Elementary Principal Report

Board of Education

November 2018

Goal #1: Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21st Century learning for all students.

- During our October in-service days, teachers and support staff spent time working in small groups, committees and PLCs to discuss and complete various tasks that were assigned to them. This was an excellent use of time for staff. During this time we have also spent time discussing and looking at various Kagan Structures. In addition, we spent significant time working on and preparing for the school fair. Ideas will be shared at upcoming staff meetings.

Goal #3: Wakefield Community School will facilitate communication with staff, parents, patrons and students.

- Students participated in the annual Halloween Parade through the senior center and along Main Street.
- 4-6 graders participated in a fall celebration.
- Vicky Sanchez recently resigned for a different position in Sioux City. We hired Dulce Torres as paraprofessional. Ana Urquidez moved to a school-age position and Dulce is working in preschool. Dulce comes to us with a Bachelor's degree from Wayne State College.

**Wakefield Community School

High School Principal Report
November 2018**

Goal #1: Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21st Century learning for all students.

- During our Nov. 2 in-service day, we spent some time discussing the “School Fair” idea. Mr. Wulf and I will talk briefly about this at the board meeting.
- During the Nov. 12 faculty meeting, we began to “dig deeper” into the Pre-ACT data, as well as discussed ACT prep activities. We also continued with our book study and talked again about the School Fair.
- We are now able to use iPads for MAP testing, which means we can test all students at one time. We tried it for the first time on some of the tests this fall. In the Spring, we will be able to be certain about scheduling the tests, and should be able to get them all done in a matter of a few days. MAP make-up tests should be completed in the next two weeks.

Miscellaneous

- The football team completed their season with a record of 6-2, and undefeated in district play. The volleyball team finished 13-17. Winter Sports practices began Nov. 12, with 15 wrestlers, 23 boys basketball players and 29 in girls basketball.
- Wakefield School hosted the annual Veteran’s Day Program on Monday, Nov. 12 at 9:00 in the main gym. The program was followed by the monthly community club meeting, held in the multi-purpose room. Several students participated in the program.
- The One-Act did their public performance on Nov. 10. The Conference One-Act competition is at Ponca on Nov. 13. They will also be performing for the student body on Nov. 21 (before our 1:00 dismissal). District Competition is at Stanton on Nov. 27.
- Dylon Harder, Solomon Peitz, Sam Heitz, Jamie Dolph, Olivia Scott, and Katelynn Pommer were selected for Conference Honor Choir.
- NSAA Academic All-State for fall activities include: Gabe Peitz and Solomon Peitz for football; Jessica Borg and Cassidy Thomas for volleyball; Jamie Dolph for one-act.

Superintendent's Report

November 12, 2018

1. **Goal #1:** Wakefield Community School will provide students an education that develops relationships utilizing a relevant curriculum that infuses technology providing 21st Century learning for all students. (Curriculum, Americanism & Technology)
 - a. The career and technical education committee met last week reviewing Wakefield's reVision action plan approved by NDE. Examining the CTE programs as well as community feedback out CTE programs will 1) align all CTE classes with Nebraska Career Readiness Standards; 2) Provide student with real-world work/career experiences; and 3) Prepare students for high demand, high skilled occupations that require some college, no degree or a higher level of educational attainment than high school. Initial team discussion focused on expanding career readiness skills through job shadowing activities, career preparation skills and by developing business leader mentorship and internships for our students. The team discussed possibly initiating a junior and senior interview day.

CTE departments are beginning the process of course alignment with standards for each career pathway. The alignment process is a component of our reVision process. The team will submit for a reVision grant next spring.

2. **Goal #2:** Wakefield Community School will make an efficient use of all resources. (Business & Finance)
 - a. The budget for November reflects that the district is 2.64% under budget for the year. Local General Fund tax receipts in September was \$581,128. General Fund balances as of November 1, 2018 are General Fund \$1,513,215; Depreciation Fund \$581,522; Employee Benefit Fund \$28,600; Lunch Fund \$143,968; Bond Fund \$38,749; Special Building Fund \$681,657; Qualified Capital Purchase Undertaking Fund (QCPUF) \$178,968; Interim Fund \$4,323 and Student Fees Fund is \$6,829. Total unencumbered funds all funds is \$3,177,833. Comparing our general fund percent of budget remaining we are at 85.95% compared to the previous year of 84.49%

3. Goal #3: Wakefield Community School will facilitate communication with staff, parents, patrons, and students (Public and Personnel Relations)

- a. Last Wednesday Allen and Wakefield conducted a softball survey of girls in fifth through eleventh grades. A total of 138 girls participated in the survey. Survey data will be presented to the Allen-Wakefield Board Special Committee for review and discussion. Both boards will review the data at their December board meetings.
- b. NSAA Region 3 meeting was held in Norfolk on Wednesday. Mr. Brenn and Mr. Clay presented a proposal to adjust eight-man numbers with a calculation for poverty percentages for schools above the 50 percentile. The research data out of Minnesota states that student participation in football was directly affected by poverty levels. This is the second year Wakefield presented the proposal which was voted down.

Region 3 proposed NSAA conduct a nine-man football classification study. The addition of 9-man football would enable those C-2 schools an opportunity to continue junior varsity programs that are struggling to participate in 11-man due to low participation numbers. The proposal passed in region 2 and subsequently passed 39-13. All the regions will need to pass a similar proposal and forwarded to the NSAA for approval. A proposal regarding transfer students transferring back to their home district would be ineligible for period of 90 days passed. The final item of interest is a proposal for bowling as a NSAA winter sport, which passed at the meeting.

- c. School fair was discussed during the morning portion of our in-service time. I explained to the staff community questions regarding our school's academic curriculum and how we might create a show casing of both school's academic curriculum. Staff were several hours to collaborate on their presentations.

4. Miscellaneous

- a. The 100th year celebration of NASB is occurring at the 100th NASB State Convention in LaVista, November 14 – 16, 2018. If you would like to attend the convention with Bree and I, we need to know tonight, so we can get you registered and a hotel room.

Mark your calendars for the 2019 Legislative Issues Conference, January 27 & 28, at the Cornhusker Hotel in Lincoln. Hear from committee chairs, the Speaker, and key senators who will have a say in all of the bills, good and bad, that will have an impact on education in Nebraska. INDEPENDENT AUDITORS' REPORT

To the Board of Education
Wakefield Community School District No. 560
Wakefield, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wakefield Community School District No. 560, Wakefield, Nebraska, as of and for the year ended August 31, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position - cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of Wakefield Community School District No. 560, Wakefield, Nebraska, as of and for the year ended August 31, 2018, and the respective changes in financial position - cash basis for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

In our opinion, the supplementary information on pages 22 - 36 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The supplementary information on pages 25 - 35 related to the August 31, 2017, financial statements is presented for purposes of additional analysis and is not a required part of the basic financial statements. The other supplementary information, pages 37 - 42, which is the responsibility of management, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2018, on our consideration of Wakefield Community School District No. 560, Wakefield, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant accounting policies of the Wakefield Community School District No. 560, Wakefield, Nebraska (the District).

Reporting Entity

The Wakefield Community School District No. 560, Wakefield, Nebraska's Board of Education is the basic level of government, which has financial accountability and control over all activities related to public school education in the District. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since the District's board members are elected by the public and have decision-making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters. In addition, there are no component units, as defined in Governmental Accounting Standards Board Statement No. 14, which are included in the District's reporting entity.

All significant activities and organizations on which the District exercises oversight responsibility have been included in the District's financial statements.

Basic Financial Statements - Government-Wide Statements

The District utilizes the provisions of Statement No. 34 of the Government Accounting Standards Board, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Statement No. 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into the following components: restricted and unrestricted.

The statement of net position and statement of activities report information on the District as a whole. They include all funds of the District except for fiduciary funds. The effects of interfund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not report any business-type activities.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include (1) charges to customers or applicants who purchase, use, or directly benefit

from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as general receipts.

Basic Financial Statements - Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements as applicable.

The financial transactions of the District are reported in individual funds in the fund financial statements. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, receipts, and disbursements.

Fund Types

The accounts of the District are organized on the basis of funds, which are grouped into the following fund types:

Governmental Fund Types

General Fund - The General Fund is the general operating fund of the District and accounts for all receipts and disbursements of the District not encompassed within other funds. All property tax receipts and other receipts that are not allocated by law, budgetary requirement, or contractual agreement to some other fund are accounted for in this fund. General operating disbursements and the new replacement capital outlay costs that are not paid through other funds are paid from the General Fund.

The General Fund for financial reporting purposes also includes the following components, which are considered funds for budgetary purposes but do not meet the definition as special revenue funds as clarified in GASB No. 54, or whose activities are insignificant and reporting as part of the General Fund is allowable.

Employee Benefit Fund - The Employee Benefit Fund is established to specifically reserve General Fund money for the benefit of the District employees.

Depreciation Fund - The Depreciation Fund is used to accumulate funds for the eventual purchase of significant capital outlay by reserving such monies from the General Fund.

Fund Types (Continued)

Governmental Fund Types (Continued)

Student Fee Fund - A Student Fee Fund is established to collect fees for participation in extracurricular activities, postsecondary education costs, and summer school or night school. The money is disbursed for the purposes for which it was collected from the students. The primary activities reported in this fund are the receipts and disbursements of driver's education and iPad fees and related repair costs.

School Nutrition Fund - The School Nutrition Fund is used to accommodate all aspects of the school lunch program and accounts for all receipts and disbursements of all child nutrition programs.

Special Building Fund - The Special Building Fund is established for acquiring or improving sites and buildings, including the construction, alteration, or improvement of buildings.

Bond Fund - This fund accounts for taxes levied and other revenue specifically maintained for the payment of bond principal and interest. Proceeds from bond issuance are deposited and recorded as a receipt in the Building Fund. Proceeds from refunding bond issues are deposited and recorded as a receipt in the Bond Fund. The General Fund is used to make bond principal and interest payments if the Bond Fund balance is not sufficient to meet these requirements.

Qualified Capital Purpose Undertaking Fund - The Qualified Capital Purpose Undertaking Fund may be established for the removal of environmental hazards, the reduction or elimination of accessibility barriers in District buildings, and the repayment of a qualified zone academy bond issued for a qualified special purpose. General Fund disbursements for the purpose of this fund are not allowed.

Fiduciary Fund Types

Activities Fund - The Activities Fund is used to account for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially self-supporting school activities not part of another fund. It is reported as an agency fund.

Major Funds

The District reports all governmental funds as major funds. The General Fund and its components are considered one fund for reporting purposes.

WAKEFIELD, NEBRASKA
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District prepares its financial statements on the cash basis, which is in conformity with the accounting practices prescribed or permitted by the State of Nebraska Department of Education; consequently, these statements represent a summary of the cash activity of the various funds of the District and do not include certain transactions that would be included if the District prepared its financial statements in accordance with accounting principles generally accepted in the United States of America, as applicable to governmental units. Under the cash basis, receipts are recognized when collected rather than when earned and expenses are recognized when paid rather than when incurred. Consequently, these financial statements are not intended to present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America, as applicable to governmental units.

Taxes and other receipts collected by the county treasurers are included in receipts of the District in the year collected by the counties, and the District funds held by the county treasurers at year end are included as assets of the District. This is in accordance with the requirements of the State of Nebraska Department of Education.

Capital Assets

Capital assets are not recorded as assets on the government-wide or fund financial statements, and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

Long-Term Obligations

Long-term debt is not reported as a liability in the government-wide or fund financial statements. Proceeds from long-term debt are reported as receipts and payments of principal are reported as disbursements in both the government-wide and fund financial statements.

Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in two components:

Restricted net position consists of net assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or through constitutional provisions or enabling legislation.

Unrestricted net position consists of net assets that do not meet the definition of restricted.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classification (Continued)

Government-Wide Statements (Continued)

It is the District's policy to use restricted net assets first, prior to the use of unrestricted net assets, when a disbursement is paid for purposes in which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable

This classification includes amounts that cannot be spent because they either (a) are not in spendable form or (b) are legally or contractually required to be maintained intact. The District currently has no amounts classified in this category.

Restricted

This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District currently has no amounts classified in this category.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classification (Continued)

Fund Financial Statements (Continued)

Fund Balance Classification (Continued)

Assigned

This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board delegating this responsibility to the District administrator through the budgetary process.

Unassigned

This classification includes the residual fund balance for the General Fund.

The District would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Interfund Balances and Activities

In the process of aggregating the financial information of the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Budget Process and Property Taxes

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements lapse at year end. Any revisions to the adopted budget of total disbursements to any fund require a public hearing. State statutes of the Nebraska Budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various disbursements and/or tax levy limitations.

The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which tax levy attaches as an enforceable lien on property within the District as of January 1. Taxes are due as of that date. One-half of the real estate taxes due January 1 become delinquent after the following May 1, with the second one-half becoming delinquent after September 1.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

In accordance with the cash basis of accounting, vacation and sick leave are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

NOTE 2. CASH AND INVESTMENTS

For the following disclosures, deposits - including checking accounts, savings accounts, money market accounts, and certificates of deposit - are all classified as cash on the financial statements.

The District's cash and investments are reported as follows:

Governmental-type activities	2,482,294
Fiduciary Funds	<u>110,294</u>
Total cash and investments	<u><u>2,592,588</u></u>

The carrying value (fair value) of the cash and investments consisted of the following:

Demand deposits	2,576,948
Certificates of deposits	<u>15,640</u>
Total cash and investments	<u><u>2,592,588</u></u>

At August 31, 2018, there were no certificates of deposit maturing beyond one year.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of August 31, 2018, all of the District's deposits with financial institutions were fully insured or collateralized by securities held in the District's name in the form of joint safekeeping receipts. State law requires all funds in depositories to be fully insured or collateralized, and the District's policy is to require depositories to provide pledged securities to cover deposits in excess of FDIC limits.

NOTE 2. CASH AND INVESTMENTS (Continued)

Investments

Nebraska statutes allow the District to make any investment allowed by the State Investment Officer. This includes bank certificates of deposit.

As defined by Governmental Accounting Standards Board Statement No. 3, the District had no investments as of August 31, 2018.

NOTE 3. RETIREMENT PLAN

Plan Description

The Wakefield Community School District No. 560 contributes to the Nebraska School Employees Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions.

In 1945, the Nebraska Legislature enacted the law establishing a retirement plan for school employees of the State. During the NPERS fiscal year ended June 30, 2017, there were 265 participating school districts. These were the districts that had contributions during the fiscal year. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, and Nebraska Community Colleges), are members of the plan.

Benefits Provided

Normal retirement is at age 65. For an employee who became a member before July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service or (2) the average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor (currently 2%) set by statute, and an actuarial factor based on age.

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service or (2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor (currently 2%) set by statute, and an actuarial factor based on age.

Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later.

NOTE 3. RETIREMENT PLAN (Continued)

Benefits Provided (Continued)

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or two and one-half percent. The current benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75 percent of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost-of-living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent.

Contributions

Contribution provisions are established by State law and may be amended only by the Nebraska legislature. The State contribution is considered a nonemployer contribution since school employees are not employees of the State. The contribution rates (as a percentage of covered payroll for the year) were as follows:

- Members (employees): Each member contributed 9.78% of monthly salary.
- School District: The School District contributed 101% of the member contributions.
- State: The State contributed 2% of estimated payroll for the plan year.

The District's contribution to the Plan for its year ended August 31, 2018, was \$322,257.

Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement Systems Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing the NPERS, P.O. Box 94816, Lincoln, NE 68509-4816, by calling 1.800.245.5712 or via the internet at http://www.auditors.nebraska.gov/APA_Reports.

NOTE 4. LONG-TERM DEBT

Nebraska Department of Energy Loan

On July 14, 2014, the District entered into a loan agreement with the Nebraska Department of Energy for purposes of funding an energy conservation project in the total amount of \$1,121,920. The loan carries a fixed interest rate of 1%, with annual payments of principal and interest due by January 20 of each year beginning in 2015. The loan is being serviced by the Qualified Capital Purpose Undertaking Fund.

The District has purchased commercial insurance to offset these certain risks. Settled claims have not significantly exceeded this commercial coverage in any of the past three fiscal years.

penalties ordered by the United States District Court. The funds were for exclusive use and support of educational programs of said schools and were to be used for any purpose authorized under the general fund budget of expenditures. The terms of the Agreement automatically extends the life of the Cooperative for additional fiscal years until all funds are paid out or the Agreement is otherwise terminated. Separate accounts were required to be established for each member by the fiscal agent of the Cooperative, Ponca Public Schools. The initial share of the funds for Wakefield Public School was \$133,220. Requests for disbursement may be made at any time upon authorization of the Board.

As of August 31, 2018, the balance of the separate account maintained for Wakefield Community School was \$109,929. These funds are not recognized as assets of the District since funds are held by the fiscal agent, Ponca Public School and are not available for use of the District until authorized by the Board of Education in accordance with the intent of the Interlocal Agreement.

NOTE 8. RECENTLY ISSUED AND ADOPTED ACCOUNTING PRONOUNCEMENTS

In January 2017, GASB issued Statement 84, *Fiduciary Activities*. This statement is effective for fiscal years beginning after December 15, 2018. The District did not early implement this statement. GASB 84 establishes criteria for identifying fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Certain fiduciary activities meeting the new criteria will be renamed as custodial funds and a statement of changes will be a required financial statement. When adopted, GASB 84 may have a significant effect on the District's financial reporting for the Activities Fund currently reported as an agency fund.

In June 2017, GASB issued Statement 87, *Leases*. This statement is effective for fiscal years beginning after December 15, 2019. The District did not early implement this statement. When adopted, GASB 87 will require disclosure of the timing significance, and purpose of a government's leasing arrangements. When adopted, GASB 87 will not have a material effect on the financial statements other than possible disclosures in the notes.

NOTE 9. SUBSEQUENT EVENTS

In preparing the financial statements, the District has evaluated events and transactions for potential recognition or disclosure through October 30, 2018, the date the financial statements were available to be issued.

NOTES TO BUDGETARY SCHEDULES

NOTE 1. SCHEDULES OF RECEIPTS, DISBURSEMENTS, AND CHANGES IN FUND BALANCE - CASH BASIS - BUDGET AND ACTUAL

Basis of Accounting

The accompanying schedules of receipts, disbursements, and changes in fund balance - cash basis - budget and actual are presented on the cash basis of accounting. This basis is consistent with the basis of accounting used in preparing the basic financial statements. All unexpended appropriations lapse at the end of the budget year.

The \$4,100 transfer to the Depreciation Fund is included in maintenance and operations of buildings plant for budgetary reporting purposes.

Budget Law

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements lapse at year end. Any revisions to the adopted budget of total disbursements to any fund require a public hearing.

Comparative Data

Comparative data for the prior year have been presented in the budgetary schedules in order to provide an understanding of the changes in the District's financial position and operation (cash basis).

Reconciliation

The Nebraska Department of Education requires separate budgets for those funds considered as General Fund components for financial reporting purposes.

A reconciliation of the General Fund financial reporting basis to the budgetary basis is as follows:

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Wakefield Community School District No. 560
Wakefield, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wakefield Community School District No. 560, Wakefield, Nebraska, as of and for the year ended August 31, 2018, and the related notes to the financial statements, which collectively comprise Wakefield Community School District No. 560, Wakefield, Nebraska's basic financial statements, and have issued our report thereon dated October 30, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wakefield Community School District No. 560, Wakefield, Nebraska's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wakefield Community School District No. 560, Wakefield, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of Wakefield Community School District No. 560, Wakefield, Nebraska's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses, that we consider to be significant deficiencies as items 2018-001, 2018-002, and 2018-003.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wakefield Community School District No. 560, Wakefield, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Wakefield Community School District No. 560, Wakefield, Nebraska's Response to Findings

Wakefield Community School District No. 560, Wakefield, Nebraska's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Wakefield Community School District No. 560, Wakefield, Nebraska's responses were not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

WAKEFIELD COMMUNITY SCHOOL DISTRICT NO. 560
WAKEFIELD, NEBRASKA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED AUGUST 31, 2018

2018-001 SEGREGATION OF DUTIES

Criteria

Internal controls should be in place to ensure proper segregation of duties.

Condition

Due to the size of the District, there is limited segregation of duties over bookkeeping and accounting functions. The same individual routinely reconciles the bank statements, processes payroll, including initiation and control of automated banking transactions, makes journal entries, and manages the general ledger functions. Controls over Activities Fund receipts, especially gate receipts, are also limited.

Cause

The District has a limited number of personnel involved in the accounting functions.

Potential Effect

Inadequate segregation of duties could lead to the misappropriation of assets or improper reporting.

Recommendations

The District has responded to this deficiency by implementing procedures such as reviews of bank statements and bank reconciliations by a person independent of the bank reconciliation process to improve segregation of duties issues. The Board of Education also reviews and approves all disbursements.

District's Response

The District, within the constraints of existing time and cost considerations, will continue to review the situation and make improvements.

2018-002 FINANCIAL STATEMENT PREPARATION AND REVIEW

Criteria

As described in our engagement letter, management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation of financial statements, including the notes to the financial statements, in conformity with the cash basis of accounting.

WAKEFIELD COMMUNITY SCHOOL DISTRICT NO. 560
WAKEFIELD, NEBRASKA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED AUGUST 31, 2018

2018-002 FINANCIAL STATEMENT PREPARATION AND REVIEW (Continued)

Condition

The District does not have a system of internal control that would provide management with reasonable assurance that the District financial statements and related disclosures are complete and presented in accordance with the cash basis of accounting. As such, management requested us to prepare a draft of the financial statements, including the related note disclosures.

Cause

Management has requested that the auditors prepare the financial statements and related notes to the financial statements in accordance with the cash basis of accounting.

Potential Effect

Errors in the financial statements or disclosures could occur and not be detected by management.

Recommendations

Management should carefully review financial statements, including disclosures, and understand the relationship to the underlying data. All proposed adjustments should be understood and approved.

District's Response

The District relies on the auditor to propose the adjustments necessary to prepare the financial statements, including the related disclosures. The District reviews such financial statements.

2018-003 DOCUMENTATION OF PROCEDURES

Criteria

Good management practices include written job descriptions, system procedures, and control policies. This not only enhances internal control but helps provide continuity as personnel and conditions change.

Condition

The District does not have a complete set of formal accounting policies and procedures and related control procedures, including antifraud programs and controls.

WAKEFIELD, NEBRASKA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED AUGUST 31, 2018

2018-003 DOCUMENTATION OF PROCEDURES (Continued)

Cause

The District has limited number of personnel.

Potential Effect

Errors in the financial statements or disclosures could occur and not be detected by management.

Recommendations

The District has developed written procedures and policies in some areas. We recommend that the District continue to develop and formalize written policies and procedures to include all significant processes.

District's Response

The District utilizes the chart of accounts and accounting procedures prescribed by the Nebraska Department of Education. Informal control procedures are adequate due to our small size and supervisory activities by the Board and administrators. We will adopt any proposed revisions of this process as may be suggested by the auditor.

CONTROL DEFICIENCIES REPORTED IN PRIOR YEAR

Items 2018-001, 2018-002, and 2018-003 were also reported for the year ended August 31, 2017, in our report dated November 3, 2017.

To the Board of Education
Wakefield Community School District No. 560
802 Highland Street
Wakefield, NE 68784

Dear Members of the Board:

Our audit for Wakefield Community School District No. 560 for the year ended August 31, 2018, included tests of compliance necessary to conform to current Auditing Standards Generally Accepted in the United States of America and *Government Auditing Standards*. The audit also included tests for compliance with the calculation of Average Daily Membership reported on the Annual Statistical Summary Report as specified in 92 NAC 2, requirements of the Nebraska Budget Act (commencing with Section 13-501 R.R.S.), and the Tax Equity and Educational Opportunities Support Act (commencing with Section 79-1001 R.R.S.).

Our audit included testing of membership and attendance documentation that we determined necessary to conduct our audit in accordance with GAS, GAAS, and NDE Rule 1 requirements. In addition, we considered the District's controls over such reporting to determine appropriate audit procedures. Providing an opinion on compliance with the requirements related to the above reporting or on internal controls over such reporting were not objectives of our audit and, accordingly, we do not express any such opinions.

As a result of the above tests of compliance over Wakefield Community School District No. 560's student membership and attendance reporting we state the following:

1. We documented the District's policies and procedures for collecting student membership and attendance data.
2. We determined that the District was following its policies and procedures for collecting student census data.
3. We determined that attendance at the District is collected at least daily and calculated to the nearest tenth of a day.
4. We determined that the District maintains a cumulative attendance and membership record for each student.
5. We determined that the cumulative attendance and membership records contain the date of enrollment, number of days or partial days in attendance and absent during each school year enrolled, and the date of withdrawal or graduation.

6. We selected a sample of students from the District's attendance records for the year ended August 31, 2018, and traced the students to students' enrollment files to verify that the sample of students were enrolled as students of the District for the dates claimed in the attendance records.
7. We traced the totals reported by the District on its quarterly Student Summary Attendance report to the District's census recordkeeping system for all four quarters included in the fiscal year ended August 31, 2018.

The following items were noted regarding attendance and membership reporting, which were not reportable instances of noncompliance required to be reported in the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*.

The total days of enrollment in the first quarter in the NSSRS was exceeded by the District's attendance records as follows:

	School System	NSSRS	Difference
Kindergarten	1,336	1,333	3
1 st Grade	1,643	1,640	3
2 nd Grade	1,308	1,266	42
3 rd Grade	1,364	1,306	58
5 th Grade	1,074	1,060	14
11 th Grade	998	984	14

The total days of enrollment in the second quarter in the NSSRS was exceeded by the District's attendance records as follows:

	School System	NSSRS	Difference
2 nd Grade	1,624	1,577	47
3 rd Grade	1,551	1,504	47
6 th Grade	1,551	1,504	47
10 th Grade	1,504	1,457	47

The total days of enrollment in the third quarter in the NSSRS was exceeded by the District's attendance records as follows:

	School System	NSSRS	Difference
2 nd Grade	1,526	1,482	44
3 rd Grade	1,496	1,452	44

The total days of enrollment in the fourth quarter in the NSSRS was exceeded by the District's attendance records as follows:

	School System	NSSRS	Difference
2 nd Grade	1,540	1,496	44
3 rd Grade	1,496	1,452	44

Management did identify after the yearend that one student was omitted in the NSSRS data due to a software issue, and was able to correct the data with NSSRS. The District will contact NSSRS to resolve the remaining issues.

This report reflects the achievement of your graduates on the ACT over time and an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework. Table 1 shows the five-year trend of your ACT-tested graduates. Beginning with the 2013 Graduating Class, all students whose scores are college reportable, both standard and extended time tests, are included in this report.

Multicultural Activities 2017-2018

- We discussed how we are alike and different. There is a use for manners in every culture, not just our own. We used animal mascots/icons to remind us about the pillars and how other children react to you when you use these pillars.
- During the holiday season we incorporate discussions about each student's family traditions surrounding the holidays and how culture plays a part in our beliefs through song, art, and writing. Again, how are we different? How are we the same?
- Birthdays are a big part of kindergarten culture. We read a discuss how our families celebrate a birthday and why we do Where did that decision/tradition come from?
- Our goal for each year is to instill Trojan Pride in an "automatic" way. Our goal includes learning about interacting with others who may be different than we are. Are some of our "Everyday" manners different in other cultures? Is it okay to react in one way rather than another?
- What is Trojan Pride? How are we intrinsically motivated to do what is right;do our best always; and how we treat others when no one is watching.
- We made an "All About Me" Flag to show where we come from. Students presented these and through discussion further understand that each family is different just like each culture is different.
- Family groups as provided provided another way to explore students' families and culture.
- Read books on Martin Luther King.
- Did a math cut/paste activity for Martin Luther King.
- Read books about different holidays - Kwaanza...Hanukuk
- Discussed different holidays in classroom discussions.
- Throughout the year, my reading class has read books that have pertained to multicultural themes. Some books include: "Goin' Someplace Special" and "The Night of San Juan Hill". We also read chapter books such as Swan Lake, Maniac Magee and Touching Spirit Bear that led discussions and research dealing with Tlingit Indians, segregation and students with learning disabilities.
- The Envisions program incorporates multicultural people on the video and names. The story problems are real life situations that deal with different cultural themes.
- The third grade social studies curriculum consisted of various multicultural lessons and projects. Students engaged in Christmas around the world activities, Native American history, influential African American research, and many other multicultural traditions from around the world.
- Throughout the year, students were immersed in multicultural literature in guided reading, shared reading, read alouds, and independent reading. The classroom library includes a large quantity of books that include many titles with multicultural characters, settings, and plots. Our Scholastic News magazines also included numerous articles dealing with current events around the world.

- Day-to-day discussions and lessons incorporated comparisons and connections between our cultures and the cultures of others. Multiculturalism is embraced and valued everyday in our classroom.
- Multicultural activities we have engaged in throughout the year include labeling our classroom in English and Spanish and having multicultural dolls in our house area. We also did different activities talking about how every student is different and come from different backgrounds. We did an “All About Me” unit. Many books were read discussing the same topic and there were many multicultural books. The students brought pictures of their families and had the opportunity to talk about them. When students did crafts where they made pictures of themselves, they used a crayon or paper that matched their skin color.
- Guided Reading Groups - Books are listed below
 - Dr. King’s Memorial (a-z)
 - Martin Luther King Jr. (a-z)
 - Each Kindness by: Jacqueline Woodsen
 - Henry’s Freedom Box by: Ellen Levine
 - New Shoes (Battle of the Books)
 - Holidays Around the World (a-z)
- Country Research Project for the Winter Olympics
- We made “Me on the Map” interactive notebooks in order to help us understand where we are in the world in correlation/proximity to others. Though this is a very abstract idea for lower elementary students we are able to find many ways to connect through technology. We were able to use real pictures/videos which show how children from other places go to school, celebrate holidays, etc.
- Where do our clothes, shoes, foods come from? What do we buy or sell from how many different countries? Non-fiction picture books were utilized as well as the internet to study imports and exports essentially. Real photos and videos have helped students gain not only interest but knowledge about a wide array of products such as the food we eat and the vehicles we drive. This was very interesting and exciting for the children.
- Harmony Among Cultures read aloud and prompt
- Literature: Read Stone Fox, Walk Two Moons, Family Under the Bridge, Dr. Martin Luther King, Jr., Twenty and Ten, When the Soldiers Were Gone, One April Morning, World’s Cities, Cinco de Mayo Celebrations, Ruby Bridges, The Importance of Little Rock Arkansas High School, American Highways, Mighty Jackie, Wild Horses, Mystic Horse, Me and Uncle Romie, SparrowHawk Red, Hiroshima, Day of Tears, False Prince, May B, A Diamond in the Desert, Eight Keys.
- Reviewed numerous poems

- Created picture books in 5th and 6th grade

MULTI-CULTURALISM

SOCIAL STUDIES

Discuss various Native American tribes and their role in American History 1600-1865. Discuss slavery in southern U.S. impact and effects on the people and country. Also discuss gender roles in American History male and female.

Civil Rights issues in government and its impact on society. Gender roles and its impact on society. Various amendments with these issues.

ENGLISH

There are a number of multicultural activities that we do in the classroom. One activity centers around the unit "Folk Literature" in the 10th grade literature book. This unit includes selections about the following countries and/or cultures: Greece, Navajo, England, Mali, Finland, Germany, and Spain. The cultural differences provide a springboard for much discussion. Following the reading of the unit, students are asked to research one of the cultures and present to the class information they've learned.

MUSIC

Numerous multi-cultural lessons for elementary music, African songs, African American Spirituals, Japanese folk songs. Lessons include information about the culture and traditions of other countries.

High School women's choir performed "Sisi Ni Moja", an African song in Swahili at District Music Contest.

Music in other foreign languages including Latin, German, Italian, Hebrew.

SPANISH

We discussed on a daily basis some aspect of Hispanic culture or the history of a Hispanic country and its affect on the culture. When we discussed we compared and contrasted the cultural beliefs of the Hispanic country to the similar cultural belief of the United States, and/or to various regions and ethnic groups in the United States.

Some of the major culture concepts we discussed were as follows:

- attitude towards family,
- concept of family,
- attitude towards older members of family,
- attitude towards time,
- concept of the individual,
- attitude towards death,
- concept of the future,
- concept of "work-ethic vs. enjoyment"
- role of women,
- attitude towards religion,

observances of holidays,
etc.

For the various concepts we would discuss what their attitudes are, why these attitudes exist, whether they are changing and why, how they are alike and different from the attitudes of different regions and ethnic groups in the US, why certain attitudes exist in the US, and whether the attitude in the US is in the process of changing.

INDUSTRIAL TECH.

In my drafting class we talked about the different styles of buildings that are built through out the world. We also talked about the different modes of transportation that are used through out the world. The final way that we talked about multicultural events is when we talked about manufacturing process and where is it is most cost effective to take place.

MATH

In Integrated Algebra we utilized different number systems and talked about their impact on our decimal system.

In all of my classes we talked about how different cultures affect the wording in our problems that we solve.

In Algebra and Advanced Algebra we discussed several mathematicians and groups of people that had an impact on the curriculum that we have today.

In Advanced Math we discussed the background of topics such as trigonometry and discovered which cultures developed them.

FCS

Health Careers: Students practice communication skills in a hospital setting – focusing on diverse backgrounds. Example; pointing your finger in American cultural is fine, but in others it is considered rude.

Child Development: Students watch the movie called “Babies” – the movie is a documentary that shows how babies develop different because of their surrounds in four different areas of the world.

Nutrition: Students study foreign foods for one month. They learn different foods and eating patterns as well as cooking styles. Students make Day of the Dead mask for Latin American Cultural.

Design: Students studied fashion customs around the world.

SCIENCE

Discussed different recessive and dominant genetic disorders. Some genetic disorders only affect certain races, like Tay-Sachs disease is usually among Jews of eastern Europe decent, or sickle cell anemia is usually among African Americans

Discussed blood types. Look up the American Red Cross and noticed that certain blood types are more popular in different races. For example, Hispanics are more of O positive, African Americans are O positive, and Asians are more O and A positive
