Elementary Principal's Report August 2023

Everything is taking shape to be ready for the 2023-2024 school year. Janitors are working diligently to get the school ready for students. Everyone has been working hard to get the 5th and 6th grade teachers into their new rooms in the portables. Phase 1 for furniture installations happened on August 11th. The second phase is scheduled for September 9th-11th. Teachers have been moving into the vacated 5th-6th rooms and will be ready for students.

**Board of Education Meeting
7-12 Principal/AD Report
8-14-23**

1. **HS Enrollment: New Students- 6 Total: 243**
2. **Administration Days in Kearney were very beneficial for me as a new principal. I attended several different sessions: Networking for New Principals, Communication with students, staff, parents, and community, chronic absenteeism and mentoring/building positive relationships to just name a few. I also felt that it was a great opportunity for us as administrators in the Wakefield School District to collaborate and just really get a chance to know one another even better.**
3. **Homecoming Date Change: Homecoming week will be September 25-29 with the Homecoming football game being played against LCC. The change was made because the previous date fell during MAP Testing week and the last home game on October 13, 2023 is P/T Conference week and there is no school on the 13th. Having it on October 13, 2023 with no school would have made it difficult to hold Homecoming Activities on main street like last year.**
4. **Mrs. Ziska and I are working through student schedules for all students. Drop/Adds for classes will be allowed through the end of the school day on Monday, August 21, 2023.**
5. **HS Football and Volleyball practices are underway. There are 26 players out for football and 22 players out for volleyball. Volleyball Sports Drink Scrimmage is set for Tuesday, August 15, 2023 at 6:30p.m. The Football Sports Drink Scrimmage is set for Friday, August 18, 2023 at Gardner Stadium. VB Jamboree game vs. Winside in Winside starting at 5:30p.m. First home football game, Friday, August 25, 2023 vs. Plainview (Parent's Night) Game time 7p.m.**
6. **Mr. Farup, Mr. Hassler and myself are on the agenda for the NSAA Board of Directors meeting in Lincoln on Wednesday, August 16, 2023 to speak at 9a.m. regarding our Ineligibility for football playoffs.**

District Programs Director
August, 2023-2024 School Year

Guiding Principle I: Expanded Student Learning Opportunities

- The Admin Team collaborated to create para teams. Para teams have been assigned to specific staff to build their schedules. Teams were determined based on para strengths and the prioritization of student needs. We have a preschool para team, K-3 para team, 4-6 para team, 7-12 para team, and a para designated to provide 4-6 grade reading interventions. Paras will also be invited to participate on our grade level collaborative teams.

Guiding Principle III: Climate and Culture

- The Meraki Team will be meeting on Monday to kick off ideas for promoting positive staff and student culture. All of last year's members are returning and we will be adding elementary guidance counselor, Brittany Vinchattle.

Guiding Principle IV: Personnel Effectiveness

- I attended Administrator Days in July.
- I and our 4 teacher mentors attended mentor training provided by the ESU. We will be working together to create our mentor support plan. We will have mentor/mentee meetings scheduled on our PD calendar. It was also suggested by one of our mentors to extend an invitation to elementary teachers who were hired last year. We will be doing that and welcoming anyone who would like to join.
- Our first-year teachers attended the New Teacher Cadre provided by the ESU. It was a 2-day event. On the second day, mentor teachers joined the new teachers in the afternoon. It was a great first connection.
- We had new staff orientation on Wednesday, August 9. We will follow up with a feedback survey so we can continue to improve the orientation experience.

This year's Session is done, the work is not! Now is a great time to engage your lawmaker while they are in the district. Reach out if NASB can help you make a connection. Advocacy starts at home!

Reminder, many bills passed this year will require a policy change by the board. Policies on option enrollment, dress code, and graduation requirements for example will require board review and/or action.

A number of Interim Hearings have been introduced on topics like Truancy, School Choice, Parental Involvement, SEL, Mandates, Security, Equalization, Consolidation, and more.

The first of these was LR 147, an Interim study relating to parental involvement in public schools, held July 31. NASB was invited to testify. A huge thanks to Mike Pate of the Millard Board of Education, and Lisa Wagner of the Central City Board of Education who came to Lincoln to sit in front of the Education Committee to share their stories. Here are some quotes from their testimony:

- *"Parents have access and input to educational materials. The school allows parents to withdraw their student from certain lessons/material by request through district website."* – Mike Pate
- *"Parents who have concerns need to raise them with their children's teachers, their school administrators and local school board members – the people who are parents themselves and who are fellow neighbors and community members. This is a local issue."* – Lisa Wagner

Discussion and Action Items

Consent Agenda

Motion to approve the Consent Agenda passed with a motion by Keagle and a second by Riewer.
Yea: 5, Nay: 0

Bills were reviewed by the Finance Committee and approved as follow: General: \$480,803.96; Lunch: \$30,877.78; Payroll: \$243,667.31; Activities: \$9,529.59.

Discuss, consider, and take all necessary action to adopt a resolution increasing the school district's base growth percentage by up to six percent (6%).

LB243 has set a maximum tax request the district can ask for. As of now, we can increase our tax ask a little over 7%. Last year our tax ask increased 6.2% and our tax request was \$5.33 million in property tax. Our limitation with LB243 is \$4.6 million, a reduction of \$740,000. Our tax ask will go down, but by passing this resolution, we would be allowed to increase our tax asking by \$458,754 if we need to. The maximum of what we can tax request would increase to \$5.058 million with the resolution. Our levy will go down.

Motion to adopt the resolution as presented, increasing the school district's base growth percentage by up to six percent (6%) passed with a motion by Riewer and a second by Lundahl.

Yea: Brown, Dorcey, Keagle, Lundahl, Riewer

Yea: 5, Nay: 0

KSB provided SPED procedures and Mr. Wulf uploaded those to the state. Nebraska Rule 51 follows Federal IDEA regulations. States have the option of tightening those regulations, but they cannot loosen them. The Tier 2 and Tier 3 Guidance Handbook follows Rule 51 guidelines and is complementary to our SPED Procedures. The handbook includes checklists to follow for SPED meetings.

5057: District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.

6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

5018: Parent and Guardian Involvement In Education Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
 - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
 - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
 - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
 - a. Building principals may excuse a student from any single school experience at the parent's written request.
 - b. When appropriate, alternative experiences will be provided for the student by the school.
4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.

5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
 - b. State Assessments
State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents or guardians to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.
 - c. National Assessment of Educational Progress
As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.
7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students’ participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

Students who chose not to contribute

to the class fund are still eligible to participate in the extra activities. The suggested donation to the class fund will be \$100.

3. Waiver Policy

Actual participation in the free or reduced-price lunch program is not required to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal.

4. Distribution of Policy

This policy will be published in the Student Handbook or its equivalent that will be provided to students at no cost.

5. Voluntary Contributions to Defray Costs

The district will, when appropriate, request donations of money, materials, equipment or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements and staff members of the district are directed to clearly communicate that fact to students, parents and patrons.

6. Fund-Raising Activities

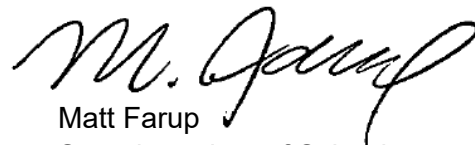

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

The Student Fee Fund shall be a separate school district fund that will not be funded by tax revenue, and that will serve a depository for all monies collected from students for (1) participation in extracurricular activities, (2) post-secondary education costs, and (3) summer school or night school courses. Monies in the Student Fee Fund shall be expended only for the purposes for which they were collected from students.

CERTIFICATION

On the 14th day of August, 2023, the Board of Education of Wakefield Public Schools held a public hearing on a proposed student fee policy. The hearing followed a review of the amount of money collected from students pursuant to, and the use of waivers provided in, the student fee policy for the 2023-2024 school year. This student fee policy was then adopted by a majority vote of the school board at an open public meeting conducted in compliance with the Open Meetings Act.

5054: Student Bullying

Definition of Bullying. Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district’s day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district’s antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district’s student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.
