Introduction

The Gothenburg Public Schools Continuous Improvement Manual is meant to provide information about systematic, research-based professional development opportunities that are focused on evidenced-based instructional practice and strategies. Through this systematic professional development, Gothenburg Public Schools will be continuously working toward “Educating Students for a Better Tomorrow”.

Philosophy

In the Gothenburg Public School District, professional development is an integral part of preparing staff to meet the needs of students for the 21st century. Today’s classroom is far different from the one many teachers, parents, and business professionals encountered during their own education. Advances in technology are just one example of the change in education. Beyond the need for rigorous curriculum and differentiated instruction is the need for problem solving skills. Our students must be equipped to think differently and have the flexibility to survive in today’s world. Therefore, professional development has become increasingly more important as Gothenburg Public Schools prepares its staff to meet the needs of the 21st century learner. By providing systematic professional development, Gothenburg Public Schools will create a culture of learning for students and adults alike.

Mission Statement

The mission of Gothenburg Schools is to prepare all students to become lifelong learners within a positive and innovative learning environment.

Data Focus

Students will improve their reading comprehension and vocabulary skills.

Description

- In the 2014-2015 school year, our community stakeholders shared that students needed to have more job-skills. A group of teacher leaders initiated “Habitudes” which is a *leadership* training curriculum that is a fun, creative and engaging way for the next generation to learn and practice leadership. *Habitudes* leadership lesson plans teach timeless character and leadership principles through the power of an image, a conversation and an experience.

Organizational Structure

- Students attend an assembly while teachers are preparing the lesson. Groups then get together for the lesson and share with the same teacher each time.
- At times in the cycle of activities, there are “big activities” which are when students get to learn and practice new job skills with the help of community members coming in and sharing their expertise. These are cycled every three years and vary from year to year.

Tentative Agenda

- Once per quarter, students participate in a student assembly, small group lesson, and activity.
- In the spring, our students go out into the community for a community-wide cleanup.

Impact / Outcomes

- Students will have the necessary skills and be prepared for postsecondary educational opportunities and be able to pursue his or her career goals.

Marzano's Nine Essential Instructional Strategies

1. ***Identifying Similarities and Differences:*** helps students understand more complex problems by analyzing them in a simpler way
 - a. Use Venn diagrams or charts to compare and classify items.
 - b. Engage students in comparing, classifying, and creating metaphors and analogies.
2. ***Summarizing and Note-taking:*** promotes comprehension because students have to analyze what is important and what is not important and put it in their own words
 - a. Provide a set of rules for asking students to summarize a literary selection, a movie clip, a section of a textbook, etc.
 - b. Provide a basic outline for note-taking, having students fill in pertinent information
3. ***Reinforcing Effort and Providing Recognition:*** showing the connection between effort and achievement helps students helps them see the importance of effort and allows them to change their beliefs to emphasize it more. Note that recognition is more effective if it is contingent on achieving some specified standard.
 - a. Share stories about people who succeeded by not giving up.
 - b. Find ways to personalize recognition. Give awards for individual accomplishments.
 - c. "Pause, Prompt, Praise." If a student is struggling, pause to discuss the problem, then prompt with specific suggestions to help her improve. If the student's performance improves as a result, offer praise.
4. ***Homework and Practice:*** provides opportunities to extend learning outside the classroom, but should be assigned based on relevant grade level. All homework should have a purpose and that purpose should be readily evident to the students. Additionally, feedback should be given for all homework assignments.
 - a. Establish a homework policy with a specific schedule and time parameters.
 - b. Vary feedback methods to maximize its effectiveness.
 - c. Focus practice and homework on difficult concepts.
5. ***Nonlinguistic Representations:*** has recently been proven to stimulate and increase brain activity.
 - a. Incorporate words and images using symbols to represent relationships.
 - b. Use physical models and physical movement to represent information.
6. ***Cooperative Learning:*** has been proven to have a positive impact on overall learning. Note: groups should be small enough to be effective and the strategy should be used in a systematic and consistent manner.
 - a. Group students according to factors such as common interests or experiences.
 - b. Vary group sizes and mixes.
 - c. Focus on positive interdependence, social skills, face-to-face interaction, and individual and group accountability.

7. ***Setting Objectives and Providing Feedback:*** provide students with a direction. Objectives should not be too specific and should be adaptable to students' individual objectives. There is no such thing as too much positive feedback, however, the method in which you give that feedback should be varied.
 - a. Set a core goal for a unit, and then encourage students to personalize that goal by identifying areas of interest to them. Questions like "I want to know" and "I want to know more about . . ." get students thinking about their interests and actively involved in the goal-setting process.
 - b. Use contracts to outline the specific goals that students must attain and the grade they will receive if they meet those goals.
 - c. Make sure feedback is corrective in nature; tell students how they did in relation to specific levels of knowledge. Rubrics are a great way to do this.

8. ***Generating and Testing Hypotheses:*** it's not just for science class! Research shows that a deductive approach works best, but both inductive and deductive reasoning can help students understand and relate to the material.
 - a. Ask students to predict what would happen if an aspect of a familiar system, such as the government or transportation, were changed.
 - b. Ask students to build something using limited resources. This task generates questions and hypotheses about what may or may not work.

9. ***Cues, Questions, and Advanced Organizers:*** helps students use what they already know to enhance what they are about to learn. These are usually most effective when used before a specific lesson.
 - a. Pause briefly after asking a question to give students time to answer with more depth.
 - b. Vary the style of advance organizer used: Tell a story, skim a text, or create a graphic image. There are many ways to expose students to information before they "learn" it.

Mr. Wyatt,
President

3. Discuss, consider and approve Resolution to set Option Enrollment Capacity for 2016-17 and subsequent years until otherwise determined and/or declared.

Dr. Teahon

According to Board Policy 5006, Option Enrollment, the School Board will determine and set, on an annual basis, the maximum number of option enrollment applications the School District will accept in any program, class, grade level or school building or in any special education programs operated by this School District, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which this School District will contract based on existing contractual arrangements, and availability of appropriate special education programs, and may declare a program, class or school unavailable to option students due to lack of capacity. Such determinations may be made in the form of an Appendix 1 to this Policy. The determination and declaration made for any school year shall continue in effect for the next and subsequent school years unless otherwise determined and/or declared.

Dr. Teahon

4. Designate superintendent as authorized district representative for federal and state programs for 2016-17 fiscal year.

This is done on an annual basis.

Dr. Teahon

5. Discuss, consider and approve transfers to Depreciation Fund, Activities Fund and Lunch Fund.

Money was budgeted in the Depreciation Fund and is reserved for eventual capital outlay such as the purchase of vehicles, a roof, or instructional equipment. The Superintendent recommends a transfer of \$35,000 at this time. Money is budgeted for general operating expenses in the Activities Fund. The activities director and business manager determine short-term and long-term needs of the program and determine when and how the funds are to be utilized. The superintendent recommends a transfer of \$25,000 at this time. Money has been transferred into the lunch fund during the past three fiscal years due to increased costs and our move to a food court concept. However, the lunch fund ended up with a positive balance in 15-16 so a transfer is not necessary. Lunch prices were increased at the July meeting to address projected food cost increases. There are sufficient resources in the budget to allow for transfers at this time.

Dr. Teahon

6. Discuss, consider and approve proposed Professional Development Manual and Data & Assessment Manual.

The building administrators and members of the Executive Council will discuss the proposed professional development manual including calendar and strategies. The assessment manual has also been updated and will be discussed.

Dr. Teahon

Mrs. Allison Jonas

Pk Programs: Our preschool program is full and Mrs. Bell has done an amazing job preparing for these kiddos. We managed to hit our target demographic and are very excited to be providing this service to the community. Open house will be on Monday, August 15th from 5:30-7:30 at the United Methodist Church. This coincides with our other open houses as well.

We've seen a large increase in the number of birth-3 referrals we're seeing. I appreciate that the board has allowed us to address this. Mrs. Carol Keiser and Mrs. Melissa Bell are doing a great job meeting the increased demands.

Our second annual VIK night will be held August 10th. This is an opportunity for kindergarten students to be introduced to a new building and all new staff without the craziness of our regular open house night. In addition, teachers are able to schedule brief one on one meetings with their child's teacher between the 10th and 16th.

Special Education: Teachers will meet the first week of school to discuss student specific needs with our classroom teachers and paras. We welcome three new paras to our team this year: Tabitha Venteicher, Susan Massin, and Elaine Smith. I've created a handbook specifically for paras that can be [seen here](#).

Professional Development: During the month of August, our new teachers will attend several days of training. I accompanied our first year teachers to a "boot camp" in Kearney last week that was very informational. In addition, I've revamped our Mentor Handbook to align with Marzano's instructional strategies. I will meet with new teachers at a minimum of once per month and be in their classroom multiple times per month. Our goal is to nurture highly effective instructors. In addition, we have multiple professional development opportunities for our staff; an agenda can be seen by [clicking here](#).

Continuous Improvement: We're working hard to break the mold of thinking "school improvement" is only one committee. Our structure is changing and we're aligning all we do with the AQuESTT tenants. In addition, we're focusing on "Continuous Improvement" as an all encompassing term. The Continuous Improvement Handbook can be seen by [clicking here](#).

Topics:

Summer School: We had a great turnout for summer school and the 65 kids did a great job working on their reading and math skills for three weeks. The staff did a great job incorporating technology, interventions, and community tours into the summer school program.

Playground: A big "THANK YOU" again to the volunteers that helped with the playground. The kids are going to have a great time on the new equipment and will enjoy accessibility to the north playground equipment and getting rid of all those rocks will be awesome.

Primary: Kindergarten will dismiss at 1:30 pm through August 26th and will begin full days on August 29th. As a reminder, Kindergarten and 1st grade will drop off and be picked up at the north parking lot.

Boys Town Social Skills: The paper will again be publicizing our Super Swede Students starting in September. This program is to promote positive interactions among students and teachers and to recognize those doing an outstanding job.

NAESP National Conference: I attended a great conference in Washington D.C. in July. I got some great ideas to incorporate teachers into the decision making process and how promote your school brand. This will be my year to be president of NAESP and work with other principals across Nebraska.

StudentsOption EnrollmentA. Process and Time Lines to Option In

For a student to attend Gothenburg Public Schools as an option enrollment student, the student's parent or legal guardian must submit an application to the Board of Education of the Gothenburg Public School District between September 1 and March 15 for enrollment during the following and subsequent school years (the "application period"). In the event a student relocates from the Gothenburg Public School District to a different school district and wishes to attend Gothenburg Public Schools as an option student, the application period is within thirty (30) days after the relocation. In the event the Gothenburg Public School District merges with another school district and a student wishes to attend Gothenburg Public Schools as an option student, the application period is within thirty (30) days after the effective date of the merger.

Upon receipt of an application, the Superintendent or the Superintendent's designee shall provide the resident school district with the name of the applicant on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

Provisions for Waiver of Application Deadline:

The application deadline may be waived by the School Board for applications to option into the Gothenburg Public School District, provided that the application contains a release approval from the resident district and satisfies any other requirements of law. Further, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building or in any special education programs operated by this School District which have been determined by the School Board to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason.

B. Rejection of Applications; Reasons

1. Capacity: An option enrollment application shall be rejected in the event the capacity of a program, class, grade level, or school building or the availability of appropriate special education programs operated by the School District would be exceeded by acceptance of the application, and an option enrollment application shall be rejected in the event the application is for enrollment in a program, class, grade level, or school building which has been declared unavailable to option students due to lack of capacity.
2. Timeliness: An option enrollment application shall be rejected in the event the application is not filed on a timely basis and the filing deadline has not been

waived.

3. Previous Option Enrollment: An option enrollment application shall be rejected in the event the student has previously filed an option enrollment application for enrollment in any School District and has had such application accepted, unless a statutory exception to the “one-time” rule is applicable to the student’s circumstance.
4. Other Reasons: An option enrollment application may be rejected in the event the Superintendent, the Superintendent’s designee, or the School Board determines: The application is not submitted on a form prescribed by the State Department of Education, is not completely and accurately filled in, is not received within the time required by law, or any additional information requested to be supplied is not supplied to the School District within the time lines indicated; or in the event acceptance of the application is not required by law. Matters which are legally prohibited from being considered as standards for acceptance or rejection of applications (including “previous academic achievement, athletic or extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings” and further including, without limitation, race, national origin, and gender) shall not be considered as reasons for acceptance or rejection.

C. Priority of Acceptance

Priority shall be accorded in the following order: (1) first, to those applications required to be given priority by law, (2) second, to those with a sibling in attendance at Gothenburg Public Schools, with priority within this group being given to those who had earliest filed applications, and (3) third to those without an option student sibling in attendance at Gothenburg Public Schools, with priority to those within this group to those who had earliest filed applications.

Filing date determinations are made by the Superintendent, or the Superintendent’s designee. In the event applications within a group are received at the same or substantially the same time, priority as between such same-date applications shall be determined on the basis of random drawing.

D. Determination of Capacity

The School Board will determine and set, on an annual basis, the maximum number of option enrollment applications the School District will accept in any program, class, grade level or school building or in any special education programs operated by this School District, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which this School District will contract based on existing contractual arrangements, and availability of appropriate special education programs, and may declare a program, class or school unavailable to option students due to lack of capacity. Such determinations may be made in the form of an Appendix “1” to this Policy. The determination

and declaration made for any school year shall continue in effect for the next and subsequent school years unless otherwise determined and/or declared.

E. Releases for Options Out

A request for release of a resident student of the Gothenburg Public School District who submits an enrollment option application after March 15 or any other statutory deadline, and prior to September 1, will be granted unless the release shall not be granted if the administration is considering or has recommended expulsion of the student at the time the application is filed, and the administration determines it is appropriate to complete the expulsion process. Waivers submitted after September 1 of the current year will only be considered with extenuating circumstances.

The Superintendent or the Superintendent's designee is hereby authorized to execute such releases on behalf of the School Board and the School District, subject to subsequent ratification by the School Board.

F. Notification of Acceptance or Rejection

In the case of an application to option enroll into the Gothenburg Public School District, the Superintendent or the Superintendent's designee shall notify, in writing, the parent or legal guardian of the student, and the resident school district, whether the application is accepted or rejected on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

If an option enrollment application or a request for release is rejected by the Gothenburg Public School District, the Superintendent or the Superintendent's designee shall provide written notification to the parent or guardian stating the reasons for the rejection and the process for appealing such rejection to the State Board of Education. Such notification shall be sent by certified mail.

G. Applications Subsequent to Relocations or Mergers

An option enrollment application does not require a release and shall be accepted or rejected within forty-five days after filing in the following circumstances:

1. the student relocated to a different resident school district after February 1, or
2. the student's option school district merged with another district effective after February 1, and
3. the application is for attendance during the immediately following and subsequent school years.

H. Status of Option Student

A student who is admitted under the enrollment option program shall be treated as a resident student, and in such regard shall be required to provide such enrollment information and

documentation as is required for enrollment of other students (e.g., certified birth certificate and evidence of physical examination, visual evaluation and immunization), shall be required to be enrolled on a full-time basis, and shall be required to adhere to student conduct rules. The building assignment for an option student, as well as classroom and grade level assignments, shall be determined by the administration.

An option student shall not be entitled to transportation except as required by law.

I. Information Regarding Schools, Programs, Policies and Procedures.

As part of the option enrollment program, the administration shall make information about the Gothenburg Public Schools and its school, programs, policies and procedures available to all interested persons and shall have a copy of the option enrollment policy and regulations available at each school building.

Introduction

The Gothenburg Public Schools Assessment and Data Manual is meant to provide information about assessments and data analysis of those results. This document will provide information about the assessments that our students take, the data received from those assessments and how Gothenburg uses the data to improve instruction for our students. One of the beliefs of Gothenburg Public Schools is to make sure the results from all of the assessments taken by our students is used to improve our school.

Philosophy

In the Gothenburg Public School District, assessment is an integral part of a student's educational experience. The primary goal of assessment is to improve student learning. Therefore, educators need to have the knowledge and skills necessary to create, administer, and interpret assessments. Any one assessment is a limited source of information and must be used in conjunction with all other available information about a student.

In order to increase student achievement and create an environment that supports life long learning, educators must form a partnership with

students and parents by involving them in the assessment and evaluation process. When assessments are used and interpreted properly, the results provide information that is valuable in designing educational opportunities that promote student achievement and meet the needs of all learners.

Assessment & Data Analysis - What is the purpose?

Assessment **of** Learning -

- How much have students learned at a particular point in time?

Assessment **for** Learning -

- How can we use assessment to help students learn more?

For Students and Parents -

- Assessments help gauge individual progress to help build on strengths and address weaknesses.

For Teachers -

- Assessments provide information about: instructional needs, determination of mastery, and evaluation of the effectiveness of units/strategies.

For Administrators -

- Assessments provide information about areas of curricular strength and weakness, resource and staff development needs, and targets for improvement.

Assessments

MAP - Measures of Academic Progress

Description:

- The MAP test is a national norm-referenced (NRT), computerized adaptive assessment. It is a standardized test, which compares students to their peers. Areas tested are: Math, Reading and Language.

Every school in Nebraska is required to give a standardized achievement test each year. The MAP assessment fulfills this requirement.

Administered to:

- Grades 3-8

Administered by:

- classroom teachers for grades 3-8

Administration time:

- Test administration will be done during a class period with the classroom teacher. There is no time limit but the administration is very similar to NeSA. Projected time to take the MAP assessment is a class period (48 minutes). We will administer this assessment two times throughout the year: August or early September, and February or early March. The reason for this change is to try to alleviate some of the assessments that we do. By the end of the school year, students are tired of taking assessments.

Results available are at the individual student level and grade level report. Scores are obtained for each subtest (e.g. reading comprehension) and also for each area (e.g. language arts). The students will be given a RIT score and that can be translated into a grade level estimation. The district will be able to see which students and their projected grade level. This will give us very good data on the student's ability in math, reading and language.

The classroom teacher receives a class-wide summary of results and this will be available online within 24 hours of the students completing the assessment.

The administration receives a school-wide summary of results online within 24 hours of students completing the assessment.

The student's parents receive results as an individual report.

Results are reported to the state for state and federal requirements.

Impact:

- Data is used in triangulation with NeSA and classroom assessments to make curricular changes.
- Compare students to national norms
- Component of the HAL selection process
- Used in the Title 1 data comparison for math in grades 3-6.

ITBS, PSAT, ACT, Compass**Description:**

- These tests are national exams that are used to determine how much content our students know as they enter college. Colleges may use the scores to determine whether students should take remedial courses before they enroll in the regular college level courses as well as using the scores to determine eligibility for scholarships and entrance to college.

Administered to:

- Grades 10-12

Tests are not administered to all students. Tests are taken by students, who volunteer to take them, as a part of career exploration, scholarship requirements, and/or college placement.

ITBS is given to all Juniors in the Spring.

The HS counselor coordinates the administration/taking of the tests.

Results of the tests are given to the individual student and are usually confidential, thus are not available for public consideration.

School-wide results may be available such as number of students taking the test and the overall average score of the students who took the tests.

During the 2011-2012 school year, we will be assessing all sophomores with the PLAN test.

Impact:

- PLAN testing gives the student an indication of what their strengths and weaknesses are before taking the ACT exam.
- ACT will directly impact the student as far as college entrance and scholarship money.

STAR Reading**Description:**

- STAR Reading is a computer-adaptive test for assessing reading comprehension. STAR Reading is a national norm-referenced test. STAR Reading features normative data so you can compare your students to their peers. The norm-referenced test uses computer-adaptive technology that adjusts the difficulty of each question based on the students' previous answers.

Administered to:

- Grades K-8

Tests are taken in the computer lab and are under the supervision of the classroom teacher and computer lab assistant.

Administration time: Students can complete the 24-item reading test in approximately 10 minutes. Tests may be taken four times a year.

STAR Reading provides norm-referenced reading scores for students in grades

K-8. These scores include grade equivalents, percentile ranks, normal curve equivalents, and independent reading levels.

Results available are at the individual student level and a classroom summary level.

Results are given to the parents as an individual report of their student's reading proficiency.

Results are reported to the classroom teacher and administrators.

Results are necessary for determining each student's reading level for participation in the Accelerated Reading (AR) program.

Impact:

- Assist student and teacher in book selection at an appropriate grade level
- Specialized instruction decisions for students in SPED
- General education staff determines reading levels for grouping students with appropriate leveled reader
- Instructional strategies are considered for comprehension, fluency, vocabulary, and phonemic awareness
- Monitoring student progress throughout the year
- Provide communication with parents

STAR MathDescription:

- STAR Math is a computer-adaptive test for assessing math skill levels. STAR Math provides norm-referenced scores so that you can compare students to national norms.

Administered to:

- Grades 1-6

Tests are taken in the computer lab and are under the supervision of the classroom teacher and computer lab assistant.

Administration time: Students can complete the test in approximately 10 minutes. Students take this assessment three times a year (fall, winter, spring)

STAR Math provides norm-referenced math scores for students in grades 1-6.

These scores include a scaled score, a percentile rank, a normal curve equivalent score, a grade equivalent and a math instructional level.

Results available are at the individual student level and a classroom summary level.

Results are reported to the classroom teacher and administrators.

Results are necessary for determining each student's math proficiency level and also used for the retention and promotion of students.

Impact:

- Baseline for math instruction
- Monitor progress and communicate with parents throughout the year
- Used for Title 1 comparison
- Specialized instruction decisions for students in SPED

Dynamic Indicators of Basic Early Literacy Skills (DIBELS)

Description:

- The Dynamic Indicators of Basic Early Literacy Skills (DIBELS) is an assessment system designed to assess all students' progress (K-6) on the big ideas of early literacy development in a standardized, time efficient manner. Students are assessed at the beginning, middle, and end of the school year to allow for timely instructional feedback.

The DIBELS measures were specifically designed to assess the core components of reading: Phonological Awareness, Alphabetic Principle, Accuracy and Fluency with Connected Text, Vocabulary, and

Comprehension. The measures are linked to one another, both psychometrically and theoretically, and have been found to be predictive of later reading proficiency. Combined, the measures form an assessment system of early literacy development that allows educators to readily and reliably determine student progress.

Administered to:

- Grades K-6

Tests are individually administered to all students grades K-6 by a team of six staff members over the course of a week in the fall, winter, and spring benchmark periods.

Administration time: It takes approximately eight minutes to administer the DIBELS benchmark assessment to each student. A team of four test administrators can complete a classroom of 20 students in approximately 40 minutes. Tests are administered three times a year.

Teachers receive classroom results of individual student performances.

Administrators receive classroom results of individual student performances and a summary of grade-level performances.

Results are used to evaluate student's early literacy and reading fluency skills.

Results are also used by Special Education teachers for inclusion in a student's IEP as a measure of their present level of literacy skills. Results are also used to determine whether or not to promote or retain a student.

Results are not reported to the state.

Impact:

- Results assist in determining the level of support to students
- Monitor yearly progress
- Used for Title 1 comparison
- Grouping students for interventions
- Assessment, instruction and interventions of phonemic awareness, vocabulary, alphabetic principles, comprehension, and accuracy and fluency.

Saxon Math**Description:**

- A Pre/Post Criterion Referenced Test (CRT) of grade level math skills.

Administered to:

- Grades K, 1, and 2

Tests are individually administered to all students grades K-3 by a team of 4 staff members over the course of a week in the fall and spring of the school year.

Administration time: It takes approximately 10 minutes for administration per child. For a classroom of 20 students, it would take a team of four approximately 50 minutes.

Saxon test results are received by classroom teachers and administrators.

Results are reported to the school improvement committee.

Impact:

- Baseline for instruction
- Monitoring student progress
- Direct correlation to state standards
- Results assist in determining level of support

Saxon Math**Description:**

- A Pre/Post Criterion Referenced Test (CRT) of grade-level math skills.

Administered to:

- Grades 3-5

Tests are group administered to the students in each grade by the classroom teacher.

Administration time: It takes approximately 60 minutes to take the test. It is given during a math class period at the beginning and end of the school year.

Saxon test results are received by classroom teachers and administrators.

Results are reported to the school improvement committee.

Impact:

- Baseline for instruction
- Monitoring student progress
- Direct correlation to state standards
- Results assist in determining level of support

Math Pre/Post Test for Grades 6-11**Description:**

- A Pre/Post Criterion Referenced Test (CRT) from the Prentice-Hall Math curriculum that measures grade-level math skills.

Administered to:

- Grades 6-11

Tests are group administered by the math teacher from each grade-level at the beginning and end of the school year.

Administration time: It takes approximately 45 minutes of a math class period at the beginning and end of the school year.

Summary of results available: Results are reported as a percentage of a student's math proficiency in the math curriculum taught during the year.

Math results are obtained by the classroom math teacher and reported to the School Improvement Committee.

Impact:

- Helps identify student abilities
- Staff has a good idea of curricular areas that need more attention
- Looking at the pre/post test results gives students and staff a good indication of student growth over the course of a school year.

Semester Tests**Description:**

- A cumulative exam given to the students at the end of each semester to assess student learning. This process is changing in that it will be up to each individual teacher to decide whether they want to give a semester test or not.

Administered to:

- Grades 7 - 12

Tests are group administered by the teacher at the end of each semester.

Administration time: It takes approximately 48 minutes at the end of each semester (class period).

Summary of results available: Results are reported as a grade on the student's report card and in powerschool. Those results are a percentage of the semester grade for each student.

Impact:

- Used to determine progress for the semester.
- Assessment can be used to give the teacher and student a good idea of strengths and weaknesses.

School-based Teacher-led Assessment and Reporting System (STARS)**Description:**

- Reading, Math, Science, and Social Studies assessments of the Nebraska state standards for those subject areas. Assessments are developed by teachers for each area's standards and assessed by those teachers after the standard has been sufficiently covered or taught to the student. These assessments were replaced by the NeSA exams.

Administered to:

- Grades 1 and 3-11

Assessments are administered by the classroom teacher to their students for designated state standards.

Assessments are ongoing, as the state standards are taught the assessments are given.

Assessments are directly related to the content that's being taught.

Results are reported on each student's level of proficiency (i.e. a score of 1, 2, 3, or 4) for each subject area's (i.e. language arts, science, math) standards that are assessed.

Results are reported to the state as a percent of students meeting or exceeding the state standards (i.e. the percent of students who received a score of a 3 or a 4).

Impact:

- Monitors mastery of skill - state standards
- Instructional decisions were based on these assessments in the past.
- Now the focus has shifted from STARS to NeSA.

STATE WRITING ASSESSMENTS

Description:

- Students at specific grades write on the same topic and their actual writing is graded by teachers other than their own. This reveals not only how well students write in the narrative, persuasive and descriptive styles, but also provides information about their overall education, since writing well is dependent on the depth of their general knowledge of other subjects.

Administered to:

- Grades 4, 8, and 11

The state writing assessments are administered by classroom teachers to their students in grades 4, 8, and 11.

Administration time:

- Two 40 minute class periods are allowed for the writing assessment in the fall and again in the spring.

The writing assessments are scored by teachers outside of the school district.

The results from the fall assessment period are reported back to the school district only, while the spring writing assessment results are reported both to the school and to the state.

Results are a part of the state of school's report

Impact:

- The assessment drives our written language instruction.
- Teachers can use results to determine strengths and weaknesses of curricular areas.

Nebraska State Accountability - NeSA

Description:

- The tests that fall in this category would be the NeSA-M, NeSA-R and NeSA-Science. These tests are designed to get a snapshot of the student's progress on that particular day. The reading test is broken down into a vocabulary and comprehension sub-score. The math test will be broken down into number sense, algebraic expressions, geometric/measurement, and data analysis/probability. The science test is divided into life science, earth science, physical science and inquiry.

Administered to:

- NeSA-M & NeSA-R - 3-8 & 11
- NeSA-Science - 5, 8, 11

Time:

- No time limits on these tests. Most students will finish during a class period (48 minutes)

The NeSA tests are sent to the testing company (DRC) in Minnesota to be scored.

The results are reported back to the school district. It is then up to us to get the information to the teachers and students.

Results will also be a part of the state of the school's report. AYP determinations will be assigned from the NeSA-M and NeSA-R tests.

Impact:

- These assessments drive our curriculum in language arts, math and science.
- Students get a report showing how they scored and a breakdown of sub-scores to show strengths and weaknesses.
- The data from this assessment is used to make curricular changes in order to improve instruction for our students.

Data Analysis

At Gothenburg Public Schools, we are dedicated to making data driven decisions when planning for the school year, evaluating curriculum and general school improvement issues. Our teachers and administration are very involved in this process. To help teachers plan for the year, flex days have been added to the calendar to start the school year. During these days, teachers meet according to subject area to go over data collected from the previous year. This allows Gothenburg Public Schools to make changes in curriculum and instruction based on the assessment data. As the year goes on, teachers continue to look at classroom data to make sure their lessons are effective. It is our goal at Gothenburg to provide the best possible instruction and curriculum for the students that walk through our doors on a daily basis. The data analysis of student assessments is an ongoing process that our entire school has embraced and dedicated to.

The teachers meet to discuss student assessment results from the Iowa Test of Basic Skills, NeSA scores, State of the Schools Report and any other

scores that will be applicable to the process. The following data listed is an example of how teachers go through the data analysis process for their assigned subject area or grade level.

Trend Data - These graphs show data from the past six years for a grade level and are broken down into demographics (SPED, Gender, and

Free/Reduced Lunch). This information has been gathered for all grade levels (3 - 8, 10) and in the areas of math, language arts and reading. The reason these areas were picked was that there are sub scores for each.

Demographics:

Class Data - This data is very similar to the cohort data above but this only shows how single class has scored on the ITBS over the years.

Class of 2021 would be the third grade class this year (2011) and there is no graph for them yet because they only have one year of ITBS scores.

Their scores will be added into graph form in the coming years like all of the other classes.

ACT Data - This is limited because of confidentiality but we do get some general results from this assessment. Not all juniors or seniors take this test. The college bound students take this assessment at an off campus site. The table below shows an example of the information we receive from the ACT assessment. It is not very specific but still gives us some good information about how Gothenburg students compare to state and national averages.

Math Pre/Post Tests - These tests are given to elementary through senior high students to determine the students' math skills at the beginning of the year. It also helps show student improvement throughout the school year.

Conclusion

We have completed our first year of assessing students in grades 3-8 using the MAP assessment. This will give the district important data that can help improve our instruction. This is a norm-referenced test that is from the NWEA (Northwest Evaluation Assessment) and meets our federal requirement for assessing students.

This Assessment Manual is meant to inform the reader on Gothenburg Public Schools' data analysis process and the assessments given to our

students. It is the philosophy of Gothenburg to use the assessment data to make informed decisions about the curriculum. The administration and staff will use the assessment data to ensure the best possible instruction for the students.

Data collection and analysis has become and will continue to be extremely important in education. The state is asking for more data from schools and it is our job to make sure we are aware of what data is being sent to the state. By keeping data at the forefront, it not only allows us to be informed of our students' strengths and weaknesses but will also allow us as a school district to provide an exceptional educational experience. Gothenburg Public Schools will continue prepare our students for their next step in life whether that is college or joining the workforce as a productive citizen.

Internal Board Policies - Methods of OperationFormulation of Policies

It shall be the policy of Gothenburg Public Schools that the Board of Education, representing the people of the Gothenburg School District, will be the governing body which determines all questions of general policy to be employed in the governance of the Gothenburg Public Schools.

Proposals regarding school district policies and operation may be initiated by any of several sources: a parent, a taxpayer, a professional employee, a school board member, a non-professional employee, a professional consultant, a civic group, etc. Ordinarily policies will be developed for presentation to the Board of Education by the Superintendent.

Formal action on policy proposals, whatever their source, will be taken by the Board of Education in accordance with its bylaws. Ordinarily, the Board of Education shall take action on such matters upon the basis of recommendations presented to the Board of Education by the Superintendent.

Internal Board Policies - Methods of OperationAdoption, Amendment or Suspension of Policies

- A. Proposed policies introduced and recommended to the Board shall require a majority vote of the Board for adoption and if so passed shall take effect immediately.
- B. Any policy of the Board may be suspended for an agreed upon period of time by a majority vote of the members of the Board.
- C. The Superintendent of Schools, in case of emergency or to comply with legal requirements, may suspend any part of these policies and regulations as it pertains to administration of schools provided, however, that the Superintendent shall report the fact and the reason for such suspension at the next meeting of the Board of Education and, provided further that the suspension shall expire at the time of said report unless continued in effect by action of the Board of Education.

Date of Adoption: April 14, 2008

Bylaws of the Board - Bylaws, Policies and RegulationsFormulation, Adoption, Amendment of Policies

Policy proposals and suggested amendments to or revisions of existing policies shall normally be submitted to all members of the Board of Education by the Superintendent in writing prior to a regularly scheduled Board of Education meeting in which such proposed policies, amendments, or revisions thereof shall be read and discussed.

Policies will typically be introduced at one meeting and approved at the next meeting of the Board of Education. However, policy may be approved in a single meeting if necessary. The agenda and minutes shall be marked to indicate policy matters.

The formal adoption of policies shall be by majority vote of all members of the Board of Education and the actions shall be recorded in the minutes of the Board of Education. Only those written statements so adopted and so recorded shall be regarded as official policy.

Policies shall be reviewed at least every three (3) years or at such other periodic time periods as may be required by law.

Adoption and Amendment of Bylaws

Proposed new bylaws and suggested amendments to or revisions of existing bylaws may be adopted by a majority vote of ALL members of the Board during the second of two (2) regularly scheduled meetings of the Board not less than four (4) weeks apart in the calls for which meeting the proposed additions, amendments or revisions shall have been described in writing.

Approval and Amendment of Administrative Regulations

The Board does not adopt administrative regulations unless specifically required to do so by law, or unless requested to do so by the Superintendent, or as required by negotiated agreements with employee organizations, in which case, any such regulation shall become a part of any such agreement and shall be subject to amendment as provided in any such agreement.

The Board reserves the right to review and demand revisions of administrative regulations should they, in the Board's judgment, be inconsistent with the policies adopted by the Board.

Suspension of Policies, Bylaws and Regulations

Policies and rules may be suspended unless in conflict with state law by a unanimous vote of all Board members in attendance at any regular or special meeting.

Business OperationsSale and Disposal of School Property

The Superintendent is authorized and directed to dispose of books, furniture, equipment, real estate, and other property that is obsolete or no longer needed for school operations. Any sale of school property is contingent on approval by the vote of at least two-thirds of the members of the Board of Education at a regular meeting.

Such disposal may be by private sale, auction, trade-in, or by taking bids and selling to the highest or most responsible bidder.

The following procedures shall be followed for an auction or when taking bids:

1. The intention to sell shall be publicized, via school newsletter, a weekly memo, a bulletin posting, a newspaper advertisement, or other means suitable to the value and nature of the property.
2. Real estate will be sold to the highest bidder, except that a minimum acceptable price may be established prior to bidding.
3. Items which are offered for sale in an approved manner which are not sold after a reasonable period of time may be considered to have no value and may be disposed of as determined by the Superintendent and reported to the Board of Education.

Property that has little or no value shall be discarded or recycled as appropriate. No school employee shall take such property for their personal use, even if the item has been placed in the trash, without the express approval of the administration.

Business OperationsPurchasing Policies

The Superintendent shall ensure that all purchases are made in the interest of economy and efficiency. Where necessary, standards and procedures shall be established to accomplish the following policies of the Board of Education:

1. Purchases up to \$10,000. For the greatest efficiency in expediting purchases, the administration shall be authorized to purchase any item specifically budgeted which has a sale price within the established limit.
2. Purchases from \$10,000 up to \$40,000. The Superintendent shall request the submission of proposals for purchases which have a sale price within the established limit. The Superintendent shall receive and evaluate all proposals in making a recommendation to the Board of Education for acceptance. The Board of Education may review all proposals submitted relating to the recommended purchase. Since this is a proposal system, not a bidding process, the school district in no way shall be obligated to arbitrarily award the contract to the lowest proposal, but shall reserve the right to reject any and all proposals or to waive any informality in any proposal it deems advisable, and to award to the proposer which, in its opinion, is most desirable.
3. Purchases of \$40,000 and above. The Superintendent shall advertise for sealed bids which shall be opened in conformity with any applicable laws and in compliance with any procedures established by the Superintendent. The Board retains the right to determine the responsibility of the bidders, and shall award the contract to the lowest responsible bidder meeting specifications, be the bidder a member or apart from the local community.
4. Any school employee who orders any supplies or equipment outside of that which has been included in the annual budget and without written authorization of the principal or superintendent shall be personally liable for payment for the supplies or equipment purchased.
5. School employees or students purchasing supplies and equipment out of an activity account must first secure a purchase order from the principal authorizing the purchase. Failure to do so will cause the person to be personally liable for payment for the supplies or equipment purchased.

Credit Card Purchasing Program

1. The Board of Education authorizes the Superintendent or designee to contract with one or more financial institutions, card-issuing banks, credit card companies, charge card companies, debit card companies, or third-party merchant banks capable of operating a purchasing card program on behalf of the District.

2. The Board of Education delegates to the Superintendent or designee: (a) the determination of the type of purchasing card or cards to be utilized in the District's purchasing card program; and (b) the determination of which employees shall be approved or disapproved to be assigned a purchasing card in the District's purchasing card program. The Superintendent shall submit the approved names to the Board, from time to time.
3. The District's purchasing card program may only be utilized for the purchase of goods and services for and on behalf of the District. No officer or employee of the District shall use a purchasing card for any unauthorized use.
4. An itemized receipt for purposes of tracking expenditures shall accompany all purchasing card purchases. In the event that a receipt does not accompany an authorized cardholder's purchase, the Superintendent or designee shall temporarily or permanently suspend said cardholder's purchasing card privileges.
5. Upon the termination or suspension of employment of an individual using a purchasing card, the Superintendent or designee shall immediately close such individual's purchasing card account and said employee shall immediately return the purchasing card.

StudentsOption EnrollmentA. Process and Time Lines to Option In

For a student to attend Gothenburg Public Schools as an option enrollment student, the student's parent or legal guardian must submit an application to the Board of Education of the Gothenburg Public School District between September 1 and March 15 for enrollment during the following and subsequent school years (the "application period"). In the event a student relocates from the Gothenburg Public School District to a different school district and wishes to attend Gothenburg Public Schools as an option student, the application period is within thirty (30) days after the relocation. In the event the Gothenburg Public School District merges with another school district and a student wishes to attend Gothenburg Public Schools as an option student, the application period is within thirty (30) days after the effective date of the merger.

Upon receipt of an application, the Superintendent or the Superintendent's designee shall provide the resident school district with the name of the applicant on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

Provisions for Waiver of Application Deadline:

The application deadline may be waived by the School Board for applications to option into the Gothenburg Public School District, provided that the application contains a release approval from the resident district and satisfies any other requirements of law. Further, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building or in any special education programs operated by this School District which have been determined by the School Board to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason.

B. Rejection of Applications; Reasons

1. Capacity: An option enrollment application shall be rejected in the event the capacity of a program, class, grade level, or school building or the availability of appropriate special education programs operated by the School District would be exceeded by acceptance of the application, and an option enrollment application shall be rejected in the event the application is for enrollment in a program, class, grade level, or school building which has been declared unavailable to option students due to lack of capacity.
2. Timeliness: An option enrollment application shall be rejected in the event the application is not filed on a timely basis and the filing deadline has not been

waived.

3. Previous Option Enrollment: An option enrollment application shall be rejected in the event the student has previously filed an option enrollment application for enrollment in any School District and has had such application accepted, unless a statutory exception to the “one-time” rule is applicable to the student’s circumstance.
4. Other Reasons: An option enrollment application may be rejected in the event the Superintendent, the Superintendent’s designee, or the School Board determines: The application is not submitted on a form prescribed by the State Department of Education, is not completely and accurately filled in, is not received within the time required by law, or any additional information requested to be supplied is not supplied to the School District within the time lines indicated; or in the event acceptance of the application is not required by law. Matters which are legally prohibited from being considered as standards for acceptance or rejection of applications (including “previous academic achievement, athletic or extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings” and further including, without limitation, race, national origin, and gender) shall not be considered as reasons for acceptance or rejection.

C. Priority of Acceptance

Priority shall be accorded in the following order: (1) first, to those applications required to be given priority by law, (2) second, to those with a sibling in attendance at Gothenburg Public Schools, with priority within this group being given to those who had earliest filed applications, and (3) third to those without an option student sibling in attendance at Gothenburg Public Schools, with priority to those within this group to those who had earliest filed applications.

Filing date determinations are made by the Superintendent, or the Superintendent’s designee. In the event applications within a group are received at the same or substantially the same time, priority as between such same-date applications shall be determined on the basis of random drawing.

D. Determination of Capacity

The School Board will determine and set, on an annual basis, the maximum number of option enrollment applications the School District will accept in any program, class, grade level or school building or in any special education programs operated by this School District, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which this School District will contract based on existing contractual arrangements, and availability of appropriate special education programs, and may declare a program, class or school unavailable to option students due to lack of capacity. Such determinations may be made in the form of an Appendix “1” to this Policy. The determination

and declaration made for any school year shall continue in effect for the next and subsequent school years unless otherwise determined and/or declared.

E. Releases for Options Out

A request for release of a resident student of the Gothenburg Public School District who submits an enrollment option application after March 15 or any other statutory deadline, and prior to September 1, will be granted unless the release shall not be granted if the administration is considering or has recommended expulsion of the student at the time the application is filed, and the administration determines it is appropriate to complete the expulsion process. Waivers submitted after September 1 of the current year will only be considered with extenuating circumstances.

The Superintendent or the Superintendent's designee is hereby authorized to execute such releases on behalf of the School Board and the School District, subject to subsequent ratification by the School Board.

F. Notification of Acceptance or Rejection

In the case of an application to option enroll into the Gothenburg Public School District, the Superintendent or the Superintendent's designee shall notify, in writing, the parent or legal guardian of the student, and the resident school district, whether the application is accepted or rejected on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

If an option enrollment application or a request for release is rejected by the Gothenburg Public School District, the Superintendent or the Superintendent's designee shall provide written notification to the parent or guardian stating the reasons for the rejection and the process for appealing such rejection to the State Board of Education. Such notification shall be sent by certified mail.

G. Applications Subsequent to Relocations or Mergers

An option enrollment application does not require a release and shall be accepted or rejected within forty-five days after filing in the following circumstances:

1. the student relocated to a different resident school district after February 1, or
2. the student's option school district merged with another district effective after February 1, and
3. the application is for attendance during the immediately following and subsequent school years.

H. Status of Option Student

A student who is admitted under the enrollment option program shall be treated as a resident student, and in such regard shall be required to provide such enrollment information and

documentation as is required for enrollment of other students (e.g., certified birth certificate and evidence of physical examination, visual evaluation and immunization), shall be required to be enrolled on a full-time basis, and shall be required to adhere to student conduct rules. The building assignment for an option student, as well as classroom and grade level assignments, shall be determined by the administration.

An option student shall not be entitled to transportation except as required by law.

I. Information Regarding Schools, Programs, Policies and Procedures.

As part of the option enrollment program, the administration shall make information about the Gothenburg Public Schools and its school, programs, policies and procedures available to all interested persons and shall have a copy of the option enrollment policy and regulations available at each school building.

The receipt shall be signed by both student and parent or guardian and returned to the respective Principal. It shall contain in prominent letters the following language:

"RECEIPT SHALL SERVE TO DEMONSTRATE THAT YOU AS PARENT OR GUARDIAN OF A STUDENT ATTENDING GOTHENBURG PUBLIC SCHOOLS HAVE RECEIVED NOTICE OF THE STANDARDS OF CONDUCT OF THIS DISTRICT EXPECTED OF STUDENTS CONCERNING THE ABSOLUTE PROHIBITION AGAINST THE UNLAWFUL POSSESSION, USE, OR DISTRIBUTION OF ILLICIT DRUGS AND ALCOHOL ON SCHOOL PREMISES OR AS A PART OF ANY OF THE SCHOOL'S ACTIVITIES AS DESCRIBED IN BOARD POLICY OR ADMINISTRATIVE REGULATION. ANY NON-COMPLIANCE WITH THESE STANDARDS CAN AND WILL RESULT IN PUNITIVE MEASURES BEING TAKEN AGAINST ANY STUDENT FAILING

TO COMPLY WITH THESE STANDARDS."

Drug and Alcohol Education and Prevention Program of the District Pursuant to the Safe and Drug-Free Schools and Communities Laws and Regulations

Students are to be provided an age appropriate, developmentally based drug and alcohol education and prevention program. The program educates on the adverse effects of the use of illicit drugs and alcohol, with the primary objective being the prevention of illicit drug and alcohol use by students.

Drug and Alcohol Counseling, Rehabilitation and Re-entry Programs

Information concerning such resources shall be presented to all of the students of the District upon request by the counselor.

In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent or parents or guardian.

Safe and Drug-Free Schools-- Parental Notice of Right to Withdraw

Parents will be notified that, if upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

Standards of Student Conduct Pertaining to the Possession, Use, or Distribution of Illicit Drugs, Alcohol or Tobacco.

These standards are in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation. The District's standards prohibit the possession, use, or distribution of illicit drugs, alcohol or tobacco on school premises, in school vehicles, or as a part of any of the school's activities on or off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

In particular, students should be aware that:

1. Violation of these standards may result in suspension or expulsion.
2. Prohibited substances will be confiscated and turned over to law enforcement authorities.
3. The student may be referred for counseling or treatment.
4. Parents or legal guardian will be notified.
5. Law enforcement will be notified.
6. If it appears there is imminent danger to the student, other students, school personnel, or students involved, emergency medical services will be contacted.

However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

StudentsHomeless Students

This School District will comply with the federal and state law related to homeless students.

A “homeless child” for purposes of this Policy is a child who lacks a fixed, regular, and adequate nighttime residence, as defined by applicable federal and state law related to homeless students. An “unaccompanied youth” is a child who is not in the physical custody of a parent or guardian.

1. Homeless Coordinator: The District’s designated Homeless Coordinator is the Superintendent. The Homeless Coordinator may delegate the specified duties as the Homeless Coordinator determines to be appropriate. The Homeless Coordinator shall serve as the school liaison for homeless children and youth.
 - a. Responsibilities. The responsibilities of the Homeless Coordinator are to assist with identification, enrollment, and placement of homeless children and to provide staff development activities to all school personnel regarding the educational rights and needs of homeless children and youth. The Homeless Coordinator shall ensure that:
 - i. homeless children are identified by school personnel;
 - ii. homeless children enroll in, and have a full and equal opportunity to succeed in school;
 - iii. homeless children and their families receive educational service for which they are eligible and referrals to health, dental, and mental health services and other appropriate services;
 - iv. the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
 - v. public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens;
 - vi. enrollment disputes are mediated in accordance with law; and
 - vii. the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law.
 - b. Coordination. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. Coordination activities with area shelters and other homeless service providers are to be established by the Homeless Coordinator.
 - c. Financial. The Homeless Coordinator shall ensure that financial records are maintained to show expenditures are for authorized activities. Title I, Part A

homeless set-aside funds are also to be used for services for homeless children. Materials and equipment purchased with grant funds are properly identified and inventoried.

- d. Program Activities. The Homeless Coordinator shall design program activities to meet the greatest need as determined by the District and homeless service providers.
 - e. Documentation. The Homeless Coordinator shall document the number of homeless children and youth receiving services.
 - f. Student Records. The Homeless Coordinator shall ensure that any record ordinarily kept related to students, including immunization or medical records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, are to be maintained so that the records of a homeless child are available, in a timely fashion, when the child enters a new school or school district and in a manner consistent with the Federal Education Rights and Privacy Act.
 - g. Notice. The District shall annually inform school personnel, service providers, advocates working with homeless families, parents and guardians of homeless children and youths, and homeless children and youths of the duties of the Homeless Coordinator, and shall annually provide to NDE the identity of the District's Homeless Coordinator.
2. Enrollment and Placement of Homeless Children: The enrollment and placement of homeless children shall be in compliance with federal and state law.
- a. Enrollment. A homeless child shall be immediately enrolled even if the child is unable to produce records normally required for enrollment. Lack of previous school records, immunization and medical records, birth certificate, or other documentation from the previous school will not delay the enrollment of a homeless child or youth. Guardianship issues, uniform or dress code requirements, and residency requirements will not be obstacles to delay or deny enrollment. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.
 - b. Obtaining Records. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records.
 - c. Placement. Placement decisions for a homeless child shall be made according to the District's determination of the child's best interests.

- i. The placement shall be at either:
 1. The child's "school of origin," which is the school that the child attended when permanently housed or the school in which the child was last enrolled; or
 2. The school of the attendance area in which the child is actually living.
 - ii. If placed in the school of origin, the placement shall continue for the duration of the child's homelessness. If the child becomes permanently housed (no longer homeless) during the school year, the placement in the school of origin will be continued for the remainder of that school year.
 - iii. To the extent feasible the placement shall be in the school of origin except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian.
 - iv. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal.
 - v. The grade placement for the homeless child will be the appropriate grade level as determined by the building principal or designee using the same procedures that are used for placing non-homeless children attending that school.
3. Educational Services and Stigmatization or Segregation: It is the District's policy that homeless children not be stigmatized or segregated on the basis of their status as homeless. Homeless children will be provided the same free, appropriate public education as other students. Homeless students will be provided services comparable to services offered to other students in the school in which the homeless child has been placed, including the following: transportation services, educational services for which the student meets the eligibility criteria, such as services provided under Title I, educational programs for children with disabilities, and educational programs for students with limited English proficiency, programs in vocational and technical education, programs for gifted and talented students, and school nutrition programs.
4. Transportation: Transportation will be provided to homeless students to the extent required by law.
- a. Comparable Service. Transportation will be provided to a homeless student comparable to that provided to students who are not homeless.
 - b. School of Origin. When the homeless student attends the school of origin, transportation will be provided to and from the school of origin upon request of the parent or guardian of the homeless child, or upon request of the Homeless

Coordinator in the case of an unaccompanied youth. If the homeless child relocates out of the District but continues to be enrolled in this School District based on it being the school of origin, this School District will negotiate with the school district in which the child is residing to develop a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin. If agreement is not reached, the responsibility and cost for transportation shall be shared equally.

- c. Eliminate Barriers. Transportation will be provided when necessary to eliminate barriers to school enrollment and the retention of students experiencing homelessness.
5. Dispute Resolution Process. The process to resolve disputes concerning the enrollment or placement of a child or youth experiencing homelessness is as follows:
- a. The child and the parent, guardian or other person having legal or actual charge or control of the child shall be referred to the Homeless Coordinator. The Homeless Coordinator shall carry out the dispute resolution process as expeditiously as possible after receiving notice of the dispute within not less than thirty (30) calendar days. The dispute resolution process is as follows:
 - i. The child or parent/guardian will notify the Homeless Coordinator. The District's Dispute Resolution Form shall be used if such is available.
 - ii. When it is determined that additional information would be helpful, the Homeless Coordinator will schedule a meeting within 10 days, or such time as practicable, at which the child and parent/guardian will be given the opportunity to provide information in support of their position.
 - iii. The Homeless Coordinator will contact school officials and others as determined appropriate to obtain information to corroborate the information provided in support of the positions of the child and parent/guardian and the District.
 - iv. The Homeless Coordinator will provide a written response and explanation of a decision regarding the dispute within 30 calendar days after receiving the dispute statement.
 - v. The written response and explanation of the decision will include a notice of the right to appeal using the appeal process provided for in the Nebraska Department of Education Rule 19.
 - b. . In the case of an unaccompanied youth, the District liaison will ensure that the youth is enrolled immediately in the school in which enrollment is sought pending resolution of the dispute;
 - c. The District will ensure the immediate enrollment of the child in the school in which enrollment is sought pending resolution of the dispute; and
 - d. The District's written response will include a notice of the right to appeal as provided in Nebraska Department of Education Rule 19, Section 005.03.

6. Right to Appeal.

- a. Any parent, guardian or other person having legal or actual charge or control of a homeless child or youth or an unaccompanied youth that is dissatisfied with the decision of the District after the dispute resolution process may file a written appeal with the Nebraska Commissioner of Education within thirty (30) calendar days of receipt of the decision. Refer to NDE, Rule 19, Section 005.03 for further details.
- b. A party may appeal the decision of the Commissioner or designee by filing a Petition with the State Board of Education within thirty (30) calendar days of the receipt of the decision. Refer to NDE, Rule 19, Section 005.03C for further details.

StudentsStudent Privacy Protection Policy

It is the policy of Gothenburg Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

- A. Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties
Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.
- B. Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive
The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed Definition of Surveys of Matters Deemed to be Sensitive), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: Notification of and Right to Opt-Out of Specific Events.
- C. Right of Parents to Inspect Instructional Materials
Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term instructional materials for purposes of this policy.

The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

D. Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings

The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parent opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: Notification of and Right to Opt-Out of Specific Events.

E. Protection of Student Privacy in Regard to Personal Information Collected from Students

The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information.

Personal information for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term personal information, for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

F. Parent Access to Instruments used in the Collection of Personal Information

While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received.

The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy

The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to the student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events

The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

1. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information);
2. Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and
3. Any nonemergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parent opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the IDEA).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities. In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive

Any survey containing one or more of the following matters shall be deemed to be sensitive for purposes of this policy:

1. political affiliations or beliefs of the student or the student=s parent;
2. mental or psychological problems of the student or the student=s parent;
3. sex behavior or attitudes;
4. illegal, anti-social, self-incriminating or demeaning behavior;
5. critical appraisals of other individuals with whom the student has close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers; or
7. Religious practices, affiliations, or beliefs of the students or the student=s parent;
8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Mental Health Assessment or Service

The District shall obtain informed consent from the parent of each child who is under 18 years of age to participate in any mental-health assessment or service that is funded under the Every Student Succeeds Act (“ESSA”). Before obtaining the consent, the District shall provide the parent written notice describing in detail such mental health assessment or service, including the purpose for such assessment or service, the provider of such assessment or service, when such assessment or service will begin, and how long such assessment or service may last.

InstructionTitle I Parental and Family Involvement Policy

This Parental and Family Involvement Policy is established in compliance with Title I. Gothenburg Public Schools has a parental and family involvement policy applicable to parents and family members of all children. The parental and family involvement policy applicable to parents and family members of all children is not replaced by this Title I Parental and Family Involvement Policy and shall continue to be applicable to all parents and family members, including parents and family members participating in Title I programs.

It is the policy of Gothenburg Public Schools to implement programs, activities, and procedures for the involvement of parents and family members in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents and family members of participating children.

Expectations for Parental Involvement

It is the expectation of Gothenburg Public Schools that parents and family members of participating children will have opportunities available for parental and family involvement in the programs, activities, and procedures of the District's Title I program. The term "parental and family involvement" means the participation of parents and family in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—(A) that parents and family members play an integral role in assisting their child's learning; (B) that parents and family members are encouraged to be actively involved in their child's education at school; (C) that parents and family members are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental and family involvement policy. The District intends to meet this expectation through the following activities:

- A. Involving parents and family members in the joint development of the District's Title I plan and the processes of school review and school improvement.
- B. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance.
- C. Building the schools', parents' and family's capacity for strong parental and family involvement.
- D. Coordinating and integrating parental and family involvement strategies under Title I with parental and family involvement strategies under other programs.
- E. Conducting, with the involvement of parents and family members, an annual evaluation of the content and effectiveness of the parental and family involvement policy in improving the academic quality of the schools served under the Title I

program, including identifying barriers to greater participation by parents and family members in Title I programs, with particular attention to parents and families who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the parental and family involvement policies of the District.

- F. Involving parents and family members in the activities of the schools served under Title I.

Policy Involvement

Each school served under the Title I program shall:

- A. Convene an annual meeting, at a convenient time, to which all parents and family members of participating children shall be invited and encouraged to attend, to inform parents and family members of their school's participation under the Title I program and to explain the requirements of the Title I program.
- B. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental and family involvement in such meetings by offering transportation, child care, or home visits.
- C. Involve parents and family members in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
- D. Provide parents and family members of participating children—(1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents and family members, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
- E. If the District operates a school-wide program under Title I and such plan is not satisfactory to the parents and family members of participating children, submit any parental or family members' comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement

As a component of the District's parental and family involvement policy, each school served under the Title I program shall jointly develop with parents and family members for all children served under the Title I program a school-parent compact that outlines how parents, family members, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school, parents and family members will build and develop a partnership to help children achieve the State's high standards. Such

compact shall—(1) describe the school’s responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State’s student academic achievement standards and the ways in which each parent and family will be responsible for supporting their children’s learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child’s classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and (2) address the importance of communication between teachers, parents and family members on an ongoing basis through, at a minimum—(A) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child’s achievement; (B) frequent reports to parents and family members on their children’s progress; and (C) reasonable access to staff, opportunities to volunteer and participate in their child’s class, and observation of classroom activities.

Building Capacity for Involvement

To ensure effective involvement of parents and family members and to support a partnership among the District, parents, family members, and the community to improve student academic achievement, each school participating in the Title I program and the District—(1) shall provide assistance to participating parents and family members, as appropriate, in understanding such topics as the State’s academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child’s progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents and family members to work with their children to improve their children’s achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental and family member involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents and family members, in the value and utility of contributions of parents and family members, and in how to reach out to, communicate with, and work with parents and family members as equal partners, implement and coordinate parent and family programs, and build ties between parents, family members and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent and family involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent and family resource centers, that encourage and support parents and family members in more fully participating in the education of their children; (5) shall ensure that information related to school and parent and family programs, meetings, and other activities is sent to the parents and family members of participating children in a format, and to the extent practicable, in a language the parents and family members can understand; (6) may involve parents and family members in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental and family involvement activities, including transportation and child care costs, to enable parents and family members to participate in school-related meetings and training sessions; (9) may train parents and family members to enhance the involvement of other parents and family members; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents and family members who

are unable to attend such conferences at school, in order to maximize parental and family involvement and participation; (11) may adopt and implement model approaches to improving parental and family involvement; (12) may establish a district-wide parent and family advisory council to provide advice on all matters related to parental and family involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent and family involvement activities; and (14) shall provide such other reasonable support for parental and family involvement activities under Title I as parents and family members may request.

Accessibility

In carrying out the parental and family involvement activities for this Title I Parental and Family Involvement policy, the District shall provide full opportunities for the participation of parents and family members with limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating of this Policy

This Title I Parental and Family Involvement Policy shall be incorporated into the District's Title I plan, shall be distributed to parents and family members of participating children, shall be made available to the local community, and shall be updated periodically to meet the changing needs of the parents and family members and the school.

InstructionComputerInternet Safety and Acceptable Use PolicyA. Internet Safety Policy

It is the policy of Gothenburg Public Schools to comply with the Children's Internet Protection Act (CIPA) and Children's Online Privacy Protection Act (COPPA). With respect to the District's computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called "hacking," and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors' access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. "Inappropriate material" for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. Access to Inappropriate Material. To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District's online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent's designees.
5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent's designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.
6. Parental Consent. The District shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
7. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.

B. Computer Acceptable Use Policy

This computer acceptable use policy is supplemental to the District's Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.
4. Unacceptable Uses.

The following are unacceptable uses of the technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the School District that makes such use permissible under law.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

- c. **Campaigning:** Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. **Technology-Related Limitations:** Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation,

1. Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
 2. Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
 3. Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
 4. Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
 5. Users shall not copy, change, or transfer any software without permission from the network administrators.
 6. Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 7. Users shall not engage in any form of vandalism of the technology resources.
 8. Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
1. to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 2. to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
 3. to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.

operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.

6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

All technology equipment shall be used under the supervision of the Superintendent and the Superintendent's designees.
8. Sanctions. Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

**V. GUIDELINES FOR
ASTHMA OR ANAPHYLAXIS MEDICAL MANAGEMENT PLAN**

Term of Plan: The plan is effective for the current school year. A new plan must be established each school year or more often if changes occur to the student’s health or prescribed treatment or student’s ability to self-manage.

Medications: The parents or guardians are responsible for supplying any and all prescription asthma/anaphylaxis medications required under the Plan; the school is not responsible for providing the medications. Prescribed asthma/anaphylaxis medications to be used by the Student under this Plan must be furnished in a current original container from the pharmacy with the student's name and the name of the medication, and where applicable, the strength and the dosage to be given. Inhalers must have a label attached to the inhaler itself, not on the packaging. If the prescribed medication, dosage or time of medication changes, the parents or guardians must promptly submit to the school nurse or designee the new prescription and as necessary a new asthma/anaphylaxis action plan. Any non-prescription medication must be furnished in the original container from the manufacturer. The school will store any backup supply needed in accordance with its medication storage procedures. The student may have access to the backup supply when necessary by requesting such from the health office.

Health care services the Student may receive at school relating to Student’s Health Condition.

1. Standard health services available to all students.
2. Storage of backup asthma or anaphylaxis medication supplies.
3. Recording of student self-administration reports.

Consultations: The school may consult with a registered nurse or other health care professional employed by such school during development of the plan.

Permitted Self-Management: Pursuant to the Asthma or Anaphylaxis Medical Management Plan the Student shall be permitted to self-manage the Student’s asthma or anaphylaxis condition in the classroom or any part of the school or on school grounds, during any school-related activity, or in any private location specified in the plan.

Student Reports of Self-Administration: The Student shall promptly notify the school nurse, the school nurse’s designee, or another designated adult at the school when the Student has self-administered prescription asthma or anaphylaxis medication pursuant to the Plan.

Responses to Student Misuse: The possession of medications by Students is a violation of the school’s drug and student conduct policies and may result in an expulsion from school. To the extent this Asthma or Anaphylaxis Medical Management Plan permits the Student to be in possession of prescribed asthma/anaphylaxis medications, the Plan allows the Student an exception to the school drug and student conduct policies. However, this exception only extends to the extent provided in the Plan. In the event the Student uses his or her prescription asthma or anaphylaxis medication other than as prescribed, or possesses medication other than as permitted by the Plan, the Student is subject to disciplinary action by the school, up to and including an expulsion. The school will promptly notify the parent or guardian of any disciplinary action imposed. The disciplinary action will not include a limitation or restriction on the student’s access to such medication; however, it is agreed that in the event of any such misuse, a re-evaluation of the Student’s understanding of and ability to self-manage Student’s Health Condition will occur and the re-evaluation may result in a modification or termination of this Plan.

Sharing Plan: It is agreed that this Asthma or Anaphylaxis Medical Management Plan may be shared with school officials and agents who have a need to be aware of it; that those who have the need to be aware of it include student health staff and also include staff responsible for student discipline (e.g. staff need to know that the Student is authorized to have the medication on the

Student's person so the Student is not reported for a violation of the school's drug policies). The school officials who may be informed of the Plan thus include: administration, school nurse, school office staff, teachers and any paraeducators or specialists who provide services to the Student, and the coaches and sponsors of extracurricular activities in which the Student participates.

Filing of Plan: This Asthma or Anaphylaxis Medical Management Plan is to be kept on file at the school where the Student is enrolled.

4. The Superintendent, or the Superintendent's designee, shall provide:
- (A) Each Board member with copies of state statutes of Nebraska pertaining to conflicts of interest at the organizational meeting of the Board of Education held at the regular School Board meeting in January of each year. 5. For purposes of this policy, immediate family member shall be defined as a child residing in the Board member's household, a Board member's spouse or an individual claimed by that Board member or the Board member's spouse as a dependent for federal income tax purposes.

Administrator Report

Meeting: August Board Meeting

Date: 8/8/16

Mrs. Allison Jonas

Pk Programs: Our preschool program is full and Mrs. Bell has done an amazing job preparing for these kiddos. We managed to hit our target demographic and are very excited to be providing this service to the community. Open house will be on Monday, August 15th from 5:30-7:30 at the United Methodist Church. This coincides with our other open houses as well.

We've seen a large increase in the number of birth-3 referrals we're seeing. I appreciate that the board has allowed us to address this. Mrs. Carol Keiser and Mrs. Melissa Bell are doing a great job meeting the increased demands.

Our second annual VIK night will be held August 10th. This is an opportunity for kindergarten students to be introduced to a new building and all new staff without the craziness of our regular open house night. In addition, teachers are able to schedule brief one on one meetings with their child's teacher between the 10th and 16th.

Special Education: Teachers will meet the first week of school to discuss student specific needs with our classroom teachers and paras. We welcome three new paras to our team this year: Tabitha Venteicher, Susan Massin, and Elaine Smith. I've created a handbook specifically for paras that can be [seen here](#).

Professional Development: During the month of August, our new teachers will attend several days of training. I accompanied our first year teachers to a "boot camp" in Kearney last week that was very informational. In addition, I've revamped our Mentor Handbook to align with Marzano's instructional strategies. I will meet with new teachers at a minimum of once per month and be in their classroom multiple times per month. Our goal is to nurture highly effective instructors. In addition, we have multiple professional development opportunities for our staff; an agenda can be seen by [clicking here](#).

Continuous Improvement: We're working hard to break the mold of thinking "school improvement" is only one committee. Our structure is changing and we're aligning all we do with the AQuESTT tenants. In addition, we're focusing on "Continuous Improvement" as an all encompassing term. The Continuous Improvement Handbook can be seen by [clicking here](#).

Summer School: We had a great turnout for summer school and the 65 kids did a great job working on their reading and math skills for three weeks. The staff did a great job incorporating technology, interventions, and community tours into the summer school program.

Playground: A big "THANK YOU" again to the volunteers that helped with the playground. The kids are going to have a great time on the new equipment and will enjoy accessibility to the north playground equipment and getting rid of all those rocks will be awesome.

Primary: Kindergarten will dismiss at 1:30 pm through August 26th and will begin full days on August 29th. As a reminder, Kindergarten and 1st grade will drop off and be picked up at the north parking lot.

Boys Town Social Skills: The paper will again be publicizing our Super Swede Students starting in September. This program is to promote positive interactions among students and teachers and to recognize those doing an outstanding job.

NAESP National Conference: I attended a great conference in Washington D.C. in July. I got some great ideas to incorporate teachers into the decision making process and how promote your school brand. This will be my year to be president of NAESP and work with other principals across Nebraska.

Bylaws of the Board - MeetingsClosed Sessions

The Board of Education may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. Closed sessions may be held for, but shall not be limited to, such reasons as: (a) strategy sessions with respect to collective bargaining, real estate purchases, or litigation; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations or misconduct; or (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; provided, however a closed meeting shall never be held for the purpose of discussing the appointment or election of a new member to the Board of Education.

The vote to hold a closed session shall be taken in open session. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The Board shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken.
