InstructionParental/Community Involvement in Schools

Dawson School District #24-0020, Gothenburg Public Schools, after having conducted a public hearing concerning parental involvement and participation in the school district herewith declares that it shall be the policy of the District to provide access to parents to all textbooks, tests, curriculum materials, and any other instructional materials used by the school.

It shall further be the policy of the District in the event any parent has a complaint or objection to any such materials to make such provision for personal conferences with the parent and appropriate school personnel to discuss such concerns as the superintendent or his/her designee may deem appropriate. The superintendent or his/her designee shall prepare a complaint form which may be used by a parent to express objections to any such instructional material. Such complaint forms shall seek information including, but not limited to, the specific instructional material complained of, the reason for the complaint, and a proposed resolution of the complaint by the parent.

It shall further be the policy of the District to upon reasonable advance request by a parent to attend and monitor courses, assemblies, counseling sessions, and other instructional activities, to permit such parent to be in attendance at such activities unless such attendance would substantially interfere with a legitimate school interest.

It shall further be the policy of the district to encourage communications from the parents concerning when a parent believes it to be appropriate for his/her student to be excused from testing, classroom instruction, and other school experiences that the parent may find objectionable. The superintendent or his/her designee shall make a provision on the complaint form hereinabove referred to for receiving information from a parent concerning what specific testing, classroom instruction, or other school experience the parent finds objectionable, the basis for the parent's objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

It shall further be the policy of the District to provide full access to the records of the students to a parent or guardian all as set forth in Section 79-2,104, the Federal Education Right To Privacy Act, and other applicable law during regular business hours of the school at the school headquarters or wherever the student's records may regularly be maintained by the District.

It is the further policy of the District to notify a parent or parents of any student who may be subjected to a standard norm referenced or criterion referenced test or standard tests such as but not limited to the Iowa Test of Basic Skills or the California Achievement Test, to notify the parent when reasonable to do so, where a sample of such test might be observed and the date upon which such test will be administered. As to all testing by the District, experimental evaluation methodologies, experimental testing instruments and any testing instrument which would tend to inquire into the values, beliefs, or privacy rights of any student, or parent or guardian of such student shall be prohibited unless a parent requests in writing that such tests be administered to his/her resident student.

Prior to any school sponsored survey being administered to the students of the District, it shall be the duty of the superintendent or his/her designee to notify the parent or parents of each student involved in the survey of the nature of the survey, the date and time when such survey shall be administered, and the purpose for which and the uses of which survey exist from the school's perspective.

It shall be the policy of the District as a general matter to leave substantive decision making processes to the professional staff, administration and Board of Education, subject to an effort to receive information from parents as to any concerns, objections, or other information such parents would wish to provide to the school district concerning a parent's access, involvement, and participation in all activities of the school as it relates to the student of the District.

InstructionTitle I Parental and Family Engagement Policy

The written District Parent and Family Engagement Policy has been developed jointly with parents and family members of participating children and the local community, updated periodically and distributed in an understandable and uniform format. This policy agreed on by such parents describes the means for carrying out the requirements as listed below.

- Parents and family members of all students are welcomed and encouraged to become involved with their child's school and education; this includes parents and family members that have limited English proficiency, limited literacy, are economically disadvantaged, have disabilities, racial or ethnic minority background or are migratory children. Information related to school and parent programs, meetings, school reports and other activities are sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand.
- Parents are involved in the planning, review, evaluation and improvement of the Title I program, Parent and Family Engagement Policy and the School-Parent Compact at an annual parent meeting scheduled at a convenient time. This would include the planning and implementation of effective parent and family involvement activities.
- Conduct, with meaningful parent and family involvement, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Use the evaluation findings to design evidence-based strategies for more effective parental involvement, and to revise the Parent and Family Engagement Policy.
- Opportunities are provided for parents and family members to participate in decisions related to the education of their child/children. The school and local educational agency shall provide other reasonable support for parental involvement activities.
- Parents of participating children will be provided timely information about programs under this part, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards. The school will provide assistance, opportunities, and/or materials and training to help parents work with their children to improve their children's academic achievement in a format, and when feasible, in a language the parents and family members can understand.
- Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.
- Coordinate and integrate parental involvement programs and activities with other Federal, State and local programs, including preschool programs that encourage and support parents in more fully participating in the education of their children.
