Guiding Principle III: Data-Based Decision-Making

Objective: Community, caregivers, district, school, collaborative and student support teams use a variety of data points to identify student needs and support planning. This includes a balanced assessment system to generate data, data-based decision-making to reinforce student support, and data-based decision-making to support continuous improvement of systems.

MAP testing has wrapped up in the elementary. Below I have shared a link. When you look at the overall class scores, there has been a decline from fall to winter. We are digging into the data to try and see if it is a curriculum problem or an instructional problem. Just a little data that might be of importance, since the beginning of the year the demographics of the students enrolling is as follows:

BOE Meeting 5-13 MAP Data Elementary

Total transferred in K-6:	29
ELL students:	24
SPED students:	1
Non SPED/ELL students:	4

State testing for the elementary was April 15th - April 26th. Some of the preliminary results are in for English Language Arts and Science, but no results have been posted for Mathematics. When we get all the results, we will take a closer look to see how we did on the test.

Aimswest testing for the elementary has finished up. Mrs. Schlickbernd will be giving a presentation of the results at the meeting.

Guiding Principle IV: Communication and Collaboration

Objective: Enhance student, family, and community engagement with learning experiences that are culturally inclusive and relevant for each student. Student success and engagement rely on positive partnerships and relationships to fundamentally improve the outcomes for each student, school, district, and community.

Tuesday, April 23rd, the Nebraska Farm Bureau presented lessons to our K-5 students. All of the presentations had something to do with agriculture. The lessons were interesting as well as informative.

April and May are the months where most of the classes planned field trips. There were many different places where the classes went this year. These educational opportunities are great for our students at Wakefield. Students get experiences that they might not have normally.

On May 7th, Mrs. Lamprecht and Mrs. Trenhaile put on a GREAT elementary concert. The gym was packed with friends and families of our students. Mrs. Lamprecht and Mrs. Trenhaile should be commended for all their work they do with our students.

On May 8th, the elementary hosted K-6 VIP day. It was decided to piggyback VIP day with the elementary music concert. Many of the VIP guests were at the concert the night before. We had seven different stations the students and their VIP's participated in: Classroom Tours (Teachers), Snack (Thank you Mrs. Miner and the kitchen staff for this!), PE (Mr. McCreary), Guidance (Mrs. Vinchattle), Music (Mrs. Lamprecht), Art (Mrs. Kruse), and Technology (Mrs. Anderson). My objective this year was to give our specials teachers an opportunity to showcase what they do day in and day out. It was fun to watch the students and their VIP's interact in the activities. I heard very positive comments about the day. Next year, we are planning to do it at the same time as the elementary music concert. We will have a few adjustments that will help it run smoother than it did this year. Everyone in the elementary school pitched in and made this a GREAT day!

 - Boston Brown placed 2nd in the Triple Jump 36'7 1/2" (New School Record)
 - Cael Johnson placed 2nd in the 300 Hurdles
4. Lewis & Clark Conference Results:
 - Boston Brown won the Triple Jump
 - Cael Johnson won the 110 High Hurdles
 - Jesse Lundahl won the discus 150'3" (New School Record)
5. Hosted our 1st Track Meet on Monday, May 6, 2024
 - Received many positive comments from visiting coaches about how well it was run.
 - Thanks to all the volunteers that assisted, hosting events like this takes a lot of help and I appreciate all the help we received.
6. JH Orientation for future 7th graders is scheduled for Monday, May 13, 2024 from 6-7pm.
7. Aims Web and NSCAS Testing are completed. Incoming 7th grade and 8th grade students have been placed in the appropriate Reading and English classes based on Aims Web scores for next year.
8. The Awards Ceremony took place on Wednesday, May 1, 2024 this went well due to the organization of Mrs. Galles. She has led the NHS group and Awards Day Ceremony for several years and will be passing the torch to Mrs. Tracy next year.
9. Jacob Birkley finished 11th out of 58 golfers at the Wakefield Golf Invite held on Tuesday, May 7, 2024 at the Wayne Country Club.

- 10. I am researching the negative academic and mental effects that cell phones have on students. I have dealt with several matters concerning cell phones this school year. I am looking through policies from LPS, Grand Island High School, Ponca High School and Wayne High School. I truly believe that cell phones in schools negatively affect student learning, overall engagement in the classroom and their mental well-being. I would like to work on creating a policy for the 2024-25 school year that addresses cell phones, earbuds and smart watches not being allowed between the hours of 8:10-3:40p.m.**
- 11. State Track Qualifiers for Wakefield Boys and Girls Track:**
- Boston Brown- Triple Jump (District Champ)**
 - Cael Johnson- 110 Hurdles and 300 Int. Hurdles (District Champ in both)**
 - Tim Kaufman- Long Jump (District Champ)**
 - Mason Lamprecht- Long Jump (2nd at Districts)**
 - Jordan Metzler- 400, 300 Hurdles, and 800 (District Champ in all 3 events)**
 - Jesse Lundahl- Discus (District Champ)**

Angie Zach
District Programs Coordinator
May, 2023-2024 School Year

Guiding Principle I: Infrastructure and Shared Leadership

Objective: Establish a vision for achieving educational equity through core beliefs and norms, team structures and routines, clarity of roles and data-based decision-making process, professional learning, and system alignment.

- Our district leadership team met in April. We created the following continuous improvement goal:

Priority Goal: By November 2025, 38.9% of students in grades 1-11 will meet their growth targets from Spring 24-to-Spring 25 as evidenced by MAP Growth Reading.

- District Baseline: 50.2% (Spring 22 to Spring 23)
 - 33.7% (Spring 23 to Spring 24)

By the 2030-2031 SY, 70% of students in grades 3-11 met their growth targets from Spring 30-to-Spring 31 as evidenced by MAP Growth Reading.

We identified the following actions steps to support achieving the priority goal:

1. Newcomer Program K-6
2. Continuing PD on 7 steps—Connecting ELP standards to content area standards
3. Dedicated collaborative learning and planning time between educators
4. Determine, develop, and implement fidelity checks around Tier 1 Core EL supports
5. PD on IEPs and special education in general e.g. accommodations, differentiation, mindset (root cause)
6. Improve instructional model
7. Appraisal system needs to be developed and implemented that aligns to our instructional model-include coaching and feedback WITHIN the appraisal system

We most likely will refine these action steps and will also designate staff responsible, resources needed, and timelines.

The District Leadership Team also drafted a balanced assessment calendar for the 2024-2025 school year.

- The EL department met during Wednesday PD. The department decided to meet 2 days during the week of May 20 to create the elementary EL newcomer program. We feel it is important that the whole department collaborate on this creation because we strive to provide fluid services from kindergarten to 12th grade. The team determined that there will be a newcomer program for grades K-4, led by Brenda Montoya. There will also be a newcomer program for grades 5-8, led by Caitlin Smith. Mrs. Montoya will be located in the current elementary EL classroom. Mrs. Smith will be located in the middle school Achievement Center.
- The special education department met after school on Thursday to determine caseloads for the next school year. Victoria Nelson, our newest hire, spent the day with us and was a part of the meeting after school. The team determined that our model for caseload splits would be flexible from year to year. Caseloads will be determined collaboratively and mindfully, always putting what is best for students first. Donna Johnson's caseload will be grades K-3, Victoria Nelson's caseload will be 4-7, and Logan McPhillips' caseload

will be 8-12. We will have a middle school Achievement Center next year, accessible for students in grades 5-7.

Guiding Principle II: Layered Continuum of Supports

Objective: Provide tiered supports to meet the social, emotional, behavioral, physical, environmental, and academic needs of the whole child to ensure student growth.

- A draft form was created for reclassification of students with disabilities who also qualify for EL services. Rule 15 gives guidance for this process. We used the guidelines to create a form that uses a collaborative approach to review data evidence to determine if educational needs are impacted by the degree of English proficiency. We have students that because of their disability, do not progress on the ELPA21 assessment. When reclassified, a student with a disability will no longer participate in the ELPA 21 assessment.

Guiding Principle III: Data-Based Decision-Making

Objective: Community, caregivers, district, school, collaborative and student support teams use a variety of data points to identify student needs and support planning. This includes a balanced assessment system to generate data, data-based decision-making to reinforce student support, and data-based decision-making to support continuous improvement of systems.

- The TIP (Targeted Improvement Plan) focus group met to complete the district TIP. We reviewed MAP math data for grades 1-8. Our goal is to increase the percentage of students performing at tier 1 by 5% each school year. Our target percentage this year was 70%. We achieved 44%. To complete the report, we must state why we did not meet our goal this year and what changes we need to make to improve. We took a closer look at MAP math data specifically for students with verified disabilities. Comparatively, only 15% of students with disabilities are performing in tier 1. This tells us that students with disabilities are not having their needs met within tier 1 core instruction. Next year, it will be a requirement that our TIP goal includes a reading goal. We will need to decide if we will do both a math goal and reading goal or if we will just do a reading goal. The TIP focus group believes that our TIP goal could be the same as our continuous improvement goal. This alignment is what we are striving for with the continuous improvement process.
- We received the results of the Spring 2024 ELPA21 summative assessments. 152 students were assessed. We had 10 students (k-12) test as proficient. Forty-seven percent of elementary students improved in 2 or more domains. Thirty-three percent of high school students grew in 2 or more domains.

Guiding Principle IV: Communication and Collaboration

Objective: Enhance student, family, and community engagement with learning experiences that are culturally inclusive and relevant for each student. Student success and engagement rely on positive partnerships and relationships to fundamentally improve the outcomes for each student, school, district, and community.

- We had 8 students participate in Spring Sprints on May 5. Donna Johnson did a fabulous job of organizing our participation in this event. Students enjoyed a hallway walk, team t-shirts, and a day filled with big smiles and laughter. Mrs. Galles also helped make it

possible for NHS members to team up with our athletes. It was great to see the kindness and encouragement the NHS students showed to our athletes. Spring Sprints happens every May on the first Friday of the month at Kern Track in Wayne. The event is open to the community.

1

Prekindergarten programs are voluntary

- Voluntary for families
- Voluntary for school districts to operate
 - Districts have always been able to decide the ages of children they choose to serve*
 - 4-year-olds , 3-and 4-year-olds, infants and toddlers
 - That is still true – just can now serve kindergarten eligible 5-year olds

2

Change to 79-1101

Pre- LB71

79-1101(3)(b) Early childhood education program means any prekindergarten part-day or full-day program or in-home family support program with a stated purpose of promoting social, emotional, intellectual, language, physical, and aesthetic development and learning for children from birth to **kindergarten entrance age** and family development and support

Post – LB71

79-1101(3)(b) Early childhood education program means any prekindergarten part-day or full-day program or in-home family support program with a stated purpose of promoting social, emotional, intellectual, language, physical, and aesthetic development and learning for children from birth to **compulsory kindergarten entrance age** and family development and support;

3

LB 71

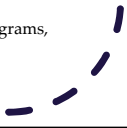

- **Allows** districts to serve children who are kindergarten entrance age
- Does **not require** districts to serve kindergarten eligible children

4

NDE recommendations

- Create a local policy covering if/or under what circumstances, the district will enroll kindergarten eligible students
- Think about ...
 - Capacity – number of classrooms, maximum group size
 - Available teaching and paraprofessional staff
 - Ensure all children with disabilities are being served appropriately
 - Availability of community programs, including Head Start capacity

5

Grants

The first priority shall be for ... continuation grants for programs that received grants in the prior school fiscal year.....

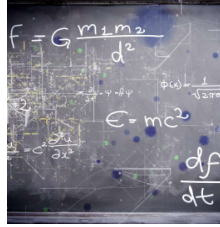

The second priority shall be for new grants and expansion grants for programs that will serve at-risk children who will be **eligible or required** to attend kindergarten the following school year.

(d) The third priority shall be for new grants, expansion grants, and continuation grants for programs serving children younger than those who will be eligible or required to attend kindergarten the following school year.

6

LB 71 School Finance Impacts

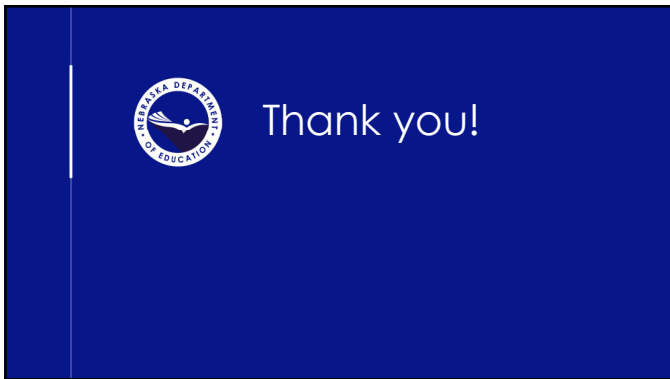

- Changes
 - Allows 5-year-olds as of July 31st to be in an early childhood education program.
 - Includes them in the formula student calculation.
- PK Formula Students
 - Full-time = .6 FTE
 - Part-time = .6 x (Program hours/1032)
- TEEOSA Funding
 - Foundation Aid = \$1,500 per formula student (\$900 for a full-time PK student).
 - Equalization aid impacted.

Superintendent Report

Mr. Farup

May 13, 2024

- We applied for the NDE School Safety and Security Grant but did not get selected to receive the grant. I am waiting on feedback from the NDE director of School Safety and Security as to why we were not selected.
 - Despite not getting the School Safety and Security Grant, one project we should consider is fencing in our playground. We will receive a bid on the project, and then the Buildings and Grounds committee will discuss it.
- Other summer projects to discuss:
 - Concrete the mulch area of the playground and tear out the wood platform.
 - Surfacing the preschool playground with rubber matting.
 - Carpeting the elementary Special Education and Library Achievement Center. A carpet company will donate the material (carpet, glue, baseboard) if we pay for the tearing out of the old carpet and the installation. We are waiting on the bid for that.
- I completed our grant application for CSI-ATSI Grant for \$35,000 to go towards the Middle School EL program. We were awarded that grant.
- I applied for a \$15,000 “Summer of Discovery” to go toward our 2024 Summer programs. After being reconsidered, we were awarded that grant. June Summer School enrollment is at 60 kids. And as of today, July enrollment is at 60 kids.
- I applied for a \$50,000 “Leverage” grant to go toward our 2025-2025 After-School and Summer programs. We were awarded this grant.
- The Finance Committee recently discussed with Jon McQuistain various investment options for district funds that are not immediately needed. He presented the possibilities of placing these funds in either a money market account or a six-month CD. I plan to consult with Becky to explore our choices further and will prepare a recommendation by June. Jon advised transferring almost all funds that we do not anticipate needing within the next three months once the account is opened. Although transfers from the money market account are limited to six times a month, he recommended moving funds monthly, slightly exceeding our expected monthly expenses, to maintain a buffer in our general account. Maximizing our investment in the money market fund is advisable to benefit from the current 3.93% interest rate, which has slightly increased since our last discussion. Additionally, the interest rates for CDs over \$50,000 with a six-month term are now at 5.31%.

- The legislature has enacted numerous bills that will affect school policies, which we plan to review next month. A key bill for discussion is LB 71. The agenda includes a PowerPoint presentation that outlines the primary impact of LB 71, which involves changing the age at which students can enroll in preschool.
 - pre-LB71: *“for children from birth to **kindergarten** entrance age.”*
 - post-LB71: *“for children from birth to **compulsory kindergarten** entrance age”*
 - So 5-year-old children can be in preschool IF we want to enact a policy that allows it.
 - Jena Kaufman has helped me draft a policy that I will bring before the Policy Committee in June.
 - The change will most likely affect parents of students who have summer birthdays and could give the parents flexibility of when to send their children to kindergarten.
 - This will impact future parents and also some students who are currently in preschool.

- I have closely monitored the State Legislature, particularly the discussions on tax legislation and school financing. State lawmakers have moved forward with the first part of the property tax reduction plan but have not agreed on a funding source. I thoroughly discussed our financial situation at the community meeting on May 1st. Attached to my report are the last 10 years of data on valuations, levies, tax requests, and other relevant figures. Due to the legislature's failure to reach an agreement, there's an increased likelihood that we will need to raise the tax request for the 2024-2025 fiscal year. We expect to receive the final, certified numbers for State Aid and Property Tax Authority by late May. Similar to last year, I will propose to the Board in June the option of increasing the allowable growth percentage. This would not necessarily mean we will utilize the increase, but it would provide us with the flexibility to craft a budget that meets the district's needs.

- Northeast NE Scholastic Contest held in Norfolk on March 27 with 22 WHS students competing in 24 different subject areas. Four students earned awards: Jeremy Desmond was 3rd in the Basic Construction exam, Jeremiah Reimers placed 2nd in the Geography exam, Ashlyn Boeckenhauer placed 1st in the Medical Terminology exam, and Timothy Kaufman was 1st in the Drafting exam.

Recognition of Visitors/Communication from the Public

- Pastor Jill Craig read a statement from Pastor Ernesto Medina regarding the community meeting held in March

Presentation by Jamie Mackling, Rural School Based Therapist (through Heartland Counseling Services)

- Jaime Mackling is employed through Heartland Counseling, but is in Wakefield schools almost full-time. She started part-time in 2018 and moved to full-time in 2020. It is very beneficial to the district to have a full-time mental health program on campus. Jaime informed the board on the number of students she sees on a regular basis, and what services she provides to the district.

Jim Litchfield arrived at 5:54pm

Reports

Elementary Principal Report – Mr. Sindelar

- On Monday, March 18th, most of the elementary staff that will be teaching science for the 2024-2025 school year traveled to Wayne to observe how the Wayne staff taught the Inspire science curriculum. Some of the Wakefield teachers were able to collaborate with the Wayne staff on the curriculum. This was a very good experience and will prove to be helpful as we start to incorporate the new curriculum.
- MAP testing has wrapped up in the elementary. We will start comparing the results of this year with the other data we have collected in previous years to see if there are any trends. Once we have done that, we can start making decisions on if there are any improvements that need to be made.
- On Wednesday, March 13th and Thursday, March 14th, the Dixon County Dispatch had a short presentation for the elementary students. With the help of our SRO, Officer Sands, and our elementary guidance counselor, Mrs. Vinchattle, the students were able to learn more information about using our 911 system.
- On Wednesday, March 4th, the Dixon County Sheriff's Department brought in two K9 dogs and had an assembly for the elementary students. The deputies presented to the students where the dogs came from, showed different commands they teach the dogs. The dogs and deputies did a presentation showing how the dogs are able to sniff out and find drugs. At the end the deputies took questions from the students. This was a great collaboration between the students and deputies.

Secondary/AD Principal Report – Mr. Brenn

- The Athletic Banquet sponsored by the Athletic Boosters is scheduled for Tuesday, April 30, 2024 at the Wakefield Civic Center starting at 6:30p.m.
- Skills USA will leave for competition in Grand Island on April 11, 2024. Pancake Feed and the Silent Auction was a nice fundraiser for the group even with the weather being what it was.
- The Sniffer Dog/Dogs were back in the building on Monday, April 8, 2024 around 2p.m. Bags were checked by the sniffer dogs as well as the lockers and locker room areas. The goal was to check the parking lot as well but that depends on the weather.
- Mrs. Galles and five students (Sawyer Brudigam, Mayte Flores, Hannah Armitage, Yarexy Lopez Ramos, and Ashlyn Vazquez) will be traveling to State FCCLA in Lincoln from April 7 through April 9
- Mrs. Hansen and six students (Rosa Armenta Earnest, Jazmin Paredes, Mayte Flores, Katie Borg, Daveigh Munter-McAfee, and Ali Brown) will be attending State FBLA in Kearney on April 11th through the 13th.

District Program Director Report – Mrs. Zach

- Our district leadership team met in March. We finished the “why” process of our third symptom: Staff identified that coaching and instructional feedback were an area of need on the NeMTSS Self-Assessment (2.13/4); that theme is also in the Cognia exit report. We concluded that the current instructional model does not outline expectations for Tier 1 Core which leads to a lack of coaching opportunities.
- As required by NDE Office of Special Education, I have submitted our special education policies and procedures for review. I submitted the policies and procedures document that was prepared by KSB. We have been informed that KSB is meeting with NDE because NDE feels that the

document prepared for schools by KSB lacks detail. This means we may need to resubmit the KSB document once updates have been made. In addition to the KSB document, I also submitted our Tier 2/3 Guidance Handbook. That handbook does give more detail of how we provide interventions, description of our referral process, flowchart of services, and our district's continuum of services. Specific Rule 51 regulations are also cited in the handbook.

- Staff completed the MTSS self-assessment. This assessment gives us feedback on how we are progressing with the implementation of the NeMTSS framework. Final results will be added to our district data profile.
- I submitted an application which was accepted for us to send a team to participate in the NeMTSS Restorative Practice Training cohort.
- The EL and Special Education department met to discuss programming for next year. We decided that our EL program will be split into K-4, 5-8, and 9-12 programs. We have yet to determine how we will split the district newcomer program. We are considering different options and will choose the option that demonstrates best practice to serve our students.
- I have attended many MDT meetings this school year. One thing I have observed in these meetings, particularly initial evaluations, is that we have strong data and evidence to determine if a student responded to interventions. Response to interventions is a determining factor when considering special education eligibility. If a student meets verification guidelines for services, the intervention data is an important piece when determining what specialized instruction should look like,

Superintendent Report – Mr. Farup

- City Administrator, Chad Mackling discussed the possibility of the construction of a city activity center and what the school's involvement could be. He shared that it would be possible for the school to rent/lease rec space to the school or other communities. There is funding available to the city for the construction of these specific entities. Before the city pursued more plans, Mr. Mackling wanted to know the school's interest in such type of facility.
- We have applied for a School Safety and Security Grant.
 - We are applying for additional cameras, reimbursement for door security and walkie-talkies, fencing in the playground area, and an intercom/emergency communication system. Announcement of awards will come out the first week of May
- I completed our grant application for CSI-ATSI Grant for \$35,000 to go towards Middle School EL program.
- I applied for a \$15,000 "Summer of Discovery" to go toward our 2024 Summer programs.
- I applied for a \$50,000 "Leverage" grant to go toward our 2025-2025 After-School and Summer programs. We were awarded this grant.
- We have begun planning our Summer programs. We will have 4 weeks of "Summer School." These weeks will be open to migrant and newcomer students with an academic focus. For 2 weeks in July, we will hold a "Summer Camp." This program is open to all students and will involve field trips, crafts, and hands-on learning.
- I have spent time following the State Legislature, specifically where they have debated taxing and school finance bills. State lawmakers advanced the second part of the property tax reduction plan on Wednesday, but its massive increase in state aid won't happen unless funding can be found for the hoped-for \$1 billion shift.

Board Committee Reports

Board Policy

- Committee met on April 3 to review the 5000-policy series.

Strategic Planning

- A community meeting will be held on May 1. Postcards with more information will be sent out to all registered voters.
- Need to plan a board retreat this summer to complete a board self-assessment. New board candidates will be invited to attend.

Motion to approve the 2024-2025 contract for services with the ESU#1 passed with a motion by Keagle and a second by Litchfield.

Yea: Brown, Dorcey, Keagle, Litchfield, Lundahl

Yea: 5, Nay: 0

Hold for discussion, consideration, and take appropriate action on a recommendation by the Superintendent to enter into a service contract with Qualtrics.

Qualtrics would provide services to set up data dashboards that will give the ability to desegregate data as well as platforms to communicate with stakeholders.

Motion to approve the 3-year service contract with Qualtrics for the amount of \$26,725 passed with a motion by Lundahl and a second by Keagle.

Yea: Brown, Dorcey, Keagle, Litchfield, Lundahl

Yea: 5, Nay: 0

Hold for discussion, consideration, and take appropriate action on a request of the Superintendent on behalf of district administrators to amend administrator contracts to include the following item:

"In the event that an administrator would assume classroom teacher duties in addition to their administrative duties for more than ten consecutive days, the administrator will receive the same compensation for substituting, per period, as per the district negotiated agreement."

Given teacher and sub shortages, administrators may have to take on teaching duties. This clearly describes how they would be compensated for taking on teaching duties "in addition" to their expected administrative duties.

Motion to approve adding the proposed amendment to administrator contracts as written. Passed with a motion by Jeffrey Keagle and a second by Josh Dorcey.

Yea: Brown, Dorcey, Keagle, Litchfield, Lundahl

Yea: 5, Nay: 0

5066: Early Graduation

General Policy. Students most effectively obtain the skills and experience necessary to graduate from high school by completing grades 9 through 12 over the course of 4 years. Unless otherwise permitted by Board policy or other applicable law, students must finish all 4 grade levels in order to graduate.

Requirements for Application. In unique circumstances, the Board may waive the four-year attendance requirement for high school graduation, provided that the student has met the requirements of this policy.

Students must make an application to the high school principal before they may seek permission to graduate early from the Board. The principal may consult with appropriate instructional and guidance staff members in making the determination. The student shall submit a completed application two semesters prior to the early graduation date or administrative approval may waive the application deadline prior to the start of their senior year. The student's application must include:

1. A written graduation plan that reflects the student will meet all academic requirements necessary to graduate on or before the proposed graduation date;
2. A transcript showing that the student has no grade lower than "C" in any required course;
3. A detailed essay that (a) addresses the reasons for seeking early graduation and (b) articulates the student's post-graduation plans, including goals and objectives justifying the need to graduate early; and
4. A letter from a parent/guardian supporting the application.

The student may submit any additional materials which support the student's efforts to graduate early. Such materials may include, but are not required to include: letters of support from staff and community members; proof of admission in a postsecondary program; and/or any other materials which the student believes to support the student's application.

Consideration by the Board of Education. Upon successful completion of the requirements for application the principal will make a written recommendation to the Board based on the submitted application from the student. The Board will consider but is not bound by the principal's recommendation. Along with the application, the Board may consult with members of the administration, staff, or anyone else the Board deems appropriate. The Board will grant a student's application only if it determines that the student is best served by permitting the student to graduate early.

Participation in District Activities. Early graduates will be considered graduates of the district at the time the Board confers such status upon them. Therefore, early graduates will no longer be considered members of the student body and will forfeit those rights and privileges accorded such students with the exception of being able to participate in graduation.

Matt

Thank you for inviting Midwest Music Center to bid on updating your field sound system. Here are a few things we want to point out on the bid.

1.) An overview of update on existing sound:

- a.) Your current sound system is using an Ohm style power amp. This amp is running speakers that appear to be 70v style speakers. Your power amp is extremely overloaded and needs to be replaced and designed into a High Watt 70v system.
- b.) A 70v power amp will be installed to replace the existing power amp.
- c.) Will need to get to each existing speaker to check the 70v tap to insure they are set correctly.
- d.) A replacement mixer will be installed to allow for better volume & tone control of each microphone.
- e.) An additional rack will be placed on top of the existing rack to hold the mixer and microphones. The existing rack will house the power amps and power sequencer. It will have a locking door.

2.) An overview of the possible addition of speakers to roof of press box.

- a.) 3 New Outdoor Speakers will be mounted to the top of the press box. These speakers are designed for Long Throw sound. They will allow the sound to be heard on the other side of the field.
- b.) A power amp will be installed to run these speakers.
- c.) Separate volume control for these will be set up on the mixer.

3.) Possible addition of Referee Mic

- a.) I have added the information that would be for a Referee Mic. This mic would be worn by the head referee. It would be a Fitness Style Headset mic.
- b.) The mic would have a Push to Talk button on the body pack for the head Referee.

4.) Lift needed for updates.

Midwest Music Center will need a Lift on site to gain access to the front face and roof of the press box. This will be supplied by the school. Estimate need will be 2 days.

5.) If you choose to have us complete the bid, we request that the materials / equipment portion of the bid be paid in advance before installation, with the labor portion due within 30 days after completion of bid installation.

6.) As with any construction style bid, there is always a chance of a Change Order needed if something should come about during the install (out of stock, unforeseen construction issues, etc.) Any Change Order will be submitted to you for approval.

Please feel free to contact me at any time with questions that might come up or any modifications you would like to make to the bid.

Thanks,
Chad Barnhill
