Wakefield Community School District  
Elementary Principal Report  
October 2021

- Wakefield Schools participated in Day I of MTSS planning on September 20, 2021. During this time, all instructional staff worked together to learn what Multi-tiered System of Success means as well as were given specific examples of how this could benefit Wakefield. Much of the day was spent in collaborative groups, which were designed using the Gallup Strengths. One of the most important outcomes of this day was the creating, selection and adoption of a problem solving model. Once the visual is finalized, it will be presented to the school board.
- Elementary certified staff members have finalized our Instructional Model document (see below). This document outlines the common expectations for all of our certified staff members no matter what they teach. I have created a walk-through document that includes these components. It is my goal to be in each classroom at least bi-weekly if not weekly. I use this document to provide feedback and coaching to staff.
- Staff members have been informally looking at their assessment data individually and in small groups. In response to our Cognia review, staff members had expressed an interest in learning how to use assessment data. One outcome of this discussion is that all classroom teachers are responsible for progress monitoring students using AimsWeb on a weekly/bi-weekly basis. Hopefully this allows staff to use data to make instructional decisions.

### **Celebrations**

- Aishah Valenzuela--selected to represent NSAA Believers and Achievers; she will attend a banquet in Lincoln in April and be in the running for a \$500 scholarship
- 7th and 8th grade students--90% of students benchmarked as average or above on the AimsWeb reading assessment. We celebrated with ice cream sundaes
- Junior class--The junior class made the most growth between the Spring and Fall MAP assessments. They were rewarded with a pizza party. The contest prompted conversations about achievement between teachers and students. A large graph was displayed in the hallway for students to see results immediately following testing sessions.
- Staff Strengths--The Meraki Team (staff wellness team) continues to recognize staff each week by drawing a Clifton strength to spotlight. Spotlighted staff receive a choice menu to choose self-care type of items for recognition. The choice menu has allowed staff to choose meaningful ways to be recognized and celebrated.

### **Continuous School Improvement**

- At our September 20 teacher inservice, Dr. Casey Hurner and Brook Gebers presented an overview of the NeMTSS framework. Staff learned about the tiered model of supports for students. They participated in team-building activities as well as discussions about barriers and outcomes of framework implementation. Ten small groups were created during an activity in which each group had to design a problem-solving model. Those models were collected. Staff voted on which model to adopt as a district problem-solving model. The model is in the process of being "Trojanized" with graphics to represent our school. We intend to use the problem-solving model during an upcoming PD with teacher in which we will analyze recent MAP test results. We are meeting again with Casey and Brooke on Tuesday, October 12.
- SAT process--We are redesigning our SAT process to include the problem-solving model and tiered approach to student interventions.
- Community Outreach/Involvement--Due to the positive feedback from the Community Night held on September 29, a team has been formed to plan future events. A survey was available at Parent/Teacher conferences to help with planning.

### **Additional Notes**

- Staff completed SLO's. I scheduled a one-to-one meeting with each staff to review their SLO's. I had fantastic conversations about teaching and learning. I'm very proud of my staff as some teachers are trying new strategies in their classrooms. We will make time to share reflections and the strategies they are implementing. Our own teachers are good resources for each other.
- On September 30, Mr. Wulf and I attended an ESU1 principal cadre zoom meeting. Phil Warrick of Marzano Research was available during the zoom meeting to give feedback and insight for topics discussed during the meeting. Mr. Wulf and I shared the process we used to create our classroom walk-through tools and our SLO process. Mr. Warrick was impressed with what we were doing and area principals were interested in knowing more. The positive feedback and discussion was great affirmation to the work we are doing with teachers and the culture we are trying to nurture.
- Our credit recovery program is scheduled to begin at the start of the second quarter.
- We will be implementing SEL curriculum every Thursday during Trojan Time beginning second quarter. We will be using digital Habitudes curriculum.

Wakefield Community Schools  
Superintendent Board Report  
October 2021

- I have spent a lot of time learning about preparing various state and federal reports. Again, I would like to thank Becky for her guidance, efforts and unending patience as I learn the ropes. Here are some of the reports that are due on October 15th and at the end of the month
  - ***Consolidated Data Collection (CDC) Reports***
    - Assessed Valuation & Levies
    - Elementary Site Allowance
    - Estimated Expenditures for LEP/Poverty
    - Non-Certified Staff
    - PK Instructional Program Hours/K Program
    - Summer School Student Unit
  - ESSA Consolidated Application (Title I, II, III, IV)
  - Rule 10 Assurance Report
- Both Jerad and Angie have reported on our September 20th professional development day. MTSS is Multi-tiered System of Support (MTSS) and is defined as an educational framework for continuous improvement, problem-solving and decision-making. It offers a meaningful and effective way to organize instruction and intervention to help improve outcomes for all students in the school. I have witnessed this process already have a powerful impact on how we are operating as a district. I hope to have the problem-solving model ready for the board meeting.
- On September 29th Jennifer Jackson, the Heartland Executive director gave a presentation to staff and parents on **Mental Health for Kids: A Guide for Parents and teachers**. We have had great feedback wanting more engagement with families and this meeting has lead to at least two referrals for students to get help.
- Rule 10 required safety and security audit will be conducted by Craig Frerichs on November 3rd.
- Along with Tiffany Lamprecht, Jamie Mainz, and Terri Miner, I attended a virtual Nebraska Healthy Schools Whole Child Institute. We will begin updating our Healthy Schools Team, Goals and Wellness Policy. We will schedule a team meeting before the next board meeting.

Project Updates:

- Stadium: The Lease-Purchase agreement did close on 1st. We are working on final details and the builder is working on final numbers for bids. Should have a contract in the next few weeks. Nemaha will possibly break ground before the

end of October. They said they would get me enough notice in order to put a ground-breaking ceremony together. I am also working with givecampus.com to help organize fundraising in order to reach the \$250,000 match. Morgan Driscoll and Megan Weaver are also helping with fundraising.

- Activity Center: we have run into issues with our alarm system so that the doors won't lock. The fire company and electrician are working on the issue.
- Lighting: DONE!
- Roofing: Materials and products have been delivered. If we can get 20 days of sunlight in the next 60 days we'll be in good shape. The ballistic portion above the activity center hall and weight room will be done in the spring.
- Elem Music Room: waiting for cabinets.
- Welding Project: Downdraft tables are in and electrical is done, still waiting for welders to be delivered.
- HVAC in High School: applied for ESSER III Capital Improvement approval. Need to advertise for and get bids. The engineering company we contracted with is working on getting bids as well.
- The new website is up and running. We are looking at turning over the website design to Mrs. Hansen and the Webdesign Class. I think this will be a great opportunity for the students and a great service to the district.

#### Covid Response Update

- As of Friday, October 8th we have 20 students and 0 staff members in quarantine. We have had many students present symptoms and then have been cleared to return to school by a doctor. We have 8 students who are positive for the virus. 4 of them are 8th graders. I spoke with the health department and they have suggested that we mask that grade. We are waiting until Monday morning to see where we are at. We would convene the Covid Team before making any decisions as well as informing the board.

**Reports**

**Elementary Principal Report**

- Certified staff have been working diligently to prepare curriculum and to plan for kids. Teachers are using textbook resources consistently and implementing the new *Reveal* mathematics series as well as continuing to implement Wonders. This year we are trying to have a common reading block in grades K-3. Our goal is to have a 90 minutes language arts block which includes both whole and small groups. The math block is at least 60 minutes in grades K-3.
- All staff members participated in taking the Clifton's Gallup Strengths Finder assessment. This assessment helps to identify the top 5 strengths of staff members. We have been working to implement the information gathered to support professional development activities.
- Elementary certified staff members have been working on re-establishing our Instructional Model document. This was last completed in 2017, and we are updating it based on changes in staff as well as it was a focus area in our Cognia review. Staff is working to establish common expectations in each of the domain areas. The 4 domain areas are: Planning and Preparation, Classroom Environment, Instruction and Professionalism.

**Secondary Principal Report**

- I have been using Canvas as my platform to communicate with staff, provide resources, location where lesson plans are submitted, and where I can send urgent announcements. I have also included a module entitled "Gratitudes" where I post a weekly video recording to staff thanking them for their efforts and contributions.
- Office staff have been posting daily student announcements as bulletins in PowerSchool. Announcements are available for students and parents to view.

- The focus of professional development has been our instructional model. Staff have been collaborating to create a walk-through coaching tool that I will use when giving feedback and instructional coaching. Staff are creating expectations for each domain of the model.
- Odysseyware has been purchased to provide a standards-aligned credit recovery program for students. This will take the place of Apex. Odysseyware better suits the needs of our students as it does provide instruction in 23 different languages. Through the use of pre-tests, students will be able to accelerate their credit recovery by focusing on content not yet mastered. This curriculum will allow students to complete graduation requirements at their own pace and with a more flexible schedule. Five students have been identified as needing credit recovery.

### **Superintendent Report**

- Most of my time has been working on the 2021-2022 budget and ESSER III initial budget.
- Safety drills have been scheduled and completed. We have had fire, tornado and van/bus evacuation drills. Fire drills will be done monthly. Tornado and van/bus evacuation drills will be scheduled one more time each in the spring.
- Attended NCSA New Superintendent training on September 8th. Learned about state funding of education (TEOSSA) and board and community relations.
- Terri Miner has accepted the position of Director of Nutrition Services for the district.
- We are looking to recruit additional paras, especially in our pre-school. We are short two paras in preschool.

### **Board Committee Reports**

#### **Building, Sites & Transportation**

- We are working on final details and the builder is working on final numbers for bids. Should have a contract by the end of September and break ground the first part of October.
- Roofing: Materials and products have been ordered. Cleaning of the roof is complete and they hope to return at the beginning of October.
- HVAC in High School: applied for ESSER III Capital Improvement approval. Need to advertise for and get bids.

#### **Business & Finance**

- Met on August 30 to review the budget and approve final bills for 2020-2021.
- Recommendation later in the agenda to help financially support students and staff member with D-Day trip expenses.

#### **Strategic Planning**

- Committee met to discuss relaunching the strategic planning process. The contract from NASB needs to be reviewed and modified.

### **Discussion and Action Items**

#### **Consent Agenda**

Motion to approve the Consent Agenda passed with a motion by Godinez and a second by Litchfield.

Yea: Brown, Keagle, Godinez, Litchfield, Riewer

**Discuss and take appropriate action on adopting the NASB Superintendent Evaluation tool.**

It is the responsibility of the school board to evaluate the performance of the superintendent every year. The Board Leadership Department of NASB provides options to support boards in their fiduciary responsibility. Their evaluation service is designed to: streamline response collection, support the work of the board president, create a professional, comprehensive report, and identify the strengths and leadership qualities of the educational leader.

Motion to adopt the NASB Superintendent Evaluation tool passed with a motion by Keagle and a second by Litchfield.

Yea: Brown, Keagle, Godinez, Litchfield, Riewer

Yea: 5, Nay: 0

**Discuss and take appropriate action on a recommendation by Mr. Farup, Superintendent, to support Ms. Ovando, Rachael Nuernberger, Susana Prado, and Catleena Lortz on their music trip to Washington D.C. and France for a D-Day event. Mr. Farup recommends to give Ms. Ovando \$2,000 and each student \$1,000 towards their trip fee.**

Music is a curriculum supported by the school and this event promotes the school as well as the students. The cost of the trip for each student is roughly \$4,000 plus transportation to Washington D.C. This is a life changing opportunity for these students.

Motion to approve supporting the D-Day students with \$1,000 each and Ms. Ovando \$2,000 from the district's general fund to go towards their D-Day trip expense passed with a motion by Litchfield and a second by Godinez.
