6. Reports

6.1. Boone Central Recognitions

(Knott) Office & Secretarial Staff for all their work in leading up to the school year.

(Roberts) Janitorial and Admin staff and all their efforts in the new playground prep. Drainage is working well and the site looks great.

(Rolf) Admin staff for working so hard this summer in preparation for the upcoming school year.

(Foggelman) Summer staff for all their efforts in helping get ready for the upcoming school year, everything in and around the school looks great.

(Frey) Kitchen and janitorial staff for preparing for the start of the school year.

(Curry) Lincoln Quteifan for all his efforts, solutions and vision for the school District. Lincoln is a great asset to the District.

(Schwartz) All who were involved with registration and how well organized it was. Things went really smoothly and there was plenty of help.

(Theis) Mrs. Zouch and Mrs. Molt in their planning for the first elementary registration. Staff has done a great job getting the kids through quickly.

(Larsen) Mrs. Leanne Blanchard for jumping right in and learning quickly, she has been catching on and has visited with a lot of students.

(Kuester) Everyone who has been involved in registration and the preparation for the beginning of the school year.

6.2. Continuous School Improvement

Mr. Larsen spoke on the goals for continuous school improvement for the upcoming school year. March 21-22 2023 will be a two-day workshop with Frameworks for school improvement.

6.3. Board Committee Reports

(Frey) Coop committee: met with Newman Grove regarding the wrestling coop and where the numbers are. Expectations on participation and commitment were played out in the coop meeting.

(Knott) Facilities Committee: discussion areas were on the roof, door locks, the Redler house, parking lot, air compressor, old concession stand at the football field, heat into the middle school restrooms, roof-top HVAC units, shop ventilation, Football parking, FCS room.

6.4. Superintendent Report

Budget timeline is coming up. LB 644- if the school district meets the requirement, the joint hearing will take place on September 26th at Boone Central. If we do not meet the requirement, we will hold our regular hearing. Criteria is on 2% growth for the budget year on overall expenditures and on tax valuations. Recommends meeting as a committee or full board to meet at the end of August for the 2022-23 budget.

New bus has been ordered and will arrive in December. Discussed adding a new camera system to the new bus.

6.5. Principal & AD Reports

(Theis) Elementary enrollment is currently at 212 (up from 194 for 2021-22).

(Curry) Middle School enrollment is currently at 164 (about the same as last year).

(Schwartz) High School enrollment is currently at 209 (up from 207).

7. Discussion of Action Agenda Items

To use NASB to assist with the 2023-2024 Superintendent search, which will include getting the community's involvement.

8. Public Comment

(Kitchen staff) Thank you for the cost of living update, but it didn't keep us from losing two people so we are very short staffed. There is no window in the door and it is a safety concern of the kitchen staff. Looking for ideas and suggestions for recruitment.

(Banzhaf) Career Academy has a food service section, could it be a possibility for career academy students to help in the kitchen?

(Banzhaf) Thank you to everyone who has their hands on the requisitions.

(Stephens) representing the AEF, goal is to support anything that will make learning better and stronger for teachers and students. The AEF has a grant program to support education and is appreciative of the board having a representative on AEF. Also here representing the ESU7 board.

Definition of Bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators are authorized to use both of these definitions to determine whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district’s day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district’s antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district’s student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The Principals and teachers are required to maintain an accurate record of student attendance.

Attendance and Absences

Circumstances of Absences – Definitions

The circumstances for all absences from school will be identified as School Excused or Not School Excused. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.

School Excused - Any of the following circumstances that lead to an absence will be identified as a *School Excused* absence, provided the required attendance procedures have been followed:

- Impossible or impracticable barriers outside the control of the parent or child prevent a student from attending school. The parent must provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness, court, death of a family member, or suspension.
- Other absences as determined by the principal or the principal's designee.

Not School Excused - Absences that are not school excused may result in a report to the county attorney and may be classified as follows:

- Parent acknowledged absences are those in which the parent communicated with the school in the prescribed manner that the child is absent and is the parent's responsibility for the extent of the school day. This includes, but is not limited to, illness, vacations, and medical appointments.
- Other absences are those in which the parent has not communicated a reason for the student's absence.

Absence Procedure – In its Student Information System, the District may identify many different codes that provide greater definition to the circumstances of a child's absence, but all of the codes need to be identified to parents and students as fitting into one of the above defined absence circumstances.

- A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, is issued by the Principal's office.
- Students will be given one day to complete make up work for each day of excused absences. This does not apply in the case of suspensions, exclusions, or unexcused absences. The responsibility of obtaining assignments is that of the student. If the absence is for a school activity, the student's work is due upon return. Tests and long-term projects may be required to be completed in advance.

Mandatory Ages of Attendance - A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students - Attendance is not mandatory for a child who has reached 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school

year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Student - Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools - A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview - The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in Boone Central Schools or resides in the Boone Central School District and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the Superintendent or Superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- an illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal.

Withdrawal Form - Any withdrawal form signed by the person making the written request shall be valid only if:

- the child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- the Superintendent or Superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the Superintendent or Superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home Schools) - A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

Reporting and Responding to Excessive Absenteeism - Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, "attendance officer"). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes there is a violation of the compulsory attendance laws. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, as appropriate, the services listed below under "Excessive Absenteeism" and "Reporting Excessive Absenteeism."

Excessive Absenteeism - Students who accumulate five (5) unexcused absences in a quarter which are Not School Excused shall be deemed to have "excessive absences." Such absences shall be determined on a per day (or hourly equivalent) basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, school officials will have verbal or written communication with the person or persons who have legal or actual charge or control of any child.

When a student continues thereafter to have absences which are Not School Excused and the absences are of concern due to the effect of the absences on the student's academics, the student's attendance history, the time of the school year, the reasons for the absences, or other circumstances, one or more meetings will be held between the school (a school attendance officer, a school administrator or his or her designee, and/or a social worker), the child's parent or guardian, and the child, when appropriate, to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:

- Illness related to physical or behavioral health of the child.
- Educational counseling;
- Educational evaluation;
- Referral to community agencies for economic services;
- Family or individual counseling; and
- Assisting the family in working with other community services.

If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child's attendance records.

Reporting Excessive Absenteeism to the County Attorney - The school may report to the county attorney of the county in which the person having control of the student resides when the school has documented the efforts to address excessive absences, the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and the student has accumulated more than twenty (20) absences per year. The school shall notify the child’s family in writing prior to making the referral to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney. A report to the county attorney may also be made when a student otherwise accrues excessive absences as herein defined.
