ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary, and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. An enumeration of the Contract Documents, other than a Modification, appears in Article 9.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work described in the Contract Documents, except as specifically indicated in the Contract Documents to be the responsibility of others.

ARTICLE 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be:

*(Check one of the following boxes.)*

- The date of this Agreement.
- A date set forth in a notice to proceed issued by the Owner.
- Established as follows:  
*(Insert a date or a means to determine the date of commencement of the Work.)*
- No sooner than 04/25/2022, weather permitting.

If a date of commencement of the Work is not selected, then the date of commencement shall be the date of this Agreement.

§ 3.2 The Contract Time shall be measured from the date of commencement of the Work.

#1 Synthetic Turf Contractor in the Midwest

### Disclaimer Notice

#### Leftover Material:

All left over materials are the property of ATG. It is normal construction practice for ATG to ship extra materials to be sure the project does not run short. These extra materials (turf / rubber / polyurethane / etc.) are the property of ATG and will be removed from the jobsite within 30 days of substantial completion. Owner must get written permission from ATG to keep any materials. If Owner converts any of ATG's materials or property for its use, ATG can invoice for the value of the materials / product at cost + 15%.

#### Access:

ATG bid is based on the owner / general contractor providing ATG Sports proper access to the jobsite at all times. Proper access included, but may not be limited to, a paved or gravel road from the nearest county or city street to the work area. Owner / general contractor shall provide ATG Sports a staging area for its equipment and materials that are required for this work.

#### Soil Stabilization:

Once the project has been brought to finish dirt grade, ATG will make a recommendation on soil stabilization needs. At ATG's discretion it will determine if the soil needs stabilization in order to receive a base warranty. Should the Owner elect not to do soil stabilization per ATG's recommendation, there will be no base warranty. Additionally, if the base begins to move during construction, ATG cannot guarantee the finished planarity. Most projects do need soil stabilization. This is an additional cost and will be done as a Change Order, unless it is specifically included in ATG's bid or is a requirement in the Specifications.

#### Exclusions:

1. Without any penalty, financial or otherwise and extension of time will be automatically be given to ATG should there be a Government lock down and or any other delays including but not limited to lack of employees directly or indirectly due to Coronavirus.
2. Due to the current administration paying people not to work and overall inflationary measures, most raw material prices are unstable until ordered. Unfortunately ATG must reserve it's right to forward any additional material costs between time of bid and acquisition of materials.
3. A 5% contingency fund is recommended.
4. Cost of permitting, which exceeds \$2,000.00 shall be billed as an extra. This includes, but is not limited to, engineering and design fees outside ATG's in house cost.
5. A performance and payment bond can be provided for an additional one percent of the total contract.
6. Please note that changing the scope of work (adding/deleting items) will impact the proposal.
7. Performing work with more than two mobilizations.
8. Items which were unknown or unforeseen conditions, including but not limited to excavation, removal of rock, soil stabilization, water lines and/or any other utilities.
9. It is the owner's responsibility to add contingency funds to its budget for unforeseen conditions.
10. Providing additional workers from local union halls.
11. Contingency funds not clearly outlined in specifications and the bid proposal forms.
12. Any product failure within the first 24 months will be repaired at no cost to the owner. All other work shall be prorated for the warranty period.
13. Working weekends and holidays without additional compensation.
14. Repairing items damaged by vandalism.
15. Cleaning after flooding or flash flooding.
16. Specialty or custom colors, colored end zones, logos or letters not clearly identified in specifications.

#1 Synthetic Turf Contractor in the Midwest

17. Increases of materials which fluctuate due to petroleum prices.
18. Asphalt / rock price increases, prior to a signed Contract.
19. Watering or maintaining sod or seeded areas after completion
20. Snow removal.
21. Direct and indirect costs associated with the Owner hiring any third party to oversee this project or work in conjunction with any other projects which extend ATG's time, costs or both.
22. Cleaning / paving required as a result of Contractors not under ATG's control.
23. Any items not included in the bid proposal are excluded.
24. The bid provided was tax exempt.
25. If the owner is going to do electric al lines underneath any of ATG's work, it must be backfilled with flowable fill prior to ATG commencement of work. If ATG needs to stop construction during the installation of electrical lines or any other work of the owner, there will be a remobilization charge
26. Repair or replacement of any drives or access to the project location. It is assumed the Owner will provide proper access to the work site and it is determined their risk of repairs to access / roads / parking lots required to the construction site.

### Additional Items Not Included:

1. Any costs for unknown repairs to existing pavement, drives, walks, or other structures of any kind used as access during construction. There is no way for ATG to accurately determine if existing access roads or paving of any kind will hold up to construction traffic. Therefore, it has not added any cost to its bid for any repairs that may or may not be required in its base bid.

### Additional Construction Days:

1. Change Orders
2. Vandalism
3. Weather delays including, but not limited to, rain, snow, ice, high winds, acts of nature, etc. The project may not be suitable for working the day(s) immediately following moisture from rain, snow, etc. The moisture content in the soil (as determined by ATG) must be less than 30% prior to the commencement of any work. An extension of time will be added to the Contract for any days work cannot be performed due to weather days or drying time.

### Inspections:

On projects where ATG is the subcontractor, rock grade must be within tolerance of specifications; asphalt must be in tolerance of specifications. Bid includes one asphalt inspection (if applicable) and turf base inspection. Additional inspections will cost \$2,000.00 per trip. Not applicable if ATG Sports is the general contractor.

### Change Orders:

Change orders will be billed as follows: all change order pricing shall include ATG's direct cost and shall include 12% profit plus 6% for overhead and administrative costs for a total of 18%.

### Completion & Warranty:

Upon completion of the artificial turf (before the Owner can use the turf), the Owner shall walk the field with ATG and its installers and sign off that it is being accepted. This will be considered, the start date for the artificial turf Warranty. Once the Owner begins use of the artificial turf, whether or not they have completed, their acceptance shall commence the start Warranty.
