Board of Education Reports

State School Board meeting next week; Met with GEA; Facilities Committee met to examine the new sidewalk, bus parking, and fence.

Administrative Reports

Maintenance--Mr. Holmes

Sidewalk and bus parking areas installed. Greenhouse is back in operation. One project currently growing with more planned for later this fall and winter. Combined two afternoon bus routes to free up one driver. Morning routes are large enough to need five routes.

Primary--Mrs. Jonas

Formal teacher observations underway. Kindergarten will visit the trains at Pastor Jeff Cottingham's. First grade went to STUHR Museum, and second grade will go later this month. Book Fair was a huge success. MTSS continues to be a process that we work to facilitate. Teachers collaborate on Using Homework Effectively and Reviewing Content.

Elementary--Mr. Widdifield

Book Fair successful. Students giving back, and for every dollar raised, Scholastic Books will donate a book to a charity. Collected 2200 books for two charities. AR Goals for first quarter. Mr. Mahlberg was presented an award at Shape Nebraska Physical Education conference for outstanding job raising money for the American Heart Association. Youth Leadership Conference was held at UNK and was attended by five, fifth graders. They had a great time and brought some leadership qualities back to Dudley.

Jr. Hi/Curriculum--Mr. Groene

Fall Analytical Scoring was attended by teachers so they could gain experience on how the NeSA Writing is scored. They will better understand how to prepare students for the test. State of the Schools Report and the AQUESTT will be discussed at the December Meeting.

Activities--Mr. Ryker

Fall sports program Monday, November 16 at 6:30. Parent presentation of "The Role of the Parent in Athletics" will be November 11. Attended State AD conference.

StudentsAnti-Bullying Policy

One of the missions of the District is to provide a physically safe and emotionally secure environment for students and staff.

The administration and staff are to implement strategies and practices to reinforce and encourage positive behaviors by students. Positive behaviors include non-violence, cooperation, teamwork, understanding, and acceptance of others.

The administration and staff are to implement strategies and practices to identify and prevent inappropriate behaviors by all students, including anti-bullying education for all students. Inappropriate behaviors include bullying, intimidation, and harassment. Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school-sponsored activities or school-sponsored athletic events.

The school district shall review the anti-bullying policy annually.

Community RelationsCommunity Use of School Facilities

School facilities are primarily intended for the District's educational and extracurricular activity programs. School facilities are, however, made available for use by outside groups to further the interests of the District and the community. Use by non-school groups is allowed pursuant to an application process and is subject to the terms and conditions set forth in this policy.

1. Application for Use.

Outside groups that wish to use school facilities must submit a completed Application for Use form signed by a representative of the outside group who has authority to commit the outside group to the terms and conditions of the Application. The outside group, as Applicant, shall specify the nature of the intended use, the dates and times of the requested use, and the facilities for which use is requested.

The form shall be developed by the administration. The form shall include the statement that:

This application is subject to the terms of the Board's "Community Use of School Facilities" policy. The terms and conditions of that policy are incorporated into this application by this reference. Applicant accepts all such terms and conditions.

2. Acceptance of Application for Use.

Acceptance or rejection of applications shall be the responsibility of the Superintendent or the Superintendent's designee.

Applications shall not be rejected for any unlawful reason, including unlawful discrimination on the basis of race, national origin, gender, religion, disability, age, marital status, or veteran status, and including the applicant's legally protected exercise of constitutional or statutory rights.

The District's facilities are designated as nonpublic forums. Accordingly, applications shall not be accepted for:

- a. Uses that may conflict with or that disrupt the District's educational or extracurricular activity programs.
- b. Uses inconsistent with the mission of the District.
- c. Uses that present an unacceptable risk that the conditions of use set forth in this policy will not be adhered to; either due to the nature of the requested use or the character of the group or individuals within the group.
- d. Uses that present an unacceptable risk of damage or unacceptable wear and tear to facilities or equipment.
- e. Uses for outside commercial activities except with approval of the Board; and except for camps and other activities for high school students subject to and consistent with Bylaws of the Nebraska School Activities Association.

- f. Uses that involves gambling or games of chance.
- g. Uses that involves a group or activity which advocates or condones the violent overthrow of the Constitution or of the government.
- h. Uses that involve the meetings of secret clubs not open to members of the public.
- i. Non-community type uses such as wedding receptions, slumber parties, personal use and similar activities.

Applications for use of facilities may be denied based on unsuitability of the date or time of the requested use. Facilities will generally not be available for community use at times when school staff are not available to monitor the Applicant's use, such as on legal holidays; before 7:00 a.m.; after 10:00 p.m. and Sunday mornings prior to Noon.

Leases of school facilities require approval of the Board. As such, Applications that request long-term use of facilities in the nature of a lease will be denied.

Applications may be denied based on the determination of the Superintendent or the Superintendent's designee that the Applicant does not have the financial ability or financial responsibility to pay fees or expenses or to reimburse the District for any damages that may be sustained to facilities or equipment or any liability that may be created by the use.

When an Application conflicts with another Application, the Applications will be accepted according to the following priority order:

- a. Events or activities that are designed to service students of the District or which are related to any function of the District, including approved school-community associations and school-affiliated non-profit groups.
- b. Tax-supported agencies such as educational entities or units of city, county or state government.
- c. Nonprofit community agencies such as private educational agencies.
- d. Groups where the majority of the members reside within the District.

For use conflicts within each group, priority will be given to the first to submit their Application; provided that the Superintendent or the Superintendent's designee may approve an Application that is not first-filed if the other Applicant's use could be feasibly changed to a non-conflicting time or area.

Applications that are accepted may not be assigned or transferred to another outside group.

Applications that are accepted are subject to cancellation by the Superintendent or the Superintendent's designee. Cancellation will occur in the event the administration reasonably determines:

- a. Any of the reasons for non-acceptance of an application exist.
- b. The Applicant fails to meet any term or condition required prior to the use. This includes but is not limited to failure of the Applicant to pay required fees or deposits or failure to show evidence that any required insurance is in place.
- c. Circumstances make the use unsuitable. This includes but is not limited to:

- i. The condition of the facilities being unsafe. For example, the presence of snow, ice, fallen limbs or other potential hazards that the school would not otherwise clear prior to the activity or event. The Applicant may request that the District clear the hazards such that it may proceed with its activity or event. If the District agrees to do so, the Applicant shall be responsible for all costs incurred by the District in clearing the hazard.
- ii. School staff being unavailable to monitor the use or to provide set-up or clean-up services where the District has accepted responsibility for such.
- iii. The need to use the facilities for a school activity or purpose.

Generally, if school is closed on the date of the Applicant's intended use due to inclement weather or hazardous conditions, the Applicant's use will be cancelled.

The Applicant shall remain responsible for fees or expenses, and any deposit that has been received by the District shall be forfeited and be kept by the District, if cancellation occurs because of the fault of the Applicant. Otherwise, the District will return any deposit that has been received by the District. The District will in no event be responsible for any damages, expenses, or losses incurred by the Applicant or any person arising from the cancellation.

An Applicant may withdraw its Application at any time prior to acceptance. An accepted application may be withdrawn by the Applicant, subject to approval of the Superintendent or the Superintendent's designee. Approval is subject to the conditions that the Applicant has given reasonable advance notice (ordinarily, at least 48 hours) and that the Applicant reimburse the District for any expense the District has incurred.

3. Conditions of Use.

The conditions for use are as follows:

- a. Compliance. Applicant agrees to:
 - i. Comply with all local, state and federal laws, including health and fire codes.
 - ii. Comply with Board policies concerning non-discrimination and the use of school facilities.
 - iii. Comply with reasonable administrative rules related to use of facilities and the requests of school officials related to the Applicant's use of the facility.
- b. Disclaim School Sponsorship. The District does not sponsor or endorse the Applicant or the activity or event conducted by the Applicant. To ensure that the public understands this fact, the Applicant agrees to not make any statements suggesting such sponsorship and to publish statements of non-school sponsorship in such form and manner as the administration may request.
- c. Supervision. Applicant agrees to provide appropriate supervision of the activity or event in all respects, including supervision reasonably necessary to ensure that no person participating in or attending the activity or event:

- i. Is presented with conditions that pose an unreasonable risk of personal injury or damage to personal property.
- ii. Enters any area of the school facilities that the Applicant has not been given permission to use, or accesses any school records.
- iii. Engages in the use of tobacco, alcohol, or illegal drugs, or is under the influence of alcohol or illegal drugs.
- iv. Possesses a firearm or a weapon.
- v. Engages in disorderly, lewd, or lascivious conduct.
- vi. Engages in any criminal behavior.

Applicant shall remove any person from the activity or event who engages in any of the above listed conduct. Applicant agrees to report to the school administration by the close of the next business day the identity of any person who engaged in any of the above listed conduct and the details of the conduct. If the offending person is a student, the report shall be made immediately.

In the event the school administration determines that the nature of the activity or event warrants the presence of security services, Applicant agrees to provide such security services.

Applicant agrees to ensure that all persons attending its activity or event are off school grounds at the end of its time of permitted use, except for students or school staff who are authorized to remain for a school-related purpose.

- d. Condition of Premises. Applicant agrees to:
- i. Conduct a reasonable inspection of the premises prior to the activity or event to ensure that the premises are safe for the intended use. In the event of any unsafe condition, Applicant shall notify an administrator. In the event the unsafe condition is not corrected prior to the activity or event, the Applicant shall postpone or cancel the activity or event.
 - ii. Not use or allow any school equipment to be used without express approval of school administration.
 - iii. Not bring or allow others to bring food or beverages on to school grounds without express approval of school administration.
 - iv. Not bring or allow others to bring or use any flammable items (including candles or incense) or any volatile chemical or any explosive.
 - v. Not use any electrical equipment that has been brought onto the premises without express approval of school administration.
 - vi. Not allow the wearing of street shoes or shoes with black soles on gym floors or other protected surfaces.
 - vii. Not park or allow others to park in fire lanes or reserved spaces or in any manner inconsistent with the school's parking rules.
 - viii. Not cause or allow others to cause damage to school facilities or equipment.
 1. In the event damages are sustained, Applicant accepts responsibility for reimbursing the District for the cost of repair or replacement.

2. Applicant agrees that the school administration's determination that damage was sustained in connection with the Applicant's use, and of the cost of repair or replacement, is controlling.
 3. Applicant shall immediately report to the school administration any damage to school facilities or equipment that occurs during the Applicant's use of school facilities that may present a risk of injury to students or any subsequent users. Any other damage shall be reported by the close of the next business day.
 - ix. Return the facilities in as good a condition as it was prior to use. This includes, without limitation, cleaning, removal of trash, and returning tables and chairs and other school property to their proper location. The clean-up shall be promptly completed. In the event the District provides the clean-up service, Applicant agrees to reimburse the District for the cost of such clean-up.
 - x. Remove any property brought in by the Applicant and by any person attending the activity or event. The District is not responsible for any personal property that is left on the premises.
- e. Financial Responsibility. Applicant agrees to:
- i. Procure, at its own expense, a Comprehensive General Liability insurance policy naming the District as an additional insured. This policy shall be written with a minimum of \$1,000,000 Combined Single Limit per occurrence. A Certificate of Insurance evidencing coverage must be submitted prior to the Applicant's use.
 - ii. The insurance requirement is subject to waiver by the Superintendent or the Superintendent's designee only in circumstances where the intended use presents very little potential for injury or damage and the activity or event is designed to serve the District's students or staff.
 - iii. Indemnify and hold the District, the Board, school employees and agents of the District harmless from any and all claims, demands, causes of action, or lawsuits for any death or personal injury or damage to property sustained during, caused by or arising out of the Applicant's use of school facilities.

4. Fees for Use.

The Superintendent or Superintendent's designee shall establish a daily use fee schedule that establishes rates for specific parts of the school facilities (that is, kitchen, auditorium, gymnasium, athletic field, classrooms, meeting rooms). The rates shall be reviewed on a periodic basis; with the review to occur no less than every two years.

The fee rates shall be in an amount sufficient to cover estimated staff time and direct costs associated with:

- a. Processing. Cost of processing the Application, postage, invoicing and coordination of the use.
- b. Access. Cost of providing access; such as unlocking doors before use and locking after use, turning lights on and off, and disarming/re-arming security systems.
- c. Custodial. Cost of providing custodial or maintenance services to prepare the

- facility for the use and for clean-up after the use.
- d. Kitchen. Cost of providing access to the kitchen facilities; as ordinarily any permitted use of the kitchen will require the presence of a member of the school's food service staff.
 - e. Special Equipment. Cost of making special equipment available such as sound and lighting set-up; as ordinarily any permitted use of special equipment will require the presence of a member of the school's staff who is familiar with proper use of the equipment.
 - f. Monitoring. Cost of administrative or other professional staff to monitor the Applicant's use to ensure compliance with the terms and conditions of the permitted use.
 - g. Security. Cost of providing security services when determined to be needed for the activity or event.

The fee schedule shall be applied evenly to all Applicants, with three exceptions:

- a. A different fee may be assessed where the Superintendent or Superintendent's designee reasonably determines that the Applicant's use will require staff time or cause direct costs different than those used in establishing the fee schedule.
- b. A fee waiver or reduced fee rate shall be given for use where the activity or event is designed to serve students of the District or children; such as approved school-community associations and school-affiliated non-profit groups and summertime sports leagues, sports camps, etc., that are subject to NSAA regulations.
- c. A fee waiver or reduced fee rate may be given for use where the activity or event is philanthropic in nature.

5. Use Consistent with NSAA Bylaws.

Use of school facilities for activities that are subject to the Bylaws of the Nebraska School Activities Association (NSAA) shall be permitted subject to and in accordance with the NSAA Bylaws. Such use shall be consistent with this policy for non-school groups. Examples of acceptable use of school facilities for activities are:

- a. Summer Leagues. There must be evidence that the organization or individual conducting the league has rented or leased the facility (for example, via an Application for Use) to prove the school is not involved in its sponsorship or funding.
- b. Commercial Sport Camps/Clinics. School facilities for use by individuals, including the District's own coaches or other organizations for commercial camps/clinics or schools. Camps conducted by high school coaches shall be publicized as open to all area individuals wishing to attend and not limited to students from the coach's high school.
- c. All-Star competition that involves graduated seniors.
- d. Competitive meets and contests sponsored by non-school groups.
- e. Facilities approved under the above stipulations include: gymnasiums, tracks, swimming pools, tennis courts, athletic playing fields, and baseball and softball diamonds.

*GOTHENBURG EARLY
CHILDHOOD
LEARNING
COALITION*

Revised December 14, 2015

Gothenburg Early Childhood Learning Coalition (GECLC)

BELIEF STATEMENT

The Gothenburg Early Childhood Learning Coalition (GECLC) believes that every child (birth to age five) deserves early childhood learning opportunities supporting the growth and development needed for kindergarten.

This belief will take the commitment of current early childhood learning providers and support services, caring business leaders, school officials, community stakeholders and private individuals.

The Gothenburg Early Childhood Learning Coalition Strategic Plan is the product of several months of continuous planning involving a diverse group of community leaders and consists of goals, objectives and strategies that will serve as the roadmap for our work in Early Childhood Learning (ECL) in Gothenburg, Nebraska.

MISSION STATEMENT

The Gothenburg Early Childhood Learning Coalition (GECLC) will assure a coordinated system of community resources and support to assist all Gothenburg families in providing early childhood learning experiences for children from birth to age five.

EARLY CHILDHOOD LEARNING POINTS OF EMPHASIS

- Social Emotional Health & Wellness - Infants, young children and their families are socially, emotionally and physically healthy.
- Child Care and Early Learning - Families have access to high quality early care and education.
- Children with Disabilities - All children with disabilities have equal access to early childhood learning opportunities so they can participate, freely and actively, in all facets of the learning environment.
- Family Support - Families are provided community support through access to evidence based parenting.
- Parenting Leadership - Families support and guide the early learning of their infants and young children.

GOALS

1. **Public Education and Advocacy:** The Gothenburg Early Childhood Learning Coalition will build public support including, but not limited to, parents, community members and policy-makers for early childhood learning through education and advocacy by September, 2016.
2. **Program Coordinator:** The Gothenburg Early Childhood Learning Coalition will hire a Gothenburg Early Childhood Learning Program Coordinator.
3. **School-Based Preschool, and Community Preschool Partnership:** The Gothenburg Early Childhood Learning Coalition will design and guide implementation of a school-based preschool designed specifically to catch those students who are not able to be served in Gothenburg's more traditional, private setting and to coordinate with community-based partner preschools by August, 2016.
4. **Step-up-to-Quality, Pyramid Model Framework and Community Curriculum Selection:** The Gothenburg Early Childhood Learning Coalition will utilize "Step Up to Quality" (Nebraska Department of Education) standards and the Pyramid Model Framework for a universal data assessment and accountability measurement (quarterly) and create a list of early childhood curricula to be utilized by all participating ECL entities in order to maintain the Gothenburg Early Childhood Learning Coalition's "seal of approval".
5. **Effectiveness, Efficiency and Sustainability:** The Gothenburg Early Childhood Learning Coalition will work with Gothenburg Public School, state and regional early childhood agencies, support services for students with disabilities, local entities and partnerships to define a program that is effective, efficient and sustainable.

EXTERNAL SCAN (Strengths/Successes, Weaknesses/Challenges, Opportunities, Threats)

Gothenburg has a long history of working collaboratively to achieve common goals that are focused on improving the quality of life in the community.

The Gothenburg Improvement Company (GIC) was made aware of the need for more daycare in November, 2014. At that point, the GIC Way of Life Committee formed a subcommittee (Early Childhood Learning Research Committee) to begin researching the existing opportunities in Gothenburg. A lack of “capacity”, specifically for infants, was at the forefront of the initial issues.

- **Strengths/Successes**
 - Providers are able to have one-to-one interaction with children
 - Kids want to come back the next day
 - Routine / schedule
 - Lightbulb moments
 - When kids want to show their parents what they did that day
 - “You” are their everything as their provider

- **Weaknesses/Challenges**
 - Lack of available funding.
 - Facilities
 - Inability to provide a full-day, full-year program
 - Providers have a fear of the unknown
 - Will another center / provider affect me financially?
 - In-home providers are “alone” all day long (no breaks)
 - Developmental levels of kids / Disabilities (makes it hard to follow a curriculum)
 - The definition of curriculum
 - Income vs. outcome (Can I afford it?)
 - Resources (Who do I contact for various types of information?)
 - Parents
 - Behaviors / Mental Health
 - Training for staff that is close / affordable / available during “good” times

- **Opportunities**
 - List of support / resources
 - Group training opportunities (all providers in Gothenburg)
 - Rooted in Relationships / Step Up to Quality
 - Volunteers / Support services coming in to help
 - Monthly “Coalition” meetings (talk through problems / issues / questions)
 - School - could provide community-wide curriculum
 - Provide resources to non-state-licensed in-home providers

- **Threats**
 - Loss of private providers because they cannot compete.
 - Unwillingness of privates to work within the coalition.
 - Making a deficiency public without financial resources to adequately address the problems.

CURRENT STATUS of Early Childhood Learning

A. National Statistics

B. State Statistics (*from First Five Nebraska)

*153,612 children in Nebraska ages 0-5 / 42% or 64,427 at risk of school failure.
3,227 children in Legislative District 36 / 54% or 1,739 at risk of school failure.

*"It is critical that we invest funds where they will have the strongest fiscal returns. High-quality early childhood programs, especially those targeting children at risk of failing in school, have the potential to pay for themselves many times over and produce as much as a 7% to 10 % annual return for each dollar invested."

*These children are likely to arrive at kindergarten 1-2 developmental years behind their more advantaged peers, requiring school districts to spend extra resources to help them keep pace in the K-12 system.

*Among the barriers school districts face in meeting this need are funding and available space. Schools cannot (and should not) solve this problem on their own. LB 547 brings new resources and addresses funding shortages and space issues between schools and the child care community that is or will be at the same level of quality that school districts offer.

LB 547 equips Nebraska communities to reduce the achievement gap by supporting the healthy development of their youngest children at risk at precisely the time it is most effective and least expensive to do so.

QUOTE: *"The problem: Too many children arrive at Kindergarten already behind. What is worse, far too many children keep falling further behind — and never catch up.*

By the time a child enters Kindergarten, she or he already has been learning for 5 or 6 years. In fact, sound science and everyday experience show that children are born learning. However, our country's policies, programs and practices typically don't take this knowledge seriously. Instead, we wait to respond to a child's earliest learning until the first day of school. Is that really too late?

Yes. Because the achievement gap we struggle to narrow in elementary school and too often fail to close in high school is actually an "opportunity gap" rooted in those very early years."

-Susan A. Buffett, Omaha, Nebraska

C. Local Statistics

Curriculum implemented in current preschools:

- Charity Wyatt, Joyful Noise Preschool - High Scope / Handwriting Without Tears
- Amber Olsen - Handwriting Without Tears
- Donna Portiner, Building Blocks - Mother Goose
- Casey Madsen, Learning Adventures -
- Jump Start -

Current Status of Gothenburg Early Childhood Learning

- 1 Child Care Center (Building Blocks)
 - Licensed for 88
 - Serving approximately 80
 - Current waiting list (infants especially)
- 1 Child Care Center in Start-Up
- 8 In-Home Providers
 - Licensed for 74
 - Most with a waiting list
 - One provider retiring in August
- Pre-School
 - 4 private providers
 - Head Start in homes (8 children?)
- After School
 - No afterschool program

Kindergarten Assessment Statistics

· Three assessments are given to all Kindergarteners before the end of September in their Kindergarten year to get an understanding of baseline knowledge.

- Letter Naming Fluency (LNF)
- First Sound Fluency (FSF)
- Basic Mathematics (Math)
- A "Benchmark Ratio" was calculated for each score by calculating the difference between the individual score and the benchmark score divided by the benchmark for each assessment. This determines the relative success on each assessment for each student. (Mean and SD Ratios were considered.)

Demographics Considered

- Demographic and kindergarten assessment data were compiled for all students in K, 1, & 2.
- Demographic factors considered through multiple regression method of analysis.
 - Age in days when assessed
 - Poverty level of family (NSLP)
 - Gender
 - Ethnicity (sub-n too small to analyze)
 - Pre-school
 - Jump Start
 - Provider

Assessment Analysis (basic demographics)

- AGE * (by day) – Absolutely the highest correlation.
 - 19.1% relative effect on benchmark ratio
 - Impact per day is .00084 (impact on one-unit change)
 - 2.52% per month
- Poverty * (NSLP qualified)
 - 14.9% relative impact on benchmark ratio
- Gender (Not statistically significant)

Analysis of Access

Pre-school

- 80.5% of children (177/220) attended preschool of some sort.
- 19.5% of children (43/220) did not attend preschool.

- 32.3% of children (71/220) in study qualify for NSLP.
- 19.5% of children (43/220) did not attend preschool.
- 35.2% of children in poverty (25/71) did not attend preschool.
- 12.1% of children (18/149) living above poverty line did not attend preschool.

Jump Start

- 70.9% of students (156/220) attended Jump Start
- 38.0% of children in poverty (27/71) attended Jump Start
- 24.8% of children (37/149) living above the poverty line did not attend Jump Start.

Assessment Analysis (preschool / Jump Start)

- Preschool (not attending)
 - 16.6% relative effect on benchmark ratio.
- Jump Start (attending)
 - 7.4% relative effect on benchmark ratio.
- Preschool by provider.
 - Ranges from 25.2 % to - 7.1% relative effect.
 - Note: other factors such as age and poverty level are NOT included in this regression.

Strategic Plan Summary Statement

Gothenburg Public Schools is currently addressing needs for advanced early childhood education, and specifically options for at least one section of school-based preschool, in the near future. While it is anticipated that some level of preschool may be mandated by the state in the near future, the real fact is that we currently have a gap in our educational programming in this area. Approximately 194 of the 245 Nebraska School Districts have school-sponsored early learning centers including neighboring schools such as Cozad, Lexington, North Platte and Kearney.

Implementation of a school-sponsored preschool has been discussed for many years with the Jump-Start program, a three-week summer program prior to the start of the school year, serving as an intermediate step between no services and a school-sponsored preschool. An effective step, Jump-Start was never intended to be a permanent solution to meet the needs of our families.

In addition, national, state and local research all validate the importance of providing effective opportunities for early childhood education. Learning does not begin at kindergarten. A study from Harvard University's Center on the Developing Child, found that a human's "neural connections for language development and higher cognitive function occur most extensively within the first five years of life." More specifically, the study found that "80% of brain development occurs by age three and 90% by age five".

Nebraska statistics published by First Five Nebraska found that 42% of children in Nebraska, age's birth to five, risk school failure. "High quality early childhood programs, especially those targeting children at risk of failing in school, have the potential to pay for themselves many times over and produce as much as a 7% to 10% annual return for each dollar invested." Children that do not have exposure to effective early childhood programs are likely to arrive at kindergarten one to two developmental years behind their peers.

Nebraska feels strongly about the importance of early childhood education even prior to formal pre-school as evidenced by the legislature's passage of LB 547 earlier this year. The goal of the legislation is to help communities reduce the achievement gap and support the healthy development of the youngest children at risk at precisely the time it is most effective and least expensive to do so. School district's primary barriers faced in meeting this need are funding and available space. Legislators have stated that schools cannot (and should not) solve this problem on their own.

A study of preschool data for local students revealed similar findings in accessibility and potential risk factors. In a typical year, around 30% of students attending Dudley Elementary qualify for the National School Lunch Program. Approximately 20% of students currently in grades Kindergarten through 3rd grade did not attend a preschool representing one in every five students in the elementary. Children who did not attend preschool scored an average of 16%

below their peers on reading fluency, first sound fluency, and basic mathematics assessments given early in their kindergarten year. Age, by days of the child when assessed, had the highest correlation to success, or lack of it, on the assessments. Finally, data indicated a difference of up to 32% relative effect based upon the actual preschool attended.

The question being discussed by the Gothenburg Public Schools Board of Education and district leadership is how to most effectively implement a solution or solutions to this challenge. The school, with limited resources and limited physical space, will address the needs of children with the highest need. However, the district is also researching grants and other partnerships throughout the community in order to use limited resources to impact more children and programs.

The possibility of creating partnerships with existing private preschools and childcares is an exciting opportunity allowing the district to potentially make a difference with more kids with the same amount of resources. Further, conversations with members of the community, hospital officials and city officials, provides for potential synergies allowing the community to provide opportunities for all kids and families. These partnerships will allow Gothenburg Public Schools to address early childhood education more effectively regardless of their economic status, and more efficiently, combining the intellectual and financial resources of many.

TIMELINE FOR VISION

***** DRAFT *****

Phase I: November 2015 through January 2016

GOAL 1: Public Education and Advocacy

- A. Finalize vision and develop public relations strategy.
- We must have a firmly defined vision at three levels.
 - Summary Statement (completed 12/11/15)
 - Surface level - three paragraphs (completed 12/11/15)
 - Detailed - a front & back bulleted but concise informational document.
 - Comprehensive strategic plan including FUNDING and sustainability.
- B. Introduce plan to the Board of Education and to the general public
1. Present to Board of Education on Nov. 9, 2015 for informational purposes and to take the conversation public through the Gothenburg Times. (completed 12/11/15)
 - Introductory Video
 - Powerpoint
 - Strategic Plan
 - Discuss financials including expenditures and resources.
 - Discussion
- C. Follow-up with Board of Education on Dec. 14 with detailed information..
- The board will have a more in-depth conversation held in a retreat setting which will delay approval until January.
 - Strategic Plan
 - Option Matrix
 - Budget Options

GOAL 2: Program Coordinator

Administrator Report

Meeting: December Board Meeting

Date: 12/14/15

Jay Holmes, Maintenance Supervisor

North Gym - The 3 point areas on the main floor will be refinished this summer. The white stain/paint will be removed. Over application of the product led to a completely opaque color, it was originally intended to be a semi-transparent light stain.

It will be done at no cost to the District.

Mrs. Allison Jonas

Topics:

Primary – Students are bringing in canned goods for the Backpack Program. Our goal is to raise 1,500 lbs of food.

Special Education – Our composite sheets will go out to secondary staff in January. This is a process unique to Gothenburg thanks to the database Dr. Teahon created for our district and it works very well. This allows us to share IEP, Case Manager, SAT, and 504 information with those who specifically need it.

School Improvement – Our External Evaluation is due next year. Mr. Evans and I have been meeting regularly with the Steering Team in preparation for this visit.

Topics:

State elementary principal's convention: The NAESP state conference was in Kearney, December 2nd and 3rd. Topics presented were do's and don't using social media, federal and state updates, legal updates, and AQuESTT.

Improving the use of Data: Mr. Groene and I attended a workshop at ESU 10 in Kearney to discuss possible ways we can use data in the classroom and throughout the district. The elementary is currently looking at ways to make our interventions groups more effective.

Early Outs: Two big discussions and projects we will continue to work on this year is Language Arts and Math Standards alignment. We are continuing our look at the alignment of our curriculum to the new state standards to prepare our students for the upcoming NeSA assessments in the spring.

=====

Executive Council: The executive council is meeting monthly. The group has been expanded to eight due to interest.

Legislature: We continue to monitor potential bills that will be presented in the legislature this year. Although a short session, it will be an interesting to see how the conversation on property taxes and the funding of schools.

Grant work: Great deal of work to do in an attempt to get NDE and Sixpence Early Childhood Grants.

Partnerships: We continue to engage our community partners on the discussion of early childhood education and a health sciences academy. I have received questions on the school's role in funding of operations. It should be noted that the school board will have 1/3 of the seats of the governing board and the governing board will set the budget. Earlier numbers (\$100,000) should be considered a worse case scenario and programming would be adjusted before the district would contribute at that level. More recent estimates put the contribution at around the \$70,000 mark but I anticipate that this is even high. In addition, the potential of being given access to substantial space (existing wellness center) for preschool and access to classroom space/medical personnel for health science is of substantial value to our students and would be at a fraction of the cost of trying to do this without partners.
