Nebraska Open Meetings Act

84-1407. Act, how cited. Sections 84-1407 to 84-1414 shall be known and may be cited as the Open Meetings Act.

84-1408. Declaration of intent; meetings open to public. It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

84-1409. Terms, defined. For purposes of the Open Meetings Act, unless the context otherwise requires:

- (1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and
- (b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;
- (2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and
- (3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

- (a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;
- (b) Discussion regarding deployment of security personnel or devices;
- (c) Investigative proceedings regarding allegations of criminal misconduct;
- (d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;
- (e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or
- (f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

SUPERINTENDENT GOALS

This component of the evaluation tool may contain a changing list of annual goals from year to year for the board to provide feedback on.

NASB STANDARD SUPERINTENDENT EVALUATION

Superintendent’s Response:

Superintendent Evaluation Summary

The superintendent should identify no more than four performance areas on which to focus their growth professionally. Note: Targeting in excess of four performance areas will make it difficult for the individual to address the areas adequately. When his/her performance is at a high-level, sustaining, refining, and replicating the performance is the goal. Follow through will ensure the success of the superintendent and the board.

The Performance Plan should consist of:

- goals (what must he/she do to achieve the objective or what is the intended result)
- performance indicators (how will the board measure progress and/or success)
- timeline (when will progress/success be assessed or completion date)
- signature (once the Performance Plan has been completed and reviewed the board president and superintendent will both sign and date placing a copy in the superintendent’s personnel file and a copy will be retained by the board president)

Note: The Performance Plan should be reviewed and updated throughout the year to assess progress and success. Modifications should only be made if the board/superintendent discuss and agree upon appropriate changes.

Reflecting on Teaching and Learning

"Every child deserves a champion: an adult who will never give up on them, who understands the power of connection and insists they become the best they can possibly be."

Starting with our Why?

- **Forges a deeper connection based on trust and loyalty. When we believe in the same purpose as an organization, our loyalty is stronger and more resilient.**
- **Inspires us! Knowing our why connects directly to the limbic brain, which controls emotions, behavior, and decision-making.**
- **Provides clarity, a sense of direction, and serves as a guiding principle for all decisions, ensuring that our actions align with our core mission. It helps us stay focused on the long-term vision.**
- **Helps us stand out in a crowd.**
- **Strengthens our internal culture. A district built on a shared "why" fosters a sense of belonging and motivates us to go above and beyond because we feel we are contributing to something meaningful.**

Staff and Community Survey Action Steps

Identified “Action Planning” Priorities

- ~~Strengthen parent/ staff and community communication and connections.~~
 - Maximize effective instructional practices to increase student achievement and engagement.
 - Develop, communicate, document, analyze, and sustain behavioral expectations.
 - ~~Promote Staff and Student Recognition Opportunities~~

Instructional Model Survey

Impetus for Change

- **Inconsistency of instructional expectations**
- **Strategic Planning initiative**
- **Provide more immediate assistance and professional development for teachers**
- **Supportive and practical feedback focused on instruction**
- **“Resident experts” are already in our district**

Why do we need an Instructional Model?

- **Staff:**
 - Creates a common language between colleagues.
- **Parents:**
 - Facilitates transparency about our teaching expectations.
- **Students:**
 - Provides consistency between teachers and grade levels.

NEE Follow-Up

- Professional development is preplanned... not “one and done”... and includes admin training!
- Not one more thing ... it is literally what we do.
- Integrates with our current Instructional Model
- More efficiency and flexibility
- Teacher feedback before implementation
- Student feedback through continued surveys.
- “Field tested” and recommended by other districts (street cred)... meets state standards.
- “Crawl to run” model.....
- Understand rural (Nebraska) district challenges.
- Not done to you, but rather for you.

Instructional Model Objectives

- **Increase the consistency of instructional expectations across the entire school district.**
 - **Provide a sustainable Instructional Model that can be taught and reinforced with all staff at our discretion and as needed.**
 - **Utilize information and resources from previous research-based models to design an Instructional Model that is uniquely tailored for our staff and students.**
 - **Produce a relevant and purposeful tool that all teachers can easily access, adapt, and understand to fit their own unique teaching styles.**
 - **Continue to gather feedback from diverse groups of stakeholders to increase “buy-in” and ownership of the process.**
 - **Embed the model into our school culture. “It’s just what we do.”**
-

“Updated” Instructional Model

- The district instructional model creates a higher level of consistency of instructional strategies for staff and enhanced fidelity for students across grade and building levels.
- This document will be posted in **all** classrooms.
- The IM facilitates a common language between students, families, and staff regarding instructional practices.
- The IM is aligned with NEE indicators. These will be added next to each component area.

The New Teacher Project

- TNTP works to improve public education systems by ensuring students, especially those from low-income and minority backgrounds, have access to effective teachers and leaders through research, policy advocacy, and impact consulting.
- TNTP's research indicates that "Trajectory Changing Schools" shares similar essential components:
 - **Belonging:**
 - Schools know each student well and meet their needs to support their growth.
 - **Coherence:**
 - TC schools build a unified instructional program and set priorities that are clear to all.
 - **Consistency:**
 - TC schools "raise the bar" with consistently good teaching and grade-level content.

Identification and NEE Alignment of the IM “Essential Components”

1. **Spark**
2. **Objective**
3. **Student Focused Instruction**
4. **Assessment**
5. **Closure**
6. **Technology Integration**
7. **Professional Practices**

Spark

What is it?

- **A short (3-5 min), focused and intentional beginning activity that is intended to spark ideas, ignite thinking, make connections, motivate, or warm up. It can link previous learning to upcoming learning or review previously learned material.**
- **Spark could also be an introduction to new material.**

Why is it important?

- **Spark engages students at the onset of the objective. Students become focused and ready to learn.**

Guiding Questions:

- **How can I get students to start thinking about what they are to learn?**
- **How can I get students to connect what we learned yesterday with what they will learn today?**
- **How can I get students to be excited/interested in what we are learning?**

Objective What is it?

- **The objective identifies what students will know and be able to do as a result of the instruction. An objective should be posted visibly in student-friendly language and written in lesson plans. Objectives should be written and stated clearly to students.**

Why is it important?

- **When the teacher gives the objective for the lesson or unit it provides a direction and an outcome for learning.**
- **Using objectives, students will understand what they will be able to do by the end of the learning cycle.**

Specific Examples:

- **Objectives can be specific:**
 - **The student will (TSW) be able to identify the main character.**
 - **I can factor perfect square trinomials.**
 - **TSW identifies 3 key points of the Gettysburg Address and explains if the same principles apply in today's political environment.**
- **Objectives can be broad:**
 - **TSW should be able to describe the variation in a set of data.**
 - **I show I understand early Native Americans in Nebraska.**

Student-Focused Instruction

What is it?

- **Student-focused instruction includes research-based (best practice) instructional strategies, as well as consistent and purposeful classroom management strategies.**
- **Professional discretion integrates with purposeful and intentional strategies catered to individual student needs and addresses learning objectives.**
- **We will utilize effective student-focused instructional strategies because the only true initiative in education is student learning.**

Why is it important?

- **Research has shown an increase in student achievement when consistent and effective instructional strategies are in place.**
- **It's important that teachers use a variety of instructional strategies that ensure the learning of all students.**

District Behavioral Expectations

*Model Compassionate
Accountability:
AKA: The Velvet Hammer*

Seek first to understand

*Embrace learning
opportunities*

*Contact parents with
concerns and good news as
soon as possible*

Celebrate successes

Ask for support if needed

*Avoid taking things

*Understanding doesn't mean

Consistency of actions

Break

5 minutes

“Spark” Time

Take a brief moment to think back to when you were in school. Think about actually being in class and answer the following questions as honestly as you can. This memory can be from high school, middle school, college, elementary, etc.

For this exercise, we are asking that you do not share specific names in public to maintain individual confidentiality.

- Who do you remember as being your worst teacher? Why were they the worst? What things do you remember about that class and teacher?**
- Who do you remember as being your best teacher? Not your favorite, but the best. Why were they the best? What things do you remember about that class and teacher?**

Assessment (1 of 2).

What is it?

- **Assessments are formative and summative activities that monitor and evaluate student learning of standards.**

Types of Assessments:

- **Formative Assessments are directly linked to standards or objectives to monitor student learning.**
- **Formative Assessments provide ongoing feedback that can be used by instructors to adjust their teaching and by students to improve their learning.**
- **Summative Assessments are utilized to evaluate student learning at the end of an instructional unit by comparing it against some standard or benchmark.**

SAT[®]

Assessment (2 of 2)

THE SCIENCE BEHIND
DIBELS 8TH EDITION

ACT[®]

Why is it important?

- **Formative assessments allow the teacher to frequently assess their own effectiveness and monitor students' learning in order to drive instruction.**
 - **If assessment results are inadequate, the teacher can then decide what needs to change (example: different delivery method, more time on the topic, comprehensive review of prior learning, or provide additional interventions).**
- **Formative assessments are extremely important for students' success because teachers have the opportunity to intervene with students before the summative assessment.**
- **Summative assessments allow teachers to evaluate students' ability to retain and apply knowledge of the standards taught after a period of time (end of week, unit, semester, etc). This should result in a comprehensive marking of the student's level of proficiency.**

Successes should be celebrated!

Closure

What is it?

- **Closure is a focused and intentional ending activity linked to the instructional objective(s). The learner is asked to show an understanding of or reflect on what was taught and/or what they learned.**

Why is it important?

- **Closure provides an opportunity for teachers and students to evaluate student retention of the daily objective(s). Closure is an opportunity to reinforce what has been learned.**

Examples of Closure:

- **Think-pair-share**
- **Learning journal**
- **Pair/Share**
- **Demonstration**
- **Reflections**
- **Exit ticket**
- **Quick quiz or assessment**
- **Other closure activity ideas**

Technology Integration

What is it?

Technology Integration is the purposeful use of technology for best practices in teaching and learning. Technology is intentionally embedded in teaching and learning to meet learning objectives, align with state and local standards, and adhere to current district policies.

Why is it important?

The use of technology will enhance learning through safe and purposeful instructional tools designed to promote critical thinking, data analysis, problem solving, and self discipline.

Technology Topics to Discuss

- Cell Phones
- Curriculum Resources
- Chromebooks
- Clear Touches
- Canvas
- Powerschool
- Band
- Board Policies:
 - Policy #6288. Artificial Intelligence
 - Policy #4025: Professional Boundaries

Professional Practices

What is it?

- District OR-1 educators reflect on their teaching, maintain accurate records, communicate with families, participate and actively engage in our professional learning community, commit to growing and developing professionally, build positive relationships and culture with colleagues and students, and show professionalism at all times.
 - This includes preparing well-designed and purposeful lessons, actively participating in school goals and district initiatives, and maintaining professionalism within the community.

Why is it important?

- Demonstrating these professional qualities helps us to meet our district vision of preparing our students for the future.

“Tight and Loose” Framework:

Tight:

- **This product and process will be shared and implemented with all grade levels**
- **Will align with our staff evaluation process**
- **This document is our district Instructional Model and meets NDE Rule 10**
- **Maintain practical flexibility for all levels and content areas**
- **Continue to gather additional input from staff and students**
- **Continue to prioritize research-based “best practices”**

Loose:

- **How staff share with students and parents**
- **Variety of resources that meet state standards.**
- **What works best for your classroom within the Instructional Model Framework**

Challenges

- **This is just “One more thing!”**
- **Overwhelmed / time management**
- **“Professionals don’t have homework.”**
- **Paradigm shift**
- **Real World Ready!**
- **“I already know how to do this....”**
- **Growth vs. fixed mindset**
- **“You just want us to be robots.” / perceived loss of autonomy**

NSWERS Brief on the

Impact of Chronic Absenteeism on Academic Outcomes in Nebraska

By Jay Jeffries, Ph.D.

Introduction

Nationally, the rate of chronic absenteeism increased at unprecedented levels during the COVID-19 pandemic, rising above 40 percent in states like New Mexico and Alaska (DiMarco, 2025). In Nebraska, chronic absenteeism accelerated from 10 percent in the 2019-2020 academic year to nearly 24 percent the following school year (Fogarty, 2022; Nebraska Department of Education [NDE], 2024). The chronic absentee rate remained at 22 percent during the 2023-2024 academic year, prompting NDE to initiate a legislative priority focused on halving chronic absenteeism (Wendling, 2024). Nebraska absenteeism data is collected via K-12 attendance records, which classifies absences into one of nine categories: tardy, early departure, disciplinary action, illness or medical leave, a recognized noninstructional activity, unavailable transportation, any other excused absence, skipping school, and any other unexcused absence. Chronic absence, defined as **“missing 10% of in-class time per academic year (including all absences; excused, unexcused, and suspensions)”**, equates to missing 17.5 of 175 learning days in Nebraska (NDE, 2025). Differently, truancy only accounts for unexcused absences (Attendance Works, 2016). Chronic absenteeism has been linked to a multitude of short- and long-term consequences. Academically, students who are chronically absent are at-risk for lower cognitive skills in early childhood, below grade-level reading and numeracy skills, and poorer social-emotional development (DeFlicht, n.d.). Chronic absenteeism is also linked to lower graduation rates and reduced lifetime earnings.

Overview

This brief examines chronic absenteeism in K-12 students by describing the current landscape of chronic absenteeism in Nebraska, characteristics of chronic absentee students, and implications for educational outcomes. Those seeking to allocate funding assistance and resources, advocate for policy support, develop prevention strategies, or acquire a deeper understanding of Nebraska chronic absenteeism may find utility in this resource.

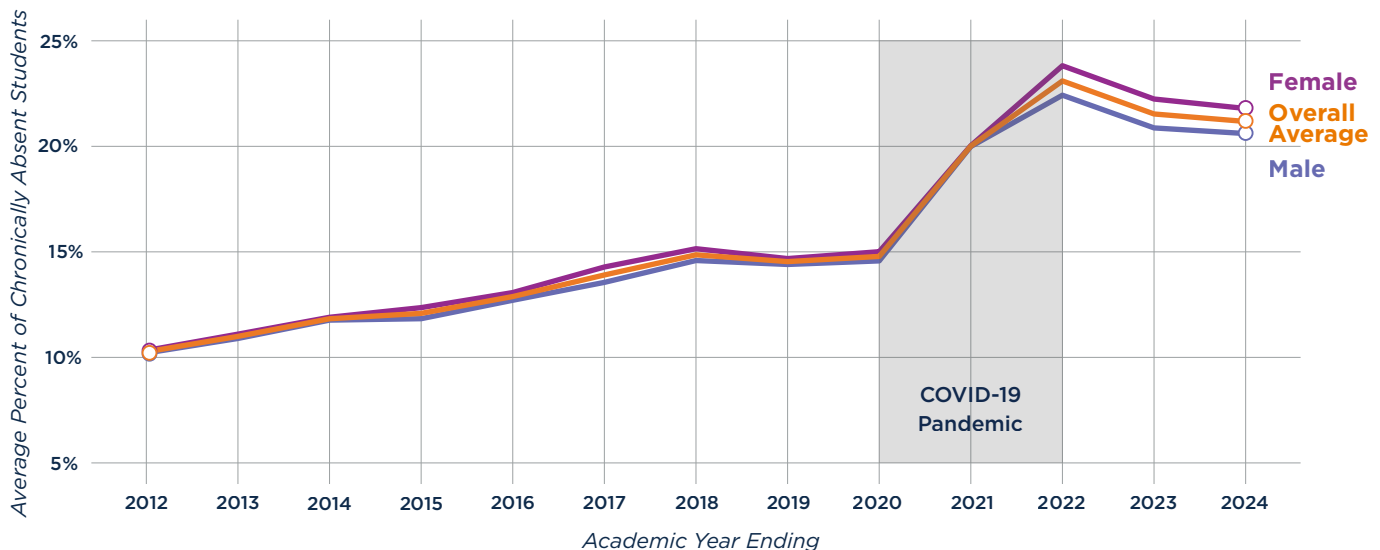

Key Findings:

- The percentage of students who were chronically absent steeply increased during the COVID-19 pandemic and has leveled off in 2024, maintaining an average chronic absenteeism rate above 20 percent across Nebraska public school students.
- While differences in chronic absences between student genders are minimal, disparities exist among student race/ethnicity.
- Steady divides in statewide assessment proficiencies prevail between chronically absent students and their non-chronic absentee peers.
- The odds that a typically-attending twelfth-grade student graduates on time are almost six times that of the on-time graduation for twelfth-grade students who are chronically absent.
- A gap in college-going behaviors exists between chronic absentees and their peers, where 70.9 percent of graduates who regularly attended school enroll in a postsecondary institution compared to 48.7 percent of chronically absent peers.

Chronic Absenteeism Rate Over Time

Chronic absenteeism has generally been on the rise since the 2011-2012 academic year, though rates steadied in the 2017-2018 academic year. During the height of the COVID-19 pandemic, the rate of chronic absenteeism sharply increased from 14.78 percent in the 2020-2021 academic year to 23.10 percent in the following year. This level of chronic absenteeism has remained relatively high since then, shifting to 21.18 percent in the 2023-2024 academic year. Further, there is no noticeable trend in chronic absenteeism among student gender groups over time—male and female student groups exhibit essentially equal percentages of chronic absenteeism throughout the years.

Chronic Absenteeism Across Nebraska

In Nebraska, a school district's rate of student chronic absenteeism is not exclusive to counties with predominantly urban contexts. In fact, Nebraska sees relatively similar rates of chronic absenteeism across all its 93 counties, with slightly elevated percentages in some rural contexts. More urban counties, like Lancaster or Douglas with sizable districts (e.g., Lincoln Public Schools and Omaha Public Schools), do not convey noticeable differences in their percentage of students who are chronic absentees when compared to rural Nebraskan neighbors. One outlier, Thurston County, depicts that about 48 percent of its school district's students were classified as chronically absent, on average. Thurston County is also distinctive because two of its eight school districts preside on indigenous tribal lands, presenting unique absence circumstances. Closely following, McPherson County school districts illustrated about a 46 percent average rate of chronic absenteeism.

Chronic Absenteeism by Grade Level

For the 2023-2024 academic year, trends in student absenteeism show the percentage of students who are classified as chronically absent consistently grows over grade-level after fifth grade in Nebraska. The largest increase in student chronic absenteeism is evident when students enter middle school, where sixth grade students demonstrate a five percent spike in chronic absentees. This association maintains through the end of high school. Overall, students in fourth grade exhibit the lowest amount of chronic absenteeism (14.18 percent) while twelfth grade students show the greatest chronic absenteeism (36.98 percent), on average.

2023-2024 Academic Year

Duration of Absences by Chronic Absenteeism and Grade Level

The duration in which chronic absentee students are absent also develops as students matriculate, following a similar pattern as the rise in chronic absentee classifications over grade levels. There is also a marked difference in the number of absences between chronic absentee students and their peers. For the 2023-2024 academic year, typically-attending students consistently missed between 6.33 to 7.53 school days across all grade levels, on average. Meanwhile, chronic absentee students missed an average of 20.52 to 35.62 school days. The duration of absences for chronic absentees escalates after elementary school, incrementally growing until it peaks at twelfth grade.

2023-2024 Academic Year

Forecasting Chronic Absenteeism by Grade Level

A student’s chronic absenteeism in one academic year influences the probability they will become chronically absent in the following year. For instance, the probability that a chronic absentee student maintains chronic absenteeism in the subsequent academic year remained near 50 percent (48.5 percent to 51.9 percent, on average) for kindergarten through fourth-grade students. Stark differences in these projections exist for typically-attending students. The probability that a student with regular attendance was expected to show chronic absenteeism in the following year averaged between 6.7 to 7.6 percent for these same grade levels. Students who were most at-risk for chronic absenteeism given their prior year’s attendance record were tenth graders, who exhibited the greatest probability (76.3 percent, on average) of repeating chronic absence in the following eleventh grade year.

PROBABILITY OF NEXT-YEAR CHRONIC ABSENTEEISM OF NEBRASKA PUBLIC SCHOOL STUDENTS BY GRADE LEVEL
2020-2021 to 2023-2024 Academic Years

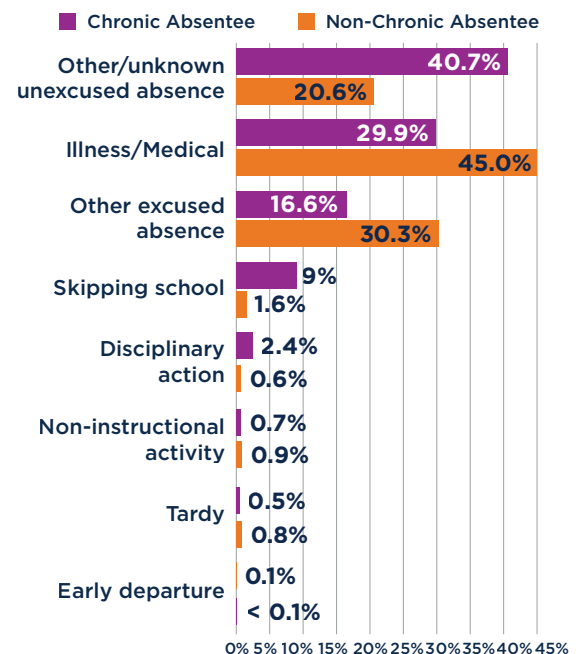

Note: This plot represents the probability of chronic absenteeism in the next year given current-year chronic absenteeism.

Type of Absences by Chronic Absentee Classification

Students who are chronically absent tend to miss school due to skipping and disciplinary action more often than their peers. The percentage of absences due to skipping was more than five times as often in chronic absentees (9 percent) than non-chronic absentees (1.6 percent). Likewise, chronically-absent students convey four times the percentage of absences due to disciplinary action (2.4 percent) than their non-chronic absentee peers (0.6 percent). Unknown unexcused absences occur nearly twice as often for chronic absentee students (40.7 percent) than their typically-attending peers (20.6 percent). Those who were not chronically absent missed classroom time for excused absences (30.3 percent) and illness or medical-related leave (45 percent) more often than chronic absentees (16.6 percent and 29.9 percent, respectively). Otherwise, the frequency of each absence type is primarily equivalent among both student groups.

ABSENCE TYPES FOR NEBRASKA PUBLIC SCHOOL STUDENTS
2023-2024 Academic Year

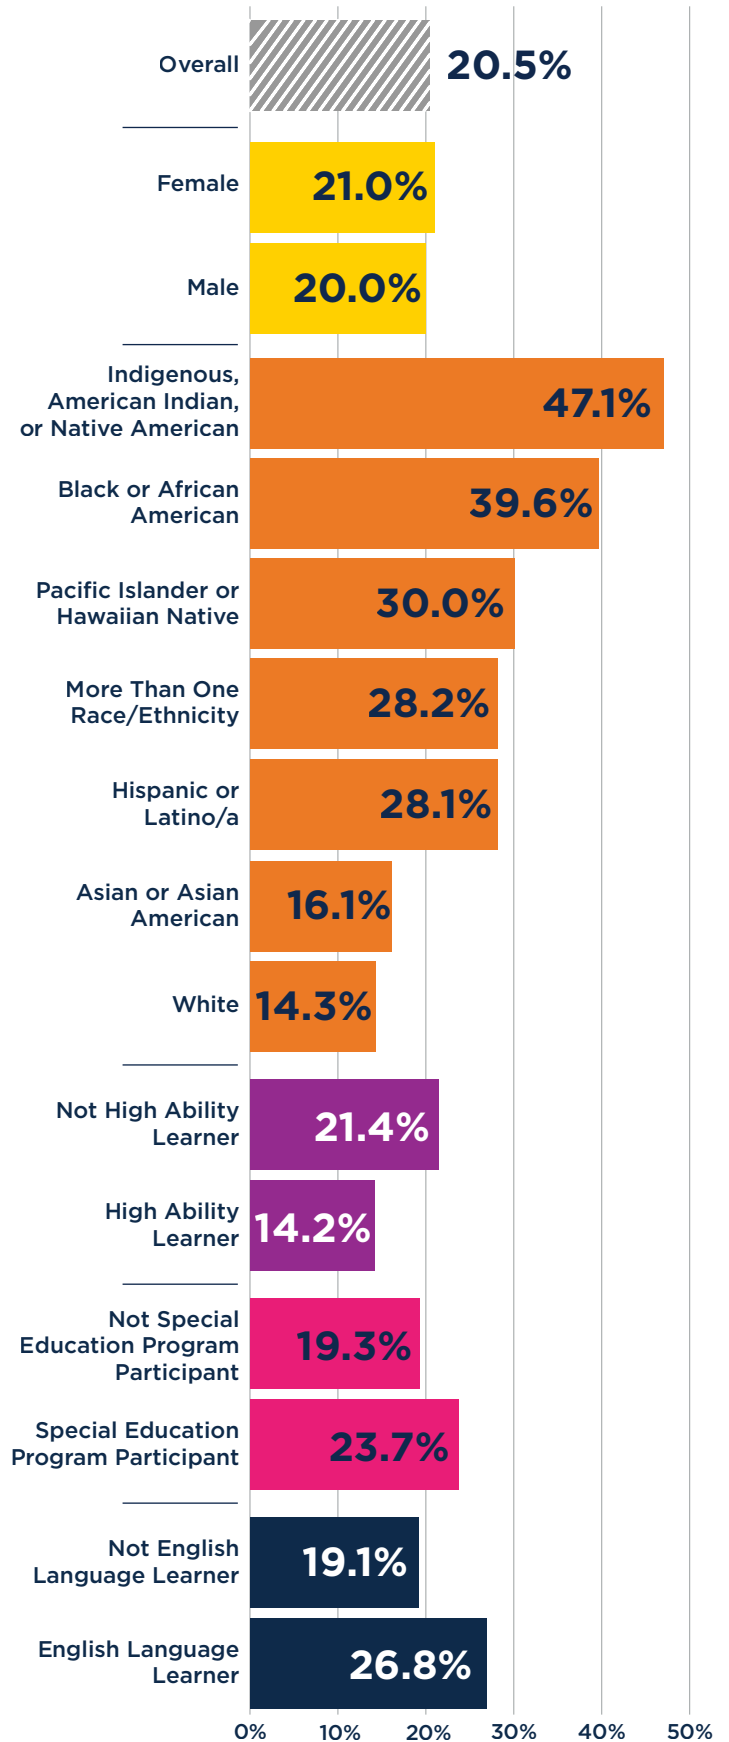

Chronic Absenteeism and Student Characteristics

The overall percentage of students classified as chronic absentees in the 2023-2024 academic year was 20.5 percent of the Nebraska public school student population. As has been discussed, student gender groups held a generally negligible difference in rates of chronic absenteeism, where 20 percent of male and 21 percent of female students were chronically absent. Differences in the probability of chronic absence are prevalent across student race/ethnicity groups. Indigenous, American Indian, or Native American students display the greatest percentage of chronic absenteeism (47.1 percent) followed by students who are Black or African American (39.6 percent), Pacific Islander or Hawaiian Native (30 percent), more than once race/ethnicity (28.2 percent), Hispanic or Latino/a (28.1 percent), Asian or Asian American (16.1 percent), and White (14.3 percent).

The probability of chronic absenteeism was calculated for several other student groups, including high-ability learner (HAL) participants, students participating in special education (SPED), and students in English language (EL) programs. Students who participated in HAL programming were 7.2 percent less likely to demonstrate chronic absences than those who did not. On the other hand, student participants of SPED were slightly (4.4 percent) more likely to be classified as chronic absentees than students who did not. Lastly, students who participated in EL programming were 7.7 percent more likely to be chronically absent. These findings address that an awareness of type of absences, alongside a chronic absentee classification, may be pertinent when determining the impact of chronic absence on student outcomes.

CHRONIC ABSENTEEISM BY STUDENT CHARACTERISTICS FOR NEBRASKA PUBLIC SCHOOL STUDENTS
2023-2024 Academic Year

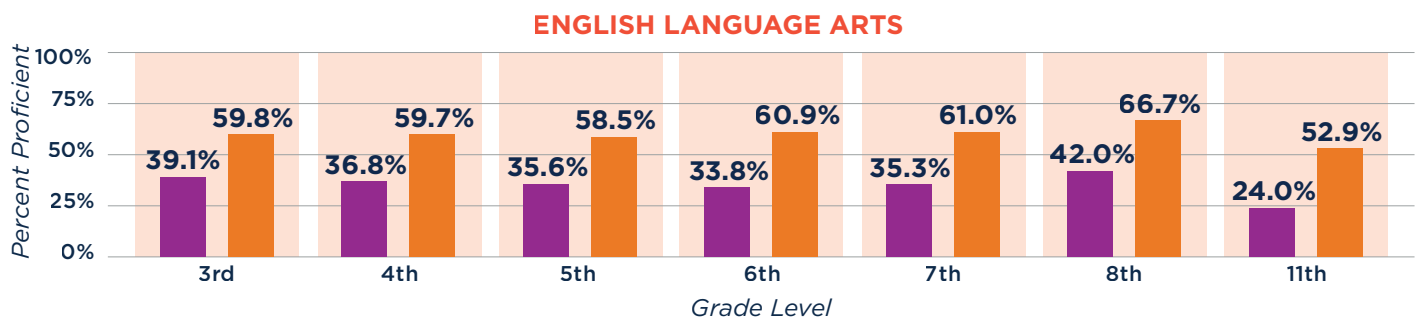

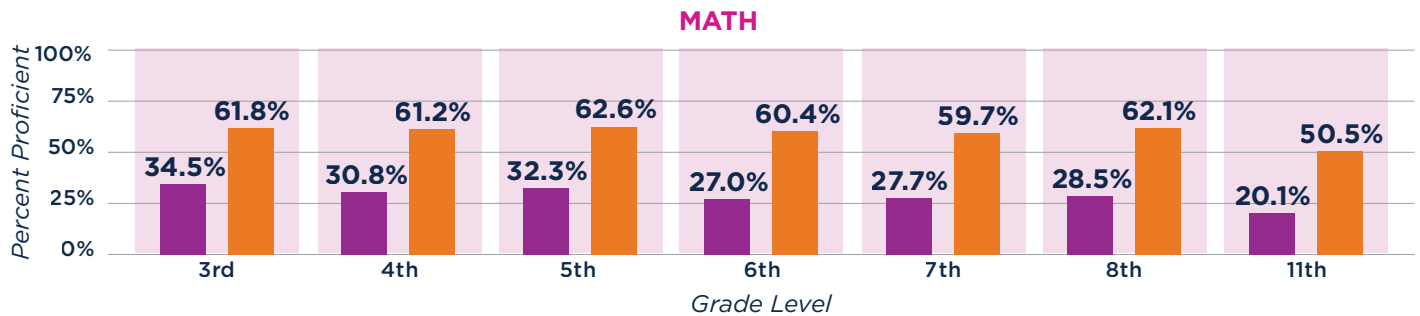

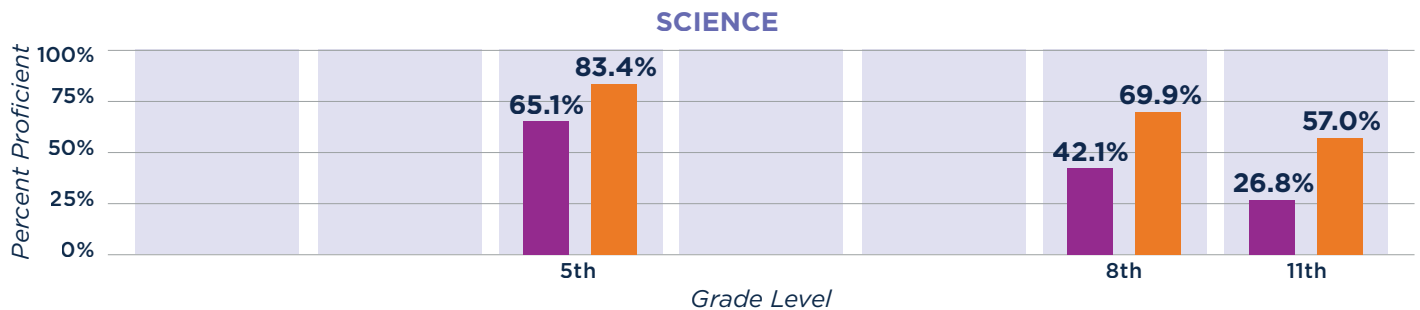

Chronic Absenteeism and Student NSCAS Scores

Results from the 2023-2024 Nebraska Student-Centered Assessment System (NSCAS), the statewide accountability assessment for Nebraska public schools, showed consistent achievement gaps between chronic absentee and typically-attending students. Across grades, students classified as chronically absent demonstrated lower rates of proficiency in science, math, and English language arts, on average, than students who were not chronically absent. The differences in state test proficiency generally widened as grade level increased. For example, eleventh grade chronic absentee students show the lowest proficiency across science (26.8 percent), math (20.1 percent), and English language arts (24 percent) while regularly-attending eleventh-graders showed twice the rate of proficiency in these same subjects (57.0, 50.5, and 52.9 percent, respectively). This suggests that chronic absenteeism may have a stronger influence on academic achievement of older students.

STATEWIDE ASSESSMENT PROFICIENCY OF NEBRASKA PUBLIC SCHOOL STUDENTS BY GRADE LEVEL, SUBJECT, AND CHRONIC ABSENTEEISM 2023-2024 Academic Year

■ Chronic Absentee ■ Non-Chronic Absentee

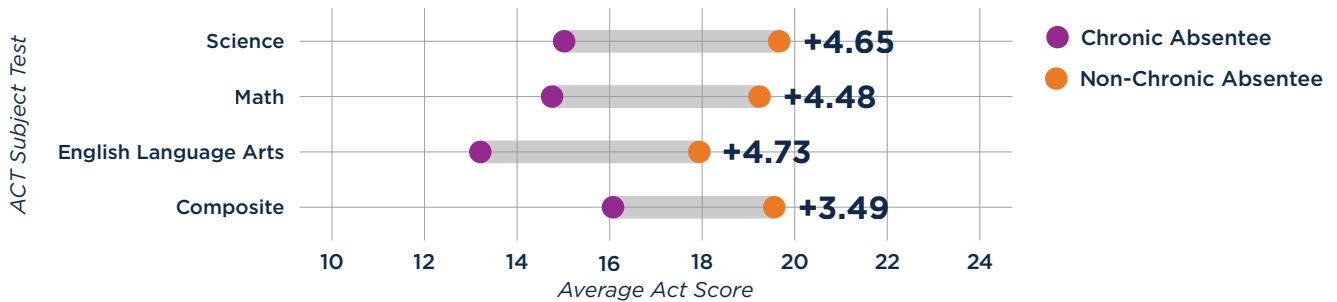

Note. The Nebraska statewide assessment for science is only offered in grades 5, 8, and 11.

Chronic Absenteeism and Student ACT Scores

Since 2017, the American College Testing (ACT) exam has served as the required state accountability test administered to high school eleventh-grade students. The results for the 2023-2024 ACT scores depict a similar trend as the NSCAS results. Across Nebraska public schools, the average composite ACT score for eleventh-grade students was 18.4. Further, the average subject-specific ACT scores across Nebraska eleventh-graders were 16.3, 17.7, and 18.0 for the English language arts, math, and science sections, respectively. Typically-attending eleventh-grade students performed between 4.48 to 4.73 points greater, on average, than their chronic absentee peers across each of the ACT subject sections. Likewise, non-chronic absentee students held composite scores that were an average of 3.49 points higher than chronically-absent students. These differences could meaningfully impact student college-going rates and downstream outcomes like college persistence, program completion, timely employment, and job earnings.

ACT SCORES BY CHRONIC ABSENTEEISM FOR 11TH GRADE NEBRASKA PUBLIC SCHOOL STUDENTS
2023-2024 Academic Year

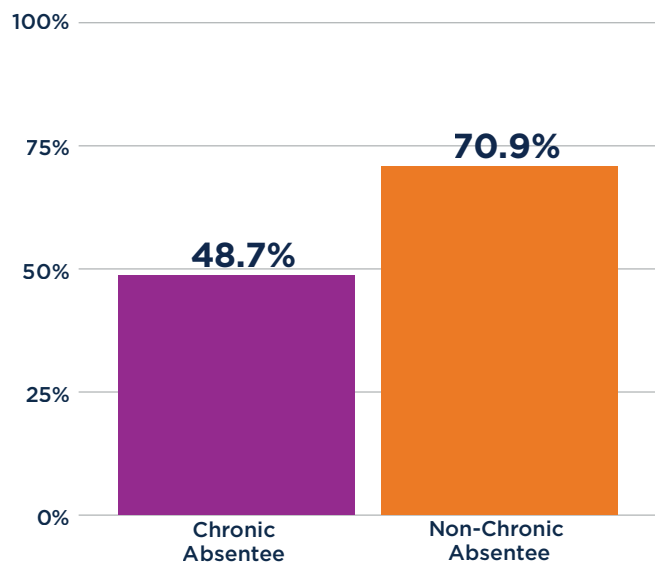

Chronic Absenteeism and Graduation Rate

From the 2021-2022 through 2023-2024 academic years, the percentage of all Nebraska public school twelfth-grade students who graduated within four years of starting high school was 87.70 percent. Over these academic years, a clear difference in on-time graduation rates existed among chronically-absent twelfth-grade students and their twelfth-grade peers. Senior students classified as chronically absent (79.5 percent on-time graduation rate) exhibited a 16.3 lower percentage point deficit in on-time graduation than their non-chronic absentee peers (95.8 percent on-time graduation rate). The odds that a student in the twelfth grade, who was not chronically absent, graduated on-time was 22.83, while the odds that a chronically-absent twelfth-grade student graduated on-time was 3.89. This disparity demonstrates that the odds of graduating on-time were 5.87 times greater for twelfth-graders who were not chronically absent compared to those who were. Students who graduate from high school within four years are more likely to enroll in postsecondary education, be economically self-sufficient, and contribute to their local communities than those with delayed graduation or incomplete high school degrees (Nebraska Statewide Workforce & Educational Reporting System, n.d.).

2021-2024

STUDENT CHRONIC ABSENTEEISM AND COLLEGE-GOING BEHAVIOR FOR NEBRASKA PUBLIC SCHOOL GRADUATES 2023-2024 Academic Year

Chronic Absenteeism and College-Going Behavior

In the 2022-2023 academic year, the overall percentage of Nebraska public school graduates who enrolled in a postsecondary educational institution was 61.31 percent. In contrast, 48.7 percent of students who are classified as chronic absentees enrolled in college while 70.9 percent of their non-chronically absent peers enrolled in a postsecondary institution. Put differently, the odds that a non-chronic absentee graduate enrolled in college were 2.43 while the odds that a chronic absentee graduate enrolled in college was 0.95. Non-chronic absentees had more than 2.5 times the odds of enrolling in a postsecondary institution after high school, demonstrating a considerable gap in college-going behaviors between chronically-absent graduates and their peers.

Implications for Nebraska

The historic surge in Nebraska’s chronic absenteeism during the COVID-19 pandemic has not been met with a return to normalcy. Targeted support and problem-solving efforts require an understanding of who is susceptible to chronic absence, why students are missing classroom learning time, and the result chronic absenteeism may have on academic and workforce outcomes. This brief detailed preliminary evidence of chronic absences across Nebraska by providing a first look at its connection to grade level, student characteristics, achievement, graduation rates, and postsecondary education.

Common characteristics of chronic absentee students may not match one’s perception of the “typical” absent student; students who engaged in SPED programming or students who participated in EL curricula show greater susceptibility to chronic school absence than their peers. For these reasons, acquiring an understanding of the reasoning and functions behind student absences is critical when creating prevention strategies. Demographically, careful support for Indigenous/Native American, Black/African American, and rural students may facilitate greater equity in consistent student attendance across Nebraska public schools.

Key findings indicate that chronically-absent students consistently fall behind their peers in statewide assessment test scores, are less likely to graduate from high-school on time, and exhibit lower college enrollment after graduation. In alignment with the Nebraska State Board of Education, ongoing work from NDE aims to use attendance data to proactively coordinate assistance to mitigate chronic absenteeism by removing barriers to access, investing in early intervention, avoiding punitive responses, and applying family involvement strategies to foster buy-in from local communities (NDE, 2025). Continued monitoring of student absenteeism will be vital for understanding the efficacy of these proactive actions and legislative priority.

Terms

Chronic Absentee:

Students who miss 10 percent or more of in-class time per academic year, including all absences; excused, unexcused, and suspensions.

Non-chronic Absentee

“Typically-attending” or “regularly attending” students are those who miss less than 10 percent of in-class time per academic year, including all absences; excused, unexcused, and suspensions.

Nebraska Student-Centered Assessment System (NSCAS)

A statewide assessment system that measures the grade-level standards students are learning in class. Students in grades 3 through 8 are required to take the NSCAS General Summative assessment which measures student performance against Nebraska College and Career Ready (CCR) standards. Students in grade 11, except those who take the alternate assessment, are given the ACT assessment.

English Learner (EL) Program

EL program, or Language instruction educational program (LIEP), is an instructional program designed to assist a limited-English-proficient student in developing and attaining English proficiency while meeting state academic standards.

Special Education (SPED) Program

SPED program is a specially-designed instructional program to meet the unique needs of a child with a verified disability, including classroom instruction, home instruction, instruction in hospitals and institutions and in other settings and instruction in physical education.

Rural County

A rural county in Nebraska is defined as any county with a population of fewer than 15,000 residents that is not part of a Metropolitan Statistical Area (MSA).

DATA NOTE

The population under consideration is Nebraska public school students who have an enrollment record from any Nebraska public record. For most charts, the data presented covers records from the 2023-2024 academic year. When examining the probability that a student maintains chronic absenteeism in the subsequent year, the data presented covers records from the 2020-2021 to 2023-2024 academic years. When statewide assessment scores were considered, the population under consideration was Nebraska public school students who took at least one subject test in Nebraska statewide assessment at grades 3, 5, 8, and 11. When the rate of chronic absenteeism over time was considered, the data presented covers records from the 2011-2012 to 2023-2024 academic years.

In this brief, student gender was determined using the most recent available record of a student’s self-reported gender identity. Due to the low frequency for individuals with unreported gender, only records in “Male” and “Female” categories were included in the analysis. Also, student race/ethnicity was determined using the most recent available record of a student’s self-reported racial/ethnic identity which is in line with IPEDS reporting categories (Integrated Postsecondary Educational Data System, n.d.).

In this brief, both current and former EL program participants are considered EL participants. Similarly, both current and former SPED program participants are considered SPED participants.

Nebraska Revised Statute requires a statewide standardized assessment of the Nebraska academic content standards for reading, mathematics, science, and writing in Nebraska’s K-12 public schools (Neb. Rev. Stat § 79-760.03, n.d.). Since the 2017-18 school year, Nebraska Student-Centered Assessment System (NSCAS) General Summative Assessment has been administered to students in grades 3 through 8. Since the 2016-17 school year, all public high school juniors have been required to take the ACT as the statewide assessment. The NSCAS results are reported using achievement performance levels (e.g., developing, on-track, advanced).

The classification of Nebraska counties as rural or urban is defined by state statute (Neb. Rev. Stat § 71-5653, n.d.). A county is considered rural if it has a population of fewer than 15,000 residents and is not part of a Metropolitan Statistical Area, as designated by the U.S. Office of Management and Budget (OMB).

Dear Nebraska Public School Superintendents,

Please be aware that a new federal rule from the Department of Justice (DOJ) requires state and local government entities, including public schools, to ensure their websites, web content, and mobile applications meet specific standards regarding accessibility for people with disabilities. This is a crucial requirement under Title II of the Americans with Disabilities Act (ADA).

The final rule, published on April 24, 2024, sets specific technical standards for digital accessibility. The deadline for compliance varies by the population size of the public entity:

- **April 24, 2026**, for entities serving an area with a population of 50,000 or more.
- **April 26, 2027**, for entities serving an area with a population of less than 50,000.

Resources for Compliance

To help you understand and comply with these new requirements, we have included links to key resources:

- A **fact sheet** from the DOJ that provides an overview of the rule: [Fact Sheet: New Rule on the Accessibility of Web Content and Mobile Apps Provided by State and Local Governments](#)
- The **Web Content Accessibility Guidelines (WCAG) 2.1**, which is the technical standard that the rule adopts: [Web Content Accessibility Guidelines \(WCAG\) 2.1](#)

Please review these resources and take the necessary steps to ensure your school district's digital platforms meet these new accessibility standards.

Sincerely,

Brian L. Maher, Ed.D.
Commissioner of Education

EDUCATION FUNDING

REVENUE SOURCES

Local Property Taxes

Determined by local school boards, subject to levy limits, revenue caps, and spending limits

Federal Sources

Reimbursements for federal programs like special education, Title I, and early childhood education

State Aid

Money paid to schools via the state aid formula

Other Local Sources

Fees and local motor vehicle and utilities taxes

Other State Sources

Special education reimbursements, state apportionment, homestead exemptions, etc.

Note: This data does not include changes to funding implemented in the 2023 Legislative session as the impact of those changes is still to be determined. Additionally, federal funding portions may be inflated by pandemic relief funds that are now expired.

SCHOOL DISTRICT REVENUE LIMITS

Spending Limit

The spending limit works by applying a rate of growth (Basic Allowable Growth Rate) to the main portion of each district's budget, based on the prior year's budget. The amount a school's budget can grow from year to year is limited currently to 2.5%, subject to revision by the Legislature.

Property Tax Limit

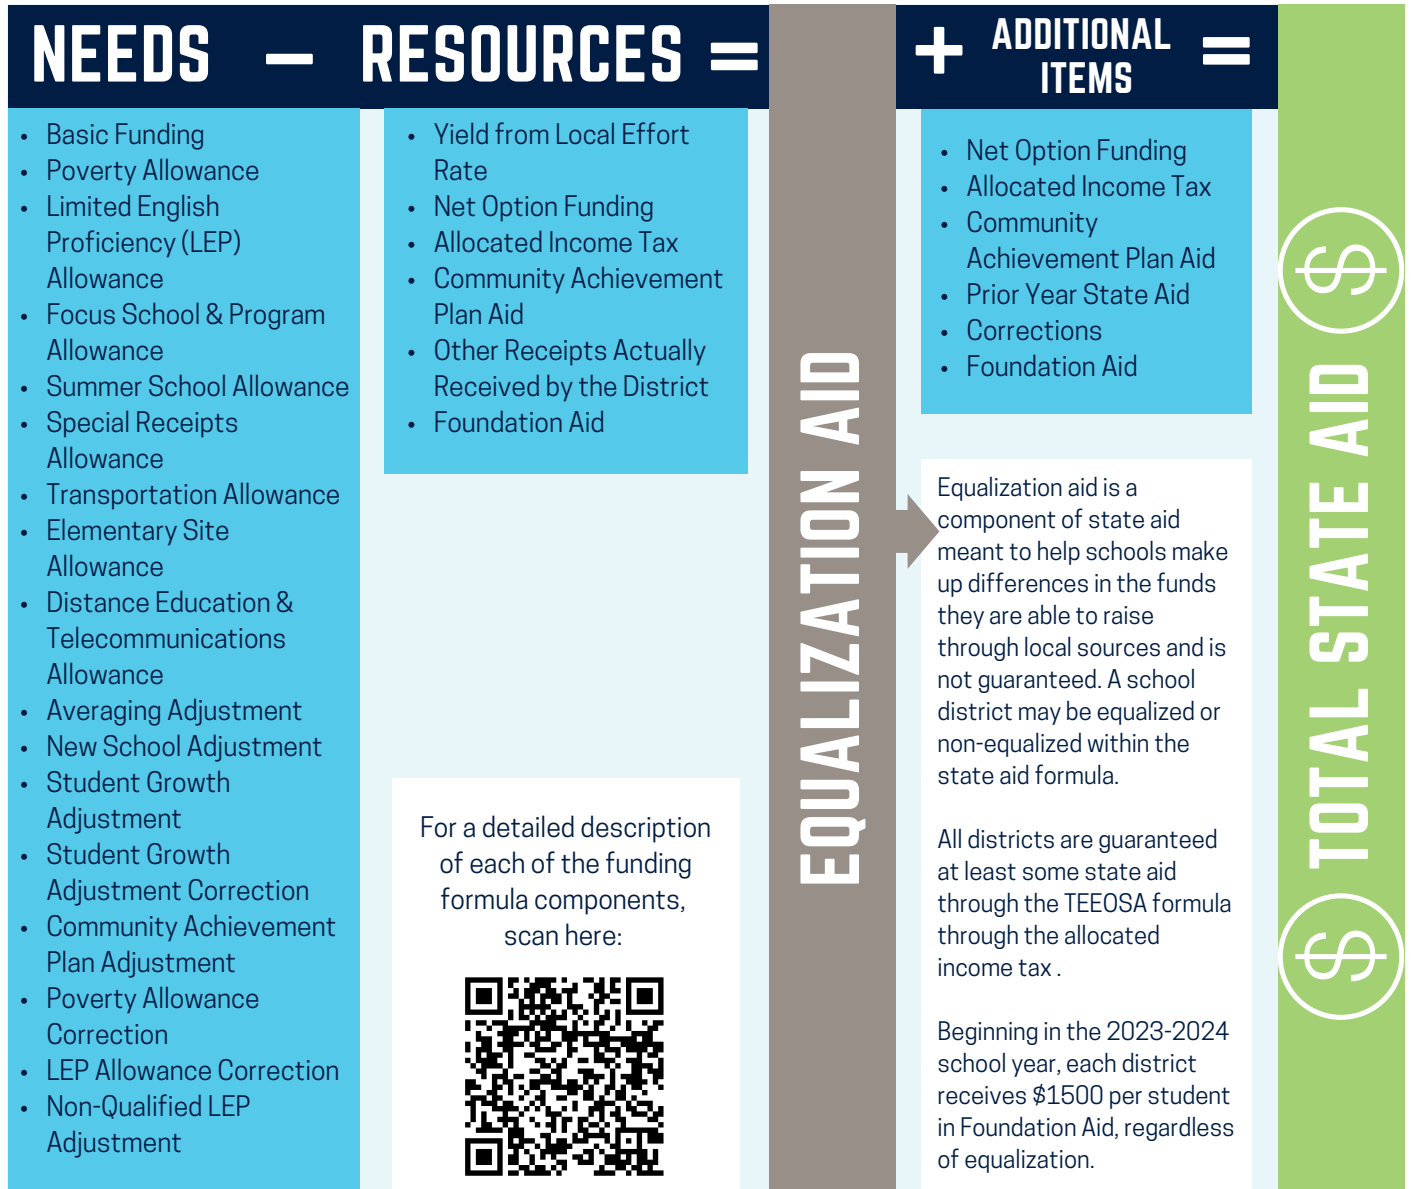

By law, the maximum property tax levy is currently \$1.05 per \$100 of property value. There are some exceptions to this limit, including the option for a levy override approved by the voters in a given district, which can be accessed for up to 5 years.

Property Tax Request Authority Limit

A district's property tax request authority is the amount of property taxes a district can request each year. Growth in property tax revenue is limited to 3% each year with certain exceptions. A school board can exceed the property tax request authority by up to 7% (based on enrollment) if at least 70% of its members approve.

BUDGET PROCESS

OVERVIEW

Nebraska creates a **two-year budget**, though the Legislature can continue making adjustments throughout each year as needed. The two-year budget period is called the biennium. **The state's budget must be balanced**, meaning that spending can only occur to the extent that money is available. Nebraska cannot borrow money for general spending needs, with very narrow exceptions for the construction of roads. An increase in spending or unexpected decline in revenues may create a budget "shortfall." Since the state must balance its budget, the Legislature must fix a shortfall through some combination of spending cuts, tax increases, cash fund transfers, and use of cash reserves.

WHO IS INVOLVED?

THE PEOPLE OF NEBRASKA

Every bill introduced in the Nebraska Legislature, including the series of bills that make up the budget, are scheduled for a public hearing. The Appropriations committee also hears from department heads during the hearing process. Anyone may participate and offer feedback on the budget proposals. Individuals can also reach out to their senator at any time to offer support or opposition for any aspect of the budget.

THE APPROPRIATIONS COMMITTEE

In January and February, the Legislature's Appropriations Committee meets with **Legislative Fiscal Office** staff to review agency budget requests. They develop a preliminary recommendation within 20 to 30 legislative days of the Governor's budget submission (Legislature, Rule 8, Sec. 3, 2023-24). The Committee uses revenue forecasts by the **Nebraska Economic Forecasting Advisory Board** to determine how much revenue it has available to appropriate. Next, the Appropriations Committee holds mandatory public hearings on the budget proposal.

THE LEGISLATURE

Once advanced from the Appropriations Committee, the full Legislature will debate and potentially amend the series of bills that comprise the budget for three rounds: General File, Select File, and Final Reading. Almost all budget bills are passed with a two-thirds vote (33 of 49) of the Legislature, which ensures they take effect the day after the bills are enacted using an "emergency clause."

THE GOVERNOR

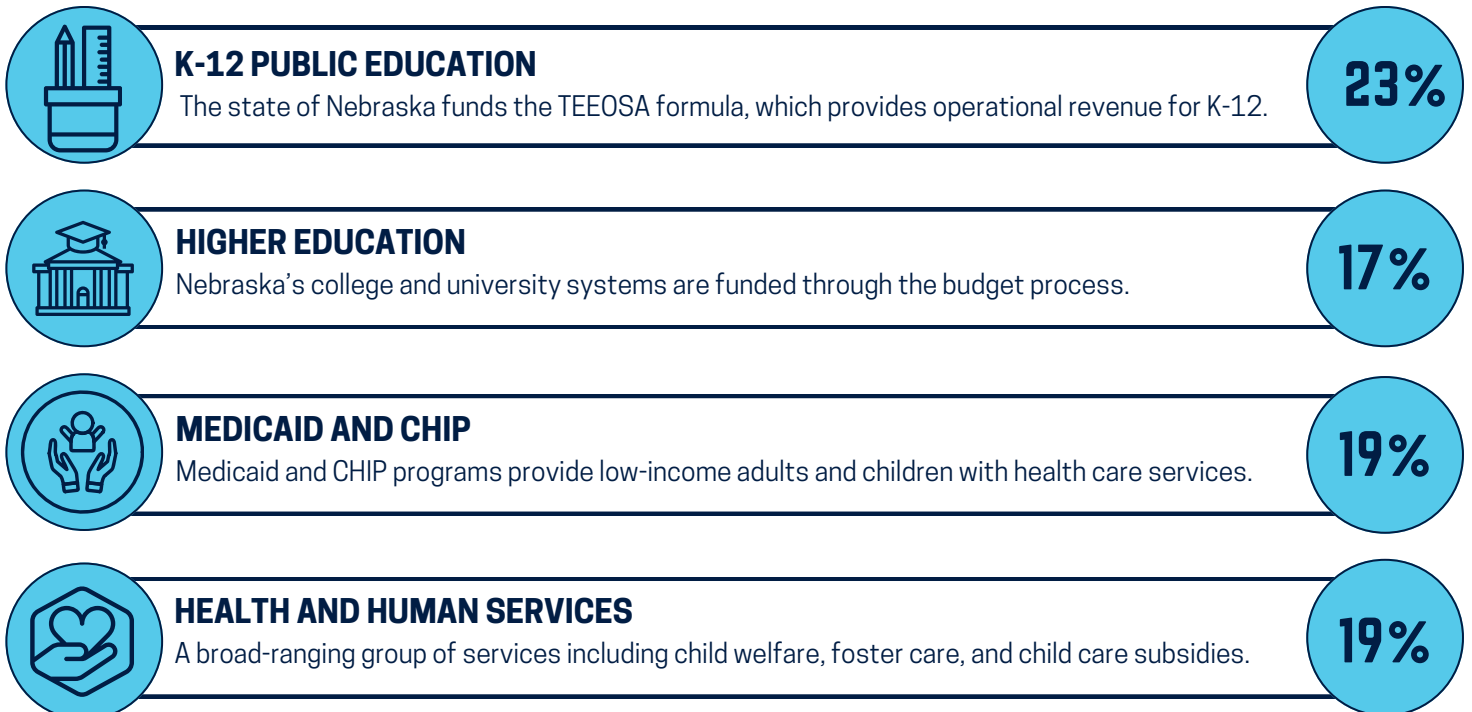

The Governor begins the budget process in the year before the long legislative session, working with the **Department of Administrative Services (DAS) Budget Division**. The proposal is due to the Legislature by January 15 in odd-numbered years (or February 1 for a new Governor). Once the budget is passed, the Governor may sign the bills, decline to sign them (but allow them to take effect automatically), veto bills, or veto particular items in each bill. The Legislature may override all or part of any veto with 30 votes.

BUDGET TIMELINE

WHAT IS FUNDED BY THE STATE BUDGET?

While this is not a comprehensive list, the top categories of spending in the state budget are outlined below. Percentages are approximate based on Fiscal Year 2025 Budget.

InstructionArtificial IntelligenceIntroduction

District OR-1 Public Schools acknowledges that artificial intelligence continues to emerge as a resource that may assist students with future technology and different ways of learning. However, artificial intelligence also poses a challenge to delineate the responsible use of artificial intelligence with student plagiarism. As a result, the Board of Education adopts this Policy to specifically address how the District will address academic honesty and integrity regarding a student's use of artificial intelligence.

Permissible Uses of Artificial Intelligence in School Assignments

Students may use artificial intelligence or related platforms when any of the following occurs:

1. The student receives advance permission from the teacher for the given assignment or project; or
2. The teacher's classroom rules or expectations established artificial intelligence as a permissible resource for students to access.

Additions?:

- Add with approval of administration
- resource page for parents
- Other

Any student with questions about the use of artificial intelligence should contact their teacher in advance of using artificial intelligence to assist with any assignment. It is the responsibility of each student to understand the permissible use (if any) of artificial intelligence in a given class or a particular assignment. Students must be fully forthright and honest about their use of artificial intelligence to assist with any school assignment.

Impermissible Uses of Artificial Intelligence in School Assignments

Unless otherwise permitted by this Policy, students may not use artificial intelligence or related platforms to assist or complete any assignment, project, test, or other school-related task. The impermissible use of artificial intelligence may subject the student to discipline in accordance with the District's plagiarism policy and academic dishonesty rules.

REDEFINE IMPOSSIBLE

JAMES LAWRENCE

THURSDAY MORNING OPENING SPEAKER - 8:15 TO 9:30 AM

Known as The Iron Cowboy for the signature cowboy hat he wears while running races so his five kids can see him coming from far away, James Lawrence is an ultra-endurance athlete who has pushed himself beyond what many doctors previously believed to be physiologically possible. In so doing, he has redefined both mental toughness and physical endurance. James spent a decade in the mortgage and finance business before losing it all in the financial crisis of 2008. At rock bottom, his career as the greatest endurance athlete on the planet started quite humbly, struggling to complete a local 4-mile fun run with his wife, Sunny. Inspired by that experience, on that day he learned a lesson that has served him well ever since. "I quickly realized that 'hard' looks different for everyone. Back then, four miles was really difficult for me. But I learned that one of the most important things in life is simply showing up." Today, James is one of the most dynamic, inspiring, larger-than-life keynote speakers in the world, is a best-selling author and the subject of a critically acclaimed feature film. He continues to redefine the impossible in his own life, while teaching audiences around the world to do the same in their own lives.

THRIVING AS A TEAM WITH THE 3 C'S

DR. JERMAINE DAVIS

THURSDAY LUNCHEON SPEAKER - 12:30 TO 2:00 PM

Dr. Jermaine's presentation "Thriving as a Team" will bring a new and fresh perspective to your team. His guidance will help your team focus on keeping "the main thing the main thing." Courageous conversations, cohesive cooperation, and committed collaboration are possible! Applying his practical and down-to-earth Dump Your Slump Model & Research, Dr. Jermaine's leadership expertise is rooted in his professional experience, academic research, and personal journey, giving him a real-world perspective that resonates. Born and raised in the Henry Horner Housing Projects on Chicago's West Side, Dr. Jermaine learned early that resilience wasn't just a skill—it was a necessity to survive and thrive. After losing six family members, including his youngest brother, Lil' Greg, to violence, he made a promise to break the cycle. Through mentorship, education, and determination, he became the first in his family to graduate from college, earning a B.A. in Speech Communication, an M.A. in Speech Communication, and a Doctorate in Organizational Leadership.

INVISIBLE THREADS: PRIVACY IN THE WORLD OF AI

JOE TOSCANO

FRIDAY LUNCHEON SPEAKER - 11:45 AM TO 1:15 PM

Joe Toscano is an award-winning designer, author of Automating Humanity, and former Google consultant who left the tech industry over concerns about data misuse. Now based in Omaha, he works globally to promote ethical innovation, support privacy legislation, and raise awareness about the dark side of big tech. You may recognize Joe from Netflix's The Social Dilemma, his TEDx Talk "Want to work for Google? You already do," or his appearances on major news outlets. In "Invisible Threads," Joe explores the critical intersection of privacy and AI. He reveals how modern data flows impact our lives, highlights the ethical challenges of AI, and offers forward-thinking solutions to protect privacy in a connected world. This talk is essential for anyone shaping or navigating the digital future.

THIS MONTH IN ...

A quick snapshot of the various programs, services, support and events NASB has planned for its members in the coming month!

ADVOCACY & GOVERNMENT RELATIONS ... Fall is a great time to engage your Senator to come visit your district. Let us know if we can help connect you with your Senator. Check out a number of updates and additions to the NASB GR page too as we look to 2026 ... and be sure to have your Delegate selected for the Delegate Assembly. Call Colby & Matt any time!

ALICAP ... ALICAP continues to collect annual contributions from all 225 Schools and ESUs. Reminder to those members, if you haven't already, ALICAP Contributions are DUE SEPTEMBER 30th! And take notice of the \$1.7 Million dividend!

AWARDS OF ACHIEVEMENT ... With Area Membership Meetings wrapping up, almost all of our individual and Board Award recipients have been recognized. This year, one board earned the President's Board Award (Gretna), 14 boards earned the Board of Excellence Award (Ainsworth, Bloomfield, Brady, Cedar Bluffs, Cross County, David City, ESU 3, Hershey, Norris, Osmond, Palmer, Ralston, St. Paul, and Sutton), four board members received their Level X (Brad Wilkins, Ainsworth; Steve Diemoz, ESU 13; Stacie Higgins, Nebraska City; and Kathy Wolfe, Palmer), seven received their Level IX, 14 reached Level VIII, and 26 earned Level VII. Photos from this year's Area Meetings can be found on Pages 13-16. You can learn more about NASB's Awards of Achievement Program under the Programs & Services tab of the NASB website.

BOARD LEADERSHIP ... Check out "At the Board Table" on Pages 6-7 to learn about all things Board Leadership.

EDUCATION LEADERSHIP SEARCH SERVICE ... Did you know...NASB has a leadership search process to help school districts and ESUs find their next leader. We can prepare a proposal to outline the steps of a search process or answer questions. If you are an applicant considering applying for a position, give Shari a call for all the details.

ENERGY PURCHASING ... We are already fielding inquiries from districts wishing to sign up for our natural gas purchasing consortiums next Spring during the annual signup period. This can be one less item your Superintendent and Business Manager need to focus on each year since our market consultants watch the gas markets every day throughout the year to lock up supplies whenever buying opportunities occur. NJUMP and CJUMP are protected by having significant amounts of natural gas already purchased for the 2025-26 heating season to help districts stretch their financial resources.

GALLUP STRENGTHS ... Our featured Gallup theme this month is **Includer**. With Includer in your Dominant Strengths, you naturally notice when people are excluded or overlooked. You feel compelled to welcome them into the group. This naturally accepting nature contributes to a culture where everyone feels valued, leading to better team cohesion and trust. Schedule a Gallup retreat with Shari for your board or leadership team.

MEMBER ENGAGEMENT ... It has been wonderful seeing so many of you at the first eight Area Membership Meetings! We are looking forward to the final AMM in Fremont on September 24. Be sure to register now for the Labor Relations Conference in Lincoln October 1-2. I really enjoyed presenting at the Hayes Center board meeting in September.

One of the most critical responsibilities of a board member is hiring and evaluating your ESU Administrator or Superintendent. As we enter the season when retirements are announced and leadership transitions begin, this Fall is already active. While the goal is always to retain leadership as long as possible, leadership changes are inevitable. It's essential to know who to call should the need arise.

At NASB, leadership searches are a team effort. Our staff and consultants have expertise in the search process, board development, communications, marketing, and school law to ensure a smooth, professional experience. We work closely with each member-district/ESU to tailor the process to your unique needs and provide support from the vantage point of a board member, every step of the way.

It all begins with the creation of a Leadership Profile, developed from board member input. This profile helps shape interview questions, assists the board in the evaluation of applicants, and eventually serves as a guide for the discussion between the board and new superintendent in a retreat setting.

To recruit the best talent, NASB taps into a wide network – including our membership in the National Affiliation of Superintendent Searchers (NASS). Shari Becker, Director of the Education Leadership Search Service and Past Chair of NASS, maintains direct connections with 39 state School Board Associations, expanding our reach and reference capabilities.

Applications are submitted through a shared online platform, giving us national visibility. Each applicant is carefully screened by NASB staff using a detailed protocol. We ensure the board has a clear understanding of each candidate's experience and leadership qualities, presented in both open and closed sessions.

Our commitment doesn't end with the hire of your new leader. NASB offers a two-year guarantee for boards that complete a leadership team goal-planning session with us – an added value included in the search fee.

If you anticipate a leadership vacancy, it's never too early to reach out. Let NASB help you find the perfect fit for your next leader.

**For details on the application process, or to request a proposal, contact: Shari Becker, Director

NASB SEARCH MISSION STATEMENT

NASB REPRESENTS AT THRIVING CHILDREN & FAMILIES

NASB was well represented at the 2025 Thriving Children and Families Conference, hosted by the Nebraska Children and Families Foundation. Our crew was fortunate enough to be a part of the planning committee, lead sessions on building community coalitions and governance, moderate panels, and to network with champions for children from all over the state. It was great to see our members not just participating but leading through their own presentations. A huge thank you to all of the team at NCF and Communities 4 Kids for their leadership in such a collaborative, energizing, and innovative conference!

PETITIONS (CONTINUED)

The fourth is EPIC 2.0, which would ban state and local governments from collecting property, income, and inheritance taxes. Like EPIC 1.0, there would be no added "consumption tax" as well. More to come on any and all petitions down the road ...

GOVERNOR'S SCHOOL FINANCE COMMISSION

Two meetings have been held with the leadership established in the Commission. The first meeting took place Tuesday, August 12, the second meeting was Monday, September 22, and a third is scheduled for Friday, October 31 at 8:00 AM CT. All meetings have been held at NDE in Lincoln. Commissioner Maher leads the meetings with John Schwartz, Millard Superintendent, elected Vice-President. Two locally-elected school board members serve on the 18-member Commission. Dr. Shavonna Holman of the Omaha Public Schools Board of Education represents Class V schools, and Keith Runge of Lakeview Community Schools represents Class III schools. The Commission discussion has been largely focused on goals. Goals discussed at the last meeting include:

- Bringing levys closer together
- Examining what the "State" pays vs. what the "Locals" pay
- Examining out of state landowners and personal property taxes paid
- Examining the Needs side of the TEEOSA formula
- Examining Option Enrollment
- Examining the Averaging Adjustment

The Commission is working in good faith with intelligent people at the table. They are trying to be proactive and stay within their statutory charge expressed in LB 303.

- <https://nebraskalegislature.gov/FloorDocs/109/PDF/Final/LB303.pdf>

They have a statutory deadline of December 1, 2025 to produce a report to the Legislature. The report will be the start of a conversation within this Commission on the work they are doing with more substantive analysis and recommendations coming in the following years. Comments from legislators indicate belief the Legislature will not be waiting for this commission to give them direction as to the future of school finances. We will see a variety of bills on school finance inside and outside of the work of this Commission.

"PINK POSTCARDS"

There has been a lot of dialogue about the future of the "pink postcard" meetings. While some continue to advocate for these meetings as a way of engaging the public, others are expressing doubts about the real impact these meetings have. There is discussion about changing provisions of the joint public meetings including:

- Moving the dates to earlier this year
- Altering the information posted on the postcard to point toward political subdivisions budget hearings

We are actively involved in discussions about alternatives to the postcard meetings. Our goal remains to increase public engagement in the budget process which we believe is best done through participation at the budget meetings.

As of now there have been relatively few hearings scheduled, however we do anticipate the Education Committee to schedule several in late October, through November. We have been involved in the following:

<https://nasb.envisiams.com/legislative-bills>

We hope the legislature will look to evolve notice requirements for schools that better fit how our constituents consume information. We are committed to ensuring that schools provide adequate notice to ensure all interested public have access to our meetings.**

- LR 255 - Examine the fiscal, constitutional, and administrative implications of adopting LR 12 CA, 2025, which proposes reforms to Nebraska's property tax system
- LR 256 - Examine the trend of increasing numbers of Nebraska voters who register as nonpartisan and how these voters are restricted from fully participating in partisan primary elections for some statewide, federal, and local offices

OPTION ENROLLMENT/SPECIAL ED STUDENTS

Senators continue trying to solve the problem of students with IEPs gaining the same access to option enrollment as their peers do. Bills continue to focus on "quotas" and "thresholds" which do not take into consideration the aspects districts consider when accepting option students - student needs, district capacity, and the available workforce to meet those needs. Until recently, only data related to option DENIALS was collected. Data regarding option acceptance is now being collected, which helps. We continue to work with stakeholders to find solutions which expands option opportunities, yet maintains a district's ability to manage their student population as it relates to non-resident students.

QUESTIONS FROM SENATORS

Colby spent part of this Fall educating Senators on the State Aid formula. It's been a productive use of NASB resources and helpful for Senators. As he has been meeting with Senators, here are the questions they have:

- **How did districts respond with regard to tax asking after increased Special Education reimbursement and the establishment of Foundation Aid?**
- **Why would districts expand their authority to tax (by a super-majority of the board), but not actually levy on that authority?**

The answers to these questions are district specific and each district has their own story to tell. We are encouraging districts to have answers to these questions and have conversations with their State policymakers.

DELEGATE ASSEMBLY/DELEGATE HANDOUT

The **NASB Delegate Handout** of proposed changes to the bylaws and standing positions for your review prior to the 2025 Delegate Assembly is now posted on the NASB website. To better prepare you and your board's voting representative for the Delegate Assembly, please download, review, and bring this Handout with you to Omaha.

<https://members.nasbonline.org/government-relations/nasb-advocacy-handbook>

This year's Delegate Assembly will take place **Friday, November 21, at 8:00 AM**, in conjunction with the State Education Conference. If you haven't already, each board should select one board member to represent the district or ESU as the voting delegate, although multiple members from each board may attend. As a school board member, this is YOUR chance to be heard and help craft the 2026 legislative and leadership initiatives for NASB.

Mark your calendars now ... **Sunday January 25th, and Monday, January 26th**, at the Cornhusker Hotel in Lincoln.

FEDERAL ADVOCACY FLY-IN

We look forward to another extremely productive and memorable trip in 2026!
