This sets up a funding structure for the proposed sports complex upgrade. The leasing corporation would enter into a lease agreement with one bank. By the district establishing a non-profit leasing corporation, sales tax would not be paid on the project.

# Nebraska Energy Office Dollar and Energy Saving Loans

## Benchmarking & Energy Audit Program Participants are Eligible for 1.0% Loans

*How your school can access 1.0% rate loans for energy efficiency projects:*

- Work with lender of your choice – 290 eligible lenders across Nebraska. Check if a lender is eligible here: (Note: some lenders may no longer offer loans) <https://neo-lendersearch.ne.gov/NEOLenderSearch/faces/welcome.jsp>.
- Typical rate for schools is 5% to 3.5% for up to \$500,000\*
- To qualify for the 1.0% rate, schools must continue to benchmark buildings in the ENERGY STAR® Portfolio Manager program
- Energy Office purchases 50% of a 5% rate loan, 65% of a 3.5% rate loan and 90% of a 1.0% rate loan from your lender at no interest to facilitate the lower rate for the school
- Energy efficiency measures in your building audit with a 15 year simple payback or less are eligible for loan funding. Other projects that are considered pre-qualified include: a/c, furnace/heat pumps, insulation, lighting, and windows. For a detailed list, visit: <http://www.neo.ne.gov/loan/index.html>
- Improvements may NOT be contracted for or begun until Energy Office has approved the project and made a commitment to your lender

\* Projects larger than \$500,000 are subject to special approval.

For more information about possible projects and necessary forms visit [www.neo.ne.gov/loan/index.html](http://www.neo.ne.gov/loan/index.html) and look through the Dollar and Energy Saving Loans section.
