

## **Raymond Central Public Schools Board of Education Regular Meeting**

Wednesday, November 16, 2022 at 6:00 PM Central  
Raymond Central Jr-Sr High School - Mustang Room  
1800 West Agnew Road  
Raymond, NE 68428-9783

**Present:** Matt Blanchard, Brad Breitreutz, Cathy Burklund, Dr. Harriet Gould, Bill Lange, Derek Matulka. Also attending were: Lynn Johnson, Superintendent; Scott Shepard, Jr-Sr High School Principal; Tony Kobza, Asst Principal/Activities Director; Steve Rose, Elementary Principal; Deb Kruse, Asst Elementary Principal; and Amanda Coufal, SpEd Director.

### Call to Order and Pledge of Allegiance

President Gould called the regular meeting to order at 6:00 PM and the Pledge of Allegiance was said.

### Motion to Excuse Board Member's Absence

All members were present.

### Open Meeting Law

The audience was reminded that Open Meeting Laws would be followed.

### Consent Agenda

Motion by Breitreutz, second by Lange to approve the consent agenda as presented including the October 12, 2022 regular meeting minutes; October financial statement; and monthly bills. RCV 6-0. Motion carried.

### Regular Minutes of October 12, 2022

#### Financial Statement/Report

#### Monthly Bills

#### Correspondence/Recognition

A huge thank you to Scott Shepard, for being the creator and organizer and all of the staff, students and patrons who helped to make the Veterans Day Program a huge success. There was assistance from the office staff, the custodial staff, the Culinary Class, the choir and band, the Blue Crew, all of the teachers and all of the students. We had approximately 63 Veterans attend the program. The students were so well behaved and they contributed in so many ways to make the day extra special.

Congratulations to Lori Morgan who applied for and received the ESUCC GEER Robotics Grant which will realize 12 Cue Robots for the STEM classroom.

Congratulations to resource officer Brian Piitz who has completed his ALICE training and will now be able to provide our staff active shooter defense training.

### Public Forum

Tammy Sharping addressed the Board during Public Forum with concerns about the facility planning, unanswered questions and responsibilities to the taxpayers of the district.

## Reports

### Update from BVH on facility master plans

BVH architect, Cleve Reeves, reviewed slides presented at the October 17 Patron Committee Meeting. The Board has identified that more time for further study, feedback and discussion is necessary which means putting the Master Planning timeline on hold. BVH will work with Hausmann Construction to refine cost estimates. We plan to drill 3-4 test holes in an effort to answer questions about how much water would be available at a central site.

## Administrative Reports

### Submitted by Scott Shepard, Jr-Sr High School Principal

**Student Engagement** - This month during our late start, we took our staff through the Naviance Career Finder module. It is the same module we have all students go through along with the other programs in Naviance that will hopefully help them as they consider future careers and opportunities. Tasha continues to do a great job leading this initiative as staff will be expected to engage students in career conversations. Tony then led the staff through a curriculum mapping activity that will bring consistency to all classes by the end of the year. Lastly, we talked about questioning and engagement. Tony and I are looking for student engagement as we are completing observations.

**Community Engagement** - The Veterans Day Program was a success! It was awesome to have all K-12 students attend. We posted artwork from our elementary students and they all did the pledge and sang a song for the Vets. We had over 60 veterans in attendance for the program in which Dave Heineman did a great job educating our students and honoring the Vets. Our band and choirs sounded great! We used the new video boards for a special message from one of our graduates serving overseas. Thanks for your support of the program. We hope to grow it even larger next year!

**Data** - Our 6th-8th graders completed their fall NSCAS testing and will be tested again in the spring. 9th and 10th graders took the MAP test. This is an opportunity for us to see where our students are currently and then measure growth in the spring. I will report out data in future reports.

**Events** - The Winter Season fired up last week with our first jr. high boys basketball game. High School practices start this week and the One-Act play will perform this Friday on our stage at 7:30 pm.  
**Go Stangs!**

### Submitted by Tony Kobza, Asst Jr-Sr High School Principal/Athletic Director

**Athletic Fall Season** - Fall Seasons have wrapped up. We had a softball player, Cam Simmons, receive All-Conference Honorable Mention. Volleyball had a 2nd team All-Conference player in Quincy Cotter and Honorable Mention for Taylor Oldfield. Football awards are still being finalized.

**Activities** - Our FFA students represented us well at FFA Nationals and we had a team qualify for the State Land Judging Competition held in Scottsbluff. Speech and Quiz Bowl have begun their competitions with varying levels of success. Our public One Act performance is Friday, November 18. We also held our first Band and Choir Concert with some amazing performances by our students.

**Athletic Winter Season** - The winter sport season started on Monday, November 14. Girls and boys basketball have begun as well as wrestling. This year is our first year that we will be offering girls wrestling. We are looking forward to growing that program! Our Jr-High boys have begun their basketball season and our high School basketball and wrestling teams will begin playing games the week of November 28th.

**Concussion Protocol** - This week we will be establishing baseline testing for our winter athletes through our new Sway App. I believe we will benefit greatly from having a baseline test to help us better evaluate students as they recover from possible concussions.

**Drug Testing** - We are continuing to randomly test students every other week. So far, each test has been a negative result, which we are happy to see. More students have been added to our pool as we enter the winter seasons.

The **LED ScoreVision** scoreboards have been installed and look AMAZING! We were able to host our first public event for Veterans Day. On the boards we were able to have the American Flag waving throughout the program. We also showed a video of a graduate of Raymond Central who is serving overseas. We look forward to expanding on the functionality of the boards. A huge thank you to the families that donated and the businesses that have purchased advertising space on the boards to fully fund the cost.

- Targeted Professional Development - This is structured to attend to increasing our capacity of reaching our Campus Improvement Goal of 80% Reading Proficiency.
  - **Continued...** Steve and Deb are conducting multiple walkthroughs weekly in teacher classrooms to determine district and individual teacher needs. Through those walkthroughs we have identified a need for staff instruction on the following:
    - **Continued...** Staff Meetings every 3 weeks to discuss
      - 10 Big Ideas / Checks for Understanding with 100% active participation
        - Based on Explicit Instruction: Anita L. Archer
  - PD #3 and PD #4
    - #3 was delivered around [Big Idea #2](#) and Big Idea #9. These 2 ideas are centered around making sure that responses are used to check for understanding of an objective and that they are preplanned and connected to the purpose for learning.
    - #4 was delivered to tie everything that we've been doing back to our School Improvement Goal and give teachers the opportunity to share via "carousel" what they have learned so far and how the application of our PD has impacted instruction in their classrooms. We also used this opportunity to share some data that amplifies the needs that we have laid out for our professional development this year. We also shared our data related to our goal of increasing 100% Active Participation to show the shift that we have seen in our walkthroughs.
- [Science of Reading](#)
  - **Continued...** During these last sessions we are starting to develop the understanding of what we need to implement to bolster instruction in the areas of Word Recognition that will lead to the advancement of Reading Comprehension. We are in the process of evaluating materials that will be used to replace the outdated and non-instructionally sound Wonders Reading Program that we have used for the last several years.
  - Caryn Zietlow from the ESU is aiding in the evaluation and selection of these materials with her knowledge of what we need and what other schools in this process have already chosen. We hope to have the curricular materials decided on by the first of the year.

- We have received copies of three different sets of reading materials. The staff will be working on evaluating these materials in relation to information that we have been learning during our inservices with ESU2. These are the three:
  - Amplify [CKLA](#)
  - [EL](#)
  - [Wit & Wisdom / Geodes](#)
- Monica Blank with Caryn Zietlow are working on developing the grouping and evaluation process that we will start during our late start on December 7.
- School News
  - Lori Morgan applied and was approved for the ESUCC GEER Robotics Grant and will be receiving 12 [Cue Robots](#) to enhance her STEM / Computer instruction at the Elementary Level.
  - Lori also has created and submitted a grant application for the Region II Classroom Grant which will award her materials to use in the STEM Classroom if awarded up to \$400 worth of supplies.
  - Steve attended the Project Lead the Way (PLTW) Summit in Orlando from 10/27-10/30. The summit provided information about the next phase of the EIR Grant that we might be implementing at Raymond Central. We went to learn about the program as well as discuss and network with other schools that are similar to us about how this might be implemented effectively in our current setting. There was a lot of great information received but also more questions that will need to be answered from our Grant managers at the ESU before we move forward with this process.

**Submitted by Amanda Coufal, Director of Special Education**

**504's on SRS:** The SRS Advisory board approved the launch of changes to SRS, including the 504 roll out, on November 1. This information was shared with our district's 504 coordinators. This feature will allow all 504 plans to be housed in one place just like our IEP records and can be transferred from one school to the next if they are an SRS school. Our 504 coordinators have begun the process to transfer 504 plans into the SRS system but this will take some time. This will be a beneficial tool for our district.

**Special Education Law Conference:** Caitlin Roussan and myself attended the Tri-State Regional Special Education Law Conference in Omaha on November 3-4. We will be sharing what we learned with the special education staff. Some of the topics that we attended were:

- What's Been Happening in Special Education Law
- Lessons from Recent State Complaints & Due Process Hearing Decisions
- Writing a Legally Defensible Transition-Focused IEP
- Child Find, Rewind: The Ways You're Behind

- Least Restrictive Environment: Using Data and Legal Requirements to Drive Improvement
- Setting Ambitious, Gap-Closing, IEP Goals
- The Requirement to Conduct FBAs and to Develop and Implement BIPs
- Meaningful Parent Participation
- Discipline Dilemmas
- FAPE: Where are We in 2022

**Paraeducator Conference:** Matt Smith, Kristen Lovell, Ashley Matulka, and myself attend the 33rd Annual Nebraska Paraeducator Conference in Kearney on November 8. This is a great opportunity for our paraeducators to be recognized, appreciated, and gain valuable knowledge that they can take back to their respective schools. This is always a great opportunity for our paraeducators. Some of the topics that we attended were:

Paras Make It Possible

Be Informed, Confident, and Empowered

Augmentative & Alternative Communication Assistive Technology Paraeducator Bootcamp

Beyond the Flashcards: How Children Learn to Read

Behavior is Communication

Para (Legal) Update: What Every Paraeducator Should Know About the Law

Building Relationships for Meaningful Learning National School Psychology Week:

The week of November 7-11, we celebrated our awesome School Psychologist. Caitlin Roussan is a vital member of our district. Not only does she bring expertise in the area of school psychology, but she is always looking for ways to improve our school district. She leads our SPS elementary school team meetings, is the 504 coordinator in our elementary schools, and runs our SAT meetings. She also works 1:1 with many students to help them process their emotions. She does a great job explaining testing results to parents, and provides strategies for teachers to try in their classrooms. Raymond Central School District is lucky to have Caitlin as our school psychologist.

## Student Board Member

### **Submitted by Madison Parham, Student Body President**

There have been a few eventful things that occurred over the past month. This past Friday, we celebrated Veterans Day with a very honorable and memorable Veterans Day Program here at the high school. In past years, student involvement within the Veterans Day program was very minimal. This year though, students had the opportunity to have a high amount of involvement within the program. To add to that, the entire student body as a whole was very engaged and attentive throughout the full duration of the program. A portion of the National Honor Society and Student Council members spent part of their afternoon at both elementaries assisting with Grandparents Day that Friday as well. I was

one of the students who participated in this and I really enjoyed it because I was able to interact with kids whose grandparents didn't attend and engage in activities with them.

The Student Council has just put two fundraisers in action. The Decal Fundraiser just began this week, which will end on November 22. There is also a Toy Drive beginning to give toys to families in need so that children can have presents for Christmas. The Salvation Army, which oversees the drive also stated that they are in dire need of children's hats and gloves, which can also be brought in with toy donations. All donations can be brought here to the high school up until December 15. On top of that, the Student Council has also established a new set of rules in regards to our attendance policy and action that would be taken following getting in trouble in class, suspensions, trouble with the law, etc. The Student Council is also looking into new ways to create more student involvement within the school by trying to collect ideas and collaborate with other students.

## Superintendent's Report

Status on Used Bus - We have a couple of vendors looking for a low-mileage used bus on our behalf. With the electric bus grant in hand, we can afford to delay the acquisition and more of the desired features in a used bus.

Demographic Information on Student Residences - On the school website under the link for 'Facility Master Planning' there are two maps of the district. One map captures K-5 resident student locations and the other map captures K-12 resident student locations.

## NASB Monthly Update

### Update on Superintendent Goals

Goal 1: Develop a visible presence within the schools, the school community, and the state.

Goal 2: Foster a learning environment in which every student has the maximum opportunity to achieve academic excellence.

Goal 3: Continue the development of a 10 year facilities strategic plan for implementation that addresses maintenance and improvements for existing building assets and new construction.

Goal 4: Continue the development of safety and security practices for Raymond Central Public Schools.

## Safety Report

Toby Tortilla did a work safety audit at Valparaiso and Ceresco schools. He identified recommended action items and he also identified less timely items to add to our list to consider. He identified broken concrete on the south side of Ceresco elementary as being a trip hazard. Jared has contacted a contractor for these repairs. Also identified was creating a barrier to minimize the gravel that gets out of the playground area and onto sidewalks at Ceresco.

Jaxn Kobza is working with a couple of different vendors to get ideas and preliminary quotes on the cost of adding remote door access to our campuses.

## Important Upcoming Dates:

### Facilities Report

### Review of Technology Plan

## Submitted by Jaxn Kobza, Technology Director

### Infrastructure

- Working on getting an idea of what we have in our network and creating a solid inventory of what we have.

## Technology Projects

- Working on Building a 7 year plan for all technology rotations and system implementations.
- Getting the new website migrated and ready to go. Should be ready to be operational mid January.

## Concerns

Working on securing our network and meeting the requirements for cyber insurance.

Still waiting for our servers to be built to start that project.

Reports

Administrative Reports

### **Submitted by Scott Shepard, Jr-Sr High School Principal**

**Relationships** - On Monday during our Professional Development time, we took a few minutes to identify every student that is connected with an adult in our building. We will use this information along with tracking activity involvement to determine which students we need to find additional ways to engage them in the RC experience. This is critical to our success as a school in fully preparing them for their futures.

**Student Engagement** - We are continuing to focus on student engagement in all aspects of our school day. As I mentioned last month, we want to use the 90 minute class period to engage students with other students, teachers, and curriculum. We are also trying to connect students with career options that will help them plan for the future. Tasha and I continue to meet with 9th-11th graders during Advisory to get them engaged with the Naviance program. A letter was sent to parents this week to highlight a student that had a great career experience and how parents can engage during P-T Conferences.

**Community Engagement** - Veterans Day Program to be held on November 11, 2022 at 9:00 AM. Please plan to attend this program that will honor our local veterans while educating our students (K-12) on the importance of respecting those that have served our country. We are working with the local American Legion Posts to invite over 350 veterans and their families. Our school families have also been encouraged to invite friends and family members that have served. Former Governor Dave Heineman will be our main speaker.

**Celebrations** - Fall Seasons are coming to an end. It has been great to see our students compete in the various activities. One of the highlights was the volleyball pink out game. We had a good crowd, with a full student body section, cheerleaders and pep band. I want to congratulate Asher Lahm for receiving a Letter of Commendation in the National Merit Scholarship Program. We will recognize him in front of the student body at the Homecoming Pep Rally on Friday!

### **Submitted by Tony Kobza, Asst Jr-Sr High School Principal/Athletic Director**

**Athletic Fall Season** - Athletics are moving forward towards the end of the Fall Season. We have had many great successes this fall and are hoping to finish strong.

**Concussion Protocol** - We are in the process of getting a concussion baseline testing application called Sway that students can test from their smartphones or tablets. Sway will allow us to have better management and evaluation for athletes with possible concussions.

**Drug Testing** - We implemented our first round of drug testing this past week. We have a schedule developed where we will test at least three students every other week. This schedule will help us to realize testing at least 20% of the eligible students as identified in the board policy.

**LED ScoreVision** - The LED ScoreVision scoreboards are on track to be installed on November 1. The boards are fully funded through Business Sponsorships and family donations. This will be an exciting upgrade to our current Competitive Gym experience. I am discussing with Jared what we will do with the current scoreboards that are in the competition gym. We may move the better scoreboard to the practice gymnasium or even to Valparaiso. If we don't find it to be both beneficial and cost effective to move the scoreboards, then we will approach the board about surplus of the items.

**Homecoming** - Homecoming is the week of October 10.

### **HOMEcomings WEEK**

We are so excited to be entering our Homecoming Week festivities here at Raymond Central. Below is a timeline of events for the week. We hope to see you involved in any way you can!

Thursday, October 6, and Friday, October 7

- Class Hallway Decorations during advisory

- Targeted Professional Development - This is structured to attend to increasing our capacity of reaching our Campus Improvement Goal of 80% Reading Proficiency.
  - **Continued...** Steve and Deb are conducting multiple walkthroughs weekly in teacher classrooms to determine district and individual teacher needs. Through those walkthroughs we have identified a need for staff instruction on the following:
  - **Continued...** Staff Meetings every 3 weeks to discuss
    - 10 Big Ideas / Checks for Understanding with 100% active participation
    - Based on Explicit Instruction: Anita L. Archer
  - 2nd Staff Development was on [Big Idea #4](#)
    - Active participation procedures are structured
    - Verbal, Written, Gestures
  - Staff is asked to determine where and when these will be used in their lessons to check for understanding. We are seeing a lot of effort to complete this and teachers are continuing to grow and ask questions about how to make this work better in their classrooms.
- [Science of Reading](#)
  - Session 3, and 4 completed during late starts and PD days with [Caryn Zietlow](#) from the ESU.
  - During these last sessions we are starting to develop the understanding of what we need to implement to bolster instruction in the areas of Word Recognition that will lead to the advancement of Reading Comprehension. We are in the process of evaluating materials that will be used to replace the outdated and non-instructionally sound Wonders Reading Program that we have used for the last several years.
  - Caryn from the ESU is aiding in the evaluation and selection of these materials with her knowledge of what we need and what other schools in this process have already chosen. We hope to have the curricular materials decided on by the first of the year.
- School News
  - Life Skills/Special Education Students attending the Sensory Safari at the Lincoln Children's Zoo - They had a great experience getting to touch and interact with the animals.
  - Teachers are beginning to meet with Student Problem Solving Teams (SPS) on a regular basis to discuss reaching students early with targeted interventions. The purpose of these meetings is to identify students who need additional support.
- Testing
  - NSCAS Growth - Fall testing has been completed and data is currently being analyzed. We have been given the Spring data to unpack. We have lower scores in regards to proficiency levels across all grades. Plans are in place to address these issues as we move forward. It will not be a quick fix, but we are looking to see immediate improvement in Active Participation per our Professional Development Plan which will directly impact student performance.
  - NWEA MAP - Being administered to 2nd Grade - the window is being finalized and we will begin looking at the district data shortly. Individual data is already being utilized to make determinations for support of students.

**Nebraska Part B Parent Survey Results (2021-2022):**

- The results from Improving Learning for Children with Disabilities (ILCD) parent survey have been released. This survey allowed parents to provide information on parent opportunities to

participate in program/school improvement activities that result in improved outcomes for students with disabilities. The Office of Special Education requires parent involvement information as part of their State Performance Plan to measure aspects of Nebraska's Special Education programs. Each year the state must provide information on an Annual Performance Report, indicating the state's progress toward meeting the targets for each of the indicators. The Nebraska Department of Education must gather information on each school district's efforts in meeting the rigorous targets and report those results publicly.

- From the results of the survey, the following are areas of concern that the school district will work on to improve:
  - Before my child was referred for special education services, the teachers and school tried different ways to help my child in the general education classroom - 68.1% agreed.
  - The school helped my child with transitions (i.e., Preschool to Kindergarten; Elementary to Middle School/Junior High; and Middle School/Junior High to High School) - 76.0% agreed.
- The following are areas of celebration:
  - I have received information about special education for my child in a language I understand - 100%.
  - I have opportunities to be involved in school activities - 98.0% agree.
  - I have received information from my school or school district about my Parent Rights - 96.6% agree.
  - As a member of the Individualized Education Program (IEP) team, I have input in decisions about the special education and related services that my child receives - 96.6% agree.

### **Sensory Safari:**

- On October 5th, twelve special education students, ranging from Kindergarten to Seniors, had the opportunity to participate in a Sensory Safari at the Lincoln Children's Zoo. Students had the opportunity to touch, feel, hear, and smell at interpretive stations located throughout the Zoo. Nature experts and Nebraska Game and Parks engaged visitors at each station. Some of the highlights included:
  - Petting animals such as horses, goats, birds, rabbits, turtles, snakes and fish. They also had the opportunity to feel an elephant's hide.
  - Listening to devices that made frog and bird sounds. They also had the chance to do their own turkey call.
  - There was a sand pit to dig through.
  - Smell different animals and insects such as bees.
- Students then had a picnic at the Zoo after the event. A special thank you to our amazing cooks for packing a sack lunch for our students. A special thank you to our students' parents for allowing their child to participate in this fun event along with our wonderful staff: Nicole Kliment, Paige Mestl, Stacey Doan, Melani Nelson, Jody Albrecht, Michelle Gerdes, Amanda Ehlers, Matt Smith, and Leann Wiese. Everyone had a great time with great weather!

Good evening Board Members. A lot of exciting events have occurred since the last board meeting on September 14th. On September 21st, the seniors had an Apply to College Day where they were provided with Raising Canes for lunch and learned about financial aid, scholarships, grants, and more. They were able to apply to colleges like the University of Nebraska-Lincoln, the University of Nebraska-Kearney,

and the University of Nebraska-Omaha, as well as attend a career/college fair to explore their interests in more depth. This week has been a busy, but fun week so far as we highlight Homecoming. The homecoming themes this week are Adam Sandler Day (which occurred yesterday), Minion Day (today), Anything But A Backpack Day tomorrow, and Raymond Central spirit theme on Friday. Our 2022-2023 Homecoming Queen candidates are Josie Lahm, Olyvia Korthanke, Madison Parham, Rachel Bos, Madysen Ayres, and Lizzie Potter. Our Homecoming King candidates are Isaak Fredrickson, Wyatt Svoboda, Rhet Cotter, Tyson Malousek, Mason Kreikemeier, and Colby DenHartog. Our Mr. Mustang candidates are Jace Licklitter, Danny Jackson, Wyatt Svoboda, Cameron Shultz, Jack Edwards, and Tie Hollandsworth. Royalty and Mr. Mustang will be announced before Friday's football game at 6:20 p.m. After our football players picked up two straight wins on the road these past two weeks, everyone is excited to see what they will do in Friday's football game against Lincoln Christian. The theme for the Homecoming dance this year is Glowing Galaxy and the Student Council members have worked tremendously hard to gather supplies for decorating and organizing the dance. The dance will be this Saturday, October 15th starting at 8 p.m. This will no doubt be a great opportunity for all students to get together and create a more unified environment while having fun!

## Superintendent's Report

Superintendent Johnson followed up on items mentioned at the September Board Meeting. Free lighting - all three providers were contacted (BPPD, NPPD & OPPD) and they do not offer a free EnergyWise program to schools. Consolidation of printers - our current contract expires within a year and we intend to develop a new plan going forward that will eliminate several printers and attempt to standardize in a reasonable and affordable manner. Concern with fire alarm in Valparaiso - no current issues but will need to be updated if any renovation is done. Facility master planning - facilities continue to be maintained as we explore other options. As we move forward, there will be differences of opinion, however, everyone is encouraged to be respectful and not look for conflict.

Facilities Report

Review of Technology Plan

**Submitted by Jaxn Kobza, Technology Director**  
**Infrastructure**

- Finishing up Ruckus Virtual Smartzone project.
  - This will allow us to own our own licensing and save money with renewals for Ruckus licensing.
- Working on getting an idea of what we have in our network and creating a solid inventory.

## Technology Projects

- Getting E-gold fax setup at all schools. This is cheaper and more flexible for our needs than typical analog faxing.
- Working on Building a 7 year plan for all technology rotations and system implementations.
- Looking at new websites and mass communication platforms.

## Issues/Concerns

- Working on securing our network and meeting the requirements for cyber insurance.
- Still waiting for our servers to be built to start that project.

## Old Business

Discuss, Consider and Take Necessary Action regarding next steps with master facility planning

BVH architect, Cleve Reeves, reviewed the four potential scenarios for facility improvement including an estimated cost of those projects. Craig Jones from First National Capital Markets spoke about possible financing and levy impact if we were to move forward with a project requiring a new bond. The next Patron Committee Meeting is scheduled for Monday, October 17 to further discuss next steps with master facility planning.

# Learning Environment Importance

A study by the University of Salford found that **the school environment can affect a typical child's academic progress by 25%** (negative or positive) in one academic year. This study reinforces that the most powerful impact is made by the physical design of the particular classroom. *(Smith System)*

**SCHOOL COMMUNITY**

**INDOOR ENVIRONMENT**

**QUALITY OF ARCHITECTURE**

# PRIMARY ISSUES

1. Age and Condition of Buildings:
  - Valparaiso - c1923 2-Story Building with Additions
  - Ceresco - c2000 Poor Original Construction, Topography
  - PS/JR/SR High - c1959 Military Complex with Additions
2. Building Upgrade Needs (per Facility Audit)
3. Educational Needs:
  - 2 Elementary Attendance Centers Dilute Effectiveness
  - Travelling Staff & Students Dilute Effectiveness & Efficiencies
  - Specialized Education Utilizing Make-Shift Accommodations
  - HS Science and Fine Arts Need Upgrades
  - Accessibility is Limited By Buildings
  - Security Could be Improved

# TEACHER/STAFF QUOTES

“A majority of the classrooms feel like there isn’t enough space for the learning that needs to take place.”

“We need more room in general - especially as we continue to grow!”

“[The current facilities] makes is nearly impossible for handicapped students to fully participate and join their classmates.”

“[Staff] are not able to meet kids needs at the right time... staff are travelling so much that it is really hard to be in the right place at the right time.”

“We could do more with less if the spaces were all together.”

“We’re not able to be in the right place at the right time because we are so spread out.”

“If we could team teach in a pod setting, we could work to everyone’s strengths.”

# ADMINISTRATOR QUOTES

“Our students deserve facilities that provide them with opportunities and inspiration at least at the same level as surrounding districts.”

“The current facilities and travel times do not allow us to put teachers and students in the best place for success - if we could combine all grades at the central site it would change the game.”

“We are already out of space for the students and programs of today.”

“Teaching and Learning has changed a lot since the elementaries were built or remodeled. Our students and teachers are doing the best they can with the obstacles these old buildings provide.”

“RCPS needs a long term vision for how we can modernize the facilities to match the educational approaches of today and those to come.”

### **Athletic Fall Season**

Fall Seasons have wrapped up. We had a softball player, Cam Simmons, receive All-Conference Honorable Mention. Volleyball had a 2nd team All-Conference player in Quincy Cotter and Honorable Mention for Taylor Oldfield. Football awards are still being finalized.

### **Activities**

Our FFA students represented us well at FFA Nationals and we had a team qualify for the State Land Judging Competition held in Scottsbluff. Speech and Quiz Bowl have begun their competitions with varying levels of success. Our public One Act performance is Friday, November 18th. We also held our first Band and Choir Concert with some amazing performances by our students.

### **Athletic Winter Season**

The Winter Sport Season started on Monday, November 14th. Girls and Boys basketball have begun as well as wrestling. This year is our first year that we will be offering Girls wrestling. We are looking forward to growing that program! Our Junior High Boys have begun their basketball season and our High School basketball and wrestling teams will begin playing games the week of November 28th.

### **Concussion Protocol**

This week we will be establishing baseline testing for our Winter athletes through our new Sway App. I believe we will benefit greatly from having a baseline test to help us better evaluate students as they recover from possible concussions.

### **Drug Testing**

We are continuing to randomly test students every other week. So far, each test has been a negative result, which we are happy to see. More students have been added to our pool as we enter the Winter Seasons.

### **LED ScoreVision**

The LED ScoreVision scoreboards have been installed and look AMAZING! We were able to host our first public event for Veterans Day. On the boards we were able to have the American Flag waving throughout the program. We also showed a video of a graduate of Raymond Central who is serving overseas. We look forward to expanding on the functionality of the boards. A huge thank you to the families that donated and the businesses that have purchased advertising space on the boards to fully fund the cost.

**Concession Stand**

We have made several upgrades to our indoor concession stand. Some of the upgrades are new storage solutions, nacho cheese dispensers and a new popcorn machine. This has cleaned up the area and created more space and organization.

**East of Building Tree Clearing**

We have established plans to clear out the trees and grade an area of land that is just East of the football practice field. We are hoping to clear and grade this land to potentially allow more practice space for softball and baseball which would keep our students on campus for after school practices. We are scheduled to have the trees, including stumps removed in January as well as

#### 504's on SRS:

- The SRS Advisory board approved the launch of changes to SRS, including the 504 roll out, on November 1st. This information was shared with our district's 504 coordinators. This feature will allow all 504 plans to be housed in one place just like our IEP records and can be transferred from one school to the next if they are an SRS school. Our 504 coordinators have begun the process to transfer 504 plans into the SRS system but this will take some time. This will be a beneficial tool for our district.

#### Special Education Law Conference:

- Caitlin Roussan and myself attended the Tri-State Regional Special Education Law Conference in Omaha on November 3rd & 4th. We will be sharing what we learned with the special education staff. Some of the topics that we attended were:
  - What's Been Happening in Special Education Law
  - Lessons from Recent State Complaints & Due Process Hearing Decisions
  - Writing a Legally Defensible Transition-Focused IEP
  - Child Find, Rewind: The Ways You're Behind
  - Least Restrictive Environment: Using Data and Legal Requirements to Drive Improvement
  - Setting Ambitious, Gap-Closing, IEP Goals
  - The Requirement to Conduct FBAs and to Develop and Implement BIPs
  - Meaningful Parent Participation
  - Discipline Dilemmas
  - FAPE: Where are We in 2022

#### Paraeducator Conference:

- Matt Smith, Kristen Lovell, Ashley Matulka, and myself attend the 33rd Annual Nebraska Paraeducator Conference in Kearney on November 8th. This is a great opportunity for our paraeducators to be recognized, appreciated, and gain valuable knowledge that they can take back to their respective schools. This is always a great opportunity for our paraeducators. Some of the topics that we attended were:
  - Paras Make It Possible
  - Be Informed, Confident, and Empowered
  - Augmentative & Alternative Communication Assistive Technology  
Paraeducator Bootcamp

- Beyond the Flashcards: How Children Learn to Read
- Behavior is Communication
- Para (Legal) Update: What Every Paraeducator Should Know About the Law
- Building Relationships for Meaningful Learning

National School Psychology Week:

- The week of November 7th-11th, we celebrated our awesome School Psychologist. Caitlin Roussan is a vital member of our district. Not only does she bring expertise in the area of school psychology, but she is always looking for ways to improve our school district. She leads our SPS elementary school team meetings, is the 504 coordinator in our elementary schools, and runs our SAT meetings. She also works 1:1 with many students to help them process their emotions. She does a great job explaining testing results to parents, and provides strategies for teachers to try in their classrooms. Raymond Central School District is lucky to have Caitlin as our school psychologist!

### Topics

- Targeted Professional Development - This is structured to attend to increasing our capacity of reaching our Campus Improvement Goal of 80% Reading Proficiency.
  - **Continued...** Steve and Deb are conducting multiple walkthroughs weekly in teachers classrooms to determine district and individual teacher needs. Through those walkthroughs we have identified a need for staff instruction on the following:
    - **Continued...** Staff Meetings every 3 weeks to discuss
      - 10 Big Ideas / Checks for Understanding with 100% active participation
        - Based on Explicit Instruction: Anita L. Archer
    - PD #3 and PD #4
      - #3 was delivered around [Big Idea #2](#) and Big Idea #9
        - These 2 ideas are centered around making sure that responses are used to check for understanding of an objective and that they are preplanned and connected to the purpose for learning.
      - #4 was delivered to tie everything that we've been doing back to our School Improvement Goal and give teachers the opportunity to share via "carousel" what they have learned so far and how the application of our PD has impacted instruction in their classrooms. We also used this opportunity to share some data that amplifies the needs that we have laid out for our professional development this year. We also shared our data related to our goal of increasing 100% Active Participation to show the shift that we have seen in our walkthroughs.

### 100% Active Participation Data (OTRs)

- - [Science of Reading](#)
    - **Continued...** During these last sessions we are starting to develop the understanding of what we need to implement to bolster instruction in the areas of Word Recognition that will lead to the advancement of Reading Comprehension.

We are in the process of evaluating materials that will be used to replace the outdated and non-instructionally sound Wonders Reading Program that we have used for the last several years.

- Caryn from the ESU is aiding in the evaluation and selection of these materials with her knowledge of what we need and what other schools in this process have already chosen. We hope to have the curricular materials decided on by the first of the year.
- We have received copies of three different sets of reading materials. The staff will be working on evaluating these materials in relation to information that we have been learning in our in-services with ESU2. These are the three:
  - Amplify [CKLA](#)
  - [EL](#)
  - [Wit & Wisdom / Geodes](#)
- Monica Blank with Caryn Zietlow are working on developing the grouping and evaluation process that we will start during our late start on Dec. 7th.
- School News
  - Lori Morgan applied and was approved for the ESUCC GEER Robotics Grant and will be receiving 12 [Cue Robots](#) to enhance her STEM / Computer instruction at the Elementary Level.
  - Lori also has created and submitted a grant application for the Region II Classroom Grant which will award her materials to use in the STEM Classroom if awarded up to \$400 worth of supplies.
  - Steve attended the Project Lead the Way (PLTW) Summit in Orlando from 10/27-10/30. The summit provided information about the next phase of the EIR Grant that we might be implementing at Raymond Central. We went to learn about the program as well as discuss and network with other schools that are similar to us about how this might be implemented effectively in our current setting. There was a lot of great information received but also more questions that will need to be answered from our Grant managers at the ESU before we move forward with this process.

### **Student Engagement**

This month during our late start, we took our staff through the Naviance Career Finder module. It is the same module we have all students go through along with the other programs in Naviance that will hopefully help them as they consider future careers and opportunities. Tasha continues to do a great job leading this initiative as staff will be expected to engage students in career conversations. Tony then led the staff through a curriculum mapping activity that will bring consistency to all classes by the end of the year. Lastly, we talked about questioning and engagement. Tony and I are looking for student engagement as we are completing observations.

### **Community Engagement**

The Veterans Day Program was a success! It was awesome to have all K-12 students attend. We posted artwork from our elementary students and they all did the pledge and sang a song for the Vets. We had over 60 veterans in attendance for the program in which Dave Heineman did a great job educating our students and honoring the Vets. Our band and choirs sounded great! We used the new video boards for a special message from one of our graduates serving overseas. Thanks for your support of the program. We hope to grow it even larger next year!

### **Data**

Our 6th-8th graders completed their fall NSCAS testing and will be tested again in the spring. 9th and 10th graders took the MAP test. This is an opportunity for us to see where our students are currently and then measure growth in the spring. I will report out data in future reports.

### **Events**

The Winter Season fired up last week with our first jr. high boys basketball game. High School practices start this week and the One-Act play will perform this Friday on our stage at 7:30 pm.

Go Stangs!  
Scott Shepard

Good evening Board Members, there have been a few eventful things that have occurred over the past month. This past Friday, we celebrated Veterans Day with a very honorable and memorable Veterans Day program here at the high school. In past years, student involvement within the Veterans Day program was very minimal. This year though, students had the opportunity to have a high amount of involvement within the program. To add to that, the entire student body as a whole was very engaged and attentive throughout the full duration of the program. A portion of the National Honor Society and Student Council members spent part of their afternoon at both elementaries assisting with Grandparents Day last Friday as well. I was one of the students who participated in this and I really enjoyed it because I was able to interact with kids whose grandparents didn't attend and engage in activities with them.

The Student Council has just put two fundraisers in action. The Decal Fundraiser just began this week, which will end on November 22nd. There is also a Toy Drive beginning as well to give toys to families in need so that children can have presents for Christmas. The Salvation Army, which oversees the drive also stated that they are in dire need of children's hats and gloves, which can also be brought in with toy donations. All donations can be brought here to the high school up until December 15th. On top of that, the Student Council has also established a new set of rules in regards to our attendance policy and action that would be taken following getting in trouble in class, suspensions, trouble with the law, etc. The Student Council is also looking into new ways to create more student involvement within the school by trying to collect ideas and collaborate with other students.

## TWO BOARDS RECEIVE PRESIDENT'S BOARD AWARD ELEVEN OTHERS RECEIVE THE BOARD OF EXCELLENCE AWARD 38 SBMs SEE THEIR NAMES ETCHED IN STONE

<http://members.nasbonline.org/index.php/programs-services/awards-of-achievement-program>

As NASB wraps up our annual Area Membership Meetings, we would like to take a moment to highlight this year's boards who were honored for their collective volunteer time and commitment to education. This year, ESU 3 and Gretna Public Schools achieved NASB's highest full-board honor, earning the President's Board Award. Some of the criteria for this award include: having a voting delegate participate in the annual NASB Delegate Assembly; members of the board must each attend a minimum of three learning opportunities during the year, and each board member must participate in at least one local leadership team planning retreat per year. The full criteria can be found on the "President's Board Award" page at the link above.

Technically it is glass, wood and metal, but yes, this year 38 locally elected, volunteer school board and ESU members serving their districts and communities were recognized as a Level VII, VIII, IX or X during this year's Area Membership Meetings for achieving new levels of success during the awards year. Board members are awarded for their advocacy efforts, participation in NASB Services and Programs, as well as attendance at NASB workshops and events. Just as board members have made a commitment to provide a quality education for students in their districts, NASB strives to provide quality resources and opportunities for its members. There are ten total levels.

## KEYNOTES

### **GUIDING THROUGH THE STORM - JEFF EVANS**

Jeff's skills have been acquired not only on the highest peaks around the world, but also through guiding blind climber Erik Weihenmayer on extraordinarily challenging objectives including the summit of Mt Everest and a 2nd place finish on ABC's adventure series, Expedition Impossible. Jeff reminds us that, in fact, we are all guides in some capacity...professionally and personally. These experiences highlight the importance of adopting an expeditionary mindset necessary to succeed in our current VUCA (Volatile, Uncertain, Complex, and Ambiguous) world, which often involves the ability to evaluate and adjust the ever-changing route up the mountain, the tools in your pack and the trajectory of the team.

### **STATE OF THE ASSOCIATIONS ADDRESS - NASB & NCSA LEADERSHIP**

### **CREATING THE CHAMPION WITHIN - MOLLY KENNEDY**

Her heart's work is to inspire you to paradigm shift your way to developing a resilient mindset that breeds confidence and success. Molly's message will empower you to get UNstuck from any challenge or transition life throws at you. You'll learn practical, user-friendly strategies applicable to every aspect of life. This message will stick to your ribs! She 'walks the walk' when it comes to resiliency, grit and perseverance. Molly grew up in a dysfunctional family with addiction, divorce, abuse, neglect, abandonment, suffered from an eating disorder, was suicidal and a runaway at 15 years old. Prepare yourself for a message of how to overcome obstacles, reach goals and create the best version of yourself!

## CHOOSING YOUR BOARD'S DELEGATE FOR THE 2022 DELEGATE ASSEMBLY

This year's Delegate Assembly will take place Friday, November 18, at 8:00 AM, in conjunction with the State Education Conference, at the CHI Health Center - downtown Omaha. Per the NASB Bylaws, each member district and ESU board of education is allowed and encouraged to have one board member as their voting delegate. As a reminder, having a representative of your board attend Delegate Assembly is a requirement for all boards working towards either the Board of Excellence Award or the President's Board Award highlights on page 1.

All items within the *Advocacy Handout* will be considered by this Assembly. The NASB Advocacy Handout of proposed changes to the bylaws, standing positions and legislative resolutions for your review prior to the 2022 Delegate Assembly is now posted at the NASB website. To better prepare you and your board's voting representative for the Delegate Assembly, please download, review, and bring this Handout with you to Omaha.

<http://members.nasbonline.org/index.php/advocacy-handbook>

If you haven't already, each board should select one board member to represent the district or ESU as the voting delegate, although multiple members from each board may attend. As a school board member, this is YOUR chance to be heard and help craft the 2023 legislative and leadership initiatives for NASB.

## 2022 NASB MEMBER DELEGATE ASSEMBLY - FRIDAY, NOVEMBER 18 - 8:00 AM - OMAHA

### WHY IS IT IMPORTANT FOR YOUR DISTRICT TO BE REPRESENTED AT THE DELEGATE ASSEMBLY?

The Delegate Assembly determines NASB's annual legislative and leadership agenda.

The Delegate Assembly is a key cog in securing laws, regulations, and a vision in Nebraska to benefit public education.

The Delegate Assembly is where your voice can be heard.

The Delegate Assembly is your governance meeting for the entire year.

The Delegate Assembly allows for equal representation. One district. One vote.

*Prior to her election to the State Board of Education in November 2020, Patti Gubbels served on the Norfolk Board of Education, and was a member of the NASB Board of Directors, and the NASB Legislation Committee since 2016.*

Effective elected leaders possess not only typical skills associated with leadership such as open-mindedness, sound decision-making and empowerment of others, but also qualities that are derived from conscious or subconscious choices they make.

Consider the choice of providing public service versus promoting oneself. Service is contributing time and effort for the betterment of something without the expectation of getting something in return. For example, State Board of Education service is focused on “leading and supporting the preparation of all Nebraskans for learning, earning, and living.” Service is contrary to choosing to participate with the expectation of personal gain or predetermined outcomes. Effective public servants choose to *serve*.

Elected officials are on public display because of the Public Records statutes and because they are recognized in public spaces. That is, text messages, phone conversations, and emails may be subject to public records requests if they contain business communications. Elected officials can choose to communicate in professional ways that model qualities such as respect, integrity, and honesty, or choose to communicate in ways that fuel anger, foster mistrust, are disrespectful, or erode credibility.

Leaders are often recognized and scrutinized when in public spaces. The line between private and public life becomes blurred. Elected officials have opportunities, through the choices they make and because of their visibility, to model admirable qualities or open themselves up to criticism.

For example, when I taught prospective teachers, I stressed that parents and community members view teachers as teachers no matter where they are or what they are doing. I encouraged prospective teachers to use that visibility to model exemplary behaviors they hope to develop and experience with students they teach.

I was reminded of the blurred line between private and public life some years ago when the co-ed volleyball team I played with went to a bar after a game to socialize and have a drink. One of my college students happened to be in the same establishment. She came over to our table to say hello. Her first comment was “Dr. Gubbels, what are *you* doing here?” I responded by saying, “Josi, what are *you* doing here?” Then we had a conversation about the importance of recognizing when you are in the public eye your behaviors influence how others “see” you.

Finally, public servants can choose to be conscientious, by trying to do the right thing and expressing genuine regret when they have made a mistake or said something hurtful. Or, elected officials can choose thinly veiled apologies that truly express regret at being caught in a wrongful act.

I am grateful for public servants who serve because they believe they have an obligation to help, who give others respect and dignity, who model professionalism, who try to do the right thing and have the courtesy to apologize when they make mistakes. As a civilized society we should expect and accept nothing less from our elected leaders.

*Disclaimer: The opinions from Dr. Patti S. Gubbels are hers and do not represent the Nebraska State Board of Education.*

**“Service is contributing time and effort for the betterment of something without the expectation of getting something in return. Effective public servants choose to serve.”**

### NASB Delegate Assembly

Friday, November 18, at 8:00 AM

Each member district/ESU is allowed and encouraged to have one board member as their voting delegate. If you haven’t already, select your representative now! This is your chance to help craft NASB’s legislative and leadership initiatives for 2023.

*Call Colby & Matt with any questions!*

## ... POLICY

As many of you have found, state and federal agencies are doing far more monitoring lately of your district’s fiscal policies whenever project grants and ESSER funds are being handled. It’s well worth your time to make certain these are updated and kept together for each grant or federal funding disbursement you receive. Although they do require significant time, it’s important that your records be kept current as the projects progress so all project mandates can be met on a timely and accurate basis by the final deadlines.

*Contact Jim to learn more!*

## ... ENERGY PURCHASING

With the end of the long summer heat waves, one of the nation’s major natural gas export facilities not yet online from last winter’s fire damage, and a temporary stabilizing of the Ukraine war, storage volumes are finally rising a bit. These unpredictable elements in the natural gas supplies are another good reason for joining our NJUMP and CJUMP gas purchasing consortiums to help stretch your scarce resource dollars and provide budget certainty for utility costs. Your NJUMP and CJUMP gas purchasing consortiums have already locked in large quantities of gas for this winter providing protection for your scarce budget resources.

*Contact Jim to learn more!*

## ... DATA ANALYTICS

Now that your budget is set for the year, taking a look at the changes in your levy rates, per pupil costs, mobility and poverty rates compared with nearby districts or districts of a similar size can tell you much about the future your own district may face. Good planning needs to be a continual process, and understanding the direction of your district is basic to all your decisions. We are here to help you examine that data.

November Board Report  
Mr. Jaxn Kobza  
Technology Director

### Infrastructure

- Working on getting an idea of what we have in our network and creating a solid inventory of what we have.

### Technology Projects

- Working on Building a 7 year plan for all technology rotations and system implementations.
- Getting the new website migrated and ready to go. Should be ready to be operational mid January.

### Concerns

- Working on securing our network and meeting the requirements for cyber insurance.
- Still waiting for our servers to be built to start that project.

Hey Jared,

I should be able to clear the lot for \$350.00 per push. That is to be done before school opens and the administration arrives. This includes snow removal after 2 inches of snow have accumulated. If it needs to be plowed a second time after the initial clearing ill leave that up to you and the staff to notify me ie: it continues snowing after 7am and needs cleared again at noon. I would like to meet at the school with you prior to snow fall to walk the premises and make sure we have everything you want cleared marked and highlighted on a map. I would also like to determine an area to pile snow if need be.

I was waiting to give you the bid until I had spoken with my insurance company, sorry for the delay. They still haven't called back, but I am assuming everything will be covered.

Thanks for your time and patients!
