TIER III:

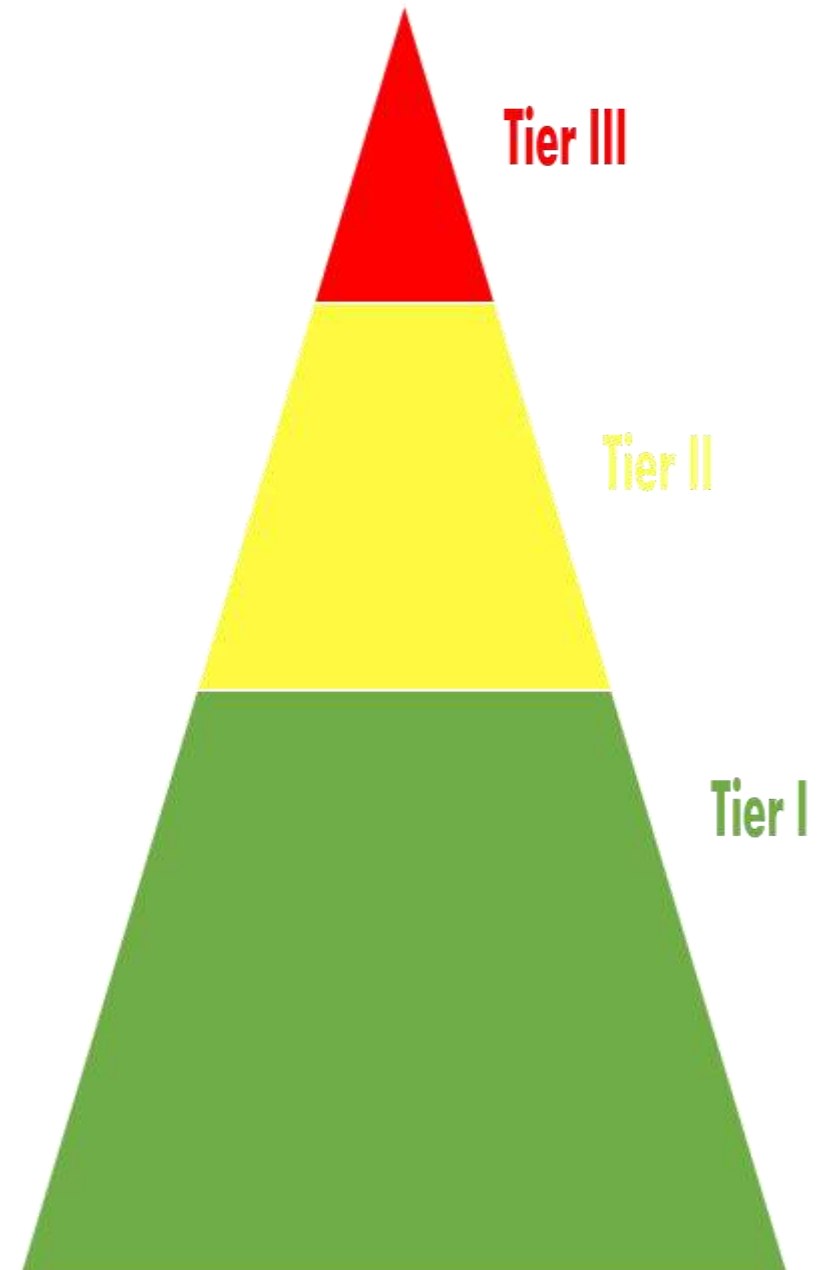

- “Mental Health Case Worker” would be directly involved with student
 - Providing Evaluation/Treatment Plan with therapy services
 - Determine need for “building a local capacity” or “wrap around services”
- “Skip evaluations” would be included in this Tier, need for inpatient services, medication management

TIER II:

- Mental Health/Behavioral Health concerns not responding to Tier 1 interventions
 - Students frequently seeing the school counselor
 - Ongoing discipline concerns (in school suspensions, out of school suspensions, detentions, office visits)
- Student would meet with “Mental Health Case Worker” and determine other needs offering more supports
 - Similar to PSP model (networking approach). School psychologist and school counselor would be involved heavily in this tier.
 -
 - Parent referral for kids already receiving therapy could access this team to support their needs beyond outpatient therapy; connection between outside agencies and school

TIER I:

- Mental Health screener overseen by school psychologist, possibly a universal screener used throughout the ESU.
 - Risk Assessments
 - Parent Permission
- Referral Process that could be different amongst schools
 - SAT/or other type of problem solving team
- Parent Referrals
 - Link on school or ESU website
- Tier 1 Interventions: Behavior Plans, check-in/out, etc.

ESUCC Special Education Committee Update February 2017

AAP Website

- AAP Nearly Complete
 - Incorporated District Tab code from SRS into AAP
 - Student team functionality added (utilizing SRS code)
 - Removed bugs from personnel tab
 - Developed ability for System Admin to account to create new schools
 - Wade and Dawn performed thorough system-wide test
 - Identified a few new issues to be addressed
 - Mike is addressing these new issues now.
- Met with Pat Frost and Michelle Borg (Title 1, NDE) to ensure we are meeting all Title 1 requirement
- Still need to build in interoperability with ADVISER system
 - We will do this work simultaneously with SRS in the coming weeks

Project Para

- Still working on usability improvements
 - Clarity of content and instructions,
 - consistency of forms and site navigation,
 - error messages that give more information,
 - spacing and letter sizing,
 - color contrast, etc.
- Completed Instructor Notification system
 - Instructors can now opt to be notified whenever a participant takes a test or completes a module

SRS

- Wade and Dawn have performed extensive testing on SRS to identify bugs
 - Fixing bugs will be our next major development phase.
 - Wade has written up directions for fixing all of the identified bugs and placed these instructions into our JIRA system.
- Attended Jim Knight “Conversations” training in Kearney
- Security improvements
 - Enhanced the security functionality and Role based security
- Conversion to Zend 1 is mostly completed
 - All major pages have been converted to Zend
 - Only one minor page is remaining
 - Still need to clean up bugs, and update some design elements
- Completed Bellevue Public Schools upload system
 - This was a very challenging process to get right
 - This work will prepare us for connecting to the State’s ADVISER system
- Wade and Dawn have been working on ways to improve the speed and efficiency of our help desk.

- Developing a knowledge base of answers to common questions
 - Developing procedures for quickly and accurately documenting and reporting bugs
- Provided SRS training to Lakeview Public Schools and Wayne State College
