## Agenda

### 1. Call to Order & Pledge of Allegiance

#### **Rationale:**

The mission of Gothenburg Public Schools is to prepare all students within a positive and innovative learning environment.

A copy of the open meetings law is posted on the wall of the Board Room and is available to the public.

### 2. Approve the Agenda

#### **Rationale:**

The Board reserves the right to rearrange the order of items as needed.

### 3. Recognition of Visitors

#### 3.1. Public Participation

##### **Rationale:**

Opportunity for Public Expression:

- This item serves as the time entitled for public forum during which patrons may address the Board on matters of general concern per **Board Policy 8346, Opportunity for Public Expression**. (A copy of the policy is available.)
- Patrons will be allowed five (5) minutes to express their view. Board of Education Members will refrain from expressing personal opinions during the Public Forum unless asked a direct question by a patron recognized by the Board President as having the floor. The board imposed time limit may be extended by a majority vote of the Board. The board may limit collective comments on a particular topic when necessary. The Board may not take action on matters discussed in the Public Forum unless the item appears on the prepared agenda.
- All concerns and complaints should go through the chain of command beginning with the teacher/sponsor and then to the building administrator/program supervisor and finally to the Superintendent. If the initiating party is not satisfied with the response of the Superintendent, said party may address a written appeal to the Board of Education through the Secretary of the Board.

As a meeting of the Gothenburg Board of Education is a meeting held in public and not a public meeting, visitors should refrain from comments unless recognized by the chair.

If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. Meeting: November Board Meeting

Date: 11/13/17

Mrs. Allison Jonas

**Pk Programs:** ECERS will come to evaluate early this month. I will give a report to the board when we have our scores back.

**Special Education:** I just returned from the Tri-State law conference. It always amazes me how much changes based on current interpretation of the law. Our Special Education teachers spend a great deal of time on paperwork. Not only are the experts working with students with special needs but we require them to be experts in paperwork and current interpretation of law. They are a hard working bunch and between them and our para staff, we're very fortunate. Thank you for supporting our endeavors in this area.

**Mentor Program:** The first round of formal evaluations will be completed this week! We've seen an incredible amount of progress in our new teachers. There is nothing more exciting than being in a classroom for a walkthrough and identifying some areas where we could maybe try some new strategies and improve effectiveness and then seeing those strategies in place! We've got a great process going for our staff!

**Completed Staff Evaluations:**

Formal: 24

Walkthroughs: 90

**Professional Development:** We currently have 1/3 of our staff that have attended the PLC conference. Feedback has been very, very positive. Our work time on Wednesdays is full of excellent collaboration among colleagues. None of them would tell you this is easy, but they've all gained a greater understanding of their content and what is required at the state level. Thank you for allowing us the time to collaborate!

**Curriculum:** We meet tomorrow to decide which program we'd like to propose to the board for adoption. We've completed two six week pilots K-6 and are preparing for some great discussion. I look forward to providing you with an update in December.

Mr. Widdifield

**Topics:**

Elementary Book Fair: We had another great week for the elementary book fair. We had muffins with mom, donuts with dad, and a day for grandparents. We appreciate all the help from the volunteers and community. Again this year we will raise money to go for books to two charities, Kids in Need Foundation and Kids in Distressed Situations. We talked to the students about giving back and for every dollar we raised Scholastics will donate a book to a charity.

Youth Leadership Conference: We took six 5<sup>th</sup> grade students to UNK last week to attend the Youth Leadership Conference. We had a great time, Kyle Larson, former Husker and NFL punter, was the speaker and they learned a lot about some of the things they do on the UNK campus and leadership qualities to bring back to Dudley. We will be looking at things we can put up around the elementary to promote leadership and positive qualities.

ESSA Title Review: Over the next couple of months we will be working on our ESSA Title monitoring visit. We are in our off year for our Title review, this visit is where the state will send out someone from NDE to review what we are doing for the school year and how our Title funds are being used.

Date: 11/13/17

Dr. Michael Teahon, Superintendent

**Lunch Program:**

In order to be in compliance with Meal Charge Policy #3571, this is the procedure we have put into place.

(from Joni) Students are required to bring their ID card that has their barcode on it to lunch. These cards are scanned while students are in line to check the balance of the account. If the account is \$-25 or more, they are sent to eat at the deli line. After receiving their food, they then go through the salad bar, and to the cashier. This adds to the serving time for the student, however it has cut down on the accounts receivable.

During the month of October \$5,544.70 has been deposited into the lunch account through e-funds. Since August \$15,531.00. Our accounts receivable last year at this time was -6,897.00

This year is -3265.00.

**Audit:** CSO CPAs (formerly McDermott & Miller) have completed data collection for the annual audit and the annual financial report. We will present information from the audit at the November meeting.

**Bus Routes:** The district philosophy on bus routes is to minimize collective seat time for students on each route. The goal is to get as many students off the bus as quickly as possible. This does not, however, allow us to reverse routes when the routes run perpendicular to town.

**STORM:** The annual "storm" letter was sent to rural parents this past week. Parents ultimately are the final decision makers in determining whether the roads are safe enough for them to make it to school. Storm related absences are excused.

**PLCs:** Mr. Herman and I have attended a PLC summit in San Antonio with eight staff.

Internal Board Policies - Methods of OperationOpportunity for Public Expression

The Board of Education as a representative body, recognizes the importance of the public's viewpoint relative to the direction of the educational programs in Gothenburg Public Schools. Therefore, the following guidelines have been established for patrons to efficiently and effectively give expression to their suggestions, concerns, and grievances:

- A. Public Forum - Each Board meeting shall have on its agenda a specific time entitled Public Forum, during which patrons may address the Board on matters of general concern. Patrons wishing to address the Board during the Public Forum will be allowed five (5) minutes to express their view. Board of Education members will refrain from expressing personal opinions during the Public Forum unless asked a direct question by a patron recognized by the Board President as having the floor. The Board imposed time limit may be extended by a majority vote of the Board following a request to do so. Board action may not be taken on matters discussed during the Public Forum unless the matter specifically appears on the prepared agenda. In the discretion of the Board President, the Public Forum may be omitted or bypassed at some, but not all, meetings of the Board of Education.
  
- B. Concerns and Complaints - Board action shall not be taken regarding a concern or complaint unless the following procedure has been followed:
  - Step 1. All Complaints concerning a particular school situation shall be submitted to the Principal of the building. They should be submitted in writing when practical. If the party involved is other than an individual, then the organization or persons represented shall be identified. If the problem involves other than an individual building, then the matter shall be directed to the Superintendent.
  - Step 2. Should the matter not be resolved to the satisfaction of the parties involved, they may appeal to the Superintendent.
  - Step 3. If the initiating party is not satisfied with the response of the Superintendent, said party may address a written appeal to the Board of Education through the Secretary of the Board.
  
- C. Speak to Agenda Item - Patrons or visitors who desire to have an item placed on the monthly Board meeting agenda and speak on that item should make their wishes known to the Superintendent prior to the distribution of the meeting agenda. Upon receipt of a request to be heard the Superintendent may, in the discretion of the Superintendent, place the item on the agenda. The Board President shall then allow the patron or visitors to address the Board at the appropriate time. The length of this presentation will be determined at the discretion of the Board President. Business OperationsSale and Disposal of School Property

The Superintendent is authorized and directed to dispose of books, furniture, equipment, real estate, and other property that is obsolete or no longer needed for school operations. Any sale of school property is contingent on approval by the vote of at least two-thirds of the members of the Board of Education at a regular meeting.

Such disposal may be by private sale, auction, trade-in, or by taking bids and selling to the highest or most responsible bidder.

The following procedures shall be followed for an auction or when taking bids:

1. The intention to sell shall be publicized, via school newsletter, a weekly memo, a bulletin posting, a newspaper advertisement, or other means suitable to the value and nature of the property.
2. Real estate will be sold to the highest bidder, except that a minimum acceptable price may be established prior to bidding.
3. Items which are offered for sale in an approved manner which are not sold after a reasonable period of time may be considered to have no value and may be disposed of as determined by the Superintendent and reported to the Board of Education.

Property that has little or no value shall be discarded or recycled as appropriate. No school employee shall take such property for their personal use, even if the item has been placed in the trash, without the express approval of the administration.

## INDEPENDENT AUDITOR'S REPORT

Board of Education  
Dawson County School District No. 20  
Gothenburg, Nebraska

### **Report on the Financial Statements**

We have audited the accompanying cash basis financial statements of the governmental activities, the business-type activities, and each major fund of Dawson County School District No. 20, Gothenburg, Nebraska, (the "School District"), as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Dawson County School District No. 20's management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business-type activities, and each major fund of the School District as of August 31, 2017, and the respective changes in financial position – cash basis thereof for the year then ended in conformity with the basis of accounting described in Note 1.

### ***Basis of Accounting***

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Report on Summarized Comparative Information***

The financial statements of Dawson County School District No. 20 for the year ended August 31, 2016, were audited by another auditor who expressed an unmodified opinion on those statements on October 18, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended August 31, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### ***Other Matters***

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The Combined Schedule of Cash Receipts, Disbursements and Fund Balances and the Individual Fund Schedules of Cash Receipts, Disbursements and Fund Balances as listed on pages 32 and 42 through 49 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

These schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these schedules are fairly stated in all material respects in relation to the financial statements as a whole, in accordance with the basis of accounting described in Note 1.

Management's discussion and analysis on pages 4 through 8, the budgetary comparison information on pages 33 and 34 and the Analysis of Tax Accounts with County Treasurers – General Fund, Analysis of Tax Accounts with County Treasurers – Special Building Fund, and Analysis of Tax Accounts with County Treasurers – Bond Fund on pages 50 through 52 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 12, 2017, on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (MD & A)**  
**DAWSON COUNTY SCHOOL DISTRICT #20**  
**(Gothenburg Public Schools)**

This section of the Gothenburg Public Schools annual audit report presents our discussion and analysis of the school district's financial performance during the fiscal year that ended on August 31, 2017. Please read it in conjunction with the school district's financial statements, which follow this section.

**OVERVIEW OF THE DISTRICT**

- a. Facilities - The Gothenburg Public Schools is a K-12 school system located in central Nebraska with land located in Custer, Dawson, and Lincoln Counties. Students attend at Dudley Elementary and the Junior/Senior High School.
- b. Students – The average daily membership decreased slightly from 938 in 2015-16 to 896 in 2016-17. A review of students leaving the district indicated that most were relocating to other communities in the state. A few students left the district when a trailer court was closed and mobile homes were removed. Over 90% of the student population is Caucasian with Hispanic, Native American, African American, and Asian American students making up the population.
- c. Personnel - The district employs 81 certificated and 32 classified staff.
- d. Statutory Lids - The Nebraska Legislature has enacted statutes that provide two restrictions on school district budgets; a certified budget authority and a restriction (lid) on tax levies.

Certified Budget Authority is the greater of the Budget Based Calculation, the Student Growth Adjustment Calculation, or the Formula Needs Calculation. Budget Based Calculation method applies to District #20. The Certified Budget Authority represents the maximum allowable budget for the district not including Special Grant Funds, Special Education Disbursements, and General Fund Exclusions. The Certified Budget Authority for District #20 was \$11,058,213 for 2016-17.

In addition to the spending lid, the Nebraska Legislature provided for a lid on the tax levies of affiliated school systems. The 16-17 District #20 fiscal year tax levy was \$0.936718 on the combined levy for the general fund and the building fund, which was below the 1.05 limit. The combined general, building and bond fund levy set by the Gothenburg Schools Affiliated System was 1.049009 which was an increase from 1.042770 in 15-16. The relatively level levy is due to the additional state aid that was able to offset increase in costs.

If the district does not utilize all of the spending authority available to it, unused budget authority is generated and included in the Certificated Budget Authority of the District for the next budget.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report is presented in a format consistent with the presentation requirements of GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. Statement 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into three components: (a) net investment in capital assets; (b) restricted; and (c) unrestricted.

This annual report consists of three parts: (1) Management's Discussion and Analysis; (2) the Basic Financial Statements – Cash Basis; and (3) Supplemental Schedules.

The accompanying basic financial statements have been prepared on the cash basis of accounting. Accordingly, the financial statements and supplemental schedules are not intended to present financial position and results of operations in conformity with accounting principles generally accepted in the United States of America. The use of the cash basis of accounting is permissible under Title 92, Nebraska Administrative Code, Chapter 2 for school districts such as Dawson County School District #20.

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general receipts.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Each individual governmental and each individual proprietary fund are reported as separate columns in the fund financial statements.

Proprietary funds are used to account for the School District's business-type activities. Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and

producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements. The Nutrition Fund is considered a proprietary fund.

Fiduciary funds report assets held in a trustee or agency capacity for others and therefore cannot be used to support the School District’s own programs. The Activities Fund and Student Fees Fund are fiduciary funds.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data about the financial statements and School District commitments, contingencies, and long-term debt obligations that are not reported in the cash basis financial statements. The statements are followed by a section of Other Information that further explains and supports the information in the financial statements.

**FINANCIAL HIGHLIGHTS**

The following chart gives fund balances as of the end of the fiscal year. The total position of the district for the 2016-17 fiscal year increased.

	<u>Aug. 31, 2016</u>	<u>Aug. 31, 2017</u>
General Fund	\$ 5,406,531	\$ 5,619,207
Building Fund	867,772	944,403
Employee Benefit	53,586	80,427
Depreciation	555,920	592,673
Bond Fund	924,733	910,405
Other Funds	<u>288,669</u>	<u>301,057</u>
<b>TOTAL FUND BALANCES</b>	<b><u>\$ 8,097,211</u></b>	<b><u>\$ 8,448,172</u></b>

The increase in total deposits is primarily due to taxes requested in the building fund for future capital projects. During the year, the school district general fund receipts were \$10,159,869, which exceeded disbursements of \$9,947,193 by \$212,676. The excess funds will be used to offset the use of reserves in the future as the district is precariously close to becoming unequalized (within \$180,000 on \$9.9 million in calculated need.) Unequalized status would result in a loss of at least \$400,000 in state funding.

The 16-17 certified taxable value for the Gothenburg Public Schools was \$876,152,096; an increase of 6.41% over the 15-16 valuation, a lower percentage than in previous years. The ag land valuation increases have begun to level off due to lower commodity prices resulting in lower priced land sales.

## FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

### Governmental Activities

The largest single source of receipts for the district is property tax. The following table shows the property tax rates by fund. The levies are expressed in dollars and cents per \$100 valuation.

	2015-16 <u>Levy</u>	2016-17 <u>Levy</u>	Change
General Fund	0.9446	0.9281	-0.0165
Building Fund	0.0061	0.0086	0.0025
Bond Fund	<u>0.0920</u>	<u>0.1123</u>	<u>0.0203</u>
TOTAL LEVY	<u>1.0427</u>	<u>1.0490</u>	<u>0.0063</u>

The levy in the General Fund was reduced due to valuation increases. The Bond levy increased as the 2015-16 bond payment was only a partial payment due to a refunding of bonds that occurred in that year.

### General Fund Budgetary Highlights

State Aid increased from \$249,423 to \$613,405. (245%) The increase was due to a change in the basic cost portion of the formula which is tied directly to the spending patterns of school districts immediately smaller and immediately larger than District #20.

## **DEBT ADMINISTRATION**

Refunding General Obligation bonds totaling \$10,155,000 was issued on Feb. 10, 2005, as an advance refunding of Series 2001 Bonds. The bonds bear interest at the rate of 2.25% to 4.5% and are amortized over 22 years.

On March 15, 2010, general obligation bonds were issued in the amount of \$9,395,000 for the purpose of constructing additions to and renovations of the existing school facilities. The bonds had interest rates ranging from 2.00% to 3.8%.

On January 20, 2015, the School District refinanced the above-mentioned bonds in the amount of \$6,600,000. The current bonds have interest rates ranging from 0.30% to 2.1%. Principal is due annually in December.

The district made payments of \$650,430 to retire principal and \$86,640 to pay interest on the general obligation debt during the 2016-17 fiscal year. (\$737,070)

The district had \$5,480,000 million in outstanding debt as of Aug. 31, 2017 with eight years of payments remaining. The last payment is scheduled for December of 2024.

**DAWSON COUNTY SCHOOL DISTRICT NO. 20  
GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** – The School District prepares its financial statements on the cash basis, which is consistent with the requirements of the Commissioner of Education and Nebraska Department of Education. Under the cash basis, revenues are recognized when collected rather than when earned, and expenses are recognized when paid rather than when incurred. Consequently, these financial statements are not intended to present financial information in accordance with accounting principles generally accepted in the United States of America.

**Organization** – Dawson County School District No. 20 – Gothenburg Public Schools (the “School District”) is a tax exempt political subdivision and a Class III school district of the State of Nebraska.

**Reporting Entity** – All significant activities and organizations on which the School exercises oversight responsibility have been included in the School District's financial statements. The School District has no component units.

**Basis of Presentation** – On September 1, 2003, the School District adopted the provisions of Statement No. 34 (“Statement 34”) of the Governmental Accounting Standards Board “Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments.” Statement 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements and the classification of net position into two components – restricted and unrestricted.

**Government-wide and Fund Financial Statements** – The government-wide financial statements report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Taxes and other items not properly included among program revenues are reported instead as general receipts.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

Proprietary funds are used to account for the School District's business-type activities. Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements. The School Nutrition Fund is considered a proprietary fund.

Fiduciary funds report assets held in a trustee or agency capacity for others and therefore cannot be used to support the School District's own programs. The Activities Fund and Student Fees Fund are considered fiduciary funds.

Major funds of the school are the General, Bond, Special Building, Depreciation and Employee Benefit Funds for the governmental funds and the School Nutrition Fund for the proprietary funds.

**Fund Types** – The accounts of the School District are organized on the basis of funds which are grouped into the following fund types:

**Governmental Funds**

*General Fund* – Accounts for the financing of all facets of services rendered by the School District, inclusive of operation and maintenance.

*Depreciation Fund* – Accumulates funds for eventual significant future capital outlays.

*Employee Benefit Fund* – Accounts for money utilized to make contributions on behalf of and pay benefits to participants in the School District's medical reimbursement plan.

*Special Building Fund* – Accounts for the acquisition, erection, alteration, or improvement of buildings and sites.

GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

*Bond Fund* – Accounts for tax receipts, investment interest, and the payment of Bond principal, interest, and other related costs.

**Proprietary Fund**

*School Nutrition Fund* – Accounts for the proceeds of breakfast and lunch receipts, U.S. Department of Agriculture reimbursements and commodities receipts which are restricted to disbursements for specific purposes.

**Fiduciary Funds**

*Activities Fund* – Accounts for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially self-supporting school activities not accounted for in another fund.

*Student Fees Fund* – Accounts for fees collected for participation in extracurricular activities and summer school.

**General Statement** – The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The School District has applied all applicable GASB pronouncements.

**Accounts Receivable** – As a result of the use of the cash basis of accounting, accounts receivable and other revenue-related receivables are not reported in the financial statements.

**Inventory** – Inventories of expendable supplies held for consumption have been recorded as expenditures at the time the items were purchased.

**Capital Assets** – In accordance with the cash basis of accounting, capital assets are not recorded as assets on the government-wide or fund statements and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

**Long-Term Debt** – In accordance with the cash basis of accounting, long-term debt is not reported as a liability in the government-wide or fund financial statements. Proceeds from long-term debt are reported as receipts and payments of principal are reported as disbursements in both the government-wide and fund financial statements.

GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Compensated Absences** – The School District has entered into negotiated agreements with certified and noncertified personnel. In those agreements they have agreed to benefits for vacation and sick leave. In accordance with the cash basis of accounting, these benefits are recorded as expenses when paid.

**Equity** – In the government-wide statements, equity is classified as unrestricted and restricted net position. In the governmental fund statements, equity is classified as non-spendable, restricted, committed, assigned, and unassigned. See detail below.

**Fund Balance**

In accordance with Governmental Accounting Standards Board Statement No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions,” the School District classifies governmental fund balances as follows:

*Non-spendable:*

Fund balance amounts are considered non-spendable if they cannot be spent either because they are not in spendable form or because of legal or contractual constraints.

*Restricted:*

Fund balance amounts are considered restricted if they are constrained for specific purposes which are externally imposed by providers, such as creditors, or constrained due to constitutional provisions or enabling legislation.

*Committed:*

Fund balance amounts are considered committed if they are constrained for specific purposes that are internally imposed by the government through formal action of the Board of Education and the constraints do not lapse at year-end.

*Assigned:*

Fund balance amounts are considered assigned if they are intended to be used for specific purposes that are neither considered restricted nor committed. Fund balances may be assigned by management.

*Unassigned:*

Fund balance amounts are considered unassigned if they are positive fund balances within the General Fund that are not classified as one of the above or negative fund balances in other governmental funds.

**DAWSON COUNTY SCHOOL DISTRICT NO. 20  
GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

The School District's policy is to spend restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal restrictions that prohibit doing so. Additionally, the School District is to first spend committed, then assigned, and lastly unassigned amounts of unrestricted fund balances when expenditures are made.

The School District does not have a formal minimum fund balance policy.

**2. BUDGET PROCESS**

The School District follows these procedures in establishing the budgetary data reflected in the accompanying financial statements.

Prior to September 1, the Board of Education prepares a proposed operating budget on the cash basis for the general, building and bond funds for the fiscal year commencing on September 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted at a public meeting to obtain taxpayer comments.

Prior to September 20, the budget is legally adopted by the Board of Education through passage of a resolution.

Total expenditures may not legally exceed total appropriations. Appropriations lapse at year-end and any revisions require Board approval.

The property tax requirement resulting from the budget process is utilized by the County Assessor to establish the tax levy, which attaches as an enforceable lien on property within the School District as of January 1. Taxes are due as of that date. All unpaid taxes are delinquent as of September 1.

**3. CASH AND INVESTMENTS**

Nebraska Statute §79-1043 provides that the School District may, by and with the consent of the Board of Education, invest the funds of the School District in securities, including repurchase agreements, the nature of which individuals of prudence, discretion and intelligence acquire or retain in dealing with the property of another.

GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**3. CASH AND INVESTMENTS (continued)**

**Deposits** – At year-end, the School District’s carrying amount of bank deposits was \$6,557,778 and the bank balance was \$6,902,504. All balances were covered by federal depository insurance or collateralized with securities held by the pledging financial institution’s trust department or agent in the School District’s name.

For reporting purposes, the collateral on the School District bank deposits is classified in these categories:

- 1) Insured or collateralized with securities held by the School District or by its agent in the School District’s name.
- 2) Collateralized with securities held by the pledging financial institution’s trust department or agent in the School District’s name.
- 3) Uncollateralized or collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the School District’s name.

Deposits and investments of the School District at August 31, 2017, consisted of the following:

	Level 1	Level 2	Level 3
Cash - demand deposits	\$ 500,000	\$3,450,686	\$ -
Certificates of deposit	-	2,951,818	-
	\$ 500,000	\$6,402,504	\$ -

The School District attempts to mitigate the following types of deposit and investment risks through compliance with the State Statutes. The types of deposit and investment risks are the following:

*Interest rate risk* – As a means of limiting its exposure to fair value losses arising from interest rate risk, the School District’s investment policy requires that market conditions and investment securities be analyzed to determine the maximum yield to be obtained and to minimize the impact of rising interest rates.

*Credit risk* – The School District’s investment policies regarding credit risk are governed by state statutes as described above.

*Concentration of credit risk* – The School District’s investment policy places no limits on the amounts that may be invested in any one issuer.

**DAWSON COUNTY SCHOOL DISTRICT NO. 20  
GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**3. CASH AND INVESTMENTS (continued)**

*Custodial credit risk – deposits* – Custodial credit risk for deposits is the risk that, in the event of a bank failure, the School District’s deposits may not be returned to it. The School District’s policy regarding custodial credit risk is determined by state statute as described above.

*Custodial credit risk – investments* – Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The School District’s policy regarding custodial credit risk is determined by state statute as described above.

None of the School District’s deposits in excess of the amount insured by the Federal Deposit Insurance Corporation shall be allowed to accumulate in any financial institution unless (a) the financial institution gives a surety bond, (b) the financial institution provides the School District with securities as collateral on the excess funds or (c) the financial institution issues a joint custody receipt to the benefit of the School District where a third party financial institution actually holds the security.

**4. RETIREMENT PLAN**

**Plan Description** – Dawson County School District No. 20 contributes to the Nebraska School Employees Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions.

In 1945, the Nebraska Legislature enacted the law establishing a retirement plan for school employees of the State. During the NPERS fiscal year ended June 30, 2016, there were 266 participating school districts. These were the districts that had contributions during the fiscal year. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, Community Colleges), are members of the plan.

Normal retirement is at age 65. The monthly benefit is equal to the greater of the following: 1) the sum of a savings annuity, which is the actuarial equivalent of the member’s accumulated contributions and a service annuity equal to \$3.50 per year of service; or 2) the average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable

service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: 1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or 2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later.

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or two and one-half percent. The current benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75 percent of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent.

For the District's year ended August 31, 2017, the District's total payroll for all employees was \$6,043,366. Total covered payroll was \$5,882,973. Covered payroll refers to all compensation paid by the District to active employees covered by the Plan.

**Contributions** – The State's contribution is based on an annual actuarial valuation. In addition, the State contributes an amount equal to two percent of the compensation of all members. This contribution is considered a nonemployer contribution since school employees are not employees of the State. The employee contribution was equal to 9.78 percent from September 1, 2015, to August 31, 2016, and from September 1, 2016, to August 31, 2017. The School District (employer) contribution is 101 percent of the employee contribution. The District's contribution to the Plan for its year ended August 31, 2017, was \$583,358.

GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**4. RETIREMENT PLAN (continued)**

**Pension Liabilities** – At June 30, 2016, the District had a liability of \$3,939,148 for its proportionate share of the net pension liability. (This liability is not recorded in the accompanying cash basis financial statements.) The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined using an actuarial valuation as of that date. The NPERS School Plan was 86.54% funded as of June 30, 2016, based on actuarial calculations comparing total pension liability to the plan fiduciary net position. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2016, the District’s proportion was 0.2618 percent, which was a decrease of 0.0036 percent from its proportion measured as of June 30, 2015.

For the year ended June 30, 2016, the District’s allocated pension expense was \$263,189.

**Actuarial Assumptions** – The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry Age
Amortization method	Level Dollar, Closed for valuations before July 1, 2013. Level percent of Payroll, Closed effective July 1, 2013.
Single equivalent amortization period	20 years
Asset valuation method	5 year smoothing
<b>Actuarial Assumptions:</b>	
Inflation	3.25%
Investment rate of return, net of investment expense and including inflation.	8.0%
Projected salary increases, including inflation	4.0%-9.0%
Cost-of-living adjustments (COLA)	2.50% with a floor benefit equal to 75% purchasing power of original benefit.*

\* 1% and no floor benefit for members joining on or after July 1, 2013

The School Plan’s pre-retirement mortality rates were based on the 1994 Group Annuity Mortality Table, projected to 2015 using scale AA, set back one year (sex distinct with 55 percent of male rates for males and 40 percent of female rates for females).

**DAWSON COUNTY SCHOOL DISTRICT NO. 20  
GOTHENBURG, NEBRASKA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**4. RETIREMENT PLAN (continued)**

The School Plan’s post-retirement rates were based on the 1994 Group Annuity Mortality Table, projected to 2015 using scale AA, set back one year (sex distinct).

The School Plan’s disability mortality rates were based on the 1983 Railroad Retirement Board Disabled Annuitants Mortality (unisex).

The actuarial assumptions used in the July 1, 2016, valuations for the School Plan are based on the results of the most recent actuarial experience study, which covered the five year period ending June 30, 2011. The experience study report is dated August 20, 2012.

The long-term expected real rate of return on pension plan investments was based upon the expected long-term investment returns provided by a consultant of the Nebraska Investment Council, who is responsible for investing the pension plan assets. The return assumptions were developed using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the pension plans’ target asset allocation as of June 30, 2016, (see the discussion of the pension plan’s investment policy) are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U. S. Stocks	29.0%	4.3%
Non-U.S. Stocks	13.5%	5.4%
Global Stocks	15.0%	5.1%
Fixed Income	30.0%	1.4%
Real Estate	7.5%	3.6%
Private Equity	5.0%	6.4%
Total	100%	

**Discount Rate** – The discount rate used to measure the Total Pension Liability at June 30, 2016 was 8 percent. The discount rate is reviewed as part of the actuarial experience study, which was last performed for the period July 1, 2006, through June 30, 2011. The actuarial experience study is reviewed by the NPERS Board, which must vote to change the discount rate.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED AUGUST 31, 2017**

**4. RETIREMENT PLAN (continued)**

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and contributions from employers and nonemployers will be made at the contractually required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability. The projected future benefit payments for all current plan members were projected through 2115.

**Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** – The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 8.0 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.0 percent) or 1-percentage-point higher (9.0 percent) than the current rate:

	Discount Rate	District's Proportionate Share of Net Pension Liability (Asset)
1% decrease	7.0%	\$7,697,801
Current discount rate	8.0%	\$3,939,148
1% increase	9.0%	\$814,249

**Plan Fiduciary Net Position** – Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement System Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing the NPERS, P.O. Box 94816, Lincoln, NE 68509-4816, by calling 1-800-245-5712, or via the internet at [http://www.auditors.nebraska.gov/APA\\_Reports](http://www.auditors.nebraska.gov/APA_Reports)

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Education  
Dawson County School District No. 20  
Gothenburg, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the cash basis financial statements of the governmental activities, the business-type activities, and each major fund of Dawson County School District No. 20, as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements, and have issued our report thereon dated October 12, 2017.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Dawson County School District No. 20's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Dawson County School District No. 20's internal control. Accordingly, we do not express an opinion on the effectiveness of Dawson County School District No. 20's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that

there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses as item 2017-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Dawson County School District No. 20's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that is required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the School District in a separate letter dated, October 12, 2017.

### **Dawson County School District No. 20's Response to Findings**

Dawson County School District No. 20's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. Dawson County School District No. 20's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**SCHEDULE OF FINDINGS AND RESPONSES  
For the Year Ended August 31, 2017**

**I. FINANCIAL STATEMENT FINDINGS**

*Finding 2017-001: Lack of Segregation of Duties in One or More Areas*

Criteria: Proper internal controls require that an entity has adequate segregation of duties within a significant account process.

Condition: The entity does not have adequate personnel to assign responsibilities in such a way that different employees handle different portions of a transaction.

Context: We reviewed the District's internal control environment and noted that the District's financial recording duties are concentrated with one individual.

Questioned Cost: None.

Effect or Potential Effect: An individual controlling a transaction from beginning to conclusion does not have oversight from other individuals to ensure that the transaction was properly executed and recorded.

Cause: The entity has a limited number of personnel.

Repeat Findings: Immediately preceding year.

Recommendation: We would recommend that the Board of Education take an active part in internal controls and closely monitor all accounting functions, while seeking ways to continue to strengthen compensating controls.

Views of Responsible Officials and Planned Corrective Actions: The entity's Board continually evaluates the distribution of duties to employees and closely monitors all accounting functions.

**II. FINDINGS FOR THE YEAR ENDED AUGUST 31, 2016**

Findings for the year ended August 31, 2016: Lack of segregation of duties in one or more areas and eligibility verification noncompliance.

Views of Responsible Officials and Planned Corrective Actions: The entity's Board continually evaluates the distribution of duties to employees and closely monitors all accounting functions.

**Lunch Program:**

In order to be in compliance with Meal Charge Policy #3571, this is the procedure we have put into place.

(from Joni) Students are required to bring their ID card that has their barcode on it to lunch. These cards are scanned while students are in line to check the balance of the account. If the account is \$-25 or more, they are sent to eat at the deli line. After receiving their food, they then go through the salad bar, and to the cashier. This adds to the serving time for the student, however it has cut down on the accounts receivable.

During the month of October \$5,544.70 has been deposited into the lunch account through e-funds. Since August \$15,531.00. Our accounts receivable last year at this time was -6,897.00  
This year is -3265.00.

**Audit:** CSO CPAs (formerly McDermott & Miller) have completed data collection for the annual audit and the annual financial report. We will present information from the audit at the November meeting.

**Bus Routes:** The district philosophy on bus routes is to minimize collective seat time for students on each route. The goal is to get as many students off the bus as quickly as possible. This does not, however, allow us to reverse routes when the routes run perpendicular to town.

**STORM:** The annual "storm" letter was sent to rural parents this past week. Parents ultimately are the final decision makers in determining whether the roads are safe enough for them to make it to school. Storm related absences are excused.

**PLCs:** Mr. Herman and I have attended a PLC summit in San Antonio with eight staff.

Elementary Book Fair: We had another great week for the elementary book fair. We had muffins with mom, donuts with dad, and a day for grandparents. We appreciate all the help from the volunteers and community. Again this year we will raise money to go for books to two charities, Kids in Need Foundation and Kids in Distressed Situations. We talked to the students about giving back and for every dollar we raised Scholastics will donate a book to a charity.

Youth Leadership Conference: We took six 5<sup>th</sup> grade students to UNK last week to attend the Youth Leadership Conference. We had a great time, Kyle Larson, former Husker and NFL punter, was the speaker and they learned a lot about some of the things they do on the UNK campus and leadership qualities to bring back to Dudley. We will be looking at things we can put up around the elementary to promote leadership and positive qualities.

ESSA Title Review: Over the next couple of months we will be working on our ESSA Title monitoring visit. We are in our off year for our Title review, this visit is where the state will send out someone from NDE to review what we are doing for the school year and how our Title funds are being used.

Mrs. Allison Jonas

**Pk Programs:** ECERS will come to evaluate early this month. I will give a report to the board when we have our scores back.

**Special Education:** I just returned from the Tri-State law conference. It always amazes me how much changes based on current interpretation of the law. Our Special Education teachers spend a great deal of time on paperwork. Not only are the experts working with students with special needs but we require them to be experts in paperwork and current interpretation of law. They are a hard working bunch and between them and our para staff, we're very fortunate. Thank you for supporting our endeavors in this area.

**Mentor Program:** The first round of formal evaluations will be completed this week! We've seen an incredible amount of progress in our new teachers. There is nothing more exciting than being in a classroom for a walkthrough and identifying some areas where we could maybe try some new strategies and improve effectiveness and then seeing those strategies in place! We've got a great process going for our staff!

### **Completed Staff Evaluations:**

Formal: 24

Walkthroughs: 90

**Professional Development:** We currently have 1/3 of our staff that have attended the PLC conference. Feedback has been very, very positive. Our work time on Wednesdays is full of excellent collaboration among colleagues. None of them would tell you this is easy, but they've all gained a greater understanding of their content and what is required at the state level. Thank you for allowing us the time to collaborate!

**Curriculum:** We meet tomorrow to decide which program we'd like to propose to the board for adoption. We've completed two six week pilots K-6 and are preparing for some great discussion. I look forward to providing you with an update in December.

Bylaws of the Board - MeetingsClosed Sessions

The Board of Education may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. Closed sessions may be held for, but shall not be limited to, such reasons as: (a) strategy sessions with respect to collective bargaining, real estate purchases, or litigation; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations or misconduct; or (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; provided, however a closed meeting shall never be held for the purpose of discussing the appointment or election of a new member to the Board of Education.

The vote to hold a closed session shall be taken in open session. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The Board shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken.

Any member of the Board shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reasons stated in the original motion to hold a closed session. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

The term "closed session" as used in the policies, regulations and Bylaws of the District shall include within its meaning any "executive session" or "executive meeting" authorized or prescribed by said policies, regulations and Bylaws, all of said terms being interchangeable.
