Congratulations to Ms. Rempfer for having her artwork selected for the 2019 Nebraska Art Teachers Association Artist Educator Exhibition!

Congrats to Mrs. Abby Spangler on the birth of her daughter! Nora Jean Spangler was born at 5:51 pm weighing 5lbs 13ozs and 18 inches long!

I want to thank Keely Reinert and Steve Rose for all the time they put in to ensure our Chromebook Deployment was successful. They spent a lot of time organizing paperwork, running trainings, training staff, and organizing deployment. They have also been putting in a lot of time helping with PowerSchool, organizing emails into groups, keeping staff informed, etc. We greatly appreciate all they have been doing here at RC!

With this being the first year for Chromebook Deployment, we have learned from the process on ways to structure it to make it a smoother process in the future. We discussed how to better utilize open house for deployment and ensuring all the necessary paperwork is being done. We have started a document with our ideas for change as they came up and will revisit it in the spring when we prepare for 2020-2021 deployment.

On August 27, Jaden Dryden surprised his sister, Kiaya Dryden, at the end of the day while she was in Mrs. Huck's class. Jaden came home on leave before heading to his next deployment. Jaden is a 2018 Raymond Central graduate.

On August 28, we had our first Professional Learning Community late start day. We came together as a district staff and revisited our collective commitments. We also broke in to our PLC groups to start discussing our SMART Goal and the data we will be using during our meetings. This year, we are adding a College and Career PLC group and I feel this will be very beneficial as we continue to prepare and find ways to better prepare our students for their post-secondary plans and goals.

On September 4-6, a group of four of us headed to Kearney for the NeMTSS Conference. Those

that attended were Tasha Osten (Counselor), Andrea Hicks (Special Education Teacher), Nicole Hummel (Science Teacher), and myself. It was a great opportunity to learn more about what MTSS looks like and how to implement it at Raymond Central. We were provided a lot of great resources and had a lot of great conversations. A few key takeaways:

- Year 1 is Tier 1.
- This is not a process led by special education, nor is it led by general education; rather, it is a joint effort of problem solving on behalf of districts, schools, classrooms, and individual students. It is an every "Ed",
- Never forget the importance of trust, relationships, and listening for the sake of making progress.
- Critical Components of MTSS
- Tiers of instruction and intervention
- Problem Solving Process
- Data Evaluation
- Communication and Collaboration
- Capacity Building Infrastructure
- Leadership

Apply to College Day will be held on September 23rd. The day will go as follows:

9:00 AM - EducationQuest Financial Aid Presentation - Parents Welcome

12:38 PM - Mini College Fair

1:15 PM - Apply to College help from College representatives

Dual Credit Information: We have 24 kids taking 35 college credit classes through SCC, 3 kids taking classes through U.N.L and 11 kids taking college credit class through Peru State College. Some of the classes that students are taking are:

- Welding

Cross Country traveled to Beatrice on September 5. Placing 11th was Wyatt Svoboda and 14th was Eli White. Nelle Serrano placed 20th in the girls division. The boys team finished 6th in the team standings. Their next meet is in Wahoo on September 12.

Volleyball dropped two hard-fought matches against Lincoln Lutheran on September 3 and Wahoo on September 5. They have their home opener coming up against Louisville September 9. JH VB will start their season on September 10 at home vs Schuyler starting at 5:00 pm.

Softball has a record of 4-8. They defeated Fort Calhoun 11-1 on September 3. With only 13 girls, they play hard and are a lot of fun to watch. They will compete in the Auburn tournament September 7, then have two upcoming triangulars in Platteview on September 10 and at home on September 14.

The football team began the season with a big win over DC West 46-8. They have upcoming games at home against Falls City on September 6 and then on the road against Louisville on September 13.

Progress on the shed behind the school is coming along. The final portion of concrete was poured and they will be putting up walls soon. Thanks to all who helped!

Teachers have developed daily routines and procedures for their classrooms as well as curriculum pacing schedules for the year. Screening assessments with the new FASTBridge resources are almost completed. This replaces the DIBELS system that was previously used. Progress monitoring and interventions are beginning. New this year is the Reading Improvement Act which requires all students who do not meet benchmarks to have an Individualized Reading Improvement Plan (IRIP) per LB 79-2601 to 79-2607. More information may be found at <https://www.education.ne.gov/nebraskareads/>.

Grades 3, 4, and 5 have started using the new EnVision 2020 materials for math. Teachers are spending more time preparing and planning as they use the materials for the first time. Grades PK-6 are using the *Move This World* social emotional learning digital resource each day in the morning and again to close the day. DARE, a drug and alcohol resistance program coordinated by the Saunders County Sheriff's Department, has started. Thank you to Deputy Thomas Janecek for leading the lessons for our 5th grade classrooms. Homework Club and Band lessons will begin next week.

Embargoed individual student data has been released to districts. The latest news from NDE about assessment data is that Individual Student Reports will be available to schools in early October. We will share district data with staff when it becomes available. We will plan to share district data with you at the board meeting as soon as we can. The plan will be for families to receive their individual student's report at Parent-Teacher Conferences in October as long as everything goes as expected.

Students in grades 3-8 will be administered the NWEA MAP during September 16-27. These adaptive assessments help teachers better understand student academic levels and provide parents with information about their student's academic performance. Data will be shared with families at first quarter conferences.

The School Improvement Committee met on September 3 to finalize the goals for the year and discuss professional learning time plans. The Committee meets at least once a month to monitor progress towards goals and plan for professional learning. AdvancED has once again changed their name; the new name is Cognia.

Faculty met on August 28 for the first late start professional learning time. We revisited our Collective Commitments and began Professional Learning Communities. The next late start is scheduled for Sept. 11. PLC groups will analyze data and identify their SMART goals for the year.

I have been attending webinars regarding assessment, curriculum, and instruction as the school year begins. It's good to be able to stay at school to "attend" rather than being out of the building for extended periods of time.

We had a "safety day" on August 23 to practice all the various emergency procedures that we hope we never have to use. Bus evacuations, a fire drill, a tornado drill, and safety/security drills with the standard response protocol (SRP - lockdown/ lockout/ evacuate/ secure /hold) were all practiced.

On September 11, all students and staff will gather around the flagpole for a short ceremony in observance of Patriot Day. Students are encouraged to wear red, white, and blue to show their patriotism. The Boy and Girl Scouts will present the flag. The student body will recite the Pledge of Allegiance, and we will play the Star-Spangled Banner. Teachers will observe Patriot Day in their classrooms with a variety of lessons.

The September PTO meeting was held on September 3. Maureen Brase-Houchin is the PTO chair. In conjunction with Believe Kids, the annual fundraiser kicked off on August 28 and ends on September 11. Families can continue to order online throughout the year to benefit our school. PTO is also researching additional fundraising options. PTO will sponsor a family night at Raising 'Cane's at 2820 Cornhusker Highway in Lincoln on September 10. From 5:00-8:00 PM, 15% of the sales will go to the PTO just by mentioning Raymond Central when you order.

This is the 10th anniversary of providing food for families on the weekends. The Food Bank Backpack Program will start distribution of backpacks each Friday beginning on September 6. We thank Immanuel Lutheran Church in Ceresco for their continued support of housing and organizing the packing each week. The Committee is organizing the 10 year anniversary fundraising event. The Hustle, a fun run/walk of 1 mile or 5K or 10K run, is scheduled for October 19 along part of the Oak Creek Trail in Valparaiso. We have to adjust the course route due to erosion along Oak Creek Trail. A pancake feed will coincide with the run. Sponsorships for the event are now being solicited; we thank our many generous donors! We hope to see you there; we would like to showcase some local celebrities for this ten year milestone.

We had picture day on August 27. Inter-State Studios was the photographer.

The administrative team will host a tailgate on September 6 for all RC staff and their families. Go Mustangs!

Submitted by Ann Egr, Elementary Principal at Ceresco/Special Education Director

The school year is off to a great start!

The PTO fundraiser is underway. The final date for sales is September 11. The kids are doing an excellent job and excited to see who gets to have a Principal Taxi for a day!

The Food Bank Backpack Program started on September 6. This program is a valuable service to Raymond Central families. Thank-you to all of the volunteers who pack the bags each week, and to all who donate to the program each year. Your contributions are appreciated. Please mark your calendars for the annual fundraiser, The Hustle, on October 19.

In 2018, the legislature passed the Nebraska Reading Improvement Act, which is designed to address student reading needs in grades K-3. The act requires that all students in K-3 are screened three times during the year in an effort to identify areas of need and determine supplemental instruction and intervention. Raymond Central Schools uses FASTBridge assessments as a screener and progress monitoring tool.

Teachers have completed the first round of FASTBridge assessments. FASTBridge assessments are used to identify benchmarks for students. Threshold levels of 15th percentile and 40th percentile ranges are then used to identify needs. Families of students at risk of not meeting the end of the year learning goals without additional instruction will be notified.

On September 4-5, Mrs. Stansberry, Ms. Osten, Mrs. Hummel, and Mrs. Hicks attended the MTSS (Multi-Tiered Support System) summit sponsored by NDE in Kearney, NE. MTSS is a service delivery system based on the concept that some students require early and powerful general education

interventions of increasing intensity. The information gained will help guide and support as Raymond Central develops our MTSS program.

On September 11, students will observe Patriots Day by wearing red, white, and blue to show their patriotism. Boy and Girl Scouts may wear their uniform if they choose.

NWEA MAP (Measure of Academic Progress) testing will take place September 16-27 for grades 3-5. Understanding each student's academic level gives teachers the power to help them excel.

Raymond Central NRPFS Data Summary

Mrs. Stansberry shared results of the Nebraska Risk and Protective Factor Student Survey that was taken in the fall of 2018 designed to assess adolescent substance use, delinquent behavior, and many of the risk and protective measures that predict adolescent problem behaviors.

Student Ineligibility Proposal - Update Policy 5103

Mrs. Stansberry discussed why Policy 5103 needs to be updated to meet current practice.

July came and went and I am very excited about filling our building with staff and students. I am very optimistic about the upcoming school year and looking forward to seeing firsthand all the great things our staff and students do here at RC.

We have been working with finding new texts for our science department. We have received material from McGraw-Hill for teachers to look through and potentially pilot for the 2019-2020 school year. They have been given access to demo codes digitally to allow them to see everything that McGraw-Hill offers. I will also be talking with Discovery Ed to research the options they have for piloting some of their texts and digital resources.

We have also been working Ben Svehla, new business teacher, to find both accounting and advanced accounting texts and workbooks. Shelly and I have been in contact with Cengage Learning to help with this. We found a digital program that has a digital textbook and workbook. There are a total of nine students between the two classes so we thought this would be a great opportunity to start the process of

going digital now that we are one to one.

This year, we will be showcasing staff through social media. I have created a google form and have sent the form to all staff in the district-both certified and classified-to gain access to the information needed. A template has also been created so we can work on creating this ahead of time. The goal is to post at least one staff member from each building each week throughout the year. We may do more if needed to ensure we get all members recognized. We have showcased a few staff members already and love the feedback we have been getting!

I enjoyed my first Administrator Days in Lincoln. There were many great breakout sessions available and it was a great opportunity to network. The one breakout session I really enjoyed was the new administrator session with Dan Ernst. This provided an opportunity to meet other new administrators, receive advice from successful veteran administrators, and learn about the resources available to us, specifically SLACK; an online networking tool for Nebraska Administrators.

On August 5-6, three of our new staff members participated in the New Teacher Academy at the ESU. They seemed to get a lot out of these two days and came ready to discuss GANAG, our lesson plan schema, at our August 7 new teacher orientation. I am very excited about our new staff as I feel they all bring a strong skill set to Raymond Central that will help continue to push us in the right direction. I look forward to seeing the impact they will make on our students and see how they grow as professionals.

On August 12, we are going to try to allow parents an opportunity to come in from 1:00-3:00 or 5:30-7:30 to get all the necessary paperwork filled out, pay any fees needed for the 2019-2020 school year, get their students' schedule/planner, and sit through a Chromebook training. Teachers will be present and in their rooms from 6:00-7:00 as well.

We have also hired Ashley Matulka to be our new special education para. We are excited about the skill sets Ashley will bring to Raymond Central.

We also hired Jordan Buresh as our new Jr/Sr High Secretary. Jordan will start on August 26 and we are excited for her to join our team!

Summer weights wrapped up at the end of July and had good participation for JH and HS athletes.

JH and HS Football camps wrapped up last week. Coach Houchin brought in the National Guard to go through team-building and conditioning exercises. Pictures and videos were posted on Social Media.

Softball went to their team camp in Columbus last month and also held skill sessions at Valparaiso.

Volleyball and Cross Country have been hosting Conditioning Camp that started last week.

We had a great Coaches/Sponsors meeting on Friday. We are all excited to get the year started.

GO MUSTANGS!

Meet and Greet Night - We will welcome students and families to school for a Meet and Greet time on Monday, August 12. Kindergarteners and their families will start the evening at 5:30pm. Grade 1-5 students and families will visit between 6-7pm. Students will meet their teachers, bring their school supplies, and may make lunch deposits.

First Day of School - The school year begins on August 14. We will gather on the front walk, raise the flag, recite the Pledge of Allegiance together, and start our new year of learning! Changes in staff appointments include Ms. Barb Schiefen to Fifth Grade, Mrs. Jamie Enevoldsen to Second Grade, and Mrs. Maggie Niewohner in Fourth Grade.

Enrollment at Valparaiso - Total enrollment K-5 is 154 students as of 8/8/19.

Summer Learning - Staff attended various trainings this summer. Members of the School Improvement Team including Lori Maxwell, Cindy Peterson, Nikole Farr, Pam Rasmussen, Celia Newman, Steve Rose, and new administrators Allison Stansberry and Brian Gralheer attended the Solution Tree PLC Conference in St. Charles, Missouri, in June. The Administrator Days hosted by NDE and NCSA on July 31-August 2 were moved from Kearney to Lincoln this year, with many sessions held virtually. New to the profession teachers attended the ESU#2 New Teacher Academy on August 5 and 6. All new to RC teaching staff attended RC Orientation on August 7. Ann Egr, Justin Lillie, Kim Hudson, Justin Lillie, and I attended training on August 8 for FAST Bridge, the new screener and progress monitoring tool for

the elementary. FAST stands for Formative Assessment System for Teachers. We will continue to learn together throughout the year. Many teachers also attended graduate level classes. Our teachers continue to grow and learn and we appreciate their efforts to continue their lifelong learning journey.

Opening Workshops - Administrators met with new to RC Teachers on Wednesday, August 7. We had a great day training them in the RC way. All staff workshops will begin on Friday, Aug. 9. We are excited to begin a new year! Agenda items include District Goals, School Improvement, Board Policies, Health/Safety Procedures, Mental Health, Technology Training, and PLCs. Elementary Teachers will also use half a day for training with the new SEL curriculum *Move This World* and another half day for training with FAST Bridge screeners, progress monitoring, and reporting.

Assessment - Spring NSCAS data from the Nebraska Department of Education is being processed. Preliminary results are embargoed and will be released to districts in mid-August. Public release of data is scheduled for October.

School Improvement/AdvancED- The committee met on August 6 to review the School Improvement Plan, District Goals, and prepare for the school year. We thank these teachers for their leadership. They will be sharing some of their learning from The Solution Tree workshop they attended this summer with all staff during opening meetings.

A big shout out to the custodial staff for making sure the buildings and grounds are ready for the year! The work completed around the building will help make the building safer and more conducive to learning.

The PTO will sponsor an elementary family pool party on August 10 at the Wahoo pool. PTO had the first planning meeting for the year on August 6. Items discussed included the Meet and Greet Night, first day snacks for students, the annual fundraiser, carnival, Multi-Cultural Night, and other event dates for the school year. PTO also plans to provide the elementary staff with lunch on the first day of school. Thank you for a great way to celebrate the first day of school!

We will have a "safety day" on August 23 to practice all the various emergency procedures that we hope we never have to use. We will hold bus evacuations, a fire drill, a tornado drill, and safety/security drills with the standard response protocol (SRP - lockdown/ lockout/ evacuate/ secure/ hold).

The Food Bank Backpack Program will again offer backpacks of food at RC. The RCEF helps with the accounting and a committee including staff, parents, and community members is in charge of oversight. Backpacks filled with food are distributed to families at the end of each week at each elementary school. Families may apply for the program similar to the Free and Reduced Lunch Program and Student Fee Waiver. Funds for the program are from private donations by organizations and individuals and our fundraising event, the Hustle Fun Run and pancake feed. Mark your calendars for the Hustle on October 19 this year. A big thank you to all the organizations and individuals who have donated their money, time, and energy to make this program successful. A special thank you to Immanuel Lutheran Church for housing the food and all volunteers who pack the bags each week.

To: Dr. Joel and the Raymond Central Board of Education

From: Ann Egr - Ceresco Principal and Director of Special Education

1. The school year is off to a great start!
2. The PTO fundraiser is underway. The final date for sales is September 11. The kids are doing an excellent job and excited to see who gets to have a Principal Taxi for a day!
4. The Food Bank Backpack Program started on September 6. This program is a valuable service to Raymond Central families. Thank-you to all of the volunteers who pack the bags each week, and to all who donate to the program each year. Your contributions are appreciated. Please mark your calendars for the annual fundraiser, The Hustle, on October 19.
5. In 2018, the legislature passed the Nebraska Reading Improvement Act, which is designed to address student reading needs in grades K-3. The act requires that all students in K-3 are screened three times during the year in an effort to identify areas of need and determine supplemental instruction and intervention. Raymond Central Schools uses FASTBridge assessments as a screener and progress monitoring tool.

Teachers have completed the first round of FASTBridge assessments. FASTBridge assessments are used to identify benchmarks for students. Threshold levels of 15th percentile and 40th percentile ranges are then used to identify needs. Families of students at risk of not meeting the end of the year learning goals without additional instruction will be notified.

6. Training - On September 4-5, Mrs. Stansberry, Ms. Osten, Mrs. Hummel, and Mrs. Hicks attended the MTSS (Multi-Tiered Support System) summit sponsored by NDE in Kearney, NE. MTSS is a service delivery system based on the concept that some students require early and powerful general education interventions of increasing intensity. The information gained will help guide and support as Raymond Central develops our MTSS program.

7. On September 11, students will observe Patriots Day by wearing red, white, and blue to show their patriotism. Boy and Girl Scouts may wear their uniform if they choose.

8. NWEA MAP (Measure of Academic Progress) testing will take place September 16-27 for grades 3-5. Understanding each student's academic level gives teachers the power to help them excel.

Submitted by Allison Stansberry, 6-12 Principal/Curriculum Director

Congratulations to Ms. Rempfer for having her artwork selected for the 2019 Nebraska Art Teachers Association Artist Educator Exhibition!

Congrats to Mrs. Abby Spangler on the birth of her daughter! Nora Jean Spangler was born at 5:51 pm weighing 5lbs 13ozs and 18 inches long!

I want to thank Keely Reinert and Steve Rose for all the time they put in to ensure our Chromebook Deployment was successful. They spent a lot of time organizing paperwork, running trainings, training staff, and organizing deployment. They have also been putting in a lot of time helping with PowerSchool, organizing emails into groups, keeping staff informed, etc. We greatly appreciate all they have been doing here at RC!

With this being the first year for Chromebook Deployment, we have learned from the process on ways to structure it to make it a smoother process in the future. We discussed how to better utilize open house for deployment and ensuring all the necessary paperwork is being done. We have started a document with our ideas for change as they came up and will revisit it in the spring when we prepare for 2020-2021 deployment.

On August 27, Jaden Dryden surprised his sister, Kiaya Dryden, at the end of the day while she was in Mrs. Huck's class. Jaden came home on leave before heading to his next deployment. Jaden is a 2018 Raymond Central graduate.

On August 28, we had our first Professional Learning Community late start day. We came together as a district staff and revisited our collective commitments. We also broke in to our PLC groups to start discussing our SMART Goal and the data we will be using during our meetings. This year, we are adding a College and Career PLC group and I feel this will be very beneficial as we continue to prepare and find ways to better prepare our students for their post-secondary plans and goals.

On September 4-6, a group of four of us headed to Kearney for the NeMTSS Conference. Those that attended were Tasha Osten (Counselor), Andrea Hicks (Special Education Teacher), Nicole Hummel (Science Teacher), and myself. It was a great opportunity to learn more about what MTSS looks like and how to implement it at Raymond Central. We were provided a lot of great resources and had a lot of great conversations. A few key takeaways:

- Year 1 is Tier 1.
- This is not a process led by special education, nor is it led by general education; rather, it is a joint effort of problem solving on behalf of districts, schools, classrooms, and individual students. It is an every "Ed",
- Never forget the importance of trust, relationships, and listening for the sake of making progress.
- Critical Components of MTSS
 - Tiers of instruction and intervention
 - Problem Solving Process
 - Data Evaluation
 - Communication and Collaboration
 - Capacity Building Infrastructure
 - Leadership

Apply to College Day will be held on September 23rd. The day will go as follows:

9:00 AM - EducationQuest Financial Aid Presentation – Parents Welcome

12:38 PM - Mini College Fair

1:15 PM - Apply to College help from College representatives

Dual Credit Information: We have 24 kids taking 35 college credit classes through SCC, 3 kids taking classes through U.N.L and 11 kids taking college credit class through Peru State College. Some of the classes that students are taking are:

- Welding
- Psychology
- Intro to Education
- Medical Terminology
- English Comp
- Calculus

RE: Principal's Report

1. Curriculum/Instruction – Teachers have developed daily routines and procedures for their classrooms as well as curriculum pacing schedules for the year. Screening assessments with the new FASTBridge resources are almost completed. This replaces the DIBELS system that was previously used. Progress monitoring and interventions are beginning. New this year is the Reading Improvement Act which requires all students who do not meet benchmarks to have an Individualized Reading Improvement Plan (IRIP) per LB 79-2601 to 79-2607 (I have included the bill below.) More information may be found at <https://www.education.ne.gov/nebraskareads/> .
2. Curriculum/Instruction - Grades 3, 4, and 5 have started using the new EnVision 2020 materials for math. Teachers are spending more time preparing and planning as they use the materials for the first time. Grades PK-6 are using the *Move This World* social emotional learning digital resource each day in the morning and again to close the day. DARE, a drug and alcohol resistance program coordinated by the Saunders County Sheriff's Department, has started. Thank you to Deputy Thomas Janecek for leading the lessons for our 5th grade classrooms. Homework Club and Band lessons will begin next week.
3. Assessment Update – Embargoed individual student data has been released to districts. The latest news from NDE about assessment data is that Individual Student Reports will be available to schools in early October. We will share district data with staff when it becomes available. We will plan to share district data with you at the board meeting as soon as we can. The plan will be for families to receive their individual student's report at Parent-Teacher Conferences in October as long as everything goes as expected.
4. Assessment – Students in grades 3-8 will be administered the NWEA MAP during September 16-27. These adaptive assessments help teachers better understand student academic levels and provide parents with information about their student's academic performance. Data will be shared with families at first quarter conferences.
5. School Improvement – The Committee met on September 3 to finalize the goals for the year and discuss professional learning time plans. The Committee meets at least once a month to monitor progress towards goals and plan for professional learning. AdvancED has once again changed their name; the new name is Cognia.
6. Professional Learning – The faculty met on August 28 for the first late start professional learning time. We revisited our Collective Commitments and began Professional Learning Communities. The next late start is scheduled for Sept. 11. PLC groups will analyze data and identify their SMART goals for the year.
7. Professional Learning – I have been attending webinars regarding assessment, curriculum, and instruction as the school year begins. It's good to be able to stay at school to "attend" rather than being out of the building for extended periods of time.
8. We had a "safety day" on August 23 to practice all the various emergency procedures that we hope we never have to use. Bus evacuations, a fire drill, a tornado drill, and safety/security drills with the standard response protocol (SRP – lockdown/ lockout/ evacuate/ secure /hold) were all practiced.

9. Patriot Day Observance –On Sept. 11, all students and staff will gather around the flagpole for a short ceremony in observance of Patriot Day. Students are encouraged to wear red, white, and blue to show their patriotism. The Boy and Girl Scouts will present the flag. The student body will recite the Pledge of Allegiance, and we will play the Star-Spangled Banner. Teachers will observe Patriot Day in their classrooms with a variety of lessons.
10. RC PTO – The September meeting was held on Sept. 3. Maureen Brase-Houchin is the PTO chair. In conjunction with Believe Kids, the annual fundraiser kicked off on August 28 and ends on Sept. 11. Families can continue to order online throughout the year to benefit our school. PTO is also researching additional fundraising options. PTO will sponsor a family night at Raising ‘Cane’s at 2820 Cornhusker Highway in Lincoln on Tuesday, Sept 10. Fifteen percent of the sales from 5-8pm will go to the PTO just by mentioning Raymond Central when you order.
11. Other Happenings at Valparaiso:
 - a. This is the 10th anniversary of providing food for families on the weekends. The Food Bank Backpack Program will start distribution of backpacks each Friday beginning on Sept. 6. We thank Immanuel Lutheran Church in Ceresco for their continued support of housing and organizing the packing each week. The Committee is organizing the 10 year anniversary fundraising event. The Hustle, a fun run/walk of 1 mile or 5K or 10K run, is scheduled for Oct. 19 along part of the Oak Creek Trail in Valparaiso. We have to adjust the course route due to erosion along Oak Creek Trail. A pancake feed will coincide with the run. Sponsorships for the event are now being solicited; we thank our many generous donors! We hope to see you there; we would like to showcase some local celebrities for this ten year milestone.
 - b. We had picture day on August 27. Inter-State Studios was the photographer.
 - c. The administrative team will host a tailgate on Sept. 6 for all RC staff and their families. Go Mustangs!

Introduction and Overview

This report summarizes the findings from the 2018 Nebraska Risk and Protective Factor Student Survey (NRPFSS). The 2018 survey represents the eighth implementation of the NRPFSS and the fifth implementation of the survey under the Nebraska Student Health and Risk Prevention (SHARP) Surveillance System. SHARP consists of the coordinated administration of three school-based student health surveys in Nebraska, including the NRPFSS, the Youth Risk Behavior Survey (YRBS), and the Youth Tobacco Survey (YTS). The Nebraska SHARP Surveillance System is administered by the Nebraska Department of Health and Human Services and the Nebraska Department of Education through a contract with the Bureau of Sociological Research at the University of Nebraska-Lincoln. For more information on the Nebraska SHARP Surveillance System please visit <http://bosr.unl.edu/sharp>.

As a result of the creation of SHARP and its inclusion of the NRPFSS, the administration schedule shifted from the fall of odd calendar years to the fall of even calendar years. The first three administrations of the NRPFSS occurred during the fall of 2003, 2005, and 2007, while the fourth administration occurred during the fall of 2010, leaving a three-year gap (rather than the usual two-year gap) between the most recent administrations. The 2012, 2014, 2016, and 2018 administrations also occurred during the fall, as will future administrations, taking place during even calendar years (i.e., every two years).

The NRPFSS targets Nebraska students in grades 8, 10, and 12 with a goal of providing schools and communities with local-level data. As a result, the NRPFSS is implemented as a census survey, meaning that every public and non-public school with an eligible grade can choose to participate. Therefore, data presented in this report are not to be considered a representative statewide sample. The survey is designed to assess adolescent substance use, delinquent behavior, and many of the risk and protective measures that predict adolescent problem behaviors. The NRPFSS is adapted from national, scientifically-validated surveys and contains information on risk and protective measures that are locally actionable. These risk and protective measures are also highly correlated with substance abuse as well as delinquency, teen pregnancy, school dropout, and violence. Along with other locally attainable sources of information, the information from the NRPFSS can aid schools and community groups in planning and implementing local prevention initiatives to improve the health and academic performance of their youth.

Table 1.1 provides information on the student participation rate for Raymond Central Public Schools. The participation rate represents the percentage of all eligible students who took the survey. If 60 percent or more of the students participated, the report is generally a good indicator of the levels of substance use, risk, protection, and delinquent behavior in Raymond Central Public Schools. If fewer than 60.0 percent participated, a review of who participated should be completed prior to generalizing the results to the entire student population.

2018 NRPFSS Sponsored by:

The 2018 NRPFSS is sponsored by Grant #5U79SP020162-05 and #1H79SP080988-01 under the Strategic Prevention Framework Partnerships for Success Grant for the Substance Abuse and Mental Health Services Administration Center for Substance Abuse Prevention through the Nebraska Department of Health and Human Services Division of Behavioral Health.

The Bureau of Sociological Research (BOSR) at the University of Nebraska – Lincoln (UNL) collected the NRPFSS data for this administration as well as the 2010, 2012, 2014, and 2016 administrations. As part of BOSR’s commitment to high quality data, BOSR is a member of the American Association for Public Opinion Research (AAPOR) Transparency Initiative. As part of this initiative, BOSR pledges to provide certain methodological information whenever data are collected. This information as it relates to the NRPFSS is available on BOSR’s website (www.bosr.unl.edu/sharp).

Table 1.1. Survey Participation Rates, 2018

Grade	Raymond Central Public Schools 2018			State 2018		
	Number Participated	Number Enrolled	Percent Participated	Number Participated	Number Enrolled	Percent Participated
8th	36	39	92.3%	10270	26257	39.1%
10th	28	38	73.7%	7437	25634	29.0%
12th	53	61	86.9%	6378	26155	24.4%
Total	117	138	84.8%	24085	78046	30.9%

Note. The grade-specific participation rates presented within this table consist of the number of students who completed the NRPFSS divided by the total number of students enrolled within the participating schools. For schools that were also selected to participate in the YRBS or YTS, the participation rate may be adjusted if students were only allowed to participate in one survey. In these cases, the number of students who completed the NRPFSS is divided by the total number of students enrolled that were not eligible to participate in the YRBS or YTS.

Again, the goal of the NRPFSS is to collect school district and community-level data and not to collect representative state data. However, state data provide insight into the levels of substance use, risk, protection, and delinquent behavior among all students in Nebraska. In 2018, 30.9 percent of the eligible Nebraska students in grades 8, 10, and 12 participated in the NRPFSS.

The 2018 participation rate for the state as a whole remains lower than the 60.0 percent level recommended for representing students statewide, so the state-level results should be interpreted with some caution. Failure to obtain a high participation rate statewide is, in part, due to low levels of participation within Douglas and Sarpy Counties, which combined had an 11.2% participation rate in 2018 compared to 44.4% for the remainder of the state.

Table 1.2 provides an overview of the characteristics of the students who completed the 2018 survey within Raymond Central Public Schools.

Overview of Report Contents

The report is divided into the following five sections: (1) substance use; (2) transportation safety; (3) violence, bullying, and mental health; (4) nutrition and physical activity; and (5) feelings and experiences at home, school, and in the community. Within each section, highlights of the 2018 survey data for Raymond Central Public Schools are presented along with national estimates, when available.

When there are less than 10 survey respondents for a particular grade, their responses are not presented in order to protect the confidentiality of individual student participants. However, those respondents are included in regional- and state-level results. Furthermore, if a grade level has 10 or more respondents but an individual question or sub-group presented in this report has less than 10 respondents then results for the individual item or sub-group are not reported.

A number of honesty measures were also created to remove students who may not have given the most honest answers. These measures included reporting use of a fictitious drug, using a substance during the past 30 days more than in one's lifetime, answering that the student was not at all honest when filling out the survey, and providing an age and grade combination that are highly unlikely. Students whose answers were in question for any one of these reasons were excluded from reporting. For Raymond Central Public Schools, five students met these criteria.

Substance Use

This section contains information on the use of alcohol, tobacco, and other drugs among 8th, 10th, and 12th grade students in Nebraska. In addition, there is information on attitudes and perceptions, the sources of substances, and other substance-related topics. To provide greater context for the results from Raymond Central Public Schools, overall state and national results are presented when available. As discussed earlier, the state results are not to be considered a representative statewide sample. The national data source is the Monitoring the Future survey, administered by the Institute for Social Research at the University of Michigan and sponsored by the National Institute on Drug Abuse and National Institutes of Health.

Tips for Using the NRPFSS Results

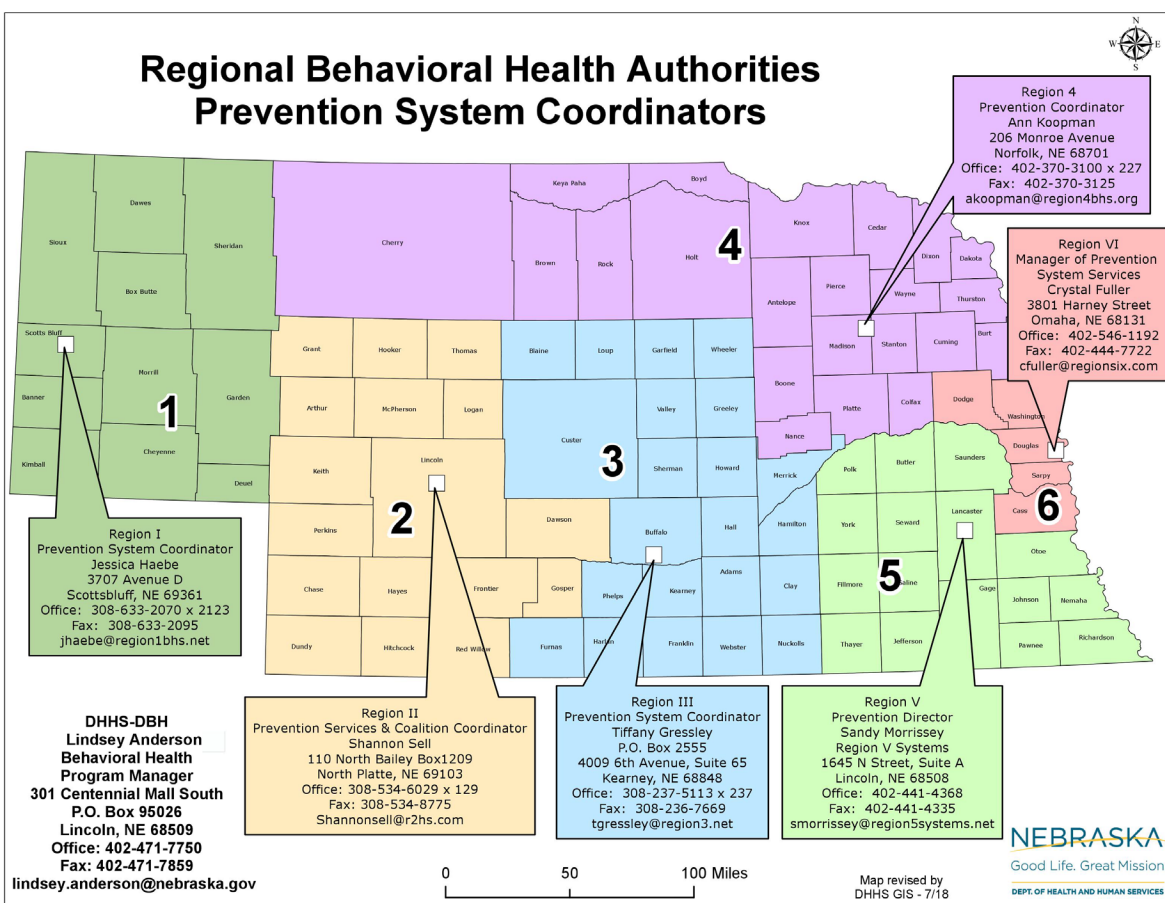

As educators, you play an important role in prevention by teaching skills, imparting knowledge, and in helping to establish a strong foundation of character and values based on wellness, including prevention of substance use, suicide, and other risky behaviors.

There are a variety of strategies (or interventions) that can be used to increase protective factors and reduce the impact of risk factors. Prevention in schools is often completed through educational programs and school policies and procedures that contribute to the achievement of broader health goals and prevent problem behavior.

Prevention strategies typically fall into two categories:

- **Environmental Strategies**
 - These strategies effect the entire school environment and the youth within it.
 - An example of an environmental strategy would be changing school policy to not allow athletes to play if they are caught using substances.
- **Individual Strategies**
 - These strategies target individual youth to help them build knowledge, wellness, and resiliency.
 - An example of an individual strategy would be providing a curriculum as part of a health class about the harms of substances.

If you would like to implement strategies in your school, please contact your regional representative as shown on the map below.

You may also wish to do your own research. The following websites provide listings of evidence-based practices:

It is a resource for practitioners and communities about what works, what is promising, and what does not work in juvenile justice, delinquency prevention, and child protection and safety.

- **The Suicide Prevention Resource Center**
 - This has a variety of suicide prevention resources available.

In accordance with LB923, public school staff in Nebraska are required to complete at least 1 hour of suicide awareness and prevention training each year. To learn more, visit the Nebraska Department of Education website at <https://www.education.ne.gov/Safety/index.html>. Resources on Bullying Prevention and Suicide Prevention are listed.

A variety of print materials on behavioral health topics including depression, trauma, anxiety, and suicide are available from the Substance Abuse and Mental Health Services Administration (SAMHSA). Materials include toolkits for school personnel, educational fact sheets for parents and caregivers, wallet cards and magnets with the National Suicide Prevention Lifeline. The direct link to the SAMHSA store is <https://store.samhsa.gov/>.

Another resource for kids, teens, and young adults is the **Boys Town National Hotline**, specifically the **Your Life Your Voice campaign**. Wallet cards and other promotional materials are available at no cost for distribution to students, school staff, parents, etc. <http://www.yourlifeyourvoice.org/Pages/home.aspx>. Remember, talking about suicide with a student does not put an idea of attempting suicide in a student's mind.

Raymond Central's Talking Points:

Opposition to Chicken Farm Proposal at NW 27th/Ashland Rd.

The Raymond Central Board of Education held a public forum on August 6, 2019, in regard to a proposed chicken farm that could be located one mile NW of Raymond Central Jr-Sr High School. Following the public forum where many community members spoke in opposition to the proposed barns and one individual spoke in favor, the Board of Education discussed the many facets of the issue. At the conclusion of the discussion, the Board of Education voted unanimously to oppose the proposed chicken farm site for reasons related to the health, safety, and well-being of students and employees of Raymond Central Public Schools.

The Board of Education's concerns regarding the location of the eight proposed chicken barns are numerous. Specifically there are concerns regarding access to water, which has been a long-time problem for the district. With six plus wells being added to the chicken farm pulling water from the limited underground water source, there are grave concerns. Water quality is an additional concern as potential contamination may occur from chicken manure, composted dead chickens, antibiotics and the like. Transportation is a major safety concern with the increase of 18-wheelers as well as the increased volume of large truck traffic. Everyone wanting to go to the Raymond Central school site must drive to get there. Many young, inexperienced drivers are on the roads daily along with school buses and employees. The school site is located southeast of the proposed 8 barn site so prevailing winds from the northwest could severely impair students' respiratory functions, especially for those students who suffer from asthma or allergies.

More detailed information on each of these concerns is listed below:

Access to water

- Raymond Central currently operates five wells on the Jr/Sr High School site. These wells pump approximately 15-25 gallons per minute. Prior to 2009, the Jr/Sr High School ran off one well that pumped 25 gallons per minute. Due to the expansion and construction at the Jr/Sr High School, the district began looking for additional well sites. In 2009, the district partnered with Moser Drilling and JEO Engineering to dig five test holes resulting in no water access. In spring 2010, Phil Carlson and another individual "witched" for water and found three sites for wells. The ultimate goal was to get up to 100 gallons per minute, which proved to be costly and difficult. This process cost the district approximately \$40,000 to find and create the 4 additional well sites. With over 360 students currently enrolled at the Jr/Sr High School, the current wells meet the demand, however, with the possibility of increased enrollment and growth of the current school site more wells will be needed in the future.

Water quality

- Since 2015, the school district tests the water quality of all five wells at the Jr/Sr High School site annually. To date, there have been no issues with water quality as we must meet and follow Title 179 NAC 5-006 for non-community public water supply. The concern stems from potential water contamination and the impact it could have on the current water supply.

Transportation Safety

- The Jr/Sr High School site sits in the middle of the school district. Raymond Central students in grades PK and 6-12 travel to the Raymond Central Jr/Sr High School each day by bus or personal transportation. All school buses run their morning routes and meet at the Jr/Sr High School and in the afternoon they begin their routes at the Jr/Sr

High School. For this rural area, there is a significant amount of traffic that has young and inexperienced drivers behind the wheel, including those on school permits. We also utilize large school buses that hold up to 65 students each.

- Last year was a record year trying to keep our gravel roads in a condition that allowed our school buses to travel in a safe and efficient manner. The school district was in contact with the surrounding county road departments to share areas that needed work. The counties would often remind the district of limited funds, personnel, and other weather related factors for the reason behind the poor quality roads. As a result, the district had to utilize pick-up points a couple times during the 2019-2020 school year to ensure the safety of our students and bus drivers.
- With all this being said, the Raymond Central School District has a lot of traffic coming to and from the Jr/Sr High School site. With additional large trucks on the road, there is a concern for the safety of students, staff, and families. The location of the proposed chicken farm sits at an intersection where there are two minimum maintenance roads, and one of those (NW 27) runs just west of the school site. This means the truck traffic for the farm would need to run on paved roads that would go next to either the Jr/Sr High School or the elementary school in Ceresco. The additional truck traffic would potentially add weight and traffic to the local gravel and paved roads where it has already been difficult to maintain. There are also many hills and elevation changes on our county roads that often make it difficult to see traffic coming from the other direction. This has always been a safety concern for our young drivers and bus drivers. There are also bridges and culverts that would need to be replaced to handle heavy trucks. Safety is paramount!

Air Quality

- As the largest attendance center in the community, Raymond Central Jr/Sr High School and preschool, have approximately 600 plus people on site on any given day. This does not include a day when events such as a football game or other co-curricular activity would take place. The exposure to air pollution from a variety of sources is of paramount concern. As a former Elementary Principal at Raymond Central from 1989-2008, I can attest to the increased number of students with asthma and respiratory related conditions during my tenure. Today's number has far exceeded that with 66 plus students, which equates to approximately 11% of our student population. This number does not include district employees which would increase this percentage.
- We have a football field and track located on the north side of the district property. When the wind blows from the north or northwest, there will be increased risk of infection from harmful microorganisms, more specifically with our students with asthma, allergies and other related respiratory problems. Additionally, we have a pre-school in this location with 3 and 4 year old students playing outside on play equipment. Multiple classes go outside during the day and would be exposed to poor air quality. These classes include Physical Education, Ag and FFA, Industrial Technology, and Science. District buses transport students to the high school site in both the morning and afternoon; many students then transfer to a different bus to get them to their destination.
- Mature chickens will be transported to the Fremont site and currently the designed route takes these trucks into the town of Ceresco driving right past Ceresco Elementary School which is located less than 100 yards from County Road A/Main Street. Although these trucks are supposedly covered, there is significant risk potential of increased exposure to air pollution to students, staff and parents.
- According to peer review studies conducted by the Bloomberg School of Public Health working collaboratively with Johns Hopkins Center for a Livable Future: *Nearby residents, especially if they live in proximity to multiple operations, may have an increased risk of infection from the transmission of harmful microorganisms from broiler operations via flies or contaminated air and water. Community members living near broiler operations also face increased exposure to air pollution from broiler operations, which can exacerbate respiratory conditions including asthma, bronchitis, and allergic reactions. Manure from broiler operations can also contaminate ground and surface waters with nitrates, drug residues, and other hazards. Increased exposure to these agents is associated with adverse health effects, including cancer, birth defects, thyroid problems, methemoglobinemia, neurological impairments, and liver damage.*
- The increased health risks related to the proposed chicken barns is of utmost concern to all individuals. Numerous doctors have concerns for their patients regarding increased breathing problems from the chicken barn operation.

Thank you!

Sincerely,

Dr. Derrick Joel, Superintendent Raymond Central Public Schools
Dr. Harriet Gould, President Raymond Central Board of Education

2019-2020 RC Strategic Plan

Mission Statement

The Raymond Central community is committed to providing a positive, challenging learning environment which prepares each individual student to be a responsible citizen in an ever-changing society.

School Improvement Goal

All students will meet or exceed normal growth rate on standardized tests annually.

- Raymond Central Public Schools believe that a Professional Learning Community (PLC) can be defined as a group of educators committed to working collaboratively in ongoing processes of collective inquiry and action research to achieve better results for our students (*Learning By Doing/DuFour, DuFour, Eaker*). In doing so, Raymond Central has committed to three fundamental assumptions:
 - We can make a difference - our schools can be more effective.
 - Improving our people is the key to improving our schools.
 - Significant school improvement will positively impact teaching and learning.
- Intervention (1): Raymond Central is committed to working together to achieve our collective purpose of learning for all students. Staff will cultivate a collaborative culture through the continued development of high performing teams, Professional Learning Communities (PLCs).
 - To achieve this, teams will meet on a regular basis clarifying what students must learn, gathering evidence of student learning, analyzing evidence, identifying the most effective instructional strategies and practices, increasing the instructional capacity of all team members while working to achieve their SMART goals.
- Intervention (2): Teachers will use lesson design, GANAG (Goal setting, Access to prior knowledge, New information, Application, Goal Review) as the district instructional framework.
- Intervention (3): The School Improvement Team will work to develop meaningful, personalized professional development opportunities targeting individual and team growth.
- Intervention (4): Raymond Central will develop a Multi-Tiered System of Support (MTSS) for both academic and behavioral student needs. PBIS (Positive

Behavioral Intervention and Supports will be implemented to provide a system of prevention, noting early identification and intervention. The goal of MTSS is to ensure success for ALL students.

District Strategic Plan 2019-2025

Goal 1 - Increase the number of students that meet or exceed normal growth rates

- Performance Indicator (1): Students will be provided rigorous academic and real-life learning opportunities to become college and career ready.
- Performance Indicator (2): Develop and implement a Multi-Tiered System of Support (MTSS) based on a needs-driven model ensuring students at all levels and sites have access to appropriate resources to accelerate performance proficiencies.
- Performance Indicator (3): Teachers will utilize effective instructional models, including differentiation, based on research and best practice with curriculum aligned to national, state and local standards while continuously assessing and monitoring student progress.
- Performance Indicator (4): Increase Measurement of Academic Progress (MAP) scores to meet or exceed national growth rates from first data collection points to additional collection points through the academic year.
- Performance Indicator (5): The Board of Education will review student growth data in Reading, Math, and Social, Emotional Behavior, from results in the Formative Assessment System for Teachers, at a minimum of three times per year (fall, mid-year, and spring).
- Performance Indicator (6): The district will research and develop a Capstone experience for Raymond Central students serving as a culminating project, or senior exhibition, that will encourage students to incorporate life skills such as critical thinking, problem solving, written and oral communication, and goal setting as they prepare to exit from their #RCJourney and enter a career, college, military or adult life as a responsible citizen in an ever-changing society.
- Performance Indicator (7): The district will research, design and implement a grading and assessment philosophy based on research and best practice.

Goal 2 - Research and implement strategies to recruit, hire, develop, support, and retain the highest quality staff

- Performance Indicator (1): Develop and implement pathways for teacher leaders that allow them to gain leadership experience and expertise through professional collaboration with other teachers and administrators.

- Performance Indicator (2): To encourage high performance, develop and implement a performance-based program that recognizes individuals for their accomplishments.

(d) The District is hereby authorized to enter into an escrow agreement in connection with refunding the Refunded Bonds (the “**Escrow Agreement**”) if determined appropriate, in such form as may be approved by an Authorized Officer with a bank or trust company (the “**Escrow Agent**”), and the President and Secretary are hereby authorized and directed to execute the Escrow Agreement, for and on behalf of and as the act and deed of the District. All money deposited with the Escrow Agent shall be deemed to be deposited in accordance with and subject to all of the provisions contained in this Resolution and the Escrow Agreement. (e) The Bonds shall be issued in fully registered form in the denomination of \$5,000 or any integral multiple thereof. The date of original issue for the Bonds shall be Date of Delivery. Interest on the Bonds, at the respective rates for each maturity, shall bear interest at the rates calculated on the basis of a 360-day year consisting of twelve 30-day months and shall be payable on such dates as shall be determined in the Designation (each an “**Interest Payment Date**”) and the

Bonds shall bear such interest from the date of original issue or the most recent Interest Payment Date, whichever is later. The interest due on each Interest Payment Date shall be payable to the registered owners of record as of the fifteenth day immediately preceding the Interest Payment Date (the “**Record Date**”), subject to the provisions of Section 4 hereof. The Bonds shall be numbered from 1 upwards in the order of their issuance. No Bond shall be issued originally or upon transfer or partial redemption having more than one principal maturity. The initial bond numbering and principal amounts for each of the Bonds issued shall be as directed by the initial purchaser thereof. Payments of interest due on the Bonds prior to maturity shall be made by the Paying Agent and Registrar, as designated pursuant to Section 3 hereof, by mailing on each Interest Payment Date a check or draft in the amount due for such interest to the registered owner of each Bond, as of the Record Date for such Interest Payment Date, to such owner’s registered address as shown on the books of registration as required to be maintained in Section 3 hereof. Payments of principal and interest due at maturity or at any date fixed for redemption prior to maturity shall be made by said Paying Agent and Registrar to the registered owners upon presentation and surrender of the Bonds to said Paying Agent and Registrar. The District and said Paying Agent and Registrar may treat the registered owner of any Bond as the absolute owner of such Bond for the purpose of making payments thereon and for all other purposes and neither the District nor the Paying Agent and Registrar shall be affected by any notice or knowledge to the contrary, whether such Bond or any installment of interest due thereon shall be overdue or not. All payments on account of interest or principal made to the registered owner of any Bond in accordance with the terms of this resolution shall be valid and effectual and shall be a discharge of the District and said Paying Agent and Registrar, in respect of the liability upon the Bonds or claims for interest to the extent of the sum or sums so paid.

Section 3. The Authorized Officers, or one or more of them, shall designate the Treasurer of the District or a bank or trust company to serve as Paying Agent and Registrar for the Bonds. If a bank or trust company is designated as Paying Agent and Registrar for the Bonds, such entity shall serve in such capacities under the terms of an agreement entitled “Paying Agent and Registrar’s Agreement” between the District and the Paying Agent, in a form which shall be approved by an Authorized Officer. The Paying Agent and Registrar shall keep and maintain for the District books for the registration and transfer of the Bonds at its office. The names and registered addresses of the registered owner or owners of the Bonds shall at all times be recorded in such books. Any Bond may be transferred pursuant to its provisions at the principal office of said Paying Agent and Registrar by surrender of such Bond for cancellation, accompanied by a written instrument of transfer, in form satisfactory to said Paying Agent and Registrar, duly executed by the registered owner in person or by such owner’s duly authorized agent. Thereupon the Paying Agent and Registrar on behalf of the District will deliver at its office (or send by registered mail to the transferee owner or owners thereof at such transferee owner’s or owners’ risk and expense), registered in the name of the transferee owner or owners, a new Bond or Bonds of the same interest rate, aggregate principal amount and maturity. To the extent of the denominations authorized for the Bonds by this resolution, one Bond may be transferred for several such Bonds of the same interest rate and maturity, and for a like aggregate principal amount, and several such Bonds may be transferred for one or several such Bonds, respectively, of the same interest rate and maturity and for a like aggregate principal amount. In

every case of transfer of a Bond, the surrendered Bond shall be canceled and destroyed. All Bonds issued upon transfer of the Bonds so surrendered shall be valid obligations of the District evidencing the same obligations as the Bonds surrendered and shall be entitled to all the benefits and protection of this resolution to the same extent as the Bonds upon transfer of which they were delivered. The District and said Paying Agent and Registrar shall not be required to transfer any Bond during any period from any Record Date until its immediately following Interest Payment Date or to transfer any Bond called for redemption for a period of 30 days next preceding the date fixed for redemption.

Section 4. In the event that payments of interest due on the Bonds on an Interest Payment Date are not timely made, such interest shall cease to be payable to the registered owners as of the Record Date for such Interest Payment Date and shall be payable to the registered owners of the Bonds as of a special date of record for payment of such defaulted interest as shall be designated by the Paying Agent and Registrar whenever monies for the purpose of paying such defaulted interest become available.

Section 5. The Bonds shall be subject to redemption, in whole or in part, prior to maturity at any time on or after the tenth anniversary of the date of issuance (or such other date as may be determined in the Designation), at par plus the interest accrued on the principal amount being redeemed to the date fixed for redemption. The District shall select the Bonds to be redeemed for such optional redemption in its sole discretion. Bonds shall be redeemed only in amounts of \$5,000 or integral multiples thereof. Any Bond redeemed in part only shall be surrendered to the Paying Agent and Registrar in exchange for a new Bond or Bonds, of the same maturity and interest rate, evidencing the unredeemed principal thereof. Notice of redemption of any Bond called for redemption shall be given, at the direction of the District in the case of optional redemptions and without further direction in the case of mandatory redemptions, by said Paying Agent and Registrar by mail not less than 30 days prior to the date fixed for redemption, first class, postage prepaid, sent to the registered owner of such Bond at said owner's registered address. Such notice shall designate the Bond or Bonds to be redeemed by maturity or otherwise, the date of original issue and the date fixed for redemption and shall state that such Bond or Bonds are to be presented for prepayment at the office of said Paying Agent and Registrar. In case of any Bond partially redeemed, such notice shall specify the portion of the principal amount of such Bond to be redeemed. No defect in the mailing of notice for any Bond shall affect the sufficiency of the proceedings of the District designating the Bonds called for redemption or the effectiveness of such call for Bonds for which notice by mail has been properly given and the District shall have the right to direct further notice of redemption for any such Bond for which defective notice has been given. In the event term maturities and mandatory redemption amounts are determined in the Designation, the provisions of this Section 5 shall apply generally to mandatory redemptions. Any such mandatory redemptions shall be at the principal amount redeemed plus accrued interest to the date set for redemption. The Paying Agent and Registrar shall select the term bonds to be redeemed in any maturity

using any random method of selection deemed appropriate, subject to the provisions of Section 8 of this resolution.

Section 6. If the date for payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday or a day on which banking institutions in the Board of Education where the office of the Paying Agent and Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which such banking institutions are authorized to close, and payment on such day shall have the same force and effect as if made on the nominal date of payment.

Section 7. The Bonds shall be in substantially the following form:

Section 8. Each of the Bonds shall be executed on behalf of the District with the manual or facsimile signatures of the President and Secretary of the Board of Education. The Bonds shall be issued initially as “book-entry-only” bonds using the services of The Depository Trust Company (the “**Depository**”), with one typewritten bond per maturity being issued to the Depository. In such connection said officers are authorized to execute and deliver a letter of representations (the “**Letter of Representations**”) in the form required by the Depository (including any blanket letter previously executed and delivered), for and on behalf of the District, which shall thereafter govern matters with respect to registration, transfer, payment and redemption of the Bonds. Upon the issuance of the Bonds as “book-entry-only” bonds, the following provisions shall apply:

(a) The District and the Paying Agent and Registrar shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which the Depository holds Bonds as securities depository (each, a “**Bond Participant**”) or to any person who is an actual purchaser of a Bond from a Bond Participant while the Bonds are in book-entry form (each, a “**Beneficial Owner**”) with respect to the following:

(i) the accuracy of the records of the Depository, any nominees of the Depository or any Bond Participant with respect to any ownership interest in the Bonds,

(ii) the delivery to any Bond Participant, any Beneficial Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or

(iii) the payment to any Bond Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the Bonds. The Paying Agent and Registrar shall make payments with respect to the Bonds only to or upon the order of the Depository or its nominee, and all such payments shall be valid and effective fully to satisfy and discharge the obligations with respect to such Bonds to the extent of the sum or sums so paid. No person other than the Depository shall receive an authenticated Bond, except as provided in (e) below.

(b) Upon receipt by the Paying Agent and Registrar of written notice from the Depository to the effect that the Depository is unable or unwilling to discharge its responsibilities, the Paying Agent and Registrar shall issue, transfer and exchange Bonds requested by the Depository in appropriate amounts. Whenever the Depository requests the Paying Agent and Registrar to do so, the Paying Agent and Registrar will cooperate with the Depository in taking appropriate action after reasonable notice (i) to arrange, with the prior written consent of the District, for a substitute depository willing and able upon reasonable and customary terms to maintain custody of the Bonds or (ii) to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging such Bonds shall designate.

(c) If the District determines that it is desirable that certificates representing the Bonds be delivered to the Bond Participants and/or Beneficial Owners of the Bonds and so notifies the Paying Agent and Registrar in writing, the Paying Agent and Registrar shall so notify the Depository, whereupon the Depository will notify the Bond Participants of the availability through the Depository of bond certificates representing the Bonds. In such event, the Paying Agent and Registrar shall issue, transfer and exchange bond certificates representing the Bonds as requested by the Depository in appropriate amounts and in authorized denominations.

(d) Notwithstanding any other provision of this resolution to the contrary, so long as any Bond is registered in the name of the Depository or any nominee thereof, all payments with respect to such Bond and all notices with respect to such Bond shall be made and given, respectively, to the Depository as provided in the Letter of Representations.

(e) Registered ownership of the Bonds may be transferred on the books of registration maintained by the Paying Agent and Registrar, and the Bonds may be delivered in physical form to the following:

(i) any successor securities depository or its nominee;

(ii) any person, upon (A) the resignation of the Depository from its functions as depository or (B) termination of the use of the Depository pursuant to this Section.

(f) In the event of any partial redemption of a Bond unless and until such partially redeemed Bond has been replaced in accordance with the provisions of this resolution, the books and records of the Paying Agent and Registrar shall govern and establish the principal amount of such Bond as is then outstanding and all of the Bonds issued to the Depository or its nominee shall contain a legend to such effect.

If for any reason the Depository is removed by the District or resigns and is not replaced, the District shall immediately provide a supply of printed bond certificates for issuance upon the transfers from the Depository and subsequent transfers or in the event of partial redemption. In the event that such supply of certificates shall be insufficient to meet the requirements of the Paying Agent and Registrar for issuance of replacement Bonds upon transfer or partial redemption, the District agrees to order printed an additional supply of certificates and to direct their execution by manual or facsimile signature of its then duly qualified and acting President and Secretary of such Board. In case any officer whose signature or facsimile thereof shall appear on any Bond shall cease to be such officer before the delivery of such Bond (including any bond certificates delivered to the Paying Agent and Registrar for issuance upon transfer or partial redemption), such signature or such facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer or officers had remained in office until the delivery of such Bond. The Bonds shall not be valid and binding on the District until authenticated by the Registrar. The Bonds shall be delivered to the Registrar for registration and authentication. Upon execution, registration and authentica-

tion of the Bonds, they shall be delivered to the District's Treasurer, who is authorized to deliver them to the Underwriter, as initial purchaser, upon receipt of the purchase price of the Bonds as shall be determined in the Designation plus accrued interest thereon to date of payment of the Bonds. The District's Treasurer is authorized to deliver the Bonds to the initial purchaser upon receipt of such purchase price plus accrued interest to date of payment. The initial purchaser shall have the right to direct the registration of the Bonds and the denominations thereof within each maturity, subject to the restrictions of this resolution. The Underwriter and its agents, representatives and counsel (including the District's bond counsel) are hereby authorized to take such actions on behalf of the District as are necessary to effectuate the closing of the issuance and sale of the Bonds, including, without limitation, authorizing the release of the Bonds by the Depository at closing. The Authorized Officers are hereby each individually authorized to execute the Bond Purchase Agreement, in form satisfactory to such Authorized Officer, with such changes as such Authorized Officers may deem necessary and appropriate.

Section 9. The Secretary of the District is directed to make and certify a transcript or transcripts of the proceedings of the District precedent to the issuance of said Bonds, a copy of which transcript shall be delivered to the initial purchaser of said Bonds.

Section 10. The net sale proceeds of the Bonds along with funds of the District on hand shall be applied to the payment and satisfaction of all of the principal of and the interest on the Refunded Bonds as called for redemption on the Redemption Date by depositing such funds with the Escrow Agent to be held and applied pursuant to the Escrow Agreement. Accrued interest received from the sale of the Bonds, if any, shall be applied to pay interest first falling due on the Bonds. Expenses of issuance of the Bonds may be paid from the proceeds of the Bonds.

Section 11. The Board hereby represents, covenants, and warrants that it shall, for so long as any Bond of such series remains outstanding, annually provide for the levy and collection of a tax in addition to all other taxes upon all of the taxable property which the District levied upon for the Refunded Bonds, sufficient in rate and amount to pay the principal or redemption price of and interest on the Bonds as the same becomes due and payable.

Section 12. The District hereby covenants with the purchasers and holders of the Bonds herein authorized that it will make no use of the proceeds of said issue, including monies held in any sinking fund for the payment of principal and interest on said Bonds, which would cause said Bonds to be arbitrage bonds within the meaning of Sections 103 and 148 and other related sections of the Internal Revenue Code of 1986, as amended, (the "**Code**") and further covenants to comply with said Sections 103 and 148 and related sections and all applicable regulations thereunder throughout the term of said issue. The District hereby covenants and agrees to take all actions necessary under the Code to maintain the tax exempt status (as to taxpayers generally) of interest payable on the Bonds herein authorized,

including execution of a Federal Tax Certificate to be dated the date of issuance of the Bonds. Each Authorized Officer is authorized to designate that portion of the Bonds bearing tax-exempt interest as the District's "qualified tax exempt obligations" pursuant to, and as may be permitted by, Section 265(b)(3)(B)(i)(III) of the Code and make such other necessary certifications in connection therewith.

Section 13. The District reserves the right to issue refunding bonds and provide for the investment of the proceeds thereof for purposes of providing for the payment of principal and interest on the Bonds in such manner as may be prescribed by law from time to time.

Section 14. The District's obligations under this resolution shall be fully discharged and satisfied as to the Bonds authorized and issued hereunder, and said Bonds shall no longer be deemed outstanding hereunder when payment of the principal thereof plus interest thereon to the date of maturity or redemption thereof (a) shall have been made or caused to have been made in accordance with the terms thereof and hereof, or (b) shall have been provided for by depositing with the Paying Agent and Registrar, or in escrow with a national or state bank having trust powers in trust solely for such payment (i) sufficient moneys to make such payment and/or (ii) direct general obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States of America, or obligations of any agency of the United States of America (herein referred to as "**Government Obligations**"), in such amount and with such maturities as to principal and interest as will insure the availability of sufficient moneys to make such payment, and thereupon such Bonds shall cease to draw interest from the date of their redemption or maturity and, except for the purposes of such payment, shall no longer be entitled to the benefits of this resolution; provided that, with respect to any Bonds called or to be called for redemption prior to the stated maturity thereof, notice of redemption shall have been duly given or provided for. If moneys shall have been deposited in accordance with the terms hereof with the Paying Agent and Registrar or escrow agent in trust for that purpose sufficient to pay the principal of such Bonds and all interest due thereon to the due date thereof or to the date fixed for the redemption thereof, all liability of the District for such payment, except for payment from such deposit, shall forthwith cease, determine and be completely discharged, and all such Bonds shall no longer be considered outstanding under this resolution.

Section 15. Without in any way limiting the power, authority or discretion elsewhere herein granted or delegated, the Board hereby (a) authorizes and directs each Authorized Officer and all other officers, officials, employees and agents of the District to carry out or cause to be carried out, and to perform such obligations of the District and such other actions as they, or any of them, in consultation with bond counsel, the Underwriter of the Bonds and its or their counsel, shall consider necessary, advisable, desirable or appropriate in connection with this Resolution, any Preliminary Official Statement and any Official Statement and other offering materials of the District used in connection with issuance, sale and delivery of the Bonds, including without limitation and whenever appropriate the execution and delivery thereof and of

all other related documents, instruments, certifications and opinions, and (b) delegates, authorizes and directs each Authorized Officer the right, power and authority to exercise her or his independent judgment and absolute discretion in (1) determining and finalizing all other terms and provisions to be carried by the Bonds not specifically set forth in this Resolution and (2) the taking of all actions and the making of all arrangements necessary, proper, appropriate, advisable or desirable in order to effectuate the issuance, sale and delivery of the Bonds. The execution and delivery by an Authorized Officer or by any such other officers, officials, employees or agents of the District of any such documents, instruments, certifications and opinions, or the doing by them of any act in connection with any of the matters which are the subject of this Resolution, shall constitute conclusive evidence of both the District's and their approval of the terms, provisions and contents thereof and of all changes, modifications, amendments, revisions and alterations made therein and shall conclusively establish their absolute, unconditional and irrevocable authority with respect thereto from the District and the authorization, approval and ratification by the District of the documents, instruments, certifications and opinions so executed and the actions so taken.

Section 16. The District hereby (a) authorizes and directs that an Authorized Officer execute and deliver, on the date of issue of the Bonds, a continuing disclosure undertaking (the “**Continuing Disclosure Undertaking**”) in such form as shall be satisfactory to the District and in compliance with Rule 15c2-12 of the Securities and Exchange Commission, and (b) covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Undertaking. Notwithstanding any other provision of this resolution, failure of the District to comply with the Continuing Disclosure Undertaking shall not be considered an event of default hereunder; however, any Participating Underwriter (as such term is defined in the Continuing Disclosure Undertaking) or any Beneficial Owner or any Registered Owner of a Bond (as such terms are defined in the Continuing Disclosure Undertaking) may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the District to comply with its obligations under this section.

Section 17. The officers of the District, or any one or more of them, including, but not limited to the Authorized Officers, are hereby authorized to execute and deliver any and all certificates and documents and to take any and all actions determined appropriate in connection with the issuance and sale of the Bonds. All actions heretofore taken by an Authorized Officer and all other officers, officials, employees and agents of the District, including without limitation the expenditure of funds and the selection, appointment and employment of bond counsel and financial advisors and agents, in connection with issuance and sale of the Bonds, together with all other actions taken in connection with any of the matters which are the subject hereof, are in all respects authorized, adopted, specified, accepted, ratified, approved and confirmed.

Section 18. This resolution shall be in full force and effect from and after its adoption as provided by law.

Code of Ethics

It shall be the policy of Raymond Central Public Schools that members of the Board of Education will exercise their responsibilities in accordance with the following Code of Ethics:

1. As a member of the local Board of Education, representing all the citizens of the Raymond Central School District, each Board member will recognize:
 - a. That he or she has been entrusted with the educational development of the children and youth of the community.
 - b. That the community expects that the first and greatest concern of a school Board member will be the best interest of each and every one of the young people enrolled in the district's schools.
 - c. That the future welfare of this community, of this state, and of our nation depends in the largest measure upon the quality of education provided in Raymond Central Public School to meet the needs of every learner.
 - d. That members of the Board of Education must collectively take the initiative in helping all the people in this community to have updated, accurate information about the public schools system, and to provide the finest possible school programs, school staff, and school facilities.
 - e. That by statute the authority of the Board of Education is derived from the state which is ultimately responsible for the organization and operation of the public schools and which determines the degree of discretionary power exercised by the Board representing the people of the Raymond Central community.
 - f. That a school Board member must never neglect his or her personal obligation to the community and legal obligation to the State of Nebraska, nor surrender these responsibilities to any other person, group or organization; but that, beyond this, each school Board member has a moral and civic obligation to our country which can remain strong and free only so long as public schools in the United States are kept strong and free.
2. In view of the foregoing consideration, it must be the constant endeavor of each school Board member:
 - a. To devote time, thought and study to the duties and responsibilities of a school Board member so that he/she may render effective and creditable service.
 - a. If a board member is absent from more than two consecutive (regular) board meetings and the individual is not excused by the board, a vacancy is created in that seat.
 - b. To work with fellow school Board members in a spirit of harmony and cooperation so as to convert differences of opinion which arise during discussion and debate into a consensus for the benefit of the students enrolled in Raymond Central Public Schools.
 - c. To base personal decisions upon all available facts in each situation, to vote honest conviction in every case, unswayed by partisan bias of any kind; thereafter, to abide by and uphold the final majority decision of the Board of Education.

- d. To remember at all times that individual Board members have no local authority outside the meetings of the Board of Education, and to conduct relationships with school staff members, local citizens, and all media of communication on the basis of this fact.
- e. To resist every temptation and outside pressure to use the position as a school Board member to benefit either oneself or any other individual or agency apart from the total interest of the school system.
- f. To recognize that it is as important for the Board of Education to understand and evaluate the educational program of Raymond Central Public Schools as it is to plan for the business of the school district.
- g. To bear in mind under all circumstances that the primary function of the Board of Education is to establish and maintain the policies by which the schools are to be administered, but that the administration of the educational program and the conduct of school business shall be the primary responsibility of the Superintendent of Schools and the professional and non-professional staff members who are employed to work with the Superintendent of Schools.
- h. To welcome and encourage active cooperation by citizens, organizations, and the media of communication in Raymond Central Public Schools with respect to the establishment of policy on current school operation and proposed future developments.
- i. To strive step by step to achieve the ideal conditions for the most effective service by a Board of Education to its community, in a spirit of teamwork and unwavering commitment to the American system of public education as a primary means for preservation and perpetuation of our representative democracy.
