ESUCC Special Education Committee Update
10/14/15

AAP Website

- We will be applying for another round of funding in October.

Project Para

- Para Educator Conference will be held on October 29th in Kearney.
 - Project Para staff have been busy doing promotion for the conference via mailings, flyers, and emails
 - All speakers have been finalized, and descriptions of each breakout have been written
 - Para of the Year has been selected
 - Participation certificates are being prepared
 - Conference program is nearly complete
- Several new districts have joined Project Para and they have added 188 new participants
- Wade will serve as the event photographer and provide assistance as needed

SRS

- Our most pressing hardware issues are now complete, and Mike has turned his attention to software development
- We had several critical bugs that needed to be fixed quickly.
 - We were forced to spend a large percentage of our year's Soliant budget (Soliant budget is \$25,000) to address these issues
 - From this point forward, we will be forced to have Mike do all of our development and use the remaining Soliant budget for training and support rather than actual development
- Met with Bennington and Northwest Public Schools to develop data upload systems
 - Mike is nearly done with Bennington already
 - Northwest will need a little more time getting ready on their end
- Held SRS Advisory board Meeting on September 24
 - Set 2 main goals for the year
 - Connect SRS database to the NDE Advisor System
 - Convert as many forms and/or web pages to Zend Framework
 - Board approved removing all Social Security and Medicaid numbers from SRS
- Mike and Wade are meeting each Wednesday to help each other figure out how the various components of the SRS combine to make the site work.

ILCD

- We continue to maintain the ILCD Staff Survey site
 - Our office emails the data (along with a summary) to school districts upon request
