PROCLAMATION

30th Anniversary of SCHOOL LIBRARY MONTH--April 2015

WHEREAS, the school library program is to ensure that students and staff are effective users of ideas and information; and

WHEREAS, the school librarian's role is to provide the leadership and expertise necessary to ensure that the library program is an integral part of the instructional program of the school; and

WHEREAS, the Board of Education has entrusted the school librarian in each school to teach the skills of locating and using information through traditional resources and new technologies, to provide literature appreciation activities, and to guide and encourage content and recreational reading to every student; and

WHEREAS, lifelong learning begins and is systematically developed through the school library curriculum of the elementary and secondary schools; and

WHEREAS, the school library program contributes to the individual growth and development of all students, while fostering both excellence and equity in education; and

WHEREAS, the school librarians at Wayne Community Schools have dedicated themselves to work for quality library programs for all students;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Education of Wayne Community Schools does hereby proclaim April 2015 as School Library Month and calls upon school administrators, teachers, students and citizens of Wayne County to recognize and support this action and to participate throughout the month of April in the celebration of School Library Month.

STRONG SCHOOL LIBRARIES BUILD STRONG STUDENTS

STUDENT ACHIEVEMENT

WHEN SPENDING FOR SCHOOL LIBRARIES RISES, BETTER READING SCORES FOLLOW.

Test scores tend to be significantly higher for schools that have full-time certified school librarians as well as for those that have such a librarian with support staff.

CAREER AND COLLEGE READINESS

“School libraries are essential learning resources and librarians are the essential ‘guides inside’ our schools, leading everyday teaching and learning toward methods and outcomes that best prepare our students for the challenges of the 21st century.” Bernie Trilling, Global Director, Oracle Education Foundation, 2010

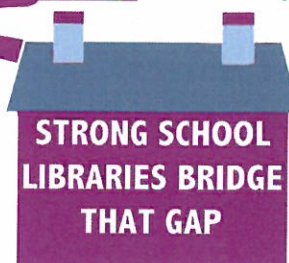

“INFORMATION RETRIEVAL AND EVALUATION IS A LIFELONG SKILL THAT ALL WORKFORCE STUDENTS NEED. SCHOOL LIBRARIANS PROVIDE THAT INSTRUCTION.”

**Policy 9200
TECHNOLOGY**

Video Surveillance

1. Purpose. The Board authorizes the use of video cameras and other passive electronic measures (such as motion detectors) for the purposes of ensuring the health, welfare, and safety of staff, students and visitors, safeguarding District facilities and equipment, and maintaining student discipline and an appropriate educational and work environment.
2. Placement. Video cameras and similar devices are authorized to be used on school facilities, school vehicles and other places within the control of the District. The locations in which the devices will be placed and the times the devices will be in use are to be determined by the Superintendent or the Superintendent's designee consistent with the purposes set forth in this Policy. The devices shall not be placed or operational in locations in which individuals have a high expectation of privacy, such as restrooms and locker rooms.
3. Notice. Notice of the fact that video surveillance cameras are being utilized shall be given through appropriate mechanisms, such as by posting signs in the building entry and other locations and by including a notice in the student-parent and staff handbooks.
4. Viewing Monitors and Video Recordings. Monitors used to view video recordings are to be located and positioned such that only authorized personnel are able to see the images on the monitors. Only authorized personnel shall be allowed to view recorded video. Authorized personnel for these purposes are: school administrators, school staff members with a direct involvement with the recorded contents of the specific video recording and employees or agents responsible for the technical operations of the system (for technical purposes only).

School administrators may allow law enforcement officers to view monitors and recorded video when such is consistent with school security and discipline and consistent with law.

Students shall not be permitted to view the monitors. Students shall not be permitted to view recorded video except where the individual student is the focus of the recorded video.

5. Use of Video Recordings. Video records may be used as a basis for student or employee disciplinary action and for making reports to law enforcement.
6. Video Recordings as Education Records. Video recordings which are considered to be "education records" within the scope of FERPA shall be maintained in accordance with FERPA and other applicable laws. A video recording may be considered an education record when a specific student is the focus of the video recording.

For example, if the video recordings shows a student violating a school rule, the video recording is an education record of that student. It may be viewed on request by that student's parent (or the student if age 18 or older). The video recording may not be viewed by, nor will a copy be given to others without the parent's written consent unless a FERPA exception exists.

In the event more than one student is a focal point of the video recording, it may be an education record of each such student. This would be the case, for example, if two students are recorded fighting. In that event, the school would allow both set of parents an opportunity on request to view the video, but will not give a copy of the video to either set of parents, without the written consent of the other student's parent.

7. Maintaining Video Recordings. The District shall comply with all applicable state and federal laws related to record maintenance and retention of video recordings. Video recordings that contain personal information shall be securely stored and, when such recordings are no longer needed or required to be maintained, shall be properly disposed of or erased.
8. Maintaining the Integrity of the Video Surveillance System. The building principals shall be responsible for periodically checking the video surveillance system within their building to ensure it is operating properly. Students or staff who vandalize, damage, disable, or render inoperable surveillance cameras or equipment, or use the video surveillance system in a manner that is not consistent with the purposes set forth in this Policy, shall be subject to appropriate disciplinary action (up to and including expulsion, for a student and terminations, for a staff member) and referral to appropriate law enforcement authorities.

SERVICE AGREEMENT 2015

It's that time of year to start thinking about spring, summer, and your sprinkler system. This year I am offering a service agreement/contract to keep you covered all season long. This is a way to allow you to save money over the whole season and also make it easier for me to better serve you and keep your sprinkler system well maintained.

The service agreement will be as follows:

Customer agrees to pay the one time amount of **\$550.00** for the following services:

*****Price Includes: High School, Grade School, Practice Fields, and Main Field. *Priority based service***

***Spring Turn on and System Check**

-This consists of turning on water to system, checking every sprinkler head and making sure each head is set and spraying in the appropriate area. Over winter, heads can become tilted, twisted, or damaged due to ground freezing and thawing. I will also be looking for any leaks or any other problems with the sprinkler system. At this time, I would fix and or replace any parts needed to get your sprinkler system working properly. The only fee at this time would be on parts needed (with a 10% discount). No labor charge.

***Fall Blowout/Shutdown**

-This consists of shutting off the water to system and blowing out all water lines and valves to prevent any freezing from occurring. I will go through each zone on the sprinkler system and blow out all lines until no water is left in the system. There would be no fee at all at this time. Blowouts and shut downs will start around mid October, depending on the weather.

***10% discount on all parts needed throughout the whole season**

-I will be giving a 10% discount on all parts needed for any repairs, leaks, bad heads, or any service that is needed throughout the year.

Please check the appropriate lines below and return bottom portion with payment by March 1, 2015 to the address listed above at the top of the page. Thank You.

Yes I would like to participate in the Service Agreement for the amount listed above

I do not wish to participate in the Service Agreement, but do wish to have you come do a Spring Turn On and System Check and understand that all normal labor and material fees will apply.

I am not interested in the Service Agreement at this time.

I would be interested in a bid for Snow Removal for 2015-16 winter.

Date: _____

Phone # : _____

If you agree to this contract, I will be contacting you this spring to set up a time that is convenient for you for your spring turn and system check. I look forward to being able to further service and maintain your sprinkler system this year. **If you have any questions please call Rob at 402-750-5855 or 402-254-9581.**

for Nebraska

Spring Conference 2015 was deemed a success according to the many evaluations received and the many positive comments received. We appreciate your comments and suggestions. The planning for the 2016 Spring Conference begins as we read through evaluations and ask questions of those that attended, as well as those that did not. If you have any further comments, please let us know! Put March 17-18, 2016 on your calendar for next year's Spring Conference!

Legislative Bills Moving:

LB 431 (Baker) revising the threshold level for taking construction bids from \$40,000 to \$100,000 is now on the Governor's desk. At five year intervals, the State Board can adjust for consumer price index growth. Terrific improvement!

LB 343 (Kolowski) is on General file, possibly this week, that provides reimbursement funds for student success in current and to be determined programs. The reimbursement is based on student achievement in programs/courses the district decides to continue and put into action. The bill also includes LB 402 (Baker) to provide reimbursement incentives for districts to send distance education courses. NRCSA supports this combination of bills as creating opportunity for all districts and their students. This is a bill to take a look at the possibilities for your district.

LB 519 (Sullivan) lays out the Education Committee's plan for Lottery Funds for five years. This is also on General file, and may be debated Wednesday (4/8) or Thursday (4/9). To see the bill's possibilities, it is important for superintendents to look at opportunities for creative thinking about ideas, programs, curriculum, teaching/learning, etc. for their district. Lottery funds have a heavy post-secondary presence, but the college grants can benefit your students as easily as students from another district.

LB 323 (Davis), still in Ed Committee, to create a TEEOSA and school funding study includes LB 182 (Haar) that restores the annual School Finance Review Commission review/report. The bill has undergone several revisions about the members of the commission, the study plan, possible impact, commission appointments, and leadership. NRCSA supports the effort to study and annually revise/report, and hope recent adjustments by Senator Davis will help ensure a process that represents the entire state.

LB 350 (Brasch), still in Revenue Committee, promotes a reduction of ag land values from 75% to 65% (a 13.3% decrease). Many rural senators, as well as Governor Ricketts, are focusing their efforts on this bill. Senator Sullivan, also on the Revenue Committee with Brasch, Davis, etc., believes any discussion about property tax must include an aid per student component across all districts as a foundation to equalization aid. At the same time, **LB 522 (Sullivan)**, still in Ed Committee, contains TEEOSA components we are strongly in support of. Issues of replacing decreased property tax revenues to schools, counties, etc. continue to be present in discussions about property tax reductions.

In accordance with NRCSA's interest in supporting school efforts to Close Achievement Gaps as they find them, please consider watching the REL Central webinar (rural Colorado project), **attached**. The REL webinar will also be posted on the REL Central website for later

GRIT Conference 4-2-15 - Notes

Senator Sullivan

- Nebraska ranks 49th as a state regarding funding schools, high amount of education funding on property owners.
- Senator Davis - LB 323 - School Finance Review. Exec next week
- LB 371 - Senator Sullivan - Visioning, priority identification, how do we fund?
- LB 519 - Lottery bill
 - 62% of available funds to Nebraska Opportunity Grants
 - 10% each for k-12 and higher ed for innovation grants
 - Other various grants, community college gap assistance, excellence in teaching act, extended learning opportunities.
- She is uncomfortable 2/3rds school districts not receiving equalization aid, what message does that send our kids.
- Look for new formula's that include state support for all students.
- Revenue committee is committed to studying TEOSSA.
- Dropping Ag land values from 75% to 65% won't work.

Governor Ricketts

- National Search firm to hire state economic development person from Wisconsin
- High tax state is a barrier
 - 14th highest on property
 - 15th highest on income tax
 - Nebraska is 3rd worst state considering overall tax implications.
- Slow growth
 - 3.1% increase on spending
 - 5% increase in revenue
- Current biennium
 - 6.5% growth on spending
 - 5% increase in revenue
- Property tax relief
 - Drop in ag value doesn't look like it will happen this year.
- Controlling expenses
 - HHS - new director from Louisiana, culture change needed
 - Corrections - new director from Washington state
- Chief Operating Officer hired
 - Resource for agencies to streamline processes
- Education
 - Career and vocational training, need more skilled labor
 - Pilot program, urban and rural
 - School to work programs

- Learning community has lost support.
- Charter schools
 - He supports charter schools that allow flexibility
- Brian Halstead - NDE
- Possibility of ESEA reauthorization coming soon
 - New model would put accountability to the state level
 - Will get US Dept of Ed out of telling state how to run their education system
- Nebraska filed a waiver from AYP requirements this week
 - Not about tying evaluations to test scores
 - Doesn't look like the waiver will pass because it does not have some federal requirements within it.
- Senator Kolowski
 - LB 343 - Advance career and college readiness programs and distance education
 - Summary - advance college and career readiness programs that increase rigor and relevance of high school and better prepare and transition students for college and high skilled technical careers.
 - Current funding formula is designed to support equalization for schools but does not recognize additional expenses necessary to run advanced career and college readiness programs such as teachers with advanced degrees, additional resources, textbooks, etc...
- Karen Haase and Bobby Truhe - KSB Law Firm
 - LB 627 - Nebraska Fair Employment Practices Act. Includes and specifically outlines pregnancy. Required to make reasonable accommodations to those who are involved in childbirth when returning to work. Employer will need to purchase any equipment. Allow for more frequent breaks, light duty, etc....
 - Check for maternity leave policy and language in negotiated agreement and eliminate.
- Mike Dulaney and Virginia Moon - NCSA
- Keep an eye on;
 - LB 448 - add Omaha employees to NPERS
 - LB 323 - Commission to review school finance - who will be on this, which association will coordinate.
 - LB 350 - change ag land values to 65%. Not going anywhere now, but we need to watch because the Governor wants this to happen. Probably done for this session though.

School Board Meeting
Special Education Director Report
Misty Bear

Special Education

- Attached sheet - Summer Services 2015
- Spring Sprints are scheduled for May 1st.
- I attended the Region III Special Education Directors meeting at NECC on March 31st. Upcoming changes in board policy involving SPED services was discussed at length.
- Para in-service (3 hours) will be held on Friday, April 24th. Tucker Hight and I are currently working on putting together the agenda.

Testing/Data

- NeSA testing is well underway. Almost all reading and math tests are completed and testing should wrap up by April 24th, a week ahead of the testing deadline.
- MAP testing for the spring semester will begin April 27th. All students, grades K-11, will be assessed.
- April 17th is the next regional MAP/NWEA conference. Wayne will serve on a panel of 3 schools to discuss how our teachers and administrators are using MAP data to improve learning and instruction.
- Mr. Lenihan, Suzanne Burbach, and I will be attending the AQuESST conference on April 27th and 28th. This was previously known as the State Data Conference.

Early Learning Center

- Preschool Community meeting was held on March 26th. Powerpoint presentation is attached.
- Creative Curriculum quote is attached. This quote includes curriculum for our B-2 Parent/Child program.
- Applications are being accepted for age 4 preschool, age 3 preschool, and our B-2 Parent/Child program.

ELL

- Wayne will be a host site for summer school for Migrant families. Flier is attached. Summer school will be held at the Early Learning Center in the parent education room.

Other

- Lilly Blase was in the district on March 23rd to review ADA progress on the track renovations and preschool building. She made minor suggestions for the bathrooms at the track building. The only ADA recommendations she made for the preschool were for playground access.

- Writers Workshop for held for all interested students on Friday, March 27th at the High School. It was well attended and students enjoyed the opportunity to learn from other writers.
- Melissa Murphy from the Department of Health and Human Services contacted our Elementary school as team coordinator for the “Through the Eyes of a Child Initiative.” She wanted to thank our school for the excellent job we do of serving students who have experienced trauma or who have parents who have experienced trauma. She interviewed several staff members, including Mrs. Pickinpaugh and myself, to see what we do differently so that it can be shared with other school districts.

FOCUS ON DATA

- **NeSA Reading is complete and students' scores are very impressive.**

HIGHLIGHTS

- **The 6th grade band performed at WSC on March 10th and received a superior rating. Thirty-seven small groups and solos performed.**
- **Runza hosted a fundraising night for the elementary school. Several staff including myself worked the shifts and Runza raised \$385.00.**
- **Kiara Krusemark won at the state level for the essay she wrote for the Daughters of the American Revolution about "Traveling Through Ellis Island." Her essay has been sent to the national level.**
- **Young Author's Festival will be held at WSC on April 18th. The winners at the elementary school were: Paige Milliken, Samantha Beirbower, and Mia French.**
- **Mrs. Niemann's 6th graders went to the Oaks on March 17th to play bingo with the residents. The Optimist Club helps sponsor this event.**
- **On March 18 the students enjoyed the Rockin' Prevention workshop from Des Moines, IA. Grades K-8 were able to enjoy this due to the Gardner Foundation providing grant money. The focus was on being kind, being an active bystander, and "Always building up—never tearing down." Several National Honor Society high school students were mentors at the workshop.**
- **A tornado drill was practiced on March 25th. All students were able to gather in the lower hallway, in Mr. Lenihan's office, the nurse's office, and the teachers' lounge.**
- **At the March faculty meeting Lindsay McLaughlin updated the staff on new foundation information. Ben Promes shared information about the Clarity survey on technology and every other Wednesday he will be in the elementary to help with technology questions. Joan Hansen gave a presentation on Google docs.**
- **Several teachers from Pender visited our classrooms to do "instructional rounds."**
- **On March 26th WEB hosted the Math/Science Family Night. Dr. Johanna Barnes and her students from the college had several centers set up for students to practice inquiry skills.**
- **Melissa Murphy asked to meet with Misty, Jenn Cliff, Rachel Kerby, and myself about "Eyes Through a Child." This is an organization to empower children and families who have had trauma and are at-risk. She visited with us because the others on this panel who include judges and lawyers either shared great things adults at Wayne Elementary do to help children or had heard of impressive interventions happening at Wayne for our at-risk population.**
- **For fun, staff had a "Baby Party" to celebrate as six new babies will be arriving to parents of elementary workers in the next months—Emily Rockhill, Kim Hix, Abby Wragge (wife of Dave Wragge), Carrie Wendte, Diana Jacobs, and a student teacher Melissa Buller.**
- **Sixth graders traveled to the WSC for a presentation and games on a giant map with Dr. Randy Bertolas. They also went to the planetarium for a presentation from Dr. Todd Young.**

Additional Endeavors

- **The last mentor/mentee meeting of the year for elementary staff was on April 8th. They suggested a special meeting prior to school starting with just new staff, their mentors, technology and others to receive laptops and learn how to login, learn PowerSchool, go over handbooks, be taught to use the copy machines etc.**

Thank You

- **A special thank you to Runza for hosting a fundraiser for the elementary.**
- **A special thank you to the Gardner Foundation for the grant to bring the Rockin' Prevention workshop.**
- **A special thank you to WEB for the successful Math/Science Family night.**

Board Report
Athletic Director/Junior High School Principal
Rocky Ruhl
April, 2015

NeSA testing is moving along.

The Junior High students attended the musical matinee on April 8.

We plan to have a 7th grade orientation on April 28 starting at 6:30 p.m. The plan is to have the students follow their class schedule and visit each teacher/classroom after a short meeting to start the night.

We have started academic interventions during our study hall time. The chrome carts are traveling to a different study hall each day. The students are working on different activities and keeping track of those that work well and those that don't. Feedback from the teachers has been positive. We will continue this until the end of the year and tweak areas to improve the process.

Athletic Director:

The NSAA Representative Assembly meeting is on Friday, April 10. I will participate as the chairperson for District III.

The Hall of Fame board met and selected one person into the Wayne High School Hall of Fame. They will be announced at the athletic banquet. If anyone has names of deserving athletes or coaches, please send them to me. We are working on revamping the selection process to allow for more nominees.

Athletic Banquet is set for Tuesday, May 12 at 6 pm. The event will be held at Wayne State College.

We will be hosting track meets on April 7 and 14 (HS Invites) and May 5 (JH Invite).

Conference Track is scheduled for May 2 at Boone Central.

JH Conference Track is scheduled for April 25 at Norfolk Catholic.

District Track is scheduled for May 14th at Pierce High School.

District Boys' Golf is scheduled for May 18th in Blair.

District Baseball sites will be selected on April 30th based on the top seed in district.

Agenda: Curriculum Committee Meeting – Wayne Board of Education
Date: 3-24-15 @ 4:00 PM Jr/Sr High conference room

Attendee's: Mr. Lenihan, Supt., Mrs. Beair, SPED Director, Ms. Judy Stepp, ELC Teacher, Board Members Dr. Linster, Dr. Nelson, Mrs. Consoli, Mr. Stuart Clark, ESU 1

- **Birth - 5 services provided by ESU 1 - Stuart Clark**

- **Social Studies series recommendation**
 - My recommendation is to hold off this year on textbook purchases
 - k-8 was purchased last year and are up to date
 - 12th grade is using on-line resources and Build Your Own Curriculum from ESU 1.
 - 10th and 11th grade are the only grades remaining, look to purchase summer of 2016. This will provide more time to research online materials and textbooks.

- **Superintendent/District Office for 2015-16**
 - I will discuss this with you today. I had the discussion with the facilities committee earlier.
 - Three options - all fairly low cost :)
 - *Stay where we are* - This can happen, however the current arrangement has some issues with communication and lack of separation from Jr/Sr High.
 - *Move to room 108 of the high school* - With some construction that our maintenance crew can do, Suzanne and I would move to Room 108 in the basement of the high school. This would create some separation for me from day-to-day activities of the Jr/Sr High, and would be a better working situation for Suzanne. We would also set the room up as a meeting room for the school board, and necessary school meetings. We would need to re-locate the staff who currently use the two offices, which I have a plan for.
 - *Move to the new pre-school facility* - There are some positives and negatives of this, I am working on a sheet to bring to the meeting. In some-ways, I believe I could focus my efforts more on district leadership and board functions. Suzanne would move as well, which would allow her to serve Misty and I more efficiently, along with having a secretary for the building. Drawbacks are obvious in that my main office would be away from the buildings. I would continue to use the new office at the elementary school, and would need to be intentional about visibility in the schools.
