Personnel - All Employees (& Students)Anti-discrimination, Anti-harassment, and Anti-retaliation**A. Elimination of Discrimination.**

The Elm Creek Public Schools hereby gives this statement of compliance and intends to comply with all state and federal laws prohibiting discrimination. This school district intends to take any necessary measures to assure compliance with such laws against any prohibited form of discrimination.

The Elm Creek Public Schools does not discriminate on the basis of race, color, national origin, sex, disability, religion, age or other protected status in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following persons have been designated to handle inquiries regarding the non-discrimination policies:

Students: High School Principal, 230 East Calkins Ave., Elm Creek, NE 68836 (308) 856-4300.

Employees and Others: Superintendent of Schools, 230 East Calkins Ave., Elm Creek, NE 68836 (308) 856-4300.

Complaints or concerns involving discrimination or needs for accommodation or access should be addressed to the appropriate Coordinator. For further information about anti-discrimination laws and regulations, or to file a complaint of discrimination with the Office for Civil Rights in the U.S. Department of Education (OCR), please contact OCR at 8930 Ward Parkway, Suite 2037, Kansas City, Missouri 64114, (816) 268-0550 (voice), or (877) 521-2172 (telecommunications device for the deaf), or ocr.kansascity@ed.gov.

B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.**1. Purpose:**

The Elm Creek Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment and retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's race, color, national origin, religion, disability, age, sex, or other protected category, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

- a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or
- b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's race, color, national origin, religion, disability, age, sex, or other protected category, may include, but is not limited to:

- a. Name-calling,
- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
- e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
- f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or
- g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. Anti-retaliation:

The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. Grievance (or Complaint) Procedures:

Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation ("discrimination") to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

District employees, supervisors and administrators must immediately report any complaints, reports, observations, or other information of alleged discrimination to the designated coordinator, even if that District employee is investigating the alleged discrimination as part of the District's student or employee disciplinary process, and provide the complainant with information for filing a complaint of discrimination, including a complaint form if requested, and contact information for the District's designated coordinator. If the District uses its disciplinary procedures to investigate and resolve an alleged discrimination complaint, those disciplinary procedures will comply

with the District's standards for a prompt and equitable grievance procedure outlined in section B.2., below.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will **aim to** complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. Extenuating circumstances do not include summer vacation, and if a designated compliance coordinator or investigator is unavailable, another coordinator or trained employee will be designated to conduct the investigation. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeframe.** Periodic status updates will be given to the parties, if necessary.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct

was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.

- d. A review of the evidence using a "preponderance of the evidence" standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. An analysis of the appropriate legal standards applied to the specific facts,
- c. Findings regarding whether discrimination occurred, and
- d. If a finding is made that discrimination occurred, the recommended remedy or remedies necessary to eliminate discrimination, including harassment and retaliation, prevent its recurrence, and remedy its effects, if applicable.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made (see the Remedies section, below, for additional information about remedies). The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **ten (10) working days** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose to a student who was discriminated against or harassed (victim), information about the sanction imposed upon a student who was found to have engaged in discrimination or harassment (student who discriminated) when the sanction directly relates to the victim. This includes an order that the student who discriminated stay away from the victim, or that the student who discriminated is prohibited from attending school for a period of time, or transferred to other classes.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **ten (10) working days** after receiving the decision. The Superintendent will review the appeal and the

investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within ten (10) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at the next scheduled Board meeting to present his or her appeal. The Board will issue a written determination about the appeal **within thirty (30) working days** after receiving the appeal. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. Remedies:

If the District knows or reasonably should know about possible discrimination, including harassment or violence, the District will take immediate, interim action or measures to protect the alleged victim, ensure the safety of the school community, and prevent further potential discrimination, harassment, or retaliation during the District's pending investigation. These interim measures will be prompt, age-appropriate, effective, and tailored to the specific situation, and may include a change in the student's seating assignment or class, a change in an employee's work area, prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation, and other remedies, such as those listed below.

The District will minimize any burden on the alleged victim when taking interim measures. For instance, the District generally will not remove the alleged victim from his or her class or work area and allow the alleged harasser to remain. In addition the District will ensure that the complainant is aware of his or her Title IX rights, including a strong prohibition against retaliation for reporting discrimination or harassment or cooperating with any investigation or proceeding, and any available resources, such as counseling, health, and mental health services, and the right to file a complaint with local law enforcement, if applicable.

If the District determines that unlawful discrimination or harassment occurred, the District will take prompt and effective action to eliminate the discrimination or harassment, prevent its recurrence, and remedy its effects on the complainant and others, if appropriate. The remedies will be tailored to the specific allegations and facts of each situation, including, but not limited to, the following remedies:

- a. Providing an escort to ensure the complainant can move safely between classes and activities.
- b. Ensuring the complainant and alleged harasser do not attend the same classes.

- c. Moving the alleged harasser to another school or work area within the District.
- d. Providing counseling services or reimbursement, if appropriate.
- e. Providing medical services or reimbursement, if appropriate.
- f. Providing academic support services, such as tutoring.
- g. Arranging for the complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant's academic record.

The District may provide remedies for the broader student population as well, including but not limited to:

- a. Offering counseling, health, mental health, or other holistic and comprehensive victim services to all students or employees affected by sexual harassment or sexual violence, and notifying students and employees of campus and community counseling, health, mental health, and other student services.
- b. Designating an individual from the District's counseling center to be "on call" to assist victims of sexual harassment or violence whenever needed.
- c. Providing additional training to the District's designated compliance coordinators and other employees who are involved in addressing, investigating, or resolving complaints of discrimination, harassment, and retaliation, to better respond to specific types of harassment and violence.
- d. Informing students and employees of their options to notify proper law enforcement authorities, including school and local police, and the option to be assisted by District employees in notifying those authorities.
- e. Creating a committee of students or employees and District officials to identify strategies for ensuring that students and employees:
 - i. Know the school's prohibition against discrimination, harassment, and retaliation.
 - ii. Recognize acts of discrimination, harassment (including acts of violence), and retaliation when they occur.
 - iii. Understand how and to whom to report any incidents of discrimination.
 - iv. Know the connection between alcohol and drug abuse and harassment or violence based on sex or other protected characteristics.
 - v. Feel comfortable that District officials will respond promptly and equitably to reports of discrimination, harassment (including violence) and retaliation.
- f. Conducting periodic assessments of student or employee activities to ensure that the practices and behavior of students or employees do not violate the District's policies against anti-discrimination, anti-harassment, and anti-retaliation.
- g. Conducting in conjunction with students or employees, a "climate check" to assess the effectiveness of efforts to ensure that the District is free from discrimination, harassment (including violence), and retaliation, and using the resulting information to inform future proactive steps that will be taken by the District.

In addition to these remedies, the District may impose disciplinary sanctions against the student or employee who discriminated, harassed, or retaliated against the complainant, up to and including possible expulsion or termination or cancellation of employment.

5. Confidentiality:

The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted,

At the same time, the District will evaluate a confidentiality request in the context of its responsibility to provide a safe and nondiscriminatory environment for all students. Thus, the District may weigh the confidentiality request against factors such as: the seriousness of the alleged harassment, the complainant's age; whether there have been other harassment complaints about the same individual and the alleged harasser's rights to receive information about the allegations if the information is maintained by the District as an "education record" under FERPA. In some cases, the District may be required to report alleged misconduct or discrimination, such as sexual harassment involving sexual violence, to local law enforcement or other officials, and the District may not be able to maintain the complainant's confidentiality. The District will inform the complainant that it cannot ensure confidentiality, if applicable.

6. Training:

The District will ensure that District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees. This training will include, at a minimum, the following areas:

- a. The current legal standards and compliance requirements of anti-discrimination, anti-harassment, and anti-retaliation federal, state, and any local laws and regulations, including several specific examples of discrimination, harassment (including acts of violence because of a person's sex or other protected characteristics), and retaliation.

- b. The District's current anti-discrimination, anti-harassment, and anti-retaliation notice, policies, grievance procedure, and discrimination complaint form, including the specific steps and timeframes of the investigative procedures, and the District's disciplinary procedures.
- c. Identification of the District's designated compliance coordinators and their job responsibilities.
- d. Specific examples and information regarding how to report complaints or observations of discrimination, harassment, or retaliation to appropriate District officials or employees. In addition, the District will emphasize that employees, students, third parties, and others should not be deterred from filing a complaint or reporting discrimination. For instance, if a student is the victim of sexual violence, a form of sexual harassment, but the student is concerned that alcohol or drugs were involved, school staff should inform the student that the District's primary concern is student safety, that any other rules violations will be addressed separately from the sexual violence allegation, and that the use of alcohol or drugs never makes the victim at fault for sexual violence.
- e. Potential consequences for violating the District's anti-discrimination, anti-harassment, and anti-retaliation policies, including discipline.
- f. Potential remedies, including immediate, interim remedies, to eliminate the discrimination, harassment, and retaliation, prevent its recurrence, and remedy its effects.
- g. A description of victim resources, including comprehensive victim services, to address acts of discrimination and harassment, including acts of violence because of a person's sex or other protected characteristics, and a list of those resources for distribution to trainees.

In addition, the District shall ensure that employees designated to address or investigate discrimination, harassment, and retaliation, including designated compliance coordinators, receive additional specific training to promptly and effectively investigate and respond to complaints and reports of discrimination, and to know the District's grievance procedures and the applicable confidentiality requirements.

7. Designated Compliance Coordinators:

Designated compliance coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.

- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned.

The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

8. Preventive Measures:

The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. PersonnelGrievance Procedures

Informal Resolution

The parties believe it is usually most desirable for an employee and their immediate supervisor to resolve problems through free and informal communications. When requested by the employee, a representative of the Association may assist in this informal resolution. However, when the grievance remains unresolved, then the grievance shall be processed as follows:

Step 1

The grievant shall present a written grievance to the employee's Principal within ten (10) working days of the event giving rise to the grievance. A meeting with the Principal shall be held within three (3) working days of the filing of the grievance. The Principal shall provide a written response to the grievance within two (2) working days of the meeting.

Step 2

If not resolved at Step 1, the grievant may appeal the Principal's decision by filing a written appeal with the Superintendent within five (5) working days of the receipt of the Principal's decision. The Superintendent and/or their designee shall arrange for a meeting with the grievant within five (5) working days of the receipt of the appeal. The Superintendent shall issue a written decision within four (4) working days of the date of the meeting.

Step 3

If not resolved at Step 2, the grievant may appeal the Superintendent's decision by filing with the Board President a written appeal within five (5) working day of the receipt of the Superintendent's decision. The Board President shall schedule a hearing on the grievance before the Board of Education within ten (10) working days from the date the appeal is received. The hearing shall be held no later than thirty (30) days from the receipt of the appeal. Each party shall have the right to call such witnesses as it deems necessary to develop facts pertinent to the grievance. The Board shall issue a written decision within five (5) working days from the date of the hearing to both the grievant and the Association.

The parties agree that the use of the grievance procedure is discretionary and is not a condition to presenting a claim for violation or variance of this agreement or an individual employment contract before a court of competent jurisdiction.

Anti-Drug Plan

Transportation Employees

The Omnibus Transportation Employee Testing Act of 1991 requires alcohol and drug testing of safety-sensitive employees in the aviation, motor carrier, railroad and mass transit industries. The Federal Highway Administration requires alcohol and drug testing of drivers who are required to have a commercial driver's license.

Elm Creek Public Schools has a vital interest in maintaining safe, healthful and efficient working conditions for all of its employees. Being under the influence of a drug or alcohol on the job poses serious safety and health risks, not only to the user, but to all those who work with or otherwise come in to contact with the user. The possession, use, or sale of illegal drugs or alcohol on the job also poses unacceptable risks for safe, healthful and efficient operations.

It is the School District's right, obligation, and intent to maintain a safe, healthful, and efficient working environment for all of its employees and to protect district property, equipment, and operations from the risks associated with drug and alcohol use in the workplace. Employee's in 'safety-sensitive' positions, as defined by the Omnibus Transportation Employee Testing Act of 1991 and regulations promulgated thereunder, including employees whose position requires a commercial driver's license (CDL), shall be tested for alcohol and controlled substances as required by law.

Pre-Employment Testing

Elm Creek Public Schools requires all applicants it intends to hire to be tested for the use of controlled substances as a pre-qualification condition. Applicants who test positive for the use of controlled substances, or who refuse to submit to such testing, will be disqualified from further hiring consideration.

Post-Accident/Injury Testing

As soon as practicable following an accident involving a commercial motor vehicle, the District will require an alcohol test for the surviving driver who was performing safety-sensitive functions with respect to the vehicle, if the accident involved:

- a. A citation under State or local law for a moving traffic violation arising from the accident
- b. A fatality
- c. Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or,
- d. One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

A driver who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the District to have refused to submit to testing.

Random Testing

Federal regulations also require random testing of commercial licensed drivers for controlled substances. The regulations specify that such test must equal or exceed 50% of the total number of drivers on an annual basis. All drivers will be required to submit to testing for controlled substances under random testing procedures establish by the District.

District Mission Statement:

The Elm Creek School District uses a whole child approach to help all young people become productive and engaged citizens. Our students will be problem solvers and creative thinkers and able to make positive choices about their education, future, and the community.

Enrollment

The Little Buffs Preschool is open to children based upon the following criteria: (Students with greatest priority are listed first)

1. District 4 year old students with an IEP or IFSP
2. District 4 year old students
3. District 3 year old students with an IEP or IFSP
4. Out of District 4 year old students
5. District 3 year old students
6. Out of District 3 year old students

August 1st of that school year. Any child who turns 5 (five) years of age prior to August 1st of that school year will not be eligible to attend the Little Buffs Preschool.

The intent of the Little Buffs Preschool is to give all students within the Elm Creek School District the opportunity to gain social and educational skills that help prepare them to be successful upon entering Kindergarten. Students residing within the boundaries of Elm Creek Public Schools will be given priority over students whose domicile is within a different school district. Should space be available within the maximum capacity of the Little Buffs Preschool, after all district students are placed, non-resident students may be accepted into the program up to the limit permitted. Our capacity is 20 students in the morning session and 20 students in the afternoon session. In an effort to maximize the spaces available, students of varying ages may

be enrolled in either session. Priority will be given to resident students who will be eligible to attend Kindergarten the following year. **Resident 3 and 4 year old children automatically qualify for the Little Buffs Preschool should they have a verified handicapping condition associated with an Individualized Education Plan (IEP or IFSP).**

Due to changing demographics within the Elm Creek Public Schools, preschool eligibility will be re-evaluated on a continual basis. Should it become necessary to remove students from the Little Buffs Preschool program to accommodate new qualifying resident children, the following criteria will be considered:

1. **Residency within the district**
2. **At risk factors associated with the student**
3. **Age of student (youngest to oldest)**

Notice of removal will be sent to affected parent(s)/guardian(s) 14 days in advance of removal so that there will be time to make other arrangements for their child(ren).

The enrollment window begins on April 15th. We encourage parents to fill out and return the enrollment form as soon as possible after April 15th to help with preschool planning for the following school year. The enrollment form is located at the end of the handbook.

Preschool Format

Play is such an important way for children at this age to be learning. This is why we will have a 1-hour block of playtime and 30 minutes of outside playtime. Children that are at the preschool age are developing social skills and learning academic skills through play. Through social interaction with their peers they are developing problem-solving skills, they are learning to be empathetic towards others, they are gaining self-confidence and learning how to be cooperative. These are just a few of the things that they are developing. As a public program we are required to "Include exploratory play during a majority of the daily schedule." And also to "Provide at least one outdoor play period (weather permitting) daily." We will have small groups and large group time where we teach specific skills as well.

Attendance

Regular attendance is expected of all students on days that school is in session. The School Year Calendar is available on the school website. Preschool will begin one week after the K-12 students begin in August, due to mandatory home visits. The last day of preschool will be communicated to parents, as it will be determined due to the number of hours needed to be in session and the necessity to facilitate the end of the year home visits.

Morning Session	7:45 am - 11:15 am.
Afternoon Session	11:50 am - 3:20 pm.

Planned Absences

Parents who know in advance that a student will be absent must call the school (308) 856-4300 or send a written note at the earliest possible date. Parents should make every attempt to schedule medical and other appointments after school hours when possible. Parents should contact the school secretary or the teacher directly if a child is going to be absent from school.

Absences due to Illness

If your child is ill, please call the school as soon as possible. If your child becomes ill at school, the school will contact parents or emergency contacts if parents are unable to answer the call. If your child is running a fever they must stay home. They will need to be fever free for 24 hours before returning to school. Please call the school to notify them that the child will be out of school due to the fever from the previous day.

Clothing and Attire

Students must come to school dressed in clean, neat and appropriate clothing. Attire that is easily cleaned. Children should be toilet trained in order to attend and dressed in clothing that enables them to use the restroom independently without assistance. They will need to have a paint shirt that will be used for various activities. Students will be going outside every day (weather permitting) therefore good sneakers, or shoes they can move around easily and run in are best. Students do go outside when it is very cold. The preschool playground is sheltered nicely from the wind and as long as it is above 10 degrees (wind chill factored in) students will go outside. Make sure that your child is dressed for cold weather, MITTENS work best for little hands, hats, coats, and boots when there is snow on the ground.

Child Custody

In most cases when parents are divorced, both Mom and Dad continue to have equal rights where their children are concerned. If you have a court order that limits the rights of one parent in matters such as custody, please bring a copy to the office. Unless your court order is on file with us, we must provide equal rights to both parents.

Food Service

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students. Please let us know if your child has any food allergies. Children who attend the morning session will eat first thing in the morning. The cost of this will be \$1.65. Children are allowed to bring a breakfast with them, they will still be able to purchase a milk if they bring their own breakfast. The afternoon session will eat shortly after arrival. The cost of this meal is \$2.45. Children are allowed to bring a lunch with them, they will still be able to purchase a milk if they do not eat the school lunch.

Each session will also have a daily snack that will be provided by the school.

Birthday/Special Treats

Birthday/special treats are not allowed to be brought to school.

**MEMORANDUM OF UNDERSTANDING
BETWEEN COUNTY OF BUFFALO AND _____
PUBLIC SCHOOLS REGARDING SCHOOL
DISCIPLINE, SCHOOL RESOURCE OFFICERS, AND
ACTIVE SHOOTER SOFTWARE**

This Memorandum of Understanding (MOU) is made and entered as of the date fully executed below, by and between the County of Buffalo (County) on behalf of the Buffalo County Sheriff's Office (BCSO), and the _____ Public School District, also known as _____ Public Schools(_PS):

WHEREAS, _PS and County share the goal of promoting school safety and a positive school climate;

WHEREAS, _PS and County have a successful partnership of enhancing the safety of _PS students with deputies in the school and the newly created School Resource Officer (SRO) program wherein BCSO deputies are assigned to Buffalo County schools, and agree to enhance the operation of an SRO program;

WHEREAS, All parties acknowledge that crime prevention is most effective when _PS, BCSO, parents, behavioral health professionals, and the community are working in a positive and collaborative manner;

WHEREAS, _PS and County agree it is important to create a school environment in which conflicts are de-escalated and students are provided developmentally appropriate and fair consequences for misbehavior that address the root causes of their misbehavior, while minimizing the loss of instruction time;

WHEREAS, _PS staff should generally not involve BCSO in enforcement of _PS discipline policies;

WHEREAS, _PS and County recognize that student contact with SROs and _PS staff builds positive relationships leading to better student outcomes;

WHEREAS, _PS and County agree that student discipline practices and referrals to the juvenile justice system need to be closely monitored to ensure fair and equitable treatment for all _PS students;

WHEREAS, a United States Department of Justice, Bureau of Justice Assistance STOP School Violence Grant is available for school districts and law enforcement to apply for funds to pay for an anonymous reporting system for threats of school violence and the coordinated response of law enforcement and first responders; and

WHEREAS, Collaboration in conjunction with planning, exercising, and training between

law enforcement and school officials has proven to result in more favorable outcomes regarding the safety of students and school staff during school-related violent encounters or incidents.

NOW, THEREFORE, _PS and County agree as follows:

Section 1. School Discipline and Law Enforcement Program Goals.

1. To create a common understanding that: (a) school administrators and teachers are ultimately responsible for school discipline and culture; (b) SROs should not be involved in the enforcement of school rules; and (c) a clear delineation of the roles and responsibilities of SROs as to student discipline, with regular review by all stakeholders, is essential.

2. To minimize student discipline issues so they do not become school-based referrals to the juvenile justice system;

3. To promote effectiveness and accountability;

4. To provide training as available to SROs and appropriate _PS staff on effective strategies to work with students that align with program goals;

5. To employ best practices so that all students are treated impartially and without bias by SROs and _PS staff in alignment with applicable County and _PS equity policies; and

6. To utilize best practices for training and oversight with the goal of reducing disproportionality.

Section 2. Roles and Responsibilities for the SRO Program Regarding School Discipline.

1. Disciplining students is the responsibility and authority of _PS, school administrators, and parents. Law enforcement is the responsibility of BCSO. _PS and County shall use best efforts to follow the principles in this MOU regarding the division between school discipline and law enforcement.

2. SROs can provide assistance when: (a) required by law under Neb. Rev. Stat. § 79-262 and 79-293 or other state or City law; (b) there is a threat to the safety of students, teachers, or public safety personnel; (c) to assist with victims of crime, missing persons, and persons in mental health crisis; (d) in an attempt to prevent criminal activity from occurring; or (e) it is required as part of emergency management response.

3. SRO should not act as a school disciplinarian. _PS staff should not involve SROs in disputes that are related to issues of school discipline; however, BCSO staff as a complement to school staff, may provide education or act in the role of a mentor, counselor, or trusted adult as herein provided.

4. SROs should not interview students or collect evidence for solely _PS disciplinary purposes.

Section 3. Other Considerations.

_PS and County agree that this MOU does not supersede any state statutes, City ordinances, BCSO Standard Operating procedures or special orders, and _PS policies, including but not limited to the following: (a) minimum age limits for arrest; and (b) when Miranda rights shall be given prior to interviewing students.

Section 4. SRO Program Review.

_PS, in collaboration with BCSO, shall conduct an annual review of the SRO program and shall: (a) make modifications as necessary to accomplish stated SRO program goals; and (b) create a report of the review to be provided to both parties.

Section 5. Community Partnerships.

_PS and BCSO shall continue to collaborate with community and governmental agencies to further program goals, support strategies to divert students from the criminal justice system, and access additional support services for students.

Section 6. Active Shooter Software Program Review

_PS, in collaboration with BCSO, other participating school districts and law enforcement agencies shall conduct a review of the threat assessment and active shooter software program prior to the conclusion of the three-year BJA grant. Through that review, BCSO and participating school districts shall: (a) make recommendations as to whether the software program accomplished the goals set forth, (b) if another grant is available to provide funds to sustain the current software program, if that grant will be applied for, (c) if no grant exists whether the participating school districts will assume the cost of the software program.

Section 6. Liability and Indemnification.

Nothing in the performance of this MOU shall impose any liability for claims made against the parties, and the parties agree to indemnify the other for intentional wrongdoing or negligence by the offending party, related to this MOU.

Section 7. Term, Termination, and Related Documents.

The term of this MOU shall commence on the date this MOU is fully executed through December 31, 2020, and thereafter may be automatically renewed for successive one (1) year terms for each calendar year until and unless either party provides the other party with a written notice of nonrenewal prior to the end of the one (1) year term. This MOU can be terminated at any time without cause with six (6) months' written notice to the other party. This MOU may be amended based on the annual review and new developments.

Program Overview

VOLO ASAP combines a variety of tools to create a powerful system that helps prevent and manage critical situations like active shooter scenarios. ASAP includes a web application (VOLO - OS) for administrators and a powerful mobile application (VOLO Touch) for all employees.

Program Features

- Panic Buttons for every employee
- Employee Check-In feature with status updates and live chat
- Powerful geo-fence location settings
- Mass notifications with voice, text, email, and pop-up
- "See Something - Say Something" TipCenter

Panic Buttons

Arm your staff with the ability to launch a variety of different panic buttons with the press of a button. Scenarios can be customized to instantly contact as many people as necessary including employees, security, and law enforcement. System administrators can create as many different panic buttons as they want for virtually any situation and assign them to employees based on their geo-fence location and role.

Real-time Emergency Intelligence

View all employee locations within defined geo-fences and track their status when they Check-In during critical situations. Send notifications to targeted selections on the live map based on their status. Engage in live chat with individuals who need assistance. Administrators can even toggle which types of users are visible on the live map to effectively target their selections.

Immediate Notification

VOLO's robust communication platform can instantly send thousands of notifications simultaneously to every employee, business leader, and even law enforcement with the press of a button. Scenarios can be programmed in advance to send phone calls, text messages, emails, desktop popups and more.

"See Something-Say Something"

VOLO's 'See Something - Say Something' TipCenter allows people to anonymously report suspicious activity within an organization to help prevent tragic events before they occur. Using voice masking technology, employees can comfortably report suspicious activity without feeling endangered. You can also send text messages with photo and video attachments as well as submissions via the web.

RESOLUTION

WHEREAS, Elm Creek Public School District (“the District”) anticipates that it may need to temporarily close its operations at some point for health and safety reasons; and,

WHEREAS, if the District closes on a temporary basis, then the District employees who work on an hourly and/or non-exempt basis may not be able to work at the District; and

WHEREAS, it is in the best interests of the District to pay the District’s hourly and/or non-exempt employees while the District is temporarily closed for a variety of reasons, namely: to ensure that said the District employees do not leave employment during the temporary closure, to avoid the spread of any illness to other employees, for staff morale, and for other legitimate reasons.

NOW, THEREFORE, BE IT RESOLVED that, in the event of the temporary closure of the District, the Superintendent or Superintendent’s designee is hereby authorized to pay the District’s hourly and/or non-exempt employees in an amount that the Superintendent or Superintendent’s designee deems fair and reasonable, but not to exceed such employee’s customary and regular pay, for up to 4 weeks during the temporary closure. If the District operations continue to be closed after 4 weeks, then the Board shall reconvene and determine what authority, if any, the Superintendent or Superintendent’s designee has to continue paying the District’s hourly and/or non-exempt employees during the temporary closure. Nothing in this Resolution shall prevent the Superintendent or Superintendent’s designee from assigning hourly and/or non-exempt employees to work or perform services and be compensated for such services.

The foregoing Resolution having been read in its entirety, Member Dana Steiner moved for their passage and adoption. Member Jeff Meads seconded same. After discussion and on roll call vote the following members voted in favor of passage and adoption of the above Resolution: JC Ourada, Dana Steiner, Jeff Meads, Alicia Beavers

**SCHOOL PSYCHOLOGIST/INTERVENTION COORDINATOR'S
CONTRACT OF EMPLOYMENT
ELM CREEK PUBLIC SCHOOLS**

THIS CONTRACT is made by and between the **Board of Education of Elm Creek Public Schools**, legally known as **Buffalo County School District 10-0009**, and referred to as "the Board" and "the School District" respectively, and **Jessica Edeal**, referred to herein as "the School Psychologist". In accordance with its action taken and recorded in the minutes of a duly advertised board meeting, the Board agrees to employ the School Psychologist, and the School Psychologist agrees to accept such employment, subject to the terms and conditions set forth herein.

Section 1. Term of Contract. The School Psychologist shall be employed for 1 year beginning on August 10, 2020, and expiring on May 24, 2021. During this and any subsequent year under this contract, the School Psychologist shall render at least 185 working days of service in the performance of her duties as School Psychologist. "Working days" typically will not include Saturdays, Sundays, and legal holidays, but it shall include all days on which the School Psychologist actually and necessarily completes her contractual duties. The School Psychologist agrees to work sufficient hours and days to satisfactorily complete the duties of this contract.

Section 2. Renewal of Contract. Unless the Superintendent recommends the nonrenewal, termination, amendment, and/or cancellation of this contract, the contract will automatically renew for a period of **one contract year**, as defined in Section 1, from and after the expiration date provided in Section 1 of this contract.

Section 3. Salary. The School Psychologist's salary for the contract year shall be **\$67,500.00** which shall be paid in 12 equal monthly installments beginning in the month of August 2020. The Board shall not reduce the School Psychologist's salary during the term of the contract, but may increase it and/or the benefits during the term of this contract, as an amendment to the contract, without the amendment constituting a new contract, requiring a hearing, or extending the term of this contract.

Section 4. Deductions. This contract shall conform to the statutes and regulations governing deductions from compensation and shall be subject to the School Employees Retirement Act. The School Psychologist authorizes the District to deduct or withhold from each and every period of pay any amounts necessary to offset any damages caused by the School Psychologist or the value of property or money entrusted to the School Psychologist or owed by the School Psychologist to the District during the

course of or as a result of the School Psychologist's employment, if such property or money have not properly been returned to the District. The school district shall withhold other deductions as the School Psychologist and Board may agree.

Section 5. Professional Status. The School Psychologist affirms that she is not under contract with any other board of education covering any part or all of the term provided in this contract. Throughout the contract term, School Psychologist will hold a valid and appropriate certificate to act as a School Psychologist in the State of Nebraska which he or she will register and maintain on file in the school district's central administrative office. This contract shall not be valid and the Board will not compensate the School Psychologist for any service performed prior to the date that he or she registers her certificate. The School Psychologist represents that: (1) all information he or she provided in connection with his or her application for employment with the District was true and accurate at the time of application, and if there is or has been a material change in such information, he or she will advise the Board immediately; (2) he or she has never been convicted of or plead no contest to, a felony as defined in Title 92, Chapter 21, Sections 003.11 and 003.13 of the Nebraska Administrative Code ("Rule 21"), or any offense involving moral turpitude, abuse, neglect, or sexual misconduct, as defined in Title 92, Chapter 21, Sections 003.12 and 003.13 of the Nebraska Administrative Code; and (3) he or she has not had any professional licenses or certificates suspended or revoked.

Section 6. School Psychologist's Duties. The School Psychologist's duties shall be as prescribed by statute and by Board policies, rules, regulations, directives, and applicable job descriptions. The School Psychologist agrees to devote his or her time, skill, labor and attention to his or her duties throughout the contract term. The School Psychologist shall be subject to the direction and control of the Superintendent at all times and shall perform such administrative duties as the Superintendent or Board assigns. By agreement with the Superintendent, the School Psychologist may undertake consultative work, speaking engagements, writing, lecturing, or other professional duties and obligations as long as they do not interfere with carrying out his or her duties and obligations to the school district.

Section 7. Nonrenewal, Termination, Cancellation or Mid-Term Amendment. Nonrenewal, termination, cancellation, or amendment of this contract shall be in accordance with state statutes. During any applicable probationary period, the Board may nonrenew or amend this contract for any reason so long as it is not unconstitutional. At all other times, the Board may terminate, cancel or amend this contract for any of the following reasons: (a) the cancellation, termination, revocation, or suspension of the

School Psychologist's certificate (Nebraska Administrative and Supervisory Certificate, or the Nebraska Professional Administrative and Supervisory Certificate) by the State Board of Education: (b) any of the reasons set forth in this contract; (c) the breach of any of the material provisions of this contract; (d) incompetence; (e) neglect of duty; (f) unprofessional conduct; (g) insubordination; (h) conduct involving moral turpitude; (i) physical or mental incapacity; (j) immorality; (k) conviction of a felony; (l) any conduct that substantially interferes with the School Psychologist's continued performance of his or her duties; (m) any arrest, criminal charge, or criminal conviction of School Psychologist or the failure to report the same; (n) any filing against the School Psychologist under Neb. Rev. Stat. Section 43-247 or any other provision of the Nebraska Juvenile Code for child abuse and/or neglect or the failure to report the same; (o) knowingly falsifying school district records or documents; (p) misrepresentation of fact to the district and its personnel in the conduct of the district's official business; (q) the use or possession of illegal drugs or controlled substances except as prescribed by a physician; or (r) being under the influence of illegal drugs, controlled substances, or alcohol while on school grounds, at school events, or in a vehicle owned, leased or contracted by the district except as prescribed by a physician.

Section 8. Disability. If the School Psychologist is unable to perform his or her duties by reason of illness, accident or other disability beyond his or her control, and the disability continues for a period of more than thirty (30) days or if the disability is permanent, irreparable, or of such a nature as to make performance of her duties impossible, the Board may initiate action to cancel this contract, whereupon the respective rights, duties and obligations of the parties hereunder shall terminate, with the exception of any benefits to be paid to the School Psychologist under any insurance coverage furnished by the district.

Section 9. Fringe Benefits. The Board shall provide the School Psychologist with the following fringe benefits:

a. Health Insurance. Health insurance that is provided to certificated staff through the District's health insurance carrier.

b. Dental Insurance. Dental insurance that is available to certificated staff through the District's health insurance carrier.

c. Disability Insurance. The School Psychologist shall purchase long-term disability insurance from the school

district's carrier at his or her own expense. The Board will increase her salary by the amount of the premium cost.

d. Professional Development. The School Psychologist is expected to continue his or her professional development and to participate in relevant learning experiences. With the approval of the Superintendent or Board, he or she may attend appropriate professional meetings at the local, state, regional and national level; and the Board will pay for valid expenses of attendance. If the School Psychologist attends a national convention and does not return following the initial year of employment as School Psychologist, the School Psychologist agrees to repay the District in full for national convention expenses paid by the District.

e. Leave Provisions. Leave provisions will be consistent to those granted through the Master Agreement with the Elm Creek Education Association and the Elm Creek Board of Education.

Section 10. No Penalty for Release or Resignation. There shall not be a penalty for the release or resignation of the School Psychologist from this contract; provided no resignation shall become effective until the expiration of the contract unless it is accepted by the Board, and the Board shall fix the date at which the resignation shall take effect.

Section 11. Compensation Upon Termination and Credit for Accrued Vacation. Upon lawful termination of this contract for any reason, the compensation to be paid hereunder shall be an amount which bears the same ratio to the annual salary specified as the number of months or fraction thereof to the date of such termination bears to the 12 months in the annual salary period in which termination occurs. The School Psychologist shall refund any portion of the salary he or she was paid but had not earned prior to the date of termination of this contract.

Section 12. Governing Laws. The parties shall be governed by all applicable state and federal laws, rules, and regulations in performance of their respective duties and obligations under this contract.

Section 13. Amendments to be in Writing. This contract may be modified or amended only by a writing duly authorized and executed by the School Psychologist and the Board.

Section 14. Severability. If any portion of this contract is declared invalid or unenforceable by a court of competent jurisdiction, such declaration shall not affect the validity or enforcement of the remaining provisions of this contract.

IN WITNESS WHEREOF, the parties have executed this contract on the dates indicated below.

StudentsAdmission RequirementsMinimum Age:

A child shall be eligible for admission into kindergarten at the beginning of the school year if the child is five years of age or will be five years of age on or before July 31 of the calendar year in which the school year for which the child is seeking admission begins. The School Board **shall** admit a child who will reach the age of five years on or after August 1 and on or before October 15 of such school year if the parent or guardian requests such entrance and provides an affidavit stating that (i) the child attended kindergarten in another jurisdiction in the current school year; (ii) the family anticipates a relocation to another jurisdiction that would allow admission within the current year; or (iii) the child has demonstrated through a recognized assessment procedure approved by the School Board that the child is capable of carrying the work of kindergarten.

Early Admission to Kindergarten:

The following assessment procedure for determining if a child is capable of carrying the work of kindergarten is approve and shall be made available to interested persons:

Early kindergarten enrollment exceptions may be made for younger children who are intellectually advanced. At a minimum, eligibility for the admission shall be based upon an analysis of the child's: (1) mental ability, (2) emotional/social development, (3) pre academic skills, and (4) fine motor skills.

The kindergarten early entrance assessment procedures are designed to identify and place in kindergarten those children who:

- a. **Must** turn 5 years of age between August 1 and October 15;
- ~~b. are deemed by parents or guardians as being intellectually advanced and likely to benefit from advanced grade placement; and~~
- ~~c. are selected on the basis of testing by professionals trained and certified to administer the assessments that will produce evidence of strength in:~~
 - ~~1. mental ability defined as scoring 84th percentile or above on a standardized assessment of cognitive ability such as the Wechsler Pre Primary Scale of Intelligence III, or the Stanford Binet V;~~
 - ~~2. a test of emotional/social development such as the Behavior Assessment System for Children, Second Edition (BASC-2);~~
 - ~~3. 75th percentile or greater on a test of pre academic skills such as the Woodcock Johnson III; and~~
 - ~~4. a test of fine motor ability, scoring 75th percentile or above on a standardized measurement such as the Beery VMI.~~
- b. Are selected on the basis of screenings by district approved professionals trained and certified to administer the screenings that will produce evidence of strength in the aforementioned skills.**

At the discretion of the Superintendent or designee, the **screenings** may be administered

by the School District's professional staff, or the parents or guardians may be required, at their own expense, to have all or some of the required **screenings** completed by reputable professionals and to submit the results of such **screenings** to the School District.

~~The decision regarding early entrance to kindergarten requires careful consideration of all factors that affect kindergarten success with final determination to be made based on the recommendation of the District Evaluation Team, to be composed of such individuals as the Superintendent or designee determine appropriate. The academic, social, and emotional readiness, as well as the student's physical development and well-being, must be weighed with institutional factors also considered. Sound decision making in the area of early entrance to kindergarten is dependent upon reliable information regarding a student's readiness and a thoughtful balancing of the myriad of factors implicated by the decision. Parents will be notified in writing of the results of the Early Kindergarten Entrance assessment and the determination of the District Evaluation Team in a timely fashion; not to exceed three weeks after the assessments are completed.~~

~~Families who seek early admission of their child into kindergarten must obtain an *Early Entrance to Kindergarten Packet* from the School District Administrative.~~

~~Parents must fill out the early entrance application forms, which include a parent questionnaire and obtain and attach a reference letter from someone who is well acquainted with the child but not a relative of the child. The person providing this reference should know the child well enough that they can speak with some expertise about the child's attributes and abilities. The reference letter should indicate whether this person recommends the child be schooled with children who will be a year older than the child and, if so, the evidence this person has concerning the child's mental ability, fine and gross motor ability, visual and auditory discrimination, emotional/social development, and communication skills. Suggestions for this reference letter are a preschool teacher, a Sunday school teacher, a day-care provider, or a physician.~~

~~The assessment request, reference letter and parent questionnaire must be completed and returned to the District no later than May 25th of the spring before fall enrollment to allow summer assessment to be completed.~~

Decisions regarding early kindergarten entrance must include consideration of the above and shall not be made based on race, color, gender, religion, ancestry, national origin, marital status, age, disability, or sexual orientation of the child or the child's parents or guardians. Institutional factors, such as capacity, may also be considered.

Admission to First Grade:

A child may be eligible to enter first grade, even if the child has not attended kindergarten, if the child is six years of age or will be six years of age on or before October 15 of the current school year and school officials determine that first grade is the appropriate placement for the child.

Graduates:

A student who has received a high school diploma or received a General Equivalency Diploma shall not be eligible for admission or continued enrollment.

Age 21:

A student shall not be admitted or continued in enrollment after the end of the school year in which the student reaches the age of 21. The school year for this purpose ends at the last day of instruction for graduating seniors.

Birth Certificate, Physical, Visual Evaluation and Immunization:

The parents or legal guardian shall furnish:

- (1) A certified copy of the student's birth certificate issued by the state in which the child was born, upon admission of a child for the first time, shall be provided within 30 days of enrollment. Other reliable proof of the child's identify and age, accompanied by an affidavit explaining the inability to produce a copy of the birth certificate, may be used in lieu of a birth certificate. An affidavit is defined as a notarized statement by an individual who can verify the reason a copy of the birth certificate cannot be produced. (Failure to provide the birth certificate does not result in non-enrollment or disenrollment, but does result in a referral to local law enforcement for investigation).
- (2) Evidence of a physical examination by a physician, physician assistant, or nurse practitioner, within six months prior to the entrance of the child into the beginner grade and the seventh grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a physical examination.
- (3) Evidence of a visual evaluation by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, within six months prior to the entrance of the child into the beginner grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a visual evaluation. The visual evaluation is to consist of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity.
- (4) Evidence of protection against diphtheria, tetanus, pertussis, polio, measles, mumps, and rubella, Hepatitis B, Varicella (chicken pox), Haemophilus Influenzae type b (Hib), invasive pneumococcal disease and other diseases as required by applicable law, by immunization, prior to enrollment, unless the parent or legal guardian submits a written statement that establishes than an exception to the immunization requirements are met.
- (5) Every student entering the seventh grade shall have a booster immunization containing diphtheria and tetanus toxoids and an acellular pertussis vaccine, which meets the standards approved by the United States Public Health Service

for such biological products, as such standards existed on January 1, 2009.

The Superintendent or Superintendent's designee shall notify the parent or guardian in writing of the foregoing requirements and of the right to submit affidavits or statements to object to the requirements, as applicable. The Superintendent or Superintendent's designee shall also provide a telephone number or other contact information to assist the parent or guardian in receiving information regarding free or reduced-cost visual evaluations for low-income families who qualify.

A student who fails to meet the foregoing requirements shall not be permitted to enroll or to enter school, or if provisionally enrolled or enrolled without compliance, shall not be permitted to continue in school until evidence of compliance or an exemption from compliance is given.

Enrollment of Expelled Students

If a student has been expelled from any public school district in any state, or from a private, denominational, or parochial school in any state, and the student has not completed the terms or time period of the expulsion, the student shall not be permitted to enroll in this school district until the expulsion period from such other school has expired, unless the School Board of this school district in its sole and absolute discretion upon a proper application approves by a majority vote the enrollment of such student prior to expiration of the expulsion period. As a condition of enrollment, the School Board may require attendance in an alternative school, class or educational program pursuant to Nebraska law until the terms or time period of the original underlying expulsion are completed. A student expelled from a private, denominational, or parochial school or from any public school in another state, will not be prohibited from enrolling in the public school district in which the student resides or in which the student has been accepted pursuant to the enrollment option program for any period of time beyond the time limits placed on expulsion, pursuant to the Student Discipline Act, or for any expulsion for an offense for which expulsion is not authorized for a public school student under such Act. For purposes of this policy, the term expulsion or expelled includes any removal from any school for a period in excess of twenty (20) school days.

Resident students who have been expelled from the district will be eligible for academic credit upon successful completion of approved alternative courses or programs. Students will be advised in writing of the availability of alternative courses or programs.

If a parent/guardian refuses to permit an expelled student to participate in an alternative school, class, or program, the District will have no further obligation to the student, parent/guardian with regard to providing an alternative school, class or program except as required (under the IDEA and NDE Rule 51) for special education students.

Military Families

If a parent presents evidence to the District of military orders that a military family will be stationed in the State of Nebraska during the current or following school year, the District will enroll preliminarily the parent's student.

StudentsDiscontinuance of Enrollment for Children Younger Than Six Years of Age

Any person with legal or actual charge or control of a child younger than six years of age prior to the then-current school year, who is enrolled in this school district, may discontinue the enrollment of such child by submitting a written notification to the Superintendent or the Superintendent's designee, indicating that child's name, date of birth, grade level and effective date of discontinuation of enrollment. The notification must be in writing and on a form provided by or acceptable to the Superintendent or the Superintendent's designee containing all information required herein. The form must be dated and signed by a parent or person with legal or actual charge or control of the child. The school district may request written verification or documentation of the person's authority to dis-enroll the child. Upon receipt of required written form and any other required information or documentation, the school district shall note discontinuance of the enrollment on its official records pursuant to state law. Any child dis-enrolled shall not be eligible to re-enroll in this school district until commencement of the next school year, or until the child reaches the age of six prior to the then-current school year, whichever occurs earlier. Any person signing a request for discontinuation of enrollment, acknowledges this policy, procedure and the requirement thereof, and expressly agrees thereto.

StudentsAssignment of Students: Grade Placement and Transfer StudentsAssignment of Students

It shall be the responsibility of the administration to determine academic placement decisions involving students, including situations where students transfer into Elm Creek Public Schools from other educational settings. The District reserves the right to make the most appropriate grade level placement, class placement and teacher assignment for students which best fulfills the needs of the students and the school district.

Grade Level Placement and Credits

Students who enter the District shall be required to present transfer documents and such records as the administration determines appropriate, indicating grade placement, courses completed, and special needs or accommodations, and may be required to complete achievement test to determine appropriate placement.

Placement decisions will consider whether the student is transferring from a school which is accredited or approved. An "accredited" or "approved" school is one which was accredited or approved by the Nebraska Department of Education and, for schools from other states, is a school which is accredited or approved by that state's department of education, meeting requirements which are the same or equivalent as those of the Nebraska Department of Education.

Transfers from Accredited or Approved Schools

Students transferring from accredited or approved schools will initially be placed in the next grade level above that which the student last successfully completed, or for transfers during the school year, in the same grade level as the student was at prior to the transfer. Credits earned at an accredited or approved school **may** be accepted by the Elm Creek Public Schools. ~~A student who enrolls during the school year shall be given the opportunity to earn full credit for the courses in which the student is enrolled if the student is able to demonstrate mastery of the subject matter and/or completion of course requirements, other than attendance, at a level required for other students to receive credit who have been enrolled throughout the period for which the credit is to be granted.~~ The administration may use a review of transcripts from prior schools attended, standardized tests, assessments, and/or teacher evaluations of student competency in the subject matter to make such a determination.

Transfers from Non-Accredited or Approved Schools

Students transferring from schools which are not accredited or approved (e.g., home schools) will be placed at a grade level to be determined by the administration based on consideration of the following factors:

1. Student's chronological age.
2. Transcript review
3. Testing (achievement test data; diagnostic test data; and/or criterion referenced test data)

4. Teacher evaluation of student competency

~~Credits earned at a school which is not accredited or approved will not be accepted by the Elm Creek Public Schools. However, the administration may, in its discretion and subject to regulatory requirements, grant a student credits towards meeting graduation requirements for core curriculum courses (not elective courses) completed by the student in a non-accredited or non-approved school if the student is able to demonstrate mastery of the subject matter and completion of course requirements, other than attendance, at a level required for other students to receive credit and to demonstrate that the student has received instruction in such course(s) comparable to that which the student would have received by attending an accredited or approved school. The administration may use a review of transcripts from prior schools attended, standardized tests, assessments, and/or teacher evaluations of student competency in the subject matter to make such a determination. The same criteria will be used for determining whether to grant credit to such a student who enrolls during the year.~~

Class Rank and Graduation

It shall be the responsibility of the High School Principal to determine academic grade point average, class rank and eligibility for graduation, subject to review by the Superintendent.

Grade point average (G.P.A.) shall be maintained for the 9th through 12th grades. Courses taken prior to 9th grade are not considered for G.P.A. purposes.

Pass/fail grades will be assigned to those courses in which students are granted credit when they begin attending Elm Creek Public Schools.

Class rank is maintained for the 9th through 12th grades. Class rank is based on the Elm Creek Public Schools G.P.A. To be considered for class ranking and any honors or awards which are based on class rank or G.P.A. (e.g., Valedictorian), students must complete a minimum of four semesters of attendance at Elm Creek Public Schools. To receive a diploma from Elm Creek Public Schools students must complete at least 30 credit hours of courses taken at Elm Creek Public Schools and students who have transferred from a school which is not accredited or approved must earn a minimum of two years' credit in an approved or accredited senior high school, grades 10-12, with the final semester's credit being earned in this school district.

StudentsFull-time and Part-time EnrollmentFull-time Enrollment

Students must be enrolled in Elm Creek Public Schools on a full-time basis. Full-time basis is defined as attending classes for the full instructional day within the public school system.

Exceptions are permitted only for:

1. enrolled students attending another state accredited institution such as a vocational-technical school or a college or university for school credit;
2. enrolled students taking the limited number of credits needed to graduate in the school year;
3. enrolled students in need of modified school attendance as an accommodation for a disability or similar unique circumstance;
4. enrolled students receiving special education services where the student's IEP requires a modified schedule, or non-enrolled students receiving special education services or other legally mandated services required to be provided to eligible resident children under state and federal laws and regulations;
5. students from other school districts participating in programs offered by the District pursuant to an interlocal agreement or other arrangement approved by the School Board; and
6. non-public school students in accordance with the policies and procedures set forth in this policy.

Part-Time Enrollment of Non-Public School Students

The School Board shall allow the part-time enrollment of students who are residents of the school district and who are also enrolled in a private, denominational, or parochial school or in a school which elects pursuant to section 79-1601 not to meet accreditation or approval requirements. Such students are referred to herein as "non-public school students."

The School Board establishes the following guiding principles for enrollment of non-public school students:

- (1) The primary school for a non-public school student is the student's private, denominational, parochial or home school.
- (2) Enrollment of a non-public school student in Elm Creek Public Schools is allowed for the purpose of providing enhanced educational opportunities not otherwise available to the non-public school student. It is not to supplant programming of the student's primary school.
- (3) Non-public school students are not to be given priority over full-time students.
- (4) Non-public school students are to be enrolled only in programs or courses that are educationally appropriate for the student.
- (5) Enrollment of non-public school students is not to negatively affect the educational services to be provided to full-time students.

The School Board establishes the following specific policies and procedures for enrollment of non-public school students. In the event the specific policies and procedures require interpretation or do not fully resolve an issue, the above established guiding principles are to be considered.

A. Non-Public School Student Enrollment Application Procedures.

1. Application. Parent or guardian must submit an Application of Non-Public School Student for Part-Time Enrollment to the principal of the school the student desires to attend.
2. Deadline for Applications. The application must be received by August 1st preceding the school year the student wishes to enroll.
 - a. Change of Residence Exception: The application deadline for a student who becomes a resident of the District after the school year has commenced is: 20 calendar days after the student becomes a resident of the District. The principal may delay enrollment until the next following quarter or semester starts, or at such other time as determined to be educationally appropriate.
 - b. High School Course Exception: The application deadline for a student who desires to enroll in a second semester high school course is December 1st.
3. Action on Applications. The principal will review the application and will notify the parent of the approval or denial of the application within 2 weeks of receipt of the application or 2 weeks prior to the start of school or 2 weeks prior to the start of the next semester, whichever is later.
4. Appeals. The parent or guardian may appeal the principal's action to deny their application. Any such appeal must be submitted to the Superintendent within 14 calendar days from the date of the principal's action. The appeal shall be in writing and shall be decided on the basis of the written submission. The Superintendent may request the parent or guardian to provide further explanation or information and the appeal may be denied in the event the parent or guardian fails to fully respond on a timely basis. The Superintendent shall decide the appeal within 10 calendar days of the submission of the appeal. The Superintendent may make a decision later than the 10 days in the event good reason for delay exists. Good reason includes but is not limited to the Superintendent being unable to gather the information the Superintendent determines necessary to make the decision within the decision period.
5. Annual Applications. Part-time enrollment is determined annually. Application must be made each school year. There will be no guarantee that enrollment will be continued from one year to the next.

B. Non-Public School Student Admission

1. Admission Requirements. Students must meet the normal admission requirements. This includes the requirements that the student: be a resident of the District, be of school attendance age and not have graduated or have received a GED.
2. Admission Process. Students must complete the normal enrollment process and forms required by the District and/or the building for enrollment of all children. This includes the requirements relating to: birth certificates, immunizations, physical examinations, and visual evaluations.

C. Non-Public School Student Enrollment Standards

1. Maximum Enrollment. Students may not enroll in more than 2 middle school or high school courses during any one semester. Elementary students may not enroll in programming of greater than 90 minutes of instruction each day. A student who is attending an exempt school and who is enrolled on a part-time basis in the District's middle school or high school will be permitted to enroll in 20 semester credit hours of classes in the event the student has an interest in participating in extracurricular activities.
2. Capacity Limits. Enrollment will be subject to capacity limits. Any grade level, program, or course which has been determined to be at capacity for option enrollment purposes shall not be available for non-public school students. The middle school principal and counselor shall also establish capacity limits for particular courses each semester. Students will not be permitted to enroll in courses beyond the established capacity limits.
3. Integrated Courses. Students must meet prerequisite requirements to be enrolled in a course by appropriate credits earned through an accredited program. The principal may on a discretionary basis allow prerequisite requirements to be satisfied where the student provides reasonable indications that the academic criteria have been met, such as results from achievement tests or other indications of adequate preparation.
4. Educationally Appropriate Programs and Courses. Students will not be allowed to enroll in programs or courses which the school administration determines to not be educationally appropriate for the student. Determination of whether a program or course is educationally appropriate will be made based on the standards the District uses for making academic placement decisions.

5. Essential versus Non-Essential Elective Courses. Non-public school students are not permitted to enroll in essential courses. Essential courses are those which are required to be offered by the student's private, denominational, parochial or home school. For non-public school students attending an approved school, essential courses are: language arts, social studies, science, mathematics, vocational education, foreign language, visual and performing arts, and personal health and physical fitness. For non-public school students attending an exempt school, essential courses consist of a sequential program of instruction designed to lead to basic skills in the language arts, mathematics, science, social studies, and health. A non-public school student will not be precluded by this provision from enrolling in non-essential elective courses.

D. Non-Public School Student Policies

1. General Standard. Non-public school students who are enrolled part-time are to be subject to the same standards as full-time enrolled students except where appropriate to reflect their part-time status.
2. Building assignment. Students must enroll in the attendance center that serves the student's residence, provided that the administration reserves the authority to make a different attendance center assignment. A student may request assignment to an attendance center other than that of the student's residence under the intra-district transfer procedures.
3. No Partial Part-Time Enrollment. Students must apply for enrollment and attend the entire school year for which enrollment is made or, for high school courses, for the full length of the course. Once enrolled, part-time students will be required to participate in all activities, programs, and tests related to the program or course for which the student is enrolled, including as applicable State or District-wide assessments, as full-time students.
4. Student Conduct Policies. Students enrolled on a part-time basis shall be required to follow all school policies that apply to other students at any time the part-time student is present on school grounds or at a school-sponsored activity or athletic event. This includes the District's student conduct policies. Students enrolled on a part-time basis shall be subject to discipline, including suspension or expulsion, for violation of student conduct rules.
5. Attendance. Students enrolled on a part-time basis are not exempt from the compulsory attendance laws or from the District's attendance policies. Students who engage in excessive absenteeism as defined in Board policy are to be reported under the truancy laws.

6. Presence on School Grounds. Students enrolled on a part-time basis are to be present on school grounds during the school day only at the times required for their attendance in the program or course in which they are enrolled. Exceptions may be made in the discretion of the principal or the principal's designee. Students must sign in and out of the school by following the building level procedure. Students are responsible for being aware of any changes in the school schedule during inclement weather or for other reasons.
7. Transportation. Students enrolled on a part-time basis are not entitled to transportation or transportation reimbursement. Full-time students will be given first consideration for parking on the high school campus.
8. Academic Honors. Students enrolled on a part-time basis will not be eligible to graduate or receive a diploma from the District or receive academic honors (for example, class rank and honor roll) except to the extent the student meets all requirements of the District's policies for such, including attainment of minimum credits and semesters of attendance.
9. Extracurricular Activities. Students enrolled on a part-time basis may be permitted in the discretion of the principal and athletic director to participate in extracurricular activities. Participation in activities that are subject to the bylaws of the Nebraska School Activities Association (NSAA) will be limited to those students who meet the NSAA bylaws.

StudentsStudent Residence, Admission and Contracting for Educational Services

Students shall be admitted to the School District, upon request and without charge, who are:

1. A resident of the School District for purposes of school enrollment. A student is a resident of the School District if the student resides in the School District or at least one of the student's parents resides in the School District.
2. A homeless student. The following definition shall be used to determine which students fit this category:

A homeless individual is one who (1) lacks a fixed, regular, and adequate nighttime residence and (2) has a primary nighttime residence in a supervised publicly or privately operated shelter designed to provide for temporary accommodations (including welfare hotels, congregate shelters, and transitional housing for the mentally ill), an institution providing temporary residence for individuals intended to be institutionalized, or a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings. The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained by an Act of Congress or State law.

3. Approved for option enrollment into the School District.

Students may be admitted to the School District, or continue in enrollment, where:

1. The student is not a resident of the School District and is a resident of Nebraska. Such enrollment shall be pursuant to a contract between the Boards of Education of the School District and the school district in which the student is a resident and upon the collection of tuition pursuant to such contract. The amount of tuition shall be no less than the average cost per pupil as determined by the previous year's financial report.
2. The student is not a resident of the School District and is a resident of another State. Such enrollment shall be subject to collection of tuition in advance at a rate determined by the School Board. The amount of tuition shall be no less than the average cost per pupil as determined by the previous year's financial report.
3. The student is participating in an approved Foreign Exchange Program.
4. The student is a child of a member of the military on active duty and residing on certain property ceded to the United States and stationed in, near or adjacent to the School District, and children of employees of the federal government residing in Nebraska on national parks or national monuments within the State in, near or

adjacent to the School District. Such discretionary admission shall be without charge for tuition.

5. Except as otherwise provide by law, the administration shall, when there is a question about whether a student meets the requirements, require an affidavit (Application for Admission and Power of Attorney) of the student's parent(s) or legal guardian(s), or other person(s) who are responsible for the student's supervision and support, unless they are emancipated, attesting that they reside within the district, the student resides with them permanently on a day-to-day basis, and they support the student.
6. Residency and the student in question shall immediately be denied admittance to school until proof of residency is provided to the administration, unless they are emancipated.
7. The student's residency in the School District ceases during the school year. In such case, the student may be allowed to continue attending the School District for the remainder of that school year.

A child who is a ward of the state or court and (1) has been placed in the School District but had resided in a different school district at the time the child became a ward and does not reside in a foster family home, or (2) has been placed in an institution which maintains a State-approved special education program, may be enrolled in the School District to the extent required by law. In such event, costs of education and transportation are to be paid by the State, but not in advance. The child remains a resident of the school district in which the child resided at the time the child became a ward.

A child who is a ward of the state or court who resides in the School District in a foster family home licensed or approved by the Department of Health and Human Services ("Department") or a foster home maintained or used by the Department, remains a resident of the school district in which the child resided at the time the child became a foster child. This is subject to a determination being made in accordance with the Foster Care Review Act that the child will not attend such school district. If such a determination is made, the child is deemed to be a resident of the School District and will be admitted as a resident student.

A child who is not a ward of the state or court and who is residing in a residential setting in the School District for reasons other than to receive an education is subject to the following: First, if the residential setting does not maintain an interim-program school, the School District will provide the educational services to the child pursuant to a contract with the school district in which the child resided immediately prior to such placement, as and to the extent required by law. This is subject to the parent or guardian and such other school district agreeing to have such other school district provide the educational services. Second, if the residential setting does maintain an interim-program school, the child's educational services will be provided by the interim-program school without the School District's involvement. However, the School District may provide educational services to the child pursuant to a contract with the school district in which the child resided immediately prior to such placement.

All admissions are subject to the condition that admission requirements other than residency be satisfied to the extent required by law and that the School District is legally responsible for or authorized to admit the child or provide educational services to the child.

StudentsOption EnrollmentA. Process and Time Lines to Option In

For a student to attend Elm Creek Public Schools as an option enrollment student, the student's parent or legal guardian must submit an application to the Board of Education of the Elm Creek Public School District between September 1 and March 15 for enrollment during the following and subsequent school years (the "application period"). In the event a student relocates from the Elm Creek Public School District to a different school district and wishes to attend Elm Creek Public Schools as an option student, the application period is within thirty (30) days after the relocation. In the event the Elm Creek Public School District merges with another school district and a student wishes to attend Elm Creek Public Schools as an option student, the application period is within thirty (30) days after the effective date of the merger.

Upon receipt of an application, the Superintendent or the Superintendent's designee shall provide the resident school district with the name of the applicant on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

Provisions for Waiver of Application Deadline (Choose one or modify as desired):

Option 1 (Waiver unless at capacity):

The application deadline will be waived by the School Board for applications to option into the Elm Creek Public School District, provided that the application contains a release approval from the resident district and satisfies any other requirements of law. Further, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building or in any special education programs operated by this School District which have been determined by the School Board to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason.

Option 2 (No Deadline Waiver):

The application deadline will **not** be waived by the School Board for applications to option into the Elm Creek Public School District.

Option 3 (Limited Deadline Waiver):

The application deadline will **not** be waived by the School Board for applications to option into the Elm Creek Public School District, except in the following circumstances:

1. **Siblings:** The application deadline will be waived where the application is for a student who is the sibling of a student attending Elm Creek Public Schools as of the time the application is filed, provided the application is filed at least 30 days prior to the semester in which first enrollment is sought. A "sibling" for this purpose means a child who resides in the same household on a permanent basis

with a student who is currently attending Elm Creek Public Schools and who has the same natural or adoptive parent or who is a stepbrother or stepsister.

2. Kindergarten: The application deadline will be waived where the application is for a student who is seeking to enroll and attend the Kindergarten grade level provided the application was filed on or before June 1 prior to the first semester of the next school year.
3. Release Approval: For the foregoing exceptions, the application must contain a release approval from the resident district.
4. Other Conditions: The waiver of the deadline in the above circumstances does not require acceptance of the application, as such applications may be rejected for reasons other than late filing.
5. Capacity: For the foregoing exceptions, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building or in any special education programs operated by this School District which have been determined by the School Board to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason.
6. Capacity for Late Filed Applications: Where an application is filed for enrollment in the same school year in which enrollment is sought, the "projected enrollment" determinations made pursuant to paragraph D shall be replaced with the "actual enrollment" as of the first day of school for the year of application, as determined by the Superintendent or the Superintendent's designee, but only in the event such actual enrollment is higher than the projected enrollment. Actual enrollment shall include all students in attendance and all students registered to attend (even if not in actual attendance on the first day).

B. Rejection of Applications; Reasons

1. Capacity: An option enrollment application shall be rejected in the event the capacity of a program, class, grade level, or school building or the availability of appropriate special education programs operated by the School District would be exceeded by acceptance of the application, and an option enrollment application shall be rejected in the event the application is for enrollment in a program, class, grade level, or school building which has been declared unavailable to option students due to lack of capacity.
2. Timeliness: An option enrollment application shall be rejected in the event the application is not filed on a timely basis and the filing deadline has not been waived.

3. Previous Option Enrollment: An option enrollment application shall be rejected in the event the student has previously filed an option enrollment application for enrollment in any School District and has had such application accepted, unless a statutory exception to the “one-time” rule is applicable to the student’s circumstance.
4. Other Reasons: An option enrollment application may be rejected in the event the Superintendent, the Superintendent’s designee, or the School Board determines: The application is not submitted on a form prescribed by the State Department of Education, is not completely and accurately filled in, is not received within the time required by law, or any additional information requested to be supplied is not supplied to the School District within the time lines indicated; or in the event acceptance of the application is not required by law. Matters which are legally prohibited from being considered as standards for acceptance or rejection of applications (including “previous academic achievement, athletic or extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings” and further including, without limitation, race, national origin, and gender) shall not be considered as reasons for acceptance or rejection.

C. Priority of Acceptance

Priority shall be accorded in the following order: (1) first, to those applications required to be given priority by law, (2) second, to those with a sibling in attendance at Elm Creek Public Schools, with priority within this group being given to those who had earliest filed applications, and (3) third to those without an option student sibling in attendance at Elm Creek Public Schools, with priority to those within this group to those who had earliest filed applications.

Filing date determinations are made by the Superintendent, or the Superintendent’s designee. In the event applications within a group are received at the same or substantially the same time, priority as between such same-date applications shall be determined on the basis of random drawing.

D. Determination of Capacity

The School Board will determine and set, on an annual basis, the maximum number of option enrollment applications the School District will accept in any program, class, grade level or school building or in any special education programs operated by this School District, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which this School District will contract based on existing contractual arrangements, and availability of appropriate special education programs, and may declare a program, class or school unavailable to option students due to lack of capacity. Such determinations may be made in the form of an Appendix “1” to this Policy. The determination and declaration made for any school year shall continue in effect for the next and subsequent school years unless otherwise determined and/or declared.

E. Releases for Options Out**Provisions for Release (Choose one or modify as desired):**

Option 1 (No Release):

A request for release of a resident student of the Elm Creek Public School District who submits an enrollment option application after March 15 or any other statutory deadline will not be granted.

Option 2 (Release unless Expulsion is Pending):

A request for release of a resident student of the Elm Creek Public School District who submits an enrollment option application after March 15 or any other statutory deadline will be granted unless the release shall not be granted if the administration is considering or has recommended expulsion of the student at the time the application is filed, and the administration determines it is appropriate to complete the expulsion process.

Option 3 (Release Conditions):

A request for release of a resident student of the Elm Creek Public School District who submits an enrollment option application after March 15 or any other statutory deadline will be granted only on the following conditions:

1. Kindergarten: A release will be granted where the application is for a student who is seeking to enroll and attend the Kindergarten grade level provided the application was filed on or before June 1 prior to the first semester of the next school year.
2. Siblings: A release will be granted where the application would allow the student to attend the same school as a sibling, provided the application is filed at least 30 days prior to the semester in which first enrollment is sought. A “sibling” for this purpose means a child who resides in the same household on a permanent basis with a student who is currently enrolled in the option district and who has the same natural or adoptive parent or who is a stepbrother or stepsister.
3. Educational Programming: A release will be granted where the needs of the student require the District to obtain additional staffing or equipment and it is in the best interests of the District and the student to enroll in the option district. The determination of whether this condition is met shall be made by the Superintendent or the Superintendent’s designee.
4. No Pending Expulsion: The deadline shall not be waived if the administration is considering or has recommended expulsion of the student at the time the application is filed, and the administration determines it is appropriate to complete the expulsion process.

The Superintendent or the Superintendent's designee is hereby authorized to execute such releases on behalf of the School Board and the School District, subject to subsequent ratification by the School Board.

F. Notification of Acceptance or Rejection

In the case of an application to option enroll into the Elm Creek Public School District, the Superintendent or the Superintendent's designee shall notify, in writing, the parent or legal guardian of the student, the resident school district, and the State Department of Education whether the application is accepted or rejected on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

If an option enrollment application or a request for release is rejected by the Elm Creek Public School District, the Superintendent or the Superintendent's designee shall provide written notification to the parent or guardian stating the reasons for the rejection and the process for appealing such rejection to the State Board of Education. Such notification shall be sent by certified mail.

G. Status of Option Student

A student who is admitted under the enrollment option program shall be treated as a resident student, and in such regard shall be required to provide such enrollment information and documentation as is required for enrollment of other students (e.g., certified birth certificate and evidence of physical examination, visual evaluation and immunization), shall be required to be enrolled on a full-time basis, and shall be required to adhere to student conduct rules. The building assignment for an option student, as well as classroom and grade level assignments, shall be determined by the administration.

An option student shall not be entitled to transportation except as required by law.

H. Information Regarding Schools, Programs, Policies and Procedures.

As part of the option enrollment program, the administration shall make information about the Elm Creek Public Schools and its school, programs, policies and procedures available to all interested persons and shall have a copy of the option enrollment policy and regulations available at each school building.

StudentsStudent AttendanceAttendance Policy and Excessive Absenteeism

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The Principals and teachers are required to maintain an accurate record of student attendance.

A. Attendance and Absences.

1. Absences from School - Definitions. An absence from school will be reported as:
(a) an excused absence or (b) an unexcused absence.
 - a. Excused Absence. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.

An absence for any of the following reasons may be excused, provided the required procedures have been followed:

- (1) Attendance at a funeral for a member of the immediate family (parents, siblings, and grandparents),
- (2) Illness which causes a student to be absent from school,
- (3) Doctor or dental appointment which require student to be absent from school,
- (4) Court appearances that are required by a court order,
- (5) School sponsored activities which require students to be absent from school,
- (6) Family trips in which student accompanies parent(s)/legal guardian(s), and
- (7) Other absences which have received prior approval from the Principal.

The Principal shall have the discretion to deny approval for any of the foregoing reasons, depending on circumstances such as the student's number of other absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

- b. Unexcused Absence. An absence which is not excused is unexcused. A student who engages in unexcused absences may be considered truant as

per state law Neb. Rev. Stat. ' 79-201. Truancy is a violation of school rules. Students are subject to disciplinary consequences for trancies.

2. Absence Procedure. A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, is issued by the Principal's office.

Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work.

3. Mandatory Ages of Attendance. A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached the age of 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in Elm Creek Public Schools or resides in the Elm Creek Public School District and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the Superintendent or Superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- an illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal.

Withdrawal Form. Any withdrawal form signed by the person making the written request shall be valid only if:

- the child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- the Superintendent or Superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the Superintendent or Superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home Schools). A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

4. Reporting and Responding to Truant Behavior. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, "attendance officer"). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes that any child is unlawfully absent from school. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, as appropriate, the services listed below under "Excessive Absenteeism" and "Reporting Excessive Absenteeism."
5. Excessive Absenteeism. Students who accumulate five (5) unexcused absences in a quarter shall be deemed to have "excessive absences." Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:
 - a. One or more meetings shall be held between a school attendance officer, school social worker, or the school principal or a member of the school administrative staff designated by the school administration, if the school does not have a school social worker, the child's parent or guardian and the child, if necessary, to report and to attempt to solve the excessive absenteeism problem. If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child's attendance records.
 - b. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child, would help solve the problem of excessive absenteeism.
 - c. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the

problem of excessive absenteeism, supplemented by specific efforts by the school to help remedy any condition diagnosed.

- d. Investigation of the problem of excessive absenteeism by the school social worker, or if such school does not have a school social worker, the school principal or a member of the school administrative staff designated by the school administration, to identify conditions which may be contributing to the truancy problem. If services for the child and his or her family are determined to be needed, the person performing the investigation shall meet with the parent/guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the problem of excessive absenteeism.

6. Reporting Excessive Absenteeism to the County Attorney.

- a. Twenty Excused Absences. If a student accumulates more than twenty (20) absences per year and all of the absences are due to documented illness that makes attendance impossible or impracticable or are otherwise excused by school authorities, the attendance officer may report such information to the county attorney of the county in which the person having control of the student resides.
- b. Twenty Unexcused Absences. If a student accumulates more than twenty (20) absences per year, and any of the absences are not excused, the attendance officer shall file a report with the county attorney of the county in which the person having control of the student resides. The report shall be made on a form which includes the following two statements, one of which must be designated by the school representative signing the report: (a) The school representative requests additional time to work with the student prior to intervention by the county attorney; and (b) the school representative believes that the school has used all reasonable efforts to resolve the student's excessive absenteeism without success and recommends county attorney intervention. If further action is necessary to address the child's attendance, the initial meeting between the parent or guardian of the child, the school, and the county attorney or his or her designee shall be at a location determined by the school.
- c. Other. A report to the county attorney may also be made when a student otherwise accrues excessive absences as herein defined.

7. Reporting to the Commissioner. The Superintendent or designee shall report on a monthly basis to the Commissioner of Education as directed by the Commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism of a student; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials

(other than law enforcement officials employed by or contracted with by the District as school resource officers) by the District relative to a student enrolled in the District.

StudentsStudent Discipline

- A. Development of Uniform Discipline System. It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.
1. Short-Term Suspension: Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:
- a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
 - b. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a. The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- b. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
- c. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
- d. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.

- e. A student who on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.
2. Long-Term Suspension: A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.
 3. Expulsion:
 - a. Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.
 - b. Suspensions Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.
 - c. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.

- d. Alternative Education: Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.
- e. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
- f. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal’s designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

4. Emergency Expulsion

A student may be excluded from school in the following circumstances:

- a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health, safety of the school community; or,
- b. If the student’s conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten days after the initial date of exclusion. Such procedures set forth in this policy for a long-term suspension or expulsion, and be modified only to the extent necessary to accomplish the hearing and determination within this shorter tie period.

5. Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.
- B. Student Conduct Expectations. Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well being or rights of other students, staff or visitors.
- C. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.
 1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.

2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.
8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.

13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for riding school buses or vehicles.
17. A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
18. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
 - b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
 - c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
 - d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.
- D. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.
1. Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:
 - a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
 - b. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
 - c. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
 - d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play" or that would damage property (e.g. cleats).
 - e. Head wear including hats, caps, bandannas, and scarves.
 - f. Clothing or jewelry which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar double.
 - g. Clothing or jewelry that is gang related.
 - h. Visible body piercing (other than ears).

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by

law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

2. Academic Integrity.

a. Policy Statement: Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

b. Definitions: The following definitions provide a guide to the standards of academic integrity:

(1) "Cheating" means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:

(a) Tests (includes tests, quizzes and other examinations or academic performances):

(1) Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student

- informs other students in a later section of the questions that appear on the test.
- (2) Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
 - (3) Use of Other Student Answers: Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student’s answers on the test paper.
 - (4) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - (5) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student’s real reason for missing class was because the student was not prepared for the test.
- (b) Papers (includes papers, essays, lab projects, and other similar academic work):
- (1) Use of Another’s Paper: Copying another student’s paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - (2) Re-use of One’s Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 - (3) Assistance from Others: Having another person assist with the paper to such an

extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.

(4) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.

(5) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.

(c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.

(2) "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:

(a) Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.

(b) Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.

(3) "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

- c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:
- (1) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.
 - (2) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
 - (3) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

3. Electronic Devices

- a. Philosophy and Purpose. The District strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
- b. Definitions.
- (1) "Electronic devices" include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, lap top computers, and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
 - (2) "Sexting" means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
 - (i) Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed

buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or

(ii) Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,

(iii) Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.

c. Possession and Use of Electronic Devices.

(1) Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.

(2) Students are permitted to possess and use electronic devices before school hours, at lunch time, and after school hours, provided that the student not commit any abusive use of the device (see paragraph (d)(1). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.

(3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).

(4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).

d. Violations

(1) Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic

(2) Disposition of Confiscated Electronic Devices: Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

(i) First Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student personally comes to the school's main office and retrieves the electronic device.

(ii) Second Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(iii) **Third Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(3) Penalties for Prohibited Use of Electronic Devices: Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:

(i) Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.

(ii) Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

(4) Reporting to Law Enforcement: Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

- e. Responsibility for Electronic Devices. Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students' electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

E. Inappropriate Public Displays of Affection (IPDA): Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:

1. 1st Offense: Student will be confronted and directed to cease.
2. 2nd Offense: Student will be confronted, directed to cease, and parents will be notified.
3. 3rd Offense: Student will be suspended from school for a minimum of 1 day, and parents and student will need to meet with Administrator(s) and/or counselor.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.

F. Specific Rule Items: The following conduct may result in disciplinary action which, in the repeated violations, may result in discipline up to expulsion:

1. Students are not given locker passes, restroom passes or telephone passes to leave a classroom or study hall unless special circumstances arise.
2. Students in the hallway during class time must have a pass with them.
3. Gum, candy, seeds, etc. are not allowed in the school building or classrooms. The pop machine is closed until after school and pop is to be drunk outside.

12. Snow handling is prohibited.

G. Law Violations

1. Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.
2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to

the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

3. In an effort to demonstrate that student behavior is always subject to possible legal sanctions regardless of where the behavior occurs it is the District's policy to notify the proper legal authorities when a student engages in any of the following behaviors on school grounds or at a school sponsored event:
 - (a) Knowingly possessing illegal drugs or alcohol.
 - (b) Aggravated or felonious assault.
 - (c) Vandalism resulting in significant property damage.

StudentsAlternative Education Programs or Plans For Expelled Students

In the event action is being taken to expel a student from this school district, the Administration shall select one of the following described educational options to be made available to the expelled student during the period of expulsion, to-wit: (1) An alternative school, class, or educational program (hereinafter referred to as an "alternative program"); or (2) The development of a plan of behavior modification, educational objects, and financial resources and community programs available to meet the behavioral and educational objects, and monthly reviews to assess the student's progress toward meeting the specified goals and objects. The superintendent or superintendent's designee shall make known to the expelled student which of the alternative educational options the administration has selected for the student's expulsion. Such information shall be made known to the expelled student on or before the date the expulsion becomes effective. An expulsion becomes effective, as to a student who has been given a written notice of a recommendation to expel, on the earliest of the following dates: (1) if the student, parent, or guardian has not requested a hearing, the sixth school day following receipt of the notice of the recommendation to expel, (2) if the student has requested a hearing, the date the student, parent, or guardian receives notice of the determination of the superintendent or superintendent's designee to expel the student, or (3) such other date as may be mutually agreed by the student, parent, or guardian and the administration.

A. ALTERNATIVE EDUCATION PROGRAM:

The approved alternative programs are: (1) community-based programs, (2) home-based programs, (3) specialized tutorial experiences, and (4) distance-learning. The Board of Education may, from time to time, approve other alternative programs and may approve specific alternative programs and may enter into contracts for the provision of such specific alternative programs. To the extent that the alternative programs are to be provided on-site, the individuals responsible for providing such on-site alternative program shall hold a valid Nebraska Teaching or Administrative Certificate. To the extent that the alternative program is to be community-based or off-site, such alternative program shall be planned in cooperation with and monitored or supervised by a school district staff member who holds a Nebraska Teaching or Administrative Certificate. Alternative programs may be conducted at times other than the regular school day.

The superintendent or superintendent's designee shall determine which alternative programs shall be made available to each specific expelled student based on a consideration of the interests of the school district and the student's educational and behavioral objectives and needs, as determined in the discretion of the superintendent or the superintendent's designee. If a parent or guardian refuses to participate or have their expelled child participate in the alternative programs made available, the district shall have no further obligation with regard to the provision of an alternative program. The superintendent or superintendent's designee shall establish a specific date or time within which the parent or guardian shall be required to state in writing an agreement to participate in the alternative program. As a condition of participation in alternative programs which involve the payment of tuition or other similar expenses, the student, parent, or

guardian may be required, as a condition of such alternative program being available, to agree in writing to pay the tuition or other similar costs for such program in the event the expelled student fails to successfully complete the program.

The standards of student behavior and cooperation required of students in the regular programs of this school district shall also be required of expelled students throughout the entire time period of the alternative program. Additional standards may be established in each specific program and for each specific expelled student. If the expelled student fails to meet the required standards of student behavior or cooperation, the student may be further disciplined by disciplinary punishment up to and including expulsion for an additional period of time beyond that being served by the expelled student. Further, if the expelled student fails to meet any of the conditions of the learning program, the district may, by action of the superintendent or superintendent's designee, terminate the alternative program for the expelled student. A due process hearing substantially in compliance with the statutory provisions for suspension and expulsion of students shall be made available, unless waived by the parent or legal guardian.

Upon preapproval by the superintendent or the superintendent's designee, academic credit towards graduation or advancement in grade level shall be available to students participating in alternative programs for expelled students. The academic credits to be awarded shall be equal to the same academic credit a student in the school district's regular educational program would earn for completion of a similar educational program, as determined in the discretion of the superintendent or superintendent's designee. Such academic credits shall not be earned unless the expelled student has successfully completed the conditions of the alternative program, as determined by the teacher and the superintendent or superintendent's designee. The superintendent or superintendent's designee shall determine whether or to what extent such academic credits should be assigned to subject area or other specific graduation or advancement requirements. The achievement mark (i.e., grades) assigned for such academic credits shall not be available to the advantage of the expelled student for honor roll, class rank, or other academic honors or recognition.

B. EDUCATION PLAN PROGRAM:

If the administration elects not to provide an alternative education program outlined in subparagraph A. above, the following procedures shall be followed prior to expelling a student unless the expulsion was required by subsection (4) of the Neb. Rev. Stat. § 79-283; said procedures being as follows, to wit:

(1) A conference shall be called by a school administrator and held to assist the district in the development of a plan with the participation of a parent or a legal guardian, the student, a school representative, and a representative of either a community organization with a mission of assisting young people or a representative of an agency involved with juvenile justice.

(2) The plan shall be in writing and adopted by a school administrator and presented to the student and the parent or legal guardian.

(3) The plan shall:

- (a) Specify guidelines and consequences for behaviors which have been identified as preventing the student from achieving the desired benefits from the educational opportunities provided,
- (b) Identify educational objectives that must be achieved in order to receive credits toward graduation,
- (c) Specify the financial resources of the community programs available to meet both the educational and behavioral objects identified, and
- d) Require the student to attend monthly reviews in order to assess the student's progress toward meeting the specified goals and objectives.

The school district shall submit such plan on the form "Section 79-266(2) Plan" attached to this policy as Appendix "1".

Extracurricular Activity

Section 1 Extracurricular Activity Philosophy

Extracurricular activity programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Extracurricular activity programs are considered an integral part of the school's program of education that provide experiences that will help students physically, mentally and emotionally.

The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. Participation in activities, both as a competitor and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, team, student body, community and the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better individuals and citizens.

Safety

The District's philosophy is to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, to inform their coach or sponsor when they are injured or have health problems that require their activities be restricted, and to exercise common-sense.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 2 Extracurricular Activity Code of Conduct

Purpose of the Code of Conduct. Participation in extracurricular activities is a privilege. The privilege carries with it responsibilities to the school, team, student body, and the community. Participants are not only representing themselves, but also their school and community in all of their actions. Others judge our school on the student participants' conduct and attitudes, and how they contribute to our school spirit and community image.

The student participants' performance and devotion to high ideals and values make their school and community proud. Consequently, participation is dependent upon adherence to this Code of Conduct and the school district's policies, procedures and rules.

Scope of the Code of Conduct.

Activities Subject to the Code of Conduct: The Code of Conduct applies to all extracurricular activities. Extracurricular activities means student activities or organizations which are supervised or administered by the school district which do not count toward graduation or grade advancement and in which participation is not otherwise required by the school.

Extracurricular activities include but are not limited to: all sports, cheerleading, dance team, Pep Club, Pep Band, vocal, band, speech and drama, One-Act, FBLA, FCCLA, Spanish Club, Art Club, Student Council, Student Advisory Board, National Honor Society, and other school sponsored organizations and activities. The Code of Conduct also applies to participation in school sponsored activities such as school dances and royalty for such activities.

A participant means a student who participates in, has participated in, or will participate in an extracurricular activity.

When: The Code of Conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA, whether or not the student is a participant in an activity at the time of such conduct.

The rules also apply when a student is participating or scheduled to participate in an extracurricular activity that is held outside the school year or the NSAA season. For example, if an FBLA or FCCLA student plans to participate in a conference in July and commits a Code of Conduct infraction in June, the student may be suspended from participating in the conference. Conduct during the summer months may also affect a student's participation under the team selection and playing time guidelines.

Where: The Code of Conduct rules apply regardless of whether the conduct occurs on and off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under

the general student code of conduct. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension.

Grounds for Extracurricular Activity Discipline. Students who participate in extracurricular activities are expected to demonstrate cooperation, patience, pride, character, self respect, self-discipline, teamwork, sportsmanship, and respect for authority. The following conduct rules have been determined by the Board of Education to be reasonably necessary to aid students, further school purposes, and prevent interference with the educational process. Such conduct constitutes grounds for suspension from participation in extracurricular activities and grounds for other restrictions or disciplinary measures related to extracurricular activity participation:

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, bullying, harassment or similar conduct in a manner that constitutes a substantial interference with school or extracurricular activity purposes or making any communication that a reasonable person would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property, repeated damage or theft involving property or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including a school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect another person shall not constitute a violation.
5. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from a student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon, or bringing or possessing any explosive device, including fireworks, on school grounds or at a school function or event, or in a manner that is unlawful or contrary to school activity rules.
7. Selling, using, possessing or dispensing alcohol, tobacco, narcotics, drugs, a controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. (Note: Refer to "Drug and Alcohol Violations" for further information).
8. Public indecency.
9. Sexual assault or attempting to sexually assault any person. Engaging in sexual conduct, even if consensual, on school grounds or at a school function or event.

10. Engaging in any activity forbidden by law which constitutes a danger to other students, interferes with school purposes or an extracurricular activity, or reflects a lack of high ideals.
11. Repeated violation of any of the school rules.
12. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
13. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to a school employee, school volunteer, or student. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion.
14. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school or of an extracurricular activity; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
15. Willfully violating the behavioral expectations for those students riding Elm Creek Public Schools buses or vehicles used for activity purposes.
16. Failure to report for the activity at the beginning of the season. Reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
17. Failure to participate in regularly scheduled classes on the day of an extracurricular activity or event.
18. Failure to attend scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the validity of the reason will be determined by the coach or sponsor. Every reasonable effort should be made to notify the coach or sponsor prior to any missed practice or meeting.
19. All other reasonable rules or regulations adopted by the coach or sponsor of an extracurricular activity shall be followed, provided that participants shall be advised by the coach or sponsor of such rules and regulations by written handouts or posting on bulletin boards prior to the violation of the rule or regulation.
20. Failure to comply with any rule established by the Nebraska School Activities Association, including, but not limited to, the rules relating to eligibility.

All terms used in the Code of Conduct have a less strict meaning than under criminal law and are subject to reasonable interpretation by school officials.

Drug and Alcohol Violations.**Meaning of Terms.**

Use or consume includes any level of consumption or use. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation.

Under the influence means any level of impairment and includes even the odor of alcohol on the breath or person of a student, or the odor of an illicit drug on the student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant.

Possession includes having control of the substance and also includes being in the same area where the substance is present and no responsible adult present and responsible for the substance. Possession includes situations where, for example:

- (1) Alcohol is in a vehicle in which the student is present. The student is considered to be in possession if the student is aware that the alcohol is in the vehicle, even though the student has not touched or consumed the alcohol; and
- (2) Alcohol is present at a party attended by the student. The student is considered to be in possession if the student is aware that alcohol is at the party and fails to immediately leave the party, even though the student has not touched or consumed the alcohol.

In these situations, a violation would not exist if the alcohol is in the control of a parent or guardian or other responsible adult (age 21 or older) such that students are not allowed to access the alcohol. A violation would also not exist if the student did not know or have a reasonable basis to know that alcohol would be present, and the student leaves the location where the alcohol is present as soon the student could safely do so. (Students are expected to leave immediately, but are not to do so in a manner that would endanger them. For example, you are not to leave in a car being driven by a person who has been drinking just to get away from the alcohol party immediately when there is no other way to get home. Instead, you should call for a safe ride home and, while waiting, clearly distance yourself from the alcohol).

Consequences.

Students may be suspended from practices or participation in interscholastic competition or participation in co-curricular activities for violations of the Code of Conduct. The period of suspension or other discipline for such offenses shall be determined by the school administration.

The disciplinary consequence will be determined based on consideration of the seriousness of the offense, any prior violations, the student's compliance with the self-reporting obligations, the student's level of cooperation and willingness to resolve the matter, and the student's demonstration of a commitment to not commit future violations.

Because of the significance of drug and alcohol violations on the student participants, other students and the school, the following consequences are established for such violations:

Drugs and Alcohol.

An activity participant who violates the drug or alcohol rules (other than steroids) shall be prohibited from participating in any extracurricular activity for the following minimum periods:

1. First Violation: 45 days.
2. Second or Any Subsequent Offense: One calendar year.
3. Reduction for Self-Reporting: If the student has self-reported, the first violation shall be reduced to 21 days for the first violation. A commensurate reduction (approximately one-half, as determined by the administration) for a second or subsequent violation shall be given for self-reporting.
4. Reduction for Participation in Chemical Dependency Program: If the student and parents agree to participate in a school-approved program for chemical dependency, the consequence will be reduced to only the next activity in which the student was to participate (including at least one contest) in the case of a first violation, and to a commensurate reduction (approximately 80%, as determined by the administration, for a second or subsequent violation).
The program must be administered by a certified alcohol and drug abuse counselor and be approved by the school authorities. The student will need to successfully complete the approved chemical dependency program. Proof of successful completion of program must be submitted in writing to the Activities Director. Failure to participate and successfully complete the approved chemical dependency program may cause the participating student to be suspended from extracurricular activities for one calendar year. All costs associated with the program are to be borne by the student/parent or guardian.
5. More Serious Violations: In the event of more serious drug or alcohol violations, such as students engaging in use of especially serious drug offenses (cocaine, meth, etc.) or procuring alcohol for minors, the consequence of the violation is not restricted by the foregoing, and may be established in the good discretion of the administration.

Steroid Offenses. A student who possesses, dispenses, delivers, or administers anabolic steroids shall be prohibited from participating in any extracurricular activity for the following minimum periods:

1. First Violation: 30 consecutive days.
2. Second or Any Subsequent Offense: One calendar year.

When Suspensions Begin. All suspensions begin with the next scheduled activity in which the student is a participant, after the determination by school officials of the sanction to be imposed; provided that the school officials shall have the discretion to establish a time period for the suspension that makes the suspension have a real consequence for the student. During a suspension, participants may be required or permitted to practice at the sole discretion of the coach or activity sponsor. Suspensions in the Spring will be carried over to the Fall when the suspension has not been fully

served or when determined appropriate for the suspension to have a real consequence for the student.

Letters and Post-Season Honors. A student who commits a Code of Conduct violation is:

1. Eligible to letter, provided the student meets the criteria of the coach or sponsor.
2. Not eligible to receive honors during the sport or activity in which they are participating at the time of the offense and/or in sports or activities in which they have been suspended due to a code violation. The coach/sponsor, with the Athletic Director's approval, may make an exception where the student has self-reported or otherwise demonstrated excellence in character allowing for such honors.

Self-Reporting. A student who violates the Code of Conduct must self-report. A failure to self-report will lead to a longer suspension or other discipline. The self-report must be made to: the principal, athletic director, or the head coach or sponsor of an activity in which the student participates. The student's parent or guardian may initiate the self-reporting process, but the student will be later required to give a written statement of the self-report. The self-report must be made the earlier of: (1) before the end of the next school day after the conduct occurred and (2) before participation in an extracurricular or co-curricular activity.

In making a self-report, the student must identify the events that took place, what conduct the student engaged in, and any witnesses to the student's conduct, and will be required to put this information in a written statement. In the event the student has received a criminal citation, charge, or ticket, and proclaims innocence of a violation, the student will be required to self-report such offense and provide information as to why they should be found innocent, not as it relates to the criminal offense, but as it relates to the Code of Conduct.

All students are expected to be honest and forthright with school officials. In the event the coach or activity sponsor or any school administrator asks a student participant for information pertaining to compliance (or lack of compliance) by the student or other student participants with the Code of Conduct or eligibility conditions for participation in activities, the student is expected to fully, completely, and honestly provide the information. Students may be disciplined for a failure to be honest and forthright.

Determining a Violation Has Occurred. A violation of the Code of Conduct will be determined to have occurred based on any of the following criteria:

1. When a student is cited by law enforcement and school officials have a reasonable basis for determining that grounds for the issuance of the citation exist.
2. When a student is convicted of a criminal offense. Conviction includes, without limitation, a plea of no contest and an adjudication of delinquency by the juvenile court.
3. When a student admits to violating one of the standards of the Code of Conduct.

4. When a student is accused by another person of violating one of the standards of the Code of Conduct and school officials determine that such information is reliable.
5. When school officials otherwise find sufficient evidence to support a determination that a violation has occurred.

Procedures for Extracurricular Discipline. The following procedures are established for suspensions from participation in extracurricular activities:

1. Investigation. The school official(s) considering the suspension will conduct a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with a school purpose.
2. Meeting. Prior to commencement of the suspension, the school official considering the suspension or their designee will provide the student an opportunity to give the student's side of the story. The meeting for this purpose may be held in person or via a telephone conference.
 - a. The student will be given oral or written notice of what the student is accused of having done, an explanation of the evidence the school has, and the opportunity to explain the student's version. Detail is not required where the activity participant has made a self-report or otherwise admits the conduct. Names of informants may be kept confidential where determined to be appropriate.
 - b. The suspension may be imposed prior to the meeting if the meeting can not reasonably be held before the suspension is to begin. In that case the meeting will occur as soon as reasonably practicable. The student is responsible for cooperating in the scheduling of the meeting.
3. Notice Letter. Within two school days (two business days if school is not in session), or such additional time as is reasonably necessary following the suspension, the Athletic Director or the Athletic Director's designee will send a written statement to the student and the student's parents or guardian. The statement will describe the student's conduct violation and the discipline imposed. The student and parents or guardian will be informed of the opportunity to request a hearing.
4. Informal Hearing Before Superintendent. The student or student's parent/guardian may request an informal hearing before the Superintendent. The Superintendent may designate the Athletic Director or another administrator not responsible for the suspension decision as the Superintendent's designee to conduct the hearing and make a decision.
 - a. A form to request such a hearing must be signed by the parent or guardian. A form will be provided with the notice letter or otherwise be made available by request from the Principal's office.
 - b. The request for a hearing must be received by the Superintendent's office within five days of receipt of the notice letter.
 - c. If a hearing is requested:

- i. The hearing will be held within ten calendar days of receipt of the request; subject to extension for good cause as determined by the Superintendent or the Superintendent's designee.
 - ii. The Superintendent or the Superintendent's designee will notify the participants of the time and place of the hearing a reasonable time in advance to allow preparation for the hearing.
 - iii. Upon conclusion of the hearing, a written decision will be rendered within five school days (ten calendar days if school is not in session). The written decision will be mailed or otherwise delivered to the participant, parents or guardian.
 - iv. A record of the hearing (copies of documents provided at the hearing and a tape recording or other recordation of the informal hearing) will be kept by the school if requested sufficiently in advance of the hearing by the parent/guardian.
5. No Stay of Penalty. There will be no stay of the penalty imposed pending completion of the due process procedures
6. Opportunity for Informal Resolution. These due process procedures do not prevent the student or parent/guardian from discussing and settling the matter with the appropriate school officials at any stage.

Section 3 Attendance

Student participants are expected to meet the following attendance expectations:

1. Attend school regularly. Students who have "excessive absences" as determined under the school's attendance policy are ineligible to participate in extracurricular activity contests or performances. Students who have four or more unexcused absences in the semester of participation will be ineligible to participate in extracurricular activity contests or performances.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests the participant should contact the coach or sponsor in advance.
3. On the day of a contest, performance or other activity, be in attendance for the full day. A student who is not in attendance the full day is ineligible for the contest, performance, or activity.

Exceptions may be made for extenuating circumstances, such as doctor/dentist appointments or family emergencies. The exception must be approved by the Principal or Athletic Director.

Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.

Section 4 Academic Standards

Participation in extracurricular school activities is encouraged and desirable for all students. At the same time, the primary mission and responsibility for each student is to establish a firm academic foundation. A student participating in extracurricular school activities show evidence of sincere effort towards scholastic achievement. To be eligible for participation in extracurricular activities students must:

1. Be enrolled in at least 25 credit hours in the semester of participation.
2. Maintain passing grades in all courses. A student who is not passing one or more classes at progress reporting times will be ineligible to participate in extracurricular activity contests or performances if the grade remains below passing one week after progress reporting time. The student will remain ineligible until the student is passing all classes.
3. Maintain an overall "C" average to participate in extracurricular activities, except school dances.
4. Academic requirements do not apply to:
 - (A) Instructional field trips which are a part of the scheduled course learning experience; or
 - (B) Activities or events which are a part of the student's grade requirements.

ANY NON-COMPLIANCE WITH THESE STANDARDS CAN AND WILL RESULT IN PUNITIVE MEASURES BEING TAKEN AGAINST ANY STUDENT FAILING

TO COMPLY WITH THESE STANDARDS."

Drug and Alcohol Education and Prevention Program of the District Pursuant to the Safe and Drug-Free Schools and Communities Laws and Regulations

In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent or parents or guardian.

~~Safe and Drug-Free Schools—Parental Notice of Right to Withdraw~~

~~Pursuant to the provisions of the No Child Left Behind Act, parents will be notified that, if upon receipt of information regarding the content of safe and drug-free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.~~

Standards of Student Conduct Pertaining to the Possession, Use, or Distribution of Illicit Drugs, Alcohol or Tobacco.

These standards are in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation. The District's standards prohibit the possession, use, or distribution of illicit drugs, alcohol or tobacco on school premises, in school vehicles, or as a part of any of the school's activities on or off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

StudentsStudent Records

School staff shall maintain student records in compliance with state and federal law.

Confidentiality of Student Records.

Student files and other education records shall not be released or divulged except in compliance with state and federal law.

School officials may have access to only those education records in which they have a legitimate educational interest, unless the parent has given written and dated consent for the access. A school official who violates this restriction shall be subject to disciplinary action up to and including termination.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility and effectively provide the function or service for which they are responsible.

A school official for purposes of access to education records is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

To the extent permitted by law, contractors, consultants and volunteers may be permitted to have access to education records where they are performing a function or service that would otherwise be done by a school employee. Their access is limited to education records in which they have a legitimate educational interest; which means records needed to effectively provide the function or service for which they are responsible.

Student and Parent Access to Student Records.

A parent or guardian of a student or former student, and a student or former student who is eighteen (18) years of age or older, shall be given the opportunity upon request to inspect and review the education records of the student or former student. Non-custodial parents will be provided full and equal access to the education records of his or her child unless there is a court order to the contrary. **The term 'custodial parent' shall also refer to any individual who has been given legal custody or power of attorney of a child by the court.**

Student Surname

Students will be enrolled in the district using the surname of the student's birth certificate unless a court or legal jurisdiction has changed the surname in which the district will use the u]surname order by such court.

Maintenance and Destruction.

Student files or records shall be so maintained so as to separate academic and disciplinary matters. All disciplinary material in a student's file shall be removed and destroyed after the student's continuous absence from the school for a period of three (3) years.

Amendment of Student Records.

Parents and eligible students (a student who has reached 18 years of age or is attending an institution of postsecondary education) have the right to challenge any information contained in the records that they believe is inaccurate, misleading or violates the privacy rights of the student. Such a challenge may be made by making a written request to the Principal to amend the records. If a decision is made not to amend the education records in accordance with the request, the Principal shall so inform the parents of the student and the Superintendent. The parent shall be advised of the right to a hearing.

If a hearing is requested, the Superintendent shall conduct a hearing (or delegate the role to another school official who does not have a direct interest in the outcome of the hearing) and provide the parent or eligible student a full and fair opportunity to present evidence relevant to the issues raised in conformance with applicable law.

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility and effectively provide the function or service for which they are responsible.

Contractors, consultants and volunteers are permitted to have access to education records where they are performing a function or service that would otherwise be done by a school employee. Their access is limited to education records in which they have a legitimate educational interest; which means records needed to effectively provide the function or service for which they are responsible.

The District forwards education records (may include academic, health and discipline records) to schools that have requested the records and in which the student seeks or intends to enroll, or where the student has already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.

Notification of Rights Under FERPA

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.

NOTICE CONCERNING DIRECTORY INFORMATION

The District may disclose directory information. The types of personally identifiable information that the district has designated as directory information are as follows: student's name, address, telephone listing, electronic mail address, photograph, date of and place of birth, major fields of study, dates of attendance, grade level, enrollment status (e.g., full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and most recent previous school attended. A parent or eligible student has the right to refuse to let the District designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student has to notify the District in writing that he or she does not want any or all of those types of information about the student designated as directory information is as follows: two weeks from the time this information is first received. The district may disclose information about former students without meeting the conditions in this section.

ADDITIONAL NOTICE CONCERNING DIRECTORY INFORMATION

The district's policy is for education records to be kept confidential except as permitted by the FERPA law, and the district does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The District designates such student work as directory information and as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the District in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Notice Concerning Designation of Law Enforcement Unit:

The District designates the Buffalo County Police Department as the District's "law enforcement unit" for purposes of (1) enforcing any and all federal, state or local law, (2) maintaining the physical security and safety of the schools in the District, and (3) maintaining safe and drug free schools.

StudentsAcademic Progress

The Superintendent will be responsible for implementing a uniform system for appraising and reporting the development of students' academic and behavioral skills.

Communicating student progress to parents shall be the responsibility of the building administrator and the classroom teacher. Written reports of student progress will be sent to parents at the conclusion of each quarter. It is recommended that two parent-teacher conferences or acceptable substitutes be held in both the elementary and junior-senior high school each year. Additional reporting of student progress is encouraged whenever progress or lack of progress is of an unusual nature.

StudentsEarly Completion Plan

Elm Creek Public Schools supports the concept of early completion as a means of accelerating students toward the achievement of lifetime plans. The following guidelines have been established for students to be eligible for early completion. The failure to meet any of the criteria or time lines listed in the policy may cause the student to become ineligible for early completion.

- (1) A student will be allowed to transfer in a maximum of twenty (20) hours from educational courses taken outside the Elm Creek Public School District. These courses must have prior approval by the high school principal in order to be used to meet the graduation requirements of the Elm Creek Public Schools. Students transferring into Elm Creek Public Schools may transfer in hours that are listed on their official Transcript.
- (2) A student will be able to use only five (5) hours of transfer credit in any one subject matter area.
- (3) Students must meet all completion requirements established by the Board of Education in order to be eligible for completion as well as the credit hour requirements in each specific subject matter area.
- (4) Application for early completion must be requested, in writing, to the high school principal by February 1 of the applicant's Junior year of high school. The application must be accompanied by a written plan of action stating the reasons why the student is requesting early completion. The application must contain the signatures of the applicant's parents/parent/guardian to verify parental approval of early completion.
- (5) Along with the application, the applicant must submit three (3) letters of recommendation supporting the student's request for early completion. These three (3) letters of recommendation must contain one (1) letter from the high school guidance counselor, along with two (2) letters from other secondary staff members.
- (6) The Board of Education will make the final decision in regards to an applicant's early completion at the April board meeting of the applicant's Junior year. The applicant and his or her parents/guardian must be present at this meeting in order for the board to take action.
- (7) Once given approval, the applicant will have until February 1 of the applicant's Senior year to notify the high school principal of the applicant's decision in regards to participating in the regularly scheduled graduation ceremony. The applicant must also attend one (1) Commencement practice in order to participate in the Commencement

ceremony. No early graduation ceremonies will be provided for a student who opts for the early completion route.

- (8) A student who decided to opt for early completion is not eligible to participate in school sponsored activities following the last day the student attends classes. The effective date for participation will end with the last day that the student is enrolled in classes. The only school activity that the applicant is eligible for will be the regularly scheduled graduation ceremony.
- (9) This policy shall be evaluated annually by the high school principal and appropriate revisions shall be recommended to the Board for its consideration.

StudentsMake-up Work

Make-up work for students who are absent from school shall be governed by guidelines developed by the Superintendent or Superintendent's designee. The Guidelines shall state the criteria to be used in determining whether and to what extent the opportunity to complete class work, including examinations, missed during a period of disciplinary suspension will be granted.

The make-up work of students will be counted for course credit when satisfactorily completed according to the guidelines stated below; which are the Superintendent's guidelines, or such other guidelines as approved from time to time by the Superintendent or the Superintendent's designee.

To receive credit for work missed due to excused absences (e.g., personal illness, bereavement or emergency in the family, participation in an approved school activity), the student, upon returning to school, is responsible a) for requesting assignments for make-up work and b) for completing the make-up work on his/her own initiative by the due date. The teacher will provide materials and assistance to a student who is making up work for these reasons.

To receive credit for work missed due to a parent requested prearranged absence (e.g., medical or dental appointment, religious observance, spectator at a school activity, family trip, college visit), the student is responsible a) for requesting assignments for make-up work prior to his/her absence and b) for completing the make-up work on his/her own initiative by the due date.

The date when make-up work is due will be determined by the Principal, with two (2) days, being allowed for each day absent up to a maximum of ten (10) days. Students who plan to miss school due to scheduled school activity or a parent requested prearranged absence may request assignments and make arrangements to complete part of all of the work prior to the absence.

At the beginning of each semester, or during the semester for students who enter during the semester, a) the principal will provide students with information about the district regulations for absences and make-up work and b) teachers will explain the procedures students should use for requesting assignments and completing make-up work in their courses.

Students and parents/guardians are advised that equivalent experiences for students who miss class are difficult and sometimes impossible to recreate. Parents/guardians are also advised that testing and summarizing activities often are scheduled at the end of the quarter and the end of the semester; parent requested prearranged absences should be avoided during these times.

RESOLUTION

WHEREAS, due to the COVID-19 pandemic, the District has shifted student learning from the physical classroom to a distance learning setting; and,

WHEREAS, as a result of this shift in student learning, the Board recognizes that certain aspects of student learning have been disrupted and that certain Board policies and procedures may need to be suspended or modified, including grading, credits and the like; and

WHEREAS, the Board desires to allow eligible students in their final year in the District (including seniors) to graduate and receive a diploma at the end of the 2019-2020 school year.

NOW, THEREFORE, BE IT RESOLVED that, notwithstanding any policy, regulation, protocol, practice or directive to the contrary, the Board hereby finds, determines, delegates and authorizes as follows:

1. For the remainder of the 2019-2020 school year, the Board suspends all graduation and curriculum-related policies, except for those policies that the Superintendent and Board President jointly determine need to remain in effect.
2. The Superintendent shall determine which students would have been eligible or on track for graduation immediately prior to the COVID-19 temporary shutdown.
3. The Superintendent shall implement requirements (such as the continued completion of coursework) to be in effect during the remainder of the 2020 spring semester for students who are eligible or on track to graduate. It is the Board's intent to require students in their final year to continue learning during the remainder of the 2019-2020 school year. If said students satisfy such requirements during the remainder of the 2019-2020 school year, then the Board hereby authorizes the Superintendent and Board President to issue a diploma to said students, so that said students will graduate and receive a diploma at the end of the 2019-2020 school year.
4. The Superintendent is hereby directed to identify students in their final year in the District who are neither eligible nor on track to graduate at the end of the 2019-2020 school year, and determine what requirements, if any, or supports, if any, will be in place for those students to become eligible or on track for graduation at the end of the 2019-2020 school year. At the end of the 2019-2020 school year, the Superintendent shall then determine whether any of these students have satisfied said requirements and, if so, along with the Board President, issue a diploma for such students in order for them to graduate and receive a diploma at the end of the 2019-2020 school year.
5. For all students (including those not in their final year in the District), the Superintendent shall develop a grading procedure to be implemented for the spring 2020 semester. The Superintendent is encouraged to consult with key stakeholder groups to identify the grading procedures that will be fair, reasonable in light of the circumstances and in the best interests of the District. The Superintendent's grading procedure shall be final, and the Board will not hear any appeals over the Superintendent's grading procedure or any grades issued under the Superintendent's grading procedure.

6. For those students who are not in their final year in the District, the Superintendent shall develop a plan to determine how students will progress (or not) to the next grade level or advanced courses next year, and what resources or supports may be made available for those students who are not or will not be prepared to progress to the next grade level or advanced courses next year. It is the Board's intention to advance students to the next grade level next year, but, at the same time, the Board does not want students unprepared for next year's curriculum.
7. The Board recognizes the fluid and unprecedented circumstances currently faced by students, parents and staff members, and hereby adopts this Resolution in order to be proactive and prepared to respond to the evolving events without further delay. As a result, by delegating various responsibilities and authority to the Superintendent and Board President, all actions (or inactions) taken by the Superintendent and Board President pursuant to this Resolution shall be final, ratified in full by the Board and need not be formally approved by the Board at a later date.
8. The Board hereby ratifies all curriculum-related decisions implemented or enacted to date.

The foregoing Resolution having been read in its entirety, Member _____ moved for their passage and adoption. Member _____ seconded same. After discussion and on roll call vote the following members voted in favor of passage and adoption of the above Resolution:

_____.

The following members voted against the same: _____

_____.

The following members were absent or not voting: _____.

The above Resolution having been consented to by a majority of a quorum of the Board, it was declared as passed and adopted by the President at a duly held and lawfully convened meeting in full compliance with the Nebraska Open Meetings law.
