About the Nebraska School Funding System

	<u>Key Points on How Nebraska Funds Public School Districts</u>	<u>Key Points on What the State Funding Means for Bennington Public Schools</u>	<u>Key Points on What the State Funding Means for Other School Districts</u>
Equalization Aid	The state determines basic funding needs for all schools. What the local property taxes can't cover, the state will provide the difference in equalization aid.	The local property taxes will cover 36.44% of the GF budget. <u>BPS is extremely reliant on equalization aid as it accounts for 12.71% of basic funding needs.</u>	Some schools do not need equalization aid because their local property taxes can cover basic funding needs.
Valuation & Equalization Aid	As valuation increases, equalization aid to the district decreases the following year.	The 9.30% increase in valuation for 2025-26 provides additional funds, but <u>BPS will lose an equal amount of equalization aid in 2026-27.</u>	For schools that do not need equalization aid, valuation increases result in additional funds for the school.
Foundation Aid	The state funding formula provides \$1,500 per student of Foundation Aid.	If you are an equalized school like BPS, the \$1,500 per student results in <u>\$0 extra dollars to the district.</u>	Non-equalized schools receive \$1,500 per student resulting in additional funds for the school.
SPED Funding	The state funding formula reimburses 80% for SPED expenses.	BPS will receive roughly <u>\$5,256,380 in SPED funding in 2025-26.</u> This represents 9.46% of all GF revenues.	SPED funds will help both equalized and non-equalized schools.
Student Enrollment Growth	Average student enrollment growth in the state is 0.8%.	<u>Average student enrollment growth in BPS is 3-10%.</u> This results in additional needs each year.	Very few schools in the history of Nebraska have experienced enrollment growth like Bennington.
Levy Reductions	The added money from Foundation Aid, SPED funding, and valuation increases should lower property tax levies.	Equalized districts like BPS, are not always able to lower the levy because of the reduction in subsequent years. For example, <u>revenue for BPS is up 1.25% per year over the last two years because of valuation increases in 24-26</u>	Metro area school districts all have different circumstances including being equalized/unequalized and growth. This means their levies can vary from what BPS is able to do.

Caps/Lids/Limits

Statutory Limits for School Districts	Proposed Budget
General Fund/Special Building Fund tax levy is capped at \$1.05	\$1.00

Joint Public Hearing - Pink Postcard

Joint Public Hearing

- Applies to counties, cities, school districts, and community colleges
- Entity must participate in a joint public hearing if budget exceeds two percent plus growth rate excluding bonds
 - 6.09% for BPS in 2024-25
- The representative of each political subdivision must give a brief presentation at the hearing
- The county assessor will mail postcards around September 10th
- An elected official must also be in attendance

Pink Postcard Questions

Why did I receive this postcard in the mail?

- Answer: Districts that increase their tax-asking by more than two percent, plus growth, are mandated to attend a Joint Public Hearing with all other political subdivisions that also increased their tax-asking by more than two percent. The public has a chance to provide comment to all political subdivisions at the meeting.

Does this postcard mean my taxes are going up?

- Answer: The postcard means the property tax-asking requested by the district went up more than two percent.

Did you say the levy was staying the same? Why did I get this postcard?

- Answer: While the BPS levy is remaining steady at \$1.358, the district tax-asking is increasing compared to the previous year because of the valuation increases within the school district boundaries.

RESOLUTION SETTING THE PROPERTY TAX REQUEST

Resolution No. 2526

Bennington Public Schools 2025-26

WHEREAS, Nebraska Revised Statute 77-1632 and 77-1633 provides that the Governing Body of Bennington Public Schools passes by a majority vote a resolution or ordinance setting the tax request; and

WHEREAS, a special public hearing was held as required by law to hear and consider comments concerning the property tax request;

NOW, THEREFORE, the Governing Body of Bennington Public Schools resolves that:

1. The 2025-2026 property tax request be set at:

General Fund:	\$30,188,107.00
Bond Fund:	\$11,074,216.00
Special Building Fund:	\$774,054.00
Qualified Capital Purpose Undertaking Fund:	\$0
2. The total assessed value of property differs from last year’s total assessed value by 9.30 percent.
3. The tax rate which would levy the same amount of property taxes as last year, when multiplied by the new total assessed value of property would be 1.242459 per \$100 of assessed value.
4. Bennington Public Schools proposes to adopt a property tax request that will cause its tax rate to be 1.358000 per \$100 of assessed value.
5. Based on the proposed property tax request and changes in other revenue, the total operating budget of Bennington Public Schools will increase last year’s budget by 50.26 percent.
6. A copy of this resolution be certified and forwarded to the County Clerk on or before October 15, 2025.

Motion by _____, seconded by _____ to adopt the Property Tax Request Resolution for Bennington Public Schools for 2025-26.
