact their building principal or guidance counselor.

### **Parties**

1. No activities or picnics shall be held by an organization of the school without the presence of the sponsor or sponsors.
2. The number of activities and the closing hour for activities will be determined by the building principal and organization sponsor.
3. In making arrangements for activities and picnics, staff must avoid disturbing the routine of the school.
4. Cleaning up after the activity is the responsibility of the sponsor.

### **Planning Time**

Each classroom teacher is provided with duty-free time for planning, preparation of school-related materials, and a brief respite from the duties of the day.

The Board defines planning time as time for educational planning and other task-related functions that cannot normally be accomplished during instructional periods. Planning time should not be confused with personal time. **Planning time is not to be used for running personal errands, conducting personal business, or pursuing non-school hobbies and/or interests.**

### **PowerSchool**

All teachers/classroom aides will be required to use PowerSchool. Attendance will be taken as follows: Elementary – at the beginning of the morning, and right after lunch; and Secondary – at the beginning of every period. Attendance must be taken within the first five minutes of each period / beginning session. Lunch count will also be taken with

PowerSchool.

A "comment bank" will be developed for comments on progress reports, report cards, and discipline reports at a later date. You may use the "comment bank" or enter your own free-form comment.

Certified staff who have trouble/problems with PowerSchool, should contact Janet Kuszak.

### **Private Tutoring**

Classroom teachers must provide individual assistance to students as a part of their duties. Any certified staff member who engages in private tutoring for pay (compensation of any kind from a source other than the District) is subject to the following rules:

- Certified staff may not arrange to provide private tutoring for any child enrolled in the staff member's class.
- Certified staff are not to provide private tutoring in a school building.
- Certified staff are not to provide private tutoring during duty time.
- Certified staff are prohibited from advertising or promoting the private tutoring services in the school or in the school's communications systems except with the express permission of the Superintendent or designee.

### **Pupils' Records**

1. Each classroom teacher must keep a set of records in the daily class record book of the class recitations, tests, exams, daily work, notebook, etc. This serves as a justification of the final grade in case of dispute between teacher and pupil, or teacher and parent, and assists in making out the final grades. This book must be turned into the principal at the end of each school year.
2. Report cards will be issued within one week following the end of the quarter unless otherwise announced.
  - a) Reports should be conscientiously and accurately made because they are a serious estimate of the degree of success of the pupil.
  - b) Each classroom teacher should be adequately prepared to defend all decisions given on the report card.
  - c) Each classroom teacher is responsible for distribution of class cards on time.
  - d) Classroom teachers must confer with the principal before recording any incomplete, failing, or conditional grades on report cards.

### **Rights of Certified and Probationary Teachers**

Certified and probationary teachers are entitled to the legal and procedural rights outlined in the board policies and state and federal law with regard to the amendment, cancellation, or termination of the teacher's employment contract. For specific questions relating to those procedural or legal rights, please refer to the district's board policies.

### **School Day**

All certified staff must be at school or on duty between the hours of 7:45 a.m. and 4:00 p.m., Monday through Friday. On Fridays and days preceding certain holidays or vacation periods, certified staff are permitted to leave after the students are dismissed. Under special circumstances, certified staff may seek permission from their building principal to vary these duty hours. In addition, certified staff may be assigned responsibilities at other hours by the principal or superintendent for supervising or directing school activities or affairs or for participation in affairs under the direct sponsorship of the school.

Each teacher will be in his or her classroom and ready to teach at 8:00 a.m. each day. Classroom teachers will stand at their doors when class is dismissed and must be outside their classroom doors before each class period. Classroom teachers must be physically present in their classrooms at all times during class periods and conference periods.

Personal work may not be done on school time.

### **Sponsors**

Certified staff members are assigned by the superintendent as class and club sponsors. Sponsors must be present at all meetings and activities of the sponsored group. The procedure for activity accounts and meetings can be found in the student manual. Purchasing of supplies must be approved by the Superintendent.

### **Student Activities**

Staff members who sponsor extracurricular activities such as athletics, class plays, and class activities may leave the school building only after making sure that all students and other individuals have left the building. No student is to be left unattended in the school building at any time.

School-owned clothing or equipment that is checked out to students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for its intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Certified staff will be held responsible for clothing and equipment that is not returned.

### **Student Aides**

Student aides are to be directly supervised by the certified staff member and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the certified staff member by helping supervise another student, grade tests or class work, calculate student grades, or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aide should not be present and assisting a certified staff member without another adult present after the end of regular teacher duty hours.

### **Student Attendance**

Students are expected to arrive at each class, be seated and ready for instruction prior to the beginning of the class day or class period, as appropriate. Student tardiness is the classroom teacher's professional responsibility. Classroom teachers must insist that students be on time.

Each teacher must maintain an accurate record of student attendance each day. Classroom teachers must carefully check and record attendance information at the beginning of each school day and, in upper grades, at the beginning of each period. Students and student assistants are not permitted to check attendance. Excessive absenteeism should be reported to the building principal or guidance counselor.

Students returning from an absence must report to the office prior to going to class. A returning absentee must show each classroom teacher the admittance pass that was issued by the school office. No student should be accepted back into class after an absence without this pass.

A student who departs school during the school day must report to the office and sign out before leaving the building. A student who returns during the school day must sign in at the building office before returning to class.

### **Student Attire**

The responsibility for proper daily grooming and dress is primarily the responsibility of students and parents/guardians. However, certified staff members must insist that students do not remain in school while wearing attire that violates the dress code set forth in the Student Handbook.

Classroom teachers must report students who are not in compliance with the dress code to the building principal. The final decision on what is considered proper grooming and appearance is the responsibility of the building principal.

### **Student Illness**

In the event of student illness or injury, classroom teachers should notify the building principal or superintendent immediately. Staff should never send a pupil home without notifying school officials and checking to see if his/her parents are home.

### **Student Medication**

Student medications should not be dispensed by staff members unless they follow the following procedures.

No staff members other than the school nurse may dispense medications (prescription or over-the-counter) to students at any time. Students may, with written parental or guardian permission, self-administer medications such as aspirin and cough syrup or cough drops.

Staff members are not authorized to dispense prescription medicine without an agreement with a parent or guardian to provide a prescription container for the medicine that includes a pharmaceutical label, the physician's name, a child guard cap and directions for administering the medication.

After receiving the medication, the school employee should lock the medication in a cabinet or place it in an area where access is restricted to school employees only.

### **Student Searches**

Certified staff members may not search students or their belongings. If a staff member suspects that a student is in possession of contraband, he/she should immediately contact a member of the administration and supervise the student until the administrator arrives. Students who are suspected of having an item in violation of school rules may be directed to wait with a staff member.

### **Substitute Teaching During Planning Period**

Certified staff may be required to substitute during their planning period. Compensation will be paid per negotiated agreement.

### **Teaching Controversial Issues**

Teachers may teach or lead discussions about controversial issues if they comply with the following criteria:

- The issues discussed must be relevant to the curriculum and be part of a planned educational program.
- Students must have free access to appropriate materials and information for analysis and evaluation of the issues.

- The teacher must encourage students to consider and discuss a variety of viewpoints.
- The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
- The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
- The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
- Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda through any classroom or a school device; however, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

### **Textbooks**

Classroom teachers will issue textbooks to the pupils, keeping a record of the number and condition of the book assigned to each pupil. If the books are new, classroom teachers must make sure the books are stamped and numbered before distribution.

Textbooks are to be stored in the classroom or storeroom. Textbooks are to be checked out to the students with teachers keeping an accurate record of each book by number in the place provided in grade books. Pupils are to pay for lost or damaged books. Student textbooks must be covered with a book cover.

Workbooks do not become the property of the students and in most cases should be retained by the school.

## **POLICIES AND PROCEDURES REGARDING CLASSIFIED STAFF**

### **At-Will Employment**

Classified staff members are employed “at-will.” Either you or the school district may terminate your employment at any time, for any reason, with or without cause or notice. This handbook is not a contract, express or implied, guaranteeing employment for any specific duration.

### **Bereavement Leave**

Classified employees will be granted days off from work per the Benefit Classification outlined on the Classified Employee Pay Schedule. All requests for bereavement leave should be submitted to the Superintendent.

### **Holidays**

Eligible employees will receive paid time off on the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas Day.

Holidays falling on a Saturday are normally observed on the preceding Friday. Holidays falling on a Sunday are normally observed on the following Monday.

Classified employees will generally be required to work their regularly scheduled hours the workday preceding and workday following the holiday in order to be eligible to receive holiday pay.

### **Hours**

Work hours vary with the classified staff member’s department and position. Meetings will occasionally be scheduled before or after normal working hours.

It is vital that the district’s employees arrive at work punctually and consistently. Staff members who are chronically late or excessively absent will be disciplined, up to and including discharge.

### **Overtime and Compensatory Time**

All classified staff members must keep an accurate record of all hours worked for the district. The only exceptions are those who have been notified in writing that they are exempt from this time-keeping requirement. Classified staff should not work more than forty hours in a given week without the express permission of their immediate supervisor. Those who accrue more than forty hours in a given workweek will receive overtime or compensatory time, pursuant to board policy.

### **Personal Leave**

All full time certificated and classified employees receive personal and medical leave. The most current board approved negotiated agreement addresses the specifics for all staff receiving leave. All leave balances and requests shall be submitted through the online ODIE platform. Personal leave must be approved in advance by the employee's immediate supervisor or the Superintendent.

### **Reporting When School is Closed**

Unless the superintendent directs otherwise, staff shall not be required to report when school is canceled due to inclement weather.

### **Sick Leave**

Classified employees will be granted days off from work per the Benefit Classification outlined on the Classified Employee Pay Schedule.

### **Vacation**

Eligible classified employees will receive paid vacation each school year. Employees should consult with their immediate supervisor for vacation information.

New employees will not be entitled to any vacation leave for the first six months of employment. After the completion of the last day of the sixth month of employment, new employees will be awarded one-half of the total vacation days provided for their job assignment. After the completion of the last day of the ninth month of employment, new employees will receive the remaining days of vacation provided for their job assignment.

All full time certificated and classified employees receive personal and medical leave. The most current board approved negotiated agreement addresses the specifics for all staff receiving leave. All leave balances and requests shall be submitted through the online ODIE platform. Personal leave must be approved in advance by the employee's immediate supervisor or the Superintendent.

**Staff Internet and Computer Use Policy 4012**

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

## **I. Staff Expectations in Use of the Internet**

### **A. Acceptable Use While on Duty or on School Property**

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.
4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

### **B. Unacceptable Use While on Duty or on School Property**

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.

4. The only political advocacy allowed by staff on school computers or district internet access is that which is permitted by the Political Accountability and Disclosure Act and complies with district policy.
5. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

## **II. School Affiliated Websites**

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

## **III. Enforcement**

### **A. Methods of Enforcement**

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a

proxy server-based filter that screens for non-curriculum related pages.

2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

**B. Any violation of school policy and rules may result in that staff member facing:**

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

#### **IV. Off-Duty Personal Use**

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

### **Title IX Policy and Grievance Procedures**

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

1. **Title IX Coordinator**

1.1. **Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the "**Title IX Coordinator.**" The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

2. **Definitions.** As used in this policy, the following terms are defined as follows:

2.1. **Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

2.2. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

2.4. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

2.5. **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

- 2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;

- 2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;
- 2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:
  - 2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.
    - 2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
    - 2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
    - 2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity
    - 2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her

age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law

2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent

2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a), which means violence committed by a person—

2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; and

2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:

2.6.4.2.1. The length of the relationship.

2.6.4.2.2. The type of relationship.

2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.

2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a), which includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction receiving grant funding and, in the case of victim services, includes the use or attempted use of physical abuse or sexual abuse, or a pattern of any other coercive behavior committed, enabled, or solicited to gain or maintain power and control over a victim, including verbal, psychological, economic, or technological abuse that may or may not constitute criminal behavior, by a person who—

2.6.5.1. is a current or former spouse or intimate partner of the victim, or person similarly situated to a spouse of the victim;

2.6.5.2. is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;

2.6.5.3. shares a child in common with the victim; or

2.6.5.4. commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

2.6.6.1. fear for his or her safety or the safety of others; or

2.6.6.2. suffer substantial emotional distress.

2.7. **Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

### **3. Discrimination Not Involving Sexual Harassment.**

**3.1. General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

**3.2. Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

- 3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;
- 3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- 3.2.3. Deny any person any such aid, benefit, or service;
- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

**3.3. Complaint Procedure.** All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district’s general complaint procedure, Board Policy 2006.

#### 4. **Response to Sexual Harassment**

4.1. **Reporting Sexual Harassment.** Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District's Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

4.2. **General Response to Sexual Harassment.** When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's response will treat complainants and respondents equitably by offering supportive measures as defined in subsection 2.7 above to a complainant, and by following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

4.3. **Emergency Removal.** Nothing in this policy precludes the district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be

construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

4.4. **Administrative Leave.** Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

4.5. **General Response Not Conditioned on Formal Complaint.** With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

## 5. **Grievance Process for Formal Complaints of Sexual Harassment.**

### 5.1. **General Requirements.**

5.1.1. **Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

5.1.2. **Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

5.1.3. **Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any

person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

5.1.4. **Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

5.1.4.1. **All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.

5.1.4.2. **Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:

5.1.4.2.1. The definition of sexual harassment in subsection 2.6;

5.1.4.2.2. The scope of the district's education program or activity;

5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

5.1.4.2.4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's

sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection 5.6.

- 5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.
- 5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- 5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- 5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.
- 5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.
- 5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information

protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

## 5.2. **Notice of Allegations.**

5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:

5.2.1.1. A copy of this policy.

5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review evidence under subsection 5.5.5. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

## 5.3. **Dismissal of Formal Complaint.**

- 5.3.1. The district will investigate the allegations in a formal complaint.
- 5.3.2. **Mandatory Dismissals.** The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint:
  - 5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;
  - 5.3.2.2. Did not occur in the district's education program or activity; or
  - 5.3.2.3. Did not occur against a person in the United States.
- 5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:
  - 5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
  - 5.3.3.2. The respondent is no longer enrolled in or employed by the district; or
  - 5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
- 5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.
- 5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

5.4. **Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant

against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

**5.5. Investigation of Formal Complaint.** When investigating a formal complaint and throughout the grievance process, the district will:

- 5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;
- 5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);
- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the

choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

## 5.6. **Determination Regarding Responsibility**

- 5.6.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).

5.6.2. **Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

5.6.3. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:

5.6.3.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;

5.6.3.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

5.6.3.3. Findings of fact supporting the determination;

5.6.3.4. Conclusions regarding the application of the district's code of conduct to the facts;

5.6.3.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding

responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

5.6.3.6. The district's procedures and permissible bases for the complainant and respondent to appeal.

5.6.4. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

5.6.5. The Title IX Coordinator is responsible for effective implementation of any remedies.

5.7. **Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

5.7.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.8.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.

5.7.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:

- 5.7.2.1. Procedural irregularity that affected the outcome of the matter;
  - 5.7.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  - 5.7.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- 5.7.3. As to all appeals, the district will:
- 5.7.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
  - 5.7.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
  - 5.7.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.
  - 5.7.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
  - 5.7.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and
  - 5.7.3.6. Provide the written decision simultaneously to both parties.

**5.8. Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of

sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

5.8.1. Provides to the parties a written notice disclosing:

5.8.1.1. The allegations;

5.8.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

5.8.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and

5.8.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

5.8.2. Obtains the parties' voluntary, written consent to the informal resolution process; and

5.8.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

## 5.9. **Recordkeeping.**

5.9.1. The district will maintain for a period of seven years records of:

5.9.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant

designed to restore or preserve equal access to the district's education program or activity;

5.9.1.2. Any appeal and the result therefrom;

5.9.1.3. Any informal resolution and the result therefrom;  
and

5.9.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.

5.9.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

**6. Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

**7. Access to Classes and Schools.**

**7.1. General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or

otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

7.1.1. **Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

7.1.2. **Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

7.2. **Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

8. **Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

8.1. **Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

8.2. **Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for

male and female teams will not constitute noncompliance with this section.

**9. Certain Different Treatment on the Basis of Sex Permitted.**

Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

**10. Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

**10.1. Specific Circumstances.**

10.1.1. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section.

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

11. **Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

12. **Publication of Policy.** The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

13. **Application Outside the United States.** The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

14. **Scope of Policy.** Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.
