Because Crawford & Associates has no direct control over the type and amount of services requested by the management or the governing body during the term of this engagement, nor does Crawford & Associates have direct control over the quality of your accounting system or records, potential turnover of your staff, or your staffing levels, resources, or capabilities, it is impractical for us to provide an accurate amount of hours that will be required for the services requested or a not-to-exceed limit on fees and expenses charged. We will rely on you to provide us with a copy of approved purchase orders, containing estimated fees and expenses, monitor the cumulative fees and expenses charged, and notify us if and when the cumulative amount approaches the total appropriated level estimated. You also agree to provide sufficient appropriation for all services requested prior to the services being performed. For purposes of purchase order preparation, we estimate that the fees for the services anticipated at this time, as defined in the Scope of Services section of this letter, will be approximately \$9,000.

The term of this engagement is from July 1, 2023 through June 30, 2024. Crawford & Associates may perform additional services upon receipt of a formal request from management or the governing body with terms and conditions that are acceptable to both parties.

The agreements and undertakings contained in this engagement letter, shall survive the completion or termination of this engagement.

Acceptance

Please indicate your acceptance of this agreement by signing in the space provided below and returning this engagement letter to us. A duplicate copy of this engagement letter is provided for your records. We look forward to a long-term professional relationship with the Norman Public Schools.
