Luke's bus has continued to give us some issues with the ABS system, but they (Panko's) think they have it figured out.
- I attended the NSAA District #1 meeting on Tuesday, Nov. 2nd. Proposals that passed through our district that affect us were as follows
 - *Changes the date of District track and what dates state track will be held on for specific classes.*
 - Changes the way sub district seeding will be determined. Class C proposal.
- I also attended the NSIAAA Fall Conference held in Kearney this past weekend. I attended sessions on:
 - Strive TV
 - NIL and what it means to HS AD's
 - Developing PD for your coaches
 - Evaluating your Athletic/Activities Department
 - Legal Issues in Athletics
 - Lessons learned from a Title IX lawsuit

Transportation/AD Report

- JH BB practice has been going well so far. We host our 1st JH BBB game on Tuesday vs. Johnson - Brock.
- Our HS BB teams start practice on Monday(today). As of right now, we are planning on using the gym and community building for practices. This should allow for all students to be done and out of the building(s) by 6:30 PM every night. This should also allow our elementary coaches more freedom to schedule practices as well.
- Ms. Paitz and I will be taking 8 students to attend the Sportsmanship/Leadership summit at Lincoln NS on Friday, Nov. 19th.
- Our One Act Play cast and crew has it's Pioneer Conference show coming up this Wednesday, Nov. 17th at Pawnee City. Our District One Act show will be at Harvard this year on Wednesday, Dec. 1st.

School Counselor

- We hosted our 3rd Annual **Apply2College** Day where seniors applied to college(s), watched a financial aid presentation from EducationQuest, attended a Virtual College Fair, and played a GooseChase game where participants had to answer questions about our own Sterling Jet Teachers' college experiences.
- I attended the first session of the School Mental Health (SMH) Institute 4 Mental Health through the ESU4. The NDE has grant money available to be used through our ESU for schools that participate. As a school, we will be required to develop a mental health team (existing or new) and work through the modules which include self assessment, social emotional screeners, and putting together a comprehensive mental health plan that works for our school. The following year, grant funds are supposed to be available at the school level.
- NSCAS Through-year model aims to lessen the amount of testing for students by combining the MAP Growth test and the NSCAS summative test into one. Through the transition this year, we will be piloting the NSCAS winter test. ([testing schedule](#))

School Counselor

In December, students in grades 9-12 will be participating in a couple different survey's (Nebraska Risk and Protective Factor Student Survey (NRPFS) and Youth Risk Behavior Survey (YRBS) offered through UNL. Survey participants are chosen by grade level for the NRPFS and randomly for the YRBS. The survey's will provide valuable perceptual data from our students.

The **NRPFS** collects information related to:

- alcohol, tobacco (vaping/electronic cigarettes, cigarettes, etc.), and illicit drug use
- delinquent behaviors
- bullying
- risk and protective measures that predispose youth toward or protect them against problem behaviors (including substance abuse, delinquency, teen pregnancy, school dropout, and violence)

The **YRBS** monitors six categories of health-related behaviors that contribute to the leading causes of death and disability among youth and adults, including—

- Behaviors that contribute to unintentional injuries and violence
- Sexual behaviors related to unintended pregnancy and sexually transmitted diseases, including HIV infection
- Alcohol and other drug use
- Tobacco use
- Unhealthy dietary behaviors
- Inadequate physical activity

Teaching Controversial Issues

The ability to discuss, listen, and dissent are essential elements of responsible citizenship. The school district encourages students to develop skills in analyzing issues, respecting the opinion of others, distinguishing between fact and opinion, considering all pertinent factors in reaching decisions, and arriving at group decisions.

Teachers may teach or lead discussions about controversial issues if they comply with the ~~following~~ criteria contained in this policy. Controversial issues may be questions, subjects, or problems which can create a difference of opinion. They can include issues which may have political, social, environmental, or personal impacts on pupils and/or the wider community: locally, nationally or internationally. Often they have no easy answer, in part, because solutions may be based on an individual's personal values and beliefs.÷

1. The issues discussed must be relevant to the curriculum and be part of a planned educational program.
2. Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
3. The teacher must encourage students to consider and discuss a variety of viewpoints.
4. The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
5. The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
6. The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
7. Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda of any kind through any classroom

or a school device. However, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Teachers who are unsure of their obligations under this policy must confer with their principal prior to discussing controversial issues in the classroom.

Extra Duty and Extended Contract Assignments for Certificated Staff

This policy details the methods of payment for performance of extra duty and extended contract assignments by certificated staff members. Noncertificated staff should refer to their individual employment contracts regarding service hours and payment for extracurricular sponsorship activities which may be assigned to the employee by the district.

Extra Duty Assignments

Certificated staff members may be assigned extra duties such as coaching a sport, sponsoring a student club, or directing other extracurricular activities. Extra duty assignments shall be assigned at the discretion of the administration.

Full time certificated staff who are anticipated to work more than 1100 hours each school year are expected to work additional hours each month of the contract year in fulfillment of their extra duty assignments. Part-time certificated staff who are anticipated to spend fewer than 1100 hours in their regular teaching assignments each school year must track the hours they spend on extra duty assignments and submit those hours to the district bookkeeper monthly.

Certificated staff covered by the collective bargaining agreement between the board and the local education association will be paid the salary amounts set in that contract for performance of their extra duties.

Subject to the other provisions of this policy, certificated employees assigned to extra duty assignments shall be paid in 12 equal installments beginning with the first regular pay period of the contract year in which the services will be rendered. The payment for exempt employees assigned extra duty sponsorship duties after the beginning of their contract for a given school year shall be distributed evenly across the remaining pay periods for the school year beginning with the first pay period following the assignment.

Certificated employees who are assigned extra duties will be informed of that assignment in an assignment letter.

In addition to their regular teaching duties, teachers with extra duty will render service hours toward the performance of each of their extra duty assignments throughout the entirety of the contract year. This time should include tasks such as: continuously reviewing best practices for coaching/sponsoring your extra duty; determining any off-season professional

development or meetings which you should attend; determining any pre-season or pre-event camps or activities which students should attend; supervising selected pre-season camps or activities; creating records and completing paperwork related to the extra duty; communicating with selected media outlets about the extra duty; training and preparing students prior to the beginning of the competition/activity/event schedule; reviewing or planning the competition/event schedule; studying film, selecting music or scripts, designing sets and costumes, arranging choreography and otherwise preparing for the competition or season; scheduling student meetings and events; actively supervising participating students before, during and after the season/event; study of best practices in sportsmanship and student character growth; and any other identified duties.

In the event a certificated staff member is assigned an extra duty assignment after the beginning of the school year in which the activity occurs, the district will report the extra duty pay and hours to the Nebraska State Retirement System beginning in the month when the teacher undertakes his/her assignment.

In the event a certificated staff member's overall employment and/or extra duty assignment is terminated prior to the end of the school year, he/she will not be paid any remaining amounts for extra duty service and those hours will not be reported to the Nebraska State Retirement System.

Extended Contract Days

If a certificated staff member is assigned extended contract days, that assignment shall be included in his/her individual employment contract with the board of education. Staff shall be compensated for assigned extended contract days at the individual employee's daily contract rate calculated by dividing his/her regular salary by the number of contract days set by the board for all certificated teaching staff.

[OPTION 1]

Unless otherwise directed by the administration, extended contract days shall be completed prior to the first regular duty day for teachers for the impending contract year. Teachers must document their completion of extended contract days on the form provided by the office and submit that form to their direct supervisor at the end of each month.

[OPTION 2]

Unless otherwise directed by the administration, extended contract days shall be completed after the last regular duty day for teachers. Teachers must document their completion of extended contract days on the form provided by

the office and submit that form to their direct supervisor at the end of each month.

Payment for Extended Contract Days

[OPTION 1]

Teachers assigned to extended contract days shall be paid for that assignment in 12 equal installments beginning with the first regular pay day of the contract year in which the services are rendered.

[OPTION 2]

Payment for extended contract days will be made in the pay period following the date on which the extended contract days are completed.
