Josh Lacy offered opening remarks as he thanked George Schlothauer for his presentation. During his time serving on the VALTS Board, Mr. Lacy has witnessed the program continually evolving with new projects and community interactions. He congratulated Teegan Moreno on receiving the scholarship stating "you can see how much it meant for her and her family." Further, he reflected on the scholarship support he received at graduation which made it possible for him to attend college. Mary Winn congratulated the GHS wrestling team on their win at Districts. She had recently attended the elementary PLC's, and highlighted the collaboration, consistency, and shared sense of direction in fine tuning the report card pilot program. Mary was impressed with what they are doing. Brent Holliday has been thoroughly impressed with every visit to VALTS. He stated a lot of kids in the world were told they would never amount to anything, and they have changed the world. Next, he thanked Superintendent Hastings for his leadership at Gering Public Schools noting that their personalities contrasted (introvert versus extrovert), but that has been good for him. As a new board member, Hastings took a lot of calls from Holliday which helped him grow. Brady Shaul shared the same sentiments on VALTS, and the impact it has on students. He is glad the bond project is coming to close. President B.J. Peters noted Superintendent Hastings support as essential to keeping the Board's promise to voters. The \$25 million dollar project will be completed on budget. In closing, he indicated tonight was not the first time seeing a VALTS student cry. The program means a lot to those students. We have many great high schools in the area, but it is not for everyone. George Schlothauer connects with students, and relationships matter. It isn't always about standards and assessment - it's about giving kids a chance. Additionally, family involvement leads to success. There were many people here for Teegan tonight who have undoubtedly made a difference in her life. Superintendent Hastings, thank you for your commitment!

The Board may, at any time, declare district real estate and improvements as surplus and authorize its disposal when such property is no longer useful to the district: unsuitable for use, too costly to repair, or obsolete, ~~or determines it is in the best interest of the school district.~~

If reasonable attempts to dispose of surplus properties fail to produce a monetary return to the district, the board may dispose of them in another manner.

The superintendent may dispose of all obsolete, surplus, unwanted and/or excessively damaged equipment and supplies owned by the district in accordance with the following procedures:

1. Items estimated by the business manager to have a value of less than \$100 may be sold by business manager at prices estimated to be the market values of the items. All sales by the business manager will be recorded by item, price and buyer;

Dear Mr. Bob Hastings:

I have greatly enjoyed teaching 7th grade math at the Gering Junior High this year. What a great honor it was, and a dream come true for me! I have decided to retire at the conclusion of this 2019-2020 school year on May 21, 2020. The decision to retire was not an easy one, but since I now qualify, along with the need to care for my husband, it seems the time is right. Due to my husband's declining health, I will need a more flexible schedule to care for him as the need arises. Retirement will provide me that opportunity. The staff and administration are very positive and dedicated to the education of the students, and I am proud to have been a part of this great educational team. My four daughters and step-son all received their education, K-12, in Gering Public Schools and are grateful for their high quality educational experience. Thank you, again, for the opportunity to teach in the Gering Public Schools.

Sincerely,

My family will be moving back to Kansas in order for my husband to take a new position in his company. Dear Mr. Hastings and the Gering School Board,

I have greatly appreciated the challenges and successes of teaching at Gering High School these past three years. However, it is time for me to take a step back from teaching in order to raise my own child. In this season of life I hope to bless my child and future children the way my mother did; she was a tenured teacher when she put her teaching career on pause to stay home with me and my siblings. Her sacrifice and investment gave us a wonderful foundation for academics and character. I hope to do the same for my daughter. Therefore, this is my resignation from teaching for the 2020-2021 school year.

I plan to continue supporting Gering schools over the next few years by serving as a substitute teacher. Additionally, I hope to continue coaching freshman girls' basketball. Eventually I would love to return to full-time teaching at Gering High School, whether that be returning to the Spanish department or using my English and PE endorsements.

Thank you so much for entrusting me with our students' education and formation. I hope to return to that calling in the future.

Re: Pupil Transportation Services

In 2012, we partnered with Scottsbluff Public Schools to attract interested service providers for our combined transportation needs. We created an interlocal agency termed “Panhandle Interlocal Transportation Association” and jointly entered into a contract for pupil transportation services with First Student. We extended the contract in 2016 for an additional four years.

The extension of the contract with First Student is scheduled to end on June 30, 2020. We worked with Scottsbluff Public Schools to continue the consortium and placed an RFP out for bid. First Student was the only respondent. The new agreement includes the following updates to our current contract:

- Rate adjustment to accommodate increased costs in vehicle maintenance and labor (see below)
- Option to extend an additional six years with the final year being 2026-27
- Increased starting wage of \$16.75 for their drivers and \$12 for monitors
- Replacement of 3 Type C Buses (72 Passenger prior to the first year)
