Secondary Principal Board Report
Wakefield Community Schools
November 2019

Here are some of the priorities that I have put before me the last month:

- I have focused much of my time getting in classrooms and beginning to observation and evaluation process with those staff that are in the “year 1” of the observation cycle as well as familiarizing myself with the “year 2 and 3” requirements for teaching staffin that cycle
- To implement MAP Growth Goal procedures and begin analyzing data and making plans for staff to use MAP data in classroom instruction, as well as plans to work with students in the Lo and LoAve areas.
- MAP data has not been utilized to it fullest capability and I am making plans to train all teachers how to access data and use it to make interventions in the classroom to target struggling students and to see areas of weakness in overall performance.
- Working with Mrs. Harding on an overall summative assessment plan for grades 7-12.

Here are some policies and procedures that have come up that I am focusing on to make sure they are upheld with diligence. Some of the policies I am working with staff and students to see if they can be streamlined and enhanced.

- Teacher observation informal walk through process. Hoping to utilize technology to track data and communicate with staff.
- Teacher committee structure.
- SAT process.
- EL and Special Education accommodations and modifications.

I take our school improvement goals seriously and review them daily, I have them posted on my wall. It is important that I identify daily practices for myself and my staff to ensure we make progress toward attaining these goals.

Goal #1: Wakefield School students will demonstrate improvement in comprehension by analyzing materials and applying it to their content area.

- Dr. Gary Nunnally, whom I worked with previously, worked with the secondary teaching staff on lesson plan design that centers on creating Master Learners. Most teaching training and strategies are focused on what teachers should do. If we want students to engage in learning and become active learners research shows that we should focus on what students are doing in the classroom. Dr. Nunnally’s training gives teachers useful tools that design a schema for learning, helping teachers design lessons that create active learners. Dr. Nunnally continued training and equipping teachers, on October 14th. Dr. Nunnally covered extensively the high yield strategy of reinforcing effort and

providing recognition. It has been my experience that this strategy goes a long way in creating the culture we want in our classrooms and school.

- When teachers reinforce effort, they translate the belief that all students can learn into actions that help make that belief a reality. Reinforcing effort is a process that involves explicitly teaching students about the relationship between effort and achievement and acknowledging students' efforts when they work hard to achieve. When teachers emphasize this connection, they help students develop a sense of control over their academic learning. Recognizing students' efforts along the way to achieving a goal helps them strengthen their resolve to complete the task or internalize the learning. As students see the results of working hard, they change their attitudes and beliefs about themselves and about their ability to learn. They often become more tenacious and resilient; they will persevere when a task is difficult and success doesn't come immediately. Students' increased sense of competence and control contributes to a positive learning environment and their motivation to learn.

Goal #2: Wakefield School students will demonstrate improvement in critical thinking and problem solving across all curricular areas.

- In connection with the training that Dr. Nunnally is providing I am focusing the conversations with teachers during observations to focus on the component in our evaluation tool described as 2b. 2b: Establishing a Culture for Learning.
- In classrooms with a strong culture for learning, everyone, including the teacher, is engaged in the pursuit of **value**. Rather than an atmosphere of "getting by" or "punching the time clock," or that learning is just the acquisition of information, both students and teachers take pride in their work and give their best effort to learn. The teacher conveys that it is not sufficient for students to be able to go through the motions, to follow a procedure without understanding **why**. Students must develop conceptual understanding; it must build from one idea to another, and students should be able to explain to the teacher why something is the way it is.
- A culture for learning is also evident—or not—in the school as a whole.

Goal #3: Wakefield School Students will improve their character, leadership, and pride in school and community.

- I make it a point to present students and staff with a daily message focused on positive attitude, effort, mindset and relationships. I still see myself as a coach and take the opportunity to start the day off right.
- Mrs. Virgil and the Student Council did a great job of planning Unity week. It was an impactful event that highlighted anti-bullying and Unity within our school.
- A group of Senior leaders planned and organized a pep rally that recognized our FB and VB teams. They did a great job.
- Mrs. Harding, Mr. Clay, Mrs. Messersmith and I are meeting with small groups of 8th graders and counseling them on bullying and social media citizenship. In a survey of the class only 11% identified bullying as being an issue with their class, though 76% said

that they or a friend were the target of negative comments on social media. We plan to meet monthly to have small group discussions focusing on positive relationships at school and in social media.

- The Drama department will perform for the entire school on November 27th.

about ESU #1

Educational Service Unit #1 provides services to the local school districts in Cedar, Dakota, Dixon, Knox, Thurston and Wayne counties in northeast Nebraska. ESU #1 is one of 17 Educational Service Units statewide.

The service units were created by the state Legislature in 1965 and later placed under the jurisdiction of the Nebraska Department of Education.

Historically, the purpose of the ESUs has been to provide services that individual school districts can't economically or efficiently provide for themselves. As the school districts identified new needs, the diversity of services offered by the ESUs evolved.

ESU #1 is headquartered in Wakefield and provides a variety of special education, staff development, technology and media services to the 22 school districts in its six-county area. ESU #1 also operates the Level III program at the Tower School in Wayne.

early learning connection professional development system grant

Northern Early Learning Connection Partnership

The Northern Early Learning Connection (ELC) for the Nebraska Department of Education, Office of Early Childhood, supports ESUs #1, 8 and 17, with a home office at ESU #1.

ELC's work collaboratively with child care programs, school districts, Head Start programs, and state and local agencies/organizations to ensure that a comprehensive array of early childhood professional development activities are planned, implemented and accessible to all teachers who work with children birth to age 8. These partnerships ensure that the professional experiences enhance the skills of early childhood educators in the specific content areas outlined by the NDE Core Competencies.

All partners are welcome to participate and engage in the planning and implementation of key events in the Northern region. All professional development opportunities reflect state priorities and best practices as well as addressing local needs. Partnerships, connections with state systems, linking trainers to content, communications and promotions are critical components of the ELC's work.

In the 2018-19 grant year, 140 events have taken place with over 2,000 participants. Our web presence, including the ELC Facebook page and listserv communications, impact approximately 2,000 educators in the early childhood community.

education of migratory children grant

Migrant Education Program

The ESU #1 Migrant Education Program (MEP) works to ensure that migrant children fully benefit from the same free public education provided to other children. To achieve this, MEP supports educational programs for migrant children to help reduce the disruptions to learning and other problems that result from repeated moves.

One of the MEP's purposes is to ensure that the special educational needs of migrant children are identified and addressed. The MEP provides migrant students with the opportunity to meet the same challenging state academic content standards that all children are expected to meet. Our program promotes interstate and intrastate coordination of services for migrant children, providing for educational continuity through the timely transfer of pertinent school records.

Our MEP hosted binational teachers from Jalisco, Mexico. This allowed us to oversee summer programs in three locations serving our MEP students in South Sioux City, Dakota City, Emerson, Wayne, Wakefield and Norfolk. During programming, our binational teachers enrich our students with cultural lessons, which included educational experiences.

Lastly, MEP sponsors family literacy services for migrant children and their families through Family Engagement Meetings throughout all of the ESU #1 area.

- ▶ MTSS (Multi-Tiered System of Supports) is a systematic framework of providing high-quality instruction using evidence-based practices tailored to meet the needs of all students across three tiers of support. Data-based decision making and problem solving assist in identifying additional supports, and classroom coaching ensures fidelity of implementation. ESU #1 provides training and coaching support to schools.
- ▶ NCCRS-S (Nebraska's College and Career Ready Standards for Science) were approved by the State Board of Education in September 2017. As a result, ESU #1 provided a variety of professional learning opportunities for area districts both onsite at districts and workshops facilitated at the ESU. Topics presented include: Introduction to the NCCRS-S, Phenomena, 3-Dimensional Instruction, Curriculum Alignment/Mapping, and Assessment.

Technology infrastructure

Technology

In 2018-19, the need for high-bandwidth connections continued to grow, with more schools going 1-to-1 using Chromebooks and IOS devices. The Northeast Nebraska Network Consortium (NNNC) peak bandwidth exceeded 5.25 gigabits this year, planning an upgrade to 7 gigabits of bandwidth to the Internet with burst capabilities. The Technology Department at ESU #1 has been working to support technology by:

- ▶ collecting data and helping districts connect to and interpret that data, as well as providing guidance on educational decisions;
- ▶ offering Zoom licenses for desktop to desktop video conferencing, with Canvas as our learning management system, and encouraging schools to participate in virtual field trips and to share classes via distance learning; and
- ▶ supporting teacher/principal evaluations, designing and using an instrument to assist in the process.

Technology Integration Specialist

Integration

The ESU #1 Technology Integration Specialist provides assistance for students, teachers, support staff and administrators through instruction in the areas of technology integration and digital resources.

During the 2018-19 school year, the technology integration specialist provided workshops on Canvas to K-12 instructors across ESU #1. Other technology projects facilitated by the technology integration specialist included working with the Carl Perkins Blend-ED coaching project, Carl Perkins Project-based Learning project, ADVISER, Clarity BrightBytes implementation, data analysis and assisting several schools with student data organization and analysis for external reviews.

The annual NNNC Summer Technology Institute — a Northeast Nebraska Network Consortium collaboration that includes school districts in ESUs #1, 2, 7, 8 and 17 — was a huge success. More than 150 teachers and administrators attended the two-day event on May 29-30, 2019, at the Lifelong Learning Center in Norfolk.

Instructional materials

Materials

ESU #1 provides a variety of instructional materials to school districts in Cedar, Dakota, Dixon, Knox, Thurston and Wayne counties. As a participant in IMat (a subgroup of Nebraska's Teaching & Learning with Technology affiliate group), ESU #1 secures digital rights to instructional video titles and services to benefit students. Other services include access to online content such as Learn360, World Book Online and Visual Thesaurus.

Media center

Media

The ESU #1 Media Center provides instructional assistance for schools in northeast Nebraska by supplying professional development resource materials, programs and inventory distribution for assistive technology and SPED department inventory and equipment, as well as individual orders for binding and laminating for administrators, teachers and staff at schools in the ESU #1 service area.

special education services

ESU #1 Special Education staff are committed to meeting the diverse needs of the families, students and schools in our service area. Our expert service is focused on increasing student achievement through collaborative problem solving and relationship building. It is a privilege to serve the districts and families in the ESU #1 service area.

Program supervision

The primary function of the Special Education Director is to recruit qualified personnel to fulfill the requirements of contracting districts, in addition to the assignment, supervision and support of staff. A secondary function is to provide consultation to area districts on matters that include budget assistance, student placement, federal and state mandates and other related issues.

Audiology

The ESU #1 Audiology Department, consisting of one full-time certified/licensed audiologist and assisted by the speech/language pathologists, serves children with audiological screening, testing and follow-ups in their homes, schools and in a soundproof testing suite at the Wakefield office.

More than 14,985 screenings and follow-up tests were completed during the 2018-19 school year. In addition, the ESU #1 audiologist serves students involved in the Northeast Regional Program for the Deaf and Hard of Hearing.

Speech/language

The ESU #1 Speech and Language Department consists of 24 speech and language pathologists (SLPs). The department focuses on a team approach, working together to provide assessment and intervention services to students from birth to 21 years of age. The SLPs serve students in areas that adversely affect student's education, such as articulation, language, phonology, apraxia, voice, fluency, literacy readiness, hearing, social skills, autism and other disorders.

Assisted by the audiologist, they also participate in providing hearing screenings to all students in ESU #1 districts. They work as a team with local school districts in providing direct and consultative services, as well as advocate for families and children with speech, language and hearing disorders.

During the 2018-19 school year, the ESU #1 SLPs served 1,013 children.

Deaf education

The ESU #1 Deaf Education Program provides direct and consultative services to students from birth to 21 years of age who have a verified hearing loss. The program offers in-services to staff; provides input at Individual Education Program (IEP), Multidisciplinary Team (MDT) and Student Assistance Team (SAT) meetings; assists schools with equipment needs students; and advocates for families and children who have a hearing loss.

During the 2018-19 school year, the ESU #1 Deaf Education Program consulted on and served 46 children.

School psychology

Psychology

The ESU #1 School Psychology Program provides services in consultation, assessment and intervention to assist educators, parents and other professionals in understanding the learning, social-emotional and behavioral needs of students, and in identifying effective strategies to help children be successful learners.

During the 2018-19 school year, ESU #1 school psychologists conducted nearly 500 academic and behavioral evaluations, provided individual and group counseling sessions to over 100 children and adolescents, completed over 100 behavioral intervention plans and/or functional behavioral assessments and collected data on over 3,500 students in the area of reading fluency, reading comprehension and math to help guide instructional decisions and changes.

ESU #1 psychologists continue to implement and encourage the Multi-Tiered Systems of Support (MTSS) and the development of mental health supports. Current data supports this movement with a reduction in evaluations and an increase in pre-referral interventions.

Physical and occupational therapy

PT/OT

Three physical therapists and five occupational therapists served 348 school-aged students and completed 85 evaluations during the 2018-19 school year. Through consultations with students and their families, as well as school personnel, therapists work to enhance learning and participation, achieve physical milestones and to foster independence. PTs and OTs completed 110 early childhood evaluations using the Primary Service Provider model and provided services for 172 families.

Transition

Transition

The ESU#1 Transition Program is designed to help students with disabilities bridge the gap between school experiences and adult life, and helps students function as productively and independently as possible within an integrated adult environment.

Transition-age students are those who are 16 or older. More than 155 students were provided transition services during the 2018-19 school year. Interest and aptitude testing, job shadows, internships and information about college programs and Job Corps are some of the experiences students may receive during the transition process. The goal is to assist students in finding a realistic career that fits with their interests, preferences and strengths.

Visual/orientation & mobility services

Vision

Orientation & mobility services were provided to three students in two districts within the ESU #1 area, as well as four students from ESU #8.

special education services

Tower School Level III Program

Tower

Tower School in Wayne, Nebraska, was built during the fiscal year of 1992-93 and provides contracted services to school districts in an alternative setting and on an outreach basis. The Tower School program consists of two specialized classrooms with students placed in classrooms based on individual needs.

The services Tower School provides focus on applied behavior analysis, social skills, functional skills, daily living skills, job skills, transition skills and ultimately prepares students to be contributing members of society and experience success in a variety of settings.

During the 2018-19 school year, three certified teachers, along with other itinerant service providers and paraeducators, served a total of 41 students from 15 area school districts.

Early Childhood (ECSE) and Early Development Network (EDN)

ECSE

EDN

The Early Childhood Special Education Program (ECSE) provides services to children with disabilities from birth through age 5 using a Primary Service Provider (PSP) approach. Families receive support from one of five geographically based teams that minimally consists of an early childhood provider, occupational therapist, physical therapist, services coordinator and a speech language pathologist. In addition, the teams have access to a vision consultant, deaf educator, audiologist and school psychologist as needed. One team member is selected as a primary provider to work closely with each family while receiving support from an entire team of experts.

Together, the child's parents and the PSP develop child and family outcomes and goals. The PSP uses evidence-based intervention practices to work toward achieving those outcomes and goals. This approach focuses on relationships with families, building the capacity of the child's parents, caregivers, and/or preschool teachers and increasing opportunities for growth within the context of everyday routines and activities.

The Early Development Network (EDN) provides services and supports specifically for children birth to age 3 and their families. The goal of the EDN is to provide coordinated services for families as conveniently as possible. EDN Services Coordinators are instrumental in working with agencies in the community that provide services to make sure the child and family get the help they need.

During 2018-19, ECSE/EDN served 235 children by providing evaluations, consultations and/or direct services. Of the children served, 152 were birth-2 years old and 83 were 3-5 years old.

ECSE and EDN also assisted with early childhood screenings, kindergarten roundups, teacher trainings, and pre-service presentations at local colleges, community nights, school registration nights and pre-natal/post-natal health fairs.

Improving Learning for Children with Disabilities (ILCD) Facilitator

ILCD

According to 92 NAC 51 004.13, all districts must participate in an ongoing review of their special education programs using the Improving Learning for Children with Disabilities (ILCD) process. This process involves analyzing data, identifying a focus area for improvement, developing a Targeted Improvement Plan (TIP) and implementing the TIP. This matches the general education school accreditation process to emphasize the importance of ILCD being a part of — not separate from — overall school improvement.

The ILCD Facilitator works with all districts in the ESU #1 service area to support district teams in every stage of the TIP process to ultimately have a positive impact on outcomes for students with disabilities.

Assistive Technology Team

Assistive Tech

Assistive technology can include “high tech” tools such as switches, switch-adapted toys, computer software, adaptive equipment and dedicated voice output communication aids or “low tech” tools like adapted books. The ESU #1 Assistive Technology Team aids districts in the determination of a student’s need for services, including evaluations, consultations and short-term equipment loans.

During the 2018-19 school year, the ESU #1 Assistive Technology Team provided 10 technology consultations in six school districts

Autism Spectrum Disorder (ASD) Team

ASD

Autism is a behaviorally defined disorder that is generally recognized by disturbances in communication, social interaction and perceptual organization or patterns of behavior. Diagnosed individuals may exhibit a variety of symptoms, ranging from mild to severe, and may display a wide range of skills and deficits.

ESU #1’s ASD Team served over seven schools and 12 students during the 2018-19 school year. More specifically, the two ADOS-2 (Autism Diagnostic Observation Schedule, Second Edition) teams traveled to three school districts to assess six students. Additionally, the South Sioux City ADOS-2 team administered six ADOS-2 evaluations this school year.

Usher Syndrome Team

Usher

Usher syndrome is an inherited condition that affects both hearing and vision. Currently, there is no cure, which makes early identification paramount in providing appropriate educational programs. The main purpose of the team is to screen those children and youths who are hearing impaired and who fit the profile for Usher’s for visual acuity difficulties.

Brain Injury Regional School Support Team (BIRSST)

BIRSST

Nebraska is divided into five regional Brain Injury School Support Teams (BIRSST). The Northeast Region BIRSST team includes members representing ESU’s #1, 7 and 8. BIRSST teams provide support to schools that teach students who have sustained mild (e.g., concussion) or severe traumatic brain injuries. The teams also assist Nebraska educators, parents and Concussion Management Teams (CMT) by providing consultation, trainings and resource materials.

During the 2018-19 school year, the Northeast Region BIRSST team provided education to all ESU #1 schools by promoting the Nebraska Concussion Coalition and NSAA endorsed REAP manual. In addition, copies of “Brain Injury in Children and Youth: A Manual for Educators” was distributed to speech therapists and school psychologists serving schools in the Northeast Region. A BIRSST webpage on the esu1.org website assists area schools in navigating Return to Learn and Return to Play protocols, concussion management and concussion law. A comprehensive list of brain injury related resources are also included.

special education services

Implementing an early intervention approach

ESU #1 provides early intervention services according to what research indicates as best practice for children birth through age 5. Specifically, ESU #1:

- ▶ conducts a Routines Based Interview (RBI) with all families to gain an understanding of child/family priorities;
- ▶ implements Individual Family Service Plans (IFSPs) and Individualized Education Programs (IEPs) focused on child and family outcomes;
- ▶ utilizes a Primary Service Provider (PSP) to teaming which provides access to all disciplines on a weekly basis;
- ▶ utilizes coaching as the primary style of interaction for service delivery to build capacity of the adults interacting with the child most frequently;
- ▶ provides services in natural environments based on child interests, activity settings/routines, and parent/teacher/caregiver responsiveness; and
- ▶ relies on evidence-based practices for intervention.

ESU #1’s approach to early intervention aligns with the Nebraska Department of Education’s plan to address the federal initiative, Results Driven Accountability (RDA). RDA is intended to close the achievement gap between students with disabilities and their non-disabled peers.

agency improvement process

Our mission: Providing innovation, leadership and service

ESU #1 became nationally re-accredited through AdvancED in March 2017.

On the second Monday of each month, the ESU #1 Agency Improvement Team meets in conjunction with the Professional Services Team (PST) monthly meeting. The team consists of administration, teaching and learning specialists and technology personnel. This team provides guidance, leadership and facilitation to keep continuous improvement activities moving forward.

During the monthly meetings, the team reviews ESU, district and other stakeholder data, organizes all-staff days and annual data-retreat activities, and completes AdvancED requirements

through eProve, AdvancED’s online evidence and support tool.

All ESU #1 employees support the continuous improvement process through department goal-setting, participation in all-staff days and data-retreat activities, as well as the completion of AdvancED stakeholder surveys.

Our vision — *ESU #1 will model excellence by helping schools increase educators’ effectiveness and student learning as a result of expert services* — and our mission — *Providing innovation, leadership and service* — guide our agency improvement efforts and keep our focus on the needs of our partner districts.

REPORTS

ELEMENTARY PRINCIPAL REPORT

- All elementary students have completed the fall MAP window. During our summer school improvement meeting, it was determined that we would take MAP two times for sure (fall and spring) but teachers will be given the option to test in the winter.
- We completed our AimsWeb Universal Screening process to address one of the Nebraska Reads requirements.
- During our September In-service Day, staff participated in on-site Exact Path training. Teachers were taught how to use the program, set up classes and how to use the data that comes from the program. Our implementation team set the expectation that all kids would participate in Exact Path daily for 30 minutes until the end of the 1st quarter.
- GPD/VIP Day was held on September 27. We had approximately 200 guests.

SECONDARY PRINCIPAL REPORT

- Dr. Gary Nunnally worked with the secondary teaching staff on lesson plan design that centers on creating Master Learners. Most teaching training and strategies are focused on what teachers should do. If we want students to engage in learning and become active learners, research shows that we should focus on what students are doing in the classroom. Dr. Nunnally's training gives teachers useful tools that design a schema for learning, helping teachers design lessons that create active learners.
- Mr. Wulf presented training to the secondary staff on making accommodations and modifications for students with learning disabilities and deficiencies. An important component of the educational

process is how we differentiate instruction and assessment for our students with verified learning disabilities as well as language difficulties.

- Mrs. Virgil has begun to develop leaders within the Student Council. The student council was instrumental in leading our input into the colors, name and mascot of the athletic co-op. The Council put a lot of time and effort into our proposal as a school. A committee of Abby Heimann, Jeremiah Chase and Aishah Valenzuela represented us at the meeting of the three schools. They did an excellent job under the guidance of Mr. Hassler. They were thoughtful, bold and gracious.

SUPERINTENDENT REPORT

- Wakefield high school students have the opportunity to be involved in the downtown redevelopment survey. RDG is asking for a variety of stakeholder groups and would like high school to identify 10-12 people to represent high school age students. This is a unique opportunity for our students to be directly involved in Wakefield community improvement.
- The October 1st School Census is completed and attached to this report. Data shows that growth this year occurred at the high school level experienced a 10-student increase. The elementary is at the same count as last year at 333 students. The high school enrollment is 218 students. Total enrollment including PreK – 12 is 551 students.
- Mike Hassler submitted a grant to the Gardner Foundation to remodel the weight room with new equipment and flooring. In addition, an expanded speed and agility room will replace a portion of the storage room in the activities center gym. The new area will be for speed and agility equipment. Wakefield Community Schools is collaborating with the Gardner Foundation and is paying 50% of the cost of the remodeling. The total cost of the project is \$149,000.
- Wakefield Community Schools is conducting a series of community engagement activities seeking to involve all stakeholders in looking at strategic goals development. Teachers and support staff will be involved in the process through a survey at the November 4th in-service meeting. Everyone is welcome to the community meeting. Additional information will be made available, as dates are set.

PUBLIC & PERSONNEL RELATIONS

- The committee met with WEA, Wednesday, September 25. It was decided to hold off on the WEA survey in lieu of the upcoming community engagement plan.
- A meeting needs to be set to discuss negotiations and set a first meeting with WEA which must be done by November 1st.
- The Superintendent evaluation needs to be submitted by board members to Mark Victor by November 1st.

- Discussion took place about how the new mascot, name and color scheme would be developed and voted upon by the student bodies.
- Junior High sports seem to be going well with all three schools combined.
- Administration has been discussing facilities and trying to develop a plan as to where games would be held.
- Administration is hoping to fill the full-time AD position by December.
- Superintendents will meet to work on NSAA paperwork, handbooks, AD job description and facility plan.

- A generic resolution would make it easier to add future sports and activities.
- If we would offer softball, paperwork needs to be filed by July 1 with NSAA.
- Discussion about what academics the schools could work together on also: speech, one act, musicals, plays, band and choir...
- Emerson would be interested in a speech cooperative.
- Unified Bowling, Cheerleading and Dance were discussed as possible activities.
- The general resolution will be voted on the at the October meeting. The resolution will include mascot, color and name. If any school votes no, we will have to relook at things.

DISCUSS AND TAKE APPROPRIATE ACTION ON FULLY COOPING BOYS BASKETBALL.

Sherri Lundahl sent a letter to Mark Victor, Shannon Johnson and Mr. Bejot requesting that we reconsider changing/amending the proposed cooperative agreement timeline to include boys basketball for the upcoming 2020-2021 season. It has been discussed the need to complete a Title IX review of

our sports program. Keeping the boys separate in and of itself does not violate Title 9. Allen and Emerson's superintendents said they are more than in agreement to coop boys basketball next year. They may choose to form a two school cooperative for next year without Wakefield due to low boys numbers at Emerson-Hubbard and Allen if boys basketball is not included in the three school coop.

Motion to table cooping boys basketball for the upcoming 2020-2021 season with Allen Consolidated and Emerson- Hubbard schools until discussion with Coop Committee passed with a motion by Keagle and a second by Brown.

CONSIDER, DISCUSS, & TAKE NECESSARY ACTION TO ENTER INTO A FULL SPORTS COOPERATIVE (INCLUDING BOYS BASKETBALL BY 2021-2022) AS QUAD COUNTY TRAILBLAZERS, COLORS ARE BLACK, CHARCOAL AND GOLD AND A BUFFALO/BISON MASCOT, BEGINNING IN THE 2020-2021 SCHOOL YEAR. THIS AGREEMENT INCLUDES WAKEFIELD, EMERSON-HUBBARD AND ALLEN CONSOLIDATED SCHOOLS.

Three school student councils came together at ESU #1 with each school bringing up to three names, mascots and colors on September 30. Student teams presented their recommendations. The teams top choices for name were Quad County, Middle Creek, and South Dixon. The committee sought input from the NSAA Executive Director asking if Quad County is okay and not competing against the Quad County Northeast wrestling cooperative. Quad County was approved as a name since it is a full cooperative name.

The students agreed to the Trailblazers and Yellow Jackets as their two mascot choices. The committee agreed on either Quad County or Middle Creek as their name choice. The two color choices selected were Navy Blue, Gold, and Maroon and Black, Charcoal and Gold.

All three schools student bodies grades 6 - 12 voted for their first and second choices. The schools selected the name Quad County, Trailblazers with the colors of Black, Charcoal & Gold.

Motion to enter into an activities cooperative beginning in the 2020-2021 school year. This agreement includes Wakefield Community Schools, Emerson-Hubbard Public Schools and Allen Consolidated Schools. This report reflects the achievement of your graduates on the ACT over time and an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework. Table 1 shows the five-year trend of your ACT-tested graduates. Beginning with the 2013 Graduating Class, all students whose scores are college reportable, both standard and extended time tests, are included in this report.

WAKEFIELD CMTY SD 90-0560

ACT Research has shown that it is the rigor of coursework - rather than simply the number of core courses - that has the greatest impact on ACT performance and college readiness. Figures 2 and 3 report the value added by increasingly rigorous coursework in mathematics and science respectively.

Figure 2. Average ACT Mathematics Scores by Course Sequence

Value Added by Mathematics Courses

Students who take Algebra 1, Algebra 2, and Geometry typically achieve higher ACT Mathematics scores than students who take less than three years of mathematics. In addition, students who take more advanced mathematics courses substantially increase their ACT Mathematics score.

Figure 3. Average ACT Science Scores by Course Sequence

Value Added by Science Courses

Students taking Biology and Chemistry in combination with Physics typically achieve higher ACT Science scores than students taking less than three years of science courses.

In order to ensure that all students are ready for college, an overview of vital action steps is provided.

College Readiness for All: An Action Plan for Schools and Districts

- 1. Create a Common Focus.** Establish collaborative partnerships with local and state postsecondary institutions to come to a shared understanding of what students need to know for college readiness. Use ACT's College Readiness Benchmarks as a common language to define readiness.
- 2. Establish High Expectations for All.** Create a school culture that identifies and communicates the need for all students to meet or exceed College Readiness Benchmark Scores.
- 3. Require a Rigorous Curriculum.** Review and evaluate the rigor and alignment of courses offered and required in your school in English, mathematics, and science to ensure that the foundational skills leading to readiness for college-level work are taught, reaffirmed, and articulated across courses.
- 4. Provide Student Counseling.** Engage all students in early college and career awareness, help them to set high aspirations, and ensure that they plan a rigorous high school coursework program.
- 5. Measure and Evaluate Progress.** Monitor and measure every student's progress early and often using college readiness assessments like ACT Aspire and the ACT. Make timely interventions with those students who are not making adequate progress in meeting College Readiness Benchmarks.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position - modified cash basis of the governmental activities, each major fund, and the aggregate remaining fund information of Wakefield Community School District No. 560, Wakefield, Nebraska, as of and for the year ended August 31, 2019, and the respective changes in financial position - modified cash basis for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

WAKEFIELD COMMUNITY SCHOOL DISTRICT NO. 560
WAKEFIELD, NEBRASKA
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant accounting policies of the Wakefield Community School District No. 560, Wakefield, Nebraska (the District).

Reporting Entity

The Wakefield Community School District No. 560, Wakefield, Nebraska's Board of Education is the basic level of government, which has financial accountability and control over all activities related to public school education in the District. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since the District's board members are elected by the public and have decision-making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters. In addition, there are no component units, as defined in Governmental Accounting Standards Board Statement No. 14, which are included in the District's reporting entity.

All significant activities and organizations on which the District exercises oversight responsibility have been included in the District's financial statements.

Basic Financial Statements - Government-Wide Statements

The District utilizes the provisions of Statement No. 34 of the Government Accounting Standards Board, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Statement No. 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into the following components: restricted and unrestricted.

The statement of net position and statement of activities report information on the District as a whole. They include all funds of the District except for fiduciary funds. The effects of interfund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not report any business-type activities.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include (1) charges to customers or applicants who purchase, use, or directly benefit

from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as general receipts.

Basic Financial Statements - Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements as applicable.

The financial transactions of the District are reported in individual funds in the fund financial statements. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, receipts, and disbursements.

Fund Types

The accounts of the District are organized on the basis of funds, which are grouped into the following fund types:

Governmental Fund Types

General Fund - The General Fund is the general operating fund of the District and accounts for all receipts and disbursements of the District not encompassed within other funds. All property tax receipts and other receipts that are not allocated by law, budgetary requirement, or contractual agreement to some other fund are accounted for in this fund. General operating disbursements and the new replacement capital outlay costs that are not paid through other funds are paid from the General Fund.

The General Fund for financial reporting purposes also includes the following components, which are considered funds for budgetary purposes but do not meet the definition as special revenue funds as clarified in GASB No. 54, or whose activities are insignificant and reporting as part of the General Fund is allowable.

Employee Benefit Fund - The Employee Benefit Fund is established to specifically reserve General Fund money for the benefit of the District employees.

Depreciation Fund - The Depreciation Fund is used to accumulate funds for the eventual purchase of significant capital outlay by reserving such monies from the General Fund.

Fund Types (Continued)

Governmental Fund Types (Continued)

Student Fee Fund - A Student Fee Fund is established to collect fees for participation in extracurricular activities, postsecondary education costs, and summer school or night school. The money is disbursed for the purposes for which it was collected from the students. The primary activity reported in this fund are the receipts and disbursements of driver's education.

School Nutrition Fund - The School Nutrition Fund is used to accommodate all aspects of the School Lunch Program and accounts for all receipts and disbursements of all Child Nutrition Programs.

Special Building Fund - The Special Building Fund is established for acquiring or improving sites and buildings, including the construction, alteration, or improvement of buildings.

Bond Fund - This fund accounts for taxes levied and other revenue specifically maintained for the payment of bond principal and interest. Proceeds from bond issuance are deposited and recorded as a receipt in the Special Building Fund. Proceeds from refunding bond issues are deposited and recorded as a receipt in the Bond Fund. The General Fund is used to make bond principal and interest payments if the Bond Fund balance is not sufficient to meet these requirements.

Qualified Capital Purpose Undertaking Fund - The Qualified Capital Purpose Undertaking Fund may be established for the removal of environmental hazards, the reduction or elimination of accessibility barriers in District buildings, and the repayment of a qualified zone academy bond issued for a qualified special purpose. General Fund disbursements for the purpose of this fund are not allowed.

Fiduciary Fund Types

Activities Fund - The Activities Fund is used to account for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially self-supporting school activities not part of another fund. It is reported as an agency fund.

Major Funds

The District reports all governmental funds as major funds. The General Fund and its components are considered one fund for reporting purposes.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District prepares its financial statements on the modified cash basis, which is in conformity with the accounting practices prescribed or permitted by the State of Nebraska Department of Education.

The modified cash basis of accounting is a basis of accounting other than GAAP as established by GASB. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein, and only recognizes revenues, expenses, assets, and liabilities resulting from cash transactions, adjusted for modifications that have substantial support in generally accepted accounting principles.

Only cash (and cash equivalents) and items that involve the receipt or disbursement of cash (or equivalents) during the period are recognized, except for the following modifications:

Assets that normally convert to cash or cash equivalents (e.g., certificates of deposit) that arise from transactions and events involving cash or cash equivalents are recognized; and

Taxes and other revenues collected by the county treasurers are included in revenues of the District in the year collected by the counties and the District funds held by the county treasurers at year end are included as assets of the District. This is in accordance with the requirements of the State of Nebraska Department of Education.

As a result of the use of this modified cash basis of accounting, certain transactions are not recorded in the financial statements. For example, accounts receivable and revenue for billed or provided services that have not been collected in cash are not accrued as revenue or receivables. Additionally, capital assets, such as property, equipment, and infrastructure, are not reported and long-term liabilities, such as debt and compensated absences, are not reported.

If the District utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented in accordance with the accrual basis of accounting.

Capital Assets

Capital assets are not recorded as assets on the government-wide or fund financial statements, and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

WAKEFIELD COMMUNITY SCHOOL DISTRICT NO. 560
WAKEFIELD, NEBRASKA
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Long-Term Obligations

Long-term debt is not reported as a liability in the government-wide or fund financial statements. Proceeds from long-term debt are reported as receipts and payments of principal are reported as disbursements in both the government-wide and fund financial statements.

Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in two components:

Restricted net position consists of net assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or through constitutional provisions or enabling legislation.

Unrestricted net position consists of net assets that do not meet the definition of restricted.

It is the District's policy to use restricted net assets first, prior to the use of unrestricted net assets, when a disbursement is paid for purposes in which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable

This classification includes amounts that cannot be spent because they either (a) are not in spendable form or (b) are legally or contractually required to be maintained intact. The District currently has no amounts classified in this category.

Equity Classification (Continued)

Fund Financial Statements (Continued)

Fund Balance Classification (Continued)

Restricted

This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District currently has no amounts classified in this category.

Assigned

This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board delegating this responsibility to the District administrator through the budgetary process.

Unassigned

This classification includes the residual fund balance for the General Fund.

The District would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Interfund Balances and Activities

In the process of aggregating the financial information of the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

WAKEFIELD COMMUNITY SCHOOL DISTRICT NO. 560
WAKEFIELD, NEBRASKA
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budget Process and Property Taxes

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements lapse at year end. Any revisions to the adopted budget of total disbursements to any fund require a public hearing. State statutes of the Nebraska Budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various disbursements and/or tax levy limitations.

The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which tax levy attaches as an enforceable lien on property within the District as of January 1. Taxes are due as of that date. One-half of the real estate taxes due January 1 become delinquent after the following May 1, with the second one-half becoming delinquent after September 1.

Compensated Absences

In accordance with the modified cash basis of accounting, vacation and sick leave are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

NOTE 2. CASH

For the following disclosures, deposits - including checking accounts, savings accounts, money market accounts, and certificates of deposit - are all classified as cash on the financial statements.

The District's cash is reported as follows:

Governmental-type activities	2,536,253
Fiduciary Funds	110,650
Total cash and investments	2,646,903

The carrying value (fair value) of the cash consisted of the following:

Demand deposits	2,631,052
Certificates of deposit	15,851
Total cash and investments	2,646,903

NOTES TO FINANCIAL STATEMENTS

NOTE 2. CASH (Continued)

At August 31, 2019, there were no certificates of deposit maturing beyond one year.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of August 31, 2019, all of the District's deposits with financial institutions were fully insured or collateralized by securities held in the District's name in the form of joint safekeeping receipts. State law requires all funds in depositories to be fully insured or collateralized, and the District's policy is to require depositories to provide pledged securities to cover deposits in excess of FDIC limits.

Investments

As defined by Governmental Accounting Standards Board Statement No. 3, the District had no investments as of August 31, 2019.

NOTE 3. RETIREMENT PLAN

Plan Description

The Wakefield Community School District No. 560 contributes to the Nebraska School Employees Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions.

In 1945, the Nebraska Legislature enacted the law establishing a retirement plan for school employees of the State. During the NPERS fiscal year ended June 30, 2018, there were 265 participating school districts. These were the districts that had contributions during the fiscal year. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, and Nebraska Community Colleges), are members of the plan.

Benefits Provided

Normal retirement is at age 65. For an employee who became a member before July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service or (2) the average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor (currently 2%) set by statute, and an actuarial factor based on age.

WAKEFIELD, NEBRASKA
NOTES TO FINANCIAL STATEMENTS

NOTE 3. RETIREMENT PLAN (Continued)

Benefits Provided (Continued)

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service or (2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor (currently 2%) set by statute, and an actuarial factor based on age.

Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later.

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or two and one-half percent. The current benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75 percent of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost-of-living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent.

Contributions

Contribution provisions are established by State law and may be amended only by the Nebraska legislature. The State contribution is considered a nonemployer contribution since school employees are not employees of the State. The contribution rates (as a percentage of covered payroll for the year) were as follows:

- Members (employees): Each member contributed 9.78% of monthly salary.
- District: The District contributed 101% of the member contributions.
- State: The State contributed 2% of estimated payroll for the plan year.

The District's contribution to the Plan for its year ended August 31, 2019, was \$344,762.

Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement Systems Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing the NPERS, P.O. Box 94816, Lincoln, NE 68509-4816, by calling 1.800.245.5712 or via the internet at http://www.auditors.nebraska.gov/APA_Reports.

NOTE 6. DIXON COUNTY COMMON SCHOOL COOPERATIVE ACCOUNT

In February 2007, the District approved an agreement to establish the Dixon County Common School Cooperative, pursuant to the Nebraska Interlocal Cooperation Act, with five other area schools to receive and distribute funds received pursuant to certain civil penalties ordered by the United States District Court. The funds were for exclusive use and support of educational programs of said schools and were to be used for any purpose authorized under the General Fund budget of disbursements. The terms of the Agreement automatically extends the life of the Cooperative for additional fiscal years until all funds are paid out or the Agreement is otherwise terminated. Separate accounts were required to be established for each member by the fiscal agent of the Cooperative, Dixon County School District No. 1. The initial share of the funds for Wakefield Community School District No. 560 was \$133,220. Requests for disbursement may be made at any time upon authorization of the Board.

As of August 31, 2019, the balance of the separate account maintained for Wakefield Community School District No. 560 was \$102,465. These funds are not recognized as assets of the District since funds are held by the fiscal agent, Dixon County School District No. 1, and are not available for use of the District until authorized by the Board of Education in accordance with the intent of the Interlocal Agreement.

NOTE 7. TAX ABATEMENTS

The District is subject to property tax abatements granted by the City of Wakefield, Nebraska, through Tax Incremental Financing (TIF) agreements with various developers. The incremental increase in valuation from the development is not included in the District's available valuation base until the TIF agreement has expired which is generally 15 years. The incremental taxes, including the District's share is returned to the developer, effectively rebating the taxes on the increased valuation.

Information relevant to the tax abatements impacting the District for the year ending August 31, 2019, are as follows:

Total TIF Valuation 2018	14,041,080
District's total levy (per \$100 valuation)	1.007583
District's share of tax abatement	141,476

NOTE 8. RECENTLY ISSUED AND ADOPTED ACCOUNTING PRONOUNCEMENTS

In January 2017, GASB issued Statement 84, *Fiduciary Activities*. This statement is effective for fiscal years beginning after December 15, 2018. The District did not early implement this statement. GASB 84 establishes criteria for identifying fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Certain fiduciary activities meeting the new criteria will be reported as custodial funds and

a statement of changes will be a required financial statement. Other activities not meeting this criteria will be reported as governmental funds. When adopted, GASB 84 may have a significant effect on the District's financial reporting for the Activities Fund currently reported as an agency fund.

In June 2017, GASB issued Statement 87, *Leases*. This statement is effective for fiscal years beginning after December 15, 2019. The District did not early implement this statement. When adopted, GASB 87 will require disclosure of the timing significance, and purpose of a government's leasing arrangements. When adopted, GASB 87 will not have a material effect on the financial statements other than possible disclosures in the notes.

NOTE 9. SUBSEQUENT EVENTS

In preparing the financial statements, the District has evaluated events and transactions for potential recognition or disclosure through November 4, 2019, the date the financial statements were available to be issued.

NOTES TO BUDGETARY SCHEDULES

NOTE 1. SCHEDULES OF RECEIPTS, DISBURSEMENTS, AND CHANGES IN FUND BALANCE -
MODIFIED CASH BASIS - BUDGET AND ACTUAL

Basis of Accounting

The accompanying schedules of receipts, disbursements, and changes in fund balance - modified cash basis - budget and actual are presented on the modified cash basis of accounting. This basis is consistent with the basis of accounting used in preparing the basic financial statements. All unexpended appropriations lapse at the end of the budget year.

The \$90,000 transfer to the Depreciation Fund is included in instruction, student support services, operation and maintenance of plant, and student transportation for budgetary reporting purposes.

Budget Law

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements lapse at year end. Any revisions to the adopted budget of total disbursements to any fund require a public hearing.

Comparative Data

Comparative data for the prior year have been presented in the budgetary schedules in order to provide an understanding of the changes in the District's financial position and operation (modified cash basis).

Reconciliation

The Nebraska Department of Education requires separate budgets for those funds considered as General Fund components for financial reporting purposes.

A reconciliation of the General Fund financial reporting basis to the budgetary basis is as follows:

Receipts over disbursements - financial reporting basis	
General Fund	<u>84,370</u>
Receipts over (under) disbursements - budgetary basis	
General Fund	102,298
Depreciation Fund	(5,146)

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education
Wakefield Community School District No. 560
Wakefield, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wakefield Community School District No. 560, Wakefield, Nebraska, as of and for the year ended August 31, 2019, and the related notes to the financial statements, which collectively comprise Wakefield Community School District No. 560, Wakefield, Nebraska's basic financial statements, and have issued our report thereon dated November 4, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wakefield Community School District No. 560, Wakefield, Nebraska's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wakefield Community School District No. 560, Wakefield, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of Wakefield Community School District No. 560, Wakefield, Nebraska's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses, that we consider to be significant deficiencies as items 2019-001, 2019-002, and 2019-003.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wakefield Community School District No. 560, Wakefield, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Wakefield Community School District No. 560, Wakefield, Nebraska's Response to Findings

Wakefield Community School District No. 560, Wakefield, Nebraska's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. SCHEDULE OF FINDINGS AND RESPONSES

2019-001 SEGREGATION OF DUTIES

Criteria

Internal controls should be in place to ensure proper segregation of duties.

Condition

Due to the size of the District, there is limited segregation of duties over bookkeeping and accounting functions. The same individual routinely reconciles the bank statements, processes payroll, including initiation and control of automated banking transactions, makes journal entries, and manages the general ledger functions. Controls over Activities Fund receipts, especially gate receipts, are also limited.

Cause

The District has a limited number of personnel involved in the accounting functions.

Potential Effect

Inadequate segregation of duties could lead to the misappropriation of assets or improper reporting.

Recommendations

The District has responded to this deficiency by implementing procedures such as reviews of bank statements and bank reconciliations by a person independent of the bank reconciliation process to improve segregation of duties issues. The Board of Education also reviews and approves all disbursements.

District's Response

The District, within the constraints of existing time and cost considerations, will continue to review the situation and make improvements.

2019-002 FINANCIAL STATEMENT PREPARATION AND REVIEW

Criteria

As described in our engagement letter, management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation of financial statements, including the notes to the financial statements, in conformity with the modified cash basis of accounting.

WAKEFIELD, NEBRASKA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED AUGUST 31, 2019

2019-002 FINANCIAL STATEMENT PREPARATION AND REVIEW (Continued)

Condition

The District does not have a system of internal control that would provide management with reasonable assurance that the District's financial statements and related disclosures are complete and presented in accordance with the modified cash basis of accounting. As such, management requested us to prepare a draft of the financial statements, including the related note disclosures.

Cause

Management has requested that the auditors prepare the financial statements and related notes to the financial statements in accordance with the modified cash basis of accounting.

Potential Effect

Errors in the financial statements or disclosures could occur and not be detected by management.

Recommendations

Management should carefully review financial statements, including disclosures, and understand the relationship to the underlying data. All proposed adjustments should be understood and approved.

District's Response

The District relies on the auditor to propose the adjustments necessary to prepare the financial statements, including the related disclosures. The District reviews such financial statements.

2019-003 DOCUMENTATION OF PROCEDURES

Criteria

Good management practices include written job descriptions, system procedures, and control policies. This not only enhances internal control but helps provide continuity as personnel and conditions change.

Condition

The District does not have a complete set of formal accounting policies and procedures and related control procedures, including antifraud programs and controls.

2019-003 DOCUMENTATION OF PROCEDURES (Continued)

Cause

The District has limited number of personnel.

Potential Effect

Errors in the financial statements or disclosures could occur and not be detected by management.

Recommendations

The District has developed written procedures and policies in some areas. We recommend that the District continue to develop and formalize written policies and procedures to include all significant processes.

District's Response

The District utilizes the chart of accounts and accounting procedures prescribed by the Nebraska Department of Education. Informal control procedures are adequate due to our small size and supervisory activities by the Board and administrators. We will adopt any proposed revisions of this process as may be suggested by the auditor.

CONTROL DEFICIENCIES REPORTED IN PRIOR YEAR

Items 2019-001, 2019-002, and 2019-003 were also reported for the year ended August 31, 2018, in our report dated October 30, 2018.

To the Board of Education
Wakefield Community School District No. 560
802 Highland Street
Wakefield, NE 68784

Dear Members of the Board:

Our audit for Wakefield Community School District No. 560 for the year ended August 31, 2019, included tests of compliance necessary to conform to current Auditing Standards Generally Accepted in the United States of America and *Government Auditing Standards*. The audit also included tests for compliance with the calculation of Average Daily Membership reported on the Annual Statistical Summary Report as specified in 92 NAC 2, requirements of the Nebraska Budget Act (commencing with Section 13-501 R.R.S.), and the Tax Equity and Educational Opportunities Support Act (commencing with Section 79-1001 R.R.S.).

Our audit included testing of membership and attendance documentation that we determined necessary to conduct our audit in accordance with GAS, GAAS, and NDE Rule 1 requirements. In addition, we considered the District's controls over such reporting to determine appropriate audit procedures. Providing an opinion on compliance with the requirements related to the above reporting or on internal controls over such reporting were not objectives of our audit and, accordingly, we do not express any such opinions.

As a result of the above tests of compliance over Wakefield Community School District No. 560's student membership and attendance reporting we state the following:

1. We documented the District's policies and procedures for collecting student membership and attendance data.
2. We determined that the District was following its policies and procedures for collecting student census data.
3. We determined that attendance at the District is collected at least daily and calculated to the nearest tenth of a day.
4. We determined that the District maintains a cumulative attendance and membership record for each student.
5. We determined that the cumulative attendance and membership records contain the date of enrollment, number of days or partial days in attendance and absent during each school year enrolled, and the date of withdrawal or graduation.

Wakefield Community School District No. 560
November 4, 2019

6. We selected a sample of students from the District's attendance records for the year ended August 31, 2019, and traced the students to students' enrollment files to verify that the sample of students were enrolled as students of the District for the dates claimed in the attendance records.
7. We traced the totals reported by the District on its annual Student Summary Attendance report to the District's census recordkeeping system for the fiscal year ended August 31, 2019.

This letter is intended solely for the information and use of the Board of Education, management, others within the District, and the Nebraska Department of Education and is not intended to be, and should not be, used by anyone other than these specified parties.

1000 Series: Policy Overview and Mission Statement

1001 – General Policy Statements

1002 – Creation and Amendment of Policies

1003 – Mission and Vision Statement

1004 – Distribution of Policies

1001 General Policy Statement

The organization, management, and control of this school district is vested in its board of education (“board”). To guide the board and school district operations, and to assist it and its designees in carrying out duties, the board will establish, maintain, and amend a set of policies.

Written board policies serve the following purposes:

1. Formally articulating the board’s goals and long-term objectives.
2. Providing district administrators and staff with guidance in making decisions that affect students, employees and patrons of the district.
3. Informing the public of the manner that the board and district will conduct its business and its relationships with staff, pupils, parents and patrons.

To avoid unnecessary rigidity, these policies are stated in general terms. With the exception of statutory requirements or instances when the specific application of a policy is essential to the long-term welfare of the district, these policies are intended to provide administrators with the flexibility to apply them to a wide range of situations.

The policies are not the only guidelines for district operations. Specific regulations, procedures, and practices also help guide and govern actions and decisions. They must be consistent with policies, but serve a different purpose.

Exceptional Circumstances

The board cannot foresee every situation that may arise, and circumstances will occur when these policies provide inadequate guidance. In such circumstances, the superintendent should use his or her best judgment, and communicate with the board about the situation as soon as is convenient.

Validity of Policies

Each policy and its provision should be interpreted so that it is valid under applicable law. If a court determines that a provision of a policy is invalid, such invalidity shall not affect the remaining provisions of that policy.

Creation and Amendment of Board of Education Policies

Creation of Board Policies

Each of these policies shall become the official policy of the school district when the board has approved it by majority vote of the members present at any lawfully convened meeting of the board.

Amendment of Board Policies

The board may revise policies at a regular or special meeting if the proposed revision, addition, or amendment has been distributed to the board members in writing prior to the meeting at which it is to be adopted.

In an emergency, the board may declare an emergency and revise policies without having distributed copies of the proposed revisions to board members prior to the meeting.

Each policy shall bear the date when it was adopted, revised or reviewed.

The superintendent shall distribute copies of these policies to all members of the board, maintain a master copy in the central office, and see to it that the policies are maintained on the school district's web site.

Annual Review

The board shall review all policies at least once every three years. Nebraska statutes require an annual review of specific policies, and such policies shall be so identified. The board may update or add policies as needed. The board shall determine the number of copies of policies to be made and their distribution. The superintendent shall maintain an up-to-date master copy of the policies in the main administrative office. Unless otherwise directed by the board, the master copy shall be considered the official district policy manual.

2001 Role of the Board of Education

The board of education (board) is charged by the Legislature with the duty of providing public elementary and secondary education to the citizens of the district. The Legislature has also created the State Board of Education and the State Department of Education, and has delegated certain regulatory and advisory functions to them. The board is responsible to these agencies as specified by law.

The board's primary duties are: (1) to establish a mission, goals, and policies; (2) to establish and maintain school facilities; (3) to select a superintendent; (4) to adopt a fiscally responsible budget; and (5) to evaluate programs.

1. Establishment of Mission, Goals and Policies

The board shall concern itself with broad questions of mission, goals and policy, rather than administrative details. The application of policies is an administrative task to be performed by the superintendent of schools and his or her administrative staff, who shall be held responsible for the effective administration and supervision of the entire school district.

2. Establishment and Maintenance of School Facilities and Other Resources

The board is the legal agency through which the community works to provide the physical facilities, curriculum, instructional supplies and staff to enable the district's mission and objectives to be carried out. The board will establish and maintain school facilities necessary to educate the students of the district.

3. Selection of the Superintendent of Schools

The board will employ a superintendent of schools as the chief executive to whom it will delegate, through policy statements and procedures for accountability, the administration of the school program. As the chief administrator for the board, the superintendent will implement board policies and supervise the day-to-day operation of the school system. The superintendent will keep the board informed of the implementation of the plans and policies, and will recommend changes to policies as necessary. The superintendent will furnish educational leadership to the board, the school staff, and the community.

4. Fiscally Responsible Budget

The board will annually adopt a fiscally responsible budget that will permit the district to accomplish its goals and objectives. The management of the financial program and the development of the proposed budget for the district is delegated to the superintendent.

The board will work for adequate and dependable financial support of the public schools, promotion of effective and efficient organization, and administration of the district.

5. Evaluation of Program

The board will evaluate, or cause to be evaluated, the progress and results of the educational program on a continuous basis. In making these evaluations, the board will seek and give appropriate weight to the superintendent's analysis and recommendations.

- b. This does not prohibit the board from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
- c. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
- d. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
 - (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
 - (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the board. However, this shall not be done during a time that the individual is engaged in his or her official duties.

7. Conflict of Interest Statement

- a. Any board member who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public, shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:
 - (1) Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict;

- (2) Deliver a copy of the statement to the school board secretary who shall enter the statement onto the school district's public records; and
 - (3) Abstain from participating or voting on the matter in which he or she has a conflict of interest.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below.

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
 - a. Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b. Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c. Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d. Complaints involving discrimination or harassment on the basis of race, color, national origin, gender, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
 - a. Determine whether the complainant has discussed the matter with the staff member involved.
 - i. If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
 - ii. If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b. Strongly encourage the complainant to reduce his or her concerns to writing.
 - c. Interview the complainant to determine:
 - i. All relevant details of the complaint;
 - ii. All witnesses and documents which the complainant believes support the complaint;
 - iii. The action or solution which the complainant seeks.
 - d. Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint he or she may appeal the decision to the superintendent.
 - a. This appeal must be in writing.
 - b. This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
 - c. The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d. Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.
5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint he or she may appeal the decision to the board.
 - a. This appeal must be in writing.
 - b. This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
 - c. This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However,

- all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
- d. The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
 - e. There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
- a. Determine whether the complainant has discussed the matter with the superintendent.
 - i. If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
 - ii. If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b. Strongly encourage the complainant to reduce his or her concerns to writing.
 - c. Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
 - d. Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator,. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to

the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Indemnification and Liability Insurance

In addition to circumstances where it is obligated to provide indemnity or procure insurance, the school board has broad authority to purchase insurance or otherwise indemnify school board members, officers, employees, or agents of the school district. The school board will purchase liability insurance and provide indemnification at its discretion and review its current coverages and indemnification obligations when it deems appropriate.

In the event the school district's current insurance, indemnification agreements, contract obligations, or other promises to indemnify do not cover a situation which the school board can agree to cover, the school board may authorize indemnification. The school board may elect to indemnify any board member, officer, agent, or employee if he or she is a party or is threatened to be made a party in any pending or completed suit, proceeding, or any other action, whether criminal, civil, administrative, or investigative, if the individual is involved because of current or past service on the board, employment, or agency relationship with the school district. In circumstances involving employees, the board delegates to the Superintendent the authority to provide the indemnification to the extent the Superintendent is authorized to procure legal services, as long as the indemnification is otherwise consistent with the authority granted under the law.

Cooping Considerations

1. Wrestling Coop – moved all the practices and matches to Allen this year. They have converted a shop into a wrestling practice area. This allows us to reach our goal of completing practices by 7:00 pm nightly, eliminating late or early morning practice sharing. We have limited numbers of wrestlers. The new head coach is from Allen, Mr. Batenhorst and the assistant coaches are from WSC and Allen. If we bring this back to Wakefield, we will have to find coaches and add practice times.
2. Girls Volleyball – We have had a successful season this year with both schools participating. The head coach and one assistant is hired by Allen. We may lose Cheryl as the head coach if this cooperative ends. Parents desire to continue this relationship.
3. Girls Basketball - New girls head coach is hired by Allen and the assistant coach is hired by Wakefield. We will likely have to hire a new head coach.
4. Agriculture/FFA – we have been combined with Allen for the last nine years. We have three students taking agriculture this year and will likely have a State FFA Degree awards the next couple of years. Students are being transported to Allen every other day.
5. Junior High Sports – We are currently cooping junior high football, volleyball, basketball, wrestling and track. This is including Emerson-Hubbard which has gone well. We are benefitting from sharing coaches from all three schools. Our educational goal is to move junior high sports to afterschool. This would afford junior high students increased academic time during the school day. Student transportation home is an issue when implementing this change.
6. Golf – Currently spring boys golf is cooped with Allen. Last year we had approximately 15 students including two girls out for the team. This was a positive experience for both groups. Five students make up a varsity team. Head coach is Mr. Curnyn from Allen. We need to consider an assistant coach with fifteen students.
