Compulsory Attendance and Excessive Absenteeism Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the temporary illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student
4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation

6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

Excessive Absenteeism

When a student receives 3 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the attached procedure for addressing barriers to the student's attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may/must file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Time Away From School Activities

As it is important for students to have some nights free from school activities, school activities will not be scheduled on Wednesday nights or on Sundays without the approval of the superintendent.

Use of School Property

1. Use of Specific Facilities by Application and Agreement
 - a. The district permits non-commercial use of the following facilities by individual patrons for their personal health and wellness: weight room, track, and grounds/field. The district understands that it would not be feasible to require a patron to apply to use facilities like the weight room on every occurrence. The facility uses defined in this paragraph are an exception to the general facility use requirements contained in this policy for ease of administration and efficiency. All other facility uses must comply with the other provisions of this policy.
 - b. These particular facilities may be used upon only one application and upon signing the district's written waiver and agreement.
 - c. Use of these facilities is governed by this and other district policy and the agreement signed by the user. A copy of each agreement will be maintained in the district's central office.

2. General Facilities Use Guidelines
 - a. School facilities may be used by various education and community organizations and individuals when it is in the interest of the general public.
 - b. School facilities may not be used for personal profit and other commercial purposes. The district opens its facilities to district patrons for the benefit of the public, not commercial uses. Due to the complications created by groups or individuals using district facilities for commercial purposes, these uses are prohibited. Booster clubs and other organizations raising money purely for the support of student groups, as defined below, and not for personal profit are not considered commercial uses but must comply with the district's policies which apply to these groups.
 - c. Any person or group using school facilities must assure that it will be responsible for maintaining order, protecting property, and providing security and safety.

- d. Only those organizations and persons who are known to school officials, who have financial resources sufficient to cover all rentals and possible damages, and who are willing to discharge such obligations shall be permitted to use the school facilities and equipment.
- e. The rental fees for school facilities shall be set by the board.
- f. Non-curricular student groups or non-student groups (as those terms are defined below) that wish to use the facility must submit a facility use application which may be obtained from the district's central office. The application must be received by the superintendent prior to the approval of any facility use.
- g. The shop and weight room may not be used by students when school is not in session, unless supervised by a district staff member or a responsible adult upon approval of the superintendent. Use of the shop and weight room in violation of this provision may lead to the students being denied access to these facilities or other consequences permitted by board policy and Nebraska law.
- h. Any person or group using the school facilities, for any purpose, must comply with all of the district's policies, rules, and regulations.

3. Definitions

- a. "Curriculum-related student groups" shall mean students participating in school-sponsored activities, supervised by district staff, related to the curriculum, and recognized by the board.
- b. "Extracurricular student groups" shall mean students participating in an extracurricular activity, sponsored by the district, supervised by district staff, and recognized by the board, such as athletic teams and academic teams which are not otherwise categorized as "curriculum-related student groups."
- c. "Non-curriculum related student groups" shall mean all other groups comprised primarily of students who attend the district participating in activities such as Boy Scouts, Girl Scouts, 4-H, political groups, religious groups, and other similar youth groups.

- d. "Non-student group" shall mean all other groups or individuals who apply to use district facilities.
- e. "Superintendent" shall mean the superintendent of schools or his/her designee.

4. Use of School Property by Student Groups

a. Curriculum-related and Extracurricular student groups

- i.) Curriculum-related and Extracurricular student groups may use school facilities at no cost to the group, if they restore the facilities to their prior state after using them.
- ii.) The district shall bear any costs associated with use by these groups (*e.g.*, the fee paid to a cook or a custodian required to be in attendance).
- iii.) Curriculum-related and Extracurricular student groups have priority over non-curriculum related student groups and non-student groups.

b. Non-curriculum related student groups

i. Non-curriculum related student groups may use the school building during non-instructional time. Such use shall be without charge.

(1) Such uses shall occur while the building is normally open and there is a minimum of interference with custodians or other student and staff facility use.

(2) These groups may use the school buildings in the evening for meetings if the group is sponsored by an adult and the adult (1) files the application to use the facilities on behalf of the group and (2) assumes responsibility for cleanup and placing the area back in the condition it was in prior to use.

ii. Non-curriculum related student groups must apply for use of the facilities and secure the superintendent's permission before using school facilities.

iii. Non-curriculum related student groups may meet only on school premises at times and places determined by the superintendent.

iv. Non-curriculum related student groups must meet each of the following conditions to secure the superintendent's permission to use school facilities:

(1) The facility use will occur during non-instructional time.

(2) The district has facilities available to accommodate the group.

(3) The use is voluntary and for the general benefit of the student participants.

(4) The use will not substantially interfere with the orderly conduct of educational activities and other programs within the school.

1. Use of facilities by non-student groups

a. The superintendent may authorize the use of any school facilities for non-school activities by non-student groups.

b. In addition to the guidelines listed elsewhere in this policy and other board policies or administrative protocol, the superintendent will consider the following when making determinations regarding use of district facilities by non-student groups:

i. The local education association may hold meetings when classes are not in session and staff members are not on duty.

ii. Non-student groups which provide education-related programming and services for students and staff may be given priority of use over other outside groups. The superintendent has sole discretion in determining whether proposed uses relate sufficiently to the district's educational standards and programs.

iii. Non-student groups which provide programming and services for community members and others living within the district may be given priority of use over other outside groups.

b. Denial of access

i. The superintendent may limit or deny access to school buildings, grounds, and activities to any person whom the superintendent deems to be using the facilities inappropriately and contrary to the district's mission.

ii. Upon determining that a person or group has engaged in, or is engaging in conduct that constitutes grounds for exclusion under this policy, the superintendent shall take such action as he or she determines appropriate, including directing the person to cease engaging in the conduct or to leave the school premises or activity immediately. The superintendent may request assistance from law enforcement authorities to remove an offending person from the school grounds. A person who enters school premises in violation of these conditions shall be deemed to be trespassing.

iii. The superintendent shall have the authority to fix the time when, and the conditions under which, the offending person may return to school premises.

1. Students, staff, and community members may use or lease school equipment for non-school use only if they have received the prior permission of the superintendent.

2. Proof of Insurance

a. When any non-curriculum related or non-student group utilizes school district facilities, the group submitting the facility use application may be asked to provide proof of insurance up to the current tort claims limits applicable to political subdivision in the State of Nebraska. Currently, those limits are \$1,000,000 per person for any number of claims arising out of a single occurrence and \$5,000,000 for all claims arising out of a single occurrence.

b. The district may require the non-curriculum related or non-student group to include the district as an additional insured on any such policies and may refuse access to its facilities until proof of satisfaction of this requirement is submitted to the superintendent.

3. No Fees for Admission

a. Non-curriculum related and non-student groups may not charge a fee to participate in or be a spectator at any recreational activity, event, or other such gathering occurring on district grounds unless approved in advance by the superintendent.

b. If the district retains control over the area of the premises in which the non-curricular and non-student group desires to use, meaning the district

provides supervision, staffing, custodial services, or otherwise maintains its control during the group's use of the facilities, the group may not charge a fee for admission under any circumstances.

c. Non-curricular and non-student groups may charge for parking or vehicle entry onto the premises unless otherwise prohibited by the superintendent.

3013
Emergency Closings

School shall be held on the dates set forth on the official calendar, and shall not be closed or dismissed except when superintendent or his or her designee determines that it is impossible or impracticable to hold school. When school is closed there will be no school-sponsored activities held without the permission of the superintendent or building administrator.

3012 School Meal Program and Meal Charges

Meal Program. The school district will make a school meal program available to students. The cost of the program will be determined by the board of education so as to make the program as nearly self-supporting as possible. With board approval, the district may contract with a private company or corporation for the management and/or provision of the program.

The district will notify the families with children attending school of the current guidelines for free or reduced-price school meals. A copy of the complete regulations and procedures regarding reduced-price and free meals shall be available in the office of the superintendent.

Meal Charge Policy. The district will notify students and their families of the policy for **Charged Meals**, meaning meals received by a student when the student does not have money in hand or in his or her food account. This policy applies to students who receive meals at the free, reduced, or full rates.

Notice of this policy must be provided in writing to all households at the start of each school year and to households that transfer to the school during the school year. Notice may be provided through the student handbook, student registration materials, online portal used to access student accounts, direct mailing or e-mail, newsletter, the district website, and/or any other appropriate means. Notice of this policy will also be provided all school staff responsible for the enforcement of it, including food service professionals responsible for collecting payment for meals at the point of service, staff involved in notifying families of low or negative balances, and other staff involved in enforcing any aspect of this policy.

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be permitted to charge up to five meals. Thereafter, if a student has no funds available to pay for a meal, no food will be provided.

OPTION C

If a student has no funds available to pay for a meal, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

In the event that the Nebraska Department of Education develops a state-level meal charge policy, it shall supersede that portion of this policy.

3011 Transportation

The school district will provide free transportation, partially provide free transportation, or pay an allowance for transportation in lieu of free transportation on each day school is in session to the students who reside in the district and qualify for transportation according to the district's transportation plan. The families of students who will not be provided transportation pursuant to the district's plan or who must drive students to a pick-up point will be reimbursed according to statute if they qualify for such reimbursement. Parents seeking mileage reimbursement must submit requests to the district on forms which may be obtained from the office of the Superintendent of Schools.

When a student who has been attending the district is placed into foster care, school district staff will collaborate with state and local child welfare agencies to determine whether transportation is required under state law when it is in the child's best interest that their school of origin be maintained. The district will only provide transportation to students placed in foster care when the responsible child welfare agency agrees to reimburse the school district for the cost of transportation or when transportation is otherwise required by law. The board designates the Superintendent of Schools as the initial point of contact for child welfare agency representatives to discuss transportation issues related to children in foster care.

Students who are homeless will be provided with transportation pursuant to Board Policy 5014.

The district will provide transportation to tuition students in accordance with the contract provisions, if any, for services from the contracting districts.

The use of buses for class parties, field trips, and similar purposes shall require the prior approval of the superintendent or appropriate principal.

3010
Insurance

The board or education shall purchase such insurance as it deems appropriate to protect the district, the board as a corporate body, individual board members, appointed officers, employees, and volunteers from financial loss arising from any claim, demand, suit or judgment. The district may, but is not required to, solicit bids or quotes for insurance coverage.

The board shall review its insurance coverage before its expiration date, or as need dictates.

**3009
Audit**

The board of education shall appoint a certified public accountant or public accounting firm to audit all school accounts annually and report to the board of education. The audit shall include all areas required by law and the rules of the Nebraska Department of Education. The auditor is not obligated to follow generally accepted accounting principles (GAAP) but shall conduct the audit according to the standards of the auditing profession.

5001.1

Procedures For Addressing Excessive Absenteeism

Purpose: The purpose of Policy 5001.1 is to insure students who have absences in excess of ten (10) absences in any given semester will be provided interventions to address their absences, and to insure the student is receiving an appropriate education.

IEP & 504 Plans: ~~This policy refers only to those students not on an IEP or 504 plan.~~ Students ~~with disabilities who have~~ ~~having attendance issues on~~ an IEP or a 504 plan will have their absences addressed by the IEP team or the 504 committee. The team/committee will ascertain whether the student's absences are a manifestation of the student's disability. If the absences do have a direct and substantial relationship to the student's disability, the team will consider changes to the students IEP/plan to address the attendance. If the absences are not a manifestation of the student's disability, the student will be subject to the remaining procedures outlined in this policy.

COVID 19 or other serious infectious diseases: Absences of a student caused by exposure to a positive case of COVID 19, or who have tested positive for COVID 19 or any other serious infectious disease, will not have those absences counted toward the cumulative number of absences, addressed in this policy. Students and their families must provide documentation by a licensed health care provider.

Excused Absence

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe Weather
3. Medical appointments for the students
4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious or cultural holidays or events of the student's culture or faith
 - a. Whenever possible the student will make the principal aware of the cultural and/or religious event and have assignments made up in advance. The student will be required to write a paper or make an oral report to a class concerning the event.
8. College planning visits
- 8.—
- 9.— Personal or family vacations [THIS IS PRETTY LIBERAL – A CULTURAL THING? IF SO, IT IS LAWFUL. IT FEELS LIKE AN EXCEPTION THAT WILL BE HUGE]
- 10.9. Any absence deemed an excused absence by the Superintendent in consultation with the building principal and counselor.

Unexcused Absence

1. Any absence that is not an excused absence

Procedures for dealing with absences:

1. The building principal/or designee will contact the student's parent/guardian on any absence.
 - a. If contact cannot be made by phone the principal/or designee will visit the parent/guardian at home to determine the cause of the absences.
 - b. A determination will be made of the cause of the absence, and if the absences become chronic the principal/or designee will convene a team to develop a strategy to rectify the issue. (ex. provide transportation if needed)
2. After three (3) unexcused absences or ten (10) total absences in a semester, the principal/or designee will write a letter to the parent documenting the absences, and setting up a meeting with the parent/guardian, students, principal, counselor and first responder to develop a plan to:
 - a. Discover the reasons for the absences
 - b. Identify those individuals who can have a positive impact on student's attendance
 - c. Set a goal for future attendance
 - d. Develop strategies to deal with any future attendance issues
 - e. Set up additional meetings to address attendance issues
3. After ten (10) unexcused or 15 total absences in a semester the parent and child will meet with the Superintendent to determine:
 - a. If they should receive credit, as a high school student for classes
 - b. If time should be made up after school or on weekends
 - c. Develop consequences if attendance issues continue
 - d. To determine if a letter should be written to the tribal court outlining attendance issues.
 - e. Any other consequences or remedies the superintendent feels would be appropriate to address the attendance issues.
4. If, after meeting with the Superintendent, the parent is not happy with the determination made, the parent/guardian may appeal the decision to the full Isanti Community Schools Board of Education.
