It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Annotations

- Nebraska's public meetings laws do not apply to school board deliberations pertaining solely to disputed adjudicative facts. *McQuinn v. Douglas Cty. Sch. Dist. No. 66*, 259 Neb. 720, 612 N.W.2d 198 (2000).
- The primary purpose of the public meetings law is to ensure that public policy is formulated at open meetings. *Marks v. Judicial Nominating Comm.*, 236 Neb. 429, 461 N.W.2d 551 (1990).
- The public meetings law is broadly interpreted and liberally construed to obtain the objective of openness in favor of the public, and provisions permitting closed sessions must be narrowly and strictly construed. *Grein v. Board of Education of Fremont*, 216 Neb. 158, 343 N.W.2d 718 (1984).
- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- A county board of equalization is a public body whose meetings shall be open to the public. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1409. Terms, defined.

For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

Annotations

- A township is a political subdivision, and as such, a township board is subject to the provisions of the public meetings laws. *Steenblock v. Elkhorn Township Bd.*, 245 Neb. 722, 515 N.W.2d 128 (1994).
- A county agricultural society is a public body to which the provisions of the Nebraska public meetings law are applicable. *Nixon v. Madison Co. Ag. Soc'y*, 217 Neb. 37, 348 N.W.2d 119 (1984).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of

having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943, and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. *State ex rel. Schuler v. Dunbar*, 208 Neb. 69, 302 N.W.2d 674 (1981).

- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- Although the Open Meetings Act does not define "subcommittee," a subcommittee is generally defined as a group within a committee to which the committee may refer business. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- The Open Meetings Act does not require policymakers to remain ignorant of the issues they must decide until the moment the public is invited to comment on a proposed policy. By excluding nonquorum subgroups from the definition of a public body, the Legislature has balanced the public's need to be heard on matters of public policy with a practical accommodation for a public body's need for information to conduct business. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- As an administrative agency of the county, a county board of equalization is a public body. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- The electors of a township at their annual meeting are a public body under the Open Meetings Act. *State ex rel. Newman v. Columbus Township Bd.*, 15 Neb. App. 656, 735 N.W.2d 399 (2007).
- The meeting at issue in this case was a "meeting" within the parameters of subsection (2) of this section because it involved the discussion of public business, the formation of tentative policy, or the taking of any action of the public power district. *Hansmeyer v. Nebraska Pub. Power Dist.*, 6 Neb. App. 889, 578 N.W.2d 476 (1998).
- Informational sessions in which the governmental body hears reports are briefings. *Johnson v. Nebraska Environmental Control Council*, 2 Neb. App. 263, 509 N.W.2d 21 (1993).

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

- True notice of a meeting is not given by burying such in the minutes of a prior board proceeding. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- An agenda notice which merely stated "work order reports" was an inadequate notice under this section because it did not give interested persons knowledge that plans for a 345 kv transmission line through the district was going to be discussed and voted upon at the meeting. Inadequate agenda notice under this section meant there was a substantial violation of the public meeting laws; however, later actions by the board of directors cured the defects in notice, and such actions were in substantial compliance with the statute. *Hansmeyer v. Nebraska Pub. Power Dist.*, 6 Neb. App. 889, 578 N.W.2d 476 (1998).

84-1412. Meetings of public body; rights of public; public body; powers and duties.

(1) Subject to the Open Meetings Act, the public has the right to attend and the right to speak at meetings of public bodies, and all or any part of a meeting of a public body, except for closed sessions called pursuant to section 84-1410, may be videotaped, televised, photographed, broadcast, or recorded by any person in attendance by means of a tape recorder, a camera, video equipment, or any other means of pictorial or sonic reproduction or in writing.

(2) It shall not be a violation of subsection (1) of this section for any public body to make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking at, videotaping, televising, photographing, broadcasting, or recording its meetings, including meetings held by virtual conferencing. A body may not be required to allow citizens to speak at each meeting, but it may not forbid public participation at all meetings.

(3) No public body shall require members of the public to identify themselves as a condition for admission to the meeting nor shall such body require that the name of any member of the public be placed on the agenda prior to such meeting in order to speak about items on the agenda. The body shall require any member of the public desiring to address the body to identify himself or herself, including an address and the name of any organization represented by such person unless the address requirement is waived to protect the security of the individual.

(4) No public body shall, for the purpose of circumventing the Open Meetings Act, hold a meeting in a place known by the body to be too small to accommodate the anticipated audience.

(5) No public body shall be deemed in violation of this section if it holds its meeting in its traditional meeting place which is located in this state.

(6) No public body shall be deemed in violation of this section if it holds a meeting outside of this state if, but only if:

(a) A member entity of the public body is located outside of this state and the meeting is in that member's jurisdiction;

(b) All out-of-state locations identified in the notice are located within public buildings used by members of the entity or at a place which will accommodate the anticipated audience;

(c) Reasonable arrangements are made to accommodate the public's right to attend, hear, and speak at the meeting, including making virtual conferencing available at an in-state location to members, the public, or the press, if requested twenty-four hours in advance;

(d) No more than twenty-five percent of the public body's meetings in a calendar year are held out-of-state;

(e) Out-of-state meetings are not used to circumvent any of the public government purposes established in the Open Meetings Act; and

(f) The public body publishes notice of the out-of-state meeting at least twenty-one days before the date of the meeting in a legal newspaper of statewide circulation.

(7) Each public body shall, upon request, make a reasonable effort to accommodate the public's right to hear the discussion and testimony presented at a meeting.

(8) Public bodies shall make available at the meeting or the in-state location for virtual conferencing as required by subdivision (6)(c) of this section, for examination and copying by members of the public, at least one copy of all reproducible written material to be discussed at an open meeting, either in paper or electronic form. Public bodies shall make available at least one current copy of the Open Meetings Act posted in the meeting room at a location accessible to members of the public. At the beginning of the meeting, the public shall be informed about the location of the posted information.

Annotations

- To preserve an objection that a public body failed to make documents available at a public meeting as required by subsection (8) of this section, a person who attends a public meeting must not only object to the violation, but must make that objection to the public body or to a member of the public body. *Stoetzel & Sons v. City of Hastings*, 265 Neb. 637, 658 N.W.2d 636 (2003).

84-1413. Meetings; minutes; roll call vote; secret ballot; when; agenda and minutes; required on website; when.

(1) Each public body shall keep minutes of all meetings showing the time, place, members present and absent, and the substance of all matters discussed.

(2) Any action taken on any question or motion duly moved and seconded shall be by roll call vote of the public body in open session, and the record shall state how each member voted or if the member was absent or not voting. The requirements of a roll call or viva voce vote shall be satisfied by a public body which utilizes an electronic voting device which allows the yeas and nays of each member of such public body to be readily seen by the public.

(3) The vote to elect leadership within a public body may be taken by secret ballot, but the total number of votes for each candidate shall be recorded in the minutes.

(4) The minutes of all meetings and evidence and documentation received or disclosed in open session shall be public records and open to public inspection during normal business hours.

(5) Minutes shall be written or kept as an electronic record and shall be available for inspection within ten working days or prior to the next convened meeting, whichever occurs

earlier, except that cities of the second class and villages may have an additional ten working days if the employee responsible for writing or keeping the minutes is absent due to a serious illness or emergency.

(6) Beginning July 31, 2022, the governing body of a natural resources district, the city council of a city of the metropolitan class, the city council of a city of the primary class, the city council of a city of the first class, the county board of a county with a population greater than twenty-five thousand inhabitants, and the school board of a school district shall make available on such entity's public website the agenda and minutes of any meeting of the governing body. The agenda shall be placed on the website at least twenty-four hours before the meeting of the governing body. Minutes shall be placed on the website at such time as the minutes are available for inspection as provided in subsection (5) of this section. This information shall be available on the public website for at least six months.

Annotations

- If a person present at a meeting observes and fails to object to an alleged public meetings laws violation in the form of a failure to conduct rollcall votes before taking actions on questions or motions pending, that person waives his or her right to object at a later date. *Hauser v. Nebraska Police Stds. Adv. Council*, 264 Neb. 944, 653 N.W.2d 240 (2002).
- Subsection (2) of this section does not require the record to state that the vote was by roll call, but requires only that the record show if and how each member voted. Neither does the statute set a time limit for recording the results of a vote, after which no corrections of the record can be made. If no intervening rights of third persons have arisen, a board of county commissioners has power to correct the record of the proceedings had at a previous meeting so as to make them speak the truth, particularly where the correction supplies some omitted fact or action and is done not to contradict or change the original record but to have the record show that a certain action was taken or thing done, which the original record fails to show. *State ex rel. Schuler v. Dunbar*, 214 Neb. 85, 333 N.W.2d 652 (1983).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943,

and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. *State ex rel. Schuler v. Dunbar*, 208 Neb. 69, 302 N.W.2d 674 (1981).

- There is no requirement that a public body make a record of where notice was published or posted. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1414. Unlawful action by public body; declared void or voidable by district court; when; duty to enforce open meeting laws; citizen's suit; procedure; violations; penalties.

(1) Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in violation of the Open Meetings Act shall be declared void by the district court if the suit is commenced within one hundred twenty days of the meeting of the public body at which the alleged violation occurred. Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in substantial violation of the Open Meetings Act shall be voidable by the district court if the suit is commenced more than one hundred twenty days after but within one year of the meeting of the public body in which the alleged violation occurred. A suit to void any final action shall be commenced within one year of the action.

(2) The Attorney General and the county attorney of the county in which the public body ordinarily meets shall enforce the Open Meetings Act.

(3) Any citizen of this state may commence a suit in the district court of the county in which the public body ordinarily meets or in which the plaintiff resides for the purpose of requiring compliance with or preventing violations of the Open Meetings Act, for the purpose of declaring an action of a public body void, or for the purpose of determining the applicability of the act to discussions or decisions of the public body. It shall not be a defense that the citizen attended the meeting and failed to object at such time. The court may order payment of reasonable attorney's fees and court costs to a successful plaintiff in a suit brought under this section.

(4) Any member of a public body who knowingly violates or conspires to violate or who attends or remains at a meeting knowing that the public body is in violation of any provision of the Open Meetings Act shall be guilty of a Class IV misdemeanor for a first offense and a Class III misdemeanor for a second or subsequent offense.

Annotations

- The Legislature has granted standing to a broad scope of its citizens for the very limited purpose of challenging meetings allegedly in violation of the Open Meetings Act, so that they may help police the public policy embodied by the act. *Schauer v. Grooms*, 280 Neb. 426, 786 N.W.2d 909 (2010).

- Any citizen of the state may commence an action to declare a public body's action void. *City of Elkhorn v. City of Omaha*, 272 Neb. 867, 725 N.W.2d 792 (2007).
- The reading of ordinances constitutes a formal action under subsection (1) of this section. *City of Elkhorn v. City of Omaha*, 272 Neb. 867, 725 N.W.2d 792 (2007).
- If a person present at a meeting observes a public meetings law violation in the form of an improper closed session and fails to object, that person waives his or her right to object at a later date. *Wasikowski v. Nebraska Quality Jobs Bd.*, 264 Neb. 403, 648 N.W.2d 756 (2002).
- Under the Public Meetings Act, a county lacks capacity to maintain an action to declare its official conduct "void" for noncompliance with the act. *County of York v. Johnson*, 230 Neb. 403, 432 N.W.2d 215 (1988).
- When a petitioner under this section is successful in the district court, that court may allow attorney fees. *Tracy Corp. II v. Nebraska Pub. Serv. Comm.*, 218 Neb. 900, 360 N.W.2d 485 (1984).
- Informal discussions between the Tax Commissioner and the State Board of Equalization in which instructions were clarified, with such clarification leading to the amendment of hearing notices, did not constitute a public meeting subject to the provisions of this section. *Box Butte County v. State Board of Equalization and Assessment*, 206 Neb. 696, 295 N.W.2d 670 (1980).
- The right to collaterally attack an order made in contravention of the Public Meeting Act must occur within a period of one year as is specifically provided by this section. *Witt v. School District No. 70*, 202 Neb. 63, 273 N.W.2d 669 (1979).
- Statutory change, requiring "publicized notice" for board of education employment hearings, occurring between dates meeting scheduled and conducted, held not to void proceedings. *Alexander v. School Dist. No. 17*, 197 Neb. 251, 248 N.W.2d 335 (1976).
- Voiding an entire meeting is a proper remedy for violations of the Open Meetings Act. Once a meeting has been declared void pursuant to Nebraska's public meetings law, board members are prohibited from considering any information obtained at the illegal meeting. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- Actions by the board of directors were merely voidable under this section, and not void. Pursuant to subsection (3) of this section, the plaintiffs were awarded partial attorney fees because they were successful in having the court declare that the board of directors was in substantial violation of the statute, even though the plaintiffs did not get the relief requested of having the board's actions declared void. *Hansmeyer v. Nebraska Pub. Power Dist.*, 6 Neb. App. 889, 578 N.W.2d 476 (1998).

Student Council Board Report

November 2023

NHS

T-Shirt money will be donated to UNMC and local families battling cancer.

We made roughly \$1000 in t-shirt sales. We do have extras if anyone is interested in purchasing a shirt please contact Mrs. Staci Shonka at the high school.

We also made around \$1000 from concessions on Friday Oct. 20. Profit from both will be donated next month.

Thank you to all who help support this cause.

FCCLA

On Monday, October 16th, Schuyler FCCLA took six chapter members to the annual District Leadership Conference at CCC. We listened to a presentation from MADD, made homemade stress balls, and decorated a chapter poster. During breakout sessions, members listened to presentations about becoming State Officers, volunteering with Center for Survivors, and social emotional topics. It was a wonderful experience for new and returning members!

Boys and Girls Basketball

Both boys and girls basketball are excited to get the season tipped off. After a summer of hard work focusing on skills, conditioning and teamwork, the Warrior basketball teams are eager to show off their improvements! Conditioning week will start on November 6th, with the first practices the following week of November 13th. First game is scheduled for November 30th at Madison.

Volleyball

Football

The Warriors wrapped up their season this last Friday (10/20). The Football team showed a great amount of growth throughout the season. The team finished with a record of 3-6. The most wins in a season by a Warrior Football team since 2010. We finished the season with a great group of kids and we are excited to see where this group can take us in the future.

New Black Shirt Tradition (Game Changers)

Wrestling

We are excited to get started with the building process for this season. The boys and girls wrestling teams will be starting pre season conditioning on October 30th. Be on the lookout for our athletes on Wednesday of that week (weather permitting) running the “Concrete Mile.” This is a tradition in our program where the wrestlers run the viaduct to build mental and physical toughness, as well as building team unity through shared struggle. We love when people drive by and honk or shout out encouragement!

Cheerleaders

The cheerleaders had SO MUCH FUN at the Homecoming pep rally and were impressed with all of the school spirit!! We just wrapped up our fall season and are excited to start learning new material for basketball games and wrestling duals. A special thanks to so many community members that have supplied us with t-shirts, poms and other gear to share with our fans at home games!

Speech

Mr. Torpin, Mrs. Linnerson, Ms. Pedersen and Mr. Spahr have started planning the speech season and have already had a few initial meetings and practices with interested students. Currently we have 17 students who have shown interest in joining the team!

On October 5th we ran a concession stand and in mid November we will start our annual Godfather's Pizza Fundraiser!

August 3, 2023

Superintendent Schroder and members of the Schuyler Board of Education,

It is a privilege to share the NASB Strategic Plan Proposal with the Schuyler Community Schools Administrators and Board of Education. The NASB Board Leadership Department is pleased to provide a multitude of programs and services to our members, including the following strategic planning process.

The Association adopted protocol and procedures are characteristic of a comprehensive planning process. The proposal outlines the scope and sequence that includes engagement of both internal and external stakeholders through online surveys, and purposeful focus group discussion. Our unique process ensures open and continuous communication with our staff, and a personalized strategic plan design that will meet the vision and expectations of administration and the board of education.

The NASB Board Leadership team represents a collective commitment to the time, resources, and values necessary to provide the optimum service needed to meet the defined timeline and to support the creation of a purposeful three-five-year plan to guide the district, align resources, and improve instruction and learning.

It would be our honor to partner with Schuyler Community Schools on this most important endeavor. I look forward to the opportunity to address questions and points of clarification as needed. Please feel free to contact me at 402-817-0296 at your convenience.

Respectfully submitted,

Marcia R. Herring

APPENDIX III: THE NASB STRATEGIC PLANNING TEAM

The Nebraska Association of School Boards has been advocating for, working with, and training Nebraska school boards since 1918. Traditionally, the NASB's Board Leadership department has collaborated with school boards and their superintendents in more narrowly focused goal setting exercises. However, in 2014 district leaders requested that we expand community engagement to include a comprehensive strategic planning process. Since that time, NASB has facilitated strategic planning for Nebraska school districts ranging in size from Class A to D. As demand has grown, our Strategic Planning Team has grown to include four facilitators:

Marcia Herring – NASB Director of Board Leadership

Marcia began her service to Community education as a school board member on the Waverly School District Board of Education, completing 12 years of service. During her tenure as a local board member, she was elected by her peers to serve on the Nebraska Association of School Boards—Board of Directors completing three terms as Director. She began her work as a superintendent search consultant more than 20 years ago. Marcia served as Director of NASB Search Services for 8 years.

As the Director of Board Leadership, Marcia has expanded the programs and services to meet the ever-changing needs of our members. We currently support our members through Strategic Planning, Community Engagement, Board Development Learning Retreats and Workshops, and Online Board Self-Assessment and Superintendent Evaluation. The growth of the Department and scope of services has enabled our team to provide impactful and purposeful leadership for school districts across the state and ranging in enrollment from 125 students to more than 10,000.

Kari Stephens – NASB Board Leadership Associate

Kari has been involved in education over the past 26 years as an instructor at all levels from Kindergarten through Twelfth grade. She has a BS in Elementary Education and continues to be passionate about literacy, inclusion, diversity, and equality for all students. The perspective she brings to the NASB Strategic Planning process will be unique as she will offer an educator's lens to ensure that our stakeholder engagement tools, and processes are valid, dependable, and effective through the engagement of all internal and external stakeholder groups in the district. Kari provides support to board members primarily through Strategic Planning, Community Engagement, and Superintendent Evaluation. She also serves as the NASB facilitator for the NASB Equity Collaborative and Board Leadership representative for the Nebraska Community Leadership Foundation (NPLF).

Katie Coble – NASB Board Leadership Associate

Being from rural-Nebraska and always having an interest and love for Community education, Katie is passionate about serving school boards across Nebraska to best support their efforts of providing a positive impact on student learning and achievement. Katie graduated with a BA in Psychology and Sociology and since joining the Association has enjoyed the opportunity to pursue a career path that has a significant impact on education. As a Board Leadership Associate, Katie provides support to board members through the NASB Online Survey Service, primarily Superintendent Evaluation, Board Self-Assessment, and Leadership Encompass 360. She also provides leadership and support to the members of the Nebraska Administrative Education Professionals (NAEP) group.

Caden Frank – NASB Board Leadership Associate

Caden comes to the Board Leadership team from a community engagement and higher education background. Earning his BS in Organizational Leadership and MSE in Higher Education and Student Affairs from Fort Hays State University, Caden's greatest passion lies in grassroots community engagement and creating new learning opportunities for students through their community education. In addition to his work community engagement, Caden is responsible for facilitating stakeholder engagement meetings, administers online stakeholder surveys, and assists with data collection, analysis, coding, and reporting.

NASB PUBLIC SCHOOLS

MISSION STATEMENT

NASB Public Schools creates passionate learners by maximizing student achievement through dynamic learning experiences, which inspire and provide a quality education for all students, within a safe and community-supported environment.

INTRODUCTION

This strategic plan is a recognition by the NASB Public Schools’ Board of Education that together with the community we will “**create passionate learners by maximizing student achievement through learning experiences.**” Therefore, in partnership with stakeholders and the commitment and contributions of the teachers, administrators, and staff of the NASB Public School District, and the external stakeholders: parents, students, and citizens of our community, we are poised to provide the students at NASB Public School District to be successful. We all have a stake in the success of the NASB Public School District, and we should all have the opportunity to help shape the idea of what success looks like for our students. Therefore, collaboration was central as we embarked upon the strategic planning process.

We would like to thank members of the Strategic Overview Committee for their considerable contributions to the creation of this strategic plan. Established with the help of facilitators from the Nebraska Association of School Boards, the Strategic Overview Committee is comprised of the following members:

STRATEGIC PROCESS

Working with facilitators from the Nebraska Association of School Boards, we established a Strategic Overview Committee and conducted a community focus group meeting to engage parents, patrons, and business leaders utilizing online surveys. Internal stakeholders were also engaged in the need's assessment including the board of education, administrators, certified staff, classified staff, parents, and students. By engaging a diverse group of internal and external stakeholders, we provide district and community stakeholders the opportunity to express their thoughts, ideas, and concerns regarding the current culture, but also the vision for the future of NASB Public.

This process allowed us, as a community, to closely examine the current status of the district. We examined our strengths, but also participated in frank conversations about the district's most pressing needs today and the challenges we are sure to face in the future. To be clear, while the stakeholders reaffirmed that there is much to be proud of, they too shared that there are areas in which we must improve in order to fulfill our mission.

Collectively, the community and the staff are committed to doing all we can to improve the district. To ensure we provide a comprehensive plan, we address the identified areas of need through structure and content of the NASB Public strategic plan. Through the priorities set forth, we will elevate our needs and priorities through the guiding principles, objectives, strategies, and performance indicators to guide decision-making and alignment of resources to support the methodologies employed in individual classrooms, programs enacted in building levels, district-wide initiatives implemented by district administration, and policy set by the NASB Public Board of Education.

NASB PUBLIC STRATEGIC PLAN

Guiding Principles, Objectives, Strategies, and Performance Indicators

Our process enabled us to identify needs and establish priorities (Guiding Principles). To have an impact on student learning, however, a strategic plan must include a plan of action for affecting change. In the following strategic plan, each Guiding Principle is further defined in the form of an objective. Each objective states with specificity a goal that, when achieved, will have a direct impact on NASB Public’s ability to meet our mission “**create passionate learners by maximizing student achievement through learning experiences.**” For each objective, strategies have been created that define the action necessary to meet the objective. Each strategy is expressed through manageable and measurable performance indicators.

Implementation of the Strategic Plan

This strategic plan represents our collective resolve to inspire and empower students. The Guiding Principles, objectives, and strategies set forth below are the building blocks of the path we have laid out to reach the 2022-2027 benchmarks for student learning. Meeting benchmarks depends on more than just designing a path – we must be dedicated, at every level, to the consistent and effective implementation of the specific strategies and measurable performance indicators and work to integrate the strategic plan into the regular day-to-day operations of the district.

To ensure the success and implementation of the NASB Public Strategic Plan, district leadership will:

- A. Assign staff to manage and oversee Measures and Objectives
- B. Monitor and assess the implementation, making necessary and appropriate adjustments as needed
- C. Collect evidence to illustrate the progress and success of the implementation of the strategies
- D. Commit resources needed to ensure the progress and success of the plan
- E. Align the plan to the board’s annual calendar and monthly meeting agenda to measure progress and success of the plan
- F. Communicate progress of the plan to internal and external stakeholders as appropriate

Guiding Principles

The Guiding Principles highlight the areas NASB Public will build upon to support the mission and vision of the school district.

Objective

The objective states the area of focus and outcome that NASB Public will achieve.

Strategy

The strategy provides detail of how the objective will be met.

Performance Indicators*

The performance indicators identify specific tasks, assignments, or action staff members will follow to realize the stated objective and strategy.

*An individual/team/building may choose to write SMART goals to ensure the achievement of a performance indicator. A SMART Goal incorporates a **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**imely criteria to help focus and increase the likelihood of accomplishing tasks/assignments/actions.

Program/Building Level

The program/building level identifies the point of impact.

Responsible

The assigned responsibility is to ensure progress/success of the performance indicator.

Target Date

The target date identifies when the indicator is to be assessed for progress and/or a target completion date.

Funding

The funding identifies an approximate figure for how the program/service will impact district resources.

Evidence of Progress

The evidence of progress identifies the action that has been taken to meet the performance indicator.

FINAL STEPS REMAINING

Prioritization Ranking

The prioritization ranking enables administrators to assess the urgency and impact of the identified strategic plan strategies. The feedback from administrators is assessed through a scatter plot mechanism to narrow the focus to strategies that require priority.

Alignment Matrix

The alignment matrix links the strategic plan strategies to the AQuESTT Tenets and Nebraska Framework Accreditation Standards.

SIT

The Strategic Implementation Team (SIT) provides accountability and validation of work and progress completed by the assigned staff member.

Progress Analysis

Once the strategic plan has been adopted, superintendent and school administrators will begin implementing strategies. At the end of every year there after the Association will administer a progress analysis to monitor the progress/successes the district has made. The district will continue following the strategic plan, sustaining the strategies where growth has been made and moving forward on other strategies. At the end of year three along with the progress analysis, the district will take a deeper dive to assess the impact of the strategic plan related to student learning within the district. District will reengage all internal and external stakeholders to gain perspective.

NASB PUBLIC GUIDING PRINCIPLE OVERVIEW

GUIDING PRINCIPLES

Careful and collaborative analysis of the data collected through the strategic planning needs assessment process resulted in the identification of a number of priorities. These identified priorities, in turn, informed the creation of several areas of focus that form the structure of the NASB PUBLIC Strategic Plan.

I. Expanded Student-Centered Learning Experiences

Enhancing and expanding learning opportunities, programs, and activities are critical to student growth. By offering diverse experiences (i.e., AP, HAL, STEM, CTE, non-athletic choices, etc.) students will be able to achieve greater success. Furthermore, enhancing expanded learning opportunities will help foster students' critical thinking abilities to prepare for their future success. Relevant curriculum and effective instructional methods are critical to student learning and support the NASB Public goals and objectives that focuses on achievement and provides for the needs of all students, thus maximizing student betterment. Through adopted core curriculum, vertical and horizontal alignment, the district promotes effective transitions for students at each grade and level throughout the PK-12 system.

II. Culture and Cohesion

Creating opportunities for students and staff to establish and maintain a district culture that emphasizes the importance of respect, acceptance, inclusion, social-emotional, mental health well-being, and connectedness is vital to the success of students and staff of NASB Public.

III. Personnel Effectiveness

Fundamental to the success of NASB Public is the ability of the district to recruit, develop, and retain high-quality educators. Investing in their skills, knowledge, and personal expertise will advance the content and instruction districtwide. By providing purposeful and meaningful professional development for all staff this builds collaboration and ensures a cohesive and growing school community.

IV. Family and Community Partnerships

Creating the necessary partnerships and shaping the narrative, that emphasizes the importance of the school district to the future of the community, will renew our efforts to model high expectations that inspires excellence and promotes learning for all students. To fully engage and empower our staff and our community and partners, NASB Public must communicate and engage with all stakeholders. We must continue to grow and sustain our methods of communication, engagement, and transparency to build trust and engage the community at large.

V. District Resources

We aspire and are committed to providing well-maintained and safe buildings and grounds to support an environment in which students can learn and staff can perform effectively. To ensure that we continue to meet this priority, purposeful budget planning, and management will help to sustain financial stability while continuing to improve our district. We will further invest our resources in meaningful instruction, professional development, technology, and learning opportunities for all students in NASB Public.

VI. Board Governance

As the board, we will commit resources to support the long-term goals of the school district. Through evaluation, accountability, and policy, we leverage the capacity to ensure the success of our goals. Our collective voice must be represented at the state level through a board advocacy committee.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities and each major fund of Schuyler Community Schools, District No. 123, Schuyler, Nebraska (the "District"), as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of the District, as of August 31, 2023, and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuyler Community Schools, District No. 123, Schuyler, Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter-Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve

months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Schuyler Community Schools, District No. 123, Schuyler, Nebraska's basic financial statements. The combining fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included with the basic financial statements. The other information comprises the budgetary comparison schedules but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or provide any form of assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2023**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Schuyler Community School, District No. 123, Schuyler, Nebraska (the “District”) is a tax-exempt political subdivision and a Class 3 school district of the State of Nebraska.

Reporting Entity

The financial statements of the School District include all significant separately administered organizations for which the School District is financially accountable including entities for which the School District is considered to be financially accountable, or for which exclusion would result in the financial statements being misleading or incomplete.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded, regardless of the measurement focus applied.

Measurement Focus – In both the government-wide financial statements and the fund financial statements, the governmental activities are presented using a modified cash basis measurement focus. Their reported net position/fund balance is considered a measure of “available cash and investments.” The operating statements focus on cash received and cash disbursed.

Basis of Accounting – In the government-wide and the fund financial statements, the District prepares its financial statements using the modified cash basis of accounting. Accordingly, revenues are recognized when cash is received by the District or the County Treasurer and expenditures are recognized when cash is disbursed. This basis of accounting has been modified from a pure cash method to include County Treasurer records. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The basis of accounting is applied to all transactions, including the disbursements for capital assets, receipts, and proceeds from issuance of debt and the retirement of debt.

Basis of Presentation

Government-Wide Financial Statements – The Statement of Net Position – Modified Cash Basis and Statement of Activities – Modified Cash Basis display information about the reporting government as a whole. They include all funds of the reporting entity.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Basis of Presentation (continued)

The statements present the District's financial statements as governmental activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Alternatively, business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The District does not operate any significant business-type activities.

Fund Financial Statements – Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The District currently has no proprietary or fiduciary funds. An emphasis is placed on major funds within the governmental and fiduciary categories. A fund is considered major if it is the primary operating fund of the District, meets specific criteria set forth by GASB or is designated as a major fund by the Organization's management. In addition to the District's funds meeting the required criteria, the District's management has designated all remaining funds to be presented as major funds for financial reporting purposes.

The funds of the financial reporting entity are described below:

GOVERNMENTAL FUND TYPES

General Fund - The fund is the primary operating fund of the District and is always classified as a major fund. It is used to account for all financing resources except those required to be accounted for in other funds.

The district has 3 additional special revenue funds, employee benefit, coop, and depreciation. However, in accordance with GASB Financial Reporting Standards, these funds have been consolidated into the general fund since their revenues are transfers from the general fund

Special Revenue Fund – These funds are used to account for and report the proceeds of specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the District. The reporting entity includes the following special revenue funds:

School Nutrition Fund – This fund accounts for the operations of the District's child nutrition programs.

FOR THE YEAR ENDED AUGUST 31, 2023**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Long-Term Debt

Long-term debt arising from cash transactions for governmental funds is not recorded as a liability in the government-wide or fund financial statements. The debt proceeds are, instead, reported as other financing receipts and payment of principal and interest reported as cash disbursements.

Equity Classification

Government-Wide Statements:

Equity is classified as net position and displayed in two components:

- a. Restricted net position – Consisted of net position with constraints placed on the use either by 1) external groups, such as creditors, grantors, contributors or laws and regulations of other governments; or 2) law through constitutional provisions or enabling legislation.
- b. Unrestricted net position – All other amounts that do not meet the definition of “restricted.”

It is the District’s policy to use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes in which both restricted and unrestricted net positions are available.

Fund Financial Statements:

The governmental fund financial statements present balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- a. Nonspendable – This classification includes amounts that cannot be spent because they are either (1) not in spendable form or (2) are legally or contractually required to be maintained intact. The District did not have any nonspendable resources as of August 31, 2023.
- b. Restricted – This classification includes amounts for which constraints have been placed on the use of resources either (1) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation.

**NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEAR ENDED AUGUST 31, 2023**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Equity Classification (continued)

- c. Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed the government itself using its highest level of decision-making authority. That constraint can be removed or changed by taking the same action.
- d. Assigned – This classification includes amounts that are constrained by the District’s intent to be used for a specific purpose. The intent is expressed by the governing body or a body or official authorized by the governing body.
- e. Unassigned – This classification is the residual classification for the General Fund and includes all amounts not contained in other classifications.

The district applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Use of Estimates

The preparation of financial statements, in conformity with the modified cash basis of accounting, requires management to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent liabilities at the date of the financial statements and reported amounts of receipts and disbursements during the reporting period. Actual results could differ from those estimates

Internal and Interfund Balances and Activities

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified. Interfund activity, if any, within and among the governmental fund categories is reported as follows in the fund financial statements:

- a. Interfund loans – flow of assets from one fund to another where repayment is expected. Outstanding balance of interfund loan are reported as cash receipts and disbursements at end of year.

Internal and Interfund Balances and Activities (continued)

- b. Interfund reimbursements – repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.
- c. Interfund transfers – flow of assets from one fund to another where repayment is not expected are reported as cash receipts and disbursements.

The District made the following reimbursements during the year ended August 31, 2023:

- General Fund to Employee Benefit Fund for employee benefits - \$101,885
- General Fund to the Cooperative Fund to subsidize the fund - \$10,000
- Interfund loan repaid to QCPUF from Building Fund -\$900,000

2. BUDGET PROCESS AND PROPERTY TAXES

The District is required by state law to adopt annual budgets for each Fund. Each budget is presented on the modified cash basis of accounting, which is consistent with the requirements of the Nebraska Budget Act.

State Statutes of the Nebraska Budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various expenditures and/or tax levy limitations.

The District follows these procedures in establishing the budgetary data reflected in the accompanying financial statements:

- The Administration of the District prepares a proposed operating budget for the fiscal year commencing the following September 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted at a public meeting to obtain taxpayers comments.
- On or before Sept 20, the budget is legally adopted by the Board of Education through passage of a resolution and is filed with the appropriate agencies.
- Total fund expenditures may not legally exceed total appropriations at the fund level or for “regular education” in the general fund without holding a public budget hearing and obtaining approval from the Board of Education. Appropriations lapse at fiscal year end and any revisions require Board approval.

2. BUDGET PROCESS AND PROPERTY TAXES, CONTINUED

- The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which tax levy attaches as an enforceable lien on property within the District as of December 31. Taxes are due as of that date. One-half of the real estate taxes become delinquent after the following May 1, with the second one-half becoming delinquent after Sept. 1.

3. CASH AND INVESTMENTS

Nebraska Statutes provide that the District may, by and with the consent of the Board of Education of the District, invest the funds of the District in securities, including repurchase agreements, the nature of which individuals of prudence, discretion and intelligence acquire or retain in dealing with the property of another.

On August 31, 2023, the District had bank deposits of \$8,346,510 all of which was covered by federal depository insurance and/or collateralized by U.S. Government securities subject to joint custody safe keeping receipts issued by the custodial financial institution, which was not the pledging institution.

On August 31, 2023, the District had investments in a Bond Fund escrow account of \$14,406,614, which were proceeds from the Series 2020 bond sales on September 30, 2020. The escrow account will be used to pay off the Series 2019 bonds once the five-year call limit is reached on May 22, 2024. See Note 5 for details on long-term bond debt.

7. DEFINED BENEFIT PENSION PLAN

Plan Description. Eligible employees of the Schuyler Community School District are provided with pensions through the Nebraska Public Employees Retirement System (NPERS) – a cost sharing multiple-employer defined benefit pension plan. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, Community Colleges), are members of the plan.

Benefits Provided. NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions. Normal retirement is at age 65. The monthly benefit is equal to the greater of the following: 1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or 2) the average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age. Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later.

Contributions. The State's contribution is based on an annual actuarial valuation. In addition, the State contributes an amount equal to two percent of the compensation of all members. This contribution is considered a non-employer contribution since school employees are not employees of the State. The employee contribution was equal to 9.78 percent from September 1, 2022 to August 31, 2023. The school district (employer) contribution is 101 percent of the employee contribution. The District's contribution to the Plan for its year ended August 31, 2023 was \$1,366,700.

Commitment Related to Proportionate Share of Net Pension Liability (Asset). At June 30, 2022 the NPERS, as a whole, reported a total net pension liability(asset) of \$810,465,539 of which the district's share amounted to \$4,198,325. Because of the use of a modified cash basis of accounting framework in the preparation of these financial statements, this proportionate share of the NPERS net pension liability is not reported in the District's financial statements as a liability, and is instead disclosed herein as a commitment. In accordance with the modified cash basis of accounting, pension expense or expenditures are only reported when contributions are paid by the District to NPERS.

The NPERS net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

SCHUYLER, NEBRASKA**

**NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEAR ENDED AUGUST 31, 2023**

7. DEFINED BENEFIT PENSION PLAN (CONTINUED)

The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating local governments, actuarially determined. At June 30, 2022, the District's proportion was .518014 percent, which is an increase of .005548 from its proportion measured as of June 30, 2021.

Actuarial assumptions. Actuarial assumptions used in the determination of net pension liability, including mortality rates and life expectancies, long-term expected rate of return, discount rate and sensitivity of the net pension liability to changes in discount rate are available in the separately issued NPERS financial report that can be obtained online at <http://www.auditors.nebraska.gov>.

8. EARLY RETIREMENT INCENTIVE PLAN

- The employee must be fifty-five (55) years of age on or before September 1 of the employee's final contract year and must have at least ten (10) creditable years of service with a masters degree in education.

The Board of Education shall select up to four (4) eligible employees to participate in the plan each fiscal year. In the event the total number of eligible employees electing for early retirement exceeds four (4) employees, the Board of Education bases their selection of eligible employees based on the following criteria:

- Previous Application Denied
- Highest Salary
- Number of Years of Service
- Tiebreaker (Random Selection)

A qualified certificated employee who has been accepted for participation in the ERIP shall receive the following ERIP benefit during the three (3) fiscal years immediately following the participant's retirement:

- A ten thousand dollar (\$10,000) contribution to a Health Reimbursement Account (HRA) to be credited to the employee in three (3) equal installments at the beginning of each of the three (3) fiscal years.
- A non-elective contribution to a 403(b) annuity or custodial account selected by the participant in an amount equal to two percent (2%) of his/her schedule salary at the 1.0 Full

8. EARLY RETIREMENT INCENTIVE PLAN (CONTINUED)

Time Equivalent (FTE) during the employee's final contract year multiplied by the number of years of creditable services with the District, up to a maximum of twenty-five thousand dollars (\$25,000). The contribution shall be paid in six (6) installments of the three (3) fiscal years.

During the fiscal year ended August 31, 2023, the District paid \$89,942. from the General Fund for the early retirement incentive plan. The total future payments required to be paid under the ERIP is \$120,779.

9. COMMITMENTS AND CONTINGENCIES

Grant Program Involvement

The District participates in a number of state and federally assisted programs. These programs are subject to financial and compliance audits of various agencies and departments, many of which have not yet been performed. The District's management believes that the amount of expenditures, if any, which may be disallowed by the granting agencies, would not be significant.

Compensated Absences

As a result of the District's use of the modified cash basis of accounting, accrued liabilities related to compensated absences (sick and vacation leave) and any employer-related costs earned and unpaid, are not reflected in the government-wide or fund financial statements.

10. TAX ABATEMENTS

The District is subject to tax abatements granted by Schuyler Community Redevelopment Authority (CRA), a component unit of the city of Schuyler, who has entered into tax increment financing (TIF) agreements with various redevelopers. This TIF program has the stated purpose of increasing business activity and employment in the community.

Under the TIF program, redevelopers can apply for TIF financing whereby the property tax they pay on the increased valuation of property under a TIF agreement is returned to the redeveloper by the CRA to finance the project for a period of up to 15 years.

Information relevant to the abatement impacting the District for the year ended August 31, 2023 is as follows:

**NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
FOR THE YEAR ENDED AUGUST 31, 2023**

1. BUDGETARY ACCOUNTING

The District prepares its budget for the Governmental Funds on the modified cash basis of accounting. This basis is consistent with the basis of accounting used in presenting the financial statements. All unexpected appropriations lapse at the end of the budget year.

The term "Budgetary Fund Balance" used in these supplementary schedules is synonymous with the terms "Fund Balance – Modified Cash Basis" used in the financial statements.

2. PRESENTATION

Government Auditing Standards requires that for reporting purposes, the General Fund includes all activity of funds that do not generate a significant amount of revenues from outside sources. Therefore, in the fund financial statements, the Depreciation Fund, Employee Benefit Fund, and Coop Fund have been included in the General Fund since their revenues are mainly derived from transfers from the General Fund. However, since the Depreciation Fund, Employee benefit Fund and Coop Fund are required by State law to adopt their own budget, their respective budgetary schedules have been included here.

3. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended August 31, 2023, the expenditures exceeded appropriations for the Special Building Fund by \$786,688 due to the repayment of an inter-fund loan of \$900,000 being paid back to the Qualified Capital Purpose Undertaking Fund for the year ended August 31, 2023.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each fund of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise Schuyler Community Schools' basic financial statements and have issued our report thereon dated October 31, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Schuyler Community Schools' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of the Schuyler Community Schools, District No. 123's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiency as item number 2023-001.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Schuyler Community Schools, District No. 123's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item number 2023-002.

School District's Response to Findings

Schuyler Community Schools, District No. 123's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Schuyler Community Schools, District No. 123's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

Report on Compliance for Each Major Federal Program

We have audited Schuyler Community Schools, District No. 123's (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of District's major federal programs for the year ended August 31, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for the compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Schuyler Community Schools District No. 123's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Schuyler Community Schools, District No. 123's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Schuyler Community Schools, District No. 123's compliance.

Opinion on Each Major Federal Program

In our opinion, Schuyler Community Schools, District No. 123 complied, in all material respects, with types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2023.

Report on Internal Control over Compliance

Management of Schuyler Community Schools, District No. 123 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Schuyler Community Schools, District No. 123's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Schuyler Community Schools, District No. 123's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

FINDINGS RELATED TO THE FINANCIAL STATEMENTS

2023-001 – Internal Control

Criteria: A strong internal control environment should include processes that are designed to provide reasonable assurance by segregating duties with respect to handling and recording transactions.

Condition: There is a lack of segregation of duties among personnel.

Cause: The District had a limited number of employees in the accounting function, thus limiting its internal control procedures.

Effect: Transactions could be mishandled.

Recommendation: Procedures should be implemented to ensure that duties with respect to handling and recording transactions be segregated or that alternative controls be used to compensate for lack of segregation.

Views of Responsible Officials and Planned Corrective Actions: We will review our duties in this area and see if we can shift some responsibilities to help with the segregation of duties.

2023-002 Budget Noncompliance

Criteria: The District should follow and abide by all matters of compliance set forth by the Nebraska Auditor of Public Accounts and the Nebraska Department of Education.

Condition: The Special Building Fund exceeded the budgeted expenditures for 2022-2023 year.

Cause: The District did not budget for the repayment of an interfund loan.

Potential Effect: The District was not in compliance with budget laws set forth by the Nebraska Auditor of Public Accounts.

Recommendation: Procedures should be implemented so that the budget is amended when more up to date information is known about possible revenues and expenditures for the budgeted fiscal year.

FINDINGS-FINANCIAL STATEMENTS AUDIT

2022-001 -- Financial Reporting Processes

Criteria: As described in our engagement letter, management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation of financial statements, including the notes to the financial statements, in conformity with the modified cash basis of accounting.

Condition: Management should possess the ability to prepare financial statements in accordance with the modified cash basis of accounting. The preparation of financial statements under this basis of accounting requires that management possess the ability to properly record and classify transactions in a general ledger, reconcile accounts, measure and record needed adjustments to the accounts, and prepare the financial statements and related disclosures without the assistance from the auditors. During our audit, we compiled a working trial balance from financial records provided by the District.

Cause: District personnel do not possess the expertise necessary to provide the auditors with a trial balance and to draft the year-end financial statements, supplementary information, and notes to the financial statements.

Potential Effect: The potential exists that misappropriation of assets and/or a material misstatement of the financial statements could occur and not be prevented or detected by the District's internal control.

Recommendation: We recommend that the District review and approve the proposed auditor adjusting entries and the adequacy of financial statement disclosures prepared by the auditors and apply analytic procedures to the draft financial statements, among other procedures as considered necessary by management.

Current Status: The District reviews and approves the proposed auditor adjusting entries and applies procedures considered necessary by management to evaluate the financial statements.

2022-002 -- Budget Noncompliance

Criteria: The District should follow and abide by all matters of compliance set forth by the Nebraska Auditor of Public Accounts and the Nebraska Department of Education.

Condition: The Bond Fund exceeded the budgeted expenditures for the 2021-2022 fiscal year.

Potential Effect: The District was not in compliance with budget laws set forth by the Nebraska Auditor of Public Accounts.

Current Status: The Bond Fund was under budget for the 2022-23 fiscal year.

Board Report November, 2023

Position/School: Curriculum Director Name: Dave Gibbons

Assessment Information: The complete data profile from state testing is still embargoed from the Nebraska Department of Education. I am working with the Administration Team to be prepared to present to the Board in December.

Curriculum - The Science Curriculum Team has been working on materials adoption. They have developed a mission statement, determined non-negotiables and chose an adoption rubric. They are currently learning about available programs and they will begin evaluating programs in a couple of weeks.

Also, starting next year each school district shall provide an annual financial literacy status report to its school board, including, but not limited to, student progress in financial literacy courses and other district determined measures of financial literacy progress from the previous school year. So you are aware, financial literacy was already a graduation requirement in Schuyler. During the second semester, we will be discussing what the other district determined measures will be.

Committee on American Civics - We are required to have two Committee on American Civics meetings a year. One of these meetings needs to accept public testimony. The last meeting was held in April so we need to schedule a meeting again now.
