IV.A.1. Consider, discuss, and take action to approve a teacher's request for an overnight trip.

Action Item

This is the fourth year of the Washington DC Trip request. Mrs. Shanda Hall is the staff member requesting your approval. This trip is really not a school function, but because it involves our employees. EMC's representative have confirmed that there's liability coverage for all employees of the school going. They would also have work comp if they were doing something in the scope of their duties and got injured. She didn't see there to be any issue with the trip. Our board policy outlining overnight trip requests is included below.

CERTIFICATED EMPLOYEE TRAINING, WORKSHOPS OR CONFERENCES

Policy 409.02

Requests for attendance or participation in a development program, other than those development programs sponsored by the school district, shall be made to the superintendent. Approval of the superintendent or his designee with the principal's input must be obtained prior to attendance by a certificated employee in a professional development program when the attendance would result in the certificated employee being excused from their duties or when the school district pays the expenses for the program.

Employees authorized by the superintendent or his designee to represent the school system at training, workshops and conferences will be allowed salary and expenses in conformance with regulations on expense reimbursement. Requests that involve unusual expenses or overnight travel must also be approved by the board.

The superintendent or his designee with input from the principal shall have sole discretion to allow or disallow certificated employees to attend or participate in the requested event. When making this determination, the superintendent will consider the value of the program for the certificated employee and the school district, alignment with the school improvement process, the effect of the certificated employee's absence on the education program and school district operations and the school district's financial situation as well as other factors deemed relevant in the judgment of the superintendent or his designee.

The requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board regarding professional development of such employees shall be followed.

V.A. Review Priority School's Report

Action Item

See Attached Report

V.B. Principals Reports Information Item

Preschool and SMS 3-5 Principal's Report: Mr. Comley

Program/Staff Member Spotlight: This month I would like to recognize Ingrid Rodriguez for the work she has put in to getting the Family Literacy program up and running at SES. Ms. Rodriguez has done a great job making sure small details are taking care of. A large part of why the program will be a great success is due to Ms. Rodriguez hard work she has put in.

SMS K-2 Principal's Report: Mr. Kovar

Program/Staff Member Spotlight: I would like to highlight Sheila Hoppe, kindergarten teacher at Schuyler Elementary School. Ms. Hoppe is on the leadership team representing the kindergarten teachers, as well as coaching various sports for the district. Ms. Hoppe hosted a student teacher in her classroom this fall, and put in countless hours to help get the stem lab ready for our school. She is always willing to help, and does a great job for our district. We are very lucky to have her.

Rural Schools Principal's Report: Ms. Bebout

Program/Staff Member Spotlight: Winnie Harbison is a classified staff member who works as my administrative assistant and as the receptionist for the Homestead Center downtown. She helps me in many ways with a multitude of jobs. Winnie is gifted at making any type of google spreadsheet, notes to go out, and translating. She is always willing to do anything I ask and is usually asking what else she can do to help. It has been such a blessing to my schedule to have her help this year!! Winnie also helps community members apply for jobs online and with the new Family Literacy Program at the elementary school. She loves to stay busy and does a GREAT job at anything that is assigned to her!

Winnie was born in Kansas, adopted at birth, and was brought back to Schuyler where she was raised and went to school. She has worked for the school district since November 2016 at the Homestead Center. This year she also took on the role as an admin assistant for the rural school principal. Winnie's partner's name is Daniel Guevara. She has four children that attend SES, SMS, and SCHS. Their names are Aaliyah (15), Luis (13), Yesenia (10), and Elizabeth (4). Winnie has an Associates degree in business administration. I appreciate everything she has done for our district and the dedication she has for Schuyler!

Middle School Assistant Principal's Report: Mr. Zavadil

Program/Staff Member Spotlight: I would like to highlight Mr. Policky as a staff member that has been doing a great job. Mr. Policky is the 8th grade Social Studies teacher and is also the School improvement team leader for Schuyler Middle School. Mr. Policky is well known for his hard work and consistency in the classroom.

Notable Events: We just finished up with our Second half of APL training for new staff and we will be looking for signs of those strategies in the classroom as the year continues. Our Winter rounds of STAR testing is underway and Ms. Semerad, Mr. Ehmke, Mr. Coatney and the Middle School Vocal and Band students are working hard to prepare for their **Holiday Concert on Monday December 16th starting at 5:30 in the SMS gym**

High School Assistant Principal's Report: Mr. Kasik

Program/Staff Member Spotlight: For person spotlight I want to recognize our front office staff. Alejandra Dimas, Coralie Shonka and Florncia Ramon all do a great job of handling their duties. They work great together and are a friendly face to all who enter our building. They all handle whatever comes their way in a very professional and efficient manner. A big thank you to each of them!

High School Principal's Report: Mr. Grammer

Program Spotlight: For the past three years we have worked hard to have a solid, strong, viable Landscaping program. The CTE curriculum and program has struggled for a few years because we have had new teachers hired with no experience. The program was struggling to find a committed and solid staff to develop CTE classes and curriculum. The purpose of these classes is to provide a strong background in the CTE curriculum area and to provide college opportunities to our students. This year's new staff have provided a boost to our CTA courses and in the activities area of FFA, and the green house at the rear of SCHS. With a solid staff, we look forward to watch this area grow and develop.

Staff Member Spotlight: The staff members to be recognized for their work in the high school this month are Mrs. Erin Trotter, Casey Harper, and Charles Hozier. Casey and Charles are our new teachers in the CTE programs and classes. Erin has been with our school for the past three years in the landscaping and greenhouse. These three teachers have worked hard every day to provide opportunities for our students in the CTE programs we offer. They have taken on the responsibility of developing and implementing the CTE curriculum with great enthusiasm.

Upcoming Events: The high school continues to work with the state's priority plan, Discovery Ed Coaching, Discovery Ed Project Based Learning, APL, Capturing Kids Hearts, and Star 360. Winter sports begins on Thursday, December 5th with our wrestling team hosting Crete. Construction on the building continues at a steady pace and would work at a faster pace if we did not have weather issues. Finals will be given on December 18th through the 20th. Have a great holiday.

V.C. Directors Reports Information Item

K-6 Youth Sports Director's Report: Mr. Kovar

Program/Staff Member Spotlight: I would like to highlight 2 of our parent volunteers for youth boys' basketball. Josh Pacas and Paola Acosta have been working with our 12 kindergarten boys. They have done a great job working with those boys, making basketball fun, and working on building a solid base of basketball fundamentals. We could use more parents like Josh and Paola, I really appreciate what they do for our school.

Warrior Academy - After-School Program Director's Report: Ms. Bebout

Program/Staff Member Spotlight: Kiara Gonzalez works as a club leader for the after-school program. She has worked for the ASP for three years. Kiara is a kindhearted leader who works well with students and other co-workers. She has been an essential person in our program and is able to run so many amazing clubs!

Kiara was born in Los Angeles, CA but moved to Schuyler when she was a month old. She is currently enrolled in CCC where she is getting her degree in Early Childhood Education. Kiara is very 'artsy' and runs clubs like Melting Madness (crafting) and Canvas Kids (art/paint). She enjoys working in the ASP because working in this program helped her decide what type of degree she should get. Kiara likes how the after-school program allows students to experience different clubs and opportunities. She also enjoys working with her co-workers. I would like to thank her for all of her hard work and dedication to the elementary students in our district!

Middle School Activities Director's Report: Mr. Zavadil

Program/Staff Member Spotlight: I would like to highlight the work of Mr. Brandte Hayes with our Girls Basketball team. This is his 1st season running the program and he has been putting in a lot of time and effort to work with these teams. This work has shown promise with our Girls' teams getting wins over teams that we did not beat last year.

Notable Events: Wrestling and Girls Basketball seasons have just a week and a half of season to conclude and we are already planning to start Boys Basketball season as soon as the second semester begins. We just wrapped up another successful middle school wrestling tournament in the SCHS east gym and have three events left on the Calendar. Girls basketball has been competing hard, we have a game this evening Vs. Madison and after that have two more home games this week.

SCHS Activities Director's Report: Mr. Kasik

Program/Staff Member Spotlight: I would like to spotlight our One-Act Play Production program. We brought Jill Hoelsing out of retirement to help mentor next year's PP coaches. Mrs. Hoelsing has done a great job of stepping in and building a strong staff. Next year's staff will be led by Hope Pederson, Troy Ehmke, Morgan Semerad and Don Seehusen and Michael Trotter as set coordinators. Each of these individuals brings unique strengths to this group and all have worked hard to learn and guide this year's group of students.

Upcoming Events: We have just started our winter seasons and we have good numbers in girls' and boys' basketball and Wrestling. Our first home event is December 5th with Crete coming here for a wrestling dual. Our first home basketball game is December 14 when Plattsmouth comes to town for a 3:00 varsity tip off.

Special Education Director's Report: Mrs. Vrba

Program/Staff Member Spotlight: Bernice Maxwell is a new addition to the SMS Special Education department this year. Many of us have been trained by Mrs. Maxwell and her sidekick, Amy, on implementing the Intensive Verbal Behavior program. The growth our students have made in Elyse's room at SES is just astonishing. (We are extremely lucky to have Nebraska's lead trainer on our staff!) Bernice is one of the most caring, compassionate, dedicated and empathic teachers I have had the honor to work with! She has succeeded at forming relationships with all her students which has led to her students reaching higher levels of growth of their STAR 360 assessments. (The growth has been measured from between a year to 3 1/2 years!) They have been surprising themselves on a daily basis. A couple of weeks ago during her iObservation, Mrs. Maxwell asked a young man to read the next paragraph. I had never heard him read in front of his peers and I have known him since Kindergarten. (It was truly a distinctive moment that won't easily be forgotten...I just couldn't believe it!) Mrs. Maxwell is extremely selfless and willing to go the extra mile to share her expertise with other teachers across the district!

Student Services Director's Report: Dr. Lefdal

Program/Staff Member Spotlight: I would like to spotlight our one act performers and coaches. The coaches and students put on an amazing program at conference and district. I am excited to have my children be part of the program as well as see other students find a place to shine.

Notable Topics: Our priority school meetings have been very good. We have had some great conversations as well as excellent planning. I am excited to see the improvements for the year.

Looking ahead: I am excited to start planning out our 2019-20 school class schedule. I believe with our new addition, we will be able to work with our class schedule to make it even better for our students.

Curriculum, Assessment, and Instruction Director's Report: Dr. Gibbons

Program/Staff Member Spotlight - Over the last few years, SCS has engaged staff in instructional strategies workshops put on by A.P.L. Associates. It is an intense five-day workshop that teachers new to the district just completed. I would like to spotlight the staff members who attended for the extra work that it takes to be gone from class and I would also like to all the staff members who covered for the teachers who couldn't get subs.

Notable Events: We will be completing the winter Star 360 screening in Math and Reading. We will use the data to track student progress on essential state standards.

Upcoming Events - One of our major curriculum purchases this year is going to be science at the elementary level. The K-5 science team took a day Monday, November 25th to learn more about the new standards, phenomena and the three dimensions of science. We then spent time discussing our rubric to ensure that we are all scoring programs the same. Finally, curriculum team members listened to a presentation from Discovery Education about their K-5 Science Techbook. We will then meet December 11 to hear from McGraw-Hill and PH.D. Science from Great Minds.

V.D. Superintendent's Report
Information Item

Program/Staff Member Spotlight: Marv Aldrich announced his retirement effective at the end of the 2019-20 school year. Marv has done a great job of maintaining our athletic fields, but also works with the landscaping and mowing on all district facilities. In addition, Marv helps the maintenance staff on setting up and tearing down of special events and numerous maintenance jobs with little or no recognition. Marv is truly a valuable employee who will be missed. i wish Marv Aldrich the best in his well deserved retirement.

District Basic Funding per formula student X(.10 X Estimated Student Capacity)

The 31,127 sq. ft. facility would make it possible to make additional space in our current middle and high school buildings, create centralization of district wide programs, personnel and storage, provide space for special education and alternative education services, central meeting space for district level and professional development training, and technology support services.

In addition, we would be able to plan to host joint ventures in early childhood, daycare, and Dual Language program expansion in the future. Attached below is detailed information about the property.

CONTRACT OF EMPLOYMENT WITH SUPERINTENDENT

THIS CONTRACT is made by and between the Board of Education of the **Colfax County School District 19-0123, a/k/a Schuyler Community Schools**, hereinafter referred to as “the Board,” and Dr. Daniel Hoelsing, hereinafter referred to as “the Superintendent.”

WITNESSETH: That in accordance with action taken by the Board as recorded in the minutes of the Board meeting held on the 14th day of January, 2019, the Board hereby agrees to employ the Superintendent, and the Superintendent hereby agrees to accept such employment, subject to the following terms and conditions:

1. Term of Contract. This Two-Year Contract is for a term beginning July 1, 2019, and expiring on June 30, 2021. A “contract year” for purposes of this Contract shall be from July 1 to June 30.

A. Waiver of Continuing Contract Rights: As a material consideration of the Superintendent’s agreement to enter into this contract, the Superintendent hereby waives any and all continuing contract rights and rights to substantive and procedural due process under state or federal law, including but not limited to all rights under the Nebraska Teacher Tenure Act, Neb. Rev. Stat. § 79-824 through 79-842, as it now exists or may be amended in the future, or under any other applicable state or federal constitutions, statutes or common law.

2. Salary. The annual salary shall be: \$179,000.00 Dollars. Said annual salary shall be paid in equal installments in accordance with the policy of the Board governing payment of certificated employees of the District.

In the event that the Superintendent is elected to any other office or offices of the Board of Education or in connection with the District, the Superintendent shall perform the duties of such other office or offices without remuneration other than that as provided in this Contract.

The District, acting by and through its Board of Education, reserves the right to adjust the annual salary during the term of this Contract, said salary adjustment, however, not to reduce the annual salary to any lesser amount than that as above stated. Any adjustment in salary made during the term of this Contract shall be in the form of an amendment and shall become a part of this Contract; provided, however, that in making any such salary adjustment, it shall not be considered that the District has entered into a new Contract, nor shall the termination date of this Contract be thereby extended unless the Board of Education, by specific action, shall expressly extend such termination date. In no event shall any such extension, together with the unexpired term of this Contract or any prior extension, be for a period in excess of three (3) years.

This Contract shall conform to the regulations governing deductions with reference to Withholding Tax, Social Security and School Employees’ Retirement Act. Other deductions may be withheld as agreed to by the parties to this contract.

3. Benefits. As further consideration for the services to be performed by the Superintendent, it is agreed as follows:

A. Leave Benefits. Paid leave is available to the Superintendent when the following specific conditions are met: (1) the Superintendent is currently employed by the District and (2) the paid leave day is taken on a day Superintendent would otherwise be expected to be at work.

1. Vacation. The Superintendent shall be allowed 20 of vacation leave each contract year. Vacation shall not be taken at times that would interfere with the Superintendent's attendance at regularly scheduled Board meetings or at times when the Superintendent's duties require the Superintendent's attendance at school (e.g., beginning and end periods of the school year).
 2. Carry-over and Accumulation of Vacation Days. All vacation days provided under this Superintendent contract are to be used in the 2018-2019 contract year. Upon ending employment, unused vacation days will not be paid. There shall be no pay for unused vacation days during the 2018-2019 contract year in the event the Board determines that the Superintendent has engaged in misconduct which provides just cause for termination or cancellation.
 3. PTO Leave. The Superintendent shall be allowed eleven (11) working days of PTO leave each contract year. Carry over PTO can accumulate up to 50 sick days.
 4. Holidays. The following days shall be holiday days and not working days: Good Friday, Memorial Day, July 4th, Labor Day, Thanksgiving, day after Thanksgiving, Christmas Eve, Christmas Day, and New Years Day.
 5. Log. The Superintendent shall maintain a current log of used vacation and PTO leave days with the Business Manager. The Superintendent will notify the Board President when vacation days are used.
- B. Meetings and Dues. The Superintendent shall attend appropriate professional meetings at the local, state and national levels, provided that such attendance does not interfere with the proper performance of his duties under this Contract. The expenses of attendance at other professional meetings, when attendance has been authorized by the Board of Education, shall be paid by the District consistent with Board policies. The District shall pay for the Superintendent's attendance at three (3) state administrator's conferences, and two national conferences in the area of professional responsibility of the Superintendent at the discretion of the Superintendent. Suspension or other disciplinary action may be enforced in accordance with applicable law. Upon lawful termination of this Contract for any reason, the compensation to be paid hereunder shall be an amount which bears the same ratio to the annual salary specified as the number of months or fraction thereof to the date of such termination bears to the twelve months in the annual salary period in which termination occurs. Any portion of the salary paid, but not earned, prior to the date of termination of this Contract, and any sums owing to the District by the Superintendent, shall be set off from sums due to the Superintendent and, if the sums owing to the District are in excess of the sums due the Superintendent, the amount owing shall be immediately refunded by the Superintendent.

The Board of Education may require a certificate of health and physical fitness of Superintendent in accordance with applicable law at any time while this Contract is in force. Should the Superintendent be unable to perform the Superintendent's duties by reason of mental or physical capacity or any reason beyond the Superintendent's control, and said disability exists for a period exceeding the Superintendent's sick leave allowance, the Board of Education may, in its discretion, make a proportionate reduction from the salary and benefits, and if such disability continues or is permanent, or of such nature as to make the Superintendent unable to perform essential functions of the positions for which the Superintendent is employed, the Board of Education may, at its option, cancel or terminate this agreement whereupon the respective duties, rights and obligations hereof shall terminate.

A written report by the physician performing each such examination certifying to the physical competency of the Superintendent shall be filed with the President of the Board and treated as confidential information by the Board. If any portion of this Contract shall be declared invalid or unenforceable by a court of competent jurisdiction, such declaration shall not affect the validity or enforceability of the remaining provisions of this Contract.

The failure to return a signed copy of this Contract to the President or Secretary of the Board of Education of the District on or before January 21, 2019 shall constitute a rejection by the Superintendent of the offer of employment.

A. Waiver of Continuing Contract Rights: As a material consideration of the Superintendent’s agreement to enter into this contract, the Superintendent hereby waives any and all continuing contract rights and rights to substantive and procedural due process under state or federal law, including but not limited to all rights under the Nebraska Teacher Tenure Act, Neb. The District, acting by and through its Board of Education, reserves the right to adjust the annual salary during the term of this Contract, said salary adjustment, however, not to reduce the annual salary to any lesser amount than that as above stated. Any adjustment in salary made during the term of this Contract shall be in the form of an amendment and shall become a part of this Contract; provided, however, that in making any such salary adjustment, it shall not be considered that the District has entered into a new Contract, nor shall the termination date of this Contract be thereby extended unless the Board of Education, by specific action, shall expressly extend such termination date. In no event shall any such extension, together with the unexpired term of this Contract or any prior extension, be for a period in excess of three (3) years.

This Contract shall conform to the regulations governing deductions with reference to Withholding Tax, Social Security and School Employees’ Retirement Act. Other deductions may be withheld as agreed to by the parties to this contract.

Superintendent Evaluation, January 08, 2020

General Welfare

Met - Meetings are consistently well organized.

Met - no comment

Met- Dr. Hoelsing is involved with a number of community organizations and shares school perspectives as needed.

Met - Dr. Hoelsing continues to lead our district in the right direction.

Administration of the System

Met - Policy changes are well thought out and changes to policies are presented well in advance to the board

Met - no comment

Met – Having significant experience, Dr. Hoelsing manages his team and system confidently, but does involve counsel when necessary.

Met - I have a great deal of confidence that Dr. Hoelsing administers our school in such a way that we are in line with all rules, regulations, and laws that we have to abide by.

Personnel Employment and Salary Negotiations

Met- Employee recommendations and salary changes reflect the needs of the district within its budget capabilities.

Met- I think all the knowledge and recommendations that the superintendent brings creates a positive atmosphere between staff and board.

Met- The information provided to the committee allows for effective and effective negotiation discussions. Committee only needed (2) sessions to conclude the process.

Met - I believe that Dr. Hoelsing puts employees in a position to succeed. In addition, negotiations go very smoothly with his guidance.

Public Relations

Met – Communication between administrators and staff and between administrators and always be better. We cannot assume everyone knows what they need for success.

Met- no comment

Met – Dr Hoelsing continues our “open meeting” agenda, sharing ideas with the community and posting all meeting minutes online.

Met - We were able to pass a bond election this past year, and I believe that this was due in large part to Dr. Hoelsing’s ability to communicate with all parties involved. The bond was passed by a narrow margin, so we need to continue to communicate with the public to build trust.

Staff Development

Met- no comment

Met- no comment

Met- We continue to bring in educational leaders committed to successful teaching methodologies. Change is hard, make sure we take time to celebrate successes.

Met - I believe that a lot of attention has been paid to this area and Dr. Hoelsing continues to focus much effort here.

Instruction

Met- I am happy to hear that we are working on making our high school schedule better.

Met- no comment

Met – Actions taken are directed at improving test scores and focused on potential trade activities. Revamping scheduling across 8 periods vs 7 periods will hopefully add to greater “arts” participation while providing greater class flexibility and greater student growth potential.

Met - Dr. Hoelsing continues to be involved in improving our curriculum and has been thoughtful in his ideas of improved instruction and new, beneficial programs.

Preparation of the Budget

Met – I’m very confident in Dr. Hoelsing’s budgeting process.

Met- no comment

Met- Displays leadership in managing the budget. Always looking for additional funding sources to facilitate district program needs.

Met - Dr. Hoelsing is a school finance expert. He has saved our district money and secured additional funding with detailed knowledge of the budget, school finance laws, and available grants. Our district is in a stable financial position while we expand facilities and programs.

Emergency Authority

Met- no comment

Met- no comment

Met - Emergencies are avoided by working proactively in planning phases to root out potential concerns.

Met – no comment

Research, Evaluate, and Plan

Met- Strategic planning has been super beneficial in our district.

Met- Thank you for finding and securing all the financial assistance to make all this possible.

Met-

Met - The strategic planning that Dr Hoelsing leads us through is thorough, well thought out, and offers all involved an opportunity to share their opinions. Our planning today is more proactive than reactive.

Facilities

Met- Very excited for the much needed facility updates at the high school.

Met- Great economic and potential educational move... the purchase of the nursing home!!!

Met- Plans are being executed. The process is of evaluating district needs is never ending. Plans must always be about how we can better educate.

Met - During Dr. Hoelsing's time here in Schuyler, all buildings at all locations have been greatly improved. He has been able to see what improvements need to be made and then make them happen.

Activities

Met - Consistent competitiveness still needs improvement.

Met - no comment

Not met – There are a few highly successful programs, but I am concerned whether we will achieve marginal success in some of the athletic activities. Some pieces are in place, but not the continuity to build programs. Uncertain as to what we need to do to get kids to “love completing” regardless of the sport or activity. Does our school population prescribe to the statement, “hard work can generate positive results”?

Not met - We have regressed in some activities, especially in in athletics. This is not to say that Dr. Hoelsing hasn't focused a lot of attention in this area, because he has. Facilities are being upgraded, new coaches have been hired, and youth programs are being implemented. However, there is more work to be done.

Final comments: Suggestions (oldies but goodies): Remove the possession of the student cell phones in the classroom. Check @ door. This would stop the passing of test info, disruptive behavior during teaching time. Are they being used as babysitters to keep students quiet? For the argument that they are learning tools...we have iPads! How are the other schools that do not allow cell phones in the classroom educating!?! Security officer(s) in school: Has our school started to slip into more undisciplined classrooms/more students in the hallways unsupervised (noisy)?

Executive Summary

The **Schuyler Community Schools** recognizes the need to establish a safe and secure learning environment for their students, staff and public to allow as much free access to their facility, School Security Services a Nesbitt & Associates company has been tasked to conduct a safety and security assessment of the **Schuyler Community Schools** facilities for the purpose of complying with Nebraska Department of Education Rule 10 Compliance. This Safety and Security Assessment Report assesses the use of resources and controls to eliminate and/or manage vulnerabilities that are exploitable by threats internal and external to **Schuyler Community Schools**.

The scope of this safety and security assessment effort is to assist in the identification of physical security and safety measures that can be applied to safeguard or protect organization assets – people, property, and information. The assessment conforms to the minimum ASIS International Guidelines on *Facilities Physical Security Measures ASIS GDL FPSM-2009*. These baseline security requirements address security controls in the areas of crime prevention through environmental design, physical barriers and site hardening, physical entry and access control, security lighting, intrusion detection systems, video surveillance, security personnel, and security policies and procedures.

The safety and security assessment is conducted in accordance with the methodology described in ASIS International Guideline, *General Security Risk Assessment Guideline*. The methodology used to conduct this safety and security assessment is qualitative, and no attempt was made to determine any annual loss expectancies, asset cost projections, or cost-effectiveness of security safeguard recommendations.

The assessment was a follow-up of a more in-depth assessment conducted in 2013 and a follow up in 2016, 2017 and 2018. This current assessment was conducted in October 2019 and the following provides an overview of the vulnerabilities and recommended safeguards that the District completed.

Introduction

Purpose

Vulnerability assessment is the ongoing process for identifying and prioritizing risks to the individual schools and school districts. It also includes designing a system of accountability with measurable activities and timelines to address risks. As schools continue to plan and prepare for critical events that could have severe consequences, identifying the appropriate vulnerability assessment tool(s) is an important step for helping schools to understand what they are at risk from and just how seriously they could be affected. Schools need to use appropriate tools to capture the relevant data needed to inform the development and maintenance of customized plans.

Vulnerability assessment tools may vary from one school site to another, depending on variables such as: location, environment, size, structure, student population and school culture. For example, schools may be located in urban or rural environments, may have limited or greater resources, or may have specific populations with their own unique needs. As a result, vulnerability assessments must be customized on an individual district and basis, taking all of these factors into consideration.

Scope

The scope of this safety and security assessment assessed the system's use of resources and controls (implemented or planned) to eliminate and/or manage vulnerabilities exploitable by threats internal and external to the **Schuyler Community Schools**. If exploited, these vulnerabilities could result in:

- Unauthorized entry to your facilities
- Damage of your property
- Injury or death of students, staff and the public

Recommended safety and security safeguards will allow administrators to make decisions about safety and security-related initiatives.

Risk Assessment Approach

This safety and security assessment methodology and approach conforms to the minimum ASIS International Guidelines on *Facilities Physical Security Measures ASIS GDL FPSM-2009*. The assessment is comprehensive in scope and evaluates safety and security vulnerabilities affecting your school's safety and security posture. The assessment recommends appropriate safety and security safeguards, permitting administrators to make knowledge-based decisions about safety and security-related initiatives. The methodology addresses the following types of controls:

- Historical Perspective
- School Climate and Culture
- Community Support Services
- Geographical Location of School
- Intervention and Prevention Plans
- Development/Enforcement of Policies
- Procedures for Data Collection
- Staff Development
- Student Development
- Parent and Community Involvement
- Preparedness
- Response
- Recovery
- Exterior Areas
- Interior Areas
- Safety and Security equipment
- Transportation
- Area Crime Statistics

U. S. Secret Service Analysis of Targeted School Violence 2019 Report

<https://www.secretservice.gov/data/protection/ntac/uss-s-analysis-of-targeted-school-violence.pdf>

School-Associated Violent Death Study

Center for Disease Control and Prevention 1992-2016

Homicide is the second leading cause of death among youth aged 5-18. Less than 2% of these homicides occur on school grounds, on the way to/from school, or at or on the way to/from a school-sponsored event. The School-Associated Violent Death Surveillance System (SAVD-SS) monitors school-associated violent deaths across the U.S. Information is collected each year from media databases and law enforcement officials. SAVD-SS presents the most recent data available on:

- school-associated violent deaths
- common features of these events
- risk factors for perpetration and victimization

These data play an important role in assessing national trends in school-associated violent deaths and helping inform efforts to prevent fatal school violence.

Major Findings

Case Definition

A case is defined as a violent death (i.e, homicide, suicide, or legal intervention) that occurs on school property, on the victim's way to/from school, or at or on the victim's way to/from a school-sponsored event. Violent deaths associated with functioning U.S. primary and secondary schools, both public and private, are included in the surveillance system.

- About 90% of school-associated youth homicide incidents from 1994-2016 involved only one victim.
- Multiple-victim incidents accounted for only 10% of all school-associated youth homicide incidents from 1994-2016, but involved a disproportionate number of all youth homicide victims (18.6%) during this time.
- Single-victim school-associated homicides are similar to youth homicides unrelated to schools, often involving male, racial/ethnic minority victims, and occurring in urban settings.
- While single-victim school-associated youth homicide rates remained stable from 1994–2016, multiple-victim school-associated youth homicide incidence rates increased significantly from July 2009 to June 2018.
- From 1994-2018, 95% of multiple-victim school-associated youth homicides were caused by firearm-related injuries.
- Firearms used in school-associated homicides and suicides came primarily from the perpetrator's home or from friends or relatives.

School Safety and Security Vulnerability Assessment

- Nearly 50% of homicide perpetrators gave some type of warning signal, such as making a threat or leaving a note, before the event.

These findings underscore the importance of preventing violence at school as well as in communities.

Trends in School-Associated Violent Deaths—1992-2016

Figure 1.1. Number of student, staff, and other nonstudent school-associated violent deaths, and number of homicides and suicides of youth ages 5–18 at school: School years 1992–93 to 2015–16

¹ Data from 1999–2000 onward are subject to change until law enforcement reports have been obtained and interviews with school and law enforcement officials have been completed. The details learned during the interviews can occasionally change the classification of a case. For more information on this survey, see appendix A.

² A school-associated violent death is defined as “a homicide, suicide, or legal intervention death (involving a law enforcement officer), in which the fatal injury occurred on the campus of a functioning elementary or secondary school in the United States,” while the victim was on the way to or from regular sessions at school, or while the victim was attending or traveling to or from an official school-sponsored event. Victims may include not only students and staff members, but also others at school, such as students’ parents and community members.

NOTE: “At school” includes on the property of a functioning elementary or secondary school, on the way to or from regular sessions at school, and while attending or traveling to or from a school-sponsored event. In this indicator, the term “at school” is comparable in meaning to the term “school-associated.” All data are reported for the school year, defined as July 1 through June 30.
